WILL THE RAILROAD MEN DECLARE FOR A STRIKE IS NOW THE QUESTION

Votes are Being Taken By the Six Unions On Strike

EXECUTIVES DOUBT

SAY THAT MEN ARE WELL SATISFIED WITH PRESENT ARRANGEMENTS

(By The Associated Press)
CINCINNATI, June 8.—The ballots on the strike question were sent out yesterday by headquarters as stated in press dispatches to the 400,000 railway shopmen of the country with an urgent appeal to vote and send back the ballots as soon as possible.

Following the release of the ballots by the executive council of the six federated shop crafts here yesterday, international headquarters of the six unions were instructed to send out a letter to all locals urging immediate action on the ballots.

"This is time for action and not talk or unnecessary delay," the letter said. "Every ballot is desired to be in Chicago at the earliest possible moment, and in no case later than June 30. While the ballots are marked returnable June 30, every local lodge should rush the return of the ballots as soon as the vote is taken, and if it is humanly possible, all ballots should be in Chicago before June 25, 1922, thus making it possible to advise the membership before July 1. This can and will be done if the membership will do their part as herein requested."

The letter was regarded as a certain forecast of a walkout on July 1, if the vote of the membership favors a strike. To facilitate taking the vote, every local lodge was instructed to call a special meeting immediately on receipt of the printed ballots, which are now, on the presses in Chicago.

The locals were urged by the executive council to make "special effort to have every man eligible to vote cast his ballot." The letter was signed by the international heads, William H. Johnston, of the machinists; J. A. Franklin, boiler-makers; James Kline, blacksmiths; J. J. Hines, sheet metal workers; Martin F. Ryan, carmen, and B. M. Jewell, president of the railway employees department of the American Federation of Labor. The action of the shop crafts follows a decision by all the railway unions affected by the wage reductions, issued and pending, from the railroad labor board, to call an immediate strike vote on the new pay cuts.

The triple-barreled strike ballot of the shopmen resulted from notification yesterday from the labor board that it had declined to order restoration of wages and working conditions declared to have been illegally changed on certain roads.

Two ballots, recently authorized by the shop crafts' convention in Chicago, but never sent out, were immediately ordered put in the mails. The vote will therefore be on these three propositions.

1.—Seven unsatisfactory rules recently promulgated by the labor board including rules wiping out time and one-half pay for overtime.

2.—"Farming out" of shop work to outside firms; alleged illegal installation of piece work, and alleged arbitrary and unauthorized reduction of wages by several roads.

3.—The \$60,000,000 pay cut, effective July 1.

Railway Officials Say There Will Be No Strike

CHICAGO, June 8.—Declaring that there is no talk of a strike among railway workers, the presidents of six Chicago roads last night issued a joint statement charging that all the threats of a walkout were being inspired by union leaders.

The statement, which was signed by H. E. Byram, of the Chicago, Milwaukee & St. Paul; J. E. Gorman, Rock Island; C. H. Markham, I. C.; and S. M. Felton, Chicago Great Western, follows in part:

"Threats of a strike made by leaders of the railroad labor unions are appearing with such frequency that the time seems opportune for questioning the soundness of their talk. There is a very good reason for doubting whether the men themselves, that

CARUTHERSVILLE, Missouri, June 8.—Senator Reed appeared to be strengthened early today, after he was forced last night to cancel a speech here on account of sudden illness.

SCHOONER OLYMPIC AND CREW OF FIVE LOST IN THE GULF

(By The Associated Press)
BEAUMONT, Texas, June 8.—The schooner Olympic and a crew of five are lost in the gulf, according to Captain Conley, of the schooner Margrita, which arrived here last night from Santo Domingo. The two ships left Santo Domingo nine days ago and the Olympic has not been seen since the first night out.

The same qualities that made you a success in other lines will enable you to get that fly if you'll keep on swatting.

is the railroad employees, really are in sympathy with resistance to the decisions of the United States railway labor board.

"The truth is that the men have been expecting a reduction in their wages and have made, or are making, preparations to meet the new scale. There is no talk of a strike among the men. The disturbing statements read by the public are prepared by leaders of the unions, whose viewpoint has been distorted by months of effort before the board to resist the inevitable downward trend of wages. The employees, on the other hand, are in the main sincerely interested in taking care of their jobs and homes, and few employees in any industry have more good reasons for doing so.

"H. M. Jewell, spokesman for these railroad labor unions, has severely criticized the decision of the railroad labor board awarding the reduction in wages to shop employees. Jewell says the decision will cause employees to believe the board is not an impartial court created to help the railroads carry out their labor policy. He attacks the wage award also on the ground that the proposed scale is lower than the minimum required to support the average family according to American standards.

"The public should not overlook the fact that in deciding the proposed wages of these employees, maintenance of way and shop, the labor board, which is a government body, said after the reductions made under this decision, 'these employees on the railroads will still be receiving as a rule a wage in excess of that paid to similar employees in other industries.' The board held in its opinion that measured by the present cost of living, the hourly wages of machinists, for instance, after July 1 will still have 19 per cent more purchasing power than in December, 1917; those of carmen, 40 per cent more purchasing power; and those of common laborers, 45 1/2 per cent more. That is to say measured by the cost of living, their wages will still be these percentages higher than at the end of 1917.

"An important fact which should not be overlooked by the public, because it may have a very important bearing upon its business and comfort, is that whereas rate reductions amounting to more than \$250,000,000 have been ordered by the Interstate Commerce Commission, the cut in wages, according to the decisions thus far rendered amounts to only \$110,000,000."

BRITISH MILITARY COLUMN ADVANCES INTO BELLEEK ON DONEGAL'S BORDER

With Reported Intention of Occupying The Belleek Sector

(By The Associated Press)
BELFAST, June 8.—Belleek was occupied today by British troops which advanced this morning to take the salient from the Irish irregular forces who were holding it. The fort overlooking Belleek was first captured by the British and the town then taken. The engagement began at 1 o'clock this afternoon when the irregulars began firing on the troops. The British artillery then opened up.

BELFAST, June 8.—At Newtownards' military headquarters this afternoon it was stated that Belleek was retaken without loss of life and no prisoners were captured.

BELFAST, June 8.—The British military column, comprising artillery and infantry engineers advanced into the Belleek district on the Fermanagh-Donegal border this morning with reported intention of occupying Belleek by nightfall. The Republican forces are said to be falling back before the British advance.

BONUS BILL BLOCKED BY WILLIAMS IN SENATE, WHEN McCUMBER LED

Chairman Gave Notice He Would Make Another Effort Late Today

(By The Associated Press)
WASHINGTON, June 8.—An effort to present the bonus bill to the senate today was blocked by Senator Williams, Democrat, of Mississippi. Chairman McCumber, of the Finance Committee gave notice he would make another attempt later in the day to get the measure on the calendar.

WASHINGTON, June 8.—The bonus bill was ready to be presented today in the senate by Chairman McCumber, of the Finance Committee with accompanying report placing the probable cost to the federal government at \$3,845,659,481, spread over 43 year period from next January first. This is approximately \$250,000,000 less than estimated under the house bill, which was payable over twenty years. The senate bill was based on the theory that 75 per cent of the veterans would request adjusted service certificates, twenty-two and one half per cent, farm, home and land settlement aid and two and one-half per cent vocational training aid.

LOS ANGELES OFFICERS WANT WILLIAM COBURN FOR KU KLUX ACTS

(By The Associated Press)
LOS ANGELES, June 8.—It was indicated today that Los Angeles authorities will seek to arrest and detain of William S. Coburn, a former official of the Ku Klux Klan, believed to be in Atlanta, pending extradition proceedings of thirty-four alleged members of the Klan who were indicted yesterday in connection with a raid near here.

(By The Associated Press)
GENEVA, June 8.—Zeppelin works at Friedrichshafen are planning to build an airship with a capacity of one hundred thousand horsepower and capable of flying from Munich to Chicago in twenty-four hours. The ship will be built when the Allies remove restrictions on the manufacture of aircraft in Germany.

BUTLER'S FRIENDS SAY HE WAS "RAILROADED"

NEW YORK, June 8.—August Probst, young Swiss butler, whose heart affairs with Pittsburg society girls at the exclusive Rolling Rock Club were alleged by his friends to have moved others to railroad him out of the country, was deported Tuesday on the Mauretania. The government engaged an attendant to accompany Probst who attempted to commit suicide by slashing his wrist at Ellis island the day before. The attendant is to report on the butler's physical condition and bring back a receipt from his parents showing that the prodigal has returned to his home in Switzerland. It was charged that Probst came to America without a passport and therefore had no right to remain.

KING ALEXANDER OF JUGOSLAVIA, MARRIED TODAY

ENTIRE ROUTE OF BRIDAL PARTY LINED WITH DOUBLE ROW OF SOLDIERS

(By The Associated Press)
BELGRADE, June 8.—Elaborate precautions were taken to guard King Alexander and Princess Marie, of Rumania during their wedding festivities today. The entire route of bridal party from palace to Cathedral was lined with double rows of soldiers and gendarmes with loaded rifles and fixed bayonets. One line of troops faced outward, other inward. Their orders were to shoot immediately if they noticed any suspicious movement among spectators.

BELGRADE, June 8.—Medieval pomp and splendor marked the wedding here today of King Alexander of Jugoslavia and Princess Marie of Rumania. Nearly every nation in the old and new world was represented at the ceremony, which linked the dynasties of three Balkan countries, forming a powerful barrier against future wars in this turbulent part of Europe. The event probably will remain unmatched for a long time in Balkan annals for its political significance; the lavishness and beauty of its setting; the enthusiasm and favor of the people; the picturesqueness of the processions, and the quaintness of the presents to the bride and groom.

The bridal gown was an antique creation of white crepe Georgette, with long court train, embroidered in pure silver and crystals, and the Princess wore over her tulle veil a shower of scintillating gold strands. She was a picture of girlish beauty, dignity and grace as she was escorted to the altar by her father, King Ferdinand of Rumania. From her shoulders fell a large court mantle in brilliant silver, at the lower end of which the double arms of Jugoslavia and Jugoslavia were embroidered in silver and gold. King Alexander presented his bride with a massive crown of gold, set with diamonds and rubies, each province of Jugoslavia having contributed a precious stone to the diadem.

The king, who entered the church arm in arm with Queen Marie, his future mother-in-law, wore the bright full-dress uniform of a Serbian General. His best man was the Duke of York, son of King George of England.

The queen of Rumania, who has come to be known as the "Mother-in-law of the Balkans," looked almost as youthful as the daughter she gave in marriage. She dominated the entire ceremony and next to the bride was easily the most conspicuous and charming and next to the bride was easily the most conspicuous and charming figure in the Cathedral. When she was not receiving the congratulations of her friends, she was busy giving directions for the execution of the wedding.

The marriage was solemnized by the Serbian Patriarch in the ancient Byzantine Cathedral of Belgrade. In accordance with Serbian custom, there was no civil ceremony. As the bride and groom walked up the aisle a Te Deum was sung. The marble altar, resplendent in porphyry and gold, was tastefully decorated with lilies and roses, among which the national colors of Rumania and Jugoslavia were intertwined.

The bride's maids were Princess Ilyena, the 12-year-old sister of the bride; her cousin, Grand Duchess Cyril of Russia, 14 years old; and the little 8-year-old daughter of Princess Helen of Russia, sister of King Alexander, whose husband was killed by the Bolsheviks.

The wedding was followed by a gala luncheon at the palace, at which the representatives of the foreign royal families, cabinet members, and government officials were guests. In the afternoon there was a procession of deputations from the various Serbian provinces, dressed in national costumes.

Railroad Commissioner Race Was in Doubt Yesterday

CONGRESSMEN WIN

AND LATER RETURNS SHOW A LARGER MAJORITY FOR TRAMMELL

(By The Associated Press)
JACKSONVILLE, June 8.—With five small counties missing and the remainder virtually complete, unofficial returns of Tuesday's primary were compiled today by the Jacksonville Journal:

Trammell 49,815, Gilchrist, 23,914; Railroad commissioner, Eaton, 20,814, Campbell, 16,801, Bowden, 13,083; Congress, Sears, 20,468, McWilliams, 11,252, Clark, 9,242, Davis, 4,117, Smithwick, 8,057, Hancock, 5,806.

JACKSONVILLE, June 8.—There seemed to be no disposition in any quarter last night to dispute the claim of Senator Park Trammell that he had been renominated over former Governor Albert W. Gilchrist, of Punta Gorda, in Tuesday's democratic primary by a majority of 20,000.

Newspaper tabulations on incomplete returns indicated the senator had won by a three to one majority. These tabulations also left no doubt as to any of the three contested congressional offices, in which the three incumbents were returned by substantial margins.

On the face of incomplete returns compiled by the Tampa Tribune from 46 out of the 61 counties, Senator Trammell received 441,286, while his opponent polled 18,653.

Congressional returns tabulated by the same paper for the fourth district, with only one county missing, gave Representative W. J. Sears 18,056; and W. A. McWilliams, president of the senate, 9,729. In the third district, incomplete returns compiled by the Florida Times-Union for five out of 14 counties gave Representative J. H. Smithwick 9,076; Ben S. Hancock 4,523.

The Times Union's compilations of incomplete returns from eight out of 15 counties in the second district gave Representative Frank Clark, 5,871; Colonel Robert W. Davis, 3,104.

In the state interest now centers on the result of the three-cornered race for railroad commissioner, in which it is probable a count of the second choice votes will be necessary to determine the winner.

PENSACOLA, June 8.—Complete but unofficial returns compiled by the Pensacola Journal from Tuesday's primary showed that State Senator John P. Stokes, whose re-election was extremely doubtful on the face of Tuesday night's tabulations, defeated his opponent, W. C. Fillingim, by a scant of 122 votes. The final unofficial count was, Stokes, 2,620; Fillingim, 2,507.

Senator Stokes is considered one of the leaders of the state senate and has announced his candidacy for its presidency at the next session. As the early returns came in last night, his strongest supporters lost heart, with Fillingim, who is a Pensacola harbor, leading in every precinct to report. Outlying districts, however, yesterday carried the incumbent over to the winning side with a bare margin.

HOTTEST DAY TAKES TOLL IN BOSTON

(By The Associated Press)
BOSTON, Mass., June 8.—Two deaths from heat and a number of prostrations were reported here last night at the close of the hottest June day in the annals of Boston weather bureau since 1884. The highest temperature officially recorded was 90 degrees at 1 o'clock. Unofficial thermometers registered several degrees higher.

**LEAGUE OF FLORIDA
CITIES TO MEET AT
JACKSONVILLE TODAY**

(By The Associated Press) JACKSONVILLE, June 1.—Municipal officials from probably a score of Florida cities and towns will gather here today for the second meeting of the recently organized Florida League of Municipalities. Uniform legislation is on the program for a large part of today's discussion.

Nineteen municipalities are represented in the organization at present. These came in with the forming of the organization at Tampa. Applications from additional city officials are expected at today's meeting. The League was formed with a view of providing a general clearing house for matters of municipal administration. Primarily, it will serve as an exchange of ideas while its sponsors hope that ultimately it will broaden into means of bettering all sections through concerted action on kindred problems and the like.

**AIRPLANE DISASTER
AT LANGLEY FIELD**

(By The Associated Press) RICHMOND, Va., June 1.—William A. Snyder, of Wilkesboro, North Carolina, who was graduated yesterday morning from the Langley Field photographic school, was killed late yesterday while flying over his uncle's farm four miles from here, his single seat army plane going into a nose dive and bursting into flames when it crashed. Identification was made by the uncle through a ring on Snyder's finger.

His face was charred beyond recognition. Earlier he had been reported missing by other planes that

had made an afternoon flight and returned.

NORFOLK, Va., June 1.—News of the disaster was quickly telephoned to Langley Field from Richmond and an officer sent in a single seat plane to Richmond to take care of the body. It was said at the field that Lieut. Synder had left the field between 1:30 and 2 o'clock yesterday afternoon on a practice flight. It was the last flight he was to make to conclude a two months course in aerial photography. He had taken a course in flying itself at the field last summer. Lieut. Synder was a reserve officer.

**SEARCH OF WARD'S
HOME REVEALS NO
EVIDENCE OF FIGHT**

(By The Associated Press) WHITE PLAINS, N. Y., June 1.—"We found nothing which would believe us to believe Ward's story false."

This was the way District Attorney Weeks summed up the results of a search made yesterday of the New Rochelle home of Walter S. Ward, wealthy banker. The search was made to determine the accuracy of a newspaper report that Clarence Peters, ex-navy man whose body was found about two weeks ago near the Kensico reservoir, had been shot in the Ward home, with another man, instead of on the country road, as stated by Ward when he surrendered with the assertion that he had fired in self defense.

On the lookout for woodwork punctured with bullets, or carpets stained with blood, the searching party combed the house from top to bottom, pulling up rugs and removing books and pictures.

From Lieutenant McGowan, of the New Rochelle police, one of the investigators, came only a compliment of Mrs. Ward's housekeeping.

The investigators asserted they had interviewed all the neighbors and had found none who had heard any shots in the Ward home. The search by the authorities also failed to reveal the whereabouts of the man alleged to have been wounded when Peters was killed, and quoted by the newspapers. Ward, who has been released in \$50,000 bail, was not at home when the searching party arrived, but his wife showed them around the house.

**JIMMIE MURPHY
IS \$30,000 RICHER**

(By The Associated Press) INDIANAPOLIS, June 1.—Jimmie Murphy of Los Angeles is approximately \$30,000 richer as a result of winning the tenth annual 500 mile International Sweepstakes automobile race at the Indianapolis motor speedway Tuesday. He was presented with checks at a driver's banquet last night.

Murphy set a new world's record for 500 miles, his average being better than 94 miles an hour. Twenty thousand dollars was for first place and the remainder lap money and presents from accessory companies.

A second recheck of the records showed that three others besides Murphy held the lead at various times Tuesday. Leon Duray took the lead at the seventy-fifth lap when Murphy drew into the pits. He was ousted, however, by Harry Hartz on the next lap. Hartz held the lead until the 84th lap when Peter DePalo took it for several turns. Hartz spurred to the front again in the 87th and held it until the 121st lap. Murphy, driving more than 100 miles an hour, then forged to the lead and was not headed again.

Besides winning the second speedway prize of \$10,000, Hartz last night was awarded \$1,000 of the lap money. Money prizes from several automobile accessory companies boosted his winnings several hundred dollars more.

THE SENIOR CLASS OF '22

"AD ASTRA" PARODY TO "STAR OF THE SEA"

On to the stars, from old Sanford High,
Give the Old School a last fond good-bye;
Thru' the long hours of study and toll,
The hope of the student, no sorrow can foil!
Fearless and trusting we look up to you!
Knowing the triumphs of Class of '22;
Help us to follow the way you may lead,
Give us the help we need.

CHORUS

On to the stars, our hope and our guide,
No darkness here, your brightness can hide;
Shine on bright stars
To bring wisdom nigh,
Our own dear ad astra, of Sanford High.

REFRAIN

Oh wisdom's stars shine on us now!
To say good-bye, pray teach us how!
Shine o'er us then when we are gone,
And on Old Sanford High, still shine on.

SECOND VERSE

On to the stars, from Old Sanford High,
Now we must part, must tell you good-bys.
Teachers so kind, and classmates so true,
And all of the friends of the Class of '22;
Smiling and tranquil, we leave you today! (tonight)
Leave you to walk in "Ad Astra's" bright ray, (rays bright)
We thank you for help, dear Old Sanford High,
And kindly say good-bye.

—Mrs. L. A. Mickey.

**ROTARY CLUB
ENTERTAINED
SENIOR BOYS**

**SANFORD CLUB WAS HOST TO
THE BOYS OF THE CLASS OF
1922 LAST NIGHT**

The Sanford Rotary Club was host to the boys of the Class of 1922 last night at the Montezuma Hotel and a most enjoyable time was had by the hosts and the guests. The meeting was the regular night meeting that occurs once each month and at which time much business is usually transacted and the new birds are initiated but last night was given over to the Senior boys and as they had to get to the High School to receive their diplomas they were not burdened with any business routine. Vice-President Housholder presided at the meeting in the absence of D. L. Thrasher, the president, who left yesterday to attend the national convention of Rotary Clubs at San Francisco. After the formal opening of the meeting B. F. Whitner was called upon to say a few good things to the boys of the Senior class and in his usual hearty manner made the boys feel that the Rotarians were their friends and that Rotary stood for the best of everything and the best in education.

The meeting was then turned over to the Seniors in a way and they wore all prepared and answered to the following toasts:

- "To the Class," Edward Henderson.
- "The City Substantini," Robert Thrasher.
- "The Bond Issues for Good Roads and Streets," Frederic Rines.
- "The Two Million Dollar Hotel," Willard Lumley.
- "A New Speedway Around Lake Monroe," William Fitts.
- "The New Six Story First National Bank," Fay Loring.
- "The Sanford Herald," William Lyle Tapp.
- "The New School Buildings," William Mallon.
- "Tennis Courts, Gymnasium and Ball Parks," Harold Christensen.
- "Our Country Club," Arthur Moore.
- "The Boys of the High School," Bertram Sheppard.

The toasts were very clever and to the point and were greatly enjoyed by the Rotary members and the classmates alike. They showed that the boys of the Senior class were live wires and were keeping up with events in the City of Sanford.

Col. George W. Knight was called upon to close with a few remarks to the boys and he gave them some excellent ideas of good citizenship telling them that they were to be the future leaders in the city of Sanford and civic reform rather than politics should be their work and their aim in life. His talk was filled with the Rotary spirit and he dwelt at the close upon the Rotary axioms of "service above self" and "the profits most who serves best" and congratulated the boys upon the fact that all but two of them expected to gain a higher education by attending college.

A message to the boys from President Thrasher was read and later singing "America" and the boys giving a yell for "Rotary" the hosts and guests departed with the feeling that the night with the younger spirits had made the older men younger and the Seniors felt that the evening spent with the older folks had given them an insight into the work of the men of the Rotary Club and the men who are

doing something all the time for the city of Sanford and the people of this community.

**EAGLES BUILDING FIRE
DESTROYS FURNISHINGS
RICHARD FAMILY INJURED**

A fire last night about eight o'clock in the Eagles building on Oak avenue gave the fire department a difficult job as it was in the second floor where the partitions and ceilings were all of pine and the fire was hard to get under control. The fire department was called at meal time and the fireman on duty was slow in getting water at the fire and when water was finally ready the fire had gained rapid headway and the smoke from the fat pine was suffocating, making the work of the department and the volunteers very difficult. The volunteers did noble work rushing up the stairs and rescuing the families and taking out furniture. Jim Richards and family who occupied the apartment where the blaze first started from an oil stove suffered severely. Mr. Richards and the little baby being badly burned and Mrs. Richards being overcome from fright and the smoke in a serious condition. The Richards family and several other families lost all their furniture and M. Hogan who leased the entire second floor informed the Herald reporter that none of them had any insurance although there was insurance on the building. On the first floor occupied by the Renaud Battery Service, the storage of Oakland cars and tires of the Kent Vulcanizing Co., and the Mahony Walker Co., the volunteers did valiant service pushing the cars out and carrying out tires and other supplies that would have been injured by the water as the flames were confined to the second floor.

All of these firms wish to thank the brave fellows who went into the fire and rendered such valiant service at a time when such service was greatly needed.

**SULPHUR CLEARS
ROUGH, RED SKIN**

FACE NECK AND ARMS EASILY
MADE SMOOTH, SAYS
SPECIALIST.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentha-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm. It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentha-Sulphur from any good druggist and use it like cold cream.—Adv.

RICHMOND IS READY TO GREET VETERANS

Richmond, Va., June 5.—(Special)—Richmond has called for the remnants of that army which defended her for four years and by the thousands will be here on June 19, 20, 21 and 22. The last three days are those fixed for the welcoming and entertainment of the United Confederate Veterans at their 33d annual reunion. June 19 has been set as the date for beginning the ceremonies which will engage the attention of the Confederate Southern Memorial Association and of Sons of Confederate Veterans.

Preparations are now complete for taking care of the enormous number of visitors who are expected to attend the reunion. The veterans will be made comfortable at the hotels, with friends or relatives and in private homes.

Provide Comfortable Quarters. Upon their arrival at the railroad stations in this city, each veteran will be met by a member of the Reunion Committee, given an identification card and assigned to quarters, if previous arrangements for accommodations have not been made. However, Brigadier-General Jo Lane Sters, chairman of the Reunion Committee, urges that all visitors make their reservations before coming to Richmond, applying to the hotels or to the Information and Quarters Committee, Postoffice Box No. 696, Richmond for quarters in private homes and boarding houses.

Reasonable cost, from \$1.25 to \$2 per day for lodging and breakfast, will prevail in private homes. Dinner and supper, with the compliments of the city of Richmond and the Commonwealth of Virginia, will be supplied Confederate veterans who desire them on June 20, 21 and 22.

Elaborate Program. The program of exercises and entertainments probably will make this the greatest reunion in the history of the United Confederate Veterans. One of the most impressive exercises in which the veterans will take part will be the laying of the corner stone for the Matthew Fontaine Maury monument.

Addresses will be delivered by some of the South's greatest orators, there will be a great parade and review, band concerts, a Confederate ball and dozens of other features designed particularly to entertain and please the Old South's heroes.

New Developments in the Ward Case Blackmail Mystery

(By The Associated Press) WHITE PLAINS, N. Y., June 5.—The eighteenth day of the Ward shooting mystery brought three sharp developments. The first was the discovery in Philadelphia of a wounded man giving the name of John Cienzo, of New York, suspected of being the companion of Clarence Peters, alleged to have been shot by Walter S. Ward, at the time the wealthy baker's son claims to have killed the ex-sailor in self defense. Unsuccessful search for a wounded man was conducted yesterday in Stamford, Conn.

The second development was the discovery that a man known as 'Jack' had been seen, late Thursday night, at the Mills hotel in New York where Cienzo claims to have stayed. He was said to have driven up in a red automobile of the same make and color of the car alleged by Ward to have been used by the mysterious 'Charley Ross' and 'Jack' when, he asserts, they met him and Peters at a black-mailers' tryst near Kensico reservoir on the night of May 15. It was not definitely established whether the 'Jack' seen at the Mills hotel actually met Cienzo who it is suspected may turn out to be the real 'Charley Ross.'

The third development was the announcement that the baker's wife, her two servants and a score of other witnesses had been summoned to appear today before a Westchester grand jury. Not until today did they come from District Attorney Weeks a positive statement that he would lay the case before the jury, although he complained that he had been unable to obtain any information from the servants at the Ward home in New Rochelle, and would force them to talk unless they were formally subpoenaed.

The local authorities indicated that they believed Cienzo's arrest was important, for if he turned out to have been shot with Peters, instead of in a way in Greensburg, Pa., as he claims, an arrest will have an important bearing on the Ward case in connection with the story told by James J. Birmingham, race track 'tout,' now lodged in jail here after professing no knowledge of the manner in which Peters came to be shot. Ward's story was that he had gone to Kensico reservoir to keep a date with a band of blackmailers, including Peters, and that he had been forced to fire to save his own life. Cunningham on the other hand, had a circumstantial story to the ef-

fect that the shooting occurred in the Ward home when the baker, in league with the blackmailers against another person, had fired in anger when he found he was being double crossed.

VERBAL FIGHT OVER PROBE IN STEEL MERGER

(By The Associated Press) NEW YORK, June 5.—The sparks flew again Saturday at the Lockwood committee investigation of the latest steel merger, with Samuel Untermeyer committee counsel, swinging on the anvil and Mortimer L. Schiff, of Kuhn, Loeb & Co., flaring in anger at his interrogations. Their verbal fusillade got so hot one time that Untermeyer warned the banker he might go to jail for refusing to answer questions. Schiff quickly intimated that if he did Untermeyer would keep him company behind the bars.

The discussion centered around the part Kuhn, Loeb & Co., are to take in merging the Republic, Midvale and Inland companies into the North American Steel Corporation. Schiff insisted the relationship of his firm was purely open of banking. They were "financially fathering" the enterprise, he said and were to head a syndicate to underwrite \$75,000,000 in preferred stock at \$90 and \$44,000,000 in common at \$43, and then raise another \$20,000,000 in cash to purchase additional Midvale paper.

Balloon Race Ended Yesterday; Florida Man Third

Brought His Balloon Down Safely in the Ozark Mountains

(By The Associated Press) MILWAUKEE, Wis., June 5.—Lieutenant W. F. Reed, navy pilot, of Pensacola, Fla., and the last of the 13 airmen to leave Milwaukee in the national air race last Wednesday, was reported in dispatches to the Wisconsin Aero Club to have landed Friday in the Ozark mountains in Southern Missouri.

The United States coast guard service announced last night that Lieut. Reed had covered 535 miles, making him third in the race and one of the American contenders in the international event to be held at Geneva.

The telegram from Lieutenant Reed follows: "Salem, Mo.—Navy balloon landed very gently in valley cornfield in Ozark mountains at 10:55 a. m., June 2, 18 miles north of Eminence, Mo. Without ballast and wind coming from west. No means communication. Balloon equipment by wagon to Salem. We came by horseback thru mountains and valley trails to Rector, automobile Rector to Salem."

In a second telegram Lieut. Reed placed his distance from Milwaukee at 445 miles. Officials of the coast guard, weather bureau and aero club estimated the distance variously from 475 to 550 miles. Until official announcement of the distance made by the various contenders is made local aero club men said they would do nothing toward distributing the prize money.

If Lieut. Reed's own estimate of his distance is correct, it was pointed out, he will be placed fourth instead of third, dropping behind Van Orman.

WASHINGTON, June 5.—The bureau of aeronautics of the navy department received a dispatch last night from Lieut. Reed, the naval balloonist, announcing his landing in the Ozark mountains. The text was identical with that given in the dispatch to Milwaukee club officials.

American Steamer Siezed by British, Had Ammunition

For Irish So the Officials Seemed to Think

(By The Associated Press) LONDON, June 5.—The American steamer Seattle Spirit, bound from New York for Genit, County Kerry, with corn and mixed cargo, was held up in Tralee Bay by British sloops says Triple Dispatch. Large quantity of ammunition in barrels was seized.

R. R. STRIKE VOTE TO BE TAKEN AUGUST 3

(By The Associated Press) CHICAGO, June 5.—Strike votes affecting 1,200,000 of American railroad workers returnable on the same date, probably about August 3, will be decided upon at the railway labor conference in Cincinnati this week, in the opinion of B. M. Jewell, president of the railway employes' department American Federation of Labor. The employees expected to vote are those affected by the new wage reduction orders already announced or pending from the railroad labor board.

All of the lands described in the foregoing lying and being in the Town of Altamonte Springs, County of Seminole, and State of Florida. Whenever the word Township or abbreviation thereof occurs it shall be held to mean Township South of Tallahassee, and where the word Range or abbreviation thereof occurs it shall be held to mean Range East of Tallahassee.

ter before the committees as a strike vote of the membership will determine what action is to be taken." Eleven standard railway union heads will gather in Cincinnati Tuesday to take some definite steps regarding the board's new wage cuts.

TRAIN CRASHES INTO AUTO; FOUR KILLED

(By The Associated Press) UNION S. C., June 5.—Four people were killed and two others possibly fatally injured Saturday when a Southern Railway passenger train crashed into an automobile where a community road crosses the railroad. The dead are: James Vaughan, B. J. Vaughan, Miss Laura Austin and Miss Minnie Austin. John McKeown and Ben Alton Whitlock are thought to be fatally injured.

Eighty Perished on Steamer Yesterday on Parana River

Steamer Carried Oil Cargo and Blew Up Without Warning

(By The Associated Press) BUENOS AIRES, June 5.—Eighty persons are believed to have perished in sinking yesterday of the steamer Villa Franca on the Parana river near Posadas; at that point the river forms the boundary between Argentina and Paraguay. The vessel carried one hundred passengers. One hundred drums of naphtha in the cargo. One survivor said the sleeping passengers were awakened at 1:40 o'clock yesterday morning and rushed to deck to find the vessel in flames. A few seconds later there was a heavy explosion. The vessel sank a few minutes later one mile from shore.

Glades county is coming into the limelight as a possible field for oil. Leases on 80,000 acres have been sold to Texer companies who will begin drilling at once. If Florida crosses the border line from a possible to an actual oil producing field, won't the state boom?

SOUTH FLORIDAS SHIPMENTS OF FRUITS AND VEGETABLES ALMOST 10,000 MORE CARLOADS

(By The Associated Press) TAMPA, June 5.—South and Central Florida's shipments of agricultural products this season total nearly 10,000 cars more than the movement to this date last year, according to records of the railroads and marketing organizations, the aggregate to date, since last September 15 being 61,522 cars. The total includes only the solid carload movement and does not include the countless thousands of shipments in less than carload lots. Central Florida's shipment of vegetables, watermelons and cantaloupes is just beginning to get underway and authorities here expect that the total for the season, when that movement is completed, will be at least 70,000 cars.

FROST KILLS VEGETABLES IN ICY CONNECTICUT

ONECO, Conn., June 5.—Beans, potatoes, corn and all vine vegetables were killed by frost last night. With one exception it was the most destructive cold snap from which this district has suffered at so late a day for fifty years. The mercury dropped to 28 degrees and ice formed in pools and along the edges of streams.

ARE YOU A PUSHER?

Friends, where do you belong? Are you pushers or do you have to be pushed? In every city there are those men and women who commonly answer to the name of lenders. These are the pushers. They do things of their own accord—for the public good—most of them act without thought of personal benefit, except as that benefit comes from good accomplished for all. Then there are those other folks who never do anything unless they are pushed. Is it plain? Being a pusher does not necessarily mean that you must spend your time shoving someone else along whether he wants to be shoved or not, but it does mean that you are laboring in season and out for the good of the public.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 8, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the trouble from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person. "Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it." Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. B.S.S.

SHERIFF EVADES MOB OF 1,000—ESCAPES WITH HIS PRISONER

(By The Associated Press) HIGH POINT, N. C., June 6.—Eviding a mob of nearly 1,000 men surrounding the jail, Chief of Police Blackweider left here shortly after 8 o'clock last night for Greensboro with an unknown negro suspected of having attempted to assault a young woman near Thomasville late yesterday. The other negro suspects arrested at Thomasville were brought to High Point jail.

THOMASVILLE, N. C., June 6.—Crowds of men and boys estimated at 3,000 in number early yesterday were searching the woods surrounding Prospect church, three miles south of here, for a negro who attempted to assault an 18 year old girl late yesterday. According to the young woman's story she was accosted and dragged into the woods as she was walking along the highway near her home. Her screams frightened the negro away.

ON SHELLING TOWN

DENIED THAT BRITISH TROOPS WERE FIRED UPON AT ANY TIME

(By The Associated Press)
BELFAST, June 6.—Although up to late last night the British troops have not attempted to occupy either Belleek or Magheramona Castle, resumption of activity on that front is expected soon. The Republicans are understood to be pushing forward large reinforcements.

The correspondent of the Belfast Telegraph estimates the death list in the recent fighting as high as 30. The Pettigoe district where several more bodies have been found, is still held entirely by the soldiers, the constabulary and the specials being kept in the rear.

LONDON, June 6.—The Irish Republican army headquarters, says a dispatch to the Press Association last night, has issued an official communique contradicting the Ulster military report on yesterday's occupation of Pettigoe by British troops. Michael Collins, head of the provisional government, is understood to have requested the British government to hold an investigation of the whole affair, the dispatch said.

DUBLIN, June 6.—Michael Collins, head of the provisional government, takes a most serious view of the British shelling of Pettigoe, in Free State territory and has demanded from the British authorities a full inquiry into the circumstances.

It has been supposed that the Irish troops at Pettigoe were irregulars not under control of the provisional government, but an official communique issued last night from Beggars' Bush, headquarters of the Irish Republican army says that there were no Irish troops in that district except those of the regular Republican army. It is denied in the communique that the British troops were at any time fired on, and the British army statement that in consequence of the shooting of a motor car driver Pettigoe was shelled is contradicted. The driver, it is asserted, was not killed until long after the shelling, when there was an interchange of shots between the British and the retreating Irish troops.

According to the Beggars' Bush statement, one shell was fired while the people were at mass and eight others without warning or provocation immediately afterwards. Seven of the Irish troops were killed and several captured. The British at present occupy the hill and vantage points for two miles on the Donegal side, and all roads are traversed by British armored cars.

In any circumstances the joint appeal of DeValera and Collins to the electors issued last evening is likely to have the effect of discouraging candidates against the Sinn Fein ticket, and the Pettigoe incidents are considered an aid in bringing about solidarity for securing no contests for many of the seats.

There are no managing editors in Florida and the Jacksonville Metropolitan sent to Seattle, Washington, for one.

MILK WILL INCREASE YOUR WEIGHT SURE SAYS LADY EXPERT

(By The Associated Press)
GAINESVILLE, June 6.—If you don't believe milk will increase your weight, listen to what it did to two rats who were not so skeptical. Miss Juanita Darrah, an expert of the Florida State College for women, in quest of knowledge on the project, experimented with three rats. Here is what she noted:

"In order to illustrate the value of milk in the diet, white rats of the same litter were separated from the mother and fed as follows: Number 1, a diet typical of certain rural sections of Florida, minus milk; number 2, the same food, plus milk equivalent to a cupful a day in the diet of a child; Number 3, the same food, plus milk equal to a quart a day in the diet of a child.

"Rat Number 2 grew to more than double the size and weight of Number 1; Number 3 more than outstripped all the rest. At the end of ten months Number 3 weighed a little less than four times as much as Number 1, although the only difference in care and feeding had been the milk. Furthermore, Number 3 bore two litters of young and reared them successfully.

"Milk supplies complete protein, all minerals except iron, and the vitamins necessary for health."

SUNDAY BASEBALL BANNED AT MEETING SOUTH FLORIDA BAPTISTS

(By The Associated Press)
BRADLEY JUNCTION, June 6.—The South Florida Baptist Association which met here recently, recorded its opposition to the playing of Sunday baseball in the phosphate mining district of this section of the state. The Association was said to represent 53 churches with a combined membership of 6,700. The Association adopted a committee resolution unanimously opposing the playing of the National pastime on the Sabbath. The practice had been long indulged in, the resolution set forth.

WANTS TO FACE MUSIC FOR ROBBERY OF BANK

(By The Associated Press)
NEW ORLEANS, June 6.—A man who stated he was William Ferguson of Randleman, N. C., walked into police headquarters Sunday night and told the police that he robbed the People's Bank of that place of \$467 on May 16, last. "My wife is sick I want to see her, and am ready to face the music," he said.

RE-OPEN BECK KILLING

ENJOYED PICNIC

The Freshman English Class enjoyed a delightful picnic Friday given by their teacher, Mrs. McKay in honor of Miss Georgia Mobley, who won the medal offered by the Colonial Daughters for the best patriotic essay. After several hours spent in swimming and other out-door sports a delightful picnic lunch was served. The young people were chaperoned by Mrs. G. E. McKay, Mrs. E. D. Mobley and Miss Martha Fox. Besides the members of the Freshman Class who enjoyed this day's outing were Misses Katherine Ray, Sarah Malpas and Florence McKay.

DEATHS

DEATH OF MRS. W. A. ZACHARY

The city was shocked this morning to learn of the death of Mrs. Cornelia Bailey Zachary, beloved wife of W. A. Zachary at their home at 519 West First street. Mrs. Zachary was stricken yesterday afternoon and all that physicians summoned in haste could do was done for her but it seemed that the time had come for this loved one to be taken and her spirit fled early this morning after a brave fight for life during the long hours of the night.

Mrs. Cornelia Zachary was born in Raleigh, N. C., about fifty years ago and spent her girlhood life in that section, having married there and about thirteen years ago coming to this city with her husband and family. She was a great lover of home and family and while spending much of her time in her home found time to devote to church and friends, being an active member of the Methodist church and a devout christian since early childhood. In fact the home life and the good deeds of this estimable lady were a benediction and her two jewels were like the Cornelia of history—her two daughters, Mary and Julia, who, while they have passed the age of childhood, loved mother with the same enduring love of their early childhood while at her knee.

The death of Mrs. Zachary has cast a shadow on the household of her many friends, who, while they do not understand her sudden demise, feel that God has taken one of his people to live in the realms above.

Deceased lives a loving husband and two daughters, one sister, Mrs. John Wyatt, of Richmond, and brother, O. L. Baily, of Raleigh, to mourn her loss. The sympathy of the entire community is extended to them in their hour of sorrow. The funeral will occur from the Methodist church tomorrow afternoon at 4:00 o'clock.

DEATH OF JUDGE CHENEY

(From Saturday's Daily)
Judge John M. Cheney, for thirty-seven years one of the best known citizens of Orlando, died at his home on North Orange avenue yesterday afternoon at two o'clock after an extended illness. He was sixty-three years old.

Judge Cheney had been in poor health for more than a year, and early in January he underwent an operation at the Orange General Hospital. For a time he seemed to be recovering and was removed to his home, but complications developed and with the exception of one or two rallies he grew steadily weaker until early yesterday he became unconscious and all hope was abandoned.

Until the day before his death Judge Cheney insisted upon rising daily and sitting in a chair, where he received friends. He was at all times cheerful, frequently remarking that it was necessary "to take the good with the bad."

Funeral services will be conducted at his home on Sunday afternoon, the Rev. T. H. McConnell, pastor of the First Presbyterian church, officiating. Burial will be in Greenwood cemetery, with Orlando Lodge No. 59, F. & A. M., in charge of a brief service at the grave. The hour of the service has not been determined.

John Moses Cheney was born in Milwaukee, Wisconsin, January 6, 1859, but first attended school at Woodville, New Hampshire, where his family removed shortly after his birth. In 1881 he was graduated from the New Hampshire Literary Institute and four years later from the law school at Boston University. He married Elizabeth Alexander at Bristol, New Hampshire, after leaving the university.

After he was admitted to the bar by the Massachusetts supreme court in 1885, he came to Orlando and was associated with Arthur L. Odlin in the practice of his profession. With others he established the Orlando Water Company, later adding the electric plant and building one of the largest ice plants in the state. These utilities were the best equipped in the Southland. But aside from his own business, Judge Cheney was identified with virtually every movement for the upbuilding of Orlando, serving the city whenever called upon in a hundred different ways. The results of his untiring services are evidenced on every hand.—Orlando Sentinel.

S. M. Gordon Killed, Fell From Engine in the Yards Last Night

(From Saturday's Daily)

S. M. Gordon, a yard switchman of the A. C. L. Railway, was killed last night when he fell from the running board of a switch engine under the wheels and was ground to pieces. From all that can be learned of the accident to which there seemed to be no eye witnesses, Mr. Gordon was riding on the running board of the switch engine, as all of them are wont to do in order to step off and make couplings and it is thought that in passing the coal chute a large lump of coal on the side of the track brushed his feet out from under him before he could recover his balance and he was thrown under the wheels of the engine, being killed instantly.

The accident is greatly deplored by all the officials of the A. C. L. Railway and all his fellow employees and his many friends in the city where he was favorably known. Mr. Gordon came here several years ago from Winnipeg, Canada, his home and had been in the employ of the railroad ever since. He leaves a wife and nine children to mourn the loss of husband and father.

The funeral will occur from the Presbyterian church tomorrow afternoon at 3:00 o'clock, Dr. Brownlee officiating, interment being made in Lakeview cemetery.

The sympathy of the many friends is extended to the family in their bereavement.

THE BIG NEW FEED STORE NOW IN OUR NEW BUILDING

It Takes Real Horse Power

It often takes "real horse power" to pull the heavy mud stuck automobile out of a hole. But horses that have been fed right will have the extra power needed for such work. If you want your horses and mules in the "pink" of condition for any kind of heavy hauling you must feed them right. Then they'll have glossy coats, bright eyes and they'll stand erect and firm. You'll get a full day's work, no lost working time. Scores of horse and mule owners have found that Purina O-Molene feed produces healthier horses and mules and more work.

It costs no more to feed. Purina O-Molene is made of choice grains specially prepared, and balanced to get more work from work animals. We'll be glad to tell you more about it. Phone or call.

RICHLAND IS READY TO GREET VETERANS

Richmond, Va., June 5.—(Special)—Richmond has called for the remnants of that army which defended her for years and by the thousands will be survivors answer the summons to be here on June 19, 20, 21 and 22. The last three days are those fixed for the welcoming and entertainment of the United Confederate Veterans at their 33d annual reunion. June 19 has been set as the date for beginning the ceremonies which will engage the attention of the Confederate Southern Memorial Association and of Sons of Confederate Veterans.

Preparations are now complete for giving care of the enormous number of visitors who are expected to attend the reunion. The veterans will be made comfortable at the hotels, with friends or relatives and in private homes.

Provide Comfortable Quarters. Upon their arrival at the railroad stations in this city, each veteran will be met by a member of the Reunion Committee, given an identification card and assigned to quarters, if previous arrangements for accommodations have not been made. However, Brigadier-General Jo Lane Stern, chairman of the Reunion Committee, urges that all visitors make their reservations before coming to Richmond, applying to the hotels or to the Information and Quarters Committee, Postoffice Box No. 696, Richmond, for quarters in private homes and boarding houses.

Reasonable cost, from \$1.25 to \$2 per day for lodging and breakfast, will prevail in private homes. Dinner and supper, with the compliments of the City of Richmond and the Commonwealth of Virginia, will be supplied Confederate veterans who desire them on June 20, 21 and 22.

Elaborate Program. The program of exercises and entertainments probably will make this the greatest reunion in the history of the United Confederate Veterans. One of the most impressive exercises in which the veterans will take part will be the laying of the corner stone for the Matthew Fontaine Maury monument.

Addresses will be delivered by some of the South's greatest orators, there will be a great parade and review, band concerts, a Confederate ball and dozens of other features designed particularly to entertain and please the Old South's heroes.

New Developments in the Ward Case Blackmail Mystery

(By The Associated Press) WHITE PLAINS, N. Y., June 5.—The eighteenth day of the Ward shooting mystery brought three sharp developments. The first was the discovery in Philadelphia of a wounded man giving the name of John Cienzo, of New York, suspected of being the companion of Clarence Peters, alleged to have been shot by Walter S. Ward, at the time the wealthy baker's son claims to have killed the ex-sailor in self defense. Unsuccessful search for a wounded man was conducted yesterday in Stamford, Conn.

The second development was the discovery that a man known as 'Jack' had been seen, into Thursday night, at the Mills hotel in New York where Cienzo claims to have stayed. He was said to have driven up in a red auto, mobile of the same make and color of the car alleged by Ward to have been used by the mysterious 'Charley Ross' and 'Jack' when, he asserts, they met him and Peters at a black-mailers' tryout near Kensico reservoir on the night of May 15. It was not definitely established whether the 'Jack' seen at the Mills hotel actually met Cienzo who it is suspected may turn out to be the real 'Charley Ross.'

The third development was the announcement that the baker's wife, her two servants and a score of other witnesses had been summoned to appear today before a Westchester grand jury. Not until today did there come from District Attorney Weeks a positive statement that he would lay the case before the jury, although he complained that he had been unable to obtain any information from the servants at the Ward home in New Rochelle, and would not force them to talk unless they were formally subpoenaed.

The local authorities indicated that they believed Cienzo's arrest was important, for if he turned out to have been shot with Peters, instead of in a row in Greensburg, Pa., as he claims, his arrest will have an important bearing on the Ward case in connection with the story told by James J. Cunningham, race track tout, now lodged in jail here after professing some knowledge of the manner in which Peters came to be shot.

Ward's story was that he had gone to Kensico reservoir to keep a date with a band of blackmailers, including Peters, and that he had been forced to fire to save his own life. Cunningham on the other hand, told a circumstantial story to the ef-

fect that the shooting occurred in the Ward home when the baker, in league with the blackmailers against another person, had fired in anger when he found he was being double crossed.

VERBAL FIGHT OVER PROBE IN STEEL MERGER

(By The Associated Press) NEW YORK, June 5.—The sparks flew again Saturday at the Lockwood committee investigation of the latest steel merger, with Samuel Untermyer committee counsel, swinging on the anvil and Mortimer L. Schiff, of Kuhn, Loeb & Co., flaring in anger at his interrogations. Their verbal fusillade got so hot one time that Untermyer warned the banker he might go to jail for refusing to answer questions. Schiff quickly intimated that if he did Untermyer would keep him company behind the bars.

The discussion centered around the part Kuhn, Loeb & Co., are to take in merging the Republic, Midvale and Inland companies into the North American Steel Corporation. Schiff insisted the relationship of his firm was purely open of banking. They were "financially fathering" the enterprise, he said and were to head a syndicate to underwrite \$75,000,000 in preferred stock at \$90 and \$44,000,000 in common at \$43, and then raise another \$20,000,000 in cash to purchase additional Midvale paper.

Balloon Race Ended Yesterday; Florida Man Third

Brought His Balloon Down Safely in the Ozark Mountains

(By The Associated Press) MILWAUKEE, Wis., June 5.—Lieutenant W. F. Reed, navy pilot, of Pensacola, Fla., and the last of the 13 airmen to leave Milwaukee in the national air race last Wednesday, was reported in dispatches to the Wisconsin Aero Club to have landed Friday in the Ozark mountains in Southern Missouri.

The United States coast guard service announced last night that Lieut. Reed had covered 535 miles, making him third in the race and one of the American contenders in the international event to be held at Geneva.

The telegram from Lieutenant Reed follows: "Salem, Mo.—Navy balloon landed very gently in valley cornfield in Ozark mountains at 10:55 a. m., June 2, 18 miles north of Eminence, Mo. Without ballast and wind coming from west. No means communication. Balloon equipment by wagon to Salem. We came by horseback thru mountains and valley trails to Rector, automobile Rector to Salem."

In a second telegram Lieut. Reed placed his distance from Milwaukee at 445 miles. Officials of the coast guard, weather bureau and aero club estimated the distance variously from 475 to 550 miles. Until official announcement of the distance made by the various contenders is made local aero club men said they would do nothing toward distributing the prize money.

If Lieut. Reed's own estimate of his distance is correct, it was pointed out, he will be placed fourth instead of third, dropping behind Van Orman.

WASHINGTON, June 5.—The bureau of aeronautics of the navy department received a dispatch last night from Lieut. Reed, the naval balloonist, announcing his landing in the Ozark mountains. The text was identical with that given in the dispatch to Milwaukee club officials.

R. R. STRIKE VOTE TO BE TAKEN AUGUST 3

(By The Associated Press) CHICAGO, June 5.—Strike voters affecting 1,200,000 of American railroad workers returnable on the same date, probably about August 3, will be decided upon at the railway labor conference in Cincinnati this week, in the opinion of B. M. Jewell, president of the railway employes' department American Federation of Labor.

The employees expected to vote are those affected by the new wage reduction orders already announced or pending from the railroad labor board.

"We are certain that the general committees would reject the new wage reductions," he said. "So there is little necessity of placing the mat-

ter before the committees as a strike vote of the membership will determine what action is to be taken." Eleven standard railway union heads will gather in Cincinnati Tuesday to take some definite steps regarding the board's new wage cuts.

TRAIN CRASHES INTO AUTO; FOUR KILLED

Eighty Perished on Steamer Yesterday on Parana River

Steamer Carried Oil Cargo and Blew Up Without Warning

(By The Associated Press) BUENOS AIRES, June 5.—Eighty persons are believed to have perished in sinking yesterday of the steamer Villa Franca on the Parana river near Posadas; at that point the river forms the boundary between Argentina and Paraguay. The vessel carried one hundred passengers. One hundred drums of naphtha in the cargo. One survivor said the sleeping passengers were awakened at 1:40 o'clock yesterday morning and rushed to deck to find the vessel in flames. A few seconds later there was a heavy explosion. The vessel sank a few minutes later one mile from shore.

Glades county is coming into the limelight as a possible field for oil. Leases on 80,000 acres have been sold to Texas companies who will begin drilling at once. If Florida crosses the border line from a possible to an actual oil producing gfield, won't the state boom?

SOUTH FLORIDAS SHIPMENTS OF FRUITS AND VEGETABLES ALMOST 10,000 MORE CARLOADS

(By The Associated Press) TAMPA, June 5.—South and Central Florida's shipments of agricultural products this season total nearly 10,000 cars more than the movement to this date last year, according to records of the railroads and marketing organizations, the aggregate to date, since last September 15 being 61,522 cars. The total includes only the solid carload movement and does not include the countless thousands of shipments in less than carload lots. Central Florida's shipment of vegetables, watermelons and cantaloupes is just beginning to get underway and authorities here expect that the total for the season, when the movement is completed, will be at least 70,000 cars.

Comparative figures on shipments to date and for the same period last year in carload lots:

Citrus fruits	1022	1021
Mixed vegetables	33,764	33,369
Lettuce	2,201	2,504
Tomatoes	2,285	2,657
Celery	8,468	4,804

FROST KILLS VEGETABLES IN ICY CONNECTICUT

ONECO, Conn., June 5.—Beans, potatoes, corn and all vine vegetables were killed by frost last night. With one exception it was the most destructive cold snap from which this district has suffered at so late a day for fifty years.

The mercury dropped to 28 degrees and ice formed in pools and along the edges of streams.

ARE YOU A PUSHER?

Friends, where do you belong? Are you pushers or do you have to be pushed?

In every city there are those men and women who commonly answer to the name of lenders. These are the pushers. They do things of their own accord—for the public good—most of them act without thought of personal benefit, except as that benefit comes from good accomplished for all.

Then there are those other folks who never do anything unless they are pushed.

Is it plain?

Being a pusher does not necessarily mean that you must spend your time shoving someone else along whether he wants to be shoved or not, but it does mean that you are laboring in season and out for the good of the public.

WELCOME TO OUR STATE!

John H. Perry and Richard Lloyd Jones have purchased the Jacksonville Metropolis and will operate it in the future. Both of these gentlemen are thorough newspaper men and brilliant writers...

OUR SUMMER COMPLAINT

The summer inactivity of the Daytona business men militate against the growth of the town in its year around development.

This statement tells the whole story in one sentence. Accustomed to having from thirty to forty thousand people here in the winter furnishes such a contrast to the summer that business men are inclined to think the town is dead and that business itself is dead during June, July and August.

Habit is hard to overcome and the habit formed a few years ago when the summers were really dull has not yet shaken off.

But of course the business men do not do business with these people because they are not alive to the opportunity. Practically all advertising and invitation for business ceases and in these days the man who does not go after business will not get it in any great volume.

THE PRESS AND SCHOOLS

The closing date for the schools of most Southern cities is at hand. Generally speaking the accomplishment of the past session have been well worth while. Modern system, thought and aims have changed the curricula of most institutions of learning...

The wakened, enlightened press of today is a necessary and usable potency in the moulding of mind and manner for the young citizen, because the press is an invaluable asset to the educator in building up respect and reverence for law and government.

ter school buildings everywhere, but it is an enlightened public conscientiousness of the needs of developing mind and body and morals of youth, which is needed, and this need can be largely ministered to by the press.

There is no other topic so "live," so filled with "human interest," so capable of "bringing out the best in a writer" for papers or magazines, than that which affects the future of the twenty-seven million boys and girls of America.

When we know that far more is spent annually in this country for cigars and cigarettes than is spent on public education, and that nearly as much goes for paints and powders, it is evident the public schools of this land are not the expensive luxuries some would have us believe...

FLORIDA AS A SUMMER RESORT

To many of our Northern readers the above caption must seem strange, for to many who do not know Florida in the summer time, it seems only natural to suppose this state to be about the hottest place in the United States during the summer months.

The progressive people of Florida have awakened to the fact that they have a delightful summer as well as a delightful winter climate to offer the people of the States and provinces of the North.

Those familiar with the tropics and subtropics will tell you that the air in those climates is always cool in the shade. This is particularly true of Florida, which catches air currents from the Atlantic as well as those from the Gulf of Mexico.

We believe the day will come when Florida will be just as famous as a summer resort as it is now famous as a winter resort.

There is little doubt but the press of the country is largely responsible for the shallow draughts now permitted from the Florida spring.

CONCENTRATE YOUR MIND

This is an editorial which might be headed "Keep your mind on the one important thing." It is an editorial about concentration, about putting your real thought on some real work and has been published twice in the Cleveland Leader.

You don't need the editorial and ought not to waste time reading it if you are quite sure that the best that is in you is being used every hour, and used to give you the best chance possible.

of the importance of concentration—but all the rest of us do need to realize what intense concentration might mean to us. There is n't a man who doesn't want something that he hasn't got.

The good player sits down, looks good naturedly at his opponent, watches his first move, plans the thing out and wins smilingly and easily. But his mind has been on the game.

Time plays against us all and he nearly always wins. Millions of men and women in the world are saying every day, "If I were younger I would do this" or "I would do that."

Time is a good natured old man, he plays fairly and leniently; he is relentless in his steady onward pace; he never gives you back the day that you have given him for nothing.

Lectures on concentration are needed by young men especially, for their temptations are most numerous. Much intelligence is used up trying to get their minds away from real work.

When you wake up in the morning say to yourself, "I am going to keep at my work and think of nothing else today."

Your mind is the toll you have to work with. Hands and feet are the small tools, the servants of the working brain, the real tool.

MORSE PARDON PETITIONS INCREASE MORAL TURPITUDE The attempt of Attorney General Daugherty to shield himself in the Morse case by getting behind the petitions for Morse's pardon signed by Senators and Representatives and other prominent men has not created the favorable impression evidently hoped for and expected.

as to Morse's condition, and these senators and Representatives obviously were deceived. Therefore the moral turpitude of those who practiced the deception is all the greater because it was practiced upon such a great number of men actuated by humane feelings and motives.

FREE ADVERTISING "Riding a free horse to death," is one of Benjamin Franklin's aphorisms. Mr. Franklin was a publisher and knew whereof he spoke. If there is one free horse that has come down from pioneer days unchanged in its disposition as a free carrier, it is the newspaper.

Many people realize how much free service is rendered by the newspaper. It requires the same amount of money to buy machines and pay men to operate them in the setting of free publicity that it does for paid publicity.

As an illustration of some of the requests that come to us daily, here is a sample of one mail's delivery: "The International Interpreter," "The U. S. Shipping Board," "The Rockefeller Foundation," "The National Good Will Association," "Near East Relief," "The Laymen's Home Missionary Movement," "The American Committee for Devastated France," "The School for Visual Education," "The National Woman's Republican Society," "The State Highway Commission," "The State Fire Warden," "Will Hays operations in the movie world and his speeches on that subject," "Pathe and Paramount advance notices," "Henry Clewis & Co., New York," "Indianapolis Motor Speedway," "American Railway Executives," "American Relief Administration."

It will be observed from the above titles that some of the requests are worthy of notice; others are purely selfish. All of them send copy and if all was used, it would fill up an entire newspaper.

There is one lesson in this all, however, that is impressive; it is a forcible recognition of the value of advertising and the influence of the newspaper.—Reporter-Star.

KEEP A GOOD SECRETARY

The Tampa Tribune has the following editorial that is worthy of more than a passing notice: "The board of trade or other organization which has a good secretary, but because of some nonnalid spirit dwelling in a few members wants to make a change every year or so, makes the greatest mistake of its life."

The rolling stone gathers no moss whether it be in a commercial organization, or bowed from the granite of the eternal hills. It is remarkable the success that attends those places where stability, and even mediocrity, is put up with, rather than to make a change at every veering of the wind.

No newspaper would think for a moment of changing its department heads every year, because with every change there has to be broken a new

machine, so to speak, and loss of forward motion is always the result. We are glad to note that in the South the idea of "rotation in office" is becoming more and more to be held as an idle word both in politics and commercial life.

Permanency of position makes for the bettering of service when the man is worth while and is really the man for the place. To the man who is inclined to think he has a "clinch" on the place, there is apt to come a slacking of responsibility, a lessening of interest, and a falling off of accomplishment.

WOMEN IN POLITICS

The editor of the Herald has always been in favor of women voting, first because they were citizens of the United States, and second because we always gave them credit for having just as much sense as the men, in many cases, much more sense.

According to a Washington dispatch Monday a survey made by the national woman's party shows more women will seek high political offices this fall than ever before, and while the woman's party has decided not to campaign for women candidates as an organization, Miss Alice Paul, head of the party, is quoted as saying "it will seek the election of women, simply because they are women."

It was never rationally argued by anyone that the enfranchisement of women was going to so change the political complexion of the country that we would be free from all our ills, nor was it ever rationally argued that a government by women would be any more efficient than a government by men.

What a relief when it is all over.

NEW LIGHT ON TRANSPORTATION.

In the making of institutes there is no end. The first announcement of a new one, therefore, creates no great flurry unless there is something specific and vital about it.

But there is an institute in the making in Washington—in fact, soon to be born—which challenges national attention and gives promise of great accomplishment. It will be about as far removed from the idea of a monastery as a research institute could well be.

As a result of this failure to see our mutual interest in the maintenance of adequate national transportation service, we have thus far hardly scratched the surface of the freight-rate problem.

The establishment of this new transportation institute is a frank recognition of the vital importance of basic and reliable data on transportation by steam roads, electric roads, waterways and motor trucks.

With a budget of \$1,000,000 a year, with a corps of investigators of national standing and acknowledged ability and with the active moral support of the leaders of all important industries, the National Transportation Institute should soon begin to throw new light on the fundamentals of transportation and distribution.

The following letter from Superintendent Lawton, makes the Herald force feel like their work is appreciated:

THANKS THE HERALD FOR SUPPORT OF SCHOOLS

The following letter from Superintendent Lawton, makes the Herald force feel like their work is appreciated: Sanford, Fla., June 2, 1922. Mr. R. J. Holly, Editor of The Sanford Herald, Sanford, Florida. Dear Mr. Holly:

Allow me to thank you for the splendid write-up you have given to the several occasions incident to the closing of the Sanford schools. I am confident no other paper in this state devotes its time, thought and space so generously to the cause of its schools.

On behalf of the teachers, principal officials and pupils of the Sanford schools, I THANK YOU. Sincerely yours, T. W. LAWTON, Supt. Public Instruction.

Seminole County has a good board of county commissioners now and will have a good one next year when the new commissioners take their seats. The new board will be composed of C. W. Entzinger, John Meisch, G. L. Bledsoe, Endor Curlett and B. F. Wheeler. All good men, business men and successful farmers and men who have property interests and a big interest in their own county.

EAST SANFORD

Helen and Carl Charpening drove to Jacksonville with a party of friends Thursday for a ten days visit with their sister Mrs. Byron H. Aquire and family of South Jacksonville.

Mrs. Graham Hunter and little son Lee left last Friday to spend the summer with Mr. Hunter's parents in Charlotte, N. C. Mr. Hunter will join them later.

Mr. and Mrs. Henry Ferguson and their family of six young people who have resided on Richmond avenue for the past two years have returned to their former home, Parkton, N. C., they made many friends during residence here.

Paul Jones arrived in Bakersfield, California last Saturday evening and takes it fine, having left Jacksonville on Tuesday evening and traveling over the Southern route.

Don McDonald left on Thursday for Marketta, Ohio, to look after the American Fruit Growers Inc., business there for the summer. Mrs. McDonald and little Martha and Mr. McDonald's mother, Mrs. M. P. McDonald of Sanford Heights left at the same time for Richfield Springs, N. Y. to spend the summer, that being Mrs. Don McDonald's former home.

Mr. and Mrs. Clifford Bell have begun the erection of a modern two story home at their farm on Celery avenue.

Mr. and Mrs. Merlín Bledsoe are building an up to date bungalow on Celery avenue.

Mr. and Mrs. Thomas Dunlay are moving from Celery avenue into town to live in their lovely new home just completed, corner of Laurel and 10th street.

Mr. and Mrs. Leon Purvis have gone to house keeping on Richmond avenue in the house recently vacated by the Fergusons. Mr. Purvis will form a congenial party of friends enjoyed a supper party Sunday evening at the home of Mr. and Mrs. A. Corpany to help Mr. Corpany celebrate his birthday anniversary.

Members of the citrus exchange vegetable growers organization are building a store or commissary on Cameron road. Quite a commodious building with apartments on the second floor.

Mr. and Mrs. Dock Hasty have bought the 5 acre place on Geneva avenue known as the Frank Lowe farm.

Mrs. Lilly Jones entertained the Presbyterian ladies circle of Celery avenue at her home on Beardale avenue last Friday.

Mrs. H. G. Gerror of Jacksonville was Mrs. Jones' guest a portion of last week.

Mrs. Sandy Anderson's mother, Mrs. Baker, is very ill at the home of her brother Mr. Robinson at Beck Hammock.

The infant son of Mr. and Mrs. John Shanker of Beardale avenue died at the hospital Saturday from bowel trouble. The funeral was held from the Catholic church Sunday.

PAOLA POINTS

Mr. Tiller has sold the old Buchanan place at Sylvan Lake and bought Mr. A. A. Hick's home. He moved into the home, Tuesday, June 6th.

Mr. A. A. Hicks has sold his home and moved to St. Petersburg, where his daughter lives, Mr. and Mrs. Hick have lived in Paola many years and we are all grieved to have them move away.

George Hock had a narrow escape from falling off the top of a box car while playing, but is all right again.

Mr. and Mrs. G. B. Burnett and family motored over to Maitland, their old home town, Saturday afternoon.

There will be an entertainment given at the church on the third Sunday in honor of Children's Day.

The Paola grammar school closed May 29, and had a very nice program. Three girls graduated, Misses Ella Lee Spivey, Gladys Hock and Cammie Burnett. Mr. T. W. Lawton presented the diplomas and gave a nice talk. The trustees also gave a talk.

There was a surprise party given Monday, June 5 to Mr. and Mrs. Hicks as a token of farewell.

Mrs. E. T. Austin will depart next week to spend a while with her mother, near Live Oak, Fla.

Mrs. Helen R. Pearson who taught school this term in Paola is now working in Sanford.

The Paola school received her standardization certificate along the last of school.

We are all grieved to hear of Mr. S. M. Gordon's death, who resided in Paola.

As there are a good many families moving into Paola we are hoping to get new members in Sunday School.

Mr. and Mrs. T. J. Walker and son are visiting Mrs. Walker's sister, Mrs. H. L. Wynn of Pearson, Fla.

MARKHAM JOTLETT'S

Mr. H. F. Bailey, Representative of the Strat Farm Agency offices in Orlando was in Markham a few days ago with a party of property purchasing prospects calling at the Johnson farm to get data as to the fruit culture and other things of interest.

Miss Ella Lee Spivey graduated 6th of the Eighth grade at Paola grammar school with high honors, and a great cloud of glory and effusion.

Mr. Roland Shenfer and family of the Sanford postoffice force, and also noted photographer, were callers at the Johnson home on Saturday afternoon last.

Cotton, melons and other crops, of which there is a large acreage in and around Markham, are coming on fine since the good rains have been coming down.

Mr. and Mrs. F. A. Johnson celebrated their 26th wedding anniversary at their home, Shady Nook, on Sunday the 4th inst., having for their guests, Mr. E. W. Keeler and two daughters, Miss Ella and Miss Dora, formerly of the Buchanan place on Sylvan Lake, but now of Orlando.

Itching diseases can be controlled and cause removed by applying Ballard's Snow Lintment. The relief is prompt and permanent. Three sizes, 20c, 60c, and \$1.20 per bottle. Sold by Union Pharmacy.—Adv.

COW MUST GIVE 350 GALLONS ANNUALLY OR TAKE THE COUNT

(By The Associated Press) GAINESVILLE, June 8.—A cow that produces less than 350 gallons of milk annually does not earn its subsistence and should be dealt with as a slacker, according to Professor J. M. Scott, of the Florida Experiment Station. Two economic factors are of concern to the owner of a dairy herd, according to Professor Scott. They were: Cost of feed consumed and value of milk produced.

Ordinarily the dairyman, who buys all his feed, will find that the cow consumes equal of 350 gallons of milk a year, Professor Scott asserts. Thus, to become profitable, the cow must produce many gallons more than that mark.

At the present the average dairy cow in this state according to Professor Scott, produces less than 300 gallons of milk annually. The low average yield is caused by the cow with no ancestry to speak of. Select breeding must be encouraged, he declares. Feeding, he says, has something to do with the milk production, but that alone can no change the individuality of the cow.

Mr. Tiller has sold the old Buchanan place at Sylvan Lake and bought Mr. A. A. Hick's home. He moved into the home, Tuesday, June 6th.

Mr. and Mrs. G. B. Burnett and family motored over to Maitland, their old home town, Saturday afternoon.

The Paola grammar school closed May 29, and had a very nice program. Three girls graduated, Misses Ella Lee Spivey, Gladys Hock and Cammie Burnett.

PERSONALS

Nice weather and little rain.

Another Thursday afternoon off—for some people.

W. S. Parker is in the city attending to business for the A. C. L. Ry.

S. B. Wright, of Jacksonville, was in the city yesterday attending to business.

C. P. Smith, of Dunedin, is spending some time here at the Montezuma Hotel.

W. T. Hedlow a prominent contractor and builder of Jacksonville is here today on business.

Big building program has started in this city and there will be something doing all the time.

W. B. Talley the well known architect of Lakeland was in the city today on business. Mr. Talley has plans for several of Sanford's new buildings.

Miss Edith Stewart, accompanied by Howard Fields, arrived in Sanford last night from Philadelphia. She will spend the summer with her parents, Mr. and Mrs. M. M. Stewart.

Sanford avenue is building up as fast as any part of this city and as soon as the street is bricked all the way to Tenth street it will be one of the main thoroughfares of Sanford and will build faster than any other part of the city.

The bids on the Meisch building were opened today and while there has been no contract let yet it is understood one of the bidders will get the contract tomorrow and all arrangements made for the commencement of the big new building on First street.

Mrs. Walter L. Morgan and son, John, are now enjoying the ocean breezes at Daytona Beach, where they will remain the balance of the summer, after enjoying visiting, during the month of May, Mrs. Morgan's parents, Mr. and Mrs. J. K. Mettinger of Oak street, Riverside, Jacksonville.

The Herald has received postcards from L. P. McCuller and Sheriff Hand bearing the intelligence that they were stopping in New Orleans and were on the way to California, sober and all right. They signed it "Big Lou" and "Sheriff" so we suppose they know who they are up to the present time.

E. B. Brown, state sales manager of the Virginia-Carolina Chemical Co. is in the city today on business and also calling on his many friends here who are always glad to see him. Mr. Brown reports business throughout the state as being in a good condition with the farmers and fruit growers prosperous and looking for a good season ahead.

FORMER SENATOR WOULD BURN ALL SCHOOL HISTORIES

(By The Associated Press) LINCOLN, Ill., June 8.—Former United States Senator Lawrence Y. Sherman told students in a commencement address at Lincoln college yesterday that all school histories ought to be burned.

"It is safer," he said, "to find the exceptions to this rule if there are any, than to oppose it. They would shed more light on a disordered world in a bonfire than in the school room. "New ideas," he declared, "must be taught and practiced or civilization will be quenched in a world's dark age."

"The ancient and medieval history taught the pupil is a menace soiling the mind of the child. Principally it is a recital of crime by the wholesale save an individual virtue at long range. Teaching of such history causes the pupil to know more about Belshazzar's last drunk and Alexander's butcheries, which are said to have carried Greek culture through Africa, than of human justice. Julius Caesar and Attila, the Hun, are more familiar spirits than Aristotle and the apostles. Battlefield are depicted as scenes of human progress. One must conclude the best way to develop a people is to kill most of them."

"Washington and Wilberforce are derided or ignored. One is openly stigmatized as an antique and illece denotes the other as forgotten. Karl Marx in effect is preached more than Christ."

Chamber of Commerce Elected Officers for the Ensuing Year, Friday

Ap P. Connelly is Elected President at Meeting of Directors Held Friday

At the annual election of three governors to serve the Chamber of Commerce for the ensuing year the following were elected: S. O. Chase, A. P. Connelly and R. J. Holly.

The annual election of officers took place at the meeting of the board of governors Friday at the Valdez Hotel and resulted in the following:

A. P. Connelly, president; R. J. Holly, vice-president; John Meisch, second vice-president; R. W. Pearson, secretary and treasurer.

The election of the governors was by ballots sent to all the members and the votes were greatly scattered, almost every member receiving some votes and S. O. Chase receiving the greatest number of votes.

At the election of officers Mr. Connelly made a short talk pledging the Chamber of Commerce his earnest work and asking for the assistance of all the members and especially of the committees. Col. George W. Knight, the retiring president, thanked the members present for their unqualified support of his policies and the valuable assistance they had rendered him during his term of office.

The Chamber of Commerce starts off the new year with flattering prospects and new members are coming in every day and old members are paying up past dues. There is much work for the Chamber to do this year and every citizen in Sanford should become an active member.

When found the body was fully clothed. Death is believed to have occurred from heart failure Thursday night or Friday morning.

CLOUD OF MOSQUITOES LEADS TO FIRE ALARM

(By The Associated Press) CHICAGO, June 5.—Mosquitoes, flying in such thick swarms that they were mistaken for smoke, caused two fire alarms yesterday.

Members of a truck company answered a call saying that the steeple of the St. Michael Roman Catholic church was burning. The firemen saw what they at first supposed was a small cloud of smoke and they raised their extension ladder. When pipemen mounted the ladder they encountered the mosquitoes and were forced back. They found no fire.

The same experience was met by members of an engine company called to the Zion Baptist church, in another section of the city.

G. O. P. Leader in Georgia to Face Charge of Fraud

WASHINGTON, June 5.—A warrant has been issued by United States Commissioner Hitt for the arrest of J. L. Phillips, chairman of the Republican national state committee for Georgia, charging fraud in the execution of war contracts. Beyond confirming reports that the warrant had been issued, Commissioner Hitt refused last night to discuss the case.

Phillips, as a member of the firm of Phillips and Stevens obtained a contract soon after the armistice from the government to dispose of surplus lumber left from cantonment and camp construction and other war building developments, the firm having been designated by a conference of lumber dealers to act as their agent.

Representative Woodruff, Republican, Michigan, in a speech recently, in the house asserted that official reports has been filed by government auditors in September, 1921, showing that Phillips and Stevens still owed the government under this contract more than \$1,850,000, and that so far as he could learn "no proceedings whatever had been instituted in this connection."

(By The Associated Press) DETROIT, June 5.—Henry Ford intimated privately he would run for president if the people of the country desire him to, but would refuse to spend any money to bring about his nomination or election, according to William T. Kranberg, editor of the Dearborn newspaper and one of the leaders in Dearborn of the Henry Ford for President Club.

Carolinian Says Ghost Visits His Home Regularly

RALEIGH, N. C., June 5.—Persons living near Forestville, Wake county, 14 miles north of Raleigh, are considerably aroused by a ghost who makes nightly visits and tells his troubles at the homes of W. H. Haley, a well known farmer of that section, according to a story published in the Naleigh News and Observer Saturday.

Mr. Haley declares the spirit has called at his home every night for the past five months and that he revealed himself as a man who died in that vicinity fourteen years ago. More than a score of other persons have talked with the ghost, the newspaper asserts.

Mr. Haley declares the ghost first visited his home on the night of January 14, when he and the other members of his family were awakened by vigorous knocking at the front door. He got up and went to the door, but no one was there. For several nights thereafter, he declares, he was aroused by this strange rapping. Determined to catch the intruder, Mr. Haley secreted himself in the yard and it was there he declares that a voice spoke to him. He looked in every direction, but could see nothing that looked like a man. The voice followed him into the house and since has been a regular caller.

Several nights ago, Mr. Haley says Willie Fort was invited by the voice to visit his grave in the Forestville cemetery. A number of young men of the neighborhood are said to have gone to the burying grounds in place

of Young Fort and the ghost failed to show up. One of the party went to the Haley house and demanded with an oath to speak to the ghost. Deaf to the pleading of Mr. Haley not to speak thusly of the voice the young man entered the house. The voice came and the question was asked if he would speak to the young man. The ghost replied very distinctly:

"Tell him to go to hell," Mr. Haley declares. His statement was corroborated by members of his family and by others from the community who declare they heard it.

IS BATTLE FRONT

BETWEEN NORTHERN AND SOUTHERN IRELAND AND FACE REAL TROOPS

(By The Associated Press) LONDON, June 5.—British troops have driven Sinn Fein invaders from their main positions in Ulster territory and a large part of the border between northern and southern Ireland is now virtually a battlefield. The military has taken over much of the boundary line and Sinn Feiners now face seasoned and well armed troops equipped with artillery, instead of special Ulster constabulary.

BELFAST, June 5.—Reinforcements for the British military forces in northern Ireland poured into Belfast Saturday, and the influx is to continue all next week, according to present prospects. The city had to go back to the energetic days of March, 1914, which preceded the Curragh brigade mutiny to find a parallel for the present military activity.

Two transports arrived Saturday morning from Birkenhead with the Scottish Borderers. The Manchester arrived Sunday while the Royal Fusiliers and the Liverpool regiment also are coming. They are proceeding to the Bally Kinchel Camp, in County Down, which until last year housed nearly 2,000 interned men. Before the reinforcements began coming there were nineteen battalions in Ulster, far below the war strength.

The most interesting arrivals were a party of 12 officers and 97 men of the Royal Air service. It was understood that 12 Bristol fighting machines would fly from England for their use, probably to be housed at the Aldergrove Aviation ground, 18 miles from Belfast, used as a camp for the 17th Brigade, which recently arrived from Cork.

A howitzer battery also arrived Saturday morning. It left for Enniskillen, County Fermanagh, which is the center of military activity, not only the town itself, but the adjoining villages being garrisoned. Wholesale commandeering of vehicles is going on, especially of motor lorries. Many motor boats are also being taken, and officers have been inspecting other craft.

The popular belief is that the military is to be used to clear the Belleek salient, evacuated by the Ulster forces recently, of its republican occupants. Stirring events in this sector seemed to be presaged by the departure yesterday afternoon on Crossley tenders and commandeered motor lorries of large parties of the military, fully equipped and evidently prepared for a long stay. They had a great number of machine guns with them. The men have divided into two sections, one proceeding toward Pettigo and the other toward Belleek, on opposite flanks of the salient.

The most important naval unit yet sent to northern waters is the flotilla leader Wallace, sister ship of the Brooke, with a speed of 36 knots. The Wallace reached Belfast yesterday morning. The Warwick, which is patrolling Lough Foyle, was the flagship of Rogers Keyes in the Zebrugge raid.

There are hopes of peace on the Strabane-Lifford front, though the deputation of clergymen and others who waited on the republicans are maintaining great secrecy as to the result of their interview. They will draw up their report, they say, and submit it to the town council which took the initiative in the movement, leaving it to the latter to make the report public.

Belfast had comparatively a quiet week-end. Two soldiers and three civilians were wounded in the course of yesterday afternoon's shooting. The record since Monday last is 18 killed and 74 wounded in disturbances in this city.

There has been a considerable renewal of the looting which featured the rioting of July and August, 1920, and the authorities have issued a warning that they will put it down with a strong hand.

According to the annual report from the Plymouth Citrus Exchange made by Manager J. C. Merrill to its directors, over 75,000 boxes of oranges and grapefruit were shipped this season, averaging \$3.14 per box. Also over 500 tons of fertilizer has been consumed through this exchange.

VOLUSIA CO. IN PUBLIC EYE POLITICALLY

CAMPAIGN HAS BEEN HOT AND HEAVY ALL THROUGH

(By The Associated Press) JACKSONVILLE, June 6.—Aside from the senatorial, congressional contests, the battle in Volusia county at today's Democratic primary is attracting the most attention throughout. It was openly charged the Ku Klux has a ticket in the field for the various county offices, including members of the legislature and the campaign for the last ten days has been heated and bitter. The weather is generally fair over the state and a large proportion of the registered voters are expected to go to the polls in spite fact little general interest in the primary.

The creation of new counties by the last legislature resulted in the addition of a number of polling precincts in the state. The new total according to records of Secretary of State Crawford are 1,067.

CUT SIXTY MILLION

IN MONEY ANNUALLY FROM THE PAY ROLLS OF AMERICAN RAILWAYS

(By The Associated Press) CHICAGO, June 6.—Over the strong protest of three labor representatives on the United States Railroad Labor Board, the new wage cut of 7c per hour for railway shop mechanics and 9c per hour for freight car men, cutting 400,000 shopmen approximately \$60,000,000 annually, was ordered today by the board, the cut to become effective July 1st.

CINCINNATI, June 6.—The new wage reductions for shopmen ordered by the Railroad Labor Board today can only intensify the present feeling of dissatisfaction with the railway labor conditions and will at least result in an immediate strike vote returnable June 20, according to B. M. Jewell, head of the shop crafts unions here today for the railroad strike conference.

LIQUOR RUNNER TURNS TURTLE AT KEY WEST DOCK

(By The Associated Press) KEY WEST, June 6.—The two masted schooner Arcadia, whom federal prohibition officials termed a liquor runner, will run no more. While awaiting disposition of the authorities whose charge the vessel was held by virtue of seizure, the vessel turned over at its dock here during some bad weather recently and sank.

The vessel had been captured 16 months previously by a coast guard cutter. After being shifted around by the various departments engaged in anti-liquor operations, the vessel was turned over to Deputy United States Marshal Lopez here. The schooner's bottom became wormsucked and a leakage set in. In this weakened condition high seas came along and the vessel turned over and died.

MAX OSSER INDIGNANT OVER REPORTS THAT HE IS HUNTER OF FORTUNE

(By The Associated Press) ZUICH, Switz., June 6.—Max Oser expressed indignation yesterday over a current report that Mrs. Harold F. McCormick had asserted that his purpose in marrying her daughter, Mathilda, was to obtain her money. Oser declared that he had sufficient for himself and his bride if they live simply as he said they purposed to do; he had made a goodly sum out of the sale of his fashionable riding school, where he had thirty horses.

STEEL COMPANIES USING UNFAIR METHODS IN COMPETITION BUSINESS

(By The Associated Press) WASHINGTON, June 5.—The federal Trade Commission has issued a complaint against the Bethlehem Steel Corporation and Lackawanna Steel Company charging they have been and are using unfair methods of competition. Complaint grows out of a merger recently effected by the two companies.

YOU CAN PREVENT FIRES BY CAREFULNESS

A few weeks ago I wrote an article for the Herald as a warning against fire from Spontaneous Combustion resulting from the careless use of polishing rags saturated with vegetable oils. A few days later a local garage owner came to me and said he stopped a fire which had its origin in this way. Fires often occur in attics and other roof spaces and it is unknown what starts them. It is well known that sparrows will carry any thing to their nests that they can fly with and waste filled with polishing oil with their nest conditions makes an ideal starter. This may have been the cause of the fire in the Hill-Newman building over Perkins and Britts store as there are a number of ventilator holes through which this pest could pass. Destroy all nests about the eaves of your house and screen the ventilators to attics.

Democrats of Florida Will Vote in Primary Election Today

JACKSONVILLE, Fla., June 6.—With nomination regarded as equivalent to election, Florida Democrats, in a primary today, will select one candidate for the United States senate, four for the house of representatives, two justices for the supreme court, two members of the state railroad commission, eighteen members of the state senate, the full membership of the lower house, sixteen circuit judges, eight state attorneys and numerous county and municipal officers.

Senator Park Trammell is opposed for re-nomination by former Governor Albert W. Gilchrist, and three of the four members of the house have contestants. Representative H. J. Drane, of the first, is without opposition. Representative Frank Clark, of the second district, is opposed by former Representative Robert W. Davis; Ben S. Hancock, of Pensacola, is running against Representative J. H. Smithwick in the third and Representative W. J. Sears of the fourth district, is opposed by W. A. MacWilliams, of St. Augustine, speaker of the state senate.

Candidates for renomination to the supreme court are unopposed and only one member of the railroad commission has a contestant for renomination.

Two women are seeking seats in the lower house of the legislature and numerous members of the sex are contesting for county and municipal offices.

It will be the first primary in Florida in which women have had the opportunity to vote.

BLANCHE SWEET AND MARSHALL NEILAN WILL MARRY SOON

LOS ANGELES, June 6.—Miss Blanche Sweet, motion picture actress and Marshall Neilan, motion picture producer and director, will be married in New York some time this month, according to word received from Neilan by his local representative. Mr. Neilan is in New York and Miss Sweet will leave today for that city. Further than announcing her departure Miss Sweet refused to disclose her plans for the future.

As soon as the shoals above Fort Thompson are dredged out LaBelle will be able to send cane to Moore Haven for manufacture into sugar. Mr. Gilbert, who has the mill in charge states he is planning on using barges for this purpose.—La Belle Current.

ROTARIANS HAD FINE MEETING

The Rotarians had a fine meeting Tuesday and although it was election day the attendance was good and with songs and story the luncheon hour was most pleasantly spent. The address on Rotary was read by Judge Householder on account of the illness of J. G. Ball who wrote a fine article on Rotary and the benefits to be derived from a membership in this club. H. B. Lewis gave a good talk on business, taking up the matter of irrigation as he knew it in the far west and then giving the club the idea of Sanford drainage and what a great country we have here and closed by saying that Florida was the best state in the Union and the Sanford section was the best part of the state.

Each week one member of Sanford Rotary must give a talk on Rotary while another talks about his own business and these talks are most interesting to the members as well as giving those who make them, better speakers. A campaign will be made for 100 per cent attendance during the month of June. A wire from president D. L. Thrasher stated that he was having a fine time stopping at various places en route to California where he will attend the meeting of International Rotary.

ADDITIONAL LOCAL

(From Monday's Daily)
J. H. Huddleston of Geneva was in the city today and reports heavy rains in his section and the orange trees looking fine.

George LaVigne of Longwood and Wagner was in the city today and reports the tomato crop as having too much rain but big shipments still going forward.

Mr. and Mrs. Ender Curlett of Geneva were among the visitors to the city today, Mr. Curlett coming over to attend the special meeting of the county commissioners.

Mr. and Mrs. J. P. Anderson of Lakeland, stopped off in Sanford Friday and Saturday en route to their home in Tennessee for the summer. While here they were guests of Mr. and Mrs. Frank Graham.

C. D. Brumley of Chuluota was in the city today on business. Mr. Brumley says the new brick factory is ready for business and will soon be turning out the best building brick in the country at very reasonable prices.

Among the passengers leaving on "Osceola" Friday, were Mrs. Coleman B. Jones and two children who, after a short visit in Jacksonville, will return to their home in Washington, D. C., where Mr. Jones is night editor of Associated Press.

George Phillips the proprietor of the new casino at Lake Mary was in the city today and reports a fine business since the place opened last Thursday. The Kiwanis Club will picnic there Thursday and the dance Thursday night will be open to the public.

S. O. Chase has returned from a trip to New York and other eastern states on business and his many friends are glad to see him back on the job. Mr. Chase will see a big difference in the golf links and country club grounds since the rains have made the greens all that could be desired.

H. P. Smith the genial cashier of the Peoples Bank has returned from a trip to Macon and other points in Georgia. Mrs. Smith accompanied him to Macon and went on to Tennessee to visit friends and relatives for two weeks. It rained all the time Mr. Smith was in Georgia and he was glad to get back to Sanford.

Mrs. A. D. Parrish of Lakeland is in the city the guest of Mr. and Mrs. H. R. Stevens. Mr. and Mrs. A. D. Parrish were former residents of this city where Mr. Parrish was train dispatcher and he is now dispatcher in the Lakeland headquarters of the A. C. L. The many friends of Mrs. Parrish are giving her a warm welcome back home.

(From Tuesday's Daily)
Mrs. Frank LaRoche and baby of Waycross, are visiting Mrs. M. M. Stewart.

Mrs. C. A. Reed has returned home after spending several weeks with friends at her old home in Okcala.

Mr. and Mrs. A. J. Lossing leave tomorrow for a month's visit to northern cities, and will visit a daughter, Mrs. Ruth Ludecke in Rockport, N. Y. They will make the trip via the Clyde Line.

Dr. Breedon of Anderson, South Carolina is here for a visit with his sister, Mrs. Dr. J. N. Robson. Dr. Breedon has been in Sanford before and he thinks the city is growing faster than any city in the south.

F. R. Wilson a prominent young attorney of DeLand and a member of the Landis, Fish and Hull firm of attorneys is in the city today on business. Mr. Wilson has many friends in Sanford and is thinking about locating here.

Ralph Yearly, the Delco Lighting System man of Orlando was in the city today on business and also calling on his many friends. Ralph is making a great record in the lighting system and sells them all over the state.

Mr. and Mrs. Cleveland Hill spent Sunday in Sanford visiting the latter's parents and relatives. On their return they reported an extremely uncomfortable motor trip because of the horrible condition of the detour road after the heavy rains.—Orlando Sentinel.

Among the prominent Orlando visitors here today in Hon. Wilbur Tilden who came up on legal business. Mr. Tilden is a very prominent and popular attorney of Orange county and has many friends in Seminole county and Sanford where he is always made welcome.

The showers and the hot weather are blighting the tomatoes and the peppers and are not good for the sweet corn although tomatoes and corn are bringing good prices. Peppers are not strong and it looks like the fine pepper crop around here will bring but very little to the growers, there being so much going forward that the markets cannot take care of.

Mrs. Maude M. Cox and daughter, Miss Margaret, left Sunday at 3:55 p. m. for Jacksonville and northern points, enroute to their home in Steubenville, Ohio. They have been residents of Sanford for the past nine months, Miss Margaret being a Junior in the high school. They leave Sanford and her people with much reluctance, and have enjoyed her hospitality immensely. They are boosters for the City Substantial. Mrs. Pyles, mother of Mrs. Cox, left two months ago.

(From Wednesday's Daily)
Election is over for the time being.

And now we can settle down to real business and build a big city here.

J. H. Huddleston of Geneva was in the city early this morning bringing in the ballots from Geneva.

Charlie Britt is laboring faithfully in trying to get Sanford in the ranks of the ball towns. He has a good team here but very little encouragement.

Visitors to the city are amazed at the many signs of improvement on every hand and think that Sanford looks more lively than any city in the state.

Miss Edna Underhill returned to her home in Barberville, Fla., this morning, after spending the past few days here as the guest of Mr. and Mrs. W. D. Lees.

The regular showers have been absent this morning but we will probably get more rain tonight. Rain is bringing out the lawns in the city and work in the yards will now be taken up in earnest.

Ender Curlett of Geneva was in the city today wearing a smile that will not come off. Mr. Curlett just passed through a hot campaign for Commissioner in the 5th district and was victorious over E. H. Kilbee.

Capt. W. M. Lovell of Orange Bend temporarily was in the city yesterday visiting his wife and family and also exercising his privilege to vote. Capt. Lovell never fails to visit Sanford on election day and he can always be counted upon to cast his ballot.

Rev. M. E. Gabard, of Geneva, was in the city this morning en route home from the general assembly at Des Moines, Iowa. He stopped over at Nashville, Tenn., to see his brother Rev. C. S. Gabard, a member of the Tennessee conference, and also visited his mother.

Mr. and Mrs. J. E. Snyder of Chuluota were in the city today en route to Abilene, Kansas, where they will spend several months vacation. Mr. and Mrs. Snyder have been operating a general store at Chuluota for the past four years and are now taking a well earned rest having disposed of their store interests. They will return in the early fall to reside at Chuluota for the winter.

"I Got Real Mad When I Lost My Setting Hen," Mrs. Hannan.

WILL WRITE UP SANFORD

Miss Florence Lawson special writer on the Florida Times Union is in the city and will spend several days here looking over the big developments with the view of writing an article on Sanford and all that this city is doing. Miss Lawson is one of the best in the profession and has written a series of articles on many sections of Florida. She puts the proper amount of actual facts and figures in her articles and then garnishes them with beautiful effects

and the sort of snappy stuff that take and holds the reader's attention. This write up of Sanford will be awaited with much interest for there is so much that can be said of Sanford at present that it will tax the little lady's facile pen to produce all of it.

TRAMMELL, SEARS, LAKE, MEISCH, BLEDSOE ENTZMINGER AND CURLETT ARE WINNERS IN PRIMARY ELECTION HELD YESTERDAY

ALL MEMBERS OF CONGRESS ARE NOMINATED BY COMFORTABLE MAJORITIES, ACCORDING TO THE EARLY RETURNS; LOOKS LIKE TRAMMELL LEADS GILCHRIST THREE TO ONE.

Eaton Appears to Be Winner Over Campbell in the Railroad Commission Race; Ku Klux Klan Won in Volusia County, and One Woman is Defeated for Legislature.

JACKSONVILLE, June 7.—Returns compiled at one p. m. by the Jacksonville Journal and other state newspapers served only to increase the lead of Park Trammell, Frank Clark, W. J. Sears and Smithwick. The three cornered race for Railroad Commission between Campbell, Eaton, and Bowden was still close at that hour.

JACKSONVILLE, June 7.—All members of congress apparently have been re-nominated by large majorities, according to the latest figures compiled early today by the Times-Union. Trammell is leading Gilchrist approximately three to one. Available returns from forty odd counties showed close race between Campbell, Eaton and Bowden for Campbell's place on the Railroad Commission.

In Volusia county, the so-called Ku Klux Klan ticket made virtually a clean sweep, according to the DeLand News. State senator, both representatives, county judge and at least two of the five county commissioners and candidates for minor offices were nominated.

One of two women candidates for the legislature apparently defeated, fate of other in doubt. W. T. Hendry is leading Miss Myrtice McCaskell for the house.

In Pinellas county Mrs. Katherine B. Tippetts, running for the house, was second in a three cornered race. Leading candidate did not have majority on face virtually complete returns and count of second choice votes will be necessary.

Additional returns this forenoon served only to increase the lead of Trammell over Gilchrist. Only few counties complete. Pinellas gave Trammell 1,266, Gilchrist 387; Dade, Trammell 2,556, Gilchrist, 1,125. Throughout the Third district Sears' majority over MacWilliams for congress increased. With only four precincts in Duval missing Trammell got 5,765 votes and Gilchrist, 3,679. The missing precincts have a total registration of 335. For congress Sears is leading MacWilliams by 1,200 votes. The defeat of Bryan Jennings for the legislature by A. Y. Milam is assured.

Jennie Ketchum, candidate for the Board of Public Instruction of Monroe county, was defeated nearly two to one by Millard Gibson.

JACKSONVILLE, June 7.—Incomplete returns from 30 counties as reported by Florida newspapers to the Associated Press indicate the re-nomination of Park Trammell as United States senator from this state by a majority over former Governor Albert W. Gilchrist, three to one.

On the face of these incomplete returns, the former governor was leading in only four counties, Bradford, Hardee, DeSoto and Jackson. Meager returns were received from West Florida which Mr. Gilchrist claimed as a stronghold.

The first returns from the fourth congressional district showed Rep. W. J. Sears far in the lead of W. A. MacWilliams, president of the state senate. Mr. MacWilliams was defeated in his home town, St. Augustine.

A strong race developed in the second district where Representative Frank Clark is opposed for re-election by Colonel Robert W. Davis, who served in congress 18 years ago. On the face of the incomplete returns received, however, Representative Clark was slightly in the lead.

Returns from the third district were meager, but the scanty results compiled here showed Representative J. H. Smithwick leading for re-election over Ben S. Hancock, of Pensacola.

In the first district, Representative H. J. Drape was unopposed.

Incomplete, but apparently decisive returns received here from Taylor county, led by the defeat of Miss Myrtice McCaskell, one of two women candidates for the state legislature. These incomplete figures gave W. T. Hendry, her opponent a lead of four to one.

The candidacy of the other woman, Mrs. Katherine B. Tippetts, of Pinellas county, remained in doubt. She ran a close second to M. W. Ulmer, but he did not get a majority in the three-cornered race, and a count of the second choice votes will be necessary to determine the winner.

Probably the warmest race of statewide interest developed in the fight of the one contested office of the state railroad commission. The outcome of the three cornered race was still in doubt late today. Robert L. Eaton, of Monticello, and the incumbent, A. D. Campbell, were running neck and neck on the face of the incomplete returns from the 30 counties, and J. T. Bowden, of Key West, was only a few votes behind. Obviously further returns will be necessary to get a line of these respective candidates.

In Volusia county the so-called Ku Klux Klan ticket won out, in part at least, on the basis of virtually com-

plete returns. This ticket which based its campaign around a fight on an alleged ring now controlling the county's government, comprised: Howard Putnam, for state senator; E. L. Shear and A. L. Harper, for the legislature, and J. E. Penecek, county judge. Opponents of this group of candidates charged that the candidates were put in the field by the Ku Klux Klan, a charge that was never denied or affirmed. During the campaign a representative of the Klan came down from Atlanta and defended the organization, while the imperial wizard, W. J. Simmons, was also present in the city on one occasion several days ago.

Supporters of the ticket also claimed the victory of three of the five county commissioners.

BIG EATERS GET KIDNEY TROUBLE

TAKE SALTS AT FIRST SIGN OF BLADDER IRRITATION OR BACKACHE

The American men and women must guard constantly against Kidney Trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

INVESTIGATION BY LARKER INTO SEIZURE

OF AMERICAN STEAMER BY THE BRITISH AUTHORITIES

(By The Associated Press) WASHINGTON, June 7.—Investigation by Chairman Larker, of the shipping board, of circumstances surrounding the seizure by British of the steamer Seattle Spirit on the Irish coast Monday on the ground it had war munitions, disclosed shipment ostensibly of forty barrels of lard proved to be forty barrels of munitions.

ALACHUA AWARDS TWO BIG ROAD CONTRACTS

(By The Associated Press) GAINESVILLE, June 7.—The board of bond trustees of Alachua county yesterday awarded two road contracts which are of prime importance to the highway system of central Florida. Miedler & McLeod, of Tampa, were awarded the contract for constructing a hard surfaced road between Gainesville and Waldo, the surfacing to be limestone.

The second contract was for a fill of slightly more than a mile which when completed will save a distance of fifteen miles between Island Grove and Citra. J. D. Donahoe, of Jacksonville, was awarded the contract for constructing the 5,000 foot fill across an arm of Orange Lake between the two points. The fill will parallel the old and main line of the Seaboard Airline Railway between Island Grove and Citra. It is necessary now when making the trip over the roads, to go around the eastern arm of Orange Lake.

CHIEF INTEREST YESTERDAY WAS IN CONTEST FOR REPRESENTATIVE AND COUNTY COMMISSIONERS; TRAMMELL WAS AN EASY WINNER; SEARS BEAT MacWILLIAMS; BLEDSOE AND MEISCH WIN.

Vote Was Light as Many of the Ladies Did Not Vote and Quite a Few Had Not Registered Despite the School for Voters and the Instructions Received Therein.

With a light vote polled yesterday-in contrast with what the wisecracks thought would be the primary election passed off very quietly and sanel yand last night the results of the city precincts were known before 9:30 as the inspectors and clerks buckled down to business and counted the votes in record time. There were no surprises in the various results as the people who usually size up the situation had the proper dope several days ago and the only surprise might be in the majority the winners put over.

The official count will be given in this issue if all the precinct bring in the ballot boxes in time to be counted this morning and the tabulated account will be given today.

In Sanford the county commissioners elected were John Meisch and G. L. Bledsoe. Meisch opposed John Bell, of Monroe and Walter Hand of the West Side. G. L. Bledsoe, of Celery avenue opposed D. L. Thrasher, of Sanford, and won easily.

Much interest was centered on the race for legislature between O. P. Swope, of Oviedo, and Forest Lake, of Sanford, which Lake proved a winner in the Sanford precincts and some of the country precincts, running true to form and the prognostications of the ones who know.

C. W. Entzinger won in the commissioners race for Longwood, Lake Mary and Altamonte. Endor Curlett won for commissioner in the Geneva, Chuluota and Oseola precincts.

Following is the votes of the two city precincts:
Precinct No. 1.
For U. S. Senator—Gilchrist, 75; Trammell, 273.
For Congress—MacWilliams, 138; Sears, 219.
For Railroad Commissioner—Bowden, 98; Campbell, 59; Eaton, 122.
For Representative—Lake, 247; Swope, 122.
For County Commissioner—Bell, 21; Hand, 146; Meisch, 122.
Precinct No. 3
For U. S. Senator—Gilchrist, 78; Trammell, 281.
For Congress—MacWilliams, 159; Sears, 200.
For Railroad Commissioner—Bowden, 103; Campbell, Eaton, 113.
For Representative—Lake, 273; Swope, 106.
For County Commissioner—Bledsoe, 248; Thrasher, 129.

Smooth

SMOOTHNESS of surface is necessary in all pavements. Smoothness makes for low cost of vehicle operation and for user's comfort.

But some pavements possess a certain surface "slickness" (sometimes represented as smoothness) which causes them to be unsafe for traffic, even when dry, and doubly dangerous when wet. Every motorist in Florida knows these pavements.

VITRIFIED Brick PAVEMENTS

on a substantial support, provide the utmost smoothness consistent with safe footing or traction for all kinds of traffic, comfort for the user and economy for the taxpayer.

Brick pavements are as "skid-proof" as any pavement can be and still be smooth. Besides being safe, they last longer and cost less per year of service over long periods of years, than others.

WHAT THE PUBLIC OWES THE NEWSPAPER

By Isaac VanHorn, of Haines City, Editor of the Florida Bull

When I refer to what the public owes its newspapers, I refer to those newspapers whose editors and publishers have an interest in something higher than the mere business end of their papers and feel their responsibility to their communities, their fellow-citizens, their state and the nation in which they live. I have only contempt for those who fail to grasp this responsibility and use the columns of their papers simply to make money or express their own selfish personal viewpoint, irrespective of the rights of the individual of the community or the policy of the editorial page to be dictated by men of influence or large advertisers.

I consider the newspaper, I mean the community newspaper from the city daily to the smallest little sheet having a public circulation, especially in a state like Florida, which is not only blessed with great natural business resources but which is one of the few winter play grounds of the nation, the one greatest essential to its progress and I believe no one will contradict this.

Then what does the public owe its newspapers?

First: Liberal support in the way of advertising patronage, that its publisher may improve his sheet and thus give the community the very best publicity. But this patronage is a business proposition, and not a charitable contribution, as many men seem to regard it, and when pinning their advertising treat the publisher in a patronizing way as if giving him something, which places him under great and lasting obligation, to play up every business matter in which the advertiser is interested in the news columns and make special mention of him or the member of his family every time they visit the neighboring town or have him roast the paper for lack of due appreciation for his advertising patronage.

Everyone should understand the space of a newspaper is just as valuable, just as much a real asset, just as much a commodity as the goods on the shelf of the merchant and to ask or expect the newspaper man to sell it on any other basis than the merchant sells his goods, is an insult and belittles the merchant, just as much as it would the newspaper man, if he came into the merchant's store and because he was publishing a newspaper, advertising the merchant's town or city and was the greatest factor in its progress, treated him in a patronizing way and expected him to give himself and family special attention as rather superior persons.

The newspaper columns open to advertising are for sale to those who have business sagacity enough to realize their value to their business and no self-respecting publisher wants any one's business on any other basis.

Second: The newspaper is what molds public opinion; chronicles the news and keeps the world posted on current events, both locally and nationally. The local paper gathers it up—and like a snowball rolled in the sun, gathers size and importance as it is taken up by other publications until each town, locality and city becomes familiar to the public at large.

It's the publicity of the "Press" that is making Southern Florida—it's the truthful statement of its opportunities poured forth from day to day, and week to week, going forth into every corner of the world, that is making our progress possible, and which will make Florida in the years to come, one of the greatest Commonwealths of this wonderful country.

Every man, woman and child living in the state of Florida is unconsciously benefited by the work of the "Press" in so many ways it would be useless to try and enumerate them.

Every public question, every charitable effort, every religious gathering or work, from the big corporation to the new windows in Sam Smith's little village store, are given attention.

Sympathy in sorrow and trouble, condemnation of public evils, eulogies over the departed, kind words for men and women working in the Boards of Trade, Womens Clubs and a thousand different things receive sentimental attention at the hands of the newspaper man.

Does anyone think to buy his advertising space, ends the obligation for this personal service; not at all. That is simply a business proposition, simply the purchase by the advertiser of a bargain offered for sale by the newspaper man, so the town, the country, and the state will know that the advertiser is on earth; he buys that space because he needs it, to keep the weeds down in front of his store door.

But there is an obligation every resident owes his home newspaper—

that of being a regular subscriber, to help increase the circulation and to keep posted on local news, but it does not end there. That newspaper is the mouth-piece of the city, the town or rural district. It tells the story of progress, of opportunity to the newcomer and helps more than anything else on earth to make the future of each community and it's the duty of everyone to assist in extending the circulation of their local paper to pay up subscriptions and send to parties regularly, liable to be interested—to induce every non-resident visitor and property owner to subscribe for it and not only keep in touch with local conditions themselves, but to show it to their friends.

Third: Moral support. More than all this, the local paper is entitled to the moral support in the strongest sense that this word can be applied, of every individual in the community. We each have our own personal viewpoint on all public questions—there are always two sides to every question. We want everyone to give us the right to express ourselves and act, as our own conscience dictates. Well, let us give this same right to the editor of the paper, and don't get mad and roast the paper every time something is said that don't suit. There is no one who knows it all and is infallible; not even the wisest of us, as important as we may feel ourselves to be, and if the editor of the paper and anyone do not agree on public questions, don't go off half cocked and commence to bore holes in the bottom of the ship that is sailing to a safe harbor just because the captain is a crank in your own judgment, but forget it and read the news telling of what a great city, town or country we live in and get so full of enthusiasm over that, that we can forget any little thing about the editor or what he may write. Does anyone think they could run their home paper and please everybody? We can't do that in our own private business. Just let all of us hallow our heads off for our local paper—that will interest others in it, and so the circulation will increase and it will gradually grow of greater assistance in letting the world at large know who, where and what we are.

Don't forget the editor is human like the rest of us—has his own troubles—has his own personal friends—his own convictions and many times is harassed and worried betwixt love and duty and as a citizen interested in your community, stop long enough to realize your duty to your own home paper, for if we all, in each community support loyally our own publication, everyone will find that other publications will take up our work and extend the glad hand of co-operation to the end that we shall prosper and be known favorably as progressive and co-operative all over the United States, because the papers of Florida are circulated and read in almost every community in the great country.

So if all will help build up and maintain respect and confidence in their home paper by backing it up with their moral support and if we do ever get "hot under the collar" at the editor, invite him out for a ride and take him out in the woods and give it to him there—not in the postoffice at mail time.

In conclusion: I am personally such a believer in the newspaper and the newspaper men as a fraternity; in continuity of advertising; in helping the circulation of the local paper and in placing behind it the moral support of the community, that it is impossible in this brief way to express my feelings as to the great responsibility I feel that each individual owes the newspapers and those engaged in this line of work.

But in conclusion I desire to speak of one thing that has created a deep impression upon me always, and more especially during the past two years and from observation and conversation with men in all walks of life, and believe is having a great influence and is impressing itself on the minds of millions of people, and that is, the attitude of the Press generally, as to the belief in Almighty God and the benefit of Christian living.

We are all human and make mistakes, but I believe that the world is impressed by the attitude of the press on this great question and that the editorials, articles and little "daily thoughts" presented in the columns of the papers daily is making our local communities, Florida and the United States a better place to live in—no matter what hysterical reformers say to the contrary.

My hope and prayer is that every editor and publisher will feel his responsibility to his community for I fully believe that there has never been a time in history when the influence

SANFORD GETS A NEW HEARING FOR WATERWAYS

CHANCES FINE THAT ROUTE BE ADOPTED ST. JOHNS RIVER AND CANAL TO INDIAN

Such amazing figures and other data on tonnage and other features of interest to a main artery of waterways was submitted to Maj. Wm. C. Lemon by the Sanford, Orlando and Delegations to the Intra-Coastal Waterway Hearing at Titusville recently that Maj. Lemon, chief U. S. Engineer for Florida, has given notice of a hearing to be held in the court House in Sanford, June 27, at which additional data will be received to be forwarded in the engineer's report of the preliminary examination directed by Congress in the Intra-Coastal Waterway from Jacksonville to Miami.

In speaking of the notice of hearing, copy of which was sent to the Commercial Club of DeLand, E. W. Brown stated that DeLand should send a delegation 150 strong to this hearing. He also laughed at the claims of Daytona that the delegation from that city "saved the East Coast canal for the state." Mr. Brown thinks that there is excellent prospect that the route finally adopted by the Government for this intra-coastal waterway will be on the St. Johns to Sanford, then by canal (to be surveyed, there being a chain of lakes that would greatly aid in this) to a point at or near Titusville, thence on the Indian River and lower coast canals to Miami.

There is now an intra-coastal waterway from Jacksonville to Miami, but this is not a Government project except a portion extending along the Indian River from Goat Creek to Jupiter Inlet, where a large Government light house and wireless station are situated. It is therefore up to the Government, through her surveyors, which route would be better for the expenditure of Florida's portion of intra-coastal appropriations. Advocates for the St. Johns river-to-Indian River project are from Missouri when it comes to accepting claims from the coast. They will have to show us. It is anticipated that St. Johns river advocates can swamp the coast people with a volume of freight tonnage and a scope of country tapped, as well as number of people benefited, that will open the eyes of the engineers and the Government as to shipping possibilities along the St. Johns and lateral waterways which will undoubtedly open up as a result of the adoption of the St. Johns river route, should this route be chosen.

The Central Florida Water Traffic League sends out a circular letter which states that already the St. Johns river has a deep channel to Palatka, 65 miles north of Sanford.

The project is to deepen the channel to 20 feet from Jacksonville to Sanford, dig a canal from that point to the East Coast, near Titusville, and then by way of the Indian river southward. At the hearing in Titusville "a large volume of evidence and figures, showing an astonishing tonnage and the feasibility and practicability of the project to deepen the St. Johns River to the Indian River, and by lateral canals to interior counties was produced," according to this circular letter. The Oklawaha and Wekiwa river and other laterals would extend the system to other counties. It also adds that "It was the consensus of opinion that a favorable impression was created with the proper effort by the people of Florida we firmly believe that this great improvement can be secured for the state and its people."

The Rivers and Harbors bill passed by Congress recently carried an appropriation of \$43,000,000 to improve the waterways of the United States. Florida pays her part of this appropriation, and she richly deserves a share in its expenditure.

The preliminary examination of Intra-Coastal Waterway from Jacksonville to Miami was called for by act of Congress approved June 5, 1920. The engineers office in Jacksonville has been busy, but there is prospect of getting something done if everybody does his share, and the boosting is done concertedly and with unity.

The St. Johns River route would undoubtedly serve the interests of the interior of the state far better than the coast route.—DeLand Sun.

LABOR UNION HEADS PROTEST AGAINST CUT

IN WAGES AT THEIR BIG MEETING IN CINCINNATI TODAY

(By The Associated Press) CINCINNATI, June 6.—Concerted action against reduction in wages of railroad workers recently made by the United States railroad labor board will be the principal matter to be considered when heads of eleven railroad unions went into session here today.

The conference was called by B. M. Jewell, president of the railway employees department, American Federation of Labor, who will also preside at the sessions.

Leaders who arrived here yesterday held informal conferences and discussed ways and means to bring the question of wage reductions before their memberships. Strike votes are expected in every organization, it was said, each union taking its vote separately according to its own constitution.

It was pointed out that the matter of accepting or rejection of the cut rests on the membership of each union and the meeting today will enable the executives to advise with each other as to how to conform with the laws of their respective organizations in submitting the matter to their members.

Union to be represented in the conference are the machinists, boiler makers, blacksmiths, car men, electricians, sheet metal workers, clerks, signal men, telegraphers, maintenance of way, and stationary firemen and others.

Chiefs of the "big four" brotherhoods—the transportation unions—will be present, it was said, because the present reduction of the railroad labor board have not affected members of their organizations. It is considered probable that some of the "big four" chiefs will sit in at the sessions as observers, it was said.

Samuel Gompers, president of the American Federation of Labor, was expected to arrive here this morning from Washington to take part in the discussions. Leaders last night predicted the conference of the union officials will last for two and probably three weeks.

CINCINNATI, June 6.—A strike vote of approximately one million, one hundred thousand railway workers of the United States will be taken by individual union affected by the Railroad Labor Board wage reductions, it was decided at the conference of union leaders here today.

Bills in House Authorize Ford Shoals Contract

(By The Associated Press) WASHINGTON, June 6.—Two bills authorizing Secretary Weeks to execute contracts with Henry Ford and transfer to him the government's \$100,000,000 power and nitrate projects at Muscle Shoals, Ala., were introduced yesterday in the House by members of the military committee.

One presented by Acting Chairman McKenzie, of Illinois, provided for the acceptance of Mr. Ford's offer for the properties on condition that the Gorgas steam plant be excluded. The other, submitted by Representative Wright, Democrat, Georgia, called for unconditional compliance with the terms of the Ford proposal.

House Republican leaders announced that action on the measures would be deferred at least until delivery of reports by their authors explaining them in detail and that time would be allowed the House membership to analyze each of the documents. After that had been accomplished, it was said, a decision would be made as to when actual consideration of the proposed legislation would begin. Under no circumstances was it regarded possible for the bills to be called in the House this week.

It also developed yesterday that the vote of 12 to 9 by which the committee favorably reported the McKenzie bill did not reflect the sentiment or attitude of the committee towards all provisions of the measure. Many of its important sections, it was pointed out, would be subject to amendments on the floor when the fight was opened there.

RAIN POSTPONES BOAT

The fight will be held tonight.

CHANGE NAME OF JACKSONVILLE'S EVENING PAPER

METROPOLIS WILL BE CHANGED TO JOURNAL AS OLD NAME IS WRONG

(By The Associated Press) JACKSONVILLE, June 6.—The Florida Metropolis, Jacksonville's afternoon newspaper, ceased to exist as such after yesterday's issue, according to editorial announcement today. The name has been changed to the Jacksonville Journal on the ground that the Florida Metropolis as a name for a newspaper is confusing. The editorial asserts the words Florida Metropolis are taken outside of the state to mean Jacksonville as the state's largest city. The announcement of the change in name of the paper, suggests "ville" be dropped from Jacksonville and the city in the future be known as Jackson since it is no longer a village.

County Will Have Graduate Nurse Starting Next October

Mrs. Henry Wight, Mrs. Endor Curlett and Miss Virginia Smith appeared before the county commissioners at their special meeting held today and stated the need of a county nurse for the children of all the schools. The commissioners granted their request and the nurse will be put on in October. This means that the children of all the schools in the county will have the graduate nurse with them at all times to supplement the work of the physicians in eradicating diseases among the children and who will follow up the work of the county physician in all medical examinations. This is a step in the right direction and the nurse will fill a large part in the life of the school children in every respect. The ladies represented the League of Women Voters and the Federated Clubs of Seminole county.
