Former Visitor To Sanford Died Sunday

Thomas Irl McKamey of Johnson City, Tenn., former winter resident in Sanford, died early Sunday morning in the DeLand hospital, following a heart attack. He had been in ill health for some time.

Co-ed Killed

(Continued From Page One)
lobster party for two in a room at the "empty arms" and then took her to a fraternity dance Saturday night before the slaying. The dinner was ordered from a

low income families.
Thurston urged approval of administration programs for compulsory national health insurance, federal aid to education, broadened Social Security and grants-in-aid to states, and expansion of public health services to ease the plight of low income families.

local cafe. Her death occurred when they returned afterward to the three-story frame dwelling for men students.

Coroner Callahan said Bednasek first told authorities "I must have killed her" but later explained his mind was "a blank" at the time she met death.

Bednasek told a newsmen his mind was hazy but he believed they were "practicing some jule tricks."

Her father, a member of the State Parole Board, issued a statement in which he said she was "brutally murdered." He attributed her death to "jealousy."

"Margaret was an innocent, trusting popular girl," her father said. "She was not aristocratic in her ideas—she was very democratic x x x"

1. 145-h.p. Ford V-8 is the most powerful Ford Truck engine ever built. Loaded with unusual features such as dual carburetors, valves faced with hard cobalt chrome, and automatic ignition. Available in Ford F-7 and F-8 Big Jobs only.
2. 100-h.p. Ford V-8 excels every other truck in 3 big ways. First, in smoothness gained by overlapping power impulses. Second, in intake manifold efficiency resulting from shorter "leads." Third, in the shortness and rigidity of the engine block.
3. 95-h.p. Ford Six offers modern quality design and gas-saving high compression available in no other truck sales leader. Lead-in ignition for gas savings. 4-ring aluminum alloy pistons for oil savings. Available in all models F-1 through F-6.

3 BIG REASONS WHY FORD TRUCKS PACK MORE POWER

Bonus Bull means big reserves of strength and power!
Image of a Ford truck with a bull in the back.

Ford Trucks Cost Less because FORD TRUCKS LAST LONGER
(Using latest registration data on 6,200,000 trucks, the insurance experts prove Ford Trucks last longer!)

Lois Hodges Weds Floyd C. Perry

Mrs. D. B. Hodges announced today the marriage of her daughter, Lois Hodges, to Floyd C. Perry, son of Mrs. F. D. Mansfield of Miami, on Nov. 19 in Waycross, Ga. The marriage ceremony was performed by Judge Wright Tylor in the Court House at 11:30 A. M. The bride wore a taupe colored crepe dress with matching accessories.

Mrs. Perry attended local schools and graduated from Seminole High School with the class of 1930. Following her graduation was employed by the Atlantic Coast Line as a clerk and has held the same position in Waycross for the past three years.

Mrs. Perry attended schools in Miami and served in the U. S. Army. She is now a foreman in the Atlantic Coast Line shops in Waycross, Mr. and Mrs. Perry are at the home of Mrs. W. Williams Street in Waycross.

Wedding Plans Told By Miss Whigham

Miss Elizabeth Whigham, who will be married on Thursday to Lester Guthrie, announced this morning plans for her wedding. Dr. W. P. Brooks, Jr. will perform the ceremony at 8:00 o'clock at the First Baptist Church. The organist will be Miss Margaret Davis and Stanley Brumley will serve as soloist.

As best man of honor, Miss Whigham has chosen her sister, Mrs. Donald Jones, and bridesmaids will be Mrs. B. L. Perkins, Jr. and Miss Margaret Spencer. Little Deborah Scott will be flower girl.

R. L. Perkins, Jr. will serve as best man for Mr. Guthrie and ushers will be Donald Jones, William A. Laffler, Jr., David Smith and George Elex.

Immediately following the ceremony a reception will be held at the Jones home at 1919 Sanford Avenue.

Mrs. Hayman Winner In Golf Tourney

Mrs. E. C. Hayman was the winner in the Class A group in the tourney held at the regular playing meeting of the Sanford Women's Golf Association on Thursday at the Sanford Country Club. Mrs. Hugh Whitehead won the Class B group tourney and Mrs. Roy Frank Rynes, Jr., Class C.

The monthly luncheon meeting will be held on Thursday and members are asked to bring tags for a gift exchange. The tags will be used for charitable purposes.

Those participating in the tourneys were Mrs. Moxie (Hanger), Mrs. Paul Cannon, Mrs. Harold Kanter, Mrs. E. C. Hayman, Mrs. Harry Woodruff, Mrs. Frank Mills, Mrs. Ross Adams, Mrs. A. D. Marsh, Mrs. Byrnes, Mrs. Price, Mrs. B. group tourneys and Mrs. Roy Frank Rynes, Jr., Class C.

Mrs. Harden Tells Of Garden Center Plans

Mrs. George Harden, chairman of the Horticultural Circle of the Garden Club, announced at a meeting of her circle on Friday that the formal opening of the Garden Center would be held on Jan. 5 in the form of a silver tea which will be open to the public. Tourists in Sanford at the time will be especially invited to attend.

The meeting was held at the home of Mrs. Edward McCall on East Fourteenth Street. Mrs. A. B. Alling, horticulture chairman, said that the formal opening of the Garden Center will be held on Jan. 5 in the form of a silver tea which will be open to the public.

Plans were announced for the beautification of the Garden Center grounds and announcement was made that the Horticultural Circle would be in charge of decorating the library for Christmas under the direction of Mrs. H. H. McCall. Members voted to donate a Christmas tree to the Garden Center.

Celery Fed Cagers Have Tallest Net Men In Conference

Seminole's 2 Centers Are Tallest In EFC; Feds Practice Hard For 1st Scrimmage

By OLAF SEWADSKI

Celery Fed Ganas' Seminole squad will have two of the tallest players in East Florida Conference competition this season, in the persons of Wise Hardin 6 foot 4 inch center weighing 166 pounds, and Ellison Baker, 6 foot 4 1/2 inch center, weighing in the neighborhood of 160 pounds.

Both of the tall young men are sophomores and Wise Hardin has had previous basketball experience, but as one of the best players "with that length he don't need experience."

Celery Fed Ganas will depend greatly on the abilities of Charlie Thomas, an experienced senior forward who racked up an enviable scoring record last year, and forward Clarence Clausen a junior who has been hitting the basket regularly during practice sessions so far.

In the guard positions sophomore Jimmy Smith and George Watkins, senior, will probably hold down the starting berths during the season's games.

Celery Fed Ganas put his charges through a heavy drill session yesterday with emphasis on passing, shooting and rebound shots to prepare the squad for its first practice scrimmage Thursday afternoon.

The Celery Fed Cagers have scheduled 12 games this season, half of them to be played on the home court.

Florida Hunters To Get Extra Days During Holidays

George A. Stine, president of the Seminole County Sportsmen's Association announced yesterday the Florida Wildlife Federation hunting privileges will be allowed for Monday, Dec. 26, and Monday, Jan. 2, to allow hunters to take full advantage of the holiday season. Under present regulations all other Mondays are closed for hunting.

Open season for doves will begin Dec. 17, the Federation revealed, and no federal duck stamp will be necessary to hunt doves.

The U. S. Fish and Wildlife Service has cleared up a misunderstanding among hunters and Wildlife officers by announcing it is not necessary to have a federal duck stamp to hunt coast in Florida.

The Wildlife Service advises hunters to class coast with gullies, rail and marsh hens.

Dixie Conference Elects Mississippi Director As Head

MONTREAL, Dec. 13.—(AP)—The Dixie Conference of the National Hockey League used to be "break up the Montreal Canadiens."

Today it has simmered down to "break up Maurice Richard."

That would suit the circuit's goalies fine, for Richard has remained his scoring prowess and again is terrorizing the loop's netminders.

The 28-year-old Montreal right winger has netted 20 goals in 25 games and may be on his way to break his NHL record of 50 goals in 50 games set during the 1944-45 season.

This year the schedule has been extended from 50 to 70 games, giving the rugged Canadian a good chance to smash his old mark.

From 1943 to 1947 when the Frenchmen were winning four consecutive championships, Richard was skating in magnificent fashion, averaging better than 38 goals a season.

He, and the Canucks, were being acclaimed as "the greatest of all time."

But when the war ended, the law of averages caught up with both the Montreal team and Richard.

In 1947-48, the Canadiens finished 7th—out of the Stanley Cup playoffs for first time in six years. Richard fell below his 38-goal average, netting 28 goals.

When the Frenchmen allied for a third-place finish last season and Richard's goal production plunged to a mere 20, whippersnappers netting 28 goals.

"A war-time wonder," "A quality-the-pair" were some of the comments.

Rebounding with the ferocity of a wounded champion, Richard hit his stride again this season and has captured the imagination of fans and sportswriters alike.

He is skating faster, surer, and his shot's accuracy is his stick in the familiar bullet-like style.

As Frank Bojchick, New York manager, puts it: "That guy's a one-man band. With him we have a fine chance to win the pennant."

In eight seasons including playoffs, he has scored 298 goals into the net. He has also scored 200 assists.

Richard was awarded the Selkirk Trophy as the best player in the league's first all-star team in five seasons.

Calumet Farm's Coaltown Awarded Turf Digest Title

BAITIMORE, Md., Dec. 13.—(AP)—Speech-Gooden and world record performance earned for Calumet Farm's Coaltown the title of Horse of the Year in the fourteenth annual nationwide poll of sports and turf writers and commentators just completed by Turf and Sports Digest.

Of the 201 sports authorities who voted and were asked to name that one horse in this classification, 102 cast their ballots for the leading son of Bull Lea—Easy Lass. Capot was second with 71 votes.

Though beaten by Capot in his last two starts of the year, Coaltown had built up such a lead through a brilliant campaign starting early in February and lasting until the end of October, that there was no catching him.

He led the field home in 12 of his 16 starts and finished second in the other three, adding \$276,125 to the earnings of Warren Wright's racing establishment.

Through their ballots for the Coaltown joins the select group of Thoroughbred stars made up of Granville, War Admiral, Seabiscuit, Chatterbox, Whirlaway, Count Fleet, Twin Tear, Busher, Assault, Armed and Gilded.

It is the sixth time the honor has gone to a Calumet Farm horse. Whirlaway having won it twice.

Sam Baugh Wins 6th NFL Passing Title

PHILADELPHIA, Dec. 13.—(AP)—By the narrow margin of two points, Sammy Baugh of the Washington Redskins won the National Football League passing title for the sixth time in his 13 years as a professional.

Under the inverse grading system in which the number of completions, percent of completions, touchdown passes, yards gained and per cent of interceptions are all taken into account, Baugh finished with 18 points according to the league's financial statistics released today.

Second place with 15 points went to the Chicago Bear's Johnny Lattick. Tommy Thompson of the Philadelphia Eagles last year's winner, was third with 13 points.

Baugh attempted 288 passes, completed 148 for a gain of 1,300 yards and 10 touchdowns. He had a percentage of completions of 51.4 and had only 8.4 per cent intercepted.

Rudy Plous, coach of the Louisville Blades of the U. S. Football League, never played pro football but is rated one of the best developers of young football players.

Kettles Reveals 1950 Celery Fed Gridiron Schedule

Celery Fed football coach Carl Kettles announced today the Celery Fed football squad will play five, and possibly six games on the local gridiron during the 1950 season. The tough Orlando eleven is again on the agenda, he added.

In announcing the 1950 schedule, Coach Kettles lamented that eight of his first string players will have graduated or are ineligible for next season.

However, Kettles and Assistant Coach Otis Mooney are placing their faith in a fast light squad composed mostly of sophomores.

1950 Celery Fed Football Schedule:

Sept. 23	Orlando	there
Sept. 29	Eustis	home
Oct. 6	Deland	home
Oct. 13	Ocala	home
Oct. 20	St. Augustine	home
Oct. 27	New Smyrna	there
Nov. 4	Seabreeze	home
Nov. 11	Leesburg	home
Nov. 17	Winter Park	home
Dec. 2	(tentative)	

Maurice Richard Canadian Hockey Whiz, Eyes Record

MONTREAL, Dec. 13.—(AP)—Dixie Conference officials wound up their annual meeting here by re-electing Dr. Stanley S. Robinson, Mississippi College athletic director, as president.

Dr. G. B. Connell of Mercer University was chosen vice president succeeding Zet Vance, Mercer athletic director, and Dr. Howard G. Danford, Florida State University athletic director, was re-elected secretary-treasurer.

Dr. M. C. White, chairman of the Millsaps College faculty athletic committee, was named delegate at large to the executive council replacing Brady Cowell, athletic director at Stetson University.

Mercer University at Macon, Ga., was awarded the 1950 track meet and golf and tennis tournaments which will be held concurrently on May 10-20.

The conference also set the dates for the 1951 track, tennis and golf events for May 11-12 but named no host team.

Tampa University previously had been awarded the 1950 basketball tournament on Feb. 27, 28 and March 1.

Other action taken at yesterday's meeting included naming Florida State University the official 1949 football champion and Florida Southern College as baseball champion.

Representatives from Florida Southern, Florida State, Stetson, Tampa, Mercer, Oglethorpe, Howard, Millsaps and Mississippi College attended the meeting.

'Sanity Code' To Bar Offenders From Olympics

Amateur Head Hints Athletic Scholarships Aren't Legal

SOUTH BEND, Ind., Dec. 13.—(AP)—A combined NCAA-AAU knockout punch for "sanity code" violators—so complete as to bar them from U. S. Olympic competition—appears to be brewing.

Dr. Karl Lash of Iowa, NCAA president, declared at Notre Dame's annual football banquet last night that offenders would receive sharper sanctions than expulsion and schedule changes.

He warned that schools violating the code may also lose AAU sanction. This would make their athletes ineligible for the Olympics. It would also bring the loss of certification by scientific accrediting agencies.

Lash hinted at more stringent measures over Avery Brundage, President of the U. S. Olympic Association, asserted at the national AAU meeting in San Francisco that an athlete who accepts an athletic scholarship "professionalizes" himself and should be barred from membership on Olympic teams.

"I would like for Mr. Brundage to define his meaning of athletic scholarship," Lash told reporters, "if wonder if he regards them a reward in payment of athletic ability. The sanity code outlaw this. It recognizes a merit for aid on the basis of need and judges an athlete the same as any other student."

Brundage, still on the West Coast, was not immediately available for comment.

Lash left little doubt but what the NCAA and AAU view athletic scholarships in the same light.

Speaking personally, and not for the NCAA, Lash said he felt that "rather strong argument has been made in the effort of southern schools to have a three-month training table within the season of the sport involved."

The NCAA code now permits only one meal a day within season.

He said that the three-meal proposal by Bill Alexander, former Georgia Tech coach, would offset apparent discrimination against athletes who have

Vegetable Market

ON OWLS WHO'S WHO - - By Alan Maver

Georgia-Alabama To Lose Class D Club

TALLASSEE, Ala., Dec. 13.—(AP)—The Class D Georgia-Alabama baseball league lost a member yesterday when the Tallassee Cardinals withdrew because of financial difficulties.

President W. S. Gullidge said the Cardinals finished the 1949 season with a \$5,000 deficit. The St. Louis Cardinals recently ended a working agreement with the club.

APR Deatur of Tallassee, Ala., league president, said a replacement for Tallassee probably would come from Rome or Thomaston, Ga., or Sylacauga, Ala.

In a 1948 National Football League game between Philadelphia and Boston, the Eagles intercepted seven passes and Boston four.

Little time to work for their maintenance jobs while engaged in their special sports.

Bradley Rated Team To Beat In College Circuit

Bradley Downs Tough Nebraska, 64-54 To Win 3rd Straight

NEW YORK, Dec. 13.—(AP)—Bradley's veteran five still rated today as a team to beat in the race for the national basketball title.

The Peoria, Ill., squad downed a strong Nebraska club, 64-54, last night for its third straight victory. It was the Big Seven co-champion's first defeat of the season.

Paul Unruh and Gene Melchiorre, as usual, led the Braves. The same duo sparked Bradley to a semi-final berth in Madison Square Garden's national invitation tournament last March.

Another Missouri Valley favorite, Oklahoma A & M, is in New York for its Madison Square Garden debut against underdog Long Island University tonight.

It's the top game of a double bill that also matches New York University against Colgate.

Other results last night include: Loyola of Chicago 70, Marquette 48; Kansas State 43, West Virginia 44; Hamline 63, Regis 40; Texas Christian 37, Missouri 35 and George Washington and Lee 66.

The Regis-Hamline encounter was a repeat of last season's national intercollegiate tournament championship result.

Loyola rebounded against Marquette to make its season record 3-3.

Major contests tonight include: Holy Cross at Dartmouth; Texas Wesleyan at Baylor; DePaul at Indiana; Drake at Purdue; North Dakota at Wisconsin; Louisville at Eastern Kentucky; Olympic Club at San Francisco and Georgetown (Ky.) at Western Kentucky.

Majors To Sign 'Happy' Chandler To New Long Contract At \$75,000

NEW YORK, Dec. 13.—(AP)—A. B. Chandler, commissioner of baseball, is reported ready to help the pitchers in the last 10 years," argued Evans yesterday. "This is just a trick delivery such as the knuckleball, forkball and so forth, which are legalized."

A. B. Chandler, commissioner of baseball, is expected to get a new long-term contract and a hike in salary at the combined meeting of the American and National leagues tomorrow.

The word is that the commissioner will be signed to a seven-year term at \$75,000 per year, \$25,000 above his present pay. His present contract doesn't expire until April 24, 1952.

The National League also has decided to restore twilight double-headers and that old headache, the suspended game, which was used in wartime.

At its meeting yesterday the senior circuit brought back the rule that games called on account of Sunday curfew or for getaway purposes will be resumed at the point of interruption at a later date.

The major leagues decided to have a night opener next season for the first time in history. The St. Louis Cardinals announced they would start the campaign against the Pittsburgh Pirates at Sportsman's Park the night of April 18.

Philadelphia's Connie Mack retains his post as vice-president of the American Baseball League. The Athletics octagonarian was re-elected yesterday by league directors, who also re-named Bill DeWitt, president of the St. Louis Browns, a representative to the major league executive council.

Manager Burt Shotton will have his same board of strategy in directing Brooklyn's baseball Dodgers next year. Yesterday he renamed his coaches—Jake Pitler, Clyde Sukeforth and Mill Stock.

Both the American and National baseball leagues showed attendance drops in the 1949 crowd figures, released yesterday. The American drew 10,730,647 compared with 11,150,090 in 1948. The National drew 9,484,718 compared with 9,770,743.

Billy Evans, Detroit Tiger general manager, was the lone dissenter as the American league voted 7-1 against the return of

Abbe Green To Head Fight Writers Group

NEW YORK, Dec. 13.—(AP)—Abbe Greene, National Boxing Association commissioner, has been chosen by the New York Boxing Writers' Association to receive the 1948 James J. Walker memorial award for "long and meritorious service" to boxing.

Greene, editor of the Paterson, N. J., Evening News, for many years served as president of the NBA. He was named commissioner last year, and recently was re-appointed to that post.

Fate Of Klansman In Flog Case Hangs On Woman's Bosom

ROME, Ga., Dec. 13.—(AP)—Defendant Woodrow Daniels' alibi in the case of seven flogged Negroes today hung on how well his wife's figure is known. Daniels and his wife both testified in the mass civil rights trial here that the night the Negroes were whipped they were visiting at his father's remote farmhouse in Alabama. The government put four witnesses on the stand yesterday in an effort to crack the tall, blond automobile metal worker's alibi. The four declared they saw the Daniels' car in a Ku Klux Klan parade in Denton, Ga., the night of the flogging. A rural mail carrier, Robert Alton, said he saw the Daniels' car and that it was driven by a hooded man whom he thought was Mrs. Daniels. Under cross examination, Allison observed that "Mrs. Daniels is a nicely made woman, though rather large." Here he gestured to indicate an extremely ample bosom. Pressed by defense Attorney Frank M. Gleason for further identification, Allison paused thoughtfully, then said he was pretty sure it was she because "nobody in Dale county is made up like Mrs. Daniels." Asked by Gleason if it were possible that the figure could have been any of the other defendants, all male, instead of Mrs. Daniels, Allison answered: "Not unless they had been made up with a pillow." Mrs. Allison followed her husband to the stand and declared she saw Mrs. Daniels that night of April 2 with and without a hood. "I was surprised," she said, "to see her with that bunch." The rather plump housewife testified she saw a hooded woman get out of a car and "I knew it was Mrs. Daniels from the way she is built up and the way she got out." Mrs. Allison, who said she had known Mrs. Daniels all her life, was asked by Gleason if it were not possible that the figure was a man wearing a pillow around his chest. Sniffed Mrs. Allison, "I don't think she needed any."

Jobs And Water

When New York City began to run short of water this winter, one of the conservation steps was an order by the city prohibiting the washing of automobiles. To the casual observer this appears to be an unimportant sacrifice for a few months to the cause of water conservation.

But there are several thousand men in New York City who make their living washing cars. The number of car laundries, establishments whose only business is washing cars, is in the hundreds. What happens to these business plants and their workers during the winter shortage?

Their plight is only one small phase of the disruption in the life of a community which can be caused by a scarcity of water. Everyone knows that water is a necessity to human and other animal life. A point often overlooked is that it is also necessary to most of the industrial and other activities of our complex modern life.

These many uses of water are the reason why we are using water faster than nature provides it. They also are an essential reason why we must plan ahead to provide the best possible supplies of water and to get the most effective use from it, perhaps filtering it after one use so that it can be used again. We cannot get along without water. We can not even curtail our consumption of it very much unless we are willing to trim down our scale of living.

Turn From Socialism

Both liberals and conservatives in America as well as in British nations have been rejoicing over the defeats of Labor Party governments to New Zealand and Australia. Now there remains the 1950 test of Labor government in Great Britain itself, young but in its short span by far the most widely debated of the three British socialist experiments.

The election results in New Zealand and Australia do not mean that those two nations will forthwith turn all industries back to private ownership; that will not happen in the near future, at any rate. But the conversion to national ownership will be stopped; no more industries will be taken over by the governments. The situation may provide a unique chance for private and national ownership to operate side by side, both on trial yet both secure for the moment.

Whether the turn away from Socialism will be permanent — insofar as permanency exists in politics — probably depends on the ability of the new liberal-conservative coalition governments to fulfil a trying combination of campaign promises. They have promised, among other things, to reduce taxes and encourage a lower cost of living, and at the same time to return and carry on the basic social welfare projects of the ousted Labor governments. Perhaps by good management, this can be done.

Modern PTA

Parent Teacher Associations, which were originally founded with the idea of improving understanding between teachers and parents, as well as keeping parents in touch with their children's schools, have widened their scope.

The National Congress of Parents and Teachers has adopted plans to implement the idea "that our children and all children shall be citizens of a free and better world."

The field of work falls to be "the home, the school, the church, the community, and the wider world community."

Educational projects for parents will take in foreign affairs, citizenship, and the study of legislation bearing on education. Support of community activities will lead to a spirit of democratic fellowship, and a study of the United Nations and its activities will bring the world community into the program.

That American children are more fortunate than many others is a fact that has been taken for granted up to now. Modern conditions have, however, caused all thoughtful parents to feel concern for children other than their own. A better world for all children is a worthy goal for the PTA.

SANTA And The MAGICIAN

By LUCRICE HUDGINS

Chapter 10
A PRESENT FOR HENRY
Henry ran back to Santa Land as fast as he could. Mr. Dilly and Serena were waiting for him in Santa's cottage.

"I've got it! I've got it!" cried Henry handing the wand to Mr. Dilly. "Thank goodness!" cried Mr. Dilly. "When we woke and found you gone I did not know what to think. I couldn't come after you because Mrs. Claus asked me to stay and watch her cakes."

"Hippy dippy," broke in Serena. "You never seen such cakes as they are making for tomorrow's party. Come, boys, there are spoons to lick!"

"No, no," protested Mr. Dilly. "Tell us first how you found the wand." So Henry told them about the strange Wiggle Wagglers and how he feared them because of their fierce manners.

"Well, they can't be very bad since they gave you the wand," said Mr. Dilly. "Then he took the wand and put it in Santa's little black box. He felt wonderfully happy. 'Now Santa never need know it was gone,' he said thankfully as he shut the box and returned it to the corner. Neither he nor Henry dreamed that the Wiggle Wagglers' wand which Zerk had wittily traded."

"Now, come into the kitchen," said Mr. Dilly. "Mrs. Claus has left us to watch her cakes while she is at the ice house tending the ice cream."

"What cakes they were! As large as wash basins and smelling so sweet a boy could hardly stand if he needed a piece so badly. On the tables were great bowls of frosted cream, coconut, chocolate, orange, mocha. And sure enough there were spoons to lick and Henry licked them."

"Presently Mrs. Claus came in and said, 'Come with me, Henry. I need your help.' So Henry went with her to the ice house where the ice was being packed. There were several men packing the ice into boxes. Henry saw one of the men looking up at the sky and saying, 'It's a beautiful day for ice cream!'

Henry looked up in dismay. "It's not even Christmas yet," he said. "The weather is just what we need for ice cream."

Henry looked up in dismay. "It's not even Christmas yet," he said. "The weather is just what we need for ice cream."

Henry looked up in dismay. "It's not even Christmas yet," he said. "The weather is just what we need for ice cream."

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

These days of clashing political ideologies have a tendency to breed doubts and suspicions even between old and tried international friends.

We had a rather startling indication of this recently when Lord Strickland, Laborite member of the British House of Lords, declared in a debate on defense that there were American hotbeds who were talking quite glibly of using atomic power to divert the Gulf stream.

Well, of course, the scientists promptly tossed this idea out the window as nonsense. It would take more than atomic power to shift the Gulf stream, even if anybody wanted to shift it.

So much for that scare, but it leaves us with the uncomfortable thought that this is an extraordinary viewpoint to be held by any statesman of an ally who has been through two world wars with us.

England doesn't show signs of going Communist, and even if she did we shouldn't try to do her in with atomic bombs.

Speaking rather louder than words are our deeds in trying to help Britain overcome her economic crisis and get on her feet.

But what is the basis for such outlandish ideas as the Gulf-stream nightmare? It strikes me that the answer is lack of acquaintance. Our two peoples don't know each other as well as they should, though from first-hand observation of both countries for many years I believe America knows England better than England knows us. And I could be wrong about that.

The British school system prior to the second World War didn't teach much about the United States. American news coverage with the revolution. Since the outbreak of the war some school-boys given more attention to the United States. Unfortunately this note has been greatly hampered by the shortage of news print which has resulted in skeleton newspapers. There hasn't been room for much more than mention of the major events.

The United States has been getting a bad name through America's moves. A large section of the British public has the idea that two-way traffic is a waste of time and money. And the way of transportation is unimpressive.

Naturally the result for this lack of acquaintance is the great dislike separating our two countries, and the cost of travel. It's comparatively easy for the Briton to get to the continent, or for the American to reach Canada or Latin America, but crossing the Atlantic is another proposition.

So we need personal contact, and that will come in due course. Meaning we have to fall back on direct communication and improve them. I was chatting with an Englishman the other day on the subject and asked him what he thought would help solve the problem.

He said that a return to normal-size newspapers in England would help immensely by providing space for adequate news coverage of our affairs and the radio are vital mediums. More interpretive news writing and more factual news are needed.

To illustrate my argument my friend told me about a waiter he knows in a London restaurant. This waiter was reading up on America, and one of his favorite books is "The Last of the Mohicans." He thinks of America partly in terms of this thriller or partly long gone.

The waiter's viewpoint isn't so unusual. It's not so many years ago that a great number of Britons who thought Indians still roamed the plains near Chicago, and that Chicago was only a short ride from New York and here in London, they encountered some pretty queer ideas about England, too.

It's time America and England get acquainted.

Trio To Entertain At Alliance Church

The Herald of Christ Trio, composed of Miss Edith Blazer, Miss Joyce Hensche, and Miss Doris Henchke, will be heard in a program of choral art and music at the Christian and Missionary Alliance Church Thursday night at 7:45 P. M.

The members of the trio are from the Moody Bible Institute from which they are recent graduates. Their music will consist of solos, duets and trios. They will also present instrumental numbers on the piano, the merimba, the cornet and the accordion. A choral artist in the trio will give an illustrated message.

The meeting is open to the public. A free-will offering will be received.

boy, and you were the cause of it. Here, now, here's a little Christmas gift for you." He handed Henry a tiny box wrapped in tissue and tied with red ribbon.

Henry was so happy and so surprised he could hardly believe his fingers steady as he pulled eagerly at the ribbon.

"Well, well," cried Henry, "it's a beautiful gift. It's just what I needed for Christmas."

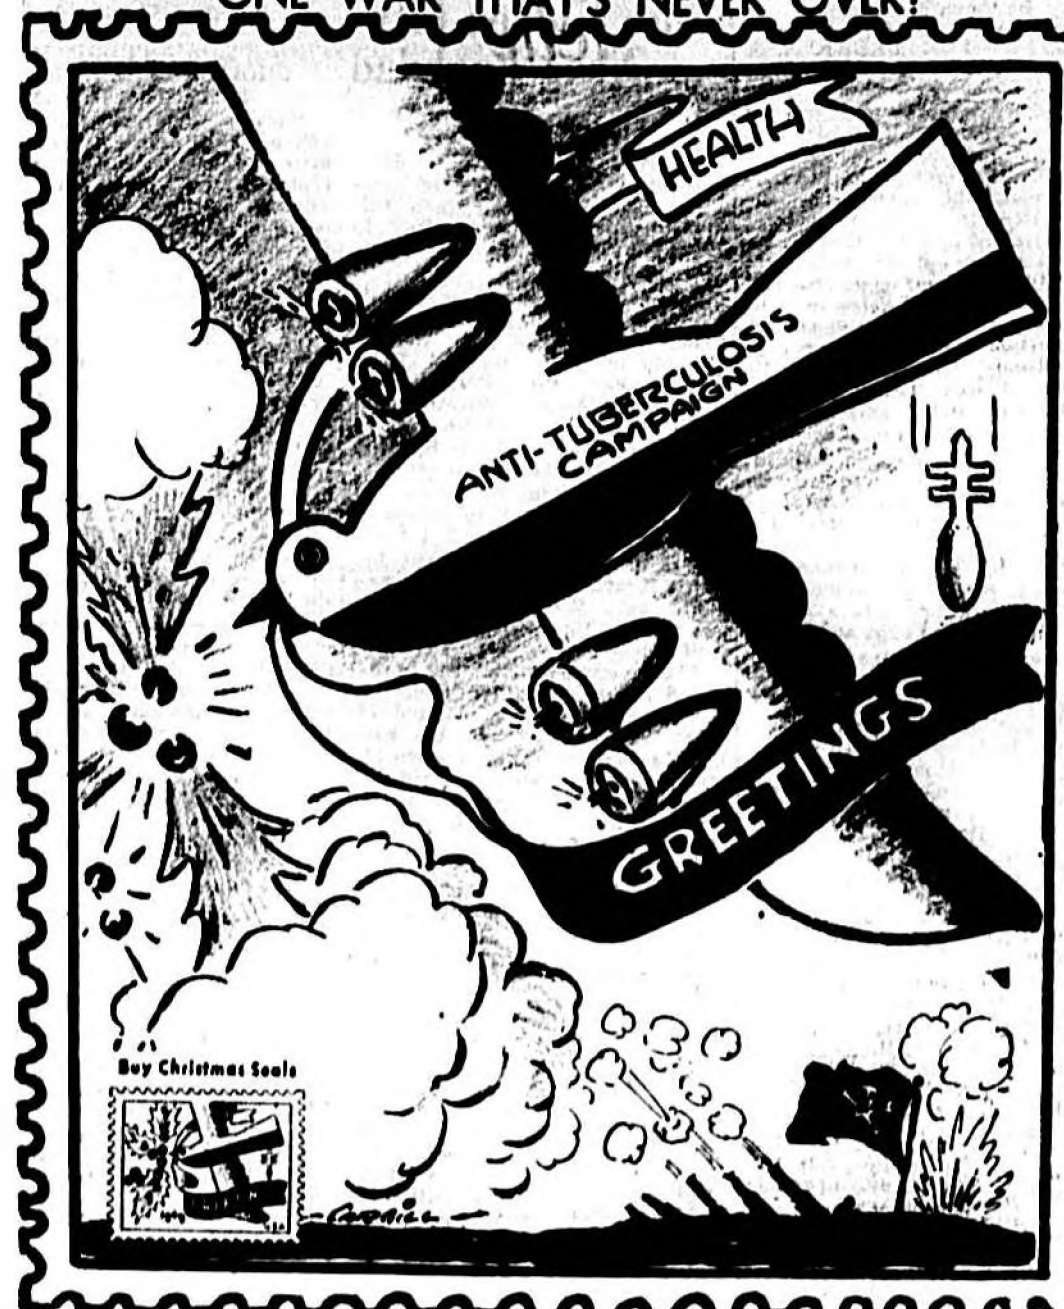

Henry looked up in dismay. "It's not even Christmas yet," he said. "The weather is just what we need for ice cream."

Henry looked up in dismay. "It's not even Christmas yet," he said. "The weather is just what we need for ice cream."

Henry looked up in dismay. "It's not even Christmas yet," he said. "The weather is just what we need for ice cream."

ONE WAR THAT'S NEVER OVER!

Santa Claus Is Not Coming By Mule Train

NEWARK, O., Dec. 14.—(AP)—Six little children, Santa Claus was not coming by mule train this Christmas.

But there were some who thought this rather fantastic idea Monday when the familiar hit-parade melody, "Mule Train" was heard coming from loudspeakers atop the courthouse tower.

It seemed some joker who has a doubtful sense of humor tipped the "Mule Train" platter into the "Year season" organ case when the familiar hit-parade melody, "Mule Train" was heard coming from loudspeakers atop the courthouse tower.

The musician who operates the day-long broadcasts of carols situated near the private office of common pleas Judge Charles H. Hollisberry.

No one could be found who knew who made the record switch or how it was done.

Said the Newark Retail Merchants' Association:

"Little children and grownups alike don't let yesterday's specialty throw you."

Sanford Forum

Sanford, Florida
Dec. 12, 1949
Mr. Roland L. Dean
Editor, Sanford Herald,
Sanford, Fla.

Dear Sir:
If you please give me space in your wonderful paper to make this announcement:

When Dr. George Washington Carver died at Tuskegee Institute, Alabama in 1943, the world lost a great scientist and friend of mankind. But his genius for extracting the impossible from test tubes did not end with his death.

Carver left as his scientific heir, his assistant and protégé, Austin W. Curtis, Jr. who for many years had worked side by side with the wizard of Tuskegee in his laboratory at the school he loved so dearly.

Now in Detroit, a thousand miles away from the scene of the first experiments which he conducted under Dr. Carver's guidance at Tuskegee Institute, Alabama, Curtis carries on the work of his great teacher, at the same time provides job opportunities for a large number in a business which has tremendous potentialities.

Curtis proved himself not only a worthy assistant, but also a sympathetic companion for a lonely, often misunderstood, and not fully appreciated old man. To him Carver confided.

"Baby Carver, you are to me as Timothy was to Paul. Through you, I see an extension of my work. May God bless all who work for this manufactory."

We have been successful in getting this manufactory to make Sanford the central point for the distribution of these products in Central Florida. Dr. Carver made from the peanut alone 300 different products. We wish to further remind you that all of the raw material used in the manufactory of the many products come from the southern states.

I take this method to thank the many friends, both white and colored, who assisted me in getting this manufactory to make Sanford the central point for the distribution of these products in Central Florida. Dr. Carver made from the peanut alone 300 different products. We wish to further remind you that all of the raw material used in the manufactory of the many products come from the southern states.

Expert Declares Taxes Are Ruining Small Businesses

WASHINGTON, Dec. 14.—(AP)—A tax expert declared today that high estate and inheritance taxes are slowly wiping out the nation's small businesses.

Federal and state tax priorities, he said, are forcing estate liquidation and making it almost impossible for a business to pass from father to son.

This was the picture drawn by W. T. Hockett, vice president and trust officer of the Huntington National Bank of Columbus, Ohio, before a Senate-Home economic committee studying ways to encourage more investment in small firms.

"My experience leads me to believe," he said, "that our present high estate and inheritance tax levels are slowly but surely destroying the small business."

Inheritance taxes pick off small businesses one by one, Hockett said, as those who inherit usually are forced to sell to get enough cash to pay up.

Increased estate are being proposed, Hockett observed. But he added that if the levy had been upped to 100 per cent last year, the revenue still would have been relatively small.

"I wonder, though," he said, "how many small closely held businesses were sold, liquidated or otherwise destroyed last year because of the combination of high estate tax rates coupled as to their tax value."

Hockett laid before the committee a study of 62 estates showing that in 64 per cent of the cases the government's tax claims were unpaid. The taxpayer owed 10 per cent, and 24 per cent were compromised.

IT RATES UP
WASHINGTON, Dec. 14.—(AP)—It's going to cost more to ride alone on trains from Boston and New York to Florida this winter.

The Interstate Commerce Commission today approved an increase in the initial payment for equipment or drawing room southbound on Pennsylvania and New Haven railroads.

CONVERT MEN'S WEAR

Major Trading Is Started By Mack In \$100,000 Deal

St. Louis Gets Money, 4 Players In Swap Of Bob Dillinger And Paul Lehner

NEW YORK, Dec. 14.—(AP)—The major leagues voted to junk the highly controversial bonus rule today with Commissioner A. B. Chandler ending the decade-long debate. The American League voted to repeal the rule, the National League to keep it. The vote was 10-7 in favor of the American League.

The major leagues voted to keep the rule last week in their convention at Baltimore, now will be pulled again, this time by mail. The rule will remain in effect until 15 days after the minor league vote to discard it. If they vote to retain it, it remains on the books. Under the rule a player who received more than \$5,000 in the first year in organized baseball, either as a salary or as an inducement to sign a contract, from a major league or a top minor club could not be sent down for more experience without waivers.

NEW YORK, Dec. 14.—(AP)—The drowsy winter baseball meeting was slow wakening up but when the shot came it was a corker—a deal between the St. Louis Browns and Philadelphia Athletics involving \$100,000 and six players.

Combs Mack's prominent anxious athletes shelled out the \$100,000 together with four players to the Browns to get one of the American League's top infielders, third baseman Bob Dillinger, and a good outfielder, Roy Luba.

The \$100,000 was the welcome part of the deal for the Browns whose president, Bill DeWitt, said: "I can't make any money at the gate. I've got to make it selling my best players."

But the Browns also received veteran third baseman Frank Gustine and three rookies—shortstop Billy DeMay and outfielders Ray Coleman and Roberto Tapia. The deal, which broke the trading log-jam wide open, was closed shortly before midnight by DeWitt and Earle Mack, Combs' son and coach.

Two other transactions earlier in the day involving the Boston Braves, Pittsburgh Pirates and Chicago Cubs were tossed into a subordinate category by this fancy American League swap.

The Braves disposed of two players. They sent pitcher Bill Vialle to the Cubs for infielder Gene March and some cash, and traded over outfielder Mary Dickert to the Pirates for "more than \$10,000" plus a minor leaguer to be named later.

In a secret meeting yesterday the National League decided to uphold the minor league vote to repeal the bonus rule. It was understood that Chandler, who does not like the rule, will appoint a committee to study the matter further.

Room 5 Wins School Gridiron Crown

Room five of the Sanford Grammar School emerged as the winner in the recent Round Robin football tournament, moving out Room three in the fifth grade division. It was announced today.

Co-captains of the winners are Leo Hiles and Virgil Gracey, while Joe Russel and Milton Hamner led the second place Room three team.

The roster of the winning team is: George Arnold, Bobby Lee Burnett, Russell Benton, John Brown, Bobby Brunley, Dwight Flowers, Virgil Gracey, Jack Hays, Lee Hiles, Bill Kierhoff, Neil Nichols, Charles Ponce, Meredith Scott and Terry Goebel.

DAVEY'S

Illinois, Indiana Minnesota, Ohio Are Big 10 Aces

Defending Champion Illini Will Be Hard Pressed To Repeat

By JERRY LISKA
AP Newsfeatures

CHICAGO—With respect to defending champion Illinois, the 1950 Big Ten basketball title apparently will be hotly contested as the recent Conference football championship.

Along with the Illini, Minnesota, Wisconsin, Ohio State and Indiana all are regarded as formidable title contenders.

There is scarcely a coach without a rebuilding job of some size on his hands, although Wisconsin's Bud Foster appears well fixed with nine letterman back including Center Don Heffelford who led Conference scoring last season with 229 points.

The Indigers, who finished seventh last season, lost only one regular by graduation, Guard prospect for backcourt duty Bruce Rogers, and have four All-Illinois has seven lettermen returning, but Coach Wally Cambes lost brilliant Dick Edelman, 6-foot, 7-inch, Fred Green and Guards Dick Foley and Jim Marks from the title squad which won 10 and lost two in conference play last season. Captain Bill Karkis is the big gun this season, while Walt (Dix) Osterholm is a 297-pound hustle guy.

Minnesota is missing towering Jim McTee, but center Gene Coates still has a superb shot and play maker in bouncing Frank Whitely, 6-foot, 4-inch "shorty." Maxamed Johnson, replaces the goading McTee at center.

Coates wants his Conference colleagues that without too much height, his Minnesota team will play to win, even if it means cutting rival skyscrapers down to size with a zone defense and stalling tactics. Footballer Bud Grant and Jerry Mitchell are important cogs.

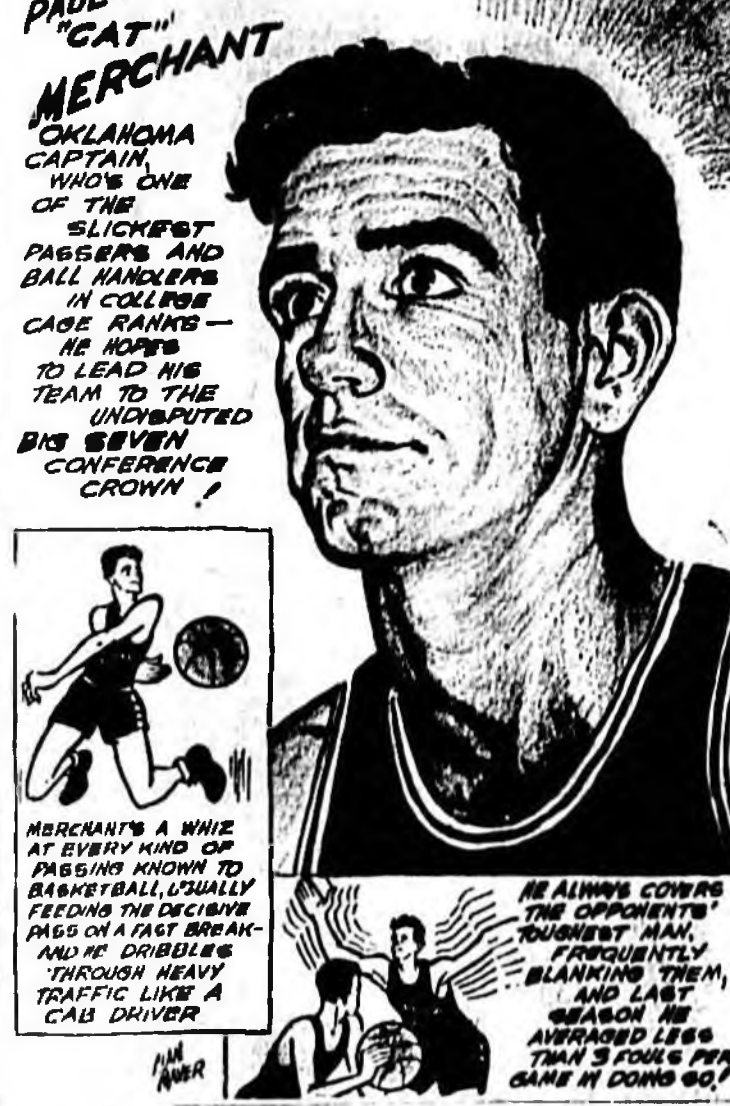

Ohio State may prove extremely high-powered with sharp-shooting Dick Schmitter and Bob Moore and Dick Dye figures. But Coach Tippy Dye figures his Buckeyes may have only one capable sub, Ted Jacobs.

Indiana lacks height, but Branch McCracken has four lettermen headed by 6-foot, 4-inch Lon Watson. Despite those second string Sophomores Bob Masters from Lafayette, Ind., home of arch-rival Purdue, may win a starting guard berth.

Michigan's Erik Mc Coy is building around five lettermen, including Mark Suprunovic, who was third in Conference scoring with 178 points last season. Mc Coy's big job is to find successors to Pete Elliott and Bob Harrison, a stellar defensive tandem. Iowa will rely heavily on sophomores, especially at center where coach Pop Harrison is hoping that 6-foot, 8-inch Chuck Darling from Denver can make the grade. The Hawkeyes have plenty of height with Darling, Frank Calaback and Glenn Dille, who stand 6 feet, 6 inches, and Don Hays, a 6-5 lad. Calaback, Dille and Hays are lettermen.

The Conference sleeper may be Northwestern where Dutch Lankford, in his 22nd coaching season, has a team composed mainly of players who learned the ropes as sophomores in the league cellar. Foremost is Ray Ruggles, which broke even in Purdue, which broke even in

SLICK BALL HANDLER - - - By Alan Mayer

NEVER AGAIN COVERS THE OPPONENTS' TROUBLES. FREQUENTLY BLAMING THEM, AND LAST SEASON HE AVERAGED 15.6 THIS 3 POINT PER GAME HE DOES GO!

Football Head Is Florida Officials Search With Care For New Mentor

GAINESVILLE, Dec. 14.—(AP)—The University of Florida is busy shopping.

It's not buying a Christmas present that will wear out in a hurry.

What's wanted is a head football coach and athletic director who will wear well for a long time.

That's why applicants are being screened carefully and the University is taking its time to pick the man for the job. D. K. Stanley, dean of the college of Physical Education, said tonight.

He declined to name any of the applicants or to reveal how many are being considered.

"All I can say is that we are receiving applications and they will be carefully considered," Stanley said.

Dr. J. Willis Miller, University president, also declined to name any applicants.

Ray (Honey) Wolf resigned a week ago after four years as Florida's coach.

Davidson contended that academic achievement and actual financial needs should be given first consideration in the awarding of college scholarships.

He said "athletic prowess or ability on some other student activity should be considered but should not be primary."

The union president maintained that money paid to athletes should be for "genuine work . . . and not farcical clock-winding or turning out the lights."

Davidson said that an athletic program reflecting a true amateur spirit should be supported by tuition, endowments, tax appropriations or other regular fees and should not be dependent upon gate receipts.

12 league games last season, also may surprise with eight lettermen back. Mel Tabor's second round undermakers include all-conference guard Howard Williams, who finished fourth in league scoring last season with 172 points, and Center Andy Hutchko, who was 10th with 139.

Conference teams again will play 12 league games each, the championship campaign beginning Jan. 2 with Illinois at Wisconsin. On Jan. 7, the chase moves into full cry with Illinois at Ohio, Iowa at Michigan, Northwestern at Purdue and Wisconsin at Indiana.

Citation To Pack 132 Pounds For Santa Anita Race

Weight Is Highest In History Of Famous Turf Handicap Race

ARCADIA, Calif., Dec. 14.—(AP)—The Calumet Farm's famous Citation today was asked to pack to weight of 132 pounds in the 1950 running of the \$100,000 Santa Anita handicap.

Citation will carry the highest weight in the history of the race if he accepts the impost and the issue next Feb. 26.

Weights for the 21 candidates nominated for the mile and one quarter fixture were released today.

Second high weight was assigned to Citation's stablemate, Ponder. The Kentucky Derby winner of 1949 was handed 124 pounds, two under the scale for horses his soon-to-be four years of age.

Rated just behind were B. F. Witaker's My Request, 122, and J. J. Collins' Vulcan's Forge, the 1949 winner of the Golden, 212.

Shy Guy got 120 and Pervert 119, while Solidarity, Omphali and Star Howard go at 118.

Tracing Secretary Webb Everett took weighty cognizance of Citation's record of 27 wins in 29 starts. The 132 is four pounds over scale for a 4-year-old over the mile and one quarter distance. He'd have received even more had he not been on the shelf this past year, Everett indicated.

The late Senibault in 1939 was assigned 133 pounds but failed to get up to the race. Twice the "Biscuit" carried 130, however, and won the race at that figure in 1930.

Louis B. Mayer's Thumbs Up also won at 130 pounds in 1945, while in previous years Equipoise and Discovery ran out of the money with 130 pounds.

Blackbirds Top Oklahoma Aggie Cagers, 38-31

NEW YORK, Dec. 14.—(AP)—Long Island's basketball team, upset by Kansas State last week, did some upsetting of its own last night.

The Blackbirds administered a 38-31 defeat to the powerful Oklahoma Aggies in the feature of a Madison Square Garden doubleheader.

Colgate, at one time behind by 18 points, put on a furious rally in the first Garden tilt to upset favored New York University, 83-78.

Colgate Upset Tough NYU, 83-78 After Trailing At Start

Colgate, at one time behind by 18 points, put on a furious rally in the first Garden tilt to upset favored New York University, 83-78.

Wisconsin rallied in the last five minutes to hand Notre Dame a 56-48 setback. The Irish at one time led by 37-20.

With sophomore Sam Price hitting on five of seven one-handed long shots Purdue spurred in the second half to whip Drake 81-51, and Indiana, behind at the half, came on to trim DePaul, 61-55.

Hamline opened defense of the Los Angeles invitation tourney championship, by trimming Whitier, 76-47, after Brigham Young had taken Culver-Clockton in the tourney's opener, 69-67.

In other topflight games Missouri beat Texas Christian, 54-48; Lawrence Tech, upset winner over Iowa last week, trounced Tri-State, 68-46; Duquesne humbled New Mexico, 55-36; Baylor nosed out Texas Wesleyan, 62-51; West Texas whipped Texas, 41-42; and California battered College of Pacific, 68-40.

Seven Prep Gridders To Join Gator Squad

GAINESVILLE, Dec. 14.—(AP)—Seven high school footballers recently signed grant-in-aids, to attend the University of Florida. They will enter school here in September.

One of the most sought-after high school players is Marion (Holl) York, 225 pound Fernandez fullback.

The other six, all described as "far above average prospects" by a university athletic official are: Jack Evans, and Jack Walwright, tackles from Starke; Fletcher Burdick, tackle from Leesburg; Tillman Rhodes, halfback from Brunswick, Ga.; Jack An-

College Grid Tilts May Start Earlier

NEW YORK, Dec. 14.—(AP)—Earlier starting times for college football games are generally favored by sports writers and sportscasters.

An Associated Press poll today showed that a majority of the observers would like to see games started at 1 P. M. and not later than 1:30 P. M. in the afternoon. It gives a lot of people, who wouldn't be able to attend a game otherwise, a chance to go.

Southern experts pointed out that in sections of their territory, it is too hot to play the game in the daytime.

Gator Skish Tourney Won By Miamian

GAINESVILLE, Fla., Dec. 14.—(Special)—Results of the first skish tournament held last week at the University of Florida were announced this week with five contestants out of forty-two entries winning medals and emblems.

Skish is to fishermen what skeet shooting is to hunters, and the contest held in the Florida Gymnasium attracted many interested spectators in addition to the participants.

Brooks Clark, Miami, and Anthony Muscato of Gainesville tied for first nine honors, and Clark defeated Muscato in a play-off match 38-25. Clark, Muscato, Las Lewis of Quincy and Harry Snow of Marathon won national merit emblems awarded by the National Skish Board for scoring over 50 points in an approved tournament.

Mitchell Taylor, Gainesville, was the fifth winning contestant and he was awarded a medal. All five winners were awarded medals by the Department of Intramural Athletics.

OSHA COOPERATION

SANTA CLARA, Calif., Dec. 14.—(AP)—The University of Santa Clara Broncos and the University of Kentucky are going all out to help each other win the Orange Bowl gridiron battle at Miami, Fla., on Jan. 2.

Broncos assistant coach Herb Meister announced yesterday the two teams have exchanged motion pictures of the year's games and each will study at first hand the other's style of play.

Orlando Officials Plan Special Tangerine Bowl Grid Events

ORLANDO, Dec. 14.—(Special)—While the two Tangerine Bowl participants were readying their teams, members of the Orlando Tangerine Bowl I Commission wangled into action yesterday with announcements of events leading up to the Jan. 2 charity classic.

Tickets for the game were placed on sale in eight places yesterday; Gateway Service Station; Jan Juan cigar counter; Jack Holloways; Elks Club; Mrs. Edna Paul in the San Juan Hotel lobby; Leo's Barber Shop; La Ferra's Barber Shop and Rutland's.

The official Elks Club ticket booth will open up for business Friday afternoon in the San Juan Hotel and will remain open until the afternoon of Jan. 2.

Meantime, plans of the huge Tangerine Bowl parade and other festivities will be completed and announced today.

While all was going on, St. Vincent College's basketball team, which has been in Latrobe, Pa., for another spirited workout.

Emory and Henry also found cold weather at Emory, Va., and moved into the field house after a short outdoor drill.

Contact work for both squads will begin today.

Emory and Henry, the host team, will arrive Dec. 28 and will be quartered at the San Juan while St. Vincent will come in with a 61-man squad a day later and stay at the Angelika Hotel which incidentally, hasn't housed a losing squad since the Tangerine Bowl started.

Florida To Keep Honky Tonks Off Overseas Route

JACKSONVILLE, Dec. 14.—(AP)—Florida is marshalling its forces to forestall commercial control of the overseas highway to Key West which would give it a honky tonk atmosphere.

Chairman John D. Penekamp of the Florida Board of Parks and Historic Memorials revealed that move today in an address before the annual meeting of the Florida Forest and Parks Association.

Penekamp, associate editor of the Miami Herald, in commenting on the highway's value to the state, said:

"There is no more spectacular marine grandeur anywhere on earth. The state owns mile upon mile of that right of way—whole keys, in fact.

"It is possible to beach along much of its length, beaches on both the ocean and gulf, fishing, parking, camping, boating and other recreational activities.

"And yet, at this very moment and with the help of the State Road Department and the Overseas Road and Bridge Commission, we are assembling our forces to prevent its sale into private hands for uncontrolled commercial exploitation which we are sure would take on a honky tonk aspect.

"I am happy to report that we believe the state cabinet and the Internal Improvement fund members are with us in our determination."

Penekamp said that the legislature, in setting up the board to administer the \$60,000,000 worth of state properties, "also decreed that we should by the most provisory strikes, by far, of all the state agencies.

"While Florida is spending about \$250,000 a year on its 31 park properties, the city of Los Angeles is spending \$7,656,000—thirty times as much," he declared.

"Dade county is spending \$1,044,539. Miami more than one million. Georgia last year spent \$1,280,000 on its state parks, seven times the Florida total, and it hopes to get much of its investment back by attracting stopovers from our tourists as they go on their way to and from Florida."

The park system can, within a relatively short time, perform the unusual public function of paying much of its own way, Penekamp said. He explained that users of the parks will willingly pay moderate charges for the facilities.

"When we have developed these parks and historical memorials, it will require all the free time, the recreational time of our average citizen for several years, in order to visit and use them fully for their pleasure, their sentimental contemplation and their pride of ownership," he added.

OPTIMISTIC—Dan McCarty (left), of Fort Pierce, who will serve for the second year as the Florida Campaign Chairman for the American Cancer Society, talks over plans for the new year with Dr. Ashbel C. Williams, of Jacksonville, new president and Executive Committee Chairman of the Cancer Society's Florida Division. Both officials predict that 1950 will be the most successful year in the Division's history. Activities of the Society in Florida include support of research, service to cancer patients, and education, both of the general public and the medical profession.

Boy Artist Accepts Spurned Scholarship

WASHINGTON, England, Dec. 14.—(AP)—Sixteen-year-old Tom Slater stopped forward today but declined the offer to accept a scholarship offered to him.

Slater, who takes the step now that no more are good, says he is a religious sect and does not believe in wages and salaries.

Slater got second call on the scholarship and he accepted with alacrity. He told a reporter: "The religion, Tom, I go to church every Sunday.

"But I see nothing wrong with having a wage for a model. An artist often needs a model figure for his work.

And if the judge had to start complicated legal processes, including a jury trial, each time he found someone guilty of contempt, it would be possible to delay the completion of a trial indefinitely. Also there is no need for a jury to determine the facts, since the judge witnessed the offense.

"The religion of Christ" what does not believe in wages and salaries.

Gordon got second call on the scholarship and he accepted with alacrity. He told a reporter: "The religion, Tom, I go to church every Sunday.

"But I see nothing wrong with having a wage for a model. An artist often needs a model figure for his work.

"And anyway, it broadens the mind."

Court Can Send Lawyers To Jail Minus Jury Trial

WASHINGTON—A lot of lawyers recently have been sentenced to jail without a jury trial. Federal judges decided they were guilty of contempt of court and gave them from one to six months in the cooler.

The cases bring out a point which most laymen don't realize: That although the Constitution in two places says that a defendant in a criminal case shall have a right to a trial by jury, there are still a lot of ways he can be imprisoned without getting a chance to tell his story to a jury.

The big contempt cases now pending are those resulting from the Harry Bridges trial in San Francisco and the trial of the 11 Communists in New York. The judges convicted seven defense attorneys of improper conduct in court—harassing, delaying tactics, tending to embarrass the judge and impede the trial.

The Bridges case, Vincent Hallinan was sentenced to six months, to be served when the trial is completed. Six attorneys involved in the New York case, one of them a defendant who was acting as his own lawyer, were sentenced to from one to six months. Their appeal is pending.

When a federal judge decides a person is guilty of contempt of court, he can fine or imprison him without indictment or even a hearing. There is no limit to the length of the sentence or the amount of the fine, as long as the punishment is not unreasonable, cruel or unusual. The law varies among the state courts, but most of them follow the federal practice to a large extent.

The power of a court to punish contempt is as old as the history of law. You couldn't get a jury administration of justice attorneys and others in the court could persist in disturbing and delaying the proceedings, and the judge look like a fool.

And if the judge had to start complicated legal processes, including a jury trial, each time he found someone guilty of contempt, it would be possible to delay the completion of a trial indefinitely. Also there is no need for a jury to determine the facts, since the judge witnessed the offense.

"The religion of Christ" what does not believe in wages and salaries.

Gordon got second call on the scholarship and he accepted with alacrity. He told a reporter: "The religion, Tom, I go to church every Sunday.

"But I see nothing wrong with having a wage for a model. An artist often needs a model figure for his work.

"And anyway, it broadens the mind."

Gainesville Co-Eds Sign In All Courses Except Forestry

GAINESVILLE, Dec. 14.—(Special)—It may be a man's world, but co-eds at the University of Florida don't think so. On a campus where they are still outnumbered by men students seven to one they have signed up cheerfully in every university division, except the School of Forestry.

Leaving the beaten paths of the College of Arts and Sciences and the College of Education, young women have also enrolled in such majors as animal husbandry, real estate, architecture, and aeronautical engineering.

Statistics tell the story. There are five co-eds in Agriculture; 16, Architecture and Allied Arts; 20, Business Administration; two, Engineering; four, Journalism; seven, Law; eight, Pharmacy; and 10, Physical Education. The University College lists 864; Graduate School, 283; Education, 234; and Arts and Sciences, 135.

Miss Mona Ferguson and Miss Lynn Rogers, both of Gainesville, have ventured into the College of Engineering, where Mona is especially interested in wind tunnel research in aeronautics, and Lynn prefers problems in radio and alternating currents. Dean Joseph Weil of the College of Engineering points out that women's ingenuity is needed in the field, and that they are often well qualified for work in engineering research.

One lone co-ed, Miss Glenna Greene, of Glenn St. Mary, is majoring in architecture, where such contribution can be made by women, especially in residential architecture, according to John L. R. Grand, head professor.

Dr. Clarence V. Noble, associate dean of the College of Agriculture, is convinced that women can be successful in animal nutrition, bacteriology, botany, and entomology, and even in more unusual lines of feminine farming.

One University of Florida woman graduate is today operating a stock farm.

Girls in the College of Agriculture are Misses Martha Nell Tison, Gainesville; Betty Jeanne Lovett, Gainesville; Lou Louise Schmid, Sarasota; Janice Jane Bentish, St. Petersburg; and Carolyn Dantzer Frazer, Birmingham.

Women make good in law in any phase, believes Dean Henry A. Penn of the College of Law, but the field is easier to become established in courts of domestic relations, juvenile work, and probate practice. A study of law is good general background for any career, asserts the Dean, even when that career turns out to be strictly home-making.

The feminine influence in the University Law College is mainly claimed by Miss Dorothy Horbridge Tappan; Miss June Lucile Cameron, St. Petersburg; Miss Marie Lucy Cook, St. Petersburg; Mrs. Margaret Kahn Foreman, Palm Beach; Miss Margaret K. Hodgson, Layton; Miss Mildred Leonard Jackson, Jacksonville; Miss Carolyn M. Price, Bowling Green; Mrs. Nadine (Bill) Reed, Gainesville; and Mrs. Winifred Wentworth, Pensacola.

Boyle Relents, Advises Women How To Pick Husband's Christmas Ties

By HAL BOYLE
NEW YORK, Dec. 14.—(AP)—Ladies, I've been a bad boy. And if Santa Claus is to come my way this year, you're going to have to get me out of the doghouse.

How can you help? By going out and buying a big fistful of Christmas neckties and giving them to the men in your lives.

About a week ago I benched the fact that women were allowed by law to present neckties as Christmas gifts. I suggested the formation of a society to stop the custom.

Well, I didn't expect to be nominated man-of-the-year for this suggestion. Nor did I expect grateful fellow men to set up statues in my honor—minus a necktie—on every courthouse lawn.

On the other hand neither did I expect to end up in the doghouse. But here I am—stuck in it up to my cravat.

The first reaction came from my own wife.

"So you don't think women are smart enough to pick out neckties, Rover?" said Frances, baring a hiccup. "You'll be lucky if you get even a bowtie from me. Smartly. And where, anyhow, is that fur coat you promised me 12 years ago? Are you waiting for the minks to die of old age?"

Right on top of that, Byron Fish, columnist of the Seattle Post-Intelligencer, wrote me a letter, and even in more unusual lines of feminine farming.

One University of Florida woman graduate is today operating a stock farm.

Girls in the College of Agriculture are Misses Martha Nell Tison, Gainesville; Betty Jeanne Lovett, Gainesville; Lou Louise Schmid, Sarasota; Janice Jane Bentish, St. Petersburg; and Carolyn Dantzer Frazer, Birmingham.

BULLETIN OF ACTIVITIES Sanford Tourist Club

Wednesday

Sewing bee will be held for the purpose of finishing the work on the cushions. Members will be welcome and a covered dish will be held at 12:30 for the workers. Usual amusements are to be enjoyed throughout the day and evening.

Thursday

A party will meet here to get a Christmas tree for the Saturday night's Christmas party. George Swartz, W. E. McMaster, and others will locate and bring in the tree. 4:30 is the starting time.

A grand evening's entertainment is to be presented Thursday evening at 7:45 by the Seaside High School Glee Club, under Miss Whittle, director.

Friday

Open house at the Center and Shuffleboard court. Come out and enjoy our fun. Cards, music, songs, shuffleboard and a place to relax. Meet our members and become one yourself. You are invited to join.

Saturday

This is the big night. Santa comes to our Tourist Center. Each person is to bring a gift, get a number and draw one of the gifts that will be in the Santa Package. The newly organized Pennsylvania Club will serve the refreshments. Come out and let's see what these up-and-coming club members are doing. There'll be a fine program preceding the gift drawing. Bob Hobson is in charge of the program.

Sunday

Music, singing, Shuffleboard, and visiting here all during the day. Come out and visit with us.

WAR PRISONERS

HONN, Germany, Dec. 14.—(AP)—A West German government official said today Russia still holds 400,000 Germans as prisoners-of-war. He said that in addition, 1,600,000 German soldiers still are listed as missing, but he did not indicate whether any of these might be held by the Russians.

The official, Hans Merten of the war prisoner division of the refugee ministry, said about 150,000 German civilian women and 25,000 women army personnel still are in the Soviet Union. He said the Russians returned 60,000 prisoners to Germany in November, 28,000 in October and 42,000 in September.

The condition of these persons has improved of late, he said, 35 per cent still are unfit for work.

SAFETY PROGRAM

TALLAHASSEE, Dec. 14.—(AP)—State School Supt. Thomas D. Bailey today called for more safety education instruction in Florida schools and greater enforcement of safety laws.

UN Concerned By Rebuff Of Jewish Premier

France Sees UN Handicapped By Lack Of Power To Force Jerusalem Ruling

LAKE SUCCESS, Dec. 15.—(AP)—France asked the U. N. trusteeship council today to note "with concern" the moving of Israeli government offices to Jerusalem in defiance of a General Assembly decision to put the Holy City under international rule.

Chairman Roger Garreau (France) told the council members they are like eunuchs in a room in trying to deal with the internationalization problem now.

The French resolution was the first positive move before the 12-nation council, which is charged with carrying out the Assembly's decision.

The council meeting, behind closed doors, got off to a slow start. An informant who came out said delegates were hesitant about advancing suggestions or plans.

There was general agreement that the Israeli moves had complicated the council's already difficult task.

The source said the council intended to take as the basis for its work the original plan for internationalization.

Mrs. E. A. Douglass Former Lake Mary Postmaster, Dies

Mrs. E. A. Douglass, 80, retired postmaster of Lake Mary, died at 4:40 A. M. today in De Land following an illness of two months.

Mrs. Douglass died in Sanford, Fla., where she had lived for many years. She was born in Lake Mary, Fla., and was a member of the First Methodist Church and the Daughters of Wesley Class, a member of the N. D. V. Howard Chapter of the U. D. C. and past president of the church.

Safe Driving Plea Voiced by Carraway

Mayor Andrew Carraway called today upon the people of Sanford to do their part, along with the National Safety Council and 100 other national cooperating organizations, in holding down accidents during the Christmas-time holiday celebration.

This is an architect's conception of the proposed \$40,000 building which the Florida Farm Bureau plans to build. It will be the permanent headquarters in Florida for the state-wide organization. Offers of possible building sites have been made by cities and towns.

Lewis Announces Signing Up More Coal Operators

WASHINGTON, Dec. 15.—(AP)—Forecasts of higher steel prices brought the promise today of a swift congressional investigation. The lawmakers themselves, however, split along party lines as to whether price hikes are justified. And to CIO description of the impending boom as "appalling," one major producer replied they are "inevitable."

JENKINS, Ky., Dec. 15.—(AP)—A truck mine operator who signed a contract with John L. Lewis summed up his own and associates' reaction by saying "it's hell if we do, and hell if we don't."

The United Mine Workers chief announced signing with operators in Kentucky, Indiana, West Virginia and Ohio in Washington Dec. 6.

With one exception, however, none of the operators admit acceptance of the compact, which boosted miners' pay to \$15 a day increased welfare fund payments 15 cents a ton, and permitted the signers to work a five-day week.

Those who did sign represent a small fraction of the more than 60,000,000 tons annual production of coal in the United States.

PLEAD INNOCENT IOWA CITY, Ia., Dec. 15.—(AP)—Robert E. Bednasek today pleaded innocent to a charge of first degree murder in the slaying of his wife, Margaret Ann Jackson.

Shanghai Is a City of Gloom As All Become Part of Proletariat

ABOARD THE Sir John Franklin in the Whanpoo River, Dec. 9.—(Delayed)—(AP)—Four years ago I saw Shanghai for the first time from a U. S. Army bomber as it circled to land at Shanghai's Kiangwan Airfield.

Florida Power & Light Survey Shows Sanford's Opportunities

Sanford and Seminole County constitute the hub of a six county Central Florida area which within a radius of 40 miles has a population of 253,000 and judging by past growth patterns should reach 405,000 by 1960. W. M. Bostwick, industrial engineer of the Florida Power and Light Co., reports in his 102 page survey of this section.

Designed for use in promoting the natural resources of the City and County and to provide vital statistical information that will induce many new industries and tourists.

Morrison Squirms At Kiwanis Lunch Over Introduction

Kiwanians thoroughly enjoyed the disfigurement of one Charles Morrison, Rotarian, who sat spinning and sweating through a two-hour introduction, which was finally called upon to speak, bluntly announced, "I have nothing to say."

PLEAD INNOCENT IOWA CITY, Ia., Dec. 15.—(AP)—Robert E. Bednasek today pleaded innocent to a charge of first degree murder in the slaying of his wife, Margaret Ann Jackson.

Students To Debate World Government

Whether or not to revise the United Nations organization into a world federal government will be debated by Seminole High School students Monday evening at the regular meeting of United World Federalists of Sanford at the Episcopal Parish House.

Sanford Elk Explains Need Of Funds For Crippled Children

Approximately \$14,000 a year is required for the maintenance of the Harry Anna Crippled Children's Home in Umatilla. Dr. L. H. Doss, secretary of the Sanford Lodge of Elks which sponsors the home, revealed today, in urging the public to attend the charity ball at the Mayfair Inn on Saturday night.

Auction Shed At Farmers' Market Nearly Finished

The new auction market addition now nearing completion, south of the Sanford State Farmers' Market, will be ready for use by Jan. 1, 1940, according to market manager, announced this morning.
