## EMERGUE STATES GERMANY MUST SHOW GOOD FAITH BEFORE TREATY PLAN GOES INTO EFFECT

Must be Shown  
Absolute Facts  
And Not Promises  
Says New Executive

Emphatic Stand Is  
Taken in Speech

France Can't Give Up  
Control or Right of  
Power in Germany

PARIS, June 17.—Gaston  
Berger, France's new  
minister, in his first message  
to parliament today declared  
that France would not  
sign any treaty until she  
was satisfied that Germany  
was putting into effect, must  
show her good faith. Such  
a treaty, he insisted, must  
be based on facts and not  
on promises and engagements  
without assurance of fulfill-  
ment.

France's conciliatory spirit  
is sincere and indisputable  
but, "cannot go so far as  
to let the lessons of the past."  
The president laid stress on  
the fact that France could not  
let her own power nor the  
power which she has won  
to exercise over Germany,  
be given up. He said that  
a group of newspaper men  
had made a declaration  
of a ministerial declaration  
to the effect that the president's  
policy "will be fairly long but  
not precise."

He wished the parliament to find  
a way to accord its confidence  
to the president's policy.  
The semi-official resume of the  
speech of the Herriot ministry's  
policy, given out by the  
Foreign Office, says the  
principal points are:  
1. The policy is  
the realization of the peace  
by means of the peoples and  
the extension of the role of  
the League of Nations.  
2. The League of Nations  
bureau and The Hague  
Court.  
3. The re-establishment of normal  
relations with Russia.  
4. The acceptance without reservations  
of the experts' report, with main-  
tenance of the occupation of  
the Rhine.  
5. The maintenance of the  
guarantees provided  
by the League of Nations  
and handed over to  
international organizations  
qualified to administer them.

6. The assumption of the control  
of the disarmament and  
the problem of security  
by the League of Nations  
and the League of Nations  
authority.  
7. The maintenance of  
the League of Nations  
policy.  
8. The maintenance of  
the League of Nations  
policy.  
9. The maintenance of  
the League of Nations  
policy.  
10. The maintenance of  
the League of Nations  
policy.

11. The maintenance of  
the League of Nations  
policy.  
12. The maintenance of  
the League of Nations  
policy.  
13. The maintenance of  
the League of Nations  
policy.  
14. The maintenance of  
the League of Nations  
policy.  
15. The maintenance of  
the League of Nations  
policy.

16. The maintenance of  
the League of Nations  
policy.  
17. The maintenance of  
the League of Nations  
policy.  
18. The maintenance of  
the League of Nations  
policy.  
19. The maintenance of  
the League of Nations  
policy.  
20. The maintenance of  
the League of Nations  
policy.

## THREE OFFICERS WHO LOST LIVES ON MISSISSIPPI

Here are the three young officers aboard the United States warship Mississippi who lost their lives in the explosion which killed 45 others. From left to right they are: Lieut. Thomas E. Zellars, of Grantville, Ga.; Ensign W. G. McCrea, of Reveno, Pa.; and Ensign Marcus Erwin Jr., of Asheville, N. C.

## NOTE TO JAPAN FORWARDED BY UNITED STATES

Text of Answer to Protest Against  
Exclusion Act Is Not Made  
Public for Time Being.

WASHINGTON, June 17.—The  
reply of the Washington govern-  
ment to the protest made by Japan  
against the Japanese exclusion  
act of the new immigration law  
was sent on its way to Tokyo  
Monday night by Ambassador Han-  
hara, who had received it during  
the day from Secretary Hughes.  
The text was withheld from pub-  
lication until such time as a simul-  
taneous announcement can be made  
in Tokyo and in Washington, prob-  
ably Thursday. American news-  
papers were asked to refrain as a  
patriotic duty from attempting any  
forecast or description of the note  
in advance of its being officially  
made public.

Translating Document  
Officials at the Japanese em-  
bassy were set to work translating  
the document into diplomatic code  
as soon as Ambassador Hanhara  
returned to the embassy from his  
visit to the state department and  
sections of the note were started  
over the cables several hours later.  
While no announcement was  
made at the embassy or state de-  
partment, it was learned from re-  
sponsible sources that Ambassador  
Hanhara would depart from Wash-  
ington "on leave" about July 17.  
His departure ostensibly  
was for the purpose of permit-  
ting him to make an official  
report to his government regard-  
ing the immigration situation.  
It was reiterated that the ambas-  
sador has never resigned his post  
nor been recalled by his govern-  
ment.

Anti-U. S. Agitation  
TOKIO, June 17.—While anti-  
American agitation is showing  
definite signs of subsidence in  
Tokyo, it is continuing very actively  
in other cities of the empire.  
Yokohama has been the scene of  
frequent and bitter demonstra-  
tions. As a protest against the  
Japanese exclusion measure passed  
by the American congress, 2,000  
Yokohama longshoremen have  
agreed not to handle goods shipped  
there from the United States, bar-  
nards have agreed not to deal with  
Americans and school children, in-  
cluding those in institutions main-  
tained by American mission work-  
ers, are agitating against the ex-  
clusion act.

American motion picture films  
and foreign styles of dancing are  
targets for attack in Kobe and  
Osaka by self-styled "patriots."  
The concerted movement for a boy-  
cott of American films, launched  
by Tokyo theatre owners, has  
broken down, however, in Tokyo  
and in western cities. Native pro-  
ducers of motion picture films here  
are continuing their boycott agita-  
tion, but none of the largest local  
theatres, the Chiyodakan and the  
Nipponkan have reaffirmed their  
determination to continue to show  
American-made films after this  
month.

A marked increase in sales of  
anti-American literature is report-  
ed by Japanese book dealers, ac-  
cording to the vernacular news-  
papers.

## Interest in Third Party Is Growing

WASHINGTON, July 17.—A  
conference for progressive  
political action, whose convention  
in Cleveland July 4 is ex-  
pected to nominate LaFollette  
for President, in a statement  
made today declared that or-  
ganizations have been effected  
in 24 states with the number  
growing almost daily. Activi-  
ties of the conference are said  
to have been stimulated by the  
delegation at the Cleveland con-  
vention and the nomination of  
LaFollette and his  
Dawes as a running mate for  
Coolidge.

## Dead Man's Hand Fired Shot That Nearly Hit Ship

SAN PEDRO Calif., June 17.—  
Evidence given the naval court  
yesterday pointed at lack of air  
pressure in the gun mechanism as  
the cause, or at least one of the  
causes, of the explosion aboard the  
United States ship Mississippi  
Thursday when 48 men were killed.  
Walter Ebel, turret captain of  
turret No. 3 of the Mississippi, cor-  
roborated the evidence Saturday of  
Francis Majewski, plug-man in  
turret No. 2, when the blast oc-  
curred, that the air pressure to  
clean out the gun barrels between  
shots and to close the gun breeches  
was weak.

The Result  
The result of this, according to  
gunnery experts, might have been  
to leave flaming or smouldering  
particles in the gun barrels, which  
would ignite the new charges of  
TNT as they were rammed home.  
Ebel said:  
"Just before commencement of  
firing, I noticed 120 pounds of  
pressure on our indicator, which should  
be registered 150 pounds."  
He called the air compressor and  
asked for 150 pounds, but after the  
second salvo it continued to de-  
crease until at the end of the  
twelfth salvo it showed only 110  
pounds.

Passing for a moment from the  
investigation of the case of the  
fatal Harabuck, the court next  
heard George C. Ogletree, police  
party officer who helped to carry  
the dead from number two turret.  
He cleared up all question of  
what caused the second gun in the  
turret to let go four hours after  
the first blast, when the ship had  
reached this port.

Dead Man's Hand Fired Shot  
A dead man's hand, as the body  
was carried from the turret swung  
against the switch and fired the  
shot that nearly hit the passenger  
ship Yale as she was putting out  
of port, Ogletree said.  
Ogletree testified that he entered  
the turret in the first rescue party  
and was assisting in the removal  
of the dead. He said that he and  
his comrades were removing the  
body of a sailor whom he could not  
recognize.

## SECOND DAY OF PAY UP DRIVE SHOWS SUCCESS

Business Men Declare That Move-  
ment Is Stimulating Business  
and Putting Much Money  
Into Circulation.

The second day of Sanford's  
"Pay-Up" campaign shows even  
better results than the first day  
which this bears out the declara-  
tions of some business men made  
Monday when they predicted that  
more and more interest would be  
taken in the movement as the  
week progressed.

Statements were to be heard on  
all sides throughout the day  
relative to the success of the cam-  
paign thus far. Already hundreds of  
dollars have been received on back  
accounts by the several merchants  
who have joined the movement to  
"square accounts."

A review of the situation made  
by representatives of The Herald  
this morning revealed the fact that  
everyone who was interviewed is  
well satisfied with the results ob-  
tained thus far. All of the busi-  
ness men expressed their surprise  
at the opinion that it will  
mean more to the city than any  
other one undertaken that could  
have been started at this time.

Coming as it does at a time  
when business is presumed to be  
languishing in anticipation of a dull  
summer season, it is believed that  
the campaign has caused to be put  
into circulation more money than  
ordinarily would have been if the  
campaign had not been put on.  
That this fact creates a better sit-  
uation through out the business  
section, is the statement made by  
those in a position to know.

The Sanford Hudson-Exsex Com-  
pany reports that they have re-  
ceived payments on notes that are  
not yet due and that more are com-  
ing in, and promises made for other  
notes during the week is up. Ed  
Randal said that the success of the  
campaign has been all that could  
be asked thus far. Many accounts,  
both of long standing and others  
not so old, have been paid up dur-  
ing the past two days, he said.  
Frank Markwood of McKinnon-  
Markwood Company, declared that  
he was well pleased with the re-  
sults of the campaign. Monday  
and this morning were both good  
days, said Mr. Markwood. He fur-  
ther stated that the firm had few  
outstanding bills of long standing  
and that some of these had already  
been paid while the current bills  
are coming in fast.

## DEMOCRATS IN READINESS FOR CONVENTION

Many Party Leaders Have Al-  
ready Arrived in New York  
While Others Are Expected  
to Arrive Tomorrow or  
Wednesday—Ralston and  
Davis Loom as Formidable  
Dark Horses While Mc-  
Adoo-Smith Fight Continues

NEW YORK, June 17.—Demo-  
cratic leaders from all parts of the  
country are here or on the way  
ready for the week of political  
maneuvering which will precede  
the national convention.  
Cordell Hull of Tennessee, chair-  
man of the Democratic national  
committee; Homer S. Cummings of  
Connecticut; J. Bruce Kremer of  
Montana; Norman E. Mack of Buf-  
falo; George White of Ohio and  
Burt New of Indiana, are among  
the leaders already here, while W.  
J. Bryan is expected to arrive later  
in the day. By Wednesday other  
figures in Democratic ranks will be  
here, including William G. McAdoo,  
George E. Brennan of Chicago, Illi-  
nois Democratic chief, and Ed-  
ward Moore of Youngstown, Ohio.  
Governor Smith came from Albany  
last week to stay until after the  
convention.

It is said that Cummings will  
be given the chairmanship of the  
committee on resolutions which  
will draft the party's platform. It  
is designed to make this, reports  
have it, a brief document.  
Davis and Ralston  
Most of the dark horses or the  
leaders of their hopes are expected  
to be in the city by mid-week. Looming  
in the forefront of these Monday  
are the names of John W. Davis,  
former ambassador to Great Brit-  
ain, and Senator Ralston of  
Indiana.

Sentiment favoring the choice of  
Mr. Davis as the Democratic candi-  
date has been the most marked  
feature of the convention. A dead-  
locked convention was reported to  
be growing awfully. He is credited  
with the assured support of his na-  
tive West Virginia and with grow-  
ing strength in Ohio, Indiana and  
Missouri, besides being the second  
choice of the considerable number of  
southern and western delegates.  
Charles A. Greathouse, secretary  
of the Democratic national com-  
mittee, and Meredith Nicholson,  
novelist, are here in the interests  
of Senator Ralston's boom, which  
is the most serious rival of Davis.  
Frank Markwood of McKinnon-  
Markwood, Democratic national com-  
mittee man, and Indiana leader, is  
due in the city Wednesday.

No Flare to Ralston Boom  
The Ralston boom to be a thing  
of unprecendented quiet, Mr. Nichol-  
son said, declaring it will have no  
brass band accompaniment. He de-  
clares that the senator's name will  
not be presented formally to the  
convention and that he may not re-  
ceive all of the 30 votes of In-  
diana on the first ballot. There will  
be no Ralston posters and no Ra-  
lston buttons, Nicholson said, but  
the senator will continue as a dark  
horse candidate to the last. A pam-  
phlet briefly outlining Senator Ra-  
lston's career was prepared for gen-  
eral distribution. Mr. Nicholson  
said but was suppressed at the  
senator's request.

"I doubt if 100 copies got out,"  
Mr. Nicholson said. "It should be a  
rarely for collectors."  
Charles Boeschstein, Chicago  
committee man from Illinois, start-  
ed Monday to find 100 additional  
hotel rooms for the use of his dele-  
gation. The Illinois delegation al-  
ready have 100 rooms reserved.  
In Full Swing  
The pre-convention tide of Demo-  
cratic party leaders was in full  
swing toward New York Monday.  
With it came definite indications  
that the first big battle of the  
Madison Square Garden session  
opening a week from today, would  
be over the question whether two-  
thirds or majority rule should pre-  
vail.

McAdoo leaders made no secret  
of the intent to attempt to im-  
pose adoption of the majority rule.  
They declared that if they could  
muster enough votes to impose  
their will on this question, they  
have the delegates to nominate  
McAdoo for the presidency on the  
first ballot, or soon thereafter.  
Governor Smith and his cam-  
paign managers are known to be  
opposed to majority rule and are  
optimistic of their chances of de-  
feating any attempt of the McAdoo  
men to inaugurate it.

Prospects of an initial test of  
strength on this question has ele-  
vated to a position of first impor-  
tance the chairmanship of the rules  
committee, causing it temporarily  
to outtake the chairmanship of the  
committee on resolutions and plat-  
form, which heretofore has been  
the relief topic of speculation, next  
to the prospects of the two leading  
candidates, McAdoo and Smith.

## Communist Meeting Largely Attended

MOSCOW, June 17.—Sixty  
countries including the United  
States, Mexico, Canada and  
South America are represented  
in the fifth congress of the in-  
ternationale, which opens to-  
day in Moscow, opens here  
here. This year's convocation  
of the organization was found-  
ed by Lenin, Zinovieff and  
other bolsheviks in 1919, when  
communism was scarcely more  
than an experiment and has  
brought thousands of representa-  
tives from every inhabitable  
part of the globe. America's  
delegation comprises 10 youth-  
ful communists.  
There was no brass bands, no  
press gallery, no delegations to  
boost favorite sons and no wo-  
men in the galleries. Nor was  
there a microphone to carry the  
voice of the orators for the  
average Russian peasant has  
never seen a radio set.

## CONSTRUCTION OF WATERWORKS SYSTEM RUSHED

City Officials Ready to Take Over  
Waterworks Plant Recently  
Purchased From South-  
ern Utilities Company.

"The city officials are ready to  
take over the waterworks plant  
when the deal is completed," said  
City Manager W. B. Williams this  
morning, "and intend to make a  
success out of the city's purchase  
of it. Although the city is not al-  
ready in possession of the present  
plant, we are going ahead with the  
work on the new plant and the lay-  
ing of mains as rapidly as possi-  
ble."

To date the city has received 40  
carloads of pipe, or water mains,  
and these are being laid where the  
need for water is greatest. The  
bulk of the mains already laid are  
within the bounds of Sanford and  
French Avenues and First and  
Thirteenth Streets, it was learned.  
"When the city takes over the  
waterworks," stated Mr. Williams,  
"work will be started on the lay-  
ing of mains in the outlying sections  
where, at present, the water supply  
is very poor, where there is no  
water supply at all. It is expected  
this will greatly lessen the rate of  
insurance, on account of fire lia-  
bility, and at the same time will  
give the people in such neighbor-  
hoods a clean and adequate supply  
of water."

"In the past few weeks 10,000  
feet of water mains have been laid,  
and this is a very small part of the  
system as outlined for Sanford,"  
said Mr. Williams, "for it will take  
about six months to lay all of the  
pipe at the rate at which the work  
is very progressing. It is under-  
stood that when the new system is  
completed Sanford will be the  
owner of one of the best plants of  
this kind in the state."  
Mr. Williams further stated that  
"the new power house should be  
completed within 30 days, but it  
will take about six months to get  
all of the machinery installed and  
working properly. The excavations  
for the reservoir are practically  
finished and the framework and  
molds for the pouring of the con-  
crete are being put in place."

The new plant is being con-  
structed at French Avenue and  
Thirteenth Street on the property  
purchased for that purpose several  
months ago. Mr. Williams says that  
he is pleased with the manner in  
which the work is progressing. He  
adds that work on the construction  
of the tank and tower would begin  
within 30 days.  
"A series of wells are being  
driven on French Avenue between  
the city limits and the Orlando  
road from which the supply of  
water will be taken," he said.  
(Continued from page 4.)

## Kiwanis Baseball Team Is Ready for Game With Orlando

It's "all aboard for Orlando" on  
Thursday afternoon, declared San-  
ford Kiwanians, who will journey  
to the "City Beautiful" to engage  
in a little baseball argument with  
the nine that represents the club  
of that city. That it will be a hot  
contest is the assurance of mem-  
bers composing the Sanford team.  
Secret practices have been held  
throughout the week while the lo-  
cal team has been going through  
strenuous workouts preparatory to  
its engagement with the much  
outed Kiwanis team of Orlando.  
No information could be learned of  
the strength of the Sanford team,  
but if the word of one of its mem-  
bers is worth anything, the line-up  
of the team will be one which will  
be well able to stack up with its  
opponents.  
Plans are now that the players  
and rooters will depart from San-  
ford at 2:30 o'clock on the eventful after-  
noon. Following is the tentative  
line-up of the team:  
Overlin, catcher; McCall, pitcher;  
Lloyd or Berg, first base;  
Hutchinson, second base; Bebout,  
shortstop; Steele, third base;  
Hansen, left field; Byrd, center field;  
and Gardner, right field.  
It was announced this morning  
that one-half of the gate receipts  
will come to the Kiwanis club.  
A large crowd is expected to show  
up to Orlando to witness the contest.

## LOCAL MASONS MAKING PLANS TO BUILD HOME

Handsome Home to  
Be Constructed of  
Brick and Will  
Cost About \$25,000  
Will Start Work  
in a Short Time  
New Lodge to be Built  
On Property Across  
From Court House

A handsome two-story  
brick Masonic home will be  
erected soon by the Sanford  
lodge, it was announced Tues-  
day by Ed Randall, most  
venerable master of the organiza-  
tion. Tentative plans of the  
organization call for work to  
begin on the new structure  
about September 1. It will cost  
approximately \$25,000 and  
will be constructed on the  
lodge's lot on Park Avenue across  
from the court house.

At the present time the lodge is  
in the midst of a campaign to  
raise funds for the new building.  
Although the campaign has been  
under way less than a week and  
comparatively few of the members  
have been seen, the sum of \$15,000  
has already been raised toward  
the building. It was announced by  
Mr. Randall.

The drive will be a success,  
seems assured, declared Mr. Ran-  
dall, who stated that it is expected  
that the sum of \$25,000 will be  
largely over-subscribed.  
At the present time the lodge  
occupies rooms over the Miller  
Furniture Store at Madison  
Avenue and Second Street. It  
had these rooms for four years,  
having leased them in 1920. It was  
during the year before that the  
lodge purchased its property on  
Park Avenue. The property is  
at that street of 88 feet. Plans  
were started this year for the  
erection at some future date on  
that property of a home for the  
lodge.

A small building fund was raised  
and with this as a nucleus the  
growth during the past four years  
until now the members feel that  
it is time to start building opera-  
tions. Plans for the campaign and for  
the erection of the new home are being  
handled by two committees, the  
building committee and the finance  
committee.

On the first committee, A. F.  
Conely is serving as chairman  
with the following as members:  
John Munson, A. J. Leasing, W. M.  
Haynes and W. C. Hill. John Munson  
is chairman of the finance commit-  
tee and other members are Sandy  
Anderson, James Moughtin, John  
D. Jinkins and D. S. Babbitt. R. E.  
Chapman is treasurer of the build-  
ing association.

In outlining the plans to a repre-  
sentative of The Sanford Herald,  
Mr. Randall stated that the new  
building will be two stories in  
height although its walls will be  
built to take care of two additional  
stories when the lodge is in need  
of them. The first floor will be  
used as a store room, space which  
the second floor will accommodate  
the following division of the  
Masonic order: Master Masons, Ex-  
alted Rulers, Commandery, Eastern  
and DeMolay.

The new building will be modern  
in every respect and will be  
greatly to the appearance of the  
part of the city. It is expected  
that the city is in a position  
When the city's growth warrants  
it, the lodge will construct two  
additional stories. It was further  
announced that such steps will be  
taken as to  
In the mean time no plans have  
been drawn as yet but as soon as  
the drive is completed, which will  
probably be within the next few  
days, architects will be employed  
and work will begin immediately  
upon them to have them completed  
in order that the construction will  
begin not later than September 1.  
In raising funds for the new  
association the lodge is issuing  
bonds of the denomination of \$500  
and each bearing interest at  
rate of 6 per cent. Each member  
is being asked to buy at least one  
of them and as many more as  
possible. Several members have  
already purchased \$500 worth of  
bonds.

# PAY UP WEEK, June 16th to 21st

## "KEEP Your Credit GOOD"

FOR MORE INFORMATION CONCERNING PAY-UP WEEK ASK ANY OF THE BUSINESS CONCERNS CO-OPERATING IN THE MOVEMENT. THEIR NAMES APPEAR ON THIS PAGE.

DO YOU WANT SOMETHING?

HAVE A PART IN MAKING GOOD BUSINESS CONDITIONS BETTER. EVERY DOLLAR YOU PAY WILL KEEP PASSING FROM HAND TO HAND AND IN ALL PROBABILITY WILL COME BACK TO YOU QUICKLY.

## "You Want Your Money When Due-- --So Does the Other Fellow"

WHEN you buy goods or service on "open account"—the seller is demonstrating a friendly trust in you—by extending credit. When you pay promptly, you prove this trust was rightly placed.

WHEN you do not meet your obligation as mutually understood, you are not only abusing this friendly confidence—you are retarding the whole commercial cycle—for you embarrass the seller in his efforts to meet his obligations promptly.

THE whole credit idea is interwoven. It can only be continued to the degree that all of us meet our obligations promptly.

BE WITH THE MAJORITY—PAY UP AND KEEP YOUR CREDIT GOOD.

#### BIBLE THOUGHT FOR TODAY

**HOW TO ESCAPE FROM EVIL:**  
—Because thou hast made the Lord which is my refuge, even the Most High, thy habitation; there shall no evil befall thee, neither shall any plague come nigh thy dwelling. For he shall give his angels charge over thee, to keep thee in all thy ways.—Psalm 91:9-11.

#### UNTIL WE SEE

We are all blind until we see, that in the human plan nothing is worth the making, if it does not make the man, why build these cities gloriously if man unbuilded goes? We build the world in vain unless the builder also grows.—Edwin Markham.

Things to worry about: The world's most costly knife has seventy-five ornamental blades.

Three-fifths of Great Britain's war widows have remarried. Out of a hundred fifty thousand only sixty thousand remain single.

Today is election day. Have you voted to put Seminole schools on a level with those of the highest rank elsewhere?

Sanford Legion Post was host Monday to over one hundred legionnaires from all over the State. Come again, buddies, we enjoyed having you with us.

"Thin ankles mean weak knees" and tiny brains," avers Paul Poirer, French fashion director. If that holds good, some women should have enough brains for several people.

"Pay-Up Week" in Sanford is a success. Many persons are cleaning up old accounts and getting straight with the world. Thousands of dollars were turned loose the first two days of the campaign.

On Thursday afternoon at Orlando the Sanford Kiwanis Club will try to play better baseball than the Orlando Kiwanis Club. It should provide an interesting afternoon for many Sanford people.

Statistics given out by the census bureau on the last day of 1923 show that Uncle Sam is worth \$320,803,882,000, and that the average person in the United States is worth \$2,918.

A decided innovation in the way of proclaiming one's marriage is that of a New York man, after the ceremony, tattooed his wife's face with his initials so that the world might know that she was his mate.

Samuel Aroff tells a Brooklyn court that his wife Hannah, bride of a few weeks, bit off the tip of his right ear in an argument. Experience possibly has convinced Sam that it is poor policy to argue with his wife.

A Junior chamber of commerce in Sanford would fill a big place in this community. Similar bodies in other cities throughout the country have become tremendous factors in the development and progress of various communities.

Why shouldn't Sanford have a yacht club? This city has in Lake Monroe a wonderful opportunity to attract a most desirable type of winter visitors. A yacht club would help materially in advertising the fact that Sanford has such a body of water to offer in which water sports could be held.

London has decreed that no longer shall single women between the ages of forty and fifty be referred to as being "on the shady side of forty" but instead they are to be "about tea time age." Wonder what the reference would be to those who have one foot in the grave?

At a meeting in the Chamber of Commerce officers Wednesday evening it is the plan to organize a Junior Chamber of Commerce, composed of the young business men of the city. An invitation has been extended to all the young men of the city to be present at the meeting and from all indications the new organization will start off with a big membership. There is plenty to be done and the larger the membership in both the Junior and Senior organizations the better it will be for the city.

Seventy-five per cent of motor-car accidents take place when cars are travelling at fifteen miles an hour, according to W. R. Reddin, Red Cross lecturer, who tells his audiences that a great percentage of all auto accidents are due to "Hooch, hugging and haste." Twenty-eight per cent of all the accidents in the last three years, he says, have occurred in homes, a percentage being due to falls. Ten thousand persons were last year by falling, most of them more than sixty years

### Wonderful Work For Florida

What do you happen to know about "The Children's Code Commission of Florida" and its proposed work for your state?

In the current issue of "The Florida Bulletin," a little magazine published each month by the Florida Federation of Women's Clubs, are a number of reports and special articles dealing with the Commission and with the opportunities offered for social workers, teachers and parents at the Summer School now in session at the University of Florida.

The contents of the Bulletin are intensely interesting. It would mean much for the betterment of Florida if all the information given in the articles could be placed before the people in general, and if men and women in all walks of life could be shown what can be done through earnest co-operation with the greatest movement undertaken by the club women of this state.

It seems that of the four excellent bills presented to the 1923 legislature by the Florida Federation of Women's Clubs the one measure that became a law was the one providing for the creation of the Children's Code Commission. "Its passage," writes Mrs. Ernest M. Galloway, "was due to the fact that there was no appropriation called for in the provisions of the bill." And without any appropriation, the Commission is instructed by the law to:

1. To edit and codify the laws of a "general nature" relating to children.
2. To report to the legislature through the governor, the desirable changes in existing laws.
3. To study the conditions now existing relating to the welfare of the children of Florida.
4. To present these findings together with a legislative program necessary to remedy conditions and to promote the welfare of the children of the state.

As will be seen in the fourth provision of the law, the Commission is instructed to present "a legislative program necessary to remedy conditions and to promote the welfare of the children of the state."

This means that the Women's Clubs of Florida are devoting a large part of their time and ability to the study of social conditions. They are studying problems for the betterment of children's health and for the betterment of children's happiness. And they are making this study more and more scientific and thorough.

In session at Gainesville is a special school that opened June 10 for an eight weeks' course. Persons who were unable to arrange for the full term may enroll on July 7 for the last four weeks. And The Herald would like to take this opportunity to urge every teacher, every parent, every social worker, to write to the University of Florida at Gainesville and get a program of this excellent course.

Possibly there are a number of people in Seminole county who can arrange to attend the school, and bring back to their communities new ideas for the betterment of the homes and the schools.

### Not Only Just A Bill

Have you ever been present when a person received his mail and upon opening a letter heard him exclaim: "It's only a bill." Then have you noticed him throw the envelope containing the bill into some desk drawer to be attended to at some future time?

Just what was your impression of that person when you saw the way he handled his obligations?

A bill is not only just a bill. It is a test of a person's regard for his own financial obligations. By the way a bill is handled by the recipient can be determined the credit rating of that person. A bill shows that someone has placed confidence in him and has extended credit to a man who doesn't always appreciate the courtesy.

A bill is not only a bill. It shows that credit was at one time good. It shows that someone is looking to the debtor for money which is due. The receipt of a bill is evidence that money is owing and should be paid. The receipt of a bill shows that some creditor still has faith in the man who owes him money.

A bill is more than a bill. It is an invitation to keep credit spotless. The way a bill is handled determines future business standing.

### Whatever You Do, Do Well

It is not how much a man can do that counts, but how well he does what he does do. The reward of precision and accuracy is greater than the reward of endurance. A novelist's fame rests upon the few great books he has produced, not upon the hundreds of mediocre ones that may bear his signature. Whatever you do, if you do it well, your success is assured.

Focus your energy on one thing—no matter how tiny—and you will conquer that thing. When you have accomplished that much lay it aside and focus your energy on something else. Don't bite off more than you can chew.

An old newspaper lies out in the yard and the sun shines upon it day after day without any other effect, perhaps, than turning it dry and yellow. But take a sun glass and bend the rays upon one spot on the paper and in ten minutes you have set it on fire, and soon you have nothing but ashes.

The same principle may be easily applied to the achievements of men. Those who have something definite in mind to which they give their sole attention are the ones who can say, "Veni, vidi, vici!"

### USE BALTIMORE SUN

If nothing else served man would be lifted above the level of the beasts by reason of his desire to accomplish something more than his needs require.

When a small boy has carried in stove wood or gone upon an errand and has received his wages of thanks and praise, the glow that he feels is something more than the reaction of a petted vanity. He is conscious of being a finer creature because he has done something useful. Let him be schooled in useful labor and this delight in being useful never will leave him. At forty he will be proud of the good work he has done; at sixty he will say that he wouldn't mind living to be old if he knew he wouldn't get to be useless.

Of late years, when a number of persons have declared their desire to "serve" and have succeeded only in being nuisances, it has become rather un-fashionable to talk seriously about usefulness; but the very critics who sneer so ably when the word "service" is men-

### As Brisbane Sees It

Coolidge and Dawes. When Stocks Go Up. Poison Gas Bandits. Yes, he's "Crazy." Copyright, 1924

GENERAL DAWES chosen to run for vice-president with Coolidge is a strong, genuine Western type, as typical of the West and Middle West as Coolidge is of New England.

That makes a good combination. Mr. Dawes has enemies and you will hear from them. Radicals in Europe speak of him as the tool of capitalism. Yesterday you could hear eastern bankers say that Dawes doesn't suit them even if he is a banker. Take your choice.

SOME DEMOCRATS say "we can beat Coolidge with any candidate." They should apply for competent guardians. He who doesn't realize the hold that Coolidge has on millions of Americans doesn't know much.

The people believe him honest, and he is honest. That's one thing. And he is thoroughly American in the old-fashioned way.

THE PICTURE OF Coolidge's old father hearing his son nominated and shedding tears as the news came over the radio into his little farm house will not cost Coolidge any votes.

What a pity the president's mother could not have been with her husband to share with him that joy, the deepest, purest, most beautiful that could come to any human being.

Happy is the man inspired by the memory of an upright father and a good mother. Happy the father or mother honored in their old age by their children.

STOCKS WERE HIGHER again yesterday. And francs went up gaily. Exchange speculators think the nomination of Dawes means great enthusiasm for the Dawes plan to get gold reparations money for France. What Europe does not know about our politics would fill a big book.

STOCKS GOING UP with Coolidge and Dawes nominated will cause some to say, "ha, ha, the Wall Street demon has got exactly what he wants. Coolidge and Dawes is a Wall Street ticket."

"STATESMEN" advising the United States to do away with the use of poison gas, submarines, etc., please consider the hold-up on the St. Paul road. Using poison gas and bombs, the bandits took two million dollars worth of mail and other valuables easily overcoming the resistance of the guards with bombs.

Private bandits use poison gas when they plan a robbery, will international bandits, determined on war, refrain from using submarines, gas, etc.?

The way to be ready for banditry, international or private, is to be stronger than the bandits, more dangerously armed.

AT ONE NEW YORK theater actors are trying to make up their minds about the quantity of one of their number. One actor says, "Wait a minute. I'll soon tell you if he is crazy or not." He then asks the suspected person, "Will McAdoo be nominated?" The reply is "Yes, he will." Then the actor says, "That settles it; he's crazy."

NEVERTHELESS men that know something about politics say that the Democratic bosses will be crazy if they refuse to nominate McAdoo. To oppose the Coolidge and Dawes ticket you want a man whose name somebody knows west of Hoboken, north of the Harlem river and south of Sandy Hook.

BEING ON THE ticket with President Coolidge has softened the language of General Dawes. He only said "I declare," when they told him he was nominated.

How mild that is after Mr. Dawes' language that the newspapers have printed, "Hell and Maria" gave him international fame. Another, shaking his fist, at congressional investigators, he said:

"If you would apply yourselves to present conditions we would have a hell of a lot better government."

Mr. Burton nominating Mr. Coolidge, called him a "practical idealist." This column will present a copy of a valuable book to the reader that sends in care of this newspaper, the best definition of a practical idealist," written in ten words.

IN ENGLAND women are beginning to take snuff tired of cigarettes. That won't last, for snuff makes the nose black instead of pink on the inside. Pink snuff may be invented, nevertheless, snuff-taking won't endure.

But it illustrates the fact that women find it difficult to take their hands off as moderately as men do. Their nervous systems always demand more, more. That's why they should never start anything that can be done to excess—drinking, drugs, gambling or gadding.

The greatest thing in the spiritual world is justice. The greatest of all the elements, most important combination of elements in what we call the material world is perhaps oxygen. Biologists may say "No, hydrogen is more important than oxygen." Both are necessary to produce water, without which neither life nor decay is possible. Nevertheless, of all the few elements that made up this entire universe, oxygen seems to be the humblest with the most important. Remember that it costs nothing only the trouble of opening your window, standing on the street car platform, expanding your lungs and letting it in.

### "The Report of the Investigating Committee"

### JUNE A HISTORICAL MONTH

Some of the greatest events of all times took place in the month of June. Perhaps the greatest event bearing on the freedom and liberty of the people of the entire world had its origin some 700 years ago this month when, on June 15, 1215, the confederated English barons compelled King John to sign the Great Charter at Runnymede. There were two thousand knights assembled with their supporters bent on procuring fair play and a measure of rights and liberties. Magna Charta at first contained sixty-three clauses, which were reduced to thirty-seven in number in subsequent confirmation. Its most important articles are those which provide that no freeman shall be taken, or imprisoned, or proceeded against, except by the lawful judgment of his peers or by the law of the land. Most of the rest of the document is directed against abuses of the king's power.

### FAT AND SKINNY

Getting thin or getting fat. How those two hughabos do hang over the American people! Verily no big law could cause more discomfort. Mary adores chocolates, but she'll tell you mournfully that she can't eat them because she's getting too fat. Dad doesn't really mind his big paunch, but so darned many people say, "You aren't so slim as you used to be, are you Jim?" that in desperation he takes to gym, suffers the tortures of using long unisized muscles, and lives on a slice of toast and water just to put the sleeper on that "getting fat" speech. Mother hates rolling on the floor and getting her hair all mussed up and looking like a nunny, but she's just got to take off twenty pounds.

### THE TEA CUPPER

It was said of one man that he was born in a tea cup and had never peered over the rim. That indeed was a narrow life. But the man who immerses himself in his own business to the exclusion of aught else daily approaches nearer to this degree of narrowness. It is an exaggeration of a virtue that makes the virtue a fault. A man should attend to his own business. A man should look out for himself and family. No, this is the irreducible minimum; the very least that is expected of a man. Unless a man can do more than this he is merely one of the number. He has not reached that standard of efficiency or success that causes him to stand out among his fellow men or to be rated as a leader. The successful business man has time always for other things than his own business. These other things affect his business and the success of the man is due to the fact that he was broad enough in thought and action to pay attention to these things. The man who never leaves his business of getting the successful business man of the city. The growth of the city affects his business. Therefore the successful man is wise enough to do his own business. His work of development is the work of development. He takes part in public movements knowing that these public movements create opportunities for an increased volume of business. The number of cordial friendships a man has affects his busi-

### Contemporary Comment

Now that all the axes are ground, very few nations are making regular contributions of "dope" soap to Uncle Sam.—Baltimore Sun. The Pan-German Party in Germany is putting up Admiral von Tirpitz as its candidate for chancellor. It is not known whether he will run on his war record or his whiskers.—Cleveland Plain Dealer. The time has passed when the dove was a fitting symbol for peace; hereafter the only peace that will last will need the voice of a lion, the push of an elephant, the death grip of an octopus.—Boston Herald.

### Dan Dobb Says

The worst thing about summer always follows it.

When describing a wretched talker you can leave off the word "wretched" and say "often helps the best of men."

The consumer gets a kick when the cards are stacked against him.

Many people saving for a day find vacation time is a day.

A hypocrite is a man who often believes what he says but he talks to himself.

The year is just about half and the New Year resolutions just about all gone.

Married life in a flat during hot summer months has a tendency to become too flat.

A man does not always say what he thinks because it is not proper to swear before ladies.

Many a man sits around all day wondering why he doesn't get paid raised when that if the girl is a very foolish girl with a grayer.

## MISS GENEVIEVE LEHMAN WEDS WILLIAM S. BRUMLEY ON MONDAY

Gracing the list of June brides is Miss Genevieve Lehman, who Monday afternoon at 4 o'clock became the bride of William S. Brumley of this city. The wedding ceremony, which was performed by Dr. E. D. Brown, was witnessed by about 50 immediate friends and relatives of this popular couple and was celebrated at the home of the bride on Palmto Avenue.

The home of Mrs. Lehman never looked lovelier than yesterday afternoon when daisies and pink roses were used throughout the lower floor to carry out the color scheme of pink and white.

The ceremony was performed in the spacious reception hall in front of an improvised altar of daisies and roses.

Following the ceremony, Mrs. H. E. Russell, sister of the bride, sang "O, Promise Me" and "Love You Truly," accompanied by Miss Nan Paxton at the piano.

Little Carmen Guthrie, cousin of the groom, played the wedding march from Lehman as Miss Lehman entered with Mr. Brumley.

Immediately following the ceremony an informal reception was held. The wedding color scheme was further carried out by the pink and white candy and angel food cake which was served.

Mrs. Brumley looked handsome as she was married in her stunning gown of Pharon brown tulle, heavily beaded and trimmed with white tulle. She wore accessories to match.

Mrs. Brumley is the attractive daughter of Mr. and Mrs. Lehman of Crown Point, Indiana, but for the past four years has made Sanford her home. Mrs. Brumley graduated from Sanford High school the past year and has won many friends by her winning personality.

Mr. Brumley is the eldest son of Mr. and Mrs. L. A. Brumley of this city. He is a successful farmer and is prominently connected with large business interests of this city.

Mr. and Mrs. Brumley left during the afternoon in their car for a motor trip to North Carolina, stopping over in Daytona for several days. After August 15, they will be at home to their wide circle of friends in their new home on Celery Avenue.

## MISS ANNA MASON BECOMES BRIDE NED SMITH TODAY

When Miss Anna Mason became the bride of Mr. Ned Smith this morning at 8 o'clock, the friends of both parties were pleasantly surprised.

Dr. King of the First Baptist church performed the wedding ceremony at the home of the bride, in the presence of only the immediate family.

Mr. Smith is the talented daughter of Dr. and Mrs. Mason of this city and has a wide circle of friends who are wishing her every happiness.

Mr. Smith is a member of the firm of Smith Brothers Furniture Company of this city and is a well known business man.

Mrs. Smith is traveling in a handsome blue tulle gown trimmed with bands of tan crepe with accessories to tan.

Immediately after the ceremony Mr. and Mrs. Smith left in their car for Atlanta, Ga. From there they will go by rail to Washington, D. C., New York City and other northern points of interest.

## PERSONALS

M. D. Palston has been appointed deputy sheriff for this district.

Mrs. J. H. Hintermister leaves Wednesday for Pennsylvania to visit relatives.

Mr. and Mrs. S. Robbins motored to Orlando Sunday, Mr. and Mrs. Henry Bendel were their guests.

Frederick Bell left yesterday for Washington, D. C. to be away for two months.

Mrs. R. F. King and little daughter Minnie left Thursday for Savannah for a visit of several weeks to Mrs. King's mother.

F. W. Swope left by Clyde Line Wednesday for New York where he goes to take a summer course in commercial art.

Dr. Paul Foley left yesterday on a business trip to Danville, Ky. He will be the guest of his sister while away.

Mrs. Gertrude Carraway and sons Ed Carraway motored to Argyle this morning to spend the week with relatives.

Mrs. Joe Chittenden and children left last week by boat for New York. Mr. Chittenden accompanied his wife as far as Jacksonville.

Miss Eleanor Evans of Palmto is the attractive guest of Mrs. Allen Jones at her home on Park Avenue.

Mr. and Mrs. R. O. Merrweather and son left in their car today for Virginia. They were accompanied by Eleanor and Joe Cameron.

Miss Claire Zachary leaves today for a visit to friends in New Jersey. Miss Zachary will be accompanied by her father, W. B. Zachary.

Maurice Wimble and Victor Green left yesterday for Washington, D. C. before returning home. Maurice will visit his sister in Winston-Salem, N. C.

One of the worst storms of the season occurred here Thursday afternoon between 4 and 5 o'clock. Many of the telephones were burnt out and have not yet been put back into service.

Mr. and Mrs. R. L. Wheeler and Mrs. J. N. Thompson, Miss Elizabeth Young left Monday for Gainesville, where they will attend the University summer school.

On account of the very busy season on the farm and the inability of so many to get away just at this time the party of Ovidio people who planned to take the Coral Gables trip have postponed it.

Mr. and Mrs. Windman Caldwell left yesterday. Mrs. Caldwell will spend some time in Jacksonville as the guest of relatives before going to Palatka where they will make their home.

Mrs. T. J. Miller returned Sunday from High Hall where she went to attend her daughter's graduation. Mrs. Miller was accompanied home by her daughter, Margaret Cox, who will spend the summer in Sanford.

Miss Bernice Thompson of Webster and Miss Iris Britt left Sunday afternoon for Ridgecrest, N. C. where they will attend the N. W. A. convention. While away Miss Britt will visit with her aunt, Dr. and Mrs. C. S. Britt of Charlotte, N. C.

At the annual election of officers of the Epworth League the following were elected: Miss Mable Swope, president; Miss Bernice Thompson, secretary; Miss Catherine Young, corresponding secretary; Miss Lucile Parlin, pianist; Emmet Kelsey, treasurer.

The new officers and superintendents of departments will be installed next Sunday at the regular service.

## PERSONALS

Miss Elizabeth Knight leaves for Newark, N. J., tomorrow.

Mr. and Mrs. Haddox and three children of Georgia have moved to Ovidio.

Mr. and Mrs. Cone and two daughters have moved into the Swope cottage on Graham Avenue.

Two daughters, Florence and Evelyn, are spending several days this week at the beach.

Mrs. L. M. Clough and daughter, Christine of Lakeland, are visiting Mr. and Mrs. H. B. McCall and family.

Mrs. H. H. Stevenson of Jacksonville is the guest of Mrs. Walter Haynes at her home on Cameron Avenue.

Miss Ellen Mahoney left this morning for her home in Leesburg after a pleasant visit with Miss Nell Williams.

Mrs. T. F. Monger and children have returned from a very pleasant visit to friends and relatives in North Carolina.

Mrs. Marian Appleby returned yesterday afternoon from the Atlantic Coast Line Railroad hospital after a pleasant and successful operation for appendicitis.

Fred Ball, of the Virginia-Carolina Fertilizer Company, returned yesterday after a trip to Fitzgerald and other points in Georgia.

Mrs. Thomas Hollingsworth left Thursday for a visit to her mother and father in Nowlesville, N. C. She expects to be away five or six weeks.

"All a Mistake," the play given in Ovidio about two weeks ago, was carried to Sanford Thursday night and given for the benefit of the High school.

Mr. and Mrs. Bullington and daughter, Mollie, and Miss Winnie Kipland left Thursday night for their home in Georgia after spending the winter in Ovidio.

The Ovidio Sunday school picnic was held Thursday at Welkwa Springs. There was a good crowd and attendance and all reported a splendid time.

A. J. Ray and M. D. Mariner have sold their farm to parties from Philadelphia. The same party also bought two lots upon which they expect to build.

Mr. Hollingsworth and three little sons, Oliver, Thad and James, left Wednesday for Seville, Ga., where they will spend the summer. About July 1 they will be joined by Mrs. Hollingsworth.

One of the latest improvements for Ovidio is the inauguration of the service between Ovidio and Orlando. The bus goes via Biltlo on the return to Ovidio in the afternoon and lays over at Ovidio at night.

**NO CHANCE FOR RABBIT**

SAN BERNARDINO, Cal., June 17.—The mysterious nocturnal rear of motorcycles in the open fields at Del Rosa, near here, which for some time caused farmers in the vicinity many sleepless nights, was explained recently by a youth who declared that rabbit hunting on motorcycles by night was fast becoming the popular sport of the town youths. He explained that riders chased the rabbits through the fields until the animals became exhausted, then drew up alongside and grabbed them by the ears.

**DRAGS FORGETFULNESS**

VICTORIA, June 17.—Found guilty of murdering his wife and sentenced to 16 years in prison, Karl Ostermeier must spend each anniversary of her death in utterly dark solitary confinement on bread and water as a further punishment. Ostermeier was convicted on circumstantial evidence.

## Full Skirt

After the tube and pencil silhouette that have reduced all women to an identical type, this smart taffeta frock with its full skirt and regular waistline is a pleasant novelty. Cartridge pleats and peasant embroidery in crude colors on a white ground are used to excellent effect. The collar is very smart.

**PREVENTS INFECTION**  
 The greatest discovery in flesh healing is the marvelous Borzone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Union Pharmacy.

**666**  
 Is a prescription for Malaria, Chills and Fever, Dengue or Bilious Fever. It kills the germs.

 First Nat. Bk. Bldg., Sanford.

**TRACE JAZZ TO GERMANY**  
 HEIDELBERG, Germany, June 16.—Jazz has become such a rage in Germany that musical students have been searching through the works of old masters with the hope of finding inspirations which might be modernized. They contend they have found traces of air very suggestive of the jazz of today in some Gypsy tunes of Robert Alexander Weidinger, one of Germany's best known composers of the old school.

**PROHIBITION IN FINLAND**  
 HELSINKI, June 16.—Several members of the Finnish diet have jointly introduced a bill which, if adopted, would drastically revise the prohibition law which is alleged to have failed entirely in its purpose. It is probable that the bill will be rejected, however, as the principle of prohibition is still officially adhered to in spite of the measure's alleged disadvantages.

**DINERS SERVE REINDER**  
 SEATTLE, Wash., June 17.—To advertise an Alaska railroad, the government's Alaska railroad will feature reinder steaks on its dining cars this summer. It is hoped that tourists will go back to the States converted to this meat.

**SPEED UP YOUR LAZY LIVER**  
 Clem Jones Liver and Kidney Tonic Will Do It  
 As a tonic when there is weakness and lack of appetite, when a little exertion makes you feel tired, your legs drag, your back aches, your mouth tastes and your sleep is broken, Clem Jones Liver and Kidney Tonic is the one thing that will restore your strength and enable you to enjoy life. CLEM JONES LIVER AND KIDNEY TONIC, because of its general TONIC and health-giving effect, has established itself as a recognized remedy for TORPID LIVER, FEVER, MALARIA AND GOLDEN JAUNDICE. It is not only beneficial to a liver medicine, but it exercises a cleansing and stimulating influence in the stomach and bowels. Through its excellent cathartic properties bilious impurities which have interfered with healthy processes are driven out. Take no pills while using the medicine—the TONIC is all that is needed.  
 THE COST IS SMALL—THE BENEFIT IS GREAT.  
 Baumillat & Anderson, Sanford, Florida.

**That periodic touch of biliousness**  
 —W. L. Hand.  
 Mothers, what would you give to feel easy when your little one begins to show signs of biliousness? It is customary to think that you ought to use calomel and castor oil, but you dread giving these doses as much as the child fears to take them. And still, you dread what may happen if you use just the ordinary children's laxative. It was to meet this very situation that I invented Livo-lax, and if you try it once, you won't think of using calomel again. Livo-lax cleanses liver and bowels, too, and still it is a pleasant-tasting liquid, entirely vegetable, which causes no distress, serves equally well in colds, constipation and indigestion and is just as good for adults as it is for the child—those really love to take it.

**First Annual Pay Up Week**  
 FOR SANFORD  
 JUNE 16 TO 21 PAY YOUR LOCAL BILLS

**Does a Hen Taste or Smell Her Feed?**  
 YOU WILL HAVE TO ASK THE HEN ABOUT THAT  
 We don't know; but we do know that all chickens are particular about their feed and will pick only the best if given an opportunity. Try a sack each of Sunshine Scratch and Mash and note the difference.

**Sanford Feed & Supply Co.**  
 Myrtle Avenue and Fourth Street. JOHN W. SNEED Phone 539

**CONSTIPATION OVERCOME**  
 The use of FOLEY CATHARTIC TABLETS will bring speedy relief from constipation if taken promptly. They are purely vegetable and act on the liver. Mr. John D. McComb, Lucas Co. Home, Toledo, Ohio, writes: "Have used FOLEY CATHARTIC TABLETS in severe cases of constipation. To which I am subject and found them beneficial." FOLEY CATHARTIC TABLETS are easy to take, leave no unpleasant after effects. Try them. Sold everywhere.

**RUINED EYES**  
 By neglect; they get red and sore and you let them go. Don't do it. Leonard's Golden Eye Lotion cures soreness without pain in one day. Cools, heals and strengthens. Insist on having "Leonard's"—it makes strong eyes. At all druggists.

**GOOD BYE**  
 Sneeze Chaser  
 Protects throat and prevents colds from bites of MOSQUITOES  
 "Good bye" does it. Pleasant plus odor. At drug stores.

**ROUT RHEUMATISM**  
 No more stiff joints, no more pain in the muscles, no more aching from rheumatism. Sounds too good to be true but it is true. LEONARD'S ELIXIR FOR THE BLOOD will cure your rheumatism, enable you to move around with perfect freedom, make you feel like a new person. It drives the poison from the system. Don't wait but try it now. You will see the results almost with the first dose. LEONARD'S ELIXIR FOR THE BLOOD strengthens and invigorates, tones and stimulates the whole system. Bland. Get LEONARD'S ELIXIR in the white package. At all druggists.

**Steering a Safe Course**  
 THE safe course in financial channels is the one charted by knowledge and experience. This institution offers its safeguards and experienced guidance for your protection.

**Seminole County Bank**  
 4% Interest Paid on Savings

**Your children's food**  
 The foods your children eat today, determine their strength and health in later years.  
 Remember this; they must have well balanced meals. Their food should contain the right amount of mineral salts. These salts act as bone building material.  
 Bakings that are made of good plain white flour and baking powder contain the necessary amount of mineral salts. Allow your children to eat heartily of these bakings together with fruits and dairy products. This forms an ideal food balance.  
 When making quick rising breads and pastries such as: biscuits, muffins, cakes, waffles, etc., don't fail to use Calumet—the economy Baking Powder. It contains more than the ordinary leavening strength—it's the purest and surest leavener made. That's why it helps make your flour foods light and easily digested.  
 Millions of mothers use Calumet daily because they are interested in their children's welfare—their present and future health.

## WATT-LUTHER'S PITCHING WINS FOR LAKELAND

Orlando Beats Daytona in Hitting Contest—Tampa Wins From Bradenton in Errorless Game.

LAKE LAND, June 17.—Watt Luther pitched the best game of his state league career when he held the Saints to a scratch single in the first and a clean hit in the ninth, Lakeland winning, 1 to 0, Monday. Hernandez also pitched a beautiful game, keeping the hits well scattered. Both teams played errorless ball.

Score by innings:  
St. Petersburg.....000 000 000—0 2 0  
Lakeland.....001 001 001—1 9 0  
Hernandez and Moore; Luther and Nance.

Orlando 8, Daytona 4  
DAYTONA, June 17.—Timely hitting, combined with good defensive play, by the Bulldogs enabled Orlando to take the opening game of the second half from Daytona here Monday by a score of 8 to 4.

Score by innings:  
Orlando.....200 020 202—8 13 2  
Daytona.....201 001 000—4 12 2  
Heffer, Thompson and Francis; Niel and Sims.

Tampa 4, Bradenton 3  
TAMPA, June 17.—Bradenton made Tampa's present of the first game of the second half of the season here Monday afternoon. It was a locally pitched game through-out with the Braves on the short end of a 4 to 3 score. Sullivan pitched a good game, but McDaniels let two pitched balls go by which resulted in three Tampa runs.

Score by innings:  
Tampa.....100 000 020—3 8 0  
Bradenton.....110 002 000—4 0 0  
Sullivan and McDaniels; Sadler and Murphy.

## "CELERY FEDS" WILL PLAY NEW SMYRNA HERE

Local Team Hopes To Beat Visitors Thursday Afternoon—Is First Home Game of the Season.

The "Celery Feds" open their season at home Thursday, June 19, 4 p. m., at Ninth Street Park. A large crew of men are working on the Ninth Street Ball Park. The grounds will be put in fine shape by Wednesday night for the game Thursday afternoon, when the New Smyrna team will come to Sanford for their first appearance of the season here.

They have a fast team and will make the home boys fight all the way. It will be remembered that their defeat recently by the "Celery Feds" was by a score of 8 to 7, which resulted from a ninth-inning rally after two were out.

The fans will be assured of a good game. Park benches will be moved to the diamond to accommodate the large crowd expected to attend. A small admission of 50 cents will be charged to help defray the expenses of the game.

Funds to support the ball team will also be solicited by a committee during this week. Sanford has three consecutive games at home and the visiting teams must have expenses.

Don't fail to see the game, as it is said there will be several star players of professional rank in action. The manager urges you to encourage and help promote the world's greatest sport by being on hand.

## Fourth Corps Area To Be Represented at Golf Tourney

ATLANTA, Ga., June 17.—Officers of the army, national guard and organized reserves of North Carolina, South Carolina, Florida, Georgia, Alabama, Mississippi, Louisiana and Tennessee will send representatives to the golf tournament to be held at Fort Leavenworth, Kan., September 1 to 6, between two officers from each of the nine corps areas of the United States and insular possessions.

## IN Which Oil and Water Mix

John D. Rockefeller, Jr., who is worth several times his weight in oil, gets a few pointers on swimming from Gertrude Ederle, holder of the world record for 400 meters. Picture was taken at Briar Cliff Lodge, N. Y.

## 1,883 MILES NOW COMPRISE ROADS HIGHWAY SYSTEM

TALLAHASSEE, June 17.—The federal-aid highway system, now embracing 1,883 miles, according to information received here from the Bureau of Public Roads of the United States Department of Agriculture, this compares with 3,770 miles in North Carolina, 3,032 miles in South Carolina, 3,016 miles in Virginia, 3,872 in Alabama, 5,628 in Georgia, 3,254 in Kentucky, and 3,055 miles in Tennessee.

This highway system has been designated by the state and approved by the secretary of agriculture as provided by the Federal Highway Act of 1921. According to this act the state highway departments were to designate a system of roads not exceeding seven per cent of the total rural mileage for improvement with federal aid, and on which the government was to pay up to 50 per cent of the cost.

## BROOKLYN BEATS CINCINNATI TEAM BY 5 TO 2 SCORE

Giants Tounce Cardinals—Boston Batsmen Hit Hard and Win Game—Phillies Wallop Cubs.

BROOKLYN, June 17.—Sensational support by Stok, Griffith and Taylor in the pinches allowed Grimes to beat Cincinnati Monday 5 to 2. Hargrave caught his first game for the Reds since he broke his hand in May.

Score by innings:  
Cincinnati.....100 010 000—2 8 3  
Brooklyn.....000 001 04x—5 9 2  
Rixey and Hargrave; Grimes and Taylor.

NEW YORK, June 17.—The Giants, hitting Bell and Dickerman hard while Nehf pitched steadily, defeated St. Louis Monday 7 to 2 in the first game of the series.

Score by innings:  
St. Louis.....002 000 000—2 7 1  
New York.....101 021 11x—7 14 0  
Bell, Dickerman and Gonzales; Nehf and Snyder.

BOSTON, June 17.—Boston hit Cooper and Stone hard Monday and won from Pittsburgh 9 to 4. McInnis tripled off Cooper in the fifth with the bases full and Tierney followed with a home run.

Score by innings:  
Pittsburgh.....010 000 30x—4 5 1  
Boston.....010 000 000—1 1 0  
Cooper, Stone and Schmidt; Barnes and O'Neill.

PHILADELPHIA, June 17.—Philadelphia won the opening game from Chicago Monday 8 to 3, driving Alexander from the box in the second inning after scoring four runs on four hits. Wheeler, who succeeded Blake in the sixth, was touched for four hits, and threw runs in the last two innings.

Score by innings:  
Chicago.....000 101 001—3 12 8  
Philadelphia.....140 000 12x—8 12 8  
Alexander, Blake, Wheeler and Hartnett; Mitchell and Wilson.

## Construction of City Waterworks System Is Rushed

(Continued from page 1) Five or six of these wells, each of which must stand a quantity and quality test, Mr. Williams pointed out.

First the well is pumped for several days continuously to ascertain whether or not it will supply water at the rate of 500 gallons a minute. If the quantity test is good, then a sample of the water is sent to Jacksonville to be analyzed so that its contents may be known.

The analysis of the water from each well must prove to be as good or better than the analysis of the water from the first well which was printed in The Herald some time ago, stated the city executive.

At present three wells have been drilled, the first and the last of which are the best, he said. The second well, rather apart from the other two is not so good, and will not be used. The last, Mr. Williams pointed out, appears to be, by far, the best of the three although as yet no analysis of the water has been secured.

He emphatically stated that he believed it to be the best well he had ever seen.

"It is the purpose of the city officials to give the citizens of Sanford a supply of pure, soft water, and efficient service in regard to the municipal waterworks system," he said.

## Dead Man's Hand Fired Shot That Nearly Hit Ship

(Continued from page 1) ing it about when one of the arms fell on the selective switch.

For an instant the explosion and the recoil of the gun. Then we realized what had happened and one of our party removed the dead man's hand from the switch where it had fallen.

Charles Brown, electrical officer, was unable to say how many air compressors were working, but he declared that in his opinion all switches were turned on indicating that all the compressors were functioning.

Lieutenant Commander, senior engineering officer of the Mississippi, told the board that his records showed four air compressors were working full force.

## Sergeant Hickman Recalls the Tragic Days Old Massacre

\$540,000,000 Appropriated Since 1916, of Which Florida's Apportionment Is \$5,399,550.

SAN FRANCISCO, June 17.—The peaceful old Presidio of San Francisco, local army post since the early days of California history, was the scene recently of the retirement from army life of the hero and one of the few survivors of the Balangiga massacre, in Samar, Taylor B. Hickman of Knoxville, Tenn., master sergeant, was called forward from his company and complimented feelingly by a superior officer for his 20 years of inspiring service as a soldier of the United States.

Hickman was told he had modestly thrust aside a commission. A decoration was pinned on his chest, hands were clasped, and the old hero of Balangiga walked back to his quarters, a soldier no longer.

For a greater hero than ever. There was a tear on the rim of the steady eye and the fighting jaw trembled a bit. The company, at rest, followed him with their eyes until he was out of sight.

"I would go back again tomorrow if my country called," Hickman said. "I think I have a few good fights left in me yet."

Seventy-one enlisted men and three officers of Company C, Ninth U. S. Infantry, went into camp at Balangiga, Island of Samar, in the Philippines, 23 years ago. A few days later occurred the attack on these men, and the massacre which in the annals of the American army has been compared to the last stand of Custer. Totally without warning and while at breakfast the Americans were rushed by hundreds of Visayans armed with heavy knives called bolos. The three officers were killed in the first onslaught. The fight lasted well over two hours, and the next day the eight American survivors, including Sergeant Hickman, reached Banao in native canoes. The natives killed by the Americans numbered 250.

## Title and Acres Are Claimed by Cab Driver

LONDON, June 17.—A one-legged cab driver named Benjamin Tyrrell has brought to a baronetcy which has been in abeyance for more than a century. Tyrrell has written to the Lord Chancellor that he can prove himself to be the direct heir of John Tyrrell, third son of Sir Thomas Tyrrell, who died in 1705.

The Lord Chancellor has replied that it is doubtful whether he can recover the family estates because of the lapse of time. The estates which reverted to acres and cover many thousands of acres and produce a large annual revenue.

## Mrs. W.C. Temple Dies At Her Orlando Home

ORLANDO, June 14.—Mrs. Wm. Chase Temple, widow of the late Wm. Chase Temple, died at her home here last night after an illness of several weeks. It was her husband who gave the Temple cup which gave birth to world's series in the baseball world. The funeral will be held at Winter Park this afternoon.

The navy, commercial fleet, air force and coast guards of the Russian Soviet have adopted new flags.

SOLEY PILLS REACHED THE SORE SPOT  
Mrs. Ellen Reighard, South Fork, Pa., writes: "I had been suffering with my kidneys and nothing seemed to touch the aching spot until I procured SOLEY PILLS, with wonderful results." SOLEY PILLS, a diuretic stimulant for the kidneys, gently and thoroughly flush and cleanse the kidneys and help to eliminate poisonous waste matter. Try a bottle today and you will be well pleased with the result obtained. The use of SOLEY PILLS increases kidney activity. Sold everywhere.

## Movie Censorship Intricate Problem Aver Clubwomen

LOS ANGELES, June 17.—Censorship and control of the motion picture industry, the betterment of the quality of films and their increased use for educational purposes, these form intricate and perplexing problems, it was stated to the biennial convention of the General Federation of Women's Clubs here recently by Mrs. Harry Lilly of New York, chairman of the federation's national division of motion pictures.

"A study of the business side of motion pictures will give one some comprehension of the structure of the edifice against which we are pounding and the difficulty of finding the vulnerable point of attack. It will also show us the necessity of keeping the industry out of improvement in the field will be impossible."

"It is taken for granted that there must be some protection from the exhibition of questionable films, but whether it shall be state control or federal or community pressure upon the local exhibitors, has evoked expressions of sincere differences of opinion. The ordinary citizen, busy with his daily duties, cannot spend his time viewing pictures and it would seem as if the responsibility for compelling productions to adhere to some fixed standards of morality ought to be lodged in the hands of capable persons who have no other claim upon their time and attention."

"Complaints about the filming of books whose popularity as 'best sellers' depends upon the exploitation of the so-called sex problem

SICKLY, PEEVISH CHILDREN  
Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, has back aches and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by Union Pharmacy.

have been received and passed to producers, but the picture is rule are free from the objectionable features of the books and the protests fall flat."

Mrs. Lilly said the federation's motion picture committee embraced the immediate solution of the motion picture problem, but we progressed we became oppressed with the intricacies of the situation and began to recognize the fact that the tremendous investment of capital and time which provided this form of entertainment is not to be quickly affected.

"A study of the business side of motion pictures will give one some comprehension of the structure of the edifice against which we are pounding and the difficulty of finding the vulnerable point of attack. It will also show us the necessity of keeping the industry out of improvement in the field will be impossible."

### Police Searching For Man Who Killed Bride Of Week in Wisconsin

MILWAUKEE, June 17.—Every auto highway in Wisconsin north of Milwaukee was being patrolled Monday by police seeking a man who fled from the tourist camp at Wittenberg shortly before the body of his bride of a week was found in a shallow grave.

The man gave the name of Geo. P. Cummings of Grand Rapids. The couple appeared at tourist camp Saturday with equipment for a long stay in the woods. The woman appeared 10 or 15 years older than her husband and told other tourists they had been married a week. Yesterday morning the man appeared alone about their tent and soon drove away only to appear to a farmer a little later for assistance in getting his auto out of a ditch. Several hours later the farmer returned to the scene and examination of a small mound revealed the body of Mrs. Cummings, wrapped in an old army blanket, buried under two feet of earth.

### REAL ESTATE

By putting rock salt through a new process, a Russian chemist claims to have made strands of wire that are stronger than steel.

### Japs Strive Educate Young Men of Korea

SEOUL, Korea, June 17.—The University of Seoul, founded by the Japanese government of Korea, was opened here recently. The new university, to which it is intended to give a standing equal to that of the Imperial Universities of Japan proper, will admit both Korean and Japanese students.

Its purpose, according to the Japanese authorities, is to educate Koreans in the higher branches of learning so as to fit them to take part in the administrative, legislative and judicial functions of the government of their own country.

### Coolies Leave Farms To Pull City 'Rikishas

PEKING, June 17.—The police estimate that there are 70,000 "rikishas" on the streets of Peking. All but 4,000 belong to companies which lease them out to coolies at the equivalent of seven cents a day. More than 200,000 persons are dependent upon the livelihood gained by these coolies. It is said that the average daily earnings of a coolie is 25 cents, out of which he must pay his "rikisha" hire. In spite of the meagre profits, say the police, country people flock to the capital and engage in the business to an extent that is causing a shortage of farm labor.

A SPLENDID FEELING That tired, half-sick, discouraged feeling caused by a torpid liver and constipated bowels can be gotten rid of with surprising promptness by using Herbine. You feel its beneficial effect the first day as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vim, and buoyancy of spirits. Price 60¢. Sold by Union Pharmacy.
