Mother, Son Nabbed In Raids For Contraband

By Susan Loden
Herald Staff Writer

A mother and son were nabbed in early morning raids today on their homes near Altamonte Springs by Seminole County sheriff's deputies and SWAT team members. The pair have been charged in connection with possession of controlled substances and stolen property.

Shortly after 6 a.m. lawmen with search warrants entered the homes of Flossie Gilbert of 1051 Blake St. and Waymon Franklin of 308 Longwood Ave., near State Road 427, according to Seminole County Sheriff John Polk.

In searches of the homes sheriff's deputies reported finding illegal drugs of an unreported quantity and type, and items including clothing, ceiling fans, vacuum cleaners, lawn equipment and fur coats, which reportedly

had been stolen and traded to Franklin for drugs, sheriff's investigator Rafael Toledo said.

Ms. Gilbert's home was raided and searched and she was arrested because, according to Toledo, Franklin had allegedly moved his reputed illegal drug supply and the allegedly stolen goods to her home after the Sept. 6 stabbing death of a Sanford woman, Patricia Penn Sessions, 36, who died to death in Franklin's backyard after having been stabbed in the leg.

In investigating that murder, which subsequently led to the arrest of Johnell Warren of 122 Desota Ave., Altamonte Springs, on Sept. 23, lawmen, Toledo said, became suspicious of Franklin, who at that time reportedly moved the reputed contraband to his mother's home. "for See RAIDS, page 6A

Hood Ache

Theresa Louise Marsh, 19, DeLand, looks a bit disheartened following an accident around 7:20 a.m. today in Sanford on Seminole Boulevard at U.S. Highway 17-92. Miss Marsh's 1983 Plymouth took the brunt of the collision with a 1985 van driven by David Ray Ellison, 46, of DeLtona. No one was injured. Miss Marsh, whose car skidded 91 feet on wet pavement before hitting the van which was stopped at a yield sign, was charged with careless driving.

Peace Envoys To Meet With Missionaries' Kidnappers

By Karen Talley
Herald Staff Writer

Peace commission members are expected to enter the Colombian jungle this afternoon to meet with the kidnappers of Three New Tribes missionaries, the organization's foreign secretary said today from Sanford Headquarters. H. Mel Wyma said the information was relayed to him early this morning from New Tribes field officers in Bogota.

If all goes well, Tim Cain, 34, his wife, Bonnie, 32, and Steve Estelle, 34, "should be released sometime next week," Wyma said.

The three were kidnapped by leftist rebels of the Colombian Revolutionary Armed Forces (FARC) more than three weeks ago from a landing strip at New

See ENVOYS, page 2A

Candidate Quits; Lormann Unopposed

Dr. Fred Pearl, candidate for the District 2 city commission seat in Longwood's Dec. 3 election, officially withdrew from the race today leaving the incumbent, Commissioner June Lormann unopposed.

The podiatrist, who works in Orlando, cited injuries his wife received in an auto accident in Leesburg two weeks ago that will require a lengthy recovery time as the reason he is quitting the race. Mrs. Pearl received hip and shoulder injuries in the accident in which Pearl received minor injuries.

Mrs. Lormann's name will still be on the ballot as required by the charter even though she has no opposition. City Clerk Don Terry said.

Young And Ghoulish

When you're young and ghoulish Halloween holds a special allure as it did for two Sanford area women who decided to go to work in costume. Staying informed about the holiday happenings are, left, Audrey Jackson, 36, of Southwest Road, as Aunt Jemima, and behind the skeleton mask and padding — take our word for it — is Cynthia Dixon, 21, of Midway.

Defense Cites Drug Use

Preston Gets Stay

By Deane Jordan
Herald Staff Writer

A Forest City man scheduled to die at 7 a.m. Monday in Florida's electric chair was granted a stay of execution late Thursday from the same judge who sentenced him to death.

Robert Anthony Preston Jr., 27, received the stay from Circuit Judge S. Joseph Davis Jr. who sentenced Preston in November 1981.

Attorneys for Preston, Larry Spaulding and Steven Malone, won the stay by arguing they wanted an evidentiary hearing to introduce reasons why Davis should not let Preston die. Assistant State Attorney Ralph Erickson argued that a stay should not have been granted at Thursday's hearing because there was no basis for the hearing under Florida law.

Robert Preston

The stay, in the form of a 90-day period in which a motion for an evidentiary hearing can be filed, blocks the scheduled execution. Malone said the death warrant will expire during the 90-day period. He said it is the policy of Gov. Graham not to sign a second death warrant in a case until the case is out of the court system. Preston is on death row in Raiford prison.

He was found guilty by jury of brutally killing Earline Walker, 46, also of Forest City, on Jan. 9, 1978. She was abducted from a Lil' Champ store on Spring Oaks Boulevard in Altamonte Springs. Preston, who was well-known to law officers at the time because of prior arrests, was taken into custody the next day. The seven-man five-woman jury recommended 7-5 that he die in the electric chair. Preston claimed he was under the influence of drugs when he stabbed Walker 20 times, slashed her throat, car to car nearly decapitating her and sexually violated her with a knife.

At Thursday's hour-long hearing, Spaulding and Malone presented various reasons for Davis to stay the execution. The

Storms Played Havoc On Halloween

The weather man pulled a Halloween trick on Seminole County Thursday afternoon and it was no treat for those left without power and the repair crews who worked late in the night to restore their service.

Gusty winds and lightning from a storm knocked down lines and power poles and damaged transformers leaving many scattered outages throughout Seminole County and the West Volusia area between 1 p.m. and 8 p.m.

The Sanford sewage treatment plant recorded .85 inches of rain

during a 30-40 minute period Thursday afternoon, but across the river in DeBary 3 inches of rain were reported for Thursday.

Bruce Berger, Sanford District manager for Florida Power & Light Co., said 61 calls were received on separate incidents and there were approximately 1,200 customers effected in the Sanford/Geneva areas and another 300 in the DeLtona/Enterprise section.

Service was out anywhere from a half hour to 7 hours, he said, depending on the location and the type of damage. Crews

worked well into the night and were back out today working on lines where temporary repairs were made Thursday night. Berger said.

Problems began in the Sanford area around 1:43 p.m. when a lateral line went out on 20th Street south of Sanford Avenue and reports continued through 8 p.m. Some other areas where outages occurred were First Street, where a power line went down on the ground in front of the Armory, Sanford Avenue, 27th Street at Elm Avenue, Cypress Avenue, Celery Avenue, Hays Drive, West Sixth Street, Avocado Avenue, Hidden Lake Drive, Hibiscus Court, Virginia Avenue, Ninth Street and Old Monroe Road.

Power was off on Jungle Road in the Geneva area.

Florida Power Corporation spokesman Brian White reported widespread scattered outages in Seminole, Orange, and Volusia counties caused by fallen trees and lines and poles blown down beginning shortly after noon. He said outages were not as prevalent in Seminole County as some other areas. The hardest hit were Lockhart, west of Winter Park, and DeLand (where a tornado was reported). White said crews had most of the outages cleared up by 8 or 9 p.m.

Schools Plan Program For Pregnant Teens

Pregnant middle-school students will be able to continue their education plus learn parenting skills if a special program proposed by the Seminole County School Board is approved for funding by the Florida Department of Education.

Dr. Bill Dalley, project director of school management for the school board, stated that the program, scheduled to start Jan. 28, 1986, will cost "about \$100,000" with half coming from school board funds and half from the State Department of Education.

Dalley said that a decision from Tallahassee is expected by Nov. 5.

The program, named Teen-age Parent Program or TAPP, will be held at Crooms High School in Sanford and initial funding

There were 50 confirmed pregnancies among middle school age girls (6th to 8th grades) last year in Seminole County.

will be through Jan. 1987. Dalley said the program will be entirely voluntary and is aimed at lowering the dropout rate for unwed teenage mothers.

Although saying he had no firm figures on the numbers of unwed teenagers in the school system, Dalley did state that there were 50 confirmed pregnancies among

middle school age girls (6th - 8th grades) last year in Seminole County.

It is Dalley's contention that the program will help reduce the dropout rate for these girls adding that the biological fathers-to-be will also be welcomed into the TAPP.

He said the program will employ several people who are already on the school staff, including a full-time teacher, a full-time nurse/vocational teacher, a full-time instructional aide, a full-time teacher to aid in program implementation, a half-time guidance counselor and other persons to perform part-time clerical services.

Dalley said he expects the program to serve 130 students in its first semester.

See PROGRAM, page 2A

Reagan Offers New Arms Reduction Proposal

By Helen Thomas
UPI White House Reporter

WASHINGTON (UPI) — President Reagan put a new proposal for cuts in superpower arsenals on the bargaining table in Geneva and says he is willing to discuss arms issues directly with Soviet leader Mikhail Gorbachev later this month.

But despite Reagan's proposal for deep cuts and Gorbachev's offer of a 50 percent slash in offensive weapons, the two sides are far apart and the president is standing firm on the "star wars" space-based missile defense

which the Kremlin opposes.

Appearing before reporters Thursday, Reagan announced that a new U.S. proposal will be offered today to spur "full give-and-take" in the Geneva arms talks.

And administration officials indicated late Thursday they wanted to hold summit meetings on a regular basis. Sources said Secretary of State George Shultz would suggest a follow-up summit meeting when he travels to Moscow next week.

He said the current round of negotiations, which were to

conclude today, will be extended for about a week to begin discussions on the new proposal.

Asked if he would negotiate arms issues directly with Gorbachev, Reagan said, "Yes, of course."

Seizing the initiative before the Nov. 19-20 meeting in Geneva, Switzerland, with Gorbachev, Reagan said the new U.S. offer will call for "very significant, balanced reductions" in nuclear arsenals.

He told reporters the U.S. offer has four key principles: deep cuts in offensive weapons, no

first-strike advantage for either side, allowance for continued work on defensive systems — a reference to the "star wars" project — and "no cheating."

Sources said the new U.S. proposal will call for deeper cuts in warheads on long-range and land-based missiles than the Soviet offer, which set an overall limit of 6,000 on each side.

The U.S. proposal reportedly would limit each nation to 4,500 warheads for land and sea-based missiles and would authorize continued work on "star wars." Reagan said he is interested in

winning "significant reductions" of nuclear weapons systems "that are the most destabilizing," which in the U.S. view are the large land-based missiles that make up the bulk of the Soviet arsenal.

Reagan said he outlined the proposal in letters to Gorbachev and allied leaders.

"Our proposal is serious. It is detailed and addresses all three areas of negotiations," Reagan said, referring to concurrent discussions of strategic, inter-

Not Practicing What They Preach

GILROY, Calif. (UPI) — More than \$650 worth of equipment used in police force anti-burglary classes was stolen from the police station, officials said. The burglars apparently climbed through an open window and Police Cmdr. Vern Gardner said leaving windows open is just what police warn homeowners against if they want to avoid burglaries.

NATION IN BRIEF

Homes Built Over Ore Threaten Millions With Deadly Radon

ATLANTA (UPI) — Federal health officials say up to 2 million homes built over uranium, granite and phosphate deposits may have high levels of indoor radon that increase the risk of lung cancer.

Dr. Matthew Zack of the national Centers for Disease Control said Thursday that exposure to radon gas "increases a person's lifetime risk of lung cancer," and the risk increases with the length and level of exposure. Once inside, the radon builds up in the air — especially in poorly ventilated houses — and particulates of the gas "can deliver a substantial dose of radiation to the bronchial epithelium."

"Each year, approximately 5,000-30,000 deaths may be attributed to background levels of indoor radon," Zack said.

Sen. Frank Lautenberg, D-N.J., said in Washington that the CDC findings "underscore the need for the Environmental Protection Agency to move quickly to survey the country to find out exactly how widespread the radon problem is."

Ex-Government Chief Indicted

WASHINGTON (UPI) — A former Navy shipbuilding chief, accused of lying to the government about receiving free trips from General Dynamics Corp., says the charges stem from pressure on the Justice Department to prosecute the firm.

A two-count federal indictment was returned Thursday against George Sawyer, charging him with lying about job-hunting trips he took that were paid for by the major defense contractor while he still worked for the Navy.

The indictment, returned by a grand jury in Alexandria, Va., said Sawyer, now a General Dynamics executive vice president and a board director, "falsified, concealed and covered up the fact" that he had flown to St. Louis and Chicago for job interviews in March and early May 1983.

It also said the firm paid \$800 in air fare for those trips and Sawyer lied about the payment.

Last spring, the Pentagon accused General Dynamics of \$244 million in overcharges. The criminal action against Sawyer was the first to result from a 1 1/2-year-old department investigation of the company.

Pill No Link To Breast Cancer

WASHINGTON (UPI) — A government study concludes birth control pills have no link to breast cancer, the No. 1 cause of cancer death among U.S. women, but some researchers say the issue remains open to debate.

In a study released Thursday, scientists found oral contraceptive use neither increased nor decreased the risk of breast cancer, regardless of how old the women were when they started taking the pill, how long they used it, the amount of the hormone progesterin in the pill and whether they took the pill before having their first child.

The results contradicted those of two 1983 studies, which found increased risk of breast cancer among women who started using the pill early and those who used it before their first pregnancy.

Breast cancer is the top cancer killer of women in the United States. The American Cancer Society predicted 119,000 women would develop the disease this year and 38,400 would die.

WORLD IN BRIEF

Sakharov And Others May Go Free In Superpower Swap

BONN, West Germany (UPI) — The superpowers have a big spy swap in the works and Soviet dissidents Andrei Sakharov and Anatoly Shecharansky could be included in the U.S.-Soviet deal, the Bild newspaper said today.

A proposal to include the two best-known Soviet dissidents in the trade was featured in top-level negotiations in East Berlin, the mass circulation newspaper said. Up to a dozen British, West German and American agents jailed in the Soviet Union could also be included in the package, it said.

Bild, quoting unnamed Washington and Bonn diplomatic sources, said complex, four-sided negotiations were underway involving Moscow, Washington, and East and West Germany. The exchange, it said, was expected to take place in late November, after the Nov. 19-20 Geneva summit between President Reagan and Soviet leader Mikhail Gorbachev.

Official confirmation was unavailable.

Soviets Ram Swedish Spy Vessel

STOCKHOLM, Sweden (UPI) — A Soviet warship rammed a Swedish spy vessel that was shadowing a new type of Soviet submarine never seen before in the Baltic Sea, the Swedish captain said.

Capt. Björn Eklind, 45, commander of the spy vessel Orion, said Thursday a Soviet minesweeper intercepted his boat to stop it from tracking the new sub during trials in international waters in the Baltic.

"The sub did not like us and it ordered the minesweeper to disturb us so that we would not be able to monitor it," Eklind said.

He showed a video recording on which the minesweeper, whose hull was marked 522, repeatedly passed close by his vessel.

Botha: News Coverage Unfair

JOHANNESBURG, South Africa (UPI) — President Pieter Botha condemned foreign news coverage of racial unrest in South Africa, saying his nation is "being painted into a corner in a well-orchestrated propaganda campaign."

"It is a known fact that foreign newsmen often have foreknowledge of the time and place of violent incidents," he said Thursday night at a Southern African Foreign Correspondents Association dinner.

"All responsible South Africans view this state of affairs as grossly and even criminally unfair. We are being made to pay a very high price for our efforts at reform."

Some local newspapers have accused foreign television crews of paying children to throw rocks at police vehicles in the segregated townships and to stage demonstrations for television cameras.

Home Sellers Have 'Duty To Disclose'

TALLAHASSEE, Fla. (UPI) — The state Supreme Court has ruled 5-to-1 that home sellers have no right to hide behind a potential buyer's ignorance, but rather have a "duty to disclose" all they know about a structure's hidden problems.

"One should not be able to stand behind the impervious shield of caveat emptor and take advantage of another's ignorance," wrote Justice James Adkins for the majority, referring to the latin phrase meaning, let the buyer beware. But in a strongly worded dissent, Chief Justice Joe Boyd warned "this ruling will give rise to a flood of litigation and will facilitate unjust outcomes in many cases."

Boyd argued the court was wrong to shift the burden of home inspections from seller to buyer. That shift will make it harder for people to sell property, particularly if the property suffers a problem that they themselves know nothing about, he wrote.

The opinion, issued Thursday, arose from a Dade County case in which one couple sued another over the purchase of a \$310,000 luxury ranch house with a leaking roof.

Morton and Esther Davis agreed to buy the south Miami

home from Clarence and Dana Johnson in May 1982, according to court records. After paying a \$5,000 deposit and reserving the right to have the roof inspected, Ma. Davis discovered a stained ceiling and buckled and peeling plaster around a window in one room.

Told a problem with the window had been repaired and that the ceiling stains were from wallpaper glue, the Davises put another \$26,000 down on the home, the records state.

The couple visited the home again after a heavy rain and said they found water "gushing" into the house from around the window frame, the ceiling of a

family room, light fixtures, glass doors and the stove.

An inspection revealed the need for a new roof at a cost of \$15,000. The Davises sued and the trial court awarded \$28,000 to the Davises and \$5,000 to the Johnsons.

But the high court said the Davises were entitled to the entire \$31,000 plus lawyers' fees, saying the Johnsons knew about the roof problems but did not reveal them.

"These unappetizing cases are not in tune with the times and do not conform with current notions of justice, equity and fair dealing," Adkins wrote.

Tribes mission outpost in Morical Viejo. A fourth missionary, Paul Dye, 45, was also abducted, but escaped four days later.

Dye has remained in Columbia, assisting in securing the hostages' release, while their families have been returned to this country "to avoid threats on their lives," Wyma said.

On Tuesday, FARC representatives attended a meeting of the peace commission and offered to free the hostages. Also at the meeting were New Tribes and Columbian government representatives, "and now we're waiting for further developments," Wyma said.

According to Wyma, the peace commission members will first go to a small village in eastern Columbia and then into the jungle to meet with the kidnapers. "We know they're tucked away inside," Wyma said, "it's just a matter of the commission being led to them."

Wyma also said he did not know who would take the commission in or what condition the hostages would be in when reached. Cain had been on his way to New Tribes headquarters in Villavieco for medical treatment when abducted, Wyma said, and Mrs. Cain had been reported ill by the FARC representatives. There was no word, he said, regarding the health of Estelle.

"We can only hope they're still hanging in there," Wyma said.

...Program

Continued from page 1A

The program's goals are:

- To offer the full middle school core curriculum to the participants. (Curriculum to be expanded to include high school courses in 1986-1987.)
- To help each student set positive goals for continuing her education and in planning for her education.
- To strengthen each student's ability to work out her own problems in more positive ways.
- To improve each student's student's decision making skills.
- To promote the development of a positive self-concept by the student.
- To promote the development of sound interpersonal relationships with peers and adults.

● To promote the utilization of sound medical attention by the student for herself and her child both during and after pregnancy.

● To promote the utilization of a sound nutritional program by the student for herself and her child both during and after pregnancy.

● To encourage bonding and good parenting skills through child-care activities and experiences.

● To disseminate factual information on pregnancy, childbirth, child development and family planning, both to clarify conflicting advice and to reduce recidivism.

● To acquaint each student with community resources which are available to aid her and her family both pre- and post-natally.

Instruction in the Lamaze Method will also be offered, Dr. Dailey said.

—Jim Bearles

Crew Concentrates On Biological Research

Challenger Probes Puzzles Amid Trouble

By Al Rositter, Jr., UPI Science Editor

Using themselves as guinea pigs, the scientists aboard the orbiting shuttle Challenger probed the puzzles of weightlessness Thursday but had trouble with a twin furnace assembly in the Spacelab research module.

The multi-national crew of eight, directed by scientists at a control center near Munich, West Germany, worked around the clock in two shifts in the high-tech laboratory mounted in the open cargo bay of the veteran shuttle.

Commander Henry Hartsfield, co-pilot Steven Nagel, Bonnie Dunbar and West German Reinhard Furrer worked from noon to midnight and James Buchli, Guion Bluford, Ernst Messerschmid of Germany, and Dutchman Wubbo Ockels were on duty from midnight to noon.

Much of the first 24 hours of the 200-mile-high mission paid for by West Germany was devoted to life sciences research, ranging from rides on a "space sled" to fruit fly research. A German control center

spokesman said the results "appeared to be very encouraging."

The astronauts also beamed back some television views of tropical storm Juan as it passed over the Gulf coast of Alabama.

The one significant problem aboard Spacelab involved an assembly of two crystal and metal melting furnaces mounted on one side of the room-sized laboratory. Munich control said the heating chambers could not achieve a vacuum.

The astronauts were asked to conduct a series of troubleshooting operations and engineers in West Germany then studied the results to try to determine what was wrong.

"This is quite a complicated process," said the spokesman at Munich control. "A number of steps have to be pursued in order to locate the exact nature of the problem."

In the meantime, the astronauts were told experiments to be conducted in the assembly were "no go."

The life sciences research went better. Some of the astronauts raced

up and down the "floor" of the lab sitting cross-legged on a rail-mounted "space sled" designed to measure the effects of various types of motions in the lack of gravity on a subject whose eyes were covered.

When Bluford reported he had completed one segment of the sled tests, Munich control said: "That is great news. Thank you. We are feeling real great."

Bluford and Messerschmid, a West German physicist, took turns peering into a disorienting "rotating dome" painted with polka dots in an experiment to study the cues used by the brain to interpret the body's orientation.

The researchers also operated an experiment to study the effects of the absence of gravity on the development of fruit fly embryos. Scientists have observed abnormal embryos during previous spaceflights and this experiment is designed to see if weightlessness during egg formation is the cause.

In a message read up to the crew earlier Thursday, Heinz Riesenhuber, West German federal minister for research and

technology, said: "This is definitely one of the highlights in the history of space flight for the Federal Republic of Germany."

Furrer thanked Riesenhuber and replied that after his first 12-hour shift in orbit "it's nice to hear things like that."

The NASA crew also launched a 150-pound communications research satellite early Thursday for the Pentagon. The satellite had generated controversy in West German political circles because of its military nature.

WEATHER

NATIONAL REPORT: Some

Northwesterners braced for up to a half-foot of snow and gale-force winds early today, and tropical storm Juan kept the Southeast rainy as it sloshed inland through central Alabama after a five-day siege of Louisiana. Up to 6 inches of snow was forecast early today for the mountains of northeast Oregon, where travelers' advisories were posted. Snow was also expected in the mountains of the Idaho panhandle, also covered by travelers' advisories. The National Weather Service issued gale wind warnings for the coast of Washington state and the northern coast of Oregon. Gale wind warnings and flood warnings stood in the wake of tropical storm Juan, which claimed seven lives in Louisiana and caused \$1 billion of damage in the state. Gale-force wind warnings remained in effect from the Alabama coast to Fort Myers, Fla., while flood warnings continued along the Alabama coast and the western coast of Florida to Cape Sable.

AREA READINGS (9 a.m.): temperature: 73; overnight low: 68; Thursday's high: 86; barometric pressure: 29.70; relative humidity: 84 percent; winds: South at 17 mph; rain: light; sunrise: 6:37 a.m., sunset 5:40 p.m.

Woman Charged In Attack

A 25-year-old Sanford woman, who was issued a trespass warning after reportedly being rude and disruptive at a Sanford home, returned and was arrested after she allegedly broke into the home and attacked a man with a pair of scissors, according to a Sanford police report.

The incidents occurred early Thursday, the report said. The woman reportedly returned to the home of Roger Sermons of 1302 Williams Ave. at about 4:57 a.m. She reportedly forced her way in through a window and allegedly stabbed at Sermons a couple of times with a pair of scissors, police reported.

She was forced from the home and fled, but returned at 5:44 a.m. while police were on the scene and was arrested. Police Capt. Herb Shea said the woman had apparently been a former resident at that address and the incident was related to a domestic type dispute.

Sylvia Claudette Davis, 25, who gave police 1302 Williams Ave., as her address, has been charged in the case. She was being held in lieu of \$5,000 bond.

CAMP IN BUILDING
Altamonte Springs police on patrol at the Orienta Office Park, 801 Orienta Ave., entered that building through a damaged window and reported finding a suspect apparently camped inside.

The suspect who was found inside an air conditioner closet was dressed in shorts and a cap. A sheet, shirt, pants and a paper bag of clothing were found in a room in the building and police said they found a knapsack, shoes and a razor under a stairwell outside, a police report said.

A real estate agent was called to the scene to confirm the man didn't belong in the building and as a representative of owner Orienta Limited Partner Ship, of Ohio, said charges should be filed.

Steven Michael Berry, 28, of 862 Orienta Ave. #A, Altamonte Springs, has been charged with burglary. He was arrested at 2:35 a.m. Thursday and was being held in lieu of \$5,000 bond.

—Edward Leo Gregory, 30, of Debary, at 9 p.m. Wednesday after his pickup truck was seen weaving on U.S. Highway 17-92, Sanford.

BURGLARIES & THEFTS
Three rifles, a stereo and a shotgun with a combined value of more than \$2,500 were stolen from the home of Roy T. Dann, 27, of 100 Stefanik Road, Winter Park, on Wednesday or Thursday, a sheriff's report said.

Marshall Brainard, 44, of Orlando, reported to sheriff's deputies, scuba gear, an electric pump and PVC fittings with a total value of about \$1,000 were stolen from the bed of his pickup truck while parked on State Road 426, Winter Park, on Oct. 27 or 28.

About \$400 cash, about \$5,000 worth of jewelry and a \$140 radio were stolen from the home of Robert Allison Cutting Sr., 48, of 415 Wymore Road #103, Altamonte Springs, on Tuesday or Wednesday, a sheriff's report said.

A \$350 lawnmower was stolen from the garage of Vivian Anderson, 40, of 117 Essex Drive, Longwood, between Oct. 6 and 9. She reported her loss to sheriff's deputies on Wednesday.

FIRE CALLS
On Tuesday, the Sanford Fire Department assisted an at-home birth and transported another mother-to-be to the hospital. Firemen were called at 7:27 a.m. to the home of a 29-year-old Sanford woman who gave birth to a son before being taken to the hospital. That afternoon, at 1:17 p.m., a 33-year-old Sanford

woman in labor was taken by firemen to the hospital, where she gave birth to a girl.

A mattress fire at a Hickory Avenue home Tuesday, reportedly started by a child playing with matches, was contained by the firemen.

Monday, a 10-year-old girl who had hyperventilated at All Souls School at 810 South Oak Ave. was treated on the scene by firemen at 11:01 a.m. Also, at 2:41 p.m., firemen were summoned to Seminole Community College, where a 56-year-old Longwood woman had fallen on the steps of a campus building. She suffered knee abrasions and a possible sprained ankle and was transported to the hospital.

SANFORD POLICE
The 7-11 at 100 North French Avenue was robbed of cigarettes and gas in two incidents that occurred within half-an hour of each other on Tuesday, according to police reports. At 3 p.m., a thief made off with four cartons of cigarettes, valued at \$40, according to clerk Patricia Mango. At 3:30, a man in a yellow van received \$15 worth of gas without paying for it, clerk Elizabeth Malloy said.

Two Sanford girls on their way to school at 7:35 a.m. Tuesday were assaulted by two females, a police report said. The victims, aged 12 and 13, told police they were stopped by the females, who then asked their names. After the girls responded, they were hit on the face and in the stomach by the females, who then ran off, the report stated.

A brick was thrown through a Sanford City truck window Tuesday at 1:15 p.m. while it was being driven along Pecan Avenue, according to a police report. The driver, Elwell Ferrell, 44, of 143 Scott Drive, told police he was between 8th and 9th Streets when the incident occurred. Police searched the area, but were unable to find the perpetrator.

Two Snapper lawnmowers, valued at \$620 each, were removed from a pickup truck parked at Continental Food Service at 2100 Country Club Road on Tuesday, a police report said. Garcia Ismael, 51, a janitor at the store, told police he had parked the truck at 2 a.m. and the mowers were gone when he returned to it at 6:15 p.m.

Home Antennae Can Be Piracy

If you let people trespass on your property long enough, they get a right to do so. That principle could be applied to the people who eavesdrop on satellite systems and pick up television programs never intended for their eyes and ears.

For that reason, Home Box Office and the other companies using satellite broadcasts to distribute their programs to cable companies are moving quickly to scramble their satellite signals, so they will no longer be available to unauthorized users.

That has brought a scream from many owners of private satellite dishes, and the screams have been heard on Capitol Hill. Some eager congressmen are threatening to pass a law against scrambling. No such law should be enacted.

Electronic signals and electronically reproduced programs which are bought and sold are private property in exactly the same way as land, houses and cars are private property, bought and sold.

The fact that electronic waves traverse the ether, or whatever medium it is that conducts them through space, does not make them public property. If it did, there would be no such thing as a private telephone conversation over long distances when microwave transmission is used.

Simply because some viewers have been getting their programs free doesn't mean they are entitled to free service forever.

There will be a way for people with private satellite dishes to receive the programs. Decoders will be available, the type that are addressable. That is, there will be centralized control over which programs are unscrambled by each separate decoder. The network or cable company can bill the users accordingly or cut them off if they fail to pay the fee. The decoder will cost about \$395; HBO service will cost \$12.95 a month.

That's not space piracy. It's just show business.

City Too Clever

The Douglas County, Nev., Board of Commissioners must have thought it had a real clever idea. It recently voted to consolidate Stateline, the casino town on Lake Tahoe's south shore, and Zephyr Cove, the neighboring resort area, into one easily advertised entity. The combined town, the commissioners decided, should be called "Lake Tahoe."

They must have thought it was a stroke of genius. With one change of a mailing address, the Nevada businesses would become as well-known nationwide as Lake Tahoe is known. Every penny California spent on its own new promotion of Lake Tahoe, the lake, would become free advertising for Lake Tahoe, the casino town. Every bumper sticker to "Save Lake Tahoe" would become a political statement in favor of more glitzy development on the south shore. Hats must have gone off up and down the length of Madison Avenue.

But the Douglas County commissioners were too clever. Opponents immediately launched a letter-writing campaign of their own. The U.S. Postal Service and the Department of Interior pointed out that it takes years of public hearings to get such a name change approved, and, after all that, the effort usually fails. You can see why. What if San Leandro wanted to rename itself "Pacific Ocean"? What if Gardena, egged on by its poker parlors, wanted to rename itself "Las Vegas"?

"It's so rare" to get a name change through all the bureaucratic hurdles, says Zephyr Cove's own postmaster, "that possibly it'll never happen." Good.

BERRY'S WORLD

DEN WATTENBERG

Advice To Our President: Trust Yourself

Dear Mr. President:
Pundits are saying you will have a public relations problem with Gorbachev at the summit. That's silly. The world knows that the Soviets are the bad guys.

You do have a real summit problem, however. It concerns a nuclear arms-control agreement. There is danger of gridlock on the American side of the negotiations. Only one man can break the logjam: you.

What's going on now in Washington falls under a standard political acronymic rubric: B-MOP. That stands for "Battle for the Mind of the President." Nothing new in that: It's what Washington politics is all about.

This particular B-MOP, however, is curious. For the moment, it's pitting some of your best friends against what one senses you'd like to get: a truly tough-minded treaty to cut nuclear weapons.

Your friends — the hawks — make an almost persuasive case. They say a democracy can't successfully negotiate an arms-control treaty with a totalitarian state. In the past, there's been some real merit to that view. The hawks say that American doves and State Department bureaucrats make well-publicized demands on a

president. This softens the U.S. negotiating position. The Soviets stand by, watching the American position erode.

America ends up lusting for any old treaty, and we get one that doesn't cut nuclear arms and is tilted toward Soviet interests. The hawks astutely point out that, since the arms-control process began, all we've gotten is more weapons, more relative Soviet power and more instability. Their conclusion: The U.S. political system is at fault; there is no good treaty possible.

Mr. President, it's a powerful view, held with conviction by respected people both in and out of your administration. They see the old patterns forming again: pressure against Star Wars, apocalypse-mongering, and so on. They ask: Can a president elected as a tough guy, hang tough? They believe that while you mean well, you are not yet sufficiently knowledgeable about arms control and therefore you can be manipulated. The closet-liberal manipulators, say the hawks, are doing their stuff everywhere, right inside your allegedly hawkish administration.

How can you cope with it? At its root, the hawk case is flawed. But only you can prove that in a way they will accept.

Their case is based on one core thought: that the future will resemble the past. That may be true in physics, but not in politics.

The 1980s are not the 1970s. Vietnam breast-beating is over. We have raised our military spending. A president has been elected and re-elected on the proposition that America ought to be more muscular. Politicians are desperate not to appear "soft" on defense issues.

There's a paradox at work here: It's important that you prove your tough friends wrong, by showing them you can be just as tough as you want to be. You know, the issue at hand goes beyond arms control; it's whether democracies can function in the crunch. After all, if the mind of man can conceive a hard-nosed yet fair treaty (and that is a conceivable thought), then the true test of the American political system is to show itself strong enough to promote such a deal and stick to it.

The only way to convince your friends is to personally learn the full intricacies of the arms-control game. You're the only one you should trust. I know it's not your style to get into the details of policy. But on this issue, you'd better. Otherwise you may get mugged by either side.

SCIENCE WORLD

Nurses Job By Computer

A miniature computer that regulates the infusion of drugs in hospital patients works better than experienced nurses, researchers at Emory University say.

In a recent test, nurses and computers administered a drug to lower blood pressure in patients recovering from heart surgery. The computer used a mathematical formula to calculate how much of the drug it should administer as it sensed whether the patients' blood pressure was rising or lowering.

Nurses have traditionally done this same task by manually evaluating the patient and administering the drug.

The computer was successful at maintaining blood pressure at a target level 83 percent of the time while nurses were successful only 66 percent of the time, according to a report from the university.

Detecting drunken drivers

A new eye movement test could boost identification of drunken drivers to near-perfect levels, researchers say.

Officers using the eye test along with two other tests determined subjects' state of drunkenness with more than 90 percent accuracy, according to researchers at Ohio State University.

The test has three parts. In one, the person is asked to follow an object with his or her eyes. Eye movements of someone whose blood alcohol level is above the legal intoxication level will not be smooth.

In parts two and three, eyes will show extreme quivering when an intoxicated person is asked to look to the extreme right or left.

Ore origins

New findings confirm a theory proposed in 1964, but rejected at the time: that one of the world's largest and richest deposits of metal ore was created by a meteorite impact 1.8 billion years ago.

The question has been whether the deposit near Sudbury, Ontario, were formed by upwellings from beneath the Earth's surface or whether the impact of a meteorite melted the Earth's crust, forming the igneous rocks found in the area.

Reporting in the British science journal Nature, the scientists said the only way to account for rocks with such a composition was to assume a large meteorite hit the earth in that area.

ROBERT WAGMAN

CIA Causes Furor

CAMBRIDGE, Mass. (NEA) — The CIA funded a Harvard professor's new book on Saudi Arabia, but the book doesn't mention this — and the situation has created a major controversy.

The book, "Saudi Arabia — The Ceaseless Quest for Security," was written by Nadav Safran, director of Harvard's Center for Middle Eastern Studies, and published by Harvard University Press.

In a recent full-page ad, which ran in several major newspapers, the Harvard Press touted three new books — the first of which was Safran's. The author, it said, "has produced the most sophisticated and demystifying book ever written about the kingdom of Saudi Arabia.... It will be invaluable reading for... anyone who wants a deeper understanding of elusive Saudi behavior."

As it turns out, U.S. taxpayers footed the bill for "Saudi Arabia." It was written with the aid of a \$107,430 CIA research grant and the CIA was allowed to review the manuscript before publication.

This has shaken both Harvard and the publishing world. The CIA's relationship with professors and publishers has been a sensitive issue — especially among academic publishing houses, since it was disclosed a decade ago that the CIA had secretly paid for the publication of hundreds of books as part of a worldwide propaganda effort.

There are several facets of the latest Harvard controversy. The

university itself doesn't object if professors accept funds and research grants from the CIA — as long as the grants have no strings attached, don't require pre-publication review by the funder and the source of the funding is disclosed publicly.

However, the "Saudi Arabia" contract carried a clause — standard in all CIA research contracts — that called for pre-publication review and gave the government the right to deny permission to publish. In fact, the manuscript was submitted to the CIA and reviewed before it was submitted to the Harvard Press.

Safran says that he submitted the CIA contract to university authorities when he first signed it in 1982. The research, he says, wasn't done at the CIA's behest: He had been working on the book for some time when an official in the CIA's analytical branch expressed interest in it and offered agency funding to help Safran finish it faster.

"They were extremely keen to see this kind of study done," says Safran. The pre-publication review shouldn't be an issue, he says, because the CIA officials didn't make any changes in the book — "not a comma."

Why wasn't the source of funding disclosed? Safran says the CIA didn't want its role in the book project acknowledged publicly, and "that was fine by me." However, a CIA spokesman disputed this.

WILLIAM RUSHER

Mideast Losers, Winners

JEDDAH, Saudi Arabia — I have been circumnavigating the globe since the beginning of October, and accordingly have had to monitor from afar, and not always through the best of news facilities, the recent dramatic events in the eastern Mediterranean. But their basic outlines now seem clear, and for Americans the outcome is gratifying: Amid an international welter of blunders, outrages and barefaced lies, President Reagan's overall performance stands out as firm, temperate, adroit and honorable.

Take first his initial, impulsive reaction to the Israeli raid on the PLO's military headquarters in Tunisia. The State Department subsequently prettied up the official American position to put some distance between ourselves and Israel's "act of violence"; but Mr. Reagan's instinctive approval of the raid demonstrated a broader understanding of the real situation.

Our Navy's subsequent skillful tracking and forcing down of the Egyptian airliner carrying four murderous liner-hijackers to sanctuary was so obviously justifiable that not even the many Middle Eastern critics of the Israeli raid on Tunis wasted much time condemning it. No doubt it violated some international protocol against such things; but when two legitimate concerns clash, the less important must give way.

For the rest, however, the ground is littered with blunders or worse. Arafat's PLO sustained a spectacular black eye when four of its agents badly muffed their assignment (whatever it was) and then killed a 69-year-old cripple in cold blood for the crime of being Jewish and American — all while under the remote but demonstrable control of Arafat's close colleague, Mohammed Abbas. Egyptian President Hosni Mubarak lied himself blue in the face about the whereabouts of the killers while conspiring to smuggle them safely from Egypt to Tunis. Italian Premier Bettino Craxi proved equally craven in rushing the mastermind, Abbas, out of Italian jurisdiction when he had every reason to delay Abbas's departure until his complicity could be investigated and demonstrated — as, in due course, it was. (Craxi, incidentally, will bitterly rue the day he refused to turn over the four killers to the United States.

JACK ANDERSON

Soviets Amend Definitions To Hide Crimes

By Jack Anderson
And Dale Van Atta

WASHINGTON — The Soviets may someday admit that they caused the "yellow rain" that killed thousands of Southeast Asians. But because they've concocted a new definition of the word "toxin," the Soviets will be able to claim that they didn't violate the Biological Weapons Convention of 1975.

This means, in effect, that the hapless Hmong refugees in Laos and other one-time U.S. allies were victims of an Orwellian word game as much as of the deadly mycotoxins that rained down on them.

The lesson is a valuable one for President Reagan and his advisers as they head for the arms-control summit in Geneva this month. They should make very sure the Soviet and American negotiators are both using the same dictionary when they define the various nuclear weapons systems under discussion. A country that routinely rewrites history and biography is perfectly

capable of rewriting its dictionaries, too, as the "yellow rain" case makes clear.

A secret State Department report we've seen exposes the Soviets' "death by definition" technique — and is a solid argument for including at least one Philadelphia lawyer on any U.S. arms-control team. Titled, "Redefining Terms," the report warns:

"If the Soviets officially adopt the definition of toxins that was published in the most recent Soviet Military Encyclopedia Dictionary, they could argue that the compounds covered by the Biological Weapons Convention of 1975 are far fewer than those the U.S. and other nations included.

"The dictionary, published in 1983, defines toxins as 'natural poisons... including low-molecular-weight poisons from unicellular animals... and high-molecular-weight bacterial toxins.'"

But a broader definition, in the 1976 Soviet dictionary, was "sub-

stances of bacterial, plant or animal origin...."

The secret report explains why the deletion of "plants" as a source of toxins is crucial: "The mycotoxins that the U.S. has accused the U.S.S.R. of using in Afghanistan and Southeast Asia in violation of the 1975 convention are products of fungi, which are plants, and hence could be excluded as toxins under the new Soviet definition."

The Soviet rewriting of the dictionary may well have been inspired by the unexpected U.S. success in proving that the Soviets had used toxins. By concocting a new definition of the term, poisons made from fungi are no longer officially "toxins."

Even more pertinent to the Geneva talks is an earlier example of the Soviets' potentially lethal word play. It involved the definition of "light" missiles in the negotiations over the SALT I Treaty.

Both sides agreed that the Soviet SS-11 was a light missile. U.S. negotiators wanted the Soviets' re-

placements for the aging SS-11s, their most widely deployed intercontinental ballistic missile at the time, to be about the same size.

A warning light should have flashed when the Soviets refused to accept the U.S. definition of a heavy missile as anything over 70 cubic meters. (The SS-11 was 67 cubic meters.) In the end, no firm definition was included in the agreement.

The United States was subsequently caught flat-footed when the Soviets began replacing the SS-11s with SS-19s, which weigh 108 cubic meters or more — roughly 60 percent more than the old missiles.

A top-secret White House report ruefully admits: "At the time of signature of (SALT I), the Soviets obviously foresaw the SS-19 as a key element in their strategic force modernization programs and refused to agree to provisions which would have precluded its development and deployment."

In short, the United States was snookered.

Jury Deadlock Feared In FBI Spy Case

LOS ANGELES (UPI) — The federal judge presiding over the espionage trial of former FBI agent Richard Miller said Thursday he was worried about a deadlocked jury.

U.S. District Judge David Kenyon called a meeting with attorneys to tell them he was contemplating sending a note to the jurors to tell them they may deliver verdicts separately on the seven counts if they have reached decisions on any of them.

"The reason the court thinks it's appropriate is that the longer a jury deliberates, the more chance there is of the jury not remaining a total unit," Kenyon said.

"If they've reached a decision in any way, the court should know that," Kenyon emphasized he had no

intention of asking the jurors whether they had reached a verdict. He solicited opinions from the attorneys on his proposal, but delayed making a decision.

Prosecutors had no objection to the judge's plan, but defense attorneys Stanley Greenberg and Joel Levine objected "atrenuously," saying they believed it would put pressure on the panel to make decisions.

"The court may be unwittingly and subtly suggesting that's what (the jury) should do," Greenberg said.

"It strikes us that this jury knows plainly what it is doing. There is no indication of any deadlock or any problem."

The 12 jurors must determine whether Richard Miller gave secret documents to his lover, admitted Soviet spy Svetlana

Ogorodnikova, during their love affair.

The panel began deliberating the fate of the only FBI agent ever charged with espionage on Nov. 18. Three days of their deliberations have been taken up hearing the testimony of three witnesses read back to them for a second time.

The jury cut its hours short Thursday and recessed at 2 p.m. rather than the customary 4 p.m. so one juror could keep a doctor's appointment. To make up some of the lost time, the jurors deliberated through lunch and ordered boxed meals.

Miller, 48, the father of eight, faces life in prison if convicted of

passing secret documents to Ogorodnikova for a promised \$65,000 in cash and gold.

During the 11-week trial, prosecutors portrayed Miller as a weak man whose severe financial, professional and personal troubles made him a prime target for KGB recruitment.

They said he slipped Ogorodnikova a copy of the FBI's Positive Intelligence Reporting Guide, described as the "playbook" of U.S. intelligence goals.

Prosecutors relied heavily on admissions Miller made in five days of interrogation by the FBI before his Oct. 2, 1984, arrest — admissions his attorneys claimed were false because he was exhausted and harassed.

CALENDAR

FRIDAY, NOV. 1

FLORIDA IN BRIEF

Graham To Meet With Mixson About Land Grab Charge

TALLAHASSEE, Fla. (UPI) — Gov. Bob Graham says he will meet with Lt. Gov. Wayne Mixson over a speech in which Mixson said changes the governor seeks in a controversial law amount to a "land grab."

Upon his return late Thursday from Washington, D.C., Graham said he would make no public statements on the difference of opinion until he has a chance to talk to Mixson.

"I want to talk to Wayne before I put words in his mouth," Graham said.

On Monday, Mixson called amendments Graham has proposed to the Marketable Record Title Act "a dangerous precedent" that would "take much property which has been conveyed to private ownership and which should remain in private ownership."

The brouhaha was not the first for Graham and the farmer and former House member from Marianna who Graham twice tapped as his running mate. In 1982 Mixson told reporters he was considering bowing out of a second term because he felt shut out of important decisions.

Renick Out Of Governor's Race

MIAMI (UPI) — Former television news anchorman Ralph Renick, hampered by lack of funds and health problems, has withdrawn as a Democratic candidate for governor.

Renick, the longest running TV news commentator in the nation, announced Thursday he was bowing out of the race.

"Thirty-five years' experience in broadcasting and as a news director has taught me to face the facts," he said. "Being a pragmatist, I realize there is no way I can raise the \$3 million or \$4 million it would take to mount an effective campaign."

His withdrawal came a few days after a statewide poll showed he had the highest name recognition of any of his opponents in the race.

Refugees Escape From Center

MIAMI (UPI) — About 25 refugees escaped from Krome Avenue detention center, just hours after the beating by 100 inmates of seven guards who attempted to break up a fight between a Mariel refugee and a Haitian refugee.

The guards tried to break up a shouting match between two refugees early Thursday and were panned against a fence, kicked and beaten by the inmates. The escape of between 25 and 30 inmates occurred around 8 p.m. EST.

Jury Considers Sanity Plea

WEST PALM BEACH, Fla. (UPI) — A nine-woman, three-man jury today will resume deliberating whether a former cancer specialist accused of killing a hotel manager was insane the night of the murder.

The panel was sequestered for the night after about two hours of deliberating Thursday in the first-degree murder trial for John Freund, who is charged with slaying Ralph Lee Walker July 24, 1984.

Palm Beach County Circuit Court jurors were given the case Thursday afternoon, and at 6 p.m. adjourned for the evening and were shuttled to a West Palm Beach hotel.

Haunted House Stays Open

The Sanford/Seminole Jaycees' Halloween Haunted House at their clubhouse on Fifth Street and French Avenue, Sanford, will be open again tonight. Hours will be 7:30-10:30 p.m. Spokesman Alan Seladi said the Jaycees decided to stay open an additional night to accommodate some who arrived Thursday night after closing and others who have not yet seen it.

AREA DEATHS

KIRBY GRANT

Mr. Kirby Grant, 73, 60-38 Sheoah Blvd., Winter Springs, died Wednesday at Jess Parrish Memorial Hospital. Born in Butte, Mont., on November 24, 1911, he moved to Winter Springs from Los Angeles in 1971. He starred in the Sky King television series and was a public relations representative for Sea World and Cypress Gardens. He was a U.S. Army veteran of World War II.

Survivors: wife, Carolyn; daughters, Kendra Buck, Granada Hills, Calif., Kristin, Winter Springs; son, Kirby Grant III, Winter Springs; mother, Henrietta Hoon, Missoula, Mont.; brother, Jack Hoon, Missoula; five grandchildren.

Baldwin-Fairchild Funeral Home, Altamonte Springs.

EDMOND J. LAHOUSE

Mr. Edmond J. LaHouse, 79, 71 E. Second St., Chuluota, died Tuesday at Winter Park Memorial Hospital. Born in Canada, on May 28, 1906, he moved to Chuluota from Connecticut in 1970. He was a co-owner of a retail shop and a member of St. Joseph Catholic Church.

Survivors: wife, Ruth; son, Edmund J., Roswell, Ga.; daughters, Joan M. Kaminsky, Manchester, Conn., Karen

Custer, Chuluota; 10 grandchildren; three great-grandchildren.

Baldwin-Fairchild Funeral Home, Goldenrod.

ANNA H. WALTER

Ms. Anna H. Walter, 83, 143 Lakeview Ave., Lake Mary, died Thursday October 31, at Central Florida Regional Hospital. Born in Brooklyn N.Y., on August 16, 1903, she moved to Lake Mary in 1950 from Brooklyn N.Y. She was an Avon representative and a member of the VFW Ladies Auxiliary. She was a founder of Lake Mary Fire Department and member of Lakeview Baptist church.

Survivors: two sisters, Clara Thompson, Vista Village Calif., Lillian Hartcom, Lake Hiawatha N.J.

Oaklawn Funeral Home, Lake Mary

Funeral Notice

WALTER, ANNA H.
—Private grave site services for Anna H. Walter were held today at 3 p.m. at Oaklawn Memorial Park in Lake Mary.

...Preston

Continued from page 1A

5th District Court of Appeal has upheld the conviction.

Spaulding said his office created this year by the legislature to secure lawyers for attorney-less deathrow inmates, was forced contrary to its purpose into defending Preston because they could not locate an attorney willing to handle the case.

That prompted Davis to remark that the hearing "might make some law."

Spaulding also said his office just began operating and simply did not have the time to properly prepare all of the paper work normally needed by Davis to issue a stay, a point Erickson argued in his attempt to waylay the postponement.

Erickson, who said he had to argue against the stay by virtue of his position as an assistant state attorney, said there was no proper application by Preston indicating he wanted the men to defend him. Thus, he said, there was no basis for the hearing. Malone, however, said Preston had signed an oath asking for post conviction relief — as required by law — and did want the attorneys to work on his behalf. The oath was to be delivered 10:30 a.m. today to Davis.

If Davis had not issued the stay, the men would have sought a stay from the Florida Supreme Court Saturday, Malone said.

In open court, Malone told Davis that one reason they wanted a stay is to explore Preston's admission of drug use. Preston claimed to use PCP, a hallucinogenic drug. It can induce violent states and black outs, Malone said. During the murder trial an expert for the defense testified he did not know much about drug which is also known as Angel Dust. Malone said an expert his office has contacted said the drug could cause black outs which might have happened to Preston. Had that been brought out in the trial, Malone said, it could have influenced the jury to reach a different verdict or possibly not recommend the death penalty.

...Reagan

Continued from page 1A

mediate range and space weapons.

Before his announcement, Reagan held a 30-minute interview with four Soviet journalists, saying he was "hopeful and optimistic that maybe we can make some concrete achievements" at the summit.

Malone told the Evening Herald after the hearing he also wants to question the testimony of a hair analysis witness who testified for the state. He said that witness' testimony in at least one other case has been the basis to vacate a sentence. He thinks that could have an influence in the Preston case. According to court records, some of the victim's public hair was found on Preston's belt.

At the pending evidentiary hearing, Davis could deny mak-

ing any changes in the case, commute the sentence to life, vacate it or call a new trial, Malone said.

Although Preston was granted a stay, a second man also scheduled to die Monday at Raiford apparently did not get a stay, according to Spaulding. He said his office will take the case of Ronnie Lee Jones, 29, to the Florida Supreme Court Saturday. He was convicted of killing three men in West Little River near Miami.

History Of Drug Abuse

LSD, psycote, THC, heroin, Quaaludes, cocaine, marijuana, PCP, alcohol — a pharmacy's array of drugs that Robert Preston Jr., now 27 and on death row, said he regularly used since his 12th birthday.

On the January day he backed a convenience store clerk to death in 1978 he had smoked several marijuana cigarettes, drank a bottle of wine and injected one-third gram of PCP, an animal tranquilizer, into a vein in his arm, according to court records.

In testimony at the trial he said: "Everything was blank," the day he robbed, kidnapped, raped and savagely murdered Earline Walker, 46, of Forest City. His defense throughout the week-long trial in the summer of 1981 was "I don't know. I don't remember."

The state made its case with 29 witnesses and 56 pieces of evidence including some of the most gory police photos ever taken in Seminole County. When her mutilated body was found Earline was wearing only sneakers.

Most damning of all was Preston's confession of "All right, I did it! I did it!" That's what he told his younger brother Scott about an hour after Earline's death. Donna Maxwell, Scott's girlfriend, also helped convict the killer. Her testimony hinged on time.

She told the court how

Preston looked shocked the day Earline died. She was killed about 4 a.m. and Miss Maxwell saw Preston around 9 a.m.

She said Preston talked about how he heard someone had found a woman's body near his home and that she had been killed. She recalled he said the woman was taken from a convenience store.

The death penalty clincher: Earline's body was not found until nearly 2 p.m. the same day, five hours after Preston's comments.

Her hair was found on his clothes, blood of her type on his jacket. His fingerprints were found in her car and on two cigarette packages in the abandoned car.

Food stamps, believed taken in the robbery, were found in Preston's bedroom two days after the incident. About \$300 taken at the same time was never found. An hour before the crime Preston told his brother he knew of a place they could "hit" where they could get some money. The younger brother declined.

For Circuit Judge S. Joseph Davis Jr., it was his first and to date only death sentence.

"I wish my task were easier, but it is not an easy task," Davis said at Preston's sentencing.

"There were several aggravating circumstances," he said prior to pronouncing the death sentence. "May god have mercy on your soul."

—Deane Jordan,

Jobless Rate Unchanged In October

WASHINGTON (UPI) — The nation's unemployment rate held steady at 7.1 percent in October, unchanged from the previous month, indicating the economy remains on a sluggish track, the Labor Department said today.

The department said the number of people without jobs, on a seasonally adjusted rate, was unchanged at 6.3 million, while the economy created another 325,000 jobs, bringing employment for the month to a record 107.8 million.

An accompanying rate including military personnel an employed also held steady at 7.0 percent.

In September, the rate inched up 0.1 percent after reaching 7 percent in August — the lowest figure since April 1980. The White House viewed the August figure as a triumph for the administration.

The August improvement followed six months of remarkable stability in the jobless rate, when it remained stuck at 7.3 percent.

While the overall jobless rate for October was stable, unemployment among teenagers rose sharply, to 20.1 percent, an increase of 2.3 percent over September.

But unemployment among adult women and blacks improved.

The rate for adult women declined 0.4 percent, from 8.8 percent in September to 8.4 percent in October. For blacks, the rate dropped by a modest 0.3 percent, from 15.3 percent to 15.0 percent.

The department said the increase in teenager unemployment was the result of more teens seeking their first jobs, offset by fewer women seeking to reenter the job market.

The rate for adult men was unchanged at 6.0 percent as was the rate for whites at 6.1 percent.

safekkeeping."

Lawmen allege Franklin delt in both marijuana and cocaine. Both he and his mother were being held today in the Seminole County jail in lieu of \$10,000 bond each.

On the night Ms. Sessions died Franklin reported to sheriff's investigators that he had been expecting her to arrive at his home at about 10 p.m. to visit his daughter, a sheriff's report said.

He heard shots outside his home and called to her, but got no answer, he told deputies. Franklin reportedly told them he had feared someone was shooting at him, and he called Ms. Sessions boyfriend, Michael Lorenza Lark, 35, of Orlando, who was at a nearby home, to the scene to search for her, the report said.

Ms. Sessions was found in a field behind Franklin's home and had been stabbed one time in the back of her left thigh. She was "clinically dead" at the scene and was pronounced dead at Florida Hospital in Altamonte Springs.

Witnesses led investigators to the suspect who was charged with murder in that case, a sheriff's report said.

Legal Notice

IN THE CIRCUIT COURT IN AND FOR SEMINOLE COUNTY, FLORIDA

PROBATE DIVISION
File Number 85-458 CP
IN RE: ESTATE OF E. NORMAN DORSAN.

Deceased
NOTICE TO CREDITORS

Seminoles Face Lions

By Sam Cook
Herald Sports Editor

Chart: 24, 20, 14, 13, 10, 7, 6.

Jack Blanton took one look at the above line and said, "Well, I guess if we score a touchdown and kick the extra point, we'll win."

He wasn't serious, however, he was worried. The above line represents the points Seminole's defense has given up since the first game. Blanton doesn't have to be a math whiz to read the curve.

"They've been playing real well," Blanton said. "That defensive guy (James Paul) does a good job. He was climbing all over them the game I saw and they just sat there and listened. They care."

Blanton expects that defense to try and climb all over his Lions tonight. The two rivals meet in a Seminole Athletic Conference and District 4A-5 battle at Oviedo High School at 8 p.m.

Both teams have lost tough games this year. They share last place in the district with 0-2 records. Seminole is 2-5 overall while Oviedo is 2-4. Coach Dave Mosure's Seminoles are 2-2 in the SAC while Oviedo is 1-2.

Oviedo has the county's top running back in Andrew Smith. The 5-9, 170-pound senior has rumbled for 1,064 yards and 10 touchdowns. Paul, the Seminole defensive coordinator, considered him such a force that he will key linebacker Brian Brinson on Smith.

"I don't believe in keying on one back, but we will key Brian on Smith," Paul said about his middle linebacker. "It will be their best against our best. It should be quite a battle."

Brinson had some impressive stats of his own. The 5-9, 195-pound senior leads the county with 108 tackles. Linebacker teammate Earnie

Football

Lewis is not far behind with 93. Defensive back Dexter Franklin (78), Linebacker Rick Kelly (68), tackle Mike Luster (57) and safety Theron Liggons (52) are the other headhunters of the Tribe defense.

Liggons makes no secret of the Seminole plans tonight. "We've been bringing our point total down each week," he said. "We'd like to go for a shutout tonight ... but we will settle for a field goal."

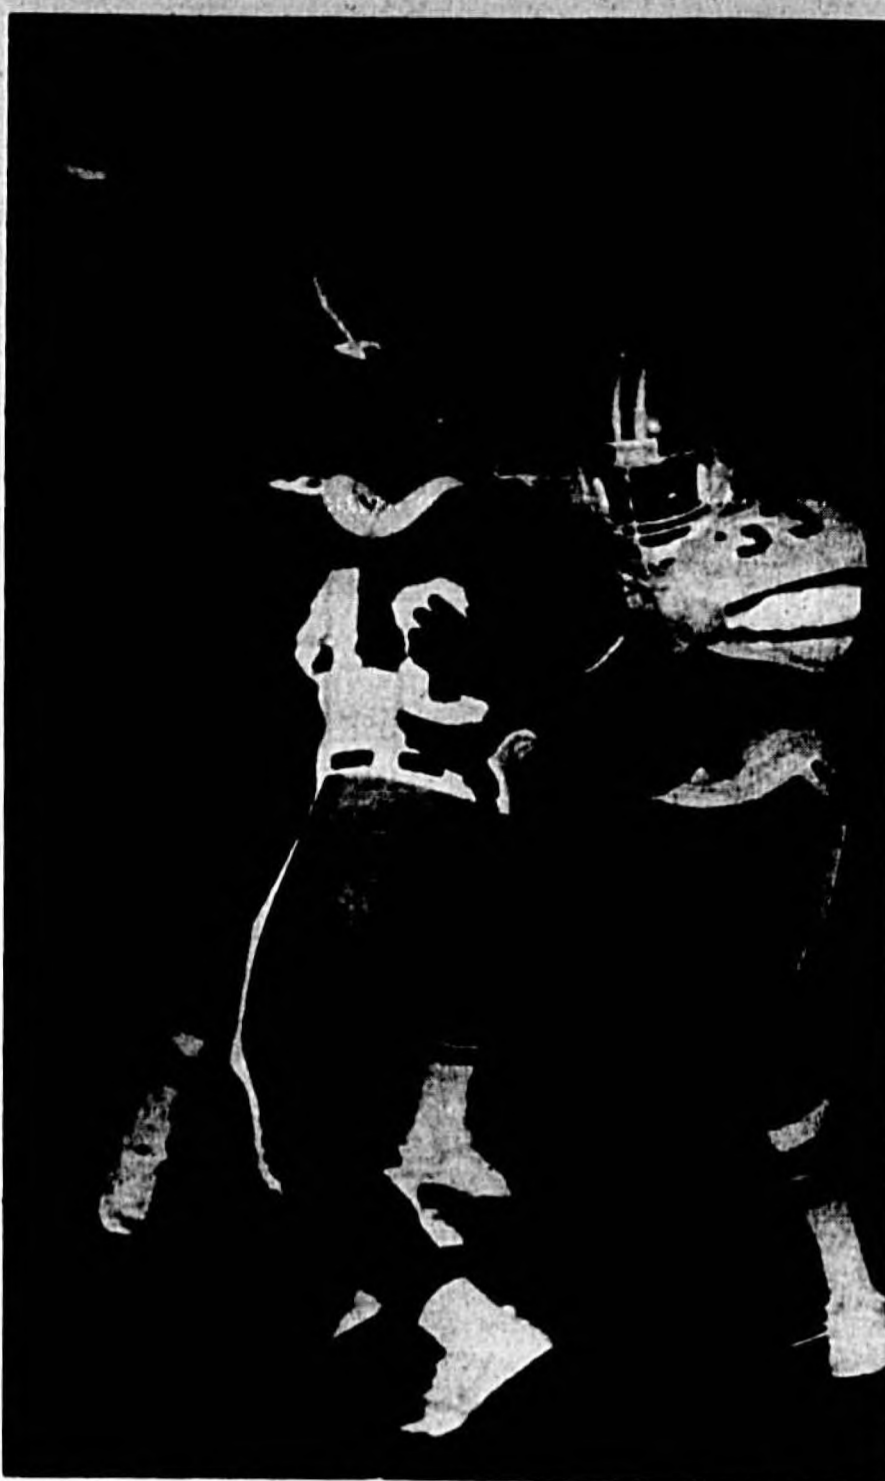

Paul echoes Liggons' sentiments. "Oviedo hasn't been shut out and that's our goal," Paul said. "But we have to stop Smith to do it. He is a good breakaway runner. He has touchdown runs of 53, 60 and 90 yards. That will tell you about his speed."

While the Seminole defense zeroes in on Smith, Mosure hopes to get his offense untracked. It has just enough in a 7-0 win over Lyman last week. "Every game is a dogfight," Mosure said. "But we have got to start scoring some points."

Sophomore Jeff Blake leads the county with four TD passes and 731 yards. His best target is Dave Rapo (16 catches for 310 yards). Wideout Herb Hillery and tight end Sonny Osborn each have nine grabs.

Oviedo's passing duo of junior quarterback John Morrow and wideout Willie Gainey has clicked 12 times for 209 yards. Morrow is usually well protected by center Andy Palmer and guard Gordon King. King is also a threat as a kicker from mid-field in. He has two field goals over 40 yards.

Mosure, meanwhile, said he was encouraged by the effort from his offensive line last week, especially Carl Tipton who graded out at 90 percent. "We're

Herald Photo by Tommy Vincent

Dexter Franklin fights through a block by Titusville's Nate Straw in an attempt to get quarterback Larry Shivers. Franklin and his Seminole teammates will be out to get Oviedo tonight.

becoming more consistent offensively," he said. "Now we just have to keep it up."

Dwayne Willis is the leading Seminole rusher with 347 yards. Sophomore Curtis Rudolph (181) and Blake (174) are next in line. Willie Evans has zipped for 153 yards.

Tonight's game will also be a

mini-reunion for Oviedo linebacker Ed Miller. Miller played junior varsity football at Seminole two years ago. "I know a lot of them," Miller, a scholar-athlete who hopes to attend West Point, said. "I'll be playing against a lot of friends but the competitiveness won't change."

Curry Hurries Rams By Bucs

By Sam Cook
Herald Sports Editor

DAYTONA BEACH — John Curry is known as the "Battering Ram" of Lake Mary's offense. At halftime of the Lake Mary-Mainland District 5A-4 showdown Thursday night, he looked more like a "Battered Ram."

The slashing 170-pound tailback had been stacked in the first half by a cutting Mainland defense. He had carried the ball eight times and gained 10 yards. Three times he was thrown for losses.

"I don't know what was wrong," Curry said. "Coach (Harry Nelson) got on me at halftime. I got mad when I fumbled (early in the second half). After that I just put my head down and started running hard."

The Rams needed it — in a hurry. Their District 5A-4 football championship hopes were running out after a lackluster first half which found them on the short end of a 14-7 score.

They didn't have to wait long. Curry broke loose for three touchdowns and 157 yards in the second half while the Lake Mary defense continued its excellent play as the Rams came away with a convincing 33-21 victory over the Bucs before 1,301 fans at Memorial Stadium.

"We started out like a bunch of candy butts," Nelson said after the game. "But we sure finished strong."

Mainland, which used an awesome 11-catch, 160-yard performance from Terry Anthony to stay close, is double dead. The loss saddled the Bucs with a 2-2 district record and 4-4 overall.

Lake Mary, 2-1 in the district and 5-2 overall needs Lyman to beat Spruce Creek tonight to force a winner-take-all game Nov. 22 against the Greyhounds. If Spruce Creek wins tonight and beat DeLand on Nov. 15, the Creek wins the district since its only win is over Lake Mary.

Lake Mary didn't know what it was going to do with Anthony in the first half. The incredibly sure-handed senior tormented the Rams on offense with several glue-fingered grabs and teased them on defense with those same sure hands.

Anthony, a 6-1 180-pounder, hauled in a 5-yard TD pass against Sheldon Richards for Mainland's first score midway through the quarter. Anthony and Clarence Siler had a 2-on-1 due to a defensive breakdown by the Rams and when Richards went wide open, Steve Skillern kicked the PAT for a 7-0 lead.

The Rams, though, came right back as the combination of quarterback Shane Letterio and slotback Ray Hartsfield found range. Letterio located Hartsfield eight times during the game for 91 yards.

The first connection followed a good kickoff return by brother Anthony Hartsfield of 38 yards to the Mainland 42. Letterio and Ray moved it eight more to the

Football

34 and Curry, who finished with 167 yards on 20 totes, broke his only good run of the half to the 20.

Letterio then faked Curry off left tackle and turned the left corner. The shifty junior skipped down the left side and dipped inside the left flag for a touchdown. Mike Renaud pulled the Rams even at 7-7 with his PAT kick with 5:15 left in the quarter.

Anthony got his second score just 1:20 later, though. After fullback Tom Kennedy rambled for 36 yards, quarterback Mike Morris, who completed 14 of 18 for 199 yards thanks to Anthony, found his favorite target in the end zone. Anthony reached over the top of the shorter Richards for the 16-yard TD.

The defenses dominated the rest of the half. Anthony intercepted a poorly thrown Hartsfield pass in the end zone to thwart the Rams' final effort just before halftime. Lake Mary's Larry Owen and Shannon Porter combined to sack Morris to halt one Mainland drive. Lake Mary's Scott Frost, Ryan Lisle and tackle Marty Hopkins held the Buc backs in check the rest of the time.

Curry, who fumbled his first carry after a 22-yard gain, got his motor running in a hurry when the Rams got the ball back after Porter sacked Morris again. A fake punt on fourth down went awry and Lake Mary took over on its 37.

Letterio hit Hartsfield for six to the 43. Curry, aided by key blocks from Larry Stankovits, Nick Armato and Dave Mitro, thundered over the left side. He broke several tackles and didn't stop until he was in the end zone 57 yards later. Renaud kicked the PAT for a 14-14 deadlock with 5:56 left in the third quarter.

It was Letterio's turn on the next drive. Starting at the Lake Mary 28, Letterio zipped around the left side, outran the linebacker and did a 360-degree move on the defensive back for a 50-yard run to the Mainland 24.

Curry ran for 12, four and eight for the score. The snap was a little high on the PAT and Renaud kicked wide right. Lake Mary still led, 20-14 with 50 seconds left in the quarter.

Porter turned in another defensive gem early in the fourth quarter as he forced Morris into Frost who sacked him for a three-yard loss. Morris' punt went just 22 yards and Lake Mary was in business again.

Fullback Brett Mollie led the way on the first play with a crushing block which sprung Letterio for 14 yards. Three Letterio darts to Hartsfield picked up 30 yards to move it to the Mainland 21. Six plays later, Curry powered from onme yard away for the score. A PAT run failed but the Rams were rolling, 26-14, with 5:04 left to play.

Mainland, which took a conservative approach in the second half, went airborne in a frantic attempt to get back in the game. Morris hit Anthony on four of five plays, the last one a tremendous diving catch for a 23-yard TD. Skillern kicked the PAT and the Bucs had hope, 26-21, with 3:56 to play.

An onside kick, however, didn't do the necessary 10 yards. Lake Mary then bulldozed it down the field in eight plays. Curry's 35-yard run got it started and Mollie's one-yard burst finished it.

	LM	MM
First downs	12	11

LAKE MARY — Curry 8 run (kick failed)
LAKE MARY — Curry 1 run (run failed)
MAINLAND — Anthony 23 pass (Skillern kick)
LAKE MARY — Mollie 1 run (Renaud kick)

Individual statistics
Rushing — Lake Mary: Curry 20-127, Letterio 9-61, Mollie 7-14; Mainland: Kennedy 5-37, Johnson 10-31, Morris 7 (minus 13), Linder 1-1.
Passing — Lake Mary: Letterio 9-13-89, Hartsfield 6-2-1-0; Mainland: Morris 14-10-199.
Receiving — Lake Mary: Hartsfield 6-91, Curry 7 (minus 2); Mainland: Anthony 11-160, Siler 2-16, Wallace 1-27.

'Hounds Bank On Home Field Against Creek

By Chris Fister
Herald Sports Writer

The home field and the home crowd have been very good to the Lyman Greyhounds this season. And home is where the 'Hounds will be tonight as they take on Spruce Creek's Hawks in a crucial District 5A-4 matchup.

Lyman, 3-3 overall, is 3-0 at home. The Greyhounds are 1-1 in the district. Spruce Creek, 1-5 overall, is also 1-1 in the district after upsetting Lake Mary two weeks ago. The winner tonight will remain in the district picture while the loser will fade out.

"It's our next to last district ballgame and we need to win it to keep our hopes alive," Lyman coach Bill Scott said. "We're back home and that will give us a little lift. We want to get back on track this week and hope it all comes down to the last game (against Lake Mary)."

Lyman, which has lost all three road games, dropped a 7-6 decision to Seminole last week after two field goal attempts were off the mark in the waning seconds.

"The kids are coming off a tough loss last week," Scott said. "They played good enough to win but didn't. We're going to

Football

have to play a very mistake-free game and be ready to play when we kick off."

Mistake-free is something Lyman has been in its three victories: 20-10 over Lake Brantley, 7-0 over DeLand and 17-10 over Oviedo.

On offense, the Greyhounds have gotten plenty of production from running back Robert Thomas this season. The junior speedster is second in Seminole County with 637 yards on 144 carries and six touchdowns. He has also caught seven passes for 76 yards.

Thomas has had nothing but praise for his offensive line which includes tackles John Spolski and David Kwiatkowski, guards David Leach and Sean Martinson and center Pat Perkins.

Ralph Philpott and J.C. Noid are the wideout weapons for junior quarterback John Burton. Burton has thrown two touchdown pass while completing 42 percent of his tosses for 333 yards.

Defensively, senior linebacker Byron

Overstreet leads the way with 69 tackles which ranks sixth in the county. Defensive back Scott Radcliff is tied for the lead in interceptions with four.

Scott said Spruce Creek is a much better ballclub than its record indicates. "They've played some good teams tough," he said. "They're a big ballclub up front. And they have a real fine quarterback and a good set of receivers."

Tom Abdo is the quarterback for the Hawks. Abdo threw for 106 yards in the win over Lake Mary, including a 22-yard touchdown strike to flanker Kevin Wiley. Kevin Floyd and Joe Haile lead the rushing attack.

The Hawks boast a big offensive line anchored by 275-pound guard Larry Warner and 275-pound tackle Eric Wilson. The defense also has some beef in 230-pound tackle Mike Durham and 235-pound tackle Brian Sharper.

"Spruce Creek is a lot like DeLand size-wise, but not as quick as Sanford (Seminole)," Scott said. "They have a lot of versatility on offense. They pass as much as they run. Our quickness is going to have to offset some things."

SAC Meet Will Hinge On Desire

By Chuck Burgess
Special to the Herald

Swimming

The one vital ingredient which will determine this year's championships in the first Seminole Athletic Conference swimming championships this Friday and Saturday at Lyman High School.

The meet starts at 2 p.m. Friday with the diving competition. The swimming competition gets underway at 10 a.m. Saturday. Seminole, Lake Mary, Lyman, Oviedo, Lake Howell and Lake Brantley will vie for the championship trophy which has eluded every county school except Don Clark's Greyhounds.

The Greyhounds, who have won the conference meet six times out of the last seven years, are looking at a long and grueling weekend of competition if they are to keep what they now possess.

The top contender in the boys' meet is Walt Morgan's freshman-dominated Ramphibians. The Rams, who haven't done well in conference meets, according to Morgan, are looking to take the bite out of the 'Hounds and strike their way to their first conference title.

"We've never done our best at conference," Morgan said. "I'm hoping things will turn around this weekend."

Morgan, who has taken only three years to build a strong program, and the boys' team will have to do without standout Steve Isaacs who will miss the meet because of the SAT test.

"That's really going to hurt us," Morgan said. "He (Isaacs) was seeded in the top six in both of his events."

With the absence of Isaacs' points Morgan looks to his experience to come through in the meet. "I'm really counting on Todd Stebbins and Joe Rosser to come through for us," Morgan said. "Todd (Stebbins) is really psyched up and I think he's going to get the job done."

Rosser, who will swim the 50 and 100 freestyle events, will contribute to the team's success through his part in the relay Morgan said. "The way I've got it figured the meet will come

Lake Brantley's Kristen Pauley holds on and looks forward to the Seminole Athletic

Conference championships on Saturday. The Lady Patriots are one of the favorites.

Slow-Starting Seminoles Fall To DeLand

By Chris Pister
Herald Sports Writer

Seminole High's volleyball team is improving in every phase of the game. Now, coach Beth Corso is looking for the Lady Seminoles to start their engines from the first serve of a match, instead of falling behind early.

That was the Tribe's problem Thursday night as it fell behind early in both games and wound up dropping a 15-11, 15-8 decision to DeLand in a non-conference match at Seminole High.

Seminole ended the regular season with a 6-8 record overall and 3-8 against 4A opponents. DeLand improved to 15-2 with the win and should be one of the top two or three seeds in next week's 4A-9 District Tournament.

"I'd like to see us take a little more command in the beginning of the game," Corso said. "Tonight, we were waiting until the 5th and 6th point before we did anything. My main concern now is that the girls go out and dig in early. They didn't do that tonight."

Corso said the front row play of Jackie Farr, Yolanda Robinson and Aretha Riggins highlighted the match for the Lady Seminoles. "Jackie (Farr) was hitting well and Aretha (Riggins) was real smart at the net. And Yolanda (Robinson) had a very good match. She had some good passes and passing has been her weakest point."

Maryann Callibuso turned in another strong match in the back row while Lisa McGrotha provided the spark off the bench in the second game.

LYMAN FINISHES 10-0 IN SAC

Lyman's Lady Greyhounds ended the season with a perfect 10-0 record in the Seminole Athletic Conference as it defeated Lake Brantley,

Herald Photo by Bonnie Wieboldt

Beth Corso, left, makes a point with her Tribe. Slow start hurt girls Thursday.

13-15, 15-3, 15-1, Thursday night at Lake Brantley High.

The Lady Greyhounds closed out the regular season with a 18-3 overall record. Brantley fell to 2-13 overall and 2-8 in the SAC.

"It took us a while to get going in the first game," Lyman coach Jerri Kelly said. "It was Brantley's senior night and all the girls were

a little distracted by that. And Brantley was really hyped up. After the first game, the girls decided they were going to put it together and show Brantley the first game was just an error."

Kelly said Jodie Vega got Lyman going in the second game as she served seven straight points. The Lady Greyhounds also received good hitting from Kim Forsyth, Lori Helms and Tamli Foss.

"Everyone got to play," Kelly said. "It was a good team effort. A nice one to end the season on."

Lyman, which is hosting the district tournament which starts Wednesday in the newly renovated gymnasium. The seeding has not been done yet, but the time schedule for Wednesday's matches is 3:30, 5, 6:30 and 8 with host Lyman playing in the 8 p.m. match.

LAKE HOWELL DESTROYS RAMS

Lake Howell's Lady Silver Hawks continued their late-season surge Thursday night with a convincing 15-3, 15-4 victory over Lake Mary in SAC action at Lake Mary High.

Lake Howell closed out the regular season with a 5-9 record overall and 4-6 in the SAC. Lake Mary dropped to 4-14 overall and 3-7 in the conference.

"We got absolutely murdered," Lake Mary coach Cindy Henry said. "Lake Howell looked good but we didn't do anything to force them to play well."

Henry said Jolce Johnson and Mary Kay Scott, senior co-captains, played outstanding matches for the Lady Hawks. On the other hand, Henry said Anquetette Whack was the only Lady Ram who had a decent night.

"We looked so stale and out of it," Henry said. "I thought we were coming along and improving but it looked like no one wanted to be there tonight. It was very frustrating."

Lake Mary's junior varsity ended the season on a winning note and finished with a 7-3 record in the conference.

Lanham Returns — Williams, FSU Look For Revenge

In the first-ever meeting for the University of Central Florida against an NCAA Division-I school, the Knights will travel to Louisville, Ky. to take on the University of Louisville Cardinals Saturday.

The Division II Knights, who are still looking for their third win of the season after opening the year with two wins, will benefit from the return of Tony Lanham at quarterback, who is back from a knee injury.

In guiding the 2-5 Knights against Louisville, Lanham, a sophomore, will be making a return trip home. He played his prep football at Louisville's Southern High School.

During his senior year at Southern High, Lanham passed for 2,500 yards and 29 touchdowns.

Darin Slack, also a sophomore and a former all-state quarterback at Lake Howell High, was backing up Lanham before taking over the starting role due to Lanham's injury. Slack has thrown for 1,078 yards and six touchdowns this season.

Two other former local high school standouts continue to start for the Knights. They are juniors Mac Lantrip (Lake Howell) and Tom Johnson (Oviedo).

Lantrip, the team's tight end, has caught eight passes for 127 yards and two touchdowns while Johnson continues to anchor down an offensive tackle post.

Speaking of the University of Miami, there is a lot of talk going on about the Florida-State-Miami game in Tallahassee Saturday. Both teams are 6-1 and hoping a major bowl bid is in its cards.

Sanford's Isaac Williams, a key defensive player for the Seminoles, said he thinks the Hurricanes are looking for revenge due to last year's 38-3 Seminole victory.

"It's a great rivalry and I think they will be looking to pay us back for last year," he said. "Since we're both 6-1, it will have a big impact on what bowl game we might go to."

"Miami will be our toughest game of the year so far. I hope we are able to rise to the occasion."

FSU had to rally back from a 10-0 halftime deficit to defeat North Carolina last week. 20-10. Williams said the "Noles will have to play a lot better if they expect to defeat the Hurricanes."

"North Carolina was a pretty good game for us defensively, but we needed to have that effort last week because of the offense's inability to put it together," he said. "We are going to need a great game from everyone this week."

FSU coach Bobby Bowden said the Seminoles can move back up with the elite teams in the country if they can win.

"This game is another Auburn for us," he said. "By that I mean it's another chance to jump back into the national spotlight."

PICKS — Last week's 6-4 record was an improvement over the 4-6 mark I registered the week before, but no reason to merit the name of Timmy the Greek or anything. Mr. Chuck Burgess (it does have a nice ring to it though, doesn't it). For the season: 37-23 (11-11 in preps, 17-9 in college and 9-3 in the pros).

Who was it that said I was conservative in picking games? In an upset I'll take UCF once again, this time by 5 in Lanham's homecoming. Miami will take FSU by 10 and the Gators should get by Auburn by 4. In another upset, Ohio State will shock top-ranked Iowa by 2.

In the pros, the Dolphins should beat New England by 8, the New York Giants will top the Bucs by 14 and the Dallas Cowboys will take the St. Louis Cardinals by 7.

In games involving Seminole County teams, Seminole by 5 over Oviedo, Lyman over Spruce Creek by 6, Apopka by 21 over Lake Brantley and in my third upset pick of the week, Lake Howell by 3 over Evans.

SPORTS

IN BRIEF

Sessions Routs Brown Boveri; Leads TRC By One-Half Game

Sessions Well Drilling took a half-game lead in the Sanford Men's Fall Softball League Wednesday after a 20-3 shelling of Brown Boveri Electric at Pinehurst Field.

Sessions now stands at 13-2 and leads the league by one-half game over the Tim Raines Connection (12-2).

Sessions pounded out 27 hits in the game including four each by Ray Bowling, Don Causeaux and Ed Swinney. Chuck McMullan, Peter Harrison, Tommy Gracey, Joe Ervin and Tim Rogers added three hits each to the onslaught.

Roger Kinnard was 2 for 3 with an RBI single and solo inside-the-park homer for Brown Boveri.

In other action Wednesday, McKee Development thumped Cardinal Industries, 15-5, and Geyser Systems hammered Sunniland, 19-5.

For McKee Development, which evened its record at 7-7, Tracy Walker and Randy Forrest had three hits each. Stan Showe was 2 for 2 and smacked a solo homer for Cardinal.

Geyser Systems ran its record to 10-4 with its win which was paced by a 19-hit offensive attack. Cliff Reynolds, Ray Mack, Mark Dowell and Rico Peterson had three hits each for Geyser. Mike Timmons, Mack and Peterson all hit solo homers. Tolle Frank and Nick Mergo had three hits each for Sunniland.

Lawson: Shaded Most Trouble

NEW YORK (UPI) — With apologies to the oddsmakers, assistant trainer Greg Lawson says the fourth pick on the morning line is the horse that will give his 3-1 favorite Rousillon the most trouble Saturday in the \$1 million Breeders' Cup Mile on the Aqueduct turf.

"We consider Shaded our biggest challenge," Lawson said Thursday after breezing the striking near-black Rousillon a half mile on grass in 50 seconds Thursday.

Shaded, who runs for the crown prince of the United Arab Emirates of Dubai, Maktoum al-Maktoum, and Rousillon, owned by Saudi Arabian prince Khalid Abdullah, each have three impressive graded stakes wins this year.

The difference between the odds on Rousillon and Shaded, who is posted 6-1 behind John Nerud's, 9-2 Cozzene, and 5-1 Never So Bold, probably stems from Shaded's next-to-last start, an uncharacteristic next-to-last finish at the Derby at Epsom.

Rose Signs For \$1 Million

CINCINNATI (UPI) — Calling Pete Rose "one in a million," Cincinnati Reds owner Marge Schott has made him the highest paid manager in the history of baseball, at \$1 million a year.

Rose Thursday signed a three-year contract for a million per year to continue as player-manager of the Reds through 1988.

"Pete is one in a million, and we want to reward him with an appropriate contract," said Schott, who broke club tradition by revealing financial terms of a contract.

"Pete is definitely the highest paid manager in baseball," confirmed Reds general manager Bill Bergesch.

Rose hopes his contract will pave the way for other managers to make more money.

Lloyd, Rinaldi Post Easy Wins

WILLIAMSBURG, Va. (UPI) — Chris Evert Lloyd and Kathy Rinaldi dispatched British rivals Thursday in opening matches of the Wightman Cup, giving the Americans a distinct advantage as they enter Round 3.

Lloyd, the No. 1 ranked player in the world, was at her best as she downed Jo Durie 6-2, 6-3. It took Rinaldi a little longer to defeat Anne Hobbs, 7-5, 7-5, but the victories in William and Mary Hall definitely pleased the predominantly U.S. crowd.

The Wightman Cup, a best-of-seven tournament sponsored by Nabisco, has pitted England against the United States since 1923. The tournament, which alternates between the two countries, was suspended for five years during World War II.

Rams, Patriots Hoopla Nov. 8

The Parents Teachers Students Association of Lake Brantley and Lake Mary high schools is sponsoring a "Challenge of the Faculty Showoffs" as part of the pre-game "hoopla" for the upcoming Lake Mary vs. Lake Brantley football game. The game will be played Nov. 8 at Lake Brantley.

The teachers and staff of the two schools will compete in a series of "athletic events" that include the tennis ball roll, a balloon race and the finale will be a basketball game with special rules.

The event will be held Wednesday, Nov. 6 at 7 p.m. at Lake Mary High. Tickets are \$1.50 and are available at each school. For further information, contact Palm Hartman at 862-6538.

ICBA Begins Its Registration

Signups for the Inter-County Basketball Association are taking place currently by telephone. To register for the season or for more information, contact one of the following:

South Seminole and Tuskawilla Middle Schools, Mickey Norton at 365-4040; Jackson Heights, Jim Norton at 365-6434; Milwee, Eastmonte Recreation at 830-3880; Teague and Rock Lake, Westmonte Recreation at 862-0090. Elementary Schools (grades 4-5) from the Lake Howell High and Oviedo High areas are to contact Mickey Norton.

Registration is \$25 for middle schools and \$15 for elementary.

Casselberry Offers Youth Skills

An after school sports program is being offered, for youth in elementary school grades, Monday through Friday, 3:30 p.m. to 6 p.m. at Secret Lake Park 200 Ivey Road.

The program includes skill instructions in basketball, tumbling, soccer, flag football and softball. Space is limited to 30 boys and girls.

The program will begin Nov. 4 and a fee of \$30 is charged Casselberry residents for the six-week program. Registration must be made by Nov. 1 at the recreation office located at Secret Lake Park. For information call 831-3551 Ex. 260.

SYSA Registers Cagers Saturday

The Seminole Youth Sports Association will hold its second registration date for its basketball league Saturday at all Seminole County middle schools. Signups will be from 9 a.m. to 11 a.m.

Players should sign up at the middle school in their school district. The registration fee for middle school players is \$40. The fee is \$25 for elementary schoolers. Players must bring a birth certificate and a photo.

The league will start Dec. 14. Call the SYSA office at 869-7972 for information.

Lost In Space? Patriots Will Upset Apopka

By this time next year, this could come to be known as the first intergalactic predictions column.

On Dec. 1 of this year, NASA is taking applications for the first journalist in space. To be eligible for the heralded shuttle mission, one must be a U.S. citizen and have five years of experience.

Since I was born in the U.S.A. and got an early start in the business, I now have over six years experience and something else that should be of top priority — an overactive imagination.

I can envision it now (his eyes roll skyward for dream effect), handing out my business card — Chris Fister, Space Prognosticator.

Realistically, I stand about as much chance of being selected as the first journalist in space as Lake Brantley has of beating second-ranked (5A) Apopka tonight (maybe that's why I'm

picking Brantley). Or maybe I'm already lost in space.

Well, at least I can still dream about rocketing into the stars and the Patriots can dream about knocking off the Darters. And, who knows, if Brantley's dream should become reality, maybe mine isn't so far fetched after all.

Last week, the Fearless Fister Forecast barely got off the ground. After a 6-4 week the forecast stands at 42-27-1 for the season. What kind of percentage is that? Blast off, okay.

SEMINOLE AT OVIEDO
The number one defense in the county meets the number one rushing attack as the Seminoles tackle Andrew Smith, his 1,067 yards, and the Oviedo Lions. The Tribe's defense has been reducing its opponents' point output every game of the season. Last week, Lyman scored only six. This week, Oviedo may score more, but not much

Chris Fister
SPORTS WRITER

more. — **'Notes by 8**
SPRUCE CREEK AT LYMAN
Lyman is 3-0 at home and 0-3 on the road. The Greyhounds return home tonight to take on Spruce Creek's Hawks with the winner staying in the running for the District 5A-4 title. Robert Thomas and a stubborn defense will keep Lyman in the running. — **'Hounds by 2**
EVANS AT LAKE HOWELL
Evans' offensive line can move

mountains. Friday night, it will move Silver Hawks. — **Evans by 10**

LAKE BRANTLEY AT APOPKA
Brantley quarterback David DeFiacco said he had a feeling in his stomach that the Patriots might pull an upset. Lets hope DeFiacco's feeling wasn't just indignation. In the upset of the year: — **Patriots by 1**

FLORIDA AT AUBURN
Florida's Gators are one of few teams capable of stopping Bo Jackson. And there don't seem to be any teams capable of stopping Florida. — **Gators by 12**

MIAMI AT FLORIDA STATE
Miami is rolling along after upsetting Oklahoma two weeks ago. It's time for the Hurricanes to get untricked though. — **FBU by 1**

IOWA AT OHIO STATE
Iowa may be the only team that could prevent Florida from winning the national title. This is a must win

situation for the Hawkeyes and look for Heisman Trophy candidate Chuck Long to provide the winning punch. — **Iowa by 9**

BUCS AT GIANTS
Tampa Bay's theme song this year is, "Never On Sunday." Do the Bucs play any Monday night games? — **Giants by 12**

DOLPHINS AT PATRIOTS
New England is tough at home and the Dolphins are on the verge of letting the season get away from them. Look for Dan Marino to get cranked up early as the Dolphins outfox the Patriots in Foxboro. — **Dolphins by 3**

COWBOYS AT CARDINALS
The Dallas Cowboys are hoping that another team named the St. Louis Cardinals will fold. But, unlike their baseball counterparts, the football playing Cards will come up with the winning Hanfan. I mean hand. — **Cards by 4**

Pats Need 'Awesome' Effort Against Apopka

By Tim Horn
Special to the Herald
Along the road to an 0-6 record, the Lake Brantley Patriots have found plenty of ways to lose games this season. Against Apopka tonight at 8 at Apopka Stadium, the Patriots, whose troubles were compounded by three more injuries to starters, face an almost impossible task against the No. 2-ranked 5A Blue Darters.

Lake Brantley coach Fred Almon, who remains ever-optimistic despite the Patriots' dismal record, would be the first one to admit that.

"For us to win, I think it would take a miracle," he jokingly said. "Seriously though, Apopka has a great team, there is no doubt about that. They have got outstanding players in every position and it will take one hell of an effort for us to win."

"They would have to make a lot of mistakes though, because we just don't have the athletes to compete with them — nobody really does. They don't have any weak sisters, they have 22 good football players."

The Blue Darters, 7-0, have been destroying opponents with relative ease all season long. Winter Park and Evans, two powerhouses in their own right, were easily handled by the Darters.

Coach Chip Gierke, one to downplay his teams, even speaks in glowing terms of his troops.

"We probably have the best team we've had," he said. "Defensively we have got three guys (linebackers Mark Murray and Al Savea and defensive tackle Steve Scoggins) on the front seven you can't block."

"And we have five guys you'll hardly ever have on one team (Murray, Savea, Scoggins and secondary members Danny Daniels and Earl Clayton).

Offensively for Apopka, running back Mike Lowman leads the way. He is one of the leading rushers in Central Florida and many people have compared him to former Apopka star Sammie Smith.

And the Patriots, who have been hit hard by injuries all season long, have lost two more players for the season — Mark Bousquet and Andy Dunn. Bousquet is a linebacker who was leading the Patriots in tackles and Dunn was the team's second leading rusher. Bobby Bodoh, another key defensive player for the Patriots is also out for two weeks.

All this leads up to an almost impossible task of winning for the Patriots. But even though the Patriots realize the difficult

Football

Bousquet Almon

challenge, Almon said they are going to give it their all.

"We are not going to forget to show up," he said. "The kids have gone harder in practice this week then they have all year. They are ready."

Quarterback David DeFiacco exemplifies the Patriots spirit.

"We've been working hard and I think we can do it," he said. "People are saying realistically that we don't have a chance, but we do. In football anything can happen at anytime."

"It just might be a coincidence that we are 0-6 and they are 7-0 and if we could win, maybe it would be a fluke. But they are going to be overlooking us and I have had a funny feeling all week about this game. We are going to try to do a number on them."

"The big thing is to score first." "Every game we have been chasing teams. If we can sting them first, we can do it."

"We have also got to control the ball. That is the only way we can win because I've seen them on films and they could probably score every time they have the ball."

Despite the teams 0-6 record, DeFiacco said Almon has kept the team in good spirits.

"Coach Almon is a fighter," DeFiacco said. "He keeps us going. He believes in us and we believe in us. It might just pay off with a win this week."

Almon said if the Patriots do fall to 0-7, the players know it is not the end of the world and a win will come sooner or later. But if they do win, it would be "downright awesome."

"It would be the upset of the year," he said. "And I mean anywhere in the state. If we did beat them, I'd probably be coach of the year."

Tribe JV Thumps Osceola

After holding a narrow 8-6 halftime lead, Seminole High's junior varsity completely dominated the second half en route to a 22-6 victory over Kissimmee Osceola Thursday night at Seminole High.

"The kids came out in the second half and played their best third quarter of the year," Seminole coach John Brady said. "Last week, we had all kinds of problems in the third quarter."

Seminole took an 8-0 lead in the opening quarter Thursday when Eric Johnson caught a 15-yard scoring pass from Jerry Blankenship and Tracy Turner ran in the two point conversion.

Osceola came back to score late in the second quarter to make it 8-6 at halftime.

The JV Tribe now stands at 5-2 for the season which concludes next Thursday at Titusville.

Silver Hawks Are Optimistic About Return To Win Column

By Tim Horn
Special to the Herald

Looking to put an end to a three-game losing skid, the Lake Howell Silver Hawks find themselves at home tonight against another strong District 5A-5 opponent in the Orlando Evans Trojans. Kickoff is set for 8 p.m. at Lake Howell Stadium.

The Silver Hawks, 3-3, have found life in District 5A-5 to be just as difficult as coach Mike Bisciglia anticipated, losing their first two district contests, 23-7 to Apopka and 21-0 to Winter Park. Bisciglia expects the matchup against Evans, 5-1 (and whose only loss came to Apopka), to be just as tough.

"All three (Evans, Apopka and Winter Park) of them are out of the same mold," he said. "They all have a similar offense and a very physical defense."

Bisciglia is especially impressed with the power of the Trojans offensive line. "Their offensive line averages 240 pounds," he said. "One guy is 6-5 and 271."

Following the three straight losses (the other coming to Lake Mary, 12-7), the Silver Hawks were idle last week. Bisciglia feels the extra week off should benefit his team.

"It's always beneficial to have a week off before a big game like Evans," he said. "It has given players time to recuperate from minor injuries. We were able to give the kids some time off too."

Bisciglia said the difference between the Silver Hawks play during the first three weeks compared to the last three weeks has been hard to figure out.

"It really is hard to put a finger on it," he said. "One thing of course is the caliber of football teams we have played the last three weeks. Another would probably be the loss of Terry

Football

Gammons.

"Without Terry, we have been limited to just one experienced back in Mark Schmitz (who leads the Silver Hawks in rushing and is third in the county with 560 yards). And with no one else back there to really do anything, teams have been able to key on Mark and stop us."

Bill Wasson, who plays both ways for the Silver Hawks and also punts and returns kicks, said the extra week of practice has definitely helped Lake Howell.

"The first three weeks we were much closer, playing like a team. But the last three weeks we didn't have that spirit."

"(The extra week) it has brought us closer together again. People have been challenging for positions and everybody is just a lot more intense now."

Marty Lacore, a 6-2, 263-pound senior who will play both offensive and defensive tackle against Apopka, agrees with Wasson on the possibilities of upsetting the Trojans.

"Yeah definitely, we can win," Lacore said. "But everybody has to do their job. If we can play like a team and everybody does their job, we should win."

Lacore said something was missing during the teams last three games.

"I don't know what it was, but something was definitely not there," he said. "It just didn't seem like the attitude was there. But the week off has brought about a change and our spirit is back."

"You never really know. The attitude of the team is really good. But you have to stay positive because if you don't, you are already beat."

...SAC

Continued from 7A

down to the 400 free relay." Other key Rams will be Wes Simecek (100 fly and 100 back), Steve Kostowicz (200 and 500 free), Rob Baker (100 back) and Trey Seibold (200 I.M.).

Morgan expects Seibold to come up with a big victory if the 200 individual medley is close. "If it comes down to the last length and the race is tied, Trey (Seibold) will win. He's just a tough competitor."

Morgan said he respects Lyman's past history of domination. "Lyman's just Lyman," Morgan said. "They've got a lot of strength, but we've got the numbers. That's where we'll win, if we win."

Lyman has a limited amount

of depth as it will go with big wins instead of second and third places, according to head mentor Clark.

Charlie "Chazz" Rose will be the leader of the pack of 'Hounds which will invade their own waters on meet day. Rose will compete in the 200 I.M. and the 100 free and is a favorite among the county coaches to win both of them.

"Charlie (Rose) will win both of his events unless he breaks both of his legs or something," Clark said.

Clark looks not only for Rose to be in form, but also freshman standout Chuck Reinighaus. Reinighaus will compete in the 500 free and the 100 breast. "Chuck (Reinighaus) has got some tough swims ahead of him this weekend," Clark said. "Who knows, he just might go crazy and win both of them."

Clark, like Morgan, feels the

'Charlie (Rose) will win both of his events unless he breaks both of his legs or something.'

— Don Clark, Lyman swim coach

title will be decided by the final event. "It's going to be a close race. I think that whoever wants it more will end up winning the race and the meet."

One swimmer who doesn't plan on celebrating a team championship is Seminole's Jaime Bojanowski.

Seminole, in a rebuilding year after losing its crop of seniors to graduation, is looking to be competitive in the conference meet and Donalyn Knight feels Bojanowski will be the Seminole to watch.

"Jaime (Bojanowski) has a good shot at winning the 500 free, but the 100 breast will be a little tougher," Knight said. Being out of the heat of

competition in the team title doesn't affect Knight as much as one would think. "We're all proud to be Seminoles," Knight said. "We're going to give it our all and sit back and see what happens."

The girls meet looks to be just as close and exciting as the boys'.

Lyman will still look to defend the title; however, Lake Brantley will be the one trying to leash the Lady 'Hounds.

The Patriots, like the Greyhounds, look to their youth as a source of power and finesse. Freshman and sophomores will be the dominating force and will inevitably determine each team's destiny.

For the Patriots, Lisa Moon,

Kristen Pauley and Shari Spiller will carry the burden of winning. All three are seeded first in their respective events and are capable of taking the title away from the 'Hounds.

"Those girls are great athletes," Lyman head coach Clark said. "They're young, but they've got a lot of experience and should give our girls a good fight."

Although acknowledging the meet will be a close one, Clark is inclined to favor his own team. "Lake Brantley has a good shot, but overall we've got a better chance."

Karen Long, Millette Webber, and Jane Hall will control Lyman's course of action.

Long will partake in the 100 fly and the 100 back where she is seeded second in both going into the meet. Hall will swim in what is to be the best race of the day, the 100 breast, and Webber

will be the one to catch in the 500 free.

Even though the meet will evolve from the Patriot and Greyhound swims, the Lake Mary girls team isn't going to roll over and play dead according to head coach Walt Morgan.

"I put Kelly Wise in the 200 I.M. and the 100 breast even though they're not her strong events," Morgan said. "I figured that I could put her in the 500 free where she'll win, but we lose the meet, or gamble and take a shot at the title."

Other top Rams to look for will be Jamie Brosnan (50 free and 100 breast), Alice Reese (200 I.M. and 100 fly) and Elisa Maher (50 and 100 free).

For the Seminole girls, Knight will look for much needed points from Kristy Keeling and LeAnne Sundvall (50 and 100 free) and Stasi Bojanowski (200 free and 100 fly).

Careless Watering Houseplants' Most Deadly Enemy

No matter where you live, you can enjoy houseplants. But, you have to care for them properly. Last week we discussed adequate light, humidity and correct temperatures. Today, we'll cover watering and using the right container.

Watering is certainly the most misunderstood cultural practice in houseplant care, yet is probably the most important. Careless watering kills houseplants faster than just about anything else. How do you know when your plants need water? How much should you give them?

According to the leading horticulturists at IFAS, most plants grow very well in a soil that's kept moist, but not continually saturated with water. Plants need air, as well as water, in the root zone. Too much water can suffocate plant roots, which will eventually rot. Overwatering will cause severe leaf drop, also.

Of course, how much you water, and how often, will vary considerably, depending on the type of plant you're growing, its size and stage of growth, the potting soil, the size and kind of container, and light temperature, and relative humidity.

One of your best guides to good watering practices is the feel of the soil. Remember, it's best to keep the soil moist — but not wet. To determine if a plant needs water, just poke your finger into the soil about an inch. If the soil feels moist, you needn't water. If it feels dry and crumbly, the plant could use some water.

Lukewarm water is best. During cold weather, tap water is fine. Water thoroughly, applying enough water to moisten the soil all the way to the bottom of the pot.

If a plant is growing in a container which has drainage holes, place it in a saucer or tray and apply the water until you see excess draining out of the bottom. After you are sure the excess has drained out, discard the water that has collected in the saucer. Never leave the pot standing in water.

Containers without drainage holes should have a layer of gravel in the bottom before the soil and plant are set. This will help prevent the root rot problem I mentioned before. This gravel layer will provide a space for excess moisture to collect. To check the moisture content after

Alfred Bosseson
Urban Horticulturist
323-8800
Est. 191

watering these containers is to lay it on its side in a sink — plant and all. When the excess moisture has drained out, then return it to the upward position.

Using the proper container is an important key to successful houseplant culture. There are many kinds available — some decorative, some purely functional. You can find them in clay, ceramic, wood, plastic, and metal. But, remember, they all do the same thing. They hold the soil, water and nutrients which supports your plant's growth.

Moisture evaporates fairly rapidly through containers made of porous materials, such as clay pots. Plants growing in such pots usually require more frequent watering than those in ceramic, plastic or other non-porous material.

Choose your containers carefully. If you choose non-draining, decorative containers,

it's a good idea to grow your plants in clay pots with drainage holes, and place them inside the decorative container. If you're trying to arrange an indoor planter, keep your plants in separate containers. Use peat moss, pine bark or rock chips to surround the individual pots. This will give the appearance that all of the plants are growing together. Their individual water needs can be more closely monitored.

When a plant requires daily watering to keep from wilting, it's time to think about repotting it. For the plant to look and grow best, its foliage should be about two or three times the diameter of the top of the pot. If it gets much larger, it needs repotting. As a general rule, plants should be shifted into larger pots one size at a time. This maintains a good ratio between the plant and container size and reduces the danger of overwatering.

When repotting, carefully remove as much of the soil as possible from around the outside of the plant's root system. If the plant is potbound, you may need to cut away the matted exterior roots. Then, place some soil mix in the bottom of the new pot, and

transfer the plant. Fill around the plant with new soil and water thoroughly. Always report a plant at the same level at which it was growing in its old container.

Maintaining proper soil moisture for your houseplants isn't difficult. But, it does require some common sense. Remember, overwatering is the most common cause of failure with house plants. Again, too

little moisture can be harmful. Reach for a happy medium — keep them moist, but not wet. Check your soil around your plants frequently. There is no specific watering schedule, because the needs of various plants have different requirements. It's up to you to keep a close check on the condition of the soil around each of your plants.

Happy gardening!

Snooping Girlfriend, Cheating Lover Share A Lot In Common

DEAR ABBY: I have been living with a man for two years. I'm 20 and he's 29. We both now we want to get married eventually. He was my first and only lover. He told me that I was the first girl he ever loved and he was a virgin before he met me. I found that hard to believe, but I did believe him.

Dear Abby

Recently, while home alone, I accidentally came across some letters he had received from various women. I read them and learned that he had lived with at least two other women and had a love relationship with a third. This would not have bothered me so much if he had not told me otherwise.

When I would ask him about his past, he said he didn't have any — that I was his first love. I feel so hurt and betrayed. I feel the need to do something, but I want your input before I do something rash. I love him very much and don't want to ruin my future with him.

What is your advice?

BETRAYED
DEAR BETRAYED: You may have accidentally come across some personal correspondence, but you deliberately read it. (That you should not have done.) You owe him an apology for violating his privacy, and he owes you an explanation of why he felt it necessary to present himself as a virginal lover.

Now that you know he is capable of deception and he knows that you are capable of snooping, chalk it up to a good learning experience, and don't turn your back on each other. Good luck.

DEAR ABBY: When I call a

person on the telephone and hear, "Hello, I can't come to the phone right now, but if you will leave your name and message, blah, blah, blah — and don't start talking until you hear the beep," I get so rattled that when I hear the beep, I forget my own name and telephone number, so I hang up. I am just not prepared to make a recording.

Am I some kind of weirdo? Or are there other people like me?

HATES MACHINES
DEAR HATES: You are not alone. Trust me. Since you know you have this hang-up (no pun intended), write your name and phone number on a piece of paper and tape it to your telephone.

Amvets 'Treat' On Halloween

The ghosts were out for Halloween and the women of Gaines and Morgan Amvets Auxiliary treated residents of The Good Samaritan Home. Auxiliary president Eartha Milton, Lula Cummings, Delores Allen and Sarah Arnold directed the Hal-

loween party and they served the residents donuts, juice and presented each with a bag of fruits and candles.

At 7 p.m. the Amvets Post and Auxiliary held their annual Halloween community party for the children of the community.

Sweet Harmony Chapter No. 388 Order of Eastern Star observed its second anniversary Oct. 20 at New Mt. Calvary Missionary Baptist Church. Evangelist Inez Smiley, a member of Reddick Memorial First Born Church, was the speaker. Theme for the occasion was "Love Ye One Another."

Ms. Georgia Kelly, Orlando, was mistress of ceremonies. Sweet Harmony Chapter No. 388 crowned Mrs. Pearl Mae Ford as the reigning queen for 1988-89. Eartha Melton is the chapter's Worthy Maxton.

The Community of Sanford may join the Women Missionary Department of Congress No. One for its Baptist Women's Day of Prayer, Nov. 4, at 7:30 p.m. at

Zion Hope Missionary Baptist Church, Orange Avenue and 8th Street. The Rev. J.L. Brooks is pastor and the Rev. Andrew Evans is president of Congress No. One.

Mr. and Mrs. Bernard Moore of Orlando, announce the birth of their first child, LaToya M., at Orange Regional Hospital, Orlando, on Oct. 18. Mrs. Moore is the former Tammy Fluellen. Maternal grandparents are Mr. and Mrs. Robert Fluellen, Orlando. Paternal grandparents are Mr. and Mrs. Calvin Moore, Sanford.

Mr. and Mrs. John Youngblood, Maryland, announce the birth of their second child, Saulica Elizabeth, Oct. 21. She weighed in at 6 lbs. Mrs. Youngblood is the former Vivian Corbrina McGhee of Sanford.

Maternal grandparents are the late Eddie McGhee and Mr. and Mrs. J.W. Anderson, Sanford. Paternal grandparents are the late Lizzie Youngblood and Saul Youngblood, Sanford.

Happy, happy birthday: to Dan Killins, Orlando, Charlotte Donahue, Willie C. Williams, Sr., Rufus McClain, Fannie Bobb, Oliver Harold, Mary Lee McClaren and Willie James White, Albany, GA.

It's Best To Discuss Symptoms With Doctor

Dr. Gott

DEAR DR. GOTT — I had my uterus, but not my ovaries, removed three years ago. I've been too embarrassed to mention to my doctor about my not having any sexual urges and that I haven't enjoyed sexual relations with my husband. This, of course, has put a strain on our relationship. I've also started growing hair under my jawline, and sweat more than I used to. Could any of this have to do with my hormone level? What can be done to help my problems?

dic surgeon who may consider putting a steel pin in the bone to stabilize it. This procedure is quite commonplace and may literally make your arm as good as new. As an adjunct to therapy, the surgeon will probably suggest you take calcium, vitamin D and fluoride supplements to strengthen your bones. Once pinned, the bone may heal quite satisfactorily and, at a later

DEAR READER — As a general rule, hysterectomies bear no relation to sexual desire. You are probably experiencing a natural menopause, but I suspect that your loss of sexual urge is a separate issue. Your sense of well-being (and your facial hair) may be helped by hormone replacement. I think you owe it to yourself and your marriage to initiate a frank discussion with your gynecologist. In my opinion, a doctor who knows you well is the ideal person with whom to share your concerns about sexual functioning. There may be a simple and easily correctable cause for your problem.

To give you further information on this general subject, I'm sending you a free copy of my Health Report on Menopause. Other readers who would like a copy should send 75 cents plus a long self-addressed, stamped envelope to P.O. Box 2597, Cincinnati, OH 45201. Be sure to ask for the Health Report on Menopause.

DEAR DR. GOTT — It has been over a year since I broke my left elbow just above the joint. The incision to make repair has healed properly, but the bone has not. I'm a 75-year-old woman. Do you think it will heal eventually, or, if not, will the bone deteriorate?

DEAR READER — If your upper arm has not healed in a year, it is unlikely to do so in the future. Depending on how much discomfort you are experiencing, you may need to see an orthope-

date, the pin can be removed. This program is immeasurably superior to the handicap of an unhealed painful extremity.

Send your questions to Dr. Gott at P.O. Box 91428, Cleveland, Ohio 44101.

WIN AT BRIDGE

By James Jacoby

As the fall North American Championships begin today in Winnipeg, Canada, it seems appropriate to recall a marvelous opening lead made by Ira Rubin, a member of last summer's winning North American Championship team-of-four. The final contract was six hearts, with South as declarer.

Rubin correctly reasoned that a club lead would make life easy for declarer, who would be able to ruff a second club in dummy and pick up trumps, later discarding any diamond losers on dummy's long spades. Similarly, the king of diamonds would not work if dummy had both the ace and the jack. Declarer would win, draw trumps, play the spades in order to discard his two club losers, and then lead a diamond toward dummy's jack

after ruffing a club to get to his hand.

Rubin finally decided on a bold thrust. He led the six of diamonds. Place yourself in declarer's position. Surely the lead against a small slam would not be away from the king and queen. Ultimately declarer decided that his best chance was that Rubin was leading from five cards to the king or queen. That would leave East with a singleton diamond honor, and the contract would then succeed if the ace were played. (Declarer would be able to throw clubs on the long spades, ruff a club and once again lead toward the diamond jack.) Such, of course, was not the case, and Ira Rubin's well-thought-out lead had defeated a seemingly impregnable slam.

HOROSCOPE

What The Day Will Bring...

YOUR BIRTHDAY NOVEMBER 2, 1985
 Your range of interests and activities will be expanded substantially in the year ahead. This will be due in part to several new friends who will encourage you to try things you've never attempted before.

SCORPIO (Oct. 24-Nov. 22) Enterprises you personally manage will work out favorably today. Act in accordance with your own ideas, not the suggestions of kibitzers. Major changes are ahead for Scorpios in the coming year. Send for your Astro-Graph predictions today. Mail \$1 to Astro-Graph, c/o this newspaper, Box 1846, Cincinnati, OH 45201. Be sure to state your zodiac sign.

SAGITTARIUS (Nov. 23-Dec. 21) Don't feel that you're under the gun to immediately return favors that friends do for you today. Later you'll have your

chance to balance accounts.

CAPRICORN (Dec. 22-Jan. 19) Friends are likely to be involved in several facets of your life today. In most situations they'll prove helpful, but in one instance a pal may introduce problems.

AQUARIUS (Jan. 20-Feb. 19) Adverse conditions will ignite your best efforts today. You'll rise to the challenge because your ego and pride won't let you do otherwise.

PISCES (Feb. 20-March 20) Something you've been avoiding because you thought it would be distasteful will have to be faced today. The results will turn out happily.

ARIES (March 21-April 19) Don't let emotions rule your judgment when conducting an important matter today. To assure best results for all concerned, be practical and realistic.

TAURUS (April 20-May 20) You have the wherewithal today to roll with the punches and come out on top. Don't accept a

minor setback or two as major defeats.

GEMINI (May 21-June 20) Things you have to offer today, whether they be a product or a service, have high market value. Keep this in mind if someone tries to grind you down.

CANCER (June 21-July 22) Early in the day you might feel a trifle anti-social, but this mood will quickly dissipate once you get out with friends.

LEO (July 23-Aug. 22) The results aren't apt to amount to much if you're too self-serving today, but when you put needs of others on a par with yours, everyone will benefit.

VIRGO (Aug. 23-Sept. 22) Strive to do more listening than talking today if you're in the presence of friends from whom you can learn. Their ideas could click for you.

LIBRA (Sept. 23-Oct. 23) Your material prospects look promising today, provided you act upon opportunities as they develop. Don't leave anything to chance.

ANNIE

AND THAT'S GAIMAN

Legal Notice

NOTICE OF A PUBLIC HEARING TO CONSIDER THE ADOPTION OF AN ORDINANCE BY THE CITY OF SANFORD, FLORIDA.

Notice is hereby given that a Public Hearing will be held at the Commission Room in the City Hall in the City of Sanford, Florida, at 7:00 o'clock P.M. on November 25, 1985, to consider the adoption of an ordinance by the City of Sanford, Florida, as follows:

ORDINANCE NO. 1707 AN ORDINANCE OF THE CITY OF SANFORD, FLORIDA, TO ANNEX WITHIN THE CORPORATE AREA OF THE CITY OF SANFORD, FLORIDA, UPON ADOPTION OF SAID ORDINANCE, A PORTION OF THE PROPERTY LYING AT THE INTERSECTION OF KENNEL ROAD AND JEWETT KENNEL, SAID PROPERTY BEING SITUATED IN SEMINOLE COUNTY, FLORIDA, IN ACCORDANCE WITH THE VOLUNTARY ANNEXATION PROVISIONS OF SECTION 171.044, FLORIDA STATUTES, PROVIDING FOR SEVERABILITY, CONFLICTS, AND EFFECTIVE DATE.

WHEREAS, there has been filed with the City Clerk of the City of Sanford, Florida, a petition containing the names of the property owners in the area described herein after requesting annexation to the corporate area of the City of Sanford, Florida, and requesting to be included therein; and

WHEREAS, the Property Appraiser of Seminole County, Florida, having certified that there is one owner in the area to be annexed, and said property owners have signed a petition for Annexation; and

WHEREAS, it has been determined that the property described herein is reasonably compact and contiguous to the corporate area of the City of Sanford, Florida, and that the annexation of said property will not result in the creation of an enclave; and

WHEREAS, the City of Sanford, Florida, is in a position to provide municipal services to the property described herein, and the City of Sanford, Florida, deems it in the best interest of the City to accept said petition and to annex said property.

NOW, THEREFORE, BE IT ENACTED BY THE PEOPLE OF THE CITY OF SANFORD, FLORIDA:

SECTION 1: That the property described below situated in Seminole County, Florida, be and the same is hereby annexed to and made a part of the City of Sanford, Florida, pursuant to the voluntary annexation provisions of Section 171.044, Florida Statutes:

Block 20, M. M. SMITH'S SUBDIVISION, according to the plat thereof as recorded in Plat Book 1, Page 53, Public Records of Seminole County, Florida.

SECTION 2: That upon this Ordinance becoming effective, the property owners and any resident on the property described herein shall be entitled to all the rights and privileges of the citizens of the City of Sanford, Florida, and from time to time granted to residents and property owners of the City of Sanford, Florida, and as further provided in Chapter 171, Florida Statutes, and shall further be subject to the regulations of the City of Sanford, Florida, and membership as may from time to time be determined by the governing authority of the City of Sanford, Florida, and the provisions of said Chapter 171, Florida Statutes.

SECTION 3: That any section or portion of a section of this ordinance proves to be invalid, unlawful, or unconstitutional, it shall not be held to invalidate or impair the validity, force or effect of any other section or part of this ordinance.

SECTION 4: That all ordinances or parts of ordinances in conflict herewith, be and the same are hereby revoked.

SECTION 5: That this ordinance shall become effective immediately upon its passage and adoption.

A copy shall be available at the Office of the City Clerk for all persons desiring to examine the same.

All parties in interest and citizens shall have an opportunity to be heard at said hearing. By order of the City Commission of the City of Sanford, Florida.

ADVISE TO THE PUBLIC: If a person decides to appeal a decision made with respect to any matter considered at the above meeting or hearing, he may need a verbatim record of the proceedings, including the testimony and evidence, which record is not provided by the City of Sanford. (FS 284.0103).

CASE NO. 85-691-CP COMMERCIAL CREDIT MORTGAGE COMPANY, Plaintiff, vs. ISRAEL HENRY LEE VAN BRACKLE and MARRIET VAN BRACKLE, No wife. Defendants.

NOTICE OF FORECLOSURE SALE BY CLERK OF CIRCUIT COURT Notice is hereby given that the undersigned David Berrien Clerk of the Circuit Court of Seminole County, Florida, will, on the 27th day of November, 1985, find and declare a structure located in Seminole County, Florida, to be unsafe, unsanitary and a public nuisance; that the owner of the property according to the property records in the Seminole County Property Appraiser's Office on which the structure is located is FLORENCE ALLEN, c/o WILLIE JAMES COLE, 3018 Cuyard Way, Orlando, Florida 32811; that the public nuisance is a residential structure located on South Street in Sanford, Florida, and further described as set forth above, and that corrective action is required to abate the public nuisance; and

WHEREAS, the Board of County Commissioners found that the following conditions constituted a public nuisance: (1) the building has been severely damaged by fire and the elements of nature due to abandonment; (2) foundation piers, exterior walls, exterior steps, floor framing and floor joists, exterior doors and sheathing, ceiling joist, exterior and interior doors, roofing materials, roof flashing, window glass, window screens and window frames are damaged beyond reasonable repair; (3) electrical service, electrical panels, electrical receptacles, electrical lights and switches are damaged to the extent that they are a hazard; (4) plumbing fixtures, plumbing drain system, hot and cold water distribution system and hot water heater are damaged beyond reasonable repair or nonexistent; (5) there is no evidence of a septic tank or drainfield; (6) there is trash and debris inside and outside of the building; and (7) this condition constitutes a potential fire hazard; and

WHEREAS, the following corrective action necessary to abate the public nuisance is to demolish and remove the building, trash and debris from the premises.

NOW THEREFORE, notice is hereby given to the said FLORENCE ALLEN and all parties having or claiming to have any right, title or interest in the property described above, to appear before the Board of County Commissioners of Seminole County, Florida, at 10:00 a.m., at its regular meeting on the 10th day of December, 1985, at the Seminole County Services Building, Room W-120, 1101 East First Street, Sanford, Florida, to show cause, if any, why such structure should not be declared a public nuisance and the corrective action of abatement specified in the Notice of Public Nuisance should not be taken; or cause, if any, why the cost of the corrective action of abatement specified in the Notice of Public Nuisance should not be paid for by FLORENCE ALLEN, her heirs or assigns; or cause, if any, why said cost should not be assessed against the property.

WITNESS my hand and seal this 15th day of Oct., 1985 DAVID BERRIEN Clerk to the Board of County Commissioners BY: Sandy Wall Deputy Clerk Publish: October 16, 25, November 1, 8, 1985 DEL-107

Legal Notice

NOTICE FOR HEARING ON DECLARED PUBLIC NUISANCE IN RE: Lot 28, JAMESTOWN, according to the plat thereof as recorded in Plat Book 9, Page 71, of the Public Records of Seminole County, Florida, presently shown as being owned by FLORENCE ALLEN and all parties having or claiming to have any right, title or interest in the property described above.

WHEREAS, the Board of County Commissioners of Seminole County, Florida, did on the 10th day of September, 1985, find and declare a structure located in Seminole County, Florida, to be unsafe, unsanitary and a public nuisance; that the owner of the property according to the property records in the Seminole County Property Appraiser's Office on which the structure is located is FLORENCE ALLEN, c/o WILLIE JAMES COLE, 3018 Cuyard Way, Orlando, Florida 32811; that the public nuisance is a residential structure located on South Street in Sanford, Florida, and further described as set forth above, and that corrective action is required to abate the public nuisance; and

WHEREAS, the Board of County Commissioners found that the following conditions constituted a public nuisance: (1) the building has been severely damaged by fire and the elements of nature due to abandonment; (2) foundation piers, exterior walls, exterior steps, floor framing and floor joists, exterior doors and sheathing, ceiling joist, exterior and interior doors, roofing materials, roof flashing, window glass, window screens and window frames are damaged beyond reasonable repair; (3) electrical service, electrical panels, electrical receptacles, electrical lights and switches are damaged to the extent that they are a hazard; (4) plumbing fixtures, plumbing drain system, hot and cold water distribution system and hot water heater are damaged beyond reasonable repair or nonexistent; (5) there is no evidence of a septic tank or drainfield; (6) there is trash and debris inside and outside of the building; and (7) this condition constitutes a potential fire hazard; and

WHEREAS, the following corrective action necessary to abate the public nuisance is to demolish and remove the building, trash and debris from the premises.

NOW THEREFORE, notice is hereby given to the said FLORENCE ALLEN and all parties having or claiming to have any right, title, or interest in the property described above, to appear before the Board of County Commissioners of Seminole County, Florida, at 10:00 a.m., at its regular meeting on the 10th day of December, 1985, at the Seminole County Services Building, Room W-120, 1101 East First Street, Sanford, Florida, to show cause, if any, why such structure should not be declared a public nuisance and the corrective action of abatement specified in the Notice of Public Nuisance should not be taken; or cause, if any, why the cost of the corrective action of abatement specified in the Notice of Public Nuisance should not be paid for by FLORENCE ALLEN, her heirs or assigns; or cause, if any, why said cost should not be assessed against the property.

WITNESS my hand and seal this 15th day of Oct., 1985 DAVID BERRIEN Clerk to the Board of County Commissioners BY: Sandy Wall Deputy Clerk Publish: October 16, 25, November 1, 8, 1985 DEL-107

Legal Notice

NOTICE FOR HEARING ON DECLARED PUBLIC NUISANCE IN RE: Section 7, Township 21 South, Range 28 East, Section 28 of East 1/2 of Northeast 1/4 of Southeast 1/4 of brick road (less West 20 feet and road), Seminole County, Florida, presently shown as being owned by LEEFEARS and GENEVA JACKSON and all parties having or claiming to have any right, title or interest in the property described above.

WHEREAS, the Board of County Commissioners of Seminole County, Florida, did on the 10th day of September, 1985, find and declare a structure located in Seminole County, Florida, to be unsafe, unsanitary and a public nuisance; that the owner of the property according to the property records in the Seminole County Property Appraiser's Office on which the structure is located is LEEFEARS and GENEVA JACKSON, Box 783, Altamonte Springs, Florida 32711; that the public nuisance is a residential structure located on State Road 47, Altamonte Springs, Florida, and further described as set forth above, and that corrective action is required to abate the public nuisance; and

WHEREAS, the Board of County Commissioners found that the following conditions constituted a public nuisance: (1) the building has been severely damaged by fire and the elements of nature due to abandonment; (2) foundation piers, exterior walls, exterior steps, floor framing and floor joists, exterior doors and sheathing, ceiling joist, exterior and interior doors, roofing materials, roof flashing, window glass, window screens and window frames are damaged beyond reasonable repair; (3) electrical service, electrical panels, electrical receptacles, electrical lights and switches are damaged to the extent that they are a hazard; (4) plumbing fixtures, plumbing drain system, hot and cold water distribution system and hot water heater are damaged beyond reasonable repair or nonexistent; (5) there is no evidence of a septic tank or drainfield; (6) there is trash and debris inside and outside of the building; and (7) this condition constitutes a potential fire hazard; and

WHEREAS, the following corrective action necessary to abate the public nuisance is to demolish and remove the building, trash and debris from the premises.

NOW THEREFORE, notice is hereby given to the said LEEFEARS and GENEVA JACKSON and all parties having or claiming to have any right, title, or interest in the property described above, to appear before the Board of County Commissioners of Seminole County, Florida, at 10:00 a.m., at its regular meeting on the 10th day of December, 1985, at the Seminole County Services Building, Room W-120, 1101 East First Street, Sanford, Florida, to show cause, if any, why such structure should not be declared a public nuisance and the corrective action of abatement specified in the Notice of Public Nuisance should not be taken; or cause, if any, why the cost of the corrective action of abatement specified in the Notice of Public Nuisance should not be paid for by LEEFEARS and GENEVA JACKSON, their heirs or assigns; or cause, if any, why said cost should not be assessed against the property.

IN THE CIRCUIT COURT OF THE EIGHTEENTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA, A municipal corporation of the State of Florida, Plaintiff, vs. THE STATE OF FLORIDA, and the Taxpayers, Property Owners and Citizens thereof and of the City of Sanford, Florida, including nonresidents owning property or subject to taxation therein. Defendants.

VALIDATION OF THE NOT TO EXCEED \$25,000,000 CITY OF SANFORD, FLORIDA WATER AND SEWER REVENUE BONDS ORDER TO SHOW CAUSE TO THE STATE OF FLORIDA, THROUGH THE STATE ATTORNEY FOR THE EIGHTEENTH JUDICIAL CIRCUIT OF FLORIDA, AND TO THE SEVERAL PROPERTY OWNERS, TAXPAYERS, CITIZENS OF THE CITY OF SANFORD, FLORIDA, INCLUDING NONRESIDENTS OWNING PROPERTY OR SUBJECT TO TAXATION THEREIN, AND ALL OTHERS HAVING OR CLAIMING ANY RIGHT, TITLE OR INTEREST IN THE PROPERTY TO BE AFFECTED BY THE ISSUANCE OF THE WATER AND SEWER REVENUE BONDS.

HEREINAFTER MORE PARTICULARLY DESCRIBED OR BE AFFECTED IN ANY WAY BY THESE BONDS.

The above cause coming on to be heard upon the Complaint this day filed herein by the City of Sanford, Florida, seeking to determine the authority of the City of Sanford, Florida, to issue the Water and Sewer Revenue Bonds, in the amount of not to exceed \$25,000,000 to be dated as of the date of delivery, to be numbered consecutively from R-1 upward in the denomination of \$5,000 or any multiple thereof or the amount maturing in each year, bearing interest payable at a rate not to exceed the highest legal rate per annum, a more particular description of said Bonds being contained in the Complaint filed in these proceedings to determine the legality of the proceedings had and taken in connection therewith, and the legality of the provisions, covenants and agreements contained therein, and seeking a Judgment of this Court to validate the proceedings for said Bonds, the said revenues pledged for the payment thereof and said Bonds when issued pursuant thereto, and said Complaint now having been presented to this Court, for entry of an Order to Show Cause pursuant to Florida Statutes, and the Court being fully advised in the premises:

IT IS ORDERED AND ADJUDGED that the State of Florida, through the State Attorney of the Eighteenth Judicial Circuit of Florida, and the several property owners, taxpayers, and citizens of the State of Florida including nonresidents owning property or subject to taxation therein, and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that this Order to Show Cause be published in the manner required by Section 75.06, Florida Statutes, in the Evening Herald, a newspaper of general circulation published in the City of Sanford, Florida.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

AND IT IS FURTHER ORDERED AND ADJUDGED that by such publication of this Order all property owners, taxpayers and citizens of the City of Sanford and the State of Florida, including nonresidents owning property or subject to taxation therein and all others having or claiming any right, title or interest in property to be affected in any way thereby, be and they are each hereby required to appear and show cause, if any there be, before this Court on the 8th day of November, 1985 at 8:00 o'clock A.M. in Room 314 of the United States District Court at Seminole County Courthouse in the City of Sanford, Florida, why the prayer of said Complaint should not be granted and why the proceedings for said Water and Sewer Revenue Bonds, the revenues pledged for the payment thereof and said Bonds when issued pursuant thereto should not be validated and confirmed as therein prayed.

Night Of Band Music To Draw Thousands

By Deane Jordan
Herald Staff Writer

Several thousand people who give a toot will be playing in or watching the 11th Annual Seminole County High School Band Festival Nov. 9 at Seminole High Stadium in Sanford.

Co-sponsored by the Sanford Optimist Club and the *Evening Herald*, the colorful sound-off will begin at 8 p.m. and will feature about 1,000 students from seven area high schools or about 200 more students performing on the field.

The bands this year include host Seminole High as well as Lake Mary, Lyman, Lake Howell, Oviedo, and Lake Brantley high schools — all of Seminole County — and Orlando's Bishop Moore High School, a private school with many students from Seminole County. In addition to performing as a 1,000-member mass band at the beginning and end of the festival, each band will present an individual 10-minute show.

Expected to be on hand for the non-competitive event is Seminole County's Superintendent of Schools, Robert Hughes, Seminole County Sheriff John Polk, Sanford Mayor Bettye Smith, the Florida Governor of the Optimists,

Bill Wood, of Tampa, and publisher of the *Evening Herald*, Wayne Doyle.

Bob McGuire, host bandmaster, will conduct the mass band in a jazz opening and patriotic finale featuring the *Star Spangled Banner* and *America*. The finale numbers will be accompanied by fireworks.

Other band directors include Terry Pattishall, Lake Mary; Cynthia Berry, Lake Brantley High School; Greg Martin, Lake Howell; Joseph Derrico, Bishop Moore; Steven Parker, Oviedo; and, Don Schmaus, Lyman.

See BAND, page 2

No Comedy In Lucille Ball's Bag Lady Role

By Vernon Scott
UPI Hollywood Reporter
HOLLYWOOD (UPI) — No one paid attention to the grimy, pathetic bag lady shoving a debris-filled shopping cart down the streets of Manhattan last spring.

Thousands of unseeing New Yorkers hustled past the wrinkled crone as she hobbled along, cameras recording her sad progress. There are some 80,000 such vagrants in the city. So what else is new?

This particular homeless ruin was in fact one of the most identifiable women in America — Lucille Ball.

Lucy was starring in "Stone Pillow," 24 hours in the life of a homeless, disoriented bag lady, hanging onto life by a thread. The two-hour CBS-TV movie will be broadcast Tuesday.

The role of the destitute woman is an incredible professional stretch for Lucy whose 50-year career has been devoted to movie comedies, musicals and a zany TV character.

It was also debilitating and exhausting. During a scuffling scene in the film the actress badly injured her arm and suffered heat exhaustion and dehydration. When the film was completed she was hospitalized for five days. She still is taking physiotherapy and medication.

But Lucy says it was worth it. Comfortably ensconced in her Beverly Hills mansion. It was hard to visualize the immaculately coiffed, chic millionairess as the human wreckage she played in "Stone Pillow."

"It may sound crazy, but I

could identify with her," Lucy said, unsmiling.

"I had compassion for Florabelle — I named her after my grandmother. I was playing a woman trying to survive. But I've never known a woman like her or even talked to one.

"They gave me books of interviews with bag ladies, but most of their stories are fantasies. I didn't read them. But they aren't all drunks or demented. On the other hand, few of them are normal.

"I found it easy to put myself in their position. I didn't ponder how I would react. I just did it. Because of problems with getting a finished script, we made up a lot of the story as we went along.

"Bag ladies aren't on the streets for a short visit. They're homeless. And don't believe the myth that they wouldn't want to be somewhere else.

"What they really are is invisible. I was recognized once when I sat in a chair with my name on it between scenes and some kids began shouting my name. Otherwise, nobody even looked at me.

"I was affected psychologically the minute I put on the makeup and the raggedy wardrobe. It got me into character in a hurry."

CBS had been after her for months to find a project. Lucy demurred until she heard that director George Schaefer had found the "Stone Pillow" property — and she wanted to work with Schaefer.

"I didn't agree to this project as a cause celebre or to help clean up the problem of bag ladies," she said, "although I hope it helps focus attention on

them.
"I wanted to please George. From what he told me during production, I succeeded.

"There were a couple of times when I caught myself playing a scene Chaplinesque, which CBS asked for. But I cut it out. And I didn't think of

Lucy for a moment during the entire production — none of her reactions or takes.

"I'll tell you one thing, this is no comedy. If there are any laughs they are well-concealed. Curiously, I didn't think of Florabelle as a loser. She is staunch, gritty and feisty, but

also vulnerable.
"I've played my share of comedy-drama, but this project was something altogether different for me. I wasn't afraid of it. Drama is much easier than comedy. In the final analysis it is easier to make people cry than it is to make them laugh."

Daniel J. Travanti portrays HBO presentation of the file is Edward Herrmann as CBS news pioneer Fred Friendly. Legendary newscaster MURROW, airing in January. Also starring in Edward R. Murrow in the

...Band

Continued from page 1

The "Marching Seminoles" of Sanford is comprised of 82 instrumentalists and 24 dancers who audition each spring and 12 flag bearers. The band has performed at the Miami Orange Bowl for the University of Miami Band Day Festivities and various convention shows in Tampa and Orlando. The band expects to perform at the Peach Bowl, Atlanta, in December.

Band members put in an average of more than 20 hours a week on the rehearsal field in preparation for the marching season. Gary Stair is the band president; April Sharp dance team captain. Drum major is Charlotte Holding. Maureen McGuire is the "Dazzler" dance team director.

Lake Brantley High School's "Royal Blue Brigade," which will be sporting new uniforms, is 175 members strong — 150 instrumentalists and 25 other

performers. Under the baton of Miss Berry the band performed in Atlanta earlier this year and in the spring will travel to Washington D.C. for concerts. She said the Royal Blye Brigade is a "young band" with only 14 seniors but added the kids are enthusiastic and will be playing in a another festival in late November. The organization has received superior ratings for marching and concert performances in all local and state competitions it has entered, she said. Leading the band on the field will be drum majors Tracie Costello and Jeff Polinsky.

Lake Mary's marching "Rams" band was founded in the fall of 1981 with the opening of the new high school. It began with 107 members, all 9th and 10th grade students. This year the band has 239 members, 9th through 12th grade including 157 musicians, 55 dancers, 27 flag performers. Since its beginning, the band has participated in all Florida Bandmaster

Association district and state festivals including marching and concert performances. It has received superior ratings at all district festivals.

Connie Mosure is director of the Marionettes dance team. Head drum major is Chris Jones. Flag corps captain is Yvette Escano and Marionette captain is Kendall Jones. The band played this year in Miami for one of the half-time of the Miami Dolphin football games.

The Lyman "Greyhounds" marching band will be directed in the festival by senior drum major Nat Wakins. Lyman's instrumental music department totals 133 members and includes two concert bands, a jazz band and many small ensembles. The band has received numerous superior ratings. Barbara Wittie is the Lyman Band president.

"We've got a very good and this. It's very strong," said Schmuas.

Lake Howell's "Silver Regiment" band has established itself as one of the finest in the state. In just four years the

band has won 114 awards and 11 grandchampionships and 42-first place awards. The marching band of 141 has consistently ranked superior at the FBA district marching festivals and was picked as Florida's representatives in this year's Macy's parade.

The band is led on the field by drum majors Stephanie Karp and Chris Cannariato. The guard captain is Martha Manzonelli. The average age of the band members is 15.

The Oviedo "Marching Lions" made a name for themselves through stints at the 1982 and 1984 world fairs. Susan Maupin is drum major and field captains are Dan Carlson and Barbara Massey. Connie Clark is the director for the Lionettes dance corps. Went to the Florida Strawberry Festival in February and will be sporting new uniform and a color guard. The band has 70 instrumentalists, 32 dancers and flag bearers.

The Bishop Moore marching "Hornets" will also present a show and participate in the

mass band performance.

Seminole County School Fine Arts Coordinator John Blair is co-charman of this year's band festival along with Ernie Butler of the Sanford Optimist Club. Each band will receive a participation trophy.

The bands benefit financially from the sale of tickets which are printed for them by the Optimists. Money made from the programs goes into the annual staging of the festival by the Optimists. Tickets for adults are \$2 and \$1 for students. Butler said the Optimists expect the event to gross about \$8,000 with an expected 3,000 people attending. Tickets are available from band members or at the Evening Herald office, 300 French Avenue, Sanford.

The cover photo by Tommy Vincent shows several of the talented youngsters who will lead the 1,000 musicians, dancers and other performers in the Seminole County High School Band Festival.

TELEVISION

November 1 Thru November 7

Specials Of The Week

SATURDAY

AFTERNOON

2:00

(3) **MY FIRST SWEDISH BOMB-SHELL** A 14-year-old boy (Jonathan Marc Sherman) faces the joys and sorrows of first love when he falls for a beautiful exchange student (Cheryl Arutt) from Sweden.

EVENING

7:00

(10) **SURVIVAL** (Season Premier) A history of the European biosphere, its near destruction during World Wars I and II and the herd's dependency on Poland's Bialowieza forest preserve, home also to a variety of species including the tarpan.

11:30

(7) **SATURDAY NIGHT'S MAIN EVENT** Professional wrestling exhibitions: Andre the Giant and Hulk Hogan vs. King Kong Bundy and Big John Studd; Tito Santana vs. Randy "Macho Man" Savage; Ricky "The Dragon" Steamboat vs. Mr. Fuji; also, Halloween festivities include bobbing for pumpkins and a music video featuring various wrestlers.

SUNDAY

AFTERNOON

3:30

(10) **MARK RUSSELL** Washington's top political satirist pokes fun at major issues and news stories of the day.

EVENING

8:00

(10) **THE DOLPHIN TOUCH** An exploration of the relationship between humans and dolphins.

9:00

(7) **NORTH AND SOUTH** From 1842 to 1861, this six-part miniseries dramatizes the lives of two American families -- the Mans.

South Carolina plantation owners, and the Hazards, Pennsylvania industrialists. Stars James Read, Patricia Swayze, Jean Simmons, Kirstie Alley and David Carradine. (Part 1 of 6).

MONDAY

AFTERNOON

1:00

(10) **STATUE OF LIBERTY** Narrated by historian David McCullough, this documentary chronicles the Statue of Liberty's inception as a gift from France to America as a symbol of democracy to its actual construction and installation in New York Harbor in 1886.

EVENING

8:00

(10) **NATIONAL GEOGRAPHIC** A look at creatures found only in Australia and the scientists and conservationists working to protect them.

10:05

(12) **THE HONEYMOONERS' ANNIVERSARY CELEBRATION** Jackie Gleason hosts a two-hour presentation of "Honeymooners" sketches (including one converted to color) that haven't been aired since they originally appeared on the '50s variety show. Audrey Meadows, Art Carney and Joyce Randolph join in.

TUESDAY

EVENING

8:00

(5) **DINOSAURS** Scientists and paleontologists join Christopher Reeve to investigate the wonder of a host of dinosaurs, including the

egg of a "duckbill" dinosaur, photographed by a CAT scan to expose the embryo.

(8) **BARE ESSENCE** Tiger (Gene Francis) and Chase (Bruce Boxleitner) become attracted to one another while working to make their perfume business succeed despite Ava Marshall's (Lee Grant) underhanded efforts to ruin it. (Part 2 of 2).

9:00

(7) **NORTH AND SOUTH** Eleanore Bent blames George and Orry for his abrupt dismissal from West Point. George meets and falls in love with the daughter of an Irish surgeon. Stars Gene Kelly, Robert Mitchum and Wendy Kilbourne. (Part 2 of 6).

WEDNESDAY

AFTERNOON

4:00

(7) **AFTERSCHOOL SPECIAL** "Don't Touch" Blair Brown, Niki Scalaro and Kelly Wolf star in the story of a babysitter who recognizes the tell-tale signs of child molestation.

EVENING

8:00

(3) **YOU'RE A GOOD MAN, CHARLIE BROWN** Animated. Based on the 1967 off-Broadway musical highlighting the triumphs and failures of the hapless "round-headed boy" and his Peanutland friends.

9:00

(7) **NORTH AND SOUTH** Orry and George's relationship is strained over the issue of slavery. Justin LaMotte continues to abuse Madeleine. Ashton Man sets her sights on James Hutton. Stars David Ogden Stiers, Gene Francis and James Metzger. (Part 3 of 6).

(10) **ANDREA DORIA: THE FINAL CHAPTER** A filmed chronicle of underwater cameraman and deep-sea diver Peter Gumbel's expedition, assisted by his wife Elga

Anderson, to salvage the wreckage of the ocean liner Andrea Doria off the coast of Nantucket.

10:30

(10) **HIGH WIRE** A portrait of tightrope walker Philippe Petit as he prepares for a 1982 walk celebrating the resumption of construction work on the Cathedral of St. John the Divine.

THURSDAY

EVENING

8:00

(10) **TRACKS IN THE SAND** Focuses on Florida's threatened sea turtles. Footage includes the nesting ritual of loggerhead and green turtles along Melbourne Beach and a special glimpse of a spectacular water ballet 90 feet underwater with a giant loggerhead.

9:00

(7) **NORTH AND SOUTH** The Hazards and the Mans get together at Mont Royal. Billy Hazard and Charles Man graduate from West Point. Justin LaMotte imprisons Madeleine and kills Maum Sally. Stars Georg Stanford Brown, Terri Garber and John Stockwell. (Part 4 of 6).

10:00

(10) **HEALTH CARE ON THE CRITICAL LIST** An examination of health care cost-containment programs in the U.S. narrated by Jack Klugman.

FRIDAY

MORNING

11:30

(8) **INDAY SPECIAL: CLASH OF THE DAYTIME STARS** Teams from "Capitol," "Days of Our Lives," "General Hospital," "One Life to Live," "Santa Barbara" and "Young and the Restless" compete in a variety of games to determine the most physically fit group. Hosts: Emma Samms, Fred Willard.

'Eleni' A Gripping Movie Of War, Love and Greece

FILMETER is compiled by Dick Kleiner in Hollywood and the NEA staff in Hollywood and New York.

done in the name of creating a better tomorrow -- very effectively. GRADE: A.

ELENI (PG) — Kate Nelligan, John Malkovich, Linda Hunt. (Drama) A New York Times reporter returns to Greece to investigate the death of his mother, who was executed 30 years earlier during the Greek Civil War. The subject matter, based on a true story, sounds grim, but "Eleni" is a gripping movie, held together by a stunning performance from Kate Nelligan as the reporter's mother (who is shown in extensive flashbacks). The movie makes its point — that incredibly cruel things can be

AGNES OF GOD (PG-13) — Jane Fonda, Anne Bancroft, Meg Tilly. (Drama) A young nun's scream pierces the air. She has just given birth, and the baby is found strangled. Was the birth a miracle? Was the death a murder? John Pielmeier's intriguing play has been brought to the screen by director Norman Jewison. But unlike Jewison's screen treatment of "A Soldier's Story," the literal expansion of "Agnes" is its downfall and only emphasizes the film's trite ending. Bancroft is brilliant. GRADE: B.

Actress Zsa Zsa's Real Name Is Sari Gabor

Dear Dick — My mother and brother-in-law have a bet. He says Zsa Zsa Gabor's real name is Ava. Mom says Zsa Zsa's real name is Zsa Zsa. Who's right? — L.A., Muskegon, Mich.

Both wrong, but your brother-in-law is more wrong than your mother. Zsa Zsa's real name is Sari. She was named after a famous Hungarian actress, Sari Fedak. And Sari Fedak's nickname was Zsa Zsa so, automatically, Sari Gabor's nickname became Zsa Zsa at a very young age. Her sister is Eva, which is pronounced Ava.

Dear Dick — My husband and I have a disagreement about "The Gambler." I say they had another lady playing the part of Kate Muldoon in the first movie, and he says Linda Evans is the only one who played the part. Who's right? — P.W., Fort Mill, S.C.

The character of Kate Muldoon was only in the second of the two "Gambler" movies Kenny Rogers did for CBS. So Linda Evans is the only one who has played the part. But Rogers did have a different leading lady in the first one — Lee Purcell, playing a lady named Jennie Reed.

Ask Dick Kleiner

Dear Dick — Is the mother on "The Partridge Family" the same mother on "The Brady Bunch"? — E.L., Houston, Texas.

No. Shirley Jones was the Partridge mama and Florence Henderson did the honors for all those Bradys.

Dear Dick — Could you please settle an argument. Is Donna Mills of "Knots Landing" a sister of Hayley Mills? — R.S.A., Robesonia, Pa.

No. Hayley's sister is Juliet Mills, who used to star on "Nanny and the Professor."

Dear Dick — Sometime in the 1950s, Kirk Douglas coted in a movie about some French soldiers who were put before a firing squad

in World War I. At the end, a young lady sang a song in a drinking place. The song turned the soldiers from jeering to tearfully singing the song with the waitress. What was the name of the movie and, if possible, the song? — R.E.C., Maryville, Tenn.

That was "Paths of Glory," Stanley Kubrick's classic of 1957. All I could find out about the song was a note in an early review that it was "a simple song in German."

Dear Dick — While watching Robert Blake in an NBC movie "Of Mice and Men," my daughter and I saw Sandra Blake's name listed as one of the characters. Was she perhaps on the list of credits or, excuse me if this is an insane question, but did she possibly play the part of a man, the ranch owner's son? — Unsigned, Grand Rapids, Mich.

Her name is not on the list of credits I have. The part of Curley, the ranch owner's son, was played by Ted Neeley.
