### Striking Convicts Will Be Moved To Prison At Raiford

"Real Trouble" Is Predicted When Effort Is Made To Force Prisoners Into Van

BROOKSVILLE, July 6.—(A.P.)—Starting machine guns in the face as national guards patrolled the area of striking convicts at the Toke Lake prison camp near here who mutinied since Tuesday, were subdued today while authorities prepared to transport the ringleaders to Raiford for disciplinary action.

The convicts, herded in the stacks and armed with machine guns, clubs, and bottles, were moved after additional police were rushed here to reinforce the state force.

Nathan Ray, head of the prison system, said the strike apparently was started by convicts dissatisfied because the pardon board failed to act favorably on their pleas for clemency.

### New Orleans Jury Ousted With Force By Order Of Judge

NEW ORLEANS, July 6.—(A.P.)—Deposited by a judge and removed by a district attorney for attempting to return a blanket no case bill for New Orleans election officials who served in the last November general election, a New Orleans parish grand jury today was shut out of the usual meeting room.

### Tropical Storm Is Being Felt Along Seashore Of Texas

BROWNSVILLE, Texas, July 6.—(A.P.)—A 6:30 a. m. hour wind and heavy waves over the sandy beach of Padre Island and into Laguna Bay today as the tropical storm continued westward in the Gulf toward the mouth of the Rio Grande.

### Light Docket Marks Police Court Session

A total of 878 in fines was levied against persons found guilty of law violations after a trial in Police Court on Monday afternoon.

### June Falls To Live Up To Marriage Record

June, the month of weddings, did not live up to its reputation locally if the record of marriage licenses issued at the office of County Judge J. G. Sharon may be taken as an indication for during the month just passed only 18 licenses were issued.

### TALMADGE CUTS GEORGIA BUDGET BY ONE MILLION

Latest Reduction Has Lopped One Mill Off General 5-Mill Levy

ATLANTA, July 6.—(A.P.)—Gov. Eugene Talmadge cut taxes in Georgia again yesterday. He lopped one mill off the general five mill levy and saved the taxpayers approximately \$1,000,000. The latest reduction came at a time when Georgia's revenue is running behind state income for previous years.

Talmadge used the same power when he shaved Georgia's automobile license fees to a flat \$3. That saved automobile owners about \$3,000,000 and of course cut the state that much.

The automobile fee cut was Talmadge's first sign of a salvo of activities that rocked Georgia. He asked the Legislature to make the cut. The Legislature wouldn't do it. And so after the assembly adjourned, Talmadge did it himself.

He told the highway department to cut its budget and fire five engineers. The department wouldn't fire the men. Talmadge declared the capitol under martial law and removed the engineers as well as two members of the board.

A complaint was made that the Georgia Public Service Commission should be ousted. Talmadge (Continued On Page Two)

### Concert Program To Be Presented Tonight

The fourth of a series of weekly summer concert and entertainment programs sponsored by local business men is scheduled to be presented from a platform near the Court House tonight at 8:00 o'clock.

### Relief Map Of State Cannot Be Seen Yet

Because of an unavoidable delay, it was not possible to exhibit the three large relief maps of Florida and the proposed cross-state canal route at the City Hall this afternoon as announced Monday.

### Several Persons Treated For Rabies After Being Bitten By Infected Dog

Ten local persons today were treated against rabies which was discovered in a small bird dog puppy which had bitten each of the persons since last Sunday afternoon.

### Trade Commission Perfecting Rules To Protect Public

WASHINGTON, July 6.—(A.P.)—Regulations for protecting the investing public against the sale of worthless securities were completed by the federal trade commission late last night and will be promulgated today.

### ROOSEVELT IS TAKING STEPS TO HURRY PLAN

Chief Executive Seeking To Quicken Tempo Of His National Recovery Program

WASHINGTON, July 6.—(A.P.)—A positive move by President Roosevelt to quicken the tempo of the national recovery program is looked for soon in official circles unless industry itself moves faster in the presentation of agreements to increase wages.

The President and his advisors on industrial control were represented yesterday as determined that obstacles which have prevented other industries from following the lead of cotton textiles in drawing up codes for minimum wages and maximum hours should be removed immediately.

The method by which an effort will be made to speed up the formation of codes was left for a decision at a conference today of the President, Secretary Roper of the cabinet advisory committee on industry, and Hugh S. Johnson, the administrator of national recovery.

Although several of the basic industries are understood to be almost ready to present codes and one for women's wearing apparel is expected this week, the general movement is behind the schedule set by Johnson.

Plans for sending the public works operations forward simultaneously with the industrial drive also were taken up by Roosevelt with his advisors yesterday. The President received a list of state administrators to help supervise the projects at the same time that a long list of proposed projects came to him from the public works board.

The President also is giving thought to naming a permanent administrator to succeed Donald H. Sawyer, the temporary appointee.

Johnson and others had hoped to receive codes from the 10 basic industries soon after enactment of the industrial recovery act. To date, however, only textiles have come forward. Codes from steel, oil, coal, lumber, automobile and other manufacturing industries are in preparation.

### Two Men Relate Tragedy At Sea When Three Die

One Of Those Rescued Saw Own Son Slide Into Watery Grave

NORFOLK, Va., July 6.—(A.P.)—Two men who watched three companions, including a son of one of them, slip to watery graves, were brought here yesterday and with them came the story of a seaman swinging down by their heels to accomplish a thrilling rescue and of a dog that left a host to follow his master in death.

John A. Knowles, of Jacksonville, Fla., a passenger on the barge S. G. Wilder of which his son, Capt. B. W. Knowles, was skipper, and Mac Sturko, of Perth Amboy, N. J., seaman, were the survivors who arrived on the tug Nassau. Those who lost their lives after the barge foundered in a raging northeast gale Sunday were Captain Knowles, 31, who made his home at Jacksonville, "Pop" Lewis, and a third man known only as "Frank."

Charles F. Smith, second mate of the Nassau, told how a partialy submerged dog was sighted Tuesday morning about 50 miles northeast of Cape Charles with its two remaining occupants showing no signs of life.

"They made no move to answer our signals," he said. "It was only our entire crew volunteered for the work. We hung over the side with ropes around our waists in order to loop lines about the men and pull them aboard."

Capt. L. M. Smith, skipper of (Continued On Page Three)

### WALLACE MOVES TO THWART PRICE RISING OF BREAD

WASHINGTON, July 6.—(A.P.)—Secretary Wallace moved yesterday to head off a bread price-raising movement with an announcement that complaints of hoards in its prices were being referred to Attorney General Cummings "for such action as may be found necessary."

The secretary said the action followed reports of price rises in widely separated localities. He warned that anti-trust laws were "still in full operation."

### 15 Percent Cut Of Federal Employees Will Continue At Least Till January 1st

WASHINGTON, July 6.—(A.P.)—The 15 percent pay cut for federal employees will continue at least until Jan. 1.

This was ordered yesterday by President Roosevelt under authority invested in him by the economy act. The 15 percent slash, based on living costs, has been in effect since Apr. 1.

All employees, high and low, are affected except the President and members of the judiciary, and Roosevelt has been voluntarily lowering 15 percent of his \$18,000 salary to the treasury.

President Roosevelt indicated yesterday he would confer soon on the question of retiring government workers dismissed under the economy drive in positions created by the various new emergency agencies, such as farm relief and public works.

Secretary Roper said he had suggested that the public works

administration appropriate \$10,000 for projects in branches of his department so that jobs might be opened up for many of the 1891 employees who have been dismissed there. All told almost 8000 federal employees have been dismissed, hundreds more face dismissal and additional hundreds are on furlough.

In the executive order continuing the pay cut, Roosevelt said the cost of living for the six months period ending June 30 was 23.9 percent lower than the cost for the six months ending June 30, 1928. Labor department figures showed 17.0 as the index figures for the period ending June, 1928, the base period, and 130.2 for the six months ended in June of this year.

Another survey will be made in December to determine changes in living costs and whether the pay cut should be reduced.

### SHARON PASSES SENTENCE UPON LAW VIOLATORS

Automobiles Involved In Most Of Cases Upon County Docket

Judge James G. Sharon passed sentence upon slightly more than one alleged law violator per day during the month of June, according to records released at his office this morning.

Of this number, 18 were white persons and 17 were negroes, and offenses involving automobiles were in the majority.

A. L. Smith, white, charged with driving an auto while drunk, was fined \$250 and costs.

George Carlson, white, charged with driving an auto while drunk, was fined \$180 and costs, with \$100 of the fine suspended upon promise of good behavior. He also was fined \$100 for carrying concealed weapons.

Irvin Fleischer, white, charged with reckless driving, was fined \$5 and costs.

C. A. Rutland, and Pete McMullen, white men charged with driving trucks carrying an excessive load, were fined \$5 and costs each.

Donald Lillrick, white, charged (Continued On Page Three)

### NEW PLAN IS SUGGESTED BY BUDGET CHIEF

States Would Be Required To Balance Budgets Before Getting Relief Funds

WASHINGTON, July 6.—(A.P.)—Lewis Douglas, director of that budget, proposed today that states be required to balance their budgets before the federal government permits them to participate in the \$3,300,000,000 public works program.

He proposed a cautious program all along on the works campaign. To President Roosevelt he suggested the elimination of many of the projects submitted to the White House for immediate construction.

Disturbed by the prospect of a huge increase in indebtedness through the public works program, Douglas urged that only projects which are absolutely sound and useful be undertaken.

The law gives the President power to withhold allocations of funds to states if their budgets are not balanced, Roosevelt has laid down a strict rule that the projects be necessary, and sound and in keeping with the list submitted to him by the public works board and it appears likely it will be trimmed considerably.

An early announcement of the project to be undertaken is immediately expected when the President concludes his study.

### Four New Members Taken In Kiwanis Club Wednesday

C. E. Rawson, C. F. Proctor, Otto Caldwell and W. A. Patrick, well-known local business men yesterday were welcomed as baby members of the Sanford Kiwanis Club at the weekly meeting in the Montezuma Hotel.

Expressing satisfaction over the fact that where most clubs report a decrease in members during this season of the year, the local club is able to add "four such outstanding good fellows," Howard Ovelin, president of the Club, personally welcomed the quartet, and I read them over to Kiwanian T. L. Dunham who made the official welcome on behalf of the club.

During the brief program which followed, Kiwanian C. R. Mason made a short talk on conditions in Cuba at the present time, and Kiwanian V. A. Spear reported on the boat trip to Palatka.

These attending the meeting were: Jack Hocco and B. C. Moore, as guests, and Kiwanians, C. R. Mason, H. Ovelin, E. I. Hoy, T. L. Dunham, Fletcher Bailey, Bill DuBois, F. R. Wilson, W. T. Langley, W. S. Coleman, B. D. Cassell, Ray Fox, E. B. Randall, C. O. Hare, S. F. Donney, Jno. D. Jenkins, Howard Long, E. G. Sharon, Peter Schaal, W. B. Zachry, V. A. Spear, F. S. Lamson, and Rupert Strickland.

### Trade Commission Perfecting Rules To Protect Public

WASHINGTON, July 6.—(A.P.)—Regulations for protecting the investing public against the sale of worthless securities were completed by the federal trade commission late last night and will be promulgated today.

They are the rules by which the commission will administer the federal securities act for government supervision of interstate sales. The law signed by President Roosevelt May 27 was a major item in his special session program.

Along with the regulations, the commission will make public the forms on which any business issuing securities must report a detailed financial statement to the government.

Chairman March said the first registration certificates will be required by the commission July 7, and not on July 6, as originally planned. It was considered unlikely any business would desire to file a registration statement until the commission's own forms were available.

### Several Persons Treated For Rabies After Being Bitten By Infected Dog

Ten local persons today were treated against rabies which was discovered in a small bird dog puppy which had bitten each of the persons since last Sunday afternoon.

### NEW PLAN IS SUGGESTED BY BUDGET CHIEF

States Would Be Required To Balance Budgets Before Getting Relief Funds

### Julienne Newman Describes Beauty Contest On Coast

Miss Julienne Newman, Sanford's representative at the Clearwater Beach beauty contest on July 4, returned to Sanford yesterday with reports of a "wonderful time" that was had by the 22 girl entrants in the contest, and their chaperones.

Miss Newman stated that the competition for first, second, and third honors was unusually close and that the judges announced that their choices were arrived at only after considerable discussion.

She said that all girls first had to appear on a small platform before the audience and the seven judges, and that each girl was required to turn around several times while the judges passed judgment on her face, figure, personality, and poise.

The judges' opinions were checked on a card at once and handed to auditors before the next girl appeared. When the 22 girls had passed in review, the auditors announced that all but six had been eliminated. Miss Newman missed being in a tie with the sixth girl by .04 of a point, she learned after the contest was over.

The six girls then were brought before the judges again, and, after much discussion, ballots were cast which resulted in Miss Minnie Belle Murray of Fort Myers being named "Miss Florida." Miss Emil Hardee of Jacksonville, was second and Miss Ruth Fuller, of Clearwater, was third.

Miss Newman stated that the winner is an attractive brunette with wavy hair, a perfect complexion, and an unusual figure. "She had the prettiest knees I've ever seen," said Miss Newman as she concluded a description of Miss Murray.

All of the girls were royally entertained while at Clearwater. Yacht rides, dinner parties, dances and other entertainment were provided in abundance, and the girls left Clearwater pleased with the reception tendered them and almost all of them satisfied over the outcome of the contest.

### Max Schmeling Weds German Screen Star

BERLIN, July 6.—(A.P.)—Max Schmeling, former heavyweight champion, and Miss Ann Oudra, screen and musical comedy actress, were married in a civil ceremony at Charlottenburg city hall today. Their honeymoon will be at Hellsgesund.

### Cordell Hull, Acting Under New Orders From President, Is Leading In Effort

LONDON, July 6.—(A.P.)—The economic conference will continue but monetary and tariff matters will be excluded the steering committee of the party decided today. The decision came after a furious battle and was a victory for Cordell Hull who on instructions from President Roosevelt had stoutly insisted the conference must continue its attempts to solve pressing world problems.

LONDON, July 6.—(A.P.)—The American delegation waged a furious last ditch fight today to save the life of the economic conference against the equally strenuous opposition on the part of the European gold bloc countries which consider adjournment necessary.

Acting under new orders from President Roosevelt, Cordell Hull, state secretary, carried the battle into the morning meeting of the steering committee which had been expected to pronounce the death sentence on the party without action.

One of the bitterest conflicts yet seen at the dramatic conference of nations developed, raging three and a half hours before adjournment for lunch without decision.

Delegates indicated not only no decision had been reached but that the situation is wholly confused. "It is impossible to say what the outcome will be," Dr. Thomas Laframbois, Argentina, said. The afternoon meeting was postponed until later.

While Americans expressed a firm conviction in the declaration addressed to the secretary general of the League of Nations that the way was still open for the conference to continue with its labors, they informally expressed willingness to acquiesce in a recess. This was tentatively set for two months duration.

The gold countries evidently were disappointed over their inability to win over Great Britain, which remained a neutral while showing distinct leaning toward the United States, and a slight movement toward the gold bloc adherents left a wide loophole for resumption of the conference.

The gold bloc's declaration said the American statement will facilitate recalling of the conference and permit it to resume later "in an atmosphere of sympathy."

### Negro Girl Badly Hurt In Accident Involving 2 Cars

Ernestine Deleagall, 20-year old negro girl, is in the Fernald-Laughton Memorial Hospital recovering from an unusual wound which she suffered in an automobile accident at Park Avenue and Thirteenth Street at about 5:00 Tuesday afternoon.

The girl was one of several persons riding in a sedan. She had her left arm resting over the window of one of the doors. The window glass was lowered to within two inches of the edge of the door.

An automobile driven by Mr. Stripling, with "Jaybird" Kinlaw as a passenger, collided with the car in which the Deleagall girl was riding. The impact caused the glass to be broken with the result that a jagged piece of the glass plunged into the girl's left arm, leaving a hole more than seven inches long. The allover of glass slashed all muscles and veins and missed the main artery of the arm by a hair's breadth.

The girl lost probably three quarts of blood before she reached the hospital, and physicians there stated that she could not possibly live with such a wound. Dr. J. N. Talar declared it "The worst looking wound I've seen in 15 years."

However, the girl appears on the road to recovery today.

### BERT MAXWELL'S HOMER WINS 2-1 TILT AT DAYTONA

#### Dennis, Cusack Stage Hurling Duel Which Is Decided In Fourth

Bert Maxwell's long distance home run which came in the fourth inning with no one on the bases proved to be the deciding factor of a five inning duel staged on City Island in Daytona Beach yesterday afternoon between a pair of veteran pitchers, Cal Dennis of the Celerys and George Cusack, now the Islanders. The homer gave Dennis a 2 to 1 victory in what was a well-played exhibition contest.

The Islanders showed over a risk in the first inning but the Fed came back in the third, and in the fourth the home run put the Feds in the lead where they remained.

Miss the Feds' new catcher who was sent here under the recommendation of Lee Crowe, handled Dennis' slants. According to fans who saw the game, he is all that was reported of him, and it is predicted that he will fill any position he is sent to without a bit of trouble.

The Islanders outlit the Feds, nine hits to seven hits, while the Islanders made two errors against one for the Feds.

Since Sunday afternoon when the Central Florida League's second half of the season got underway, several changes have been made in the line-ups of the various clubs.

Here in Sanford club moguls, after listening to the pleadings of scores of baseball fans, decided to re-hire Otis Curry, pitcher who had been released last week.

Mr. Curry's name went back on the players' list. He is a fifth class man but it is expected that one of the "class" infielders—Colbreth, Abbott, Barnes, or Chas-

man—will be turned loose at once so that the club will be within the limit.

Club moguls also released Tote Newcomb, young outfielder who was immediately signed by Orlando. They also signed Raleigh Fert, former Daytona third-baseman who will appear in a Fed uniform in Leesburg tomorrow afternoon.

In order to make room for Fert and Curry, the names of Lord and Edwards, two young players who were expected from Georgia this week, were stricken from the players' list temporarily. With Newcomb's release, the roster is down to 14 players.

Over at Orlando, Manager Nell Williamson has dropped Joel Evers from the list to make room for Newcomb who will play in Thursday's game for Orlando.

Leesburg officials have made several changes in their list. They have released B. Pope, Johnson, Olin Hutto, and Sellers, and have signed Murphy, Hart, Kennore, and Forester.

The Daytona Beach Islanders have resigned Cracker Graham who had been dickering with Sanford officials. Graham decided that inasmuch as the Islanders have chances to win two pennants where the Feds can win only one, he would rather be on a club that might get into the post-season series.

Games tomorrow afternoon will find Sanford at Leesburg; Cocoa at Orlando and New Smyrna at Daytona.

### LEGAL NOTICE

IN CIRCUIT COURT, TWENTY-THIRD JUDICIAL CIRCUIT, SEMINOLE COUNTY, STATE OF FLORIDA, IN CHANCERY. FORSALE OF REAL ESTATE OF JULIA B. POTER, Plaintiff, vs. GEORGE T. POTER, Complainant.

C. & F. HOLDING COMPANY, a Corporation, Defendant. Notice is hereby given that under and by virtue of that certain Final Decree of foreclosure and sale entered in the Circuit Court of Seminole County, Florida, dated the 14th day of June, 1933, wherein JULIA B. POTER, Plaintiff, vs. GEORGE T. POTER, Complainant, and C. & F. HOLDING COMPANY, a Corporation, Defendant, the undersigned Special Master, will on Monday the 17th day of August, 1933, offer for sale and sell during the legal hours of sale, in front of the Court House Door in Seminole County, Florida, the following described land in said State, to-wit:

Tract of land in the SW corner Section 4, Township 28 South, Range 20 East, Run 18 E 2d of W 2d ch. S 24 E 2d, fl. N 20 ch. E 2d, S 24 E 2d, more or less. Said sale being made to satisfy said Decree and costs. Purchaser to pay for deed. JAR. G. SHARON, JR., Special Master.

### HIGHWAY WORK WILL GIVE JOBS OVER WIDERANGE

#### Actual Construction Employment Is Only Small Part Of Jobs

WASHINGTON, July 5.—(AP)—The public works administration predicted yesterday that more men would be needed in mines and industry to supply the needs of road workers than will be used in the actual work of building the roads.

They estimated payrolls for indirect work from the expenditure of the \$400,000,000 allocated for roads would exceed by \$200,000,000 the payrolls of the road builders actually carrying on the construction—with labor accounting for approximately 65 percent of the cost of a highway.

Col. Donald H. Sawyer, temporary administrator of public works, after studying highway construction records of the past three years, said that less than 11,000 man-hours a mile are required in actual road construction.

As against this, the total man-hours of work to build a mile of roadway reaches 30,000, the 19,000 increase developing from jobs created indirectly in agencies mining, making, selling and shipping the materials.

With the road program already turned over to the Federal Bureau of Public Roads and the money allocated among the states, the public works administration is pushing ahead its plans for speeding out as quickly as feasible other construction money from its \$2,300,000,000 fund.

A list of nominees for state administrators—through whom will be handled applications for all city, county, state and other federal projects—will be in President Roosevelt's hands in a day or two.

IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, STATE OF FLORIDA. In re the Estate of W. W. WRIGHT, Deceased, IN PROBATE. FINAL NOTICE IS HEREBY GIVEN that the undersigned will, on the 14th day of August, A. D. 1933, present to the Honorable County Judge of Seminole County, Florida, their final return, account and vouchers as Executors of the Estate of W. W. Wright, deceased, and at said time, then and there, make application to the said Judge for a final settlement of their administration of said estate, and for an order discharging them as such Executors. Dated this 25th day of June, A. D. 1933. WINONA HOWARD WRIGHT, Executor. JULIAN HOWARD, Executor. As Executors of the Estate of W. W. Wright, Deceased.

### REPORT CALLS FOR BIG SLASH IN LIGHT RATES

#### Commissioners, Who Had Met Primarily Because Under City Ordinance They are Required to Sit as an Equalizing Board in the First Monday in July, Turned to This Short Discussion of the New Power Rates, to an Equally Short Discussion of Various Proposals Concerning Tax Assessments. About 50 Complaints had been Filed with Clerk F. S. Lamson, and all will be Studied at a Future Meeting.

The Commissioners, who had met primarily because under city ordinance they are required to sit as an Equalizing Board in the first Monday in July, turned to this short discussion of the new power rates, to an equally short discussion of various proposals concerning tax assessments. About 50 complaints had been filed with Clerk F. S. Lamson, and all will be studied at a future meeting.

Before adjournment, the Commissioners authorized Attorney Wilson to take the necessary steps to defend the municipality proceeding recently instituted by the Bondholders Protective Committee to compel the City to sell and transfer certain tax certificates, which action is prohibited by a local bill passed at the recent session of the Legislature.

Here is a copy of the committee's report which accompanied the new schedule:

"Your committee of the establishment of electric rates to be charged by the Florida Power and Light Company in the City of Sanford has had the matter under consideration for some time, and now begs to present its report."

"We have investigated the costs of production and distribution of electricity to the extent we think necessary in order to arrive at rates we consider just and reasonable. In this study we have not been ungrateful of charges for maintenance, interest on investment, taxes, or a reasonable profit."

"We find the rates now charged are excessive and not in keeping with the times, neither are they in line with rates charged in other localities. We submit herewith schedule of rates for your consideration which we think are just and reasonable as applied to Sanford, Florida."

DR. L. T. DOSS, Chiropractor, Acupuncture, Chinese Diagnosis, X-ray, Radiology, Massage, Reflexology, Herbs, etc. Office: 202-5-7. Phone 708. Street: North Bank Side.

### EDGEWOOD TEAM WINS FIVE TO 1 VICTORY MONDAY

#### Diamond Ball Tilt Is Nip And Tuck Until Last Half Of Fifth

The Edgewood team came out on the home end of a 5-1 score over the Firststone diamond ball team Monday night in a game that was nip and tuck until two were away in the last half of the fifth.

Perry, first man up for Firststone, slapped out a double to center, stole third and came home on McLellan's fly-out to second base. This was Firststone's only score. Evans, for Edgewood, singled to the infield, stole second and third. Messing Driggers walked; stole second. Ravenel struck out. H. B. Odham hit to the infield and the ball fumbled allowing Evans to score. Dossy and Taylor then struck out, ending the inning.

The feature of the game came in the second inning. Rides, for Edgewood, singled and Dennis came to bat. Dennis laid on to the ball and drove it into Walt's hands.

Walt turned to first and caught Rides off for a neat double play. In the fifth, Taylor for Edgewood walked; Kelly struck out; Edgewood advanced Taylor to second. Dennis then singled, filling the bases. Coursey struck out. Then with two away, Evans doubled to left, sending all men

localities. We submit herewith schedule of rates for your consideration which we think are just and reasonable as applied to Sanford, Florida."

THURSDAY, JULY 4, 1935

BIBLE VERSE FOR TODAY

RESTORE THE ERRING: Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such a one in the spirit of meekness; considering thyself, lest thou also be tempted.—Galatians 6: 1.

Some of Sanford's leading citizens who have been off on their vacations are returning early in order to get away from the heat.

The Literary Digest has changed its clothes, and we must say, that in our opinion, at least, the old style was more becoming.

The recent federal gold embargo and anti-bonding campaign, a news dispatch informs us, have sent thousands of our unemployed into the western hills to pan gold.

Recently appointed a director of the field service of the Home Loan Bank Board, Frank A. Chase of Miami will have charge of organizing Federal Savings and Loan Associations for the purpose of encouraging thrift and home financing.

It is not always a good thing, as Mr. Bishane and some others would have you believe, when the American dollar declines in relation to other currencies.

There is something paradoxical in America's position of being the third largest producer of gold in the world, and of possessing more monetary gold than any other country in the world.

Many things are coming in for a lot of undue credit these days as a result of business improvement just as in the earlier days of the depression many things were blamed which in reality didn't turn them over to him.

Among these things being hailed as the saviors of property is the legalization of 2.5 percent beer. It is held that the repealment of this great industry has started the wheels turning all along that every business is picking up.

William Cowan died at the General Fort last Saturday night of heart disease and his death was so sudden that the body was undiscovered until Sunday morning.

G. M. Berry is seeking membership for the Florida Chapter of the American Legion.

Red Hot News

One of the measures enacted by the recent Congress which thus far has come in for very little discussion but which promises sooner or later to become the subject of some shenanigan is the provision authorizing the President to publish income tax payments.

We all know what salary the President of the United States receives. We know the salaries of all our public officials including our school teachers, our judges, and our constables.

But we do not know what profits a business house makes or how much the income of its proprietor is. We do not know what the income of the richest man in town amounts to, from the interest on his bonds, the dividends of his stocks, his salaries, fees or commissions.

All this is going to be changed now. What is anybody's business is going to be everybody's business. People largely have come to believe that they have a very personal interest not only in how much income tax a particular person pays, but also how much his income is.

It can hardly be expected, however, that the publicity of income tax payments will prove popular in the long run. It was tried once before. In fact, such a law as the present one, was passed about ten years ago, and created such a storm of disapproval that after about a year it was abolished.

A little laxity and lethargy on the part of the public, which, once again on the payroll, contentedly goes to sleep, and publicity of income taxes will be repealed again. That is just as sure as shooting.

The War On Crime

The appointment of Joseph B. Keenan, of Cleveland, as an assistant attorney general to direct the federal government's campaign against racketeers and racketeering, comes as good news.

The decision of the administration to step out of its customary province and to annex police authority heretofore left up to states and municipalities in fighting crime may sound like an invasion of state's rights.

Perhaps where the independent and unorganized efforts of states and cities have been inadequate to cope with the situation, the centralized and more potent hand of the federal government can make the gangs and gangsters run for cover.

It is about time that America's reputation for lawlessness is improved. For years European countries have read with amazement and with a feeling of derision stories of the unbridled activities of gangsters in the United States.

The story is told of a London University lecturer who, on the eve of his departure to make his home in America, told his three-year-old daughter about his plans.

SANFORD, TWENTY YEARS AGO

Arthur Yowell, W. J. Thygeson, and J. H. Overman were fishing on the Wekiva yesterday and caught 63 trout and 40 more more trout and as many more trout.

The Fourth of July celebration here was brought to a close with the Imperial Theater. The music for the Minstrels was in charge of Mrs. Turner Houser while the management of the show was in the capable hands of E. F. Lane.

William Cowan died at the General Fort last Saturday night of heart disease and his death was so sudden that the body was undiscovered until Sunday morning.

G. M. Berry is seeking membership for the Florida Chapter of the American Legion.

WHAT ABOUT WAGES?

By ROGER HARBON

With all the talk in the newspapers today about improving business, making up wholesale prices, and other bullish readings, it is natural that wage workers should begin to stir around for an increase in pay.

Now that the battle against depression has been turned into a war, it is well to review a bit. While the deflation was in full swing, it was necessary to talk optimistically.

Ultimately wages must be increased. Fundamentally, the success of every manufacturer, banker and investor depends on increased purchasing power.

From your standpoint, but from their own point of view they have never told you, or anyone else, even a small part of your troubles.

Inflation, if not overdone, has distinct advantages. Business is like a balloon. If you get too much air in it, the balloon explodes.

It is about time that America's reputation for lawlessness is improved. For years European countries have read with amazement and with a feeling of derision stories of the unbridled activities of gangsters in the United States.

The story is told of a London University lecturer who, on the eve of his departure to make his home in America, told his three-year-old daughter about his plans.

It is about time that America's reputation for lawlessness is improved. For years European countries have read with amazement and with a feeling of derision stories of the unbridled activities of gangsters in the United States.

Former Sheriff Of Okechobee Begins Serving Sentence

MIAMI, July 6.—(AP)—William (Foggy Bill) Collins, former sheriff of Okechobee county and long a colorful figure in the Florida overland area, appeared at the United States marshal's office here yesterday ready to begin a six-year federal court sentence for conspiracy to violate the prohibition laws.

Convicted of conspiracy in the shipment of barrels of liquor from Okechobee county points in 1928, Collins fought his case through the federal circuit court of appeals and lost. The decision denying his appeal was handed down recently.

All this week "Nitty Gritty" for 30c or six for \$1.50.

Talmadge Cuts Georgia Budget By One Million

(Continued From Page One)

The governor has been in a fight ever since he took office. "But I like a fight," he said, and brushed back contrary locks that insist on dangling over his forehead.

Some citizens of his state demanded an extra session of the Legislature to vote an legalization of beer. "No!" said Talmadge, "this is a hard liquor country and bears a fad."

There was no special session, but some of Georgia's cities legalized brew anyway. Talmadge brought a cow and some hounds to the executive mansion and built a barn on the spacious grounds of the home, located in an exclusive section.

He thinks hot biscuits and South Georgia cane syrup are as good rations as a nation needs. Capt. J. W. Barnett, ousted chairman of the State Highway Board, yesterday took issue with three declarations made by Governor Talmadge in his Fourth of July speech at Albany.

Captain Barnett issued a statement objecting to the governor's statement that martial law was declared to force economy in the highway department.

The governor in his speech Tuesday mentioned the payment of funds to Smith for equipment and said he did not know Smith was in the machinery business and that Smith is a son-in-law of John H. Miller, former highway chairman.

All-Time Record Established For Marriage Paucity

WASHINGTON, July 6.—(AP)—A new all-time marriage low of only 7.87 marriages for each 1000 of population was set in the hard times year of 1932.

For the first time in 21 years, the number of marriages in the million met. There were only 991,769 in the year, a 7.5 percent decrease from the year before.

Whether the figure will increase this year may never be known, since there is some doubt as to the continuation of the marriage and divorce statistics service.

Annual marriage rate statistics date back to 1887 and in all that time the rate has never before fallen below 8.5 percent per 1000.

U. S. Withdraws From Conventions To Slash Tariffs

WASHINGTON, July 6.—(AP)—The United States has withdrawn from the international convention for the abolition of import and export prohibitions and restrictions, which has failed to receive general acceptance.

The state department announced a note signed by Acting Secretary Phillips giving notice of America's intention to take such action was delivered on June 29 to the secretary-general of the League of Nations.

"It is with great reluctance that the American government has been forced to take this action," the note said. "It had been hoped that the principle embodied in this convention would be widely accepted by the nations of the world."

"The reverse of this has, however, been true, and the withdrawal from the convention of other nations which had adhered leads to the conclusion that the existing convention may not be fully adapted to present economic and commercial conditions."

The convention in question has had a storm-beat career. It was negotiated in 1927, under League of Nations auspices.

Negotiations Are Begun For Limiting Of World's Wheat

LONDON, July 6.—(AP)—Negotiations for a wheat production restriction program to permit a depletion of the huge North American surplus and to aid in an increase of price shifted yesterday from the big four producing nations to discussion with European producing and consuming states.

The purpose was to determine how far they will be willing to co-operate. A committee to carry on such work was appointed after an announcement that the four principal wheat producing countries of the world, the United States, Canada, Australia, and Argentina had agreed "in principle on a policy of temporary adjustment of production and trade to world demand."

The committee is composed of Stanley M. Bruce, high commissioner in London for Australia; R. D. Bennett, of Canada, Thomas le Briton of Argentine and Frederick the marriage rate responds quickly to changes in economic conditions, increasing in periods of prosperity, and decreasing after a commercial crisis.

Here's how the marriage rate went down from 1929 to 1932: 10.14; 9.18; 8.54; 7.87. The divorce rate was on the upward climb the entire time from 1927 until the stock market crash of 1929.

There were 160,329 divorces granted in the United States in 1932 as compared to 182,664 in 1931. There were 6.1 marriages in each divorce in 1932, as against 5.5 in 1931.

A "New Deal" VACATION AT THE GORDON

A vacation 3,000 feet above the sea... where you can play golf on a "sunset" 18-hole course for 50 cents a round... fish in the Carolina Game Warden stream... ride a horse over miles of cleared bridge paths... play tennis on lovely clay courts... swim the mountain lake on the new Country Club pool... become breathless with the beauty of this mountain scenery... be cool and comfortable... in the happy company of gay, kindred spirits... that's the summer enjoyment offered you by the Hotel Gordon.

erick E. Murphy, of the United States. The discussion will begin immediately and will continue until the European nations in disclosed, or at least until July 10 when the American crew report will be available and discussion among the big four can be resumed on a basis of the more complete information.

Local Groups Receive Awards During Camp

At the annual convention of the Young People's Service League of the Episcopal Church held at Camp Wing-Mann near Avon Park, awards were given to the various leagues and individuals for the work of the year and three unusually high honors were extended to the league of Holy Cross Episcopal Church, of this city. The first honor was a one hundred percent banner which is given to the leagues which participate in the League standards. These standards include work in the five fields of service: parish, community, diocese, country, world. Holy Cross League participated one hundred percent in each field of service.

Social Calendar

FRIDAY. A council meeting of the Woman's Missionary Society of the First Methodist Church will be held at 4:00 o'clock at the church. All officers and circle chairmen are expected to be present. M. at the home of Mrs. J. O. Lane, South Sanford Avenue, with Mrs. Lane, Mrs. Walter L. Morgan, Mrs. C. P. Herndon, Mrs. Frances A. Hickson, Mrs. H. L. Gibson, Mrs. E. H. Lane, and Mrs. C. O. Bare as hostesses.

MANY U. S. JOBS TO BE AWARDED BY JIM FARLEY

WASHINGTON, July 4.—(AP)—The tide of Democratic job-giving will swell within a day or two, as President Roosevelt returns to a White House desk piled with recommendations from his aides. Postmaster General Farley, the chief patronage dispenser, has completed a list of about 1,000 new appointees for jobs ranging from postmasters to United States attorneys. Others will be lined up for the Chief Executive within a short time, but all the jobs won't be filled for months yet. Farley, who is the chairman of the Democratic national committee, does not intend to be rushed, despite criticism heard from Democratic congressional ranks. Meanwhile, however, thousands of new positions are opening up under the new emergency legislation, such as the public works administration and the home loan bank board, but just how many jobs there will be no one has any definite idea. Farley, himself, made a guess at between 25,000 and 30,000. The postmaster general will make recommendations for some of these places, but certainly not for all. The states are to have something to say. Farley is ready to name all the collectors of internal revenue as soon as Mr. Roosevelt returns. There are 64 of these positions, but some already have been filled. Other jobs include collectors of customs and United States marshals. The marshals name their own deputies, as do the collectors in internal revenue. Assistant district attorneys are appointees of Attorney General Cummings, but he has served notice he would reduce the number for economy's sake. Postmaster's rank as the largest slice of the patronage pie. There are 15,000 in first, second and third class offices at the disposal of the President. So far only acting postmasters have been appointed to fill unexpired terms. Probably about 3,500 new postmasters will be selected this year. Farley has announced that Republicans will not be displaced if they are performing a satisfactory service. All complaints, however, are being investigated and incumbents are being removed when post officials believe the charges are justified. Even before the special session of Congress adjourned the Senate had confirmed 1,269 presidential appointments, ranging from judgeships to cabinet offices, and under present indications a high pile of recess appointments will be awaiting the Senate when it returns in January.

Mrs. Sharon Honors Club With Party

Complimenting the members of the Fortnightly Club, Mrs. James G. Sharon entertained with a luncheon and bridge party given yesterday afternoon at her home on West Tenth Street. Quantities of brightly-colored zinnias were used to adorn the rooms where the guests were entertained. Immediately after the arrival of the guests luncheon was served in courses from the long dining table which was overlaid with a linen cloth and centered with a bowl of zinnias. The place cards bore designs harmonizing with the floral decorations. During the afternoon bridge games were enjoyed and prizes were awarded to Mrs. A. P. Connelly and Mrs. D. L. Thrasher. Mrs. Connelly was given high score prize, two decks of playing cards, while Mrs. Thrasher was the recipient of linen handkerchiefs as cut prize. Those present were: Mrs. H. B. Lewis, Mrs. George A. DeCottis, Mrs. R. A. Newman, Mrs. F. E. Roundhill, Mrs. J. E. Brouse, Mrs. G. D. Bishop, Mrs. D. J. Thrasher, Mrs. A. P. Connelly, Mrs. J. B. Smith, and Mrs. James G. Sharon. Mrs. Ralph B. Wight has returned from Daytona Beach where she spent a few days with her sister, Mrs. L. B. McLeod. Mr. and Mrs. George A. Spear, Jr. have returned from Daytona Beach where they spent a few days. Mr. and Mrs. H. J. Lehman returned last night from Daytona Beach where they were the guests for a few days of Mr. and Mrs. C. M. Baker. Miss Kathrine Symes and Miss Helen Veray are spending today in Tallahassee. Mr. and Mrs. J. A. Takach and daughter, Daphne, returned yesterday from Daytona Beach where they spent three days with Mrs. Takach's brother-in-law and sister, Mr. and Mrs. E. F. de la Hays and daughter, Lucille. Mr. and Mrs. H. E. Russell and family of this city, and Mr. and Mrs. George Cross, of Jacksonville, spent Tuesday at Daytona Beach with Mr. and Mrs. William S. Brumley. Mrs. E. T. Gissendanner and daughter, Miss Annie Lee Gissendanner, have returned to their home at Pinckard, Ala., after spending about five weeks here with the former's son-in-law and daughter, Mr. and Mrs. N. J. Stenstrom. Mr. and Mrs. Edward D. Gottsch and daughter, Lida Gertrude, are expected to arrive in a few days from Buffalo, N. Y. to visit Mrs. Gottsch's mother, Mrs. Richard Ten Eyck, for a month. Mrs. Ten Eyck will accompany them home when they leave.

MILANE TONIGHT AND FRIDAY

JOHN BARRYMORE and DIANA WYNYARD in 'REUNION IN VIENNA'

Two Men Relate Tragedy At Sea When Three Die

(Continued From Page One) The Nassau, said the survivors presented a pitiful sight. "The poor old gentleman (Knowles) had seen his son washed overboard and lost," he said. "He was too exhausted to help himself." Somewhat recovered by the time he arrived here yesterday, Knowles said he was going to New York for a visit as a passenger on the Wilder which was bound there from Jacksonville with a load of lumber. The barge was in tow of the tug Brooks-Sanlim but was abandoned in heavy weather Sunday afternoon and shortly afterward the five men on board took to their dory, expecting the tug to pick them up. They soon drifted out of sight, however. Knowles said his son "wanted to know if I was safe and then, what seemed to be hours later, said, 'Dad, I can't hold out much longer.'" "It was a short time after that when he slipped off and was gone." Sturko told how the men on the barge named the pumps all day Saturday and on Sunday afternoon at 3 o'clock got into the dory, accompanied by Lewis' dog. After they had been in the small boat for an hour, he said, the freighter Kent came by and offered to pick them up but they refused, still hoping their towing tug would come back and find them. Soon after this high seas overturned the dory. "At about 6 o'clock 'Pop' Lewis gave out and sank," Sturko said. "The dog thought a lot of him. He swam out to where the barge sank. We heard him bark once or twice, but he didn't come back." "At about 6:30 o'clock, Frank—he was about 28 years old and I don't know his last name—gave up. He waved goodbye to us. There was nothing we could do. At about 7 o'clock Ben Knowles had to quit. He had been on his feet a long time trying to save the barge and was exhausted. He shook hands with us. His father began to cry. Captain Ben just went under and didn't come up." "Sometime during the night Captain Knowles' father and I managed to get the dory righted and crawled in."

Sharon Passes Sentence Upon Law Violators

(Continued From Page One) with the petit larceny of clothing was fined \$10 and costs. F. E. Noble and Dana Edwards, white, charged with the petit larceny of watermelons, were fined the costs. J. Ivey Stewart, white, charged with assault and battery, with selling an automobile without delivering the certificate of title, was fined \$5 and costs. Scott Bookman, charged with possessing liquor, was fined \$150 and costs. This fine was reduced to \$50 on a promise of good behavior. Bookman also was fined \$5 and costs on a charge of driving an auto with an improper tag. Robert Farmer and Carranza Jenkins, charged with trespassing, were fined \$10 and costs each. Amos Sessions, Harry Woodlaw, and Willie Moore, charged with assault, were fined \$5 and costs each. Wilbur J. Plan, charged with petit larceny, was fined \$20 and costs, while Prince Hill, also charged with petit larceny, was fined \$10 and costs. J. L. Garrett, charged with using an improper license tag, was fined \$5 and costs. He was fined another \$5 and costs on a charge of breaking class on the highway. Bradley, charged with the larceny of a bathing suit, was fined \$5 and costs. Joe Bryant, charged with using an improper license tag on an auto, was fined \$5 and costs.

ROOSEVELT IS TAKING STEPS TO HURRY PLAN

(Continued from page 1) might be far advanced before general increases in wages could be made effective at the present rate of prod rate. Johnson and Roper were said to be ready to inform the President that while industries are debating difficulties in drafting codes, factories are running full tilt at the present low wage levels and on a long hour basis for laborers. This was said to be piling up huge stocks of manufactured goods under low cost methods that will be sold later at prices advanced. The administration is concerned also at the activities of labor organizers in attempting to unionize in preparation for consolidation of codes. One plan that has been suggested for meeting this situation is that President Roosevelt, acting under authority of the act, ordered hearings to fix a minimum wage and maximum hour rate for each industry, which would automatically speed up the procedure. Consideration also has been given to a possible withholding of advantages under the act from plants known to be piling up stocks now at cheap production levels. In preparation for receiving codes, Johnson yesterday announced the appointment of Edward R. Stettinius, Jr., a vice president of the General Motors Corporation, as liaison officer between the recovery administration and the industrial advisory board consisting of eight well-known business leaders.

John BARRYMORE REUNION IN VIENNA Diana WYNYARD

Lends car for test - Gulf-lube cuts oil costs 28 1/2%

MR. AND MRS. LOU MOORE, Ambassador Hotel, Indianapolis—owned one of the six cars borrowed for this daring test. Gulf-lube cut this car's oil consumption 28.3%, as compared with all other oils tested.

New motor oil amazes AAA Officials\* IN 6 borrowed cars, representatives of the Contest Board of the AAA tested 4 of America's leading brands of 25c oils... And, when the 4-day run on the famous Indianapolis Speedway was over, Gulf-lube had beaten every oil in every car! To the amazement of the Officials, the average of all the figures proved this... Gulf-lube went 28 1/2% farther than its competitors before a quart of oil had to be added—a clear-cut saving of over one-fourth! Switch to Gulf-lube and start saving 2 ways! First, you'll use less oil. Second, you'll pay less for repairs—for the oil that gives higher mileage is a better buy. Prove it! Get Gulf-lube at any Gulf station. © 1935, GULF REFINING CO., PITTSBURGH, PA. \*The Contest Board of the American Automobile Association. A NEW GULF PRODUCT THE "HIGH-MILEAGE" MOTOR OIL
