The dream of an independent Bengal nation is still alive in East Pakistan despite military suppression of the recent rebellion against domination by West Pakistan. ### Attack Is Turned On U. S. Forces

SAIGON (AP) — The North Vietnamese and Viet Cong shifted their attacks to U.S. troops Sunday and today after heavy rocket and mortar bombardments of South Vietnamese frontier bases.

The enemy shelled a U.S. base just south of Da Nang, ambushed an American patrol along the demilitarized zone and attacked three other U.S. positions, two of them in the Saigon region.

Some 15 mortar shells hit Camp Faulkner, headquarters of a battalion from the 19th Brigade, a mile and a half south of Da Nang. The U.S. Command said several Americans were wounded.

A hundred miles to the north and a mile below the DMZ, North Vietnamese forces opened fire with machine guns, rifles and rocket grenades on a patrol from the 9th Mechanized Infantry Division, killing two Americans and wounding one.

North Vietnamese and Viet Cong troops firing bazookas and small arms attacked the

# Legal Battles Continue On Pentagon's 'Secret'

NEW YORK (AP) — The New York Times and the Washington Post go back into the courts today in their legal battles for the right to publish more material from a secret Pentagon study of the Vietnam war.

Federal appeals courts here in the capital kept the two newspapers under temporary restraining orders over the weekend, blocking them from resuming publication of new material from the classified documents.

The court granted the temporary restraining order and directed Gesell to hear the government's evidence and give his decision by 3 p.m. today.

Before publication was suspended by the court order, Times had printed three installments of its series based on the study.

The articles said the United States conducted clandestine warfare against North Vietnam from 1964 to 1968 without U.S. consent.

They also said the Johnson administration had little hope that bombing halts between 1965 and 1968 would produce peace talks but believed they would please world opinion.

Justice Gurnea said Friday the key issue in the dispute was the public's right to know. "It is the general public's right to know," he said.

# 'Dining Room' Meetings Violate Sunshine Law

TALLAHASSEE, Fla. (AP) — Meeting of public boards in places such as dining rooms may violate the spirit, if not the letter, of the government in the sunshine law, Atty. Gen. Robert Shevin said today.

However, Shevin said the sunshine law doesn't specifically prohibit dining room sessions, even though they may have a "chilling effect" on the public.

In a three-page opinion to Hialeah city attorney Richard Sepler, Shevin said meetings of the Hialeah City Council held in a public dining room prior to the council's regularly scheduled meetings do not violate the law.

Major items in the House package include a \$43 million sales tax bill, \$24 million capital stock tax and \$36 million penny gasoline tax increase.

By JOHN VAN GIESON Associated Press Writer TALLAHASSEE, Fla. (AP) — Speaker Richard Pettegrew of Miami, plans to trot \$76 million in new taxes before the House today as the Senate receives a bill to supplement education appropriations by \$12 million.

An uncertain element was the fate of the appropriations bill, it could reach Gov. Askew's desk today, and there was a possibility he would veto it.

# Nixon And The Drive To Cope With Drug Evil

President Nixon's designation of drug addiction as this nation's "Public Enemy No. 1" and his call for massive and powerful steps to meet this evil threat is an exercise of leadership which must be welcomed and backed up by the public.

It is probably true that anyone who reads this editorial comment will have personal knowledge of this drug attack on our national life either within his own family or, at least, within the circle of his friends and relatives.

This is no raising of an unknown straw man in order to beat it down. This is not even the cry of "Wolf! Wolf!" of Aesop's fables. This is the raising of the presidential voice and a cry of alarm at the rising tide of drug addiction which transcends political or partisan motivation.

The President likened this drug issue as equal to "wars or depressions" and asserted it had assumed "the proportions of a national emergency."

With all the information at his hand, Nixon recognized the drug challenge as so grave and so urgent that "if we cannot destroy the drug menace

in America, then it will surely, in time, destroy us!"

Mobilization of every agency which can be effective in controlling this evil has been in the process at national and international levels.

However the presidential action was just what was needed to cap this effort in a manner and to an extent that nothing else could accomplish.

Gravity of the mounting drug use by the young people of America needs to be realized by all. This is an inner threat which is so new in its attack as to require new means of defense.

We are especially pleased with the Commander-in-Chief's recognition of the sad fate of so many GI's now in or being sent to Vietnam, where boredom has contributed to the drug use made so easy by the plentiful supply and the comparatively low cost of even hard drugs.

These veterans will get special treatment and kept in the service before being returned to civilian life. As for the victims, the Nixon wording was most apt. He would "further tighten the noose around the

necks of drug peddlers and thereby loosen the noose around the neck of drug users."

Florida is an area where drug use is, evidently, where drugs are smuggled in, also, which have rapid expansion has confronted local law enforcement agencies with additional crime rates as drugs take their toll.

This newspaper is in receipt of communications, which indicate that what the President has initiated in countering the drug evil has meaning for the people of Seminole County and the city of Sanford, as well.

For the drug habit is no respecter of persons. It has infiltrated into the schools and has posed problems of control which are far beyond the normal functions of security forces.

In Sanford there is "The Village" which is operated by The Drug Action Committee of Seminole County, Inc. It is in the building directly north of the Seminole Hospital on First Street.

While preparing this editorial comment on the

Nixon action, we received a letter from Mrs. Evelyn Hayes of "The Village" membership committee. We are printing this today and would ask all of our readers to read and digest what she has to say.

This agency to help our young people is under the direction of Dr. Luis Perez, a fact which augurs well for its success and is strictly in character with this leading citizen whose involvement with civic affairs is such as to merit the kind of recognition he enjoys.

The insidious lure of drug use is something which cannot, however, be dissipated by institutional, official or governmental action alone. It must be not only pointed out but truly realized that the solution of drug abuse is to never allow the habit to be formed.

In this approach, there is one essential means which is, indeed, old-fashioned. This is the family, a family which is alert to the temptations of today and a family willing to do everything necessary to create the base of understanding its members need.

## AP's Paul Hansell

Retirement of AP's Paul Hansell, Chief of Bureau in Miami, next month is a circumstance which we understand, can appreciate but do not welcome.

For in this reporter, fellow journalists had a veteran of the newspaper world who not only understood what was going on and went after it, but also could see what was happening in terms of the future and anticipated that, also.

Hansell started out on the news staff of the Hastings (Nebraska) Daily Tribune and the Omaha News Bee and had his basic training there before joining the AP in Omaha in 1937.

It was not until September 1960 that his talents were located in Miami where his record is one of stellar reportorial achievements in the one role all journalists are proudest of — that of reporter.

Directing coverage of such historic events as the Bay of Pigs fiasco in Cuba and the momentous developments and achievements in the space program on Cape Kennedy is on his record.

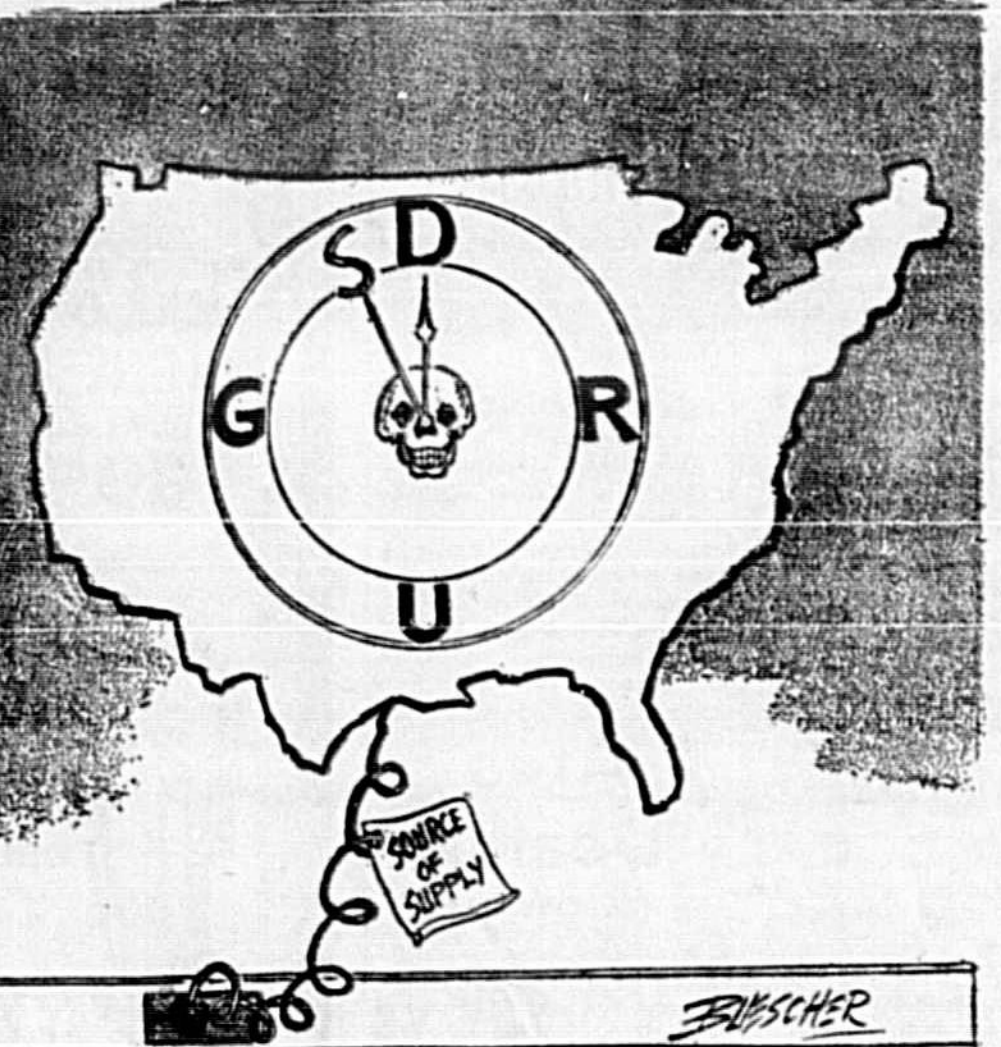

When such a veteran and responsible journalist retires, not only his profession but the public are losers. Here in Sanford he has been a visitor who came here as a matter of business but never left without those seeing him feeling better because of his coming.

At a time and during a period when the role of newspapers has been made a target for attacks by those who would keep the public from knowing just what is going on, Paul Hansell has been a strong and effective influence.

It goes without saying that our very best wishes go to this reporter, this chief of bureau, this man of character. We acknowledge a debt to him and his like which all responsible newspapers owe but which all do not acknowledge.

We write no — 80 — for Paul Hansell!

### Listen To Campus Speakers

By REV. DAVID POLING

Walk on a local college campus and go straight to the nearest bulletin board. In three or four minutes you will have the news of the university scene. Sure, it varies from school to school, but the general tone and style is quite similar. The personal columns are the first and most interesting; a record player for sale; a motorcycle at half-price ("never traded"); an extra ticket for the canned heat concert next Saturday; someone wants a ride to Estes Park to reach a summer job. So it goes.

The announcements also include the name and topic of the next speaker, debater or lecturer on campus. Larger schools offer a substantial choice of speakers and programs during the year. Someone once said that the first-rate education at Oxford or Cambridge is found just attending the speaker's bureau program and never worrying over regular courses.

Kevin Wagoner at Yale gathered up a notebook full of quotes from the constant procession of speakers that touched down at New Haven. A wide and varied variety, telling us what the college crowd is hearing lately:

Gloria Steinem, journalist and women's liberalist, "There's nothing attractive about the male role if it means going off to war, beating each other up in bars or shooting small animals. Dwell we get rid of the idea that masculinity depends upon violence and the subjugation of other people, and until we get rid of the parallel that femininity depends upon submission and the doing clean labor, we will never have a chance for a peaceful and more humanist society."

### You Win With Social Security

By BRUCE BOSSAT

WASHINGTON (NEA)—The attempt to destroy some of the "myths" surrounding the Social Security system appears to be creating new ones.

Some Americans cling tenaciously to the idea that workers who retire under Social Security never get back the money they put into it in taxes deducted over the years from their pay checks. That's just plain wrong.

Suppose you have been working under Social Security since you began in 1937. The most you could have contributed through 1971 would be \$4,171 in taxes. It must be remembered that the very first year you worked was taken only from the first \$3,000 of income.

If you happened to reach 65 this year and chose to retire, you'd get back that \$4,171 in a little more than 18 months of receiving benefit payments. If your wife also had attained 65 and could draw benefits, your total monthly benefits would give you your money back in just under 13 months.

Let's go again, however, to the case of a man and wife who will not reach 65 until 1985, say. The man having what are called "maximum creditable earnings" for some 42 years through 1984.

Can you presume a bit conservatively that the man would live 13 years drawing retirement benefits, and his wife would

# A Visit From 'Bigfoot' Monster Of The West

BY TOM TIEBE  
NEW YORK (NEA)—The International Wildlife Conservation Society has launched an effort to cast one of the most elusive, perhaps most legendary, and possibly most mythical creatures in the nation: the monster, Bigfoot.

Bigfoot is reputed to be a large, hairy, manlike creature who roams the Pacific Northwest's frightening outdoors and proliferating the campfire stories about his being. Many say they've seen him, some say they've photographed him—and now the IWCS, for the sake of science, is out to bring in Bigfoot dead or alive.

Personally, I hope they get him alive. I've got a lot of fondness for the old, hairy thing. You see, I met him myself some years ago in a Montana forest. All right, no snickers. I was a young sports reporter at the time my first job, working for a newspaper out of Kalispell, Mont. In some respects, given the surroundings, my duties were more pleasure than work. The area around Kalispell is obviously set aside by providence for appreciative men. Giant forests, swift rivers, a place where there are more moose than motorcycles, where, if a man wants, he can be utterly alone.

There was at the time at least one man in that area who wanted to be so alone. A hermit who lived in the primitive woods

never deeper into the woods—farther about him, and wondered at the stories of his hand-made furniture, his monk philosophy, his cabin walls which were draped only with the hides of alpine wildlife.

So I decided to seek him out. Armed with a 30-30 rifle, which I had previously fired only once, at a tin can, missing. I drove north to Columbia Falls and there set out on foot in the direction I had been advised. It was lovely, secluded and, for a chap with a one-sided rifle, menacing country. But as if I was going to run into the old hermit any minute, I moved

But clearly, I decided at dusk, I think, I was not going to locate the hermit and his alpine wallpaper that day.

I sat down then, to rest and relax, before starting back. I aimed myself against a tree, which was on one of a series of small hills. I set aside my rifle, pushed my feet out and began to study a carpenter ant who was exploring my trousers.

Then I heard it. I say IT, rather than WHAT, out of ignorance.

I swear the noise was like walking, only not mournful walking. Happy walking? It couldn't help it, so weeping, it sounded rhythmic, patterned—I shall say, singing.

I remember thinking that it must be a hunter. And, knowing about hunters as I did, I remember wishing I had worn a real cap to distinguish me from a deer. I got up, to be as conspicuous as possible, and looked around. I had intentions of calling out, but thought better of it. I had swarming ants, like a B grade gorilla currie, a gray coat of hair, and a small head which I could not make out. And it was moving parallel to me. Slowly, to be honest, I don't know if it saw me. But it stopped. And seemed to look in my direction. As it stopped, so did its song. I raised my rifle, forgot to take the safety off, but did nothing anyway. The thing passed for just a moment, then moved, silently now, off in a direction on my shaky compass said was north.

## Want maximum comfort at minimum cost from your electric air conditioner?

Try these hints.

It's Summer time. And you'll enjoy your air conditioner even more if you follow these hints. They'll help lower the price of cooling and give you the most comfort at a cool investment.

Give your air conditioning unit for system an annual check-up. Like a person, an air conditioner needs a periodic "physical." And the best time to call your serviceman is early, before his "rush" season.

Keep the filter clean. The more dirt a filter accumulates, the less efficient your unit becomes and the longer your operating costs.

Use outside shading or inside drapes to shut out sun heat. An inside shading also helps keep heat from getting in. So does a properly vented attic. White roof tiles and pastel masonry wall paint reflect the sun's heat and reduce the cost of cooling.

Exhaust fans in the bathroom and kitchen will push heat and humidity outside and help keep your cooler inside. Cook the Patriotic electric waf. An electrical range is a good appliance. It heats your food, not your home.

Set your thermostat for the highest comfortable temperature. If your family away from home for most of the day, it's more economical to turn off your air conditioner during that time.

Now to economize and still get maximum enjoyment from your electric air conditioner.

# Sheralyn Williams Honored At Formal Pre-Nuptial Tea

By DORIS WILLIAMS  
Special Editor

Beautiful girls of all ages were in the limelight Saturday, June 12 at the Ted Williams Home on Plumosa Drive.

More than 200 guests, all lovely in high-fashion feminine Summer frocks, called at a pre-nuptial tea to honor Miss SHERALYN WILLIAMS, daughter of Mr. and Mrs. Robert Williams, 1902 Park Ave.

Sheralyn will become the bride of Michael Andrew Morgan, son of Mr. and Mrs. Lewis E. Morgan, 168 S. Sunland Dr., on Aug. 23, at Holy Cross Episcopal Church.

Assisting Mrs. Ted Williams as tea hostesses were Mrs. Bill Bridges, Mrs. Cecil Carlton and Mrs. George Hughes.

The bride-elect was positively radiant as she received the guests wearing a lime shirbet silk organza frock, fashioned with a long torso overlaid with white lace and a swirling skirt. Complementing the most attractive mode was a white orchid corsage, a gift from the hostesses.

Also in the receiving line were the two mothers who received white carnation corsages from the hostesses. Mrs. Williams wore a delicately embroidered yellow and white linen dress and Mrs. Morgan received the guests in a pale coral double knit two-piece ensemble.

The bride-elect's lovely grandmother, Mrs. W. H. Stewart, was as vivacious and high-fashion as the "now" generation, wearing a white dress with a panel of muted purple tones embroidered up the front, and tipped in purple. Her jewelry was purple and a purple orchid corsage further enhanced the stunning fashion.

All shades of roses, daisies and carnations were used in decorating the spacious party area. A single daisy graced a table in the living room with the coffee table adorned with a red rose in a silver vase.

Other tables and the piano held artistic floral creations.

Centering the refreshment table, which was overlaid with an exquisite sheer white embroidered cloth, was an arrangement of yellow mums, yellow carnations and baby's breath in an ornate silver bowl. Silver tea service, a handsome crystal punch bowl and silver trays arranged with a pot pourri of roses.

Mrs. D. M. Paul assisted the hostesses and floating hostesses were the Misses Frances Williams, Deborah Williams, Jean Hughes, Mary Beth Williams and Christy Burney.

A BRIDAL TEA, June 12, began a series of pre-nuptial parties for Miss SHERALYN WILLIAMS. Upper photo shows, from left, Mrs. Robert Williams, mother of the bride-elect, SHERALYN, Mrs. Ted Williams, hostess, pouring, and Mrs. Lewis E. Morgan, mother of the bridegroom-to-be. In lower photo SHERALYN receives gift from tea hostesses, from left, Mrs. Bill Bridges, Mrs. George Hughes and Mrs. Cecil Carlton. (Doris Williams Photos)

## Alday Family Gathers For Annual Reunion

The traditional family reunion of the Alday family, which meets once a year, chose the occasion of the H. W. Goodspeed's 50th wedding anniversary to be together this year.

Preceding the Sunday reception, the Alday family, joined this year by the Goodspeed family, met at the Goodspeed home on Myrtle Avenue, Saturday, June 5, for a picnic supper.

On Sunday morning they all attended church services at the Deltona United Methodist Church where the Goodspeeds' son-in-law, Rev. H. Wright Kirtley, is pastor. After church, a family dinner was held in Fellowship Hall.

Those attending in addition to the Goodspeeds and Kirtleys were Mr. and Mrs. H. B. Myers, Lakeland; Rev. and Mrs. M. M. Gibbs, Miss Jane Gibbs and Mr. and Mrs. Roy Snyder, Jacksonville; Mr. and Mrs. V. H. Alday, Bobbie Lee Alday, Mr. and Mrs. W. M. Alday, Mr. and Mrs. J. M. Alday, Mrs. Thomas Alday, Andy Alday, Mr. and Mrs. H. H. Green and Mrs. Norma Chesnut, Gainesville.

Also Mr. and Mrs. R. N. Alday, Phil Alday, Misses Judy and Beth Alday, Ferdinand Beach; Mr. and Mrs. Edward Stripling, Mrs. Lucille Stripling and Mrs. Lillian Holland, Tallahassee; Bill Kirtley, Misses Pat, Peggy and Pam Kirtley, Miss Candace Zumbur and Alexander Rivera 2nd, Deltona; Mr. and Mrs. Philip Goodspeed, Mike and Margery Goodspeed, Cocoa Beach; Mr. and Mrs. Ralph Schnaar, Mrs. J. C. Bolen and Mrs. A. J. Bolen, Miami and Mrs. Neil Goodspeed, Lake Monroe.

## Mrs. C. N. Ogg Entertained At A Farewell Luncheon

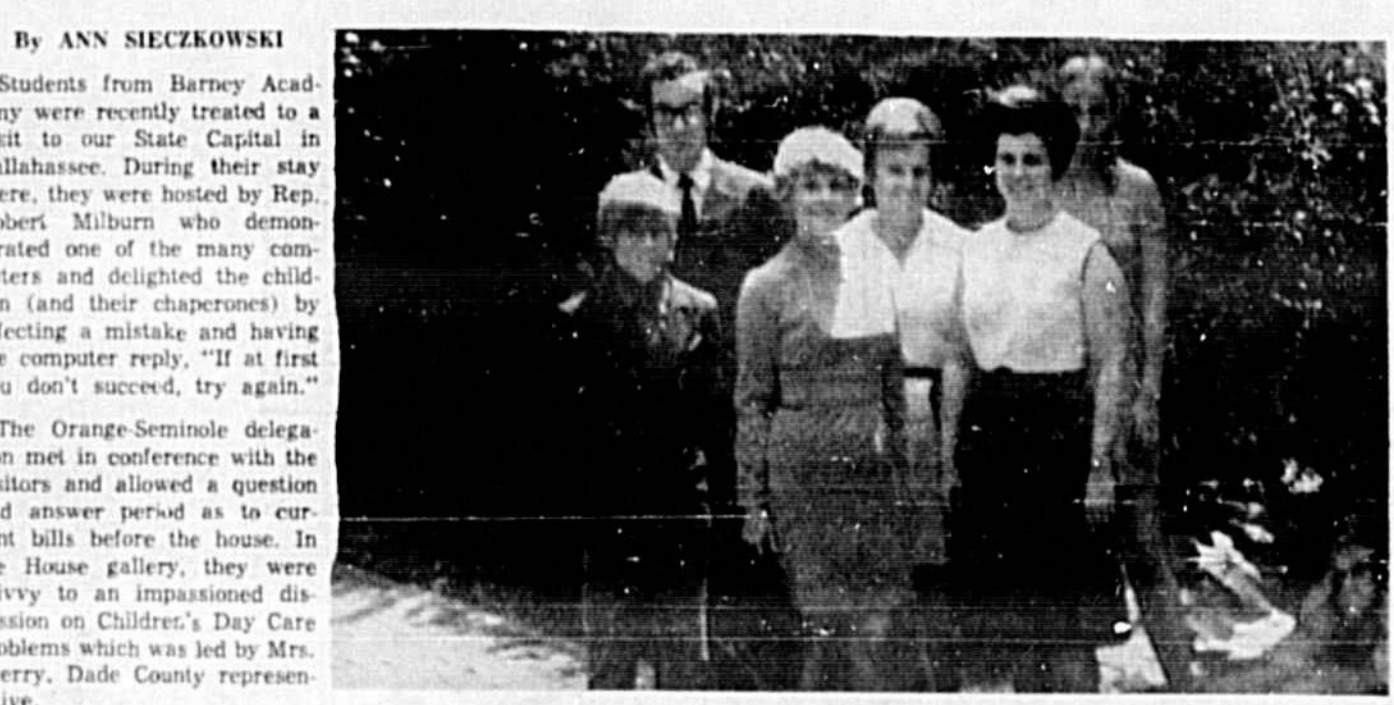

By LIZ MATHIEUX

Mrs. C. N. Ogg, wife of the former pastor of the First United Methodist Church of Oviedo was honored at a luncheon at the lovely Lee Gary home in Oviedo recently with 14 friends present. Mrs. Ogg is moving to Tampa with her husband.

Luncheon tables were set up in the Florida room as well as in the formal dining room. Linen cloths edged with lace were used, gold in the dining room, white and blue ensemble, Miss Jeanette Ogg, daughter of the honoree, also attended.

coffee and tea were served. Mrs. Gary presented the honoree with a white carnation corsage to complement her red, white and blue ensemble. Miss Jeanette Ogg, daughter of the honoree, also attended.

## Local Group Visits The 'First Lady'

VISITING THE GOVERNOR'S mansion highlighted a trip to Tallahassee for a local delegation. Photo shows the group with Florida's First Lady, Jim Carr, Stan Chase, Jan Carr, Mary Peterson, Mrs. Rubin (Donna Lou) Askew and Joanna Breadstiff.

Perhaps the highlight of the trip for the adults at heart, was the visit with the First Lady of Florida, our own "Donna Lou" of Sanford.

She completely captivated all the visitors as she led them on a tour through the mansion, including her private quarters. She showed the children silver pieces from the U.S. Florida, which were engraved with Florida palms, alligators, flamingos and other things indigenous to Florida.

According to Mrs. Jan Carr, who accompanied the group from Barney Academy, "We all feel like we know more about what is happening and how it happens than we did before."

### Methodists Fight Filth

LAKELAND — Florida Methodists have petitioned the state legislature to let law banning commercialized pornography be more diligently enforced, and to enact stiffer curbs if necessary.

The church action is in the form of a resolution by the Rev. Whitney Dough of Miami at the closing session here of the United Methodist Church's Florida Conference.

"Besides the X-rated movies, just look at the ads in your daily newspaper to see how Florida, even small communities, is being flooded with all kinds of hard-core pornographic films, books and magazines by the so-called 'mini-adult' theaters and 'adult bookstores,'" he told the 1,300 lay and ministerial delegates to the annual meeting.

He asked Methodists to also join in "urging our newspapers to follow the constructive example of the San Francisco Examiner in refusing to accept advertisements promoting obscenity and commercialized pornography."

As I See It!  
by Gary Taylor

Little league play in Sanford moves into the final week of action as the playoffs are just around the corner. Three teams will meet in a double-elimination tournament to decide the city's champion. Two of the three teams that will compete have been decided.

First Federal ran away with the National League race as they won about 20 in-a-row now. They've only suffered one setback this season and that came in the second or third game of the year.

APEX didn't have much trouble wrapping it up in the Continental League. They've played consistent ball, with much of their strength coming from pitcher David Wiggins.

The race is on in the American League. The last game of the season could be the deciding factor as Goolyear and Florida State will meet in the final game of the season. They are currently tied for the top spot and have one game each before they play each other in the final game.

Florida State United State Bank at 7:30 p.m. Monday at the Ft. Mellon Little League Field. Goolyear squares off with Seminole Petroleum at 4:30 Wednesday, also set for the Ft. Mellon diamond. The big game will come at 7:30 p.m. Friday at Ft. Mellon Park.

Max Patkin, baseball's funny clown, will be on hand tonight at Tinker Field in Orlando as the Orlando Twins entertain the Lakeland Tigers in a 7:30 p.m. contest on Scholarship Night. Autographed baseballs, a bicycle and a scholarship will be among items given away.

You'll want to be sure to catch Max in his act and enjoy the fine Florida State League action. The Twins will also be home at 7:30 p.m. Tuesday against Lakeland.

To-notch invitational softball action will come to Sanford over the July 4 weekend as the Sanford men's softball league plays host to an eight-team double-elimination soft-pitch softball tournament at Ft. Mellon Park.

The Seminole County Women's Softball Association will play host to the sub-district tournament during the week of July 26. Some 12 to 15 teams are expected to be in the city for the single-elimination play. Teams will be fighting for the right to advance to the district tournament.

The Little League district tournament is also slated for Sanford this year. It will be quite a tournament with play on both the Ft. Mellon Little League Field and Westside Field.

Sanford will have three All-Star teams in competition for one of the four berths in the 1971 state tournament.

I found myself with a free night this last weekend and decided to go down and take in the Orlando Rebels. If you haven't seen them play this season, you should really plan to take in a game.

Those girls can really play some softball. Seminole County has one player on the team in Cathy Staley. She's just a teenager, but she can really play softball and is expected to go a long way with the Rebels.

MAX PATKIN, baseball's funny clown, will be at Orlando's Tinker Field tonight at 7:30 p.m., as the Orlando Twins entertain the Lakeland Tigers in Florida State League action. It will be Scholarship Night with many prizes to be given away. Max is a sure crowd pleaser where ever he goes.

## Meets Audubon Tonight Jack Prosser Ford 'Nine' Seeking Title

By HERRY CUSH  
Herald Sports Writer

While they've already reached a milestone few Little League teams ever do, the Jack Prosser Ford team of the Seminole Little League is not yet satisfied. That "milestone" reached by the boys from Lake Mary is a 20 victory season. Thus far, counting three tournament wins, the Prosser team has an overall record of 20 wins against four losses.

Those three tourney wins put the Prosser crew into the semifinals of the District Three Tournament. Tonight at Datsun Field at 6:30 p.m. Prosser will take part in the semi-finals, taking on Palmer Electric of the Audubon Little League.

Prosser will be seeking its 17th straight victory this season. They were 14 during the regular season when they went on a 13 game tear to win the Seminole Little League title by four games over Winter Park Dodge of Altamonte, Altamonte finished with a record of 13 wins and eight losses.

With four days of rest since their last tourney action the Prosser crew will be at full strength pitching wise. In addition to Neil Raines they have Tim Raines, the younger brother of Neil, who posted a 6-1 record this season. There's also Kevin Bedone who won five games and lost only one during the regular season. Both Bedone and Tim Raines have batted their regular season marks by gaining a triumph in tourney play.

Hitting wise it's been the trio of Tim Raines, Neil Raines and Jay Johnston, Mike Griswold the centerfielder will bat sixth, Mike Prosser will bat seventh and play second, first baseman Dave Nader will bat eighth and leftfielder Greg Richard will bat ninth.

Bounding out the Prosser roster are Mike Botta, a reserve outfielder, Andy McMin, a reserve first sacker, Jim Peterson, Ricky Byrd, and Kevin Crucker, all reserve outfielders.

This is the second year, McMin has worked with the boys, who for the most part, make up this year's team. They had a different sponsor last year and of course several boys

stop Rob Robinson will bat third, Neil Raines will pitch and bat fourth, catching and batting in the fifth spot will be Jay Johnston, Mike Griswold the centerfielder will bat sixth, Mike Prosser will bat seventh and play second, first baseman Dave Nader will bat eighth and leftfielder Greg Richard will bat ninth.

semi-finals. They edged Winter Park 1-0, then whipped Northgate 7-5 and destroyed East Winter Park 11-0.

In the other bracket one of the two semi-finalists will be playing on its home field tonight in the second game of the two-bill. They defeated Asala Park in their first game, 8-1 then topped Conway Little League, 6-4.

The 25-team field is now pared to four teams and after tonight will be cut to two (finalists who'll battle it out for the District Three Team Championship tomorrow night at Datsun Field).

SEMI-FINALISTS in District Three Little League Tournament is this Jack Prosser Ford entry of the Seminole League. In first row from left are Jay Johnston, Andy McMin, Michal Botta, Neil Raines, Tim Raines, Bobby Robinson, and Bobby Tillis. In second row from left are Kevin Crucker, Mike Gris-

## Unspectacular Finish Sansing Limp To Amateur Title

It was far from a sparkling finish but Randy Sansing will accept it anyway. The 20-year-old Lakeland flash captured the Florida State Amateur golf championship yesterday by one stroke over Bob Rankin of Clearwater in a most unpectacular finish.

While his finish left a great deal to be desired Sansing did have a "professional" start yesterday and built a five stroke lead with only two holes to play. Thus there was "margin" for error and the new Florida Amateur king nearly used every bit of that margin.

After a red hot first round of 66 Sansing saw his game completely fall apart as he limped home with a second round score of 76 which put him four strokes back of the co-leaders at that time, Rankin and Jack Veghte.

Saturday's third round was washed out by a late mid-day rain and that could very well have been the difference between Sansing's winning and losing.

Over the first seven holes on Saturday Veghte moved three shots into the lead but the heavy downpour erased the effort by the defending champion. Veghte had one under par 71 in the third round yesterday morning and still had a two shot lead over Sansing who fired a 69. Rankin scored to a 74 in the morning round and fell three shots off the pace set by Veghte.

In the second round of the day the youthful Sansing appeared to have too much strength for his older opponents. The 26-year-old Veghte faded quickly and finished the day with a 74 and a total of 283. Rankin, a 40-year-old who won this event in 1968, didn't fade but was unable to match his younger opponent during the first 16 holes of the day's second round.

It was at the 16th hole of the second round and the 24th of the day that Sansing picked up the stroke that actually won the tourney. He birdied the 16th and that pushed his lead to five strokes over Rankin with two holes to play.

With one hole to play it was a four stroke lead as Sansing bogeyed the par three 17th while Rankin had a par. With about 300 yards to play Rankin trailed by a mere stroke as Sansing hit his tee shot on 18 out of bounds and his second traveled onto a fairway other than the 18th.

When the two came to the green Rankin made things real tough when he sank a 30 foot putt. However, Sansing made a 18 inch putt to wrap it up.

The best finisher among local golfers was a 291 by Bill Gordon, of Altamonte Springs, playing out of Hocking Hills. Gordon was awarded a \$25 gift certificate from Jordan Marsh.

Mary Graham, the Casselberry Pony League queen, was the third runner-up after Sansing. She collected \$100 and was awarded a \$25 gift certificate from Jordan Marsh.

previous rounds were 70, 74 and 77.

Fern Park's Jack Schubert, also playing out of Hocking Hills, finished with a 112-73-74 = 264 total. Jay Moore, also of Fern Park, was among three golfers who finished with a total of 283.

Ed Brown of Altamonte Springs won the fifth flight 'A' with a score of 81-76-77 = 303.

Little League Queen Crowned By Seminole  
The queen of all queens of the Seminole Little League was crowned last Friday night at Seminole Little League Park. Bonita St. John, queen of the Forest City Pony League, was crowned the winner of the queen contest after collecting \$250.00. In addition to a bouquet of roses, she received \$150 gift certificates from Jordan Marsh.

The first runner-up in the queen contest was Sharon Gates, the Longwood Major Queen. She collected \$100 and was awarded a \$25 gift certificate from Jordan Marsh.

Mary Graham, the Casselberry Pony League queen, was the third runner-up after Sansing. She collected \$100 and was awarded a \$25 gift certificate from Jordan Marsh.

# Tiger Stadium Lights Fail; Second Game Suspended

By HERSCHEL NISSENSON Associated Press Sports Writer

The umpires put a stop to a Cleveland-Detroit baseball game before anyone got hurt when the lights went out anyway for the Indians and Tigers.

Chuck Hinton's 11th-inning home run gave the Indians a 7-5 victory in the first game and they led by the same score at the end of the nightcap.

As several innings of the nightcap were played, lights behind the plate blew out and the contest was suspended until 8:15, when Detroit met with the Cleveland.

and a deliberate attempt to hit somebody. I don't want anybody to get killed."

Elsewhere in the American League, the Chicago White Sox mauled Minnesota 14-8, Boston edged Washington 4-3, Baltimore trounced the New York Yankees 10-4, Oakland drubbed Milwaukee 11-4 with the Brewers taking the second game 7-4 and Kansas City and California also split the Royals winning 8-3 and the Angels 4-2.

Hinton's homer decided a long-ball duel. Aurelio Rodriguez, Jim Northrup and Gates Brown—with two out in the ninth—connected for Detroit. Roy Foster belted a pair for Cleveland.

Hinton, along with Detroit's Dalton Jones and Jimmie Pierce, all hit two-run homers in the second game. Hinton's homer came on a pitch the eighth and three out strike before manager Billy Martin of the Tigers beelined about the missing lights.

The White Sox, trailing the Twins 4-0, broke loose for nine runs in the sixth inning—incidental to a home run and a three-run homer by Rick Williams—and Rick Reinhardt pulled a grand slam homer in a sixth-inning homer. The Sox, who had dropped 14 of their previous 19 games, were held to two hits through six innings by fireballing Washington right-hander Pete Broberg, barely two weeks out of Dartmouth College and making his professional debut.

Philadelphia salvaged a doubleheader split at New York Sunday by beating the Mets 9-1 in 11 innings on Johnson's first bases-loaded home run in 15 professional seasons. Atlanta and Willie Stargell slammed them shut in a hurry.

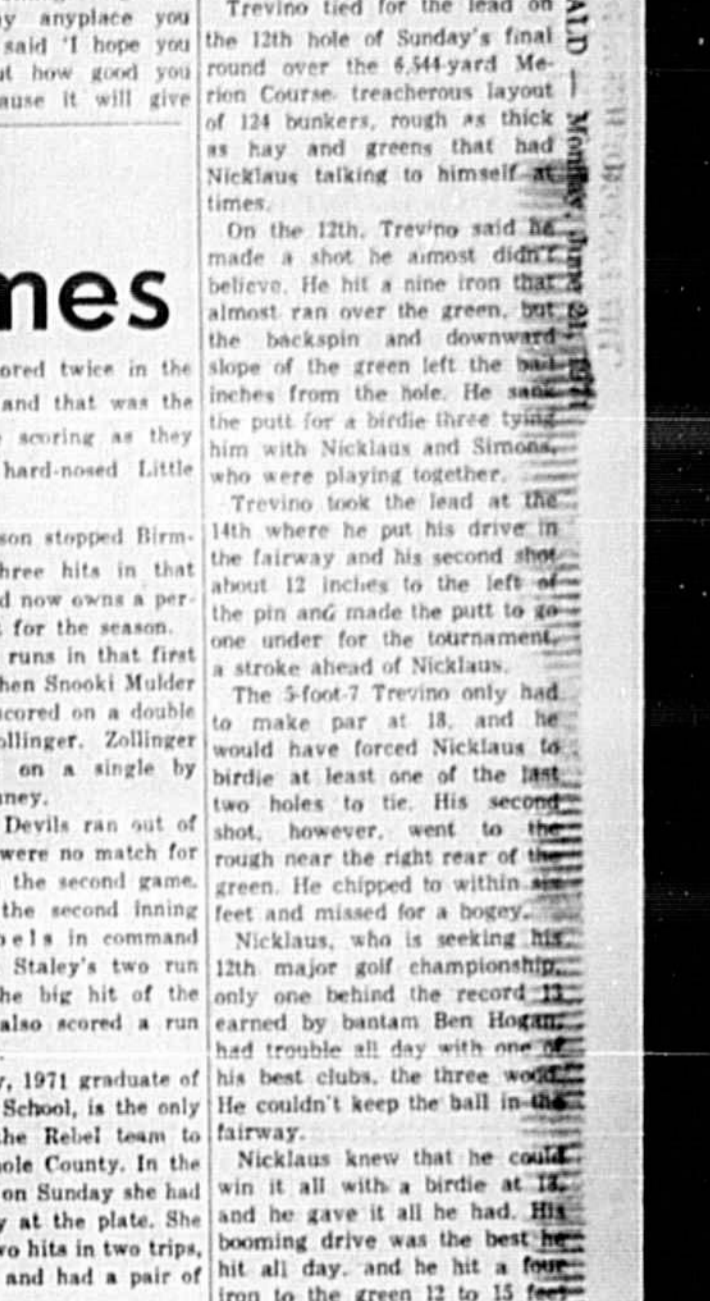

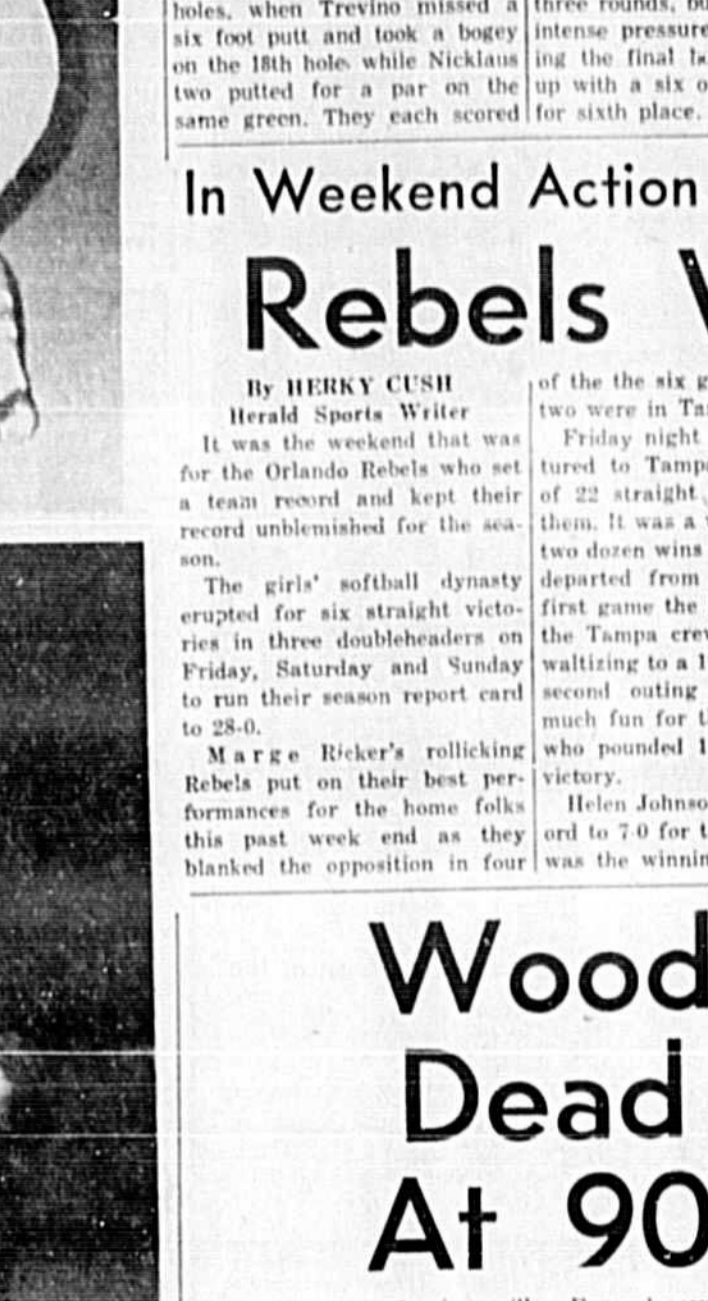

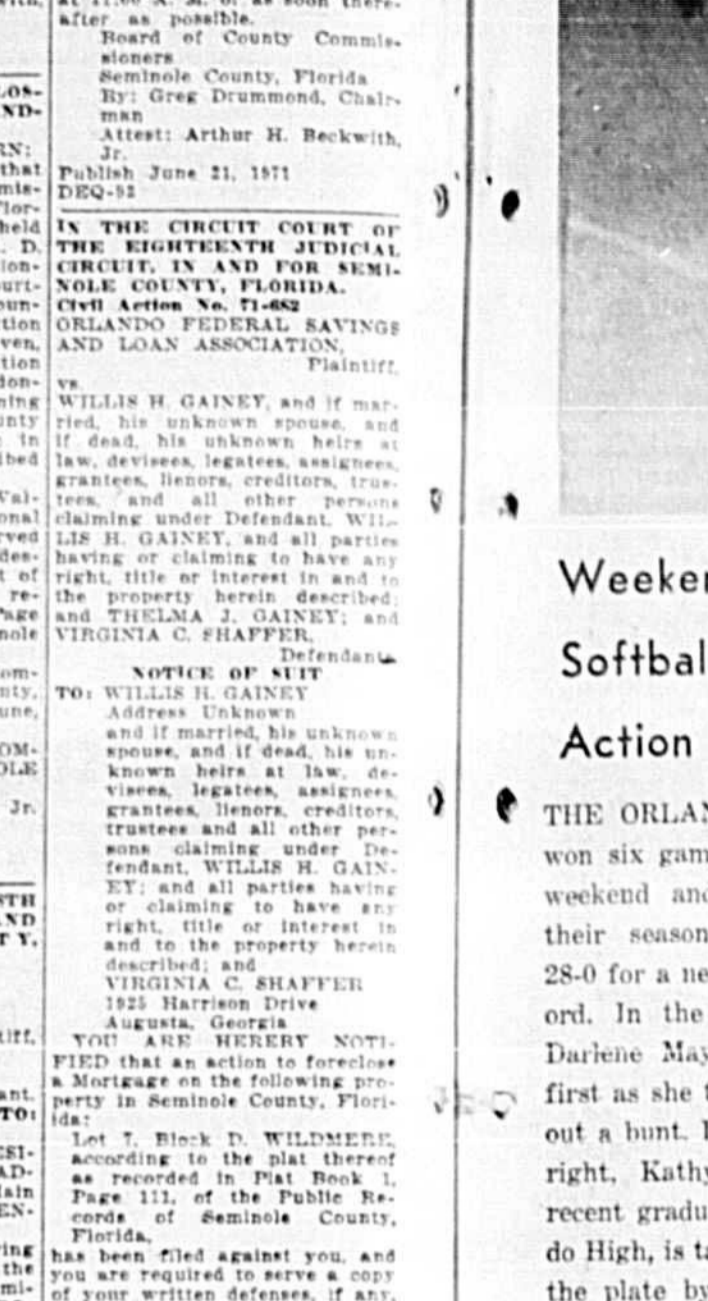

While the Phillies were rebounding from a 7-4 loss in the second game, the Pittsburgh Pirates came from behind to complete a doubleheader sweep and win their lead in the National League East by slugging Montreal 7-3 on Stargell's fifth career grand slam.

The Pirates, who won the first game 7-1 before Stargell's 34th homer of the year clinched a seven-run seventh-inning rally in the nightcap, now lead the second-place Mets by 2½ games.

### Horoscope Forecast

**TUESDAY, JUNE 22, 1971**  
**GENERAL TENDENCIES:**  
 You now have a chance to moderate important daily routines so that your life will be more up-to-date and efficient. Streamline all your activities.

**ARIES (Mar. 21 to Apr. 19):**  
 -Excitement - You are going along with some computerized plan you have to present if you give them a strong sales pitch. A good evening to repay a social debt. Extravagance must be avoided, though.

**TAURUS (Apr. 20 to May 20):**  
 -Higher-ups want you to be more alert to whatever is going on in outside interests, so do this. Handle that civic matter well. Being sarcastic, especially with hignigs, could prove bad for you now.

**GEMINI (May 21 to June 21):**  
 -Your ideas are excellent but they require more study before being put in operation. Letters bring you right suggestions from those who are interested in your response in the evening.

**MOON CHILDREN (June 22 to July 21):**  
 -By meditating you can get the intuitive answers you need to solve the problems you may have. You are tempted to argue with mate, but it is best not to resort to reason.

**LEO (July 22 to Aug. 23):**  
 You now can understand what associates desire in mutual alliance, so accept only those views that appeal to you. Not a good day for seeking reconciliations with anyone. Await a better day for this.

**VIRGO (Aug. 23 to Sept. 22):**  
 -Ideal day to get into that backlog of work that has been accumulating; clear it up quickly and satisfactorily. Make changes in your wardrobe so that it is more attractive and up-to-date. Take your rightful place in the scheme of things.

**LIBRA (Sept. 23 to Oct. 23):**  
 -An unexpected opportunity arises for amending a will. Try not to go to bed too late tonight.

**SCORPIO (Oct. 23 to Nov. 21):**  
 -If you buy those new appli-

ances for the home, you will please your family greatly. Avoid those subjects that are apt to bring up heated discussions. Strive for greater harmony.

**SAGITTARIUS (Nov. 22 to Dec. 21):**  
 -Meal day to contact clever persons who have the right information to make some cherished dream come true. See what has to be done to be more productive in the future. Don't be excitable.

**CAPIRICORN (Dec. 22 to Jan. 20):**  
 -A new interest can bring in extra income now. Do something to improve the value of any real estate you may own. Use your intuition for right results.

**AQUARIUS (Jan. 21 to Feb. 19):**  
 -Out to a social event for a delightful time with people you like. Do whatever will make you look attractive and others will be delighted. Stop being so easy with others; stand up for your rights.

**PISCES (Feb. 20 to Mar. 20):**  
 -You have to operate on a more modern line if you are to have the increased success you want. If you follow what experts say, you can make excellent plans. Channel your energies in one direction and win.

**IF YOUR CHILD IS BORN TODAY:**  
 -he or she will be one of those delightful young people who can go for because they have the increased success you want. If you follow what experts say, you can make excellent plans. Channel your energies in one direction and win.

**THE STARS impel, they do not compel!** What you make of your life is largely up to you!

### Children's Films On Schedule

The South Seminole Community Library has made plans to run a children's series of movies for the summer. The first movie will be held on Wednesday at 5 p.m. All movies for the summer will be held on selected Wednesdays at 1 p.m. and all will be held in the air conditioned Lyman High School auditorium.

The first in the series is "The Nutty Professor" starring Jerry Lewis, Stella Stevens and Les Brown and his band. It was produced, written and directed by Jerry Lewis. It is the story of an imaginative twist on the split personality theme.

Any Jerry Lewis movie is destined with the younger set in mind and this is one of his funniest.

The children's movie series will be chaperoned with members of the library. "The Nutty Professor" is a full-length color movie and will be over at approximately 2 p.m.

## Casselberry OKs Council Of Cities

By KATHY NIBLACK  
CASSELLBERRY — The City Council last night adopted a resolution indicating its intent to join and help organize the CALNO Council of Municipal Governments. The CALNO council, which becomes official on July 1, will consist of representatives from Casselberry, Altamonte Springs, Longwood and North Orlando. The Casselberry resolution indicates that the purpose of the council will be "to seek solutions to mutual challenges of growth" and to "develop policies and plans common and regional in nature."

Casselberry's representative to the council will be the mayor or the acting mayor. The council will be set up for an initial term of one year, with renewal following that year automatic without subsequent resolutions.

In action taken at a work session following last night's regular meeting, the council heard Mayor Curtis Blue's recommendation of Rocky Rasooli as new chief of the Volunteer Fire Department.

Councilman William Grier, citing recent evidence of dissension within the department, suggested it might be wise to let the volunteers vote by secret ballot "on the man under whom they'd rather serve."

Mayor Blue, in reply to this, stated he had given this idea careful consideration but had decided against it. "The citizens of Casselberry elected me a year ago to take care of administrative duties," he said. "These include appointments. I've come to the conclusion that as long as I'm mayor, I'm going to run the office of mayor. I'm going to appoint the individual who I feel is the best qualified."

He continued, "The chief should not just be a 'house man' or a 'good time Joe,' he should be an administrator. I stand behind my proposal."

Councilman Harry Sambrook, in supporting the mayor's recommendation of Rasooli, said, "I've seen Rasooli take command. I've seen the men rally around him." The mayor's recommendation will be considered in the regular council meeting next Monday night.

The mayor asked that the consideration of a recommendation for city judge be postponed until he has further time to consider the considerable number of recommendations he has received for the post.

By GARY TAYLOR  
Two days ago I had a mild argument with a friend. He said that motorcycles were safer than cars. I disagreed. No one was a wabber in that argument. Yesterday I had the grim task of photographing an accident.

It was an accident that took the life of a 16-year-old youth. The same one that I had conversed with as we were playing a pinball machine only 24 hours earlier.

The tragic part of the story is, he stood on firm belief that motorcycles were safer than cars, and then lost his life while driving a car.

The truth of the matter is, no means of transportation is safe anymore... and it's getting worse. The roads are not safe to travel. They were not built to handle the capacity of traffic that travels on them everyday, and as the opening of Walt Disney World nears, it is going to get much worse.

The Florida Highway Patrol is aware of the growing problem as they have recently placed several new troopers in the area. The troopers have recently got new cars and, of course, they are all equipped with radar. The radar device that might save your life, even if it does cost you a few dollars.

Instead of cursing the officer when he stops to issue you a citation for excessive speed, you should say "thanks." He's only doing his job, and in the process may save your life, or the life of another person's using the public highways.

I really think many more people should get a chance to see the traffic accidents I see. I know it has weakened me to the facts of driving in 1971. But then again, most people would just take a look and say, "That will never happen to me."

Richard Detweiler, of 14 Lotus Lake Drive, Casselberry, member of the science faculty at Seminole Junior College, is participating in the summer institute in physical science for college teachers at Earham College, Richmond, Ind.

Re that couple who spoke their wedding vows on the green at Mayfair Country Club Monday morning. Could "their" song be: "Yes for Two?"

More personnel changes at the Sanford state attorney's office! Investigator Paul Legg and secretary Sue Lettler are no longer with the Seminole County adjunct to State Attorney Abbott Herring's Brevard County prosecution agency. Wonder if the replacements will be local persons or "wh" they also be hired from "Yonkers"?

They call the under 21 crowd "minors" because they really dig what it's all about.

# For Football Programs SHS, Oviedo Get Less Money

By BILL SCOTT  
Seminole High School Boosters will have to be satisfied with only \$5,000 allotted in this year's school budget and earmarked for additional portable bleacher seats at Sanford Municipal Stadium.

The Boosters Club has approached the board several times asking for action to increase the stadium seating capacity and make other alterations to improve the field, making it acceptable to teams who must travel here for home games with the Seminoles.

The apparent indication following action Monday afternoon by the school budget committee, which studied the boosters request for an estimated \$80,000 for a general up-lifting and renovation of the former city baseball stadium, now in the final year of a two-year lease to the School Board for use by Seminole High School's football team.

Walter Teague, school financial officer, said he did not see how anything could be done this year regarding the stadium requests. Dan Pelham, Sanford Middle School principal, opined that funds should be spent to handle the expected fan increase. Oviedo High School, which also has requested school money to expand its football facilities and will have to be contented with the same monetary consideration given its Sanford counterpart, as the budget committee listed \$5,000 for the football field at that school.

A request for the earmarking of \$20,000 for obtaining an architect to plan for a new county school office building on school-owned property located across from Sanford Middle School on French Avenue was defeated by the budget group by a three-two vote.

He said some bulls had been out for five years and said the poles upon which they are mounted filled with woodpecker holes thereby making it hard to climb the poles for making replacements.

On a motion by Pelham, the committee approved the setting aside of \$100,000 for school funds to be used for acquiring school sites in the growing areas of the county.

All committee decisions are still subject to approval by the entire School Board at an early July school budget session.

## Law Permits Port To Aid Industry

The Seminole County Port Authority (SCOPA) now has an industrial function. This was disclosed to SCOPA members at Monday night's monthly meeting by William Hutchison, SCOPA attorney, who disclosed the state Legislature had passed a modification to the port act, which will allow the authority to issue industrial revenue bonds to aid financing of industry.

Walter Teague, school financial officer, said he did not see how anything could be done this year regarding the stadium requests. Dan Pelham, Sanford Middle School principal, opined that funds should be spent to handle the expected fan increase. Oviedo High School, which also has requested school money to expand its football facilities and will have to be contented with the same monetary consideration given its Sanford counterpart, as the budget committee listed \$5,000 for the football field at that school.

## Buie Opposes Redding As Seminole Principal

By BILL SCOTT  
Preliminary indications that School Supt. John Orange will attempt to name an Orange County educator to replace promoted Richard Barnett as principal at Seminole High School at tonight's School Board meeting, already has drawn fire from one county board member.

A. P. Buie, one of two Democrats on the five member board, in a memorandum to Angel and other board members, said he would oppose the appointment of Jack Redding, now employed by Orange County as director of that county's adult education program, after he had advised Buie of his plans and invited the board member to meet Redding at a June 18, 4 p.m. meeting.

Buie said he would like it a matter of record that "I oppose the nomination of this man for the principalship or any occupation in Seminole County and that I have litigation pending in which he is a defendant."

Buie further advised Angel he intends to prefer Orange County Practitioner Commission action against Redding as quickly as his (Buie's) legal action is terminated.

Referring back to the recent activities at Seminole High School, regarding racial unrest, Buie praised the manner in which Barnett handled the situation but cautioned, "I can tell you without fear of being too far from the mark, that if Redding were principal there would have been greater problems to contend with."

Buie said he felt that Redding is not capable of the kind of judgment necessary for a principal to run a school.

"When one considers that racial situation will be endemic at Seminole High School for more than a year to come, the situation becomes explosive," Buie added.

The School Board meets at 7:30 tonight at Lyman High School.

## Natural Causes

Results of an autopsy performed Monday on the body of a 21-year-old Sanford man disclosed he died of natural causes. This was announced today by Det. Sgt. Roy Williams, who investigated the death of Amos Lee Hill, after the man was found dead in his William Clark Courts apartment.

## BULLETIN

WASHINGTON (AP) — May's jump in living costs, biggest of the year, sliced another half a cent off every dollar.

After the vote authorizing the takeover of the equipment, the question arose about insurance for the equipment and compensation insurance for the firemen. The council voted to authorize Mayor Granville Brown to negotiate a policy covering the trucks and equipment only.

Village Attorney Thom as a Freeman advised the council that it could not legally pay the premium on a compensation policy for the firemen since they are part of a separate entity. He said the council could authorize an outright grant to the fire department corporation which it could use to pay for insurance. No action was taken on the matter since compensation policy that is in effect does not expire until Nov. 1.

The matter of ways to provide funds to the fire department had been the topic of discussion at the past several council meetings. The council is concerned with how much it would cost to operate the fire department, no matter who had control of the equipment.

Last night Councilman Herbert Fox reported to the council that the operation expenses for the calendar year of 1970 had been \$1,125. He reported that to date this year the expenses of the fire department had been \$484.11, exclusive of the \$500 allocated by the council for a new pump for one of the trucks. Fox said there are approximately \$437 in fixed expenses to be paid yet this calendar year.

Fox estimated the expense of the fire department for the coming year as \$2,300. He said that he based this amount on the expenses of the past years and the anticipated growth of the coming year. He added that this figure did not include the cost of any additional trucks or a substation on Tuacawilla Road which has been proposed.

LESTER WARD TEMPLETON, 16, of Myrtle Avenue, was killed when this car he was driving struck a concrete abutment at Cameron and Kentucky Avenues. Robert Capps, a passenger in the car, suffered cuts and bruises. The accident is being investigated by Trooper Robert Loving of the Florida Highway Patrol. (Related photo page 2A.)
