

# RECORD YEAR for DISASTERS

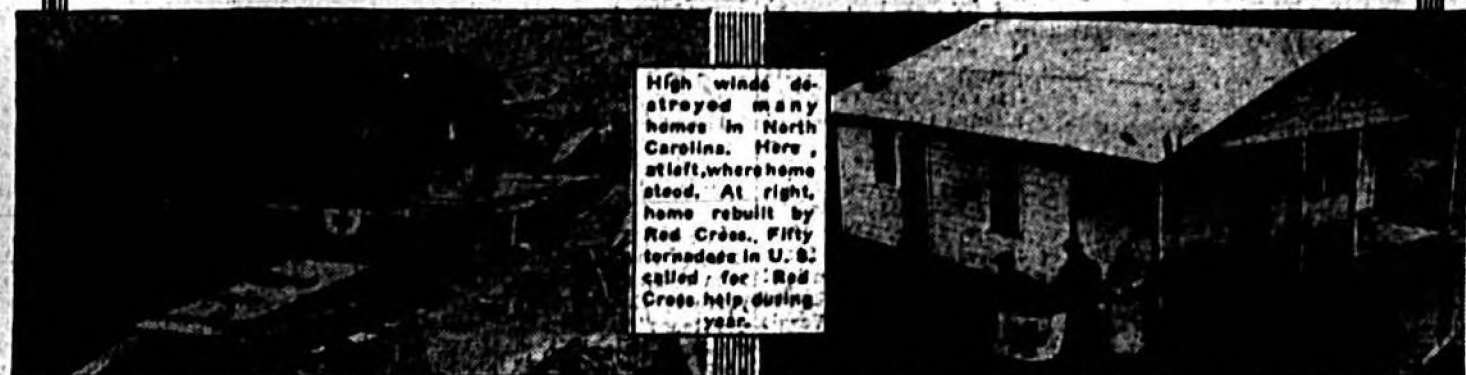

Red Cross Relief Given in 128  
Catastrophes—Unusual and  
Varied Freaks of Nature and  
Other Calamities visit distress  
on Nation—People aided through  
Your Membership in Red Cross

Little girl who was orphaned  
in a Republican river flood  
in Nebraska and was cared  
for by Red Cross, which aided  
many hundreds in three  
states affected.

Red Cross is an  
agency quick to give  
first aid in cases  
against typhoid  
and other prevent-  
able diseases fol-  
lowing disaster, in  
cooperation with  
state health au-  
thorities. This was  
done following  
floods in New  
York.

One of 6,000 families in southern New York helped by Red Cross following disastrous high waters. During the year 29 floods occurred in the nation.

High winds de-  
stroyed many  
homes in North  
Carolina. Here,  
at left, where home  
stood. At right,  
home rebuilt by  
Red Cross. Fifty  
thunderstorms in U. S.  
called for Red  
Cross help during  
year.

This little girl arrived during the New York floods—Red Cross provided hospital care for mother and baby.

First word of terrible loss of life in Florida disaster came through Red Cross short wave radio, put up on the stricken Keys by amateur operators. Here are shown the weary men after 48 hours continuous heroic work. Red Cross aided 1,000 families.

Fourteen children were killed when bus was hit by train at a Mary-land crossing. Red Cross first aiders rescued the living. Two such accidents with heavy toll of lives occurred during the year.

Epidemics of bronchial infections followed devastating clouds of dust in midwest. Red Cross established hospitals for victims. Here are little patients and Red Cross nurses. Five other epidemics came under Red Cross care during the year.

Families un-  
roofed in Mis-  
sissippi valley floods  
were taken from  
roofs by Red Cross  
rescuers. During  
the year the Red  
Cross gave disaster  
relief to 116,  
000 persons in 208  
counties in 27  
states.

## Pick Winners and Ten Receive Theater Tickets

Correct Selections  
Are Made Despite  
Notre Dame Upset

Through the Northwestern up-  
set by Notre Dame Saturday  
afternoon over 50 Pick-the-winner  
contestants, 16 fans were able to  
win in perfect scores.

Following persons will re-  
ceive tickets each to the Mil-  
lennium: Catherine Thig-  
son, Paul Simpson, Claude Kelly,  
Mrs. Clark, James Wallace, Mrs.  
F. J. Stridge, H. D. Lagona, Sid-  
ney Weinberg, Mrs. F. A. Palmer,  
Gouger Little.

## Judge Petteway Of Tampa Would Govern Florida

TAMPA, Nov. 11.—(AP)—  
Judge Raleigh Petteway of the  
Hillsborough county criminal  
court announced Saturday he  
would seek the Democratic nomi-  
nation for governor next year.

He pledged his efforts to keep-  
ing the schools open for full terms,  
declaring:

"I do not believe it will be nec-  
essary to tap new sources of rev-  
enue to do this, but if it takes that  
as the only way to keep the schools  
open I will insist on keeping them  
open, and will insist on revenue  
being provided that is certain."

## Boxing As Usual In Arena This Evening

There'll be no armistice in the  
Fourth Street Arena this evening  
when a couple of dozen youthful  
scrapers put on the usual week-  
ly program of the Seminole Boys  
Athletic Club. Sponsor S. A. B.  
Wilkinson of the club stated that  
"we want every member out to-  
night, as we are planning to go to  
Winter Park next Friday night."

- Tonight's program is as fol-  
lows:
- Harry Lee Moore vs. Marvin  
Smith.
- Clarence Barrineau vs. Pete  
Tillis.
- Larence Barrineau vs. Ray  
Edge.
- J. C. Newsome vs. Buddy Og-  
lesby.
- Billy Wilkinson vs. Billy Hern-  
don.
- Buddy ReChard vs. Charles  
Cameron.
- Giles Chapman vs. Billy Rob-  
ineau.
- Ray Herndon vs. Klieker.
- Theodore Klieker vs. Kent  
Pericy.
- Clyde Pericy vs. L. H. Harper.
- Clifford Williams vs. J. R.  
Ellis.
- Eugene Tippins vs. Dent Pericy.

## When Sluggishness Causes Distress After Meals Take Black-Draught

The good that Black-Draught  
does in the relief of constipa-  
tion makes it one of the most  
popular laxatives of its kind.  
Thousands of men and women  
keep it in their homes for prompt  
use at the first sign of intes-  
tinal sluggishness.

"I take Black-Draught for con-  
stipation that causes a disagree-  
able feeling after meals, bloat-  
ing, bad taste and excessive gas,"  
writes Mrs. Eugene West, of  
Dothan, Ala. "I can cleanse my  
system and regulate my bowels  
with Black-Draught and I do  
not have this trouble. I recom-  
mend it to others. My hus-  
band takes Black-Draught and it  
helps him."

Black-Draught is purely vege-  
table.  
Sold in 25-cent packages.

## Get Rid of Malaria!

Banish Chills and Fever!  
To conquer Malaria, you must do two  
things: (1) Destroy the parasite in the  
blood. (2) Build up the blood to over-  
come the effects and to fortify against  
further attack. There is one remedy that  
does these two things and that is Grover's  
Tannin Chills Tonic! The tannin ex-  
tracts in Grover's Tannin Chills Tonic  
destroy the malarial infection in the blood  
while the iron builds up the blood. The  
scent of people have recovered Malaria  
with the aid of Grover's Tannin Chills  
Tonic. In addition to being a noted anti-  
dote for Malaria, it is also an excellent  
tonic for general use. Grover's Tannin  
Chills Tonic is pleasant to take and  
takes nothing harmful. Free literature  
and you can take it today. For you  
by all drug stores. How to use—see  
leaflet. This is the only medicine that  
is ready in the five and ten cent  
bottle and still strong.

## A Three Days' Cough Is Your Danger Signal

No matter how many medicines  
you have tried for your cough, chest  
cold or bronchial irritation, you can  
get relief now with Creosolene.  
Creosolene is a powerful germicide  
and you cannot afford to take a chance  
with anything less than Creosolene,  
which goes right to the seat  
of the trouble in the throat, in-  
flames and heals the inflamed mem-  
branes of the respiratory system in  
a few days.

Even if other remedies have  
failed, don't be discouraged. Creosolene  
is authorized by the Government  
Commission and is a natural prod-  
uct of the very best quality  
Creosolene resin now. (A.S.P.)

## Mail or Phone For Your LIQUOR SHORT DELIVERS

A post card addressed to box 814,  
Sanford, Fla. or call Short's Camp  
by phone. Prompt delivery day or  
night. We will gladly supply you  
with a price list or you may select  
your price and brand from any  
liquor advertisement. Short's Fam-  
ily Liquor store is 5 miles out on  
DeLand Road at Short's Camp.

## Contract Let For Elks Home On Second St.

Purchase Completed, Addition Ordered, Whole Building Is To Be Redecorated

## New Club House Ready By Jan. 1

Elks Go To Deland For Big Ceremony Thursday Evening

Completing the last final details of purchase, Sanford Lodge No. 1241, Benevolent Protective Order of Elks, has let the contract for remodeling the old Pitts residential property on East Second Street, obtained a building permit today, and will tomorrow begin the work of preparing the new Elks home in this city.

Ernest F. Housholder, exalted ruler of the local lodge, said today that the work is to be rushed with all speed with the intention of having the new home ready for occupancy by Jan. 1 when a large class will be initiated. Sanford lodge now has about 200 members.

Not only is the entire residence to be remodelled and redecorated, but a two story addition, 20 by 20 feet square, is to be built to the rear. This addition will allow for a large lodge hall on the second floor, as second floor partitions in the present building are to be taken out. Some partitions will also be removed on the first floor, and decorators will cover the entire building, inside and out.

The new home of Sanford Lodge of the Elks is one block south of the Mayfair Hotel.

Sanford Elks are planning to go to Deland on Thursday night this week to take part in the national initiatory exercises in which Elks lodges throughout the country will participate. Four men will be initiated into Sanford lodge at the ceremony in Deland. New Smyrna and Daytona Beach lodges will also participate in the joint lodge session in Deland.

Exalted Ruler Housholder said today he hopes the Sanford Elks will go to Deland in large numbers, as there is to be a parade there at 7:15 and he wants this city to make a good showing. The Sanford delegation will leave at 6 o'clock Thursday evening and, according to Secretary Howard Overlin, transportation will be provided for those who have no conveyance.

## Hauptmann's Final Appeal Filed Today

WASHINGTON, Nov. 12.—(AP) Bruno Richard Hauptmann appealed to the Supreme Court today to save him from the electric chair for the murder and kidnaping of Charles A. Lindbergh, Jr.

The 32 page petition filed by Hauptmann, counsel for Hauptmann, asked for a new trial on the ground the staid German carpenter had been convicted after a trial which resembled a "circus."

## Culinary Expert

### Wilcox Hears About Sanford Bond Troubles

Mayor Dumas Told He May Be Ordered To Appear Before Inquiry In Miami

MIAMI, Nov. 12.—(AP)—Congressman J. Mark Wilcox, continuing his exploration of by-ways of municipal re-financing today, sought to learn whether bondholders committees in Florida were paying attorneys too much money. His first witness was Harry A. Dunn of Jacksonville, secretary of the Florida Municipal Bondholders' Protective Committee which represents holders of obligations of 27 Florida municipalities.

After establishing the fact that Thomson, Wood and Hoffman of New York served as the committee's general counsel with local counsel for several municipalities, Wilcox asked: "Does the committee have a contract with Thomson, Wood & Hoffman for regular compensation?"

"Not to my knowledge," Dunn replied, explaining that bills were rendered and paid every three months. No annual retainer is paid, he said.

## Culinary School Opens Wednesday At Woman's Club

Institute Sponsored By Sanford Herald And Power & Light

Sponsored by The Sanford Herald and the Florida Power & Light Company, the ninth annual free electric cooking school will open a two-day session Wednesday afternoon at 2:00 o'clock in the Woman's Club building on Oak Avenue. Thursday afternoon's session will be held at the same hour. No admission fee will be charged and the general public is invited. Prizes will be awarded.

Miss Eleanor Rahn, nationally known I. & H. home economist, assisted by Miss Margaret Bradley of Sanford, will conduct the institute. Miss Rahn is expected to arrive today.

According to H. H. Coleman, local manager of the Florida Power & Light Company, "this is an excellent opportunity for all Sanford housewives to become familiar with all the recent developments in the art of electric cooking." They will be shown how to operate an electric range with greater efficiency, and many new and appetizing receipts will be demonstrated.

## Double Holiday Was Sheriff's Busy Time

Sheriff J. W. McClelland and his deputies were kept busy over the week-end double holiday, and made a number of arrests, for breaking and entering, reckless driving and drunkenness.

The men charged with breaking and entering are Buster Ward and Tom Murphy, both colored. They were accused of breaking into the Alamo, Springs, home of a colored woman.

Archibald McInnis, colored, who drove the car that crashed into a car driven by George Temple of Orlando on the Sanford-Orlando highway Sunday night, surrendered to the sheriff yesterday and went to jail. The sheriff's office also arrested George D. Miller on a charge of driving a car while under the influence of intoxicating liquor. Viola Haines, arrested for reckless driving, was sentenced to pay a fine of \$5 or go to jail for 60 days.

Three men were arrested on charges of drunkenness. They are John J. Purdon, E. M. Harrell and Andrew Small, the last two named being colored men. A Faircloth paid a fine of \$5 in Judge Shreve's court on a charge of drunkenness, and DeWitt Williams pleaded noisily conduct to a similar charge and paid the costs.

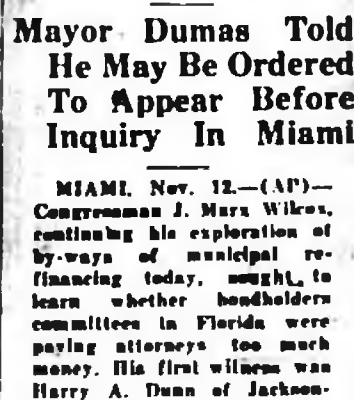

Chester McInstry, colored, was jailed on a charge of using profane language.

## Slot Machines Now Licensed By State

TALLAHASSEE, Nov. 12.—(AP)—Florida began the process of licensing slot machines today, although they have operated in various counties of the state for many months without paying taxes into the public treasury.

The 1935 Legislature legalized the machines and provided a scale of taxes estimated to raise from a million to a million and half dollars annually for the state.

## THE SEMINOLE COUNTY NATIONAL GUARD ARMORY

The National Guard Armory in Sanford in which actual construction work was begun this morning is to be of steel and frame construction, two stories in height and covering a ground space of 70 by 108 feet, fronting on First Street, west of the Mayfair Hotel. The cost is estimated at \$29,715.00, of which sum \$24,515 was allotted by the federal government. It will house three companies of the National Guard-Headquarters Company, 14 Company and the medical detachment of the 124th Infantry. The first floor 65 by 85 feet, will be on the second floor, and will not be broken by supporting pillars. A stage 18 by 30 feet will also be on the second floor. The lower floor will be taken up with orderly supply, locker and wash rooms. Short wave radio station WJGS will also be located in the armory. Architectural plans for the structure were prepared by Elton J. Moughtin of Sanford.

## Balloon Soars To Near 74,000 Feet In Stratosphere

Valuable Scientific Data Obtained On Remarkable Flight

MIAMI, Nov. 12.—(AP)—Man's greatest penetration of the stratosphere was accomplished yesterday by Captains Albert W. Stevens and Orval Anderson, who brought their giant balloon, Explorer II, to a safe landing near White Lake, west of this city. Their balloon, with the huge steel ball in which they rode, attached soared to a height of more than 74,000 feet. The exact altitude may be 74,000 feet, but this will not be definitely known until the detailed instrument are read.

In radio messages to the spotter of the flight, the National Geographic Society and the U. S. Army, the balloonist reported a successful achievement of all objectives during the flight.

Atmospheric conditions during the regular air level were used. Cosmic ray data was obtained. The balloon, despite some mishaps to its fabric, was placed some 14 miles up, practicing its technical coding.

The new altitude record is official until the instrument are calibrated, except that the official record of 61,212 feet, set by the Seattle balloonist two years ago, but also broken by the unofficial record of 68,000 feet. The Explorer was inflated in the crash of this event.

## Apalachicola Bridge Opened To Traffic

APALACHICOLA, Nov. 12.—(AP)—The Apalachicola Bay Bridge, built with \$1,300,000 from the federal PWA, was opened to traffic Monday when Gov. Dave Sholtz cut a ribbon in the center draw span of the six-mile project.

Officials of a day-long celebration, which marked the bridge opening, estimated 7000 persons were present. They came mainly from Northwest Florida, but there was a collection of political candidates from all parts of the state.

Governor Sholtz described the bridge as "a great accomplishment of a peace-time administration."

## Monday Looked Like A Busy Day, But Mr. Michael Says That It Wasn't

Sacks of oranges, hampers of beans, baskets of tomatoes, and quantities of other fruits and vegetables, were piled high; trucks were coming and going; loading and unloading; telegrams were being delivered, the tolling, men were racing back and forth along the long platform. It was Armistice Day Monday (supposedly a holiday) in the Sanford State Farmers' Wholesale Market, and it looked like a busy day. But General Manager J. G. Michael said it wasn't. It was a "very quiet day" as the season is really not open as yet, that official stated. "Wait a few weeks and then you'll see what a really busy day it is," Mr. Michael declared.

There was a large assortment of products of grove and farm on the loading platforms of the market yesterday, but there was also a number of items missing. It is too early for the famous Sanford celery, and for some reason there were no bananas for instance, in sight and only a few baskets of apples.

But there were plenty of beans, the stringless variety, as well as oranges and grapefruit, peaches, and tomatoes and eggplant, onions, lettuce, and potatoes. Tomatoes and apples were displayed in baskets, beans in hampers, grapefruit, oranges and potatoes in sacks made of netting, colored sacks that lent a decorative note to the mart. Nearly all of the stalls have been rented, and there was produce in nearly every stall.

Trucks were there yesterday from far and near. Some came loaded with one kind of produce and went away with another kind.

## 430-Mill Tax On Leesburg Homes Ordered By City

## Homesteads Will Not Be Exempt In Lake County Community

LEESBURG, Nov. 12.—A 430 mill levy on homesteads and other property with a total assessment of \$2,210,000 was passed by the city council on Monday evening here last night.

The millage, levied for debt service, will stand until it is paid by property owners or all the bonds are retired, according to city law.

Sanford's change commission members at the local approval of the levy used another method for paying the cost of bondholders.

The millage, levied for debt service, will stand until it is paid by property owners or all the bonds are retired, according to city law.

## Moons Shine Still Discovered And 2 Men Arrested

Discovery of a moonshine still about five miles west of Sanford was made last night by sheriff's officers, and two persons found at the place were arrested and placed in jail. They gave names as Sly Sloane and Louis Johnson. Deputy Sheriff Hickson and Motorcycle Officer Gordon made the raid.

The officers confiscated a 50-gallon gasoline drum and other equipment used in the illegal manufacture of liquor, and destroyed five gallons of moonshine and about five gallons of wash.

## Scientist Killed; Girl Is Arrested

NEW YORK, Nov. 12.—(AP)—Forty-three-year-old German political scientist, Dr. Fritz Gebhardt, was shot to death today in the fashionable Sutton Place apartment.

Vera Street, 28, described as his former secretary and fiancée, was charged with suspicion of homicide. Miss Street, found on a fire escape of the building, first admitted, police said, that she shot Dr. Gebhardt, but in the police lineup she refused to talk about the slaying. "I have nothing to say," she replied listlessly to all questions.

## Mrs. Dean Broadcasts Over Radio Tomorrow

Mrs. Roland L. Dean, wife of the editor of The Sanford Herald, and George Clements, publicity director of the Florida Exhibit at Rockefeller Center, New York, will deliver the second of a series of broadcasts on the Florida Exhibit on Wednesday evening at 7:15 o'clock over Station WJBO in Orlando. This week's radio interview will deal with the citrus section at the exhibit.

## Federal Funds For Repaving Sanford Streets Allocated

## Il Duce Replies To League With Italian Embargo

Sends Blunt Note Of Warning To Every Sanctions Nation

By The Associated Press

Il Duce warned the League of Nations' sanctions nations today of the "gravity of the consequences" of their economic boycott of Italy. At the same time he declared Italy's economic independence from these nations. By official decree the Fascist government placed an embargo on the importation of 193 products, except under strict governmental supervision. This embargo becomes effective next Monday the day the League economic sanctions—with "buy nothing from Italy" boycott—is to become operative.

Mussolini's warning to League of Nations sanctions nations was a threat of further reprisals. It was contained in a note to all nations adhering to the sanctions program of punishing the Fascist government for its invasion of Ethiopia.

Bluntly, the Italian note challenged authority of the League's coordination committee, to impose sanctions, and it rejected the accusation of the League that Italy violated its payments as a League member by invading Ethiopia. The note was sent directly to all powers joining in sanctions. This in itself was a rebuke to the League's sectional activities.

For itself Italy was allowing no let up in its drive into the interior of Ethiopia. More of Il Duce's Roman legions moved up to northern front lines, now spread about and beyond Makale. Two thousand camels were brought up to and trucks carrying supplies.

## Uncle Sam To Spend About \$40,000 On First Street And Park Avenue Work

Money Given To Women's Centers

Work Centers Are To Be Established In Three Communities

Federal funds approximately \$80,000 were today allocated for repaving two streets in Sanford and building women's work centers in Sanford, Longwood and Oviedo. Notice of the approval of the projects and allocation of funds was received by the local WPA office this afternoon.

Construction of the proposed women's work centers is to be started on Thursday of this week, while the repaving projects will get under way the last of this week or the first part of next week. It was announced by WPA officials.

Park Avenue is to be widened to 50 feet between Fulton Street (the street immediately south of City Hall) and Fourth Street. From Fourth Street to 12th Street the average now varies in width from 24 to 40 feet.

The backs with which the avenue is now paved are laid on edge on sand, but they are to be taken up and laid flat on a more solid base, the project comprising 14,125 square yards along a linear footage of 3,863 feet. Concrete gutters are to be built, catch basins installed and sewers laid to those basins, and the white top lamps will be reset.

The government's allocation of funds for the Park Avenue project is \$19,800. The city will pay \$4,273, making the total cost of the project \$24,073.

First Street is to be repaved with 20,000 square yards of sand asphalt from Sanford Avenue to Paula Street, and the pavement will be extended from Paula Avenue to the city limits with asphalt grouted brick concrete gutters two feet wide and seven inches thick will be built, curbs will be reset, old catch basins repaired and 14 new catch basins installed and 600 linear feet of sewer pipe will be laid.

The total length of the project is 10,000 feet and will approximate 10,000 yards.

The government allocates \$10,581 for the project. The city puts \$4,493, the total cost being \$15,074.

## Bankers Warned That Some Day They Must Again Supply Capital

NEW ORLEANS, Nov. 12.—(AP) Heads of two government financial agencies urged members of the American Bankers Association today to look forward to shouldering the demands for capital now supplied by the government, but one cautioned "not too soon."

"I feel that banks should make more courageous efforts to substitute private for government credit," said Leo T. Crowley, chairman of the Federal Deposit Insurance Corporation, addressing the bankers. Chairman Jesse H. Jones of the Reconstruction Finance Corporation added the assertion that he "was as anxious as any of you can possibly be that the government get out of the money lending business as soon as possible." Then he warned it "should not get out too soon."

Sanford Is The Only Central  
Florida City Affording Rail, Highway  
And Water Transportation

VOLUME XXV Member Associated Press SANFORD, FLORIDA, WEDNESDAY, NOVEMBER 13, 1935 Established in 1908 NUMBER 20

## Group Favors Co-Operation With Railroad

### Atlantic Coast Line Seen As Important In Development Of City And County

## Commercial Body Has 10 Projects

### Many Activities For 1936 Outlined By Official Boosters

Co-operation to the fullest extent with the Atlantic Coast Line railroad, along with "continued education" of the people regarding water transportation, is included in a long agenda for the Seminole County Chamber of Commerce for the coming year, as adopted by the directors of that body in session last night.

Just what form this proposed co-operation between the Chamber of Commerce and the railroad will take was not outlined at the meeting, but a special committee will work out details with Superintendent T. L. Dumas.

Development of St. Johns River water transportation and the consequent designation of Sanford as the "Port of Central Florida" has been brought about largely through persistent efforts of the Chamber of Commerce, but Frank Evans told the group last night that it should not lose sight of the fact that the Atlantic Coast Line has a potential factor in the development of both City and County, and urged greater co-operation with the railroad system.

Mr. Evans called attention to the extensive payroll distributed here by the railroad, and that should Sanford lose the railroad ships the section would suffer a financial blow that would be serious in its consequences. Mr. Evans also praised the railroad service, stating that he had ridden on trains of nearly every railroad system in the country but that on none is the service any better than on the Atlantic Coast Line.

The year's program for the Seminole County Chamber of Commerce as suggested by a committee composed of Chairman H. B. Pope of Sanford, Mr. J. W. Coates of Oviedo and Benj. F. Haines of Altamonte Springs, with "co-operation to the fullest extent with the Atlantic Coast Line" (Continued on Page Three)

## First Strawberries Bring \$5 Per Quart

TAKELAND, Nov. 13.—(AP)—Five dollars was the price paid yesterday by the Rotary Club for the first quart of straw berries brought to market here. It is an annual practice of the civic club to buy the first quart of grow by W. J. Behan-son of Calloway.

At Plant City, W. A. Keen of the York section and R. E. Johnson of the Dover section each sold one pint to Harry W. Hayner. Hayner paid a dollar each for the two pints. Last year the first pint of berries of the season was sold in Plant City Nov. 14, and the first shipments of fruit were made from there, Nov. 23.

## Sanford Is 12th In October Building

Sanford ranks 12th among the cities of the state in new construction during the month of October, survey figures released last night reveal. Building permits issued in 25 Florida cities in October totaled \$3,061,979. More than one-third of this (\$1,081,503) was in Miami Beach. Miami ranked second, Jacksonville third, then St. Petersburg, Palm Beach, Pensacola, West Palm Beach, Orlando, Daytona Beach, Coral Gables, Hollywood, Clearwater and Sanford, with Ocala bringing up the tail end of the procession with building permits for the month totaling \$26,125.

## Cookery Secrets Are Disclosed By Home Economist

### Another Session Of Cooking School To Be Held Thursday

Before a gathering of over 200 women, the ninth annual free electric cooking school sponsored by The Sanford Herald and the Florida Power and Light Company, opened this afternoon at 2:00 o'clock at the Sanford Woman's Club. The second and last session of the school will be conducted tomorrow afternoon at 2:00 o'clock at the club house.

Miss Eleanor Rahn, home economist for the Landmann & Hoverson Store Company, was in charge of the session and prepared many tempting dishes in the electric kitchen arranged on the large stage of the club. Lemon orange cake, French fudge squares, Berkshire chocolate frosting, chili tomato stew and an oven meal were cooked and awarded prizes along with 10 boxes of groceries and a wall lamp and electric tea kettle donated by the Florida Power & Light Company.

Miss Rahn was introduced by H. H. Coleman, local manager of the power company, and was assisted on the stage by Miss Margaret Bradley, home economist for Florida Power & Light. Miss Rahn is a graduate of the Milwaukee Downer College at Milwaukee, Wis. and has conducted many cooking schools in the Midwest and New England states.

Among those cooperating with the cooking school are: Sanford Furniture Company, Randall Electric Company, Seminole Tire Shop, Sanford Electric Company, The Mac Battery Company, Riley's Lodge & Son, Pagarly Wagon, Roberts Grocery, Seminole Creamery, Weason Oil and Standard Oil Company, White Lily Flour Company, Hill Bread Company, and the City of Sanford, and the Sanford Woman's Club.

All the groceries for the first day were donated by Riley's, East First Street, while the meat and poultry were presented to the school by Lodge & Son. The Seminole Creamery Company is furnishing the milk and cream.

## \$5,000 Budget For Commerce Chamber

Five thousand and five dollars will be needed to successfully carry on the work of the Seminole County Chamber of Commerce during the fiscal year beginning last Oct. 1, the directors of that body decided when they fixed the budget at last night's meeting. However, the organization faces a \$300 shortage, as receipts are estimated at \$4,700. The one-half mill county publicity tax is estimated to raise \$2,000, the City of Sanford is looked to again this year for an appropriation of \$1,200, and memberships are expected to add \$1,500 to the total receipts.

Expenditures for the year are estimated as follows:	
Printing: Stationery	\$100.00
Literature	400.00
Postage	300.00
Office Supplies	100.00
Telephone and Telegraph	200.00
Building Expense	300.00
Salaries:	
Active Secretary	1,500.00
Extra Help	150.00
Car and Travel	200.00
Expenses	200.00
Donations and Subscriptions	45.00
Membership Campaign	100.00
Advertising:	
Signs, cuts, etc.	300.00
Exhibits	200.00
Meetings and Celebrations	100.00
Miscellaneous	200.00
Outstanding Accounts	500.00

## City Moves To Obtain Better Water Supply

### Content And Source Improvement Will Be Sought; Plant May Be Installed

Adopting a motion made by Commissioner W. A. Leffler, the Sanford City Commission last night instructed City Clerk F. S. Lamson and Water Superintendent James Moughton to assemble before the next meeting as much information as they are able to get as how best to improve the City's water supply. Their investigation will be mainly along the line of improving the quality of the water, but it will also extend to possible increase of the source.

Mr. Lamson was instructed to communicate with engineers in Orlando and Jacksonville and ask them if it would be agreeable to them to come to Sanford and consult with the Commissioners, and he and Mr. Moughton were told it would be a "fine thing" if they could visit the Daytona Beach water plant and get first hand information as to how the water problem was solved there.

A rough estimate of \$30,000 as the cost of a water softening plant was given the City some time ago by an engineer, but when the cost figures were worked out in detail the expense of such an improvement was found to be \$43,000. This figure, Commissioner H. J. Lehman declared, was "out of the question," though he agreed with his fellow members that an improvement is desirable.

Commissioner S. O. Shinholtz reminded the Commission that the City of St. Petersburg has had to go some 20 miles away for water because of salt water getting in to the artesian wells nearer that city, while Commissioner V. A. Speer advised them that Jacksonville (Continued on Page Four)

## SHANGHAI POWDER KEG OF ORIENT

Grave eventualities were threatened in Shanghai after a Chinese gunman killed a Japanese man and natives gave violent demonstrations of their anti-Japanese feelings. Japanese marines, alert for further outbreaks, patrolled the streets and Chinese stevedores over Soochow Creek bridge into the international settlement for safety just as they are shown during the Japanese attack of 1932. (Associated Press Photos)

## Navio Of Tigers Falls From Horse And Dies In Hour

### Guided Detroit Club To Championship Of Baseball World

DETROIT, Nov. 13.—(AP)—Frank J. Navin, 64, owner of the world champion Detroit Tigers American League baseball club, died today within an hour after he fell from a horse at the Detroit Riding and Hunt Club.

He was riding ahead of Mrs. Navin on a bridle path when she saw him fall. She summoned help from the Club, and Mr. and Mrs. L. W. Drueger, who manage the club, found the widely known sportsman in tall grass along the path, unconscious and with his hand clutched over his heart. He was taken to a hospital where he died without regaining consciousness.

How well Navin worked is shown in the game's records. Five years after getting his "signal" from Yankee, the Tigers won their first pennant. They repeated the feat in 1918 and again in 1929 but fared badly in all three world series. The Chicago Cubs of the "Finker-to-Evers-to-Lathrop" era whipped them 4 games to none, with one tie, in 1907, and took them into camp next year. It wasn't until 1909 the Pittsburgh Pirates under Fred Clark sound them out 4 games to 1, chiefly through the pitching of "Habe" Adams, then an unheralded slugger but destined to become one of the great moundmen of his time.

In more than three decades of Navin's ownership, the team finished in the first division 16 times and in the second 15. They went out in "in the cellar" and wound up in seventh place only four times in 31 seasons.

There is a state law that requires municipalities to carry workman's compensation insurance. There is also a state order fixing the premium rate on such insurance. But it so happens that companies writing such insurance will not write it for the rates as fixed by the state, at least not in Sanford's case. What to do about it is the dilemma that confronts the Sanford City Commission.

One company will write workman's compensation insurance for this City if Sanford will also buy some other insurance. The City Commissioners do not believe it necessary, but Commissioner S. O. Shinholtz declared he is "unalterably opposed" to being forced to "swallow the pill" by taking out the other insurance in order to meet with the requirements of the Workman's Compensation Act. The discussion was precipitated in last night's meeting of the City Commission when City Clerk F. S. Lamson read a notice from the Standard Accident Insurance Company that it would not be liable on and after 30 days after date of the notice (the letter was written Nov. 4) for any liability under the compensation insurance the City is now carrying with the concern.

## Regulation By U.S. Of Bond Groups Asked

### Wilcox Announces He Will Seek Proper Congressional Act At Coming Session

MIAMI, Nov. 13.—(AP)—Following further investigation into municipal financing in Sanford, West Palm Beach, and other Florida cities, Congressman J. Mark Wilcox announced he would seek legislation at the next Congress providing for "rigid regulation" of municipal bondholders' committees. The one-man congressional subcommittee was told that the bondholders' committee, representing owners of bonds in 27 Florida cities, had no limit on the money it could spend.

Congressman Wilcox said he will extend the powers of the securities exchange commission to include municipal financing, he said, and also will introduce amendments to his recently passed municipal bankruptcy act.

"There is no supervision, no regulation to check on the act" of the committees, the congressman, smiling but obviously in deep earnest, declared.

"They give themselves all power, all authority to handle and deal in bonds, institute litigation or do anything else that suits their fancy."

Wilcox said the ultimate purpose of his investigation was to show the municipal bond situation to be in the hands of a few investment bankers and bookkeepers, houses and a very few law firms.

He also declared most of the bodies were self-constituted committees, which fix the amount of their compensation and charges and expenses for their own use.

John S. Harris of New York, chairman of the Florida bondholders' committee, testified before the Wilcox hearing that the committee was organized in January, 1932, without limitation as to expenditures for negotiating "satisfactory agreements and getting settlements."

Harris was the first official of the Florida municipal committee to testify today. Further witnesses were Harry A. Dunn and (Continued on Page Four)

## Lynching Expresses "Will Of People"

COLUMBUS, Texas, Nov. 13.—(AP)—County Attorney O. P. Moore said today he believed the lynching of two youthful negroes by a mob of 700 persons, including several women on a farm near here last night was "an expression of the will of the people."

Moore's statement came soon after Justice of the Peace E. C. Thayer said he would conduct a court of inquiry into the lynchings during the day. The town was quiet. The mob seized Ernest Collins, 25, and Benny Mitchell, 16, who allegedly had confessed to the criminal attack and subsequent drawing of a young High School honor grad, from officers and left them dangling from a live oak tree near the girl's home.

8:00 P. M. Florida National Guard, three companies, the Army.

TOMORROW  
8:00 P. M. Woodmen of the World, family night, W. O. W. hall.

## Oriental Situation Grows More Tense With Assassination

### Motorized Forces Threaten Cities Of Harar, Jijiga

### Ethiopian Warriors In Daily Clashes With The Italians

By The Associated Press  
A new threat to the cities of Harar and Jijiga, focal points of the Ethiopian defense, was seen today in unconfirmed reports reaching Harar that two motorized Italian columns were moving into advanced positions in the south while the northern Italian army occupied new territory.

The motorized force was reported to be circling the Ethiopians on a left wing on the southern front and approaching Sasa Ranch 150 miles southeast of Harar. Another such force was said to be advancing in the valley of Wabbe Shabelli toward the Bale district, 125 miles south west of Harar.

General Emilio De Bono, Fascist commander in chief, informed Rome the First Army corps in the north had occupied the Deesa region and joined the Danakil column. He declared the northern line was extended westward in the Takkara River and that a native army corps had completed the occupation of the ghorakia region.

From Makale it was reported that northern Ethiopian warriors were clashing daily in skirmishes with Premier Mussolini's soldiers.

## Booklets About Seminole County Will Be Issued

Issuance of from 10 to 20 thousand booklets descriptive of Seminole County and its business and recreational advantages was decided upon at last night's meeting of the directors of the Seminole County Chamber of Commerce. The matter was left with the executive committee, with power to act.

A committee of three appointed by E. H. Lacey, chairman of the Chamber of Commerce, is now assembling material to go into the booklets. This will include many new pictures of hunting and fishing scenes as well as of industrial activities and places of interest. The committee is composed of S. O. Hightleyman, H. K. McNab, and E. D. Kirchhoff.

Secretary Ralph F. Bagwell reported he has received numerous requests for advertising booklets, two railroad systems asking for them in 500 lots, but that he has no literature to give to inquirers.

## Expect Hundreds At WOW Family Night

The attendance of at least 200 persons at Thursday evening's family night of the Woodmen of the World is expected. It will be a joint session of Foley Camp No. 625 of the W. O. W. and of Woodmen Circle Grove No. 267. The affair will be staged in the W. O. W. hall on Oak Avenue.

Miss Myrtle Crump of Tampa, state manager of the Woodmen Circle, and V. P. Miller, state manager of the W. O. W., are expected to attend, the degree team under the captaincy of G. C. Hinchcliff will demonstrate its work, and the Purcell quartet will sing. Consul C. C. Collins will have charge of the joint lodge session.

## Evening Classes In Farming Postponed

Due to unforeseen circumstances the evening class in co-operative marketing announced for Thursday evening in the Seminole High School has been postponed for one week. It will be held in the school on Thursday evening, Nov. 21, with Alex K. Johnson leading the discussion.

## General Looked Upon As Japan's Leader In Northern China Is Slain By Widow,

### Peport Of U. S. Action Denied

### America Accused Of Being A Party To Secret Agreement

By The Associated Press  
Marshall Sun Chuan-Fang, frequently mentioned as Japan's possible choice to lead an independence movement in North China, was assassinated by a Chinese woman at Tientsin today, while Japanese police at Shanghai accused the Chinese of new outrages in the increasingly tense Sino-Japanese situation.

At the same time vernacular newspapers in Tokyo carried reports from Hanking Manchoukuo of a forthcoming secret agreement among the United States, Russia and China to keep armed forces in the Orient for the maintenance of peace.

Officials at the State Department in Washington described this report as "too silly and ridiculous" to deserve notice.

The woman who emptied her pistol into the body of Marshal Sun Chuan-Fang while he was attending Buddhist meeting was said to be the daughter of an executed general, Bao Chung-Pin.

## No Reprisals Ordered TOKYO, Nov. 13.—(AP)—Police forbade newspapers yesterday to publish anything concerning military forces "which may be sent to China" except in official communiques, indicating the possibility of armed pressure in the deepening Sino-Japanese crisis.

A foreign office spokesman said, however, Japan contemplated no military action at Shanghai because of anti-Japanese incidents for the present.

The foreign office spokesman said Tokyo might have to sternly warn Nanking against the incident, but expressed hope they could be settled locally at Shanghai.

## Four Indicted On Kidnaping Charges

KNOXVILLE, Tenn. Nov. 13.—Cletus Stone, escaped Illinois convict, his brother, Carl, Mrs. Mar Banghart and Helen Barkley, their two women companions, were indicted by a Knox county grand jury yesterday on kidnaping and robbery charges.

The indictments accused the quartet of kidnaping Mr. and Mrs. Rufus Costner of Knoxville the night of Oct. 25, of taking possession of the Costner car, and of stealing a Packard car belonging to F. B. Hicks of Maryville, Tenn.

Date for trial of the four has not been set.

The Stone brothers and the two women were captured near Kinkwood, Mo., in the Costner car more than a week ago, Sheriff J. Wesley Brewer, who returned them to Knoxville, said possessions of Mrs. Costner were found on the two women.

Mrs. Banghart is the wife of a Bail (The Owl) Banghart, who escaped with Stone from a Southern Illinois penitentiary several weeks ago. Banghart was shot and recaptured.
