

INLAND WATERWAY MEETING AT SAVANNAH IN NOVEMBER WILL BE VERY IMPORTANT

Will Demonstrate That Waterways Reduce Cost of Living

NEED MORE AID

FROM THE GOVERNMENT AND WILL SHOW IMPORTANT FACTS AND FIGURES

The high cost of living can be materially lowered through the improvement of waterways, according to officers of the Atlantic Deeper Waterways Association...

Delegates to the convention, who represent all the Atlantic states vitally interested in the development of inland waterways, will make a concerted effort to bring congress and the country to a realization of the practical part waterways plan in keeping down the cost of living.

Members of the Association will go to Savannah by steamer and special train. The mayor and council of Savannah have assured the delegates a most cordial welcome.

The interest shown so far in this convention has been greater than in any recent year. Members realize that now they have an opportunity to prove the worth of the waterways.

Under the stress of war, needed improvements could not be made. Appropriations in recent years have been far below the estimates of the army engineers. Material loss and damage has resulted. Many meritorious projects have been practically abandoned.

It estimates the next year's National expenditures, a pitifully small allowance of one-quarter of one percent was made for the waterways. Yet the worth of waterways is being daily demonstrated.

The New York Barge Canal is now practically completed. Lake freighters of special design are passing through and deliver their cargoes at minimum cost along side steamers without terminal or lighterage charge of any description.

The Chesapeake and Delaware Canal is now national property and funds are needed to modernize it. Much work remains to be done on the North Carolina waterways.

The New Jersey ship canal remains in project only, the offer of the right-of-way by the state of New Jersey having been ignored by congress. Funds are needed for the Southern waterways. That an impetus will be given toward the improvement of these deplorable conditions through the Savannah convention is the belief of the officers of the Atlantic Deeper Waterways Association...

COUNSEL FOR DEFENSE POPE-RAWLINGS CASE ASK CONTINUANCE.

(By The Associated Press) JACKSONVILLE, Sept. 19.—Counsel for defense in the case of John Pope and Frank Rawlings, jointly charged with the murder in the first degree the result of shooting to death by Rawlings here on September 4, of George Hickman, a theatre manager, sought continuance today when the case was called in circuit court. It is expected a fight for continuance will occupy the court at least through the morning session.

CLAIM HE WAS HELD UP, CASHIER IS SEIZED ON EMBEZZLEMENT CHARGE.

SAVANNAH, Ga., Sept. 19.—Paul F. Daniels, acting cashier of the Fulton Real Estate Co., who was found apparently unconscious in the office of the company early Thursday morning and who reported having been held up by a bandit and relieved of about \$800 of the company's money, according to the police, was taken into custody.

FIRST BALLOONS GET AWAY TODAY IN HENNETT CUP RACE.

(By The Associated Press) LONDON, Sept. 19.—The first of the balloons to get away in the James Gordon Bennett international race, which started yesterday from Brussels, were heard from this morning. It was an English entrant and landed at Sarmau, near Carmarthen, in Wales.

Bombers Are Caught In the Act of Outrage By the Chicago Police

Fourteen Hundred Sticks of Dynamite and T. N. T. Found

(By The Associated Press) CHICAGO, Sept. 19.—Fourteen hundred sticks of dynamite and one hundred sticks of T. N. T. were seized today by police after the capture of five dynamiters in the act of bombing a shoe repair shop. One prisoner was shot by the police who had surrounded the shop ten hours after a mysterious tip it was to be bombed. Richard Burke, wounded and believed to be dying, told the police he supplied the bombs for several labor unions and also men to throw them. Police say he made a detailed statement of the bomb outrages undertaken for shoe repairmen's and janitors unions. Chief of Detectives Hughes said arrests would clear up scores of bomb explosions in the last few months.

LOYD GEORGE REITERATES HIS FORMER STAND

IRISH MUST COME AS BRITISH SUBJECTS OR NO CONFERENCE

LONDON, Sept. 19.—David Lloyd George, the British premier, in a telegram sent yesterday to Eamonn DeValera declared that unless the Irish leader's claim to the right to meet the British representatives as the head of an independent sovereign state is withdrawn, a conference with the Sinn Fein delegates is impossible.

The text of his telegram follows: "I have received your telegram of last night and observe it does not modify the claim that your delegates should meet us as representatives of a sovereign and independent state.

"You made no such condition in advance when you came to see me in July. I invited you then to meet me in the words of my letter, as the chosen leader of the great majority in Southern Ireland, and you accepted the invitation.

"From the very outset of our conversations I told you that we looked to Ireland to owe allegiance to the throne, and to make her future as a member of the British commonwealth. That was the basis of our proposals, and we cannot alter it.

"The status you now claim in advance for your delegates is in effect a repudiation of that basis. I am prepared to meet your delegates, as I met you in July, in the capacity of the chosen spokesmen for your people to discuss the association of Ireland with the British commonwealth.

"My colleagues and I cannot meet them as representatives of a sovereign and independent state without disloyalty on our part to throne and the empire. I must therefore repeat that unless the second paragraph of your letter of the twelfth is withdrawn, a conference between us is impossible."

The second paragraph of Mr. DeValera's letter of Sept. 12, to which Premier Lloyd George alludes in his latest telegram, is as follows:

"In this final note we deem it our duty to reaffirm that our position is and can only be as we have defined it through this correspondence. Our nation has formally declared its independence and recognizes itself as a sovereign state. It is only as representatives of that state and as its chosen guardians that we have authority or powers to act on behalf of our people. As regards the principle of government by consent of the governed, in the very nature of things it

Americans Set Free by Russia

In this group of released American prisoners, photographed on their arrival in Reval from Russian soviet prisons, are Russell Pattenger, John Flock, W. B. Estes, Henri J. La Mare and X. Kalamattiano.

NO FEDERAL INDICTMENTS WILL NOT BE RENDERED IN FATTY ARBUCKLE CASE

On Account of Violation of the Prohibition Amendment

AWAIT RESULTS

FROM TRIAL OF ACTOR THAT WILL EXPOSE HAND OF BOOZE AGENTS

(By The Associated Press) SAN FRANCISCO, Sept. 19.—Federal indictments under prohibition laws in connection with the party staged at the Hotel St. Francis here by Fatty Arbuckle, will not be asked tonight as intended, Robert McCormack, special assistant United States attorney general announced today. McCormack said he decided because he expected startling new developments. Mrs. Minta Durfee, Arbuckle's former wife, is expected here today to aid in his defense.

NATIONAL UNEMPLOYMENT CONFERENCE WILL MEET AT WASHINGTON MONDAY.

(By The Associated Press) WASHINGTON, Sept. 19.—The National unemployment conference will meet here next Monday at ten o'clock, Secretary Hoover announced today.

BANDIT WHO ROBBED SELLS-FLOTO CIRCUS SHOT AND CAPTURED.

VANCOUVER, Wash., Sept. 19.—Ray Moore and Bert Ercutt, shot by officers near here early yesterday, were identified as two of the three men who robbed a Sells-Floto circus truck of more than \$28,000 near Vancouver last Friday. The identification was made by members of the circus party held up, and the men's names were learned from two women, who officers said accompanied the men to a cache where a farmer had found a quantity of money.

When an automobile containing two men, two women and two children drove up, officers who had maintained an all-night vigil attempted to make arrests and the riot ran and were shot.

At the jail both refused to talk. The women said they were Mrs. Moore, wife of one of the men, and Miss Christine Gross, and that the children were those of Moores.

must be the basis of any agreement that will achieve the purpose we have at heart—that is the final reconciliation of our nation with yours. We have suggested no interpretation of that principle, save its every day interpretation, the sense, for example, in which it was understood by the plain men and women of the world, when on Jan. 5, 1918, you said:

"The settlement of Europe must be based on such grounds of reason and justice as will give some promise of stability. Therefore it is that we feel that government with the consent of the governed must be the basis of any territorial settlement in this war."

NEGRO POURED OIL OVER NEGRO WOMAN AND SET FIRE TO IT.

(By The Associated Press) TAMPA, Sept. 19.—Isaac Anrons, a negro, is in jail pending an investigation of a dying statement made by Maggie Refour, a negro, that he poured kerosene over her and then applied the match. The alleged incident occurred late Sunday night and the woman died today. Officers said the room indicated that a struggle had occurred. A kerosene can was found near the bed.

MISSING WITNESS IN THE ARBUCKLE CASE IS LOCATED.

(By The Associated Press) SAN FRANCISCO, Sept. 19.—A missing witness in the Roscoe C. ("Fatty") Arbuckle case, Dr. Arthur Beardslee, the Hotel St. Francis physician, who treated Miss Virginia Rappe before her death, was located today, according to a telegram received from the sheriff of Douglas county, Nevada, at Minden.

Dr. Beardslee yesterday left Minden for Bridgeport, Mono county, California, on a hunting trip, according to the information given District Attorney Brady, who telegraphed to the Mono county sheriff to order Beardslee to proceed to San Francisco at once.

His testimony is expected to throw light on the condition of Miss Rappe the first day after the Labor Day party in Arbuckle's suite at the St. Francis, from which her death resulted. Dr. Beardslee was wanted as a witness at the coroner's inquest but could not be located. Arbuckle's brief appearance in the superior court Saturday to obtain a continuance on the manslaughter charge pending against him, completed his present schedule of trips outside the city prison until next Thursday when the preliminary examination on the murder complaint sworn to by Mrs. Bambina Maude Delmont, a member of the party in Arbuckle's rooms, is set before Judge S. J. Lazarus.

Mrs. Mae Taube, another member of the party, was questioned today by Brady, who said she had persisted in her original statement that she called Assistant Manager Harry J. Boyle, of the hotel, on the telephone for assistance. At the inquest, Mrs. Delmont said she herself did the telephoning. Brady said some important items of information was learned from Mrs. Taube and her statements might lead to taking up certain new phases of the case before the grand jury Monday night.

Manager Thomas J. Coleman, of the Hotel St. Francis, and other executives and employees were called before Robert H. McCormack, assistant United States attorney in charge of liquor prohibition prosecution, for questioning regarding the origin of twenty quarts of liquor, said to have been consumed at Arbuckle's party.

We have our prides, but it must be confessed that the cultural influence of America in Europe is largely agricultural.

PRICES ARE INCREASING AUGUST GAINS OVER JULY MARKETS SEEM FIRMER

DADE COUNTY SCHOOLS OPENED TODAY UNDER PECULIAR CIRCUMSTANCES.

(By The Associated Press) MIAMI, Sept. 19.—The Dade county high schools opened today though the school board is without funds and a northern house, which holds defaulted bonds of the county, have refused further credit. The authorities state that a tuition probably will have to be charged.

Final Report of the League of Nations Given Out Today

Estimates Washington Conference Can Deal With Disarmament

(By The Associated Press) GENEVA, Sept. 19.—A final report of the League of Nations commission on disarmament given out here today, intimates Washington conference in commission's view will be better able than the League to deal with naval disarmament since this may best be accomplished through a common agreement among great powers.

TENNIS CHAMPIONS OF AMERICA TO MEET

(By The Associated Press) PHILADELPHIA, Sept. 19.—William Tilden, II, and Wallace F. Johnson, both of Philadelphia, were to meet today for the 1921 tennis title of America here. Tilden is at present the title holder.

RAILROAD MEN VOTE TO STRIKE, DEFER ACTION

UNTIL DECISION ON WORKING RULES CAN BE ASCERTAINED

CHICAGO, Sept. 19.—Railroad shopmen belonging to the six federated shop crafts unions have voted to strike against the general railroad wage reduction on July 1, 1921, but will defer any action until the promulgation of working rules now pending before the United States Railroad Labor Board when another vote will be taken on acceptance or rejection of the rules.

This announcement was officially made by B. M. Jewell, head of the shopcrafts organizations at a mass meeting of Chicago shop workers yesterday.

Belief that a stronger fight could be made if a strike is called, with preservation of the shop men's working rules as one of the goals, led to the decision to withhold a strike call for the present, Mr. Jewell said. He and other union speakers counseled the men to wait until the entire wage and rules situation was before them, rather than rush into a strike which Mr. Jewell declared, the railroad managements desire.

"We can make a real fight on the rules proposition when we might not have the full support of other branches of railway employees on a wage fight alone," Mr. Jewell said. "If we want to protect our best interests, we must wait until the time is opportune. But if the labor board releases all the remaining rules to be acted upon at one time, then we will have the whole matter before us. We will need only one vote—to accept or reject the rules—to determine what will be done."

This announcement was greeted by applause and speakers jumped in all parts of the hall to press for further details. Answering one question, Mr. Jewell asserted that the shopcrafts would have the co-operation of other organizations, including the Big Four brotherhoods, if a strike were called and urged his audience to prepare for action.

The strike vote, completed Aug. 1, was announced as showing a constitutional majority against the wage reduction which went into effect July 1. This was the first official confirmation of the result which has been rumored for some time. Condemnation of the operations of the labor board and of its decisions was voiced by all speakers at the meeting. Mr. Jewell charged that the railroads were

Farm Products and Many Commodities Show Gain

EXCEPT CLOTHING

FIGURES WOULD INDICATE FIRMER FOUNDATIONS FOR ALL LINES OF BUSINESS

(By The Associated Press) WASHINGTON, Feb. 19.—Wholesale prices increased 2.75% in August over July levels, wholesale food prices leading in the advance with increase of 13.5% according to figures made public today by the Department of Labor. Farm products, including many food articles, 2.5% higher in August than July. In all other commodity groups except clothing, the statement said, there were decreases in prices ranging from 1% in case of building materials to 4% for metals. Clothes and clothing showed no change in general price level. Since August last year farm products declined nearly 47%, clothes and clothing 40% and building materials 30 1/2%.

700,000 Veterans of the World War Now Out of Employment

American Legion Conducts Investigation of Service Men.

INDIANAPOLIS, Sept. 19.—A survey conducted by the American Legion through 11,000 posts discloses that between 600,000 and 700,000 veterans of the world war are out of employment, it was announced last night. The legion's investigation shows that Pennsylvania alone reported 150,000 ex-soldiers out of work. New York has 100,000, Illinois 35,000, Massachusetts 30,000 and Michigan 30,000. Georgia was the only state to report that unemployment was not general enough to require aid from the legion.

SOVEREIGN GRAND LODGE I. O. F. OPENS TODAY AT TORONTO, CANADA.

(By The Associated Press) TORONTO, Canada, Sept. 19.—The Sovereign Grand Lodge, Independent Order Odd Fellows, opened here today with delegates present from every State in the United States, and every province in Canada.

RUSSIAN INTERESTS WILL BE GUARDED AT U. S. CONFERENCE.

(By The Associated Press) WASHINGTON, Sept. 19.—Assurance that all legitimate Russian interests will be carefully guarded at the armament and far eastern conference, has been conveyed to the Russian people by the state department.

OCOEE DYNAMITERS GET LONG TIME SENTENCE FROM JUDGE WARLOW.

Frank Sanders and William Moore of Ocoee, who were recently convicted in the criminal court here on a charge of dynamiting a negro house at Ocoee, a short time ago, were sentenced to serve four and five years respectively in the state prison at Raiford by Judge T. P. Warlow, yesterday.

E. W. Davis, counsel for the defense, shortly after the sentence had been passed, announced he would appeal the case to the state supreme court.

Both men are now at liberty, Sanders' bond being \$2,000, while the amount of Moore's bail was fixed at \$2,500.—Orlando Sentinel.

Don't try to write a best seller; be content if you have one of the best cellars.

attempting to use the board to take an unfair advantage of the industrial situation. The board's method of drafting rules to supplant the national agreement, a wartime measure, under which the employees work at present, was asserted to be impractical because only seven of the 186 rules have been substituted.

Marcy the New ARROW COLLAR

SANFORD SHOE & CLOTHING COMPANY

STATE NEWS

JACKSONVILLE—Jerry Dulmage, holder of several trophies for local athletic feats, and who ran third in the 100 yard dash during the National Field and Track meet at Philadelphia, recently, will enter John B. Stetson University at DeLand, this season. Dulmage has announced his intention of going out for football although he had had little experience in the pigskin realm. He has established some notable records in local athletic meets, however, and is considered an all round athlete. Followers of the youngster here predict that with a little training he will add materially to the DeLand eleven.

WEST PALM BEACH—Proposals for construction of a railroad from West Palm Beach into the Everglades are being discussed with capitalists in New York by Jules M. Burguiere, president of the Florida Development Board, according to advices received from him. The local Kiwanis club has recommended to the Chamber of Commerce that a railroad into the 'Glades has the "one big project" to be taken up by that body.

ST. PETERSBURG—Rigid enforcement of the law prohibiting the common drinking cup will be recommended to the city commissioners by Dr. W. E. A. Yyman, city food inspector. The state law on the subject follows: "The use of the common drinking cup, or common receptacle for drinking water in any public place, park or square, or in any public institution, hotel, theatre, factory, department store or other store, public hall or public school, or in any railroad station in the state, is hereby prohibited." The fine for violation of this regulation has been placed at \$50 or 30 days in jail.

JACKSONVILLE—Justice of the Peace Arnold Greenberg, of this city, whose duties include judgment of motorists who exceed the speed limit within his district, and the holding of them for the higher court, does not believe in causing the speeder the unnecessary trouble of going to his office for a hearing. The justice goes where they speed and if things become normal on the stretches of road in the immediate territory he merely pulls up stakes and moves his court to a section where there is more doing. When a "speed cop" nabs a speeder the officer and the prisoner move along until they meet the justice and "hizzoner" holds court on the side of the road in the shade of the nearest tree. Judge Greenberg's court has been operating along the Atlantic Boulevard, between South Jacksonville and Pablo and Atlantic Beaches, but the motorist having become wary and business, as a consequence becoming light, he has made a flank movement upon the enemy and is now conducting his campaign along the St. Augustine road.

A white way is practically assured for the town of Bartow. It will take in three of the principal business streets.

FAT ARBUCKLE BE ARRAIGNED IN COURT TODAY

UPON INDICTMENT CHARGING MANSLAUGHTER RETURNED BY GRAND JURY.

(By The Associated Press) SAN FRANCISCO, Sept. 17.—Fatty Arbuckle was to be arraigned in Superior Court today upon the indictment charging manslaughter returned by the county grand jury. This is merely a formality and District Attorney Brady was scheduled to ask a continuance of the manslaughter case until action was taken on the charge of first degree murder pending against Arbuckle in connection with Miss Rappe's death. Brady has announced the murder charge will be pushed and will be left to the jury to decide whether Arbuckle shall be convicted of first degree murder, second degree murder, manslaughter or turned free by acquittal.

SAN FRANCISCO, Sept. 17.—Roscoe (Fatty) Arbuckle will go on trial on some charge in connection with the death of Miss Virginia Rappe within the next three weeks, District Attorney Matthew Brady announced yesterday.

"I am going ahead with the prosecution of this case with all the speed possible," said Brady. "I expect to be ready for trial in about three weeks and I believe the defense will be too."

The district attorney declared he had several reasons for making no decision at a conference with his deputies and police officials as to whether to try the film star on a charge of murder or manslaughter. "We think we have sufficient evidence to convict Arbuckle of murder," he said, "but that is up to the committing magistrate."

Arbuckle, in jail at San Francisco, charged with murder, declared he had ordered a reservation on a train to Los Angeles last evening and that he was going back to his home, in an interview at San Francisco published here yesterday.

Arbuckle, according to the article said he intended to go back into pictures and that the case would clear up as soon as the public knew about it. He said there were a number of people at the party whose names had not been mentioned, some from Los Angeles, of considerable prominence. He said he would like to tell about it and would give full details of the party and all the names at the trial.

Shrouded in Flags, Buried in Flowers, Bodies of Americans

NEW YORK, Sept. 17.—Resting in flag-shrouded caskets, covered with masses of flowers and guarded by armed men of a friendly, foreign nation, the bodies of Commander Louis H. Maxfield and fourteen of his comrades—victims of the ZR-2 disaster—arrive home today, on the British cruiser Dauntless.

It was a far different home-coming than the victims had anticipated, when they sailed several months ago for England to prepare and bring back the monster dirigible, the disaster to which on a trial flight sent forty-two heroic men of two nations to their untimely death.

Far out at sea, the Dauntless was met by a destroyer division of the United States navy. As it neared port, the escort was augmented by a fleet of seaplanes, representing the arm of the service for which the victims gave their lives. As the funeral ship came up the harbor the forts tendered a salute, church bells tolled on the Brooklyn and Staten Island shores, and passing craft "tipped their colors in reverential salute."

The Dauntless proceeded directly to the navy yard in Brooklyn, where British sailors tenderly carried the bodies from the deck of their craft and delivered them to the keeping of their former comrades-in-arm on the pier. Last night the flag-draped caskets were under the watchful eyes of a guard of honor in the yard chapel, where today they were rendered the honor that the navy pays to its heroic dead.

The fifteen caskets, each draped in an American flag, were carried on what is known as the after superstructure deck of the Dauntless.

A monster gun, its muzzle shrouded in funeral colors, stretched over the war craft's deck.

At each corner of the deck as the vessel was warped into its pier, stood an armed sentry with head bowed, and arms reversed. Forward on the platform was a non-commissioned officer and aft an officer in full dress uniform having a rank equal to that of Commander Maxfield. Both of these officers stood at attention with were finally removed from the ship.

National Congress Delinquent Problems Will Meet in Jax

Many Speakers of Note Will Be Present.

(By The Associated Press) JACKSONVILLE, Sept. 17.—The National Congress on the problems of delinquency and crime, to be held here from October 28th to November 3rd, will bring to Florida persons nationally known in the treatment of the delinquency of women and girls. Miss Maude Miner, founder of Waverly House in New York City, will conduct a round-table conference on "Methods of Protective Work with Juvenile Delinquents."

Miss Mina Van Winkle, another speaker, is the head of the Women's Bureau of the Police Department of Washington, D. C. She has organized policewomen in many cities, and is the president of the National Policewomen's Association. She will discuss "The Work of the Policewoman with Juvenile Delinquents."

Mrs. Maude Ballington Booth, long known as the "Little Mother" of the prisons of the country, will speak at the general session Sunday evening, October 30th on her work. She is the head of the Volunteers of America, with her husband, Ballington Booth.

Dr. Valeria H. Parker, director of the Inter-departmental Social Hygiene Bureau of the federal government, will speak during the congress on the special problems of that bureau.

Dr. Parker, who is a physician, formerly was superintendent of the Connecticut State Reformatory for Women.

Mrs. Martha P. Falconer, who will speak October 30th, is one of the leading authorities in the country on the institutional treatment of girls and young women and for many years was superintendent of the Pennsylvania State School for Girls at Darlington, Philadelphia. She is now associated with the American Association for Social Hygiene. Miss Jessie P. Binford, of Chicago, superintendent of the Juvenile Protective Association, of that city, is also on the program of speakers. Miss Henrietta Additon, who has been for several years a supervisor in the United States Interdepartmental Social Hygiene Board of Washington, and Dr. Mary B. Harris, the superintendent of the New Jersey State School for Girls, will take part in the discussions. Dr. Harris, who will have for her subject, "Work With Women and Girls in Institutions" was for some time the superintendent of the Workhouse (Women's Division) on Blackwell's Island, New York, in the administration of Dr. Katharine B. Davis.

RELIGIOUS WAVE THAT IS SWEEPING SOUTH FLORIDA, REACHES KISSIMMEE

(By The Associated Press) KISSIMMEE, Sept. 17.—Religious wave that is sweeping South Florida has reached here and every church has a series of meetings. Social, civic and combined and erected a huge tent for club activities abandoned so all efforts may be concentrated on success of the revival.

The citizens of Wauchula would bond their city for about \$90,000 for paving about four and one-half miles of streets.

HARDEE SPEAKS AT OPENING OF STATE COLLEGE

TALLAHASSEE, Sept. 17.—A capacity audience filled the college auditorium Thursday morning, to witness the opening exercises of the 1931-22 term of the Florida State College for Women. Dr. Edwin Conradi presided.

Following singing, which was conducted by Mrs. Olive A. Slingluff, Rev. G. Newsome, pastor of the Presbyterian church, read a passage of scripture and Rev. Seymour Grady pastor of the Trinity Methodist church, offered prayer.

Dr. Conradi then in a few well chosen remarks introduced Governor Hardee who in his interesting way spoke for several minutes. He not only welcomed the girls to the college but told them the advantages of education. Among other things he said the people of the state were proud of the college and proud of those who attended it. He said Tallahassee is the ideal place for the institution and it was one of the best colleges in the entire country. He complimented highly the teaching staff. In references to the pastors of the Tallahassee churches who were on the stage he said education and Christianity goes hand in hand that the one could not progress without the other. He invited the girls to the mansion at any time they wanted to come.

Miss Beulah Rosine played a cello solo, which was greatly enjoyed by the audience.

Following the solo, J. Stuart Lewis, mayor pro tem, gave the welcome on the part of the people of Tallahassee. Mr. Lewis used only a few words, but his address was greatly enjoyed by those who heard him.

William A. McRae, commissioner of agriculture, followed Mr. Lewis and delighted the audience by his address. He touched on agricultural subjects briefly.

Following Mr. McRae, Rev. Bunyan Stephens, pastor of the Baptist church addressed the girls. Rev. Stephens represented all the churches in his address and gave a hearty welcome to the city and a cordial invitation to all to attend church services wherever convenient for them to do so.

LIMIT "TIN CAN" FOLKS TO 2 WEEKS.

ORLANDO, Sept. 17.—The Orlando Chamber of Commerce has a paid membership, fee \$25 per year, of 365. Some of the members meet twice at the noon lunch, where all the business of the organization is done; others pay but consider themselves family men and do not lunch with the crowd, and therefore are not so expressive, but the chamber is seeking a larger membership and proposes a campaign for at least five hundred members and doubtless it will be secured easily. At the last meeting the "tin can" tourist was discussed and as indicated several days ago the report of the State Commercial Secretaries Association was adopted in toto. This report was to the effect that a campsite be provided and that it shall have everything needed to make it healthful, sanitary and comfortable, and that the persons occupying it shall pay a small rental and that their stay be limited to two weeks.

BODY OF LIEUT. H. W. HOYT OF CLEARWATER IN NEW YORK.

NEW YORK, Sept. 17.—The bodies of the victims of the ZR-2, brought home today by the British destroyer Dauntless, include all but one of the Americans who were on the ill-fated dirigible when she was destroyed. The exception is Rigger N. O. Walker, who escaped with his life, but is now in a British hospital. The others were:

Commander Louis H. Maxfield, of St. Paul, Minn.; Lieut. Commander Valentine N. Bieg, Alexandria, Va.; Lieut. Commander Emory Coyle, Woburn, Mass.; Lieut. Charles G. Little, Newberryport, Mass.; Lieut. Marcus H. Easterly, Colubiana, O.; Lieut. Henry W. Hoyt, Seven Oaks, Fla.; Charles I. Aller, rigger, Denver, Col.; Maurice Lay, rigger, Birmingham, Ala.; A. S. Pettitt, rigger, Dickens City, Tex.; Robert M. Coons, machinist, Owensboro, Ky.; Lloyd E. Crowl, machinist, Fort Wayne, Ind.; William Julius, machinist, Sedalla, Mo.; Albert L. Loftin, machinist, Lake Charles, La.; William J. Steele, machinist, Green Castle, Ind.; George Welch, machinist, Bredgon, Canada.

CO-OPERATION SPELLS SUCCESS

Said a wise old bee at the close of the day, "This colony business doesn't pay. I put my money in that old hive that others may eat and live and thrive; and I do more work in a day, by gee, than some of the fellows do in three. I toil and worry and save and hoard, and all I get is my room and board. It's me for a hive I can run myself, and me for the sweets of my hard earned poll." So the old bee flew to a meadow alone and started a business of his own. He gave no thought to the buzzing clan, but all intent on his selfish plan, he lived the life of a hermit free—"Ah this is great," said the wise old bee. But the summer waned and the days grew drear, and the lone bee wailed as he dropped a tear; for the varnits gobbled his little store, so he winged his way to the old home band, and he took his meals at the Helping Hand. Alone, our work is of little worth; together we are the lords of earth; so it's all for reash and it's each for all—united we stand, or divided we fall.—Pittsburg Ad-Vents.

Advertisements Are Open Letters Written in Good Faith

¶ The merchant who prints an advertising message over his name addresses YOU as much as though he mailed you a letter over his signature. ¶ The advertisement, or "open letter," has this advantage: it is brought out into the light of day. It dispels any suspicion you may have that your neighbor is being made a better offer than the one made you. ¶ Read the advertisements. The merchant's name attached puts him on record as guaranteeing the good faith in which the message was written. ¶ He signs his advertisements—therefore he stands back of everything he says about his merchandise.

READ THE ADVERTISEMENTS.—Be informed on what's in the stores. Learn where to buy better. Read the advertisements—all of them

Tuesday—Mrs. Henry Purdon will entertain the members of the Seminole Bridge Club at her home on Palmetto avenue, at 3:30 p. m.

Saturday—The Children's Story Hour will be held at the Central Park at 5 p. m.

Mr. and Mrs. G. F. Smith and Mrs. M. H. Mabry motored to Daytona Beach where they spent the day yesterday. They were accompanied home by Master Horton Mabry who has been the guest of Arthur Zachary, Jr.

Miss Elizabeth Hoollhan has returned home after spending the summer in Miami.

Mrs. C. R. Walker and Miss Claire Walker left Friday for Winter Garden where Miss Walker will teach school this winter.

Miss Adelaide Higgins has returned home from Orlando where she was the guest of her sister, Mrs. Harry Dickson.

Mr. and Mrs. Harry Herron and Mr. and Mrs. Moughton left yesterday in the Herron car for Ocala.

Mrs. Stella Arrington has returned home after an absence of three months. She spent two months in Tallahassee teaching primary methods and theory, going from there to Monticello where she was the guest of her sister, Mrs. June Turnbull. Mrs. Arrington also visited in Quitman, Ga., and Jacksonville. In Quitman she was the guest of Mrs. Joe Tillman, and in Jacksonville the guest of Mrs. Dickerson. She was accompanied home by her son Briggs who has

a former well known attorney of Virginia who, on account of his health, had made Florida his home.

Little Dorothy Haynes returned Sunday afternoon from a visit in Jacksonville, having accompanied her father, several days ago. Dorothy considers herself quite a finished traveler, having made the return trip alone. She was the guest of her aunt, Mrs. Stevenson.

PROGRESSIVE TEA.

A delightful event in church circles and a pleasing social feature with the membership and their friends, of the Congregational church was the progressive tea given on the Heights at the home of Mrs. J. W. Pennington, Mrs. Frank, and Mrs. Reneau, Friday afternoon.

Assembling first at the home of Mrs. Pennington, an interesting program was rendered by a group of young girls, and delicious punch was served during the hour of entertainment. The pretty decorations of the coral vine and asparagus fern, were repeated at the home of Mrs. Frank, the next stop in the pleasant itinerary. Miss Gussie Frank featured the entertainment program at this home with an attractive group of vocal selections, accompanied on the piano by Miss Charlotte Smith. A delicious luncheon course was served by Mrs. Frank, after which the gay party moved merrily onward to the cozy lovely home of Mrs. Reneau, where more music and readings were greatly enjoyed. The color note of the decorations changed here, quantities of bouganvillea being used with artistic effect. Pineapple sherbet and cake were served by the hostess.

At each home the charm of a gracious hospitality prevailed, adding just another successful affair to the many already sponsored by the ladies of the Congregational church.

BEE KEEPERS OF STATE MEETING HERE TODAY

The bee keepers of Florida are meeting here today but the program was never given to the Herald to publish and there seems to be no data on just what the program will be altho it is bound to be very interesting. Bee culture, like every other agricultural pursuit is growing in Florida and is becoming very important. We hope to obtain a detailed report of the meeting for tomorrow's Daily Herald for the information of those who are engaged in this great work. Many of the county agents are here to attend the meeting and many farmers who are interested in bee culture are here to learn something about the extension of the bee culture in Florida.

ROLLINS COLLEGE WILL OPEN MONDAY WITH FINE PROSPECTS.

WINTER PARK, Sept. 17.—Rollins College will open for her 37th year on Monday, September 19, with a large and more cosmopolitan student body than in previous years. The east and the west are both liberally represented while the middle northern states are sending the "Rollins Special" from Cincinnati. Registration will begin on Monday and close on Tuesday, Sept. 20. The formal opening exercises will be held in Knowles Hall, Wednesday, Sept. 21, at 10 a. m. The address will be delivered by Robert J. Sprague, Ph.D., dean of the college.

The addition of the heavy endowment last year has enabled President Ward and Dean Sprague to associate with themselves colleague of the highest order and has brought to the faculty men and women whose scholarly attainments and christian character will make of Rollins what she is fast approaching—an ideal college for the south.

It is a source of much satisfaction to the alumni and former students of the college, who number over 2,000, that Dr. George Morgan Ward continues his work as president of Florida's oldest college. Since his acceptance of the presidency in 1895, the growth of Rollins has been in accordance with the best academic traditions and many useful men and women have gone out from her doors.

Using elaborate apparatus, a group of English scientists are studying the causes of seasickness and endeavoring to find a cure.

CARPETS AND RUGS WASHED

and cleaned at your home or we will call for and deliver. Hamilton Beach Electric Washers used.—Sanford Steam Pressery, 317 1st St. Phone 560

When a hen lays an egg in a California inventor's nest her back is sprayed with drops of colored liquid for identification.

AMONG SMART FURS

Among smart furs there are coats that maintain their style supremacy without going to great lengths. One of these shorter models, which may be made of mink, squirrel, sealskin or other fashionable skins is shown here. It meets all the requirements of the new season.

Daily Fashion Hint

AN UNUSUAL APRON

To show individuality in the selection of one's house aprons is to prove one's up-to-dateness. This design in pink and white check gingham is attractively trimmed with pink ric-rack, which is stitched along the edges of the shoulder straps, belt and square neck. The sides are gathered to the belt, while the front and back are in panel effect. Medium size requires 3 1/2 yards 32-inch material. Pictorial Review Apron No. 9368. Sizes, 36, 40 and 44 inches bust. Price, 30 cents.

HAVE DARK HAIR AND LOOK YOUNG

NOBODY CAN TELL WHEN YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Adv.

Ancient Chinese porcelains cannot be duplicated because the coloring matter used came from mines that have been exhausted.

DRINK

Elder Springs Water. Its 99.98-100 per cent pure. Phone 311.

Altamonte Springs, One of the Beauty Spots of Seminole's Wonderland

ALTAMONTE SPRINGS has an atmosphere, and so have other places in Seminole County, but Altamonte's atmosphere has the peculiar quality of a Lodestone—it's inhabitants may remove to other places in other climes, but they always return or have a very strong desire to do so, and of course there is that—not very mysterious reason—Altamonte's beauty—for all humanity is drawn to beauty.

Altamonte Springs is placed in such a favorable location, that her man-made beauty, combined with the natural beauty, forms the Alta-Monte that we know today. The Altamonte of George Frost of Boston, of Herman Westinghouse of the great Westinghouse Electrical Company—who were among its founders—is not the Altamonte of today. Founded as the home of rich men only, we now reach out for residents of humbler means also, as we realize that riches alone do not make a town livable.

It stands to reason that the state was scoured by these wealthy men to find their ideal before founding their town. Therefore Altamonte's location is the pick of the state.

Altamonte Springs has an altitude of 220 feet—thus getting pine filtered sea air from the Atlantic Ocean 30 miles to the East, and the Gulf of Mexico to the West, forming that wonderful ozone known as the "Atmosphere of Altamonte" and when combined with the odor of orange blossoms and jassamine in season, and this combination comes breezing into one's window 24 hours a day, it is bound to give the ailing their health, and the healthy more health and joy of living.

Altamonte Springs has in its territory hundreds of acres of orange and grapefruit groves in high state of cultivation, and has within her boundaries five beautiful lakes with clean, sandy shores, no marshy borders. Lake Orienta (upon which is located the "Altamonte Hotel", famous among tourists all

over the country for its wonderful cuisine and excellent management of its owners, George E. Bates & Son) is the largest of these lakes and is noted for its black bass fishing, which is jealously guarded by the owners of the land surrounding the lake, who welcome the true fisherman with sporting ideals.

The "Altamonte Hotel" is located at the east end of this lake, upon a bluff overlooking the full length of its waters. Lake "Ade-laide" is across a park to the rear of the hotel, and upon this lake is the "Altamonte Spring" of absolutely pure water.

The paved highway from Jacksonville to Tampa and all South Florida passes through Altamonte. A day's ride in an automobile may encompass two hundred miles in any direction without leaving a fine paved road, making Altamonte an admirable location for automobilists, a fine large garage is under construction and will be open for business in a few weeks, two stores with filling stations are handy and every advantage enjoyed in a city at hand.

Altamonte Springs is located on the Tampa and Jacksonville Division of the Atlantic Coast Line Railroad and gives fine service, Western Union Telegraph office, Express and Third Class Postoffice, Electric Lights, beautiful shady streets of large oaks, within 14 miles on brick highway of Sanford, and 9 miles on brick highway to Orlando. Winter Park, with Rollins College, is on the same road just five miles to the South.

The hotel is the center of social life with card parties, dances, etc., and Altamonte's winter residents and home-folks are of a superior order and of a prosperous, enlightened class. Our surrounding country and neighboring towns of Longwood and Maitland are of the same order and are fine neighbors, and are only two miles away to the North and South.

The practical side of Altamonte Springs is not to be slighted in this article, for, aside

from her fruit industry, Altamonte is noted as having 40 acres in covered conservatories devoted to raising the beautiful Asparagus Plumosis fern used by florists. This is shipped in season mostly to the north, and the industry represents an investment of over a quarter of a million dollars and a payroll of hundreds of dollars a week. Hon. Charles D. Haines, ex-congressman from New York, heads the largest of these conservatories, The Royal Extension Fernery, Incorporated.

Mr. B. L. Maltbie, of the Maltbie Chemical Works, of Newark, N. J., is one of Altamonte's latest developers, and is planning a great future for us this winter.

Altamonte has a Chamber of Commerce, whose Secretary, W. B. Ballard, is always glad to give information upon request. Altamonte Springs has just recently been incorporated and is officered by unsalaried men of progressive ideas, but within keeping with a low millage.

George E. Bates and Son are men to whom Altamonte Springs owes much, as many coming as their guests buy property here and stay as residents.

Palm Springs, a noted resort, is only two and one-half miles through the pine woods to the Northwest of Altamonte. Here Mr. Lester Beeman has spent thousands of dollars to give a pleasure resort for the free use of the public, and one that is greatly appreciated. Mr. Beeman has a pretty little cottage at the Spring as have others from Sanford and Longwood.

Altamonte Springs has never been boomed or exploited, but is now on the verge of a growth that will not be sporadic, but steady and substantial.

A peculiar circumstance is the fact that there is only one "Altamonte Springs" in the world, and we are "IT". Numbers of "Altamontes" appear in the Postal Guide, but only one "Altamonte Springs."

Advertising Rates Made Known on Application

Subscription Price in Advance: One Year \$4.00; Six Months \$2.50; Delivered in City by Carrier: One Week .15 Cents.

The big 18- to 16-page Weekly Herald actually covers Seminole County and is published every Friday. Advertising rates made known on application. Democratic in politics. \$5.00 per year, always in advance.

Member of The Associated Press

Are you growing with your city?

Are you boasting for your Chamber of Commerce?

Are you boasting for your Building and Loan Association?

Are you boasting for every good thing connected with the growing City of Sanford?

If you are doing all these things, you are only doing your whole duty as a real citizen. If you are not doing any of them, you are neglecting your duties as a real citizen.

Sanford is growing as fast or faster than any city in the South, but we can stand many changes as yet. There are so many things that we should be doing that it is difficult to know where to begin.

Business is picking up along every line, and the merchants that does not start his fall campaign of advertising now, is overlooking a good bet. It is the merchant that advertises consistently that wins out, and of course, he should have the goods and the special inducements all the time. We are speaking of the merchants who are wideawake and alive, and up to date, and ready to take a chance and ready to boost their trade.

Sanford needs a boat basin filled with running sulphur water modeled after the plan as given out by Mr. Donnelly, some time ago. It would mean the advent of hundreds of yachts in the winter, and the keeping of these boats here all summer, where the hulls would be protected from marine animals by the pure sulphur water. It would mean hundreds of thousands of dollars coming here in a few short years. It would mean everything to Sanford. Think about it.

All of which reminds us that the real way to begin is to begin, and in beginning, get on something tangible, make it big, make it right, and then hammer on that one big thing until it is finished. Don't take up with any makeshifts or "just as good" propositions. We are building for the future, and the future means a city of twenty-five thousand people in the next five years. It is an ambitious city, that we are planning, and it will take an ambitious program to fill our growing needs.

Sanford needs a steam engine for the fire department. We have the lake at our very doors, and it is our most valuable asset, although we never use it. With pipes in the lake to Commercial street, the steam engine could pump water for fifty days and night regardless of the water works system going punk, the pipes bursting or any other calamity happening, and this steam engine would save enough in reduced insurance rates to pay for itself the first year. Think about this also.

Sanford needs pure soft water, and Sanford can get pure soft water by going to one of the clear water lakes that abound south of the city in any direction. The present sulphur water is the purest in the world, but it is not the right kind of water for laun-

dry purposes and for manufacturing plants, and for many things. Sanford should put in a pipe line to a clear water lake and bring this water to the city for manufacturing purposes. It would pay the city to do this, and then go after the different factories that would like to come here. Sanford will never be a real city until Sanford owns its own plants, and this pipe line would be a fine start toward a municipal water works. Think it over.

Sanford needs a golf links and country club. No city can have tourists without golf links. If we expect to have tourists, we must have the golf links. Having golf links, such as we have already laid out here, would mean the coming of hundreds of tourists of the wealthy class, and the building of that million dollar hotel in a short time, because the situation would demand it, and some of the new people would build it. The golf links would solve many of our present day problems of where to obtain money, and where to get those things that we need in the way of improvement. Tourist cities get what they want. You have seen that in every live city in Florida. Do you want these improvements, and all that go with them, or not? Think about it.

CONSTITUTION DAY.

September 17 is being observed the country, over as Constitution Day, this being the 134th anniversary of the completion of the Constitution of the United States. Great efforts are being made to arouse a general interest in and greater familiarity with the great document upon which our government is founded.

The schools and colleges, the patriotic and civic societies and all clubs concerned with public affairs will give the matter due attention. But the day would mean a good deal more if Mr. Common Citizen and his wife would interest themselves at least to the point of reading the Constitution over. Here is mother taking up the duties of citizenship with great ardor, and here is father trying to tell her what it's all about, and in just about nine homes out of ten neither knows the fundamental principles upon which the Republic is built.

The Constitution is not long. It is phrased simply. New acquaintance with it, or old acquaintance renewed, will mean fresh reason for its earnest support.—St. Augustine Record.

RUINED BY WEALTH.

Only a short time ago Roscoe Arbuckle was struggling for existence, when suddenly, as the press reporter expresses it in his description of the Arbuckle "gin-jollification party" that resulted in the death of the actress of whose murder "Fatty" is accused, "the accident of girth" made him one of the richest members of the motion picture profession.

So it is, as the report says, "all down the glittering gold coast of the Los Angeles motion picture colony, peopled by men and women of humble beginning suddenly possessed of fabulous wealth because of a pretty face, a fat physique, wavy hair or a simpering smile."

As a class they are not inherently men and women of evil intent. But for the fact that they possessed some peculiar physical or other adaptation for the screen they would have continued indefinitely in paths of obscurity, and of repute and honor, each in his humble capacity as a more unit in the great masses of society, earning enough for squandering in sin.

It is the same, too, outside of the film actor's profession; the sudden turning of fortune has the same effect, by and large, regardless of the vocation or professional status into which it leads.

Too often the favored one "can't stand prosperity," as the saying goes; and his precipitation into a category to which he has had no opportunity to accustom himself by degrees, turns his mind into channels of "easy come, easy go" profligacy and extravagance, and before he realizes it his dream is shattered upon the inevitable rocks of debauchery and regret!

Arbuckle, made suddenly famous because his grotesque figure and comical antics before the camera was amusing to the "movie-going" world, accumulated money so rapidly that his most difficult problem was to spend it as fast as it came in. Hence his fame as a host at his celebrated "parties," the last one of which resulted in a fatality and the arrest of the host on a charge of murder.

Doubtless, as he sits glomily in his cell awaiting the uncertainty of the future this erstwhile jolly fun-maker would freely concede that it is far better to— "range with humble livers in content. Than to be perked up in a glittering grief. And wear a golden sorrow." —Atlanta Constitution.

REDUCING PRICES TO MAKE MORE MONEY.

Barbers of Brookville have evinced their cleverness in the way of money-getting by reducing their prices to those that were established in nearly all portions of the country before the war commenced. That is, the figures made to customers are fifteen cents for a shave and twenty-five cents for a hair-cut. As a result the shops are now busy, and are, of course, making more money than at the higher prices.

The raising of the price of shaves to twenty-five cents drove many a man to the use of the safety razor. The ordinary man who had been having the barber shave him three times a week for forty-five cents reasoned that he could buy a razor for almost any price he desired to pay—and after that his shaves would cost him about one cent each. The shop, because of this fact, lost the whole six. When haircuts went to fifty cents the man who had been having his capillary growth shorn about once in two weeks, concluded that he could just as easily go two months as two weeks—feeling that he couldn't afford the half dollar; consequently, in place of one dollar in two months the barber received fifty cents.

Summed up, the barbers of Brookville figured twelve shaves and two haircuts each month would totalize their receipts at four dollars the month at the reduced price, while the higher prices would bring them in on the reduced patronage about seventy-five cents every two months—because of the "home lather."

Barbers, like men of other callings, are in the business for the cash returns—but too often allow thoughtless action to lessen their incomes and their aggregate receipts. A real sagacious merchant would prefer to sell ten articles at a profit of a dollar each than to make one sale and not five dollars. That is why they are clever advertisers—to make what is termed a "quick turnover." Barbers are as much entitled to the same methods as are men in other callings—but few of them are careful advertisers. They should be—especially in these days and times.—Kissimmee Gazette.

NO TIME TO CUT ADVERTISING.

The head of a large organization declared the other day that he had decided to stop advertising because the amount of business derived directly from it was not satisfactory, says Forbes' Magazine. He received this reply: "Are the orders coming in from your salesmen satisfactory at present?" He admitted that they emphatically were not. "Are you going to lay off all your salesmen?" he was asked. "Certainly not," he replied indignantly. "We've got to have our men out to keep in touch with the trade." Yet he had decided to stop the very thing which keeps his company and its product in touch with the trade and the public in a far more comprehensive way than his salesmen can possibly do. It is just possible that he will now change his mind.

Have not a great many executives fallen into this same mistake of ceasing to push their products with redoubled energy at the very time they most need to find customers? It has been well said that no enterprise ever reached enormous success through negative action, through curtailment.

Some of the most successful companies in America are today adopting exactly the opposite course. George Eastman, for example, states that Kodaks are now being advertised more extensively and aggressively than ever before, despite—or because of—the decline in demand and increasing competition. John H. Patterson has announced a similar policy for the National Cash Register Co. The Standard Oil Co., of New Jersey, is going after business more forcefully and spending more money than ever before. So are hundreds of other concerns managed by men of acknowledged foresight and business stentermanship.

The time to stop advertising is not when orders become extremely difficult to land and when plants sorely need business to keep them going. If an ambitious advertising program can increase the percentage of production even moderately, it thereby reduces the overhead per unit of production. Moreover, it reduces the number of employees that have to be laid off, and this ought to be a consideration of the first moment in times like these.

Don't sit back. Sit up. Don't give up. Go to it.—Leesburg Commercial.

The Sanford Daily and Weekly Herald stand for Sanford and Seminole county just as strongly as the American flag stands for the greatest nation on earth.

NEEDED: MORE "WEST FLORIDA JUSTICE."

Recently at Crestview, in Okaloosa county, two white men, who, after confession, were convicted of the murder of a man who had given them a "lift" in his automobile along the road. These men have been sentenced to death on the gallows next Friday.

The arrest, trial, conviction and execution of the crime, by the Blackwells in that county, still furnishes theme for comment occasionally.

While crime is going unpunished, and criminals go unwhipped of justice in other counties, justice is swift and certain in that part of the state. This state, and other states in the south, need more "west Florida justice." There is needed fewer acquittals on technicalities, fewer light sentences for grave offenses, and fewer pardons for convicts serving a just sentence of the court.

The Pensacola News comments on the Okaloosa brand of justice meted out so swiftly and surely. It says:

"The law in Okaloosa county has been upheld. Twice in the very recent past, juries there have convicted white men of crimes which sent them to the gallows. Although the case of the Blackwells is said to have cost the county upward of \$30,000, the law prevailed, and the crime was expiated on the gallows. The Grim Reaper robbed the gallows of one victim, but the noose ended the career of the other. Unless unforeseen developments occur, the careers of Martin and Ponsell will be ended via the noose route.

West Florida justice is sure and certain. The color of a man's skin does not deter the good citizens, the sworn juries, from performing their duties, and this latest case is proof of this assertion. The law is upheld, and criminals fear its application, all of which counts well, in the last analysis, and the peace officers are to be commended for their zeal in this respect."

When officers of the law do their duty, when courts of justice hand out sentences fitting the crimes, and when executing officers carry out the sentence of the court, then will the criminally inclined and the professional crook take up with a jerk, and face the proposition they are against. It will be then that, instead of a fifty-fifty chance of getting out of a prison through escape or pardon, they will count on exact justice being done. The murderer will forfeit his life, instead of lingering lovingly in a gladsome land where he has more luxuries than the average freeman.

It is high time to think of the rights of the people, of humanity, of society, awhile instead of looking only at the "poor murderer" or the "poor highwayman." More west Florida justice is needed in this county. The Tribune is proud to list Okaloosa county as one county in the state where they refuse to make a farce and a fool show out of courts of justice.—Tampa Tribune.

LEGION OFFICIALS MAKE TOUR OF STATE VISITING POSTS.

The National and State Officials of the American Legion have just finished an auto tour of the State covering seven hundred and thirty-seven miles and addressing twenty-five posts.

The National organization was represented by Dr. Davis Forster, of this city, and the state organization was represented by State Commander Lowry, of Tampa; State Vice Commander Kirkman, of Palatka, and State Adjutant Cheeney, of Orlando.

The object of this tour was not only for organization purposes but to impress the high ideals of citizenship for which the Legion stands. The tour was an enthusiastic and successful one and it is felt that the efforts in this line will make for the betterment of everyone as it becomes more and more known that the Legion is not working for selfish aims and ends.

During this tour the officials passed through the 300,000 acre fenced pasture of the Consolidated Land Co., which lies between Okeechobee City and Sebring. It is surrounded by three hundred miles of up-to-date fence and contains 30,000 tick free cattle. In this pasture two up-to-date ranches of thorough bred cattle are in operation and are used to breed up the native stock.—New Smyrna Breeze.

THE WEATHER

For Florida: Fair tonight and Tuesday except probably showers in extreme South portion.

Fall is coming although it may not seem so.

Tom Martin spent the day at Daytona Beach yesterday.

E. D. Fennell was a business visitor here Saturday from Palatka.

R. R. Allyn, of Tampa, spent the week end here at the Montezuma.

R. R. Allyn and Sam Murrell spent the day at Daytona Beach yesterday.

Howard Smith and Fred Wight spent the weekend at Daytona Beach.

The children will soon be starting to school and they are needing so many things.

Sam Murrell leaves today for DeLand where he will enter Stetson University where he will study law.

The merchants that prepare for the school opening will be doing the children a favor and themselves a favor, also.

Mr. and Mrs. P. P. McGraw, of Orlando, spent a few hours in the city Sunday afternoon visiting at the home

SANFORD'S TEMPERATURE

It seems much cooler and the early mornings are cold but the old bulb seems to have taken his stand on the 96 mark and believe me, he will probably stay there until we have that equinoctial gale to change the weather around to where it should be. How some de- ever we wish to rise and re- mark that the hot weather cannot last more than three months longer and we will probably be dried on the stem by that time and will not care whether school keeps or not:

5:40 A. M., SEPTEMBER 19	96
Maximum	96
Minimum	67
Range	70
Barometer	30.17

Rain, trace; calm and clear.

of Mr. and Mrs. R. K. Gore. Mr. McGraw has charge of the Linotype Department on the night side of the Orlando Morning Sentinel, which position he has held for the past ten years.

Mr. Nagels, representing the Daniel Miller Co., of Baltimore, is in the city today calling on his local customers.

And then our boys and girls going

to college must have new outfits and their going away means much to all the business houses of Sanford and they should get busy and go after the school business.

W. P. Townsend, of DeLand, was in the city Saturday transacting business.

Horton Mabry and Joe Caldwell have returned from Daytona Beach where they spent the week end as the guests of Arthur Zachary.

A card will bring us to see you.—Sanford Mattress Co. 148-7tp

It is difficult to get the daily papers to every subscriber every night, but we are trying our best. Boys will be boys.

Earl B. Paxton left today for College Station, Texas, where he has accepted a position as instructor of electrical engineering.

Have your watches and jewelry repaired at McLaulin's. Two first class watch makers. Prompt service. 140-tfc

The school opening may not seem big to most people, but it really stimulates business in many lines, and brings many new people to the city.

Messrs. J. R. Stewart and R. A. Tarheun, were among the successful fishermen at Daytona Beach on Sunday, bringing home a big mess of large fish, crabs and shrimp.

ROOFING, Red and green slate surface, 3-ply \$3.25 per square. Tiger brand, plain, 3-ply \$3.25; 2-ply, \$2.75; 1-ply, \$2.25. Free delivery. Address M. E. Ginn, Box 301. 139-26tp

Reports from the business centers today say that building materials are falling in price. In fact, they are much cheaper than they were last year at this time, and it is up to every one to build and build now, if possible. Sanford needs many homes and many houses and many store buildings and many improvements.

Many new people are coming to Sanford every day. We should put our city in fine shape to receive them. We should also give them the glad hand and, if possible, have a place for them. If all the buildings needed could be built here at once, we would have a population of twenty-five thousand people this winter.

The carrier boys on the Herald in the main are good boys and they are honestly trying to get the papers to every subscriber every night. If they fail let us know it at once and we will try and straighten it out. We want you to get the Daily Herald promptly.

S. M. Lloyd says that if one goes out of town a few hours it is difficult to find his house again as the new homes are being built over night and the entire face of the city is being changed. It is almost that good at that and we hereby give Mr. Lloyd the silver handled shoe horn for first prize.

"EXIDE" BATTERIES, the Giant that lives in a box. We can now furnish six Volt Batteries at \$24.50. We buy, sell, exchange, recharge and repair all makes Batteries.—Ray Brothers. Phone 548. 150-tfc

Henry McLaulin has returned from a trip to New York and other big cities where he spent some time selecting new and up to date silver and China and all kinds of beautiful goods for his jewelry store. Mr. McLaulin says that he will have something to show his customers when the new goods arrives for the holiday trade and for the regular trade as well. Watch the Daily Herald for announcements.

TRUCK TIRES, Goodyear non-skids
32x4 1/2\$27.50
34x4 1/2 31.00
All other sizes any make in proportion. Get our prices before you buy.—Ray Brothers. Phone 548. 150-tfc

Mrs. Margaret Barnes, of Sanford, has arrived in Orlando. Mrs. Barnes will take over the management of the Jefferson Court this winter, beginning October 1. Mrs. Herbert Wichtendahl, who has been the very popular manager of the Court up till this time, will take the management of the magnificent new apartment house now under construction at Lake Dol on West Colonial Drive. She will be located there after November 15. —Orlando Sentinel.

Middy Wash Suits, \$2.50 to \$4.00 values, as long as they last at 98c.—Sanford Shoe & Clothing Co. 152-6tc

Who's Your Tailor?

If you can't get a perfect fit out of the Michaels-Stern and Campus Togs line, then you need a tailored-to-order Suit. Don't put out the extra cost of a special representative, let our man do it. He works right amongst you, the year round and the reason he is giving satisfaction is because he uses the celebrated—

ED. V. PRICE LINE

of tailoring. There are tailoring houses that have been trying to duplicate the Price way of doing business for years—but they are far from it yet. Once you try one of their suits, you are their customer for life.

MAKE US PROVE IT. YOU'LL BE SATISFIED OR COSTS YOU NOTHING

SALTS FINE FOR ACHING KIDNEYS

WE EAT TOO MUCH MEAT WHICH CLOGS KIDNEYS, THEN THE BACK HURTS

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

W. W. C. Smith, of Ocala, spent Saturday here at the Montezuma.

WEEKS WEATHER

Forecast for the Period September 19 to 24, inclusive.
South Atlantic and East Gulf States: Generally fair, except widely scattered local thundershowers; normal temperature. There are no indications at this time of a disturbance in the West Indies.

NOTICE

Will the party who broke into C. A. Reed's house Sunday night, bring back the can goods and other stuff, and save trouble, as they were seen and are known.
