

## Four Americans Convicted In Honor Trial At Honolulu

### Maximum Penalty Of 10 Years Goes With Conviction In Death Of Alleged Rapist

HONOLULU, Apr. 30.—(A.P.)—The conviction of four Americans of manslaughter for the slaying of Joseph Kahahawai, Hawaiian, alleged attacker of Mrs. Thomas Massie, wife of one of the defendants, set all Honolulu astir today with excitement and rumors.

Governor Judd denied the national guard had been summoned. He said precautions have been taken against possible emergencies. The governor declined to give the nature of the precautionary action. It is no secret that the Navy element of the population, not only is indignant but angry.

The verdict with recommendation for leniency was returned. After 48 hours deliberations, against Lieutenant Massie, Mrs. Granville Fortescue, his mother-in-law, Albert Jones, and E. J. Lord. Navy enlisted men. It carries a maximum penalty of 10 years. Sentence will be pronounced next Friday.

A loud sob broke from Mrs. Thalia Massie, central character in the unusual chain of circumstances surrounding the case, when the first verdict was announced—that convicting Lieut. Thomas H. Massie, her husband, Massie leaped forward in his seat, breathing heavily. Mrs. Massie clutched at her throat. Mrs. Fortescue sat rigid and Jones bit his finger nails. Lord seemed the most composed of all.

Massie put his arms about his wife and tried to comfort her. The face of Mrs. Granville Fortescue, defendant and mother of Mrs. Massie, was stone-like. She stood proudly with dry eyes.

Mrs. Fortescue, Massie and the other defendants, Lord and Jones, were placed in custody of Captain Ward F. Wortman, a naval officer.

When Judge Davis dismissed the jury which reached its verdict after being out approximately 48 hours, the four defendants arose with Captain Wortman and filed out of the courtroom. Massie had his arm about his wife's waist and she was sobbing bitterly.

Mrs. Fortescue's countenance turned white.

But she appeared defiant and was without any sign of tears.

Rear Admiral Yates Stirling, commandant of this naval district, came into the court room late. He was at Pearl Harbor when the jury reached its decision and raced six miles into the city in an automobile. Asked if he had any comment he said:

"Not a damned thing."

The courtroom scene dissolved into a fiery outburst by Mrs. Massie against Public Prosecutor Kelley. It was the second such encounter, the first having come when Mrs. Massie was being cross examined by the prosecutor.

As the defendants were leaving the building Lord, always good natured, walked up to Kelley. "No hard feelings," said Lord. Massie, who was the object of a blistering attack by Kelley in the closing arguments to the jury, then stepped up and took the prosecutor's hand.

"If I had anything against you, Mr. Kelley, . . . Massie began. "I haven't anything against you personally," said Kelley, "nor against your wife."

Blazing with anger Mrs. Massie burst out: "No, you haven't anything against me!"

"Now, Thalia," said Massie, leading her away. She burst into tears. Massie comforted her as she climbed into their car.

## U.S. AND BRITAIN STAGE BIG FIGHT FOR BATTLESHIPS

### Two Nations Contend Huge Craft Are Not Offensive Weapons

GENEVA, Apr. 30.—(A.P.)—The United States and Great Britain fought for their battleships at the arms conference yesterday, forming a defensive alliance against an organized offensive group who wish to classify all ships over 10,000 tons as aggressive.

The small powers would abolish battleships or internationalize them within the League.

The United States and Britain received moderate support from Japan and lukewarm encouragement from France.

Senator Claude A. Swanson, of Virginia, announced at the meeting of the naval commission that the United States unequivocally opposed classifying battleships as offensive weapons. They are the backbone of the United States defense system, he said and "a threat to no nation," since we cover no one's territory. He stressed the United States' obligation to keep the Panama Canal open in peace and war and to defend its Far Eastern possessions.

Speaking and gesturing in a senatorial manner, he continued: "If we had completed our naval program after the war, it is conceded we would have been supreme on the seas but we agreed to be a threat to no nation. . . . The battleship is a more effective weapon for defensive purposes than to build fortifications along our coast lines. Battleships have saved us a great and expensive army for defense purposes."

He declared cruisers to be of greater offensive use than battleships, particularly in preying on commerce and blockading.

Vice Admiral A. D. P. Pound, of Great Britain, supported Swanson, declaring that general naval superiority, not capital ships, enables attacks on trade. Similarly, he continued, it is not fair to claim that battleships are destined for carrying out invasions.

"The capital ships of the world can now almost be numbered on the fingers of the two hands," he said. "They are more precious than rubies to the countries possessing them. No nation is going to risk them by pitting them against coastal fortifications."

Baron von Rhenbagen, of Germany, announced that Germany is willing to sacrifice her powerful and efficient "pocket" battleships and the altar of disarmament if others scrap battleships over 10,000 tons.

He heatedly attacked the charges made by Charles Dumont, of France, that "pocket" ships are offensive. He referred to the charges as a myth and introduced a technical demonstration of why the light ships were built speedily and heavily armed to defend Germany against the superior tonnage of foreign attackers.

He also criticized the American thesis of the defensive nature of battleships, saying:

"What about the blockade of our ports, which was the decisive turning point of the World War?"

Erik Colban, of Norway, the chairman, pleaded with the delegates to avoid too much international animosity in the debate.

The commission adjourned until Tuesday, apparently hopelessly divided between countries wishing abolition of battleships and those demanding suppression of submarines.

## Jane LeRoy Is Winner Of Aloha Golf Meet

Sanford friends of Miss Jane LeRoy will be interested to learn that she won the Aloha Country Club Women's Golf Championship at Winter Park this morning when she defeated Mrs. M. F. Foley, of Winter Park, 4 and 3 in the final.

Miss LeRoy, one of the better known Sanford women golfers and a member of the Rollins College Women's team, had an 18-hole card of 92, in a match which was never in doubt.

Her card: Out 487 346 354—48 485 346—47. 92

## LONG ASSAILS LEADERSHIP IN UPPER HOUSE

### Peeved Because Bill Is Defeated, He Signs Committees In One-Man Revolt

WASHINGTON, Apr. 30.—(A.P.)—Senator Huey Long assailed the Democratic leadership of Senator Robinson in defiant language yesterday and received a stinging rebuke and a challenge to contest the Arkansas for his post.

The Louisiana, resentful of Robinson's opposition to his program for redistributing wealth through a limitation on incomes and inheritances, broke out into a one man revolt and resigned from the Senate committees to which he was assigned as a Democrat.

While senators crowded on to the floor to watch Robinson defend his leadership and accused Long of "a comic opera gesture" to obtain "notoriety and publicity."

It all ended with conciliatory phrases and smiles.

Long opened up on his attack after Robinson had expressed opposition to the Louisiana senator's resolution to instruct the finance committee to draft a tax bill, which would limit incomes to \$1,000,000 a year and lifetime inheritances to \$5,000,000.

"What's a man going to do with more than a million dollars a year?" Long asked, waving in the air a Bible from which he had been quoting scriptural phrases.

"If the 540 men who had an income of \$1,185,000,000 last year had been limited to \$540,000,000 it would have meant today three-quarters of a billion dollars earned by the people of this country."

"This communitarian proposal of mine," he added, "which the Democratic leadership in this chamber cannot support, would limit to the pitiable sum of \$5,000,000 the amount to be inherited. How much do we want a man to inherit? Isn't \$5,000,000 enough to receive by a man who never worked for it?"

Robinson, calmly at first, but then more emphatically, replied that it is easy to "arouse class hatreds and class resentments" but more difficult to find "adequate remedy" for existing conditions. He argued that the income tax rates fixed by the finance committee were "high rates for peace time."

Long's face reddened as he warmed to the attack with his arms thrusting the air. Robinson sat in his front row seat, frowning and looking straight ahead. The Louisiana said he would vote for a candidate from another party, who held "proper" views, rather than for a man of Robinson's policies.

## Big Political Rally At Chuluota To Be Held On Thursday

What may develop into the largest political rally of the present campaign as far as this county is concerned, is scheduled to be held at Chuluota next Thursday where every candidate for state and county offices has been invited to speak before what is anticipated as a crowd of 3000 persons.

S. F. Long and N. C. Jacobs, sponsors of the all-day rally, are preparing to serve a free barbecue at 1:00 o'clock, that will insure 3000 persons of securing all the food they can eat, and are arranging seating and parking space for that many persons.

Under present plans, the speaking will begin at 11:00 o'clock when some of the candidates for county office will be heard. The barbecue will be served from 1:00 o'clock to 2:00 o'clock when more of the county candidates will be heard. Candidates for state office, such as senator, representative, circuit judge, state's attorney, and probably gubernatorial candidates themselves will be heard last. It is estimated that 40 candidates will be present, with the speaking to continue until after 6:00 o'clock.

## ELVENS ARE DOMINANT

RICEVILLE, Tenn., Apr. 30.—If 11 is the lucky number that craps-shooters say it is, the new son of the Fortune Harlins has luck cornered. He is an eleventh son, born on the eleventh day of the month at 11 o'clock.

## Murray Believes Big Business After Him

OKLAHOMA CITY, Apr. 30.—(A.P.)—Governor William Murray asserted today that impeachment charges had been prepared against him. "I suspect you could see a copy in the attorney general's office" he added. Attorney General King said the governor's charge that his presidential campaign strikes me as funny. Only thing I've heard about either is from him." Recalling the impeachment of Governor Johnston, Murray said the "big corporations" have a "five fold greater reason for wanting me out of the way."

## ORIGINAL 'ALICE IN WONDERLAND' ARRIVES IN U.S.

### Sweet-Faced English Gentlewoman Faces Camera Batteries

By KATHERINE BEEBE  
NEW YORK, Apr. 30.—(A.P.)—A sweet-faced English gentlewoman who will be 80 years old next week had a strenuous welcome as the original Alice in Wonderland when she arrived on the Benicaria yesterday.

A conservative Mrs. Reginald Hargreaves, of Southampten, England, at first sight gave little suggestion of the little girl who listened with wide blue eyes to fascinating nonsense stories of the Rev. Charles Lutwidge Dodgson, dean of Christ Church and lecturer in mathematics.

But public corners of her mouth and a twinkle in blue eyes identified her unmistakably with that child who chuckled in delight at stories of the white rabbit and the little girl who nearly drowned in a pool of her own tears, she bowed her head to a dwarf size down a famous rabbit hole.

For the first time in a life of carefully preserved obscurity, she faced a brigade of photographers on the Benicaria deck.

"Am I going to get to see all these beautiful things?" she asked gently, around.

She knew the sudden glare of limelight was part of this visit to America, sponsored by Columbia University in celebration of the centenary year of Dodgson's or Lewis Carroll's birth. Ceremonies will be held at the university on May 4, her own birthday, because she was unable to come to America last Jan. 26, the birthday of Carroll.

Reporters asked her what her favorite character in "Alice" was. Prof. J. Enrique Zanetti, chairman of the Lewis Carroll Centenary Committee at Columbia, suggested it must be Alice herself.

"No, it's the Cheshire cat," she laughed in reply.

## 1100 New Voters Have Registered For Primary Poll

Over 1100 new voters have registered in the primary and general election books of Seminole County during the past few weeks, according to H. C. DuBois, supervisor of registration, who at noon today reported that 784 persons had registered in the two Sanford precincts alone.

This unprecedented last-minute rush of new voters indicates that the June primaries will be accompanied by a large vote in the county, and that Mr. and Mrs. Average Citizen are taking an unusual interest in the state and county political situation of 1932.

Mr. DuBois said.

To accommodate persons who have not been able to visit his office for the purpose of registering or ascertaining whether their names are on file in both the primary and general election books, Mr. DuBois will be at his office tonight until midnight.

Persons may register regardless of whether they have paid their poll tax or not, Mr. DuBois said, for they have until May 31 to pay poll taxes which will allow their participation in the June primaries.

## FELICITATES EMPEROR

WASHINGTON, Apr. 30.—(A.P.)—President Hoover yesterday cabled the Emperor of Japan: "I extend to Your Majesty cordial birthday greetings and best wishes for your continued happiness and well being."

## RUMORS FLY IN SHANGHAI UPON HEEL OF BLAST

### One Report Says Man Who Hurling Bomb Injuring Japanese Officer Was A Jap

SHANGHAI, Apr. 30.—(A.P.)—Many reports, most of them unconfirmed, left Shanghai in a state of excitement today following the death of Y. Kawabata, president of the Shanghai Japanese Residents' Association, fatally wounded by a bomb that injured four other high Japanese officials.

One report, widely believed, was that the bomb thrower was a Japanese and not a Korean. The report said Japanese military officials are keeping it secret. The bombing occurred while Japanese officials were watching a troop review. Four injured were reported as well as could be expected.

Physicians operated on Gen. Kenkichi Uyeda, second in command of the Japanese army contingent here, removing the toes of his right foot.

Mamoru Shigemitsu, the Japanese minister to China, who is in critical condition with 32 pieces of the hand-grenade bomb thrown by the Hongkew assassin in his body, passed a fairly good night and was reported to be leaving the hospital today.

The other victims of the bombing were Gen. Yoshinori Shirakawa, commander-in-chief of the Japanese land forces, who was suffering from severe bruises on the upper part of his body and had lost all his teeth, and Admiral Kichisaburo Nomura, naval commander, who had serious head wounds and lost an eye.

Meanwhile, police identified the bomb thrower as Yin Kitau, a Korean revolutionary from Manchuria and a member of a Chinese-Korean revolutionary society, functioning in various Oriental countries.

The peace conference to end the Sino-Japanese difficulties have been postponed. It was learned that all the work accomplished might be nullified.

Y. Kawabata, president of the Shanghai Japanese Residents' Association, was the most seriously injured, and was expected to die.

Mamoru Shigemitsu, Japanese minister to China, was in a critical condition with 32 pieces of the hand-grenade bomb thrown by Gen. Yoshinori Shirakawa, Japanese commander-in-chief of land forces in the Shanghai area, was suffering from severe contusions on the upper body.

Gen. Kenkichi Uyeda, second in command, was suffering from numerous body wounds. One of his legs was shattered.

Admiral Kichisaburo Nomura, naval commander-in-chief of Japanese forces, had serious head wounds and one of his eyes was put out.

Quo Tai-Chai, Chinese mayor of Shanghai, sent a representative to the Japanese consulate to express the regret of the Chinese government, and several foreign diplomats and military officials visited the hospital where the wounded were taken.

The hand grenade was thrown just as the Japanese officials prepared to address their nationals with patriotic speeches in honor of the birthday of Emperor Hirohito. A great crowd went up from the throng after the bomb fell. The assassin was seized by the crowd and almost lynched before police came.

## Candidates Warned They Must Qualify

At noon today, only 12 of the nearly 50 candidates seeking state and county offices in Seminole County at the June primaries had qualified before V. E. Douglas, clerk of court, who warned all candidates that they had but 12 days left in which to live up to the law in this respect.

Candidates for state offices must be qualified by Thursday night, May 5, while candidates for county offices have until Thursday night, May 12, he said. Only two candidates for a state office have so far qualified. They are B. F. Wheeler, Oviedo candidate for representative in Group No. 2, and Frank Kay Anderson, Altamonte Springs candidate for the same office in Group No. 1.

Other candidates are: L. A. Tate, V. E. G. Thomas, Theo. Aulin, E. Long, W. E. G. Thomas, S. F. Long, C. F. Hargreaves, L. P. Mills, John Meisel, and E. H. Kilroe.

## Leaders In Beautification Work Of State Are Holding Conference In City Today

Florida's outstanding leaders in the move to make of Florida the most beautiful state in America, were in session at the City Hall in semi-annual beautification conference late this afternoon at a convention which was termed by its leaders, "the largest we've had in more than four years."

More than 125 delegates were present, representing civic clubs, schools, chambers of commerce, and similar bodies from 39 Florida cities from Miami to Tallahassee.

Today's conference centered around the school child and his home, a theme considered one of the most comprehensive, interesting and resultful of the Conference's general program to emphasize the need for the beautification of Florida. Reports from school superintendents on the six months' campaign toward the creation of an organized beautification unit in each county were among the features of the day.

Last night, J. Ray Arnold, chairman of the Beautification Committee of the State Chamber of Commerce, sponsors of the Conference, held an informal meeting of principal members of the Committee where details of the organization set up, reports on proposed legislation looking into the future for beautifying Florida, and discussion of the details for carrying on the general plans for beautifying the state were heard.

The morning program opened at 10:00 o'clock when Chairman Arnold outlined the program under which his committee has been working for the past half year. He was followed by H. E. Wood, of Tallahassee, who spoke on "The School and Home Ground Beautification Movement." Reports from counties throughout Florida occupied the remainder of the morning session.

Two illustrated lectures, and addresses by Mrs. W. S. Jennings, Mrs. A. G. Cammer, of Jacksonville; Mrs. Henry Wight, Sanford; Mrs. A. G. Wagner, Chuluota; Albert Schellenberg, Daytona; Harold Mowry, Gainesville; Harold Cole, Orlando, and Mrs. Claire I. Thomas, St. Petersburg, were to be heard before adjournment of the conference late this afternoon.

The Women's Civic Committee of the Seminole County Chamber of Commerce took an active part in the reception and entertainment of the visitors, as the following women acted on various committees: Mrs. Ruth Hand, Mrs. W. R. Ballard, Mrs. D. D. Caldwell, Mrs. F. E. Holt, registration and reception committee; Mrs. Endor Curlett, Mrs. F. L. Miller, Mrs. J. H. Hintermeister, committee on decorations; Mrs. Ralph E. Stevenson, Mrs. J. C. Benson, Mrs. W. T. Langley, and Mrs. W. F. Runge, on the luncheon committee. Mrs. R. D. Deas acted as accompanist for several songs by the audience.

## Number Of Marriage Licenses Show Drop

April, considered one of the year's best months for marriages, that is, according to records on file at the office of County Judge James G. Sharon for several years, this year turned out to be far below normal, for only 29 persons sought marriage licenses during that time. Last year, 43 persons purchased licenses, and the year before, 41 persons secured licenses.

Of the 29 licenses issued, 10 went to colored persons, and only 10 to white persons. The average age of the white men seeking marriage was 28, while the white women averaged 25 years. The average age of the colored men seeking marriage was 28, and the average of the colored women, was 20.

The oldest age recorded during the month was that of a 58-year-old colored man, while the youngest is that of a 15-year-old white girl.

## Caldwell Conviction Is Reversed By Court

NASHVILLE, Apr. 30.—(A.P.)—The Tennessee supreme court today reversed the conviction of Reginald Caldwell, former investment banker who was given a one-to-three-year sentence in the criminal court on a charge of fraudulent breach of trust.

Caldwell, president of the once powerful financial house of Caldwell and Company, was convicted last July of violating a trust agreement with Hardeman county which had deposited proceeds from 200,000-dollar bond issue with the company. Three other indictments were returned against Caldwell.

## HOUSE ACTS TO GRANT HOOVER POWER TO CUT

### Extensive Authority To Be Extended To Reorganize Governmental Structure

WASHINGTON, Apr. 30.—(A.P.)—From the conclusion of five hours acrimonious debate there came yesterday House action to give President Hoover extensive authority to reorganize government agencies to cut federal expenditures.

But while the membership upheld the administration and the special economy committee on this issue, it still was under the control of fighting insurgent coalition which continued to emphasize the general bill for slashing government expenses.

The rebel group was successful yesterday in killing the proposal that federal aid to vocational education be discontinued and that the army, navy and Panama transport services be abolished.

On the basis of committee estimates \$67,000,000 in savings have been eliminated and \$42,000,000 approved. The principal reduction is estimated slashes each Wednesday in action increasing the exemption from \$1000 to \$2500 under the McDuffie 11 percent federal pay cut. This took \$55,000,000 from the bill.

The proposal to give the President reorganization authority, long a subject of intense controversy, was approved without a vote. As the measure stands, the President must have congressional approval for any changes made in governmental functions regulated by law. Other consolidations of reorganizations would become effective 60 days after ordered by the Chief Executive unless the House or Senate in the meanwhile disapprove.

A session scheduled for last night was willingly abandoned by the weary members. Adjournment was taken under an agreement to reconvene at 11 A. M. today.

Action on the transport services came after a bitter clash between Chairman McDuffie of the Economy Committee and Representative La Guardia, of New York, fiery Republican independent. La Guardia charged the abolition of the services was "sponsored by a lot of rat-teamship-companions in New York City."

"It was sponsored by a slimy lobbyist I saw around here, reeking with liquor," the New Yorker yelled in his fervent plea to his colleagues to defeat the provision.

Immediately McDuffie arose and advanced determinedly toward La Guardia and drawing up in front of the New Yorker with tense calmness demanded:

"I think there should be an explanation of that. If the gentleman is talking about any slimy lobbyist coming to see me, I want to know about it."

The Alabama Democrat stood within arms' length of the New Yorker in the well of the House.

La Guardia turned away from McDuffie and said:

"I believe the gentleman, but I do think that this provision is in the bill because it has the support of a bunch of slimy, rat, thieving lobbyists."

The vote to strike out the provision abolishing the transport services came on a motion by Representative Harbour, Republican, California. It was estimated to save \$9,000,000 a year.

Tangling up again on the provision to have the federal government withdraw gradually its \$7,267,000 annual appropriation to aid the states in vocational education beginning in 1934, the insurgents and regulars swung back and forth for an hour. Whipped into line by La Guardia the rebel forces knocked it out by a overwhelming viva voce vote.

Supporting the Economy Committee for the first time during the day, the House approved a recommendation to reorganize the shipping board by reducing its commissioners from seven to four and placing limitations on appropriations for the merchant fleet corporation, for an estimated saving of \$2,000,000.

## NAME MODERATOR

WINNEBEO, E. C., Apr. 30.—(A.P.)—Dr. J. M. Garrison, of Kings Mountain, N. C., yesterday was elected moderator of the section Church's Southern Synod, which is in session here. Dr. Garrison was selected in 1929 as moderator.

HOOPER FISHERS  
LURAY, Apr. 30.—(A.P.)—President Hoover went fishing today, immediately after arriving at his Rapidan camp from Washington. It was his first opportunity to fish this season and he went alone. He planned to rest this afternoon.

# Feds Win Brilliant Victory Behind Fine Hurling Of Phillips

By PETER SCHAAL.

The effects of a month of intensive training in the fundamentals of baseball play were satisfactorily portrayed at New Smyrna yesterday afternoon when Manager Joe Barnes' Celeryfeds, once again wearing their hitting clothes, ran bases smartly, sacrificed men along the paths perfectly, and in general looked like champions in scoring a 7 to 6 victory over the Crackers.

Despite the closeness of the score, the game is a tribute to the hurling of old Tom Phillips, who went to the mound for the Feds for the first time this year and pitched six long innings under the handicap of a sprained ankle that caused him to limp in and out of the box after every pitch. Tom wanted to finish a fine performance that saw him let the Crackers down with one hit in six innings, and finish he did, although the Crackers scored three runs in each the seventh and ninth frames. His steady finish in the ninth was one of the features of the game, for with the score 7 and 6, one man on, one out, and two of the Crackers' most dangerous batters coming up, he bore down, striking two out.

The game is no less a tribute to Manager Barnes and the fighting spirit he has instilled into each of his young athletes. Playing for one run at every chance, Barnes ordered his men to hunt every time a preceding first runner reached the first sack, and bunt they did, four times, to place men in position to later score. Every time they got on bases, Barnes told them to steal another sack if the chance came, and steal they did, four times, to aid in putting a run nearer. Combined with those orders was his general direction of the team at every stage—in a manner which promises plenty of well-played games in the future.

The Feds were the first to score on Pat Sullivan, a right-hander from New Orleans, whom all the Feds declare has the best breaking curve ball in the league. They were cut off from further scores in later innings by three lightning double plays by the Cracker infield.

That first score came in the second. Harrison, who played another stellar game afield and at bat, got a single through short to open the inning. Grant laid down a bunt, but Harrison was thrown out at second by Sullivan as Grant reached first safely. Tills laid down a beautiful bunt advancing Grant to second, and Cal Dennis singled sharply to deep left, scoring Grant. Higgins went out, pitcher to first.

The second Fed run came in the fourth. Barnes was safe when Mainwood, at first, bobbled a slow roller. Harrison laid down a perfect bunt to send Barnes to first. Grant struck out, but Tills, whose catching performance was nearly perfect, singled to left to score Barnes. Dennis grounded out to first to end the inning.

The game rocked along scoreless until the last of the seventh, with Phillips allowing no hits, and not a Cracker getting as far as second base. Fine catches by Harrison stops by Higgins, and hurling and catching by Phillips and Tills featured those first six innings.

The Crackers scored three runs, to take the lead in the seventh. Here's how: Silsby singled through short, and Burns hit a Texas-leaguer over second to put men on first and second and no out. Ingraham dumped a bunt toward Phillips that was impossible of fielding, and it went for a hit, to fill the bases. W. Leitz, the hurler then playing first, hit one to right field foul line which Dennis didn't get to until Silsby had scored. Dennis threw it back in time to catch Burns at the plate however, as Ingraham went to third, and Leitz to second on the double. Pitcher Sullivan got a lucky hit past Bach, scoring Ingraham and Leitz. Pert struck out. Weaver got a scratch hit in front of the plate, but A. Leitz went out, Phillips to Barnes.

The Feds came right back in the eighth to score three runs, making the score 5 to 3. Phillips opened with a single to center, his second of the day. On the next pitch, Higgins, who ran for Phillips, stole second. Taylor singled a short, Higgins going to third. Bach dumped a ball in front of the plate which Sullivan picked up and threw to third too late to get Taylor, who had stolen second. Higgins scored on the play, and Bach was safe at first, going to second on the throw to third in a burst of speed. Barnes singled right to score Taylor. Bach went to third. Barnes stole second, and was thrown out at the

# SANFORD BEATEN BY DELAND 15-5 AT DIAMOND BALL

## One Bad Inning With 8 Runs Scored Marks Contest For Locals

By E. H. CULLUM.

One bad inning, the 7th, when Johnny Hodge weakened, allowing 8 runs to trickle over, was the cause of the downfall of the Sanford Diamond Ball team in DeLand last night when they hooked up with the St. Johns All Stars, the final score being 15 to 5 in favor of DeLand.

Up to the seventh inning the Sanford boys outdid and outplayed the DeLand team, holding the DeLand team to four hits for four runs, while Sanford garnered 9 hits good for five runs.

The Sanford team started the run-getting in the second frame, when, after Coriell had popped out, Hunter got life on an error, Bolly doubled, scoring Hunter, Hill doubled, bringing in Bolly, Thompson flew out, and Kelley singled, scoring Hill. Sanford put over one more run in the third and one in the fifth.

The DeLand team did not score until the fourth, when it put over two runs. In this inning B. Martin drew a walk, Vilsack flew out, C. Sanderson walked, Bernard out at first, Culp singled, scoring B. Martin; C. Sanderson scored when Thompson threw the ball to center field in an attempt to cut down Culp stealing second. They added two more runs in the fifth on two walks and two singles. This ended their run getting until the fatal seventh. In this inning, Ledbetter, first up, popped out; S. Carter walked; Batsford hit to the pitcher who attempted to force Carter at second. However, Lake had his foot off the bag, and both runners were safe. K. Carter hit to short who relayed the ball to the catcher to cut off Carter coming

s-batted for Sullivan in 9th. In home; Thompson dropped the ball and all hands were safe. B. Martin doubled, scoring Batsford; K. Carter and B. Martin; Vilsack singled and C. Sanderson walked again filling the bases; Bernard, who heretofore could do air for easy outs, hit to the catcher to cut off Carter coming

s-batted for Sullivan in 9th. In home; Thompson dropped the ball and all hands were safe. B. Martin doubled, scoring Batsford; K. Carter and B. Martin; Vilsack singled and C. Sanderson walked again filling the bases; Bernard, who heretofore could do air for easy outs, hit to the catcher to cut off Carter coming

Grant, Tills, Dennis, A. Leitz, W. Leitz. Two base hit, W. Leitz. Stolen bases, Taylor, Barnes, Harrison, Higgins. Sacrifices, Hills, Bach, Harrison, Tills, Phillips. Double plays, Weaver to Pert to Mainwood; Weaver to Pert to W. Leitz; Weaver to W. Leitz; Higgins to Barnes. Struck out, by Phillips 8, by Sullivan 3; Bases on balls off Phillips, 3, off Sullivan 3. Passed Balls, Tills, Silsby. Left on bases, Sanford 5, New Smyrna 9. Time of game, 1:55. Umpires, Rodenbaugh and Melachro. Attendance, 550.

BRADENTON — Peninsular canning plant here to be operated during tomato season and employ about 40 persons in factory proper.

FERNANDINA — Fernandina Cash Grocery installed new equipment recently.

nothing but lift high ones in the field fence for a home run, incidentally clearing the bags in front of him. Total 8 runs on three hits, three walks, and one error. Cook relieved Hodge in the 8th, and held the DeLand crew to three runs in this inning, bringing their total to 15 for the evening.

Two double plays were pulled by Sanford, one in the first when K. Carter, first up, had singled, B. Martin flew out to Hill, Vilsack hit to Bach on short who threw to Lake, Lake relaying the ball to Hunter on first to get both runners. The same play was executed in the sixth—Bach to Lake to Hunter.

Taken all in all it was a mighty good game. The Sanford boys showed marked improvement in the field, only two errors being chalked up against them, and they should give a good account of themselves when they meet Orlando here next Monday night in the opening game of the season.

## League Standings

CENTRAL FLORIDA

# ORLANDO SISTERS PROVE NEMESIS OF LOCAL GIRLS

## Sanford Diamond Ball Team Drops Close Contest 11 To Eight

By E. H. CULLUM.

The Taylor sisters, Connie, in the box and Dot at the bat, proved too much for the Celso-Seminole Laundry team Thursday night in Orlando, with the result that the Sanford girls bowed to the Orlando team by the score of 11 to 8.

Ethel Gates was in the box for the Sanford team, and, although she had 10 strikeouts to her credit when the game was over, she was equally as generous with free passes to first, walking nine during the game, and with the exception of two instances every walk resulted in a run for Orlando. The Sanford team outdid the Orlando girls 13 to 9, but were unable to put across a hit when hits meant runs.

The Sanford infield played a mighty good game on the defensive, but the outfield was rather weak, singles and easy outs hit to the outfield going for extra bases. However, playing under strange lights is partly accountable for this, and the outfield will get going yet.

Gates for Sanford got two home runs, but there was no one on the paths at the time. On the other hand, Dot Taylor for Orlando got two homers with runners on the bags. Incidentally, Dot batted in and scored six of the 11 runs made by the Orlando girls.

Virginia Britt, of Orlando, was the outstanding star in the field, accepting several hard chances without error. However, the most sensational catch was made by Mayo, playing left short for Orlando, going back into short left, with her back to the diamond made a one-handed catch of Powell's fly that brought the fans to their feet.

Zelda Varn, caught her first game last night, and handled the position like a veteran. Anyone not knowing would have thought she had played that position for years. In fact this was the first time Miss Varn has ever played a regular game of diamond ball.

Munger at right short and Rines on first also played a beautiful game. The Orlando girls will play in Sanford next Friday night when no doubt there will be a different story as to the result, for the Sanford girls are not used to losing

DELAND, Apr. 29.—Winter Park registered a great 1 to 0 decision over the DeLand Reds here yesterday when, after battling on even terms for five scoreless innings, Godbold was safe on Sam's error, and scored when Peel's single went through Hogan for three bases.

Brown, rookie hurler twirling for the Parkers, proved a thorn in the flesh of the heavy hitting Reds, holding them to six safe singles no two of which came in a single

## COMMISSION IS REINSTATED

OKLAHOMA CITY, Apr. 29.—(A.P.)—Nullifying an executive order of Gov. William H. Murray, two district judges Monday ruled that Lew Wentz, wealthy Republican who was ousted from the Oklahoma highway commission Apr. 1 by Murray should be reinstated.

## PAPER CONCERNS MERGE

NEW YORK, Apr. 29.—(A.P.)—Canadian International Paper Company announced yesterday that it had acquired New Brunswick International Power and Paper Company of Newfoundland, Ltd., thus forming the world's largest producer of newspaper paper. The transaction involved no new financing.

## CURB SEAT LESS COSTLY

NEW YORK, Apr. 29.—(A.P.)—Arrangements were made yesterday for the sale of a New York Curb Exchange seat at \$21,000 a decrease of \$1000 from the previous sale, and a record low value since 1927. A curb seat sold at a record high of \$24,000 in 1929.

# Parkers Beat Reds; Indians Islanders, In 1-0 Ball Games

DAYTONA BEACH, Apr. 29.—Holton's triple followed by Walls' infield single in the first inning beat Daytona Beach in a Central Florida Baseball League game here today. Bill Strickland, Cocoa right-hander, shut out the home forces with four hits and Cocoa won by 1 to 0.

Lefty Lane was the losing pitcher in the mound duel, although he fanned nine men and allowed only eight hits. It was an errorless game, and once again, the 1931 big three, Shannon, Mobley, and Hutto failed to produce hits when they were needed. Strickland allowed the trio two hits in 11 tries.

Score by Innings: Daytona 000 000 000-0 6 4 Cocoa 000 000 000-1 8 0 Batteries: Lane and A. Mobley; Strickland and Holton.

Mrs. Owen's Opponent

The announcement of Mark Wilcox that he will be a candidate for representative against Ruth Bryan Owen hardly came as a surprise to those who realize that as long as Mrs. Owen is the daughter of William Jennings Bryan and walks down the street without staggering, she will have opposition from someone on a wet platform.

In spite of Mrs. Owen's recent statement that she would not oppose a referendum on prohibition, that "The referendum is the basic right under the American form of government and I never have, and do not now, oppose a referendum on any public question", this evidently is not enough. She must work against prohibition and fight for repeal, if she is to satisfy some of her constituents.

The basic planks in Mr. Wilcox's platform, in fact the only ones that we can recall, are state option on all liquor laws, immediate modification of the Volstead Act and ultimate repeal of the Eighteenth Amendment. Such a platform obviously is purely a vote-catcher for it is a well known fact that many people of the Fourth District, particularly on the lower East Coast, favor such modification or repeal.

However, we do not believe that Mrs. Owen's constituents are willing to sacrifice her exceptional ability in Congress solely because she lives up to the training of her father. Unpopular as the prohibition law is in some sections, it is not the only issue with which the public is concerned at this time, nor even the most important one.

Mrs. Owen's accomplishments defy listing in any limited space, her achievements in Congress are innumerable, her service to the Fourth District has been such as to gain recognition for it throughout the entire country. We do not believe that her constituents are prepared to repudiate her simply to put in her place a man who offers no platform except a wet one, no program except Volstead modification. A man from Daytona Beach, we have forgotten his name now, tried it in 1930, ran on identically the same platform as Mr. Wilcox now offers, and was overwhelmingly defeated.

Fitting Retribution

While they reviewed a parade of soldiers, five high ranking Japanese army, navy, and diplomatic officials were critically wounded by the explosion of a bomb yesterday. Among those injured were Namoru Shigemitsu, minister to China; Kuramatsu Mural, consular general; General Yoahiro Shirakawa, Japanese commander-in-chief; General Kenkichi Uyeda, second in command; and Admiral Nomura. All of the wounds were very painful and some may result fatally. Shigemitsu is in a critical condition with 32 pieces of the hand-grenade bomb in his body. Shirakawa is suffering from severe contusions on the upper body. General Uyeda has numerous body wounds and one of his legs is shattered. Admiral Nomura is painfully hurt about the head with one of his eyes put out.

We suppose it would be the humanitarian thing to feel sorry for the victims of this blast, and doubtless most of us would if the circumstances which brought the group to Shanghai had been a little different. But in view of the ruthless manner in which Japan attacked China, shelling innocent people, burning their homes, and driving them out in the open to become the prey of cold and starvation, we can have little commiseration and view the bombing with a feeling that the victims got what they deserved.

Japan has shown no regard for the feelings of the Chinese, among whom she has caused more misery and suffering on a large scale than the small group of victims will ever know. We look upon this fitting retribution much as we do upon a bull fight when the animal, tormented, stabbed, and stuck with barbs, makes an unexpected lunge and sticks his horn through the mid-riff of his attacker. Groups of sympathy may go up for the torred, but we applaud the bull. So in this incident in Shanghai there may be some who will feel sorry for these high-ranking officials who have been mutilated by the explosion, but we cannot see it that way, and instead, we extend our sympathy to an oppressed Chinese people, and far from having pity for the victims, we believe that they are just getting a taste of their own medicine.

FOR A NEWSPAPER actively supporting the candidacy of John Martin, the Ocala Banner is remarkably fair in acknowledging the strength of Cary Hardee in its locality. "Cary A. Hardee," says the Banner, "will undoubtedly poll a substantial vote in this county in the primary. He has strong backing here, although his support seems to be confined to fewer groups than does Martin's. Of course, he has the unqualified endorsement of Ocala's evening paper, which is ardently championing his cause and low-rating the cause of Martin. He has the support of bankers. He has the support of many conservative business and professional men. There are many, as we say, firmly convinced that he is the best man in the race."

SANFORD, TWENTY YEARS AGO

At the last session of the New Jersey legislature a bill was passed by unanimous vote in both houses authorizing the employment of prisoners in road maintenance work. This, we believe, constitutes the first attempt of a Northern State to try out on an extensive scale the system of utilizing its prison labor in public enterprises. Sanford's building record for the month of April is worthy of more than a passing notice. The permits issued at the city clerk's office will be \$20,000.00 up to date and most of them have been started. April is not a good month either. There will be more contracts given later on, as one building seasonally ends for another and several real estate deals are under way and it is predicted that quite a bit of Sanford property will change hands during the summer. Every corner of the city is now covered by a nice new green grass and that Postmaster Haskins and Uncle Sam have jointly been instrumental in having installed the boxes for the convenience of the people who wish to send letters and do not care to wait in the post office.

The United States Navy conducted a mine war near Honolulu, while over in Europe the United States delegates were assisting at a mine war conference. The mine war in the Pacific was a success. The mine war in Europe was a failure. The mine war in the Pacific was a success. The mine war in Europe was a failure.

IMPORTANT MEETING IN SANFORD

Sanford, capital of Seminole County, tomorrow will be host to the Beautification Committee of the Florida State Chamber of Commerce which will hold its eighteenth semi-annual conference in that city—a meeting of statewide importance, because it is being held for the purpose of emphasizing the need for adding to the natural beauty that is to be found throughout Florida.

The addition is to be made by individuals and organizations, led by the Florida State Chamber of Commerce, under the direction and with the inspiration of J. Ray Arnold, chairman of its beautification committee, who is practically and enthusiastically active in promoting the work that needs to be done in order to make Florida more attractive and, therefore, more inviting to all people everywhere, including those permanently located within this Land of Flowers.

In this meeting definite and comprehensive reports will be made on the work that has been done within six months past, and especially, with reference to the active and practical carrying out of the program as proposed some time ago by Chairman Arnold and sponsored by the Florida State Chamber of Commerce. This program includes, prominently, work to be performed by units established in every county in the state, under the direction of the county superintendent of schools in each of the several counties in the state. The presentation of these reports will take up the time of the forenoon session, and should prove very interesting.

"The Lure of the Forest," an illustrated lecture, will be the first feature of the afternoon's session, which will begin at 1:45. This feature is to be presented by W. N. Wheeler, of the U. S. Forest Service. Mrs. W. E. Jennings, of Jacksonville, will discuss forest fire control. She will be followed by Mrs. A. G. Cummer, of Jacksonville, presenting "The Spirit of Beauty," illustrated by lantern slides. Other important subjects to be discussed during the afternoon are: The Garden Club and its Place in Beautifying the Community, by Mrs. Henry Wright, Sanford; Florida Parks as Community Centers, by Albert Schellenberg, Daytona Beach; The Parent-Teachers Association and its Place in Beautifying the School Grounds, by Mrs. Howard Selby, West Palm Beach, president of the Florida P. T. A.; "Propagation of Plants, Vines, etc. in School Nurseries," by Howard Moray, associate horticulturist, University of Florida; "Nature Study Work in the Schools," by Mrs. Claire I. Thomas, St. Petersburg; "The Effect of Beautification on Travel and Travelers," by Harold Cole, Orlando, general chairman of the Florida National Advertising Council.

This program indicates the importance of this Sanford conference to the entire State of Florida, it combines beautification with other important features of necessary work that is for the betterment of Florida, that so very much is desired. In fact, the interest that is being taken by Florida people in beautification, and in allied matters, as indicated in the program, is surprising, or would be were it not so well known that Florida people, generally, are keenly alive to what needs to be done in this state to make it more "habitable and more liveable. Display of this interest, therefore, is very gratifying as well as profitable.
