EUROPE NOW MOVING TO THE UNITED STATES SAYS IMMIGRATION HEAD

COMMISSIONER WALLIS SAYS FLOOD OF ALIENS COMING

SOME OBJECTIONS AMERICA DOES NOT WANT THE CAST OFF POPULATION OF EUROPE

WASHINGTON, Jan. 6.—Testimony by Commissioner Wallis of the Ellis Island immigration station that Europe was "literally moving to the United States" and that a "flood of aliens was imminent," still left members of the senate immigration committee doubtful last night as to whether the Johnson bill prohibiting immigration for one year. Several members frankly expressed doubt whether any measures to stop or restrict immigration would be enacted at this session of congress.

The committee obviously was impressed with Commissioner Wallis' statements as to the need for inspection of aliens before leaving Europe and for more rigid examinations after their arrival at American ports. The commissioner recommended particularly that facilities be established overseas for such inspections and declared that 90 per cent of the immigrants arriving under the existing system would be denied permission to sail if they were examined at the ports of embarkation by American officials. A proper system of examination in Europe and upon arrival, Mr. Wallis said, would prevent an imminent flood of these, diseased in body and mind.

"Fortunately," he added, "the steamships of the world can bring only 1,800,000 a year to the United States. It is in the limited transportation facilities and increased examinations that we will get the best protection."

The commissioner declared reports

of the public health service indicated that eastern Europe today "is in the grip of four epidemics—typhus, typhoid, dysentery and tuberculosis." The war has undermined the health of these countries and their emigrants are "dangerous to the health of the United States," he added.

Chairman Colt of the committee, asked whether it would be "harmful" if congress postponed changing present laws for six months.

"It would not be more harmful than at present," Mr. Wallis replied. "But I would prefer a definite measure giving us more inspectors, living quarters and increased facilities overseas."

WILL ENCOURAGE CIVILIAN FLYING

GOVERNMENT SELLS 125 COAST PATROL FLYING BOATS

(By The Associated Press) WASHINGTON, Jan. 6.—To encourage development of commercial aerial transportation and development of civilians as airplane pilots for use in wartime, the Navy Department authorized the sale of 125 coast patrol flying boats at one-third their original cost.

FLYING TO PANAMA, LANDED IN MEXICO

(By The Associated Press) MEXICO CITY, Jan. 6.—Eleven United States aviators flying to Panama, landed at Acapulco, State of Guerrero late yesterday. Flight was made without incident.

New York police arrested a man who fired his pistol to scare off a gang of thugs after him. He might have hit one of the protected darlings!

SHERMAN CALLED IN CONFERENCE

PRESIDENT-ELECT HARDING IS TRYING HARD TO UNITE ALL FACTIONS

(By The Associated Press) MARION, Jan. 6.—Another senate irreconcilable, Sherman, of Illinois, was among those President-elect Harding had engagements with today to discuss plans for the Association of Nations. Former senator, Beveridge, of Indiana, leader of Roosevelt's Progressive party, in 1912 also was on the engagement list. Harding sought his advice regarding international and domestic questions.

MEXICO'S TRADE CONFERENCE

MEXICO CITY, Jan. 6.—A trade conference, similar to the one held last year, will be held in Mexico City under the auspices of the American Chamber of Commerce on April 11-20. The conference last year which was the first of its kind attracted more than 150 representatives of American business houses and was generally considered a success.

HOTALING KILLS BROWN IN ORLANDO COURTROOM AS HE IS PAYING A FINE

Slayer Charged Victim Was Infatuated With His Wife.

WAS SHOT THRU TEMPLE Mrs. Hotaling and City Officials See Crazed Husband Force Pay in Full

ORLANDO, Jan. 6.—Crazed at the sight of the man he thought had been intimate with his wife calmly paying his way out of the difficulty with \$100, the fine assessed by Mayor-Judge Eugene Duckworth on the infuriated husband's complaint, Leroy Hotaling shot down John Brown in the courtroom yesterday morning while the man was counting the money for the fine and the judge was paraphrasing the seventh commandment in admonishing the defendant. Brown was instantly killed. The coroner's jury ordered Hotaling held for the grand jury.

Hotaling's complaint against Brown had been heard, the technical charge in municipal court being disorderly conduct. Mayor Duckworth had imposed the fine and was charging the defendant to maintain peace and order. Brown was counting out the money for his fine. Hotaling whipped out an automatic revolver, as he stood by his wife and their daughter, and fired. The bullet entered at Brown's right temple and when physicians arrived the man was dead.

Hotaling, appearing against Brown on the charge, submitted to the court as evidence a letter which he said had been given him by a negro on the streets Saturday. The letter, purporting to have been written by Brown, made a damaging confession of the writer's alleged relations with Hotaling's wife. Brown had denied writing the letter, during the reading of which Hotaling's daughter was sent from the courtroom.

Lifting the curtain on the sequence of events that have occurred in the lives of the three principal actors in yesterday's tragedy discloses a tangled maze of details to be ferreted out at the trial of Hotaling at the next session of court.

Hotaling, in the county jail, refuses to make any statement, Brown's lips are sealed by death and Mrs. Hotaling, too hysterical to make any statement, has been taken to her husband's mother's home.

SAY USE REFRIGERATOR CARS WILL AID PACKERS TO BUILD UP MONOPOLY

WASHINGTON, Jan. 6.—Use by the packers of refrigerator cars for shipment of commodities other than perishables was urged today before the Interstate Commerce Commission, reports of other shippers and wholesale grocers asking issuance of an order prohibiting the practice and attorneys for the packers requesting continuance of the present regulations.

A WOMAN IS ELECTED AS SPEAKER

MARY ELLEN SMITH HAS THAT HONOR FOR RECEIVING SUCH LARGE PLURALITY

(By The Associated Press) VICTORIA, Jan. 6.—A woman will be the next speaker of the British Columbia legislature. Mrs. Mary Ellen Smith, newly elected representative from Vancouver, received such a large plurality in the recent election that the cabinet named her for the speakership today.

APPROPRIATION BILL PROMISES BIG ONE, NEARLY 13 MILLIONS

(By The Associated Press) WASHINGTON, Jan. 6.—Legislative, executive and judicial appropriation bill, big salary measure, were reported out today by the House appropriations committee. They carried a total of nearly one hundred and thirteen millions or nearly twenty-four millions less than the departmental requests. As one means of cutting down expenses the committee eliminated salaries for 12,000 employees in the District of Columbia.

O'CALLAGHAN DEPORTED PORT INSPECTOR RULES CHIEF RULES OTHERWISE

COX INAUGURATED GOVERNOR MASSACHUSETTS

(By The Associated Press) BOSTON, Jan. 6.—Channing Cox was inaugurated governor of Massachusetts today, succeeding Calvin Coolidge. Coolidge left the state house once more a private citizen for a few weeks before his inauguration at Washington as vice-president of the United States.

LORD MAYOR OF CORK MAY NOT REMAIN LONG

IS STRANGE CASE

IRISH NATIONALISTS WANT TO COME TO AMERICA RATHER THAN STAY AT HOME

(By The Associated Press) WASHINGTON, Jan. 6.—The exclusion of Lord Mayor O'Callaghan of Cork was ordered yesterday at Norfolk by board of special inquiry. O'Callaghan appealed from the ruling and the case will eventually be referred to the State Department for decision whether it will waive special passport resolutions. Meantime O'Callaghan himself made appeal direct to State Department in hope of absence of passport might not deter him from entering the United States. Secretary Wilson's decision will probably rest upon that of State Department account of diplomatic character of questions involved in his entry into the country.

DE VALERA DENIES REPORT

(By The Associated Press) DUBLIN, Jan. 6.—DeValera, president of the Irish Republic, denied the Sinn Feiners are making peace overtures to England, says Freeman's Journal. DeValera is quoted as saying he would not turn a deaf ear to English proposals if they were based upon the recognition of Ireland as an independent nation.

STATE ROAD DEPARTMENT

TALLAHASSEE, Jan. 5.—It is announced that the regular quarterly meeting of the state road department will be held at its offices in this city today. It is expected that the new members of the department will be present to participate in the deliberations of the body.

What is believed to have been the last official act of Gov. Sidney J. Catts was the signing of the commission of A. J. Johnson of Perry, to be a member of the state road department succeeding A. Holt of High Springs. Mr. Johnson this morning made bond with a surety company in the required sum of \$25,000, and his commission was signed by Governor Catts in the conclusion of the parade and just prior to his going out upon the platform for the inaugural exercises.

WASHINGTON, Jan. 6.—Secretary Wilson announced he had granted a parole to O'Callaghan pending a decision on his admission.

BRITISH AMERICAN BANK CAPITAL OF TWO MILLION GOES TO WALL TODAY

(By The Associated Press) LONDON, Jan. 6.—The British-American Continental Bank, capitalized at two million, five hundred thousand pounds, suspended today. The general financial situation was held responsible.

We begin to realize now that those "lightless nights" were about as much needed as are the urgings for school children to "fast a day and feed the East."

TOBACCO GROWERS MEET TO DETERMINE THEIR FUTURE WHICH IS IMPERILED

Tobacco Markets Are Closed and the Situation is Tense

IS NOW OFF THE MARKET AND LOOKS LIKE THERE WILL BE TROUBLE IN THE TOBACCO BELT

(By The Associated Press) LEXINGTON, Jan. 6.—Tobacco growers throughout Kentucky burley belt are holding meetings in county seats today to select delegates at a mass meeting here tomorrow to take action on proposal to do away with 1921 crop and seek some solution of marketing current crops at a satisfactory price. Nearly all markets in Central Kentucky closed on account of low prices offered farmers.

WILSON TAKEN AWAY FOR SAFE KEEPING

ORLANDO, Jan. 5.—One of the last official acts of retiring Sheriff Frank Gordon last night was to spirit away John P. Wilson, who was confined in the Orange county jail charged with the murder of Emma Dyal, wife of George E. Dyal, near Goldenrod, last Friday night.

Considerable feeling has been engendered throughout various sections of the county with the publication of the sordid details of the brutal and premeditated tragedy. The frequency of expressions on the part of many friends of the dead woman's family as to the horror of the crime, and the gathering knots of men in close consultation at Winter Park and Goldenrod, induced the sheriff to forestall any attempt at mob law by sending the prisoner to a remote county jail last night under the careful chaperonage of Chief E. D. Vestel of the Orlando Police Department.

If the mayor of Cork who was arrested in Norfolk for coming in as a stowaway, means to try the hunger strike over here he probably was in training en route.

OFFICIAL KISSING IN FRANCE PUT UNDER BAN BY PRESIDENT MILLERAND

PARIS, Jan. 6.—Official kissing, hitherto a regular feature of presidential functions in France is being discontinued by President Millerand.

Recipients of the Legion of Honor decorated personally by the president, women students at universities who had won prizes, little girls presenting bouquets, and small boys reciting verses of welcome, have all in the past been invariably embraced by the president, who it was estimated, kissed a thousand French faces, bearded and unbearded each year.

WILL PAY OFF CHURCH DEBT THIS WEEK

At a meeting of the officers of the Presbyterian church last night to talk over the approaching campaign to pay off the church debt, a large number of advance gifts were reported. Many people are bringing their Liberty bonds, Victory bonds and War Saving stamps as gifts to the church. As some of them expressed it, these securities helped the government during the war, they will now give them to Christ for the safety of the world. It is expected that a large number of these securities will be given during the campaign next week. No subscriptions are being taken, people are asked to give either money, war securities or notes payable within one year.

The officers are confident that the entire debt will be wiped out when the campaign ends Saturday, January 15th.

Several large subscriptions are given on conditions that the whole amount be raised, and we are sure the church will not let these large sums go by default.

REAPPORTIONMENT BILL WILL BE DRAFTED TODAY BASED ON LAST CENSUS

FIGHTING CRAFT STEAMING SOUTH

WASHINGTON, Jan. 6.—Screened by destroyers, the Atlantic fleet was steaming southward from the Virginia Capes last night to meet its sister armada from the Pacific in the warm waters of Panama bay. Over the battleship Pennsylvania flew the four-starred flag of Admiral H. B. Wilson, commander-in-chief of the United States fleet, who will command the combined forces during the maneuvers and battle practice to come.

There were forty-eight craft under Admiral Wilson's command at the mobilization point off the cape when the flagship broke out the signal that set the fleet off on its long cruise. Ahead of them, sent in advance to meet the Pacific fleet armen, the air force of the Atlantic had winged southward to join in the great war game.

A. B. & A. RY. CUTS WAGES.

FITZGERALD, Ga., Jan. 6.—A reduction in wages equal to 50 per cent of all increases that have been granted since 1917 has been announced by the officials of the Atlanta, Birmingham and Atlantic railroad. The cut is effective on next Monday, it is said. Employees of the road have not announced their decision. A large number of employees in the company's railroad shops have been discharged. Heads of the different labor organizations are planning to oppose the proposed cut in wages on the A. B. & A. which is a steam road, and conferences, it is understood are to begin next week.

A similar situation is understood to exist on the Georgia and Florida Railroad, now in the hands of receivers. Labor leaders declare that efforts of the A. B. & A. officials to cut salaries of its employees will not hold, as they say, these matters have to be passed upon by the Railway Labor Board. Notices of the wage cut have actually been received by employees, it is asserted.

Members Said Opinion Strong For Smaller Numbers

NOT TO EXCEED 483 SEATS AND MANY ARE IN FAVOR OF HOLDING IT DOWN TO 460

(By The Associated Press) WASHINGTON, Jan. 6.—The House Census Committee agreed to report a bill fixing the membership of the house at 483, an increase of 48 over the present. Recommended that a constitutional amendment be made limiting the membership of the future houses at 500. Basis for representation will be one member for every 21,979 inhabitants. States would gain as follows: California, 5; Michigan, New York, Ohio, Pennsylvania, 4 each; Illinois, Texas, 3; Massachusetts, New Jersey, North Carolina, 2; Alabama, Arkansas, Connecticut, Georgia, Maryland, Minnesota, New Mexico, Oklahoma, Oregon, So. Carolina, Tennessee, Virginia, Washington, West Virginia and Wisconsin 1 each.

No state would lose any representation.

WASHINGTON, Jan. 6.—House census committee went into executive session today to draft reapportionment bill based on last census. Members said opinion seemed to prevail that the house membership should not exceed 483. Many favored 460.

ABANDON CAMP LEE AS CAMP MEADE IS CHOSEN FOR THIRD CORPS AREA

WASHINGTON, Jan. 6.—The war department's decision to abandon Camp Lee, which became known today following the selection of Camp Meade, Md., as the third corps area camp. The Petersburg camp thus was left without a function, and it was decided to salvage the buildings immediately, leaving the disposition of the real estate holdings to the direction of congress.

THE ST. JOHNS HIGHWAY SHOULD BE BUILT FROM SANFORD TO JACKSONVILLE

HON. C. S. MANN TALKS ABOUT THE WONDERFUL GROWTH OF THIS SECTION

Among the prominent visitors to the city yesterday was Charles S. Mann of Jacksonville one of the state's greatest boosters. He is the former president of the Chamber of Commerce, is now president of the Jacksonville Auto Association, president of the Citizens Bank, president of the Southern Hide & Skin Company and is affiliated with many other enterprises.

Mr. Mann was greatly surprised at the remarkable growth that has been attained by Sanford in the past two years as that was his first visit to this city in that time. He was greatly pleased at all that he saw here yesterday being taken around the city by Secretary Pearman of the Chamber of Commerce.

In conversation with the editor of the Herald and in discussing the St. John Scenic Highway that will come direct to this city from Jacksonville, Mr. Mann said that Jacksonville was greatly interested in all road building and especially in the St. John Scenic Highway that will be via Sanford, DeLand, Seville, Crescent City, Palatka and Green Cove Springs to Jacksonville, being a direct air route and that will be one of the most popular roads in the state when it is finished. This road should receive all that is coming to it from the state road department and it is hoped that when the road department gets down to business this month they will take up this important route and help out the various communities that have signified their willingness to meet the state department half way and with the undivided support of all the counties interested and with the assistance of the boards of trade and chambers of commerce of all the cities interested this road should be put in first-class condition before the year is over.

Mr. Mann has been a good-roads enthusiast for many years and knowing the great value of good roads spends much of his time talking about them

and working for them. He also said while here that Jacksonville was proud of the material growth of Sanford and was greatly interested in our welfare in every way and would assist us in all of our projects.

OBJECT TO RESTRICTION OF IMMIGRATION TO U. S. 'FLA. WANTS IMMIGRANTS'

(Continued from page 1) made public a letter from Acting Secretary of State Davis announcing that the Italian government had informed this government it would refrain from issuing passports to immigrants to this country, until informed as to the classes of immigrants desired.

McKay Speaks for Tampa The committee yesterday afternoon heard protests from representatives of the Florida East Coast Growers' Association, and from the Tampa Cigar Manufacturers' Association. G. S. Fletcher spoke for the growers, and K. I. McKay, of Tampa, urged the necessity of modifying the provisions of the bill in order to care for the needs of the cigar industry, which employs foreign labor almost exclusively.

Mr. McKay showed that the business of making cigars was in the hands of Cuban labor, about 60 per cent being Cubans and nearly 25 per cent Spaniards. During the prevalence of a cigar strike in the Tampa factories many of these have returned to their homes and it was essential to the industry, Mr. McKay said, that these be allowed to return, as well as that provision be made for the future influx of these workers.

Former Congressman S. M. Sparkman addressed the committee on behalf of the Tampa Board of Trade, declaring that the Cuban laborer made a good citizen, was an expert in his line, and did not compete with American workmen.

Sen. Duncan U. Fletcher, of Florida, introduced G. S. Fletcher of the Growers' Association, who offered an amendment to the bill, providing for the admission of laborers from the Bahama Islands.

COURT REJECTS PACKER SCHEME OF DISSOLUTION

OBJECTIONS TO DIVORCEMENT PLANS SUBMITTED BY BIG MEAT MEN SUSTAINED

WASHINGTON, Jan. 5.—Government objections to stock yard holdings divorcement plans submitted by the big packers under the recent agreed decree were sustained today by Justice Stafford, in the district supreme court. Any acceptable plan must provide for early and complete divestment of all obnoxious holdings, the court ruled.

Justice Staquord also sustained the government's contention that the decree of divorcement may be made effective by receivership and sale. Unless the defendants are able to present a suitable plan for which time extensions were allowed, the court served notice that such action would be taken.

If any delay is to be allowed in the actual divestment under any new plan, the court said, it must provide for complete control by the court in the meantime, so that the court might terminate it any time if it should determine the packers were not proceeding with promptness and vigor.

An extension of six months was granted in the case of the Crescent City Stock Yards, owing to the peculiar circumstances existing there. The other defendants were allowed extensions to be agreed on. Should they fail to propose a plan conforming to the requirements stated by the court, Justice Stafford said he would feel obliged to appoint officers to take title to all stock in question and to hold it subject to court order until suitable arrangements were made to dispose of it in accordance with the terms and purposes of the decree.

Justice Stafford also informed the defendants, in order to "facilitate future progress," that the court could not "see its way" in considering plans to be submitted, to approve any plan for consolidation of the yards whether by a holding company or otherwise.

Santa Claus had a substantial Christmas gift in store for Orlando and its people when he induced Messrs. H. J. Mayers, of Cleveland, O.; R. A. Everhard, of Wardsworth, N. Y.; and Edward Bedford, of Illon, N. Y., to take a holiday trip to Florida which included Orlando in its itinerary. These gentlemen have just concluded the purchase of the old Carpenter property on Lake Cheroke, and have already started to work on plans which call for the substantial improvement of this desirable property in the shape of a \$100,000 apartment house.

FARM BUREAU ORGANIZED FOR SEMINOLE COUNTY—MEETING HERE TUESDAY

(Continued from page one) lon for syrup, 12 1-2 to 15 cents per pound for rice and \$1.70 per bushel for corn, with other things in proportion, which makes living so high for wage-earners that it is difficult for the farmers of Seminole county to set a wage-scale that will compare with the wages paid in other farming communities and that will permit them to continue farming under present conditions.

It also developed that profiteering prices are being maintained by retailers on such products of Seminole county as lettuce and oranges. Chief of Police Speer, who has just returned from Americus, Ga., reported that lettuce is retelling at 25 cents per head and oranges at 40 cents per dozen in Americus. Also it was shown that in New York lettuce is selling to the consumer at from 25 cents to 35 cents per head; in Chicago at 30 cents per head and even in Sanford at 10 cents per head, while the grower is unable to sell his product and is plowing it under. The people of Sanford should not be paying more than 5 cents per head for lettuce at this time because the retailer can get all he wants from the grower at not more than 2 1-2 cents per head and 10 cents per head should be the top price to consumers in any city in the United States today.

The maintaining of high prices by retailers is limiting the sale of our products and the farmers are largely on that account forced to plow under much good food at a great loss to themselves which should and could be consumed by the people if a fair price were asked for it by the retailer.

producer and consumer is one of the main objects of the Farm Bureau movement throughout the United States and Florida is taking her place among the foremost states in this movement, through her co-operative marketing associations, county agents and farm bureaus.

The following wage-scale was adopted for the Sanford district at this meeting:

Farm Labor—Men, per day\$2.00
Farm Labor—Women, per day 1.25
Harvesting and packing celery07
per crate07
Setting, per thousand50
Making crates, per hundred75

The subject of the cost of celery crates and lettuce hampers was brought up and a committee was appointed to inquire into the cause of failure of crate manufacturers to drop

their prices in proportion to the drop in lumber, standing timber and mill-labor wages that has been taking effect during the past two months.

The matter of excessive freight rates was also discussed and it was pointed out that the producer stands the full burden of every advance in freight rates because he cannot pass on the burden as can the manufacturer, dealer and retailer, to the general public, but must accept his price after the freight is paid and survive or perish on that basis. It, therefore, behooves producers to take active interest in the transportation problems of the country through the state and national farm bureau and co-operative marketing organizations, which are the logical mediums through which these problems can be solved for the farmer.

STEELE-BERRY MARRIAGE

Mr. Herman F. Steele and Miss Camilla Berry were united in marriage this morning in the Temple Auditorium. Dr. George Hyman was the officiating minister. Only the families of the contracting parties and Mr. and Mrs. W. C. DeCoursey and Mrs. Hyman and Mrs. A. C. Williams were present. The ring ceremony was used.

In the marriage of this couple two of Sanford's finest young people have become husband and wife. Mr. Steele held a responsible position with the Wight Tire Co., and is considered one of the progressive young business men of Sanford. He is the Chaplain of the American Legion of Sanford.

Miss Berry is also recognized in the business world on account of the responsible place she has filled for the last two years with the Sanford Truck Growers Association. She has a charming personality and has endeared herself to all who know her.

Mr. and Mrs. Steele left on the Clyde Steamship for a ten days trip.

The best wishes of their many friends go with them.

JANUARY CLEARANCE SALE

J. M. Dresner is putting on the annual Dresner clearance sale for January and these sales are looked forward to by the ladies of Sanford as they always mean seasonal goods at the very lowest prices. Dresner's sales are also famous for being just what they are advertised to be and satisfaction is guaranteed to customers at all times. The beautiful styles in dresses and hats can always be found at Dresner's at very reasonable prices but when they advertise a sale then it is that you get all of these pretty things at prices that sell them and sell them quickly and the ladies are requested to come early and get their choice of these very latest creations right from the big eastern and northern markets some of them just newly arrived that will all be put on sale. The sale starts Friday and will only last ten days. Watch for the advertisement in tomorrow's Daily and Weekly Herald.

BARRETT SHOWS

HERE TONIGHT

The Barrett Shows are here tonight and have pitched the big top on Sanford avenue at the corner of Eighth street. The Barrett Shows are a new outfit that have recently come into the state and while it is not the biggest in the world it is a complete show and more on the dog and pony show order but has a troupe of aerialists and trapeze performers of all kinds and trained animals. The prices of admission are within the reach of all, being 60 cents for adults and 30 cents for children. Read the advertisement in this issue of the Herald.

Recently the city police force and Deputy Sheriff John Purvis swooped down upon a cargo of moonshine which consisted of eight gallons, safely anchored in the ball park just off North Florida avenue, Lakeland. The eight gallons were in possession of a man by the name of Harry Fritz from Brewster who had the deliveries ready and part of them served when the officers took in the shipment, which was loaded in a truck. With Fritz was his wife and a young man who were not held in connection with the charge. Fritz put up a \$500 bond for his appearance to the county and \$300 to the city as a guarantee of good faith in appearing in court. It is believed, however, that he won't show up and bonds will be forfeited.

WOMEN'S CLUB

Club Calendar

Tuesday, Jan. 11.—Social Department. Business meeting, 3:00 p. m. Bridge, 3:30 p. m. Mrs. W. J. Thigpian, hostess.

Wednesday, Jan. 12.—Literature and Music. Mosquito Country, Mrs. W. M. McKinnon. Cornet Solo, Mrs. Robert Herndon. Mound Builders, Mrs. J. N. Whitner. Piano Solo, Mrs. D. A. Kelley, Mrs. A. M. Phillips, chairmen.

BUSINESS MEETING

The regular meeting of the Women's Club on Wednesday afternoon was opened by the president, Mrs. W. L. Morgan, with a charming New Year's greeting to the individual club members, and an appropriate suggestion for resolutions that might be adopted by the club collectively. Following Mrs. Morgan's personal greeting a letter of greeting from Mrs. J. W. McCullom, president of the Florida Federation of Women's Clubs, was read, which embodied a beautiful spirit of earnest devotion to the club work of the state and pleading for co-operation and womanly understanding. The letter appears in this issue and should be read by every club woman who was not present at the meeting.

Report of the officers, chairmen of departments and committees were most interesting, showing activity all along the line.

Especially important was the report of Mrs. Samuel Puleston, chairman of finance. Chief among the various suggestions being the re-modelling of the present club house. The finance committee was appointed to investigate cost of re-modelling, secure plans, etc. and report to the general club at its next business meeting. It was the consensus of opinion that the present site is an ideal location and if re-modelled the building now in use can be made an attractive club house.

Communications from several state officials in response to the protest of Mrs. Samuel Puleston, chairman of finance, against the pardoning of Mendenhall were received with interest, these letters assuring the club that it was not probable that he would be pardoned.

Other communications were read from Mrs. W. M. Pepper, past chairman of the F. F. W. C., and the European Relief Council. Mrs. Pepper's announcement that the federation would issue a monthly bulletin to each club member, containing news of the clubs throughout the state at a moderate price, was accepted by the executive committee, in regard to which the chair announced that any member who so desired could reimburse the club in the sum of five cents.

It was agreed that the appeal from the European Relief Committee should be met by a collection in each department, each member contributing at the next meeting of her department.

Various committees appointed by the chair were: For the general reception, January 18th: Program, Mrs. A. M. Phillips; decorative, Mrs. Roy Bower; refreshments, Mrs. F. L. Miller; committee on the revision of rules and by-laws, Mrs. John Leonard, Mrs. E. A. Douglas, Mrs. E. M. Galloway, Mrs. A. P. Connelly and Mrs. R. R. Deas.

Chairmen of departments were notified from the chair that nominations for chairman and a member to serve on the elections committee must be made at the January business meeting of each department.

SOCIAL DEPARTMENT MEMBERS ATTENTION

It having been decided at the general business meeting on Wednesday afternoon that the club contribute to the European relief for the children of the Near East, and other war-stricken communities, each member of the social department is requested to contribute not less than \$1 to this fund and as much more as their liberality suggests. The donations are to be made at the department meeting, Tuesday afternoon, January 11th.

MRS. A. P. CONNELLY, Chair.

NEW YEAR'S GREETING FROM PRES. OF STATE FEDERATION OF WOMEN'S CLUBS

Gainesville, Fla.

Christmas 1920-New Year 1921.
Dear Madame President and Club Members:

These are days fraught with deep meaning. Never before has Christmas come to an earth so perplexed, so harassed, so lacking in the practical application of every-day life of that peace and good will which are absolutely essential if we are to restore not only order, but real harmony that is the fruit of brotherly love.

Last year I wished for you a drawing near to the spirit of Christmas. This year, while valuing highly our greatly increased membership and our material prosperity, we must gratefully acknowledge the all-pervading spirit of co-operation and womanly

understanding as the real value of our federation.

Our wish for the new year, 1920, was for many new opportunities for service. In the realization of full citizenship this wish has been granted. We have had laid upon us an additional responsibility. Now, at last, as though in tardy fulfillment of every promise made, we are to bear our share in this reconstruction period. We shall discharge the duties of this great hour successfully only in so far as we exemplify in our lives and in the work we shall do, the spirit of this holy season.

At this time we can but touch lightly upon the big things of life, in which we are as one. The year 1920 contained, for the club woman, a three-fold program of Americanization, thrift and community service.

In closing 1920, which marks the centenary of the landing of the Pilgrims, have we been faithful to the big real pioneer spirit of our forefathers and worked out our various problems of Americanization?

When we asked for better schools, better roads, maternity and infancy welfare, and other legislation, have we realized that, while our votes can achieve these blessings, the dollars to pay for them must come eventually from our own homes? Did we also realize that all mankind is being served from the Master's table, and did we remember, always, our hungry little brothers and sisters across the sea? These are the big reasons for accepting our material wealth only as a trust, and for practicing the thrift we have so long preached.

Did we revive the pioneer spirit of neighborliness, in our modern way, and accept the responsibilities of the physical and recreational, as well as the mental and workaday welfare of our fellow-citizens? Did our community service meet the tests of the times?

For 1921 there is much work for us to do. May Christmas bring you, then, many joys and inspire you to a continuation of the many good deeds done in behalf of justice and the preservation of peace. And may the new year offer you additional opportunity for the work we women must do if we are to help in the establishment of that reign of righteousness that is the characteristic of Christianity and the never-ending desire of Christian womanhood.

Sincerely yours,
CAROLINE McCOLLUM.

Judging from what we find every week on "Mr. Ford's Page" in the Dearborn Independent, Henry has developed wonderfully in education and history since he left the witness stand in the Chicago Tribune suit.

The much advertised sale of 'Glades lands for January 3d was not pulled off. Bidders were afraid of the rumors of distrust in such an eleventh-hour deal by the outgoing administration.

SANFORD FURNITURE CO.

COPY OF A LETTER FROM SALES MANAGER W. A. RYAN

Jacksonville, Fla., Dec. 29, 1920.

All Ford Dealers:
Several inquiries have recently come to us concerning the likelihood of another reduction in the price of our cars, and as these inquiries no doubt emanate from prospective purchasers, we want to state again with greater emphasis that Ford cars are already being sold at a figure actually below cost and for an indefinite period another reduction or change in design is entirely out of the question and not at all contemplated.

We believe the public will be fair enough to fully appreciate the frankness of the above when they consider the extent of our recent price cut which was in fact the equivalent of several reductions in one, in our desire to contribute toward satisfying their demands for lower living costs notwithstanding our sacrifice in marketing our cars at a loss until we are able to materially reduce present costs through lower material prices and greater manufacturing efficiency. While we have of course, made some progress in bringing down operating costs, we still have a long way to go before any thought can be given to further reductions in present car prices, so we have no hesitancy in making these open statements to acquaint you with the true situation.

You can therefore give assurance to prospective purchasers of Ford cars that now is their real opportunity to buy below cost and obtain delivery. Everyone is familiar with the heavy demand for Ford cars in the Spring and this year will be no exception, as in spite of conditions, business is already rapidly accumulating, so that many who desire Ford cars will be obliged to wait perhaps until mid-summer for delivery causing considerable inconvenience and possibly financial loss, particularly to commercial customers.

We expect you to protect the interests of prospective buyers in your community by placing these facts before them.

Yours truly,
FORD MOTOR COMPANY,
(Signed) W. A. RYAN,
Manager of Sales.

OLD PIONEER HAS BIRTHDAY

I believe you have not heard of Mr. A. Robbins' birthday so I will tell you about it. It came on December 31st, the eve of the New Year. He received three cakes, two coming from W. R. Robbins and wife, of Ritta, Florida. One of these cakes was iced to represent our American flag with 1841 and 1920 on it. When cut it was in stripes, red, white and blue. It was beautiful. The third cake held the candles arranged in a star form. When lighted it was something lovely to look at. His grandson, Kenneth Robbins and wife, presented it to their grandfather. Just before midnight and while it was a birthday, coffee was served and the cakes were freely sampled. Mr. Robbins says it was the happiest birthday of the 70. On New Year's day W. L. Harvey and family took this father and wife, who have lived 53 years together for a ride in the country, passing Monroe, they were surprised at the school building and the many changes thirty years had made. The ride extended to Mt. Dora. Coming back they were taken over the wonderfully improved road to the cemetery. My Dear Herald, a silent prayer of thankfulness was thought that the new year was seeing this great improvement to Sanford. The sun was setting, the outing was almost a memory when these people arrived home, tired, but happy. —A. E.

SAILORS AS ACTORS

Perhaps no more realistic setting could be constructed for a play than that which appears in the remarkable photograph shown above. The photograph is a complete story and could be correctly titled "Footlights and Shadows." And, as the actor or actress can bring laughter or tears to the faces of the audience, so also can the big guns change from peaceful appearing dormant things to living bulwarks, belching forth shot and shell. Surely it's a picture of contrasts.

These shows aboard the ships of the fleet are great sport to the seamen. Their clean, healthy bodies shake with laughter at some witty saying or clever skit of some actor. But, it would only take a few notes of the bugle to stop this audience of bluejackets from playing this game for a more serious game; when the stage would be cleared of its actors, when the great guns that have been elevated to allow the actors freedom of movement would take the center of the stage and usurp the leading role. The United States Navy draws its personnel from no particular calling. Every branch of industry and every profession is represented. It has its quota of men from the theatrical profession, who utilize their ability in an endeavor to amuse their shipmates. They are succeeding remarkably well, if the smiling sailormen in the photograph can be taken as a criterion. It is doubtful tho, if these actors ever played to such an interesting audience or upon a stage constructed in the shadows of the mighty guns of a warship.

TWO WRONGS CANNOT MAKE A RIGHT

And Put Me Right if I am Wrong. Sanford's "street-paving and sidewalk" liens, including all attached costs and expenses, falling to make good within time limitations became unenforceable by law and therefore are a dead letter, any later so-called lien and now in so-called force is wholly inoperative and only usable as a scare head to shadow title.

As justice and fair play are here involved, why harrass with expense and overtaxed people? Let the city attorney make a test case if he pleases and put this nagging dispute at rest.

The Sanford city manager announces that if dog licenses are not paid he is going to "kill the dogs and jail the owners." We always heard that colery was a great "nerve" tonic!

Where did you get that stuff? Dogs are allowed all the privileges of human beings in this town. They even take them to the churches and theatres and as for paying the tax they just sniff at that law.

FLORIDA'S SUREST CROP

It has been suggested by a man familiar with Florida and all that it produces that its "greatest crop is tourists." His suggestion is a fine one and is worth considering even though the tourist does not grow in Florida.

The tourist is a product of other climates, doing best when transplanted in Florida. It is seen here in its greatest abundance and glory. It is easily acclimated, and is thoroughly at home wherever there is a little human kindness.

The Florida tourist crop is wonderful as a replensher of the treasury of friendships; it is more wonderful as a filler-up of waste places which it makes blossom like the rose; it is the most potent developer the state has; and it has a greater influence on the increase of population than any thing save Dr. Stork.

In another, and more serious though not the least more true, vein, the Florida tourist is the most desirable person in the world. He is the "selected rich, the successfully well to do."

THE MOTHER'S LOVE.

People attending the monkey show of the Johnny J. Jones Shows this week have been struck with the devotion shown a young monkey by the mother. The little one wants to hop around and play and also stray away but the mother never lets go of the youngster.

J.P. SAYS: The lash of circumstances and the logic of events are more than ever impelling us to think. The apparent impossibilities are the very things that help us to realize the possible.

Lessons from this faithful nurse and never let the youngsters get away from mother's knee until they were old enough to take care of themselves. It was and probably is yet a subject for silly banter when a boy, for instance, prefers to remain at home with his mother part of the time instead of associating with his playmates the greater part of the day.

THE TOURIST CROP

The influx of tourists for the present season breaks all records. Estimates place the number of winter visitors at one million. It is Florida's biggest crop. In point of net returns, it probably exceeds all other crops combined.

Our problem is to organize it, conserve it, develop it, remove from it the factors of hazard and speculation, and make it a stable concern, beneficial to the entire state. The problem is more difficult than it seems.

There is our problem. There is "millions in it" if we can solve it promptly and effectually. It has run on a hap-hazard, go as you please course, long enough. The time is ripe for all the business organizations in the state to begin to work out a plan for making this, as nature intended, the greatest tourist resort the world ever saw, and put the whole thing on a sound business basis.

PLANTED FLOWERS FOR THE CHILDREN

The editor of the Herald noticed a Sanford lady planting flowers in a bed in front of her home the other morning early and when questioned about such planting was informed that these pansies were being planted in order that children who wished to pick a few now and then could do so.

MICKIE SAYS

herent love of the beautiful as exemplified in flowers so richly endowed by nature and they cannot be blamed for wanting to pick them. This Sanford lady then would take temptation away from the children who would otherwise pick her best beds of pansies reserved for her own use and would give them a bed for themselves farther out on the lawn where they will not disturb any of her other plants or flowers or grass.

WEATHER REPORT
For Florida: Fair tonight and Friday; Moderate temperature. Smile, no matter what happens.

The weather is good and the crops are good. And regardless of the conditions now the markets will get better.

George Cochran, of Willock, Pa., is staying at the Valdez at the present time.

Another circus in town today. The Barrett Shows are on Sanford avenue and Eighth street.

Mr. and Mrs. Malcolm McKirdy, of Minneapolis, Minn., arrived yesterday and will make Sanford their future home.

Hon. J. H. Huddleston of Geneva was among the visitors to the city today. He reports Geneva as coming right along.

Mr. and Mrs. John Murrell report a fine baby boy that came to their home in Miami yesterday. Sanford friends are sending congratulations.

Dr. C. J. Jessop, from Kiltanang, Pa., has arrived at the Hotel Valdez to spend a short time in Sanford. There are many friends here who will be glad to see him.

Have you seen George? No? Yes? Well, if you see him and he is selling fountain pens let the Herald know about it. George or some other fellow, it may be Charlie, robbed our safe.

The board of governors of the Chamber of Commerce will meet at the Hotel Valdez tonight at the Chamber of Commerce room for matters of importance. All members are requested to be there.

If you fail to get your Daily Herald promptly report to the Herald office at once. We are doing our best to get the paper to you and the carrier boys are only human. They will miss a subscriber now and then.

Chas. P. Bauman, the popular salesman for auto garage supplies with headquarters in Orlando was in the city today calling on the local trade.

When you read the news from Orlando just remember not to court another man's wife. If you've got a wife, don't leave her for another. A bullet may not be the worst end.

An inquiry at the County tax office shows that there has been an increase of 80 persons or firms who have secured occupation tax licenses for the year of 1921. This shows something of the coming prosperity and increase in business since a year ago. Sanford is a steadily growing city and new business corporations and merchants are locating here. There is a big future and much prosperity ahead for Sanford and all of Seminole county.

COBURNS' MINSTRELS BIGGER AND BETTER THAN EVER

As it is always with a circus of quality, so with Coburns', each succeeding year is bigger and better than the last. The auditorium was packed as it has never been packed before, the advance sale of tickets having been sold long before the time for the curtain to rise and cars were parked all over the city in every block, thick as hops in the business district.

The music of the company was above the average, especially the tenor and bass soloists, but most of the company was the same and with the eminent Chraleay Gano, kept the audience in a rage of laughter all the time. The male sextette rendered some splendid choruses with the solo voices and to the mind of the writer that of J. T. Hinton in "On the Trail to Home Sweet Home," the tenor in the troupe gave the best rendition of the evening. The voice was mellow and filled with real music and he should have been given more numbers; the solo by Clyde Broome, the fat boy, was also high class in "For Every Boy Whose on the Level, There's a Girl That's on the Square." The solo of Joe McAnnallan, "Will You Love Me Darling When I'm Old?" was also high class feature an old course Edward Clifford, who is the clarinetist every year with Coburns', rendered a beautiful baritone selection in his rich, mellow voice, rendering "I'm In Heaven When I'm In My Mother's Arms." These soloists were all set off with either a male quartette or the chorus or a sextette, which blended in perfect harmony and gave the audience some real music, being recalled time and again. The troupe has improved its bass end with the addition of Harry Featheringill, the big tall blonde, whose voice is better with the rest than it is in solo work and he can hit the bottom of the key board with ease, but it loses its music the farther he takes it down. Then the end men with their jokes one especially, proving that they were quite observant when he imitated the walk of the Lakeland girls and perhaps the best specialty act of the whole show was that of Turner brothers who did some turning seldom seen on just a "bare" stage.

The work of "pretty" Kitty Denton wasn't up to the standard, "her" voice getting raspy and showing age but the ease and confidence upon the stage is improving. One thing that didn't happen last night was the unmasking of Kitty, which is a usual stunt after a flirtation of song in the audience, and a round trip of kissing the bare heads.

The show closed with a Chinese scene in which Charles Gano was the main show of course, but it lacked the usual climax that has always accompanied Coburns' big shows. Regardless of this, the show was a great improvement over last year and contained a barrel of fun and music throughout that was enjoyed by a large crowd from all over the section.—Lakeland Star.

Coburns' Minstrels will be at the Princess theatre Saturday night.

A NEW WAY TO FIGURE OUT YOUR INCOME TAX
(Ed R. Salter Has the Idea)
Ed R. Salter, the publicity man for Johnny J. Jones Exposition, has it all "doped out." He says:
There need not be any trouble in figuring out your income tax.
In the first place, it must be worked out by algebra, astronomy, trigonometry and syntax, and then you arrive at an answer which may or may not be correct.
If your income tax is \$2400 a year and you have a diamond ring and an automobile, and are married to a brunette, or blonde, whichever the case may be, twenty-six years old, you take the amount of the income and add your personal property, subtract your street number, multiply by your height and your wife's height, and divide by your telephone number.
If you have one child in the family subtract \$200 from your income, add the amount of your personal property, multiply by your waist measure, subtract the size of your collar, add the child's age, multiply by the amount you have given the church during the year, and divide by the number of your automobile license tag.
If there are two children in the family, you deduct \$400 from your income, add the height and age of the second child, divide by the date of your birth, multiply by the size of your hat, and subtract the weight of your mother-in-law.
After you get all this figured out, you won't have to pay income taxes any more, of any nature, for they will have you in an insane asylum in a padded cell—and strapped down.

One who has checked them up and knows says Florida has the greatest crop on earth. The tourist crop! Fine idea; and no frost can nip it!

Governor of state subject of prayer—headline in several state papers. May offset the curses he has been subject to the past four years.

SATURDAY

afternoon on the streets, and Saturday night at our store our mechanical man is going to pull something good. The mechanical man will assist us at our drawing for the first free suit we are going to give to the members of our suit club. And of course our offer still stands for the week,—that is, make him smile and you get a \$50.00 suit free.

JOIN OUR CLOTHING CLUB

between now and Saturday night so that you will be in time for the first free drawing. We are going to give a free suit every Saturday night but you should be in time for the first one. A One Dollar Bill is all that is necessary for you to start.

WE CAN PROVE TO YOU BEYOND A DOUBT THAT THIS CLOTHING CLUB IS NEW AND DIFFERENT FROM THE OTHERS AND IT IS THE BEST YET
