Art Dunham To Get Starting Mound Assignment With Matte Catching

By ARTHUR BECKWITH, JR., Herald Sports Editor
The Sanford Giants officially open the 1948 Florida State League baseball season tonight in Orlando in a contest with the Orlando Senators.
Pre-game ceremonies will be short, with Mayor William Bear, Jr. throwing out the first ball to City Commissioner E. B. Moses. Also included in the ceremonies will be music by the Eustia High School band under the direction of Carlos Bradley. The band will render the National Anthem at game time, and the season will be underway for both clubs.
Manager Hal Gruber announced yesterday that Arthur Dunham, recently received from the Sioux City Sox of the Western League, will open the contest on the hill and Len Matte will be his battery mate. Both of these youngsters are opening careers in professional baseball tonight.
Manager Lou Bevil will handle the mound assignment for the Senators and Ike Seanne will work behind the mask.

Manager Gruber announced this morning that he received Charles Pepin, an infielder from the St. Cloud, Minn., club. St. Cloud is a Class E organization. Pepin or Lloyd Clifton will start the game at second base for the Grubermen.
The starting Sanford lineup will probably include Johnny McManus at short stop, Pepin or Clifton at second base, Tim Tyler in left field, Eddie Rosenkrantz on first base, Vincent Mullins on third base, Tom Cataldo in right field, Connie Kavakis in center field, Matte catching and Dunham pitching. In the event "Lefty" Dunham gets into hot water, Manager Gruber will have Buddy Laska and Charles Spinks in the bull pen.
With McManus at short and Pepin at second base, the Sanford organization will have an experienced keystone sack combination. McManus played with the Sanford nine last year, and Pepin is a 19 year old veteran, having started in professional baseball at 16.

Tomorrow night the locals angle with the Deland Red Hots at the local park to pry the lid off the season in the local ball orchard. Gruber announced today that Joe Schultze, a chubby right-hander signed from the Sanford school, will be his starting hurler, and the remainder of the lineup will be a play-by-play account of the game with Julian Steinstrom and Earl Broome handling the microphone.

Don Andersen and his St. Augustine Saints will be hosts to the Palatka Azaleas skippered by Ray Ryan, Myrl Hoag's Gainesville G-Men meet Eddie Lepp's Leesburg Pirates in Gainesville and Joe Vitter's Deland Red Hots meet the Sam Demmitt's Daytona Beach Islanders in the University City in other games around the Florida State League circuit tonight.

Tonight and every night, which the Sanford Giants play away from the local park, radio station WTRR will go on the air at 7:45 with a play-by-play account of the game with Julian Steinstrom and Earl Broome handling the microphone.

Tonight Is Derby Night At Sanford Greyhound Track

The 13th annual Derby will be run tonight at the Sanford-Orlando Kennel Club for an added purse of \$500 and the 1948 track championship. The yearly classic will be run over the three-eighths of a mile route, this distance being one complete lap and one-half around the track.
Marching to post as the probable favorites will be the elimination trial winners, Kolaka, Nellie Gray, respectively. This pair of greyhound sensations are littermates out of the R. C. Skelton kennel. It was the first time in the long history of the Longwood track that brother and sister canine team matched strides in the big race of the year.

The "luck of the draw" gave Nellie Gray the No. 1 rail position while Kolaka drew the No. 4 box. Other contenders and their positions are No. 2, Rube Harbor; No. 3, Lucky Max; No. 5, Happy Leah; No. 6, Bravo Life; No. 7, Sir William; No. 8, Dusty Squeak.

Preparations have been made to accommodate a record attendance tonight and a request has been made that all patrons reach the track as early as possible. The bugle call for the first race will be sounded at 8 o'clock.

Tonight's Entries
First Race-Purity

16 Countries, West Germany Sign Aid Pact

Analysts Say Reason Is Contracts Which No Payments Are Due On Till Later

PARIS, Apr. 16 (AP)—Sixteen nations and Germany's Western zones unanimously adopted a convention binding themselves into a permanent European organization of economic cooperation.

The nations are those taking part in the European Recovery Program (ERP), or Marshall Plan. The organization is to assure efficient use of the \$5,300,000,000 the United States has pledged in the program.

The 28-article, 3,000-word convention was adopted and signed at a conference of foreign ministers and others in the French foreign ministry.

"A strong and prosperous European economy," says the preamble, "will contribute to the maintenance of peace."

The chairman, British Foreign Secretary Ernest Bevin, put the charter to the delegates at 12:15 P. M. There were no objections, so he declared it adopted officially.

The delegates then attached their signatures. The first signer was Austrian Foreign Minister Karl Gruber. The last was General Sir Brian Robertson, British military governor for Great Britain.

Full Train Service Will Be Restored In Week Or 10 Days

WASHINGTON, Apr. 16 (AP)—Train service, restricted by the coal strike, should be fully restored in the next week or 10 days, railroad officials said today.

The government ordered a 25 percent cut in both passenger and freight service requiring the use of coal during the mine strike and planned to impose a second 25 percent cut. These orders were revoked last Tuesday after John L. Lewis told his union diggers to resume work.

The Association of American Railroads said today that while it has made no survey it assumes all roads will restore regular service as promptly as possible.

The southern railroad reported some of its local passenger service had not yet been restored, but would be as soon as fresh coal supplies are received. The Pennsylvania Railroad sent out notices today that all of its services will be on a normal basis by Sunday midnight.

Funeral Rites Set For Adrian Stacy

Funeral services for Adrian L. Stacy, 47, who died yesterday morning at a local hospital after an illness of seven weeks, will be held Saturday afternoon at 4:30 o'clock at the First Baptist Church with the Rev. W. P. Brooks, Jr., officiating. Burial will be in Evergreen Cemetery. The Erickson Funeral Home has charge of arrangements.

Mr. Stacy was born in Fayetteville, Tenn. in 1901 and came to Sanford 15 years ago. He was employed by the Florida Power and Light Co. as a meter reader.

Surviving are the widow, Mrs. Eva Stacy of Sanford; two sons, Adrian of Ft. Knox, Ky., and Clyde of Leesbury, Va.; the mother, Mrs. Mary Stacy of Fayetteville, Tenn.; and two brothers, G. T. and J. D. Stacy of Fayetteville; one sister, Mrs. E. C. Sheffield of Taft, Tenn.

Disabled Veterans Plan Drive May 3

The Annual Disabled American Veterans Forest-Not Drive will be held May 3 and 4. It was announced by James Young, commander of Seminole County Chapter No. 39 at the regular meeting Thursday night.

Young will serve as chairman of the drive and committee members will be: John Kader, Bill Colbert, Bob Howell, Douglas Stenstrom, and Lyn Twyman.

Young also announced that the state convention of the D. A. V. will be in Miami Beach on June 4, 5, and 6. The next meeting of the chapter on May 6 will be devoted to making plans for seating a delegation at the convention.

World's Greatest Cancer Center, Sloan-Kettering Institute Opens

By HOWARD W. BLAKESLEE
Associated Press Science Editor

NEW YORK, Apr. 16 (AP)—The world's greatest cancer center opened here today, with news of a new use of atomic energy that may help cancer. The atomic discovery also looks good for all the infectious diseases of man.

Opening today is the Sloan-Kettering Institute for Cancer Research, a \$1,500,000 fourteen-story research building with nearly three acres of floor space. This research center is linked by corridors with Memorial Hospital, the first cancer hospital in the world, with the Strang Prevention and Detection Clinic. It also will be linked to New York City's new cancer institute, the James Ewing Hospital, soon to go up alongside the other institutions.

The research building was built and its work supported by a gift from Alfred P. Sloan, Jr., chairman of General Motors. Today's opening was an all-day and evening meeting of distinguished physicians and other scientists, who saw and discussed some new things in cancer that already have started at the Sloan-Kettering Institute. Work there began last December.

The atomic discovery is that radioactive atoms can be hooked onto the antibodies which are man's natural defenses against diseases. An antibody is a protein molecule. Little is known about these tiny things, except that each disease produces its own antibody that is useless to fight any other kind of disease, but very good medicine for the one disease.

Dr. C. P. Rhoads, director of the new institute and of the entire center, told about the atomic energy discovery. This was made by Dr. David Pressman and Geoffrey Neighly, recently at the California Institute of Technology. Dr. Pressman, now at the Sloan-Kettering Institute, is starting to learn whether a "hot antibody" can be used in cancer.

Dr. Pressman mixed some rat

Stassen To Fly To Florida In Effort To Obtain Votes

WASHINGTON, Apr. 16 (AP)—Harold E. Stassen said today he will fly to Florida tomorrow in an apparent effort to line up the 16 Florida votes to the Republican Presidential Nominating Convention. The primary election will be held there May 4.

Stassen called today on Senator Gurney (RSD) and Thye (R-Minn.). He told a reporter that he is restudying the entire requests for increased funds and support for the armed services. He said he was talking with senators about this.

Asked if his Florida trip is aimed at lining up Stassen delegates, the candidate for the Republican presidential nomination replied:

"Things are looking very favorable for us here. The Florida state (Republican) chairman is a supporter of mine. Stassen said he will leave here tomorrow."

Italy Enters Crucial Pre-election Hours

ROME, Apr. 16 (AP)—Italy entered the final hours of a crucial parliamentary election campaign today with Communists scrambling to regain lost support. Campaigning ends at midnight and voting starts Sunday morning at 8.

Interior Minister Mario Scelba's security forces were watching the last-minute Communist moves materialize—especially in the leftist North. Police made displays of strength in several sections to demonstrate they are ready to keep order.

Violence dotted the country last night as traditionally volatile Italian tempers flared.

Chief Cleveland Warns Against Illegal Fire Setting In County

Fire Chief M. N. Cleveland, who holds the office of Fire Marshall in Seminole County, today warned against illegal setting or lighting of fires both in Sanford and in the county. He also called attention to the Florida statutes that punish careless or illegal starting of destructive fires with fine, imprisonment or both.

Some of these law violators, he said, are those who toss lighted cigarettes, cigars or matches from forest areas. One instance of this was the offenders who last year menaced the whole of Sanford on an extremely windy day by setting fires from Five Points into Sanford, and then at various points, resulting in 13 calls in one day to put out fires. These parties were followed but not arrested due to failure of the party following them to get their automobile license number.

Some railroad workers, he charged, seem to pay little attention to the law governing fires, especially section crews burning old cross ties. Sometimes engines may cause grass fires, he pointed out.

No one in Sanford is allowed to burn trash without special permission from the Fire Department.

Biggest Budget Surplus Rises To Peak, Slips

WASHINGTON, Apr. 16 (AP)—The government's biggest budget surplus in history has passed its peak and started downhill. Administration analysts who reported this today predicted privately that the next president—Democrat or Republican—will confront a king-size financial headache.

They say the reason is the delayed impact to be felt from contracts being authorized now on which no payments are due until later. As an example they cite the \$2,245,000,000 in contract authority voted by the House yesterday as part of a \$4,198,100,000 air power bill.

The budget books won't show the two billion dollar amount until the planes are delivered—and paid for—a couple of years from now.

But even with the current (1948) fiscal year certain to mark up a far bigger surplus than the \$1,165,000,000 record set 21 years ago, the government's financial fortunes are ebbing.

Since this month began, the government has been overpaying its income by more than \$10,000,000 a day, thus whittling down a surplus that has hit \$7,800,000.

A number of administration officials said today.

Appraisal Method Is Described At Lions' Luncheon

Methods of appraisal and tax valuation as practiced by the Clevelinshaw Co. of Cleveland, Ohio, in valuing homes and businesses in Sanford and elsewhere were today explained to Kiwanians by R. P. Skelly, appraisal director, to members of the Lions Club at the meeting to be held at the Tourist Center. He was introduced by Joseph Brantley, city deputy clerk.

He advised that residents not be alarmed when they see two appraisal men, one with a 10 foot measuring pole, estimating and measuring the homes on the outside. Permission is always asked to enter a home, he said.

Using a blackboard to show figures, Mr. Skelly demonstrated how houses of similar type, size and grade might be appraised. A \$4,000 in a poor location, \$4,800 in a fair location and \$5,900 in a good location.

He explained depreciation of home values, which he said was 5 to 10 percent higher here than in the north due to dry rot and termites. Appraisal is based on dimensions, age and condition, location and type of construction, he revealed. If a grade material

is used, he said, it is worth 10 percent more than a standard grade material.

Travelers will be routed south over road 83 to Perry. They will be able to take road 20 there to reach Tallahassee, Pensacola and other northwest Florida cities.

Higgins Urges Aid To Salvation Army

Support of the Salvation Army in its present drive, was today urged by Edward Higgins, pastor of the Seminole County Chamber of Commerce.

"The Salvation Army fulfills a need in our community that is not filled by any other organization," he stated.

Mr. Higgins pointed out that this type of relief goes to transient, needy families, delinquents of a class that is not practical for other organizations to handle. Aside from this, their teachings of the doctrine of Christianity reach a class of people that are not contacted in any other way.

"The organization is ably headed under the management of Captain Byrd Hudson, and its accounts are kept in excellent shape and are open for inspection by the directors and the public," said Mr. Higgins.

TAXES ARE DUE

John I. Galloway, county tax collector, today announced that unpaid 1947 taxes are now delinquent, but can be paid through the month of April with the addition of a three percent penalty.

When the list of delinquent taxes is prepared for advertising, the penalty will be increased to include the cost of the advertising, he said, and urged promptness in paying the taxes to avoid the additional penalty.

22 Counties Receive \$923,360 For State's School Construction

TALLAHASSEE, Apr. 16 (AP)—Nearly a million dollars in state money for school construction and other capital outlay was mailed to 22 counties today.

Comptroller C. M. Gray sent out the checks totaling \$923,360 to bring up to date the first ten months payments of capital outlay funds for counties which have qualified to receive them. Each of the 22 counties will get two more monthly payments before July 1.

James L. Graham, director of finance for the State Department of Education, said he will certify releases for the other 15 counties as soon as they qualify by depositing their 25 percent matching funds and completing satisfactory surveys of school building needs.

Today's distribution brings the total capital outlay for school construction to \$1,150,000. The state Budget Commission and Board of Education previously sent out \$414,275 for school construction until they found sufficient funds in the treasury to pay the whole amount.

The new school law provides a total state contribution of \$2,000,000 this year for school construction.

Nation's Press Gets Inside Tip On UMT Shelving

WASHINGTON, Apr. 16 (AP)—Several hundred of the nation's leading editors got an "inside tip" last night that Congress will not act on a Universal Military Training bill this year.

It came from House leader Hallett of Indiana, one of the top lawmakers who addressed the annual meeting of the American Society of Newspaper Editors.

"The first complaint undoubtedly will be on Selective Service," Hallett told the editors when pressed for a prediction on UMT legislation.

Although the House Armed Services Committee has approved a training bill, he said, the measure has not been cleared by the Rules Committee by a House vote and only about 40 members have asked for a floor showdown.

Hallett noted that it takes the signatures of 200 members to force such a showdown.

Hallett was joined in the general discussion of Congress by Senator Taft (R-Ohio), Eastland (D-Miss.), Taylor (D-Ill.) and Roy Monroney (D-Okla.).

Taft defended the Taft-Hartley Labor Law and reiterated his belief that Congress cannot prohibit strikes without fixing a date for a general election.

Eastland criticized President Truman's civil rights program and Monroney reviewed operations under the Congressional Reorganization Act.

Taylor stirred up a lively discussion on the U. S. Constitution.

Idaho GOP To Choose 11 National Delegates

WASHINGTON, Apr. 16 (AP)—Idaho Republicans choose 11 delegates to the national convention tomorrow while Senator Robert Taylor grapples for a showdown in his native Idaho where he is challenged by Harold E. Stassen.

Manassah Democrat John A. Whitaker of Russellville, Ky., is unopposed in a special congressional election tomorrow in Kentucky's second district. The election was called to name the successor to Earle C. Clements, former Democratic House member who now is the state's governor.

Idaho's 11 delegates to the Philadelphia Nominating Convention are expected to be unopposed.

Coal Production Is At Two-Thirds With Miners Idle

WASHINGTON, Apr. 16 (AP)—Coal production limped along at two-thirds of normal today. About 1,000,000 miners remained idle, waiting to see what the court does about their "Uncle John" L. Lewis.

Lewis' contempt of court trial ended yesterday in Washington District Judge J. Man Goldbrogh, who fined Lewis and his United Mine Workers \$1,500,000 in a similar contempt trial in 1936.

The Supreme Court later in 1936 ruled in favor of Lewis. He is accused of contempt for failing to obey a court order to let the strike "forthwith" end.

He called off the strike miners late after an agreement was reached on the miners' pen dispute.

Approximately 250,000 of the 1,000 striking miners have returned to work.

Another labor force, striking AFL financial workers out of yesterday to return to work at the New York City Exchange. The terms reached by federal mediators, were not fixed.

Farley Says Revolt Won't Break Party

WASHINGTON, Apr. 16 (AP)—Senator Charles McNary, Democratic National Chairman, said today that the southern Democratic revolt will not break the party.

"It is quite disturbing," said McNary, "to see a general revolt in the South. There seems to be no doubt that Mr. Truman is going to permit his name to go before the Democratic National Convention."

Learned friends of McNary hope that something can be done to bridge the differences and settle the dispute that is threatening Democratic chances for victory in November.

Asked if he felt McNary's charge of general encouragement of Democratic party lines into a sort of Liberal Conservative division. The all party ties are too deep and strong.

He said Wallace "is now doing a disservice to his country." He added that the Third Party presidential candidate may get perhaps 10 to 15 million votes in the nation in November.

Duncan A. Mitchell Funeral Saturday

Funeral services will be conducted Saturday at 2:30 P. M. at the Erickson Funeral Home for Duncan A. Mitchell, 58, who died Tuesday at the Veterans Hospital of Ft. Benning.

He had been confined to the hospital for six days. He was born in Sanford Aug. 19, 1889, and lived here all of his life. For the past four years he was lodge tender at Geneva Bridge.

Survivors include the widow, Mrs. Mary E. Mitchell, Sanford; two sons, Joseph P. Mitchell and John H. Mitchell, Sanford; two brothers, George Mitchell, Cocoa, and J. G. Mitchell, Sanford.

The Rev. Douglas Charles will officiate at the services and interment will be made in Evergreen Cemetery.

MOBLEY AWARD

The Mobley Scholarship medal, annually awarded by Dr. E. D. Mobley since 1921 to Seminole High School students is now on display at the Kader Jewelry Store.

The scholarship, said Supt. T. W. Lawton this morning, is awarded to any high school student who excels in scholarship, attendance and good conduct, and who is taking full and regular courses of study.

Dollar Days In Sanford On April 21st And 22nd

Cleveland Warns

(Continued from Page One) tractor of said state road department, or the highway department or county commissioners of any county, and their employees shall keep all fires set by them under control and confined to the right of way and suppress all fires discovered and detected by them within two hundred feet of the center line of the right of way of any state, county or public road, or highway on which and adjacent to which the said crew, contractor, sub-contractor and employees are employed.

590.06 Adoption of rules for road crews.—The state road department, and the county commissioners of highway departments of the several counties of this state shall require their contractors, sub-contractors and employees to comply with the provisions of this chapter and the said state road department, county commissioners and highway department to that end may adopt and promulgate rules and regulations for the observance of said crews, contractors, sub-contractors and employees in carrying out the purposes and provisions of this chapter.

590.07 Refusal of road crews.—Any road foreman or member of a road construction or maintenance crew, or any foreman, superintendent or employee of any road contractor or sub-contractor, who shall, without sufficient cause, willfully refuse or neglect to prevent and suppress fires as provided in the chapter, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished as provided in 590.14.

590.08 Unlawful burning of lands.—It is unlawful for any person to willfully or carelessly burn or cause to be burned, or to set fire to or cause fire to be set to, any forest, grass, woods, wild lands or marshes not owned or controlled by such person.

590.09 Setting fire on right-of-ways.—It is unlawful for any person to set or cause to be set, willfully or carelessly, a fire without the confines of the right-of-way of any public road, state road, railroad, or in any other place and allow it to escape onto and burn over any adjoining land.

590.10 Disposing of lighted cigars, etc.—It is unlawful for any person to throw or drop from an automobile or vehicle, or otherwise, a lighted match, cigarette, cigar, ashes, or other flaming or glowing substance, or any substance or thing which may or does cause a forest, grass, or woods fire.

590.11 Camp fires.—It is unlawful for any individual or group of individuals to build a warming or camp fire and leave same unattended.

590.12 Procedure for lawfully burn land.—It is unlawful for any person, either willfully or carelessly, to burn or cause to be burned, or to set fire to or cause fire to be set to, any forest, grass, woods, wild lands or marshes owned or controlled by such person without first giving notice to all resident owners, managers or tenants of lands adjoining and surrounding the area to be burned, said notice to be given in the presence of at least one witness or in writing, not less than one nor more than ten days prior to such burning; or to fail to take reasonable precaution against the spreading of fire to other lands by providing adequate fire lines, man-power and fire fighting equipment for the control of such fire, or to watch over said fire until it is extinguished, or to permit fire to escape to adjoining lands; provided, however, that no notice shall be required to be given of the setting of fire in a forest protection district where written permission to set such fire has been obtained from a

duly appointed fire warden. 590.13 Civil liability.—A person violating any of the provisions of this chapter shall be liable for all damages caused by such violation, which damages shall be recoverable in any court of competent jurisdiction. The civil liability shall obtain whether there be criminal prosecution and conviction or not.

590.14 Penalties.—Whoever violates any of the provisions of this chapter (1) with willful and malicious intent shall, upon conviction thereof, be deemed guilty of a felony and punished by a fine of not less than five hundred dollars nor more than one thousand dollars or by imprisonment in the state prison for a term of not less than one year nor more than three years or by both such fine and imprisonment in the discretion of the court; and whoever (2) carelessly violates any of the provisions of this chapter, shall upon conviction thereof, be deemed guilty of a misdemeanor and shall be punished by a fine of not more than two hundred dollars or by imprisonment in the county jail for a term not to exceed three months, or by both such fine and imprisonment in the discretion of the court; and the penalties herein provided shall extend to both the actual violator and to the person or persons, firm or corporation causing, directing or permitting such violation. (Am. 1, ch. 20898, 1941.)

590.15 Burden of proof.—In any prosecution or civil action brought under the provisions of this chapter it shall not be necessary for the state or plaintiff to allege and prove absence of the right or authority of the defendant to set or cause to be set the fire, but such right and authority shall be a matter of affirmative defense to be alleged and proved by the defendant.

590.16 Rewards.—The board in its discretion, may offer and pay rewards for information leading to the arrest and conviction of any person violating any of the provisions of this chapter.

Cancer Center

(Continued from Page One) kidney, which injected it into a rabbit, whose blood thereupon produced antibodies. The latter were antagonistic only to rat kidneys.

This kind of antagonism of antibodies has been known for a long time. But for the first time, Dr. Pressman hooked a radioactive atom, iodine from the Oak Ridge atomic oven, to the rat kidney antibody.

This radioactive iodine showed that the rat kidney antibody when injected into the rat, went almost entirely to the animal's kidney. The radioactive iodine was strong enough to burn away the entire kidney.

This opens the way to possibly sending hot radioactive atoms into the body to concentrate in cancers and burn them out.

Antibodies against cancers can be made by much the same methods as the rat kidney antibodies. It is known also that such cancer antibodies tended to collect in the malignant tissues. Hot iodine atoms hooked to cancer antibodies will do two things. One, show whether the cancer-fighting molecules concentrate in the cancers. Two, burn the cancer out, provided the concentration is enough. This method is like double-barreled shot. The antibodies are one barrel, putting a weak restraint on cancer. The hot atoms are the other barrel, and they are really powerful slugs. For the antibodies of other diseases, the hot atoms should advance the new science of immunizing people against diseases of all kinds.

Palestine Issue

(Continued from Page One) permanent president during the extraordinary session, which is expected to last anywhere from two to eight weeks. The vote was: Arc 31, T. F. Tsang of China 18, and Sir Carl Berendsen of New Zealand 2. Liberia and Brazil received one vote each as nations. Twenty-seven votes were needed for election. Four countries did not vote. Arc is Argentina's regular delegate to the Security Council. He immediately took the chair.

Arc, on taking the chairmanship, pledged he would maintain an attitude of impartiality as president of the crucial meeting. He said he would favor everything that might bring an end to the Palestine strife.

"Nobody can be surprised," he said, "that I will urge more initiative the Arabs and Jews to agree. If they had done so we might not have had this assembly.

"There is still time for them to agree. What we should attempt to do is to lead them to an agreement."

Arc said the "moment might arise in the future when the political interests of the big powers might cause the Arabs and Jews to be sorry for their lack of agreement."

Wade Singletary

(Continued from Page One) police reported.

The body was found on the upper stair landing, police stated. A .45 caliber revolver was found nearby with four chambers discharged. Three of the bullets had pierced the left side.

Mr. Singletary, according to railroad officials, had been off duty since Nov. 24, due to ill health and had undergone eye operations.

He is survived by the widow, Mrs. Lily Singletary; three sons, Wade, Eugene and Richard, all of Sanford, and two daughters, Edith of Lakeland, and Cherry, a junior at Seminole High School.

Mr. Singletary had been an ACL employee since 1910 and an engineer since 1919. Dr. J. N. Tolson was in attendance at the hospital.

Stassen Visit

(Continued from Page One) at 6:30 P. M. today and fly to Charleston, S. C., where he will stop overnight. He will go on by plane to Miami tomorrow arriving about 11 A. M. He will meet with Republican leaders for a luncheon.

Tomorrow night Stassen will speak before a Variety Club dinner in Miami.

He said he expects to reach Ohio next week to begin an intensive campaign for delegates in the home state of Senator Taft (R-Ohio), one of his leading rivals for the GOP nomination.

Stassen is entered in contests for 25 of the 53 Ohio delegates hospitalized today for an overdose of sleeping tablets. But her doctor said her condition was "excellent" and added:

"She can go home any time today or tomorrow."

Tablet Overdose

BEVERLY HILLS, Cal., Apr. 16 (AP)—Mrs. James Roosevelt was hospitalized today for an overdose of sleeping tablets. But her doctor said her condition was "excellent" and added:

"She can go home any time today or tomorrow."

UMT Action

(Continued from Page One) cussion by describing the American press as "the greatest villain that ever inhabited the face of the earth when, day after day, they do everything that they can to stir up hatred."

Taylor, who expects to be Henry A. Wallace's Third Party running mate, said he does not believe war with Russia is probable or necessary and snarled what he called "a Red sneer going on in the press."

How to remove barriers to free world movement of news was the topic for today's discussions by the editors.

Last year the ASNE urged that if the United Nations failed to win international acceptance for world news freedom, the United States should try for two-nation agreements with those willing to take part.

A resolution dealing with world news freedom may be voted on tomorrow's final session.

Livestock Market

JACKSONVILLE, Fla., Apr. 16 (AP)—The Florida livestock market today totaled 300 cattle, 50 calves, and 1,800 hogs at seven major packing plants at Albany, Columbus, Thomasville, and Titton, Ga.; Dothan, Ala.; and Jacksonville and Tallahassee. Medium to choice grade barrows and gilts, 110-120 lbs., \$11.50-11.75, with a few long-hauled lots up to \$12.50. Weights 240-270 lbs., \$11.75-12.00; over 270 lbs., \$12.00-12.25. Common \$10.75-11.75; 140-160 lbs., \$10.50-11.25; and 120-140 lbs., \$10-11. Medium and good sows brought \$11.75-12.50.

In the Georgia Florida and Alabama cattle trade buying continued active, with prices strong for most classes. Good grade fed slaughter steers and heifers weighing generally from 100-500 lbs. and sometimes more, sold at from \$12.00-12.25. Common \$10.75-11.75. Medium \$11.50-12.00; common \$10.75-11.25; and canner and culler classes including bulls, \$12-12.50.

Medium and choice slaughter calves were scarce but quoted from \$12.00-12.25. Medium calves and vealers were \$10-12.50; Common \$10.50-12.00; and culls, \$10-11.75.

In stock cattle, medium grade steers, heifers, and calves were quoted from \$10-12.25. Medium calves to \$12.50 and inferior lightweights \$12.50-12.75. Common stock cows were \$10-11.75, with a few medium cows to \$12.

Butter Market

NEW YORK, Apr. 16 (AP)—Tomorrow night Stassen will speak before a Variety Club dinner in Miami.

Stuart Jaycees Plan

Air Sports Carnival

STUART Apr. 16 (Special)—Stuart Jaycees will be hosts May 29 to air minded Floridians who are invited to the city's first annual Air Sports Carnival at William Field, former Navy airport one mile southeast of town on the old Dixie Highway.
Plans for a gala weekend include a golf tournament at the adjoining Martin County Country Club for visiting flyers—with beautiful trophy awards; cocktail party, buffet supper and band concert—all free to those who fly in. Beautiful trophies will be awarded to winners in Sunday's contests of handicap races, aerobatics, bomb dropping, spooling and ribbon cutting.
Saturday's festivities will begin at 2 p. m. Guests are requested to register at the Administration Building at the airport. There are four 5,000 foot run-

Warrants Issued For 7 In Fraud Charge

PHILADELPHIA, Apr. 16 (AP)—The U. S. Marshal's office today received bench warrants for the arrest of seven men indicted by a federal grand jury on charges of issuing fraudulent passports and exit permits to Chinese.
The seven, two of them former U. S. Commissioners, were charged with conspiracy to defraud the government through sale of fake passports and other official documents.

Those indicted were: Norman J. Griffin, who resigned as U. S. Commissioner last month as the grand jury probe began; Howard M. Long, an admiralty lawyer and former commissioner; Warren J. Becher, who resigned March 2 as chief of the U. S. State Dept.'s Passport Division; Robert T. Press, deputy clerk who quit the same day.

Three Chinese: John Lee, Philadelphia restaurant owner; Hoy Lee, now in Canada, a former New York of New York; Judge J. Cullen Ganey set \$1,000 bail for all of the accused except Hoy Lee, whose bail should be return from China, was set at \$10,000.

Boeing's "Stratojet" Ends 4 Months Test

SEATTLE, Apr. 16 (AP)—Boeing's new swept-wing "Stratojet" bomber, which blasts itself off runways at a breath-taking angle, has successfully completed four months of tests.
N. D. Showalter, flight test chief for the Boeing Aircraft Company, yesterday reported "highly satisfactory results" in the tests conducted from the Moses Lake Air Base in central Washington.

The announcement of the tests followed release of a photograph showing the XB-47 bomber taking off at the angle of a well-hurled javelin. The dramatic picture showed the straton plane almost standing on end in the air and trailing smoke from all 18 of its jets (jet assist) rockets.

Describing such take-offs, test pilot Robert M. Robison said: "The sensation was wonderful. It was as though Paul Bunyan had taken hold of my seat and was smothering—but finally—lifting me."
Showalter said the XB-47 will be turned over to U. S. Air Force material command units shortly for the second phase of flight testing.

ways and fuel and service facilities are available. Post Manager, Major A. P. "Bert" Krueger, will greet the guests.

Bill Shands has the experience our state needs

The Man For The Job W. A. (Bill) Shands

No one doubts Bill Shands' business ability
Nor is his ability as a farmer doubted . . .
Nor is his ability as a cattle raiser challenged.

Florida has not had a business man at the head of State Government in forty years.

The time has arrived when there should be more business — Less politics at Tallahassee.

Bill Shands has more to offer in Experience to the people of Florida.

He has had 12 years of public service in State Government
(1) as a member of the State Road Department
(2) eight years as a member of the State Senate.

Bill Shands knows the need for local farm to market roads . . . He is for more and better roads . . . Better Schools . . . maximum pensions for the aged . . . Aid to municipalities — for a better and more prosperous Florida in general.

His combination of business and public service success assures that Florida can go forward with Bill Shands.

Your Vote For
W. A. (Bill) Shands
Will Be A Vote For
MORE BUSINESS
LESS POLITICS
In State Government

The Sanford Herald

Established in 1908
Published daily except Saturday
and Sunday at
Sanford, Florida
111 Magnolia Avenue
Entered as second class matter
October 27, 1910, at the Post Office
of Sanford, Florida, under the Act
of Congress of March 3, 1879.

FRIDAY, APR. 16, 1943
BIBLE VERSE TODAY

BUT THE LIVES OF THE
FATHERS SHOULD BE A
FOUNDATION FOR OUR
LIVES. WE SHOULD STAND
ON THEIR SHOULDERS, WE
SHOULD BUILD ON THEIR
FOUNDATIONS. WE MUST DO
BETTER THAN THEY AND
NOT WORSE.—Je. 7:26. They
did worse than their fathers.

HE KNOWS THE NUMBER
OF YOUR HAIRS, AND DI-
RECTS THE FUNCTIONS OF
THE VERY MINUTEST CELLS
OF YOUR BRAIN AND BODY.
HE IMPELS THE BEATING OF
OUR HEARTS AND THE
DRAWING OF OUR BREATH.
YET MANY DO NOT KNOW
HIM AT ALL.—Job 31:4. Don't
let me see my ways and count all
my steps?

The Herald regrets that some
very fine communications we are
receiving these days on the polit-
ical situation cannot be published
because they are not signed. It
is contrary to the policy of The
Herald to publish anonymous let-
ters. However, anyone who wants
to say where he stands on any
political race, is welcome to do
so, if he will make it brief, and
sign his name.

Another one of Florida's lead-
ing newspapermen and one of the
last of the old timers has gone
to his last reward. He is Jesse
M. Elliott, president of the com-
pany which publishes the Times-
Union. He died of a heart attack
yesterday at the age of 59. It
was only a few years ago that
his brother, who was then gen-
eral manager of the Times-Union,
also died at a comparatively
early age. The Elliotts have been
closely identified with the Times-
Union for over a quarter of a
century and have been largely
responsible for making it Florida's
greatest newspaper.

The life of a newspaperman is
a bed of roses, full of thorns.
You are damned if you do, and
you are damned if you don't. On
the very day our sports editor
is commended for his fine cov-
erage of the Giants' baseball
game, he is condemned for not
getting a high school baseball
story. All he is expected to do is
to be at the Giants' training base,
the high school athletic field, the
Rotary Club junior league, the
Lions junior league, the golf
course, and the American Leg-
ion team for colored veterans,
all at the same time. It's a
great life if you don't weaken.

Most of Florida's newspapers
are having very little to say
about the governor's race, and
many of them will probably wait
until after the first primary to
name their choice. However, as
of the moment Dan McCarthy seems
to be the favorite in the press
of the state. Both the Tampa
Tribune and the Bradenton Her-
ald, in addition to The Sanford
Herald, have openly declared for
him, and a number of others are
showing strong symptoms in his
favor. The Miami Daily News
is openly working for W. A.
Shands, and the Miami Beach
paper is backing Fuller Warren.
Most of the rest are still looking
the field over.

In Miami the other day we
heard a great deal about a great
new industry for the South. At
Childersburg, Ala. is being organ-
ized a 30 million dollar news-
print mill for the production of
100,000 tons of newsprint annu-
ally. It will utilize southern slash
pine, southern labor, southern wa-
ter power, and largely southern
capital in producing newsprint
for southern newspapers, and it
has a 40-year lease with the gov-
ernment on a hydro-electric plant
which will be integrated with the
Alabama Power Company and the
Georgia Power Company. It will
be the second newsprint mill ever
constructed in the South. The other
one is a Lufkin, Texas, started
in 1940, and now in the pro-
cess of doubling its capacity.

Men For The Services

Congress has started work on a temporary draft law
to provide a means by which the armed services can be
brought up to and kept at their authorized strength. Al-
though there still is great resistance to the proposal, it
does appear that both houses are embarked upon serious
consideration of it.

There is little time before the coming of the election-
year summer, when small accomplishment can be expected.
Even if Congress remains in session, many congressmen
will yield to the urge for political fence-mending. In this
shortening time other important defense measures also re-
quire attention. Congress is being pressed for more funds
to expand the Air Force, for more merchant ships, for
expansion of the Army and Navy if the Air Force is en-
larged, so as to keep the three services in balance, for new
studies of industrial capacity for military purposes.

These matters vie with the draft proposal for the at-
tention of Congress. Yet the draft is a practical prerequisite
to any expansion of the military forces. The services have
not been able to maintain present authorized strength from
voluntary enlistments, and it does not seem reasonable to
suppose that men to fill the needs of expanded services
would magically appear.

A temporary draft, to function as long as there is need
for it, seems an entirely sensible and proper step to meet
the present situation.

Fatal Russian Weakness

Why did Germany lose the war? Not merely because
of glaring errors, such as the failure to concentrate on the
attack on Great Britain, and the avoidable war with Rus-
sia.

Behind all these, says Milton Shulman, a former Cana-
dian intelligence officer and author of the newly published
"Defeat in the West," lay one fatal weakness. That was
the totalitarian authority of Hitler, who not only planned
all moves, but who refused to listen to unwelcome informa-
tion. Anyone who pointed out defects in his maneuvers, or
called attention to the unexpected strength of the Allies,
was liable to instant death, or, at the very least, intern-
ment in a concentration camp. Hitler listened only to what
he wanted to hear, and never knew the truth until too
late.

This weakness, which threatens all dictatorships, exists
also, from all the indications, in Russia. If the American
Communists were unwise enough to report that the Amer-
ican economic structure was not collapsing, or that the
people supported the Marshall Plan, they would be cast out
of the Communist party, and their words would not be
heeded in Moscow.

This deafness to unpleasant news is the greatest dan-
ger that threatens the Kremlin.

Industry In Scotland

The sturdy Scots, whose industry, energy, and thrift
have made them such valuable immigrants to this country
and Canada, are staying at home this year and using their
abilities for the development of Scotland.

Their government is building large factories and bend-
ing every effort to fill them with constructive businesses,
Conditions are made easy for establishing businesses, and
workers are plentiful and energetic. The idea is to furnish
jobs for everyone and to raise the standard of living.

A huge hydro-electric project is under way in the Loch
Lomond district which is to furnish power to Scotland and
to England, and several more dams are under way.

Scotland has provided a beautiful and romantic back-
ground for ballad and story for hundreds of years as well
as being a great builder of ships, weaver of textiles and
worker in many other fields. This new influx of industry
will make the country more comfortable and prosperous.

HERLONG MEASURES UP
OCALA STAR-BANNER

A. S. (Syd) Herlong, at pre-
sent serving as county judge of
Lake county, and a candidate for
congress from the fifth district,
will be in Marion county this
week making his first appearance
before the voters to present to
them the reasons why he believes
that he is qualified to represent
the district in the lower house of
congress.

Syd Herlong is a young man of
unusual prominence and a record
of public service that should com-
mend him to the careful consid-
eration of the voters. He is serving
his third four-year term as county
judge in our neighbor county
of Lake, having been re-elected
twice without opposition. He was
chosen by his associates on the
county judge's bench to be pre-
sident of the Florida County
Judges' Association. He is also
president of the Alumni Associa-
tion of the University, and pre-
sident of the Florida State Base-
ball League.

No man who has not measured
up, in ability and public service,
could be elected to these offices
of responsibility and leadership.
Those who know Herlong best,
his neighbors and associates in
these various organizations, say
that he has qualities of leadership
that equip him to take a seat in
the congress of the United
States. That is believable.

Monday evening Herlong's
friends and supporters in his
home town, Leesburg, and home
county, Lake, staged a rally in
his behalf. There were upwards
of 800 people in attendance,
friends and supporters not only
from Lake but adjoining counties.

One of the impressive things
about the rally was that there
were upwards of 75 people there
from neighboring counties, all 12
of the counties in the fifth dis-
trict. And, without exception,
they were outgoken in their ad-
miration and praise to the young
Lake county lawyer, who obtain-
ed his education at the University
of Florida, and then returned to
his home town to practice his pro-
fession and start on his political
career.

In addressing the rally group,
making his maiden speech of the
campaign, Herlong impressed
those who had not heard him
speak before with his deep sin-
cerity, his honesty of conviction
and the modesty with which he
will approach his new responsi-
bility if he should be sent to Wash-
ington to represent the 5th dis-
trict.

Although he has firm convic-
tions on such matters as national

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

An undoubtedly anxious Mos-
cow hasn't been slow in devising
measures to try to offset the dam-
age suffered recently by the
Communist world revolution at
the hands of the now thoroughly
aroused Democracies.

We have seen evidence of this
in many events. Among develop-
ments there have been the hostile
red machinations against the al-
lies in Germany, intensification
of the strong-arm drive to capture
control of the Italian government
in the election next Sunday, the
fierce effort to overthrow the
government of Colombia and dis-
rupt the Inter-American Confer-
ence meeting in that country, and
simultaneous attempts to precipi-
tate revolution in other South
American states.

The latest—and in some ways
the most formidable—is the dis-
closure by the Cominform in Bel-
grade that a world-wide speedup
of the Marxist ideological cam-
paign has been got under way.
The Cominform is a composite
name for the "Communist Inter-
national Information Bureau"
which was created some months
ago in Poland under direction
of Moscow. That's what the Com-
munists call it, but observers
generally hold it to be a revival
of the old Comintern, or gen-
eral staff for world revolution,
which had headquarters in Mos-
cow and was "abolished" by Sta-
lin as a beneficent gesture to-
wards the Democracies while they
were fighting beside him against
Hitler.

The Cominform newspaper now
informs the faithful that the
speedup of the Marxist campaign
has been begun with the open-
ing of Communist Party schools.
It is disclosed that one school
has been opened in the Soviet
zone of Germany, near Berlin,
and another is to follow.

Since this program is part
parcel of the world revolution,
we may be sure that the speed-
up of the ideological campaign
will be undertaken in all coun-
tries, including the entire West-
ern hemisphere. Apogee of this,
the Cominform newspaper brags
that Communist membership in
Brazil has risen to 200,000. Be
that as may be, it is obvious that
Communism is boring in every-
where.

This educational campaign is
at once one of the most insid-
ious and the most dangerous of
the Bolshevik scheme for ad-
vancement of the Red aim. Hit-
ler appropriated it and adapted
it to his own plot for world
conquest. He not only had cen-
ters of instruction for adults,
but made special drive to Nazi-
fy the children with a terrific
success which now is hampering
allied efforts to rehabilitate Ger-
many.

Of course Communist centers
for instruction are nothing new
in the United States and most
other countries. Moreover, the
Reds have been making a spe-
cial effort to capture youth, and
this has been furthered by win-
ning over teachers, both in pre-
paratory schools and universities,
to repeat quietly but persistently
the goodness of Communism. You
probably have seen it, and I've
seen it, in many places.

It has taken the Democracies
a long time to wake up to the
real meaning of the Commu-
nist drive. They couldn't believe
that their comrade-at-arms would
turn and try to impose a totali-
tarian dictatorship on them. How-
ever, they've had that nonsense
knocked out of them finally and
know that they are up against an
all-out drive to Communize the
world.

The Democracies are ready to

fight fire with fire and probably
that's the reason the Cominform
has decided to intensify the more
subtle aspects of the Red rev-
olution. An educational crusade is
much more difficult to recognize
and deal with than is the em-
ployment of open violence.

SANFORD FORUM

Editor The Herald:
"A hair, perhaps, divides the
false and true"
Omar.
The Rubaiyat,
49th Quatrain,
Fitzgerald's Fourth Edition

Omar here sounds like a hair-
splitter; although the Rubaiyat
as a whole inclines toward gen-
eralities rather than technical-
ities. But we know he was a
scientist as well as a poet and
well understood that the fine line
separating truth from the other
thing may sometimes be of only
hair-breadth dimension.

Khayyam knew, just as we
know, that there is nothing on
earth harder for a man to do
than sit down and attempt to
translate an exact thought into
written words meaning the same
precise thing.
You were vulnerable yesterday
in your comment on my argu-
ment with the Tribune about for-
mer President Wilson. You stated
a number of facts well known to
all of us, but added that "Wilson
lived most of his life in New Jer-
sey"—a statement which, clothed
in those words, isn't in agreement
with the records. If you had
stated that he lived most of his
"public life" not an eyebrow could
be raised.

The historians Baker, White,
Lawrence and Dodd; and Profes-
sor Edward James Woodhouse of
the University of North Carolina
in a general review of the other
works are in complete unanimity
of opinion on the chronology of
Wilson's career: balled down, all
agree Wilson lived to be not
quite 68 years of age, and of this
only a little less than 26 years
was spent in New Jersey—four
years of which were as a young
student at Princeton.

By antecedents, birth and tradi-
tion Wilson was Southern and
scorned so, even though he did
become a resident and even gov-
ernor of a northern state.
(If we find our kitten taking a
nap in the sun, that doesn't
make him a biscuit. The Tribute
to the contrary.)

Of the three Florida dailies we
read (and one in New York) we
rate the Tribune strongest of
the lot, particularly editorially.
Their one weakness—and it is one—
seems to be a disinclination to
air both sides of a controversy or
question on which they have tak-
en a stand.

Concluding: I didn't suggest a
deal with the GOP; but Democ-
rats in this part of the country
are as sore as crabs. If matters
do not improve don't be too sur-
prised at anything which hap-
pens. You and I were both liv-
ing here when Precincts 1 and 3
went Republican—for less cause
than exists now.

Thanks,
Sincerely,
H. H. Guthrie

Personals

Mr. and Mrs. David Schneider and Mrs. W. O. Mealer of New Orleans, La. are the guests of Mr. and Mrs. A. M. Zinter.

Ed Levy-Whitner has left for Baltimore where he plans to play during the baseball season with the Baltimore Orioles.

Mrs. Bradford Byrd, Mrs. Beale Zachary and Mrs. H. B. Odham, Jr. spent today in Daytona Beach where they visited friends.

Joe Baker has arrived from the University of Georgia to spend a few days with his parents, Dr. and Mrs. C. W. Baker at their home on Plumosa Drive.

Friends will regret to learn that Mrs. James O. Huff underwent a major operation yesterday and is confined to the Orange Memorial Hospital in Orlando.

Friends of Mrs. Douglas Stenstrom will be glad to learn that she and her young daughter, Patricia Ann, have returned from the Orange Memorial Hospital to their home at 908 Elm Avenue.

Mr. and Mrs. C. R. Eisenhower, who have spent the winter months in Sanford, left yesterday for their home in Williamsport, Pa. En route they will visit in Washington, D. C. with Mr. Eisenhower's sister.

The following young Sanford dancers will appear this evening in Leesburg as performers with the Central Florida Ballet Company: Misses Jane Davis, Joan Humphrey, Gretchen Kirchoff, Jacquelyn Macdonald and Ann Whitaker.

Mr. and Mrs. J. R. Hawthorne have returned to their home at 410 Oak Avenue from a recent trip where they were called because of the death of Mrs. Hawthorne's brother, Dr. Harry Walker. They were accompanied home by Mrs. J. C. Sternberg of Richwood, Ill. who plans to spend several weeks in Sanford.

Junior High Holds Regular Meeting
The regular meeting of the Junior High School P. T. A. was held in the auditorium on Tuesday at 3:30 P. M. with Mrs. Gordon Bradley, president, presiding. The following officers were elected at this meeting for the coming year: president, Mrs. Henry McLaughlin, Jr.; vice president, Mrs. R. A. Rumble; secretary, Mrs. T. A. Siles; treasurer, Mrs. S. O. Chase, Jr. and historian, Mrs. John L. Miller.

The guest speaker for the meeting was Herman Morris who spoke to the group on recreation and needs for Sanford. A moving picture with recreation as its subject was also shown. Refreshments were served at the conclusion of the meeting.

Coal Production

Local employees had sought a union shop and weekly pay boost of \$9 to \$15. The union also is on strike against the New York Stock Exchange. The union says wages now range from \$27 to \$102 weekly.

Transport Workers Union were empowered by more than 2,000 members to call a strike at any time against three of New York City's privately owned transportation systems. The union, whose members are now paid \$120 an hour, is demanding wage boosts of 30 cents an hour.

Demonstration Club Has Achievement Day
The Home Demonstration Clubs of Seminole County held their annual achievement day exhibit on Thursday at the Tourist Center. Blue, red and white ribbon awards were given for excellent work in dairying, gardening, flower raising, crocheting, knitting, sewing, dressmaking, shellcraft, metal craft, embroidery, canning and flower arrangement.

During the day a bouquet of red roses was given to Mrs. Nettie Tillie as the oldest exhibitor. The judging for the contest was done by Mrs. Elizabeth Starbird, the Home Demonstration Agent in Putnam county.

Following the awarding of ribbons a program, under the direction of Mrs. Logan of Geneva, was enjoyed by the women of the various clubs present. Dresses were modeled by women of the audience who had made them. The clubs are all under the direction of Mrs. Ouida Wilson.

In the days of sailing ships, sailors commonly believed that the best way of starting a wind was to whistle for it.

Turkey has an area of about 300,000 square miles.

Rounds Begin For Dot Powell Trophy

Qualifying rounds are now being played for the Dot Powell trophy and will continue through next Wednesday at the Seminole County Club. Miss Powell is giving her bronze trophy for match play and at the conclusion of play scores will be figured minus the player's handicap. The qualifying rounds are covering nine holes only but after the pairings are made and the tournament started play will be on the entire 18 holes.

Miss Powell is offering a large trophy which will be engraved with the winner's name to remain in the club house plus two medium sized trophies for the first and second winners to be kept by the player.

It is hoped that 30 women golfers will qualify by the conclusion of the rounds. Local women who have qualified to date are Mrs. Harold Kistner with a score of 53; Mrs. Frank Mills, 55; Mrs. E. C. Hayman, 61; Mrs. E. H. Smith, 64; Mrs. Earl Higgenbotham, 69; Mrs. W. R. Williams, 65; Mrs. Hugh Wheeler, 68; Mrs. W. G. Fleming, 64; Mrs. Richard Eberly, 73; Mrs. Harry Woodruff, 70.

Aid Pact Signed
Continued from Page One

Lions Luncheon

Continued from Page One
was used a C grade workman, he said, the result was a C grade house. Commercial property is appraised on an income basis, he asserted.

The appraisal does not include the value of personal property of furniture in homes, he said, the only real appraisals being equipment having a commercial use. He told of how 35 out of the 88 counties in this had been appraised by the company, also cities in many states. He cited cases of towns which did not know utilities were available, of other towns in which one-fifth of owners were not on the tax rolls, also of a cement plant which was paying taxes on a \$100,000 valuation and which was appraised at \$7,000,000.

King Lion W. O. Livingston read a letter from Emory Hawkins, a school pupil, expressing appreciation for the class furnished him by the Lions, who by his school work was improved.

Judge Holds Lewis Guilty Of Criminal Contempt Of Court

Goldsbrough Says He Will Pronounce Sentence Tomorrow; Hints At Jail Term

WASHINGTON, Apr. 19, (AP)—Justice T. Alan Goldsbrough today held John L. Lewis guilty of criminal contempt for not sending the striking coal miners back to the pits when ordered by the court.

The judge announced he will pronounce sentence tomorrow.

He is the same judge who fined Lewis \$10,000 and gave the United Mine Workers \$3,500,000 for disregarding a court stop-strike order in 1946. The Supreme Court cut the union's fine to \$700,000 but let Lewis stand.

Goldsbrough, before adjourning court, hinted that he is at least considering a jail term for Lewis this time.

He said he did not think, because of the seriousness of the case, that it could be decided on the basis of "expediency."

When he fined Lewis in December, 1946, in the other case, the judge said he had to consider the "expediency" involved and was giving a fine instead of a jail sentence.

So his talk of not regarding "expediency" this time suggested strongly that Goldsbrough is thinking of a jail term for the miners' chief.

Goldsbrough asked the government to bring in recommendations for punishment at 10:00 A. M. tomorrow.

Goldsbrough said: "The court thinks there is no difficulty in deciding the evidence beyond all doubt in favor of the government and the union is guilty of criminal contempt."

Later, he said that "of course the defendants also are guilty of civil contempt on a technicality," but added:

"The court doesn't emphasize the civil contempt."

This indicates the judge might impose a lighter fine on the union this time.

Goldsbrough said that what the court will do in the way of punishment "is being watched by every lawless element in the world—also by all decent people—to ascertain whether or not the

ICC Grants Further Freight Rate Hikes To U. S. Railroads

WASHINGTON, Apr. 19 (AP)—The Interstate Commerce Commission today granted the railroads a further temporary freight rate increase estimated to cost the public about \$300,000,000 a year.

Commission officials figured the raise will average about four percent above present rates.

The ICC last October, acting on the railroad's plan for a 30 percent advance in freight rates, authorized a temporary 10 percent increase to meet higher operating costs.

Still another 10 percent temporary increase was granted in January. The additional raise announced today will be effective until the commission passes final orders for permanent upward adjustments.

The new increase may be applied upon 10 days notice to the public.

Wade H. Singletary Funeral Held Today

Funeral services for Wade Hampton Singletary, 64 year old Atlantic Coast Line Engineer, who died at a local hospital Friday morning, were held this morning at the First Methodist Church with the Rev. J. E. McKinley officiating. Interment was in Evergreen Cemetery.

Mr. Singletary was born in Columbus, Ga., Aug. 17, 1883, and entered the ACL service here, Oct. 10, 1910 as an engine carpenter. He was promoted to fireman, then to engineer. He was put on sick leave, Nov. 24, 1947. For many years he was a member of the First Methodist Church.

Survivors include the widow; Mrs. Lillian G. Singletary; two daughters, Miss Edith Singletary of Lakeland and Miss Cherry Singletary of Sanford; three sons, Wade H. Singletary, Jr., William Eugene Singletary and Richard Edward Singletary of Sanford; one granddaughter, Ann Lourine Singletary of Enterprise.

Segregation Is Denounced At House Hearing

Civil Disobedience Slated In Protest; Quick Action On Air Forces Demanded

WASHINGTON, Apr. 19, (AP)—Grant Reynolds, a negro, told Congress today a nationwide campaign of civil disobedience has been started in protest against segregation of races within the Armed Services.

Reynolds testified before the House Armed Services Committee as national chairman of the "committee against Jim Crow in military service and training." The committee is considering a military draft bill.

He showed the committee a card saying he will not be drafted for "Jim Crow military service."

Reynolds said this is the first such card to be signed. They will be circulated nationally, he testified, and others of all races will be urged to sign them.

Besides the cards, Reynolds said, his organization has placed an order for 100,000 buttons with the inscription "Don't join a Jim Crow army."

Reynolds continued: "Upon delivery we expect to launch the sale of these buttons—outside the White House and on the steps of the Capitol. In this way, we hope to impress the mind of white America that negroes have had enough of this hypocritical maneuvering on civil rights that, come what may, we are withdrawing our support of her Jim Crow."

Senator Bridges (R-NH), meanwhile, urged quick action on a 70-man air force. Bridges said in a statement:

"The Senate Appropriations Committee, of which he is chairman, is prepared to act swiftly regarding Air Force defense of any other national security matters placed before us."

"I have always been an advocate of air policy as a key to any national defense program," he said.

Bridges called on the Administration and Defense Department to tell Congress immediately whatever steps are necessary "toward an adequate, balanced, overall program." He continued:

"Throughout my service in the Senate, I have urged the development and maintenance of a strictly national security program, adequate to meet any contingency. Since World

High Court Upholds Negro Vote Right In Demo Primaries

WASHINGTON, Apr. 19 (AP)—The Supreme Court in effect today upheld a decision that negroes have the right to vote in Democratic primaries in South Carolina.

That decision was returned by the U. S. Circuit Court of Appeals in Richmond. It was announced by party officials of Richmond, S. C. They asked the Supreme Court to review and reverse the decision. They contended the Democratic Party in South Carolina is a voluntary political association which can exercise unrestricted choice of membership.

The Supreme Court announced merely that it would not review the lower court findings. The effect of this is to let the findings stand.

Attorneys said Supreme Court action upholding the decision would have widespread effect in the south.

The circuit court decision said: "No election machinery can be upheld if its purpose or effect is to deny the negro, on account of his race or color, an effective voice in the government of his country or the state or community wherein he lives."

Mrs. William Walker Oviado, Dies Friday

Mrs. William T. Walker, resident of Oviado for the past 24 years and teacher there for a number of years, died late Friday afternoon at her home in Oviado, following a brief illness. She was a member of the Oviado Baptist Church and was born in Garden county, Ga. She was the former Mrs. Kathryn Ruddell.

Announcement of the time of the funeral will be given later by the Erickson Funeral Home.

Survivors include the husband, William T. Walker of Oviado; two sisters, Miss Lois Ruddell of Oviado and Mrs. Anna Belle Lay of Calhoun, Ga.; one brother, Mac Ruddell of South Pasadena, Calif., and the mother, Mrs. Marion Ruddell of Calhoun, Ga.

PROCLAMATION

WHEREAS, the Sanford Garden Club is sponsoring a "Clean-Up, Paint-Up and Plant-Up" Program for beautifying the City in connection with their annual Flower Show to be held on Wednesday, Apr. 22, 1948, and

WHEREAS, the Sanford Garden Club has contributed so much to the beautification of our City, and deserves the whole-hearted support of all of our citizens of Sanford;

NOW, THEREFORE, I, Robert A. Williams, as Mayor of the City of Sanford, Florida do hereby proclaim the two weeks from Apr. 19 to May 1, 1948, as "Clean-Up, Paint-Up and Plant Weeks" and urge all of our citizens to lend their support and co-operation to the Sanford Garden Club by cleaning up and re-planting buildings, and planting flowers, shrubbery and trees during said two weeks period.

IN WITNESS WHEREOF, I have hereunto set my hand and official seal of the City of Sanford, Florida, this 19th day of April, 1948.

Robert A. Williams
Mayor

Italian Police Hold Crowds In Check

ROME POLICE ARE SHOWN holding back a portion of the vast throngs that waited for hours for a chance to cast their votes in an election which will decide whether or not the "Iron Curtain" is likely to drop in Italy. A check of those shown a face showed that virtually all of them were eager for the opportunity to cast out the Communist threat. Some 3,000,000 government troops and police handled the crowds which, in Rome, were largely orderly and good natured.

France Ready To Propose Force To Guard Jerusalem

NEW YORK, Apr. 19 (AP)—France was reported today to propose immediate creation of an emergency security force to safeguard the holy places of Jerusalem.

The disclosure came as the second extraordinary session of the United Nations assembly convened for its opening round of debate on the Palestine issue.

A French spokesman said France would propose that the U. N. set up a non-Palestinian police force for Jerusalem along the general lines already suggested by the five-member U. N. Palestine Partition Commission.

This force would be recruited on the spot from present members of the British police, who are willing to remain in Palestine, and from other non-Palestinians now in the Holy Land.

The move is intended as an emergency step entirely apart from any general settlement of the Palestine problem which may evolve eventually.

Meanwhile, assembly delegates were puzzled by an American statement that the U. S. would not shoulder alone the responsibility for bringing forward a concrete Palestine program.

The assembly, meeting for only 27 minutes today, began by admitting the union of Burma as the 48th member of the United Nations.

Political Rally Is Held At Altamonte

Seminole County candidates at a second largest gathering in their swing about the county when they spoke to more than 450 citizens Saturday night, said county Democratic Secretary Andrew Carraway this morning.

He termed the meeting, held in front of the Altamonte Chamber of Commerce building, as very successful. Everyone enjoyed the Brunswick stew prepared under the expert direction of Bob Bradford, said Mr. Carraway.

RED KIDNAP ATTEMPT VIENNA, Austria, Apr. 19 (AP)—A Soviet attempt to kidnap a stateless German woman in the American zone of Vienna led to a clash today between American and Russian military police.

The woman, identified as Elsa Pfeffer, was wrested from their grasp by American soldiers. She was released over their protest. The incident was the first serious clash between the two police forces since the start of the four-power occupation of Vienna.

LEAGUE MEET

Campbell-Lossing Post 53 of the American Legion, will meet tonight at 8:00 o'clock for an important business session. It was announced by Joel Field, adjutant. All members are urged to be present.

British Publisher Says British Neutrality Would Endanger U. S.

NEW YORK, Apr. 19 (AP)—Lord Rothemann, British newspaper publisher, said today this nation's safety could be undermined by a serious movement for Western European neutrality, particularly British neutrality.

Lord Rothemann, who spoke at the 100th anniversary luncheon of the Associated Press in the Waldorf Astoria Hotel, urged more resolute to keep alive a free press abroad. He said a lack of newspaper endangered freedom.

"The news must be reported," he said. "Ignorance, as you know better than anybody, breeds isolationism. Isolationism breeds neutrality. Look eastwards across the horizon a cloud of wishful neutrality. Today no bigger than a man's hand perhaps, but capable tomorrow of assuming menacing proportions."

"A serious movement for Western European neutrality, particularly British neutrality, could undermine the whole conception of American strength and swiftly imperil the present safety of your precarious peace and freedom."

"The new American desire to

Communists Trail By Wide Margin In Early Vote Count

4 Pan-Am Nations Seek Freedom Of European Colonies

SECRET MEETING HELD BY U. S., Chile, Argentina, Guatemala

ROME, Apr. 19 (AP)—Early returns in Italy's momentous election gave Communists a long lead today for the new senate and threatened the leftist domination in the so-called "red north."

Previous Made de Gasperi's Christian Democrats were ahead of the Communist-dominated Popular Front bloc in Turin, Venice, and Florence, which are under Communist municipal administration. The vote-backed Christian Democrats trailed in Milan, in the heart of the industrial north.

In Bologna, capital of a region often called the "Italian Kericho," the Christian Democrats trailed the Popular Front by a lead. However, two minor parties associated with the Christian Democrats pulled up enough votes to put the anti-Communist total in Bologna well ahead of the Communists.

On the basis of these returns—the first to be decisive—Premier de Gasperi described himself as "very encouraged." He avoided making any predictions, however.

Leaders were cautious about making predictions on the senate vote, because they felt the vote for the chamber of deputies would be the real barometer of the nation's feeling on Communism. A striking return on the deputies election is expected late tonight or early tomorrow.

Official returns from 200 of 241 constituencies in the Milan senate constituency gave the Christian Democrats 20,576, the Popular Front 20,714, the anti-Communist Socialist 2,842, and the national bloc of eight parties, 2,869.

Unofficial returns from 200 of 241 constituencies in the Milan senate constituency gave the Christian Democrats 20,576, the Popular Front 20,714, the anti-Communist Socialist 2,842, and the national bloc of eight parties, 2,869.
