AN INDEPENDENT DAILY NEWSPAPER

SANFORD, FLORIDA WEDNESDAY, JANUARY 2, 1957

United Press Lensed Wire

NO. 189

Blood Donor Program To Be Set Up Friday At Local Hospital

Holiday Traffic Death Toll Below Estimated Level

The nation wound up the long New Year's holiday with a life saving display of careful driving that held the traffic death toll well below the level estimated by the National Safety Council.

The final traffic death tally was expected to reach about 430, falling short of pre-holiday predictions by about 70 lives.

"It seems certain now that our pre-holiday estimate of 490 traffic deaths was too high," said Ned H. Dearborn, council president, "and we are delighted. We only wish we could have missed it by more."

Below Non-Holiday Average
"It also seems likely that the final holiday toll will be little, if any, higher than the toll for a non-holiday period of the same length at this time of year."

The average traffic toll for a four-day period in early January is 426 deaths.

The United Press count at 7 a. m. EST, showed 326 persons killed in highway accidents since the holiday began at 6 p. m. Friday. Another 34 persons were killed in fires, 5 in plane crashes and 101 in miscellaneous mishaps for an overall toll of 556.

California, which had the nation's worst Christmas holiday record with 13 deaths, again led the states with 33 fatalities. Texas was second with 22, followed by Pennsylvania with 21, Illinois 20, Ohio 19, North Carolina 16 and New York 15.

Tidal Wave Alert is Touched Off In Hawaii Tuesday

HONOLULU — A heavy earthquake in the Gulf of Alaska touched off a tidal wave alert in Hawaii Tuesday.

The University of California at Berkeley recorded three distinct quakes "which could have done great damage" if they occurred in uninhabited areas.

They began recording here at 9:11 p. m. EST. A spokesman said they were "strong enough to make the tidal wave alarm system clang like mad."

The tidal wave alert was called off when reports from Fairbanks and Sitka, Alaska and the Philippines indicated no unusual surges in tides.

Pickpocket Says World Too Small

NEW YORK — You can have that adage about there being "safety in numbers," as far as Jose Torres is concerned. He's sold on the one that says "It's a small world." Too small, in Torres' case.

Several years ago, Torres, 27, of Chester, N. Y., a convicted pickpocket, was spotted in rather embarrassing circumstances by Sgt. Neil Behan and Detective O'Brien, who know Jose well. At the time, several days before Christmas, Jose was in a crowded downtown store—and also in a woman's purse.

Fire Dept. Kept Busy Over Holiday

The Sanford Fire Department was kept busy on the year's end but pranks and celebrations welcoming the New Year failed to materialize in a fire alarm.

A metal building and its contents were slightly damaged at 10:15 p. m. Dec. 29 when a trash box next to the building apparently caught fire and spread to the building behind Philips Colonial Cleaners.

"Only slight damage" was the report from the Sanford Fire Department.

While still fighting the fire in downtown Sanford, at 11:23 p. m. on the same evening, Dec. 29, a defective kerosene heater resulted in an alarm for the Sanford Fire Department. There was no damage.

A grass fire at the corner of sixth St. and Persimmon Ave. was brought under control by the local fire fighters on the afternoon of Dec. 31 at 2:15 p. m.

The only other fire alarm over the New Year was answered this morning at 7:55 a. m. at 1507 Elliott Ave. A flooded kerosene heater caused no damage.

Officials Start Investigation Of Train Crash

MARTINSBURG, W. Va. — Baltimore & Ohio Railroad officials started an investigation today to determine why two freight trains traveling in opposite directions were routed over a single line track at the same time.

The trains, hauling a total of 314 cars, collided head-on Tuesday, killing three crewmen and injuring five others. Both locomotives and 41 cars left the rails and piled up along the right-of-way.

The collision occurred 11 miles west of here along the Potomac River.

The men killed were riding in the diesel locomotive of an east-bound train hauling 115 loaded freight cars and nine empty cars from Cumberland d., to Brunswick, Md.

Their train, believed traveling at about 25 miles an hour, crashed into a freight with 160 empty coal cars westbound from Cumberland, W. Va., to Keyser, W. Va.

Hotel Guests Are Overcome By Fumes

MIAMI BEACH — Eight guests at a swank Miami Beach hotel were overcome Tuesday when deadly chlorine gas fumes filled a corridor.

Ten of the victims were hospitalized and six others, including the hotel manager and a 12-year-old boy, were released after treatment.

Top News In Brief

BERLIN — The unexpected departure for Moscow of a delegation of top East German leaders may lead to a satellite "summit" conference to work out Communism's answer to the Hungarian revolt, diplomatic sources said today.

UNITED NATIONS, N. Y. — The U. N. General Assembly ends its 10-day holiday recess today to take up the most pressing series of problems ever to face the international body.

WASHINGTON — Sen. Arthur V. Watkins (R-Utah) said today chances are "pretty good" that Congress will amend the Immigration Act opening U. S. borders to many more refugees fleeing Red tyranny.

VIENNA — Mass firings by the Soviet-imposed Hungarian regime may touch off renewed armed resistance and a fresh exodus of refugees to the West, observers said today.

NEW YORK — Stocks firmed at the opening today, starting the new year on the right foot.

F. Evans Granddaddy Again; Daughter Has Ninth Child

Frank Evans of Lake Mary, originator of the Lake Mary Pioneer night, and long time resident of the Seminole County community is receiving congratulations from his friends and neighbors these days.

He's a "granddaddy" again. Evans reported this morning that his daughter, Claire Evans O'Connor, of Forest Hills, L. I., New York, gave birth to her ninth child on the last day of 1956.

The new grandfather said that his daughter now has six boys and three girls, the last youngster born on Dec. 31 was a boy.

Mrs. Claire Evans O'Connor is the wife of Dr. Daniel J. O'Connor.

Relief Fund Quota Reached In County

The Emergency Fund for Hungarian Relief has been over-subscribed in Seminole County, according to Frank Evans, chairman of the Board of Directors of the Seminole County Chapter of the American Red Cross.

A week ago, said Evans, there were 23 counties in Florida which had "gone over the top" in raising their quotas for the important emergency relief fund.

"We are very happy that our quota has been reached," said Frank Evans this morning.

Weather

Clear to partly cloudy through Thursday. Little change in temperature.

Civil Rights Disputes Face 85th Congress

County's 1st Celery Cut At Behren's Farm

The first celery to be cut in the Sanford area was being loaded this morning on the Behren's Farm at Monroe Corner.

Herbert G. Behrens, who said this morning that he has been raising celery for Chase & Co. for 30 years, was on hand as crews cut the celery and prepared it for loading and shipping to the Chase & Co. wash house.

Behrens said that the celery was planted 96 days ago today and "it is a good average crop."

"This is the earliest we have cut celery in the Sanford area," said Behrens.

M. L. Cullum, sales manager for Chase & Co. was at the farm to see the crop that is being harvested. "I've been selling celery since 1923 and I don't think there is any finer in the State of Florida today," he said about the quality of the celery. "It is a beautiful crop of celery," he said.

Behrens has 90 acres of celery planted this year. However, there were only 16 acres in the area being cut and harvested this morning.

W. W. Tyre, a Chase & Co. supervisor, looking over the row of celery being cut and laid aside and then packed into crates for trucking to the wash house, commented "This is good quality celery."

Harvesting of the Behren's celery today will begin the celery season in the Sanford area. Other areas around Sanford have already been producing, with some celery already cut and packed from the Zellwood area.

Nearly a hundred hands were employed in the operation this morning as they cut, packed in field boxes, trimmed, and loaded into trucks. Sanford area's first crop of celery for the 1956-57 season.

NEW YEAR'S RESOLUTION

KNOXVILLE, Tenn. — Richard Gibson must keep his New Year's resolution for at least two years or pay up to \$30 in fines.

Judge H. O. Pollard Tuesday suspended payments of fines on charges of carrying a knife, disorderly conduct and resisting arrest after Gibson resolved to stay out of trouble here for at least two years.

Hungarian Police Stop Flash Riot

VIENNA — Hungarian police and militia crushed a flash riot against Communist strong-arm methods today by driving their trucks into a shouting, jeering crowd of 2,000 shoppers in Budapest.

The demonstration began in front of a state-run department store which opened its doors for the first time since the rebellion started in October. It was broken up by powerful police and militia forces within half an hour.

Police used their clubs, but not their guns. The initial group of policemen on the scene was unable to cope with the anger of the crowd. But when reinforcements arrived, they drove their trucks straight into the ranks of the demonstrators and scattered them.

Lawmakers Convene Tomorrow

WASHINGTON — Two disputes growing out of the national controversy over civil rights confronted congress today on the eve of its new session.

The 85th Congress formally convenes at noon EST Thursday, but most members already were on hand and at work.

Democratic members of the House gathered this morning for a caucus to choose party leaders and minor officials for the new session. But the principal problem before them was whether to discipline two members—Rep. Adam Clayton Powell NY and Rep. John Bell Williams Miss—who bolted the party in the November elections as a result of the civil rights issue.

Republican House members, with no real issue between them, caucus this afternoon.

Pre-Session Skirmishes
In the Senate there was pre-session skirmishing on a drive to do away with filibusters, the main weapon used by southern members to kill civil rights legislation.

A group of pro-civil rights senators scheduled a morning meeting in the office of Sen. Paul Douglas D-Ill to work out strategy for their anti-filibuster move. Southern senators were meeting in the afternoon in the office of Sen. Richard B. Russell D-Ga to map plans for fighting his move.

Change Proposal Gains Voice
Supporters of the anti-filibuster move gained a new adherent Tuesday night, Sen. John Sherman Cooper R-Ky said he would vote for the rule change.

In the House Democratic leadership predicted in advance of today's caucus that Powell and Williams would be accepted—through not universally welcomed—back into the party.

President Seeks End To Menacing Quarrels, Violence

HAVANA — President Fulgencio Batista has called for an end to the "menacing quarrels and violence" among various political elements that plagued Cuba in the closing months of 1956.

At least 66 persons died in the eruption of political tempers during December alone, 27 of them between Christmas and New Years.

Batista made his appeal for a "ballots not bullets" solution in a New Year's message to the nation. He said: "We proclaim once more than the best arms for the exercise of right and peace are ballots."

The holiday wave of terrorism was climaxed by a bombing New Year's Eve in the famed Tropicana Cabaret. Two 18-year-old women were seriously injured in the explosion, one losing an arm.

RENOVATING SET Tomorrow On New Sheriff's Office

Work will probably start at the Seminole County Jail tomorrow morning in the renovating of the front end of the building in order that it may be used as the Seminole County Sheriff's Office.

Commissioner Fred Dyon said this morning "I hope to get workmen on the job tomorrow morning."

Partitions will have to be built, cabinets made and a general renovating of the front room of the jail as well as an abandoned cell which will be used for the radio operator's room.

Sheriff Luther Hobby suggested that the change be made at the last meeting of the Board of County Commissioners in order to give other organizations of the county more space in the Court House Building.

One Accident Is Told In County On New Year's

In spite of heavy traffic and fog "there were not too many violations over the New Year" said Florida Highway Patrol Trooper T. Mark Mack.

Seminole County FHP officers patrolled until 1 a. m. yesterday in order to control the heavy flow of traffic from the many celebrations.

There was only one New Year's wreck, reported Trooper Mack. At 12:30 a. m. Jan. 1, a station wagon driven by Mrs. Katharine Phagan, 40, apparently went out of control in Lake Mary resulting in property damage estimated at \$500.

Trooper Mack said that Mrs. Phagan was sent to Seminole Memorial Hospital with an injured head.

According to the Trooper's report, the station wagon was traveling north near the south end of Lake Mary at the RR crossing when it went off the left hand side of the road crashing into a power pole guy wire, jumped the railroad tracks, for a distance of approximately 18 yards.

3-Year-Old Boy Dies Of Exposure In Bitter Cold

EDWARDS AIR FORCE BASE, Calif. — The Air Force today extended its sympathy to the parents of a three-year-old boy who died of exposure in below-freezing temperatures after becoming lost over night in the desert.

Helicopter pilot Maj. Junea Seigler early Tuesday spotted the lightly-clad body of Bill Ray Tyree in a sagebrush and sand area less than two miles from this base's main gate. Standing guard beside the boy's body was his uncle's pet cocker spaniel.

More than 1,000 airmen and civilians had combed the desert in temperatures that dropped to 28 degrees.

Billy Ray and the dog apparently wandered away from the base housing project Monday afternoon.

The boy, son of an airman stationed here, was dressed in a T-shirt, blue jeans and shoes and besides the boy's body was his uncle's pet cocker spaniel.

More than 1,000 airmen and civilians had combed the desert in temperatures that dropped to 28 degrees.

RAT PROVES BALKY

WOODBRIDGE, N. J. — Fire officials ferreted for a ferret today after a rat proved balky.

A ferret was sought when a rat, assigned to run a string through a 720-foot pipe, quit after traveling 600 feet.

Police Seeking Lead To Capture Of Mad Bomber

NEW YORK — Police checked scores of letters reporting "suspicious persons" today on the chance that one might lead to the mad bomber whose homemade explosives set off a barrage of false bomb alarms across the nation.

While crank calls diminished here—only 12 were made Tuesday compared with a high of 40 last Friday—they continued to spread nationally.

In tracking down new hoaxes here police found no bombs—either real or simulated. However, detonation of a firecracker and a practice grenade touched off more than a score of telephone calls.

Police arrested four young men, one a Marine private, after the firecracker incident which brought five fire trucks and three radio cars to the scene, on 57th Street. One of the youths, George S. Scaries, 19, was charged with exploding a firecracker.

The grenade shattered an apartment window in upper Manhattan. A similar grenade was found unexploded nearby.

DeBary Shooting Victim Reported In Good Condition

The condition of Mrs. Evelyn Stelman was listed as "good" at Seminole Memorial Hospital following a shooting in which one of her toes was injured on New Year's Eve.

According to reports from the office of the Volusia County Sheriff in DeLand, Robert Stelman is being held in the Volusia County Jail, pending charges.

Stelman, 57, whose home is on Madera Rd. in DeBary, is reported to have recently undergone surgery and had returned home.

The shooting, according to the Volusia County Sheriff's office, resulted from a quarrel as the Stelman home between Mr. and Mrs. Stelman.

No details leading up to the shooting were available from investigating officers who lodged the DeBary resident in jail.

Social Security Rep To Be Here

A representative of the Social Security Administration District Office in Orlando will be at the Civic Center Bldg., Ft. Mellon Park, Sanford, on Friday, Jan. 4, Friday, Jan. 11 and Friday, Jan. 18, 1957 between the hours of 9:30 a. m. and noon.

This service is made available to those who wish to apply for Old Age and Survivors Insurance benefits, social security account numbers, or obtain information about the Social Security program.

ONE OF THE GAY parties at the Mayfair Inn du in the New Year's Eve celebration. The gala event which started at 8 o'clock with dancing, was interrupted briefly at midnight for the merrymaking and noise in welcome New Year, and concluded with a buffet in the Mayfair Inn's dining room. (Staff Photo)

CELEBRATING THE NEW YEAR at the Mayfair Inn were (left to right) Mrs. Frank Mebane Jr., Mrs. C. Jacoby, Frank Mebane Jr., Manager of the Mayfair Inn, C. Jacoby, and Ed "Porky" Oliver. Mayfair Inn County Club's winter pro. Mr. and Mrs. Jacoby are from Ridgewood, N. J. (Staff Photo)

THE DRESS SHOWN ABOVE comes from the collection of Cell Chapman. It is a black and Royal blue Jacquard sheath. The deep collar extends to the Royal blue band and bow at the Empire waist.

Lake Mary News

(Continued From Page 2)
the memory of Mrs. Bertha Houghton, the faithful pianist of the Sunday School for years. When the lights went on again, the children discovered that Santa Claus was waiting for them under the shining tree at the rear of the church, with a box of candy for each.

Credit for the excellence of the program goes to all who helped. Mrs. L. W. Scott and Mrs. William Lettler were overall chairman. Others assisting with the decorations, the lighting and the many items that go into such an event were Marshall Smith, Morris Steiner, L. W. Scott, Donald Kirkner, Arnold Oney, R. W. Scogh and Miss Carla Newbury.

The Baptist Chapel is making plans for a Watch Night Service, to begin at 10 p. m. New Year's Eve. The Training Union of the church is in charge. They plan on a religious film strip, congregational singing and a devotional by the pastor, the Rev. W. A. Ellenwood. Refreshments will be served and all members of the community are cordially invited to attend.

Those enjoying a family Christmas dinner at the home of Mr. and Mrs. H. M. Gleason were Mr. and Mrs. C. A. Gleason of Ocala, Sheriff and Mrs. J. L. Hobby and children, Mary Grace, Jnd and Lela, of Sanford; Mr. and Mrs. R. W. Keogh and sons, Craig, Keith and Collin, Mrs. Ida Keogh, Mrs. Eileen Willard and daughter, Kathy.

Mr. and Mrs. Rodney McDonald of Sanford were the Christmas dinner guests of their friends, Mr. and Mrs. Walter I. Piper.

Cut a slice of bread into a large circle; now cut out the center with a small heart-shaped cookie cutter. Toast and butter the decoration and float it on a bowl of soup.

THE MINK-CUFFED "CARRIAGE" PANTS of black velveteen are teamed here with Halbein blue for a cashmere sweater and designed by Tina Lazar. The waistband of the pants is embroidered with blue and white silk floss. The sweater has a looped, low neckline.

Central Florida Leads Nation In Many Of Its Accomplishments

Central Florida leads the nation in many of its accomplishments. But in one instance especially, it leads the world.

As a matter of fact, the eyes of one of the world organizations is set on one of the big accomplishments toward relieving handicapped children.

A mobile therapy trailer unit which was developed as an Easter Seal project in Florida is being observed by the United Nations rehabilitation section as an example for use in other parts of the world.

As a matter of fact, the eyes of one of the world organizations is set on one of the big accomplishments toward relieving handicapped children.

A mobile therapy trailer unit which was developed as an Easter Seal project in Florida is being observed by the United Nations rehabilitation section as an example for use in other parts of the world.

The 28-foot "treatment center on wheels" originated in Florida and now serves areas not having therapy facilities. It is manned by Donald Satterlee, registered physical therapist, who specializes in teaching parents of children with crippling conditions to follow up "doctors" recommendations for

home treatment.

Inspection of the unique unit has been made by Kurt Jansson of Finland, chief of the U. N. rehabilitation section. He visualizes clinics in the Middle East countries where hostilities and disease have resulted in many physical handicaps, particularly amputations requiring rehabilitation.

In Florida during 1956, the mobile therapy unit provided 1,257 treatments to 214 patients, mostly children. Some of these were probably in Seminole County when the unit came here for one day. Simultaneously parents relatives or nurses were shown how to administer proper treatment at home.

This just goes to show you how Central Florida can lead even the world when problems must be met.

Should all of Central Florida's accomplishments be made known we would have hundreds of people at our doorsteps asking for information.

Lady-Financier

Wall Street, financial axis of the world, has been seasoned in its 200 years of trading to the shocks of war and panic and depression—even of bombing. But its latest jolt is the emergence of a woman, Mrs. Charles Ulrich Bay, as board chairman and president of one of the most venerable and important member firms of the New York Stock Exchange.

Eminently qualified for her post at the head of the 29-year-old A. M. Kidder & Co., Mrs. Bay is the widow of the former U.S. Ambassador to Norway. She served abroad, not only as her husband's official hostess but as his closest advisor, as she had before and since in the management of his varied industrial interests. Mrs. Bay is also a home-maker and mother of the Norwegian-born children, whom the Bays adopted while at the Embassy, and who are now all American citizens.

Her new job, says Mrs. Bay, "seems perfectly natural to me." She points out that: "Women are the purchasing agents of the world. They know a great deal about the value of money—and they handle a great deal of the world's wealth." She notes that, in mid-1956, nearly four-and-a-half million women or 51.6 percent of the total shareholders on the New York Stock Exchange were investors in securities. And they owned approximately 100 billion dollars worth of stocks, compared with about 55 billions in savings accounts.

Mrs. Bay's new job and her views on woman's place in the board-room will be of special interest to Floridians in view of our large and growing retirement population, and the fact that the Kidder firm maintains offices in 14 Florida cities. And we might add that for many years, she has come to Florida regularly for rest and relaxation to forestall that "ravelled sleeve of care."

Mrs. Bay is determined to demolish the outworn idea that "women investors are rich old ladies," and to educate backward husbands into taking their wives into their complete financial confidence. "Women are fully entrusted with estates—not in the role of mere passive coupon-clippers but as active investment owners," she says, "our economy will be more vibrant and more venturesome in areas where increasing capital is our constant need."

The thought that this lady-financier plans to make our wives better widows may have its gruesome aspects. But if we face up to statistics, we know most wives will be widows—for quite a spell. There seems just an outside chance, however, that if the ladies were better equipped to paddle the fiscal canoe, their help might enable husbands to be around longer.

Sanford, Fitting Name For Deserving City

By AMELIA F. RAWDING

Like the proverbial phrase "The proof of the puddin' is in the eatin'" the proof of the beauty and many advantages of the City of Sanford, appears in its rapid growth and development. Of a large expanse and surrounded by a beautiful river and several large lakes, the Sanford area is one abounding in luxurious flora and agriculture. Its location affords many forms of amusement and entertainment to please young and old alike, ranging from an outstanding Zoo, to fishing, boating and sailing, dog racing, ball games and theatres, to name but a few. Its abundant horticultural products and its colorful array of blooms are somewhat of a phenomena to observe, and nature has certainly favored the City of Sanford with a good share of these gifts.

As the majority of cities and towns have, as a rule, been named for some outstanding person or perhaps some particular event, the City of Sanford also admits of having a name which has its connection with leaders whose benevolent deeds are known far and wide. A brief resume therefore, on the life of the man for whom this city was named, Hon. Henry Shelton Sanford, should not be amiss at the present time, especially since in the very near future, a memorial in his honor is about to become one of the city's foremost and long-awaited realizations. This memorial will consist of priceless books collected in many sections of the world by Mr. Sanford, as well as miscellaneous treasures which will in due time, become sources of research and of history to aid student and connoisseur alike.

Descended from a long line of illustrious citizens, Henry Shelton Sanford was born in 1823, in Woodbury, Conn. His strength of character and his unflinching ambition led him to acquire high scholastic attainments during his youth, not only in this country but in European universities as well. It was because of ill health that at the age of 18 years, young Sanford travelled to Europe. There he furthered his education and won many honors. He distinguished himself in diverse branches, especially at the University of Heidelberg, in Germany, where in 1849, he became a Doctor of Laws. The particular branch of work continued to be utmost in Mr. Sanford's mind, and he pursued the study until he became renowned as an international law expert, as well as an advisor and writer of many legal subjects. All of these qualifications served to prepare him for the many diplomatic positions which he held from time to time in the service of the United States.

Being a student of several foreign languages enabled Mr. Sanford to analyze and successfully accomplish the assignments presented to him in Russia, France, Belgium and other foreign ports. While occupying these positions however, Mr. Sanford continued to expand his interests in legal matters and his various reports on international laws and foreign penal codes resulted in their publication in book form by the United States government. All of these reports required long and exhaustive researches that they were all regarded as authoritative documents, very thorough and accurate.

Mr. Sanford's "General" was bestowed upon Henry Shelton Sanford, by the State of Minnesota where, because of his contributions and kindness in that State, he was enrolled in their organization "The Old Settlers," and he was made an honorary "Major General." This title pleased Mr. Sanford no end, and he was always proud to continue using this title through the years.

General Sanford had for many years, a great love and interest for the people of the South, especially of Florida which he always referred to as his "adopted state." His visit here during the early

Too Late To Classify

By RUSSELL RAY

This is the season that we are supposed to think of others and in reviewing Florida papers during the past week or so I have been impressed with the work of clubs, women's clubs, church organizations and others have been doing to make life a little happier for those less fortunate.

I was particularly impressed by a story from Ft. Lauderdale telling about the thoughtfulness and consideration of Juvenile Judge Dorr S. Davis. We are inclined to think of judges as stern and austere individuals and often have a sight of the fact that they are men and women with the same enjoy having to send boys and girls away and they are concerned with what happens to unfortunate youngsters who for one reason or another come within the tolls of the law.

The story I refer to told how Judge Dorr sent a personal check for \$2 to each youngster he had committed to the Boys Industrial School, he also sent them each a ball-point pen and a personal note book. He encouraged members of his staff and personal friends to send them cheery Christmas cards and messages.

The Pilot Club of Ft. Lauderdale took over the job of remembering Broward County girls at the Girls Industrial School. It means a lot to these kids and makes them realize that there are kindly, thoughtful friendly people in the world who wish them well and want to see them become useful worthy members of society.

Just about every paper I read, big city dailies and small town weeklies told how local organizations, left him with a growing enthusiasm and desire to become active in developing and in sharing the advantageous possibilities which he foresaw in this area. As he was the owner of an old Spanish Grant of land which he had purchased in the 1870s, while he was Minister to Belgium, his interests in Florida developed through the years. He felt that this central portion of Florida should be developed and it was with much courage and excellent planning that he founded the City of Sanford.

The hardships which he faced and the manner in which he surmounted them proves the high caliber of his intellectual facilities. Besides being faced with a shortage of labor, there were persecutions and law suits and real hard work, all obstacles which, in the end, were correctly managed, resulting in a peaceful and most gratifying settlement. In due time, the town was properly laid out and with the aid of expert engineers, streets and roads were built in an adequate manner so as to meet the future growth and expansion of the community.

The railroad was established in 1880 when General Ulysses S. Grant, on a visit here, turned the first sod for the South Florida Railroad. As the town prospered and its population increased, proper schools and churches were built and banks and other necessary institutions were established. It was also through the efforts of Gen. Sanford that the beautiful St. John's River was improved to facilitate navigation. Intensive experiments were also conducted by Gen. Sanford of citrus fruits were improved upon and distributed to other localities for reproduction.

Volumes of written words would be inadequate to properly cover the life of such a humanitarian as was Henry Shelton Sanford. It was while Gen. Sanford was Minister to Belgium, that he married Gertrude Ellen du Puy, and through this happy union, issued seven children who became renowned through their own intellectual efforts and productivity. General Sanford passed away on May 21, 1921, and Mrs. Sanford survived him by ten years, her death occurring in 1931.

Let it be said in closing that the benevolence and kindness of the Sanford Family will remain a pleasant memory always in the hearts of all citizens of the friendly and beautiful City of Sanford Florida.

Quotes From News

By UNITED-PRESS

NEW YORK: Helen Ladon, 20-year-old "maid of cotton," on any Hollywood film offers: "I don't care to live in a fish bowl."

KENEDY, Tex.: Chuck Martin of radio station KENN describing the explosion of a propane gas truck which killed two persons: "The explosion blew me to the ground. That's when I started to run. The flames were overhead like a big cloud, coming down to me. That's when I started the Lord's Prayer."

NEW YORK: Secretary of State John Foster Dulles on a proposed U. S. Middle Eastern foreign policy: "Recent events in the Middle East make it necessary that the United States should further develop its policies in relation to that area."

WASHINGTON: Syrian Ambassador Farid Zaideddine charging that the new "Eisenhower doctrine" for the Middle East is like British and French proposals aimed at continuing colonialism in that area: "That colonialism is exactly the thing which causes instability, upheavals and wide international implications."

WASHINGTON: Syrian Ambassador Farid Zaideddine charging that the new "Eisenhower doctrine" for the Middle East is like British and French proposals aimed at continuing colonialism in that area: "That colonialism is exactly the thing which causes instability, upheavals and wide international implications."

Machines Get Out Of Hand

Are the machines created by man getting to be too much for him? A plain, unadorned "yes" to this question would be absurd. An unqualified "no" would be a bit of whitening in the dark. The truth seems to be that, although man doubtless will maintain control over his creations, the job will be increasingly difficult.

This conclusion is drawn from the remarks made by members of a panel who discussed the subject at the annual meeting of the American Association for the Advancement of Science. The scientists seemed generally agreed that machines—and that term includes electronic devices such as computers—will become more numerous. They also agree that men will always be needed to direct the machines and keep them operating.

Nevertheless, there were words of caution about machines that are so fast or powerful that controlling them taxes man's abilities. A notable example is the automobile. This machine has brought unprecedented mobility to the people of the United States. Controlling it is such a problem, however, that cars "get away" from their drivers in hundreds of thousands of cases each year. As a result, there are thousands of deaths—more than 650 over the Christmas weekend alone—and many more thousands of injuries.

The airplane is another machine that sometimes gets out of hand. Jets fly so fast that pilots cannot see trouble, let alone react to it. In time to avoid it. This means that new safety devices will be needed.

Man is the most astonishing creature known. Let us hope he will be able to keep a jump ahead of the remarkable mechanical creatures he sets out to work for him.

Sure You Don't Have Oxygen Deficiency?

By HERMAN H. HUNDELMAN, M.D.

ARE you getting the right amount of oxygen? Maybe you aren't. If you have heart or lung trouble, you don't have to go flying at terrific heights to develop oxygen deficiency. Persons with crippled hearts or lungs can develop this ailment right here on the ground while performing their daily tasks.

Deficiency Symptoms

Oxygen deficiency often comes on gradually and you may be completely unaware of it. Usual symptoms include a general feeling of tiredness. You may lose your appetite, become mentally dull and have a poor memory.

Perhaps you'll become belligerent, stubborn, hard to get along with. In this case, the chances are you need the services of a physician, not a psychiatrist.

Yes Survival

Your lungs and your entire body need oxygen to survive. Just as a fire needs it to continue burning. Yet only about 21 percent of the air you breathe is oxygen.

Just how much oxygen you need depends upon your activities and your physical condition. That's why it's so easy for persons with heart or lung trouble given

to get an insufficient amount of this important element. Whether you suffer from such disabilities or not, I suggest you follow these few suggestions designed to help develop the functioning of the lungs:

1. If you're overweight, reduce it with your doctor's advice, or diet.

2. Don't wear tight belts, girdles, corsets or any clothing which constricts you unnecessarily. You're not likely to obtain the full use of your lung capacity with such restrictions.

3. Walk and sit correctly. Maintain good posture at all times.

4. You'll get valuable exercises from such natural things as whistling, singing and humming. Bary laughter also helps maintain good functioning of your lungs.

5. So, be happy and cheerful and you'll live better and longer.

COMMON SENSE ANSWERS

A. F.: What causes my tongue to taste constantly to burn? Is there any cure for this condition?

Answer: Burning of the tongue is usually due to infection. An examination of the mouth and nose should be made to determine what disorders are present; then proper treatment can be developed.

Navy Is Reported To Be Developing Ballistic Missile

NEW YORK (AP) — The Navy

was reported by the New York Times to be developing a ballistic missile that may be fired by submerged submarines to targets hundreds of miles away.

Times reporter Richard Witkin said the Navy's assistant secretary for air, Garrison Norton, discussed the project with him in a telephone conversation. Norton was reported to be at a New England resort.

The missile is called the Polaris and was designed by the Navy to replace the Jupiter, an intermediate range ballistic missile developed jointly with the Army.

Norton said the Jupiter was found impractical "to go to sea with," the Times reported. The Navy then gained technological information that led to development of the Polaris.

The Times said Norton estimated the Polaris which was developed with the aid of the Army, will be ready for use in about five years.

Norton described the Polaris project as one of the most ambitious ever undertaken by the Navy. More than a year ago the Russians were reported to have developed such a missile.

Good Music, Company, Food Make Mayfair Party Success

By PAI WOOD

A gay and festive place was the ballroom of the Mayfair Inn Monday night as more than 300 people gathered there to welcome in the New Year. The Mayfair is famous for its magnificent New Year's Eve parties, and this year's was certainly no exception, as there was good music, good food, and good company aplenty.

Many large var-colored balloons, hanging from the ceiling, added to the holiday atmosphere, and crazy hats, noisemakers and other necessary paraphernalia were thoughtfully provided for the guests by the management.

Dancing started at 10 p. m. and continued up until 1 a. m., when the guests adjourned to the dining room to enjoy some of the most appetizing and appealing food imaginable.

Everyone took advantage of the "dress optional" theme and there were almost as many varied costumes as there were people attending. From the simplest shirtwaist dress to sparkling white dinner jackets to simple blue business suits.

One of the prettiest formal dresses seen whirling around the dance floor was a white strapless gown, with a skirt fashioned of row upon row of net ruffles, each only about an inch wide. The bodice was enhanced by a sprinkling of silver heads throughout.

Collegiate Echoes

By GRACE M. STINECIPHER

Holiday Happenings

Well, its back to the books on Thursday for the majority of college students after a delightful two weeks holiday at home. While here in Sanford these college students enjoyed many varied activities. Some attended "open houses" such as those held by the H. E. Morris family and the John Schirard's The Interfraternity Ball was also well attended by fraternity men and women of various colleges. Junior Metts and his committee did a superb job in decorating the Mayfair Inn ballroom for this affair. Their artistic touch with balloons and crepe paper created a very festive atmosphere.

Another highlight of the holiday was the special student recognition programs at the various Sanford churches. On December 29 the First Methodist Church especially recognized the students at the morning service, while on December 30 students that attend the First Presbyterian Church presented a special program at the morning service and those students of the First Baptist Church were given the opportunity to present their program at the evening service.

Curtis Hughes (Piedmont College) was moderator of the program at the First Presbyterian Church, included on this program were several numbers by a quartet composed of Allen Maffett (Cladell), Robin Brown (Middlebury College), Robert Miller and Charles Wilke (Georgia Tech), and testimonies concerning Westminster Fellowship activities at the various schools given by Harriett Redding (Stetson), Elizabeth Woodruff (FSU), and Clayton Walters (Southern Tech).

At the First Baptist Church the theme "Commissioners to Serve" was followed. Taking part on this program were Nancy Rountree (FSU) scripture reading; John Bowen (FSU), Grace Marie Stinecipher (Stetson), Al Phillips (Stetson), and Howard Allred (Clemson), testimonies concerning values of Baptist Student Union work on the college campus; and Wesley Giles (Uniff), benediction.

Students at Home

FSU students at home and taking part in all these activities were: Nancy Rountree, Martha Owen, James Davis, Ronnie Anderson, Bubba Bisbee, Junior Metts, Elizabeth Woodruff, Mary Esther Powell, Peggy Wright, Marianne Strickland, Johnny Bowen, Tommy Wyatt, Bob Reely, Sandra Peterson, Dawn Ann Pearson, Mary Ann Wright, Tommy Barton, Robert Armstrong, Jimmy Fox, and Mike Whelchel.

Uniff students having their share of holiday fun at home were: Glenda Silkwood, Wesley Giles, Jimmy Bollinger, Bobby Morris, Billy Park, Colleen Engebreton, Jimmy Owen, Robert Samuels, Gordon Toll, Jimmy Brown, Sara Jacobson, Kenneth Ramsey, Hank McLaulin, Tommy Speer, Harold Pate, Joe Davis, Bob Shoemaker, Larry Bates, Teddy Miller, Nolley Nance, Jack McGill, Joe Ellip Stanley Katz and John Wimbish.

Even though it's only 20 miles between home and school, Stetson's students loved being home for the holidays also. These students were: Harriett Redding, Joyce Millam, Mary Lou Copeland, Ellen Driggers, Al Phillips, Jimmy Krieger, Jim Hawkins, Margaret Morrison, Robert Baker, Martha Grogan, Barbara O'Barr, Linda Ventry, Harold Marsh, Betty Varnum, and Grace Marie Stinecipher.

Try Roast Capon Quarters For Delicious Company Fare

Roast capon quarters with savory stuffing hiding under their golden exterior make a special poultry dish that deserves trying. Serve the capon with an excitingly flavored fruit-and-vegetable combination—seedless grapes and carrots—and both dishes will receive applause. Serve a crisp green salad for fine texture contrast, and for dessert offer ice cream with several sauces from which guests may choose.

In shopping for the capon, you might remember that it is sometimes called caponette. This type of chicken is increasing in numbers, for it's a deluxe bird with plenty of meat and an especially high proportion of white meat. Tender and delightfully flavored, capons may be had from four to eight pounds ready-to-cook weight.

ROAST STUFFED CAPON QUARTERS

Ingredients: One 3½ to 4 pound ready-to-cook weight capon (quarter), 1 package (8 ounces) herb-seasoned prepared stuffing, 1 cup hot water, 1 egg (slightly beaten), Basting Sauce.

Method: Roast capon quarters, skin side down, on rack in shallow pan in a slow (325 degrees) oven for 1 hour. Turn capon skin side up and roast 30 minutes. Remove capon and rack from pan and drain drippings; if dripping do not make ¼ cup add enough melted butter or margarine to make up almost that amount. Mix the ¼ cup pan drippings with the stuffing, hot water and slightly beaten egg. Place dressing in 4 mounds in roasting pan (without rack) Top dressing with capon quarters, skin side up. Continue roasting 1½ hours, or until thick pieces are tender when pierced with a fork. During the last hour baste capon several times with Basting Sauce.

The total roasting time will be about 3 hours. Four persons may each be served a quarter, or the dish may be served this way to increase the number of servings. In the kitchen, using poultry shears cut wings from breast meat; cut each piece of breast in half again; cut drum sticks from second joint and cut each second joint in half.

Conning The News

BY VIRGINIA CONN

Rosemary and Cliff Duncan are back from a week in Pensacola. Rosemary reports this was the best Christmas ever. I guess they always are.

Jean Weigle is out of the hospital, and feeling much better. Mary Heath, whose husband Roy was transferred to VAH-1 in Jacksonville, had a baby girl the 29th at three in the morning in the Jacksonville Naval Hospital. The Heaths have bought a home in Jax, and Roy will have Mary settled before he deploys on the fifteenth of January.

Mike and Bob Stone entertained Saturday night at their home on Grandview. They won first prize for outdoor lighting in the recent Christmas contest, but I'm sure Saturday night all their guests were not lighted to the door by the hundreds of candles in paper sacks. Mike served punch in a tremendous silver punch bowl brought back from England. While cassellias floated on the delicious drink, and there were many interesting dips and good things to eat. The table was decorated with pine boughs, and colored balls with little candles in them. The coffee table also wore pine boughs, and a large handy snifter filled with sparkling Christmas balls. About 75 guests called between the hours of 7 and 9. Among these were Bob and Anita Hadden, Cliff and Rosemary Duncan, Anne Bear, Erle and Bob Williams, Mildred and Allie Loper, Virginia and John Johnston, Wally and Jane Phillips, Nancy Morgan, Buddy Rawls, Lee and Bea Hamrick, Millie and Bill Thomas, and many, many others.

VAH-5 held a change of command ceremony Monday morning. Joe Tully took over from Paul Speltz in a very impressive scene and there wasn't a dry eye in the house. I'm not even trying to be funny now, because actually, Paul Speltz is one of the nicest men in the whole Navy, and Retta is just as wonderful a gal, and I know a great many people who will miss them. VAH-5 has always been a terrific squadron, and still will be, but it's like the film going out of champagne, if you follow me. The Tullys held a reception at their house afterwards with the squadron in full attendance. Rub's house looked lovely with all the Christmas decorations, and the served coffee and rolls. Paul and Retta will be leaving for Washington at an unknown date to this reporter, but it is not far off.

Forgot to mention that our dear friends Judy and Jack Smith and Judy's mother came to our party the other night, an hour after it was over. That Judy is extremely efficient. Her brother is arriving today from New Jersey to spend a few days with them at Lake Minnie.

Millie and Bill Thomas held another party Saturday night for all their neighbors.

Oliva Simmons has reported to the hospital to await the birth of her baby. And speaking of the hospital Sanford has one of the nicest, if not the nicest I have ever seen. Judy, my seven year old is still in the Memorial Hospital, and during this brief time I have never seen such excellent attention as is given the patients. To add to this the whole atmosphere is one of efficiency and cheerfulness. Seminole County should be proud to have a fine institution like this, and we of the navy are especially happy that we will be able to use it.

Flank steak should be broiled no more than 5 to 8 minutes on each side and it should be placed about 3 inches from high heat. The meat must be sliced in thin diagonal pieces if it is to be tender when tasted.

Substitute orange juice for part of the water when preparing lemon-flavored gelatin. Adds fresh flavor and nutritional.

Be sure your kitchen range is level. This way cakes baked in the oven, and pancakes baked on a griddle, have the best chance of being even in size.

Calendar

WEDNESDAY

The W. S. S. of Ebenezer Methodist Church will meet at the home of Mrs. C. E. Johnson at 7:45 p. m.

THURSDAY

Westside P-T will meet at 7:30 p. m. in the school auditorium. Superintendent Milnes will be the speaker and will discuss findings of the survey team. There will be a board meeting at 7 p. m. in the cafeteria.

There will be a meeting of the O. E. S. at 8 p. m. in the Masonic Temple.

SUNDAY

The Young People's Service League and the choir of Holy Cross Episcopal Church will present a Feast of Lights program at the church at 7:30 p. m. There will be a short organ recital prior to the program, and immediately afterwards, refreshments will be served. The public is cordially invited to attend.

The Jr. Choir of the First Baptist Church will rehearse, at 3:30 p. m.

At 7:30 p. m. the First Baptist Church will begin their study of the book of Romans, taught by W. P. Brooks Jr.

MONDAY

The Daughters of Wesley School Class will hold its business and social meeting in McKinley Hall at 7:30, with Mrs. Rupert Strickland, Mrs. Grace Gregory, Mrs. Thomas Sullivan, Mrs. C. F. Brannan, Mrs. Zeb Ratliff and Mrs. J. O. Laney as hostesses.

The First Baptist Church will continue their study on the book of Romans taught by the pastor, W. P. Brooks Jr. at 7:30 p. m. to 9:30 p. m.

TUESDAY

The First Baptist Church will continue their study on the book of Romans at 7:30 p. m.

The Gleazer's Class of the First Baptist Church will meet with Mrs. H. Wayne Rucker at 5:00 Valencia Dr. at 3 p. m.

PERSONALS

Mr. and Mrs. L. H. Harvey have returned from Charleston, S. C., where they spent the holidays with relatives and friends.

Sprinkle with the salt and pepper. Arrange the onion and garlic under the veal. Pour the 3/4 cup water and tomato sauce over the veal. Cover and allow to simmer 40 minutes.

Just before the veal finishes cooking the 40 minutes, put the rice, 3 cups water and 1½ teaspoons salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid and simmer over this low heat 14 minutes. Remove the saucepan from the heat and leave the lid on until ready to serve, at least 10 minutes.

Mash the tuna fish. Stir in the lemon juice. Spread the tuna fish over the veal. Arrange some of the anchovies on each piece of veal. Cover and continue to simmer about 20 minutes, or until the veal is tender.

To serve, spread the rice over a large platter. Arrange the veal over the rice. Add water to thin the gravy, if desired. Serve in a separate dish.

This recipe makes 6 servings.

BIRTHS

Mr. and Mrs. Simon L. Dingfelder, 3803 Barcelona, Tampa, announce the birth of a boy, born Dec. 30. The 7 lb. 12 oz. boy has been named John Julian.

VEAL STEAK WITH TUNA AND ANCHOVIES

This recipe is an adaptation of a cold Italian main dish or appetizer. Here, the veal is a hot main dish with lots of gravy and served over rice.

Veal cut in serving pieces is floured and browned. It's cooked in tomato sauce seasoned with some onion and garlic. When the veal is almost tender, mashed tuna fish mixed with lemon juice is spread over the veal. Anchovy fillets are arranged over the tuna and the veal is cooked until tender.

MENU

Veal Steak With Tuna and Anchovies
Fluffy White Rice
Crisp Vegetable Salad
Lemon Chiffon Tart
VEAL STEAK WITH TUNA AND ANCHOVIES

INGREDIENTS:
1½ lbs. veal steak
cut ½ inch thick
¼ cup all-purpose flour
¼ cup cooking fat
1½ teaspoon salt
1 1/8 teaspoon black pepper
¼ cup chopped onions
1 clove garlic, minced
3/4 cup water
1.8 oz. can tomato sauce
1½ cups uncooked white rice
3 cups water
1½ teaspoon salt
1.8 1/4 or 7 oz. can tuna fish
1 tablespoon lemon juice
1.2 oz. can anchovy fillets
stuffed with capers

METHOD: Cut the veal into 6 serving pieces. Flour well on both sides. Melt the cooking fat in a skillet. Brown well on both sides, adding more fat if neces-

Seminole Coaches Voice New Hope For Cage Quintet

The local basketball picture opened up again today after a short layoff for the Christmas vacation and the mentoring staff of the Sanford Seminoles cage quintet, Bud Laver and Dick Silvers, had new hope for their charges.

"We're dropping everything but the very basic fundamentals," coach Laver said today. "We're pointing for mid-season and next year," he explained of the move made by the mentoring staff to get rid of the razzle-dazzle that the young and inexperienced Seminoles were unable to master.

The Seminoles, who are sadly lacking in defense, will meet probably the biggest team that they will face all year Friday night when they travel to Leesburg to take on the high flying Yellow Jackets. The most important outcome of the game will be a close score.

"We're going to work on ball handling, the fast break, a defense—and we plan on running the boys ragged until they master these fundamentals," Silvers said.

Essentially, the Seminoles will all but ignore the Leesburg game. They will be well pleased with a respectable score. But while ignoring the Yellow Jackets, they will be trimming their sails and readying for a return to their newly refinished homecourts next Tuesday night when they play host to invading Pierson.

During the Christmas vacations Andy Bracken, principal of Seminole High and coaches Laver and Silvers completely refurnished the entire court area of the auditorium stage gym. The new resurfacing nearly doubled visibility on the court.

"Don't misunderstand," Laver cautioned. "We aren't forgetting Leesburg and we're planning on giving them a run for their money. But the boys will have done themselves very proud if they give them a hard run for their money. We just don't have time to prepare for a team like they are, and expect a win. We're pointing for Pierson because we have six days to get ready for them and it will be stressing fundamentals that we couldn't hope to master by Friday night. These fundamentals must be learned if we ever hope to be a winning ball club, and no time is better than the present."

Laver said that he would be working for a mid-season show of strength and a championship calibre team for next year.

"We're moving boys like Wally Phillips and Ray Lundquist to the JV's, even though we need them badly for reserve strength on the varsity. But boys like Phillips and Lundquist, who show good potential, need a lot of individual attention that they couldn't be shown if they were on the varsity. With the JV's they will be both expable and improve rapidly."

The Seminoles are working on a new type defense that will virtually revamp the type basketball customarily seen on the local courts. Basically it's one on one defense with a switching man

to man. The defense will be playing man to man within a zone, and it confuses the opposing offense; they don't know whether it's a man to man or a zone defense, while actually it is both.

A new brand of basketball bids fair to revitalize the interest and spectator attendance at games, and the mentoring staff voiced optimism that the Seminoles who will be in action next Tuesday night on the newly surfaced local courts will not only draw a large crowd, but will thrill the crowd when they play.

Mixed League Ends 1st Half Of Season Tomorrow Night

Tomorrow night the mixed league will end the first half of their 20 week season. A "get together" has been planned for all members after bowling, and the prize money will be awarded. All league members are urged to be present.

The top honors seems to be narrowed to a race between three teams: Powells Office Supply, who hold first place, Sanford Bowling Alley and Harveys Plumbing Co. who are tied for second place. Clyde's Cafe will definitely take fourth place. Celery City Grill could take fifth place from Seminole Dry Cleaners if they can keep away from forfeits.

But anything can happen in just three games of bowling. There will probably be a great deal of hard fast bowling tomorrow night, and the public is invited to attend the spectacle.

The league secretary issued a note urging all members of the league to be present for this very important night. "Let's have everyone present this last night of the first half. I'm sure there will really be some hard, fast bowling Thursday night. So let's go, and let's bowl!"

Schedule for Jan. 3
Clyde's Cafe vs. Seminole Dry Cleaners
Sanford Bowling Alley vs. Harveys Plumbing Co.
Plumbing Co.
Powells Office Supply vs. Celery City Grill

Shuffleboard Match Opens Tomorrow

Joe Murray, head of the city shuffleboard courts, said this morning that the year opening match tomorrow afternoon between the Sanford shuffleboard team and the DeLand shuffleboard team would be exciting, close, and worthy of spectator attendance.

Murray said that the tournament would get underway at 2 p.m., and the public was invited to attend.

"We're opening the year against a good team," he said, "and it's always a close match when we play DeLand."

Murray said that membership for the team was open and anyone and everyone was invited to become a member. "Just come on down to the courts," he invited, "we play every afternoon that we're not away on a tournament."

Friday afternoon the Sanford shuffleboarders play host to Orange City.

up are simply wonderful and they are going to be very hard to beat in the future."

Few Changes Seen In Sports World

By OSCAR FRALEY
United Press Sports Writer
Taking it sport by sport, the New Year gives us this sort of a pitch:

Baseball: Those perennial New York Yankees will be back on top of the heap once more, only this time they'll dust off the Cincinnati Redlegs in the World Series. The most valuable players will be repeating Mickey Vernon in the American League, with 53 home runs as he takes another shot at the Ruth record, and Ted Kluszewski of the Reds in the National.

Boxing: Young Floyd Patterson looks as sure as taxes to retain the world heavyweight title almost without drawing a deep breath. He'll knock out Tommy Jackson and then start his own bump of the month club. The other champs aren't too solid, with Archie Moore, Ray Robinson, Carmen Basilio and Sandy Saddler all to be dethroned.

Golf: The young blood will make its bid this year but, as they go into the open, Ben Hogan still will be "the man to beat." Gene Little will do it. Cary Middlecoff will wrap up the Masters and some guy named "Joe" will take

the PGA title. Ed Furgol will take the "World" to be the year's leading money winner. Bu don't spend it yet, Ed.

Football: Oklahoma again reigns supreme. Who else? In the professional game, it will be the New York Giants and Chicago Bears again on the strength of their young talent, with the Bears coping the title.

Basketball: Kansas, because of Wilt The Stilt Chamberlain, will be the nation's top team. Among the pros, the Boston Celtics will capture their first NBA championship.

Racing: Calumet's Barbison will be the winter book favorite for the Kentucky Derby with strong support for Bold Ruler. But the race will be won by Mrs. Richard Dupont's Ambehaving, with Logan Batcheller in the saddle.

Tennis: Australia will continue to reign supreme both individually and in the Davis Cup, regardless of whether Ken Rosewall or Lew Hoad turns pro. The one left will be the Kingpin. In the pro racket, Pancho Gonzales will rule the roost not only in 1957 but in 1958 and 1959.

Hockey: Montreal's Canadiens will retain the NHL season title

and the Stanley Cup on sheer talent, as Jean Beliveau starts to take his rightful place as a hockey immortal. Detroit's Redwings and the Boston Bruins will fight it out for second place.

Short year, wasn't it?

Sam Snead Wins Boca Raton Open

BOCA RATON, Fla.—Sam Snead figured today that the first tournament held on the Boca Raton Golf Course since he became manager was a huge success. He won it.

The veteran slammer fired a four-under-par 63 in the final round of the Boca Raton Open and Pro-Am Tourney. It gave him a 200 total for 51 holes and his team of three amateurs a 116 total for 26 holes for a clean sweep of the top money.

Low Worsham was runner-up in both events, posting a final 65-204 that included a hole-in-one on the 120-yard 14th hole. Worsham's pro-am team carded a 117.

Third place pro at 209 was Ansel Snow, followed by Walker Inman at 211.

MRS. MARION JONES hugs her son, William, 9, in New York and offers her thanks to Dr. Dieter Wandry, surgeon on the liner Italia, for bringing the boy safely to the United States. William was sailing from Germany with his grandmother to rejoin his mother and step father after more than four years when he was stricken by appendicitis. Dr. Wandry operated at sea and now the recuperating boy has another adventure to tell his mother. (International)

THE NEW YORK FILM CRITICS have chosen Ingrid Bergman as best actress and Kirk Douglas as best actor for 1956. Miss Bergman was honored for her portrayal in the title role of "Anastasia," her first American movie in seven years. Douglas was chosen for his characterization of Vincent Van Gogh in "Lust for Life." The critics voted "Around the World in 80 Days" best motion picture of 1956.

Post Office Dept. Enters National Safety Campaign

The Post Office Department has enlisted 65,000 vehicles and more than 90,000 drivers in the new national safety campaign—"Back the Attack on Traffic Accidents"—Acting Postmaster General Maurice H. Stans announced today.
In addition to enrolling this fleet, the nation's largest, in this unique new safety effort sponsored by the President's Committee For Traffic Safety, together with 83 member organizations of the Traffic and Transportation Conference of the National Safety Council, the Post Office Department is calling on more than 37,000 postmasters and its other officials over the nation to take leading roles in this campaign.
The "Back the Attack" drive was launched by President Eisenhower on Dec. 1, 1956, and will continue throughout 1957, as a direct attack on the nation's traffic death toll—now at an all-time high.
The new campaign, while it is another special emphasis safety effort—such as the "S-Day" and the "Slow Down and Live" drives—is unique in that it delegates the responsibility this time for the development and operation of local safety programs back to local communities, Stans pointed out.
"Thus," he explained, "the Post Office Department will be in an advantageous position to assume a special role in this new campaign to halt the nation's appalling death toll, since it has in every city, town and hamlet of the nation an official representative. In the form of the postmaster, as well as Regional and District post officials in many major cities."
A number of specific steps have already been taken by the Post Office Department to help make the Back-the-Attack campaign more effective, including these:
1. The Post Office Department's half million employees have been given notice to extend full participation through publication of material in the Postal Bulletin.
2. A letter will be issued to each of the more than 90,000 postal drivers, explaining Back-the-At-

tack, and outlining specific ways in which they can help.
3. Postmasters, regional and district officials, as well as other postal personnel, have been advised to be ready to accept positions of leadership and to assist in every possible connection with the work of local traffic safety committees.
4. Contests, awards and promotional program, furthering the Back-the-Attack idea, are being developed for and by postal personnel all over the nation.
"We feel," Stans commented, "that the new campaign presents the greatest opportunity for all citizens to participate in the most effective traffic safety drive in American history."
"The toll on the nation's highways, now approximately an estimated 42,000 deaths a year, is beginning to assume the proportions of a national emergency, meaning total losses of 4.5 billions of dollars this year the country can not afford in this time of world crisis."
"We have been aware of this problem in the postal establishment for the past several years, and our postal drivers in 1954 and 1955 won national awards for 'outstanding contribution to traffic safety' in communities all over the nation. We hope that by our further efforts during the Back-the-Attack we will help enlist more citizens than ever before in an all-out drive against the unnecessary waste of American lives on the highways."

Electroshock Therapy Aids Some Mental Ills

By HERMAN M. BUNDISEM, M.D.
PROBABLY nothing in any field of medicine invokes more misunderstanding and apprehension than electroshock therapy. While it can be a dangerous weapon, it also is a very valuable tool in treating many diseases of the mind. In fact, this type of therapy is as useful in the treatment of many mental diseases as antibiotics are in treating physical diseases by explaining a little about electroshock therapy I can clear up some of the misunderstanding about it.
No Shock or Pain
For one thing, there is no shock in the known electrical sense. Neither is there any pain, since the patient is unconscious during treatment.
By applying from 100 to 200 volts of electricity for one-fifth to one-half second through the frontal area of the human brain, we can produce an epileptic-like convulsion in the patient.
Marked Improvement
This convulsion brings marked improvement in many patients with certain types of mental illness. Why it does so, we don't know. Originally, electroshock therapy was developed for treatment of schizophrenia. It has proved helpful to about one-third of the schizophrenics to whom it has been administered. Yet it is of even greater value in treating mental diseases involving mood, such as manic-depressive psychosis and involutional melancholia.
Disappointing Results
It has been helpful in about two out of three cases of psychoneurotic depression, but results have been disappointing in anxiety neuroses and hysterical and compulsive reactions.
QUESTION AND ANSWER
D. L.: A friend told me he has a "fallen stomach." How is it possible for anyone to live with this condition?
Answer: Not as much importance is attached to this condition since it has been discovered that some organs, although not located in their normal positions in the body, still function fairly well.

News Of Men In Service

FORT RILEY, Kan. (AHTNC)—Specialist Third Class Kindred C. Brown, nephew of Mrs. Lee Anna Jackson, 1017 E. Ninth St., recently participated with the 16th Infantry Regiment in "Red Arrow," an Army maneuver at Fort Riley, Kan.
Specialist Brown, a mechanic in the regiment's Heavy Mortar company, entered the Army in June 1952 and completed basic training at Fort Jackson, S. C. FLORIDA 18-2 18S.
TAMPA (FNS) The Florida State Fair for 1957, running from Jan. 29 through Feb. 9, has something to look forward to in future years. The state's largest exposition has been granted 255 acres of city land on the edge of town to replace its present crowded downtown location.
Mayor Nick Nucchio and the Board of City Representatives have agreed to give the 255 acres of city property to the Florida State Fair and Gasparilla Association for a fairgrounds and sports center site. The property is located at the corner of Dale Mabry Highway and Columbus Drive in the northwestern section of the city.
"They want to make out of that tract another Coney Island with a coliseum, sports center and year-round amusement activities," Nucchio said. He added the association's preliminary plans call for enlargement of Al Lopez field on the tract from a seating capacity of 5,000 to 15,000.
At Lopez field is the spring training base of the Chicago White Sox. Meanwhile plans have progressed for a "bigger and better" than ever 1957 fair at the Plant Field location. Making the 52nd anniversary of the event, the exposition will run for eleven days and nights with the spectacular Gasparilla Day pirate invasion of the city taking place on Monday, Feb. 4.
The usual number of special events and parades will be held and fair officials are looking for the most successful event in the history of this largest of Winter fairs of the nation.

Colored News

Joe Nathan Dies Saturday Morning
Joe Nathan, 204 Old Lako Mary Road, passed away Saturday morning at Seminole Memorial Hospital following a lengthy illness. Born in Whiteville, N. C. he came to Sanford 31 years ago.
Mr. Nathan was a member of Second Shiloh Baptist Church in which he served as a member of the Board of Deacons.
He is survived by his wife, four sons, one daughter, and other relatives.
Funeral services will be held at 2 p. m. Thursday afternoon at Second Shiloh Baptist Church with the Rev. W. G. Mikell officiating.
Burial will be in the family plot in Sanford.
Wilson-Eichelberger Mortuary is in charge.

State Ready For Festival Of Products

TALLAHASSEE (FNS) With the State Development Commission acting in the capacity of a coordinating body, the entire state is preparing for the second annual Festival of Florida Products scheduled for Feb. 14-23.
During this ten day period the state will be a giant "show window" where the home manufacturer and grocer products will be put on display. Starting originally as a chain-wide promotion for the Winn-Dixie supermarkets by advertising man D. M. "Pete" McCormick, the Development Commission has been called in to extend the idea on a statewide basis.
Governor LeRoy Collins has issued an official proclamation setting aside the ten days in February for the event which is already attracting national attention. Officials are looking for the greatest promotion of Florida products ever staged and Floridians are being asked to purchase goods and food items produced in the Sunshine State.
DOUBLE BARRELED SHOT DETROIT 18.—James Messico 20, has resolved never again to pull both triggers of a double-barreled shotgun at the same time—either New Year's Eve or any other time.
He did it yesterday and ripped both barrels to shreds. He escaped injury.
LONDON 18.—Russia's split leadership appeared moving today toward a compromise over the debanking of Joseph Stalin. And it also appeared bent on a tougher line towards the West in 1957.

Try and Stop Me

By BENNETT CERF
ONE OF THE BEST cartoons of the year was drawn by Robert Day for "Sports Illustrated." It depicts a formidable moose nuzzling against a sign in Yellowstone Park. The sign warns "Do not feed the bears." A hand-lettered placard around the moose's neck reminds passers-by: "I AM NOT A BEAR."
Bob Sylvester heard it at a wedding reception in the Bronx. The triumphant bride shook a finger under her mother's nose and chortled, "So where would I be now if I'd taken your advice and never talked to strange men?"
The wine was flooding a Hollywood party when a starlet announced, "I'm just back from two weeks at an exclusive dude ranch."
"So we heard," drawled one of her dearest friends. "Were you a guest or just grazing?"

Be Ready For The Day You Become "The Boss"

By HERMAN M. BUNDISEM, M.D.
DON'T envy the boss. If he's like many of the nation's busy executives, he's probably a candidate for heart trouble. Outwardly, the boss may appear perfectly calm. Indeed, some of them are. But generally an executive is a pretty good actor. Under that tranquil appearance, chances are he's filled with tension and turmoil.
In order for him to be the boss, he's got to be strong and intelligent. But he also has to be forceful and dynamic. He has to drive himself as well as drive his employees. In short, he has to be a leader.
Besides his own personal and business problems, he has to worry about your problems, too. You and other employees look to him for guidance and probably bother him with countless needless questions.
You expect him to be available at any time, anywhere, for any emergency. Why, he has less time for himself than a doctor!
What Can Be Done?
What, then, are some of the things that can be done to keep our executives from falling victim to heart troubles?
Thomas H. Coulter, chief executive officer of the Chicago Association of Commerce and Industry, has a suggestion, and it is a good one.
An executive, you must understand, comes in contact with more jealousy, resentment, hate, anger, competition and frustration than just about anyone else in society. Too many executives, Mr. Coulter points out, are promoted too late in life to permit them to gain the experience necessary for them to survive the rigors of their jobs. They are promoted virtually without any training or understanding that they must now deal with persons instead of things.
Early In Career
Coulter suggests that young men should be given executive responsibilities early in their careers. This will give them a better chance to survive these careers.
Meanwhile, you can help prepare for the time when you will become an executive. Anticipate a promotion; plan for it. Adjust yourself emotionally and physically to cope with a job that undoubtedly will mean emotional stress.
QUESTION AND ANSWER
S. H.: Is it possible that a skin ailment is the result of nerves or worry?
Answer: Many skin diseases can be caused by nervousness or worry. It is believed that one of the most common skin diseases, known as neuro-dermatitis, is caused by nervousness.

State Ready For Festival Of Products

TALLAHASSEE (FNS) With the State Development Commission acting in the capacity of a coordinating body, the entire state is preparing for the second annual Festival of Florida Products scheduled for Feb. 14-23.
During this ten day period the state will be a giant "show window" where the home manufacturer and grocer products will be put on display. Civil Rights, Mid-East Policy Top Issues

Congress Convenes Today

WASHINGTON (AP)—The Democratic-controlled 85th Congress convened today to wrestle with civil rights and U.S. policy in the Middle East.

These were the top priority issues as the Senate and House met at noon to start a session in which they will act on proposals of President Eisenhower's second Republican administration.

In advance of today's session Senate Democrats picked veteran Sen. Carl Hayden (Ariz.), son "dean" of the Senate in seniority, for president pro tempore to succeed retiring Sen. Walter F. George (D-Ga.).

Senate Democratic Leader Lyndon B. Johnson (Tex.) was re-elected and Sen. Mike Mansfield (D-Mont.) was elected whip to succeed defeated Sen. Earl C. Clements (D-Ky.).

Other nominations by the Democrats included Filton M. Skelton Johnson for secretary of the Senate, Joseph C. Duke for sergeant-at-arms, and Robert G. Baker for secretary for the majority. All are incumbents.

Senate Republicans elected Sen. Leverett Saltonstall (Mass.) chairman of their conference, which is made up of all GOP senators. He succeeds Sen. Eugene D. Millikin (Continued On Page 3)

Shinholser Takes Over As Kiwanis President For '57

A. L. Wilson yesterday bowed out as president of the Sanford Kiwanis Club as he presented glasses (for better vision), an oil Edwin Shinholser a pair of can (to keep his new organization running smoothly) and a bottle of 100 aspirin tablets (two for each meeting).

A. L. WILSON receives his past president's pin from Lt. Gov. Oakley Seaver of the Florida Kiwanis Club's Fifth District while incoming president Edwin Shinholser looks on. Shinholser received the president's pin that has been used continuously since the Sanford Kiwanis Club was founded. (Staff Photo)

FINEST CELERY IN FLORIDA was the first cut in Sanford area yesterday. W. W. Tyne, Bob Rogenski, A. D. Holloway, Herbert G. Behrens, and T. W. Jones check celery for also as quality. It is Behrens 20th year growing celery for Chase & Co. (Staff Photo)

Eden, France Reject Soviet Disarmament Conference Request

LONDON (AP)—British Prime Minister Anthony Eden today joined France in rejecting "in the present circumstances" a Soviet request for a five-power disarmament conference.

Eden's action, announced by the foreign office, followed the lead set Wednesday by President Eisenhower and matched by a similar French rejection today in Paris.

A foreign office spokesman said Eden's rejection of a five-power conference was contained in a note sent to Soviet Premier Niko-lai Bulganin and released here today.

Action Prospects On Major Issues Facing Congress

WASHINGTON (AP)—Prospects for action on major issues facing the 85th Congress:

"Eisenhower Doctrine"—Congress almost certainly will grant the President's request for advanced authority to use American troops, if necessary, to block possible Soviet aggression in Middle East.

Schools—The President will push hard for big federal outlays to help communities build public schools. A similar bill failed in the last Congress when an anti-segregation amendment was added.

Negro rights—House passage again seems assured for the administration's four-point civil rights program. But it faces a threatened filibuster by Southerners in the Senate.

Farm—Congress is almost certain to approve an administration plea for relaxed plantings controls on corn farmers to avert threatened collapse of their price support program.

Foreign Aid—Funds sought by Mr. Eisenhower probably will be cut sharply. Some lawmakers contend that Congress is more likely to cut funds below the \$2.7 billion granted last year than to boost the outlay to the \$4.4 billion administration will seek.

"Tight money"—This issue will break out on several legislative fronts. The administration probably will touch off bitter fight by asking that interest rates on government-guaranteed mortgages on "GI" housing be raised to 5 per cent from present 4 1/2.

Immigration—Legislation to keep U. S. doors open temporarily for Hungarians and other refugees has good chance.

Postal rates—Renewed plea for higher rates to eliminate Post Office deficit faces uncertain future.

Taxes—The average person can't expect any relief. Democratic leaders and administration will oppose general tax relief for fear it would create budget deficit and increase inflationary pressures.

Laramie Gets 1st Woman Mayor

LARAMIE, Wyo. (AP)—The old West is dead, for sure. The man from Laramie is now a lady.

Mrs. Josephine Fay was elected by the City Council unanimously as Laramie's first woman mayor Wednesday night.

She has handled the city's purse strings for the past two years, anyway, and the men decided to give her the gavel, too.

Outgoing Mayor Carroll Mohr escorted Mrs. Fay to the chair, then took a seat on the audience.

"I want to thank you for the confidence you've placed in me," Mrs. Fay told the council. Then she turned to the business at hand.

But she never once used the gavel.

Reapportionment Problem Tackled By Revision Group

OCALA (AP)—The Constitutional Revision Commission today tackled its most controversial problem—reapportionment—while members of the Legislature awaited a decision by Gov. LeRoy Collins as to when the new state charter will go before the Legislature.

The revision committee, led during the holidays by Sen. J. Lee Collins, the lone reapportionment question along with suggested provisions for initiative, referendum and recall. All items at today's meeting were expected to get a thorough going-over when the charter finally goes before the state's lawmakers.

Circuit Judge Wallace Sturgis, Ocala, who heads the revision commission, is one of the state leaders who will meet with Collins at Tallahassee next Wednesday to determine whether constitutional revision should be handled in a special session or regular session of the Legislature.

Collins has three alternatives open to him to get the revised draft before the Legislature: a special session prior to the regular April session; consideration at the regular session; a special session after the regular session.

The revision commission has suggested the re-write be considered at an extraordinary session after the regular session, but Collins indicated a special session prior to the April convening time would be expedient because other law changes would be based on the constitutional provisions.

A lot depended for Eden personally on how he manages to guard Britain's interests in the Middle Eastern oil fields and how he bolsters his own prestige at home in the months ahead.

They will be difficult months because of the gasoline shortage and its chain reaction effect on prices, the dollar shortages and the customary political holdovers confronting a prime minister in midyear.

Plant Remaining In Operation Despite Walkout

DADE CITY (AP)—The Paces Packing Co., largest citrus processing plant in the world, remained in operation today despite a union walkout of some 1,400 workers.

C. P. Hamilton, company attorney, said there was some picketing but no workers were being stopped from returning to their jobs if they wished.

The employees, members of the United Citrus Workers Union, went on strike Wednesday over wages and working conditions.

Larry Larson, international representative for the union, said that only supervisory personnel and a few employees were running the plant.

Education Board Convenes Tuesday

The Seminole County Board of Education will meet next Tuesday morning at 10 o'clock, according to Superintendent of Public Instruction R. T. Milwee.

"This will be an organizational meeting," said Milwee, "and will be held at the Educational Building on Commercial Ave."

The Board of Trustees, said Milwee, will meet next Monday afternoon at 4 o'clock for its organizational session.

Weather

Fair through Friday; slightly warmer in the central portions.

Top News In Brief

WASHINGTON (AP)—President Eisenhower today prepared for personal delivery to Congress—probably Friday—his plea for standby authority to use troops if necessary to keep Russia out of the Middle East.

UNITED NATIONS, N. Y. (AP)—The General Assembly's main Political Committee takes up the special problem of divided Korea today despite objections by the Soviet Union and India.

VIENNA (AP)—Rebellious workers councils are openly defying the Communist regime by refusing to fire idled employees in the nationalized Hungarian factories, it was reported today.

WASHINGTON (AP)—President Eisenhower has challenged Russia to world peace by pulling its armed forces out of Hungary. The President sent his challenge directly to Soviet Premier Niko-lai A. Bulganin.

Carraway Named To Hospital's Trustee Board

Appointment to a four-year term on the Board of Trustees of Seminole Memorial Hospital has been received by Andrew Carraway from Governor LeRoy Collins.

Carraway's appointment to the Board of Trustees is to fill the vacancy caused by the expiration of the term of T. E. Tucker.

Date of the appointment from the Governor's office in Tallahassee was Dec. 31, 1956.

Longwood To Install Officials Tonight

A new town Mayor, a town clerk, tax collector, and two new councilmen will be installed in their offices tonight at the first Town Council.

Olin Elgin, newly elected Mayor; Mrs. Joy Crocker the new Town Clerk; Roger Crocker, newly elected Tax Collector; Elston Williamson and Homer Scott, new Councilmen, will be sworn in tonight following a meeting of the last year's Town Council when old business will be taken care of and the old year closed out.

Re-elected to the five-member Longwood Town Council were R. C. Carlson, James Ritter, and Samuel Johnson.

Retiring Mayor of Longwood is Daniel Screemy, the outgoing town clerk is Chris Morrison, and the retiring Longwood Tax Collector is Mrs. Charles Morrison.

The meeting tonight will be held at 8 p. m.

Outgoing officials will take over leadership of Longwood at what is said to be "the community's greatest growth."

Reports revealed today say that during 1956 Longwood has realized the building of three new homes each week, the starting of a new subdivision, and plans underway for new paved streets.

13 Ships To Move Out Of Suez Canal Into 'Med' Soon

CAIRO (AP)—Thirteen ships trapped in the Suez Canal more than two months will be able to move out of the waterway into the Mediterranean Sea in about four days, the general manager of the Egyptian Suez Canal Co. said today.

The vessels of various types and nationalities were caught in the canal between El Ballah and El Cap last Oct. 31 when Anglo-French planes carried out the first attacks on Egypt.

General Manager Mahmoud Younis said salvage operations in the northern stretch of the 101-mile waterway would shortly permit the ships to sail southwards to Lake Timsah where they can turn around for the run northwards to Port Said.

Salvage experts have estimated it will take until March to open the canal to smaller vessels and at least May before all the obstructions have been removed.

Canadian Pacific Railway Operations Tied Up By Strike

MONTREAL, Que. (AP)—The coast-to-coast operations of the Canadian Pacific Railway were tied up today by a strike of 2,800 firemen. Picket lines were honored by all other operating employees.

Prime Minister Louis St. Laurent, who spent the holiday in Quebec City while his cabinet aides tried unsuccessfully to persuade the Brotherhood of Locomotive Firemen and Enginemen to call off the strike, listed the rail dispute as the top item for discussion at the cabinet's first 1957 meeting today. The strike began Wednesday afternoon.

The strike issue centered around the use of firemen on diesel trains. The railway contended that firemen-helpers were unnecessary on yard and freight diesel locomotive service. The union argued that firemen were needed if diesel engines were to operate safely and efficiently. A federal conciliation board's majority report ruled last month mostly in favor of the company.

HORNES COME BACK

CHICAGO (AP)—Horse drawn vehicles are making a comeback in Chicago. City Collector William T. Prendergast said licenses issued to horse cars in 1956 climbed from 72 to 73.

X-Ray Pre-Registration Survey Chairmen Told

Committee chairmen for the Seminole County Tuberculosis and Health Association's Chest X-ray were named at yesterday's luncheon meeting of the Sanford Woman's Club.

The pre-registration survey became a project of the Sanford Woman's Club with Mrs. F. T. Merwether as chairman and Mrs. J. P. Wilson as co-chairman.

Other clubs and organizations are lending their support to the project.

Committee chairmen and members of their groups will call on homes in the 13 areas of Sanford Friday, Saturday and Monday to register adult members of families for the Chest X-ray survey.

The chairmen of the committees, the organization they represent and the areas to which they have been assigned for the pre-registration survey are:

Mrs. Motta Whitney, representing the Home Demonstration Club, Area One, Mayfair Section, Mellonville Ave. to City Limits East and from Lake to 13th St.

Mrs. Sue Stevenson, Pilot Club, Area Two, Mellonville to Sanford Ave. and from Lake to 13th St.

Floyd Richards, Grammar School P-T-A, Area Three, Sanford Ave. to French Ave. and from Lake to 13th St.

Mrs. Carl Prescott, Area Four, French Ave. west to City Limits and from Lake to Sixth St.

Mrs. Cliff Ables, Junior High School P-T-A, Area Five, Celery Ave. east to City Limits.

Mrs. Fred Ganax, Sanford Garden Club, Area Six, Celery Ave. to 20th St. and Mellonville to Sanford Ave.

John Kader, Southside P-T-A, Area Seven, Sanford Ave. west to French, and 13th to 20th Sts.

Mrs. H. H. Grier, Sanford Woman's Club, Area Eight, Wynwood Section, 24th to 25th and Mellonville east to City Limits.

Mrs. J. L. Horton Jr., Beta Sigma Phi, Area Nine, 20th to 25th Sts. and Mellonville to Sanford Ave.

Mrs. Myrtle Gradick, Business & Professional Women, Area 10, Sanford Ave. west to French, and 20th to 25th Sts.

Mrs. Lamar Echols, Sanford Woman's Club, Area 11, Pinecrest Section, French Ave. west to City Limits, 18th to 25th Sts.

Mrs. J. L. Horton Jr., Beta Sigma Phi, Area 12, Mellonville to Sanford Ave. 25th St. south to City Limits.

Mrs. Byron Smith, Seminole High School P-T-A, Area 13, 25th to 27th Sts., Sanford Ave. west to French Ave.

Mrs. W. R. Halett, Officers Wives Club, N.A.S., Drayville Section, Area 14, French Ave. west to City Limits, 25th to 27th Sts. south.

Mrs. R. I. Elam, Pinecrest P-T-A Area 15, 27th St. to south City Limits, Sanford to French Ave.

The Rev. S. M. Daniel, and Henry Gilmore, a teacher at Crooms Academy have set up a schedule for registration in the Negro areas of Sanford. However, their schedule was not available today.

THE FIRST FIELD OF CELERY cut in the Sanford area. Nearly a hundred field crew reaped the celery for the Chase & Co. wash house from 18 acres grown by Herbert G. Behrens on West Side at Monroe (owner). (Staff Photo)
