Leesburg Rallies To Sock Seminoles, 65 -

Locals Drop 6th Of Year

Leesburg's fast moving Yellow Jackets handed Sanford's Seminoles their sixth loss of the season Tuesday night as they downed the Seminoles 65-57, in Leesburg.

Both teams began action

with fast and furious playmaking. Mike Woodruff sank eight points in the first perlod for the Seminoles as each toam matched the other in the scoring department. Both teams were playing headsup ball and by the end of the first period the scoreboard showed the Yellow Jackets in front, 11-10.

Second period action saw the Seminoles really pour on the coals. Behind the scoring of Bubba Davis and Mutt Johnson, the Seminoles outscored the Yellow Jackets, 13 to seven and it looked as if the Seminoles would have victory number eight under their helts. Dear abby:

DEAR ABBY: I feel that I'm a complete failure as a mother. We have a beautiful, vivacious, intelligent, 16-year-old daughter. We did all we could to guide her mentally, socially and morally. She developed physically much earlier than most girls. From the time she was in 7th grade her teachers have written or called me concerning her conduct with boys. I refused to believe the things they told me because our daughter denied them and I wanted so much to believe her. Suddenly the truth was brought home to us. Our daughter had been lying to us and, without going into detail, we were completely fooled. She is not "in trouble," but she could have been. She is popular and goes with "nice" boys, but even nice boys slip occasionally. We live in fear of what could happen. What do you advise? EXTREMELY WORRIED

DEAR WORRIED: Every teenager should have someone with whom she can talk frankly, without fear of censure or punishment. That person, ideally, is her mother. If you cannot cultivate that relationship between you, send her to a psychiatrist, clergyman or guidance counselor. Your daughter needs desperately to learn much concerning sex, emotions and the maturing process.

DEAR ABBY: What do you think of a woman who keeps annoying a fellow who plainly does not want her?

DEAR ABBY: I am married to a man who has many good qualities, but he has one stubborn streak in him that drives me crazy. He refuses to let me drive the car while he is in it. He says a man looks like a pipsqueak sitting beside a woman while she drives the car. I have seen other men sit while their wives drove, and they looked happy enough to me. I can drive every bit as well as he can, but of course he would never admit it. I would like your opinion on this subject. HURT FEELINGS

Building Sets All-Time U.S. Record In 1961

NEW YORK - A surging wave of construction contracts in December helped to boost the total for 1961 to an all-time record for the United States, F. W. Dodge Corporation reported Friday.

Although December con tracta at \$2,712,090,000 were just a fraction below December 1960, on a seasonally adjusted basis they reached the second highest peak ever reported for any month. The December 1961 index stood at 301; the all-time high index of 302 had been recorded in December 1960, This was the fourth successive month of increase in the index, from 261 in September to 289 in October, 293 in November, and 301 in December.

Dr. Gordon W. McKinley, Dodge vice president and chief economist, commenting on 1961 as a whole, declared that "Its strength was concentrated in the residential building sector." Increasing 7 per cent, they totaled \$16,123,-

"Apartment building soared far above previous record levels, with contracts rising 32 per cent above 1960," he said. "Single-family houses, which began the year slowly, finished ahead of 1960 and contributed substantially to the total gain," McKinley

Thurmond Blasts 'No Win Policy'

The Senate armed services subcommittee is scheduled to resume the consorship hearings Tuesday with testimony from the chiefs of staff of the Army, Navy and Air Force. Gen. Lyman Lemnitser, cheirman of the Joint Chiefe of Staff, and retired officers testified last week.
