4B—Evening Herald, Sanford, Fl. Tuesday, March 3, 1981 by Chic Young

I CAN'T DECIDE WHAT TO EAT FOR LUNCH.
SUPPOSE YOU WERE SITTING HERE INSTEAD OF ME.
WHAT WOULD YOU HAVE?
SECOND THOUGHTS...

BEETLE BAILEY

by Mort Walker

WHAT ARE THOSE?
DON'T YOU KNOW WHAT MEATBALLS LOOK LIKE?
OH, SURE, I DO.
BUT WHAT ARE THOSE?

THE BORN LOSER

by Art Sansom

SOMETHING WRONG?
I FEEL A LITTLE SCHIZOPHRENIC FOR SOME REASON.
THAT MAKES FOUR OF US.

ARCHIE

by Bob Montana

HE REALLY IS A WILD AND CRAZY GUY?
WHO ARE YOU TALKING ABOUT, JUGHEAD?
NO—STEVIE MARTIN! WHY DO YOU THINK JUGHEAD IS A WILD AND CRAZY GUY?
WILD AND CRAZY?
I THOUGHT YOU SAID WILD AND LAZZY.

EEK & MEEK

by Howie Schneider

WHISKEY AND WOMEN ARE THE TWO MAJOR PROBLEMS OF MY LIFE.
I CAN'T SEEM TO HOLD EITHER ONE.

PRISCILLA'S POP

by Ed Sullivan

EMILY SAYS BERNARD HAS SUDDENLY BECOME SUPER-SENSITIVE ABOUT BEING BALD.
SO TRY NOT TO REMIND HIM OF HIS CONDICTION—OKAY?
WHAT DO YOU THINK ABOUT THE ECONOMY, NUTCHELL?
WELL, RIGHT OFF THE TOP...

BUGS BUNNY

Middle-Aged Man Has High Blood Fat

Dr. Lamb

DEAR DR. LAMB — My husband, age 39, just had a blood test which showed his cholesterol at a high level of 308 and his triglycerides at 400. He may also have a dual adenoma. The doctor put him on a very strict low-fat diet for three months. He is not overweight.

HOROSCOPE

By HELEN BEDE OSOL

For Wednesday, March 4, 1981

YOUR BIRTHDAY March 4, 1981
CANCER (June 21-July 22) You're very good at sorting out the problems of family members and relatives today. They'll sense this and come to you for aid and counsel.

WIN AT BRIDGE

By Oswald Jacoby and Alan Sontag

Opening lead ♠J

South's two trump opening with 21 HCP was fully justified by the texture of his hand with all points in aces and kings and a good five-card suit.

INFLATION IS... WHEN THE LIGHTS GO OUT

TWIN LAKES, Wis. (UPI) — Merrie Schultz defines inflation as "padding for the attic. It keeps the house warm."

Altamonte Approves Fire Code

By CINDY MOOY

The Altamonte Springs city commission gave final approval for a new fire code for the city, a code considered one of the toughest in the nation.

Reagan Rules Out U.S. Combat Forces For El Salvador

WASHINGTON (UPI) — President Reagan says no U.S. combat forces will be sent to El Salvador, and he believes Soviet talk of a superpower summit would carry more weight if linked to a promise to end "imperialism" in places like Central America.

SOCIETY SAYS 'DEATH ROW' NOT FIT FOR DOG

By BRITT SMITH

Convicted canine Rolf, sentenced to die last week after having been found to be terminally vicious, is being kept in cramped quarters in violation of state law.

BUDGET CUTS COME FIRST

8% Inflation Possible, If...

WASHINGTON (UPI) — If Congress approves the necessary budget cuts to offset the administration's proposed tax reductions, Federal Reserve Board Chairman Paul Volcker says inflation could decline almost 8 percent next year.

WORLD IN BRIEF

Pollution Changing Weather Worldwide, Report Warns

GENEVA, Switzerland (UPI) — The world's weather is being thrown out of balance by growing pollution of the atmosphere, an authoritative scientific report warned today.

It said the average surface temperature will rise by 1.5 degrees centigrade or more early next century with serious implications for farming and fishing.

Brezhnev's Kin Promoted

MOSCOW (UPI) — Soviet President Leonid Brezhnev's son and son-in-law were quietly promoted within the Communist Party hierarchy along with two close aides of Brezhnev, Pravda disclosed today.

El Salvador Coup Hinted

SAN SALVADOR, El Salvador (UPI) — El Salvador's ranking rightist hinted a military coup was being plotted against the U.S.-backed junta and predicted "March will be an interesting month."

The New York Times reported today that Junta President Jose Napoleon Duarte planned to travel to West Germany this weekend in search of a solution to the 14-month civil crisis, but it was not clear if he would meet with leftist leaders.

In the first sign of rightist opposition to a negotiated solution, powerful rightist leader Roberto D'Aubuisson hinted the military was preparing a coup against the junta because of its "communist inclinations."

D'Aubuisson, a former National Guard intelligence chief, said the government "must be changed to an all-military junta to wipe out the guerrillas, wipe out communism."

Hijackers Free Women, Kids

ISLAMABAD, Pakistan (UPI) — Eleven hijackers threatening to blow up the Pakistan airliner they commandeered to Afghanistan freed all 18 women and nine children among the 141 people aboard today, airline officials said.

The Pakistan government had followed the hijackers' demand for a public apology that retraced an initial charge the men who seized the airliner Monday belonged to the Pakistan People's Party.

But the hijackers apparently maintained their threat to blow up the Boeing 720 unless Pakistan flew them to Iran and released 80 political prisoners — including the hijacker's brother and father.

Dollar Down; Gold Up

LONDON (UPI) — The dollar lost ground on European money markets today and the price of gold rose.

"Gold lifted a few dollars as the dollar came back down in money markets and a few cheap speculators moved in for the metal," a dealer for bullion broker Samuel Montagu said.

In Zurich, gold rose \$4 an ounce to \$475.50 against Tuesday's close of \$471.50, and in London, gold rose \$3 to \$475.50 from \$472.50.

The dollar opened lower in Zurich at 1.5335 Swiss francs, compared with a close Tuesday of 1.5045. In Paris, it dropped to 5.0025 French francs from 5.0075, and in Brussels, it opened down at 35.50 Belgian francs against 36.15.

Police Are Tight-Lipped In Longwood Woman's Death

By BRITT SMITH
Herald Staff Writer

Law enforcement officials are being unusually tight-lipped about the death of a Longwood woman who was found Monday night lying in a pool of blood in the Orlando insurance office where she worked.

Orlando investigators have refused to comment on the slaying. Orange County Medical Examiner Dr. Thomas Hegert's office will not release the cause of death, and Longwood police say any information on the case must come from Orlando officials.

All that is known is that the body of 46-year-old Geraldine Trimmer of 129 Lemon Lane, was found about 11:15 p.m. Monday in the back office of the State Farm Insurance Co. at 5218 W. Colonial Drive, Orlando.

The body was found by Trimmer's co-worker Sharon Posten who had been alerted by the dead woman's daughter who became alarmed when her mother did not come home after work.

A TRIO ARRESTED ON DRUG CHARGES

Three Seminole County men have been arrested on various drug charges after selling undercover sheriff's deputies 20 pounds of marijuana.

Wendell Julian Callier, 24, of 895 S. Wymore Road, Altamonte Springs, was charged with possession and delivery of a controlled substance, carrying a concealed weapon, and possession of stolen property. Ray Ruiz, 34, of 1044, Notre Dame Drive, Altamonte, was charged with possession and delivery of a controlled substance, and Robert Lewis Goebel, 25, of 2875 N. Bermuda Ave., Forest City, was charged with conspiracy to sell and deliver a controlled substance. All were released on bond.

The trio were arrested about 7 p.m. Tuesday in the parking lot of an Altamonte Springs hardware store after selling 20 pounds of marijuana to narcotics agents. An additional five pounds was also seized during the arrest. Total street value of the grass was estimated at \$12,000.

The firearm charge against Callier was lodged when agents discovered a stolen .357 magnum pistol in his car.

OFFICE MANAGER ROBBED

A lone armed bandit entered the office of the Seminole Garden Apartments, 1900 W. Fifth St., around 1:15 p.m. Monday and robbed the office manager of her purse.

Kay Klechka, 37, of 1115 W. Second St., told police that the man walked in off the street, pointed a .22-caliber pistol at her and demanded money. When she said she had none, the thief took her purse containing her checkbook and credit cards, and fled.

SECOND TRUCKLOAD OF MERCHANDISE SEIZED

For the second time in less than a week, Seminole County sheriff's deputies have impounded a rented truck containing several thousand dollars worth of merchandise stolen from an Orlando business.

Working on an anonymous tip, deputies and Orlando police officers impounded a truck containing about \$40,000 in stolen goods around noon Saturday in the parking lot of the Altamonte Springs K-Mart at the intersection of State Roads 434 and 436. No arrests were made.

A similar raid was staged last Tuesday night when lawmen descended on some mini-warehouses on State Road 434 near the second elevated hotel-casino drive — the three weeks — forcing evacuation of a thousand gamblers and guests at the old Silverbird Hotel.

The hotel sprinkling system, however, successfully contained the blaze Tuesday afternoon in a small waiting room below the showroom stage, until the arrival of 60 firefighters. The flames were quickly extinguished and there were no injuries.

An hour after fleeing the casino, gamblers were back betting and laughing at the tables.

DEPUTY TAYLOR ROBBED

A lone armed bandit entered the office of the Seminole Garden Apartments, 1900 W. Fifth St., around 1:15 p.m. Monday and robbed the office manager of her purse.

U.S.-British Partnership

Prime Minister Margaret Thatcher has sealed a closer relationship with the Reagan administration than has existed between ourselves and any nation in a long while.

During the troubled 1960s and 70s, the United States seemed to be without a close friend in the world. To be sure, there were allies in Europe and Asia, but during the long, overcast Vietnam years, most of them, including the British, trucked with the enemy in Southeast Asia.

So, there's real reason for being a bit rhapsodic over the re-establishment of that "special relationship" that once tied Britain and the United States together through thick and thin.

Indeed, not since the 1950s when Dwight Eisenhower was president and Winston Churchill was prime minister has there been such extraordinary agreement and affinity as that now existing between the conservative-run governments of Washington and London.

Coming as it does at a time when the Reagan administration is just getting a grip on its enormous domestic and international challenges, Mrs. Thatcher's vigorous support could not be more opportune.

She speaks with a clarity that is commanding wider and wider attention. In remarks delivered before the Lord Mayor's Banquet in London last November, for example, she said this:

Gone are the days when there were only two significant groups: the West, led by the United States, and the Soviet bloc. International authority has fragmented. More and more countries are in a position to put world peace at risk.

In just such a time is the need all the more for friends to draw closer together. Most fortunately, it appears to us, Prime Minister Thatcher and President Reagan have formed a partnership that will enhance the strength of the English-speaking world for the trials and tests that no one can doubt lie ahead.

BERRY'S WORLD

I don't know which I'm more paranoid about, the increase in crime, or cable TV!

Around

The Clock

By JANE CASSELLHERRY

There will be some strange goings on in front of Lake Eola Park in downtown Orlando when characters from all the major attractions in the area compete in the Great American Antique Race and Car Show beginning at 8:30 a.m. on March 11.

Colorful characters from Sea World, Walt Disney World, Rosie O'Grady's and more will compete in a bike race around Lake Eola. The event will serve as a kick-off for the Second Annual Central Florida Crime Watch Centennial Bike Race, sponsored by the East Orlando Kiwanis Club.

Serious bikers will take over following the zany antics. The 100 kilometer bike race, an event to raise money for the Crime Watch Program, will pit teams and individual riders in a grueling race around Lake Eola. The start and finish will be in front of the Lake Eola bandshell on Rosalind Street. Bikers will be grouped into four-member teams according to age. The race will run in a relay-type format. Individual riders are also welcome. Trophies will be presented to winners in each age category and a cash award goes to the first place individual finisher.

For more information concerning the race and to receive an official entry form and rule's book, call Crime Watch at 894-2461.

Crime Watch is co-sponsored by the University of Central Florida and the Orlando Police Department. Students from UCF, taking courses in TV production do all of the video taping and editing for the television versions of Crimewatch. The unsolved crimes in Central Florida spotlighted by Crimewatch are also reported in area newspapers. During the past 3 1/2 years many felony crimes have been solved through tips to Crimewatch including murders.

If you have information on the commission of a crime you can call Crimewatch at 894-2462 anonymously and still be eligible for a reward of up to \$1,000.

The Central Florida Chapter of the American Red Cross will launch local Red Cross Centennial events with an exhibition at Orlando Fashion Square on March 12-14. Booths and working exhibits depicting services provided to Central Florida by the Red Cross will stretch from one end of the mall to the other.

Musical programs emphasizing Red Cross messages, brought with youth will be presented in conjunction with the displays. Among these singing will be a group from Lake Brantley High School scheduled to perform on March 12 at 7:15 p.m.

The largest volunteer organization in the country, the American Red Cross was founded in 1863 by Clara Barton, a Civil War nurse, to provide volunteer help for people in distress.

The City of Altamonte Springs has announced its annual spring clean up will be held the weeks of March 23 and March 30. Residents are encouraged to hold their large bulky items and household refuse that is not normally collected, up to and including anything that can be loaded on a truck by two men.

SCIENCE WORLD

To Cut Heart Attacks

By AL ROSSITER JR. UPI Science Editor

TUCSON, Ariz. (UPI) — An aggressive preventive medicine approach to heart disease at Duke University has produced substantial life style changes in a group of people considered to have abnormally high heart attack risks.

But whether improvement in such things as weight, cholesterol in the blood, blood pressure and exercise capability will pay off with a longer life expectancy remains to be answered.

The Duke program began four years ago with the support of the North Carolina Vocational Rehabilitation Service and Blue Cross-Blue Shield.

About 600 people considered at risk of developing heart disease were enrolled in the program along with 281 patients who had coronary disease, but who were not considered candidates for surgery.

Each person in the program was given appropriate medical care and tested to see what factors needed to be changed.

A special cafeteria was established to serve dietary foods three times a day seven days a week. These included, high blood pressure and high amounts of cholesterol in the blood.

Medically supervised exercise programs were run three times a day five days a week. Behavioral modification programs were applied where needed to encourage people to change such habits as smoking believed to contribute to heart disease.

Dr. Andrew G. Wallace, chief of cardiology at the Duke University Medical Center, told a recent meeting of the American Heart Association that most people participated in the program on an intensive basis for a month to six weeks. They then followed at a maintenance program which could be followed at home.

Follow-up examinations were conducted at regular intervals.

Wallace said 65 percent of the 281 patients, mostly men, with established disease of their coronary arteries adhered to the program for months or years, but the other 35 percent dropped out for various reasons.

At the median follow-up interval of 18 months for those patients who remained in the program, the average weight loss was 20 pounds. The average drop in cholesterol was 17 milligrams per liter, but the drop was considerably higher for those who started out with extra high levels of the fatty material in their blood.

A 25 percent increase was noted on the average for a certain kind of "good" cholesterol which is associated with a reduced heart disease risk.

Wallace said most of the subjects in the program did not have high blood pressure, but he said 90 percent of those who did were able to lower it to safe levels.

He said 40 percent of the cigarette smokers in the group stopped smoking. Exercise capacity measured on a treadmill improved significantly among the 281 patients with a median improvement of 71 percent.

JACK ANDERSON

Soviet Use Of Force In Poland?

WASHINGTON — U.S. intelligence analysts fear that with the end now of the 28th Soviet Party Congress in Moscow the Russians may finally intervene militarily in the Polish crisis.

"Most knowledgeable American observers feel that even if Soviet military intervention is not quite inevitable, it remains a strong possibility, particularly if Poland is still in a state of bubbling crisis," says a secret report prepared for the Senate Foreign Relations Committee.

The report indicates that non-military reaction from the United States and its allies will not deter the Soviets from crushing the Poles by force.

"While the Kremlin appears basically to understand that severe, prolonged interruption in East-West relations would be a consequence of military intervention," the report states, "Moscow would court a loss of party control in Poland a graver threat."

JEFFREY HART

El Salvador: A Vietnam

A lot of nonsense is being talked about El Salvador, and the prize for the nonsense has been taken by the comparison between that nation and Vietnam.

It seems that we are in danger of being "sucked into another Vietnam," once again waist deep in the Big Muddy. L.P. Stone, the leftist journalist, warns us in his dire terms, and reminds us that Vietnam doubled the national debt and sparked inflation. Stone also offers a psychoanalytic curbstone opinion: after the Vietnam defeat, America suffered a crisis of masculinity. Reagan, therefore, is getting ready to rape El Salvador.

Vietnam has been utterly mythologized. It spawned the myth of the irresistible guerrilla. But guerrillas can be beaten, and were beaten in Vietnam. What triumphed there was conventional armament. No such possibility exists for the left in El Salvador.

In fact, South Vietnam faced a twin set of adversaries. At home, it fought the Vietcong. But across its northern boundary, it faced the most formidable army in the so-called Third World, an army equipped by the Soviets, who were free to send their supplies by transshipment across China, and by sea to the port of Haiphong.

In South Vietnam, the local Vietcong were utterly routed. When the anticipated national uprising failed to occur during the famous Tet offensive, the Vietcong were effectively out of business.

At that point, the North Vietnamese took up the burden of conquest. An extraordinary amount of material poured down the jungle trails known as the Ho Chi Minh Trail. This was no guerrilla operation, but a formidable modern army on the march.

In 1972, an all-out conventional North Vietnamese offensive was smashed by the U.S. Air Force. In the wake of Watergate and congressional legislation tying the American president's hands, the North Vietnamese launched another all-out conventional of-

DON GRAFF Coming Major Minority

The Census Bureau has come up with some interesting but by no means surprising figures on our changing nation. The major ethnic minorities are the most rapidly increasing segments of the population.

Phenomenously so in the case of one group, Hispanic-Americans now number 14.6 million. That represents a 61 percent jump since 1970 and even so could well be an undercounting by another several millions. The census people suspect that many if not most of 6.7 million respondents listing themselves as "other" in the 1980 returns could also be considered Hispanic.

For purposes of instant comparison, the bureau's preliminary figure for the rate of increase of the entire population during the decade is 11 percent. Even at the probable undercount, Hispanics are now 6.4 percent of that population, significantly up from their 4.5 percent of 10 years ago.

Not quite. True, the inflow of unauthorized immigrants from Latin nations remains substantial. And the census people are even taking some satisfaction from evidence that many are included in the 1980 count, having "forgot the records" — fear of a marauding mob arrests in return for allowing themselves to be counted.

But even without this complicating factor, Hispanic growth would be substantial. Legal immigration in itself is considerable. And the Hispanic birthrate is very high — twice that of Americans of European stock, who are still the majority but by a dwindling margin, and 60 percent greater than among blacks.

And to expand a bit on that last point, Hispanics are expected to overtake blacks — now numbering 26.4 million, 11.7 percent of the national population and up 17 percent since 1970 — to become the largest minority group, conceivably in the coming decade.

Some fanciful projections even pose the possibility that, given continuation of present relative rates of increase, they could become the dominant population group in another generation.

Welcome to los Estados Unidos. But back to reality. While that may be a possibility, the probability is that present population trends will not continue. Experience suggests that the current explosive growth of this ethnic community will be followed by a leveling off.

But even so, the social and cultural effects on the larger American community will be far-reaching. They already are throughout the Southwest, where there is a long history of Hispanic concentration, and farther afield where the influx is more recent.

Los Angeles, which began as a Spanish settlement, could be in the process of reverting. It is more than a quarter Hispanic now, overwhelmingly Mexican. There are a million or more Puerto Ricans in New York City, and Miami has become Little Havana. These are only the most obvious examples, far from the entire story. There are increasingly large and noticeable concentrations in such diverse cities as Chicago, Seattle, Minneapolis and Hartford.

THE LINE IS BUSY. Lawyers for Ma Bell and the Justice Department are working frantically — and thus far fruitlessly — to nail down a final out-of-court settlement before the government's historic antitrust suit against the telephone company goes to trial.

After nearly two years of desultory, behind-the-scenes talks about a pre-trial settlement, the two sides finally got down to cases after Ronald Reagan's election and came up with a settlement proposal that would require AT&T to divest itself of certain operations.

Some experts expressed outrage at what they view as the government's surrender. And in fact, Justice Department sources tell me the settlement was rushed to completion so that it would not be left for the new Republican administration to deal with.

Other officials in the department, however, insist that the proposed compromise was "a decent way" to end the complex, frustrating antitrust case. It would also save the taxpayers a bundle in litigation costs.

Raiders Open State JUCO Play Thursday

JOE STERLING ...75 pct. career winner

BRUCE MCCRAY ...20.7 ppg

ERIC ERVIN ...6.6 assists

LONNIE JONES ...17.3 ppg

MIKE RYALS ...nine rebounds

TRAVIS FILER ...59.1 pct. shooter

JUNIOR COLLEGE STATE POLL table with columns for school and statistics.

McCray, Butler, Whitney: Same Time, Different Tourney

The time and place will be different Thursday evening for Sanford's Bruce McCray, Reggie Butler and Keith Whitney, but the situation is the same. It's state tournament time for the talented trio.

McCray, Butler and Whitney were three of the starters on Bill Payne's excellent 31-4 Seminole basketball team which went all the way to the semi-finals before losing to Tampa Robinson last March.

The Florida Junior College State Tournament opens Thursday at Edmonds Activity Center on the campus of Seton University in DeLand.

Eight teams make up the four opening round games including two-time defending state champion Brevard.

In the 1 p.m. lifeline, Division I runner up Seminole Community College, Division II champion, hits the hardwood at 7 p.m. against Division III runner up Florida College of Temple Terrace.

In the night's final matchup, two-time champ Brevard and Division III top dog this year Meigs Division I second place Pensacola at 9.

Friday night in the semi finals, the SCC-Florida College winner clashes with the Chipola-Palm Beach victor at 7. The Brevard-Pensacola winner faces the Indian River-Santa Fe survivor at 9 p.m.

Preceding Saturday's championship contest at 7:30 p.m. will be an All Star game with the players from the tournament's losing teams. The All Stars play at 5:30 p.m.

Tickets for the tournament are \$4 per session. Students with identification will be admitted for \$2.50. A session consists of two games.

Despite the presence of Brevard the two-year champ, it is the Sanford threesome and their Seminole Community College teammates who assume the favorites' role in this year's tourney. And with just cause.

SCC posted a 28-2 season record. SCC won 17 straight games. SCC was ranked number one in Florida throughout the year.

Similar to last season, McCray is depended upon to get the clutch points. The shovel-st artist doesn't disappoint very often. He hits 58 percent from the floor.

"It's like a dream to be here again," said McCray alluding to the state tournament. "This year I'm supposed to go to the boards a little more, but that's about all that's different."

"We have the same type of players as last year. Eric Ervin plays Whitney. Travis Filer is like Glenn Slambaugh. Lonnie Jones is David Thomas. Mike Ryals is Butler and I'm myself," pointed out McCray.

Ervin, a speedy freshman and deft playmaker, fills the point guard role (6.6 assists a game) very well. And when he doesn't fill it, Whitney picks him up. Which occurs 13 minutes every game on the average.

It's almost the same as last year, except I'm playing less," said Whitney. "I think I've improved my shot a lot, but you've really got to produce when you've got the chance."

Filer, a product of Largo High School, is the Raiders' top shooter with nearly 60 percent. The 6-foot-1 guard has excellent quickness, jumps well and plays outstanding defense. He averages 15.3 a game and is also a freshman.

SCC's strong man in the middle is Mt. Dora Bible graduate Ryals. The 6-foot-5 sophomore contributes 11.7 points and nine boards per game.

When Ryals needs a breather, Coach Sterling looks to his 6-foot-7 freshman leaper Butler. Butler is playing 11 minutes a night, which he says is his biggest adjustment.

"We've got five quality starters and I had to learn that I wasn't one of them," said the easy-going giant. "I was kind of used to having my own way inside, but in JC it's a different story."

"But I've learned my lesson. I do my job when I'm called on. I just wish I'd get called on a little more," said Butler with a smile.

The Raiders' fifth starter — Jones — may be the most versatile. The 6-foot-4 Knoxville (Tenn.) first year player averages 12.3 points, five rebounds, four assists and plays aggressive defense.

The 170-pounder was an All-Stater both his junior and senior years at Austin East High School for Coach Clifford Ross. He is the Raiders only out-of-state player.

When Sterling gets in trouble at either forward or guard, the first person he looks to is ex-Boone High standout Arthur Jackson.

Jackson, the self-proclaimed "best sixth man in the state," runs the offense, drives well and rebounds with authority for his 6-foot-0 stature. He is a freshman.

Another Boone product of Coach Wayne Hickman is 6-foot-5, 185-pound sophomore Everett Harner. The left-handed gun spells McCray and Jones at forward.

Three Five Star Conference All-League selections from last year — Lake Howell's Reggie Barnes, Spruce Creek's Shawn Britton and Lake Brantley's Doug Dershimer — add depth to the Raiders.

In all, the Raiders plucked six All-Conference performers from the Five Star. Barnes is a deadly shooter from long range, while Dershimer is a sharp passer and Britton plays a very hard-nosed floor game. All three are freshmen.

Another first-year player, Jesse Woods, from Everglades High School in Copeland gives the Raiders more strength as a playmaking guard.

Despite the Raiders' unanimous selection as the state's best team, Sterling is hesitant to purchase his tickets to Hutchinson, Kansas for the nationals.

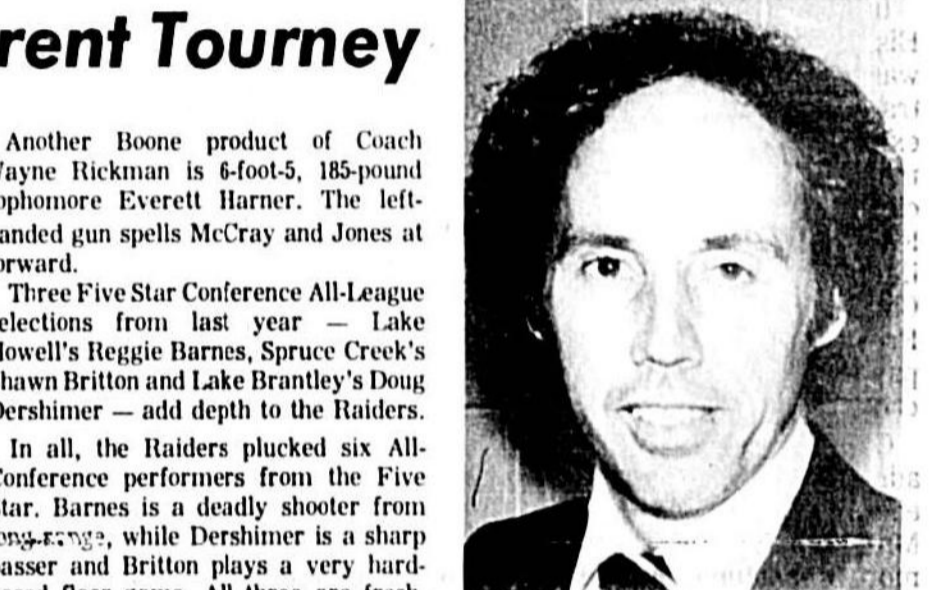

"They've got to be pretty good to get here," surmised Sterling about his first round opponent Florida College, who the Raiders have beaten twice by nine points each time.

"They're not real big, but they're quick and hit the board pretty well," continued Sterling. "They play different combinations too. They use a small, quick team and a slightly larger, slower one."

Six-foot-four Larry Gowins is the Temple Terrace (Tampa)-based school's biggest offensive weapon. In the first meeting against SCC, Gowins exploded for 36 points.

Point guard Greg Aplin, brother of South Florida standout of a few years ago, Doug, is another player to watch along with Bobby McKinnon.

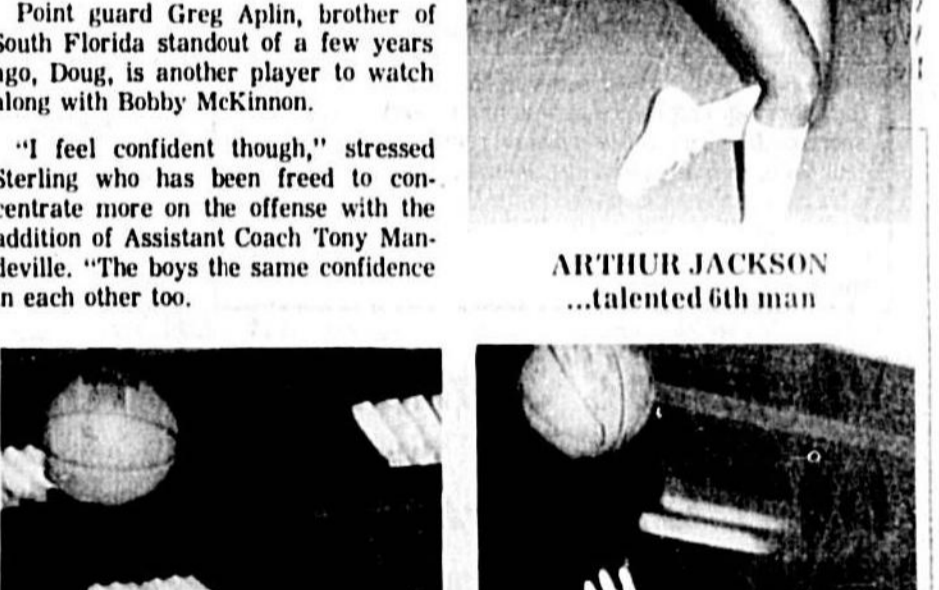

"I feel confident though," stressed Sterling who has been freed to concentrate more on the offense with the addition of Assistant Coach Tony Mandeville. "The boys the same confidence in each other too."

TONY MANDEVILLE ...defensive genius

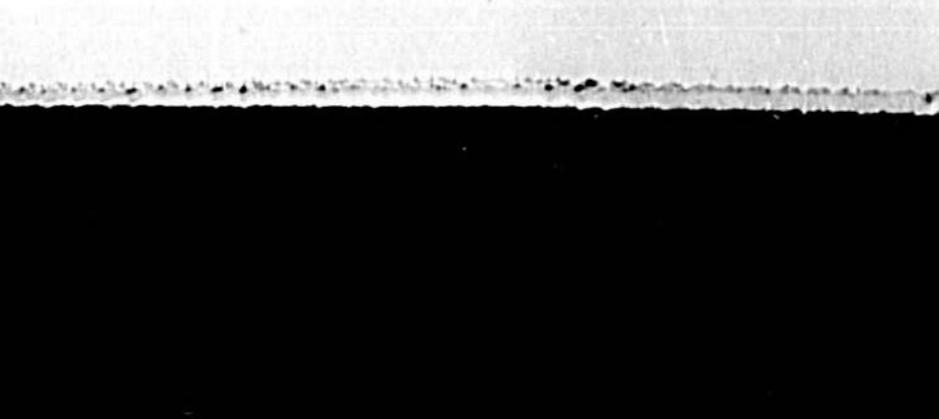

ARTHUR JACKSON ...talented 6th man

REGGIE BUTLER ...fierce rebounder

DOUG DERSHIMER 87.5 pct. free thrower

REGGIE BARNES ...80 pct. free thrower

KEITH WHITNEY ...lightning quickness

JESSE WOODS ...steady playmaker

SHAWN BRITTON ...Spruce Creek scrappier

Softball Girls—Bombard Evans

Theresa Behrens (left) blocks the plate in a futile attempt to stop an Evans runner. Behrens cracked three hits as Sanford whipped Evans 15-12.

Seminole's girls softball team exploded for eight runs in the sixth inning Tuesday to whip Metro power Evans 15-12 at Ft. Mellon Park for its first victory of the season. "We finally got rid of the errors," said Tribe Coach Beth Corso, whose team committed six, but parred the miscue total from the double figures category. Sanford led behind early 9-2 on some speedy fielding and Evans powered back, but started picking up momentum in the second inning. "What do I do now coach?" Seminole's Susan Bagley (right) asks Beth Corso during an anxious moment in Tuesday's win over Evans.

Younger girls. "But they finally realized they had to depend on me if we were going to be any good." Three of those older girls, juniors Cindy Pendarvis and Dee Hogan along with senior Teresa Behrens combined for 10 hits and scored five runs. Pendarvis stroked four hits including a booming triple. Hogan spaced three singles and Behrens, the Tribe's lusting-hitting catcher, whacked a double and a triple among her three hits. In all, the Seminoles plastered Trojan pitching for 19 hits. Tony Hardy, the Tribe's left fielder lashed two hits including a three-bagger. First sacker Marti Warner, outfielder Susan Bagley and designated hitter Val Franklin also had two hits apiece. Evans' pitching was led by 270 10 12 8 6 Seminole 221 208 x 15 19 6

SCC Rally Falters, Raiders Lose 9-8

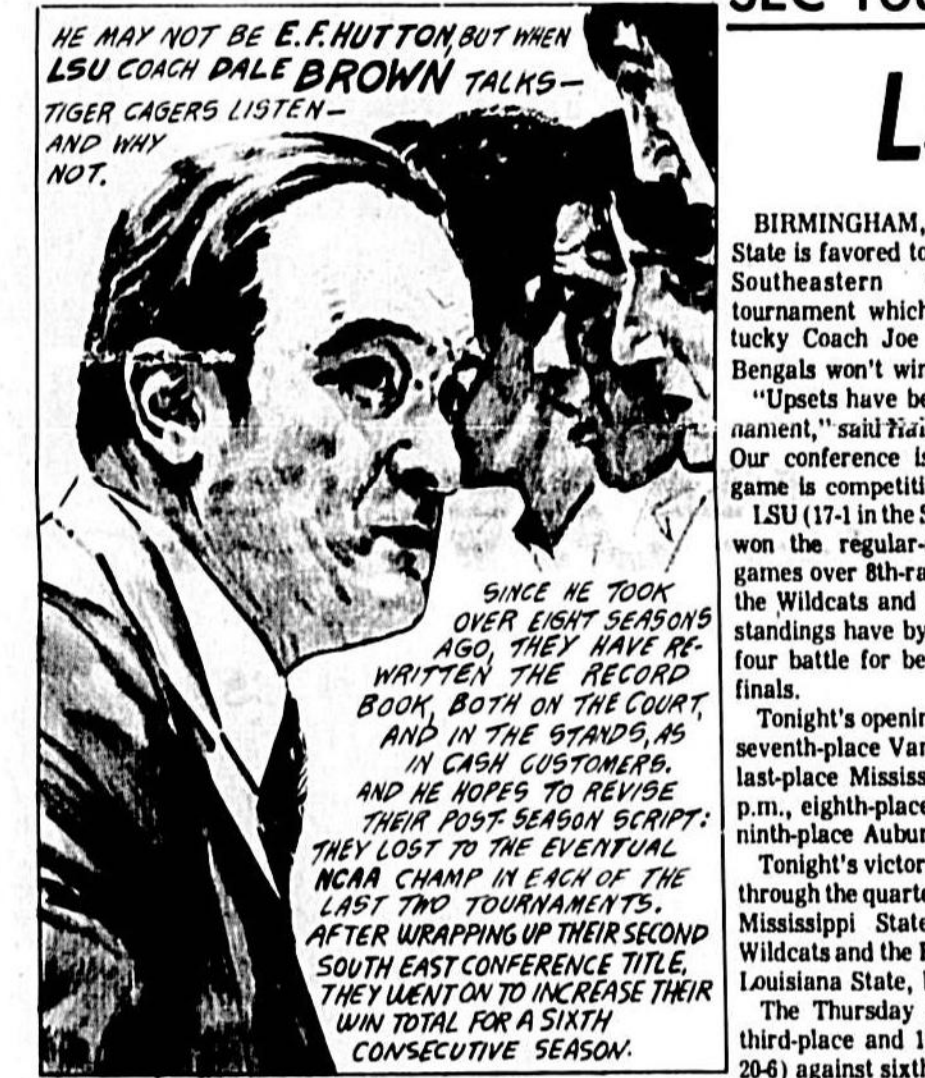

Seminole Community College left the bases loaded in the ninth inning to drop a 9-8 decision to the Florida Southern "B" team Tuesday in junior college baseball action at SCC. Seminole Coach Jack Pantellas was not pleased with his pitchers, but felt his team was not playing well either. "It should have never been that close," said Pantellas afterwards. Southern jumped to a 1-0 lead in the first, but the Raiders came back for three in their half. Leadoff hitter Jim Mee walked, torrid-hitting Bobby Parker ripped a double off the top of the fence and then Mainland's Tony Bell scored Mee with a foul ball sacrifice fly. Cleanup hitter Vince Riva cleared the bases with a towering home run to left center giving SCC a 3-1 advantage. Raider starter Rick Marcello, who was coming off a sparkling shutout last week against Brevard, however, couldn't hold the lead. FSC picked up four runs in the third, knocking out Marcello, who was replaced by former Spruce Creek ace Pete Kuzukos. Seminole dropped to 5-8. Today the Raiders host Brevard. Thursday Central Florida Community College comes to Seminole and Friday South Florida JC invites. All games start at 3 p.m.

The flame-throwing right hander kept the Mocs pretty well in check despite giving up four runs over the remaining seven innings. Trailing 9-5 entering the ninth, Ovidio's Brian Philpott ripped a pinch-hit double scoring Apopka's Jeff O'Dell. Former Lyman swift Parker, who took over the batting average leadership this past weekend with 7-0-11 hits to improve to .455, cracked a single scoring Philpott. Beal struck out, but Riva walked on a 3-2 pitch and Jeff Blanton beat out a roller to short. With the bases loaded and two out, Jim Knight was jammed on an 0-2 pitch and popped out to first, ending the threat. Seminole dropped to 5-8. Today the Raiders host Brevard. Thursday Central Florida Community College comes to Seminole and Friday South Florida JC invites. All games start at 3 p.m.

Sanford Stadium Results: Iowa State 2, Rochester Tech 1; Alma College 5, Heidelberg 4; Heidelberg 4, Rochester Tech 3.

COURT IN SESSION by Alan Mover SEC Tournament

HE MAY NOT BE E.F. HUTTON, BUT WHEN LSU COACH PALE BROWN TALKS—TIGER CASERS LISTEN—AND WHY NOT. BIRMINGHAM, Ala. (UPI) — Louisiana State is favored to repeat as champion of the Southeastern Conference basketball tournament which begins tonight, but Kentucky Coach Joe Hall says the 3rd-ranked Bengals won't win by default. "Upsets have been a tradition in this tournament," said Hall. "There are no easy spots. Our conference is so well balanced, every game is competitive." LSU (17-1 in the SEC and 27-2 overall), which won the regular-season SEC race by two games over 8th-ranked Kentucky (15-5, 22-4), the Wildcats and the next four teams in the standings have byes tonight when the bottom four battle for berths in Thursday's quarter finals. Tonight's opening game, at 6 p.m. est, sends seventh-place Vanderbilt (8-10, 13-13) against last-place Mississippi State (5-15, 8-18). At 8 p.m., eighth-place Florida (5-13, 11-15) plays ninth-place Auburn (4-14, 11-15). Tonight's victors aren't expected to make it through the quarterfinals since the Vanderbilt-Mississippi State winner plays Kentucky Wildcats and the Florida-Auburn winner plays Louisiana State, both Thursday night. The Thursday afternoon quarterfinals pit third-place and 12th-ranked Tennessee (12-6, 20-6) against sixth-place Ole Miss (8-10, 13-13) and fourth-place Alabama (10-4, 17-9) against fifth-place Georgia (9-9, 16-10). If the seedings hold up, Kentucky and Tennessee will meet in one of Friday's semifinals with that winner challenging LSU in Saturday night's finals. The SEC cage tournament was revived two years ago after a 27-year hiatus. That year, LSU won the regular-season title for the first time in 25 years but was knocked out in the tournament semifinals by sixth-place Kentucky, which then lost to Tennessee, the regular-season runnerup. Last year, 2nd-ranked LSU beat 3rd-ranked Kentucky, 80-78, in the tournament's championship game, averaging a 75-74 overtime loss to Kentucky in the final game of the regular season that gave the Wildcats the conference crown for the 10th time in 13 years.

LSU Favored

SEC cage tournament was revived two years ago after a 27-year hiatus. That year, LSU won the regular-season title for the first time in 25 years but was knocked out in the tournament semifinals by sixth-place Kentucky, which then lost to Tennessee, the regular-season runnerup. Last year, 2nd-ranked LSU beat 3rd-ranked Kentucky, 80-78, in the tournament's championship game, averaging a 75-74 overtime loss to Kentucky in the final game of the regular season that gave the Wildcats the conference crown for the 10th time in 13 years.

Maclin Tops

ATLANTA (UPI) — LSU's perennial all-star Durant "Rudy" Maclin, the quiet man of the 3rd-ranked Bengals who sincerely insists team victories mean more to him than individual honors, has been named Southeastern Conference basketball player of the year by United Press International. The 6-foot-7, fifth-year senior from Louisville, Ky., was the overwhelming choice in balloting by sportswriters and sportscasters from the seven-state region, receiving nearly four times as many votes as runnerup Dominique Wilkins. Maclin earlier was named to the UPI all-SEC first team for the third time along with Wilkins, Sam Bowie of Kentucky, teammate Ethan Martin and Elston Turner of Ole Miss.

Virginia's Sampson, Lamp Light Up All-ACC Selections

RALEIGH, N.C. (UPI) — Virginia's inside-outside combination of Ralph Sampson and Jeff Lamp, who led the Cavaliers to their first Atlantic Coast Conference regular season title, were overwhelming choices for the all-ACC team announced today by the Atlantic Coast Sports Writers Association. Joining Sampson and Lamp on the first team were Al Wood of North Carolina, Frank Johnson of Wake Forest and Gene Banks of Duke. Sampson, the 7-4 sophomore center who led the ACC for most of the season in scoring and rebounding, received 229 out of a possible 240 points in the balloting of 120 sportswriters and sportscasters. Wood received 236 points, Lamp 223, Johnson 218 and Banks 184. Although Sampson was the only non-senior on the first squad, there were no repeaters from last year's all-ACC team. The second team this year included Buck Williams and Albert King of Maryland, James Worthy of North Carolina, Larry Nance of Clemson and Sidney Lowe of North Carolina.

1981 GRAPEFRUIT LEAGUE SCHEDULE

Braves' Cox Talking...People Listening

ATLANTA (UPI) — Atlanta Braves Manager Bobby Cox is once again talking about his club as a pennant contender, but this year — for a change — people are listening. After four straight years in the National League West cellar, the Braves posted an 81-80 mark last year to finish fourth, 10 1/2 games behind Houston. And over the final two months of the season, Atlanta had the best record in the National League. "This year, I think we are even better," said Cox. "I'm not excited a lot. We've got some real quality guys on the club right now." When Cox talks about "quality" he can point to third baseman Bob Horner and centerfielder Dale Murphy — the best young slugger duo in baseball. Horner (35 HR) and Murphy (33) each drove in 89 runs last year, although Horner missed 38 games with injuries. "If both of them played 155 games, it would be a reasonable guess that they would be the two of them they could bring in 200 runs," said Cox. "I would be very happy to see them trade for the disgruntled Doyle Alexander (14-11). Lefty Ken Dayley, who was 8-3 with a 2.57 ERA at Class AA Savannah after being drafted out of the University of Portland, will also get a long look in spring training. "Dayley had a great year for a kid

walking right out of college," said Cox. "Our scouts really like him a lot." Cox said the biggest decision in spring training "is getting our starting rotation down. The goal is to have some competition that we haven't had. In the past we've always been searching for five guys who could start." He said the bullpen, led by Rick Camp (6-4, 1.92, 22 saves) "should be excellent." "The Braves' big addition in the free agent market was outfielder Claudell Washington (278), who is being projected as the leadoff hitter. "Claudell gives us great running speed and he's got a great throwing arm," said Cox. Cox improved his defense up the middle with his young double play combination of Rafael Ramirez, 22, and Glenn Hubbard, 23, and Murphy. "There is no better second baseman in baseball at turning the double play than Hubbard," said Cox. He said Ramirez still needs some experience but "he's going to be a great one. He's still going to make some errors but he has got the potential to hit. "Murphy, I think, is just outstanding in centerfield," said Cox. "He gets the greatest jump of anybody in the league."

Say Cheese...

...Creamy Frosting Made Easy

Many people would agree that the best part of a cake is the frosting. There are many types of frostings as there are cake recipes...cooked or uncooked, stiff or airy, using a wide variety of ingredients and flavorings.

The thick and creamy frostings popular in the United States are typically American — even the word "frosting" is the American word for icing on cakes. Unfortunately, some types of frostings are time-consuming or difficult to make, and cake making is too often reserved for entertaining.

Cream cheese lends a rich, unique flavor to many frostings, and is compatible with a wide variety of flavors. It's creamy, and when softened at room temperature and partially diluted, spreads smoothly.

Now there's an even better ingredient for frosting — soft cream cheese which is being introduced in selected markets including this area.

This new dairy product has flavor comparable to brick cream cheese, but it's soft — right out of the refrigerator. Because the body and texture of this soft product are significantly different from other cream cheeses, it is ideal for recipes in which requiring spreadability and the quick blending of ingredients.

However, it is not suggested as a direct substitute for brick cream cheese in recipes since a softer consistency may result. Fluffy "Philly" Frosting, a new kitchen-tested recipe is made in minutes, simply by adding 1/4 cup of sugar and 1 tablespoon of orange juice to the soft cream cheese.

For a delicious Gingerbread Torte, one 9" square pan of gingerbread, made quickly from a mix, is cut in half. Each half is spread with half the frosting, topped with 1/4 cup of orange marmalade, and stacked, making a perfect size cake for the family. Actually, the basic frosting is a good starting point for endless flavor combinations.

Cocount Torte is made by adding toasted coconut and sliced almonds to the frosting mixture, using one 9" yellow cake layer as the base. Even the liquid in the frosting recipe can be altered, as in the recipe for Chocolate Mint Torte, which substitutes milk for the orange juice. A brownie mix provides the delicious foundation, stirring crushed peppermint candies into the frosting mixture.

Fluffy "Philly" Frosting
 1/2 cup coconut, toasted
 1/4 cup sliced almonds, toasted
 Cut cake in half lengthwise. Combine Fluffy "Philly" Frosting, coconut and almonds; mix lightly. Spread each cake half with half of frosting; stack. Garnish with additional coconut. Chill.

CHOCOLATE MINT TORTE
 1 pkg. family size brownie mix
 Fluffy "Philly" Frosting
 1/4 cup crushed peppermint candy
 Prepare cake-like brownies as directed on package. Bake in well greased 9-inch square pan. Cool thoroughly. Remove from pan; cut in half lengthwise.
 Prepare Fluffy "Philly" Frosting as directed substituting 1 tablespoon milk for orange juice. Stir in candy. Spread each brownie half with half of frosting; stack. Chill. Before serving.

Chocolate Mint Torte is frosted with soft cheese.

FLUFFY "PHILLY" FROSTING
 1 8-oz. container soft cream cheese
 1/4 cup sugar
 1 tablespoon orange juice
 Combine cream cheese, sugar and orange juice, beating until light and fluffy.
 Yield: 1-1 1/2 cups
 Serving Suggestion: **GINGERBREAD TORTE**
 1 14-1/2-oz. pkg. gingerbread mix
 Fluffy "Philly" Frosting
 1/2 cup orange marmalade
 Prepare gingerbread according to package directions. Cook 10 minutes; remove from pan. Cool thoroughly. Cut in half lengthwise. Spread each half with half of Fluffy "Philly" Frosting; top each with 1/4 cup marmalade. Stack. Chill.
COCONUT TORTE
 1 9-inch yellow cake layer

...Cheese

Continued From Page 4B

cream cheese. By varying the combinations of breads and spreads, the possibilities for attractive and delicious canapes are endless. Use darker breads such as rye, wheat, or pumpernickel to help bring out the color contrast in the fillings. Add further diversity and eye-appeal by slicing the miniature loaves into various shapes — squares, triangles, or rectangles.

To get you started creating your own combinations, here is a trio of party sandwich loaves for inspiration. All begin with a recipe of Versatile Party Spread which is divided into thirds. For this "BLT" adaptation, chopped zucchini and chives are mixed into a third of the filling, cooked crumbled bacon into another third, and the remainder is left plain. The Bacon Sandwich Loaf is built by alternating layers of breads and fillings, stacked three slices high. The loaf is then cut and garnished with wedges of sliced tomato.

Egg Sandwich Loaves are a vegetarian's delight. Added to the Versatile Party Spread are chopped parsley for the bottom layer filling, shredded carrot in the middle, and chopped egg white on top. The sandwich is assembled in the same manner, making use of the egg yolk by putting it through a fine sieve and sprinkling it on top for a colorful garnish.

For savory Ham Sandwich Loaves, add a touch of mustard to the soft cream cheese and mayonnaise base. Pickle relish and finely chopped ham are the filling ingredients, and are put together with pumpernickel. Topped off with the basic spread, these sandwiches are garnished with green onion slices for a flavorful finish.

This spread is so quick and easy to make, it's a shame to save it for party sandwiches. Add whatever is on hand to the Versatile Party Spread and serve it on any bread, open-faced. It's a perfect partner with a cup of soup or a green salad for a tempting lunch made in minutes.

VERSATILE PARTY SPREAD
 1 8-oz. container soft cream cheese
 1 tablespoon mayonnaise
 Combine cream cheese and mayonnaise, mixing until well blended.
 Yield: 1 cup
 Serving Suggestion: **BACON SANDWICH LOAVES**

Versatile Party Spread
 1/2 cup finely chopped zucchini
 1 teaspoon chopped chives
 6 crisply cooked bacon slices crumbled
 6 whole wheat bread slices, crusts trimmed
 3 white bread slices, crusts trimmed
 1 small tomato, sliced and quartered
 Divide spread into thirds; add zucchini and chives to one third and bacon to second third. For each loaf, spread one whole wheat bread slice with 2 tablespoons zucchini mixture. Cover with white bread slice with 2 tablespoons cream cheese mixture and second whole wheat slice. Frost top with remaining cream cheese spread. Repeat procedure with remaining bread slices. Cut each loaf, diagonally into four sandwiches. Garnish each quarter sandwich with tomato slice.

EGG SANDWICH LOAVES
 Versatile Party Spread
 1 tablespoon chopped parsley
 1 medium carrot, shredded
 1 hard cooked egg
 6 whole wheat bread slices, crusts trimmed
 3 white bread slices, crusts trimmed
 Divide spread into thirds; add parsley to one third, carrots to second third and chopped egg white to last third. For each loaf, spread one whole wheat bread slice with 2 tablespoons cream cheese mixture. Cover with white bread slice with 2 tablespoons cream cheese mixture and second whole wheat bread slice spread with 2 tablespoons egg mixture. Repeat with remaining bread slices. Garnish with sieved egg yolk. Cut each loaf lengthwise into thirds.

...Great Crepes

Crepes on call, whenever you want them! With just a minimum of advance planning and preparation, you can fix this elegant dessert in a matter of minutes...to serve one or two or a crowd.

Making the crepe shells ahead and freezing them contributes to the convenience of this recipe, but there's also another secret. The filling uses its speed, ease, and fluffiness to a new ingredient: soft cream cheese.

Anytime family and friends gather is a good time to think crepes. Following the recipe here, prepare the crepes, allow them to cool, then stack each crepe alternately with two layers of waked paper. Wrap securely in moisture-proof wrap and freeze.

 (Effective March 5 - 11, 1981)

REGAL BANANA FILLING
 1 8-oz. container soft cream cheese
 1/2 cup chunky style peanut butter
 1/4 cup maple syrup
 6 crepes

PEANUT BUTTER CREAM FILLING
 Combine cream cheese, peanut butter and syrup, beating until light and fluffy. Fill each crepe with 1/4 cup cream cheese mixture; roll up. Top with remaining cream cheese mixture. Garnish with chopped peanuts, if desired.
 6 crepes

To achieve the light and fluffy consistency which is similar to that of whipped cream, be sure to use soft cream cheese for these fillings. Because soft, brick, and whipped cream cheeses differ significantly in body and texture, it is suggested that they not be substituted for each other in recipes, since consistency differences may result.

...Hors D'Oeuvres

Some of the simplest ideas add a gourmet touch to party appetizers. Canapes look great on an hors d'oeuvres tray, but are often complicated and time-consuming to make. Both in the making of the fillings and in the assembling of the sandwiches. Rather than making the hors d'oeuvres one at a time, this "spread, stack, and slice" method starts with regular bread mini-loaves. Three slices of trimmed bread are spread with the desired filling, stacked into miniature loaves, and then sliced into individual party sandwiches.

Versatile Party Spread is the base for an assortment of fillings. Adding a variety of ingredients for flavor and color, the ease of this spread comes from a new Kraft product — soft cream cheese.

Potpourri

ELEGANT LEMON CAKE ROLL

- 4 eggs, separated
- 1/4 cup sugar
- 1 teaspoon lemon extract
- 1 tablespoon vegetable oil
- 1/2 cup sugar
- two-thirds cup sifted cake flour
- 1 teaspoon baking powder
- 1/4 teaspoon salt
- Powdered sugar
- Creamy Lemon Filling
- 1/4 cup flaked coconut
- 1/4 teaspoon water
- 1 to 2 drops yellow food coloring

Beat egg yolks until light and lemon colored; gradually add 1/4 cup sugar, beating constantly. Stir in lemon extract and vegetable oil; set aside.

Beat egg whites until foamy; gradually add 1/4 cup sugar, beating until stiff but not dry. Fold yolk mixture into whites. Combine flour, baking powder, and salt; fold into egg mixture.

Grease a 15-x-10-x-1-inch jellyroll pan, and line with waxed paper; grease and flour waxed paper. Spread batter evenly in pan. Bake at 375 degrees for 10 to 12 minutes.

Sift powdered sugar in a 15-x-10-inch rectangle on a linen towel. When cake is done, immediately loosen from sides of pan and turn out on sugar. Peel off waxed paper. Starting at narrow end, roll up cake and towel together; cool on a wire rack, seam side down.

Unroll cake; spread with half of Creamy Lemon Filling, and reroll. Place on serving plate, seam side down; spread remaining filling on all sides.

Combine coconut, water, and food coloring in a plastic bag; close securely, and shake well. Sprinkle colored coconut over cake roll. Refrigerate for 1 to 2 hours before serving. Yield: 8 to 10 servings.

Creamy Lemon Filling:
1 (14-ounce) can sweetened condensed milk
one-third cup lemon juice
1 to 2 teaspoons grated lemon rind
5 drops yellow food coloring

1 (4-ounce) carton frozen whipped topping, thawed
Combine sweetened condensed milk, lemon juice, lemon rind, and food coloring; mix well. Fold in whipped topping. Yield: about 3 cups.

LEMON ICE CREAM PIE
1 1/2 pints vanilla ice cream
3 eggs
1/2 cup sugar
1/4 teaspoon salt
1/4 cup lemon juice
1 cup whipping cream, whipped
Grated lemon rind (optional)
Mint leaves (optional)

Cut ice cream into 1/4-inch slices, and arrange on bottom and sides of a lightly greased 9-inch piepan. Let ice cream soften slightly; then smooth slices together with a spoon, forming a pie shell. Freeze 2 1/2 hours or until firm.

Combine 1 egg and 2 egg yolks in a small, heavy saucepan; beat well. Stir in sugar, salt, and lemon juice. Cook over low heat, stirring constantly, until thickened. Set aside to cool. Fold mixture into whipped cream.

Beat 2 egg whites until stiff; fold into lemon mixture. Spoon filling into ice cream shell. Freeze until firm (about 5 hours). Let stand at room temperature 5 minutes before slicing. Garnish with grated lemon rind and mint leaves, if desired. Yield: one 9-inch pie.

CHEESY EGG POO YUNG SANDWICHES

- Sauce: (Yield: 1/2 cup)
- 1 teaspoon caraway
- 1 teaspoon sugar
- 1-3 cup water
- 1 teaspoon soy sauce
- 1 tablespoon butter

Filling:
4 eggs
1 can (16 oz.) chop suey vegetables, drained
1 cup (4 oz.) shredded Brick cheese
2 tablespoons butter
1/4 cup chopped green pepper
6 sesame sandwich buns, split, buttered and toasted

For sauce, combine caraway and sugar in a small saucepan; stir in water and soy sauce until smooth. Cook over medium heat, stirring constantly until thickened. Boil and stir 2 minutes. Remove from heat and stir in butter until melted; set aside. For filling, beat eggs until light; stir in vegetables and cheese. Pour a scant 2 tablespoons of mixture into a lightly buttered hot skillet. (Use additional butter as needed.) Turn when egg looks set and bottom is golden. Keep warm for serving. To serve; spread cut sides of buns with soy sauce mixture. Place one egg froyung on bottom half of bun. Top with 2 teaspoons chopped green pepper, then another egg froyung. Cover with top of bun. Serve immediately.

CHARLOTTE RUSSE

- 1 envelope unflavored gelatin
- 1/4 cup milk
- 2 eggs
- 1 cup sugar
- 1/4 teaspoon salt
- 2 cups milk
- 3 tablespoons cream sherry
- 1 teaspoon vanilla extract
- 2 cups whipping cream, whipped

About 10 ladyfingers, split lengthwise
Soften gelatin in 1/4 cup milk; set aside.

Combine eggs and sugar, beating until thick and lemon colored; stir in salt and 2 cups milk. Cook in top of double boiler, stirring constantly, until thickened. Remove from heat, and stir in gelatin mixture; cool.

Stir sherry and vanilla into curd; fold in whipped cream. Line sides of a 2-quart bowl with about 7 ladyfingers. Pour in filling; chill until set. Garnish with remaining ladyfingers. Yield: 8 to 10 servings.

CHEDDAR TUNA SANDWICH

- 1 can (8 1/2 oz.) tuna, drained and flaked
- 1/4 cup chopped pimento-stuffed olives
- 2 tablespoons chopped onion
- 1-3 cup dairy sour cream
- 1/4 teaspoon prepared mustard
- 4 slices whole wheat bread, toasted and buttered
- 4 slices cheddar cheese

Combine tuna, olives and onion. Combine sour cream and mustard; toss with tuna mixture. Spread bread with tuna mixture. Top each sandwich with a slice of cheese. Broil until cheese melts, about 2-3 minutes. Serve immediately.

Lettuce-based sandwich fillings are inventive eating any time of the year.

Try Layered Salad-Sandwiches

Scandinavians long have known the pleasures of viewing and eating salad sandwiches. The eye-appeal is just as important as the ultimate taste, they feel.

Good hearty breads or crackers are a basis for such sandwiches. To make one version of a layered salad sandwich with lettuce, first spread bread with a mixture of cream cheese, chopped ripe olives, pimiento and diced almonds. This combination varies with your mood.

Prepare a mixture of lettuce-salad fillings of crisp vegetables, shredded chicken or chunky peanut butter and bananas.

- LAYERED ICEBERG SALAD-SANDWICH**
- 1 head iceberg lettuce
 - 2 packages (3-ounce) cream cheese, well drained
 - 1/2 cup chopped ripe olives, well drained
 - 1 tablespoon chopped pimiento
 - 2 tablespoons diced roasted almonds
 - 1/4 cup finely chopped green pepper
 - Bottled French dressing
 - 8 thin slices whole-wheat bread
 - 4 thin slices white bread
 - Mayonnaise

Core, rinse and thoroughly drain lettuce; refrigerate in disposable plastic bag or plastic crisper. Soften cheese and beat smooth. Combine with olives, pimiento and almonds.

Shred enough lettuce to measure 2 cups; toss with green pepper and French dressing. Spread each slice of bread lightly on one side with mayonnaise. Spread one slice whole-wheat bread generously with cream cheese mixture. Top with sliced white bread, then shredded lettuce and place whole-wheat slice on top. Press down lightly. Cut in halves or thirds. This kitchen-tested recipe makes 4 salad-sandwiches.

- ICEBERG CHICKEN SANDWICH**
- 1 head iceberg lettuce
 - 1/2 cup mayonnaise
 - 1 teaspoon prepared mustard
 - 1/2 teaspoon lemon juice
 - 1-16th teaspoon dried dill
 - 8 slices rye or whole-grain bread
 - 1 cup shredded cooked chicken
 - 1/4 cup chopped green onion
 - 1-16th teaspoon salt
 - 4 plum tomatoes

Core, rinse and thoroughly drain lettuce; refrigerate in disposable plastic bag or plastic crisper. Stir mayonnaise, mustard, lemon juice and dill together. Spread lightly on each slice bread. Shred lettuce to measure 2 cups. Combine with chicken, onion, salt and remaining mayonnaise mixture. Place on bread. Serve open-face or put two slices together. Garnish with halved plum tomatoes. This kitchen-tested recipe makes 4 salad-sandwiches.

Salute St. Patrick with Quiche O'Brien

Eggs Make 'Eggs-Cellent' Fare Anytime, Anywhere

Everyone's Irish on St. Patrick's Day, but not every dish is as easy to make, economical and elegant as Quiche O'Brien. Though its name sounds impressive, a quiche is simply a nutritious, delicious egg and cheese pie.

- 1 (9-inch) pie shell, unbaked
- 6 eggs, beaten
- 1 can (13 oz.) evaporated milk
- 8 ounces American cheese, cubed
- 1 tablespoon instant minced onion
- 1/2 teaspoon seasoned salt
- 1/4 cup chopped green pepper
- 2 tablespoons chopped pimiento

Brush pie shell with small amount of the beaten eggs. Prick bottom and sides with fork. If using metal pie pan, bake shell in preheated 450 degree F. oven until golden brown, about 5 minutes. If using pie plate, bake shell at 425 degrees F. Cool on

wire rack. Reduce oven temperature to 375 degrees F. for metal pan or 350 degrees F. for pie plate.

Meanwhile, in medium saucepan combine milk, cheese, onion and salt. Cook over medium heat, stirring frequently, until cheese melts. Gradually beat hot cheese-milk mixture into eggs. Stir in green pepper and pimiento. With pie shell on oven rack, carefully pour egg mixture into shell. Bake in preheated oven until knife inserted near center comes out clean, about 30 minutes. Let stand 5 minutes before serving.

You may use a thawed frozen deep-dish pie shell. Prebake shell in preheated 450 degrees F. oven for 5 minutes. Bake filled quiche at 350 degrees F.

SPINACH FRITTATA
(4 Servings)
An Italian favorite, a frittata is similar to an omelet but is flat and cooked on both sides. It's an easy-to-prepare entrée that's great for brunch, lunch or an after-the-game get-together.

- 1 package (10 oz.) frozen chopped spinach
- 3 tablespoons butter
- 1/4 cup finely chopped onion OR 1 tablespoon instant minced onion
- 8 eggs
- 1-3rd cup grated Parmesan cheese
- 1/2 teaspoon seasoned salt
- Dash pepper

Cook spinach according to package directions. Drain well, pressing out excess liquid. In large omelet pan or skillet with covered handle, cook onion in butter over medium heat until tender but not brown, 5 to 7 minutes. Beat together eggs, cheese, salt and pepper. Stir in drained spinach. Pour over onions. Cook over low to medium heat until eggs are almost set, about 6 to 8 minutes. Broil about 6 inches from heat until lightly browned, 2 to 3 minutes. Cut into wedges and serve from pan or either slide from pan or invert onto serving platter.

ASPARAGUS CREPES MORNAVY
(4 Servings)
If June is the month for brides, then May is the month for bridal showers. Springtime is also a good time to enjoy fresh asparagus. Serve this delicious green vegetable in Asparagus Crepes Mornavy for a sensational shower, beautiful brunch or delicious dinner entrée.

- 8 Crepes (recipe follows)
- Mornay Sauce (recipe follows)
- 1 pound fresh asparagus spears, cleaned and trimmed
- 6 hard-cooked eggs, chopped
- Parsley, optional

Prepare Crepes and Mornay Sauce. Steam or cook asparagus in a small amount of boiling salted water just until crisp-tender, about 10 to 15 minutes. Drain. Divide asparagus spears among crepes.

Combine eggs with 1/2 cup Mornay Sauce. Spoon about 2 to 3 tablespoons egg mixture evenly over asparagus on each crepe. Roll up crepes and place in greased 13 x 9 x 2-inch baking dish. Pour remaining Mornay Sauce over crepes. Bake in preheated 350 degrees F. oven until hot and bubbly, 15 to 20 minutes. Garnish each 2-crepe serving with parsley, if desired.

- CREPES**
2 eggs
1-3rd cup milk
1-3rd cup water
2 tablespoons butter, melted
Melted butter

In mixing bowl combine eggs, milk, water and 2 tablespoons melted butter. Beat with mixer, rotary beater or wire whisk until well blended. Add flour and salt. Beat until smooth. Heat 8-to-10-inch omelet or crepe pan over medium-high heat until just hot enough to sizzle a drop of water. Brush pan lightly with melted butter. For each crepe, pour in just enough batter (about 2 tablespoons for 8-inch pan OR scant 1/4 cup for 10-inch pan) to cover bottom of pan. Tipping and tilting pan to move batter quickly over bottom. Cook until lightly browned on bottom and dry on top. Remove from pan or, if desired, turn and broil other side. Brush pan lightly with melted butter as needed to prevent sticking. Stack crepes between layers of waxed paper, if desired, until ready to fill.

- MORNAY SAUCE**
3 tablespoons butter
3 tablespoons flour
1/4 teaspoon salt
Dash pepper
1 1/2 cups milk
3/4 cup (3 oz.) shredded Swiss cheese
3 tablespoons grated Parmesan cheese
2 tablespoons dry vermouth, white wine or lemon juice, optional

In medium saucepan melt butter or blend in flour and seasonings. Cook, stirring constantly, over medium-high heat until smooth and bubbly. Stir in milk all at once. Cook and stir until mixture boils and thickens. Remove from heat. Stir in cheeses until Swiss cheese is melted. Stir in vermouth, if desired.

- OLD FASHIONED EGG SALAD**
(4 Servings)
Summer is a time for inside-outside foods — those that go well either on the indoor dinner table or in the outdoor picnic basket. Three perennial favorites are Old Fashioned Egg Salad, Mustard Potato Salad and Macaroni Salad. All three salads are really quick to fix and can be prepared ahead and kept refrigerated. If you're planning to take any or all of them along for your 4th of July picnic, be sure to keep them cool on ice in a cooler or ice chest until serving time.

- 1/4 cup mayonnaise
- 2 teaspoons lemon juice
- 1 teaspoon instant minced onion
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 6 hard-cooked eggs, sliced
- 1/2 cup finely chopped celery
- 4 lettuce leaves

Blend together mayonnaise, lemon juice, onion, salt and pepper. Reserve 4 slices from center of 1 egg for garnish. Chop remaining eggs. Stir chopped eggs and celery into mayonnaise mixture until moistened throughout. Cover and refrigerate until ready to serve. For each serving, spoon about 1/4 cup egg salad onto a lettuce leaf. Garnish with reserved egg slices.

- MUSTARD POTATO SALAD**
(6 to 8 Servings)
Stir the following ingredients into Old Fashioned Egg Salad:
1 pound potatoes, cooked, peeled and diced (about 3 cups)
1/4 cup mayonnaise
1/4 teaspoon prepared mustard
1/4 teaspoon instant minced onion
1/4 teaspoon salt

- MACARONI SALAD**
(6 to 8 Servings)
Stir the following ingredients into Old Fashioned Egg Salad:
1 1/2 packages (10 oz.) elbow macaroni, cooked and drained
1/4 cup chopped green pepper
1/4 cup mayonnaise
1 jar (2 oz.) chopped pimiento, drained

Excessive Protein May Be Hazardous
DR. DR. LAMB — Just got back from the doctor's office and he scared the wits out of me. He said my blood test showed I had too much urea. I asked him what that meant and he said it was caused by my kidneys not clearing my blood properly. He wants me to drink lots of water and cut down on eating meat for a week and then repeat the test. Dr. Lamb, does that mean I have uremic poisoning? I know that's a killer. What will drinking water do to help my urea? Information on the kidneys, please send it to me. DEAR READER — I would suggest that you take a deep breath, sit down and relax. A blood test is just a test, not a diagnosis, and you are a long way from having a diagnosis of uremic poisoning. Urea is the nitrogenous end product from the breakdown of protein from your food. The more protein you eat, the more urea your body produces. And as you produce more urea the amount increases in your bloodstream. Now, as your blood is filtered by your kidneys, the urea is filtered out in the urine. The more urine your kidneys produce, in relation to the amount of water you drink, the more urea will be washed out of your blood. If a person happens to eat a lot of protein and doesn't drink enough water, or gets dehydrated at all, the blood level of urea can increase enough to cause the blood test to be moderately elevated. How the kidney works as a filter and handles salt and urea is discussed in "The Health Letter" number 12-12, "Your Kidneys and How They Work," which I am sending you. Others who want this issue can send 75 cents with a long, stamped, self-addressed envelope for it to me, in care of this newspaper, P.O. Box 1351, Eustis City Station, New York, NY 10013.

HOROSCOPE
By BERNICE REDE OSOL
For Thursday, March 5, 1981

YOUR BIRTHDAY March 5, 1981
There are a number of creative things you do especially well, but up until now they have been merely a pleasant way to pass the time. This coming year, however, you'll be able to find ways to make them pay off. PISCES (Feb. 20-March 20) You have excellent leadership qualities today. What makes them even more attractive is you won't be trying to throw your weight around. Your good example is enough. ARIES (March 21-April 19) It may not always be wiser, but sometimes it's better to let our heart rule our head, rather than the other way around. Keep this in mind today. TAURUS (April 20-May 20) You may feel you haven't been spending as much time as you should with someone you are fond of. If this is true, then arrange today to rectify it. GEMINI (May 21-June 20) The way you conduct yourself today will win you admiration of your peers, especially members of the opposite sex who have always felt you were a pretty nice person to begin with. CANCER (June 21-July 22) You are blessed with a marvelous imagination. It should really be functioning today. You're capable of outstanding achievement either artistically or with the written word. LEO (July 23-Aug. 22)

WIN AT BRIDGE
Then, as frequently happens when a player uses his tongue instead of his brain, it turned out that he made only 11 tricks.
He won the heart lead with dummy's ace, led the jack of clubs and let it ride. West let it ride also. A second club came next and when East discarded South played his ace of clubs and continued with the queen.
Unfortunately for South, West was a thoughtful bridge player. He ducked again with his king. Some five minutes later, South had collected just 11 tricks and another slam had bit the dust.
South was a good sport. He congratulated West on his magnificent defense. North wasn't pleased at all.
He pointed out that while West had played well, it had been most unfortunate of him to take advantage of a man who obviously belonged anywhere except at a bridge table.
He explained, South should have played his queen of clubs on the first club lead and continued with the ace. Then he could lead the three. West could duck, win, whistle a happy tune or just give up. West would be able to win the third club in dummy, lead a spade to knock out the king and have his 12th trick. (NEWSPAPER ENTERPRISE ASSN.)

U.S. Charges Rightist Behind Embassy Attack
SAN SALVADOR, El Salvador (UPI) — U.S. Charge D'Affaires Frederick Chapin accused rightists of a gunfire attack on the American embassy and said America "will not be intimidated" into lacking a military coup. Chapin made the charges in his first-ever news conference Wednesday only hours after gunmen riding a pickup truck raked the U.S. Embassy in El Salvador with automatic rifle fire. There were no casualties. "This incident has all the hallmarks of a (Roberto) D'Aubuisson operation," Chapin said. D'Aubuisson, a former national guard intelligence chief, hinted to reporters Tuesday he was plotting a rightist military coup and said the Reagan administration would "have no reason to oppose it." But Chapin emphatically said, "We oppose coups and have no intention of being intimidated." Chapin did not say why he thought D'Aubuisson, a top rightist leader, was behind the embassy attack, but said it was similar to an assault last May by rightist gunmen who opened fire on the U.S. facility from a speeding pickup truck. In Washington, Secretary of State Alexander Haig warned a military coup in El Salvador would have "serious consequences" and denied claims by D'Aubuisson he had been in contact with the Reagan administration. Wednesday's shooting shattered a window on the ground floor of the three-story mission in a residential section of San Salvador. U.S. Marines and Salvadoran national guards protecting the mission did not fire back at the assailants, Chapin said. Salvadoran Junta President Jose Napoleon Duarte told reporters Wednesday he issued a warrant for D'Aubuisson's arrest after the rightist leader held a news conference with foreign journalists at a secret location Tuesday. Duarte also denied reports he was traveling to West Germany to open negotiations with leftist leaders fighting to overthrow the U.S.-backed military-Christian Democratic government.

Evening Herald

U.S. Charges Rightist Behind Embassy Attack

When the kidney function is really severely compromised, the level of urea in the blood does rise. A very high urea level is an indication of kidney failure and this affects the body in many ways. If severe enough and not corrected, it can lead to coma and death. With the advent of new medicines to treat kidney problems, artificial kidneys and even kidney transplants, this is less of a problem than it once was. Mild elevations of urea usually are not very important, particularly if the other functions of the kidney are normal.

DEAR DR. LAMB—I'm a 25-year-old female and I have been on Indoral for five years. I would like to know what this medicine would do if I got pregnant. I am taking it for a rapid heartbeat which started when I had a child five years ago. I have heard that they don't know what it would do to the baby.

DEAR HEADER — You have heard right. Indoral is a superb medicine for some people. It tends to neutralize the effects of adrenalin produced by your body. Like all medicines it is not good for everyone in every situation. It is quite good for the control of heart irregularities and attacks of rapid heartbeat.

MAKE-DO RUNWAY
It wasn't exactly what pilot Bill Eastman had in mind, but when his 1950-vintage Stinson developed mechanical problems Wednesday around 6 p.m., he had no choice — he didn't feel he could make it across Lake Monroe so he made a forced landing on Interstate-4 near Deltona. Eastman, of Royal Palm Dr. in Casselberry, touched down safely about a half-mile east of the Saxon Road overpass. Parked overnight on the I-4 median, the antique aircraft was scheduled to be disassembled today and moved on a flatbed truck.

But he said El Salvador needed only 30 to 40 U.S. military advisers to train the Salvadoran military. The State Department has granted El Salvador \$80 million in aid and says the number of U.S. military advisers in the country shortly will be increased to 54.

Fleas, Ticks Flee... TODAY

Along With Half Of House
NORTH MIAMI, Fla. (UPI) — Paul Molz was fed up with the ticks and fleas that infested his house and lawn so he sprayed his yard with gasoline. The ticks and fleas are gone now — but so is half his house which caught fire Tuesday. Molz was rushed to the hospital after the pilot light of a water heater on his porch ignited the gasoline. "Everybody around my house has dogs," Molz said from a hospital bed Wednesday. "I got fed up with the problem, so I started to spray. Next time I'll get a noncombustible water-base spray." The blaze caused \$25,000 in damage to the house, a Metro Dade County Fire official said, "but it sure got rid of the fleas."

Hattaway, Brantley: 65 OK, But...
The state Senate Transportation Committee Wednesday approved a bill raising the speed limit to 65 on interstates and the Florida Turnpike, despite a warning that the state will lose \$30 million a year in federal funds. The bill was forwarded to the State Finance and Tax Committee. If it clears that panel it will be taken up by the full Senate during the upcoming session of the Legislature, April 7. Under the bill, the speed limit would stay at 55 on city, county and regular state roads. Jacksonville Sen. Dan Jenkins said he believes President Reagan will support Congress to repeal the law requiring the U.S. Department of Transportation to cut off highway funds to states not limiting speeds to 55. But even if the law remains on the books, the federal government isn't going to take away Florida's money, he predicted. "The interstates were designed for higher speed travel — up to 70," Brantley said. "I've heard the pros and cons on the thing. I don't think there are any statistics showing accidents occur any more frequently at 65 than at 55," Brantley said. "State troopers today set their radars at 62 miles per hour anyway, giving motorists that much leniency. People are driving at those speeds right now." "I'm told by truck drivers it uses more gas to go 55 miles per hour than 65. I don't really know if there is a real gasoline savings at 55. I'd like to hear some of the testimony on it," the Longwood legislator said. "I'd like some assurance if Florida loses its federal funding that it will not be necessary to go through all this tax stuff for DOT. I'm opposed to tax increases," Brantley said. Hattaway noted that the federal government for a number of years has used the threat of cutting off federal funding as a crowbar against the state to enforce its demand for the 55 miles per hour speed limit. "Florida would be put in a bad position if Reagan does not get the legislation to permit the states to set their own speed limits without losing federal money," Hattaway said. Hattaway said the federal government currently matches state funding of 25 percent with 75 percent for the interstate system. "Basically I am not willing to take the chance at this time of losing that money," he said.

Snow Storm Sweeps East Coast
United Press International
A fast-moving storm that buried parts of Colorado and Nebraska in 2 feet of snow swept the East today, dumping 7 inches of snow on parts of Maryland and snarling rush-hour traffic along much of the northern Atlantic Seaboard. Torrential rains fanned out to the south of the snowstorm, dousing much of the Southeast. Winter storm warnings were posted for much of the East, from Maryland to New York. Up to 7 inches of snow stacked up on parts of western Maryland by morning and the storm showed no sign of easing. Forecasters said the area could get up to a foot of snow. Schools in four western Maryland counties closed. The snow is the product of a storm system that swept through the Rockies and the Plains Wednesday, hobbling Denver and leaving parts of Nebraska and Colorado under up to 2 feet of snow. The storm pushed into the Ohio Valley today and veered to the south and east, bringing heavy snow to the mountains of Pennsylvania and Maryland. Rain also spread over parts of California, with more than 2 inches 'soaking' Santa Barbara.

FP & L To Replace Sanford's Street Lights To Save Energy
The installation beginning in July of new high pressure sodium vapor street lights in Sanford will cut down on power costs and ultimately conserve more than 2,000 barrels of oil annually. Florida Power and Light Co., district manager Bruce Berger and Barry Lawson, Florida Power Corp. district manager, gave delegates to the Council of Local Governments in Seminole County Wednesday tips on how the cities and the county governments can cut down on power costs and conserve energy. Berger, saying FP&L is committed to reducing its oil consumption by half by 1985, said almost 270,000 barrels of oil will be saved annually by the firm through the switch to the higher intensity but less energy-consuming type street lighting in its service areas in Florida. He said the emphasis has been placed on conservation of energy rather than on money savings. He said about one barrel of oil per year per light will be saved by switching. Berger said installation of the new lighting will also require installation of different fixtures and thus require a substantial outlay of capital by FP&L. power bills of \$6,000 annually were realized. "It means employees during cold weather have to wear sweaters for 15 minutes each morning," he said. "Energy wasn't a concern until recent years," McMahon said. "We need planned growth in Florida and we can start this planning with energy conservation," he said. In other business, Casselberry Mayor Owen Sheppard, chairman of the council, said he will be forwarding to the county commission resolutions from six of the seven cities of the county urging that a six-member committee be named to study tax equalization. Three of the members are to represent the cities and three the unincorporated areas. Only Altamonte Springs declined to participate in the study. City Commissioner Dolores Vickers said Altamonte is involved in reciprocal agreements with the county on fire protection, data processing and land planning and basically would have a "conflict of interest" if it participated.—DONNA ESTES.

805th Aviation Battalion Reunion Set
Special To The Herald
Beginning Friday and continuing through Sunday, Sanford will be the site of the annual Florida reunion of the 805th Aviation Engineer Battalion. Former members of the World War II unit will gather at the Lake Monroe Holiday Inn and once again enjoy the friendship of the old comrades. Many of these men have not seen each other since 1945. On Saturday morning the group will gather near the flag pole in front of the inn where a flag raising ceremony will take place in honor of departed brothers. The gathering will be officially welcomed to Sanford by Sanford Mayor Lee Moore at 9 a.m. Following the brief ceremony, there will be an honorary 21 gun salute by "B" Company of the National Guard. Group photographs will be taken and the rest of the day will be spent greeting old friends and some local sightseeing. In the evening, a banquet will be held at the Fleet Reserve and on Sunday morning, a farewell breakfast will be held. At the Saturday evening festivities, the group will be addressed by Col. Harry A. Hall (Ret.), who was Commanding Officer of the Battalion during its World War II days. The 805th Aviation Engineer Battalion was established several months prior to the beginning of World War II, and had its roots at McMill Field, Tampa, Fla., its assigned mission was to build, maintain, defend, and camouflage, military air fields. The specialized group was moved to the Panama Canal Zone and the Republic of Panama where additional cadre was added from the 11th Engineers at Fort Clayton. When the Battalion was at full strength, it consisted of about 800 men, but trained in the use of heavy equipment, carpenter work, and other skills necessary to it function. The unit served throughout World War II. When the terms of surrender had been completed, the 805th Engineer Battalion returned to the United States for discharge. Each year, the members of the 805th have two reunions. One is held in the Northern part of the country and the other is held in Florida. One of the unique features of the 805th Engineers was that most of its men remained together throughout its lifetime from inception to final separation. This circumstance fostered a strong tie among the men as though they were all family members and brothers and this close relationship directly contributed to the many successful missions completed by this unit. To this day, these strong ties endure and the men continue this close relationship through its reunions.

Democrats Make Reagan's Day Proposing More Cuts
WASHINGTON (UPI) — A group of conservative Democrats today presented President Reagan with a proposal for another \$11.2 billion in federal spending cuts, and he told them they had "made his day." Rep. Charles Stenholm, D-Texas, told reporters after attending Reagan's breakfast meeting for the Congressional Conservative Democratic Forum that the group also supports the president's \$41 billion slash in the 1982 budget. The legislators appeared less enthusiastic, however, about the administration's three-year, 10-percent-a-cut in income tax rates. Stenholm said Reagan agreed to consider the group's proposals for additional cuts in the 1981 and 1982 budgets and told the lawmakers "he had made his day." "I like this, I might consider becoming a Democrat again," Rep. Sonny Montgomery, D-Miss., quoted Reagan as saying. Reagan's meeting with the mostly southern Democrats followed a session Wednesday with 52 freshman Republicans also designed to promote the president's spending and tax cut program to revive the economy. Rep. Phillip Gramm, D-Texas, said the additional spending cuts the Democrats proposed included: —Private funding of the strategic petroleum reserve, saving \$4.2 billion in fiscal 1981 and \$3.2 billion in 1982, which requires government jobs to pay a union wage scale, saving \$10 million in fiscal 1981 and \$50 million in 1982. —Rep. Tom Bevel, D-Ala., said he does not believe the president's tax package will be approved as proposed. —Terminating the Legal Services Corp., saving \$241 million in 1982. —Reducing non-military, nonstrategic foreign aid by 10 percent, saving \$150 million in 1981 and \$485 million in 1982. —Repealing the Davis-Bacon Act, which requires government jobs to pay a union wage scale, saving \$140 million in fiscal 1981 and \$50 million in 1982. —Rep. Tom Bevel, D-Ala., said he does not believe the president's tax package will be approved as proposed. "There's going to be some changes made," he said. Montgomery, a champion of veterans rights, said Reagan reassured him that no critical benefits or services for veterans will be reduced. "He's going to rework on those veterans programs," said Montgomery. The Congressman said budget director David Stockman described reports of cuts in veterans benefits as "bad leaks" to the press.
