Solar Research Program Launched By Russians

By MICHAEL JOHNSON
Associated Press Writer
MOSCOW (AP) — The Soviet Union's biggest week in space got even bigger Tuesday with the opening of a new program of solar research, keyed to an unmanned flight—this among the most complicated operations ever undertaken.

GIs Join In Protest

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — A few American troops in Vietnam silently protesting against the war today were wearing black arm bands while on combat patrol to show sympathy with the antiwar demonstration back home.

Thompson Murder Trial Set For Dec. 15

Trial of Mabel Frances Thompson, accused in the slaying of Bobby W. Thompson, first husband, has been set for Dec. 15 at 9:30 a. m. in the Seminole County Court House.

Small Town Problems Aired For Citizens

(Continued From Page 1)
The subject of septic tanks, public health and health, was touched upon by Gordon Folke, regional sanitary engineer with the Florida State Department of Health and Rehabilitative Services.

Need Of Youth Center is Cited

Sanford Lions Club at Tuesday's noon luncheon meeting heard Rev. Jack Lindsay, temporary director of the Seminole All Youth Shelter (SAYS), explain that the death of teenage Wayne Hollenbeck, in a county jail last year brought to a head the importance of a county rehabilitation center as a place to help young people.

Moratorium Bid Nationwide

War Demonstrations Held

By BOB MONROE
Associated Press Writer
Students on several of the nation's college campuses held midnight convocations and candlelight parades as massive Vietnam Moratorium Day demonstrations got under way.

Red Cross Succors Those In Distress

By CHARNEE LEONE
The Red Cross insignia is familiar to most of us, particularly those who have served in the Armed Forces. It has been visible recently as workers bearing the red cross on a gray uniform made their appeals via the news media to Americans across the nation to help fellow Americans who were injured by Hurricane Camille.

Altamonte Meeting

Residents of Altamonte will have an opportunity to voice approval or rejection of the proposed budget at a public hearing to be held tonight at city hall at 8 p. m.

Group Elects

The Tanglewood Area Civic Association will elect and install officers at the next meeting, Monday, Oct. 20, at 7:30 p. m. at St. Richard's Episcopal Church on Lake Howell Rd.

Discussion On Roads

By LIZ MATHIEUX
A crowd of approximately 100 persons attended an open meeting sponsored by the Greater Orlando Jaycees to discuss the improvement of SR 426 between Oviedo and Geneva.

Editorial Comment

Vietnam Moratorium Day-History In Making

This is "Vietnam Moratorium Day." Webster defines the word as "a period of permissive or obligatory delay." In its observation let us hope that nothing will be taking place which could be harmful to the developing character of America or to the Office of President of the United States...

blows. He has been caught in the trap of his own campaign oratory. When he spoke of having a "plan" for handling the Vietnam war in the 1968 presidential drive, he laid such a trap. Now with the grave responsibilities of the office resting on his shoulders, unable to shift it elsewhere even if desired, President Nixon and his spokesmen have asked for time to let his plan become more visible.

be taken at face value. Surely the President would need to be influenced by any such nation-wide event. For the strength of our nation and the character of our people must be defined by a man in the White House who is fully informed about the national temper and the climate of the electorate.

As this day is observed it is also well to recall that the President has taken steps which, put together and placed in context with his yet unrevealed plans, show that there have been steps towards the goal we all want: "Peace and early withdrawal of our major military forces."

Needed Voting

Although the ballot may be slim on the Nov. 4 election and the temptation to pass this one up may be strong, it will pay all Seminole County voters to tie themselves to the polls considering its importance to the future educational, economic and cultural development of our area.

Local educators point out that a vote for the proposed constitutional amendment to re-instate the bonding authority for state university, junior college and vocational-technical buildings will not mean additional taxes but will furnish the financing needed for completing the campuses at Seminole Junior College and Florida Technological University as well as other institutions of higher learning in the state.

The bonding authority, under which the state has been financing capital outlay for these schools since 1963, expired June 30 under a provision in the new state constitution which amended the need for the Education Building Amendment election.

The utilities tax is already in effect, and under this program, proceeds of the revenues derived from the utilities gross receipts tax are earmarked for the retirement of these bonds and can not be used for any other purpose.

If the amendment is passed it will implement the existing program. In the case of our own county, the coming of two such fine state institutions as Seminole Junior College and Florida Tech to our midst has been a boon to students, parents and community of inestimable value.

Three campuses are rising before our eyes out of the sand and scrub and building must continue in order to meet the expanding enrollment. SAC is looking forward to the completion of its new buildings after enduring the inconveniences of a shoe box campus since its inception.

We also have the bonding authority amendment to thank for the beautiful buildings at FTU, which in its second year has \$18 million already invested in buildings on the budding campus. Don't let voter apathy stunt their growth just when they are beginning to make strides toward being really first class schools.

"By the Way, Mac, Which Way Is Out?"

Crane's Worry Clinic:

Girls Don't Be Like Esau!

By George W. Crane. CASE L-24: Esau was the famous Bible twin of Jacob. When Isaac, their father, was about to die, he called Esau and asked him to go forth into the wilderness and about a deer. For Esau was Isaac's menu item, and after his feast on Esau's venison, Isaac would then bless him and give him his birthright. For Esau was born ahead of Jacob and thus was the older.

Hal Boyle Says:

What Symbols?

By HAL BOYLE. NEW YORK (AP) - Every age has its own symbols. Among the symbols of America's past that come readily to mind are the squirrel gun, the coonskin cap, the cigar store Indian, the cracker barrel and the red-bellied stove. Each is surrounded by the romantic aura of a bygone time.

Political Notebook:

Basic Flaw In Viet Plans

By BRUCE BROSSAT. WASHINGTON (NEA) - Though their proposals vary widely, the President's less cautious critics on Vietnam seem to agree on a central goal—getting him to force changes in a Saigon government they deem the chief road block to peace. Before examining these, one can dismiss as unlikely to gain much acceptance two kinds of plans, despite the fact that on such vocal occasions as the Oct. 15 Vietnam Moratorium day of protest many may be heard of them.

Domestic Comment:

War Critics: Beware Atrocities

By RAY CROMLEY. WASHINGTON (NEA) - The Oct. 15 antiwar protest is a prelude to what is being set up for mid-November. The "plan" has been for October to be peaceful. The November confrontations are scheduled to be rough. The preliminary meetings held thus far have been led by men who believe in violence as the way to get results.

BERRY'S WORLD

AWARDS for Americanism were presented by American Legion Post 259 of DeLary to area residents. Shown (l. to r.) with Post Commander Arnold Dodd (center) are John Dixon, Eileen Terry, Mrs. Elizabeth Moses, Glenn Smith, Mrs. Nancy Stillwell, William Keller, and Howard Middleton.

Radiation Studied In Color TV Sets

By FRANK MURRAY. WASHINGTON (AP) - The Federal Government plans to propose standards allowing emission of radiation from color television sets at a level five times higher than recommended by government scientists, it was learned today. Language in the proposal, signed by Chris A. Hansen, commissioner of the Environmental Control Administration, describes it as the lowest standard and now practical, but promises possible reductions in the future.

Bargain Counter.

Electric rates have gone down eleven times since 1957! In one sense, your electric meter is a gateway. Through it, electric power brings into your home dozens of comforts and conveniences, from air conditioning through automatic dishwashing. And almost as remarkable as the variety of ways in which flameless electric serves you is how little it costs. The average price paid per kilowatt hour by FPL-served families today is one-third less than it was in 1957.

Strikes And Spares

By JOHN A. SPOLSKI

Here's the good time today, folks. First of all, the many grinning smiling faces are a result of Bill Hemmell, of Hemphill Pontiac Buick, giving the "go-ahead" to sponsor their team.

And those two stalwarts of the hardwood... Doug Owens and Gil Flegar are in a most happy fetal mood because of the way they splintered our wood this past week.

Would the "real Doug Owens and Gil Flegar" please come back down to earth, Florida, just as recently as last week, was muzzling under his breath giving up this silly game, etc., etc.

If you were to talk to him today, the smile either he'd be smiling, bowing out as the next best thing to a (take your pick, folks...) Seriously, he shot a 230 and a 215 and he finished with a 600 series.

Naturally, Ray was referring to Doug Owens... who, when he's on is unbeatable. Thursday night in the Larry Reynolds Mixed League, both he and Flegar had their night to remember. Owens shot a 225, dropped just a little in his second game to a 210 and then "ran into" his loss for the finale with an inspiring 245. Add the two together and you'll see. It's 471, or a 235 average.

CHARLES PERKANY BOB HALL

You see, we mentioned ever so lightly, that when you're off, it seems like there just has to be some chewing gum stuck to the bottom of those pants. But, there are other things when the "padding" air" topsies timber.

Charles Perkany really brought the house down when he converted the extremely difficult 44-48 split. A moment or two earlier, there was a spontaneous round of applause for Perkany. Let's not forget the great night enjoyed by Big Daddy Gene Miller... came it was a bout of 224 (64). And Tommy Alexander started to show some of his striking power with an impressive 206 (25) (62) combined.

Here's another newcomer who'd like you to meet and make you aware of the fact that this past Saturday, he captured the weekly honors due those who compete for the Star of the Lanes recognition, speaking of Bill Harris and his 57 pin over average.

GOOD SPORTS!

YES! THAT'S WHAT YOU GET IN THE SANFORD HERALD! WHO GAVE US FLORIDA SPORTSMEN'S ASSOCIATION, THEY RATED OUR SPORTS SECTION SECOND IN THE STATE FOR OVERALL EXCELLENCE IN ITS CATEGORY. LIKE WE SAID, "GOOD SPORTS!"

Lyman Prepares For Toughest Encounter

By CHUCK GRILL Herald Sports Staff

LONGWOOD — Friday evening the Lyman football machine of 1968 took to Orlando to battle the Evans Trojans in what should prove to be the Greyhound's toughest match so far this year. This is Lyman's first Double A competitor of the "98" campaign and adding the facts that this Friday is the Trojan's homecoming game shapes up to be a real test for the Hoopoes.

This past Friday, Lyman whitewashed the Kissimmee Rowboys by 26-0 final mark. The Herald regrets a headline mistake on Monday's story indicating that Lyman beat the Rowboys 26-0.

The first half of the contest was not controlled by either squad exclusively but in the final half Lyman took possession. It marked victory number four this season and accumulated 30 yards for this athlete. Browne hauled straight through the Rowboys defense on an 82 yard first quarter gallop. Then, in the final period he broke loose again, blasting in 31 yards to another score. In between these runs he ground out an additional 80 yards on fullback maneuvers breaking tackle after tackle bringing his total to the amazing 200 yard mark.

Secondly, the defense for the most part boxed the Rowboys' specialist Wallace Brown in from causing real damage to the Longwood squad. Successively the Hoopoes trapped the Kissimmee seahawk behind the line of scrimmage throwing him for losses. Some sure open field tackles were also demonstrated by the Greyhound graders in the Silver Spurs Stadium.

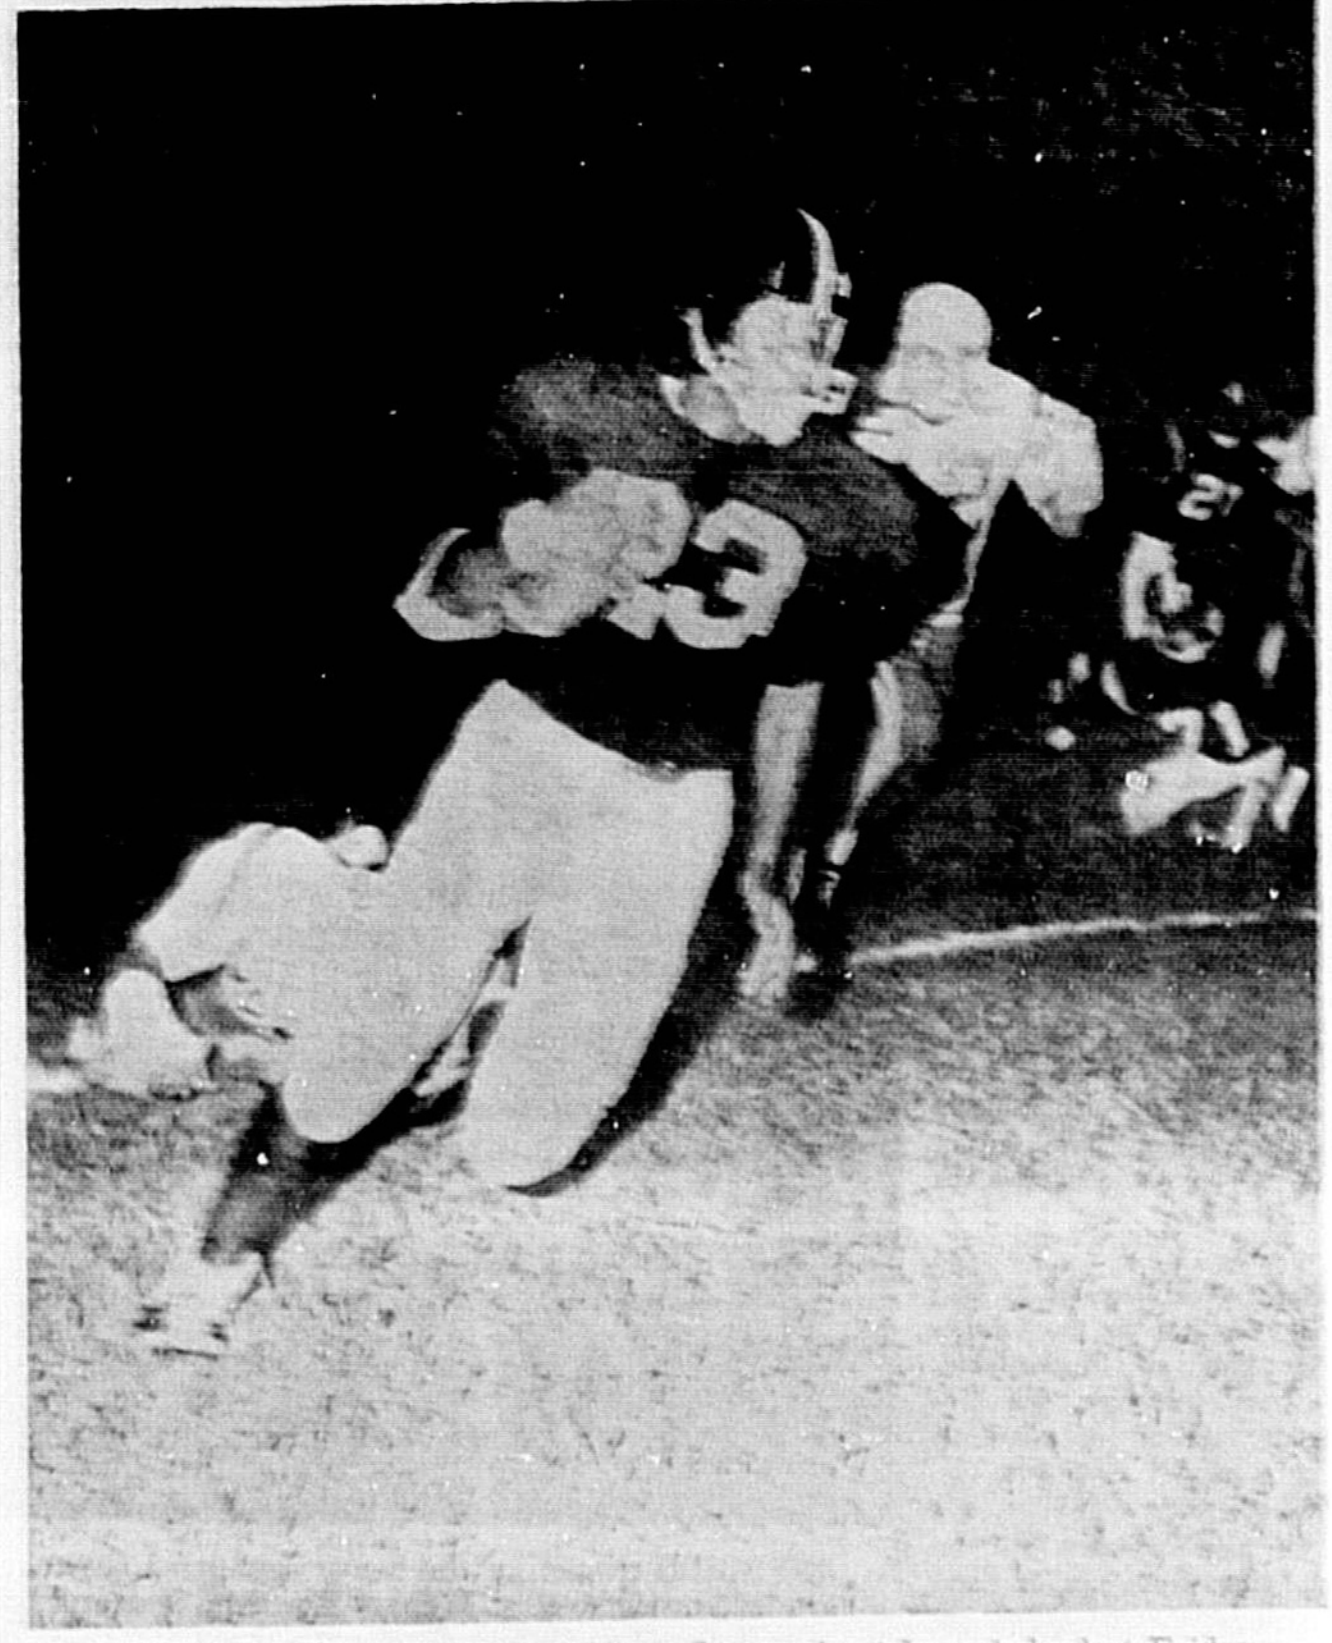

One situation though, that Lyman most definitely will be working on in the passing game is the Lyman's net passing attack earned 22 yards against the Rowboys in contrast to 31 net rushing. One aerial was completed out of seven attempts with three being intercepted. Coach Richard Cowland and his staff must work to solve this dilemma to put the Greyhound attack back in balance.

Even though the Longwood based squad has beaten their adversaries and rumors are being spread that the squad is one of the best in the state, the team has yet to impress in any match this year as much as last season's undefeated squad did at the same point in the campaign. Strong weaknesses are present and "blue and gold" corrections.

For starters, Rick Browne was very virtuous in Lyman's first three outings to little yardage expended in a barrage that accumulated 30 yards for this athlete. Browne hauled straight through the Rowboys defense on an 82 yard first quarter gallop. Then, in the final period he broke loose again, blasting in 31 yards to another score. In between these runs he ground out an additional 80 yards on fullback maneuvers breaking tackle after tackle bringing his total to the amazing 200 yard mark.

Secondly, the defense for the most part boxed the Rowboys' specialist Wallace Brown in from causing real damage to the Longwood squad. Successively the Hoopoes trapped the Kissimmee seahawk behind the line of scrimmage throwing him for losses. Some sure open field tackles were also demonstrated by the Greyhound graders in the Silver Spurs Stadium.

One situation though, that Lyman most definitely will be working on in the passing game is the Lyman's net passing attack earned 22 yards against the Rowboys in contrast to 31 net rushing. One aerial was completed out of seven attempts with three being intercepted. Coach Richard Cowland and his staff must work to solve this dilemma to put the Greyhound attack back in balance.

OVIEDO BACK tips around end for a long gain at Immoakale last Friday night. The Lions are preparing to meet powerful Winter Garden Lakeside this Friday night.

Oviedo's Birch Lost For Entire Season

By DOUG ANNE Herald Sports Staff

OVIEDO—Bad luck has hit the Oviedo Lions again as the team's star quarterback, Lynn Birch, sustained a broken thumb in Friday's game against Winter Garden Lakeside.

Birch sustained a broken thumb in Friday's game against Winter Garden Lakeside. The loss of Birch will probably alter the Lions on strict ground action. Joe Miller will replace Birch at the quarterback.

The Lions are preparing this week for the Winter Garden Lakeside game. The Lions will travel to Winter Garden this Friday with the contest scheduled to begin at 8 p.m.

Oviedo is working to prepare this morning that the Lions' main trouble in the Immoakale contest last Friday was that of bad field position as the Lions had an average of 70 yards to travel each time before hitting paydirt. Lefton reported to the Herald this morning that the Lions' main trouble in the Immoakale contest last Friday was that of bad field position as the Lions had an average of 70 yards to travel each time before hitting paydirt. Lefton reported to the Herald this morning that the Lions' main trouble in the Immoakale contest last Friday was that of bad field position as the Lions had an average of 70 yards to travel each time before hitting paydirt.

WHILE PITCHER Nolan Ryan soaks his finger in pickle brine, two other New York Mets relax before another game. Ryan says he soaks his finger before every game to avoid blisters.

SEC Headliner Sees 'Bama Playing Vols

By THE ASSOCIATED PRESS

Alabama Coach Paul "Bear" Bryant said the Crimson Tide put in a good practice Tuesday but none of the work was done at full speed.

Special emphasis has been placed on the Tiger defense for Saturday's battle against Georgia Tech in Atlanta, Jordan said.

Wilson Charges Griesse

By HUBERT MIZELL Associated Press Sports Writer

MIAMI (AP) — Quarterback Bob Griesse, almost a bystander at Miami Dolphins practice sessions for days, worked over time Tuesday to sharpen a passing offense unrecognizable here.

Mighty Mets Mash Orioles

By DICK COUCH Associated Press Sports Writer

NEW YORK (AP) — Tommie Agee's circus catches plucked the Baltimore Orioles' feathers in the third game of the World Series. Little Red Hershman has been picking their pockets from the start.

Hershman banded eight chances flawlessly as the Mets' sylvan Baltimore's big lefties again with solid defensive base ball. He personally disposed of the Orioles in the fifth inning by gobbling an three tricky ground balls and tossing out the side.

FOR VICTORY: Bill Kilmer's legs give a subtle hint of success as the New Orleans Saints' quarterback is opened in his quest for a touchdown.

Knicks Kick Sonics In NBA's Starter

By THE ASSOCIATED PRESS

NEW YORK (AP) — Having spoiled one National Basketball Association coaching debut Tuesday night, the New York Knicks are out to ruin another tonight. This one may be more difficult.

INSIGHT into White House activities for the past four decades was given to the Deltona Lions Club by Allen Powley, (right) who retired to Deltona after covering the White House news under five presidents. He is shown with Bert Eustace, Lions program chairman. (Mildred Haney Photo)

White House Scenes Told By Photographer

By MILDRED HANEY
 Allen Powley, of 1103 East Page Drive, Deltona, spoke at a meeting of the Deltona on White House activities during the past four decades, telling some of his Washington observations.
 Sent by Fox Movie News to the capital in March, 1929, to cover the inauguration of President Herbert Hoover, Powley expected to remain there no more than two weeks. Powley stayed on to cover the activities of five subsequent presidents — Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, John F. Kennedy and Lyndon B. Johnson.
 Although Powley left Fox Movie News in 1962 to join the ABC staff, he continued in a similar White House assignment for the next 12 years. In 1947, ABC television offered him the position of chief engineer of its Washington Evening Star outlet, and it was in this capacity that he was serving at the time of his retirement in March, 1967.

She Poses Question On Modeling Career

By JOYCE LAIN
 "Everyone says my 14-year-old granddaughter is a beautiful girl. All she talks about is becoming a model. What are her chances to become a top model?"
 Photographer's models are employed — primarily through modeling agencies — for advertising and editorial purposes. Generally, a less lean in both higher paid and more prominently employed than a fashion model. Employers include photographers, advertising agencies, magazines and studios. Two key points: Good fashion magazines to become professional at applying make-up; a model's portfolio pictures is her most important asset and selling tool so be prepared to invest money in good pictures of yourself. How can you find out if you're "pimped-out"? Ask a few-line photographer (or several) for an honest appraisal of yourself as a potential model.
 Fashion models frequently work full time, but some only do special fashion shows. Employers prepare designers, manufacturers and wholesalers department stores, custom sewers and other retail and specialty shops. You'll often have clerical duties in short sessions when you work for manufacturers or wholesalers. You have to be a quick-change artist and wear standard, and often small, sizes.
 Education. No formal requirements for many jobs but some require schooling at a little college. Art, speech, drama, dancing and seamanship courses are useful. The quality of modeling for charts work only part time, and free-lancers can be without bookings for weeks or months. Age 18 or 19 isn't too soon to begin, and over 25 is usually late. A model's working life is about eight years, and she's often considered to be an old hag by 28; however, a limited extent, some employers prefer mature models as well as those who can wear particular types of clothes — short, tall, stout. And a recent development is more use of real-life types and "funny faces."
 Most of the modeling scene is New York. Other major centers are Atlanta, Chicago, Detroit, Houston, Los Angeles, Miami and San Francisco, although urban areas have some

CROWNED queen by the Deltona Sportsman's Club at dinner dance at the community center was Mrs. Nora Wheeler shown with Herbert Packman, president, who officiated at the ceremony honoring her. She was cited for her efforts as chairman of the club's refreshment committee. (Mildred Haney Photo)

Campaign Mounting For Torrey Pines

LA JOLLA, Calif. (AP) — With less than four months to be successful, the Torrey Pines Association is seeking \$300,000 to save 1,500 of the last survivors of a line that has come down almost unchanged from the ice age.
 If the campaign fails, the 173 acres involved may fall to the bulldozers of commercial real estate developers.
 The world's only other known stand of the rare but rugged pines, with their strange 12-inch trunks, is on the island of Santa Rosa near Santa Barbara.
 Ed Butler, former San Diego city attorney, who heads the association, says the \$300,000 represents the last third of a \$900,000 goal which must be met to gain a state matching offer of \$300,000.
 A "Torrey Pines" was set up by Ed Fletcher Co., owner of a key 78-acre parcel of pines, which is selling its holdings to private developers. The Fletcher Co. has given \$100,000 in cash to the fund drive, provided a state park is formed.
 Major contributors in addition to the Fletcher firm have included individuals who donated land and an access road valued at nearly \$500,000.
 Some small contributions also have been made in the drive, which began two years ago.

Octogenarian Opines: Dresses Girls Wear Just Show Too Much

By MRS. R. B. ROBERTS JR.
322-5716

Daily view of birthday parties given for children, many who have just begun to tread the soil of this earth. These, we salute one who has spent many years here and eagerly awaits many more years to come. Today, Oct. 15, Mrs. Cora Rice of Midway, observes a 84th with her family which consists of one daughter, with whom she resides. Mrs. Rice is a member of the First Baptist Church of Midway.

The parents of Hopper Elementary School children are invited to the school for the last day of school for this week and the culmination of the National School Week.

Mrs. Rice, born in Madison, Fla., was married to the late Jeff Rice. For many years they resided in Deland and later moved to Sanford in 1945.

When asked about her educational background, she related to her daughter that "I went to a tiny school at the New Hope Baptist Church in Madison and I only went as far as the second grade."

"At her age, she is as wise as the average student of sixth grade," stated her daughter.

Mrs. Rice is a member of New Zion Baptist Church of Midway.

This octogenarian spends most of her time in bed or just sitting. However, this does not keep her from being observant of the many changes in our rapidly changing society.

"The children of today are not raised, they don't respect their elders, but they are more active than we were and the dresses the girls wear just show too much."

On the moon landing, before she saw it, she thought the most valuable player trophy he would have put him there. After the landing she said, "I just don't understand how they got there and I wonder what is going on up there now that they have made it."

Her only child, her daughter, adopted son, Albert Williams, of Rochester, and grandnephew, Albert Williams, of Tampa were recent visitors to her and wish her many more happy birthdays.

Also celebrating a birthday along with Mrs. Rice is her great-granddaughter, Shonda Renee, daughter of Mrs. Dorothy Bradley, who was six on Oct. 14.

Big Jim was once one of the Florida A and M Rattlers. Also visiting were Mrs. Johnnie Moore of Perry and Mrs. Roberta's brother, Roger Merrill of Detroit, Mich.

"Big Jim" Williams and wife, Lill of Tampa were recent weekend guests of Mr. and Mrs. C. Roberts.

Don't forget that this is nearing the end of the month of Oct. and the Westside Association is offering to pick up all unwanted items and trash just for the asking.

If you will put your trash out, it will be picked up for you free of charge. This is a community organization and everyone living on the Westside is asked to meet with this organization the second and fourth Wednesday of each month at the New Mount Calvary Baptist Church on West 12th Street at 8 p.m.

The remaining schedule is: Third week (Oct. 26) Olive to Roosevelt Avenue, North of 13th Street.

Fourth week (Oct. 27) Olive to Roosevelt Avenue, South of 13th Street.

DAVID L. HOWARD, completes basic training.

MRS. CORA RICE observes 84th and Shonda Renee her sixth.

 Where shopping is a pleasure

Q. What is the name of this cut of meat?
A. Beef Rolled Rump.

Q. Where does it come from?
How is it identified?

A. Comes from the beef round, a section of the hindquarter. The standing rump is boned, rolled and tied to make this modern, compact cut.

Q. How is it prepared?

A. By braising or by roasting (if of high quality). To braise, brown meat on all sides in 2 tablespoons lard or drippings. Pour off drippings. Season. Add a small amount of liquid. Cover tightly and cook over low heat until tender. Allow 2 to 4 hours total cooking time for a 3 to 5-pound cut. To roast, place meat, fat side up, on rack in open roasting pan. Insert roast meat thermometer so bulb is in center. Do not add water or cover. Roast in a slow oven (300°F. to 325°F.) to desired degree of doneness (140°F. to 170°F.).

THE FAMILY LAWYER

Picketing, it seems, has never been as popular as it is today. What is the law's attitude toward this widespread activity? In the first place, the right to picket has a firm foundation in the Constitution and is guaranteed by the Constitution. Picketing is a form of expression, calling the attention of the public to some grievance or some program. In this aspect, picketing is just as privileged as any other manner of speaking.

Take this case, for example:

Residents of a certain block decided to picket a new tavern that had opened nearby. Their signs bearing assorted slogans, expressed displeasure at having this kind of an establishment in their midst.

In short order the tavern owner, fearful of the effect upon his trade, went to court for an injunction. However, the court decided the pickets were within their legal rights.

"The carrying of signs," said the court, "is a natural and appropriate means of conveying information on matters of public concern." (The pickets) have simply chosen one means of expression rather than another."

But picketing does not consist of speech alone. It also involves action. And the speech aspect does not give any special immunity to the action aspect. Violence to pickets is just as unlawful as violence by anyone else. Pickets have no more right to block pedestrians than pedestrians have to block pickets.

Moreover, even in its speech aspect, picketing is subject to the same limitations as any other kind of communication. Words that are libelous, or statements that incite to riot, are just as unlawful carried on a picket sign as shouted from a soapbox.

In sum, then, the Constitution does guarantee the freedom to picket—but only within fair and reasonable guidelines. "The constitutional guarantee of liberty implies public order," said the United States Supreme Court, "without which liberty itself would be lost."

The Chesapeake and Delaware Canal, connecting the Delaware and Chesapeake bays, was built in 1829 and is still in use.

Attention: Family Hunter

By ALLEN CLAIR, NEA Food Editor

Burgundy onions make a fine dish to flatter the successful hunter. They go well with wild duck, pheasant, snipe or venison. For families who rely more upon the supermarket for food or game than the family hunter, the onions also are tasty with duck, goose, Bob, Cornish hen, herbed chicken and turkey.

This particular onion dish relies upon Idaho-Oregon grown sweet Spanish onions for its special flavor, since more pungent varieties are a bit too strong. The burgundy brings a special flavor to food much a vanilla does to cake, since the alcohol disappears in vapor when heat is applied.

BURGUNDY ONIONS
3 or 4-inch sweet Spanish onions
3 tablespoons butter
3 whole cloves
1/2 teaspoon salt
1 cup Burgundy wine

Cut off root end of each onion and peel back skin. Use stem end as handle and cut into 1/4-inch slices. Pack into quart measure until there are 2 rounded quarts. Separate slices into rings. Heat 3 table-spoons butter in Dutch oven, deep heavy frying pan or electric skillet. Add onion rings and toss with wooden spoon until coated with butter. Add cloves and salt. Cook over low heat until onions just start to brown. Add wine, cover pan and simmer about 15 minutes. Remove cover and cook until wine is reduced almost to a glaze. Serve. Makes about 6 to 8 servings.

GOLDEN TOUCH OF HOSPITALITY

By JANE ASHLEY

Homemade Pudding
Homemade chocolate pudding is a certain food choice. Make it all your own.

Chocolate Pudding
2 eggs milk
2 tablespoons cocoa
2 tablespoons sugar
2 tablespoons corn starch
1/4 teaspoon salt
1 egg, well beaten
1/2 teaspoon vanilla

Boil 1/2 cup of milk in double boiler top over boiling water. Mix cocoa, 2 tablespoons of the sugar, corn starch and salt. Add remaining 1/2 cup milk, then stir into milk. Cook over boiling water, stirring constantly until mixture is smooth and slightly thickened. Beat egg with remaining 2 tablespoons sugar. Slowly stir small amount of hot mixture into egg and sugar then pour all into double boiler top. Cook over boiling water, stirring constantly, until smooth and thickened, about 3 minutes. Remove from heat. Stir in vanilla. Cool before pouring into serving dish.

Society Workshop Planned

The Sixth Annual Workshop of the Southern Genealogical Exchange Society, Inc., a non-profit group, will be held Friday and Saturday at Sellers Auditorium, 516 Lomax St., on the St. Johns River in Jacksonville.

Outstanding visiting genealogists will be John Coddington, Bordentown, N.J., founding fellow of the American Society of Genealogists, former editor of National Genealogical Society Quarterly and an outstanding authority of genealogical research sources, and Mrs. Harry J. Morris, certified genealogist, author-editor, lecturer, at the August World Conference held in Utah.

Registration will begin at 9 a.m., Friday.

Bonnie Young Attends WSU

Miss Bonnie Young, daughter of Mr. and Mrs. Marshall J. Young of Sanford, is enrolled at Wisconsin State University-River Falls.

The university has a record enrollment of 4,119 this fall with students attending from 29 states from Alaska to Florida and 11 foreign countries.

William McKinley was the first U.S. president to use the telephone for campaigning purposes—in 1896.

Chocolate Marble Cake Good

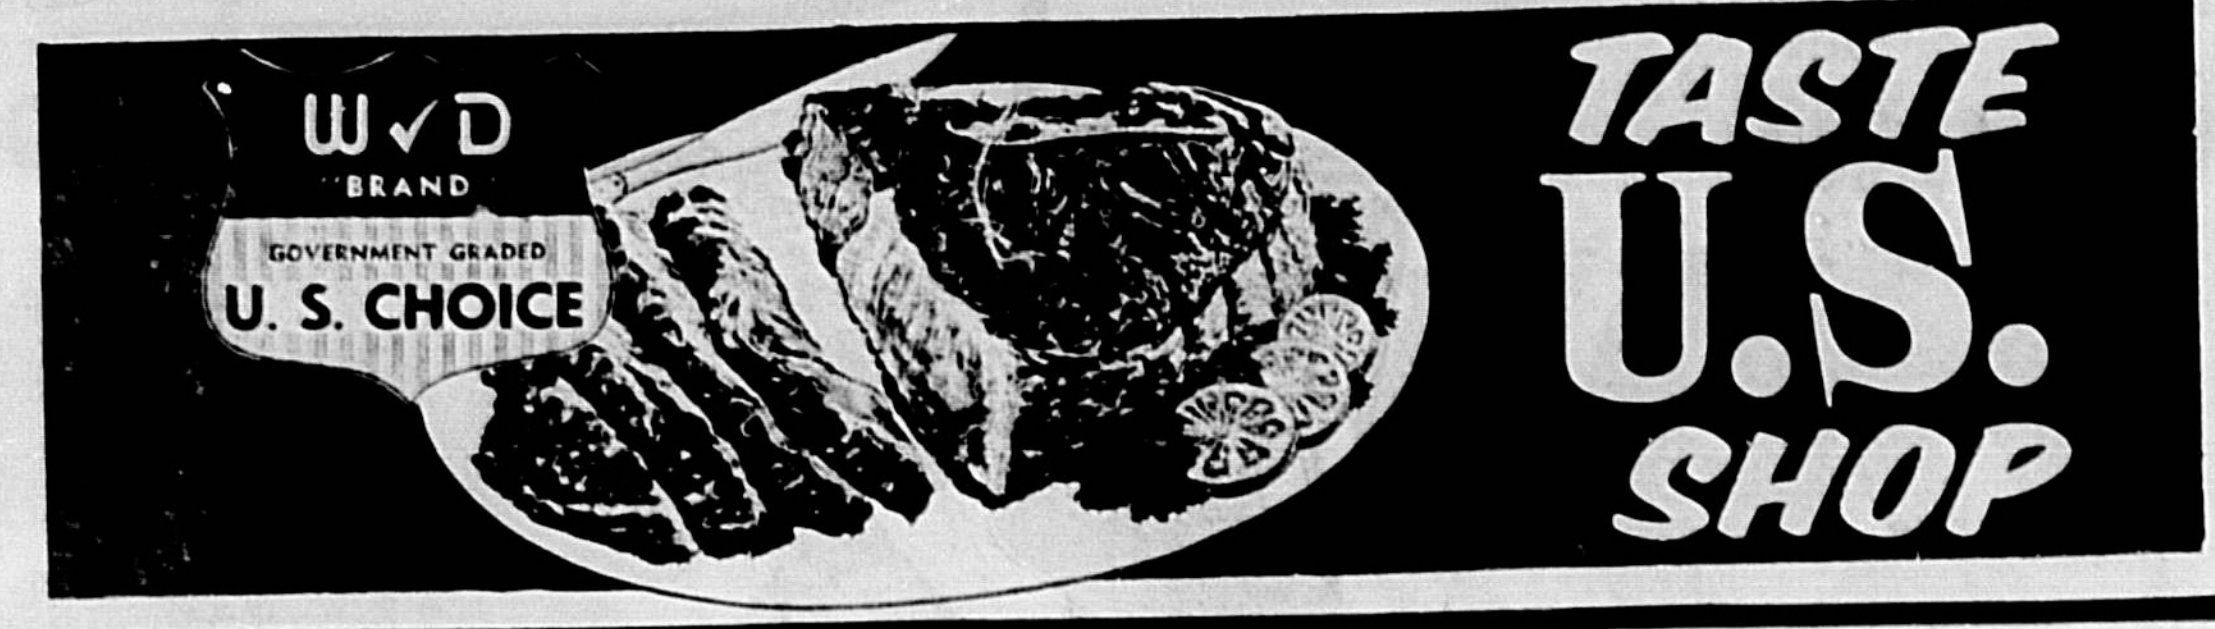

By Cecily Brownstone
Associated Press Food Editor
Since great-grandmother's time, chocolate marble cakes have been popular in American kitchens. So here comes something new on the same theme: a chocolate marble coffee cake with a delicious coconut topping.

This coffee cake is made the modern shortcut way—with packaged biscuit mix. It should take only about 15 minutes to prepare, and 30 minutes to bake.
When to serve this coffee cake? For morning coffee, for an after-school treat for the youngsters, for weekend company brunches when guests enjoy nibbling something sweet while they lounge over coffee.
COCONUT MARBLE COFFEECAKE
Coconut Topping, see recipe below
2 squares (2 ounces) semi-sweet chocolate
2 tablespoons plus 1/2 cup milk
2 cups packaged biscuit mix
1/4 cup sugar
1 large egg
2 tablespoons salad oil
Grease an 8 by 8 by 2 inch cake pan.
Prepare the Coconut Topping and set aside.
In a one-quart saucepan over low heat, stirring constantly, melt chocolate with the two tablespoons milk; remove from heat so mixture will cool slightly.
Into a medium mixing bowl turn the biscuit mix, sugar, 1/2 cup milk, unbeaten egg and salad oil. With a spoon beat vigorously for about one-half minute. Pour half of this mixture into the saucepan with the melted chocolate; stir to blend well. Alternately spoon chocolate mixture and remaining biscuit mix mixture into prepared pan, with a fruit can through batter.
Sprinkle batter with the Coconut Topping.
Bake in a preheated 400-degree oven until a cake tester inserted in the center comes out clean or top is browned—about 30 minutes. If top browns too much before coffee cake has baked through, lightly place a sheet of foil over top.
Place coffee cake in pan on wire rack until just warm. Cut into squares. With a wide spatula, remove, serve at once.
If you like, you may serve the coffee cake cold. Makes about nine servings.

COCONUT TOPPING
1 tablespoon butter
3/4 cup flaked coconut
1 tablespoon sugar
1 teaspoon cinnamon
In a small saucepan or skillet over low heat melt the butter; remove from heat. Stir in the coconut, sugar and cinnamon.
COCONUT MARBLE COFFEECAKE MUFFINS
Use the Coconut Marble Coffeecake recipe. Alternately spoon chocolate and plain batter into greased muffin pans, filling half to two-thirds full. Bake in a preheated 400-degree oven for 12 to 15 minutes.

Fishing Club Changes Date Of Meeting
A change in date and location of meetings was decided by the DeBary Fishing Club at the regular meeting held at the Fireman's Recreation Hall. Meetings will be changed to the first Wednesday of each month starting at 7:30 p.m. Nov. 5, at the DeBary Community Center.
Honorary life memberships in the club were voted to Howard Middleton, Sanford Herald photographer, and Sid Porter of the Orlando Sentinel.
Gordon Bennett of Tequesta spoke on fishing on the St. Johns River and Elmer O. Thompson showed a film on "Fishing the Middle West."
Preliminary discussion of a joint deep sea fishing trip with the DeLand Community and Tourist Club and the DeBary Government's Club was led by Joe Bittner and Ted Leigh.

IT WAS FIRST
New Hampshire was the first of the 13 original colonies to form a government entirely free of England. It held a congress on Jan. 4, 1776, and the document was used until a permanent constitution took effect in 1784.
The first Catholic Cathedral in the U.S. was the Basilica of the Assumption of the Virgin Mary, built in Baltimore, Md., in 1793.

King Crab Fine For Quiche

By Cecily Brownstone
Associated Press Food Editor
Dear Cecily: I'm having a luncheon for half a dozen of the girls. What should I serve? Please don't suggest a dish for which all the preparation has to be done at the last minute.
Merrilee Haines.

Dear Merrilee Haines: The girls, whether they're eight or eighty, should enjoy a Crab Quiche. Its crust is deliciously flaky, its filling a delightful combination of cheese-flavored custard and elegant king crab. And you can make up the pastry, roll it out, fit it into a pie plate, cover and refrigerate the day before your luncheon. Then, shortly before your guests come, you can prebake the pie shell and mix the filling ingredients. About half an hour before serving, you can add the filling to the cooled prebaked shell. While the quiche is in the oven, you can relax with your guests. Serve the quiche with a tossed salad and follow with fruit and coffee for dessert.
C. B.

CRAB QUICHE
1 can (7 1/2 ounces) Alaska King crab or 1/4 pound frozen Alaska King crab
2 tablespoons lemon juice
Butter pastry, see recipe below
1 egg
1/4 cup commercial sour cream
1/4 cup milk
1/2 teaspoon salt
1/4 teaspoon dry mustard
Dash of cayenne
1 cup grated medium fin Swiss cheese
1 tablespoon chopped chives
1 cup grated medium fine If desired
Drain crab and slice into large pieces. Sprinkle with lemon juice.
On floured pastry cloth with floured stock-and-covered rolling pin, roll pastry 1/4 inch thick; fit into a nine-inch pie plate and flute edge. Thoroughly prick bottom and sides of pastry with fork. Bake in preheated 400-degree oven for 10 minutes; cool. Lower oven temperature to 325 degrees.
In a small mixing bowl, beat eggs just until yolks and whites are combined. Add sour cream, milk, salt, mustard and cayenne; beat to blend. Stir in cheese, chives and crab, including lemon juice. Turn into pie shell, distributing crab evenly.
Bake in preheated 325-degree oven until a knife inserted in center comes out clean—30 to 40 minutes. Cut into wedges. Serve at once. Makes six servings.
NOTE: If pastry becomes once or twice while it is baking until the filling, prick each time with fork tines and press down gently with back of fork. A nine-inch flan tin may be used instead of a pie plate.
BUTTER PASTRY
1 1/2 cups sifted flour
1/4 teaspoon salt
2 tablespoons hard chilled butter
2 tablespoons shortening
3 to 5 tablespoons ice water
In a medium mixing bowl sift together flour and salt. With a pastry blender cut in butter and shortening until the size of small peas. Gradually sprinkle with ice water and toss with a fork; shape into a ball. Cover tightly and chill for three hours or more before rolling out.

DeBary 4-H Club Elects
At a recent 4-H club meeting in the DeBary Community Center, the following officers were elected: Sheri Potter, president; Mark Thout, vice president; Cheryl Walaas, treasurer; Ruth Gilmore, secretary; Christy and Ricky Potter, recording secretary; Lisa Langhin, county representative, and Sally Thout, reporter.
The leaders are Mrs. Paul Thout and Mrs. Janet Potter. Meetings are every other Monday at 7 p.m. Members celebrated National 4-H Week last week. Their project is Citizenship for the Girls and Safety for the Boys.
They are participating in the Volusia County Fair Oct. 23 to Nov. 1 and among other things planned they will have displays.

Many Blind
HYDERABAD, India (AP)—There are more than 4.8 million blind people in this nation of 300 million, according to Andhra Pradesh health minister Mohammed Ibrahim Ali Anwar. He said the main causes of blindness are malnutrition, smallpox, and injuries.
