JUDGES WHO DENIED BRUNO'S CLEMENCY PLEA

Here are the judges of the New Jersey Court of Pardons who denied Bruno Hauptmann's appeal for clemency and thus sealed his doom for the kidnaping and murder of the Lindbergh baby. Annoyed by the nosey crowd in the state capitol at Trenton, the jurists filed out to a quieter building and the photographer caught them en route. In the right foreground is W. D. Hatfield. Behind him is H. B. Wells (wearing gray hat) and George Van Buskirk. The stocky man in gray overcoat just behind them is Gov. Harold Hoffman and beside him is W. D. Wells-Kist. Bringing up the rear are Joseph A. Dear (extreme left) and William LaGay, the governor's secretary. (Associated Press Photo)

WRECKAGE OF GRUESOME AIR TRAGEDY HALF-BURIED IN SWAMPES

Half-buried in the wooded swamps, this wreckage is all that remains of the patrol airliner, "The Southern," in which 37 persons lost their lives when it crashed near Goodwin, Ark. Bodies and bits of the plane were strewn over hundreds of yards as the airliner crashed through the trees. Grieving relatives and friends encountered great difficulty in identifying the mutilated bodies. (Associated Press Photo—copyrighted by Memphis Commercial Appeal)

SUNKEN SHIP ENTOMBS CREW

Shortly after this picture was taken by a coast guard plane stranding low over the wreckage of the freighter Iowa on Peacock Spit, a few stars hit the north Pacific ocean, stopped patrols from recovering the bodies of the victims, and threatened Oregon coastal towns. The entire crew of 36 perished, and many bodies were believed entombed in the vessel when the Iowa was dashed against by raging ocean storms. (Associated Press Photo)

Fair To Open Tuesday At 2; Carnival Here

Individual Exhibits Of Farm Products To Be In Place By 10 A. M. Tomorrow

Fruit Is Judged Prior To Display

Awards Are Made By District Agent Of Extension Service

Seminole County's second annual fair sponsored by the Women's Clubs of the County is to open tomorrow afternoon at 2 o'clock irrespective of weather conditions. All of the exhibits will be under cover, most of them in the Arcade building. The fair is to continue through Saturday and will be open evenings as well as during the daylight hours.

The Krause Greater Shows, a carnival company, is here as an adjunct of the fair, and its various tents and other entertainment devices were being erected today. The carnival grounds are on the vacant square east of the Court House and west of the Arcade building, between Commercial Street and Lake Front Boulevard. There are some 20 different shows in the Krause outfit.

Canned fruits, jams, jellies, marmalades, etc., prepared by women of the County under the direction of the Home Demonstration Department, are being judged today and exhibits of these pantry delicacies which fair visitors will see tomorrow and on succeeding days will all be prize winners. The judging is being done by Miss Mary Keown, district agent for the agricultural extension department in Gainesville. A large and varied display of fruits was arranged for bag in the Court House office of Miss Josephine Boydston, home economics agent for the County.

In accordance with rules of the Fair Association, the individual farm exhibits must be in place by 10 o'clock tomorrow morning, as everything is to be in readiness when the fair opens at 2 o'clock in the afternoon. In individual farm exhibits first, second and third prizes are offered for corn, peanuts, sugar cane, sorghum, Irish potatoes, tropical and citrus fruits, and nuts. Cash prizes of \$6 and \$4 will be given for the best exhibits made by Future Farmers of America.

There will be six classes of antiquies in the women's fancy work department—quilts, clothing, metal and woodwork, china and pottery, glass work, and lacquer. Prizes are also offered for modern quilts and rugs, artwork, crochet work, knitting, sewing, and art needlework.

Hot Fire Put Out By Hand Extinguishers

Quick work on the part of employees who grabbed hand extinguishers a hot fire was put out at the Seminole Tire Shop filling station, adjacent to the Court House shortly before noon today. A blow torch was being used in making repairs to a car when a can of gasoline was accidentally tipped over and was immediately ignited. So hot was the fire that officials in the Court House felt the heat through the open windows. The blaze was extinguished before the fire department arrived. Damage was slight.

Cold Here, But—

Saturday, with a warm sun shining brightly, and the temperature hovering around seventy, about the last thought in anyone's mind was that within 36 hours another cold spell would have arrived. When the Weather Bureau issued its prediction of extreme cold weather, we naturally concluded that it had made another mistake. But we must give the devil his due, the Weather Bureau was right for once.

While we are having this unexpected cold snap in Florida we must not lose sight of the fact that it is much colder in almost every other part of the country. Associated Press dispatches indicate that a severe blizzard is sweeping throughout the rest of the nation. Snow and sleet are covering the northern states from Ohio to the eastern coast. Storm warnings have been hoisted from Jacksonville to Maine. Eight inches of snow is reported in Maryland and below zero temperatures are reported in the Middle West.

A few weeks ago, after one of the longest cold spells in the history of this state, the Bradenton Herald said this to say: "Florida, especially this section, is having an unusually long cold snap. We residents of this section can make that statement without any fear of having it exploded. But our cold weather is only a drop in the bucket compared to the type of weather in the colder climates. Morning news stories tell of a blizzard crippling the entire northern area of the country, bringing below zero weather and much snow and ice. So intense is the cold coming from the North that the usual Southern warm tropical winds cannot combat the icy blasts from the colder climates although the warmth in the tropical winds is Florida's greatest asset. Florida, however, should be thankful. There is no snow and sleet and ice to add to the discomfort. Yes, it is cold here, but much colder back in the colder sections."

That same thought could well be repeated today. It is cold here. Yes, tender vegetables may be frozen and there is some danger to the citrus crop. But think how much colder it is elsewhere!

Centralized Government

Political Pollyannas, who see no harm in the continual mounting costs and the growing deficits of the federal government, despite the improvement in business, will find scant comfort for their views in the repeated warnings from Senator Byrd of Virginia who has recently asked for a Congressional investigation into ways of saving taxpayers' money through a complete reorganization of the federal government.

Senator Byrd, who as governor of Virginia a few years ago, actually accomplished what he is now proposing that the national government undertake to do, saving the taxpayers that state millions of dollars, is a brother of Admiral Richard E. Byrd, the famous flier and Polar explorer, and hails from a long line of distinguished Southern Democratic ancestors.

But, says Senator Byrd, speaking of the New Deal, "Boards, commissions, bureaus, and departments in the last three years have sprung up like mushrooms. We have today at Washington the most complicated and costly bureaucracy in the history of our country. Congress does not hesitate to investigate ways and means to spend money. I hope my resolution to investigate the saving of public will be adopted."

Small taxpayers may be surprised to read the Senator's statement that "We have today at Washington the most complicated and costly bureaucracy in the history of our country." But that is a fact, nevertheless, and it is growing more complicated and more costly every day. As fast as the Supreme Court knocks out one bureaucratic organization, two others spring up to take its place.

And by no means are all of these bureaus, commissions and departments connected with unemployment relief or concerned with the depression. Many of them, in fact the great majority of them, are but part of the movement which is taking place to a greater or less extent throughout the whole world, to concentrate in a central government absolute control over the lives, customs, and habits of millions of individual citizens.

SANFORD TWENTY YEARS AGO

Mrs. M. H. Mabry and little son, Barton, of Clearwater are the guests of Mrs. G. P. Smith.

The great celery season is on. Sanford's first car left this city on Wednesday, being shipped from Moore's Station on the A. C. L. The celery was grown by Harry Wood and was taken by C. E. Henry of the William Weinstock Co. of Philadelphia who in turn sold it to F. F. Dison and it was shipped north by Mr. Dison. We have not been informed as to the price of this first car but it is rumored that it brought Mr. Wood about \$2.00 per crate or more.

An announcement of great importance to both Orlando and the towns between here and Sanford is the statement issued by the Y. O. Road Auto Service Co. concerning the extension of their line to Sanford. The first bus left Orlando this morning at 8:00 o'clock and arrived in Sanford at 9:30 o'clock.

THE SANFORD FORUM

The Editor:
 Sanford Herald,
 Jan. 17, 1936.

Under the caption "Judge Smith Makes Talk On Communism" in your valued Herald of Jan. 16, the Judge's remarks were a bit of fine thought and an admirable people agree with the statements made in regard to the Communism. The Judge, however, was disappointed by from the viewpoint of a reader of his talk as given in the Herald, which was suddenly to surprise remarks on the Townsend Plan. We can all give the Judge credit for his courage in making such a big proposition as the Townsend movement, but we would have more than approved his courage in doing so had he given a better reason for his attitude in this regard.

For a man of Judge Smith's evident astuteness, his statement that the "Townsend Plan was visionary and impracticable, and that 'no one had any basis of anyone being fed from Heaven since the ravens fed Elijah' is a statement that quite qualifies his evident desire to pose as an authority, or at least with the understanding of that 'raven statement,' because thousands everywhere are being fed and clothed through the spiritual understanding of what is the Bible, whereas this thing called Christianity would be of no earthly use. The Townsend Plan, perhaps that those in need shall be fed and clothed through their own

Flower Show To Open In Daytona Beach On Jan. 25

DAYTONA BEACH, Jan. 23.—So popular among the winter visitors were the flower shows staged in Daytona Beach last year, that this year four major shows are being promoted by the various garden clubs of the city for their enjoyment.

Opening this floral program will be the Lotus Tea and Flower Show given by the Daytona Beach Garden Club, Jan. 25 at the Peninsula clubhouse. It was announced by the garden club president, Mrs. Elmer Kipp, that the landscaping would be under the direction of Henry J. Stockmann.

Mr. Stockmann, a nationally known landscape architect, will transform the clubrooms into a landscaped garden with growing palms and blooming tropical flowers. Lending a social air to the occasion, tea will be served beneath lattice-erected summer-houses.

Everybody's flower show which last year drew an approximate crowd of 5,200 is scheduled for Mar. 19-22 at the Casino Burgoyne, with Mrs. Joseph Haselton, chairman. Definite plans relating to it will be released with the announcement of the chosen landscape architect within an early date.

The annual Floral Tea of the Halifax Garden Club will take place Mar. 10 at one of the prominent local hotels. As well as being an outstanding social event of the winter season, a wide variety of floral arrangements will be displayed on competitive tables.

ate shows and 10 rides will open Tuesday evening. Eighty cars and trucks were required to transport the show and its 300 people to Sanford and the show grounds presented a scene of great activity today, an army of men being engaged in pitching the tents and setting up the various amusement devices. A big free act, the "Flying Meltons," is one of the leading attractions. The performers do a double flying return act which is said to be something entirely new in the amusement field. Another new act, never seen here before is the "Ripley Believe It or Not" show, the same entertainment that was put on under the direction of Cash Miller at the Century of Progress Exposition in Chicago.

The Carica Musical Revue of 25 people, the Jobber midgets, Bonnie Jean, the fat girl who weighs 637 pounds, and Jekko Shumway, "wall of death" motorcycle rider, have never before exhibited in this section of the state. Shumway will ride his motorcycle at 80 miles per hour in a motordrome, jump from it to a trapeze, and then back to his motorcycle. In addition to these new shows here will be twin Ferris wheels, three "kiddie rides" and a number of other entertainment devices.

Visiting Basketball Fives Take Week-End Games From Sanford Celery Fed Quints

Locals Lose To Both Daytona Beach And Leesburg Quintets

By HENRY SLAUGHTER

Seminole High School's Celery Feds did not fare so well in the week-end games in the local gym against Leesburg and Daytona Beach. The A squad lost to Leesburg on Friday night, 36 to 24, though the B squad checked the game when it won by the decisive 22 to 7 score. On Saturday, however, the locals lost three games. The Junior High School fives of Daytona Beach and Sanford played in the afternoon, and the visitors won, 42 to 12. In the evening in the gym Daytona Beach A squad defeated Sanford. A squad, 30 to 21, and in an extra period in the game between the B squads of the two schools the visitors won, 19 to 17.

Saturday evening's game between the A squads of Daytona Beach and Sanford started with the Celery Feds having the edge over the Bucs for the first half. The first quarter ended with the Celery Feds leading, 3-4. At the end of the first half, which was very slow, the Celery Feds were still in the lead by the score of 11-8.

The second half started with the Bucs breaking fast to score in the first few moments after play was resumed. From that time until the end of the game the Daytona lads played a reckless game which proved too good for the local boys to cope with.

Late in the final quarter the Celery Feds came back to their own and played the same style of reckless game that the Bucs had employed the second half and took several long shots that netted the locals eight points.

The highlight of the game was the brilliant shooting of Hera, Daytona forward, who gathered a total of 19 points for the game. Jack Purdon, local center, was high point man for the Feds with 7 points.

The B teams of the two cities battled to a 15-point tie at the end of the regular game and were forced to play an extra period. This game was featured by the playing of Bennett, Daytona center, who made two field goals in the extra period to win the game, his total points for the game was nine. Author Williams was the star on the Feds' B squad, even though he scored four points.

Saturday afternoon the Junior Highs of Daytona and Sanford met at the Junior High court and the coast city proved to be the winner again. The local lads were out weighed and were too small for the youngsters from Daytona. The Sanford boys put up a good fight and did not give up until the final whistle had blown even though they were from 20 to 30 points behind in the fray that ended with Daytona winning by

the score of 42-12.

The Seminole High Celery Feds met the strong Leesburg Yellow Jacket basketball team on the local court Friday night and went down before the last quarter attack by "Frankenstein" Phillips and Searcy. Sanford held the big six feet five inch giant in check for three quarters, but he pulled away from the excellent defense of Jack Purdon to score ten points in the final quarter to beat the Celery Feds, 36 to 24.

Billy Searcy and little Elmo Miller were the outstanding men on the court for the Yellow Jackets and it was their play that prevented the Celery Feds from scoring in the second half.

Lester Phillips led the local team with three field goals. Lester played a good game at guard and will improve as the season goes on. The other guard, Darrell Ferguson, put up an exhibition of play that anyone would be proud of. Darrell is only a Freshman and should show that a Freshman can play good ball.

Earl Whitten, captain of the team, played his usual game which is always good. Charles Robinson was the sparkplug of the Celery Feds offense and played the game that he likes so well, and did it with style and speed.

Jack Purdon played the hardest game that he will have to play until the Celery Feds and the Jackets meet again. Jack looked good out there on the court Friday night against Phillips, who is plenty of trouble to any center, but he was held in check for three quarters by Jack.

The Seminole High "B" team ran wild over the Jacket "B" squad with "Red" Williams the high scorer of this game where the Celery Feds won, 22-7. All these boys on the "B" squad were playing a good game and several of them should make a bid for the "A" squad before the season is over.

Dogs Will Race Despite Cold At Longwood Track

The cold wave which broke over Florida last night won't mean a thing at Sanford-Orlando Kennel Club greyhound track tonight where 80 of the fastest dogs in the establishment are scheduled to compete in 10 events starting at 8:15 o'clock, rain or shine.

Again the feature eighth is the top event of the night, and such speedsters as Molly Malone, War Leader, Wild Panny and Dun Dunit are entered.

The track begins its fourth week of a 90 day meeting tonight.

Tonight's entries:

First race, quarter mile: Tiny Vain, Buzzer Star, Kate Higgins, Laddy Donnelly, Smoky Forge, Nap-ay Feet, Cary Burdett.

Second race, quarter mile: First half daily double: Ted Warden, Nellie Star, 1 May Dusty Blanket, Roy B. Rex Mark, Tommy Boy and Hot Forge.

Third race, quarter mile: last half daily double: Lord Spide, Barum, Captain Sequent, Juste Dog, Glen-lene, Boy, Early Bird, Squaw G, Tee Off Traffic.

Fourth race, 3/16 mile: Bobbie Lane, Brave Warrior, Wimpy Red Diamond, Hot Battery, Ann Hope, Paddy Blue, Billy Kay.

Fifth race, quarter mile: Marshall Babe, Crescent Limited, Highland Forge, Lone Miner, Bold Effort, Infatuation, Sah-Wa Fancy, Mad Play.

Sixth race, quarter mile: Mordante, Howe Ace, Wise Move, Only Chance, Tommie Dog, Arnold Lee, Silver Babe, Twinkling Piper.

Seventh race, 3/16 mile: Ash Tray, Hawkeye Chief, Ah, Light, Caroline Queen, Miss Mark, Mutt Hawk, Milkman, Hard Boot.

Eighth race, quarter mile: Molly Ma-

Black-Draught

Next Time You Need a Laxative For constipation, take a dose of Black-Draught as soon as you realize the condition you are in. "If I am bilious, have headache or a cold, I take a dose of Black-Draught at night," writes Mrs. R. D. Thaxton, of Lexington, Ga. "If I have a bad feeling after meals, I take just a pinch of Black-Draught. It relieves me. I recommend it very highly—a good family medicine. I give my children Syrup of Black-Draught. I find both good."

Black-Draught paves the way for the relief of many such symptoms as those mentioned above, when constipation is at the bottom of the trouble. Just try it! Follow the directions carefully and you'll probably learn why Black-Draught is so popular.—adv.

We'll wager 2 to 1 that you'll like Double-Mellow OLD GOLDS

DOUBLE YOUR MONEY BACK

if it isn't the finest cigarette you ever smoked

LAST OCTOBER we issued a daring challenge to the smokers of the nation. We said, in effect, if the new Double-Mellow Old Golds don't give you a thrill, we'll pay the bill and pay it double.

Never before had such an offer been made on a cigarette. But we made it with our eyes open. The prize crop tobaccos in Double-Mellow Old Golds fully justified this 2 to 1 wager.

For the benefit of those smokers who overlooked this offer, we repeat it again

today. Smoke half a pack of Double-Mellow Old Golds. If it isn't the finest smoke you ever tasted... just trail us the remaining cigarettes and the wrapper, at any time before May 1st, 1936, and we'll send you double the price you paid for the full package... plus postage.

New Source Of City Revenue Is Considered

Commissioners Talk About License For Motor Drivers And Of Tax On Meters

Action Deferred Until Next Week

Method Of 'Painless' Extraction Of Tax Sought, Says Mayor

Methods of "painless extraction of taxes to balance the budget," as expressed by Mayor T. L. Dumas, were discussed at an informal meeting of the Sanford City Commission last night. It was an informal round table discussion, the mayor stated, and there was no vote on any of the various proposals. Details of the proposed action are planned for the next regular session of the commission on Monday night. It will not be an executive session, the mayor said. "Everything will be done in open meeting," was his assertion.

Several proposals for the "painless extraction" of needed funds were talked at the meeting last night, among these being the suggestion that motorists be charged an operator's license and that taxes be assessed against electric, gas and water meters and on each telephone. The operator's permit seemed to meet with the most favorable response, though there was no indication as to how the commissioners will vote when the matter comes up in formal session.

Most of the suggested plans for increasing the City's revenues were proposed a couple of months ago, but they were laid over until after election. The new proposals were made by Mayor Dumas and W. J. Dugas as well as the hold-over members and the city attorney and the City Clerk attended the conference.

"We have got to figure out some way whereby the City can pay its operating costs without borrowing money," Mayor Dumas said, "and as we must raise the necessary funds to meet our budgeted expenses it looks as though we must find some new source of revenue. Additional taxes are never popular, so we are endeavoring to find some way of painless extraction of taxes to balance the budget."

5 Are Reappointed Members Of R. F. C.

WASHINGTON, Jan. 21. (AP)—President Roosevelt yesterday reappointed five of the six members of the Board of the Reconstruction Corporation, including James Jones, of Texas, as chairman.

The other members receiving reappointments are: Charles B. Henderson, of Nevada; C. E. Harrison, of Kansas; Frederick H. Taber, of Massachusetts; and Charles T. Fisher, Jr., of Michigan.
