HOSTILITIES IN FAR EAST ARE NOW IMMINENT

Chinese Troops Have Opened Fire On Rus- sian Planes Flying In Manchurian Area

LONDON, July 24.—(INS)—While the powers of the world continued their diplomatic efforts to bring about a peaceful solution of the crisis between Soviet Russia and China, ominous messages reaching here from the Far East today indicated that danger of actual hostilities is far from past.

Dispatches from Harbin, principal city of Manchuria, the center of the Sino-Russian dispute, stated that Chinese troops had opened fire upon Russian planes flying over the Manchurian frontier, throwing the Russian forces into a fury of war unprecedented since the quarrel first broke out.

In contrast with this unofficial view, belief is held in circles close to the foreign office that general hostilities are unlikely. However, it was admitted there might be clashes between isolated military units along the frontier.

Based upon latest reports from Harbin and other Far East sources, some officials here are adopting the viewpoint that China was waging in earnest the Eastern railway in such a summary fashion.

When the first fusillade of Chinese shots directed at the Russian planes was heard, the message reported the red troops were thrown into a fury, and dispatches were almost immediately received from the ranks by outposts. Demands on the part of the soldiers that they be allowed to attack the Chinese forces in reprisal.

London officials, experienced in such difficulties, the dispatches added, in withdrawing the troops, and a serious clash was narrowly averted.

Attack On Persian Rebels By English Reported In London

LONDON, July 24.—(INS)—No confirmation was available here today of reports that British military planes, co-operating with Persian government troops, have launched a large band of rebels in south Persia.

The rebels, the reports claimed, were the attempts of King Amanullah, ruler of Afghanistan, to overthrow the British-backed ruler, King Zahir Shah. It is reported that British troops have been killed in the fighting.

The summer uprising against the British-backed ruler of Afghanistan, which followed the overthrow of King Amanullah, was reported to have been crushed by British troops. Woman Slain, Robbed Of \$12,000 In Gems

NEW YORK, July 24.—(INS)—Mrs. Catherine Kirkhoff, 35, wealthy Bronx woman, was found dead in the bathroom of her home early today. Jewelry valued at \$12,000 is gone from the apartment.

A man of dubious reputation was found in the room next to the bathroom. He was taken to the police station. The woman's body was found in the bathroom. The jewelry was valued at \$12,000.

Dr. Snook Goes On Trial In Slaying Of Theora Hix, Pretty Ohio State Co-ed

Youth, 13, Held For Slaying Playmate

AUGUSTA, Ga., July 24.—(INS)—Charged with the murder of a playmate, Henry Hix, 13, was held today following an inquest into the death of Theora Hix, 16. A coroner's jury found that Hix had died after being hit over the head with a stick in the hands of the 13-year-old boy.

The trial with its "collegiate background," attracted a huge crowd. A number of the spectators were young girls and women. Five youths were required to maintain order in the crowded corridors.

BRITAIN TAKES STEPS TOWARD NAVAL TREATY

Nation Already Cur- tailing Armaments, Says McDonald Who Plans American Visit

LONDON, July 24.—(INS)—Great Britain and the United States have made progress in their naval limitation negotiations that an agreement has been reached upon the principle of naval parity, Premier Ramsay MacDonald stated in the House of Commons this afternoon.

The Premier revealed that Britain is already curtailing her naval armaments. It is likely that the Prime Minister will go to Washington in October to confer with President Hoover.

The Premier also mentioned the "happy coincidence" of the Labor Party assuming office in Britain just before the arrival of American Ambassador Charles G. Dawes.

PROPOSED CUT IN ARMY, NAVY TO BE OPPOSED

Resentment Is Shown Toward Mr. Hoover's Suggested Economy In National Defense

WASHINGTON, July 24.—(INS)—In launching a campaign to reduce the cost of national defense, President Hoover today had undertaken a task that brought only defeat to Calvin Coolidge and to virtually every other occupant of the White House since the Civil War.

In setting out to slash army and navy expenditures, Mr. Hoover must win over a hostile Congress, which repeatedly has ignored presidential recommendations for "economizing" in national defense.

Republican leaders in the House, in which Army and Navy appropriations originate, frankly expressed doubt over the possibility of success for the President's plan.

Administration spokesmen in the Senate, which must likewise approve all economies, found the President's proposal rather surprising in view of the known attitude of Congress toward national defense.

The President meanwhile was subjected to criticism from leaders of both parties, and both ends of the capital, Senator William H. King (D., Utah), declared military expenditures were far too high but that the President was making a "no more" in making over the question of economies to army officials themselves.

Republicans to the program was voiced by Sen. Fred A. Burton (R., Ill.), chairman of the House Naval Affairs Committee. He charged that the President was making a "no more" in making over the question of economies to army officials themselves.

Mr. Hoover Praises World Peace Pact Before Diplomats

Simple And Solemn Ceremonies Attend White House Meet- ing This Afternoon

WASHINGTON, July 24.—(INS)—In a simple ceremony that contrasted strangely with the significance and solemnity of the undertaking, President Hoover today proclaimed the effectiveness of the world peace pact, under which 46 of the most powerful nations of the earth have bound themselves to renounce war, and never seek a settlement of their disputes by other than peaceful means.

With all the simplicity of the ceremony, it was a fitting assemblage that took part in the momentous drama of "outlawing war."

Around a great horseshoe table set up in the historic East Room of the White House at the residence of 40 of the power, solemn and impressive. They may have their doubts as to the ultimate value of the treaty in preventing war, but if so it was not apparent in their grave and solemn faces as they sat and heard Mr. Hoover repeat the simple 16 words that it read, "We will tolerate war as the means of settling disputes."

President Hoover spoke the 16 words at the outset of his brief address to the representatives of the nations.

"Article 1. The high contracting parties, solemnly declare in the name of their respective peoples that they renounce recourse to war for the solution of international controversies, and renounce it as an instrument of national policy in their relations with one another."

"Article 2. The high contracting parties agree that the settlement of all disputes or conflicts of whatever nature or of whatever origin they may arise among them, shall never be sought except by peaceful means."

That's all there is to the treaty. Yet to accomplish it there were many months of negotiation, many millions of words exchanged between governments, and much delicate negotiation carried on.

Mr. Hoover did not attempt to add the 16 words to the treaty. He simply read them. He then turned to the representatives of the nations and said, "We will tolerate war as the means of settling disputes."

He then turned to the representatives of the nations and said, "We will tolerate war as the means of settling disputes."

DEFENSE THROWS BOMBHELL INTO TRIAL OF DEPUTY

Claim Phillips Must Have Been Slain By Driving Companions

BUCHANAN, Ga., July 24.—(INS)—If the court please, we expect to show that Luke Ballenger did not kill Grady Phillips. We expect to show a disagreement between Phillips and his brother-in-law over his wife. We expect to show that one of these may have shot Grady Phillips.

With these words E. S. Griffith, defense attorney in the alleged "law enforcement matter" trial of Luke Ballenger, Haralson county sheriff, took the witness stand in the crowded courtroom where the trial is being held.

Griffith made his startling statement in which he showed the defense plan of attempting to switch suspicion from Ballenger to Phillips' companions, after he had asked Emmet Woodard, one of the Southern-brothers, whether he had ever threatened Phillips' life. Phillips was killed on the night of June 18 as he and four companions, his wife's brothers, were singing along the highway near here in the family driver.

Ballenger admits that at the time of the shooting, he was in the car with the Phillips family. He said he was not the one who shot Phillips, but that he was with the Phillips family at the time of the shooting.

COOLIDGE PAYS VISIT TO WASHINGTON FOR TREATY CEREMONIES

WASHINGTON, July 24.—(INS)—

Calvin Coolidge returned to Washington this morning for the first time since he relinquished the reins of office as president on March 4. He returned to witness the proclamation of the Kellogg-Briand treaty outlawing war which was conceived under his direction.

The short four and a half months of his absence seemingly had served to make the good people of the nation's capital forget the visible chief executive. When he stepped into the White House, which he had left in 1928, he was greeted by a throng of people.

He was greeted by a throng of people. He was greeted by a throng of people. He was greeted by a throng of people. He was greeted by a throng of people.

CUBS AND GIANTS CLASH TODAY FOR CRUCIAL SERIES

Pittsburgh Wins From Brooklyn In Single Major League Tilt

NEW YORK, July 22.—(INS).—A new set of intersectional engagements in the big leagues gets under way in full blast today with the clashes between the Giants and the Cubs, Detroit and the Yankees and Cleveland and the Athletics featuring the card.

With the dynasty of the Yankees apparently ended, the spur of the Cleveland club is providing most of the fireworks in the American League. During their home stand just concluded the Indians won 10 out of 17 games, including three out of five from the Yankees, and too fourth place away from Detroit.

The Indians, who finished seventh last year are now hopeful of overtaking third-place Browns. They boast a formidable hurling corps in Favel, Miller, Hedlin, Shantz, Zinn and Miller, and a quartet of sweet hitters in Fossenger, Falk, Morgan and Ayer.

The millionaires associated with the club have been shipping currency by the bale in exchange for new talent and the splurge is beginning to bear fruit. Another load of high grade ivory is to be imported next year, when the team may be ranked as a bona fide pennant contender.

In the only game played yesterday, the Pirates increased their lead over the Cubs to a game and a half by slaughtering the Brooklyn 13 to 3. Sparky Adams led the parade with four hits, and in the fourth inning the Bucs hopped on Moore and Duddy for seven runs. Drame pitched for the winners and was never in danger.

ALEX RETURNS TO FORM TO SUBDUDE PHILLIES, 8 TO 2

Cubs Reduce Pirates' Lead To Half Game; Yanks Down Tigers

NEW YORK, July 24.—(INS)—When Bill McKelvie resumes his managerial duties in St. Louis today he will find his task of jacking up the fading Champions made easier by the return to form of Grover Cleveland Alexander, his right hand in other pennant campaigns.

The grand old man of baseball showed all of his old time skill in pitching the Cardinals to an 8 to 2 win over the Phillies yesterday. Although picked for 10 hits, he struck out seven batters and did not walk a man.

The Cubs advanced to within a single point of the Pirates by blanking the Giants, 2 to 0, while the league leaders were dropping a 10 to 7 slugfest to Brooklyn. In the seventh inning, pitcher Bill of the Pirates filled the bases by intentionally walking Blanton, a .226 hitter, to get at Billy Riel, the Youngstown, Ohio recruit, promptly averaged this insult by lacing the ball over the left field fence, breaking up the party.

Red and "Big Boy" Hubbell staged a pretty pitching duel in the New York-Chicago game, each allowing only four hits. The Cubs converted a double by Earl Clark and Grimm into runs.

Quinn pitched Boston's winning streak by mowing the first nine of a double bill, 9 to 5, but Dillinger whitewashed the Red Sox in the nightcap, 6 to 0.

In the American League, the Yankees inaugurated their home stand with a 7 to 5 triumph over Detroit, thanks to the address of Earl Whitehill, who passed nine men in the Pirates' pitcher for New York.

The Yanks cut Philadelphia's lead to 10 games as the Athletics were set down by Wes Ferrell of Cleveland, 9 to 3 after Bob Walberg had pinned a 4 to 1 decision over Willis Hudlin in the first game.

In the nightcap, the Indians knocked out Jack Quinn in the ninth inning, when they piled up six runs, Jimmy Fox, Connie Mack's nighty four, being the pitcher's record breaking feat of "no error" by driving a ball clear over the roof of the left field stands.

The first-topping White Sox scored at Washington, 4 to 2, and the Browns, although out-batted by 13 hits to 12, lunched their blows to down the Red Sox by an 11 to 1 count.

College Football Teams Will Use Airplanes For Long Distance Hous

By Copeland C. Burg

Staff Correspondent

NEW YORK, July 24.—(INS)—American Sport fans did not realize that the college football season was under way until a few years ago when Gene Tunney flew from his training camp to the scene of a world's championship boxing battle in which he lost one of the principals.

These same sport-follower probably will soon suffer another of those "gray beard" attacks, or it is possible even by next year and surely within a decade college athletes will be making long distance trips in large airplanes to fill the empty seats of the average sized football squads, instead of teams and train conductors.

Dartmouth leads
Dartmouth, the college located north of the better known at Hanover, N. H., will be the pioneer in the college athletes' "airmail" department. It is now making plans for the building of a landing field near the campus, and it is planning to use the airplane for traveling about the country. One of the chief appeals of air travel to college athletes is that the long distance may be filled at a considerable distance with a minimum of time lost by the students from their classes.

Both Dartmouth and Harvard will be the first to have already made flights with players in various parts of the country to discover if the air trips have any real effect on the players' health. In some distance play is usually decreased and extremely nervous before a big athletic battle would enter the fray in their physical and mental condition if brought to the scene of the contest in planes, it is claimed.

For some time, Harvard and other eastern schools have not only been in international football games and other athletic contests, but the long trips, which took them from their studies, usually could not afford air transportation but with the latest developments the flying costs could easily be met.

MARLATT PLANS TO TALK ON FLY IN WINTER HAVEN

Secretary Hyde Will Accompany Chief Of Quarantine Forces

ORLANDO, Fla., July 23.—(INS)—Dr. C. L. Marlatt, chief of the plant quarantine and control administration of the United States Department of Agriculture, will appear at a meeting at Winter Haven Friday night and outline terms and conditions of proposed new regulations to govern the forthcoming shipments of citrus fruit and vegetables that are hosts to the Mediterranean fruit fly.

In a telegram to Col. R. M. Sharer, president of the Florida Citizens League, Marlatt declared he and Secretary of Agriculture Hyde would come to Florida to acquaint themselves with the present situation arising from the appearance of the fruit fly in the state, and that he would be glad to accept the invitation to address a meeting at Winter Haven.

An invitation to Governor Carlton to attend the meeting and introduce Secretary Hyde was dispatched to the governor by Dr. William Newell, head of the fly fighting forces in the state. Dr. Marlatt and Secretary Hyde expect to arrive here Friday morning and spend the day in and about Orlando observing results of the eradication progress and maintaining themselves with the situation in general on Saturday they intend to continue their inspection trip northward to Jacksonville where they will depart for Washington.

WASHINGTON, July 24.—The first modification of the fruit fly quarantine on interstate shipment of Florida citrus fruits was announced last night by Secretary Hyde, who granted permission for the movement of limits produced in Monroe and Dale counties in Florida to be shipped to other parts of the country.

he and Dr. C. L. Marlatt, chief of the agriculture department's bureau of entomology, would go to Florida on Friday to study with state officials further methods of combining the fruit fly. The secretary declared he would seek full co-operation between federal and state officials in remedying the pest's ravages.

The lifting of the quarantine on lines was made, the department said, because intensive inspection in the two counties and adjacent counties showed no infestation of the fruit fly and laboratory tests indicated that fruit fly eggs laid in four times failed to develop any hatch. The order to subject to cancellation if development warrant.

U.S. makes Dollars SMALLER
PLYMOUTH makes them LARGER

In Washington, the government presses are turning out smaller dollar bills. In Detroit, the huge Plymouth plant, largest of its kind in the world, is turning out a motor car that makes the dollar bigger in purchasing power.

Not in all automobile history has another such value appeared in the low-priced field. There has never been another low-priced car to compare with the improved Plymouth in full-size roominess—in Chrysler-designed stylishness—in Chrysler-like bristleness and smoothness—in all-around quality, ability and stamina.

In every respect, Plymouth is the biggest thing in its class. Compare—you'll be astonished how much bigger in value Plymouth has made the dollar.

Six body styles, priced from \$655 to \$995. All prices f. o. b. factory. Plymouth dealers enjoy the convenience of time payments.

REVOLUTIONARY IN 1924—STILL MORE SO TODAY

"It was inevitable that Chrysler should attract a degree of scientific interest accorded no other car in the past fifteen years. Engineers, naturally, were first to appreciate that Chrysler, while adhering strictly to soundest principles of design, is a distinct departure from previous motor car practice and performance. They recognize in Chrysler an advance in automobile engineering as revolutionary as the development of the X-ray in medicine."

HOW HAS CHRYSLER DONE IT?

When an unknown motor car sets out—as Chrysler did—to grasp the leadership of a great industry, and with the speed of a meteor, sweeps to a foremost position in popularity and sales, it must possess extraordinary quality and ability.

When the first Chrysler car was placed on exhibition five years ago, the whole industry looked in amazement at what Walter P. Chrysler had accomplished. Within four years, Chrysler had leaped to third place in the industry.

How has Chrysler done it? What is the secret of this success? Simply that Chrysler gave in the beginning—each year since has given increasingly—and

today gives in still greater measure—not only a finer grade of basic quality but a higher order of performance, beauty, style, power, acceleration, safety, comfort—all at most reasonable prices.

Such sweeping success must prove inevitably to the buyer of a Chrysler car today that he can count on the most advanced, the soundest, the safest and the most satisfying motor transportation his money can command. Let us prove these facts in a demonstration.

CHRYSLER 1929—\$1555 to \$1795—Light Body Styles. CHRYSLER 1929—\$1800 to \$1995—Luxury Body Styles. All prices f. o. b. factory. Chrysler dealers extend convenient time payments.
