Mrs. Roosevelt, however, takes a practical common sense view of the situation. She says that she is not so sure that the depression is over as long as there are ten million persons unemployed...

We agree too with Mrs. Roosevelt that as long as the people have a right to ask questions of the government, they have a right to expect an honest answer...

New light on the Hopewell Mound Builders, the mysterious long-headed people who covered the Mid-West with their great, mortuary earthworks...

The latest development, according to the United States News, "has been reported by James A. Ford, from Marksville, La., is the discovery of a house site, the post-holes of which are so clearly marked that the ground plan can be reconstructed...

This appears to have been a one-room, rectangular structure, about 15x7 feet, partly subterranean, with a clearly marked pit dug in the center...

Mr. Ford also reports finding a variety of clay objects and other articles which serve to draw still closer the relationship between the Louisiana people and the Mound Builders of the Ohio Valley...

The so-called "Hopewell Culture" Indians were responsible for the great Mid-West burial mounds. Many other Indians, even within historic times, were "mound builders" in a limited sense of the term...

The Hopewell Indians erected mounds purely as burial places, and the same is true of the people who occupied the Louisiana sites. There was a slight difference, however, in the method of disposal of the dead...

WALLACE ASKS FOR 'BROADER' NEW POWERS

(Continued from Page One) all its phases and leave them nothing but the risks and responsibilities.

The amendments were approved by the Senate Agriculture Committee recently at a closed hearing but protests caused Chairman Smith and other members to reconsider.

"In the light of this new campaign of obstruction on the part of these large processors and distributors," Wallace said, "it now becomes imperative that our proposed amendments be enacted."

The Farm Administration takes the position that there is no change in policy involved and that the amendments are simply a strengthening and clarification of the marketing and leasing powers conferred under the present act.

Sanford Post Of National Guards Best In Florida

(Continued From Page One) declared both outfits deserving a very high rating.

Captain Starrett's stamp of high approval had been given, early in April, to the officers, men and equipment of Company D, the third of the three units comprising the Post.

Military units which stand federal inspection are graded either "Satisfactory" or "Unsatisfactory." Captain Starrett is quoted as having termed the Medical Detachment and Headquarters Company as "Very satisfactory" after his several hour tour of inspection.

Starting at 2:00 o'clock yesterday afternoon, Captain Starrett, accompanied by Lieut. George A. DeCotte, commanding officer of Headquarters Company, and Captain Arthur W. Knox, commanding officer of Medical Detachment, inspected the orderly rooms and supply areas here, officers and men of rooms of both units.

In preparation for his appearance both units had spent several days preparing the orderly and supply rooms for Captain Starrett's inspection.

His answer was a practically 100 percent rating for their efforts. Both Companies met at the armory last night, Headquarters Company falling in for inspection at 7:00 o'clock.

As quoted by E. H. Cullum of the outfit, "Every member of this outfit had a certain duty to perform, and each member carried his part through with precision and dispatch to draw the high praise of the inspecting officer."

This unit received a high rating for its neat personal appearance. At 9:00 o'clock, the Medical Detachment had assembled for inspection. After each member of the unit had been inspected personally by Captain Starrett, the Detachment started what is termed as "D.P." in the most elaborate programs ever attempted by any unit—that of a Battalion Medical Aid Station.

The drill floor of the armory was turned into a miniature base hospital, where "wounded" received necessary treatment before being sent on to the "main hospital" in the rear.

Every member of the Medical Detachment, "acquitted himself with honor," and again Captain Starrett gave verbal approval in his comments to Captain Knox and his aides.

Prisoner Insult Found To Be In 'Bad' Condition

(Continued from Page One) amined him and said his condition was "bad."

For his neighbors, Insull had six other prisoners, including 13-year-old George Bogalaki, accused of kidnapping and causing the death of little Dorette Zeitlow, two and a half years old.

His bond was set yesterday—three hours after he had arrived under guard from the East—at \$200,000. Insull said, through his attorney, that he could not raise that amount; Insull's son, Samuel Junior, said it was impossible, and the attorney said they would not "pass the hat" any further among Insull's Chicago friends.

He settled down in a hospital bed at Cook county's jail—the first residence he ever had in Chicago that was not elegant, not to say magnificent—with a good supply of his small pencil-sized cigars and a nickel magazine, and waited for the next turn of fate.

Unless legal steps are taken to free him—his attorney, "borrowed" from his son, was studying the possibilities—he will stay in jail until he is arraigned on the mail fraud charges, late this week. Then he will go back to jail to await trial.

His good nature led some to suspect that there was strategy in his submission and that this was a strategic surrender. To furnish the relatively huge bond—four times what was required from Al Capone, public enemy No. 1—was impossible. He said when he was brought into court yesterday that he is flat broke.

"Everything he owned he has signed over to his creditors," said Attorney Thompson. "He was once a very wealthy man, but that was before the economic catastrophe."

The government's attorney, U. S. District Attorney Green, declared, however, that \$200,000 was not unreasonable in view of the trouble the government has had pursuing Insull and bringing him to trial.

"He lived handsomely during his flight from justice," said Green. "And he had money enough to hire a ship to flee in."

Attorney Thompson referred to Insull's fugitive odyssey as "his travels."

"He lived very modestly while he was traveling," said Thompson, "and instead of the magnificent estates he occupied here, he lived in rooms leased for him by his

290 Residents Of County Want Another Warden

(Continued from Page One) along with the hope that they would endorse its intent and send it on to Tallahassee at once.

Accompanying the petition was the committee report on "Mr. Marshall, whose record as a game warden in this county several years ago has been unsurpassed."

The committee which recommends Mr. Marshall includes C. L. West, H. E. Weekly, C. P. Rabun, R. A. Howell, Jesse A. Lee, Tony Pichford, V. A. Speer, R. H. Walther, P. B. Stephenson, L. A. Palmer, John G. Leonard, S. Puleston, H. M. Papworth, Frank Pitts, and Charles Whitner.

Turning to other matters in what was a routine meeting, the Commissioners granted a petition signed by J. C. Hutchison, Charles Whitner, Mr. and Mrs. E. A. Monforton, R. L. Dean, E. Stowe, F. T. Miller, Gordon Deane, and Pauline A. Guise, a group which asked that the county take over Blackhawk Avenue and Chickasaw Drive in Indian Mound Village.

After Alex R. Johnson, vocational teacher at Seminole High School had appeared to explain to what uses he puts the county-owned automobile, the Commissioners voted to rescind their motion of some weeks ago, a motion which called upon Mr. Johnson to return the car to the county.

Further, the Commissioners approved payment of statements for \$39 for tires and \$20 for repairs and gasoline for the car.

G. E. McCulloch who resides on the county line south of Oviedo, was awarded \$50 to be used in removing his fence from a road right-of-way.

The Commissioners passed a resolution calling for the abandonment of certain roads in Gardenia Farms tract near Oviedo.

Rev. H. S. Wallace of Longwood, who supplies the County Home and Convict Camp, was awarded \$25 with which to purchase a trailer upon which he plans to transport a choir from Longwood to services he will eta. for county inmates.

Lightning Bolt Fires Winter Garden Plant

WINTER GARDEN, May 5.—A bolt of lightning started a fire in the Armour fertilizer plant early last night and the entire building burned to the ground.

Chemicals in the plant burst into flame immediately. They burned with such intensity that the fire department was helpless.

G. T. Raden, Winter Garden manager of the plant, estimated the loss at \$9,000. Building and contents were covered by insurance, Mr. Raden said.

Among the contents lost were 100 tons of fertilizer. Two carsloads recently manufactured, had been moved away from the plant during the afternoon before the fire.

The lightning storm, second in two days, started early in the evening, before the sun had set.

Ohio Offers \$1000 For Dillinger's Arrest

COLUMBUS, Ohio, May 5.—(AP)—Ohio yesterday placed a \$1000 reward on the head of John Dillinger, fugitive murderer.

At the suggestion of Governor Horner of Illinois, the state emergency board appropriated the money for the capture, "dead or alive" of America's public enemy No. 1.

Governor White sent Governor Horner a telegram telling of Ohio's cooperation in his recommendation that five states offer \$1000 each for Dillinger's capture.

\$100,000 Kidnap Plot Revealed In Gotham

NEW YORK, May 5.—(AP)—The New York American says a \$100,000 kidnap plot "against one of the three children of the socially prominent Lauriston Lobdell of New York and Rumson, N. J., has been uncovered," and that assistance of department of justice agents has been requested.

The newspaper says a threatening letter was delivered to Lobdell at his estate near Rumson recently, and that the letter bore a Newark postmark.

April dealings of various county officials were read and publicly filed, and several checks were ordered drawn in favor of various debtors.

JUNIOR PLAY "Happy Landings" A Farce Comedy in 3 Acts. Seminole High Auditorium. Friday, 8:15 P. M. Adm. 25c & 50c

"Happy Landings" To Be Presented Friday

"Happy Landings," a three-act farce comedy written by the author of the Senior success, "Oh, Professor!" will be presented by the Junior Class of Seminole High School on Friday evening at 8:15 o'clock at the school auditorium with Miss Elizabeth Shoemaker and Miss Helen Varnay, class sponsors, as directors. The plot of "Happy Landings" centers about a famous aviator, Jack Hughes, who has agreed to do stunt flying for a small college because it affords him the opportunity of meeting an attractive but elusive girl, Miss Eleanor Hickson. He is pursued by George Anderson, a jealous Bolshevik, whose wife has fallen in love with a picture of the handsome aviator. The professor, St. Clair Cameron, comes reluctantly to the rescue of his friend, the aviator, much to the confusion of the colored maid, Marian Haynes, and her "genman" friend, George McClelland. The young girl's father, Charles Betts, is aided and abetted in his secret yearning to fly by an attractive young lady with foreign ways, Marilee Torrance, in spite of the efforts of his wife, Adelaide Higgins, to

ROOSEVELT SIGNS HUGE REVENUE ACT

\$417,000,000 Would Be Raised By Bill That Is Intended To Stop Loopholes In Old Law

WASHINGTON, May 10. (A.P.)—President Roosevelt today signed the \$417,000,000 revenue raising bill. The bill is intended to provide additional revenue by closing up loopholes in violators of existing laws, and adding new taxes.

Mr. Roosevelt affixed his signature in the presence of Congressional leaders and treasury and internal revenue officers. He will send shortly to Congress a message asking reconsideration of a tax on coconut oil, which he regards as unjust to Philippines.

A meeting between Secretary Morgenthau and Senate Finance Committee members yesterday to draft proposed silver legislation revealed conflicting ideas on the language of the proposed measure and before the discussion was over Senator Borah withdrew.

Borah said a tentative measure offered, apparently a draft by Secretary Morgenthau, was "entirely permissive in character and I'm not interested in it at all."

The six Democratic senators who remained expressed "optimism" and said Morgenthau had taken drafts offered by them, with him for further study and that he would report on them today. Other meetings will be held.

All agreed they were in accord with Morgenthau on a two-point program: Nationalization of domestic stocks and the acquisition of silver until it comprises 25 percent of the metallic currency reserve.

The difficulty of carrying out the policy was the subject of the hearing. Tentative bills offered by Senators King, chairman of the Senate silver group; Pittman, Thomas and Borah sought language, conferees said, which would not only authorize the secretary of the treasury to acquire the reserve, but would "direct" him to do so.

Whether the Administration would be willing to accept such forceful wording was a question, although the White House indicated earlier in the day it would regard the policy of buttressing the gold base with silver as mandatory.

The senatorial group delegated King to speak for them and the Utah senator was somewhat taken aback when he learned of Borah's frank declaration.

The Idaho senator, only Republican present, indicated he did not intend to take part in further discussions unless there was a change in the situation.

Insull Denied Cut In Big Bond Under Which He Is In Jail

CHICAGO, May 10.—(A.P.)—Samuel Insull today was refused a reduction in the \$200,000 bond under which he is held prisoner in the Cook County Jail. Judge Will Sparks of the United States Circuit Court of Appeals said he felt the evidence did not entitle the defendant to any lowering of the bond which Insull's attorney, Floyd Thompson, had asserted was the highest ever demanded on a defendant in any United States court.

Thompson had argued a habeas corpus writ. This Insull must return to jail to await arraignment.

Less Start For Fall Terms In Raleigh

ASHEVILLE, May 10.—(A.P.)—Two deputies of the sheriff left here today with Deputy Lyle Lee and his son, Lyle, Junior, for Raleigh to seek charges for violation of bank laws. The two men were arrested at Raleigh last week and taken to Asheville. The sheriff's office here is expected to have a busy time in the coming weeks.

JAPAN PREPARES TO MEET THREAT OF TRADE BATTLE

Official Says Nation Ready, Confident Of Ability In Crisis

TOKYO, May 10.—(A.P.)—Convicted she has the weapons for a successful defense and counter-attack, Japan yesterday snatched an aggressive course in her trade fight with Great Britain.

"Japanese industry faces the crisis, calmly confident of its ability to meet the British challenge," said a foreign office spokesman, "and believing that this test even might strengthen Japan as an industrial nation."

The spokesman declared "it is entirely natural that Britain's sudden drastic action" in imposing a tariff on Japanese imports to the British Isles and crown colonies "should be deeply resented in certain quarters in Japan." He added that some Japanese compared the action to "a commencement of hostilities without an actual declaration of war."

A triple plan of defense appeared to be Japan's program. The first step, it was indicated in high government quarters, likely will be a protest that the British quotas infringe upon the most-favored-nation clause of the Anglo-Japanese commercial treaty.

High hopes that Japan can strike a hard blow at Britain within the British commonwealth were held by many interests, and from the second part of the campaign.

Increased trade with the dominions, which may not follow the mother country's action against Japanese goods, is to be sought.

The third and most powerful weapon available to Japan retaliation under the extensive powers held by the government is being held in reserve officials indicated, to be used only as a last resort.

Relief Lists Increase Over Last Season

WASHINGTON, May 10.—(A.P.)—The Department of Commerce reported yesterday that the number of families on relief as of Apr. 1 was larger this year than at the same time last year.

In its monthly survey of current business reporting generally improved conditions in most sections of American business and industry, the department noted.

"Notwithstanding the progress made in recent months in absorbing into industry a portion of the unemployed, the number without work remains large, and the exhaustion of individual resources, together with the demoralization of the CWA workers, has resulted in a substantial increase in the number of families on relief as of Apr. 1 as compared to the same time last year."

BURNED TO DEATH

PROVIDENCE, R. I., May 10.—(A.P.)—Phillips Moore and two of his children were burned to death in a fire which destroyed their home here today. The father and his two daughters were rescued after they had been in the mother and three other children in safety.

U. S ATTITUDE ON WAR DEBTS IS UNCHANGED

Treasury Opened For Reception Of Any Payments Nations Are Able To Make

WASHINGTON, May 10.—(A.P.)—President Roosevelt opened the treasury yesterday to the reception of any war debt payments 13 European nations may find it possible to make June 15.

At the same time, he made it clear any requests for the acceptance of token payments or for a revision of terms would be considered separately, according to the ability of the debtor nation to pay.

A little later Andre Lacomare, French ambassador, visited the state department for a conference with Undersecretary Phillips. France owes this country four billion dollars and is in default on a part of it.

In Paris, Louis Barthou, the foreign minister, told a parliamentary committee the ambassador had called at the state department to ask about the Johnson law which forbids United States citizens from extending financial aid to foreign nations in default.

President Roosevelt emphasized that the traditional American attitude on the collection of war debts remains unchanged and that this country expected to be repaid the millions it loaned foreign nations during the World War.

He added, however, that it was quite willing to listen to any offers the debtor nations wished to make.

He said no official application for revision of any existing debt funding agreements had been received by this country to date.

The President said the government had laid down no rigid rules concerning acceptance or rejection of token payments, should they be offered but that each case would necessarily be considered on its merits with consideration given to all facts obtainable.

Kiwianians Hear Talk On Aquarium Details

The development and maintenance of an aquarium was discussed before members of the Sanford Kiwanis Club at the Montezuma Hotel yesterday noon by Billie McLane of Gainesville, who had been brought to Sanford to speak in the interests of the Florida Zoological Society.

When he had concluded his talk which he illustrated by exhibiting examples of various kinds of toy fish, young McLane was made the first honorary life member of the Society.

Kiwianians Gaston Edwards, Brantley Burcham, and Roy Young of the Orlando Club were among the speakers.

Those attending were: Kiwanians C. R. Mason, who presided, Ray Fox, J. L. Hart, R. A. Smith, E. H. Randall, E. H. Laney, J. G. Leonard, R. W. Ware, Harry Woodruff, Julius Dingfelder, T. W. Lawton, L. Jim Reed Won't Talk About His Candidacy

KANSAS CITY, May 10.—(A.P.)—Former Senator James A. Reed of Missouri said on his arrival here today from Chicago that he had not definitely decided to seek the Democratic nomination for his old seat in the United States Senate.

"I'm not for a definite answer, as I don't know," he said. "I don't know if there is a possibility that he would be a candidate he shrugged his shoulders. 'All things are possible,' he said.

Reed's Chicago news reports stated he was saying "I think I might be a candidate for the Senate but I don't know yet."

Under Mr. Reed's order, I have advised Tax Collector Jinkins that he will have trouble getting his records accepted in Tallahassee unless they conform to the law.

MITCHELL BRINGS CAMPAIGN INTO SANFORD SECTION

Verobeach Senatorial Candidate Favors Old Age Pensions

Charles A. Mitchell, young Verobeach attorney brought his campaign for the United States Senate to Sanford last night when he delivered an address on a downtown corner with a small audience before him.

Mr. Mitchell spoke primarily on the merits of the bonus question, old age pensions, and veterans' compensation.

But he also discussed three points which he has lately as urged full compensation by the federal government to all growers who suffered damage during the medfly campaign, development of Florida's waterways, and a high tariff on vegetables that are imported from foreign nations.

In his introductory remarks he paid tribute to President Roosevelt and his Administration, and said that the President "As the chosen leader of the American people, had proved his right to his leadership by the results of his first year in office."

He stated that approximately 95 (Continued on Page Six)

SIX NATIONS SUFFER FROM BAD WEATHER

Floods In Canada, Norway Bring Death; Lack Of Rain Burns Mid-Western Crops

WASHINGTON, May 10.—(A.P.)—Floods, drought, excessive heat and forest fires left a trail of death, suffering and property loss in six nations Wednesday.

Canada and Norway were the scenes of floods which caused three deaths in the former country, and were responsible for a train wreck near Feboen, Norway, in which nine persons were injured.

Hundreds of persons were homeless in Norway, as a result of high waters in the Hitter and Glimmen Rivers. The Hitter changed its course and swept across a corner of the town of Feboen.

The Glimmen, normally about 100 yards wide at Korken, spread over a wide area, driving farmers as well as townspeople from their residences. Hot weather added to the misery of the refugees.

In Canada bridges were wrecked, highways damaged and homes flooded by rivers and creeks in the vicinity of Port Arthur, Ontario, while in Northern Alberta the Athabaska and Peace Rivers went out of their banks. Many persons north of Edmonton were reported to be living on platforms built in trees.

Floods in both countries passed their high point Wednesday and the water began to recede.

While too much water was causing trouble in those areas, portions of the United States and of Poland suffered in excessive temperatures, and there was fear of serious droughts.

Mid-Western thermometer registered marks which set off local records for the month of May, and Warsaw reported a maximum of 113 degrees in some parts of Poland.

Indirectly attributed to the heat wave were fires in seven Polish villages, killing three persons and destroying several hundred buildings.

Hot weather in Arabia, with drying up of some wells, caused (Continued On Page Five)

SUGAR INDUSTRY PRODUCTION BILL FINALLY SIGNED

Weather Promises To Make Plans More Drastic Than Hoped

WASHINGTON, May 10.—(A.P.)—The government yesterday decreed the maximum production for the sugar industry under a crop control program which promptly threatened to become, by a prairie of weather, far more drastic than the President and Congress intended.

President Roosevelt signed the Jones Costigan sugar production control bill, fixing at 1,550,000 tons the quota for the continental United States sugar producers and 200,000 tons for the cane growers.

Off-shore prohibition quotas were not fixed because of a crop-threatening drought prevailing in the majority of best-growing states. Until reports show whether the domestic growers will be able to fill the million and a half ton quota, Secretary Wallace indicated the quotas from the insular possessions would be left undetermined.

Pressing into use the flexible tariff provisions of the 1930 Tariff Act President Roosevelt clipped a half-cent off the sugar duty and said the amount of the processing tax levy which will be paid continental producers for cutting down acreage should not exceed this.

"This means," Mr. Roosevelt said, "that the processing of compensatory taxes will not increase, in themselves, the price to be paid by the ultimate consumers and at the same time our own sugar producers will have the opportunity to obtain, in the form of benefit payments, a fairer return from their product."

Trade Body Accounts Paid, Money On Hand

The treasurer's report, read before the Board of Directors of the Seminole County Chamber of Commerce on Tuesday night by Arthur Branch, revealed that all accounts are paid and there is a substantial balance in the bank.

The Tuesday meeting was routine in nature. Announcement was made of recent industrial developments in the city, and stress was placed on the fact that more are coming.

Resolutions of appreciation were ordered forwarded to the Garden Club of Sanford for its co-operation in providing trees, shrubs, flowers and other decorations for the trade body building and several recent trade body functions.

Those attending were: B. F. Haines, Mrs. E. F. Haines, of Altamonte Springs; Capt. C. Hall, of Fern Park; J. A. Logan of Geneva; Miss Nora Wiley of Lake Mary; Mrs. J. W. Conley, of W. Lawton, Mrs. Charles Niblack and Mrs. Amos Tingley of Oviedo; E. H. Laney of Paola; A. Duda, Jr., George Jankuba, Paul Laska, Martin Slaska, Rev. Stephen M. Tuhy of Slavia; Arthur Brannan, W. S. WEALTHY OIL MAN KIDNAPED BY BOLD PAIR

Californian Snatched From Estate During Party While Friend Is Strapped To Tree

LOS ANGELES, May 10.—(A.P.)—Two masked men, brandishing pistols, snatched William F. Gettle, 47, wealthy oil man from his newly purchased estate in the foothills district of Arcadia at a midnight party declaring "this is a kidnaping."

James Wolfe, Westwood furniture dealer was left bound, gagged and strapped to a tree on the estate. His wife freed him.

Gettle was abducted after a party of ten, entertained at his estate, had left the swimming pool.

Eight members of the party had entered the house, while Gettle and Wolfe stepped in a small summer house to pull on trousers and shirts over their swimming suits.

As they bent over they were startled to hear "attn" "um up and be quick about it." Wolfe attempted to remonstrate with the men who cut him short, informing him it was a kidnaping.

Heman Smalley Dies After Firing Single Bullet Into Brain

Heman Smalley, about 60, resident of Sanford for the past three years, died in his garage apartment on East 18th Street this morning about two hours after he had fired a single bullet into his brain.

His body was prepared for burial by employees of the Funeral Home. It will be sent to his old home in East Morris, Conn., on a night train.

Mr. Smalley is said to have become despondent because of ill health. Neighbors attribute this despondency to the act which claimed his life. Sheriff J. F. McClelland, who was called to the scene within 15 minutes after the shot was fired, decided that an inquest was not necessary.

The dead man was a retired farmer who was well known in Sanford. He had spent the past four winters in this city, and he is said to have possessed a modest income. There are no known survivors.

House Group Approves Med-Fly Survey Bill

Joshua Chapp of the Sanford firm of Chase and Co., was advised by telegram from Congressman Mark Wilcox at Washington this afternoon that the House Agricultural Committee had today reported favorably on the bill, already passed by the Senate, to provide for survey of losses suffered by Florida fruit and vegetable growers during the med-fly campaign.

Mr. Wilcox stated that "As soon as the report is printed and the necessary routine is completed with it, I will press for the bill's passage on the House."

Carrying an appropriation of \$10,000, the survey would serve as information only.

Other bills now are pending in both Houses to reimburse growers upon a basis of the findings of the damage investigation.

President Roosevelt has expressed opposition to federal reimbursement for losses from pests, unless the state absorbs half of the cost, and Governor Sholtz has announced that it is impossible for the state to take such action.

HOTEL MAN DIES

JACKSONVILLE, May 10.—(A.P.)—Gustav Mueller, 61, a prominent hotel man of the state, died here last Tuesday night at a hospital. He had been in ill health for several years. He had lived the major portion of the last 15 years in Miami where he was the original owner of the McManis hotel, one of the largest commercial hotels in the city. He also operated the Surberidge hotel here under a lease for 10 years.

DOLLFUSS ESCAPES DEATH PLOT

Time Bomb Found At Salzburg Airport Before Chancellor Arrives For Meeting

SALZBURG, Austria, May 10.—(A.P.)—Chancellor Dollfuss again narrowly escaped death today when authorities found a high explosive bomb at the airport station here shortly before he arrived from Vienna for a patriotic front meeting.

The infernal machine contained 11 pounds of dynamite, and it was equipped with a clock-work.

However, the little Chancellor appeared unperurbed by the discovery. He and Prince Ernst Von Starhemberg, vice-chancellor, were showered with flowers.

The two leaders were almost mobbed by peasant girls who swarmed around them, repeatedly holding up their program through the streets.

Zoo Fund Campaign Reaches \$321 Mark Toward \$500 Goal

The campaign for funds for the Florida Zoological Society had reached \$321 late yesterday with small amounts still coming in today, and several teams yet to report.

Division C under Major W. M. Haynes was leading the list of the army workers, having turned in \$60.

Company 18, with J. E. Broadhead as captain and a troop of A. C. L. men as workers, is leading the entire drive in having collected \$48.24.

Division A, under Major Mrs. H. H. Coleman is second in the drive with a total of \$54, the highest company report in that division is from Company 1, Mrs. W. E. Watson as captain. This group turned in \$49.

Division B under Major Coleman is \$1 ahead of Division D under Major G. W. Spitzer.

Amounts turned in by each company at noon today were as follows: Captain J. E. Preston's company, \$58.25; Mrs. W. E. Watson, \$49; H. B. Pope, \$41.25; T. W. Lawton, \$39.50; S. J. Nix, \$28.25; R. W. Ware, \$24; Gordon Barnett, \$22; Mrs. C. E. Mason, \$21; Julius Dingfelder, \$18; John Leonard, \$15; Mrs. Dorothy Lamb, \$14; Maxwell Stewart, \$13.75.

Church Groups Must Pay Tax On Trucks

TALLAHASSEE, Fla., May 10.—(A.P.)—Trucks used to transport congregation members to and from church services are not exempt from the state automobile license law, Attorney General Cary D. Landis ruled.

Pastor E. J. Daniels of the First Baptist Church of Eagle Lake wanted to know whether he had to obtain a license for a bus owned and operated by the church solely for the purpose of transporting persons to and from church.

Property used by a church in actual religious services and for no other purpose is tax exempt, the attorney general said, but the exemption does not apply to license tags for buses.
