# Palms Hotel Will Be Renovated

Arrangements have been made for a general renovation of the old Palms Hotel after which it will be operated as a hotel rooming house, Ambrose Olliff, attorney for the owner, Mrs. C. H. Olliff of Tampa, said today.

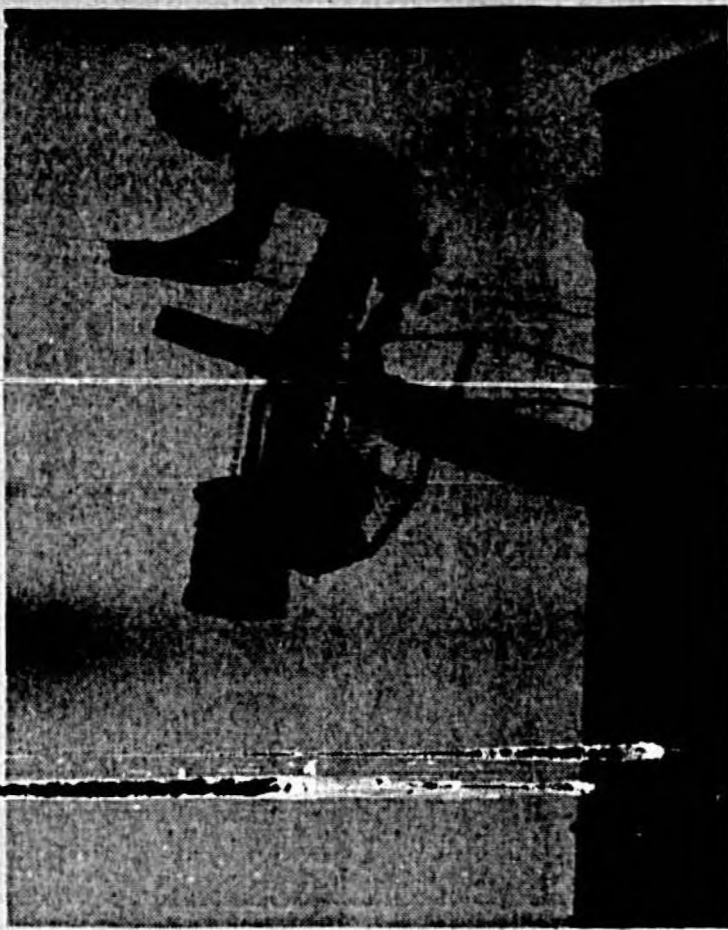

"We are definitely going ahead with improvements and the Carroll Daniel Construction Co., Inc., has been retained to make an estimate of the cost of renovation," Olliff said.

He said that everything the City had asked had been done or was in the process of being done. The owner of the building, Olliff, said the vacant lot next to the hotel had been notified to clear the lot. He was given 35 days in which to remove the material, the attorney explained.

"This hotel and all the other buildings which the City has on its condemnation schedule are items that have been with us a long time and these situations cannot be remedied in a few days weeks," Olliff pointed out.

"We have asked the City to reconsider the Oct. 1 deadline for vacating the building. We were disappointed in the time given for vacating the property," he said.

Olliff said a caretaker was employed to protect the building from vandalism. He said that he and the city officials involved it was wise to have someone on the premises to keep out prowlers.

CITY CREWS check the Christmas lights for Friday night. (Herald Photo)

## Adventure!

Bargain hunters and sales seekers will find some very interesting advertisements in today's Herald, both in the special center section and in the other pages, to make their Friday night shopping a real adventure.

In many cases Downtown Sanford merchants are featuring regular items at one-third, one-half and more discount, to give the homemaker and the breadwinner a break on needed appliances, household items, clothing, furniture, accessories and other everyday necessities.

Luxury items also are advertised at prices that make them ideal for personal use or gift giving. Use of layaways and charge accounts are both encouraged by merchants, so that thrift-conscious shoppers may take advantage of sales items.

## Florida May Put Year-Round School Plan Into Effect

GAINESVILLE (UPI) — A University of Florida committee will meet this week to consider a proposed change to a four-quarter system of year-round operation instead of a trimester system.

The university now is on a two-semester program. The change was proposed Wednesday at a faculty meeting, in which Dr. J. Wayne Reitz, university president, said only the University of Pittsburgh among major universities in the country was operating under the trimester system.

## Casselberry To Make Complaint

The Casselberry Town Clerk today was authorized to write a letter to the Griffin Construction Co. of Lake Mary and the County Commission citing the deplorable condition of the Seminole Blvd. bridge in Casselberry.

Casselberry Road Chairman Graham Wilson said that equipment from that company did "serious harm" to the railing and floor of the bridge.

The company has been moving equipment into the area over the past few days, according to Wilson.

Wilson also said that the letter to the commission will stress the need for repairs on the bridge and the hazardous conditions there.

Mrs. Frank Griffin told the Herald at noon that her equipment did not damage that bridge "one bit."

JAYCEES Bud Stewart, Jack Wilber and Jim Wade worked late into the night Wednesday to compile data for the Jaycee's community development project which will be released in a few days. The project is intended to feel the pulse of the community to check the needs of the area. (Herald Photo)

# Hobby-Mize Suit Thrown Out

Federal Judge Joseph Lieb today threw out of court for the third time in five months a \$100,000 civil rights suit against Sheriff J. L. Hobby and County Judge Vernon Mize.

Judge Lieb dismissed the case with prejudice and ruled out any further complaints by the plaintiff David Lee of Anderson, S. C.

Hobby, Judge Mize and a Negro taxi driver, LeRoy McClinson were sued by Lee, publisher of the paper "The Telegram," who claimed the civil rights of the vendors were violated.

Hobby said he arrested Eddie Lee Brooks and Louise Cherry, both of Sanford, the week of Aug. 31, 1960, on charges of violating Florida's laws against pub-

lishing and distributing "immoral and libelous literature."

Hobby said at the time he made the arrests to protect Negroes in Seminole County and that he had received complaints from McClinson as well as other Negroes about the paper.

Lee claimed in his suit that his vendors were threatened and intimidated by "fear of im-

prisonment" to stop selling the newspaper.

Both Negroes arrested were placed under \$300 bond but in County Court they were given suspended sentences by Judge Mize.

Mark Cleveland Jr. defended Sheriff Hobby while Judge Mize acted in his own defense.

### news... BRIEFS

#### TVs Top Tubs

WASHINGTON (UPI) — There are slightly more television sets in American homes than flush toilets or bathtubs.

#### De Gaulle Skidding?

PARIS (UPI) — Responsible French politicians are talking openly for the first time about deposing President Charles de Gaulle and finding a successor to him.

#### De Sapio Out

NEW YORK (UPI) — New York Democrats Wednesday night elected Fire Commissioner Edward F. Cavanagh Jr. to succeed Carmine De Sapio as the party's New York County chairman.

#### Like The Arabs

WASHINGTON (UPI) — Acting Speaker John W. McCormack said today that when the House folded its tent and crept away in the night, it didn't mean to flim-flam the Senate.

#### UAW Hopeful

DETROIT (UPI) — The United Auto Workers at Ford Motor Co. today reported progress toward a new contract agreement and sources said, "We'll know by tonight" if a speedy agreement can be reached.

#### Ice Cream Wins

WILMINGTON, N. C. (UPI) — City Council voted unanimously Wednesday to allow ice cream trucks to continue operating on city streets despite a police study which termed the trucks a "delinquent hazard."

#### Belafonte OK

NEW YORK (UPI) — Folk singer Harry Belafonte is expected to leave Doctors Hospital Sunday. Belafonte, hospitalized since Monday night with a respiratory infection, was reported in good condition.

#### Ike Invitation

GETTYSBURG, Pa. (UPI) — Former Japanese Prime Minister Nobusuke Kishi planned today to invite former President Eisenhower to visit Japan and to appointize for cancelling Eisenhower's scheduled visit last year because of leftist riots.

#### Whooping It Up

WASHINGTON (UPI) — The almost extinct whooping cranes have something new to whoop about—four little whoopers. The baby birds were spotted Sept. 18 in the Sassa River area of the Canadian Northwest Territories, the Interior Department said Wednesday. The whooper flock last year totaled 34.

#### Emergency Landing

KNOXVILLE, Tenn. (UPI) — An Air National Guard plane carrying South Carolina Gov. Ernest F. Hollings made an emergency landing here Wednesday when one of its two engines failed. The C-47 was en route to Columbia, S. C., from Nashville where Hollings had attended the annual Southern Governors Conference.

#### Secrecy Crackdown

WASHINGTON (UPI) — A Pentagon official said Wednesday that the Defense Department was taking steps to cut down on dissemination of intelligence information and defense data on new weapons.

Arthur Sylvester, assistant secretary of defense for public affairs, said the department also was trying to close up the sources and methods by which intelligence information is getting out.

# Syrian Army Revolt Crushed

BEIRUT, Lebanon (UPI)—Syrian Army units staged a revolt against United Arab Republic rule today. But Syrian radio reports said a few hours later the revolt had ended.

Damascus and Aleppo radios said U. A. R. Vice President and armed forces commander Field Marshal Abdel Hakim Amer had taken control in Damascus and "The situation is going back to normal."

No reports of fighting, if any, were available. The radio reports came after U.A.R. President Gamal Abdel Nasser in Cairo ordered the Syrian First Army to crush the revolt.

Nasser said the uprising was staged by "small army units" from the Qatanah Military Camp 12 miles from Damascus. He said these groups seized the Damascus Radio and besieged the local Army headquarters.

The "Arab Revolutionary Supreme Command" claimed in broadcasts from Damascus that its coup had succeeded across the nation without the loss of "any single casualty." The revolution, any group said it aimed to split Syria from Egypt in protest against the alleged "poor relations" treatment of Syria by the dominant Egyptian part of the country.

However, the later broadcast that the revolt had been put down quickly indicated the uprising barely got off the ground.

In announcing the end of the revolt, the Syrian radio broadcast said Amer had pledged to carry out the demands of the Syrian army.

Syrian sources in Beirut said Syrian Army commander Gen. Gamal Faysal and his staff were besieged in their Damascus headquarters by forces of the Qatanah Armored garrison. The sources also said that all previous military coups in Syrian history had started in the Qatanah Garrison.

The revolt came on the heels of the resignation Tuesday of Col. Abdel Hamid Serraj, Syrian strongman before the merger of Syria and Egypt in February, 1958, into the United Arab Republic. Serraj was one of seven vice presidents of the U.A.R., but quit because he felt he held merely a figurehead post.

Serraj was reported to have left Cairo for Damascus immediately after his resignation. There was no immediate indication he had anything to do with today's uprising, but he is very popular in Syria and would have had considerable backing in Damascus for any actions against the Egyptians.

Kenneth Leffler

Wallace E. Albritton

Harold Johnson

## Four Interested In County Attorney's Post

Seminole County Bar Association President Gordon Frederick told the County Commission today by letter that only four attorneys were interested in applying for the county attorney's job. Mack Cleveland Jr., county attorney for seven years, resigned last week.

The four who applied for the job were S. J. Davis, Wallace Albritton, Harold Johnson and Kenneth Leffler.

County Commission Vice Chairman James P. Avery said this morning that interviews with all four candidates will be held in the near future.

Frederick last week sent out inquiries to all attorneys in the area asking for an expression of interest in the position.

## Kennedy Mum On Nixon Decision

NEWPORT, R. I. (UPI)—President Kennedy and his staff today displayed an attitude of cool detachment toward the announced political plans of Kennedy's 1960 opponent, former Vice President Richard M. Nixon.

Asked if the President had any reaction whatever to Nixon's announcement that he will seek the Republican gubernatorial nomination in California but forego presidential efforts in 1964, Press Secretary Pierre Salinger replied, "none."

## Miami Judge Sets Immigration Probe

MIAMI (UPI) — U. S. District Attorney Edward Boardman will investigate Federal Immigration Service procedures for admitting Cuban exiles here.

Federal Judge Emmett C. Chouteau ordered the investigation Wednesday after accusing the service of "great carelessness" in recommending that former Cuban official Jose Maria Salas Canizales, 45, not be admitted to the country.

## Fallout Looks Like Any Ordinary Dust

By REUBEN R. KILLEBREW (Second in a series)  
What is fallout?  
When an atomic device is exploded near the ground it creates a tremendous upward draft. Great masses of debris which have

been pulverized by the blast are sucked up into the air at altitudes as high as 50,000 feet.

Radioactive material released by the explosion and vaporized by its heat attaches itself to this debris and eventually is carried back to earth. Most of it is pulled to earth by gravity, but the remaining dust is transported various distances by the upper winds.

This is fallout. Radioactive fallout acts and looks like any other dust. The time it takes to get back to earth depends on the size of the particles and the altitude to which it was carried. Where it falls depends on the upper currents of wind, some layers of which may be blowing in one direction and other layers in another.

Since some fallout descends vertically and other is carried horizontally there is need for side as well as overhead protection. After a thermonuclear explosion all dust must be suspected until it has been tested and proved harmless.

There are three kinds of rays which affect individuals, Alpha, Beta and Gamma.

The Alpha rays offer no great danger unless taken internally, inhaled or are taken into the body through wounds.

The Beta rays can be dangerous both internally and externally. They can be stopped, however, by moderately heavy clothing.

The Gamma rays are the most penetrating and therefore the most dangerous. They are like x-rays and vary in energy from very soft and easily absorbed ones to very hard and penetrating rays. Thin shields will absorb the soft rays but the hard ones require thickness to keep them out.

## Fiery Blast Hits Chicago Area

EAST CHICAGO, Ind. (UPI) — A fiery explosion roared through an industrial plant today and police feared some employees had been trapped and killed in the ruins.

More than 20 injured persons were brought to St. Catherine's Hospital. Attendants said at least four of the injured had been seriously burned.

By LARRY VERSHEL  
Nobody asked me, but are some of our county politicians (?) starting their smear campaigns a little early this year?

How come county commissioners can park their cars all day long on Park Ave. along side the courthouse in a 30 minute restricted zone and not get tagged?

Looks like ACL is finally coming through with that repair work on those rough Longwood crossings requested by Mayor Al Lomax many several times to these many months. . . the company's work crew and equipment have been in the county for a week or two now.

Wonder if this being the Civil War Centennial Year has anything to do with rumors from one area of the county that it is thinking about seceding and setting up its own government? One "ester" quipped that serious thought is being given to putting up a toll gate or requiring present officials to get visas before they enter the area.

There appears to be some confusion over getting driver licenses now. Remember, anyone having a birthday in September should renew their license before Sept. 30 regardless of what year you were born.

J. C. Penney's is sprucing up the outside and inside of their store with a painting and redecorating job.

By the way, the city will approve underground fallout shelters.

## A. K. Underkoffler Buried Today

Funeral and burial services were held today for Mr. A. K. Underkoffler of Souderton, Pa., father of James Underkoffler. He had been a visitor in Sanford upon several occasions and was affiliated with DeLoux and Pendleton Woolens of Pennsylvania and Oregon.

Mrs. James Underkoffler is the daughter of Mrs. H. C. Morgan and the late Mr. Morgan of Sanford.

It is no more cruel to muzzle a dog than it is to put a bit in a horse's mouth.

VALIANT FOR '62 is demonstrated with this two-door sedan now on display at Brass Motors. Valiant is the compact of the Plymouth line and features a new starting system and other mechanical and styling changes. (Herald Photo)

## Jet Squadron Forces In Europe Boosted

WASHINGTON (UPI) — Eight U. S. jet fighter squadrons that went to Europe for exercises and rotation training will stay there on temporary duty.

The Air Force announced the reassignment Wednesday, and Pentagon sources indicated that nearly 500 more jets and thousands of troops may go to Europe by the end of the year if the Berlin situation remains unsettled.

Two of the squadrons ordered to remain in Europe went there for rotation training, and the others were sent over Sept. 2 for the Checkmate exercises.

There was no official indication of how long the Air Force meant by "temporary" duty. The possibility of more planes and troops being shipped to Europe came in response to reports that most, if not all, of the 18 Air National Guard units that report for active duty Monday will go overseas for any Berlin showdown.

The Air National Guard squadrons have a total of 411 jet fighters. About 5,000 fighters are now under NATO command in Europe.

So far, 40,000 additional troops have been ordered to Europe, but the Army is raising its ground forces from 810,000 to 1,000,000 men. Another 123,000 Army reservists and National Guardsmen report for active duty next month.

The squadrons to be left temporarily in Europe were identified as the 335th from Myrtle Beach Air Force Base, S. C., the 814th, 813th and 430th from England Air Force Base, La.; the 429th and the 322d from Cannon Air Force Base, N. M., and the 434th and 433rd from George Air Force Base, Calif.

The two California squadrons Greater Boston consists of 83 cities and towns with a combined population of more than 2.8 million.

fly F104 Starfighters, and the other six have F100 Super Sabres. The Air Force said each squadron had about 25 planes.

## Kiwansians Report Fish Fry, Auction A 'Big Success'

Kiwans spokesmen reported today that their organization netted \$1,183.45 profit on their fourth annual fish fry and auction held recently.

Proceeds of the event go to the support of the Kiwanis youth program and scholarship fund.

Over 1,000 people attended the "all you can eat" fish fry and purchased from a large selection of merchandise donated by local businessmen and auctioned off by Kiwanis "auctioneers."

In ticket sales, President-elect Ed Kirchhoff succeeded in selling the most tickets to the fish fry and President Jim Grant was second.

**Tickets Available For DeBarry Dance**

By MRS. ADAM MULLER  
DeBarry Business and Professional Women's Club members have announced that tickets for their Oct. 21 Dance and Party are on sale and may be purchased from any member of the group. The event will begin at 8 p. m. and will be held in the DeBarry Fire Hall. Invitation to come in costume has been extended and refreshments, prizes, fortune-telling, plus lots of surprises, have been promised by Mrs. Herman Lederhaus, ways and means chairman, who adds that "the young people are sure to have a good time." An atmosphere of mystery will enhance the evening since the identity of "Madam X," the fortune-teller, will be one of the greatest secrets.

**DeBarry Auxiliary Plans Events For Next Month**

By MRS. ADAM MULLER  
Announcement was made at a recent special luncheon meeting of the Auxiliary to the DeBarry Volunteer Firemen's Assn. that tickets to the Oct. 19 card party are on sale and that, beginning Oct. 2, on every other Monday of each month, the group will sponsor a Games Party beginning at 1 p. m. Members also were advised that Mrs. William Ogden is taking orders for fruit cakes and spices in preparation of the coming holidays. Hostesses for the luncheon held at the Fire House were Mrs. O. Hartwig, Mrs. E. A. Krimer, Mrs. W. West, Mrs. Casari, Mrs. L. Hamilton, Mrs. F. Kohler and Mrs. F. Western. Mrs. Charles Ulrich, auxiliary president, presided and welcomed members and guests.

# Take It

Quite an argument rages these days on the question whether everybody who gets welfare benefits from the government deserves them. Now Washington is hearing again from some people who don't want them.

The people involved are the Amish farmers of the Pennsylvania Dutch country.

They say Social Security payments can sap the initiative of Amish youths who are taught to prepare for old age through sheer hard work and thrift.

And they argue that paying Social Security taxes infringes constitutional guarantees of their religious freedom.

The Internal Revenue Service seemed to think it scored something of a triumph when it persuaded a group of Amish bishops that present law gives it no discretion.

What this means is that a government geared to dispense welfare on a big scale can't withhold it from individuals who don't want it.

Dr. Crane's

## Worry Clinic

Tom is a smart doctor but he has created a sex smoke person that is transferred to any experienced analyst. Tom wives of men past 40 better re-read this case and act accordingly. Don't wait till the horse is stolen to look the barn for the booklet below. It is now out so pass it around among your women's clubs.

CASE X-416: Tom X, is a doctor, aged 47.

"Dr. Crane," his worried wife began, "we have had a very happy marriage for 20 years.

"But in the past 5 years a change has come over Tom. He now hires only young, sultry looking nurses.

"That wouldn't be so bad but he tells risqué stories to them and tries to shock them with sex facts that are unnecessary.

"Moreover, he subscribes to salacious magazines and I recently discovered some pornographic pictures hidden under the shirts in his dresser drawer.

"He says he still loves me, but he spends evening hours at the office till 9, and then buries himself in his home workshop till 3 or 3 a. m., for he likes to invent things.

"What do you suppose is the matter with Tom?"

Tom is like most males who reach the 45-mark and grow panicky lest they become platonic males.

Most wives don't realize this dreadful mental state that husbands enter, for they think only women are afflicted with the menopausal torments.

Men are even worse than women, for a mental complex or defeatist attitude can hamstring a husband's erotic fervor entirely.

Tom is thus trying frantically to fan the waning flames of his sexual vigor by telling risqué stories. That is also why he surrounds himself with young, curvaceous nurses.

The pornographic pictures likewise act as a tonic to such terrified males.

And the main reason he stays in his workshop till 3 a. m., is his dread of letting his wife learn of his platonic condition.

He figures if he waits till she

is found asleep, then his love affair will be construed as gallantry instead of impotence.

Oddly enough, Tom doesn't turn his scientific eye upon himself, for doctors are probably just as susceptible to the climacteric torments as are laymen.

They think they are creating a surefire smoke screen or camouflage, as in Tom's case, though it is crystal clear to any experienced analyst.

You wives who wish to maintain a permanently happy home through your Golden Wedding Day, better wake up.

Despite the fact that in the early years of marriage wives are relatively passive and expect the husbands to be the natural aggressors in criticism, it's the male passivity that must change after the age of 40.

For wives must fight fire with fire, else their males may finally succumb to some outside siren who will aggressively exert her will and banish the man's penile.

Most husbands freely admit they would much rather have their "affair" with their wife than with anybody else, but the wife remains passive and aggrieved.

The paramour is aggressive and gloating in her conquests, so you wives better take a lesson from the unscrupulous sirens who are ready to poach on your domain at all times.

Send for my booklet "How to Prevent Platonic Marriages," enclosing a stamp, return envelope, plus 20c.

Pass it around among your church women's clubs, for it can revive your earlier romance and nip divorce in the bud.

### Living Cost Off

WASHINGTON (UPI) — Living costs fell slightly in August because of lower prices for fresh fruits and vegetables, the Labor Department said today.

### Co-op Loan OK'd

WAUCHULA (UPI) — The Rural Electrification Administration in Washington approved a \$150,000 loan Monday to the Peace River Valley Electric Membership Cooperative, which has headquarters here.

### JUST AROUND THE CORNERSTONE!

From Rome

## Henry McLemore

ROME, Italy — Miss Gloria Swanson is alarmed from the tip of her head to the tip of her toes about —

No, not about the strangling of movies by TV, or about the Berlin crisis, or even the nuclear bomb.

What alarms her is the almost universal use of poisonous sprays on fruits and vegetables.

"The United States is the worst offender," she told me over a pot of tea in her suite at the Excelsior yesterday, "and we all, every last one of us, must do something about it."

Miss Swanson, who in bygone years was a movie queen the like of which has not been seen since, then gave me a full report on the perils the human race faces from deadly sprays, including a full breakdown of the ingredients of DDT and its brethren.

"Much, much of the fruits and vegetables we eat are coated with a substance akin to the deadly nerve gas the Nazis had perfected for World War II, but never used, thank goodness!"

Wishing that I had not munched an apple earlier in the afternoon, and had foregone that allied banana on my breakfast cereal, I asked Miss Swanson if washing fruits and vegetables would not save us all from destruction.

"Nonsense," she said, with a shake of her still pretty head. "In the first place, many millions don't know how to wash the food they eat, and besides, sprays are absorbed by vegetables and fruits, and peeling and washing are no good."

"I tell you, it's a tremendous problem, and the organization of which I am a member is determined to have spraying stopped, or harmless sprays used."

"Hoping to change the subject— I kept recalling with horror the bunch of grapes I had two days ago—I asked Miss Swanson if she were here to make a picture.

"No," she said. "Nothing of that sort. I haven't had an offer since 'Sunset Boulevard,' but we won't discuss that. I know the reasons why, but prefer to keep them to myself."

Were she and her mother, who is with her in Rome, here for aughtseeing?

No, they weren't.

"I come to Rome every year to study fashions for the company which makes Gloria Swanson dresses," she said. "I have been a consultant and designer of the dresses which bear my name for years, and we sell more of them than any other dress on earth."

At the price she, Miss Swanson, paid for her clothes?

"Heavens, no," she said, arranging her pale pink hostess pajamas. "The top price of my dresses is \$22.50 — and then only in the fall line when wool is the material. But they are wonderful for the money. And they are in half sizes so that as a woman changes shape she can find a Gloria Swanson to fit her."

Did she like Italian fashions?

"They're marvelous," she said. "There's much to be learned from them."

Miss Swanson has also branched out into nylon stockings.

"Many supermarkets all over the United States carry all the Gloria Swanson nylons. They sell for \$1.50 for two pairs and housewives can buy them right along with their eggs, cheese, and steak. Isn't that wonderful?"

It certainly is, but isn't there the chance that the Gloria Swanson nylons will get sprayed in the morning along with the fruits and vegetables?

"That would hasten the end of mankind, for sure. Or of woman-kind, anyway."

Fay Henle's

## Your Pocketbook

Q— Can you deduct on your federal income tax for expenditures for painting and home repairing?—D. E.

A— Dear D. E.: The only time you may deduct for such expenditures on a federal tax return is if your home has been damaged by "an act of God," meaning fire, flood or wind damage. However, if you own a home which you rent and your home then produces income you may make such deductions.

Q— When you apply for a National Defense Education Act loan, how do the lenders define need?—J. J.

A— Dear J. J.: You apply for such a loan at the college of your choice—providing, of course, the college offers such aid. It is then up to the college to determine your need. I understand

that they take not only academic grades and course of study into consideration but extra-curricular activities or talents, your parents' or guardian's income and their responsibilities.

### Her 'Inheritance' Attracts Police

NEWTON GROVE, N. C. (UPI)

—Carl Thomas Dixon understandably was excited when his bride of less than two months brought home \$6,000 in cash.

The money, all in \$100 bills, was an inheritance, Dixon said he was told by his slender, attractive wife.

FBI agents who visited the Dixons at their Clayton, N. C., home Tuesday night were disbelieving. The same amount of money, in \$100 bills, had been robbed from the First Citizens Bank and Trust Company here a few hours earlier by a woman bandit.

Agents took the "inheritance" evidence and arrested Peggy Ray Dixon, 20, on a bank robbery charge.

Uncle Sam now prints about \$33 million in paper currency daily

### Letters

## To The Editor

To the Residents of Seminole County:

Why is it that the County Commissioners still place a deaf ear upon the needs of an alarm system for Seminole County?

These men so far this year already have received more than \$50,000 in payments from Civil Defense and yet they will not allocate a mere \$16,000 toward the erection of an alarm system for the county of which total cost would be in the neighborhood of \$32,000, half of which the Federal Government will issue and is waiting to issue.

I have been a fireman for 17 years and have just completed my second 170-week course in civil defense and a three-week course in use of radiological and monitoring equipment. All necessary equipment for this last course has been given to four areas of the county with six more to come for the remaining areas.

Ladies' groups are receiving training in First Aid classes and more courses are being conducted in civil defense.

Plans are being made for evacuation of children in school areas and for cooperative fallout shelters to be erected. And, in spite of all this, the commissioners of

Seminole County still show a deaf ear on releasing the necessary funds for an alarm system!

Mr. Bart Peterson, a man with 20 years experience... the director of civil defense in this area... a man of unquestionable capabilities... is repeatedly turned down by these same few individuals who are the commissioners of Seminole County.

Commander Smith, a man who has experience, knowledge and knowhow... who has given much of his time and experience to the teachings of fallout and self protection... who has vast experience and knowledge on these subjects... also has received a deaf ear from these same few men who are the commissioners of Seminole County.

Mr. Tom Kieby, who conducts the courses on civil defense... who will go to any lengths to help out the needs of civil defense... Who will go to any group or community to conduct his instructional courses... also received the same deaf ear from these same few men who are the commissioners of Seminole County.

So, it seems to me that every citizen should become aroused and call on these men to see what their reactions are on this subject and why they have so much power to dedicate the very lives of each one of us living in the county.

I am sure that Mr. K. does not intend to wait but I'm wondering why these few that are the county commissioners are waiting?

Gentlemen, in all fairness, are you going to be ready to answer for all the lives that stand to be lost for the sake of a warning system in Seminole County?

If you feel that an alarm system in Seminole County is one of folly, I suggest that you step down from office so that men who are capable of seeing the urgent need for this warning system may take your place and show that they are true representatives of the citizens of Seminole County by coming forth with necessary funds for self protection and survival possible through installation of

this much needed alarm system. Robert Stephenson, Chief Volunteer Fire Dept. Village of North Orlando

An Open Letter To The Sanford Police Dept.

I would like to take this opportunity to publicly thank the Sanford Police Department for a service recently rendered me.

A few days ago, learning of an accident which killed a former resident of Sanford, I endeavored to contact the family of the deceased. This accident having occurred in another town and not having any address I contacted the Police Department.

Working on very meager details, nevertheless with the cooperation of Police Officials of another county, the necessary information was forthcoming within a very short space of time.

It was indeed most gratifying and may I again say many thanks for a "Job well done."

Frank E. Holmes

 Sanford, Florida

## FAT OVERWEIGHT

Available to you without a doctor's prescription, our drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food.

Your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX costs \$3.00 and is sold on this GUARANTEE: If not satisfied for any reason, just return the package to your druggist and get your full money back. No questions asked. ODRINEX is sold with this guarantee by: Fausta Drug Store - Sanford Mall Orders Filled.

## VA Offices Ask Insurance Data

The Veterans Administration is asking its policyholders to provide it with up-to-date beneficiary listings before microfilming pertinent information on present records for safeguarding against disaster, B. S. Beach, director of the Orlando VA office, has announced.

Even though no change is desired in the records, Beach said, all veterans are urged to fill out the form being sent them and return it to the regional office. He pointed out that under the law, a last will and testament will not serve to make a change of previously designated beneficiaries for government insurance, adding that the law also gives GI policyholders the right to change their beneficiaries at any time without the consent of prior beneficiaries. Microfilming the records does not mean that future changes cannot be made at any time, he emphasized.

### UF Registration Up

GAINESVILLE (UPI) — University of Florida registrar R. S. Johnson said Monday a record enrollment approaching 13,000 is expected at the school this fall, topping last fall's all time high enrollment of 13,800. About 3,300 freshmen went through orientation activities last week, compared to 2,982 last fall.

# Auburn Set For Opener

By United Press International  
Auburn coach Ralph Jordan said Wednesday his Tigers "are just about as ready as we can get physically" for Saturday's season opener with Tennessee.

"Now it is only a matter of smoothing things out and getting in the proper frame of mind for an extremely tough and dangerous football opponent," Jordan said.

Tennessee, a one-point favorite over the plainsmen, continued its slow practice pace Tuesday and concentrated on punting and punt returns.

Vol Coach Bowden Wyatt said senior left end Mike Stratton, scheduled to start for Tennessee against Auburn, missed practice Wednesday because of tonsillitis. He said if Stratton missed Saturday's game, it would considerably weaken the Vols' chance against Auburn.

The Georgia Bulldogs, beaten by Alabama last week, 22-6, Wednesday went through what the coaches called the "best scrimmage of the year."

Head coach Johnny Griffith, who had his appendix removed Friday, watched the action from the sidelines.

Vanderbilt, Georgia's opponent Saturday, underwent a two-hour drill Wednesday night and junior kicking specialist Grady Wade placed nine consecutive kickoffs over the goal line.

The University of Kentucky, facing always-tough Mississippi Saturday, went through a lengthy bruising session Wednesday emphasizing defense and a methodical teaching period which stressed improvement of line play.

Mississippi had its toughest training session of the season Wednesday and concentrated on passing with quarterbacks Doug Elmore, Glynn Griffing and Perry Lee Dunn.

Georgia Tech, which plays host Saturday to Rice, one of the top

teams in the nation, worked against reserve units Wednesday using Rice plays and pass patterns. Trainer Buck Andel said Rufus Guthrie, 200-pound guard who suffered a sprained ankle Tuesday, has "a better than ever chance" to play Saturday.

Florida tightened up its pass defense Wednesday in preparation for Saturday's encounter with Florida State.

Alabama's first and second teams will have a light workout Thursday but the third squad is slated for a scrimmage.

The LSU Tigers reviewed their offensive and defensive patterns Wednesday.

Mississippi State went through a goal line offensive practice session Wednesday in preparation for Houston Saturday.

## Going For No. 2

The Seminole High School Junior varsity with a 1-0 record this year, journeys to Leesburg tonight to meet Leesburg with game time set for 7:30.

The locals knocked off Seabreeze 37-8 in their opening game of the season last week.

## Looks Like O'Toole For Cincinnati Series Opener

CINCINNATI, Ohio (UPI)—After a season punctuated with tense, last-minute decisions, the Cincinnati Reds are relaxing prior to an anti-climatic final series at Pittsburgh this weekend.

The Reds took a holiday Wednesday, but they were expected to be back for a workout today at Crosley Field to shake out the kinks. The club leaves for Pittsburgh Friday morning for the night contest that opens the series.

But Manager Fred Hutchinson was far from relaxing as he already was mapping his strategy for the World Series opener next Wednesday against New York at Yankee Stadium.

He tagged Jim O'Toole, who he described as the "hottest pitcher in the National League," to work in the opener. The 24-year-old left-hander has won seven games in a row and 12 of his last 14 decisions. His record now is 18-9.

"The way he has been pitching lately I'm sure not afraid to use him," Hutchinson said.

O'Toole, Joey Jay (21-9) and Bob Purkey (18-12) will be his World Series starters in that rotation, Hutchinson said.

Jim Maloney (8-7), a 21-year-old right-hander, will be used as the Reds' long relief man, Hutchinson said.

As to the Pirate series, he said the "big three" will work in the three games, but they will probably only pitch about five innings each with second line men finishing.

One refreshing sign to the Reds and their fans has been the sudden return to form of slumping slugger Frank Robinson.

He had been hitting slightly over .200 for September and had not hit a homer since Aug. 28 when last weekend in the final game with San Francisco he broke loose. He hit No. 36 against the Giants, added No. 37 at Chicago and has added several other hits to his total.

## LOGICAL ARGUMENT

**Thesis: A ROOKIE QUARTERBACK CAN'T BE THE MUSTARD IN PRO BALL**

**Anti-thesis: FRANCIS TARKENTON, NEW QUARTERBACK OF THE NEW MINNESOTA VIKINGS**

**Syn-thesis: FOUR T.D. PASSES IN A BRILLIANT WINNING NFL DEBUT!**

## Redskins Really Got Some Fancy Grid Stadium Now

WASHINGTON (UPI)—The Washington Redskins open their home season Sunday in the nation's newest stadium—a 23 million concrete and steel edifice that has everything from air-conditioned dressing rooms to a jail for misbehaving fans.

There are 50,000 seats, each 23 inches wide (the average stadium seat is only 15 or 16 inches). A machine-operated tarpaulin can cover the field in 30 seconds. Yard-wide aisles and expansive ramps are located so the entire stadium can be emptied in 15 minutes. Ticket windows are connected with the main ticket office by pneumatic tubes to prevent long lines of waiting fans.

Even players' wives were considered in the design. The ladies have their own lounge, near the Redskins' dressing room. This, incidentally, is one of the four air-conditioned locker rooms so luxuriously tiled that one player, getting his first glimpse of the plush magnificence, commented "I feel like a gladiator being allowed into a Roman bath." Even the dugouts are air-conditioned.

The jail? The designers politely call it a "detention room" where drunks and brawlers will be held to sober up or cool off.

There are 6,500 "traveling" seats used for baseball only. During football season, they can be moved around on a set of tracks and become sideline seats—the

first time this gimmick has been used in an American stadium.

The press boxes can be enclosed in bad weather and also are expandable to as many as 1,600 seats for a World Series, All Star game or football championship (the latter one of the more optimistic items, considering the Redskins' record).

There will be parking space for more than 12,000 cars and 300 buses and for night games, the lighting is twice as powerful as illumination at Griffith Stadium.

Actually, the stadium won't be completed until next spring, in time for the 1962 baseball season. But the seats are installed and while the facilities are not totally ready, enough has been done to play a football game there Sunday.

## Yanks Top Series Choices

LAS VEGAS (UPI)—The Cincinnati Reds, who ignored the experts and won the National League pennant, today were in their familiar role as underdogs.

Odds-makers Wednesday made the New York Yankees odds-on favorites to take the World Series from the Reds. The Yanks were made 5-12 favorites in the series and 5-9 to take the first game. This means you have to put down \$12 to win \$5.

The American League champions also are 6-1 to sweep the series in four games, something that hasn't happened since the old New York Giants blanked the Cleveland Indians in the 1954 series.

Persons favoring the Reds have to take series odds of 2-1 and first-game odds of 8-5. If you pick the Reds in a sweep you can get 20-1.

## Cerv's Surgery Proves Okay

NEW YORK (UPI)—The surgery on Bob Cerv's right knee was pronounced successful today and the 35-year-old New York Yankee outfielder already is looking forward to next season.

Cerv underwent surgery for removal of cartilage in the knee at Lenox Hill Hospital Wednesday and Dr. Sydney Gaynor, the Yankees' team physician, said there were no complications.

**Pitcher's Baby Ill**  
DETROIT (UPI)—Baltimore pitcher Milt Pappas has been called home because of illness to his infant baby. Pappas, a strong right-hander, had a 12-9 record this season with the Orioles.

## Lyman Meets Champions At Newberry Friday

Coach Bill Proctor of the Lyman Greyhounds has used the practice sessions this week to correct the mistakes made in the Ocoee game which showed up in the film.

Mainly the coaching staff has worked to improve the kicking game which Proctor said did not show up to his satisfaction in last week's contest.

Friday night the team travels to Newberry to take on a team which last year was Suwannee River Conference champion with a season's record of eight victories and two losses.

Newberry lost many of its men from the championship squad. Last week they were beaten by Reddick. Proctor, however, said they have a "pretty fair team" and he is taking no chances on this outfit.

## Koufax Grabs Consolation Prize

United Press International  
Sandy Koufax, who had hoped to be in this year's World Series, and Bill Mazeroski, last year's hero, were forced today to settle for a pair of consolation prizes.

Koufax, the 25-year-old Los Angeles Dodgers flame-thrower, set a modern National League record for strikeouts Wednesday when he fanned seven Philadelphia batters to raise his season total to 208—two more than Hall of Famer Christy Mathewson struck out in 1903.

Sandy gave up only three hits to the lowly Phillies but they made the most of them to tag the Dodgers with a 2-1 defeat. The Dodgers collected nine hits off Jim Owens but he put them together. Owens, with help from Jack Baldschun, was the winner. Koufax took his 13th loss against 18 victories — by far his best record in the majors.

Angelo Angels rallied to beat the Washington Senators, 6-4.

Murphy hit two home runs and Hubbs rapped a homer and triple to help Don Cardwell, Chicago's top pitcher, gain his 13th victory of the year against 13 losses. George Altman also homered for the Cubs who raked three Cardinal pitchers for 10 hits. Larry Jackson (14-11) was the loser.

Jim Gentile hit his 46th homer and Steve Barber gained his 18th win as the Orioles beat the Yankees, who played without the resting Maris and the ailing Mickey Mantle. Maris took the day off following the excitement of his matching Babe Ruth's all-time home run high of 60 on Tuesday, while Mantle, who was bedded down with a cold, Yogi Berra hit his 22nd homer to push the Yankees' major league club record to 228.

Al Seball pitched no-hit ball for eight innings before buckling in the ninth inning when the Indians scored all four of their runs on

two hits, two walks and a fielder's choice. Billy Martin and Harmon Killebrew (4th) homered for the Twins.

Frank Lary gained his 23rd victory of the season while Rocky Colavito hit his 45th home run and Norm Cash his 20th to pace the Tigers to their victory over the A's. Lary yielded only six hits but had to leave in the eighth when he was hit by a pitched ball. Terry Fox finished up without incident to preserve the victory. Rookie Jake Wood, Detroit second baseman, tied a major league record when he struck out for the 138th time this season. Jim Lemon of the Twins set the record in 1956.

**Skins Get Hackbart**  
WASHINGTON (UPI)—Defensive back Dale Hackbart has been acquired by the Washington Redskins from Green Bay for a change for an undisclosed 1962 draft choice.

## Gators Prep For Seminoles

GAINESVILLE (UPI)—The University of Florida Gators hope to put up a tighter pass defense against Florida State Saturday than they did against Clemson last week.

Clemson penetrated the Florida defense for 190 yards in the air, but lost 21-17.

Florida Coach Ray Graves worked his team hard Wednesday at improving pass defense, and also polished up offensive plays for what he said would probably be a high-scoring game against the Seminoles. Guard Charlie Gill was sidelined during the practice with a bruised leg.

# Nixon Stakes Political Future In Race For California Governor Post

LOS ANGELES (UPI)—Richard M. Nixon staked his political future today on becoming governor of California in 1965 but ruled himself out as a presidential candidate in 1964.

Ending months of suspense, the 48-year-old Republican who narrowly lost his bid for the White House last November, told a news conference Wednesday night that he will run for the state house next year.

As for 1964 and the presidential election, Nixon had this to say:

"I shall not seek the presidency in 1964. I shall not be a candidate and I know people will take me at my word. I will not be the candidate or the nominee."

Nixon said he decided to run for governor, probably against incumbent Democrat Edmund G. Brown, because he feels "I am the one who has the best chance and possibly the only chance to win and to do the job that needs to be done in California."

The former vice president said he felt his announcement would

delight both Sen. Barry Goldwater of Arizona and Gov. Nelson A. Rockefeller of New York, potential GOP presidential hopefuls in 1964.

"This clears the way for them," he told the televised news conference, Nixon told newsmen he had disclosed his decision only to his family and former President Eisenhower before facing the television cameras to make his announcement.

"He indicated his approval," Nixon said, with a smile.

Goldwater, commenting on the announcement, said he had long contended Nixon would "have to run in California and win if he was to retain a voice in the Republican party."

President Kennedy, the man Nixon lost to in November, had no immediate comment, nor did Rockefeller.

Ahead of Nixon in his bid for the job of running the nation's second most populous state lay these hurdles:

—Democrats outnumber Repub-

licans 3 to 2 in voter registration and are solidly entrenched in the Legislature.

—He faces opposition in winning his own party nomination next June principally from ex-Gov. Goodwin J. Knight, 64, who insists he is in the race to stay.

—Even if he wins the GOP nomination, Nixon presumably will face Brown in November. Brown ended 16 years of Republican rule in the state house in 1958 when he overthrew William F. Knowland by more than a million votes.

Nixon told his audience that he was sure that his announcement that he would not seek the presidential nomination in 1964 would "disappoint many who have urged me to run."

The eyes of a horse have considerable color vision, being most sensitive to green and yellow and least sensitive to red.

Carat for carat, a flawless emerald is more expensive than a diamond.

## All round town!

with ... Dollie Higginbotham

FLYING UP to Atlanta last weekend were these two representatives of the Anna Miller Circle, Mrs. Harry Adair and Mrs. William E. Klinefelter.

The Circle will be in charge of the Mothers March in January of this year, and the ladies attended the southeastern area pre-campaign meeting of the National Foundation of the March of Dimes.

The conference which took the form of workshops was held at the Dinkler Plaza.

"I was happy to learn of the scholarships now available for therapists and scientists in the field of research on crippling birth defects and arthritis, which is a part of the National Foundation," said Mrs. Klinefelter, who is president of the Anna Miller Circle.

MISS ANNETTE YATES, a 1961 graduate of Seminole High School who is now a member of the freshman class at Lee College in Cleveland, Tenn., was one of the eight girls chosen as cheerleaders, her family here tells us. She is also a member of the campus choir and is on the staff of *Vladanga*, the college year book.

Annette was also honored by being chosen as editor of the school's newspaper. Quite a record for a freshman!

RECENTLY RETURNED from an all-points trip up the middle of the country, visiting relatives, friends and family are Mr. and Mrs. George Stine.

Heading first for Waukegan, Ill., the Stines visited with their daughter, the former Ann Crawford Stine, now Mrs. John L. Hughes and their four children.

The Stines are proud to relate (and feel that their friends here would be interested to know) that Ann, who teaches science and math at Beach Park Junior High School is working toward her Masters degree at Evanston and has written three papers.

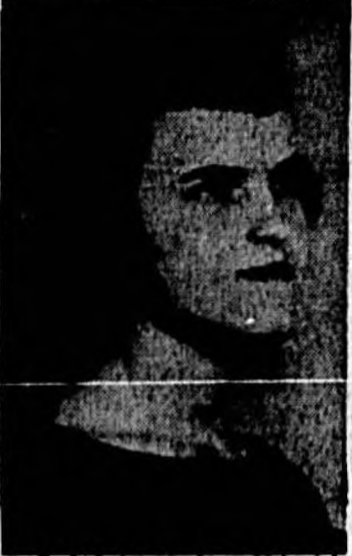

The first is entitled, "The Effects of Environment on Abnormal Frenetic Development." 2. "Nature and Development of Buddhism as One of the World's Great Religions." 3. "A Case of the Acquisition of Knowledge on the Primary Objective of Education."

Mrs. Hughes' 16-year old son sang a solo in the First Presbyterian Church in Waukegan while his grandparents were visiting. He chose "Out of the Deep." All of the Hughes family members sing in the choir, Mrs. Stine says.

Mrs. Hughes graduated from Seminole High, attended Agnes Scott College and then finished at Stetson and earned her degree in Science. She has just received the National Science Foundation award to attend the Earth Sci-

MRS. ADAIR AND MRS. KLINEFELTER

ANNETTE YATES

ence and Modern Math Institute at Barat College in Lake Forest, Ill., this coming year.

The Stines' son, Albert, and his wife live in Deerfield, a suburb of Chicago and when their parents visited them, they were treated to attendance at the National Gymania Ganu Festival which was held at the Sherman Grand Ball Room. There the rest of the Stine family showed the family musical talent, when Albert sang two numbers, "The Trumpeteer" and "Old Man River," to thunderous applause and many curtain calls.

The Stines celebrated their 42nd wedding anniversary with dinner at George Diamond's Steak House in Antioch and had the "most delicious steak I have ever eaten." At the same time, Albert and his wife celebrated their 20th anniversary.

Another highlight of their trip was attending summer theater in Chicago to see Patrice Munsel and Victor Jory in "The King and I."

There were many other side-trips, outings and events too numerous to mention and they stopped and visited with other relatives and friends in Chester, S. C., on the way home, returning happy and refreshed.

## CPO Wives Club Welcomes Thirteen New Members

Many new faces were evident at the recent meeting of the CPO Wives' Club. Thirteen new members were welcomed into the club by the president, Mrs. Rex King. The new members are Patricia Wallen, Audrey Reeves, Marie Cisawski, Bertha Neville, Lucille Johnson, Lili Donat, Josephine Stankiewicz, June Evans, Marie Tournoux, Louise Hollaway, Marie Utz, Sally Peralta, and Louise Babb.

Lt. Cmdr. A. R. Smith, guest speaker, gave an interesting talk on "Atomic, Biological and Chemical Warfare." A question and answer period followed, which led to a well rounded discussion of the Civil Defense program.

The next social will be a covered-dish supper for all members their husbands and guests. This will be held in the NAS Ballroom at 7:30 p.m. this Saturday. For those interested in card games, there will be tables of bridge and canasta.

Prospective members and their husbands are welcome to attend and become acquainted with other chiefs and their wives aboard the NAS Station.

## Stricklands Visit In Georgia And North Florida

Mr. and Mrs. M. R. Strickland have returned from a trip to Georgia and North Florida.

They took their daughter, Frances, to Macon, Ga., to enroll at Wesleyan College for her sophomore year.

From there they went to Easton, Ga., for a visit with Mr. and Mrs. F. P. Austin. Enroute home they stopped at Panama City to see another daughter, Marianne, who is teaching at the Oakland Terrace Elementary School there.

The last stop was in Quincy, where they visited Mr. Strickland's brother and his family, Mr. and Mrs. Jack Strickland.

## UDC Plans Meeting And Memorial Friday Afternoon

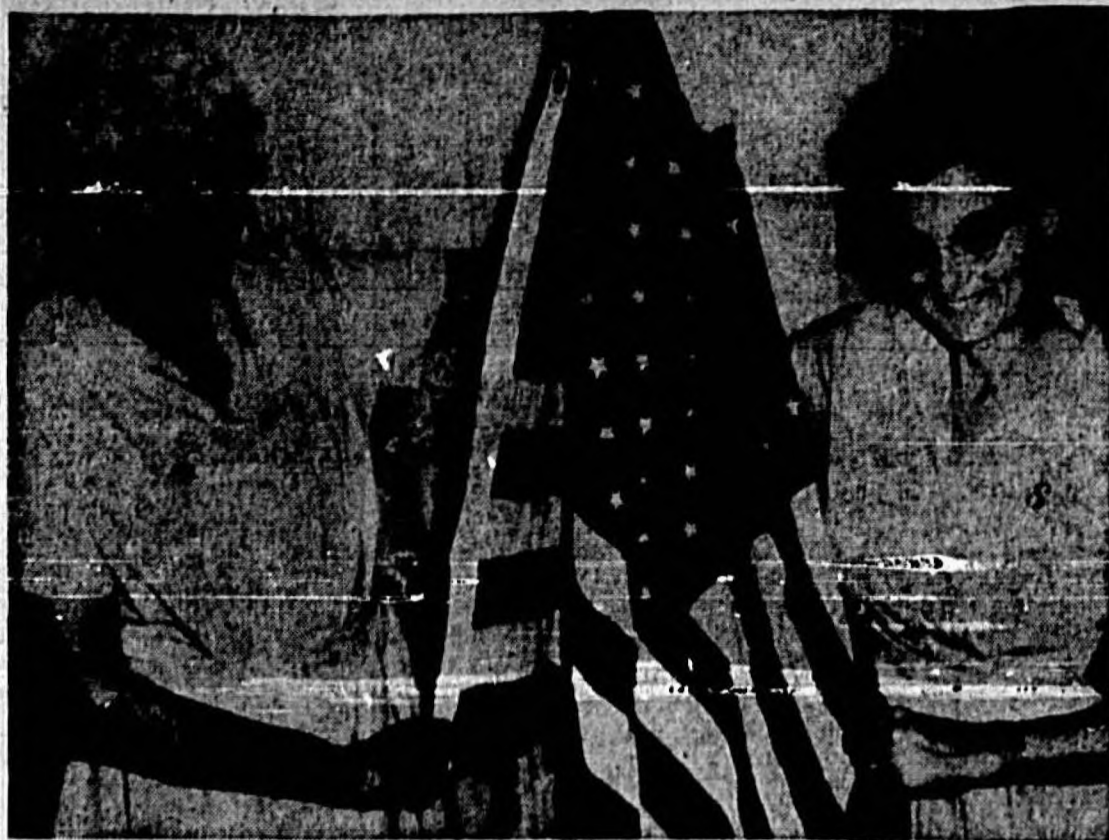

The Norman de Vere Howard Chapter, United Daughters of the Confederacy will meet Friday at 3 p.m. at the home of Mrs. F. E. Roumillat Sr., 910 Palmetto Ave.

Mrs. J. St. Claire White and Mrs. M. L. Wiggins will serve as co-hostesses. Preceding the regular meeting, a memorial will be observed for Mrs. G. D. Bishop and Mrs. Margaret Marshall.

## Church Calendar

FRIDAY  
WMU Executive Board and business meeting of First Baptist Church meets at 3:30 p.m. followed by installation of new officers for the coming year.

## Osteen Baptist Church Gets New Flag From DeLand Club

MRS. TACEY SMITH, left, president of the Cross and Malta Club of DeLand, presents Mrs. Harry Osteen a flag for the Osteen Baptist Church.

By MRS. CLARENCE SNYDER  
The Cross of Malta Club, past presidents of the VFW Auxiliary of DeLand, met recently with Mrs. Harry Osteen.

During the business meeting the president, Mrs. Tacey Smith, announced the auxiliary was pre-

senting the Osteen Baptist Church a new 50 star flag. She presented the flag to Mrs. Harry Osteen who accepted it and thanked the group on behalf of the church.

The organization also agreed to present a \$50 check to the West Volusia Memorial Hospital fund. Following the business meeting

the group enjoyed playing Malta. The hostess served refreshments of open sandwiches, pickles, chips, cookies, nuts and punch to Mrs. Frank McGuire, Mrs. Lucy Harris, Mrs. Henry Meyers, Mrs. Oscar Camp, Mrs. Harold Hyde, Mrs. William Smith, Mrs. Bertha Kingsley, Mrs. Ethel Tyler, Mrs. Luther Dreggors and two guests, Mrs. Robert Williams and Mrs. Clarence Snyder.

## Williamson - Wright Wedding Announced

Mr. and Mrs. Logan Thomas Williamson of Atlanta, Ga., announce the marriage of their daughter, Ethel Simons, to James Anderson Wright Jr., son of Mr. and Mrs. James Anderson Wright, of Sanford on March 17 at Folkston, Ga.

Mrs. Wright is the granddaughter of the late Mr. and Mrs. Logan Thomas Williamson of Atlanta and the late Dr. and Mrs. Edmund Waring Simons of Summerville, S. C.

Mr. Wright is the grandson of Mrs. A. D. Zachary and the late

Mr. Zachary and Mrs. Roy R. Wright and the late Mr. Wright, all of Sanford.

Mrs. Wright was graduated in 1959 from the Westminster Schools in Atlanta. She is now enrolled at the University of Georgia where she is working on her BS degree in Elementary Education. She is a member of Mu Beta chapter of Chi Omega.

Mr. Wright was graduated from Baylor School for Boys in Chattanooga, Tenn., in 1958. He is presently enrolled in the University of Georgia Law School and working on his BBA and LLB degrees. He is a member of the Georgia Alpha chapter of Phi Delta Theta Fraternity.

The couple is residing at 1729 1/2 South Lumpkin Street, Athens, Ga.

## Catholic Club Plans Picnic Friday Evening

The Catholic Navy Wives Club will hold a picnic this Friday night by the swimming pool at the Naval Air Station.

A picnic supper will be served at 6 p.m. and a social evening enjoyed until 11 p.m.

It is for the whole family and all Catholic Navy Wives and their families are invited to attend.

## Lutheran Ladies Aid Society Makes Plans For Annual Bazaar

The evening circle of the Ladies Aid of the Lutheran Church of the Redeemer met at the church for their regular monthly session.

Mrs. Ray Braden, program chairman, led the devotion followed by an inspiring book review given by Mrs. John Bradia entitled "God's Great Plan for You."

Mrs. Bradia stated that this book was a recent addition to the lending library sponsored by the Aid.

Mrs. George Daniels, president, presided over the business meeting. Mrs. Phil Skates, general chairman, announced that Nov. 4 had been set as the date for the annual "all you can eat" Smorgasbord. Her committee members are: Mrs. Alfred Kirschstein, bazaar table; Mrs. Andrew Wolfe, publicity; Mrs. James Ekern, tickets; Mrs. John Senkarik and Mrs. LaVern Trued, procurement; Mrs.

David Green and Mrs. Jerry Senkarik, dining room. Mrs. Skates announced that tickets will again be limited to 500. They are available from any members of the Aid or by calling Mrs. Ekern.

Pastor Herbert Goerss announced that Oct. 8 was dedication day for the new educational building recently completed. Rev. F. W. Lorberg, president of the Florida Georgia District of the Missouri Synod and Rev. A. G. Bernthal, chairman of the Mission Board, will be the speakers at the two services. An open invitation is extended to the community for the morning service at 10:30 a.m. and the dedication service at 4 p.m.

The business meeting was closed with prayer. During the fellowship hour that followed refreshments were served by the hostesses, Mrs. H. Stanley Ale and Mrs. John Bradia.

## Local Navy Wives Collecting Items For Italian Orphanage

Mrs. Gordon Kuehn, chairman of VAH-9's clothing drive for "Casa Scugnizzi," announces that the results of the local collection were delivered to a representative of the USS Saratoga's wives in Atlantic Beach, last Friday.

There they will be added to the collections made by other units of the ship and Carrier Air Group Three. They will be sorted, cleaned and loaded aboard the ship.

When the USS Saratoga arrives in Naples later this fall, with the VAH-9 men aboard, the clothing will be delivered to the orphanage.

Mrs. Laura J. Heasley, chairman of the entire drive, expressed delight and surprise that the ladies of VAH-9 had undertaken to contribute to this worthy project of friendly relationship overseas.

MRS. GORDON KUEHN, left, chairman of the overseas clothing project and Mrs. Allen Karnes are shown with some of the articles they collected from Navy families and neighbors to be given to an orphanage in Italy. (Herald Photo)

## VAH-3 Wives Meet At BOQ For Coffee

The Officers Wives of VAH-3 held their monthly coffee in the Afterburner Room at the BOQ. Guests were welcomed by hostesses Mrs. George Zimmerman, Mrs. Kenneth Kuster, Mrs. Lyle Sette and Mrs. Willis Lewis.

A centerpiece made of mums decorated the table surrounded by many delicious "home-made" goodies which everyone thoroughly enjoyed.

The business meeting was called to order by Mrs. Silas Johnson and new members were introduced and welcomed. Mrs. Neil Pruden gave the treasurer's report. The chairman committee report was given by Mrs. Richard Cleveland. Members were asked to bring their used magazines into the department.

Polio booster shots are now available to dependents. School children will be given immunization shots on Wednesday mornings from 7 to 8 a.m. The Thrift Shop is open Monday and Friday mornings from 9 till 12 noon and articles are badly needed. Members were asked to bring used clothing and articles to the October coffee.

Those attending were Berta Conn, Harriett Scott, Ruby Beach, Dave Cullen, Kay McInale, Gen Thompson, Jean Musgrove, Ruth Spartz, Marilyn Brubaker, Marilyn Bailey, Ann Wing, Sylvia Guthrie, Barbara Kasote, Doty Maliczowski, Kathleen Warner, Marion Tallman, Norma McNeerney, Toni Waters, Carolyn Cleveland, Beth Collins, Pat Coloma, Evelyn Antar.

Rose Branson, Jinx Kingsbury, Sara Touchton, Sallie Touchton, Vickie Wilster, Betsy Enney, Pat Oliphant, LaVerne Hamilton, LaWanda Sandon, Ila Mae DeMent, Mary Heath, Ely Garbark, Thelma Seacat, Virginia Nelson, Sue Moury, Sherry Bolte, Norma Beverly, Anne Oliver, Dossie DeGanahl, Ardis Blaha, Lynn Wood, Dottie Fitzgerald and Colleen Smith.

## Corley - Fields Wedding Planned

Mr. and Mrs. Joseph Lamar Corley announce the engagement and approaching marriage of their daughter, Irma Jean, to Kenneth Quentin Fields, son of Mr. and Mrs. George B. Fields, of Tulsa, Okla.

The bride-elect is a native of Sanford, graduating with the 1958 class at Seminole High School as an honor student. While in high school she was a member of the school band the entire four years, was a member of the Future Nurses Club, Projectionist Club, and served as treasurer of the Student Council and vice president of the Sally Staff.

She served as advisor to the Rainbow for Girls, is a member of the Order of Eastern Star and Zeta Xi Chapter of Beta Sigma Phi sorority.

Miss Corley attended the University of Miami, in Coral Gables and Huntington College at Montgomery, Ala. She was employed by the Florida State Bank for

several months before going to Honolulu Hawaii, to work as a teller for the Bank of Hawaii, in the Keaumoku Branch, where she is presently employed.

Sgt. Fields, the groom-elect, was born in Tulsa and graduated from the Will Rogers High School there.

He enlisted in the U. S. Army and has served for the past five years. Two and one-half years of that time were spent in Germany. He is presently stationed at Schofield Barracks, Oahu, Hawaii.

Wedding date and plans will be announced at a later date.

MISS IRMA CORLEY

## DeBary Personals

By MRS. ADAM MULLER

Capt. H. M. Yost has returned to his home on Madera Road after undergoing eye surgery at the Holiday Hospital in Orlando. He wishes to thank all of his friends who sent messages and cards of cheer.

Mrs. George Beltz of St. Albans, Long Island, Mr. and Mrs. Charles Rakes and Mrs. Theodore Burnett of St. Petersburg, visited Mrs. Adam Muller one day last week.

Mr. and Mrs. Stanley Rader are home after an extended visit in the north. Their daughter accompanied them home for a few weeks visit in DeBary.

Mrs. Jo Peck was elected secretary of the Realtors Board in DeLand and West Volusia, recently.

Mrs. Oscar Papineau will return, next week, after a hurried trip to Rhode Island, due to the illness of her mother.

## Girls 4-H Club To Elect Officers Saturday

The Sanford Girls 4-H Club will meet Saturday at 2 p.m. at the Home Demonstration Center on 25th Street.

This will be the initial meeting of the season and officers for the new year will be elected.

All girls who are interested in joining the club are urged to attend this meeting.

## Does Meet For Business Session

The Sanford Drove No. 160 Benevolent and Patriotic Order of Does met Monday evening at the Elks Club.

Mrs. Pete Bowersox, president, presided at the business session. It was announced that the fish dinners sponsored by the Does each Friday for all Elks, their families and guests are very successful.

Five visitors from the Orlando Drove joined local members for the meeting.

## Church Class Plans Supper

The Daughters of Wesley Sunday School Class of the First Methodist Church will hold their annual fried chicken supper, Monday starting at 6:30 p.m. in McKinley Hall.

Following the supper, Rev. John T. Adams, church pastor, will install the new class officers for 1961-62.

## New Arrivals

Mr. and Mrs. Frank R. Voltoline, 100 Garrison Drive, Sanford, announce the birth of a 12 lb. 12 oz. daughter, Sept. 25 at the Seminole Memorial Hospital.

They have chosen the name Laura Lyne, for the new arrival, who will be welcomed home by two brothers, Mike and Rick.

Mrs. Voltoline is the daughter of Mr. and Mrs. J. M. Leonard, Holly Ave., Sanford, and paternal grandparents are Mr. and Mrs. J. J. Voltoline of Pittsfield, Mass.

## Ethel Root Circle Resumes Meetings

Mrs. Norma Cook was hostess to circle members at her lovely home at 410 San Carlos Avenue, when the Ethel Root Circle of the Congregational Christian Church resumed their by-monthly meetings for the fall season.

"Christ is our Life," was the thought for the evening followed by a prayer led by Mrs. R. Lossing.

Old business discussed was the coming fall bazaar and supper which is held annually with the two circles working jointly. Members were urged to concentrate on selling fruit cakes again this

year. This marks their 10th year for selling this brand cake and prices will again be the same as in the past year. Anyone interested in placing their order now may do so by contacting either Mrs. Howard Rollins or the fruit cake chairman for this year, Mrs. Joseph Stock.

Sunday, Oct. 8 will be a big day for not only the youth group of the Sanford church but also most of central Florida Congregational Churches. The circle will help the Pilgrim Fellowship on that day play hostess to their Rally. The young members are urged to be registered by 3:30 p.m. The program will begin at 4 and supper will be served at 6 p.m.

Refreshments of coconut cake, coffee, salted nuts and assorted mints were served by the hostess to Mrs. Edward Simpson, Mrs. Helen Remusat, Mrs. H. Thurston, Mrs. J. Stock, Mrs. Bonner Carter, Mrs. Bea Alford, Mrs. G. O. Nordgren, Mrs. H. Rollins, Mrs. Gus Schmah, Mrs. Earl Moxley, Mrs. Oscar Zittrower, Mrs. Maurice Corbett, Mrs. Ralph Lossing and Mrs. Harold Herbst.

## Oviedo

### Personals

By MARIAN R. JONES

Gil, Forest, Wes and Jody Michael, children of Mr. and Mrs. Jimmy Michael, enjoyed a recent visit with their grandparents, Mr. and Mrs. F. F. Slout.

Oviedoans are welcoming back Mr. and Mrs. A. J. Reynolds, as they have been away since early summer. They spent the time with their children and other relatives and friends at Warren, Pa., and other points in the area.

MARTHA WAYNE

THE PHANTOM

Dear Abby:

By Abigail Van Buren

DEAR ABBY: The other day my husband said, "There is nothing wrong with taking a nice girl out for dinner!" This remark was made during an argument we had over his taking his secretary out because he wanted to do "something nice" for her. She receives a good salary and a Christmas bonus check, which I think is enough, don't you? He has also bought her (and her child) birthday gifts. I am not narrowminded, but I don't think all these "extras" are necessary. Am I wrong?? JUST HIS WIFE

DEAR JUST: You husband's idea is becoming more commonplace. No good has ever come from it. The time to nip such fringe benefits in the bud is NOW!

DEAR ABBY: What do you do when a fellow asks you to dance and instead of concentrating on his dancing, he carries on a running conversation with you? This happens to me a lot with fellows who ask me to dance just to get acquainted. I like to dance, but I can't dance very well while someone is talking to me. Would it be rude to tell the boy that, since he asked me to dance, we should dance? Or should I tell him, if he wants to talk, we should sit down. LIKES TO DANCE

DEAR LIKES: Its a compliment to be asked to "dance" as a way to "get acquainted." If you step on his toes occasionally, he won't mind. Just put your best foot forward while you get to know one another better.

DEAR ABBY: Tonight my mother went to an 8:00 p. m. meeting, and my father was scheduled to bowl with his league at 8:30 p. m. At 8:15 p. m. some friends "dropped in" unexpectedly. My father just stood up at 8:25 p. m. and told them he was sorry but he had to go bowling. I know they were hurt. My father is a school teacher, and should know how to handle situations like these. Did he handle it right? THE SON

DEAR SON: He did. People who "drop in" unexpectedly have no right to expect others to change their plans for them.

CONFIDENTIAL TO M. E.: It doesn't really matter what a woman wears to church—as long as she goes.

What's troubling you?? Write Abby, care of Box 3365, Beverly Hills, Calif. Include self-addressed stamped envelope.

We The Women: By Ruth Millet

Just came across a test that is supposed to show the reader whether or not he has a sense of humor. I didn't bother taking it and I doubt that many readers will, for the simple reason that everyone is sure that HE has a sense of humor. The other quality we all are sure we possess is good taste. All the time you hear people low-rating themselves for lacking this skill or that talent or quality. We will admit to not being able to draw a straight line, to being a poor story teller, to being shy, to being scared to death to make a speech—and so on. All those limitations we can recognize in ourselves—and feel no shame at admitting them to others.

But did you ever hear anyone say, "You know, I am completely lacking in a sense of humor"? I bet you never have—just as you have probably never heard anyone say "I simply have no taste." And yet there are plenty of people who lack one or the other of those qualities. Think of all the dull people who never make a funny remark, never see the funny side of a situation, never are able to laugh at themselves. Yet all these humorless people are convinced they do have a sense of humor. And think of all the people who spend good money for things that are in atrocious taste—who love the ugly rather than the beautiful, who was given a choice be-

tween something beautiful in its simplicity or something gunked up until it is an eyeroller will choose the fancied-up thing every time. Still these people never question their own taste. They KNOW their taste is good. But maybe that's all right. With all the doubts we have about ourselves maybe it is a good thing that we all KNOW we have two things—good taste and a sense of humor.

A sense of humor isn't essential to benefit from reading "Happier Wives (hints for husbands)." Just send 26 cents to Ruth Millet Service, c/o The Sanford Herald, P. O. Box 489, Dept. A, Radio City Station, New York 19, N. Y.

Jacoby On Bridge By Oswald Jacoby

A rubber bridge player would see no problem at all with today's hand. He would win the opening club lead, study the hand a second to decide about the queen of trumps, play a trump, note the make of the queen and eventually make his contract and win the rubber. The duplicate player would have one of those duplicate player's problems. His contract would be safe, but how about overtricks? Should he try for six or take the best play for five? In the team game, one South tried for six. He drew trumps stopping in his own hand, led a diamond and fished the jack.

Bridge hand diagram showing North, South, West, and East cards.

The finesse lost and the defense promptly cashed two spade tricks to hold him to four. The other South abandoned the play for six in order to make the best play for five odd. After drawing trumps he led a spade toward dummy and put in the nine spot. This forced the ace. Later on the jack forced West's king and he was able to discard dummy's third diamond on the queen of spades. The man who tried for six had taken a poor percentage play. He could only make six if diamonds broke very favorably and should have gone after five in the conservative manner.

Highlights

7:30-8:30 p.m. NBC. "JFK Report." — Documentary special evaluation of Kennedy administration by eight NBC staff correspondents. Featured will be interviews with top legislators and Adlai Stevenson. Film clips from "The Great Debate," The Inaugural Address, and State of the Union message will also be shown. Anchor man is Edwin Newman.

TV Key Previews

7:30-8:30 p.m. CBS. Summer Sports Spectacular — "The Circus Goes to College." A performance by undergraduates of Florida State University, staging their own circus. Sportscaster Bud Palmer is host.

7:30-8 p.m. ABC. Adventures of Ozzie and Harriet — "The Dancing Lessons." Premiere. New day and time slot for this ever-popular series. Amusing episode in which Ozzie learns to Cha Cha and Rock 'N' Roll. Although the situations vary, the family, of course, is unchangeable; the Nelsons, with Ozzie, Harriet and sons David and Rick.

8:30-9:30 p.m. NBC. Dr. Kildare — "Twenty-Four Hours." Premiere. Richard Chamberlain plays earnest young intern, Dr. Kildare; Raymond Massey is wise, experienced Dr. Gillespie. Hospital atmosphere seems authentic, but the license is more dramatic than medical. Dr. Kildare, eager for

Opera Club Sets Rehearsal

By MRS. ADAM MULLER "Tannhauser," by Wagner, has been selected as the opening performance of the DeBary Opera Club for the new season and will be held in the DeBary Community Methodist Church Social Hall at 3 p. m. on Oct. 18. Rehearsals for the "Pilgrim's Chorus" have been called for 9:30 a. m. Saturday at the home of Mrs. Charles Bertsch. Mrs. Louis St. Amand has asked that anyone having the story of Victor Herbert's "Red Mill," first produced on Broadway around 1906, contact her at her home on DeBary Ave. or by mail at P.O. Box 117, Enterprise. She suggests that program collectors may have the desired material which the group plans to present as a benefit performance for the Civic-Community Center in DeBary on November 28. All performances by the Club are open to the public.

# Chuluota Legion Elects Pentz

## Elects Pentz

By CAROL JEPSON  
Ray Pentz was elected Commander of the George M. Jacobs Memorial Post 225, Chuluota American Legion, to fill the vacancy created by the resignation of George Packard, at a regular meeting of the Post last Wednesday.

Harold McBride fills the office of First Vice Commander. In other business of the meeting, Pentz reported that a deed to land where the new Post home will be erected should arrive within a short time and that he would assist in making the survey of the land.

Members voted to send "thank you" notes to all women who helped with the Legion Barbecue on Labor Day and appointed M. Mello, G. Boulden and McBride as a committee to audit the finance officer's book at the next meeting.

New members accepted into the organization were Mr. Allen and Mr. McCullough.

# Pentagon Censorship Of Military Speeches Contradictory At Times

## By RAY CROWLEY

Washington (NEA) — When the Senate Armed Services Committee starts investigating Pentagon censorship of officers, it will find the military reviewers have done some baffling things with their blue pencils.

There is the case, for example, of the officer who wrote a technical speech in May, 1961. One sentence originally read: "The X-15 is the 'Man of War' of the stable of research aircraft today."

The Pentagon reviewer crossed out the phrase "Man of War" and wrote:

"Let us use another word—Zev, Gallant Fox, etc., but not this one."

The 15 reviewers operating under Assistant Secretary of Defense Arthur Sylvester concern themselves primarily with security. Most of the changes made in the 1,500 articles and speeches reviewed over the last eight months were aimed at preventing secret material from being revealed unintentionally.

But chief reviewer Joseph R. Edgerton and his staff also concern themselves with policy. That presumably was the reason for objecting to Man of War.

These men have been told to make certain that military speakers and writers say nothing con-

tradictory to Kennedy administration policy. When foreign affairs are concerned, a group of State Department reviewers under Assistant Secretary of State Roger Tubby sometimes do some of the final penicillin.

Defense Secretary Robert S. McNamara says the reviewers have been influenced by the international situation at the time of each review. This may be one explanation for the seeming inconsistency of the censors. For example, one reviewer deleted the following sentence:

"The Communists, however, are not going to abandon their relentless drive toward world empire—even though they dare not risk the inevitable retaliation that a nuclear war would bring to them."

He substituted the following: "Potential aggressors, however, cannot be expected to surrender their objectives without a struggle."

Yet in a speech by Gen. Lyman Lemnitzer, chairman of the Joint Chiefs of Staff, no change was made in the sentence:

"The military assistance program is a reflection of the basic fact, the reflection of the global nature of the Communist threat on a worldwide basis."

Another phrase crossed out of a speech was: "The Soviets have not relented in the slightest in their determination to dominate the world and to destroy our way of life."

But Lt. Gen. Arthur Trudeau referred in a speech—without apparent challenge by a reviewer—to "the challenge of godless communism, a most vicious challenge, a cancer which seeks to agonize and destroy life, liberty and the pursuit of happiness."

Other phrases struck out have included "insidious ideology of world communism," "Soviet infiltration extending through the far corners of the globe," and "the steady advance of communism."

Yet in one speech by Adm. Arleigh Burke—who often had a rough time with the reviewers before his retirement—the reviewer left in the phrase "the insidious cancer of communism inched down

the peninsula of Southeast Asia."

Sometimes several reviewers have read one speech. Sometimes they have disagreed on what should be said. When this has happened, in some cases at least, the reviewers have solved their differences by eliminating everything they disagreed about.

On occasion this practice has made speeches difficult to understand.

Here are further examples of how the reviewers have wielded their blue pencils.

—A sentence reading "Somerset pounded his shoe on the table in a recent UN meeting" was deleted with no reason given.

—The phrase "the enemy" was changed to "potential aggressor."

—The phrase "both the Communists and ourselves recognize" was changed to "it is generally recognized."

—The phrase "Sino-Soviet bloc" has been eliminated in some speeches while in other "Communist-bloc" has been eliminated and "Sino-Soviet bloc" substituted.

# Goulart's Speeches Show He Can Be Political Chameleon

## By FANN JEWSON

UPI Foreign News Analyst  
Joao Belchior Goulart, the man over whom Brazil's presidential canterbury rages, wears a political coat of many colors.

He has made speeches extolling the undying friendship between Brazil and the United States.

Yet less than two weeks ago during a visit to Red China, he heard the mayor of Shanghai assail United States "imperialism" as the common enemy of Brazil and Red China, and replied:

"Our views and those of the Brazilian government and people are in complete unanimity with the outstanding mayor."

He praised Red China's Mao Tse-tung for his "immense contributions to mankind's emancipation and civilization and to the people of the world."

Although an immensely wealthy rancher, known in Rio's smart night clubs and possession of a showplace home in Rio, he seeks to create the image of himself as a country boy.

He once said "there is no room for communism in Brazil," but he has accepted Communist political support and has been accused of coddling Reds in the labor unions from which he draws his chief support.

Shortly before leaving for a visit to the United States, he said: "We are against the Communists and we fight them. But to fight them effectively we have to give more to the people than the Communists promise."

It was he who in 1953 blocked an attempt to prevent Kubitschek from taking the office he had won in free elections. Prominently aligned also with Kubitschek in that fight was then War Minister Henrique Teixeira Lott.

Now both Lott, who is under arrest, and Kubitschek have declared themselves for Goulart's legal succession, in opposition to Denys.

### HERE NOW - 1962 FORDS

The 1962 Galaxie by Ford... a new standard of automotive quality. It's silent as a secret, swift as a rumor. And it's beautifully built to be more service-free. Routine service is reduced to a minimum—30,000 miles on many items, 6,000 miles on the rest. Galaxie and Galaxie 500... cars with Thunderbird elegance... Thunderbird power!

The 1962 Ford Falcon... more from the car America loves most. Now there are 12 wonderful Falcon models, including the brand-new Falcon Deluxe Club Wagon (offers twice the cargo room of big wagons). You get top economy along with this big, new choice of models, too... with an improved version of the famous Falcon Six.

The all-new Falcon Squire... only compact wagon of its kind! With its smart wood-grain trim, the Falcon Squire brings new sophistication to the compact field. The Squire also gives you foam-padded seat cushions front and rear... a counter-balanced tailgate with an electrically operated rear window... and the longest loadspace of any compact wagon.

# Hammaraskold Nears End Of Last Journey

STOCKHOLM (UPI) — Dag Hammaraskold, who lost his life in a plane crash in his tireless quest for world peace, neared the end of a long journey home today.

A saddened nation prepared to honor him in a manner usually reserved for royalty.

The body of the United Nations secretary general arrived in Malmö this morning aboard a chartered airliner from Africa. The bodies of the five-man Swedish crew of the plane that crashed in the Congo were taken off the airliner which then headed here.

Swedes from all walks of life will pay tribute to the man who

died while trying to bring peace to the Congo when he is laid to rest Friday in his hometown of Uppsala.

Never in modern history has any native son—except for kings and princes—been so honored in Sweden.

But mixed with the sorrow manifested by thousands of blue and gold flags flying throughout the country at half-mast was the belief held by many Swedes that the plane that carried Hammaraskold to his death did not crash but was shot down.

Not until the final verdict is given after the official investigation in Northern Rhodesia ends—perhaps not even then—will this suspicion be laid to rest.

The Stockholm morning newspaper Dagens Nyheter claimed today that a post-mortem examination of two of the Swedish UN soldiers who were killed in the crash showed bullet wounds in the bodies.

The newspaper also said in a dispatch from Ndola, Northern Rhodesia, that holes which might be bullet holes have been found in pieces of plane wreckage.

Dagens Nyheter said these holes are now being examined by ballistic experts. The newspaper did not give any source for its report.

### NO SMOKING

BEVERLY, Mass. (UPI) — "No person shall smoke any pipe or cigar in any of the streets or lanes in the town after sunset and every person offending against this order shall forfeit and pay the sum of \$3."

That law, adopted at Beverly's town meeting in 1905, remained on the books for 49 years before being repealed.

## Business Briefs

W. E. Stephens, former shop superintendent at the Carpenter Fringing Co., Indianapolis, Ind., is the desk-owner of the new Western Auto Store in the Fern Plaza (Hwy 17-95 at SR 436).

Stephens came to Central Florida like thousands of other people from Northern states, attracted by the climate and pleasant living conditions. Though he had originally intended to return to his trade of printing, the tremendous growth and future potential of the area influenced him to get into retail business instead.

The Stephens have four children and live in their newly built home in Alhambra Springs.

A grand opening of the new Fern Park Western Auto Store is planned for the near future. In the meantime, the store is open for business from 9 'til 5 daily and until 8 p. m. on Fridays.

A PORTION OF THE DISPLAY of Latin American souvenirs, which are arrayed in two showcases at Seminole High School is seen here. In the background is an Argentine poncho, and on the center shelf are, left, a Quito Indian doll, three figures carved from orange wood and an Ecuadorian doll. On the bottom shelf are a hand-carved plaque; a leather, hand-carved box and a miniature rubber tree made of raw rubber. At the extreme bottom of the picture, you may be able to distinguish the tiny teacups and saucers, teapot and accompanying vessels, each one carved from a tiny tague nut. All these items are gifts to the school from the parents of Barbara Watson. (Herald Photo)

# Latin-American Display Shows 'Craftsmanship' Of Artisans

Attracting the attention of students each day in the display case in the library at Seminole High School, and the one in the hall in front of the library.

Under the direction of Mrs. Esther Williams, Spanish instructor, the current display has been planned by members of the Spanish classes, with curios from several Latin American countries.

The glass-topped display case inside the library contains a number of unusual souvenirs sent this summer from Argentina by Susan Tallman, a former student.

These items include: a miniature native drum like those used by the Incas; an Indian flute; a package of yerba mate, (a native beverage similar to tea); a mate cup with its own straw; a small poncho; native leather sandals; a gray lace mantilla, some silver coins; a package of white chocolate; a copy of an epic poem by Martin Fiano; several maps and travel folders.

In the wall display case in the hall are curios from Ecuador, Brazil and Peru.

These were donated by the parents of Barbara Watson. They include: a native poncho and hat; a wooden serving tray decorated with butterfly wings; cloth dolls and Indian dolls from Ecuador; a tea set and a trinket made of teague nut; a model of a rubber tree; a hand-carved plaque; a native girl's costume; and an Ecuadorian wooden flute.

The librarian, Mrs. Mary Rogers plans to initiate the custom of

using these display cases for similar exhibits by other departments of the school to call attention to interesting phases of class study.

# Women Organize New Garden Club In South Seminole

By BETTIE SMITH

The newly organized South Seminole Garden Club, which held its first meeting at the recreational building of the Sandlands Trailer Park, named its officers and committee chairmen and voted to apply for membership in the Florida Federation.

Electing officers for the new club are Mrs. E. P. Richards, president; Mrs. R. C. Newcomer, vice president; Mrs. C. M. Nichols, secretary; Miss Ella G. Cummings, treasurer and Mrs. Henry Stensel, recording secretary.

Committee chairmen include Mrs. George Otto, Mrs. Bea Hamsley and Mrs. A. A. Putnam, by-law; Mrs. Virgil Curry and Mrs. Ella Cummings, horticulture; Mrs. A. A. Putnam, devotionals; Mrs. F. M. Haynes and Mrs. Newcomer, program and Mrs. Nichols, publicity.

Meetings were set for the third Monday of each month at 1:30 p. m.

According to legend, Oxford University was founded by King Alfred. There are notices of continental scholar lecturing at Oxford as early as 1117.

# Another Ideal Marriage Ends

HOLLYWOOD (UPI) — Legal representatives of singer Rosemary Clooney confirmed today she plans to file for divorce from Jose Ferrer, her husband for eight years, and end another of Hollywood's "ideal" marriages.

Miss Clooney, 31, was reported to have told friends she had not been getting along with director-actor-producer Ferrer "for a long time."

"This is final," she was reported to have said to the friends. The Ferrers have five children and have long been considered one of the entertainment world's happiest couples. Several other apparently ideal Hollywood marriages have gone on the rocks in recent years, including Robert Wagner and Natalie Wood, Glenn Ford and Eleanor Powell and Eddie Fisher and Debbie Reynolds.

A representative of Miss Clooney's legal counsel said, "You would not be wrong in saying she will file for divorce pretty darn quick." He indicated the action probably would be today in Santa Monica Superior Court.

Ferrer, 49, directing the movie "State Fair" in Dallas, Tex., refused to comment and Miss Clooney was not available to comment.

It is her first marriage and Ferrer's third. He previously was wed to Uta Hagen and Phyllis Hill.

One TV network biography said the Ferrers were "one of Hollywood's most devoted couples." In a 1959 interview, Rosemary expressed her love for lots of children.

## TOMORROW

# A New World of Worth from Chevrolet for '62!

'62 Impala Sport Coupe—with a roof line that looks like a convertible's

## '62 CHEVROLET Rich new styling with Jet-smooth ride!

Here's everything a car fancier could want. Fresh-minded style that comes to a climax in the sportiest sport coupe you've seen yet. A road-petaling Jet-smooth ride. A new choice of V8 skedaddle. Rich Body by Fisher interiors. Beauty that's specially built to stay beautiful. Here in '62 is more than ever to please you from the make that pleases most people.

It's like owning an expensive car without the expense. Check it over from its clean-thrusting prow to its rakish rear deck. Look inside the deep-well trunk. Then—head for the open highway. That sittin'-on-satin feeling you get in Chevrolet's famous Jet-smooth ride at work—with a pliant Full Coil spring cushioning at each wheel. The standard six and V8 are triggered to do special things on regular gas, and for real hair-trigger reflexes you have a choice of four optional-at-extra-cost V8's with out-

put all the way up to 409 hp. ■ Hard-working helpers (like the new steel front fender underskirts that guard against corrosion) give this '62 its built-for-keeps beauty. Even the heater and defroster come as standard equipment this year. This is the kind of car that will make you feel luxurious all over, and your Chevrolet dealer will be only too happy to show you how easy it is to have one of your own.

Corvair Monza Club Coupe

### THE '62 CORVAIR MONZA

Meet the car that puts sport in the driver's seat! Bigger new brakes and Corvair's renowned rear-engine traction offer just about the surest footed going on the road. A new Monza Station Wagon makes its debut. And all models sport freshly tailored upholstery inside matched by sassy new styling accents outside.

This firm-dandy's got the stuff that drivers dot on. ■ Backstage you have a standard aluminum air-cooled engine that turns up 80 hp. (or if you like more razzmatazz, one that uncorks 102 hp\*). ■ Sure enough, there's independent suspension on all four wheels to keep the ride as amiable as ever. Inside, you'll find a heater and defroster, cigarette lighter, dual sunshades, front-door armrests and automatic choke as standard equipment on most models. ■ There are lots of reasons for liking what's new—and tried and true—in the '62 Corvair. And your dealer's eager to tick 'em off for you.

\*Optional at extra cost.

Chevy II 4-Door Sedan

### HERE'S THE NEW CHEVY II

Here's modern basic transportation in a totally new line of cars with all the solid, time-tested Chevrolet virtues—plus some surprises you've never seen on any car before. A full line of saucy new-size models. Thrifty? Choice of a frugal 4- or spunky 6-cylinder engine (in most models). Roomy? Sedans seat six solid citizens. Price? A real pleasant surprise!

This plucky new Chevy II comes about as close as a car can to perpetual motion. ■ All nine models (station wagons, a hardtop, even a convertible will soon be available in the lineup) are designed to save you money and service. Major front-end sections, including fenders, bolt on for easy replacement in case of damage. The heater and defroster are yours as standard equipment. Tough—but ever-so-gentle—Moco-Plate rear springs eliminate the friction of old-fashioned multi-leaf springs. ■ And, maneuverable and assembly sized as this Chevy II is, it gives you the kind of room that'll make many a "big" car wonder how it's done.

See the '62 Chevrolets, the new Chevy II's and '62 Corvairs at your local authorized Chevrolet dealer's

## Chuluota Legion Clears Ground

By CAROL JEPSON  
Members of Chuluota American Legion George M. Jacobs Memorial Post 225 began clearing land Saturday for their new Post Home.

## Shriners Announce Picnic Plans

By MRS. ADAM MULLER  
All Shriners and their families have been invited to attend the Bahia Shrine Picnic to be held at Ponce DeLeon Springs Oct. 7.

CATHOLIC YOUTH CLUB teenagers of the Altamonte Springs St. Mary-Magdalen Church elected officers and committee chairmen at their weekly 7:30 p. m. meeting Sunday. Officers, top photo, are Pat Guillemoprieto, secretary; Don McCormick, president; Herb Smith, vice president and Susan Dunn, treasurer. Committee Chairmen, bottom photo, are Franny Muletta, social events; Mary Ann O'Connor, refreshments; Judy Kacar, welfare and Patsy Bunch, Christmas cards and religious articles. Standing are Jeff Rodigan, needy and poor, and Fr. Hubert J. Reardon, advisor, who is picture with both groups. (Herald Photos)

## Suttons Win Garden Of Month Award

By MONA GRINSTEAD  
This month's North Orlando Garden of the Month Award went to Mr. and Mrs. Jack Sutton whose civic spirit and work add much to the village and whose home at 21 N. Third St. is an attractive asset to the entire community.

ter behaved, Ann says, quipping that "you might report that, thanks to Rowdy, there appears in our garden 'an attractive hole' between every other plant or bush."

In the landscaping, they have used viburnum to form an "L" hedge in front of their house and carport. Attractively spaced in the carpet-like St. Augustine front lawn are Chinese elm, magnolia and silk trees and elephant ears,

## DeBarry CD Committee Sets First Aid Classes

By MRS. ADAM MULLER  
DeBarry residents interested in attending First Aid Training Classes have been notified by the DeBarry Civil Defense Medical Committee that registration is being made at the offices of Dr. George Frison on Hwy. 17-92.

## Retired Persons' DeBarry Chapter Granted Charter

By MRS. ADAM MULLER  
Organizers of the DeBarry Chapter of the American Assn. of Retired Persons announced this week that their charter has been received from the national organization and that the DeBarry group now is in the process of being incorporated as a non-profit corporation.

## OES Chapter To Open Season

## DeBarry Wayfarers To Meet Monday

DeBarry Wayfarers will meet at the Community Center at 12:15 p. m. Monday for luncheon to be followed by a business session.

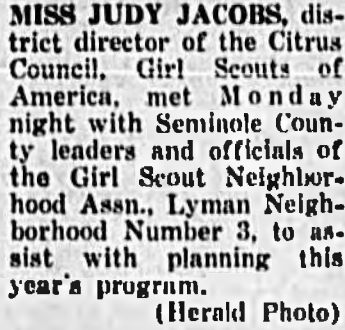

## EDITORIAL COMMENT

### What Happened?

One of the fastest growing areas in south Seminole County is the Bear Lake area. A good sign of growth there was the recent action by the county redistricting committee which established a new voting precinct for the residents.

## South Seminole To Have Delegates At DWC Convention

The South Seminole Democratic Women's Club will be represented at the State Convention slated for next weekend at the Jack Tar Hotel in Clearwater by its president, Mrs. Hope Bennett and Mrs. Lucille Mullaney, delegate.

## Girl Scout Leaders Set Year's Work

By JANE CASSELBERRY  
The Girl Scout Neighborhood Assn. of Lyman Neighborhood Number 3 met Monday night at the home of its chairman, Mrs. Frank Russell, on Lake Howell Rd.

## Child Recovering From Eye Injury

Duncan Grinstead, five-year-old son of Mr. and Mrs. J. D. Grinstead of North Orlando, is recovering satisfactorily from a serious eye injury received at play early last week.

## Chuluota Carnival Plans Announced

By CAROL JEPSON  
Ray Pentz and Gene Runyon, chairman of Chuluota's annual Halloween Carnival, have announced the completed plans for the event.

## Bazaar Committee Adds Chairmen

By MRS. ADAM MULLER  
A number of additional appointments for work with the DeBarry St. Ann Catholic Church Bazaar Committee were made at a recent meeting of the group held in the DeBarry Restaurant.

TRULY AN OUTDOOR CARPET, the lovely lawn planted in St. Augustine grass at the Jack Sutton home, 21 N. Third St., North Orlando, was one of the major factors considered by Garden Club judges before presenting the couple with their Garden of the Month award. (Herald Photo)

# Lake Monroe Jottings

**Mrs. E. L. JOHNSON**  
 Hello. My this has been the shortest week. Add I know where the time has gone too. Certainly has been a busy one for me. Guess it's getting old. . . . Our sympathy goes out to Mr. J. H. Nichols on the passing of his wife. Any time you would pass Monroe Corner you would find her in her flower garden. I know that she had the sweetest cadidams in this town. With her green thumb any thing she put in the ground would grow. She will be really missed by everyone who knew her. . . . Congratulations to Ted Jackson and his new bride. They are residing in the cottage at Monroe Corner. . . . The many, many friends of Mrs. Clover Marrs will be glad to hear that she is at the home of her son, Hobby, in Apopka. After this week she may have visitors. We wish for her a speedy recovery. Her dog Ponto still stays here in our yard watching her to come home. . . . The high school football team "does it again." This is the kind of playing you enjoy going to see. They beat Edgewater 7 to 0. Grace Edwards and I took the band to the game. Their performance at the halftime was certainly wonderful. Mr. Cowley has 97 in the band this year. That is grand. A Monroe boy is the drum major this year. He is Charles Rabun and he is making a wonderful leader. On Saturday I took the band to Casseberry where they played for the dedication of the new post office. . . . Riley Poff, who has been spending the summer in Beanoke, Va., has returned to make his home with his brother and sister-in-law, Mr. and Mrs. George Poff. . . . Rena Hawkins has been called to Niceville because of the critical illness of her father, Mr. W. B. Reddick. Mr. and Mrs. Reddick have visited Monroe quite often. Claude and Ed are batching it while she is gone. We wish Mr. Reddick a speedy recovery. . . . More and more farmers are planting Gladiolus now. I see several more fields of them further out First street. . . . Tommy Carroll is having to miss school because of an infected chin, which has required lancing and a drainage tube inserted. Don't you know that is very painful. . . . Na-

than Stripling came in last week and from his northern job to visit his family for a few days. Daughter Ann said she was sure glad to see him. . . . Ann Lee is back in school after her bout with strep throat. . . . Had a call from Phil Boyd. He told me he had auditioned for "StarTime," a program on WLOP TV. This program is on on Saturday evening at 7:30 and Phil will be on it in about two weeks. So watch for him. He is also scheduled for an interview on the WESH TV show "FOCUS" shortly too. Isn't that grand. . . . Some of our Home Demonstration Club members had a very enjoyable evening last Thursday at Olga Hunsers little workshop. These get-togethers once a month are certainly rewarding because you learn so much toward making gifts and different things out of our natural resources, and discarded things. . . . Did not get to see Louise Thompson in time this week to see how her Brownie group did at their first get-together. The Girl Scout troop is meeting on Friday afternoons at the Upsala Presbyterian Church. Jane Fletcher is their leader. . . . If you have a favorite thought or quote that you would like to share with others you can send it to me in care of Judy Wells, County Editor, Sanford Herald, and I will be glad to put it in my column. Now do you like this one?

### TAKE TIME

THE GALAXIE 500 CLUB VICTORIA for 1962 is shown here by Gary Hudgins, assistant general manager of Strickland-Morrison Motor Co. Changes in the back deck styling and in the interior decorations are featured this year. An outstanding feature is the 6,000 miles oil change, the 30,000 mile chassis lubrication and 30,000 mile wheel lubrication. (Herald Photo)

## Valley Teen Club To Visit Camp

Seventy-five members of the church for recreational purposes to provide an outlet for excess energy. Officers, other than Hall, include Joan Meister, vice president; Carol Culpepper, secretary-treasurer; Lewis Henderahot, pastor and James Pogue, sergeant at arms.

Steve Hall, president of the club, said today that the group plans a canoe trip from the camp to the Santa Fe River and that it also will conduct regular worship services in addition to numerous other activities over the weekend. The club was organized by young men and women of the

## Undergoes X-Rays

VICTORIA, B. C. (UPI) — Dickie Moore, high scoring left winger of the Montreal Canadiens, will undergo X-rays today to determine the seriousness of his injured left knee. He aggravated an old injury last Saturday in training.

# Red Testing Poses Nuclear War Fears

**EDITORS NOTE:** Following is an analysis in depth of the meaning of Russia's intention to test huge bombs, written by UPI space and nuclear energy writer Joseph L. Myler, who has been covering these fields since the first Postwar A-bomb test at Bikini.

By JOSEPH L. MYLER  
 United Press International  
 WASHINGTON (UPI) — Soviet Russia has confronted the free world with the threat of thermonuclear devastation launched from space.

That is implicit in Russia's announcement that it will resume testing to develop "superpowerful nuclear bombs" equal in violence to 20, 30, 50, and 100 million tons (megatons) of TNT.

Such weapons, the announcement said, could be delivered anywhere in the world by rockets like those which put Yuri Gagarin and Gherman Titov into orbit around the earth.

U.S. atomic officials take the threat seriously. They believe this country also should resume testing to perfect promising new weapons with which to hold the Russians at bay.

The Russian decision ends a 34-month unpoliced moratorium on nuclear testing which this country, at least, has scrupulously honored.

Many officials, among them Atomic Energy Commissioner Robert E. Wilson and Sen. Stuart Symington, (D-Mo.), believe the Russians have cheated with secret underground tests. This, however, cannot be proved.

Whether or not Russia has been staging underground tests,

it is obvious that the new explosions will have to be detonated on the surface, in the atmosphere, or perhaps in space. They will be too big to be contained underground.

The White House, noting this fact, said the Soviet decision "presents a hazard to every human being throughout the world by increasing the dangers of nuclear fall out." It also constitutes a "threat to the entire world," the White House said, "by increasing the danger of a thermonuclear holocaust."

Why the Russians should be thinking of a 100-megaton weapon, except perhaps as a terror device, puzzles American nuclear experts. Russia has a two-to-one edge on the United States at the moment in rocket weight-lifting ability. It is natural that she should want to

But 100 megatons is just too much bomb if all you want to do is destroy an enemy's cities. As Commissioner Wilson has pointed out, it would "over kill." One 20-megaton bomb could destroy a metropolis.

The answer may lie in the U.S. program to install "hardened" missile-launching bases. Soviet missiles now can hurt up to eight megatons of destruction at an enemy. But missile accuracy being what it is, it might take as many as 1,000 rockets to knock out a couple of hundred American missile bases.

If through some unsuspected breakthrough, the Russians should become able to pack 100 megatons of power in their rocket warheads, they could assign far fewer rockets to the "first strike" mission

of knocking out U. S. launching sites.

The 100-megaton warhead also might be useful as a blackmail and terror weapon in orbiting space platforms capable of launching H-bombs at earth targets on radio command. Sen. John Stennis, (D-Miss.), has said Soviet space shots, including Titov's 17-orbit trip, show Russia can "launch missiles from orbiting space platforms to destroy earth targets."

Ten 100-megaton warheads, exploded simultaneously at an altitude of 300 miles could scorch half a dozen American states.

This country has all the big bombs weapons it needs. What it would like to test is so-called third generation weapons for restricted battlefield uses.

One of these is the neutron bomb, a small H-bomb that would kill soldiers with radiation without destroying buildings or other structures. Experts differ on whether the neutron bomb would be worthwhile. They are more dubious about the 100-megaton bomb planned by Russia.

By talking in terms of huge bombs, Russia blasted hope of achieving an East-West test ban which the White House said would have been a "major breakthrough" in the search for an end to the arms race and could have kept additional countries from making weapons.

The nuclear nations now number four — Russia, Britain, France, and the United States. U. S. experts say Red China could make a bomb in a couple of years and a dozen other countries could join the club in the mid-1960s.

# The Ford in your future will be here tomorrow!

Starting tomorrow at your Ford Dealer's, you will discover a line of Fords so long, so new, so varied that everyone will find his personal Ford — the car that fits his pleasure and needs as precisely as though it had been made to measure. For those who want a true luxury car, there are two distinguished new series of Galaxies — both swift as a rumor, silent as a secret. With Thunderbird styling, Thunderbird power, and quality that sets a new industry standard, the 1962 Galaxies give you every essential feature of far costlier fine cars. If you are looking for economy without compromise, look to America's favorite compact: this year there are more Falcons than ever to choose from — 13 in all. Wagon fanciers will find unprecedented variety — from a new wagon that seats eight to a Falcon Squire Wagon with the rich woodlike finish of the famous Country Squire. Pick the Ford in your future with this confidence: every 1962 Ford is built to a standard of quality so high that it will change all your ideas of how fine, how quiet, how enduring a car can be.

GALAXIE 500 CLUB VICTORIA (foreground)... GALAXIE TOWN SEDAN (background)... The Galaxie 500 — new in name, new in luxury — is for those who want all of the elegant extras. The Galaxie makes it easier than ever to move up to fine-car luxury — at the low Ford price. All Galaxies are beautifully built to be more service-free. They go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications. Brakes adjust themselves automatically. Special zinc coating protects vital body parts against rust and corrosion.

FALCON SQUIRE WAGON... Brand new for '62, it's sleek, sophisticated... and the only compact wagon of its kind. Inside, it is available with Futura bucket seats and a handy console! Outside, it has steel slide paneling with elegant woodlike finish.

FALCON FORDOR SEDAN... Just one of 13 Falcons for 1962, this 4-door sedan has an improved version of the Falcon Six engine that last spring recorded the best gas mileage for a Six or Eight in the 25-year history of the Mobilgas Economy Run. Falcon's low price for '62 makes it America's best compact value!

# Christmas Lights To Brighten Shoppers Way

If the Christmas lights are turned on, can cooler weather be far behind?  
Certainly Friday night shoppers will not be far behind, for there are lots of reasons for heading for downtown Sanford tonight.  
Good bargains, special sales, and plenty of exciting new fall merchandise will make a busy evening, as music fills the air and the brightly colored lights sparkle overhead. Shoppers will be busily collecting tickets, too for the big \$100 drawing to be held at the usual corner and four lucky persons will receive gift certificates to spend just like cash.  
Merchants are urging the use of lay-aways of fall merchandise and inviting customers to take advantage of their charge accounts, to facilitate filling future needs and gift-buying.

By LARRY VERSHEL

## Nasser Paratroops Reported Smashed

DAMASCUS, Syria (UPI) — The Syrian revolutionary command said today its forces "wiped out" a 200-man Egyptian paratroop unit dropped in the Latakia port area.

Almost simultaneously, Damascus Radio announced formation of an 11-man civilian government that would rule independent Syria by decree until "free elections" produced a "legislative assembly."

## Sixth Fleet Plans Visit To Troubled Area

ROME (UPI)—A large contingent of the U. S. Sixth Fleet is preparing to move into the eastern Mediterranean for a "long-planned" visit to Lebanon, American naval sources said today.

The units are expected off Beirut on Tuesday and will remain through Oct. 8, the sources said. It was stressed that the visit had nothing to do with the Syrian revolt and that the visit had been "long planned."

There was a possibility, one source said, that the visit may be cancelled in view of the Syrian uprising. Syria is just north of Lebanon.

The Syrian port of Latakia on the Mediterranean, was reported to be the scene of a battle today between Egyptian paratroopers and Syrian rebel forces.

The office of the U. S. Naval Attache in Rome said that Sixth Fleet units scheduled to visit Lebanon include an aircraft carrier, a submarine and a number of cruisers.

## Robber Beats Up Deputy

POLK CITY (UPI)—A convicted robber beat up a deputy and escaped from custody Thursday night, but was fatally wounded in a gun battle with two other deputies today.

Azel D. Davis, 36, died this morning at a Lakeland hospital. The Osceola County Sheriff's Office said Davis was serving a six month to 10 year sentence at the Kissimmee Road Camp, for an armed robbery at Clearwater in 1959, when he escaped from the camp Wednesday.

He was recaptured by the Highway Patrol at Callahan near Jacksonville Thursday. Osceola County Deputy David Murphy was returning him from Jacksonville to Kissimmee Thursday night when Davis escaped again.

## Rail Rate Cuts Are Recommended

WASHINGTON (UPI)—An Interstate Commerce Commission (ICC) hearing examiner today recommended reductions ranging from five to 15 per cent in maximum authorized railroad rates for grain shipped to the Southeastern states.

ICC Examiner Edward L. Boisseree made the recommendation in a report on the long-pending southern governor's grain rate case.

## Public Puts Big OK On 1962 Model Cars

Automobile dealers of Sanford report very favorable acceptance of the new lines of cars for 1962. A survey of sales offices showed today. Dealers report that there are more people out looking and asking questions and buying than in the past year or so. Some say that the upturn in business generally is reflected in the new car sales.  
Bill Hemphill of Bill Hemphill Motors, Inc., reports that his

I wonder how many City Commissioners realize that the janitor at City Hall makes more money than the chief librarian at the library? A check of the 1961-62 salary schedule shows the janitor's wages at \$3,320 while the head librarian gets \$3,236.

Somebody asked me but I don't know the answer why school authorities send a football team that's working on a tight schedule on a trip with one of the oldest buses. The bus carrying the Jayvees to Leesburg Thursday night broke down this side of Mt. Dora and thanks to a Lake County bus and some fans riding to the ball game, the boys made the stadium.

Look for a special meeting between the County Commission and the mayors of the county within the near future. Seems a joint meeting is in order to stop all this hassle over road programs and discuss mutual problems.

President Gamal Abdel Nasser said today he had cancelled plans for large scale military actions against Syria after provincial garrison commanders there joined the revolt.

The announcement on Damascus Radio gave no details of the fighting. Neither did it mention any Syrian casualties.

The newly announced Syrian transitional government is led by 47-year-old Dr. Mamoun Alkuzbari, a lawyer who was Syrian parliament speaker and who president in the pro-Western government of President Adh Binhabshi in 1953.

In Cairo, up to three hours after news of the Damascus government formation, the Egyptian press still is undecided as to what the next Egyptian move might be.

Both announcements came less than 48 hours after Syrian army officers revolted against the three-and-a-half-year merger of Syria and Egypt in the United Arab Republic.

Thursday, Nasser ordered the Syrian First Army to march on Damascus and crush the revolutionists—who at that time held the radio, the airport and were besieging the local military headquarters.

Late Thursday night, Damascus Radio said the first army had joined the rebels. The radio broadcast a stream of messages from military commanders all over Syria. Aleppo Radio in the north also was transmitting similar announcements.

In repeated manifestos over the Damascus Radio, the "supreme Arab revolutionary command" declared it revolted because of Syria's "poor relation" status in the U. A. R.

## Venus Shot Set For Next Year

WASHINGTON (UPI) — The United States plans to send a 400-pound spacecraft to the vicinity of Venus about the middle of next year.

The National Aeronautics and Space Administration (NASA) announced Thursday night that an Atlas-Agena B rocket would be used in the launching.

## On TV Saturday

Phil Boyd, young Sanford man who rapidly is gaining recognition as a composer and singer of popular and folk songs will be seen by television fans in the Central Florida area at 7 p. m. Saturday when he makes a guest appearance on WLOF-TV for the "Sartime" half-hour.

Fred Yeackle, sales manager of Strickland-Morrison, Inc., said that they have had more people in than is usually the case this early, looking at the new Fords and Falcons.

Manager E. Ferrell of Holler Motor Sales Co. said he hadn't seen as much favorable reaction to the new Chevrolet line in 10 years.

Ben Howland, manager of Seminole County Motors, Inc., said that people like the changes

## Gestapo Tactics Hit At County Home

Two residents of the County Home today accused the Superintendent of the facility of "Gestapo tactics," roughing them up and threatening to throw them out if they talk to the press.

One of the residents who asked that his name be withheld said, "I don't know what they would do to us, if they found you talking to us." He told a Herald reporter this morning that he was roughed up for playing the television set.

One 70-year-old man said that the superintendent threw him on his cut and "tried to beat me up."

He also said he was dragged to his room on one occasion. He held me down and told me "I'd better watch out."

"They tell us if we complain they'll throw us out and won't even let us use the telephone," another said.

"The only way I can speak to anyone is by letter," another said.

"Please don't use our names," one said, "They'll do something to us."

Home superintendent J. P. Beal when questioned by the Herald on the charges, declined any comment.

A Herald reporter and photographer went out to the facility on Hwy. 17-92 this morning to talk to the two men after the paper received a letter from one of them citing the conditions there.

The letter said, in part, that "the citizens of Seminole County should know what is going on here. The present superintendent roughed up three of the elderly men with his hands, threw one down on the floor and dragged him to his room."

When informed of the letter, County Commission Home Custodian James P. Avery promised a full investigation into the matter.

Herald Editor Larry Vershel Talks To Resident Of Home. (Herald Photo)

## Commies Widen 'Death Strip'

BERLIN (UPI)—Communist police marched 3,000 East German workers into fields and garden plots at dawn today to deepen the "death-strip" along the Berlin border.

Men and women were sent to work with pick-axes and shovels to clear out trees, gardening sheds and other obstacles to create a clear field of fire on would-be refugees trying to escape across the border to West Berlin.

A U. S. Army helicopter and military police patrols near the border observed the Communist action, witnesses said.

The "death-strip" operation on the border between the East Berlin district of Treptow and the American sector of Neukoelln was being repeated on a smaller scale at many other places around West Berlin, police reported.

Nevertheless, West Berlin police said, at least eight do-or-die East Berliners managed to cross the border to safety today.

American officials shrugged off a Communist protest against the U. S. army's helicopter-lift of seven refugees over a mile of East German territory from the isolated enclave of Steinstueck to West Berlin.

West Berlin newspapers gave top headlines to U. S. Air Force Secretary Eugene M. Zuckert's pledge Thursday that America is "determined to maintain uncontrolled air access both for military personnel and civilians" to Berlin.

## Reds Ask Panel To Govern UN

UNITED NATIONS, N. Y. (UPI)—Russia today circulated a proposal for a panel of directors to run the United Nations and there were indications it was weakening its demand for veto over its decisions.

The General Assembly was in adjournment out of respect to the late Secretary General Dag Hammarskjold, whose funeral service was being held today in Uppsala, Sweden. The 100-nation world parliament was scheduled to meet again Monday.

It was not certain whether Russia wanted a four-man or a five-man directorate for the United Nations.

The plan still met immediate objections from the United States and other Western powers.

Soviet Ambassador Valerian A. Zorin submitted to some delegations a draft resolution declaring that:

"The General Assembly, on the recommendation of the Security Council, as a temporary measure up till April, 1963, invites Mr. X to organize the work of the secretariat together with Mr. A, Mr. B and Mr. C, his deputies, and believes that these persons will do their utmost to act in common agreement in discharging the functions of the secretariat which have been entrusted to it by the UN Charter."

The subcommittee based its finding on two weeks of public hearings and an exhaustive investigation held last year. The probe uncovered a series of alleged pay-offs from contractors to state personnel working on the interstate highway system.

In its report, the subcommittee confined itself to the relationship between contractors and state personnel and did not delve into the second Florida hearing which dealt with abuses of rights-of-way.

"The subcommittee must find," the report said, "from the evidence before it, that the state itself must bear a full measure of responsibility of unwarranted complacency in the light of all that has been shown that occurred."

## news... BRIEFS

**Opposition Grows**  
PARIS (UPI)—Parliamentary opposition to President Charles de Gaulle mounted today as a result of unprecedented attacks by national figures and continued violence in Algeria.

**New Government**  
NEWARK, N. J. (UPI) — Dr. Carlos Prío Suroz, the last democratically elected president of Cuba Thursday night urged the formation of a Cuban government in exile.

**Quiet Mixing**  
ATLANTA (UPI) — Negroes quietly integrated lunch counters and restaurants in 13 variety and chain stores Thursday to fulfill a seven-month-old desegregation agreement.

**Pays Taxes**  
LONDON (UPI)—Prime Minister Harold Macmillan's son-in-law, Andrew Heath, paid his \$200 in back property and water taxes Thursday after court warrants were issued against him.

**Direct Hit**  
EGGINS AFB, Fla. (UPI) — A Bomarc "H" supersonic missile intercepted a pilotless jet bomber 25,000 feet above the Gulf of Mexico Thursday and destroyed the test target with a direct hit.

**New Pact**  
DETROIT (UPI) — The United Auto Workers and Ford Motor Co. pressed today for a new contract, hoping to clear a few remaining obstacles before the Tuesday strike deadline set by the union Thursday.

**Stiff Penalties**  
WASHINGTON (UPI) — The Civil Aeronautics Board (CAB) has given the nation's airlines authorization to consider stiff penalties against passengers who make reservations but fail to show up for flights.

**Dangerous Shelter**  
SANTA CLARA, Calif. (UPI) — Police Inspector Loren D. Pierce, who also serves as Santa Clara's coordinator of civil defense, sprained an ankle Wednesday when he fell 12 feet into the excavation for a bomb shelter he was building in his backyard.

**Secret Weapon**  
INDIANAPOLIS (UPI) — Gov. Matthew Walsh of Indiana has unveiled a secret weapon in his campaign to shorten state employees' coffee breaks. He ordered the state office building cafeteria closed for two hours in the morning and two hours in the afternoon, and he divided it into areas with 15 minute time limits. Coffee drinkers are asked to leave at the end of the 15-minute time segment.

**Fall Meeting**  
The Seminole County Cattleman's Assn. will hold its annual fall meeting on Oct. 7 at Charles Lee's Ranch near Chulokla starting at 4 p. m.

**Coin Club To Meet**  
The Sanford Coin Club will meet Monday at 7:30 p. m. in the Caucus Room of the Florida State Bank. Meetings of the club are open to the public.

## Navy Puts On 'Beeg Shew'

By DOTTIE HIGGINBOTHAM  
The Navy put on a "frilly beeg shew" for the Chamber of Commerce Clubbers at the Lake Golden recreation park Thursday, as Capt. Robert Slye and his men showed the local folks how the Navy rescues people with their helicopters and how the demolition team does its dangerous and nerve-tingling work.

Cdr. Joe Andrews, operations officer took the mike and described some of the ways that the Navy and other services Air Search and Rescue teams operate.

"We never have, and never will, deny assistance to anyone in distress," said Cdr. Andrews and went on to describe several recent events in which the rescue services of the station were called into quick and expert use, by the various kinds of jams that people get themselves into, all over central Florida.

Then the HUP helicopter, whose engine, Cdr. Andrews said, "was originally designed for a Sherman tank," flew in low over Lake Golden, where a Navy crewman, in bright orange suit was "drifting" in a boat, and had set off flares to signal the plane.

With expert maneuvering the helicopter made several passes with a sling which finally came within reach of the "stranded boater," and when he slipped his arms and shoulders into the rig, quickly hoisted him aboard.

Then the thoughtful helicopter pilot, Lt. Cdr. Harrison Finkel, blew the boat up on the shore, with the prop wash from his rotor blades and dipping the nose of the HUP three times in a courtesy to the audience, flew away with his "rescued" passenger, to the hearty applause of the Coffee Clubbers.

Not to be outdone, Lt. James Bradford, demolition team officer brought up his display of the type of bombs, flares and rockets that might be found around beaches, bombing areas and in the woods and brought home by souvenir hunters.

He also told some spine-chilling stories about "finds" right around Central Florida, which without the expert knowledge of the demolition team men, could have resulted in disaster and tragedy for many people.

Playing a little trick on the audience, Lt. Bradford took a hammer and showed how the unwary souvenir hunter may try to take the cap off a bomb at the same time the demolition officer had an accomplice set off a charge of explosives, cached a safe distance away, which caused a mighty cringe among the "captives" audience, even though they became aware a few minutes before he did it, that he was going to pull some kind of a stunt.

A bomb produces heat of several million degrees and any person close to the explosion cannot survive. A one megaton explosion could kill an unshielded person eight miles from ground zero. A 20-megaton blast could kill a man 20 miles away. It could even cripple and maim persons at much greater distances.

The shock waves from the blast travel about nine times as fast as winds in a major hurricane, or around 900 miles an hour. These waves could kill a person miles away from ground zero. But a person might save his life by lying flat on the ground or in a ditch. Few buildings could withstand these waves if they were within a nine mile radius of the blast.

The heat and shock waves can be detected easily enough, but fallout is something else. It cannot be detected by sight, taste, smell, hearing or touch.

The safest plan is to assume that you are in a fallout area until Civil Defense officials make a check.

The unit of measurement for radiation is the roentgen. A human being can stand between 400 and 600 roentgens of radiation. Say the measurement outside your shelter was 300. That means that your body would absorb 300 roentgens an hour and in two hours or less you would absorb enough to be fatal. More exactly, in two hours you would absorb 600 roentgens minus the radiation decay rate, which is rather fast. If it were not for radiation decay an area of fallout could never become inhabitable again.

## Vote Interference Hit By Secretary

MIAMI (UPI)—Navy Secretary John B. Connally said Thursday neither generals nor admirals have the right to tell men under their command how to think or vote.

Connally commented on the recent relief of command for Maj. Gen. Edwin Walker for allegedly trying to influence the political thinking of his men.

## Probers Say State Must Take Blame

WASHINGTON (UPI) — The House Highways Investigating Subcommittee said today the state must assume a full measure of blame for the Florida highway scandal.

The subcommittee based its finding on two weeks of public hearings and an exhaustive investigation held last year. The probe uncovered a series of alleged pay-offs from contractors to state personnel working on the interstate highway system.

In its report, the subcommittee confined itself to the relationship between contractors and state personnel and did not delve into the second Florida hearing which dealt with abuses of rights-of-way.

"The subcommittee must find," the report said, "from the evidence before it, that the state itself must bear a full measure of responsibility of unwarranted complacency in the light of all that has been shown that occurred."
