Sanford To Meet Gainesville G-Men Here This Evening

Feds Defeat League Leaders In 4 To 1 Tilt; Bissen Will Get Hurling Chore

By ARTHUR BECKWITH, JR., Herald Sports Editor.

The Sanford Celery Feds, for the first time in two weeks, showed aggressiveness and power last night in their 4 to 1 defeat of the league leading St. Augustine Saints behind the five hit pitching masterpiece of southpaw Johnny Tomat.

Tonight the locals will entertain the fast moving Gainesville G-Men in a single tilt that is scheduled to get under way at 8:15 o'clock with lanky Charlie Bissen getting Manager Don Murray's nod for the mound duties.

Last night Tomat silenced the heavy artillery of the Saints and fanned Broome, with the runways jammed in the final frame to end the tilt.

The only Saint marker came in the sixth canto on a free duct issued to Lyle Judy and successive singles by Manager Don Anderson and Johnny Pawlick.

Two fast twin killings by the Feds assisted Tomat. An unusual play occurred during the top of the eighth frame when Pawlick singled to left center field, Dave Bride relayed the ball in to shortstop Johnny McManus who rifled the sphere over to first base to nip Pawlick, who had taken a lengthy lead off first base.

Bendon felled the first marker in the fourth as Murray singled, followed by Silverman and Tyler.

In the fifth canto the locals added the final scores. Tomat opened the frame with a single into left and was sacrificed to second by Steve Denier. McManus singled, advancing Tomat to third and Dave Bride was safe at first on a fielder's choice with Tomat crossing the platter on the play and McManus sliding across on a boot by Stillwell.

Buddy Lake was safe at first by virtue of a miscue by Judy. Bride moved to third on the error. Manager Murray poled a long fly into center and Bride scored on the tag up to end the melee.

Elsewhere in the league, DeLand blanked the Leesburg Pirates in a 1 to 0 nip and tuck ball, Mason Leeper, stellar Gainesville lefthander gave up one hit to the cellar dwelling Daytona Beach Islets, but dropped the tilt by an 8 to 3 margin by virtue of 15 free tickets. Leeper backed ten men, walking in six runs in two innings. The Palatka A's tripped the Senators in a 4 to 3 juncture duel in the Azalea City.

Joe Walcott Topped Maxim Last Night

LOS ANGELES, June 24. (AP)—Dusky Joe Walcott protected his standing as one of the more prominent of a poor crop of heavyweights by outpointing Joey Maxim of Cleveland last night.

Jersey Joe hardly enhanced his hopes for a crack at Champion Joe Louis. Walcott weighed 192½ Maxim 182½.

Singer Frank Sinatra's debut as a fight promoter proved no bonanza. The gross was \$52,574 and the net gate receipts amounted to \$40,807, on a "net" most observers believed to be \$75,000. The turnout, paid, was 9,747.

Maxim's 25 per cent of the net was \$10,201.75; Walcott was guaranteed \$35,000.

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

PUBLICITY

Several days ago we were talking to some "wolves" in the downtown area, and the question of Spring training for baseball teams came up. From there we went into the publicity that the City derived from the Spring training activities of the different teams that have been here.

There is little doubt that any city in the state that has a team training at its park secures publicity that could not be purchased with money. It is utterly impossible to gain the value from paid advertising in any paper or magazine that we receive from columns and reports that the sportscaper sent out each day from our city.

Last year we had four top notch scribes here with the Mud Hens and the Missions. We covered the activities for several more papers that could not have men on the spot at all times.

We wrote a column that was published in the Toledo Blade that was worth \$5,000 if we (and I mean the City of Sanford in this case) were to buy the space.

In the column we gave a complete word picture of the City of Sanford and the surrounding area.

In part this is what we wrote: "Amid a picturesque setting of tropical palms and soft southern breezes the Toledo Mud Hens are undergoing their Spring training at Sanford, Fla."

The Mud Hens, nearly 50 strong, are living in one of the finest hotels in Central Florida, the Mayfair Inn, which is luxuriously located in a spot of beauty."

We continued by telling of the outstanding attractions of the area, including the Municipal Zoo, the Seminole Country Club, the Sanford-Orlando Kennel Club, fishing, swimming afforded in several nearby springs and lakes and featured the Seminole Driving Park.

Jack Senn, sports editor of the Blade, stated that he wrote several other stories praising Seminole County. Bob French of the Toledo Blade also wrote several interesting articles concerning the area.

After realizing that such top papers, as these carry songs of praise for the community, is there little wonder that we are interested in securing teams to come to the city for their Spring sessions.

BOB ALTMAN

We received a nice letter in mail yesterday from Bob Altman. Bob, you will remember, was aboard Capt. Colin Kelly's ill fated plane in the early days of the recent war.

Bob says, "I've been intending to write to you for some time and thank you for the Herald, which has been coming my way. For your information, those tid-bits of information concerning the Florida State League have been making me 'always quite often'."

"Yes, Art, we are finding them quite useful and informative for our sportscasts as well as fill-ins during our play-by-play of the Gainesville home games. Naturally we always credit the source, so the name, Art Beckwith, is quite well known to the baseball fans in this area."

Bob is one of the sportscasters at the Gainesville radio station.

DIAMOND DUST

A newcomer to the Daytona Beach 1947 baseball team is Joe Schoendienst. Joe is a cousin of the St. Louis Cardinal Red Schoendienst. Joe is a shortstop and is also a member of the Card farm system. He was sent to the resort city by the Columbus, Ga., Cardinals. We see that the DeLand Sun News is calling Bill Steinecke "Curly" these days. As well as we remember, the last time we talked to Bill those two hairs were just as straight as poker.

LSU Placing Bid For National Collegiate Tournament

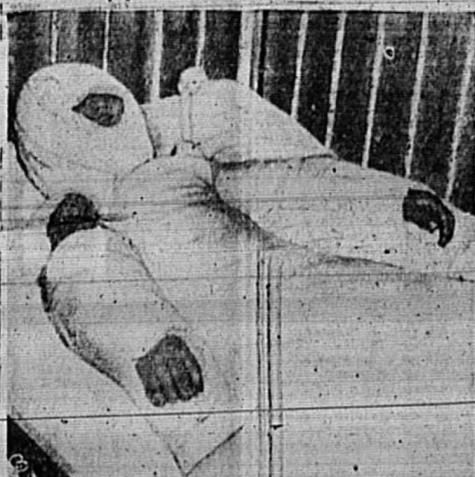

ANN ARBOR, Mich., June 24. (AP)—The final third of the 18-hole qualifying round in the National Collegiate Athletic Tournament began today with most of the nation's leading college golfers still trying to move within respectable distance of par.

As more than 180 collegians out of a record field of 300 tested the University of Michigan course yesterday, they found both the terrain and a bracing breeze stimulating to lofty scores.

Only two freshmen, Oklahoma A and M's Bo Winger and San Jose State's Robert Harris, were able to turn in par 72's.

The team race appeared to be shaping up among Ohio State, Louisiana State, Oregon, Northwestern, Stanford and Oklahoma A and M.

That President Al Combs has received word from Commissioner Trautman's office that Ted Rosa is a veteran player. We now wonder what action will be taken on the part of the Florida State League concerning the matter.

COMpletely SWATHED IN BANDAGES, little Raymond Laros, 5, lies in the Cook County Hospital, Chicago, severely burned as a result of playing with matches. The youngster, his mother, Armando, 3, and his sister, Gloria, 2, set fire to a packing case in which they were playing house. An older sister attempted to rescue the three, but Gloria, severely burned, died shortly after in the hospital. (International Soundphoto)

Boudreau Continues To Pace AL Hitters

NEW YORK, June 24. (AP)—Manager Lou Boudreau of the Cleveland Indians, who broke a first place tie with New York's Joe DiMaggio last week, continued to pace the American League hitters today with a mark of 148 while Enos (Country) Slaughter of the St. Louis Cardinals stayed in front of Philadelphia's Harry Walker by one point, in the National League batting race, 643 to 342.

Boudreau collected six hits in 21 times at bat during the past week and fell from 350, but George M. Quinn of the Yankees, his closest competitor, dropped even more from 348 to 333, tie with Detroit's George Kell for the runner-up spot.

Slaughter, who a week ago led Walker by three points, lost 16 points but managed to stay on top. Bert Haas, the handsy man of the Cincinnati Reds, upped his average to .326, and rose to third place. Bob Elliott of Boston was fourth with 328 followed by Brooklyn's Carl Furillo, 325.

Tires are usually less than half the rubber used in an automobile.

Southern Hurlers Kept Fans On Edge Of Seats Last Night

ATLANTA, June 24. (AP)—Two southern pitchers had their home town fans on the edge of their seats last night as they retired two batters in the ninth inning, still without having allowed a hit, but one of them failed to make the grade by a single pitch.

Bobby Hogue of the class AA Texas League, facing Beaumont at Dallas, got the 27th man for a 4-0 no-hitter, while Dick Platnek of Selma, Ala., in the Class B Southeastern League, just missed. Platnek, with Selma leading Montgomery 4-0 and two out in the top of the last frame, got two strikes on Art Rebel, Montgomery outfielder. Then he grooved a pitch and Rebel doubled cleanly to left. It was the only hit Platnek allowed.

Hogue faced only 28 men.

Votes Continue To Pour In For DiMag

CHICAGO, June 24. (AP)—Votes for Joe DiMaggio, slugging-New York Yankee center fielder, continued to pour in today, boosting his lead over Enos Slaughter of the St. Louis Cardinals as champion choice of the fans in balloting for starting lineups for the All-Star baseball game in Wrigley Field July 8.

DiMaggio has polled 422,184 nominations, as the total vote in the poll, which ends at midnight Thursday, soared to 1,019,998. DiMaggio led Slaughter by 6,580. Ted Williams, Boston Red Sox left fielder, held third with 416,288, while Lou Boudreau, manager-shortstop of the Cleveland Indians, current American League batting leader, moved from fifth to fourth place with 410,327.

Johnny Mize, hard hitting first baseman of the New York Giants, who formerly was fourth, slipped to fifth with 402,943.

a gambling scandal broke last year, doesn't look for a repetition. He says he has taken the sure step to prevent it.

"I have placed the responsibility on the club managers," declares the tough president of the Evangeline and Big State Leagues who has been in baseball some 45 years and knows the answers.

"I have told the managers they are supposed to know where their players go and what they do and there is to be no associating with gamblers."

Those acquainted with the stern executive know he means what he says and if the managers don't keep up by their players to the extent of being virtual guardians they'll hear some very unpleasant news.

Morris issued more fines and suspensions for players and managers last year than any league president.

It was the chunky former law student who started the investigation of a reported gambling fix in the Evangeline League. He hired detectives and dug up the information that led to five men being placed on baseball's ineligible list.

Morris, one of the best known baseball men in the Southwest, started in the game at the turn of the century, playing at the University of Texas. Since then he has held every position from player to club president to league president. He has owned clubs, managed clubs and built clubs and the only time he has been out of the game was during three years at Memphis where he conducted an automobile laundry.

J. Walter got his license to practice law in 1906 but followed this profession only a few days.

Hints To Housewives
 Weekly from Home Demonstration Specialist, Tallahassee

INK FROM SACKCLOTH
 The soft sturdy cotton fabric of many flour and feed bags has long

been used by thrifty rural housewives for making everything from house dresses, aprons, and children's clothes to bedspreads, draperies, luncheon cloths, and tea towels. Use of bagging fabric is wise economy. The first step in using it is to remove the black

printed letters that labeled the bag. Textile specialists of the U. S. Department of Agriculture list the following different methods which have been used successfully to take print from sackcloth:

1. Scrub bags with hot water and laundry soap. This often removes nearly all the ink. The rest usually disappears if bags are boiled in soap water for half an hour and rinsed. A chlorine bleach may be used to take out the last traces of black.
2. Wet a bar of laundry soap and rub on the dry bag until it is entirely covered with a thick layer of soap. Roll up the bag and let it stand several hours. Then wash and boil if necessary.
3. Soak the bag in kerosene overnight. Then wash - first in lukewarm water, then in soapy water - and rinse thoroughly.
4. Cover the black print with lard or soft petroleum jelly, rubbing the grease into the fabric thoroughly. Leave overnight to loosen the black, then wash in soapy lukewarm water and rinse.
5. Boil bags in water with sodium hydroxylate or other removers, which may be purchased at drug stores. Follow the directions given on the package. Rinse well.

Farmers of the United States use less than two-thirds as much labor per unit of product as they did in 1920.

Peron Says Argentine And Spain "Parallel"

BUENOS AIRES, June 24. (AP) - President Juan D. Peron told the Spanish people in a radio message today that the governments of Spain and Argentina "follow parallel lines."

Expressing thanks for a decoration awarded to his wife, now visiting in Spain, President Peron declared:

"We followed from here every step taken by the Spanish government for improving social conditions amidst a world convulsed and bled by the greatest war we ever knew, which is unable yet to recover its equilibrium. Our retirement desires is to let the rose of the peace blossom."

RURAL COMMON SENSE
 By SPUD JOHNSON

4-H WORK INSPIRES AND REASSURES IN TIMES LIKE THESE

Such events as the recent short courses for Florida 4-H club boys and girls are indeed inspiring and reassuring in these rapidly changing times when some folks may be inclined to overlook the importance of centuries-old principles and ideals.

It isn't that these rural boys and girls who attended the University of Florida and Florida State University for a brief week are not adjusting themselves to new ideas. They definitely are making necessary adjustments as they grow up. And, of tremendous importance to them and to others, they are retaining many of the old principles which have made this land the great nation it is today and which will be needed to maintain its greatness.

The 700 boys and girls, representing thousands of other 4-H boys and girls, studied, worked, played together for a week at college. They studied hard, played hard, and competed in hard but friendly fashion for honors and other recognition. And, above all, they governed themselves and cooperated with each other. They were selected from the 45,000 club members in the state to attend the short courses because they had accomplished a little more than other members. The boys and girls who did not attend the short courses will be striving harder than ever to be selected next year.

All these boys and girls are workers. They believe in work in study, and in the idea that it is everyone's duty to strive for his own betterment and the betterment of his fellows. They want to equip themselves as they will be progressive, stable-minded, and helpful men and women of the future - helpful to themselves, their communities, their state, and their nation. They have all the energy of youth, and they also have the principles of honesty, reverence, and duty. It would have been fine if the whole state could have seen them as they studied, played, and sang together. Folks who live near the 4-H camps or who have an opportunity to attend an achievement day rally or some other 4-H event will get a good idea of what these young people are striving for, what they will mean to our state.

If you're an adult, you'll be pleased with what you learn about 4-H clubs; if you're a rural boy or girl, you'll be more than pleased - you'll join a club.

The 4-H club inspires youth to achievement, to cooperation, to advancement for the benefit of the individual and the group. It builds character. Its members and their activities are inspiring and reassuring in such times as these.

Strike Authorized By AFL Radio Union

NEW YORK, June 24. (AP) - The New York local of the Radio Directors Guild (AFL) has authorized strike action in its effort to extend contract bargaining to cover free lance as well as staff directors.

William Sweets, local president, announcing the action here last night, said similar votes would be taken by Chicago and Hollywood locals within two weeks. He said present contracts covering staff directors expire Nov. 1 and negotiations for renewals are to open Sept. 1.

The networks, Sweets said, "have been unwilling to recognize and bargain with the guild for the vast majority of directors using the facilities of the networks."

The New York local, which includes such directors as Orson Welles and Norman Korwin, has 250 members, Sweets said. Only

STOP THOSE FEET FROM HURTING SO!

Why suffer, day after day? Instead, take 10 extra seconds each morning and before going out, rub on Meritt Medicated Powder on those hurting feet. Wonderfully dries up that moisture, makes feet feel more comfortable for hours. Unconditional money-back guarantee. At all drug centers.

representatives who expressed interest in the plan.

Meanwhile, a British-Foreign Office spokesman said that thus far Denmark, Norway, Belgium, Holland and Italy had asked Britain for further details on the Marshall plan through their diplomatic representatives in London.

Other authoritative informants said Foreign Secretary Bevin had called for a report from British occupation authorities as to how Germany should be fitted into any plan of continental reconstruction.

In Berlin the official newspaper of the Soviet military administration in Germany observed today that "the people of Europe look with great hopes" to the Marshall plan conference opening Friday in Paris.

"All European people now suffering the effect of the war would welcome with joy the aid that can be given them by America, a country which, as is known, did not suffer from the war but without doubt actually became richer through the war," said the newspaper, the Tagliche Rundschau.

"But the Marshall plan must be, as Secretary Marshall said, a fight against hunger and must not bear any political strings like 'dollar diplomacy.'"

A FOUR-ENGINE Pan American clipper flying from Karachi, India, to Istanbul, Turkey, en its way to New York, crashed in a remote region of Syria, killing 15 of the 36 persons aboard. The others were injured, four of them seriously. Among those who died in the crash were crew members Arthur O. Olson, Brooklyn, N. Y.; Howard Thompson, Astoria, N. Y.; Robert S. McCoy of Flushing, N. Y. One of the survivors was third officer Eugene W. Roddenberry of River Edge, N. J. (International)

Time Buying

(Continued from Page One)

Two of these would authorize continuation of the information program and the third would authorize employment of clerks and secretaries for federal judges.

The House eliminated funds for bought on credit. It also requires that installments be paid off in 15 months at most.

With controls removed, purchasers will be able to buy at whatever terms a dealer is willing to give.

With this Congress session scheduled to run only about five weeks more, leaders are beginning to whip together a stretch program. (They aim for adjournment about July 31).

One big measure put down for action is that to put the Army and Navy under a single cabinet officer. It is part of the answer the administration framed to one of the major questions confronting Congress when it met.

What can be done to strengthen national defenses?

President Truman asked also for a universal military training law, but G.O.P. leaders have passed the word there will be no decision on that at this session. It is getting study and the House Armed Services Committee decided today to go ahead with hearings.

Also in today's developments: Foreign Broadcasts.—The Senate Appropriations Committee recommended that the State Department be allowed to continue its foreign language radio broadcasts, known as "The Voice of America." It recommended however, an appropriation of \$11,500,000 to finance that and other information programs instead of the \$34,000,000 asked for operations in the 12 months beginning July 1.

Radio.—The Senate Commerce Committee, continuing hearings on legislation to rewrite radio broadcasting laws here at home, heard Rolf Kaltenborn recommend that radio stations be required to give a "fair presentation" of differing views on important public issues. He spoke as representative for a group organized under the name, "The Committee to Insure Non-

Airlines Claim Two New Speed Records

MIAMI, Fla., June 24, (AP)—Eastern Air Lines today claimed two new speed records for commercial flights between Newark and Miami.

One Lockheed Constellation arrived here last night 3 hours 27 minutes and 30 seconds after taking off from the Newark airport, 1,100 miles away, at an average speed of about 340 miles an hour.

Partisan Radio.—Before Congress adjourns, some House republicans want to bring up legislation to outlaw the poll tax.

NLRB Funds

(Continued from Page One)

the new federal mediation agency created by the Taft-Hartley Act.

In any event, the lawmakers will have some time to act on the question of funds to administer the new labor law. The

Wagner Act revisions, such as the ban on the closed shop, do not go into effect for 60 days. (The new legislation set up will start operating in 30 days).

But another major provision of the act is in effect now. This provision authorizes the government to obtain 80-day injunctions to block or stave off national emergency strikes.

However, Taft says he still is not certain that this section will list its purpose in the event of a coal strike next month when the government turns the soft coal pits back to private owners. The Ohioan says it is open to question whether the government could force the miners to remain at work for a new employer with whom they have no contract.

Meanwhile, there has been swift and bitter reaction from organized labor to enactment of the Taft-Hartley Act. There are actual mine shutdowns in effect and there have been irate calls for widespread protest strikes across the nation.

Union leaders have been stung by the ease with which the House and Senate overrode Mr. Truman's veto. And they have threatened reprisals at the polls against legislators who favored the labor law.

Other labor leaders have promised to work for the prompt repeal of the act and still others are going to try to get quick court tests of the constitutionality of the law.

Cries of anger and protest have come from many of the nation's top labor leaders. One of these has declared privately he sees about 10 years of litigation ahead for organized labor and industry. There has been some scattered talk of a general strike by the more than 15,500,000 members of labor unions. But AFL and CIO headquarters in Washington are minimizing the possibility of any such move.

However, the San Francisco CIO council, in a telegram to CIO President Phillip Murray, has proposed a 24-hour nationwide work stoppage in protest against congressional enactment of a law labor bosses have described as a "slave" labor law.

Murray has made no public reply. But he has summoned his 51 member executive board to meet with him Friday in Washington in an emergency session to

discuss the situation now confronting organized labor.

Enactment of the Taft-Hartley bill also is having its repercussions on the political front.

Democratic Senator Claude Pepper of Florida says he believes the Senate's action in overriding Mr. Truman's veto has given what he calls "tremendous impetus" to a fledgling Third Party movement. Says Pepper:

"Political history has been written here. Congress has done more than Henry Wallace ever did to lift a Third Party. We have seen a demonstration that neither party can muster a majority in Congress for liberal proposals. Nobody but intellectual liberals have been interested in a Third Party up to now, but if the working people feel that their rights aren't going to be protected they may make a third

party movement a vital affair."

Some Democratic Senators, including Harry Byrd of Virginia, are not in agreement with Pepper's views on the political effects of the enactment of the labor law.

And Republican colleagues are disrupting the views of Vermont's Senator George Aiken. Aiken declares that as he sees it, the Republican party as of today has lost the rank-and-file labor vote. However, says Aiken:

"If (the GOP) has a chance to recover some of it if it will act in the next Congress to amend some of the law's objectionable features before the 1948 election."

Aiken explains that on the strength of promises from GOP leaders to sponsor such amendments, he voted with his colleagues to override the President's veto.

U.S. Protests Arrests Made In Romania

Note States Action Seen As Effort To Suppress Anti-Communist Party

MOSCOW, June 25 (AP)—Pravda declared today that if future American economic aid to Europe is conditioned on the "Greek-Turkish example" then the whole idea of the Marshall proposal is doomed to fail.

"The question of the conditions which the United States will place on their economic aid is of decisive significance for European nations," the Communist Party organ said editorially. "It is precisely the character of these terms that will reveal the real essence of the Marshall proposal and will determine its success or failure."

WASHINGTON, June 25 (AP)—The United States protested sharply to the Romanian government today against the "arbitrary arrest without warrant or charge" of "hundreds" of opposition party members and others.

A note said that the arrests appeared to represent "a deliberate effort at the suppression or terrorist intimidation of democrats opposing the present Communist-dominated regime."

The State Department made public the note which Roy H. Melbourne, acting United States Representative at Bucharest, has been instructed to deliver to the Romanian foreign minister.

The note said that the arrests appeared to violate formal assurances given by Romanian officials that public liberties would be safeguarded. It said further that "such evident deprivation of the most elemental human rights and fundamental freedoms" conflicted with terms of the Romanian peace treaty. This treaty has been signed by the Romanian government and ratified by the United States.

De Nicola Sends Resignation As Italian President

ROME, June 25 (AP)—Provisional President Enrico De Nicola sent his resignation to the Constituent Assembly today.

The resignation came after approximately 6,000,000 members of the Communist-dominated Constituent Assembly held a nationwide half hour strike at mid-morning in protest against a series of attacks on Biellian Communist headquarters Sunday.

De Nicola's message, read to a hushed assembly by speaker Umberto Terracini said his health prevented him from exercising "my functions any longer." De Nicola is 69.

"I apologize for not having been able to fulfill my duties as I should have desired," his message read.

The assembly gave De Nicola a standing cheer and adjourned until tomorrow.

The possibility remained that the assembly might ask De Nicola to serve again. Other candidates mentioned were the three old men of Italian politics, all former premiers: Franco Bonomi, Francesco Saverio Nitti and Vittorio Emanuele Orlando, last survivor of the four of the first World War.

Congressman Shows Up At May Trial

WASHINGTON, June 25 (AP)—Rep. Charles A. Buckley (D-N.Y.), angrily denied in a federal courtroom today that he had avoided "in any way" appearing as a witness in the May-Garrison war fraud trial.

Buckley showed up this morning after government prosecutor William A. Paisley had complained in court yesterday that the Justice Department had been trying to avoid a trial witness.

"The impression has been created not only in my own ally but all over the nation that I was avoiding coming here," Buckley shouted from the witness stand.

U.S. Warned Of Over-optimism About 3 Nation Paris Meeting

Marshall Plan Is Interpreted By Sec. Snyder

U. S. Not To Have Representative At Paris Conference

WASHINGTON, June 25, (AP)—Secretary of Treasury Snyder made plain today that he does not view the Marshall plan for European recovery as giving foreign countries a blank check on the United States for what they need.

Snyder told a news conference that Secretary of State Marshall has not extended an implied invitation to other countries to tell this nation "what they need or want."

"My interpretation is that he is asking them to make a self-inventory and see what they can do for themselves," Snyder told reporters.

Meanwhile, Marshall said at another news conference that he does not plan to have a representative attend the talks of British, French and Russian foreign ministers concerning the European recovery program. These discussions are scheduled to begin in Paris Friday.

Asked whether he plans to have an observer there, Marshall said he does not. He flatly declined to give out any more information now about these proposals. When a questioner referred to the program as "your proposal" Marshall interrupted quickly to say the reporter meant the American government proposal.

Snyder said he gave this interpretation to Marshall's proposal: "He invited them to sit down and see what their problem is. He didn't say anything about letting the United States know how much is wanted. He said they should get together and make up their own minds as to what they ought to do in their own countries."

Snyder's comments were made not only as treasury chief but as chairman of the Government's National Advisory Council on International Finance. This was set up by Congress to supervise government financial dealings with other countries. Marshall is a member of that council.

Trade Bodies Back Soaring Meet Entry

In order to advertise Sanford and Seminole County as the National Soaring Meet at Wichita Falls, Texas, in which Mrs. Stuvia Bennis, national woman soaring champion, will participate on July 4, the Junior and Senior Chambers of Commerce have agreed to sponsor her entry. It was announced this morning by Edward Higgins, manager of the Seminole County Chamber of Commerce.

The Junior Chamber has agreed to furnish \$100 and the Senior Chamber \$200 toward the project, he said. Walter Krohn and Guy Storier, nrastra in the meet, left Monday by automobile with their gliders for Wichita Falls. Mr. and Mrs. Bennis and Fred Brittain of Miami are expected to leave Sunday with their gliders.

A meeting of the Publicity Committee of the Chamber of Commerce was held yesterday afternoon with the object of getting a consensus of opinion on what is to be done during the coming year by the Chamber of Commerce and the probable cost in order to present these figures to the Budget Committee, said Mr. Higgins.

Army Bans Sending Tobacco To 2 Nations

FRANKFURT, Germany, June 25, (AP)—The U. S. Army today banned the shipment of American cigarettes to military personnel in Austria and France, effective July 1.

Mailing of tobacco goods to Germany was prohibited May 26. The Army said it hoped the order would "cut black market trading in cigarettes, tobacco and cigars."

Under the new ruling, relatives and trading companies in the United States will no longer be allowed to mail cigarettes to the following army post offices in France or Austria—APO M, 761, 174, 841, and 777.

District Commander

John I. Sauls, new Fifth District VFW Commander, was officially installed in office at Sarasota at the State Encampment of the Veterans of Foreign Wars last week. He is adjutant of the local Seminole County VFW Post No. 3282, and is largely responsible for building it up to its present strength. Some fifteen members attended the Encampment from Sanford.

Hutchison Tells Kiwanians About Philippine War

Japanese General On Mindanao Surrendered To Sanford Man

Interesting anecdotes concerning the surrender of Japanese forces on Mindanao during September, 1945 were today told to Kiwanians at the Tourist Center by Brig. General J. C. Hutchison. A musical program was presented and solos were sung by Mrs. H. H. Aiken and Miss Joyce Hartzel with Roger Harris, director of the choir of the First Methodist Church, accompanying. The program was under direction of Rev. J. E. McKinley. Guitar and piano numbers were given by W. R. Connelly and Harry Kudell.

General Hutchison told of the surrender of General Morozumi, commander of 39,000 Japanese forces on Mindanao, and exhibited the surrender document. He described the difficult terrain in which the Japanese were trapped, and of the lack of roads. On this account, he said, leaflets were dropped from planes. Radios were also parachuted to Jap forces telling them of the fact that hostilities had ceased. Jap commanders so that in their own radios were not in repair they could tune in on the news of the surrender.

Jews Make Kidnap Attempt In Palestine

JERUSALEM, June 25, (AP)—Three persons attempted vainly today to kidnap a member of the Palestine government secretariat who is on the liaison staff for the United Nations Special Committee on Palestine.

Unofficial reports said the secretariat member, Allen Major, was set upon and beaten by three Jews who entered his apartment on King George Avenue at the edge of the downtown area.

Mrs. Major, who saw the attack, cried for help, attracting a police patrol, and the three dashed to a car and sped away. A witness said Major suffered head wounds.

Missouri River Sets New Record Level

OMAHA, June 25, (AP)—The turbulent Missouri River set a new record level in southeast Nebraska today as residents of Nebraska, Iowa and Missouri braced for new floods expected to follow widespread rains.

Water covered low-lying crop lands as far as the eye could see at Rulo, Neb., where the Missouri climbed to a new all-time record of 21.02 feet at 8 A. M. (CST) today. The previous record, 20.96, was set last June 16.

BYRD WEDDING

BOSTON, June 25, (AP)—Miss E. Bolling Byrd, daughter of Rear Admiral and Mrs. Richard E. Byrd, and William Anderson Clark, Jr., of Wallingford, Pa., were married this afternoon in the Lindbergh Memorial Chapel of Emmanuel (Episcopal) Church here.

Steel Hit As More Miners Join Walkout

200,000 Bituminous Workers Said Idle: U. S. Steel Losing 70,000 Tons Daily

PITTSBURGH, June 25, (AP)—Thousands more of the nation's coal miners joined pre-emption walkouts today and the fifth steel industry curtailments because of the two-day old fuel stoppage were announced.

Field reports indicated nearly half of the 400,000 bituminous miners were idle. Some miners said they walked out protesting adoption of the Taft-Hartley union-curbing bill, while others said the stoppage was merely a "head start" on vacations which start in the coal-pit Friday midnight.

An attempt by United Mine Workers leaders to start a return to work in West Virginia mines was outdone by new mine closings there. Against 2,000 men returning in Monongahalia county, more than 11,500 joined the walkout, raising the state's total of idle to 41,000.

Reports from the coal mines administration and operators listed another 10,000 men idle in western Pennsylvania, raising the total to 51,000 or more than 50 percent of the soft coal diggers there. In eastern Pennsylvania, the first walkouts occurred in anthracite mines, with more than 3,200 quitting work in the Panther Valley area.

The Carnegie-Illinois Steel Corporation announced the shutting down of the equivalent of 4 1/2 blast furnaces in the Pittsburgh district. A two-thirds curtailment of its bessemer department at Youngstown, O., was also effected, cutting off production of 1,500 tons of steel daily.

The corporation's parent firm, U. S. Steel Corp., reported all its coal mines in Pennsylvania and Kentucky were closed, causing the loss of about 70,000 tons of coal daily. Other steel firms were similarly hit.

Carmony Testifies On Shipyard Deal

WASHINGTON, June 25 (AP)—John M. Carmony, former member of the Maritime Commission, denied today there were any irregularities in the sale of the St. Johns Shipyard at Jacksonville, Fla., to the Tampa Shipbuilding Co.

Carmony said he asked the company if it would change its installment plan bid of \$1,927,500 to a cash offer "because the Commission was anxious to get rid of all surplus yards as quickly as possible."

He testified before a House subcommittee on surplus property, which is investigating the sale, that maintenance costs for surplus yards were running above \$1,000,000 a month in February, 1946, when the Florida property was sold.

Inquiry Begins Into Tanker Explosion

WILMINGTON, Calif., June 25, (AP)—A special Coast Guard board of inquiry convened today to determine if possible, what caused the tanker Markav, loaded with nearly 3,000,000 gallons of fuel oil, to explode Sunday, killing at least five men and leaving eight still missing.

Capt. John Trebes, chief of staff of the district Coast Guard headquarters, was named senior member of the investigating board. Assisting him is Comdr. P. A. Orenden of the Washington Bureau of Marine Inspection and Navigation.

William Anderson, division superintendent of the Keystone Shipping Company, which operated the Markav, denied that the vessel, at the time of the explosion, was filled with butane.

RESERVE BANKS

WASHINGTON, June 25 (AP)—Federal Reserve Chairman Marriner B. Eccles told Senators today it may be necessary to shift the location of several Federal Reserve branches unless Congress alters a 24-year-old limitation on cost of their buildings.

Taft-Hartley Labor Bill Signed

A FEW MINUTES AFTER the Senate had overridden President Truman's veto of the Taft-Hartley labor bill, Senate Secretary Carl Leichter (center) is shown signing the measure which now becomes a law. Standing behind him are the co-authors, Sen. Robert A. Taft and Sen. Hartley.

Eisenhower Urges National Economy Pan-American Plan Blueprinted Armament Pact By Industrialist

Area Of Great Lakes Said Vulnerable Spot In New War

WASHINGTON, June 25, (AP)—Gen. Dwight D. Eisenhower, president of the American Farm Bureau Federation, said today a threatening meat shortage may make it necessary to restore price controls, but Senator Taft (R-Ohio) commented: "Not a chance."

O'Neal expressed his views at a hearing by a Senate House Committee headed by Taft. The group—the joint congressional committee on the economic report—is seeking information on how to stabilize the economy.

WASHINGTON, June 25, (AP)—Paul G. Hoffman, president of Studebaker Corp., said today the income of most Americans could be "doubled within 25 years" by "wise action" to smooth out the national economy.

The industrialist cautioned that "We cannot live with fluctuations such as that which took place between 1929 and 1932, when business volume dropped more than 50 percent."

Suspension Of Curley Sentence Is Asked

WASHINGTON, June 25, (AP)—Attorneys for Mayor Joseph P. Curley of Boston, sentenced to 10 years of 18 months in jail on mail fraud charges, asked federal court today to suspend sentence because of his "past serious and previous physical condition."

The 72 year old political leader who came here last night from a hospital where he had been undergoing treatment for diabetes and high blood pressure, is scheduled to appear in court tomorrow morning for committal to jail.

Laney Drug Installs Air Condition System

The Laney Drug Store has installed a Carrier air conditioning system which uses a water circulating system as a cooling basis. Fresh air is brought from the rear of the building through aluminum ventilators. The cabinet with the mechanism is in the prescription room and draws in and recirculates air in the store.

J. O. Laney, proprietor, pointed out that a temperature 10 degrees cooler than outside, proves most satisfactory. The store recently installed a new soda fountain with stainless steel sinks and fittings.

Dick Aiken, who on July 4, will broadcast over the Columbia set-work from New York on the Arthur Godfrey program, will be a guest singer on the WDBO program with Dorothy Park and Walter Kimble, Friday evening at 8:00 o'clock in Orlando.

Legislation On Housing Seen By Taft

23 States Are Represented In "Fight For Homes" Rally In Senate Offices

WASHINGTON, June 25, (AP)—Senator Taft (R-Ohio) told a "Fight for Housing" rally here today that he believes long-range housing legislation can be put through the Senate before Congress adjourns next month.

He said that when House and Senate leaders meet next week to lay out a program for the remainder of the session he is "hopeful" of an agreement that will mean enactment of "some sort of a housing program."

He implied, however, that the program he is backing, embodied in the so-called Wagner-Ellender-Taft bill, might have to be modified considerably to win House acceptance. A similar bill passed the Senate in the 79th Congress but was bottled up in the House.

Some 400 housing advocates from 23 states attended the rally in the Senate office building.

Both Taft and Senator Ellender (D-La.), another co-author of the bill now pending before the Senate, told the crowd they knew of hardly any other legislation in recent years which had been so misrepresented.

Meanwhile, politics got all mixed up in Capitol Hill as Senate Democratic leaders organized a fight against presidential succession legislation requested by President Truman.

Palestine Makes Report To U. N. Inquiry Group

JERUSALEM, June 25, (AP)—The Palestine government told the United Nations today its administration was based on the principle that the Holy Land "should neither be a Jew State nor an Arab state, but one in which the two peoples in Palestine should share authority in the government in such a way that the essential interests of each are secured."

In a 14-page memorandum submitted to the UN special Committee on Palestine (UNSCOP), the Palestine government outlined Britain's 27-year mandate administration.

"Community of interests even more than material resources is fundamental to any large scale planning," the memorandum declared. "Creation of that community of interests has hitherto been blocked by a predominance of political influences."

"It may be that at any given time a few more battalions or airplanes or tanks would, as has sometimes been represented, have produced a different frame of mind in one or the other of the local communities."

"It may be that it would not, but in any event what frame of mind it would have produced in the other community?"

"It has seemed to the Palestine government that only through free recognition by both Arabs and Jews of the position, needs and rights of the other community, through free recognition of the other community."

Chinese Reds Near Fushun Coal Mines

NANKING, June 25, (AP)—Chinese Communists have seized virtually all of the key Manchurian rail town of Szepingkai and are within 18 miles of the big Fushun coal mines east of Mukden, press dispatches said today. Szepingkai's garrison was reported holding grimly to a single stronghold in the Japanese-built walled section of the town.

Nationalists were reported to have recaptured Chongtshien, 60 miles southwest of Szepingkai, and the old walled city of Kaiyuan-shan about 42 miles southwest of Szepingkai.
