Area Jaycee Captures National Director Post

By CHARNER LEONE
Robert Hattaway, immediate past president of the South Seminole JayCees, has been elected to a national JayCee office. He was one of three JayCees in the state to be elected to the office of administrative national JayCee director during this weekend's convention in Panama City.
Hattaway also announced his candidacy for the presidency of the Club for the two-day convention.
At the convention four local JayCees received plaques in recognition of their activity in local affairs and for their work in recruiting new members. They are Jerry Ellis, David Robb, John Morris and Sidney Vilhen Jr., president of the local organization.
The delegates at the convention passed a resolution that the Florida Legislature enact legislation to preserve Florida fresh water from pollution. They also passed a resolution in support of President Nixon's policy in Vietnam.
Several state dignitaries were in attendance at the state convention. They included State Treasurer Roward Williams, Sen. John Mathews, president of the state Senate and candidate for governor, and Robert M. Haverfield, state representative from Miami.

MONDAY Headlines Inside THE HERALD

- World News**
South Vietnamese report 145 more North Vietnamese killed south of Da Nang and 12 captured, bringing enemy casualties in the area to 816 in five days. (Page 1B)
Around The Nation
A federal jury begins its third day of deliberations on the fate of seven men charged with riot conspiracy. The defendants are already in jail for contempt. Their lawyers also are sentenced to prison for contempt. (Page 1B)

Error Sparks Interest

Many times in the history of the Fourth Estate a news report, which has erred in its factual detail, has inadvertently sparked public interest and public reaction which has much greater depth and much broader meaning than the single dispatch.
This is precisely what has happened since this newspaper printed the two headlines of the regular meeting of the Sanford City Commission last week and included a mistake which we have publicly acknowledged.
The spark which immediately ignited a blaze of citizen indignation evidently was the matter of "rights-of-way" which the city and Seminole County, in their respective land areas, control along the bulkhead of Lake Monroe.
In The Herald initial report the area was described as being on city-owned land, although the discussion had dealt primarily with county-owned land and had been put on the agenda with the stated purpose of getting the city to agree to probable county action in that matter.
(Continued on Page 4A, Col. 1)

ANOTHER LOCAL HIGHWAY TRAGEDY
ELIZABETH FOSTER FAVATA, 80-year-old Fern Park woman, was killed Saturday night when she was struck by a car while crossing Highway 17-92 near the Orlando-Seminole Jai Alai Fronton. Above, J. Q. (Slim) Galloway, county's chief investigator, kneels and Trooper Robert Lovinger of Florida Highway Patrol try to piece together some of the evidence.
The woman was the second traffic victim of the weekend as a 17-year-old Winter Park high school student was killed and five persons injured Friday afternoon in a two-car collision. John E. Stonington Jr., a passenger in a car driven by Ralph Thomas, 18, Maitland, was killed in a mishap at the intersection of Semoran Boulevard and Howell Branch Road. The Thomas car reportedly turned from Howell Branch Road into the path of a car driven by Mrs. Alta M. Schmidt of Fern Park, which was being driven south on Semoran Boulevard. (Staff Photo)

Armed Robbers Strike Twice

By BILL SCOTT
Two Saturday night robberies resulted in the loss of an undetermined amount of money from a Sanford grocery store and several bottles of narcotics from a Longwood drug store, according to records at Sanford police and Seminole sheriff departments.
Two gun-wielding handits, wearing white hoods, hats and gloves, robbed Food Fair Store, corner 25th Street and Park Avenue, shortly before closing time by forcing the manager and a cashier to empty two drawers of currency into bags.
The pair then reportedly drove away just as the alarm was being given at the police station. Their get-a-way car, a 1962 red Chevrolet, was found abandoned a few blocks away from the hold-up scene.
Lt. Charles Fagan, Sanford police, said the car had been stolen earlier at Orlando but was found empty in a local French Avenue night club parking lot by police.
A four-hour stakeout of the vehicle proved unsuccessful, so authorities finally removed the auto, which was registered to Glenn Patrick Byrd, of Orlando.
Grocery store officials declined to reveal the exact amount of the loss, but it is probable that several hundred dollars made up the loot taken by the two robbers.
Jerry Ellis, store manager, told police that one of the masked men came to the produce stand where he was working and forced him to go to the office where a cash drawer was emptied.
The second robber forced Barbara Bogaegis, 805 Escambia Drive, a cashier, to give him the paper money in her register.
Several customers were in the store at the time of the incident and these were advised by the gunmen "not to move" as the robbery progressed.
The men reportedly ran to their waiting car with the store's night receipts and drove away toward Park Drive.
In the second robbery, a lone teenage gunman with a revolver forced a Webbs Pharmacy drug clerk to hand over several bottles of Demoral (a pain killer) during a 9:30 p.m. incident at the Longwood store.
D. R. Schreiner, county narcotics agent, reported a youth 18-20 and wearing a tan jacket, gray bell-bottomed pants with a vertical stripe down the sides escaped the scene in a maroon Mustang in the company of several other persons.
Schreiner said the robber came into the store and went straight to the drug counter where he demanded drugs from the pharmacist. The youth reportedly carried a 44 caliber magnum pistol.

Samaritan Building SS Grow

The building fund for the Good Samaritan Home is growing at a steady pace, with every delivery of the mail bringing additions to the fund, said Robert Daehn, coordinator of the campaign. The total to date is over \$250. An earlier campaign, run by Ruby Wilson, netted over \$1,300. Thus the real total is over \$1,550.
The most recent donors are: Maude Lingle, Charles Merritt, Mrs. Hester Brown, Mrs. Ola Black, Dr. G. W. Edwards, Altamonte School, an anonymous donor in Kissimmee, the Open Bible Class and Southern Air.
Mrs. Ann Moore, Mrs. Barton Bartholomew, Mr. and Mrs. R. W. Hutchinson, Mrs. Helen Cole, Dr. and Mrs. C. F. Brooke Smith, Mrs. C. W. Hill, Powell's Insurance Agency, Grandview Funeral Home, Dr. and Mrs. Charles Park Sr., the County health department employees and Orville Touchton.
Mr. and Mrs. J. M. Blythe, Stenstrom, Davis and McIntosh.

Maitland Interchange

Bush Favors Turnoff
By MARION BETHEA
Effects of the proposed Maitland I-4 interchange at Sandspur Road on the local area were discussed in detail by County Engineer William Bush at a meeting of the County Commission.
Bush reported that the project will be of vital interest to Seminole County because of traffic congestion and growth of the portion of Seminole County which lies within the urban areas of Orlando.
Bush continued that construction of the interchange will be beneficial to the elimination of traffic problems at I-4 and SR 436.
The Sandspur interchange would temporarily alleviate congestion at SR 436 interchange during peak traffic to apartment, shopping centers and subdivisions within the vicinity.
Bush stated that it is hoped that the inter-county belt line would be constructed soon to provide a permanent solution to the traffic problem. The construction also would eliminate congestion in Altamonte Springs caused by traffic moving through the municipality between U.S. 17-92 and the SR 436 interchange. In the opinion of Bush, a greater portion of this traffic would utilize the Maitland Boulevard connection from U.S. 17-92 to the Sandspur Road interchange.
The Sandspur Road interchange would provide new county road connections leading south to the Sandspur interchange that would service the needs of Seminole County.
Bush was requested by the commissioners to review the proposed location of the interchange and its alignment with the Maitland Boulevard connection road, and to report his findings to the commission. With local interest being generated in the hearing upon the Maitland interchange being conducted by the State Department of Transportation (DOT) on Feb. 28, in Maitland, it is possible that Bush may give his report to commissioners at tomorrow's meeting.

VALENTINE GIRL
HEARTS AND SWEETHEARTS bowed out Valentine night at Sanford National Guard Armory when local chapters of Beta Sigma Phi combined for the annual Sweetheart Ball. Climaxing the evening of action and activity was the crowning of the local "Valentine Girl" who will vie for international honors. Emerging as this year's winner was Mary Boyd (right), who received the red robe and jeweled tiara from last year's queen, Polly Smith.

AREA DEATHS

MADEIRA BROWN MANN
Farmer, Seminole County Public Health Nurse Mrs. Madeira Brown Mann died Thursday, Feb. 12, in Dublin, Ga., where she has lived since her retirement in 1961. Prior to her 27 years as a public health nurse here, she worked for 19 years for the Public Health Department of Gilchrist County, Fla.

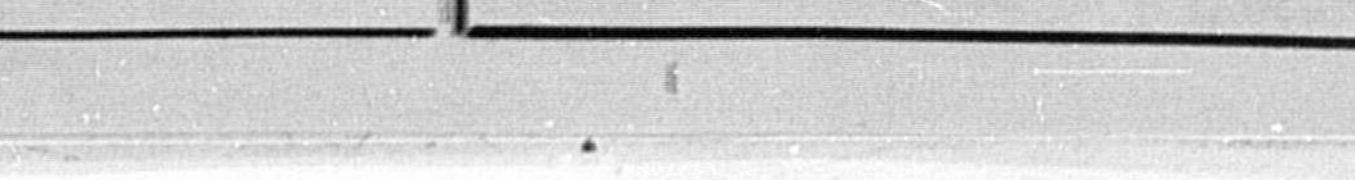

By within the letter of the law. The three major schemes to defraud the consumer are bait and switch advertising, the bogus display home pitch, and the free gift offer.

THOMAS R. GARTLAND, General Manager and partner of Hoke Grove Associates, in Hoke Grove, Florida, irrigates a 400-acre citrus grove with electric pumps to lift well water into ditches. He reports: "We have forty 1/2-hp electric pumps for irrigation, and we are pleased with the push-button operation. Electric motors for power irrigation have proved very dependable and efficient at low cost, both in operation and maintenance, as compared with any other fuel."

Electric push-button pumping: "efficient at low cost."

It's happening in up-to-date groves throughout Florida. Knowledgeable operators banish drought worries with electric pump irrigation, and assure high-level, high-quality yields. You can water specific areas as needed... even set timers to turn pumps on and off automatically. Modern electrical equipment serves reliably year after year, helps make every acre flourish with profit. Ask your equipment dealer.

Editorial Comment

'Rights-Of-Way' Takes Spotlight of Interest!

Continued From Page 1
What is at stake, nevertheless, is the present rather dormant issue of city-owned rights-of-way which surely is headed for more and more importance as Sanford grows and the need for a roadway which would allow the natural beauties of the lakeshore to be shared by all is acknowledged.

federal government to take over this acreage without any automatic revision should it be abandoned.
We are not and would not try to resurrect this situation for any further charges and recriminations. But we are convinced that it is illustrative of the bad results which can come about when the city or county commissioners fail in any respect to protect the interests of the city or county to their fullest extent.

This area covers in general terms all the land from First Street to Lake Monroe. The bulkheading, dredging and fill created the land on which, for example, the Sanford Naval Academy now stands and the lakefront homes which stretch from Mellorville Avenue east from the right angle turn which diverts that avenue to its southerly course.

Regardless of the specifics, however, it is obvious that if this newspaper is to continue its avowed policy to be alert and to direct its journalistic staff to be vigilant whenever and wherever the public interest is at stake, such must be our guide.

Promotion Builds

Suburban sprawl and the satellite communities it has spawned has struck a hard blow at downtown shopping areas in many cities. Civic leaders, knowing that a town without a center runs the risk of losing its identity, have sought to stem the outflowing tide, often at considerable cost to taxpayers.

But people will never return to downtown shopping areas for the same reasons. Civic leaders, knowing that a town without a center runs the risk of losing its identity, have sought to stem the outflowing tide, often at considerable cost to taxpayers.

An interesting example of how downtown merchants can move to revive lagging downtown shopping is seen in Baton Rouge, Louisiana. More than 26 Baton Rouge merchants have formed a nonprofit corporation in a cooperative effort to attract business to downtown stores.

Baton Rouge merchants are demonstrating a fact that a great many people overlook — promotion and advertising are community builders, as well as business builders.

Let Error Speak

Unfortunately, there are people — in this country, as elsewhere — who while tacitly or openly defending the right of free speech, nevertheless, demand that those who hold views different from their own be silenced. And that, of course, is how freedom of speech, free markets, and free press are lost. If an idea is false, the only way in the world in which it can be revealed as such, is to let those who espouse it freely speak and there, fully exposed to public view, to counter it with a better idea.

"Candid Chatter"

CLAIRE BENNETT O'CONNOR, a descendant of pioneer settlers of Sanford, will make her formal bow to New York Society at the 35th Annual Sons of The American Revolution, Colonial Ball, which will be held Feb. 20 at Hotel Plaza, New York City.

The daughter of Dr. and Mrs. Daniel J. O'Connor of Forest Hills, N.Y., Claire is the great-granddaughter of the late Dr. WILLIAM HARRISON EVANS, former Sanford mayor, and MRS. EVANS.

The trip originated through a Golf Club in North Carolina so for a week the group had a beach sightseeing and would you believe, also took time out for a little golf.

Further exploring the continent, a local couple, I might add newlyweds, RICHARD GALLOWAY, JR. and his bride CHRISSEY (SHEDDEN) are living it up in Hawaii, Germany, near Frankfurt, where he is under the command of his Uncle (Sam, that is).

Although language is a barrier, the new bride has arrived beautifully and are on cloud nine feathering their nest, a lovely apartment.

You won't want to miss the third annual Sewing Contest and Fashion Show for teenage girls. Sponsored by Florida State Bank, the show, open to the public, is set for March 12, at Sanford Woman's Club.

At a district meeting of Business and Professional Women's Club in Kistomies, VAL COLBERT was elected assistant district director of District 5 (comprised of 10 cities) of the State Federation of BPOW Clubs.

Everybody's reminding that EVERGLADES KIRK will be in Sanford for a post-dated Lincoln Day Dinner.

All you have to do to be a guest at the G.O.P. political social event is buy a ticket (not quite as much as the Demo game). DR. TOM LARGEN is in charge of tickets and reservations.

Miss Carter Marks 25 Years On Job

When Miss Dorothy Carter arrived for work Monday morning, Feb. 9, she was surprised by the staff members with a coffee. Miss Carter is transfer operator at the Sanford Office of the Division of Family Services and the party was in celebration of her 25th anniversary with the local agency.

The office was decorated with posters and her co-workers were there to welcome and surprise her. They presented her with a white carnation corsage and a pair of engraved gold earrings and took her to the Holiday House for lunch.

Miss Carter resides at 161 East Woodland Drive with her parents, Mr. and Mrs. E. R. Carter. She has been a long time resident of Seminole County and is a graduate of Seminole High School.

Staff members attending the coffee and luncheon were Mrs. Anna Belle Henderson, Jane Nix, Joyce Crutchfield, Verne Smith, Sarah Skipper, Barbara Bullock and the Misses Zaida Varn, Leah Jones, Margaret Greco and honoree, Miss Dorothy Carter.

What Toastmistress Means To Me Shirley Huaman Speaks Out

(Editor's note: Each member of Sky Anchors Toastmistress Club will speak out in a personal profile on the benefits of training and skill in organizational techniques. What has Toastmistress done for me? It has afforded me training for greater freedom of expression and skill in dealing with the daily affairs at home and in the community.

For greater happiness and fulfillment, Toastmistress is yours for the taking if you are willing to work for it. Toastmistress has brought me before other women who share mutual interests and provide a stimulating forum for the exchange of ideas. It has taught me to stand on two feet and express myself orally with confidence. It has given me a keen desire to be a better listener and a better speaker as well as a better helper.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I understand that you consider with clergy men when it comes to religious matters, so here is one for you to ask a rabbi. I recently heard my father. He and my mother had been married nearly 40 years, and daddy always wore the wedding ring. I don't know why, but I was curious when I saw him wearing that ring. During his illness he lost a lot of weight, and the ring became loose on his finger, but he wanted so much to wear it until the very end that he wrapped some tape around it.

When dad died and it came time to bury him, the man at the Jewish mortuary (he was not a rabbi) told mamma that according to Jewish law, "we come into this world with nothing and we should leave with nothing." So daddy could not be buried with his ring. Of course my mother felt terrible, but she couldn't do anything about it, so they buried daddy without his ring. What I would like to know is, was that man at the Jewish mortuary right or wasn't he?

THE DAUGHTER who bought you a bigger milk coat next year. She's the greatest. JOHN LEWIS. LAWTON, OKLA. DEAR JOHN: No she isn't. YOU'RE! DEAR ABBY: I have had the feeling for a long time that my husband is too fond of his sister. He has a brother but rarely sees, but he MUST see his sister regularly. I don't think it's jealousy on my part as I know he loves me, and I love him dearly, but even though his sister, his is married, her husband and I are "outsiders" when those two get together. I don't think I have an evil mind, Abby, but do you think what I am hinting at is possible? For heaven's sake do not use my name or town.

DEAR SUSPICIOUS: Yes, it is possible. But if I were you, I would not harbor any such far out suspicions. Some brothers and sisters are close and have a very real affection for each other, but that's as far as it goes. CONFIDENTIAL: To J. P. S. You are so right. Never explain. Your friends don't need it, and your critics will not believe you anyway. What's your problem? You'll feel better if you get it off your chest. Write to ABBY, The Sanford Herald, Box 60700, Los Angeles, Calif. 90068. For a personal reply enclose stamped, addressed envelope.

Horoscope Forecast

TUESDAY, Feb. 17, 1970 GENERAL TENDENCIES: You are inclined to be extremely emotional today and at night. You would be wise to do nothing to break up the existing harmony at your residence. Do not encourage anything of a contentious nature. Take time out to get emotions under control.

ARIES (Mar. 21 to Apr. 19) You have to remain calm if you are to avoid something rather unfortunate happening at home. Rld yourself of whatever it is that makes you nervous. For heaven's sake do not use my name or town.

TAURUS (Apr. 20 to May 20) Much care must be exercised in motion of all kinds or you could have some serious accident. Be precise in making oral reports, making oral statements of importance, etc. Get to bed early tonight.

GIENIN (May 21 to June 21) First take care of business and other matters that help you to advance before you go out for pleasure. Show that you appreciate advice given by experts in business. Be clever with everyone.

MOON CHILDREN (June 22 to July 21) There are not so good going news opportunities or you will not be successful to follow. Don't be fearful with others simply because they are using such methods with you. Be wise.

LEO (July 22 to Aug. 21) You can get rid of certain private activities by concentrating on them and handling them in your own way. Be conscientious. Be sure to assist those who are in need.

VIROO (Aug. 22 to Sept. 22) If you accept that invitation, you find that a big argument could ensue with some good friend, which is best avoided. This person is jealous and you are optimistic about that desire you have.

LIBRA (Sept. 23 to Oct. 23) Do not be careful, you find you can downgrade your reputation or get in trouble with higher-ups. Improve your image instead. Do not get into some new quality that you know very little about.

We The Women: By Betty Canary

A recent column about parents could ride a public bus home from practice. Perhaps they live in a suburban area where there are no buses. Perhaps both parents are working in an effort to pay for those great cars. Maybe the parents feel they purchased the coach and his free-time services along with their new spillover.

Without knowing all the circumstances, however, my husband received a prompt telephone call. "I believe if more parents would take an interest in their children's elementary years of the strain on their personal lives, fewer teenagers would be seen on the street."

Highlights

7:30-8:30 p.m. CBS. Gunsmoke. "Klona." (Color) Matt Dillon agrees to help brother Ed Vall (Victor French) track down a pair of Klona who've made off with his daughter.

8:30-11 p.m. ABC. Monday Night Movie. "Daddy Under the Mistletoe." (1958) Starring Sophia Loren, Anthony Perkins and Burt Reynolds. A heavy-handed screen treatment of Eugene O'Neill's drama about a New England family tormented by greed. Set in the 1840's, the plot revolves around the efforts of Ephraim Cabot's (Loren) sons and his young, gold-digging Italian wife (Loren) to prevent each other from inheriting the Cabot farm.

8:30-11 p.m. NBC. Chrysler Products. The Bob Hope Special. (Color) Highlights of "Five Stars for a Five Star Man," the benefit at the Waldorf-Astoria Hotel which raised \$2 million for the American Cancer Society. Hosted by Bob Hope.

9:10-11 p.m. NBC. Chrysler Products. (Color) Highlights of "Five Stars for a Five Star Man," the benefit at the Waldorf-Astoria Hotel which raised \$2 million for the American Cancer Society. Hosted by Bob Hope.

TV Time Reviews

on tape are Johnny Cash doing a medley, Ray Bolger singing and hoofing "Once in Love With Mame," Bing Crosby and Hope repairing songs from their "Road" films. Ragnvald and Hope putting new lyrics to "My Kind of Town" and designer Ole Casanini displaying his fashions.

VAL COLBERT. The trip originated through a Golf Club in North Carolina so for a week the group had a beach sightseeing and would you believe, also took time out for a little golf.

Further exploring the continent, a local couple, I might add newlyweds, RICHARD GALLOWAY, JR. and his bride CHRISSEY (SHEDDEN) are living it up in Hawaii, Germany, near Frankfurt, where he is under the command of his Uncle (Sam, that is).

Although language is a barrier, the new bride has arrived beautifully and are on cloud nine feathering their nest, a lovely apartment.

You won't want to miss the third annual Sewing Contest and Fashion Show for teenage girls. Sponsored by Florida State Bank, the show, open to the public, is set for March 12, at Sanford Woman's Club.

At a district meeting of Business and Professional Women's Club in Kistomies, VAL COLBERT was elected assistant district director of District 5 (comprised of 10 cities) of the State Federation of BPOW Clubs.

Everybody's reminding that EVERGLADES KIRK will be in Sanford for a post-dated Lincoln Day Dinner.

All you have to do to be a guest at the G.O.P. political social event is buy a ticket (not quite as much as the Demo game). DR. TOM LARGEN is in charge of tickets and reservations.

Jacoby On Bridge

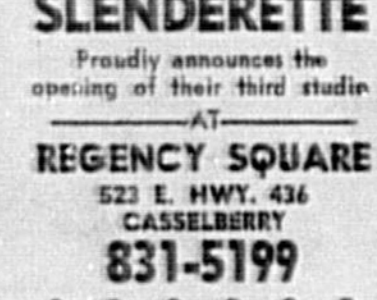

Jim: "I see the Bridge World magazine celebrated 10 years of continuous publication last year." Oswald: "The first contract tournament was played in February, 1929. Ely Culbertson started the magazine a few months later. The number of top players and teachers who have contributed to it is legion, but it has only had these editors in its existence. Ely himself, then Sam and Rose and Edgar Kaplan for the last few years." Jim: "There is an interesting problem from the December, 1968, issue. You are supposed to lead at only the North and West hands and in particular, to concentrate on West."

Oswald: "You cash three hearts against South's three spade contract and shift to the four of clubs. Your partner's bid is taken by South's king. South proceeds to cash the ace, king and queen of spades. East discards the eight of clubs on the second spade and the three of clubs next."

DEAR POLLY—New driver's permit experience in work. Polly's Problem: Polly can make portable books for practice by using discarded broom or mop handles. Smooth them up and use the top of the sticks. For the bases, use discarded sand buckets or tall jugs. They can be filled with sand or fine slacks. These may be carried in the car trunk to the place where one is going to practice.

DEAR POLLY—When I send you a two-inch-wide strip of cotton material on the inside bottom to form a size to make stamps. I put my broom in this, pulled the cord tight and have a soft, inexpensive, handy way to make stamps for use in-between cleaning. MRS. R. F. G.

Influenza Continues To April

ATLANTA (UPI)—The National Communicable Disease Center (NCDC) today reported influenza has spread over most of the nation and predicted the outbreak would continue into April. NCDC said influenza or influenza-like illnesses were reported in 45 states, a drastic increase over the 16 states reporting the disease a week ago. The federal health agency, conducting a special telephone survey of all 50 state Health Departments earlier this week to determine the extent of the disease, said it was widespread in the states of Louisiana, Rhode Island and Maine. Over 50 per cent of the counties in these states were hit by the flu bug. Eleven other states reported regional outbreaks which mean the disease was present in more than two neighboring counties. Twenty-four states listed localized outbreaks and seven states reported only isolated cases. Only the states of Delaware, South Dakota, Arkansas, Wyoming and Nevada reported no influenza activity. The NCDC said there were 244 deaths attributed to flu, most of it the Hong Kong variety, across the nation for the week ended Feb. 7. Dr. Michael Gregg, chief of the NCDC's Viral Disease Section, said "no anywhere near as many Americans are affected with the Hong Kong flu this year as there was last year, when an estimated 36 million Americans came down with the disease. Gregg termed the current outbreak "the second wave" or "backwash" from last year's Hong Kong flu epidemic. He predicted the disease will continue for three or four more weeks and finally die down in April.

Page Ban Stands Firm

By DILLON GRAHAM Associated Press Writer WASHINGTON (AP) — After writing letters to President Nixon and every member of the House of Representatives, a 16-year-old Miami high school girl apparently has failed in her bid to enter the all-male world of congressional pages. House patronage committee member B. F. Sisk D-Calif. says no change currently is anticipated in the policy of hiring only young men to fill water glasses, carry messages and run numerous other errands that keep pages busy when the House is in session. Sisk's words are the hopes of slim, blonde honor student Wendy Green who had written the representatives asking them not to hold her sex against her because "some of the greatest people in the world started out as girls." "I don't think it's fair that pages can't be girls," she said written, adding she is not afraid of hard work and volunteered, if hired, to buy a shopping cart if necessary to carry heavy packages around the Capitol. Sisk told a reporter some of the House members are anti-

male but that Washington is no place to turn a teen-age girl loose on her own. He said, however, there are plans to eventually build a dormitory for pages, where proper protection could be provided. "When the facilities are available I think we'll have some girl pages," he said. "Tidiculous" was Rep. Mar. W. Griffin's response to Sisk's reasoning. "It's just custom. We could arrange to get the girls home," the Michigan Democrat said. "Girls would make good pages. I really don't see why they're segregated here." But another congressman, Democrat Patsy Mink, said she would sponsor a girl page from her state of Hawaii. "I would be the first to insist on equal employment opportunities for girls but I would have to agree that the nature of a page's work and circumstances involved in the living situation makes it almost impossible for girls to qualify," she said. Rep. Margaret M. Heckler, R-Ill., said the page service should be co-educational, but added that in a city with Washington's crime rate she would not want any boy or girl in her district to be a page.

Chemical Industry Said Dragging Feet

TALLAHASSEE Fla. (AP)—It appears that the chemical industry is not trying to develop substitutes for DDT, says a legislator who co-introduced an anti-pesticide bill Thursday. "The chemical industry appears to be dragging their feet in developing mass produced, inexpensive, safe substitutes for DDT," said Sen. Richard Deeb, R-Orlando. "It didn't take them any time at all to replace the cyclamans and we should expect the same prompt action on their part in this vital matter," he said. Also Sen. John Ducker, R-Orlando, prefaced a bill that modified the total that they advocated last year. Their total was killed by the 1968 Legislature. In saying that the chemical industry should be expected to develop substitutes for DDT and other hard pesticides in short order, Deeb placed himself at odds with the testimony of an industry spokesman before a House subcommittee earlier this week. Charles Dunn, manager of ecological research for the Her-

cules Co., told the subcommittee it would take at least three years to research, develop and market a new pesticide. Deeb and Ducker would broadcast use spraying of DDT, chlordane, heptachlor, dieldrin, aldrin toxaphene, lindane, endrin and other chlorinated hydrocarbons on crops 15 days after their bill is enacted. But the bill would allow continued use of DDT and other pesticides in pest control inside buildings and certain emergency crop and health uses. The game of rugby originated in 1823 at England's Rugby School.

S. Viets Kill 182 Commies In Heaviest Battle Of Year

By WALTER WHITEHEAD SAIGON (UPI)—South Vietnamese forces fought their heaviest battles of the new year in South Vietnam's northern provinces, killing 182 Viet Cong and North Vietnamese in fighting reported today. Military spokesmen released the report after Defense Secretary Melvin R. Laird said in Honolulu that the Vietnamization program was either on or ahead of schedule throughout the country. The battles involving the South Vietnamese centered in an area south and southwest of Ho An, 350 miles northeast of Saigon. The government troops got help from air strikes, artillery and big guns of a U.S. Navy destroyer offshore in the South China Sea. South Vietnamese losses in the two fights were listed as eight killed and 19 wounded. The government soldiers reported capturing 14 guerrillas, including a company commander. The U.S. Command said American units throughout South Vietnam killed 63 Viet Cong and captured 11 in scattered fighting. Four Americans were killed and 34 wounded. One American died and another was wounded when ground fire downed a bubble-nose Army light observation copter in Bien Hoa Province near Saigon. An Army Cobra gunship was shot down 10 miles northwest of Quan Ngai City and 325 miles northeast of Saigon. Two Americans were wounded. As the U.S. program turning more of the fighting over to the South Vietnamese continued, four small Army units were disbanded today as part of the withdrawal, the U.S. Command said. South Vietnamese armored cavalry units reinforced by two Ranger battalions reported killing 143 North Vietnamese and Viet Cong and capturing 15 others in an all-day battle seven miles south of Ho An. Military spokesmen estimated two guerrilla battalions were involved and that the South Vietnamese killed a battalion commander, an assistant battalion commander and a company commander. In a second clash 11 miles southwest of Ho An, South Vietnamese regional force militiamen killed 37 guerrillas. Military spokesmen described South Vietnamese casualties as light. Near the Cambodian border, U.S. 1st Air Cavalrymen called in artillery, helicopter gunships and air strikes in killing three guerrillas 12 miles north of Tay Ninh City and 61 miles north of west of Saigon. One American was killed and 11 wounded. In the air, U.S. B-52s flew a raid over the A Shon Valley, 33 miles southwest of the northern city of Hue, dropping more than 90 tons of bombs.

BOY SCOUT Week was climaxed by Sanford Boy Scouts with a campout in Sanford Plaza this week-end and exhibition of Scouting skills for the public. (Staff Photo)

Cited For Contempt Of Court Chicago 7, Attorneys To Jail

By TONY FULLER CHICAGO (UPI)—The "Chicago Seven" already jailed by the judge for contempt of court, waited for a third day today for a jury's decision on whether they are guilty of conspiring to riot during the 1968 Democratic National Convention. U.S. District Court Judge Julius J. Hoffman sentenced the seven and their attorneys for contempt of court. The judge blamed their conduct for the turmoil that marked the 5 1/2-month trial. Before Hoffman meted out the contempt sentences, he instructed the jury Saturday and sent it out to deliberate on the fate of the seven men charged with conspiring to incite riots in Chicago during convention week. The jury of 10 women and two men—virtually an overlooked factor after they left Saturday—were not able to come to a decision Sunday after 2 1/2 hours of weekend deliberations. They were to resume deliberations today at 9 a.m. and would continue, if they could not come to a decision, until 9 p.m. The judge stayed the sentences of the two attorneys until May 4 to give them time to handle appeals. The defendants were taken to Cook County Jail, denied bond. The stiffest sentence was given to chief defense attorney William M. Kunstler — four years and 13 days. It was believed the longest contempt sentence ever given in American courts. The apparent previous longest was four years given to Bobby G. Soble, the Black Panther party leader separated from the case by Hoffman early in the proceedings when Soble demanded to be his own attorney. Weinglass, 33, was sentenced to one year, eight months and five days. Of the defendants, David T. Dellinger, 33, the oldest defendant, received the longest contempt sentence—two years, five months and 16 days. Quiet, bearded Lee Weiner, 30, received the shortest sentence, two months and 18 days. The defendants also faced sentences of up to 18 years in prison and \$20,000 fines for the riot conspiracy charges.

E. A. DeAlto Is Prexy Of Chuluota Fire Dept.

By LIZA BAKER The Chuluota Volunteer Fire Department has elected as officer E. A. DeAlto, president; Roger Williams, vice president; Bruce Dennis, secretary-treasurer; Paul Bishop, chief; Howard Gill, captain; and Max Dettler, lieutenant. A bulletin has been issued to each resident of Chuluota, indicating the need of a fire truck for the community. "The need for a fire truck in this area has long been known and becomes more important each day." "The benefits of such a department to the community are readily apparent, not just in case of fire, but as a means of providing emergency rescue services which are at present lacking in this area, and a means of reducing the cost of fire insurance to homeowners." "The charter for the department has now been approved by the state, and negotiations are now in progress with the Fire Entry Service and Civil Defense

MONDAY BARBS

By PHIL PASTORIT The only thing more exasperating to start than a power mower is a new job. Signs in store windows reading "come in and browse" are utterly ridiculous. There were some 1,800 bus accidents in 1968—not counting when runs accidentally made connections at terminals. One pretty sure cure for dandruff is baldness.

Carswell Approval Foreseen BULLETIN

WASHINGTON (UPI)—The Senate Judiciary Committee today approved the nomination of Judge G. Harold Carswell to be a Supreme Court justice. By JOHN CHADWICK Associated Press Writer

Samaritan Building

"Jackson Heights School faculty of Orlando, Paulette Hollerman, Mable Harston, Goldsboro School faculty. Mr. and Mrs. Gordon Bradley and the Citizens Bank of Orlando. One donor simply signed himself "A Friend." Other donors include the Oviedo Women's Club, Mary E. Walker, Mrs. Marjorie Goss and Shirley Louisa Martin.

NO INJURIES, but telephone pole was knocked down and extensive damages were done to a station wagon driven south on Grapeville Avenue by Joseph Ruffin of Sanford. The vehicle, apparently out of control, struck the utility pole. Trooper Tommy Tomlinson, Florida Highway Patrol, investigated.

Pollution Experts Throw In Towel Oil Slick Spreads In Tampa Bay

By ERIC SHARP Associated Press Writer ST. PETERSBURG, Fla. (AP)—Pollution experts fighting to eradicate a 100 square mile oil slick in Tampa Bay threw in the towel Sunday in their unenviable battle against wind and tide. The slick, which has spread to the Gulf Coast, is now being carried by the wind, dropping more than 90 tons of bombs. The slick was concentrated originally in a mass about five miles in diameter, but now lays slickly 20 miles of shoreline along the eastern side of the Pinellas Peninsula. The blanket of viscous bunker C fuel oil ranged in thickness from a coating like grease on top of soup to an ugly blotch six inches thick. The tanker Delian Apollo at first was believed to have lost 5,000 gallons, but Figaro said Sunday he believed more than 10,000 gallons burst into the bay through several holes in the tanker's hull. The Delian Apollo, registered in Greece, is owned by J. C. Carris and Sons Ltd. of London, England. An attorney for the shipping company, D. R. Villars, said Sunday in St. Petersburg "the ship's owners are not accepting responsibility at this time" for damage caused by the oil. Two figures for monetary damage are yet available, Pinellas County officials said. Rep. William C. Cramer, R-Fla., said the Humble Oil Co. which chartered the tanker, had made a "wholly inadequate response" in helping fight the slick. Hundreds of Pinellas County residents turned out to help the local Audubon Society's frantic effort to save as many water birds as possible. Boy Scouts combed the waterline and plucked half-dead grebes, pelicans, ducks and other birds from the muck.

400 Enjoy Annual Art Show

By JANE CASSELLBERY Associated Press Writer In the amateur classification, abstracts, Mrs. Anna Herbst, first; life-ether than human and landscapes, Trude Nopper, first; landscape, Woodrow Clark; still life, L. E. Ketcherside, Betty S. Dyal and Florence Woodruff. In the junior division, were Colleen Jenkins (two prizes) and Susan Hemphill. The winner of the "most popular" vote by those attending was E. H. Stover for his St. Johns River scene. Also winning professional ribbons were Judy Maloney and Warren Knowles, artists in their own field. Miss Phyllis Casbeer, of Maitland, was the winner of the painting donated by Judy Maloney. Donations received for the picture totaled \$24 and will be used to defray expenses Maloney greeted at the door.

Jazz Band Here Tomorrow

The Preservation Hall Jazz Band is coming back! The original New Orleans Jazz played by musicians who helped create America's gift to the world, will be heard possibly for one of the few last times at 8 p.m. Tuesday at the Civic Center. Septagenarians, DeDe Pierce, that drew continuous applause and a valid standing ovation two years ago when the SMICA had tentatively booked the famous quintet into the Sanford Plaza Theater, but due to the expected audience response, the band was moved back to the Civic Center. The attraction which offers the true improvisational flavor of original grass roots pre-Dixie music will be booked at the Civic Center where seating capacity is not limited. The SMICA had tentatively booked the famous quintet into the Sanford Plaza Theater, but due to the expected audience response, the band was moved back to the Civic Center.

AT SANFORD CIVIC CENTER TOMORROW AT 8 P.M.

From The Bench

By: Tom Alexander

AW COME ON FELLOWS, NOT ME!!

When you see this column, I'll be in Jacksonville, and be sure about this, I won't be enjoying myself or looking in the sunshine. No, I'm not involved in the governor's club investigation. To get all minds straight, except possibly my own, I will be taking my army physical. Isn't that cute. Go ahead and laugh.

Now, if Joe Namath can be detested from the army for his trick legs, why can't they just forget about little old insignificant me. That brings another subject to mind. How can John Spaldy's old body "Mohammed Ali" Clay, escape the spelling of "there," hasn't been inducted into Uncle Sam's pride and joy? Did you know that most pro football players are physical wrecks. Just ask the army doctors, they'll tell you. But why they play the most strenuous sport of all. Like I said before, why me? One of their tackles would put me out of commission forever. Hey, that's an idea.

I guess I better quit feeling sorry for myself. I asked for it. You know, the old being game-lazy. Well, if in any consideration, my draft number is 286. Why couldn't it be 7-11 I guess I'm just not lucky. I hope that I will be back in time to write my column for next week. But if you see the headline, "Come From The Bench," returning in "Two Years," you'll know the outcome of my physical.

TOM TIDBITS

Basketball buffs could find a "whooper" in the matching of a pair of top-flight junior college quints. Like: Seminole JuCo with a 36-2 season and the rip-roaring Dalton (Georgia) Junior College. The Carpet Capital leads have a comparable win-loss record. The paper here carries Raider scores and a home-and-home twin billing would stuff the bank-bags...

Tribe Shocked By Red-Hot Hornet 'Five'

By GARY TAYLOR
Herald Sports Writer
The Fighting Seminoles of the Bishop Moore Hornets, 46-38. The Seminoles were held

scoreless from the floor during the final quarter Saturday night as they fell to the Bishop Moore Hornets, 46-38. The Seminoles were held

'I COULD HAVE DANCED ALL NIGHT ...'

NO. It's not a new dance. This is what happens when the ball doesn't go the way the players expect it to. Brad Leon (23) was in the middle of the "mambo" but the Hornets recovered the ball. (Gary Taylor Sports Photo)

A Good Weekend

Lions Gain Split Decision!

THE OVIDIO LIONS
By DOUG ARIE
The Ovidio Lions had one of their best weekends of the season this last Friday and Saturday. In the two games that the Lions played they earned a split in the Friday contest against Cocoa Beach, the Lions came out on top 66-46. In the battle Saturday night the Lions were downed by the Kissimmee Bombers 71-64. This leaves the Lions with a 4-9 season with two more contests left before the tournament.

Way to go Joe!! Who are we talking about, none other than SIS basketball coach Joe Mills and his fine cage quintet. Since I am writing this on Friday, I don't know whether the Seminoles knocked off Bishop Moore on Friday night or not, but if they did they now have a fine 15-6 record.

Coach Mills deserved a tremendous amount of credit for the way he has brought the Seminoles out of the dark ages of basketball gloom, into one of the finest Class A teams in Central Florida.

THESE TWO HARD working basketball players were just two of the members of the Seminole High basketball team that showed up for a weekend of work as they worked all day Saturday and some Sunday, trying to get their field in shape for the opening of the season. They are led by coach Guy Garrett. (Gary Taylor Sports Photo)

The Seminoles had a rough first quarter, and they started the second quarter, down 15-6. During the second quarter, they were down by 12 points twice. Once they trailed 21-6 and then 23-11. But they hit on four consecutive field goals and by the time the two teams left for the dressing rooms, the Seminoles were only down three, 23-22.

Bill Corso pulled the Seminoles into the game at the end of the first half as he hit for 12 points, and then 23-11. But they hit on four consecutive field goals and by the time the two teams left for the dressing rooms, the Seminoles were only down three, 23-22.

Seminole High Thinclads Prepping For Big Meet

By GREY ROYLES
Herald Sports Staff
The Seminole High track team is getting ready for the first track meet to be held in Central Florida this year. It is the annual Wildcat Open. Sponsored by Coach Bob Mosher of Winter Park High. By first track meet this means the Seminoles will be competing where all classifications will run.

LOSE UP TO 10 lbs. IN AS FEW AS 10 DAYS ON

LOSE UP TO 10 lbs. IN AS FEW AS 10 DAYS ON... DRUGS AND PLYMOUTH GO RACING! ... THE "THERMO-BELT" METHOD... This is the only way to lose inches and pounds from your waistline and thighs and not stress yourself in the process. REMEMBER: THIS METHOD WORKS!

BB Coaches Needed

BB Coaches Needed... THE SANFORD RECREATION DEPARTMENT is now taking applications for the Summer Recreation Program for coaches, volunteer scorekeepers, and any other persons interested in the Sanford Youth Baseball Program for the coming summer. We will have positions open in the Pee Wee Baseball League, Little League, Junior League, and Senior Baseball League for coaches. Any interested in these volunteer positions should contact the Sanford Recreation Department as soon as possible. They can reach the Sanford Recreation Department by phoning 323-2161.

50th Anniversary Of Promoting Elimination Match Heads Wrestling Card

Back in 1920, on Valentine's Day, Orlando wrestling promoter Milo Steinberg held his first American wrestling match. Tonight Milo plans to celebrate his 50th anniversary of promoting with a card unsurpassed in the Orlando ring. Never before has such a card been held.

Hapless Lyman 'Hounds Drop Final Home Tilt

By CHUCK GRILE
Last Saturday evening, playing in their own gym for the last time in the 1969-70 season, the Lyman Greyhounds dropped their 12th basketball game of the season. The Oak Ridge Pioneers outscored the Greyhounds in every quarter, by the final buzzer sounded, 66-42. Visitors lit the scoreboard.

Baseball Begins

The Ovidio Lions have started practice for their 1970 baseball season. Head Coach Paul Mikler showed complete domination on the boards and in scoring, and built up a 32-15 halftime lead. In the second half it looked as if the Greyhounds were possibly on a comeback trail.

Raiders Fly To Big Win

The high-flying Seminole Junior College Raiders literally ran Central Florida Junior College off the court Saturday night as they breezed to a 109-74 victory and captured their 21st win in 23 starts.

Vikings, Colts Advance

In Friday night action, semifinals of the intermediate basketball league playoffs, the Vikings and Colts advanced to the City Championship play for the City Championship at 1 p.m., Saturday, February 21.

YEP THAT'S WHAT YOU GET IN THE SANFORD HERALD! WHO SAYS? FLORIDA SPORTSMEN'S ASSOCIATION... THE UNITED CAR SPORTS SECTION SECOND... IN THE STATE FOR OVERALL EXCELLENCE IN ITS CATEGORY... LIKE WE SAID... GOOD SPORTS!

THE WINNERS

SANFORD is the defending Biddy Basketball State Champions, and this team will travel to Tallahassee next weekend to try and bring home a second straight title.

Biddy Stars Defend Title

He's tall and long-legged and wears the big number 44 on his uniform jersey. No it's not Vernell Elzy, but rather, Curtis Butler. Not many people have ever heard of him, but in the future, when he reaches high school basketball, many people might recognize the name of that of a future star.

THE RUNNERS-UP

WESTSIDE ALL-STARS finished second in the district tournament held in Sanford over the weekend. Members of the team are (l. to r.) front row, Ronald Wells, Eddie Luster, Robin Cutton, Andrew Perkins and Anthony Davis.

Frazier Is Slight Favorite For Tonight's Title Bout

By ED SCHUYLER JR. Associated Press Sports Writer NEW YORK (AP) — Gopold, singing Jimmy Ellis and Joe Frazier, whose style is hard rock, are set to do their real thing tonight—fight for the heavyweight championship of the world.

The fight will be shown on closed-circuit TV at the American Legion Arena in Orlando. Doors open at 8:30 p.m. The arena seats approximately 7,500.

Stott Winner Of ARCA 300

By BLOYS BRITT AP Auto Racing Writer DAYTONA BEACH, Fla. (AP) — Ramm Stott won the race, but the start of the show was 34 years-old leggy Italian legend, American's professional auto racer and A. J. Foyt, three-time Indianapolis 500 champion.

Stott's victory was a surprise. He had been considered a long shot to win. He had a bad start, but he recovered and held off a strong challenge from Foyt.

Divers Practicing

An event that gets very little publicity is the art of diving and this is a very difficult task. Diving is a part of all swim meets and requires great concentration and agility.

DOG RACING

Cecil Austin's Scotty was the racing king, finishing Saturday night at Sanford-Orlando Kennel Club to set up a real thriller at Saturday night's King-Queen Championship.

Panthers Lose 'Catfight'

The Crooms High Panthers, who last week won from a battle with the New Smyrna Barreccades at the Seminoles High gym, were checked 60-48 at the hands of the Wynona Tech Boats. The game with New Smyrna will be the first game of the district tournament.

Boosters Meet

The Lyman High School Athletic Boosters Club will meet tonight at the Lyman High cafeteria. The stadium and fund-raising will be discussed.

Protesters Overruled; Street Paving Okayed

By CHARNER LEONE

Exorbitant, unreasonable cost was the cause cited by Sunset Drive residents Monday night as they turned out en masse to protest the paving cost of that Casselberry street. The Casselberry City Council sat as an equalization board to hear and adjust grievances.

Outcome of the 3 1/2 hour session is that Sunset Drive, which runs parallel to Hwy. 17-92, connecting that road with Highway 436, from Carriage Hill Estates to Button Road will be paved. The road, slightly more than a mile in length, has cost the city an untold amount of money in repair. "Following practically every rain," said one councilman.

When repaired it is expected to relieve some of the congestion on Highway 436, serving the city as an arterial street.

The road in front of Vaughn Nurseries, which is not within the city limits also will be paved without charge to the owners, who, under law, cannot be assessed for a city road. The decision was reached after much discussion among the five councilmen, with an

Parker To Break Tie County Split On Roadway

By MARION BETHA

Question of vacating the Seminole Boulevard extension right-of-way, about Lake Monroe to the east of Sanford rests on the shoulders of County Commissioner Robert Parker.

County Commission this morning considered the continued public hearing on a petition to vacate Seminole Boulevard right-of-way between Virginia and Crescent Avenues in favor of the adjoining property owners. This right-of-way, along Lake Monroe, is in the county, outside Sanford city limits.

Sanford City Commission last week requested the county to retain easement for utilities, pointing out a water line now occupies the right-of-way and future water and sewer expansion is planned by the city. The county concurred in the request for easement.

Voting against vacating the right-of-way this morning were Commissioners John Alexander and Greg Drummond. Voting in favor of permitting the land re-vert to the abutting property owners were Commissioners Dan Pelham and Ed Yarbrough.

Parker was absent from the meeting. The matter was continued until next Tuesday's meeting when Parker, if present, will break the 2-2 tie.

As a result of information disclosed this morning, it is anticipated that formal signing of an agreement with the State Division of Family Services for the implementation of the food stamp program will be held on February 25. In the interim, Lee McCubbin of the Family Services Division will be in Sanford to discuss with Commissioners operating procedures, county facilities, and funding of the program and personnel.

Rape Charged To Youth

An 18-year-old Sanford youth is being held in Seminole County jail on a rape charge brought by the parents of a 14-year-old girl.

Irvin Richard Beveritt, 904 Celery Avenue, this morning was placed on \$10,000 bond by Peace Justice R. E. Carroll after his arrest Monday by Constable Fred Galloway on the charge. Beveritt is accused of taking the girl into the woods in his automobile and assaulting her, Carroll said.

The incident is alleged to have occurred Friday, and the warrant was taken Saturday morning by the girl's mother in Carroll's office.

The youth was not arrested until Monday since there was some difficulty in locating Beveritt.

L. J. Krix, county investigator, said today the alleged victim was from the Sanford area.

Port Faces Suits In Land Squabble

Seminole Port Authority may find itself in court deciding the number of persons who are already planning on being in Orlando on Thursday, Feb. 19th at 11:30 for the 25th Anniversary of the Battle of Joe Jim.

This will be the first time that this group of heroes has gotten together... from Sanford, there'll be Pat Baker and David E. Brady.

About three weeks ago, we were in receipt for a letter from a most provoked woman "Clock-watcher" who didn't appreciate that sign down on 17-92 in Fern Park... "Elect Or Dorminey, etc."

We called the sign company and told them of the date-related aspect of same and assured that it would be redesigned immediately.

That was three weeks ago, gentlemen. Get on the stick!

PURELY PERSONAL... Congratulations to former School Superintendent and wife, Mr. and Mrs. Bill Phillips, on the birth of a son — Richard Preston on Tuesday, Jan. 27th.

You just might find a busy signal into this office, along 'bout 7 each morning... and I thank you for it.

Like this morning's caller who offered: "Why couldn't those garbage collectors be furnished with two hand dollys to make their task a little easier, instead of lugging those heavy containers on their back?"

Ah duhno, but maybe they'll get the answer or action you're looking for...

Lengthy Agenda

A lengthy agenda was to face Altamonte Springs City Commission at a meeting this afternoon at 8 p. m.

To be considered are a resolution on building permits on SR 436, an ordinance annexing Orange Avenue, authorizing the designating a depository for pollution control funds, consideration of sewer and connection rate scales, consideration of a neighborhood facilities program zoning of property near Ballard Road and mutual police assistance act.

The act is a reciprocal agreement between the cities of Altamonte Springs, North Orlando and Casselberry.

North Orlando and Casselberry already have approved the agreement in council meetings.

Condition Of Sanford Zoo Scored By Wildlife Group

By BILL SCOTT

The president of a Sanford women's group has gone on record in opposition to City Commission's intention to emphasize the municipal zoo by making it a zoo for Florida animals only and keeping the attraction at the present location adjacent to the city hall.

The youth was not arrested until Monday since there was some difficulty in locating Beveritt.

L. J. Krix, county investigator, said today the alleged victim was from the Sanford area.

Regarding the present zoo, Mayor Lee P. Moore read a letter from Cecile B. Omar, field representative of "Defender of Wildlife," a Washington (D.C.) based group which called the present conditions of the zoo as "shocking."

Moore quoted the letter as advising that a visit had been made to the Sanford Zoo and that the conditions of the zoo were so abhorred that animals designed by nature to roam may do so without being confined in cramped quarters.

This brought a quick reply from Commissioner Thomas McDonald, who questioned whether city could make enough money from concession sales to defray expense. McDonald voiced his desire to move the zoo to Big Tree Park in central Seminole County and let the county maintain the animals.

He said, "If this is not possible, I favor keeping it at the

present location, but do away with some of the animals."

Commissioner J. H. Crapps reminded that the original zoo was established for state animals only, and he wanted to keep it a free attraction but improve the present location.

The city manager advised that present \$30,000 zoo appropriation would pay for 20 to 40 per cent of improvements at present site.

Meyer wanted city to get a small admission and get other operating funds from concessions.

Commissioner Gordon Meyer proposed moving the attraction to the Lake Golden area at Sanford Airport, since this would blend with a recreational area already established at the airport property.

Commissioner J. H. Crapps reminded that the original zoo was established for state animals only, and he wanted to keep it a free attraction but improve the present location.
