## Russians Admit Nazis Within 50 Miles Of Moscow

Germans Claim Fall Of Town Only 31 Miles Northwest Of Capital City

### Invaders Using Millions Of Men

### Soviets Tell Of Successful Counter-Attacks In South

BERLIN, Nov. 25.—(AP)—The reading of a report by the German High Command today is called the "first military attack of the United States on Hitler's Russia." The report, which is the first of its kind, says that the German High Command has ordered the evacuation of the western hemisphere.

On the Russian front, the Red Army today admitted the Germans are within 50 miles of Moscow at the Moscow-Leningrad railroad town of Klin, while Hitler's headquarters claimed the fall of Solovchikovsk, 31 miles northwest of Moscow.

The Soviet dispatches indicated the Germans are now within 50 miles of Moscow, but claimed their lines are holding except for the threat at Klin.

While Berlin was claiming that German tank and artillery forces had captured the town of Solovchikovsk, only 31 miles above Moscow, in an extension of the Nazi military thrust toward Leningrad, Soviet dispatches reported that the capital's second line of defense was under assault and that the invaders were within 50 miles of the city.

The most advanced German push in the Russian version also was put at above Moscow—about the town of Kalinin itself.

West, south and southwest of the capital the Soviet armies likewise were being pushed slowly back under the shock of an attacking force estimated by the Russians to aggregate 40 German Divisions of some 400,000 men.

Only on the southern and western fronts did the Red armies claim victories of consequence yesterday.

### Health Officer Pledges Support To Sale Of Seals

The Seminole County Health Unit staff members have pledged their support to the annual sale of Christmas seals in Seminole County which normally begins yesterday.

The health officer said that the sale of seals is a very important part of the county's health program and that the health officer will be on hand to assist in the sale.

The health officer also said that the sale of seals is a very important part of the county's health program and that the health officer will be on hand to assist in the sale.

The health officer also said that the sale of seals is a very important part of the county's health program and that the health officer will be on hand to assist in the sale.

The health officer also said that the sale of seals is a very important part of the county's health program and that the health officer will be on hand to assist in the sale.

### 13 Signatories Join In Nazis 5-Year Pact

### Western Democracies Called Assistants To World Communism By Ribbentrop

BERLIN, Nov. 25.—(AP)—The anti-communist pact sponsored by Germany was renewed for five years, and broadened to include 13 signatories today in a festive ceremony at which Foreign Minister Joachim von Ribbentrop asserted the western democracies had become "assistants to world communism."

The new signatories were Bulgaria, Denmark, Finland, Greece, Rumania, Slovakia and the Japanese-sponsored Nanjing regime.

They joined Germany, Japan, Italy, Spain, Hungary and Manchukuo.

Seven more governments, either active Axis allies or occupied by Axis troops, joined the six-power anti-communist pact aimed against "all destructive powers which directly or indirectly support bolshevism."

This phrase was taken by observers as a reference to the United States and Britain because of their support of the Soviet Union in fighting an Axis invasion.

Berlin considers these nations active sponsors of "world bolshevism" because of that support.

The observance was described as a demonstration of defensive will to oppose all destructive powers which directly or indirectly support bolshevism, and "an alliance which will create the pre-conditions for a new order in Europe and for the application of principles of a new order in the entire world."

Asked whether any nation had declined an invitation to be present, an authorized source said: "German diplomacy is such that it never receives a refusal."

National Townsend Representative J. H. Weir and Judge Napke of Lockport were the principal speakers at the regular monthly meeting of supporters of the Townsend Recovery Plan held at the Court House Sunday afternoon.

Among the plans formed at the weekly meeting of the Tourist Club held last night at the Tourist Center on Lake Monroe were definite arrangements for a card party scheduled for Friday night to which everyone is invited, according to Waldo Aldrich, president of the group.

The next meeting will be held Dec. 1 at the Tourist Center and election of officers for the coming tourist season will be a part of the regular business at the next meeting.

The president also urged winter visitors and tourists to attend these meetings each Monday.

Mr. Ingley asked that contributions be sent to him or to Miss Maude Ramsey and stated that "All clothing and food (whether fresh fruits and vegetables or canned) will be transported to Jacksonville by the St. John's River line without charge. If it is not convenient for you to properly pack and address the goods, send them to Chase & Company's warehouse and they will attend to the packing and shipping."

Superintendent Fagg in his report, disclosed that for the first 10 months of this year the Home has cared for almost 1500 homeless, friendless children. At the present time there are 604 children in their Home, and it is estimated that for the year they will care for approximately 1,800 children.

"Serious inroads have been made in the Society's income, both of cash and food and clothing. The many war relief activities are responsible for this, it is not the purpose of the Society nor your Committee, to suggest curbing these activities, but we feel that our own children must be taken care of and are just as important as those in foreign countries. Replenish your clothing (used or new)."

## Stimson Claims Axis Claims Initiative As British Tank Army Is Halted

### Santa Sits Down On The Job

WASHINGTON, Nov. 25.—(AP)—Secretary of War Stimson charged today that Finnish troops "are now being used by the Germans" in such a way as to help the Germans close the Murmansk-Moscow supply line over which outside aid flows into Russia.

Simultaneously, Maj. Gen. James H. Burns, deputy lend-lease administrator who recently returned from Russia, declared the Finns "are offering Germany great assistance in cutting across our national interest in the supply of lend-lease material to Russia."

Both asserted that the Finnish position should be altered.

### "Shooting War With Japan Is Near"—Pepper

BOSTON, Nov. 25.—(AP)—Asserting that the United States is not far from a shooting war with Japan, Senator Pepper said Monday that "We are only waiting for Japan to cross a line before we start shooting."

"I don't know exactly where that line is and I'm not sure where it is but when they cross it, we'll start shooting," he said in an interview.

Senator Pepper, after a visit with Governor Saltonstall, said that "Actual declaration of war is a legal technicality and such technicalities are being held back by England with supplies and makes sure she gets them."

### Judge Napke And J. N. Weir Speak To Townsends

National Townsend Representative J. H. Weir and Judge Napke of Lockport were the principal speakers at the regular monthly meeting of supporters of the Townsend Recovery Plan held at the Court House Sunday afternoon.

Among the plans formed at the weekly meeting of the Tourist Club held last night at the Tourist Center on Lake Monroe were definite arrangements for a card party scheduled for Friday night to which everyone is invited, according to Waldo Aldrich, president of the group.

The next meeting will be held Dec. 1 at the Tourist Center and election of officers for the coming tourist season will be a part of the regular business at the next meeting.

The president also urged winter visitors and tourists to attend these meetings each Monday.

Mr. Ingley asked that contributions be sent to him or to Miss Maude Ramsey and stated that "All clothing and food (whether fresh fruits and vegetables or canned) will be transported to Jacksonville by the St. John's River line without charge. If it is not convenient for you to properly pack and address the goods, send them to Chase & Company's warehouse and they will attend to the packing and shipping."

Superintendent Fagg in his report, disclosed that for the first 10 months of this year the Home has cared for almost 1500 homeless, friendless children. At the present time there are 604 children in their Home, and it is estimated that for the year they will care for approximately 1,800 children.

"Serious inroads have been made in the Society's income, both of cash and food and clothing. Replenish your clothing (used or new)."

## Axis Claims Initiative As British Tank Army Is Halted

### Chaotic Battle Said Raging On African Sands As English Use Fresh Troops

### Foe Is "Jammed" Is Berlin Claim

### Italians Assert Two Enemy Armored Brigades Destroyed

The Associated Press—The great tank battle which has been raging for three days on an undrained desert battlefield near Rezzh began to die down today as the forces of both sides were reduced by heavy casualties.

Infantry fighting in this region 19 miles southeast of Tobruk is intensified, however, as the British poured reinforcements into the fray.

Masses of tanks are engaged in a chaotic battle over the sands of North Africa today with London claiming a continuation of "very hard" fighting, and Berlin and Rome asserting that the British desert steaming roller had been "jammed," and further said the Axis had taken the initiative. The Italians claimed that two British armored brigades were wiped out in two days and said the Axis is liquidating a large portion of the Imperial armored forces in traps.

The Italians denied the loss of Bardia and declared "nothing has changed" at besieged Tobruk. The British claim reinforcements reported that new reinforcements are being thrown into the fierce fighting raging near Rezzh, 10 miles south of Tobruk.

The whole Libyan offensive, while apparently favoring the British, was at crisis—by coincidence on the same day that saw the German armies in Russia heating forward to within 50 miles of Moscow and plainly signaling that capital.

In Libya, there were two great areas of action—the one on a wild battlefield 40 miles below and to the east of Tobruk, and the other far to the south.

In the first of these, a struggle of tanks and men like nothing ever seen before in Africa was proceeding toward a desert theater for the sake or another. British informants, although announcing yesterday the capture by New Zealanders of the Axis port and base of Gambut in the rearward zone, disclosed amidst the chaos of the action to predict as yet its general outcome.

From Gambut all the way west to Rezzh, which lies just 10 miles below Tobruk, the Axis forces of German General Rommel with total disregard for cost were leading an ever-developing British air in a battle that involved not mere positions but the lives of armies.

### 18 Women Finish Instruction Given In First Aid Class

Eighteen Sanford housewives have completed the 20-hour American Red Cross Standard First Aid Course which was offered by the local chapter at the Woman's Club building, Miss Irene Hinton, instructor of the classes, stated today.

Miss Hinton and other graduates of the 60-hour methods course which was offered by the Red Cross during September and instructed by Robert C. Calverton, field representative from Washington, are organizing classes in connection with civilian defense work. Instruction is being given to girl scouts, boy scouts and civil clubs of this area, the publicity chairman of the Red Cross disclosed recently.

Women who completed the course after receiving the final examination Saturday, are Mrs. J. E. Baker, Mrs. F. E. Bohn, Mrs. W. B. Brinson, Mrs. Charles Brumley, Mrs. Perry Cameron, Mrs. R. Y. Caraway, Mrs. W. C. Cook, Mrs. Victor Grooms, Mrs. Charles Henson, Mrs. B. G. McVine, Mrs. B. C. Moore, Mrs. G. F. Proctor, Mrs. H. W. Roper, Mrs. Henry Russell, Mrs. E. T. Tills, Mrs. Hayward, Mrs. R. W. Ware and Mrs. Clair White.

Lord Beaverbrook, British minister of aircraft production, said today that the British are producing 25 per cent more fighters than the Germans and that the British are producing 25 per cent more bombers than the Germans.

Lord Beaverbrook also said that the British are producing 25 per cent more fighters than the Germans and that the British are producing 25 per cent more bombers than the Germans.

Lord Beaverbrook also said that the British are producing 25 per cent more fighters than the Germans and that the British are producing 25 per cent more bombers than the Germans.

Lord Beaverbrook also said that the British are producing 25 per cent more fighters than the Germans and that the British are producing 25 per cent more bombers than the Germans.

Santa Sits Down On The Job  
Santa Clause pulls a surprise squat at start of the spectacular Macy parade in New York City. Maybe his pack of toys was too heavy, but it leaked out that Santa lost a little too much of his helium. He had to be left out of the parade.

### Roy Mann Elected Head Of Home Sponsoring Group

Roy F. Mann was elected chairman of the Seminole County Sponsoring Committee of the Children's Home Society when the group met yesterday afternoon to elect officers and discuss with Marcus C. Fagg, superintendent of the Children's Home in Jacksonville, this year's quota of which a little less than half has been raised, according to a report made by J. L. Ingley, treasurer of the association.

Other officers who will serve during 1942 are: Randall Chase, vice-chairman; J. L. Ingley, treasurer and Miss Maude Ramsey, secretary. The following persons in addition to the officers from Seminole County attended the meeting: Mrs. R. E. Trum, the Rev. Martin J. Bram, the Rev. E. D. Brownlee, L. P. Boyle, B. A. Cobb, Mrs. Roby Laing, Maxwell Stewart, D. L. Thrasher, W. J. Walls, Jr., R. E. True and T. W. Linton.

Mr. Ingley asked that contributions be sent to him or to Miss Maude Ramsey and stated that "All clothing and food (whether fresh fruits and vegetables or canned) will be transported to Jacksonville by the St. John's River line without charge. If it is not convenient for you to properly pack and address the goods, send them to Chase & Company's warehouse and they will attend to the packing and shipping."

Superintendent Fagg in his report, disclosed that for the first 10 months of this year the Home has cared for almost 1500 homeless, friendless children. At the present time there are 604 children in their Home, and it is estimated that for the year they will care for approximately 1,800 children.

"Serious inroads have been made in the Society's income, both of cash and food and clothing. The many war relief activities are responsible for this, it is not the purpose of the Society nor your Committee, to suggest curbing these activities, but we feel that our own children must be taken care of and are just as important as those in foreign countries. Replenish your clothing (used or new)."

### Clemency Appeal By Floggers Is Before Talmadge

ATLANTA, Nov. 25.—(AP)—At a tenuous clemency hearing for six convicted floggers, Assistant Solicitor Dan Dukes of Fulton County told Governor Eugene Talmadge that he "should not add another precedent to Nazi technique by letting these men out."

Duke charged the men were members of a suburban Ku Klux Klan and were responsible for a series of midnight floggings. Attorneys for the clemency applicants told the Governor that the men, for whom Governor Talmadge has expressed sympathy, had unfair trials. The men are serving sentences ranging up to three years.

### Miami Beach Stages Anti-Nudity Drive

MIAMI BEACH, Nov. 25.—Ten persons were fined Monday in Miami Beach's anti-nudity drive aimed at clearing the beach of persons clad only in towels.

The driving force behind the drive was the Miami Beach Chamber of Commerce, which announced in a statement that it had received a letter from the United States Coast Guard, which had advised that the beach was a public place and that the United States Coast Guard had the right to enforce the laws of the United States on the beach.

### Jaycee Tourist Information Booklet Comes Out Today

Tourists who stop at the Information Booth on Lake Monroe Boulevard will receive detailed information concerning any kind of recreation they may enjoy in Seminole County as well as addresses of apartments, hotels, houses and any accommodations available for them.

To these persons who intend to reside in this county during the season, Miss Carol Palmer, who is receptionist, will present the annual Jaycee booklet which is edited this year by Henry Witte, Jr., while to tourists who stop for information about various points in the state, he has folders containing information about each section and "spot" of interest.

The 1942 Jaycee Annual contains more than 150 pages and for the first time, a pictorial section in addition to advertisements of business firms, amusement parks, hotels and home establishments, restaurants and cafes, florists and a number of organizations throughout the area.

Advertisements found in the booklet are illustrated with other sketches or photographs of sights which a winter resident will find interesting and impressive. Among the photographs are pictures of the Tourist Center, the Zoo, the Bowling Alley, the Golf Course, San Lando Springs, the Big Tree, the Band Shell on Lake Monroe, hunting and fishing, the Oviola swimming pool, picturesque scenes along the highways, lakes and rivers in the vicinity of Sanford.

Illustrations depicting industry in Seminole County include pictures of cattle, orange groves, celery farms and wash-houses, bulb farms and truck gardens.

### Body Of Orlando Painter Is Found

BRUNSWICK, Ga., Nov. 25.—(AP)—The body of Robert Youmans, 23-year-old Orlando sign painter who disappeared a week ago, was found in the Butler River near here and identified by State Patrolmen.

Trooper T. R. Hamrick said the body was discovered Sunday by C. E. Tucker, while he was fishing in the river.

Youmans disappeared while en route to Atlanta with his mother, Mrs. Martha Youmans. She told police that the youth suddenly stopped their automobile, kissed her goodbye and said, "I'm going to finish it all."

State Patrolmen said the boy then tossed his pocketbook into the automobile and ran toward the Champney River bridge. The Champney and Butler Rivers join some distance from the bridge.

BIBLE VERSE FOR TODAY

GOD'S PEOPLE OFTEN
HAVE SEEMINGLY BEEN
LOST FOR A TIME: And Je-
hovah said, go in this thy might,

SONG OF THE WHEAT

(From Alentour)
Blow fitful winds, blow through
my limber strands
Of life, waving in undulating
rows.

KNOX-MUNSON

This poem is being permanent-
ly affixed to the marble walls
in the corridor of the Chicago
Board of Trade.

President Batista of Cuba says
the United States will be in the
way of Spring. We wonder if it
can stay out that long.

John L. Lewis snapped his
fingers and 125,000 coal miners
struck. He snapped his fingers
again and they went back to
work. Boy! That's discipline!

Sanicole County actually is
not any richer now than it was
last year, but how much richer
it feels it gives one to learn
the property valuations here have
gone up from \$6,745,000 to \$21-
419,000 in the last 12 months.

Lucky hunters who bring home
the best of duck, quail, or other
game are asked to have them
photographed by Robert L. Cox,
free of charge to them, not only
by The Herald, but also by the
Chamber of Commerce who are
striving to obtain as many pic-
tures of this kind as possible.

Don't be afraid of building
houses now. The material will
come through and there's a good
chance they'll come through in a
burr.—Oscar Banner. And if
the price of lumber is high now
it'll be a heap higher a year
from now.

We don't blame Senator Hous-
sler for getting mad with us
when some typographical error
made us call him Hershfelder.
We'd be mad, if we were in his
shoes and anybody ever intro-
duced a name as Senator Over-
street, we'd be mad.

The United States Army has
shown the South American. Amer-
ican Army is getting to be
a good deal more than a
show. We now extend
to the very border
of the United States. The
Army is now in any direction
of the United States.

Joe Hendricks
and one to permit the State
to get the money and the
State. One to permit the
State to get the money and the
State. One to permit the
State to get the money and the
State.

Buy Christmas Seals

Now that the annual Christmas seal sale campaign
has started again under the active leadership of Mrs. J.
L. Ingley, it is time to remind our readers of the rather
unpleasant fact that Seminole County has the highest
death rate from tuberculosis of any county in the state.

The chief difficulty in combatting tuberculosis comes
from the failure to recognize it soon enough and to do
anything about it before the victim is too far gone to be helped
and before he has transferred the disease to his relatives
and neighbors.

A typical victim of tuberculosis is described by the
National Tuberculosis Association after a study of the pic-
tures behind the deaths of 450 persons in the state of Mich-
igan. The "average" victim of tuberculosis is a victim not
so much of the disease as of his own ignorance, careles-
sness and fear.

The "average" victim, the study revealed, had not
graduated from high school. He knew little about tubercu-
losis, and what he did know was mostly wrong. He had
been aware he was ill for at least six months before he
got the correct diagnosis. He did not have money to pay
for his hospital care. He did not want to go to the san-
atorium and, if he did go, he only went when he was very
ill. He left the sanatorium against medical advice when
he was well on the way to recovery.

He felt no duty to protect the people around him
against his highly infectious illness. He infected other
members of his family, his acquaintances, people he worked
with. Among them could always be found one person with
active tuberculosis, for which he was responsible.

Not that he is the only one that gets tuberculosis. The
disease knows no boundaries of race, income, occupation,
age or sex. But he is the major problem of the tubercu-
losis associations. He is the human barricade to further ad-
vance against the disease.

He must be found in time to save his life and to save
others from him. He must be sought among apparently
healthy persons. He must be taught what to do about his
own condition. He must be taught to protect others. He
must be given medical care. He must be given occupational
training, so that when he is fit again for everyday life he
will not become a taxpayer's burden.

The search for him is not easy. It takes money to find
him. And the search for him must be intensified. The find-
ing of him in sufficient numbers will outweigh the grim
advantages that times like these always give to tubercu-
losis.

It is up to us to supply the financial means for his
search as we, through our purchase of Christmas Seals,
are the sole means of support of the tuberculosis associa-
tions. Every time he is found and put under medical care,
his life may be saved and the ever-present menace of tu-
berculosis is decreased just that much more for all of us.

Plea For Navy's Future

Secretary of the Navy, Frank Knox, condemns the
practice of junking our warships when hostilities cease,
in a special article written for the current Liberty mag-
azine. "In another year or eighteen months," he writes,
"we will again have the most powerful naval force the
world has seen, a two-ocean navy with a full complement
of airplanes and auxiliaries. It will cost us more billions
of dollars than I can calculate off-hand."

"What are we going to do with it, fellow Americans?"
he asks. "Are we going to sink it again after this war. Or
are we going to preserve it and maintain it to defend us
against future wars?"

He points out that although during the World War
the United States lost four combat vessels and emerged
with the most powerful fleet in the world, we celebrated
by destroying 236 of our own ships. In the War of 1812
we lost 25 naval vessels in combat or storm, and 227 to the
junk dealers.

"Excepting the war with Spain in 1898," the article
provides, "the United States has met every international
crisis woefully unprepared at sea, especially so for a mari-
time nation. Without exception, it has ended the war in
possession of as formidable a navy as any stout and
again without exception the United States has thereupon
tossed its fleet upon the scrap piles!"

"This must not and shall not be the fate of the navy
we have rebuilt and are building now!"

Promote The Parks

One Florida feature which many home folks speak
of but whose tourist appeal could be made greater, is the
system of State parks.

There are about a dozen of these spacious State-owned
tracts, occupying more than 16,000 acres in which the
native beauties of Florida are kept at their best for all
nature-lovers to enjoy.

These parks are not for those, whether permanent
idents or tourists, who prefer the comforts of civilization
on all occasions, and consider it a hardship to get out
tent, get sunburned, be bitten by mosquitoes, or
forest trails. They stand for Outdoor Life in its best
form, with most of its inconveniences and all of its
pleasures.

In times like these, the urge for outdoor life is
one reason why Florida expects a big tourist boom.
Show the tourists these parks and they'll want to come
back.—St. Petersburg Independent.

### Branan And Fleming, Celery Fed Aces, Make Honor Squad

Two of Seminoles High's brightest grid stars, Left Half Bill Branan and Fullback Billy Fleming, were honored by the North-east Florida Athletic Association yesterday at Live Oak when they were voted places on the all-conference honor squad, according to information received from the Associated Press. Twenty-six men were named on the squad.

Branan's great running and kicking, and Fleming's powerful drive and all-around ability made the hard earned honors well deserved.

Meanwhile, Coach McLucas' team are preparing for their traditional clash with Leesburg. Seminoles' surprise victor over New Smyrna by a convincing 21 to 14 count, the local eleven is expected to be in top shape, mentally and physically, for the Wednesday night encounter at Leesburg.

Northeast Florida Athletic Association of High Schools Monday declared Tallahassee its 1941 football champion and released an all-conference honor squad.

Twenty-six players were named on the squad selected by the member schools with the approval of Spike Welshinger of Daytona Beach, president of the conference.

### Speed Slogan Is Adopted By Navy Football Forces

ANNAPOLIS Md., Nov. 25.—(AP)—Admiral David Farragut didn't know anything about football but his "full speed ahead and damn the torpedoes" just about describes the Navy's 1941 gridiron policy.

The Middies are mazing away at football opponents with a versatile, deceptive, and wide open attack—and they don't seem to give a hang about the chances they take to make it click.

Skeptics took a "wait and see" position when pre-season dope indicated that Swede Larson had a football super-dreamnaught ready for launching down on the banks of the Severn.

It let get with full speed ahead right from the start, and upset William and Mary, West Virginia, Lafayette and Cornell like so many canoes. The invulnerable Swede came in the mud against Harvard in 6-0 tie but the Middies were back up again next week to topple undefeated Penn.

Then came their only defeat—a 20-13 setback by Notre Dame. Sailors shot the works against the Irish and were in the battle all the way. They threatened with a long march that was halted within Notre Dame's five yard line in the closing period. They could handle—and top—anything Notre Dame had except a sure-fire passer named Angelo Bertelli. His aerial bombs were just

too fast and accurate. With a wealth of sophomore material led by Barnacle Bill Busk Larson set up a two-team system last fall and worked hard to balance them so that opponents would be subjected to constant pressure. The 1940 Middies proceeded to bull foes around in midfield with comparative ease—but they lacked scoring punch and finesse.

Larson concentrated this fall on getting some fire into that two-team attack (both outfits returned almost intact). He cut the number of offensive maneuvers, insisted on letter-perfect execution, and then played it safe.

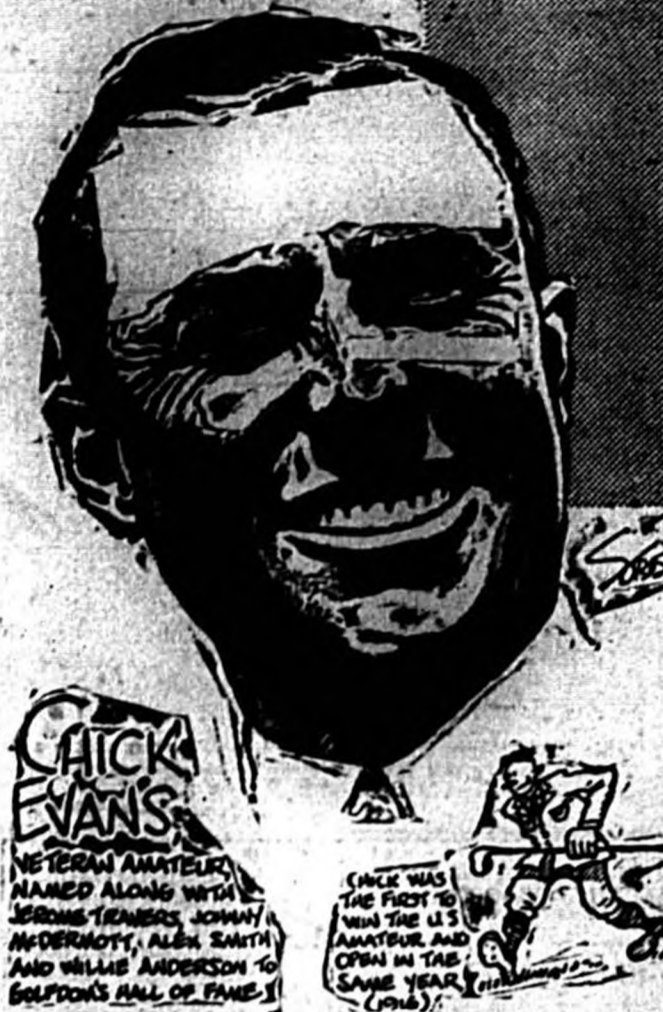

"Take chances," he said. "You know: 'Full speed ahead and damn the torpedoes'!"

The Middies know how to take orders.

### Miami's Amazing Sophomores Meet Alabama Friday

Miami's amazing sophomores take on Alabama in the Orange Bowl stadium Friday night in the feature game of this week's Florida collegiate football season. The fast-stepping Hurricanes have surprised even their most optimistic supporters in winning seven of eight games this season. They will be underdogs against powerful Alabama, but Miami fans are convinced the Crimson Tide will have to play its best football to win.

The Hurricanes, beaten only by Florida this season, turned in another upset last week by routing South Carolina, 7-6.

Rollins entertains Howard college at Orlando Friday night in the only other Florida collegiate game this week. The Tars were upset, 14-6, by Presbyterian last week, a game that gave the S. J. A. A. a 2-1 record in the league.

The game with Howard rates as about a tossup on the basis of comparative scores.

Florida's Gators jubilant over their 14-7 homecoming triumph over the Georgia Tech Engineers, will be idle until they play U. C. L. A. in Jacksonville Dec. 20.

The Gators were at their best against Tech and made efficient use of their aerial weapons to win.

A pass from Harrison to Leo Cahill good for 48 yards set up the next touchdown, which was made by Red Mack in a plunger from the one-yard line. Paul Eller placekicked the extra points.

Fullback Ralph Plaster scored Tech's touchdown in the fourth period as the climax to a 60-yard drive sparked by Dave Elsdredge and Bobbie Dodd, Plaster's understudy. Plaster kicked the extra point.

The Tampa Spartans closed out their season with a 67-2 victory over the Maxwell Flyers and brought their point total to 215, a mark that probably won't be touched by any other team in the state in the current campaign.

Nearly 500 communities in all parts of the country release children from public schools during school hours for religious education.

## Axis States That British Soldiers Are "Annihilated"

### German Dispatches Declare Capture Of 5,000 Prisoners Near Tobruk

### Cairo Admits Foe Is On Offensive

### American, English Newsmen Are Reported Captives

NEW YORK, Nov. 25.—(AP) Premier Mussolini may have been for the Libyans front to encourage his Italian soldiers, the Rome radio said today in a broadcast heard by N. B. C.

LONDON, Nov. 25.—(AP) Both sides probably will throw in "about everything they have got" to win the great battle in the Resegh area, which will determine the fate of Libya, informed quarters said today. An announcement from Cairo that both the British and the Axis forces had brought up reinforcements in the Resegh area would be a sign that the heavy losses already suffered.

Axis dispatches declared today that British troops south of Resegh, 10 miles from Tobruk, had been encircled and "annihilated" and 5,000 prisoners captured, and the Germans said the Libyan campaign could no longer be considered as a British offensive.

British Cairo headquarters announced that the German forces had captured the British command post and the British command post. A London spokesman announced that the battle is still raging furiously with bloody losses on both sides and added the struggle is "possibly now reaching a fresh climax."

The high command, reporting the Axis victory south of Resegh, said that two American observers and "various English and American journalists" were among the captives. It also said, in south central Libya, by the "overwhelming" British forces.

Word that the Axis had passed on the attack in some sectors, and indeed had been in such action in those sectors for 48 hours, came coincidentally with the inclusive end of the first phase of the British invasion—the great (Continued On Page 2)

## Bram Will Deliver Sermon At Church On Thanksgiving

The Rev. Martin J. Bram will deliver his last public sermon in Sanford tomorrow morning at 9:30 o'clock as a part of the Thanksgiving services at the Presbyterian Church, which will be an inter-denominational service. The Rev. E. D. Brownlee will officiate.

## C. W. Bailey Gets Naval Commission

Navy Yard, S. C., Nov. 25.—(Special)—Twenty-six Florida boys have been selected for appointments to Naval commissioning officers' places, and to various grades, the Navy Department announced today. One Florida boy was among the 251 throughout the nation named for temporary commissioning and other advanced positions which will be filled by the end of 1942. The 251 boys were selected from a list of 1,200,000 young men who are in the military service. The boys will be commissioned as ensigns, and will be assigned to various parts of the fleet. The boys will be commissioned as ensigns, and will be assigned to various parts of the fleet. The boys will be commissioned as ensigns, and will be assigned to various parts of the fleet.

## Tuberculosis As Major Problem To Be Discussed

### Officers Of Health Units To Meet At Orlando Dec. 2

"Tuberculosis, One of Florida's Major Health Problems" will be analyzed by Dr. R. D. Thompson, superintendent of the State Tuberculosis Sanatorium in Orlando, who will be the first speaker to health unit officers attending the annual seminar in Orlando Dec. 2 and 3 at the Sanatorium, Dr. Dan Cone, director of the local health unit, stated today.

Other participants on the two-day program include: Dr. Alex Brown, of New Orleans who is a supervisor of tuberculosis control for the Louisiana State Health Department; Dr. L. H. Kingsbury and Dr. W. O. Fowler, resident staff of the Sanatorium; Dr. J. N. Patterson, director of Laboratories and assistant State health officer, State Board of Health, Jacksonville; Mrs. May Pynchon, executive secretary, Florida Tuberculosis State Board of Health, Jacksonville; and Dr. Lynne E. Baker, director, division of Tuberculosis, State Board of Health, Jacksonville.

According to Dr. Cone, the Louisiana speaker is eminent in his field of work and it is the first time an out-of-state man has been invited to participate in the Florida Institute for Public Health Officers. The sanatorium can do little with incurable cases, Dr. Thompson has for many years urged health officers to determine whether a patient is tuberculous. Another factor which measures in the refusal of incurable patients in the shortage of beds which prevails in any institution of this kind, Dr. Cone pointed out.

## Howes Addresses Presbyterian Men

Dr. R. H. Howes, professor of law at Stetson University, addressed members of the Presbyterian Men's Club on "The American way of life, or the elements of Western civilization," at their meeting last night. During the business session of the meeting, officers were elected for the coming year. Men who will serve at the head of the organization are J. B. Graham, president; J. A. Radpath, vice president; Richard Varny, secretary; Ray Wright, treasurer. Charles Morrison presented a musical program to the group of about 50 men who gathered in their meeting room at the church.

## British Reveal Try At Coast Of France

LONDON, Nov. 25.—(AP)—Britain disclosed officially yesterday that a small beach patrol had raided the German-held coast of French Normandy Sunday night and returned home intact, as a World War naval hero bitterly accused the nation's makers of war policy of overruling even Winston Churchill to block a real invasion punch by the command invasion troops a year ago.

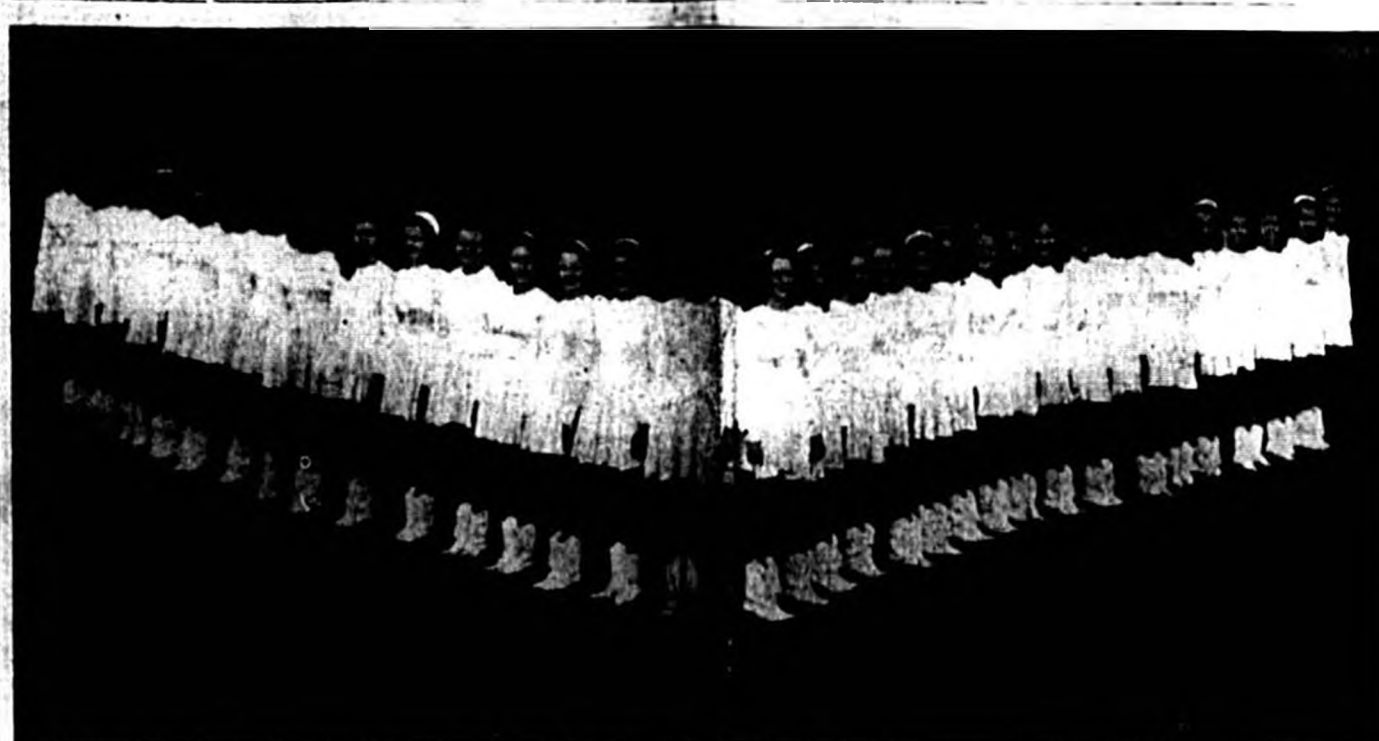

## Mrs. Simpson Dies At Weirsdale Home

Mrs. Eleanor Simpson of Weirsdale, mother of Mrs. Grace Kimball of this city and Mrs. Mary Cameron, formerly of Sanford, died at her home Nov. 22. Funeral services for Mrs. Simpson were conducted Sunday afternoon in Weirsdale.

## First Nine Greens At Country Club Golf Course Is Planted In Rye Grass

Local golfers have a treat in store when they visit the Sanford Country Club, Allen Stewart, club pro, declared this morning when he disclosed that the greens on the 18-hole rye grass course have been planted in rye grass. The club pro said that the greens are in good shape and golfers can get a good 18-hole game. Mr. Stewart added, "The local club has long been noted as being one of the sportiest in Florida."

## THE SEMINOLE HIGH SCHOOL CELERYETTES

These 33 young girls, whose intricate formations have thrilled spectators at local football games as well as out-of-town gridiron classics, will perform with the school band Dec. 4 in the Orlando Christmas Parade. Reading from left to right, they are: the Misses Betty Davis Williams, Lois Caldwell, Marjorie Jones, Nancy Cullum, Mildred Altman, Ann Wiggins, Hilda Mae Rogers, Mary Rabun, Mildred Williams, Shirley

Eck, Carolyn Rosier, Kathryn Wiggins, Martha Perkins, Camille Hatten, Helen Quastman, Mary Jane Robinson, Jean Tates, Floss McWhorter, Edna Senkark, Daphne Connolly, Martha Hagan, Paty Wallace, Pauline McLellan, Dorothy Lyons, Betty Moore, Elizabeth Vaughn, Helen Phillips, Betty Conant, Betty Sue Hatcher, Betty Jo Brock, Ruby Dobbins and Myrtle Ruth Odham.

## Advertisement In Magazine Brings In 15 Inquiries

### Article Is Sent To Those Asking About Fishing In County

Over 15 inquiries have already been received by the Chamber of Commerce in response to an advertisement placed by the Griffith Advertising Agency of St. Petersburg, in the current issue of Sports Afield magazine, Secretary of the Chamber revealed yesterday.

The requests were for fishing information in Seminole County and as the result, John Schirani, well known local fisherman, was asked to write an article on fishing in Seminole County. The article follows:

"Florida may be considered too warm for good fishing by many uninformed Waltonites, but this is decidedly not the case. The waters of the Wekiva River are cool regardless of the weather conditions, and that makes for the home of the 'big Mosasaurus.' You'll find them way down under the natural cover extending from the banks. If you want the thrill of your life, just drop a line out of the boat. You'll see him make a break for that same cover, and don't make the mistake of using a sorry line because it won't be long before things will begin to happen.

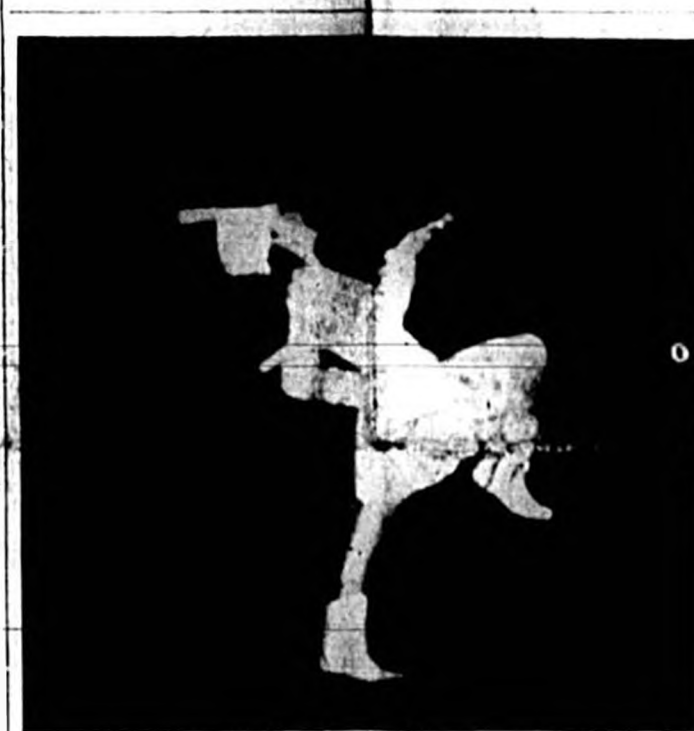

## U. S. Troops Land At Dutch Guiana

PARAMARIBO, Dutch Guiana, Nov. 25.—(AP)—United States troops have reached this Netherlands South American colony and have received a "heartily and simple welcome," the official Netherlands Indies news agency, Aneta, reported Tuesday night.

## First Nine Greens At Country Club Golf Course Is Planted In Rye Grass

Local golfers have a treat in store when they visit the Sanford Country Club, Allen Stewart, club pro, declared this morning when he disclosed that the greens on the 18-hole rye grass course have been planted in rye grass. The club pro said that the greens are in good shape and golfers can get a good 18-hole game. Mr. Stewart added, "The local club has long been noted as being one of the sportiest in Florida."

## DRUM MAJORESS

Miss Jean Harper, who will lead the Seminole High School Band, stepping sprightly and twirling a baton, when it participates in the annual Orlando Christmas Parade.

## Thanksgiving Will Be Observed In Sanford Tomorrow As In 15 States

### Germans Prepare To Raze Belgrade

WASHINGTON, Nov. 25.—(AP)—The White House disclosed today that government intelligence services had reported that Germany is preparing to raze Belgrade, the capital of conquered Yugoslavia, because the Nazis are convinced the (Continued On Page 2)

## Army Maneuvers In Florida Are Planned

TAMPA, Nov. 25.—(AP)—Lieut. Gen. Delos C. Emmons, head of the army air force combat command, the nation's air fighting arm, said here yesterday that large scale maneuvers were being planned for Florida next Spring as a supplement to those under way now in the Carolinas.

## Naval Enlistments Show Marked Decline

WASHINGTON, Nov. 25.—(AP)—Secretary of the Navy Knox said today the torpedoing of the U. S. destroyers, Kearny and the Boston James with a total loss of 13 men has caused a decline of 15 percent in the rate of Navy enlistments.

## High School Glee Club Featured At Kiwanis Meeting

### Club Plans Special Meeting Honoring Past Presidents

Songs and recitations by members of the Seminole High School Glee Club and public speaking class featured the program of the Kiwanis luncheon held at the Valida Hotel today.

Miss Dorothy Sanford, music director of Seminole High School, introduced the members of the glee club as a selected group from the ensemble within the club of 70 members.

A quartet consisting of Miss Sanford, Gladys Pippin, Ed White and David Gabel sang the "The Best Song" by Sigismund Robinson. Ann Stein, member of the public speaking class gave two readings, one about the naming of the negro town and the other of a baptizing.

Alma Grantham and Doris Entzinger played a medley of songs as a piano duet and Gladys Pippin sang a solo, "Bliss." Concluding the program was a trio composed of Miss Sanford, Miss Pippin and Miss Grantham singing, "Smoke Gets In Your Eye" by Jerome Kern.

## Assignment Given To State Attorney

TALLAHASSEE, Nov. 25.—(AP)—Governor Holland Tuesday assigned State Attorney J. W. Hunter of Tallahassee to assist State Attorney Grady Burton of Waukegan in an investigation of Avon Park City affairs. The assignment was for an indefinite period, beginning Dec. 1.

## Mrs. Ingley And Mrs. Newman To Act As Hostesses At Tourist Tea

Mrs. J. I. Ingley and Mrs. R. A. Newman will act as hostesses to tourists at the first tea given by the "Forward Sanford Club" at the Tourist Center honoring winter visitors, Mrs. Mayme Hodgkin, chairman of the group, stated following a meeting of the club yesterday.

## Nazi Forces Are Within 16 Miles Of Reds' Capital

### Tension Between U. S. And Japan Shows Increase

### Cause Attributed To U. S. Conferences With ABCD Envoys

TOKYO, Nov. 25.—(AP)—Secretary Hull's continued conferences with the envoys of other ABCD powers (Britain, China and Dutch East Indies), has caused authoritative Japanese quarters to take a gloomy view of the outlook for Washington negotiations seeking a lessening of the Japanese-American tension.

In the midst of the discussions, President Roosevelt summoned the War and Navy Secretaries to the White House for what was described as a "check up" conference.

The conferences, including Secretary of War Stimson, Secretary of the Navy Knox, Army Chief of Staff Marshall and Chief of Naval Operations Stark, were presumed to have canvassed the far eastern situation among other things.

London reports said U. S.-Japanese conversations now appeared to be centered on the possibility of reaching a provisional three-month agreement, rather than a general settlement. London diplomatic circles, concealing the chances of achieving even a limited agreement were slight, believed that if the three-month arrangement could be worked out it might form the basis for a more permanent understanding later.

## Duke Of Windsor Denies U. S. Tour Was Unfavorable

NASSAU, Bahamas, Nov. 25.—(AP)—Through an official spokesman, the Duke of Windsor Tuesday denied that his recent tour of the United States and Canada had occasioned "bitter comment" in American newspapers.

## Price Control Bill May Be Reconsidered

WASHINGTON, Nov. 25.—(AP)—House Minority Leader Martin of Massachusetts said after a conference of the Republican membership today that a strong effort would be made to send the Price Control Bill back to the banking committee if a licensing provision were restored.

## Nazi Forces Are Within 16 Miles Of Reds' Capital

### Tension Between U. S. And Japan Shows Increase

### Cause Attributed To U. S. Conferences With ABCD Envoys

TOKYO, Nov. 25.—(AP)—Secretary Hull's continued conferences with the envoys of other ABCD powers (Britain, China and Dutch East Indies), has caused authoritative Japanese quarters to take a gloomy view of the outlook for Washington negotiations seeking a lessening of the Japanese-American tension.

In the midst of the discussions, President Roosevelt summoned the War and Navy Secretaries to the White House for what was described as a "check up" conference.

The conferences, including Secretary of War Stimson, Secretary of the Navy Knox, Army Chief of Staff Marshall and Chief of Naval Operations Stark, were presumed to have canvassed the far eastern situation among other things.

London reports said U. S.-Japanese conversations now appeared to be centered on the possibility of reaching a provisional three-month agreement, rather than a general settlement. London diplomatic circles, concealing the chances of achieving even a limited agreement were slight, believed that if the three-month arrangement could be worked out it might form the basis for a more permanent understanding later.

## Duke Of Windsor Denies U. S. Tour Was Unfavorable

NASSAU, Bahamas, Nov. 25.—(AP)—Through an official spokesman, the Duke of Windsor Tuesday denied that his recent tour of the United States and Canada had occasioned "bitter comment" in American newspapers.

Answering criticism voiced in the House of Commons by Laborite Alexander Sloan, the spokesman at Government House, where the duke resides as governor of the Bahamas, asserted that: "Only four writers made 'unfavorable comment' about the Duke and Duchess."

A private survey showed more than 80 percent of the United States' press was favorable. The unfriendly writers emphasized the quantity of luggage needed for the Windsor trip, ignoring that it was for their entertainment and not for the Duke and Duchess alone.

## Price Control Bill May Be Reconsidered

WASHINGTON, Nov. 25.—(AP)—House Minority Leader Martin of Massachusetts said after a conference of the Republican membership today that a strong effort would be made to send the Price Control Bill back to the banking committee if a licensing provision were restored.

## Mrs. Ingley And Mrs. Newman To Act As Hostesses At Tourist Tea

Mrs. J. I. Ingley and Mrs. R. A. Newman will act as hostesses to tourists at the first tea given by the "Forward Sanford Club" at the Tourist Center honoring winter visitors, Mrs. Mayme Hodgkin, chairman of the group, stated following a meeting of the club yesterday.

## Vichy Radio Asserts Hitler's Legions Crack Russians' Defense At Kiln

### Germans Capture Village Of Gora

### Moscow Defense Arc Loses Ground At Both Of Its Ends

In Berlin, Foreign Minister Von Ribbentrop told the anti-communist signers today that Germany already has won the campaign in the east, and the way now is only the fight with Britain and her "trans-Atlantic helpers."

Von Ribbentrop declared that even if the United States entered the war against the Axis, she could not prevent the triumph of Germany and her allies.

German mechanized forces are now only 25 kilometers, or less than 16 miles, from Moscow, having broken through southeast of Kiln, the Vichy radio asserted today, quoting Nazi "front reports." Kiln is 50 miles northwest of Moscow.

The Russians have admitted serious new German gains on the northern and southern flanks of Moscow's defense arc, but claimed counter-attacks in the Ukraine had pushed the Nazis back another six miles northwest of Rostov.

A London broadcast said the Germans have captured the village of Gora, 40 miles northwest of Moscow, and the Germans announced that their troops are hammering at the city's outer defenses and have made "considerable gains."

Military dispatches Tuesday said the Germans also were continuing furious drives in the Kilm and Tula regions, but the Army newspaper Red Star said despite two Soviet withdrawals in the Kilm area, the Germans were halted early in time before making much penetration.

How the Nazis reached as far east as Stalingrad was not explained. In a special statement Tuesday night, the Soviet information bureau acknowledged the Russian forces had lost 2,122,000 men in dead, wounded and missing since the German invasion began June 22, but said German losses now totaled 6,000,000.

It reported the Russian losses as 490,000 killed, 1,112,000 wounded, and more than 520,000 missing. Russian equipment losses were placed at 7,900 tanks, 4,400 planes and 12,900 guns; compared with German losses of more than 16,000 tanks, 13,000 planes and 79,000 guns.

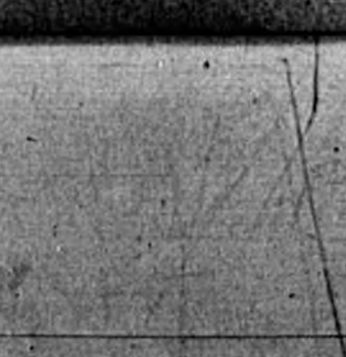

## Fire Department Has Two Calls Yesterday

Defective wiring on an automobile owned by George Ellison caused the vehicle to catch on fire yesterday afternoon at Seventh Street and French Avenue, Fire Chief Mack Cleveland reported yesterday.

## THE WEATHER

Florida—Fair in north and not quite so cold in northwest portion tonight. Partly cloudy and slightly warmer in the north portion Thursday. Considerable cloudiness in the south portion; scattered showers on the southeast coast tonight and Thursday. Georgia—Fair and not quite so cold; scattered light frost tonight, Thursday fair and rising temperature. Alabama—Fair and continued cold with frost in the south portion and temperatures 26 to 34 in interior of the south portion and 34 to 36 on the coast tonight, Thursday fair and rising temperature.

## 23 SHOPPING DAYS LEFT

## Naval Enlistments Show Marked Decline

WASHINGTON, Nov. 25.—(AP)—Secretary of the Navy Knox said today the torpedoing of the U. S. destroyers, Kearny and the Boston James with a total loss of 13 men has caused a decline of 15 percent in the rate of Navy enlistments.
