HOSPITAL ASSOCIATION MEET

To Elect Permanent Officers Thursday Night, August 14th

Every citizen of Seminole County is expected to be at the Courthouse next Thursday night at eight thirty. The purpose of the meeting is to hold the election of permanent officers of the Fernald-Laughton Memorial Hospital Association, and no citizen who can possibly attend should be absent at that time.

This is a matter of vital importance to Seminole County, and should be of interest to every person residing within this county.

No county should be without a hospital, and through the generosity and love of Mrs. Geo. H. Fernald Seminole County has this much needed institution. It only remains for the citizens to show their appreciation of this gift and take their part in the management of this institution in order to make it the success it is bound to be.

COME AND BRING YOUR FRIENDS WITH YOU AND SHOW THAT YOU ARE A WORTHY CITIZEN OF SEMINOLE COUNTY.

T. W. Lawton, Chairman
Publicity Committee.

Florida's Great Home Daily

Readers of the Tampa Daily Times get more for their money than the readers of any other Florida daily. This great daily which is among the fastest growing newspapers of the South is fearless, aggressive and interesting. For nearly a generation it has consistently fought for the rights of the people. Its news service is unsurpassed. It receives both the DAY and NIGHT leased wire reports of the Associated Press in full, is a full member of the Newspaper Enterprise Association, has its own correspondents everywhere, and buys more expensive features for its readers than any other Florida daily. No home in South Florida is complete without the Times. Only \$6 a year, \$1.50 for three months. Sent free on two weeks' trial to those genuinely interested.—Adv. 65-3tp

Rest the Eyes.
Look up every once in a while from our work and lay it down for a minute or two now and then, and let your interest focus on more distant things. Thus you will give the eyes a little rest by focussing in another position.

Card of Thanks
I wish to extend my sincere thanks and appreciation to our friends for their many words of sympathy and acts of kindness during the recent illness and bereavement of my dear husband also for the beautiful funeral services.
Mrs. I. J. Secord.

Standing, sitting and walking correctly are the first essentials to good health and that elusive charm we call style

ALL women wish to be well; but all women do not appreciate the vital importance of correct corsetry as an essential to good health. The well-known medical authority, Alice S. Cutler, M.D., warns us: "As a physician who knows that if it were not for ill-fitting and the wrong kind of corsets we would have very few female invalids, I am naturally determined to do everything in my power to educate the American woman in the proper fitting of corsets. Most learned physicians now recognize the modern corset as a hygienically healthful garment and one that is often the best means of providing corrective support for many bodily ailments."

GOSSARD CORSETS

The Original—Unequaled Front Lacing Corsets

have attained their unquestioned superiority by assisting nature to perfect expression.

Every Gossard is hygienically correct. Properly fitted to the figure for which it was designed it will give scientific support to abdominal and back muscles, with no chance of undue pressure at the waistline; the organs of nutrition will be free from pressure; the erect posture which is induced will encourage deep breathing and the diaphragmatic muscles become strong with use. A woman so corseted will have the undeniable beauty of health and that grace of body, standing, sitting, or walking, which is best expressed in the one word, style.

We unreservedly recommend Gossard Corsets as the complete expression of modern corsetry. Our highly specialized corset service is maintained with a full appreciation of the exacting needs of the modern, active woman.

Gossards are priced at \$2.50 \$2.75 \$3.00 \$3.50 \$4.00 \$5.00 \$5.50 and more

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

WEST GENEVA AVENUE
The hot wave is still with us. The sun seems hot enough to burn things up, but the time is coming when we will be glad to get in the sun to get warm.

Mr. and Mrs. James Byrd and two daughters, Misses Margaret and Rubia from Geneva are spending the week's end with their aunt, Mrs. Will Robinson.

Mr. and Mrs. Barney Beck and children are spending a month at the beach enjoying the cool breezes and sand flies.

The good news comes every day of some of our home boys getting back from overseas and how happy it makes us feel to think they were the lucky ones to get home again. How happy it makes the dear old father and mother feel to see them coming back.

There is one thing we are all glad of and that is we don't have to take our cattle to the dip in this awful hot weather. I don't think man or beast could stand to go through with it, for it is too hot to do anything but stay in the shade through August.

Mr. Jack Thompson from DeLand is going to take charge of the D. O. Brown market on Sanford avenue. We learn there are several beef markets going to open soon. We hope them all good luck.

Mr. and Mrs. Nichols are spending the week end at their old home place at Soldier Creek.

Mrs. Jack Vaughn has a nice rice patch that will be ready to cut in about ten days and that is a big saving at home.

The good rain Tuesday did cool the hot wave some. We need it every day to keep us cool. This is the hottest wave I ever saw for many years.

It is getting time now to fix the ground for planting garden seed and we will all be glad to see the time come to plant vegetables to eat instead of dry peas and canned goods. It does make a big saving at home. A garden is half the battle in a family.

It seems like the aeroplanes have stopped passing by. Haven't seen any in some time. We love to see them going by if they don't call. It would be so nice if we could only have a good place for them to land in Sanford.

LONGWOOD PICK-UPS

Louis Entzinger returned home Sunday from overseas. We are all glad to see Louis home again but he says not half so glad as he is to be home.

Mr. and Mrs. McDaniels and Mrs. Sharpe of Oakland were the guests of Mrs. Hardaway on Tuesday.

Mr. and Mrs. C. W. Entzinger were shopping in Sanford on Monday.

Mrs. Will Satcher has been spending the week with her parents.

Miss Lillian Waits was shopping in Orlando Saturday.

Mrs. Wilkinson of Gainesville is visiting her parents, Mr. and Mrs. Bill Allen.

Miss Margaret Allen has returned from Gainesville where she was taking a business course.

Miss Lillian Waits leaves Sunday for Williston where she will visit friends for several weeks.

Mrs. J. S. Dinkel will go up to Jacksonville on Saturday where she will be the guest of her daughter, Mrs. H. R. Chapman for a week or two.

GENEVA

Mrs. Frank Pitts left for Tampa last Saturday to join her husband.

Miss Lois Grant went to Jacksonville last week to visit her sister, Miss Callie Grant.

Mr. and Mrs. Aubrey Moran spent last Tuesday in Sanford shopping.

Mrs. J. A. Worthy of Americus, Ga., is visiting her daughter, Mrs. V. T. Peters.

Mrs. Way and children of Americus, Ga., who have been visiting Mrs. Way's parents, Mr. and Mrs. L. P. Chambliss left last week for home.

Mrs. David Speer of Sanford is spending a few days with her sister, Mrs. C. W. Culpepper.

Mr. C. F. Olmstead of Ft. Pierce was the guest of Mr. and Mrs. Aubrey Moran last week.

EAST SANFORD

Mr. and Mrs. G. C. Chamberlain were over from Daytona Beach last

Friday. Mr. and Mrs. Burton Humes and little son accompanied them. The Humes are from Watertown, N. Y., and guests at the Chamberlain's summer home at the beach.

A. K. Powers has been in Tallahassee on a business trip. His little son, Kinchen accompanied him.

Mr. and Mrs. Joe Cameron, Henry and Eleanor were at Daytona Beach over Sunday.

Herbert Squire has been in Jacksonville to visit his brother, Byron and family.

Mr. and Mrs. Ed. Ward and children have been guests of Mrs. Wards sisters in Jacksonville recently.

A daughter was born to Mr. and Mrs. Lee Kinard August 9th.

Mr. and Mrs. Charles Jackson and a party of young people came over from Eustis for the party at A. B. Cameron's last Thursday evening given as a surprise for Mr. and Mrs. Graham Hunter. It was a very pleasant gathering with all of those invited in attendance except the honorees who failed to put in an appearance.

A card was received from Mrs. R. L. Grier from Charlotte, N. C. They expect to leave today (Tuesday) to drive back home. The family has had a fine time.

A card was received from C. B. Tyler from St. Joe, Michigan, then on a business trip.

C. M. Stowe of Cameron avenue is renovating and building several rooms to his house.

J. F. McClelland is building a tenant house. G. W. Spencer has built several tenant houses and John Russell has also built more tenant houses.

J. C. Ellsworth and the new farming company have both been using considerable dynamite in their clearing operations.

L. M. Lucas had the misfortune to break both bones in his left arm last Friday while on a scaffold helping Mr. Glidewell build his house on West First street. Dr. Robson set the arm and it is doing well.

A young son of Mrs. J. G. Hasty was thrown from a running horse last Friday afternoon and received a bad scalp wound and a general shaking up. Dr. Robson came to care for him.

We understood J. C. Hall's home on Celery avenue was struck by lightning one day last week but not much damage was done.

Harry Ward has bought ten acres of land of B. Steel. The land joins Mr. Ward's farm on Beardall avenue. The land joins Mr. Steel's home place on the north.

The building known as the tile mill has been torn down. It was one of the oldest buildings in East Sanford. There are only three older—the A. B. Cameron home, Joe Cameron's home and the W. W. Miller home. The mill was built about seventeen years ago for the manufacture of cement tile by G. F. Smith. Joe Cameron and the late J. N. Whitner were also interested in it. The property is now owned by J. G. Hasty.

Jacob Netting died very suddenly last Thursday evening at his home on Marquette avenue near Lake Golden. He had worked all day and retired about nine o'clock and was taken with a hemorrhage from his

but the score stood 8 to 2 in favor of Oviedo. On Thursday afternoon Oviedo and Longwood are to play at Oviedo and much interest is being manifested in this game.

Mr. Ray Greene of Rollins College was in Oviedo Tuesday in the interest of the college.

Miss Mary Leinhart spent Sunday in Orlando with her sister, Mrs. C. A. Brannon.

Mr. and Mrs. E. A. Farnell and E. A. Farnell, Jr., spent several days at Daytona Beach last week.

Mrs. B. G. Smith, Mrs. J. A. Clark and Miss Eunice Clarke visited Sanford last Friday.

Messrs. Enoch Partin, Theodore Aulin, Lee Wheeler and Tilden Jacobs visited Sanford Wednesday.

The many friends of Mr. T. L. Cushing will be glad to know that he is improving rapidly and will soon be able to return to his home in Oviedo.

D. C. Hall spent the day in Oviedo Sunday after having been there for several months in Georgia.

Edward Argo left Wednesday for a short business trip to Waldo.

Quite a number of Sanford people visited Oviedo Monday evening in the interest of the Fernald-Laughton Memorial Hospital Association.

On Wednesday evening the citizens were called together at the Methodist church and Mr. T. L. Lingo and Mrs. S. W. Swoppe were elected to represent Oviedo in Sanford Thursday evening at the Hospital Association meeting.

We'll Say This is Some Record

The Wight Tire Company continues to sell cars, their record for the past thirty days has never before been equaled in the city. Nine small Chevrolets, two large Chevrolets and three of the latest model Chandlers.

They have on exhibit one of the new "Chandler Sport" models done in a rainbow blue with black running gear. The body is the very latest creation in a sport model, the color scheme,

We forgot to mention that the sales record of this progressive firm also shows four used cars sold during this period.

which is harmony to the last word, speaks only words of praise for the work of the master coach builder.

These cars have been very scarce lately, due to the enormous demand for the "car with the marvelous motor" but its thought that from now on the supply will increase, which means that many more will be seen on the streets of Sanford.

DIAMOND TIRES always outrun their mileage guarantee, that's why more and more people are using them every day. If a Diamond tire cost you, right to the penny, what the highest priced tires cost, you'd get your moneys worth even then—but they are priced very moderately, the first cost of a Diamond is actually less than many of the so called cheap tires.

Wight Tire Company

There's a man at the curb to serve you.

look after their interests in this strike and that if they do not go back he will have nothing to do with it I really think that they should do just that little thing. The shop men of course can do just as they please about it, and do not need to take my advice only I am with Wilson on this little matter and every other little matter.

Well, if it goes from bad to worse and the trains stop running I can live on fish and sweet potatoes. And anyhow the boats are running to Jacksonville and little old Sanford is better off than some of her neighbors.

Seminole county needs a hospital and it is up to the real men and women of the county to get busy and see that a hospital is secured. We have the chance for one now and it should not be turned down.

The Pipe Organ Club

Met with Mrs. Schello Maines last Monday afternoon. Despite the excitement of the fire so near we had an interesting and enjoyable meeting. We are anxious that more of the members of the Baptist church join our club. We meet every Monday afternoon at four o'clock. Already we have a neat little sum stored away for our Pipe Organ.

After the fire Mrs. Maines gathered her guests and served most delightful punch and cakes. Those present were:

Mrs. Geo Hyman, Mrs. Philippa, Mrs. P. E. Pitts, Mrs. Ernest Decker, Mrs. Leslie Bryan, Mrs. Forrest Gatchel, Mrs. Stewart Telford, Mrs. McAllister, Miss Clara Millen, and Miss Minnie Stewart.

We meet with Miss Clara Millen next Monday afternoon at four o'clock.

Great Removal Sale.

A. Raffeld must move from his present location in the Peoples Bank Building and offers his entire stock of Ladies and Gents Furnishings at greatly reduced prices. Ladies dresses and waists, camisoles, etc. and Men's silk shirts, suits and shoes are all marked down at prices that will make them move. See the advertisement in this issue. This store is in the old postoffice building.

Seminole Dining Room Opens

The Seminole dining room or grill opened last Sunday morning at the breakfast hour and from that time until the close at night this fine hotel did a thriving business. Under the skillful hands of Mr.

You can see the horrors of war when one of our fine young men like Joe Chittenden comes home crippled for life and it makes me pause to think there is something rotten about sending our boys over there to fight at thirty dollars a month while others were left over here to draw down extortionate wages while resting securely in the work shops and ship yards. If there is ever another war—but then we will not have another one soon for the profiteers have made enough money to last them for fifty years.

I see that clubs are being formed in many of the cities of the ladies who will go without stockings before they will pay the high price for silk stockings. This is a good idea and one that will no doubt be followed in this town. In fact I have already seen some of the ladies going around their regular household duties and working in the yards without any stockings and there is really nothing indecent in this new departure, don't you know? And if they all decide to go without stockings this summer it will not only be cooler but will save the head of the family considerable cash, believe me.

Dear Saunterer:
Can you tell me what position Orlando now occupies in the state league? FAN.

Dear Fanny:
I do not know. You will have to ask Bartow.

I have enough confidence in President Wilson to believe that he will do just what he says he will do and when he states that if the shopmen will go back to work he will

Kay Krauth the manager and Mr. and Mrs. Campbell the attractive dining room had been made beautiful with vases of roses on every table. Electric fans made the room most cool and comfortable and the neatness was the watchword and everything was spick and span. The tables were supplied with everything that the market affords and in order to have nice fresh tomatoes Mr. Krauth had sent as far as Baltimore to get them.

The opening day was a great success and those who dined at the Seminole feel that Sanford has one of the finest and most up to date places in the state.

Daily Fashion Hint

FOR LEADERS OF THE INTER-MEDIATE SET.

A pretty frock adds to the joy of living, no matter if the wearer is tiny, hence the cheery look on the countenance of the lady to the left who wears a tan chambray frock. The collar is trimmed with embroidery, while buttons and pockets emphasize the panel front of the dress. The sides are plaited to a fitted bodice. All of this out of three and three-quarter yards of 36-inch material, for a six-year old.

One aspires to serge and alpaca around the ages of twelve or fourteen and the proper way to make it is with a square yoke to which the high waisted skirt is plaited. Belt and collar are of contrasting silk. Medium size requires 2 yards 54-inch material.

First Model: Pictorial Review Dress No. 7948. Sizes, 6 to 14 years. Price, 20 cents.

Second Model: No. 7950. Sizes, 6 to 14 years. Price, 20 cents.

Flies Cut Down Milk Yield

There's no doubt about it. Flies not only worry the cows and the milker, but they keep you from getting all the milk you should.

And there's no doubt about this either. The one way to get rid of flies at milking time—and the sure way to get more milk is to use

Pratts Fly Chaser

Spray it on just before milking. PRATTS does not taint the milk. PRATTS does not burn or blister the hide. PRATTS does not take off or gum up the hair.

Give your cows a chance to give more milk. Give your work animals a chance to get their rest. Give PRATTS a trial.

Sanford, Florida

equipment to where they should be, materially and financially.

If the present owners of the railroad are running them as they say at a loss with no future prospect of remuneration, they should only be too glad to get their money returned to them and to hand the business over to others more capable. Where in this can be found any reason for the use of the word "confiscation?"

From A. C. Peel, Chrm.
G. C. McDougal,
A. Draper,
W. P. Fields.

Americans and Yankees.

Although Canada is part of the continent of America, the name American is usually limited to citizens of the United States. A real Yankee is supposed to have been born and raised in one of the New England states, but outside of this country the name is applied indiscriminately to people of the United States.

Daily Fashion Hint

NEW AND DISTINCTIVE STYLES.

Dark blue velours do laine is well adapted to the development of the first frock picked. The lines are straight and simple, though the addition of long wool fringe to the belt and back panel, and a fur collar to the square-cut neck are extremely dressy features. The cuffs are of fur to correspond with the collar. Medium size requires 3 1/4 yards 54-inch material.

For the woman who likes picturesque effects for house affairs, the dress to the right is especially suited. With a skirt of black and white satin striped taffeta is worn a tunic-bloss of white satin, trimmed with revers and cuffs to correspond with the skirt. The square-cut-vest is finished with a hemstitched hem. Medium size requires 3 yards 36-inch check and 3 yards 46-inch plain material.

First Model: Pictorial Review Costume No. 7968. Sizes, 34 to 44 inches bust. Price, 25 cents.
Second Model: Costume No. 7990. Sizes, 34 to 48 inches bust. Price, 25 cents.

THE PEOPLES FORUM

Co-Operation

An editorial in answer to Editor Holly's editorial entitled The Question of Labor appearing in the Sanford Herald of Aug. 1st, 1919. Editor Holly says the co-operative plan is the only solution for the chaotic condition now prevailing. (Thank you, Father Time, I've been trying to convert Bob Holly for 15 years to the co-operative plan). Now, let's analyze co-operation or rather define co-operation, and I think in

my crude and uneducated way being an uneducated working man—a striker, if you please, at the time being).

Definition of Co-operation, as applied to all the people.

Let those things collectively used be collectively owned and administered by the government in the interest of all the people—all our present economic ills are caused by the private ownership in the means of life, viz, private ownership of trans-

portation communication and the mills, mines and factories and the natural resources of Mother Earth. If Mother Earth has denied 99 per cent of her children these blessings Father Time is now about to restore them. Friend Holly, we are in the transition period, passing from competition to co-operation. You chaotic business men sit tight, we the organized working class have an articulate body, one that can act and that surely if nothing else be accomplished in this present great railway strike will force, has already forced congress to swat the unholy profiteer. More Anon.

Yours, "C."

Shop Crafts Reply

As the Publicity Committee of the Federated Shop Crafts now on strike at Sanford we have been requested to reply to the unreasonable and unwarranted attack made on the Railroad Shop Crafts by the Orlando Board of Trade.

One resolution "denounced the labor demands," the other denounced "the proposal to take over the railroads and the attempted confiscation of private property."

As to the first: The Railroad Shop Crafts were appealed to from all sides to remain at their work to do their very best to keep the railroads working. Posters were issued by the government and posted in all the shops urging all the men to do their utmost, as the winning of the war depended upon the moving of freight and troops. Any differences of wages and working conditions would be equitably settled later. While other workers were striking and receiving seventy-two, then eighty and ultimately a dollar and over per hour the railroad shop crafts were in receipt of from forty-five to sixty-eight cents. Responding to these appeals to their patriotism they worked long hours night and day and even Sundays. Many overtaxed their strength, no engine too hot but they would try to keep the work up so the wheels would turn. The public has no idea what it means to do as the railroad shop crafts did during this time.

And now, the war being over, the Orlando Board of Trade wants to fulfill the pledge given us and reward us by "exhausting the financial and military resources of the country" to defeat us.

In the Wide World Magazine, 1909, appeared the following: "A home and twenty-five hundred dollars a year for you. Five acre farms one hundred dollars, a city lot free. Come to Taft, Florida," etc., etc.

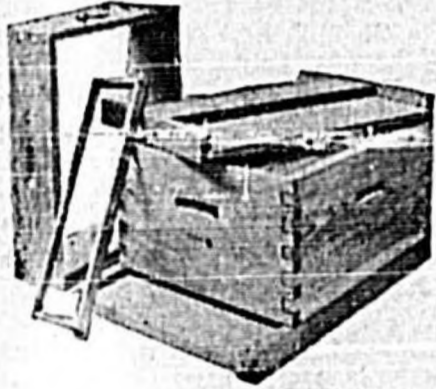

On the strength of this and other ads several old soldier veterans bought these farms. For ten acres and two city lots two hundred dollars in cash were paid. In July 25, 1919, ten years afterwards these same ten acres could not be reached without wading through eighteen inches of water.

One of the principals and beneficiaries of this transaction is at present a member and presumably a respected and representative member of the Orlando Board of Trade. Further comment is superfluous.

As to the second: The workers of the railroads do not want to own them; they do not want to confiscate them. But they know from verifiable statements made by financiers and those in position to know how the railroad finances have been watered and manipulated. They know something of the "nepotism" that prevails from the General Superintendent to the commonest laborer; they know that to "hob-nob" with the boss is a better recommendation for promotion than genius or character; in short, they know that under present management the railroads are a gigantic failure; they not only know this but can point to the exact causes of the failure.

Being in possession of this knowledge they believe they can, if given a voice and some little authority in the management, prescribe the remedy and bring their railroads and their

'East Coast Special'

Bee Hives

We are now manufacturing Bee Hive Material from Selected Cypress boards. "The Wood Eternal," which East Coast beekeepers seem to be particularly well pleased with.

PRICES ON STANDARD HIVE PARTS

Prices f. o. b. Eau Gallie. Freight must be added

Simon's Worldbeater Pepper

Has Made Good in Florida and Texas for the Past Four Years.

A prominent grower of Sanford, Florida, whose name we can furnish on application, purchased 20 pounds of our Worldbeater Pepper in December 1918. He reports that many of the plants bore as high as 9 marketable peppers the first picking. The average was 4 peppers per plant for the entire acreage the first picking, or a total of 400 crates per acre, which were marketed at \$4.00 per crate. We cannot recommend too highly our Worldbeater Pepper to all southern growers who desire to grow a money-making crop.

PRICE:

Oz. 45c; 1-4 lb \$1.60; Lb. \$6.00 Postpaid.

John D. Rockefeller in a letter to
one of his magazines says that what
the world needs is co-operation.

The Prince of Wales has arrived
in Canada and will tour Canada and
the United States.

Bob Holly has finally won his
fight in Sanford for a real hotel.

Andrew Carnegie is dead at a ripe
old age well spent in piling up mil-
lions and then trying to give them
away in all kinds of philanthropic
ideas that would bear his name and
emblazon the fact to the world that
Carnegie was a saint.

Among the changes in the Florida
press is the retirement of Editor
Russell of the Palatka News who has
disposed of his interests to Goode
Guerry.

LAKE OF ORLANDO

A congressman's job is a soft one
—big salary, ten months' work in
two years, and lots of perquisites—
so no wonder the holders of these
soft snaps have opposition.

LAKE FOR CONGRESS

Hon. Forrest Lake of this city will
be a candidate for Congress from
this the Fourth Congressional Dis-
trict.

Birthday Pool Party
In honor of her daughter's 13th
birthday, Mrs. W. W. Van Ness en-
tertained with an enjoyable "pool
party" Friday afternoon, Aug. 8th,

Lake all over the Fourth District
will rally to his support and he has
their assurance that he will be made
the next congressman from the
Fourth.

THE IMPENDING STORM

Profiteering may yet be the un-
doing of this country. No nation
ever is greater than the government
it maintains, and if the government
does not conserve the interests of the
people the people in time lose con-
fidence in that form of government.

The greatest crime in the history
of our country is that of profiteer-
ing, wholesale and deliberate rob-
bery of a helpless public.

Prices have been artificially forced
to such a high altitude that it is be-
coming more and more difficult for
a poor person to even sustain life.

The law of supply and demand no
longer prevails. It has been substi-
tuted by one of gouge and grab.

Already many people, men and
women of sound and patriotic prin-
ciples are predicting revolution as
the only means of checking this
wholesale and lawless thievery.

Lur government should take warn-
ing while there is yet time. Protec-
tion of profiteering should cease at
once, and prosecution should be
swift and relentless.

We cannot afford to have our
great country wrecked upon the
rock of greed and avarice. And yet
today, because of the supine in-
activity of our public officials, we
are heading straight toward destruc-
tion.

Public endurance is at the break-
ing point. Revolution is hovering
dangerously near.

The government should heed the
impending storm before it is too late
to prepare to meet it.—Okeechobee
News.

PLENTY OF POTASH AND NITRE

Good news for American farmers
comes from Pennsylvania. A moun-
tain in Tioga county has been found
by State Geologist Demming to be
composed of rock analyzing from 40
to 44.3 per cent potash.

Colonel Demming, the geologist,
expresses the view that the potash is
present in the first mentioned moun-
tain in "colossal quantities." The
lowest estimate of amount present
is 12,000,000 tons.

The saltpeter (niter) deposits lie in
seams an inch or two thick between
the layers of the potash-bearing rock.

Specimens of the rock of this
mountain have been analyzed at sev-
eral state agricultural colleges and
two universities, all of which have
made favorable reports as to the
high percentage of these two valu-
able minerals, according to the Phil-
adelphia North American.

With this discovery, if it is all that
it is thought to be, America has
abundant supplies of the three prin-
cipal minerals employed in agricul-
ture: Potash, niter and phosphate.

Now it may be that there will be an
abundance and America may be in-
dependent of Germany and of Al-
sace also in that regard. Commer-
cial fertilizers have been used spar-
ingly or eschewed altogether by many
American farmers in the last year or
two on account of high prices.

Birthday Pool Party

In honor of her daughter's 13th
birthday, Mrs. W. W. Van Ness en-
tertained with an enjoyable "pool
party" Friday afternoon, Aug. 8th,

Are We Quitting?

The Tampa Tribune has the fol-
lowing about the meeting in Tampa
Wednesday

Following a lively session of the di-
rectors of the Florida State League
at the Tampa Yacht and Country
Club last night it was learned that
Sanford may drop out of the league,
owing to objection of President G.
W. Spencer of the Sanford club to
the fine of \$100 imposed by Presi-
dent W. W. Rose of the league after
the action of the Sanford manage-
ment in refusing to accept an um-
pire assigned to Sanford.

At last night's meeting President
W. W. Rose reported on protests and
decisions, these protests, including
Tampa's protest of the game at San-
ford on August 8, being upheld by
the directors.

President Rose stated that he had
fined Sanford \$100 for refusing to
accept an umpire assigned to a game.
There was prolonged discussion of
the case, President Spencer stating
that Sanford would not pay the fine.

President Spencer declared he
would pay a "reasonable" fine, but
under the constitution a \$100 fine
is prescribed for any club refusing
an umpire assigned.

Later in the evening Mr. Spencer
declared that he considered Sanford
out of it and left the meeting.

The second half of the season
opens Tuesday, Aug. 19. A tenta-
tive schedule will be discussed and
ratified at a meeting at the Hillsboro
hotel at 9 o'clock this morning of a

committee consisting of V. A. Gerard
of Orlando, Walter Merrill of Lake-
land and Gilbert Freeman, secretary
of the league. The schedule will be
announced in the morning papers on
Friday, Aug. 15.

President Rose read the financial
report, showing that the league has a
balance of \$300 on hand.

On Monday Sanford and Orlando
will play off a postponed double
header at Orlando, and Bradentown
and Bartow a postponed game at
Bradentown. Other postponed games
will be played off as double headers
in the second half of the season, at
the first opportunity.

COUNTY SCHOOL TEACHERS

Seminole County Rural Schools Will
Open Monday, Sept. 1st—San-
ford Schools Open Monday
September 29th

The following white schools will
begin the fall session on Monday,
September 1st, with principals and
teachers as here listed.

Oviedo—Mrs. Anita K. Crawford,
Principal; Miss Mae Conoley, Inter-
mediate; Miss Nell King, Primary.

Geneva—Prof. M. E. Dooley,
Principal; Miss Katherine Flynt, In-
termediate; Miss Elizabeth Stones,
Primary.

Lake Monroe—Prof. J. Tilden Ja-
cobs, Principal; Miss Lottie Mathers,
Intermediate; Mrs. J. T. Jacobs, Pri-
mary.

Longwood—Prof. J. M. Chaffer,
Principal; Miss Lillian Waits, As-
sistant.

Chuluota—Mrs. Estelle Tribble,
Principal; Miss Mary Tribble, As-
sistant.

Altamonte—Miss Kate Mathers,
Principal; Miss Rena Mathers, As-
sistant.

Lists of teachers for the Sanford
city schools and for the colored
schools of Sanford and the county
will be published in a later issue of
the Herald.

T. W. Lawton, Supt.

Raising Fine Rice

Many specimens of fine upland
rice are being brought to the city
and before many years there will be
enough rice raised in this section to
warrant some one putting up a mill
where it can be threshed or a thresh-
ing machine will make the rounds of
the farms. Edward Vincent brought
a fine stalk of rice to the Herald
office this week that he found grow-
ing in Goldsboro on a small space

belonging to a negro named Jem-
kina. The rice was about five feet
tall and had a well filled head of
grains and is a fair sample of the
kind of rice that can be grown here.

Beacham Takes Hold

Hon. Braxton Beacham of Or-
lando, formerly Federal food ad-
ministrator for Florida has acceded
to the request of Attorney-General
Palmer to take charge of the cam-
paign in this state looking toward
the publication of price lists which
will keep the public informed of
"fair" prices of food and clothing.

Mr. Beacham stated that but for
the importance of the work he
would be loath at this time to en-
gage in such an arduous campaign,
but that owing to his service in the
field during the war and his fami-
liarity with the work he felt that it
was a duty he could not conscien-
tiously shirk. He said that as soon
as responses are received from the
former county food administrators
he will ask them to organize the
necessary committees to conduct
the investigations, and that a cen-
tral committee will be organized to
co-ordinate the work and to secure
co-operation of the press.—Tampa
Tribune.

Red Cross Home Service Notes

One of the most egregious impres-
sions that has got about concerning
the work of the Red Cross Home
Service is that it is restricted to the
disabled soldier of the United States.

In the Southern Division, for ex-
ample, there are six nurses, their
health impaired by tuberculosis con-
tracted or developed during their ser-

vice. All are now receiving the reg-
ular compensation, in addition to
hospital treatment.

Any chapter of the Red Cross will
tell you about it; and where and
how to get medical treatment, if you
need it, and the proper money com-
pensation, and the vocational edu-
cation, if you want it.

There is such a thing as a man
being "kicked up stairs"—achieving
an education and a better job than
he ever could have had otherwise by
the simple process of getting into
the great war for Uncle Sam, and
being wounded or disabled by illness
and receiving special education by
the government.

It is a sad fact that the percentage
of illiteracy among soldiers enlisted
from the southern states was the
highest of any section of the coun-
try. But it is also a fact that, aided
by the Home Service Department of
the Red Cross, great numbers of
these boys disabled in the military
service now are being educated free
by the government, and are being
fitted for useful work of a higher
character than they ever would have
attained, left to their own devices.

At the Georgia School of Tech-
nology in Atlanta there are upwards
of 200 of Uncle Sam's students—
there will be fully that many more
by Sept. 1st. They are taking spec-
ialized courses. All over the Divi-
sion boys are getting elementary ed-
ucation—learning to read and write,
many of them.

Any Red Cross office can supply
the information needed, to apply for
voc education for disabled men dis-
charged from the service. And a
dozen Red Cross field representa-
tives are travelling over the Division
all the time—when you are in your
town you have only to see him and
get all the information at first hand,
and not from a pamphlet.

Pool Party Monday Afternoon

Miss Lucille Anderson entertained
with a delightful pool party on Mon-
day afternoon in honor of her young
cousin, Miss Maud Ballyntine of
Gainesville, Fla. The group of girls
and boys who were guests of the oc-
casion greatly enjoyed the readings
of Miss Ballyntine who is a talented
young reader. A picnic lunch was
served under the oaks.

Mrs. David Speer spent several
days this week the guest of relatives
in Geneva.

IN UNION THERE IS STRENGTH
THE principle applies quite
as much to banking as to
soldiers or states or governments.
It is most fortunate that the Fed-
eral Reserve Banking System has
been in operation during the war.
The advantages of this organiza-
tion accrue to the customers of the
member banks who at the same
time contribute to the strength
of the nation's banking system
and enjoy the benefit of its pro-
tection.
FIRST NATIONAL BANK
MEMBER FEDERAL RESERVE SYSTEM

Little Happenings Mention of Brief Personal Items of Interest

In and About The City

Summary of the Floating Small Talks Succinctly Arranged for Herald Readers

Al Lilja is spending a vacation in Pennsylvania and New Jersey.

Mrs. Marshall of Oviedo is the guest of her son, Dr. C. J. Marshall.

Pint Mason fruit jars at L. P. McCuller's. 56-1f

Carl Hand has accepted a position in St. Augustine, Fla., for the summer.

J. W. Furen of Ft. Myers spent the week end with his mother, Mrs. J. W. Furen.

Prices reduced on all goods at Mrs. Grace Williams' millinery store. 59-1f

W. M. Haynes, R. J. Holly and J. B. Lawson were in Eustis on business on Wednesday.

Mrs. Beach of Tampa has been the guest of her sister, Mrs. J. L. Miller for several days.

Complete stock Diamond tires. Wight Tire Co. 55-1f

Mrs. John Rice of Miami is visiting her mother, Mrs. T. E. Wainwright on the west side.

Mrs. J. W. Dickens has returned from a business trip to Miami where they expect to move about Oct. 1st.

Shore Dinner, Brann's Pavilion, Coronado Beach. Every Sunday 2 to 4 p. m. 66-5tc

Mr. and Mrs. T. O. Charles have moved into the Stephen house at the corner of Park and Third streets.

Miss Elizabeth Ballard of Geneva, who has been visiting her aunt, Mrs. C. W. Laing returned to her home Wednesday.

A six course fish and chicken dinner 75c. Fish supper 50c, at the Ayres Daytona Beach Hotel. 59-1f

Mrs. H. B. Connelly and daughter have returned from points in North Carolina and will make Sanford their home again.

Mrs. R. A. Newman and Mrs. S. Puleston with their charming little daughters, Olive Newman, Mary Elizabeth and Camilla Puleston returned from the mountains of North Carolina on Tuesday.

J. B. Williams of the J. B. Williams Co., of Jacksonville distributors of the F. W. D. Motor Trucks was in the city several days this week. Elmer Groves of this city will handle these trucks here.

Dr. D. C. Ward, Osteopath is in Sanford on Monday, Wednesday and Friday of each week. 58-1f

The Herald is requested to announce that contrary to certain reports the bridge at Coronado Beach is not an and has not been closed. However it is expected that a new one will be built in the near future.

Kent Rossetter has returned from a visit to Commerce, Ga., the old home of Mrs. Rossetter. Kent returned to get ready for his fall crops but Mrs. Rossetter and the children will remain for several weeks longer.

Lightning struck pretty close to several homes in this city on Monday and the static electricity affected the telegraph and telephone wires. Word was received here that the Aurora Borealis storms north of Savannah had stopped the wire ser-

vice and no messages could be sent north of there on Monday. The service has been resumed and is all right now.

Mr. and Mrs. G. F. Smith left Tuesday for Colorado and other points in the west expecting to be gone about one month. Mr. Smith is interested in gold mining stock and goes to look over the prospects.

For the floor coverings, art rugs, congoileum rugs and matting see Boston Bargain House, 213-215 Sanford Avenue, A. Kanner, Mgr. 65-2tc.

Louis Entzinger, son of Mr. and Mrs. C. W. Entzinger of Longwood has returned from France where he was stationed for the past year. His many Seminole county friends are glad to have him back again.

Mrs. W. M. Currie and daughter, Alice from Quincy are spending a little while with the Ball family at Daytona Beach. Mrs. Currie will leave for New York, but Miss Alice will spend some time with Mr. Ball and family.

Mrs. E. G. Tyner arrived in the city Saturday night from Williston and other points in Levy county where she visited relatives and friends for the past month. Mrs. Tyner will be the guest of her daughter, Mrs. R. J. Holly.

Mr. and Mrs. N. H. Garner have returned from a trip to Atlanta and other points in Georgia where they have been for the past month. The latter part of their vacation has been spent in Toccoa, Georgia where they visited relatives and old friends.

FRESH STOCK - Onion sets just arrived. If you want early green onions come around and see them. Our fresh Bermuda onion seeds will arrive about Sept. 1st. Come in and leave your order. The I. Allen Seed Co., Sanford, Fla. 66-2tp

Mr. and Mrs. A. R. Key have returned from the mountains of North Carolina and are now occupying their new home on Park avenue. Mr. Key is back at his accustomed place as cashier of the Seminole where his many friends are giving him a welcome home.

Mr. and Mrs. J. B. Lawson and little daughter returned home Saturday from Atlanta where they were taking a vacation when apprised of the Seminole Garage fire. Mr. Lawson and family made the trip in their car and encountered some very rough roads and plenty of water.

Harry B. Lewis has returned from a month's visit to points in Ohio and at Michigan City, Indiana where he enjoyed the seas on the shores of Lake Michigan. Mrs. Lewis will remain at Michigan City until the last of September but Mr. Lewis was forced to return in order to take up his real estate business.

Cooking utensils, hardware, notions, stoves, plenty of them at the Boston Bargain House, 213-215 Sanford Ave., A. Kanner, mgr. 65-2tc.

J. C. Roberts has gone back to his first love and is again in the office of Clerk Douglass in the court house. Mr. Roberts has been in abstract and other work in court houses of Florida for the past twenty years and he is like a fish out of water when he gets out from the shadow of the Temple of Justice.

Henry McLaulin counts himself fortunate indeed to get his large shipment of store fixtures and furniture to add to his jewelry store before the embargo went into effect on the railroads. This stuff has been on the road for many weeks and arrived Monday and is now being placed in the store.

Miss Sorita Lake is recovering from an operation for appendicitis performed last Saturday by Drs. Tolar, Puleston and Stevens and will soon be able to be removed from the hospital to her home. Her many friends are glad to hear that the operation has been successful and the patient is doing so well.

Miss Gladys Field has returned to Tampa after spending a few days here the guest of her uncle and aunt, Mr. and Mrs. S. J. Carnes. Miss Gladys joined Mr. and Mrs. Christian at Ocala and all of them came to Sanford together. Mr. and Mrs. Christian will be here several weeks longer, guests of the Carnes.

Mr. and Mrs. Archie Betts have returned from Jacksonville where they accompanied Mr. and Mrs. Britt on the Clyde Line enroute to New York. Mr. and Mrs. Betts will go to Daytona Beach for a few weeks as Mr. Betts is taking his annual vacation from his arduous duties at the First National Bank.

Kanner's sale still going on, 113 First street. Only a few more days to get your share of the great bargains being offered. Come in today. We will close in a few days as we must vacate our store room not later than August 31st. 66-1tc

Mr. and Mrs. Hewett Hill and daughter, Miss Helen and son, Herbert of Tampa and Mrs. Hill's father, Capt. Smith of Eustis were in the city Wednesday enroute from the beach to Eustis. Mr. Hill is the

superintendent of the job printing department of the Tampa Tribune and is one of the most prominent of the Florida publishers.

The many friends of T. S. Huff are delighted to see him in Sanford again after an absence of a year during which time he was serving Uncle Sam as Captain in the artillery branch of the service. Mr. Huff is looking after his property interests and about the first of October will bring Mrs. Huff and his little daughter down and they will again make Sanford their home.

Mr. and Mrs. H. E. Tolar and two children spent the closing days of last week here enjoying a vacation by fishing, bathing and luxuriating in the sea breezes and the cool, delightful nights. Mr. Tolar was once a banker - stockholder and cashier, but the business so affected his health that he quit it and he is now identified with the Crown Paper Co. which is printing millions of orange wraps for the Florida Fruit Exchange. He is such an accomplished, genial gentleman that we move that he and his family be transferred to Punta Gorda to remain here permanently. During their stay they were guests of Mrs. Tolar's sister, Mrs. B. E. Neese, wife of the popular section foreman of the Coast Line. - Punta Gorda Herald.

Bankston Bros.
Roberta, Ga., Jan. - Old Kentucky Mfg. Co., Paducah, Ky.
Gentlemen: - A Mr. Will Wachter of this country has some hogs that were down with cholera and had given up all hope of saving them and would not spend one penny on them. I gave him one 15 pound ball of Thomas' Hog Powder and he has just come in and paid me for it and advises that every one of his sick hogs got well and that he killed them and now has them in his smoke house and that all were as fine as any he had killed this year.

I want to add that he said his hogs were down and so sick that he had to pry their eyes out and his wife poured the powder down their throats.

Please find check in full of my account and with kindest regards we beg to remain,

Yours very truly,
Bankston Bros.
For sale by Merchants Grocery Co. 64-5tc.

Attention
All Royal Neighbors are invited to be present at our next meeting to be held Thursday afternoon, Aug. 28th at 3:30 sharp. A good time is promised to all. "Plenty of refreshments."
Recorder.

To All Concerned
After this date I will not be responsible for any bills made on my account by anyone other than myself.
66-1tp R. E. Pollard.

Hood is Building
J. D. Hood, one of the most progressive farmers of the Sanford section has just finished a mammoth barn on his 25 acre farm at Rand's Siding. Mr. Hood recently built a fire proof galvanized iron loading station at Rand's on the east side of the track and his improvements on the west side will give him one of the most up to date places on the west side.

Transportation of Pupils
Bids for transporting pupils to the Sanford schools will be received Tuesday, Aug. 19th. Submit all bids to Mr. B. F. Whitner, secretary Board of School Trustees, Sanford, Florida. For information as to routes and specifications of conveyances address T. W. Lawton, Supt., Sanford, Florida. 66-1tc

To Teach in Sanford
Announcement has recently been made by County Superintendent T. W. Lawton, that Miss Sara E. Muriel, A. B., (Rollins, '18) has accepted a position in the High School of Sanford and will act as head of the English department. This will come as good news to the many friends of Miss Muriel, who knew her during her college course at Rollins.

For the past year Miss Muriel taught Spanish and Mathematics in the Mulberry High School where she made a splendid success of her work. This promotion to the larger position is a deserved recognition of her ability and training. - Winter Park Post.

What He DID and What He SAID

BY

Chaplain Geo. Hyman
(Pastor Baptist Temple)

At the BAPTIST TEMPLE

Sunday, Aug. 17th, 8:30 P.M.

Dr. Hyman was in the same battles with the Great War Hero and knew him personally. All Soldiers and Sailors are invited to the temple to hear this wonderful story of heroism and what the hero said about it. : : : : : : : : : :

A Solo Will be Sung by Mrs. J. E. Tewilliger

Mrs. A. M. Phillips, Chorus Director Mrs. Schelle Maines, Pianist

SANFORD WILL PLAY BALL

Little Matter of Hundred Dollars Will Not Stop Games

The Sanford Ball Association met this morning to discuss the question raised by President Spencer in Tampa Wednesday regarding payment of fine of \$100 for interfering with umpire. The association decided to pay the fine under protest and continue playing in the Florida League. Nothing can stop the Sanford split and we will cop off the first series pennant and go after the second one. Come out tomorrow and watch us put it all over Orlando.

Florida's Favorite Paper

The Tampa Morning Tribune is everlastingly fighting for the interests of the people and the development of this section, and no one who has the welfare of south Florida at heart can afford not to be a constant reader of the Tribune. It is Florida's great metropolitan paper, carrying the full night and day report of the Associated Press with intelligent correspondents in every nook and corner in its territory. Its big Sunday edition has the most complete comic and magazine section printed in this state, and the subscription rates are only \$8.00 per annum; \$4.00 per six months and \$2.00 for three months. Write for sample copy and subscribe today. 66-5tp

Crafts are Grateful
Sanford, Fla., Aug. 11, 1919.
Federated Trades Hall, Sanford, Fla.
Daily Strike Bulletin.

Never saw such unity of purpose in all strikers in all crafts standing pat for original demands with no compromise, and not to return to work until our original demands are granted. One of our merchants has

placed a Pathe Victrola in the hall for the entertainment of the strikers, the Charles Electric Co. has also placed a large electric fan in hall, also furnishes a 10 gallon carboy of Elder Springs Water each morning. We wish to thank the business men of the city for the courtesy shown us while in our struggle to better our conditions.

Signed: A. C. Peel, Chrm.,
A. L. Campbell,
Ben Smith,
L. B. Hodgins,
S. F. Weeks,
W. C. Meador,
Strike Committee.

Visits County Precincts

Several members of the Hospital Publicity Committee, chairman, T. W. Lawton, visited Longwood, Oviedo and Geneva this week to present the claims of the Fernald-Laughton Memorial Hospital and to urge a larger representation at the mass meeting which was held last night.

While the attendance at these meetings was small the list of numbers was offset by the enthusiasm of those present.

Presenting the claims of the hospital were E. A. Douglass, T. W. Lawton, Drs. C. J. Marshall and J. T. Denton, Dr. Geo. Hyman, Mrs. David Speer and Mrs. Terheun. This committee was accompanied by a large contingent of Sanford people.

Too Late to Classify

Lost between Daytona and Sanford via DeLand, Aug. 14th, 1 brown leather suit case with initials L. H. G. on one end. Contents ladies' and babies' clothing. Finder notify L. H. Gibbs, 519 Magnolia avenue, Sanford and receive reward. 66-2tc

FOR SALE—"KIDDIE KOOP", little less than new. In good condition, will sell cheap. Can be seen

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is enclosed in about 2 drops each. Take them as you would a pill with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your drugist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

Prices are generally high— Why not on Citrus Fruits, too?

This is an era of high prices. Literally, money is cheap and everything which goes into our living is dear.

If a pair of shoes costs a great deal more, is it reasonable to believe the consuming public will expect to buy oranges for less than heretofore?

If a woman's kitchen apron costs as much as a dress used to cost, is it reasonable to believe a northern housewife is going to expect to buy her supply of Florida grapefruit at a lower price than she has been paying?

It does not seem reasonable to believe that portion of the public which consumes Florida oranges and grapefruit is going to expect cheap fruit. On the contrary, it does seem reasonable to the public will expect to compensate growers to some extent for the increased cost of production and transportation.

We who market our own fruit through our own efficient marketing organization, while opposed to profiteering and believing an ultimate readjustment of prices will be necessary, do not see the possibility of any radical reduction of prices on citrus fruits during the coming season. And, in view of the greatly increased cost of production, this is a fortunate thing for the growers. Join the Exchange and get the full value of your fruit.

The Fast Breaker.
Just for the sake of giving us something to start an argument, will somebody please suggest that as it makes a baby cross to cut teeth it must make him cross-eyed to cut eye teeth.

Goldsmith's Masterpiece.
Goethe, at the time of publication, said that "The Vicar of Wakefield" was one of the best novels ever written, and called it a "prose-lyll." It is certainly the musical prose of a true poet.—Julian Hill.

Meredith's Vanity.
"George Meredith, as his friends used to tell with amusement," writes Robert Lynd in the London Nation, "was a vain man. Someone has related how, in his later years, he regarded it as a matter of extreme importance that his visitors should sit in a position from which they would see his face in profile."

Books That Profit.
There are hundreds of books, each one of which, if read, really assimilated by the person to whom it happens to appeal, will enable that person quite unconsciously to furnish himself with ammunition which he will find of use in the battle of life.—Roosevelt.

Long Sentences.
In "Les Miserables" Victor Hugo has one sentence of a hundred lines, and earlier in the book, in one of the chapters descriptive of Waterloo, there are over 50 lines without a full stop. England's record is held by the foreign enlistment act, one section of which reaches its six hundredth word.

Daily Fashion Hint

A MODISH CAPE.
Nothing is more fashionable than the cape just now. As a change from the blue model one might have this design in bisque tricotino trimmed with buttons of self-material. The collar and revers are full of line, yet graceful. The fulness at the waist is held in with a suede belt. Medium size requires 2 1/2 yards 54-inch material.
Victorial Review Cape No. 7371. Sizes 34 to 44 inches bust. Price, 25 cents.

Discrimination In Buying

Every thoughtful housewife has long since learned the advisability of purchasing only standard goods of established merit.

She knows, for instance, that all advertised food products of national distribution must of necessity conform to pure food laws, not only those of her own State, but also must be in conformity with the Federal Food Laws.

In short, the label required by pure food laws has prevented fraudulent substitution and the use of unwholesome material, due to the fact that the intelligent American housewife reads the label.

Unfortunately, however, there are some food products now on the market in various sections of the country to which our protective labeling laws have not sufficiently applied, and in such cases the housewife is naturally left in the dark. Take for instance, so-called Self-Rising Flours; there are no laws requiring the label on these flours to name the ingredients. These are still bought blindly without knowledge of the ingredients, for the reason that these mixtures seem never to have been subjected to the same label requirements as other mixed food products. One is unable to determine from the label of any sack or package of Self Rising Flour what the quality of the flour is or what other ingredients are mixed in with it.

However, the housewife can easily become thoroughly informed about most products and, by a process of careful selection of such products, safeguard health and make pure food legislation effective.

Maudie Marie Costello

NOTE—Miss Costello is already well known to most of the ladies of our city. She is of the Domestic Science Branch of the University of Chicago, a graduate of Lewis Institute, Supervisor of Domestic Science in Public Schools, Special Lecturer on Domestic Arts and Economy, Special Lecturer to the Women's Clubs.

We are publishing a series of her most important articles.

A DELIGHTFUL TAILLEUR.

Just what one would want for summer is this tulle in silk tricotine with narrow straight skirt and a narrow box coat. The most glorious part about the suit is the vest of tapestry cloth, overtopped by a collar of fine white linen, which may be freshened as often as occasion demands. Five yards 42-inch material and 1/2 yard tapestry are needed for average size.

Pictorial Review Jacket No. 7716. Sizes, 16 to 20 years. Price, 25 cents. Skirt No. 7334. Sizes, 14 to 20 years. Price, 20 cents.

Readers. There are four sorts of readers: hour glass readers, whose reading runs in and out and leaves nothing; sponge readers, who imbibe all but only to give it out again as they got it, and perhaps not so clear; jelly-bag readers, who keep the dress and refuse, and let the pure run through; diamond readers, who cast aside all that is worthless and hold only gems.

Tides of the Ocean.

The incoming and the outgoing of the tides is caused by the gravitational influence of the moon. The moon, so to speak, draws or lifts the water from the depths on the same principle that a pump lifts water. And as with a pump, the water rushes in to fill the space left; so the shallow water near shore rushes out to fill the extra space caused by rising of the water, on the principle that water seeks its own level.

Washington's Advisers.

When Washington formed his cabinet it had but four members, the interior department being unknown, the war and navy departments being under one head, and the postmaster general being subordinate to the treasury. Nevertheless of these four positions, he gave two to Virginians, Secretary of State Jefferson and Attorney General Randolph; one to New York, Alexander Hamilton, and one to Massachusetts, Henry Knox.

NEW INDUSTRY FOR STATE IN UTILIZING OF SHRIMP SCRAP

Plant Will Be Built at Fernandina to Manufacture Thousands of Tons of Waste Material Into Fertilizer for Sole Distribution in Florida.

With the immediate erection of a factory to convert shrimp scrap into fertilizer, Fernandina will have the pioneer plant in the United States for the utilization of this material. Announcement of the new industry was made today by C. Nash Reid, manager of the Jacksonville office of the Nitrate Agencies Company.

Experiments on the possibilities of utilizing the waste from shrimp into a fertilizer have been under way since April, the idea for developing such an industry having originated in the Jacksonville office. It is only within the last four or five days, however, that final details for the establishment of the plant at Fernandina have been completed.

Work will commence on the building at once. Mr. Reid stated that the estimated initial expenditure will be between \$10,000 and \$50,000. Operations will begin about October 1. The output of fertilizer will be just sufficient for Florida, according to Mr. Reid, and the product will not be put on the market for wholesale fertilizer manufacturers.

Equal to Peruvian Guano. The shrimp scrap has very similar and in fact about the same ingredients as those found in Peruvian Guano, and from a fertilization standpoint is equally as valuable as the Peruvian product, considered the most important plant food on the market.

Some idea of what the industry will mean to Fernandina can be gained from the fact that this town now ships more shrimp than any one place in the United States. The catch last year ranged upward to 10,000 tons, a fleet of 200 boats being engaged in catching shrimp for the Fernandina market.

Will Eliminate Loss. During the experiments in making shrimp scrap into fertilizer, it was found that 45 per cent of the shrimp is head, which is removed and thrown away before the shrimp are iced and shipped. Shrimp canners lose an even bigger percentage of the shrimp in cleaning, 45 per cent, which constitutes the head and tail, being wasted. The scrap will be collected nightly in motor trucks, hauled to the plant and put through a drying and grinding process. Owing to the speedy decomposition of the waste a quick process is necessary.

While the manufacture of shrimp scrap into fertilizer has been tried in a small way before, this is the first time an entirely successful process has been found, Mr. Reid said today. In addition to the fertilizer a stock food will be made out of the shrimp scrap. The Fernandina plant will be under the supervision and direction of the Jacksonville office.

Peculiar Feeling.

Cella had been ill for many weeks. One day when she was stronger and had been put in a chair, she slipped down to the floor and stood for a moment on her feet. "Oh," she said, in a much surprised voice, "I feel heavy to myself."

Many Like Him.

All newspapers often have advertisements which could be rewritten advantageously. But it took a church paper to offer the most original one yet: "Wanted—A minister who has been married 22 years is very desirous of securing a change."

Daily Fashion Hint

FOR EXCLUSIVE YOUNG LADIES.

One can manage to look both picturesque and sophisticated in a toilette with skirt of plain pique and overblouse of figured organdy, especially if the overblouse goes over the waistline and has a round neck run with black satin ribbon. Needless to add that the streamer belt is also of satin ribbon. Medium size requires 1 1/2 yards 36-inch pique and 1 1/2 yards figured organdy.

Pictorial Review Dress No. 7739. Sizes, 12 to 20 years. Price, 25 cents.

United States of the World. The day will come when we shall realize not only the brotherhood of individuals but the essential unity of all mankind. All are brothers; all children of the same father. The barriers which divide nations are artificial. I believe the time is at hand when these barriers will fall, like the walls of Jericho, before love's trumpet summons, when the banner of brotherhood and freedom will float forever over a new federation—the United States of the World.—Tolstoy.

Alexandria.

Alexandria, founded by the world conqueror, Alexander the Great, is an Egyptian city that is eager to lose its connection with the faraway past and become completely modernized. Fate has favored this ambition, for the wonders that Cleopatra knew have been eaten by fire or swept away by the sea. Alexandria is a city of trade and fashion, dominated by prosperous Europeans too deeply absorbed in the stock exchange to be even vaguely interested in the romantic side of their city.

World's Largest Building.

The Vatican palace at Rome is the largest building in the world, covering 13 1/2 acres, but with its additions and enlargements it was several centuries in building. The most extensive building in the world constructed at one time is the Pennsylvania station in New York city, which occupies eight acres of ground and has exterior walls measuring about one-half a mile. The capitol at Washington covers 153,112 square feet, or nearly four acres.

ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.

Analytical and Consulting Chemist - Professional of Natural Science
Emeritus, Rollins College, Florida

Mr. T. O. Charles
Sanford, Fla.

Dear Sir: I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color..... Clear Chlorine..... 1.75 parts per million
Reaction..... Neutral Total solids..... 8.00 parts per million
Free Ammonia..... 00 parts per million Hardness..... 22.03 parts per million
Albuminoid Ammonia..... Trace Nitrate..... Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and low degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per cent; and in finding no colon, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."

Yours very respectfully,
(Signed) THOMAS D. BAKER
