

# Celery Feds Tackle Packers Twice Tonight At Park

## Charley Bisson, Jodie Howington Slated To Hurl For Local Squad

Manager Ed Levy's second place Celery Feds will seek to place the Municipal Park this evening in a twin bill with the first tilt when the two clubs meet at getting underway promptly at 6:30 o'clock.

Charley Bisson, righthander who limited the St. Augustine Saints to exactly no hits during a six inning relief performance recently, will start the first game which will go seven innings. The second tilt will see Jodie Howington taking the hill in search of his eighth victory of

their current season against a single defeat.

## INSIDE SPORTS REPORT

By JULIAN STENSTROM

**"Fed Team to Beat" - Sosh** says. Manager Johnny Sosh, able receiver for the luckless Daytona Beach Dodgers, Saturday night told sports scribe Benny Kahn of the Daytona Beach News-Journal that Sanford was the team to beat in the Florida State League.

Personally we believe it is a bit to early for such a statement but we'll admit that the Feds are about the hottest club in the circuit. Tonight the Feds play the Leesburg Packers in a twin bill at the Municipal Park and tomorrow evening they open a crucial series with the Orlando Senators.

The Senators have been worked over thoroughly since the last time the locals tangled with them and it should be a do-or-die battle during both Orlando tilts. Charley Bisson and Jodie Howington will probably toss to-night's tilts leaving Jim Schantel and Goose Kettles to hurl the Orlando affairs.

## Soviet Government Criticized By Attlee

### Labor Party Praised By Churchill For Resolute Denunciation Of Communism

LONDON, June 5, (AP)—The Soviet Government received sharp criticism today in the House of Commons from both the Labor government and its Conservative opposition. After opposition leader Winston Churchill charged that the seeds of a new world war were being sown in the Russian dominated areas of eastern Europe, Prime Minister Attlee censured the Soviet government for its "policy of dragging the spirit of the Potsdam agreement."

Mr. Attlee said Moscow interprets the agreement too literally "without flexibility." However, Mr. Churchill today had more to say in praise than in criticism of the Labor government and Foreign Secretary Ernest Bevin when he declared that the Labor government had made an important contribution to peace by what he called a "resolute denunciation of Communism." Bevin, he added, should not be blamed for the stalemate in the three negotiations. "I should like to be given the blame for what Churchill described as Britain's painful decline in influence and prestige since the end of the war."

The former British prime minister, pictured in third of Europe's population cut off behind the Russian iron curtain with Russia attempting to swallow the entire area.

The opposition leader also praised the Labor government for its hands-off policy with regard to Franco Spain, declaring that it had shown less restraint in refusing to interfere in the internal affairs of another country. Note of us like the Labor regime, said Churchill. And there is a characteristic ally, in addition, "Personally, I like it as little as I like the present Russian administration."

Churchill, however, did criticize the Labor government for conducting foreign affairs on a one-party basis, with consulting opposition leaders. But he added, "I am not complaining."

### Chamber Offices Are Moved To USO Building Tuesday

BIBLE VERSE FOR TODAY

FOUL THOUGHTS DO NOT COME FROM A PURE HEART...

Further holding of the inflation, the OPA has announced a 10 percent increase in the price of low cost shoes.

A dog was hit by a car on Celery Avenue...

A Sanford man, seeing a gold ring on a street...

James Caesar Petrilli - you remember that Caesar was assassinated by men who thought he was plotting to make himself emperor...

The trouble with the Army of the United States, Secretary of War Patterson seems to think, is that we won the war...

We suppose there is some justice in the Supreme Court's decision banning segregation on common carriers in interstate commerce...

A large share of the credit for the defeat of the communists in both France and Italy during the recent elections should go to the Catholic Church...

Employment has been pretty steady around here lately, though people have money, and most of them are spending it as fast as they can find something to spend it on...

The Communist Way

One thing that the communists and their sympathizers have never been able to explain to our complete satisfaction is who does the dirty work in a country such as ours under a communistic regime.

It has to be admitted by even the most ardent advocate of communism that no matter how benevolent such a government might be someone would have to sweep the streets, and that there would necessarily be commissars of banks, railroads, and department stores...

Under the communist system everyone is supposed to be rewarded for the fact that he still breathes with an equal share of the products of the nation's productive system.

It strikes us that a lot of work would have to be done under the lash or by threat of the firing squad as it is in Russia.

Well, that of course would depend upon the whim of the party in power. If they happened to be Baptists they might make the Methodists do it.

It might also follow that not those least able to do any other kind of work were compelled to do the dirty work, but those who had spent their lives as bankers, ministers, or clerks, regardless of their physical disabilities.

Lincoln Still Speaks

A new Lincoln letter has just been published. Written in 1860 to a Michigan farmer, it gave the facts about the various political contests which Lincoln had had with Peter Cartwright, one of the so-called "circuit riders" of itinerant preachers who once were frequent in the Middle West.

While the letter adds little or nothing to what students of Lincoln's early career already knew, it shows that, in accumulating Lincoln material, the barrel has not yet been scraped dry.

One important source remains untapped. Robert T. Lincoln, son of the President, deposited his papers with the Library of Congress with instructions to keep them sealed until 1947.

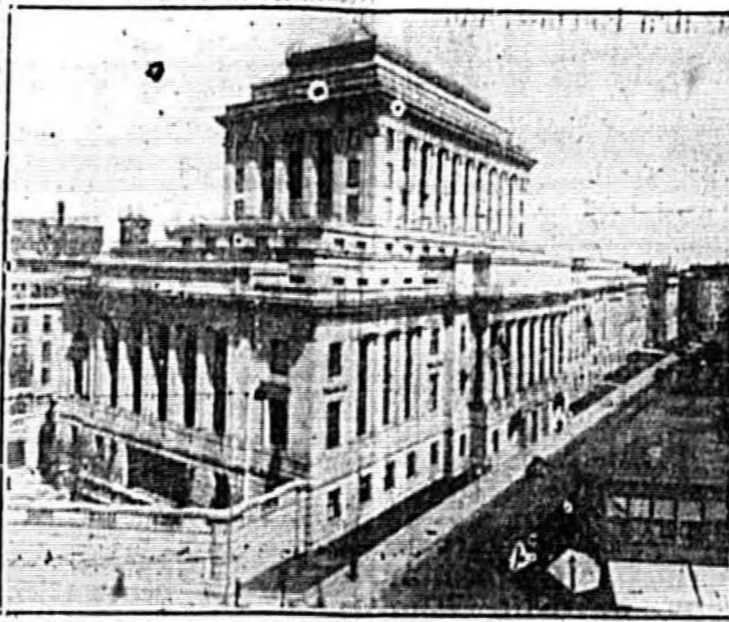

The Savoy Rulers

Italy has voted for a republic, marking the end of the oldest reigning dynasty of Europe. While the heads of the House of Savoy have been kings of Italy only since 1861, before that they were kings of Sardinia and Piedmont, and earlier still dukes of Savoy, the little area in the French Alps which include Mount Blanc.

The name of the first ruler, Umberto, is also the name of the latest. He was called Umberto of the White Hands. He died in 1918 and the nickname may reflect an age when few washed.

For a long time the dukes of Savoy were able men who added territory by waiting till the right time, but in the last 150 years the family has rather petered out. Only King Victor Emanuel II, who reigned from 1849 to 1878, was outstanding.

Until all responsible government heads are made to realize the true greatness is the spiritual stature of its people, rather than its physical resources, there can be no end to the conflict between materially mental forces that precipitated World War II.

The time has come, the Directors affirmed, when representatives of all social and religious systems are being called upon to give something more convincing than promises, prophecies, and pious platitudes to sustain the faith of their fellows, and to provide for a lasting peace.

## Miss Yvette Trembley Weds Gordon Oldaker

In a quiet simple ceremony Miss Yvette Trembley, daughter of Mr. Aurele Trembley of Montreal, Canada, was married to Gordon Oldaker, son of Mr. A. V. Oldaker and the late Mr. Oldaker, Saturday at 8:00 P. M. at the Oldaker home on 2310 Maple Avenue. The ceremony was performed before an improvised altar of palms, ziajolouzes, fern and lighted tapers.

Miss Polly Oldaker, niece of the groom, attended the ceremony. Her escort was the groom's cousin, Little Sandra Merritt, the flower girl wearing a pink dress with a corsage of sweetheart roses scattered rose petals in the path of the bride.

The bride chose a street length dress of white lace and a short veil held by a coronet of garlands. Her corsage was of pink roses and gardenias.

Herbert Loyola acted as best man for the groom. Immediately following the ceremony a reception was held for the wedding party and guests.

## TERRACE TALK

BY CECELIA TRULUCK

Those who were in Sanford during the war will remember the bond rally in 1945 when English movie star JOHN SUTON of "Jane Eyre" and "This Gun For Hire" spent three days here making personal appearances.

He appeared at the Big Theater on a program with DICK AIKEN and ED LANE and was given a small party at the V. A. SPEERS home following the program. Well, he is now back in circulation in Hollywood according to the latest movie map (propaganda) and will be appearing in pictures. From London comes the news that a rare, unauthorized version of Shakespeare's works has been found by a book and movie in London. The pirate edition was uncovered in the Lincolnshire mansion of Sir John St. Vigor Fox. It had not been opened for more than a century. Shakespearean experts say that the book is doubtless the only authentic copy in Britain of a contemporary pirate quarts volume of nine plays. The only other edition on record is in the Folger Library in Washington.

The book publisher, SIDNEY HODGSON, said that the pirate copy seemed to correspond with the Folger book except that the pages were in different order. Many prizes have been heard for the untracing efforts of MRS. S. D. HIGLEYMAN in the cunning drive. Friends will be interested to learn that JAMES PEARSON is now affiliated with DUDA and SONS in Slavia. At the beautiful party given for MARGARET DISGFELDER at the Seminoles Court.

# Celery Feds To Meet Orlando Senators Here Tonight

## 1,300 Fans Slated To See Bisson And Martin Tangle At Local Park

### Sanford, Although Idle Last Night, Advance Half Game Closer To Senators And Hike Lead Over Saints To Two Full Tilts

By JULIAN STENSTROM

The Sanford Celery Feds remained idle last night, when the rains came early yesterday afternoon and completely drenched the playing field at the Municipal Park and Manager Ed Levy of the locals and Manager Bill Good of the Leesburg Packers decided that an attempt to play even one game of a scheduled twin bill would not be possible.

But even though the Feds were idle, they gained a half game over third place St. Augustine when Manager Bill Steiner's Saints fell before the DeLand Red Hats who are fighting to replace the Gainesville G-Men in the last section of the first division. However, their victory last night didn't help them for the G-Men trounced the Palatka Azaleas by a score of 17 to 2. The Red Hats were tied with the Saints by a 2 to 2 count.

Moving another half game ahead of the Saints wasn't all the Feds accomplished last night. They also gained a half game on the first place Orlando Senators. Over in Daytona Beach, where it remains difficult for about all the State League clubs to defeat the Dodge nine except Leesburg, the one-time Islanders counted once in the last half of the 11th frame to capture a 2 to 1 decision over the league-leading but revamped Orlando aggregation.

Sanford is now riding three and a half games behind the Senators and maintains a full

two game lead over the ancient city nine.

Weather permitting, tonight at the Municipal Park Sanford Baseball Association officials expect to handle approximately 1,300 fans when the Feds will be hosts to the Orlando club. The two teams will play a two game series, the first slated in Sanford tonight and the second to be played at Tinker Field in Orlando tomorrow evening.

Hurling tonight for the Feds will be Charley Bisson. Bisson was the new Fed righthander who last Wednesday evening relieved Jim Payne in the fourth inning against St. Augustine and hurled hitless ball for six innings. Bisson was originally slated to hurl the second game of the double header in Gainesville which was rained out last Sunday. He was ready to take the hill in Leesburg Monday evening but rain again prohibited the playing of the contest. Last night, Charley was ready to hurl the first tilt against the Packers and Jodie Howington was scheduled to twirl the second half of the dual bill.

However, Howington is now slated to perform tomorrow night against the Senators in Orlando. Tonight's game will get underway at 8:15 P. M.

Manager Ted Madjeski has revealed that righthander Howard Martin will get the hurling assignment for the Senators. Thus far this season, Martin has beaten the locals in one affair and dropped a single tilt.

### INSIDE SPORTS REPORT

By JULIAN STENSTROM

**Feds Hold Record**

Over in DeLand the other evening 1,600 fans jammed into Conrad Park to see a baseball game between the Gainesville G-Men and the DeLand Red Hats. DeLand was quite proud of the fact but in many newspaper releases it was overlooked that a beauty pageant was held in connection with the ball game.

So, this still gives Sanford the league record this season for the largest attendance in one evening to see a plain baseball game. When 1,465 fans jammed into the local park recently, that was the largest crowd to come out for a baseball game in the whole circuit.

Gainesville drew 2,160 for their opening night tilt and St. Augustine packed in their home park a total of 2,131. However, new automobiles were given away at both of these games and Bob Ripley was a feature attraction at the Francis Field affair. In other words, hat off to the Celery Feds, the biggest attraction in the league.

**Tuttle And Justice**

Numerous remarks relative to the ability of Bob Tuttle to handle the second base position recently vacated by Joe Justice have floated our way during the past few days. We have heard many say that the loss of Justice

will hurt the club. Others claim that Tuttle has been playing excellent ball over at third base in place of Byron Sharpe who only returned to the Fed lineup last Sunday.

In our opinion, Bobby will be able to handle second base in good style and to the satisfaction of the majority of the fans, and particularly to the satisfaction of Skipper El Levy. Tuttle is a second baseman by trade anyway. He may hit some 30 points below Justice during a complete season's play but Tuttle will score as many runs and get on base as many times we believe.

Regardless, it was certainly nice to have a capable youngster like Tuttle around when Sharpe's collision with Bud Burns of the Senators happened during a Sanford Orlando tilt.

**Double Headers**

In the event you haven't dropped a card to this corner yet to tell us how you would like to have double headers played in Sanford, be sure and do so immediately so that the plan of the majority of the fans can be presented to the baseball club and arrangements made to schedule double headers in the future the way you want them played. However, remember that one tilt in the afternoon and another in the evening is completely out.

**Consult An Insurance Agent In Time!**

An automobile insurance policy is of little value, until you have an accident. After an accident the premium may be infinitesimal compared to damage caused by your automobile.

Before you have an accident we can write you \$15,000 to \$4,000 bodily injury; \$5,000 property damage liability and \$750 medical payment for only \$24.25 on private passenger cars. All makes.

Please see us before you have an automobile accident.

**SPEAKING of Big Jobs**

When you set out to provide telephone service to rural dwellers in an area of hundreds of thousands of square miles in nine states, you're in for a REAL JOB!

No one knows this better than your telephone company, nor is there anyone more eager to see farmers have telephones.

We're hard at the job, using the best equipment and "know-how" that years of Bell System experience and research have been able to devise. Southern Bell trucks and men are becoming a more and more frequent sight on the road-ways of the Southeast.

## One Killed And 2 Injured In Union Pacific Collision

Streamliner, "City of Portland" is Involved in Wreck Near Hot Lake, Ore.

A GRANDE, Ore., June 6, (AP)—A brakeman has died and 50 persons have been injured slightly in the head-on crash of two passenger trains today on the Union Pacific Railroad at Hot Lake in Oregon.

The wreck involved the streamliner "City of Portland" traveling west from Chicago, and an eastbound Union Pacific standard passenger train. The eastbound train failed to take a siding and crashed into the streamliner, which was halted on the main line. Apparently the standard train continued through the switch and rammed the streamliner after the engineer had jammed on the emergency brakes.

The brakeman who lost his life was identified only by his last name, Unger, who lived at Bendleton, Ore., was crushed to death. Of the 50 injured, only one passenger was hurt badly enough to require hospital treatment. He is the Rev. J. Ward, a Catholic priest from St. Louis, who took Hot Lake where the wreck took place 12 miles east of La Grande.

## Charles F. Robbins Of Lake Mary Gets Navy Discharge

Charles F. Robbins, 29, motor mechanic's mate third class, of Lake Mary, crew member of the aircraft carrier Cabot during major invasions in the Pacific, was honorably discharged at the Jacksonville Naval Personnel Separation Center yesterday. He is the son of Mr. and Mrs. Fred T. Robbins of Lake Mary.

Robbins was sent overseas on the Cabot in December, 1944, and later participated in the invasions of Luzon, Iwo Jima and Okinawa. After the war his ship patrolled the Yellow Sea for two months and then returned to the United States in December.

Transferred to the heavy cruiser Augusta, Robbins completed his Naval tour of duty aboard it at Philadelphia. He wears four ribbons, the American theater, the Asiatic-Pacific theater, the Philippine Liberation Expedition with one star, and the Victory.

Formerly employed by the Lee Hendrick poultry farm, he left his job in May, 1944, to enter the navy. He plans to take an apprentice training in painting and carpentry under the G. I. Bill of Rights.

## Governor Dewey Before New York State Trade Meet

NEW YORK, June 6, (AP)—Governor Thomas Dewey of New York has stated that the basic issue now confronting the United States is the conflict between individual initiative and government control. Dewey told the New York State Chamber of Commerce that the time has come for those who believe in freedom of enterprise to stand up and be counted.

The governor declared that no nation ever has been known to fall back once it started down the slippery road to totalitarianism. He warned that it is time for this country to make up its mind as to whether it will continue forward in freedom or surrender to those who would lead it to totalitarianism through government rule of the nation's economy.

Dewey further stated that business can exist only if it makes a profit. He said that labor can be paid real wages in terms of purchasing power only if it produces more goods and shares in that production.

PROMISER MADE  
RICHMOND, Va., June 6, (AP)—One of the prominent ministers who rallied at the White House yesterday said today that President Truman promised to recall Myron C. Taylor as his personal envoy to the Vatican.

According to the Rev. John A. MacLean, the President assured the Protestant clergymen that Mr. Taylor would be recalled by the time the peace treaties are signed — at the latest. Dr. MacLean is pastor of the Winter Park Presbyterian Church of Richmond.

LEAVING the White House after he had presented his credentials to the President is Nikolai Novikov, the new Soviet Ambassador to the United States. The President told Novikov that the U. S. Government would strive to improve and strengthen economic, political and cultural relations between the two countries.

## Orlando May Be Candidate For Italian Office

ROME, June 6, (AP)—A veteran Italian politician, 66-year-old Vittorio Emanuele Orlando — is winning wide mention today as a likely compromise candidate for president of Italy's new republic. The nation is awaiting public proclamation of the end of the monarchy and of the reign of the House of Savoy.

By more than 2,000,000 votes, Italians have decided to oust King Umberto in office less than six weeks in favor of a republic. Umberto recently took over from his father, King Vittorio Emanuele, who abdicated and now is living in exile in Egypt.

Now, Italian political observers say Orlando is being proposed as first president of the new republic because he is a Sicilian. Because he is, Orlando is expected to be able to repair the schism shown at the polls, between north and south Italy. The north voted against and the south voted for the monarchy.

However, it appears likely Orlando will face strong opposition from the Italian Communist party which came out in third place in the weekend elections for members of the constituent assembly. A communist spokesman declared during a pre-election speech that the communists never would collaborate with Orlando.

QUAKE SHOCK  
NEW YORK, June 6, (AP)—A mild earthquake was recorded today by the Fordham University seismograph in New York City. The University seismologist, the Rev. Joseph Lynch, estimated that the quake was centered about 400 miles from New York. Two shocks were recorded — one shortly after 7:48 A. M. Eastern Daylight Time, and the second about eight and one-half minutes later.

BATISTA HITS BACK  
PALM BEACH, June 6, (AP)—Cuba's former president—General Fulgencio Batista—who is vacationing at Palm Beach, brands as ridiculous and a snipe movement launched in Havana to have him extradited in connection with charges of malfeasance and falsification. The movement to extradite the former Cuban president has been started by the public prosecutor of the Cuban supreme court. Batista has declined to elaborate on his statement but says he will have more to say later.

## Orlando Noses Out Celery Feds Before 1,620 Fans By 7-5 Score

Senators Push Over 2 Runs in 10th Inning To Obtain Measure Over Levy's Squad; Bride Slaps Out 5 Hits in 5 Trips

BY JULIAN STENSTROM

The Sanford Celery Feds made a gallant attempt last night to punch Ted Madjeski's Orlando Senators right in the nose and cut their lead over the local second place nine before 1,620 fans but instead they were nosed out by the Orange County aggregation by a score of 7 to 5 in a tilt which lasted ten innings.

Although Dave Bride, Sanford's up and coming right fielder had a perfect night at the plate last evening with five singles in five trips to the plate, the Fed attack was halted especially when the other two-thirds of the Fed lineup, Buddy Lake and Ed Levy, failed to connect with a single safety in a total of nine trips to the plate.

Howard Martin was on the mound for the Senators and John Peterson for the Feds. Martin was hit for 13 hits by the Celery Feds, but after the first three frames he was able to keep them scattered. Meanwhile, Orlando was having some difficulty with Howie's hurling. The Sanford outpunch limited the Senators to nine hits, but the hit effectiveness was hindered at times by brief streaks of wildness. He walked seven men during the contest and two free passes were issued with the sacks loaded.

Sanford opened their attack in the initial frame. Al Bryant doubled to left field and scored on Bride's first single. Bride and second on left field Ed Levy, scored on a single. Bryant and Lake, straggled out attempting Dave to third. Bryant had two moments. Later when he stole home.

Orlando added their first score in the second inning when Lavelle walked, went to third on Bryant's single and started on Meno's fly to right. In the third, Cory walked, was sacrificed to second, took third on Kauscher's single and scored when Lavelle walked with the bases jammed. Sanford gathered in their final three runs in the bid when Howington bunted to center, Kauscher singled to right, Bryant moved both runners over with a sacrifice and was safe himself when Martin miscued the lead. With the bases loaded, Bride drove out his second hit in score. Howington and Silverman, Tuttle singled to left to move Bryant to third and the Fed shortstop bled an error, by Sanford.

Orlando got two in the fifth of the fourth on two hits, a walk and a Fed error and Kauscher doubled in the seventh and later scored on Howington's fly to center. In the eighth, Bryant walked and Scamie dropped a Texas leaguer into left field. DeWitt dumped a hot in front of the plate. Don Zinsel grabbed the apple and tossed to Tuttle who was covering first base. The ball went wild and into right field, permitting both Bryant and Scamie to score two runs and run up the necessary margin.

Tonight the two clubs moved over to Turkey Field in Orlando where an exciting contest was expected to be played before a large gate. The game will probably get the building assigned tonight as Manager Ed Levy attempts to come up to the top of the score.

## Soldiers Pay Tribute To Fallen Comrades On Anniversary Of D-Day

506th Paratroops Gathered at Great Kansas City Monument Recall Prayers of D-Day Leader Before Normandy Invasion

Mon Pere!! Papa!!

When Col. Wolverson finished his speech to his men, he thought he had returned to Kansas City a hero from that memorable day. Wolverson left a few hours later, under German gunfire. He returned to his home in Kansas City, where he was welcomed as a hero.

They came from all over and on hand to greet them was their commander's successor, former Maj. Robert Hartwick, of Pittsburgh, and Wolverson's widow, Mrs. Kathleen Wolverson of 1110 E. W. Va.

Hartwick solemnly intoned the names of their fallen comrades to the roll of drums — then "Taps."

The ex-paratroops left silent by each with its own way of paying tribute to its fallen commander and the brave men who died with him.

## Rough Waters Hinder Work On New City Docks

Three 40-Foot Piers For Pleasure Craft To Be Constructed

Strong east winds, which once Monday, have caused Lake Mary to be quite rough, have hindered operations of the W. E. Ravenel Construction Company in removing old piling and timber from the City docks at the Municipal pier, preparatory to driving new crisscrossed piling for three foot docks for pleasure craft, according to Mr. Ravenel, who during the week worked with the San Francisco Pacific Theaters.

He was optimistic, however, that old piling could be removed by the end of the week in spite of the handicap of the high wind and a "green crew" which he is training to handle the steam hammer pile driver which is carried on a screw which arrived here Sunday.

One of the three docks will be 10 feet wide and two will be 12 feet wide. The piling is heavy, and galvanized steel bolts will be used in the construction of the piers which are curdling to Mr. Ravenel at about last 30 years in more.

Hartwick's men have been placed in the city at the entrance to the Municipal Pier, and pedestrians and motorists are warned by city Manager H. B. Sayer to keep off the pier, due to the hazardous nature of the work going on.

The city has had the materials on hand for the construction for several months.

## A. F. of L. Sailors In New York Began Leaving Ships At Noon; CIO Joins

NEW YORK, June 6, (AP)—A walkout by A. F. of L. seamen began ahead of time today on New York and Baltimore. Work stoppages were scheduled for 3:00 P. M. Eastern Daylight Saving Time, all along the Atlantic and Pacific coasts and the Gulf of Mexico, but in New York the group began at noon.

A. F. of L. maritime workers, also had jammed the gun in Baltimore. Today's work stoppage by the A. F. of L. seamen is expected to spread to other ports and to include the A. F. of L. strategy of the CIO maritime workers, which carry out their threat to strike on June 15, but now there is talk of an A. F. of L. maritime strike — not just a temporary stoppage.

In New York, an agent of the A. F. of L. said that the A. F. of L. seamen and their union, the International Maritime Union, had called a meeting for the afternoon and that the A. F. of L. seamen would be in a position to take action on June 15.

The A. F. of L. seamen, who are represented by the International Maritime Union, are expected to strike on June 15, but now there is talk of an A. F. of L. maritime strike — not just a temporary stoppage.
