

THE HOLY CROSS Episcopal Church held their Confirmation Class ceremonies recently. Front row, left to right, Ballie Peterson, Kathy Moore, Donna Ashby, Linda Perkins, Martha Johnson, Connie Stewart, Mary Lynn McRoberts and Leslie Wood. Second row, left to right, Mark Raborn, Mason Wharton Jr., Stevens Pearce, John West III, Dwight Smith Jr. and William

Halback, Back row consisting of adults are Paul Johnston, Eugene Donnelly, Ann Tammy, Eliza Perry, Verna MacGillis, Patrick Kear, Tamla Kear, Melba Bach, Bishop Henry Loutti, Edwin Michael, James Michael, Carol DeBering, Dorothy DeYamin, Roberts Truluck, Harold Chapman, George Eick, MacKay Truluck and Father Thomas.

### Passenger Train Jumps Track; One Dead, 12 Injured

SENECA, S. C. (UPI)—Ten cars of a Washington-bound passenger train careened off the tracks near here Monday, killing the train conductor and injuring 12 passengers.

Six cars of the Southern Railway's "Peach Queen," a local train en route from Atlanta to the nation's capital, plunged down an embankment into a 50-foot ravine. The diesel locomotive stayed on the tracks and dragged one derailed car a quarter of a mile, ripping up cross-ties "like a giant, broken zipper."

The wreck in an isolated area of the western, South Carolina mountain country trapped dozens of passengers for nearly an hour. Rescue efforts were hampered by a huge number of sightseers.

Herb Johnson, Greenville, S. C. newsmen, said "at least a thousand" cars lined roads leading toward the wreck scene, and some sightseers "walked at least five miles to get there."

The head nurse at the Seneca hospital said it took her 90 minutes to drive the seven miles from her home to the hospital because of the traffic.

There was some looting. Pullman car porter C. W. Johnson of Atlanta said he saw two men stealing cartons of baby chickens from a wrecked express car.

Conductor Keweenaw Adams, 59, of Greenville, S. C., was killed instantly.

Passengers J. E. Sisk of Atlanta and S. A. Crisp of Greenville, were in serious condition at Seneca Memorial Hospital. Others received relatively minor injuries.

Work crews cleared the wreckage off the tracks late Monday night, and the line was reopened for traffic.

### Importance Of Spring Clean-Up Emphasized

Cecil A. Tucker, II  
Better clean up for fire safety, don't give fire a place to start. This is the basic theme for 1950 Cleanup Week in Florida this week.

Fire losses on the nation's farms have reached a staggering total of more than 150 million a year, and in all too many instances these fires are accompanied by death and injury.

The importance of cleanup goes beyond eliminating the breeding spots for fire in trash and rubbish. It provides the opportunity for a thorough check-up on fire hazards in and around farm homes and buildings, and opportunities for reminders as to how fire defenses can be improved and strengthened.

Nationally, this annual drive to reduce fire hazards is sponsored by the Federal Extension Service and the National Fire Protection Association. Special emphasis is on fire prevention and protection.

In Florida, Cleanup Week is sponsored by the Farm Safety Committee, representing federal, state and private agencies working

to improve the state's safety record. Representatives are from the Agricultural Extension Service, Florida Farm Bureau, Florida Fruit and Vegetable Association, Agricultural Education Department of the University of Florida, Agricultural Stabilization and Conservation Committee, Florida Retail Farm Equipment Association, Florida Committee on Rural Health, REA Job Training and Safety, Soil Conservation Service, National Safety Council, Farmers Home Administration, Nationwide Insurance and the Florida Power and Light Company.

Throw out and completely get rid of all old magazines, newspapers, clothing, rags, mattresses, broken and unused furniture and other junk from attics, closets, the barn and out-buildings.

Clean-up winter rubbish in the farm yard and get rid of dried weeds and underbrush around buildings, along fences, and in fields. Clean up your machine shop and the work bench and get rid of shavings, oily rags, old paints and oils.

Clean up, oil and repair all electrical equipment and power machinery. Inspect and clean up your heating plant, chimney, stove, brooders and heaters of all types.

"Better Clean Up For Fire Safety, Don't Give Fire a Place To Start."

### Horner, Halback Attend Conclave

Deba Horner and Susie Halback were delegates from the Holy Cross Episcopal Church to a recent Diocesan Convention of Episcopal Young Churchmen held at Camp Wagonmound at Arva Park.

They took part in planning the work of all Episcopal youth in the Diocese and in representing Seminole County.

### Smathers Raps U. S. Isolation

MIAMI BEACH (UPI) — Sen. George Smathers (D-Fla.) said Monday night there is no hope that America can return to a normal state "fortress America" foreign policy.

"I doubt that many would argue openly for neo-isolationism," Smathers said. "I think there can be no argument about the fact that the United States could not successfully go it alone in a hostile world."

Addressing delegates of the 57th National states federation, Smathers said the real competition between America and Russia "is not a competition of dollars versus rubles, nor even a competition of Communism versus free enterprise. It is a contest for men's hearts."

"We and the nations allied with us will have to demonstrate to the peoples of Asia, Africa, Latin America, and the Middle East that democracy and free enterprise are capable of solving their problems and meeting their aspirations," said Smathers.

### Seminole To Be Represented At Educational TV Conference

The Florida Conference on Educational Television should give Seminole County some definite answers on how and why to go about getting educational television, County Director of Instruction Stewart Gatchel said Monday.

Seminole County elementary school supervisor Mrs. Margaret Goli and Oviedo School principal W. H. DeShazo will attend the conference in Daytona Beach Thursday and Friday.

Objectives of educational television and financing the TV project will be among the topics discussed at the meeting.

### Loyalty Supper Planned By Church

The Grace Methodist Church will sponsor a free Loyalty Supper, Thursday at 6:30 p. m.

Appointed co-captains have invited ten families as their guests. After the dinner, the new fiscal year, 1950-1951 will be explained by a budget parade.

The new budget calls for an increase of 25 percent over last year because the church is no longer a mission church but is expected to take full support of the pastor and share in the conference benevolences.

The increase in the budget is hoped to be supplemented by pledges given at the supper. Interested persons who have not yet made reservations may do so by calling the church office.

### Chuluota To Hold Cancer Fund Drive

Mrs. Wendell Howell, chairman of the Chuluota Area Cancer Fund Drive, announced that the campaign will be conducted Thursday from 8 to 9 p. m. Along with the usual door to door solicitation, up to date literature on cancer will be distributed. Area women assisting are Carrie Smith, Jean Mellow, Hilda Coberly, Lillians Murphy, Trudy Corton, Louise Boyle, Virginia Chadwick, Ruth Hopkins, Betty Riepe, Ruth Stopyra, Pauline Brooks, Rose Phillips, Meda Smith, Margaret Norman and Evelyn Fore.

### 4-H Club Boys Aid Fire Control

The combined efforts of the 4-H Boys Club of Lake Mary and the Lake Mary Boy Scout Troop 243 helped the Forest Rangers control burn fire areas of land in back of the new Lake Mary Elementary school which will be used for play grounds.

Some of those helping were Ranger John Sizelove, Russell Avery, Billy Hamilton, Logan Curry, Gary Donaldson, Assistant Ranger Robert Dauchle, the tractor man from the Oviedo Tower who cut the tree down, Jim Phillips, Billy Mixon, Stephen Shook, and Dee Spidell.

### Oviedo Man Gets Life Jail Term

Oviedo Negro Aaron Anderson was sentenced to life imprisonment Monday after he pleaded guilty to second degree murder. Anderson pleaded guilty to killing a 18-year-old Oviedo Negro girl Feb. 10. The body of Allames Perkins was found off SR 426 just outside of Oviedo.

First degree murder was the original charge against Anderson, but the state prosecuting attorney was willing to accept a lesser charge. Gordon Frederick was Anderson's attorney for the case.

Richard Joshua was found guilty of breaking and entering with intent to commit a misdemeanor Monday. James McNeal was convicted of attempted breaking and entering. The state has dismissed aggravated assault charges against Jimmy Maxwell.

### Leesburg Melon Festival May 6

Leesburg will be the scene of the annual Florida Watermelon Festival May 6.

Parades, Beauty Contests, Contests of all kinds, and even the United States Air Force "Thunderbirds" Demonstration Team will perform, is the order of the day in this affair.

The event has been staged annually for over 32 years now, and those who have followed it agree that each year it gets bigger and better than the previous year. Some of the many attractions in Leesburg's biggest event is the Vesuvius Gardens, Home of the Floating Islands of Lake Harris. Fireworks, and many other unusual displays take place at the famous Vesuvius Gardens.

### Car Rams Truck; Two Are Injured

A gasoline truck turned over and two Leesburg men were injured in a crash at SR 400 and Hwy 17-90 Monday.

Edward Berman of Leesburg was still unconscious in Florida Sanitarium at noon yesterday and Eldon Elyse Williamson will be treated at the same hospital, Highway Patrolman Bill Stringfield said.

Berman may have received internal and head injuries and Williamson has suffered a fractured shoulder and back injuries, Stringfield said.

The gasoline truck spilled about 300 gallons of fuel oil into the southbound lane as it rolled down the highway for 25 yards. The accident happened when Berman, driving a car west on 400, ran into the truck driven by Williamson, Stringfield said. Both vehicles were near total losses. The accident occurred about 9:45 a. m.

### Girl Ambassadors Hold Meeting

The Intermediate Girl Ambassadors of the First Baptist Church of Lake Mary met last week with their leader, Mrs. Louise Horne.

The following members were present: Anita Ferguson, Nancy Hardy, Barbara Flanagan, Linda Struggs, Diane Hickson, Linda Beal, and Melba Powell.

The Stamban Band met at the same time with their leader, Mrs. J. P. Beal, and her assistant, Mrs. Mary Crawford. Mrs. Beal told the story of "The Little Old Woman."

Those present were: Curtice Crawford, Wayne Boman, Claudia Boman, Donna Boman, Dee Dee Struggs, Charlotte Struggs, Elaine Flanagan, Joe Flanagan, Herman Flanagan, Robbie Fischer.

The Confederate steamship Alabama captured on Northern prizes valued at \$6,000,000 during 11 months of the Civil War.

### Chief To Name Fire Officers

DeBary Volunteer Fire Chief Edward Healy will appoint his subordinate officers at a drill to be held Friday. The siren will sound at 6:45 p. m. to summon all active members of the department to the Fire House at 7 p. m.

### Marshall Plans To Get Married

HOLLYWOOD (UPI) — Actor Herbert Marshall, 50, took out a marriage license Monday for a fifth try at matrimony.

Marshall and Mrs. Dee Anne Kahmann, 38, a department store buyer, went to the county courthouse to obtain the license. But they refused to tell reporters how they met or when they planned to marry.

Mrs. Kahmann has been divorced twice. Marshall was divorced three times. His fourth wife, Boots Mallory, died in December, 1948.

### Benefits Service Discussions Set

A representative of the Social Security Administration District Office in Orlando will be at the City Commission Room, City Hall, in Sanford on May 4, May 11, and May 18, between the hours of 9 a. m. and noon.

This service is made available to those who wish to apply for old-age and survivors insurance benefits, social security account numbers, or obtain information about the social security program.

### To Join ABL

CLEVELAND, Ohio (UPI) — The Cleveland Fighers of the National Industrial Basketball League have indicated they will join the newly-organized American Basketball League for the 1951-52 season.

Florida's Cabinet System provides a continuity of experienced leadership which keeps our State government on an even keel. Experience is the most important quality which we must demand in the man we elect as our State Treasurer.

J. Edwin Larson, for 19 years your State Treasurer, has that experience!

Re-Elect J. EDWIN LARSON STATE TREASURER

## Galaxie by Ford

Last year's winner has won again!

THE WORLD'S BIGGEST SALES SUCCESS IS GOING STRONGER THAN EVER IN 1950. ONE LOOK AT THESE BEAUTIFULLY PROPORTIONED LINES AND YOU'LL KNOW WHY!

Within one year from introduction, the Ford Galaxie, the Thunderbird of the low-price field, has become the world's best-selling car. For 1950 it is even more successful.

Inside and out, in style and luxury, the Galaxie is head-and-shoulders above the rest. For power, you can have the "lightning" of the Thunderbird's own V-8 engine.

And for 1950, Galaxie has more room for six passengers than ever before!

Yet, all-new and elegant as the Galaxie is, it still sports a low Ford price tag. So the tip Galaxie is head-and-shoulders above the rest. For power, you can have the "lightning" of the Thunderbird's own V-8 engine.

Come see the Wonderful New World of Fords at your Ford Dealer's... s.a.s.

### Large Scale African Native Arrests Made

CAPE TOWN (UPI) — South African police arrested hundreds of natives today in widespread raids on Negro settlements in the Langa and Nyanga areas near Cape Town and East London.

The raids on Langa and Nyanga were carried out by several hundred police and troops who arrested 23 Africans in Nyanga and 108 at Langa. Police said "plies of dangerous weapons" were taken.

In the East London area police supported by troops in a three-hour raid arrested 211 persons, bringing to 1,500 the number of natives seized in that coastal city in recent weeks.

Police have stated the raids were designed to weed out "undesirables" and "looters" and said most arrests were for minor offenses. No resistance was reported.

### Around The Clock

Fourteen candidates for the County Commission will speak at the Jaycee luncheon scheduled at noon Thursday. Each candidate will be allowed three minutes and a brief question and answer period will follow.

The Duplicate Bridge Club will meet at 1:30 p. m. Thursday at the shuffle board courts near the Civic Center.

The Sanford Area Ministerial Assn. will hold a called meeting at 10 a. m. Thursday at the First Methodist Church.

The Chamber of Commerce bulletin points out that the local employment office will administer occupational tests for job applicants, consisting of proficiency and aptitude tests. The examinations cover many fields such as accounting, auto mechanic, electronic assembler and

office clerks in the 300 occupations they cover. The service is free and information may be obtained from the employment office.

### Despondent Sheriff Takes Own Life

CHICAGO (UPI) — Deputy Sheriff J. P. Whitehurst of West Palm Beach, apparently despondent because a prisoner escaped from him, took his own life Tuesday, Detective Chief James McMahon said.

McMahon said Whitehurst's body was found on the floor of his hotel room with a gun on a nearby bed. McMahon said there was also a note saying, "Butch, try to understand. Please forgive me."

McMahon said he did not know to whom the note was addressed. McMahon said a prisoner, Don Berry Jr., 48, escaped from the 42-year-old Whitehurst last Thursday. Whitehurst was taking Berry from Phoenix, Ariz., to Florida to face a charge of child abandonment.

### Moon Instrument Probe Set In Next Two Years

WASHINGTON (UPI) — The federal space agency announced today that it is negotiating for a 300-pound instrument package to be landed on the moon in the next two years, to take its temperature and study its structure.

### Nuclear Plant Bids Eliminated

WASHINGTON (UPI) — The Atomic Energy Commission Tuesday eliminated three of five cities bidding on a 12 million dollar nuclear power plant.

Fort Pierce, Miami, Ohio, and Detroit, Mich., were told their bids were not completely acceptable.

The AEC gave the two other communities, Jamestown, N. Y., and LaCrosse, Wis., two months to resubmit bids with revisions in proposed site locations.

### Rosey Infant Dies At 2 Months

Donald Rosey II, two-month-old son of Mr. and Mrs. Donald Rosey died Monday at Seminole Memorial Hospital.

Other survivors include a sister, Donna Mae. The body will be sent to Junction City, Kans. for burial. Gramkow Funeral Home is in charge of local arrangements.

### Manages Farm Club

CHICAGO (UPI) — The Chicago Cubs announced today that Mel Cooper will manage their Morristown, Tenn., farm club in the Appalachian League.

RETURN DAVID M. GATCHEL CLERK OF CIRCUIT COURT pd. pol. adv.

### It Was A Long Wait, But Ex-Sailor To Get Back Good Conduct Medal

MIAMI (UPI) — Ex-sailor Fred Wroble will get back his good conduct medal Friday and the former submariner says "it's like hearing from a ghost."

Wroble lost the medal and the special name attached to it when Japanese bombers sank the USS Sea Lion at Manila Bay on Dec. 12, 1941. Wroble escaped death although he was later captured on Corregidor and spent more than three years in prison camps.

The Japanese raised the submarine and started rebuilding her after invading the Philippines, but American planes sent her to the bottom again.

Last month, Wroble, who retired from the Navy in 1957 as a lieutenant with 30 years service, received a letter from Pacific Stars and Stripes which said the battered hull of the Sea Lion had been raised and his good conduct medal and name plate had been found.

### Government Has Good Case Closing Base, Haley Says

WASHINGTON (UPI) — Rep. James Haley (D-Fla.) said Tuesday the government apparently has a "good case" in closing down the pilot training program at Bartow Air Base, Polk County.

Haley suggested that Polk County leaders try to find a new use for the air base. The Air Force plans to stop operating Bartow late this year and close it down next March.

### Hospital Notes

APRIL 26 Admissions Catherine Golden, Sanford; Edward Goetsman, Apopka; Martha Fields, Sanford; Gladys Knib, Sanford; Deborah Smith, Sanford; Stella Lee, Sanford; Floyd Fullerton, Sanford; William A. Mauro, Enterprise.

### Firemen's Fund Over \$5,000

Joseph Hering, president of the DeBary Volunteer Firemen's Association reports the donations for the firemen's building and recreational program now total \$5,211.80.

### City Managers Warned Over Being Too Social

TALLAHASSEE (UPI) — City managers must be careful not to identify themselves with any single social group, the former director of their international association said Tuesday.

"Managers are very much in the public eye," Orin Nolting told Florida city managers at their annual short course. "Voters in many areas have abandoned the council-manager form of government because of the poor personal habits of their managers."

Nolting said most of the 3,000 managers serving governments here and abroad were "chalking up a fine record." He opposed any certification or licensing program for them.

### 3 Areas Form Babe Ruth Club

The Babe Ruth team, formed from the Oviedo, Chuluota and Blavia combined group and headed by Coach Paul Mikler has been formed.

The first game is scheduled for Thursday with the Shrine Club with a game following on May 3 with the Rotary Club team. Boys forming the team include Roger Norton, David Fulghum, Martin Norman, John Jakubala, Wesley Swanson, Ronnie Howell, Jerry Viles, Danny Smith, Kelly Ford, Jimmy Courier, Danny Gammage, Wayne Jacobs, Jimmy Fox, Rex Brooks and Tommy Minter. Substitutes are Edward Jepson, Wayne Fulghum and Skippy Rock.

### Fire Station Gets Telephone

The DeBary Fire Department now has a telephone in the Fire House.

### Court Case Decision Could Oust Union Shops

By LYLE C. WELSON WASHINGTON (UPI) — The U. S. Supreme Court has accepted for decision a legal dispute which indirectly could invalidate all union shop labor contracts in the United States.

## Let's Greet Our DeBary Friends

The merchants of Sanford are saluting the neighboring community of DeBary Thursday and Friday with a two-day celebration they are calling "DeBary Days."

This event has the primary purpose of paying a tribute to the citizens of the community across the river who have more than just telephone connections with Sanford. Our people have successfully joined with DeBary residents in civic enterprises to the mutual benefit of both places and have the natural bond of nearness.

DeBary is trying to raise some funds to expand its Community Center and the Talent Parade Friday night climaxing the two-day expression of neighborliness will help them. Everybody on this side of the St. Johns ought to buy a ticket and attend this show with those from DeBary, who support civic projects in a big way. We urge Seminole Countians to greet our friends from DeBary at the Civic Center so they can invite us all over to similar events in their bigger and better Community Center one of these days.

## WORRY CLINIC by Dr. G. W. Crane

Gordon's case deserves immediate attention. In recent months, the delinquency among New York City teenagers, especially of foreign birth, has been stressed in many front page newspaper stories. Dr. Crane, a professional schools and colleges in a far more serious way. Discuss this in church next Sunday.

CASE E — 443: Gordon D., aged 22, presents a critical problem.

"Dr. Crane," his lawyer dad informed me, "Gordon has an IQ of 128."

"He finished in the top 10 of his Chicago high school class, which contained about 400 graduates."

"Then he went on to college and, despite winning varsity letters in various sports, he still graduated CUM LAUDE."

"I had then hoped he'd go into law, but he had heard about the wonderful work of Dr. Schweitzer in Africa. And since he was always active in church affairs, he decided he'd prefer medicine."

"So he enrolled and studied hard. But he said the faculty would 'ride' the students unmercifully, so most of them had to work till midnight or even 2 a. m. and spend themselves with caffeine tablets or benzedrine to keep up."

"Though Gordon never took time off for but one movie in the first six months of school and never had a single date, he still stayed down near the bottom of the class."

"He was very discouraged, for his heavy studying didn't seem to pay off."

"Then we discovered one of the main reasons. Cheating was so rampant during exams that a small group of honest students once marched up to the professor and protested."

"But he simply shrugged his shoulders, saying, 'What can I do about it? You fellows just rough up the cheaters after you leave class.'"

"As Gordon later told me, what had worried that do toward remedying the unfairness? For the cheaters still get credit for their highest grades and the

honest students naturally railed low by contrast.

"Another surprising custom in the midst of an exam for a 'cigaret break.'"

"Since they were meanwhile to leave their exam papers in the room, the naive prof seemed to think this kept everything fair and square."

"However, during these smoke breaks the boys would consult secreted data sheets as soon as they were outside or ask their frat brothers about the correct answers to questions they had left blank."

"Then they'd go right back to the room a few minutes later, and continue working on the very same exam paper they had left. Thus, they'd correct their mistakes or fill in the blank questions they had been unable to answer."

"When other profs were told of obvious cheating right during class, they would go 'Tak. Tak. Tak. You mustn't do that!' Then they'd look the other way and ignore the continued cheating."

"Dr. Crane, I have reports on over 25 percent of the entire class, who are known to have cheated flagrantly. Just imagine how many more a lie detector test would uncover!"

"One student told me he was sure at least 80 percent of the entire class had cheated in some or all of their courses."

"Another was willing to wager that a minimum of 50 percent did so. And from the fact the profs were so indolent about maintaining honesty, I'd wager that more than half cheated in some or all of their courses."

"When Gordon brought this widespread dishonesty to the attention of a prominent doctor, he brushed it off as inconsequential, saying, 'that cheaters hurt only themselves:'"

"But that's definitely not true; Lawbreakers hurt the innocent and the honest, both in society as well as in school classrooms. Dr. Crane, please focus attention on this delinquency in high places."

"Then they'd go right back to the room a few minutes later, and continue working on the very same exam paper they had left. Thus, they'd correct their mistakes or fill in the blank questions they had been unable to answer."

"When other profs were told of obvious cheating right during class, they would go 'Tak. Tak. Tak. You mustn't do that!' Then they'd look the other way and ignore the continued cheating."

## ASSIGNMENT WASHINGTON by Ed Koterba

WASHINGTON — Fred Bonitz of Charlotte, N. C., sends me a verse that he composed in 1932. It reads:

"We trust in God on our silver. We trust in God on our gold. But we do not trust in God on the money that we sold."

The verse was printed as a newspaper "filler" and, says Bonitz, it inspired Congress to put "In God We Trust" on dollar bills. That law was passed in 1935.

So now, it turns out, we trust God on the \$1 bill, but we still don't trust God with five's, ten's and so on.

Money oddities like this are many, and I've come across some in thumbing through the musty files of the Library of Congress and through the records of the Treasury Department.

The Treasury people say that "In God We Trust" will eventually grace bills of all denominations, but they're waiting until the present plates are worn before etching the phrase on the bigger bills.

The dollar bill is one of the most thoroughly handled items in our daily lives. Yet virtually no one whom I've asked is able to answer correctly this question: "How many times is the designation 'One' found on a dollar bill?" This does not include the numerals in the date or serial.

Try counting 'em. The answer is: 26.

Several weeks ago I related a story about the legend that Henry Ford owned a new car to anyone who could recite the Swarthmore Election Commission as the University of Texas said, but active campaigning is taboo. The commission warned candidates that no campaigning "other than speaking to personal friends will be allowed regardless of the distance from the polls."

Nature's first and last lessons teach man to be kind, and even pride should sanction what our nature need. —Mary Baker Eddy

## WASHINGTON SEE-SAW by Win Pendleton

Last week, our travels took us to Chicago. While there, the newspapers carried a story that seemed so lopsided that it was almost amusing. We mention it because we think it shows some of the symptoms of the unbalanced thinking that is causing much of the so-called "civil rights" disturbance now being headlined in the news throughout the southern states.

The Chicago story was about a bingo game that was raided. The game had not started, but everything was ready to go. Arrested were two ladies, society leaders, one 55 and the other 80. The story said they were heading a drive to raise money for a charity and had decided to hold a bingo party to reach their goal. Apparently, this is a common practice in the neighborhood. The party was in a swank hotel. The ladies had no idea their operations would be raided.

The newspaper accounts told of tears of embarrassment and fear and humiliation that followed the appearance of the law. Later, the charges were dismissed on the ground that the arresting officer had no search warrant. Nobody was hurt, other than enduring the frustration of having their plans blocked and the indignity of having been booked for gambling. We think the ladies will live it down.

But, the episode does raise a question of the proper balance of law enforcement and civil rights. It shows how unfair can be the heavy hand of the law. We do not know the ladies in the case. But, we are fairly certain that a phone call from the chief of police, warning that their bingo game was against the law, would have brought an end to the whole affair. We think a word from the arresting officer would have been enough to call off the party.

But, no! The ladies were arrested and arraigned. The arresting officer piously said, "They were breaking the law."

We are not arguing that bingo should be played. Or that ladies should be allowed to break the law. But, we would suggest to the Chicago police that if they are sincere about breaking up gambling in their city, they begin with the bookies and lay-off rooms.

When we lived there some 23 years ago, the loop was infested with them. On this visit we inquired of our taxi driver if he perchance knew where an eager horse

## Quotable Quotes

United Press International

NEW YORK — A descendant of one of New York's Knickerbocker families, complaining that the flower of New York society did not appear at the April in Paris ball because French President Charles DeGaulle wasn't there: "This isn't even a cafe society. This is a society!"

LOS ANGELES — Shapely actress Greta Thynsen, explaining why she shoved a traffic officer who arrested her: "He was too close for comfort when he handed me a ticket. I thought he was going to kiss me when he bent over me."

NEW YORK — Roger M. Blough, chairman of the U. S. Steel Corp., stating that 1960 was never destined to be the boom year some people expected: "Let's just call it an average year, but the best average year we may ever have."

Singing Star Gets Contract

HOLLYWOOD (UPI) — Nineteen-year-old singing star Rod Lauren has been signed by producer Hal Wallis to a multiple-picture contract at Paramount.

The Fresno, Calif., recording artist will be seen first in "The Sons of Katie Elder," scheduled to start production next fall. Two of Rod's record hits were "If I Had a Girl" and "No Wonder."

### Miss McAlexander Honored At Supper In Ocala Forest

Mr. and Mrs. George Maffett gave a steak supper, Saturday night, at the Hunt Club in the Ocala National Forest, honoring Miss Dorothy McAlexander, a member of the 1965 Seminole High School graduating class. Miss McAlexander is also a God-daughter of the Maffetts.

They presented the honoree with a sterling silver charm bracelet, engraved with her name and the graduation date. Each guest also received a token gift.

The dining table was decorated with the class colors of red and white and centered with an arrangement, featuring a miniature deer. Miniature diplomas, tied with red and white ribbon were used as favors.

Preceding the dinner the guests enjoyed an afternoon of boat riding, hiking and picnicking. Those attending included the honoree, her parents, Mr. and Mrs. H. E. McAlexander, Mr. and Mrs. Allen Maffett, of Orlando, Bill Wright, Judy Asencio and John Smith.

### Oviedo Baptists Plan S. S. Meeting

W. A. Ward Jr., Sunday School superintendent of the First Baptist Church of Oviedo, announces that a Sunday School officers' and teachers' meeting will be held Thursday at 7 p. m.

### Training Union Officers Elected By Osteen Group

The Training Union of the Osteen Baptist Church met Saturday evening at the home of Donna and Maxine Stowell.

Officers were elected, Herman Allman, president, Carrel Crim, vice president, No. 1 group captain, Penny Nix, No. 2 group captain, Regina Clark, social directors, Carrel Crim and Larry Hirt, daily Bible reader leader, Donna Stowell.

Following the business meeting, games were played and a weiner roast was enjoyed with Rev. Joe Douthitt and David Hosack serving as leaders.

Guests were Etta Emanuel, Terry Sellers and Mickey Neal of Enterprise, Judy Swinney, St. Petersburg, Linda Hart of Debarry and Joe Frank Tart, home on leave from Ft. Knox, Ky.

### WMU Association Meets Thursday

The Seminole WMU Association will meet Thursday, April 28, at 10 a. m. This is a "Youth Emphasis Meeting." Four students from DeLand and some foreign students plan to attend.

A "Lap-Lunch" will be served at noon. Any who can go contact Mrs. Jack Bryant, president of the association, the local pastor's wife, or Mrs. W. H. Anderson, WMU president.

### Church Calendar

**THURSDAY**  
First Baptist Church announces the Spring Rally of the WMU, in Seville, at 10 a. m. Royal Ambassadors meet at 7 p. m. Red Cross First Aid Class meets in the First Presbyterian church at 7 p. m. At 8 p. m. a reception for the Rev. Grover C. Sewell, Jr. and family.

MISS TOMMYE METHVIN, left (back row), is shown holding one of her gifts at the bridal shower in her honor. Hostesses are Mrs. Eugene Gilmar-tin and front row, Mrs. W. C. Gailey and Mrs. Lee Patton. (Herald Photo)

### Bride-Elect Honored With Shower At Gailey Home

Mrs. W. C. Gailey, Mrs. Lee Patton and Mrs. Eugene Gilpatrick were joint hostesses at a bridal shower, honoring Miss Tommye Methvin, at the Gailey home, 2306 Laurel Ave.

The rooms were decorated with miniature bride and groom arrangements. Games were played and prizes awarded to Mrs. Bertha Cottrell, Mrs. Thomas Galloway, Mrs. Walter Berthea and Miss Vera Woodcock.

Refreshments of double ring and heart shaped cakes, petit fours, punch and coffee were served. Miss Methvin received many beautiful gifts of china, crystal and silver.

Other guests included, Mrs. Jesse Jarrell, Mrs. Shan Winn, Mrs. Britton Johnson, Mrs. R. L. Duffly, Mrs. Doris David, Mrs. Z. J. Jones, Mrs. Marion Harman, Mrs. Herman Koeff, Mrs. Ray Edwards, Mrs. Eddie Mossman, Mrs. Clyde Selbee, Mrs. Thelma Steele, Mrs. Bill Reed, Mrs. L. T. Shepard, Mrs. Audrey Patterson, Mrs. Pete Echols, Mrs. Jimmy Lapping.

# Go

BY JEANNE WARNEK FA 2-7488

**A STORK SHOWER** Saturday evening brought together three women who were friends during their school days in Sanford. Two of them, Mrs. Tom Norris (nee Shirley Hall) and Mrs. John Maddox (nee Shirley Tyre), both now living in Orlando, entertained in honor of Mrs. Dean Hanson, the former Marilyn Calhoun. The party was held at the W. W. Tyre home on Oak Avenue.

Around fifteen friends showered Marilyn with gifts for her "blessed event" which is expected in June. A pink and blue scheme was used in the party decorations and especially clever were the individual cakes led with pastel "babies" that were served in crinkled paper cups to represent a crib. Conversation and games made for a pleasant evening and prizes were won by Mrs. J. N. Azarello, Mrs. A. E. Beckwith Sr., and Mrs. Fred Wilson.

Marilyn had only a brief time to visit with her parents, Mr. and Mrs. J. A. Calhoun, before returning to Lakeland where her husband will graduate this June from Florida Southern College—and from there he will enter medical school.

MRS. COTTRELL

BERTHA COTTRELL has seen many changes in the Bell Telephone Co., since she became an employee 35 years ago. And Friday afternoon several officials of the company, her fellow employees and some retired members, entertained with a tea in her honor.

### Miss Price Honored With Bridal Shower

Mrs. Herbert Behrens was hostess to a miscellaneous bridal shower, honoring Miss Sylvia Price, at the Behrens home in Lake Monroe. The party rooms were decorated with white mums and pink gladioli. Games were played and prizes awarded to Mrs. Ralph Lossing and Mrs. Cecil Carlson. Mrs. Mary Tolar Nance won the door prize. Refreshments of pinwheel sand-

A large cake, decorated with "Happy Anniversary and Congratulations", was cut and served and she received a 35 year service pin along with many lovely gifts.

Mrs. Cottrell had been with the telephone company for five years in Richmond, Va., before she moved here. An active member of the Baptist Church, she lives on Sanford Avenue.

MARY MARGARET HOUK, who soon will be leaving for Tampa, has been the center of attention at several farewell courtesies lately. Ruth (Mrs. Ray) Herron and Jean (Mrs. Jim) Leonard entertained informally for her Friday at the lunch hour—other guests were Mrs. J. R. Houk, Mrs. W. J. David and Mrs. H. R. Pilcher.

A MOTHER-DAUGHTER LUNCHEON on Saturday was given for Mary Margaret and her mother by Juanita (Mrs. Pete) McKnight and her daughter, Sandra. Others present were Mrs. Ted Williams and Linda Jane, Mrs. Ashby Jones and Leslie, Mrs. Gerald Myers and Ellen, Mrs. Bill Glenn and Janet, and also Mrs. Mildred Butner. A corsage of carnations and a farewell gift were presented to the honoree.

Saturday evening Mrs. Butler and Olive (Mrs. W. A.) Huntea had a chicken barbecue for Mary Margaret and Mrs. Houk—other guests included Tommy Butner, Mr. Hunter, Eloise and Louis Hughley.

RETURNING SATURDAY from Tampa were Lorraine Graham, Olga Hunter, Martha Azarello and Freda Tyre who attended the annual convention of the TB Assn. at the Hillsborough Hotel—ALSO BACK from a conference are Ruth (Mrs. Tom) O'Steen and Annis (Mrs. John) Dominy who represented the local Methodist Churches at the annual meet of the Woman's Society of Christian Service held in Miami. The twosome stayed at the Everglade Hotel and the conference was held at the White Temple Methodist Church.

A WEEKEND VISITOR was "Lola" (Mrs. Lee) Draper of Lake Wales who was guest of her parents, Mr. and Mrs. Harry Lee on East Second Street. ANOTHER VISITOR, Mrs. Louis Jordan of Trenton, N. J. left Monday after being a house-guest of her sister, Mrs. J. S. Laubach and Mr. Laubach.

NELLIE (Mrs. Boyd) COLEMAN's house-guest, her sister, Mrs. Ed Eisele, has returned to Cleveland, Ohio—Before her departure she was guest of honor at a bridge party at the Coleman home. Other guests were Martha Vihlen, Jesse Perkins, Doris Dean, Nancy Terwilliger, Ethel Morris of Maitland, Shirley Schilke, Virginia Wedekind of DeLand, Doris Spencer, "Boo" Ganas, Ann Allen, Mary Joyce Bateman and Ellen Dossey.

Mrs. Coleman presented high wishes, cake and punch were served.

Other guests included Mrs. Gerald Behrens, Mrs. Fred Bolly, Mrs. Claude Hittell, Mrs. Roland Giles, Mrs. George Wardwell, Mrs. J. B. Staples, Mrs. Wesley Giles, Mrs. Alfred Stanley, Mrs. Frank Price, Mrs. Joe Morgan, Miss Helen Price.

Miss Jeanette Price, Mrs. Leslie Holcombe Jr., Mrs. P. Mathe-son, Mrs. Harold Hackenbach, Mrs. Walter Price, Mrs. Harry Kudell, Mrs. Lamar Echols, Mrs. Roscoe Taylor, Mrs. Glenn Goemble, Mrs. Robert Williams, Mrs. Larry Johnson and Mrs. Walt Meriwether.

### Personals

Dr. Ralph Woodruff and his daughter, Mary Kathryn of Englestown, N. J. are visiting Dr. and Mrs. Harry Woodruff at their home on Elliott Ave.

Mr. and Mrs. James E. Hadlock of South Gate, Calif., announce the birth of a daughter on April 21. Mrs. Hadlock is the former Julie Vernay of Sanford and the granddaughter of Mr. and Mrs. Joe Meach of West First Street.

A clean, fresh, and neat woman is invariably charming and interesting.

### Paper Demand At All-Time Peak Convention Hears

NEW YORK (UPI) — The public demand for newspapers is at an all-time peak and is continuing to grow at a steady pace, the president of the National Newspaper Publishers Association reported today.

D. Tammatt Bryan, of the Richmond Va. Times-Dispatch and News Leader, opened general sessions of the 76th ANPA convention with the annual address of the president on "The state of the newspaper business."

He said that 1,726 daily newspaper publishers in the United States produce and sell about 80 million copies of their product every day. In the matter of selling a product at the right price, place, and time, Bryan said, "there may be some other industry that does better — but off-hand I can't think of what it might be."

During the last year, he said, there had been mergers of plants for economy of job production — but that had nothing to do with demand for newspapers as such.

Not many years ago, Bryan said, "the prospect of doom was clouding the rise of television as a certain indication of the decline and ultimate fall of the newspaper. But it has now become abundantly clear that neither television nor any other existing medium can displace the newspaper — which along with food and utilities remains an indispensable daily service in the American home."

### Ground Breaking Set For Church

With a successful effort in the raising of \$50,000 in church funds, the Elder Springs Baptist Church will break ground Sunday afternoon on its new educational unit. This unit will provide facilities for all major purposes. Included will be four nurseries, a kitchen and banquet area.

The ground breaking service will begin at 2:30 p. m., and Dr. W. F. Brooks Jr., pastor of the First Baptist Church of Sanford, will bring a special challenge. Rev. Robert O. Byrd, pastor of the Lake Monroe Baptist Church, will have the invocation, and Rev. Donald F. Gravenmier, pastor of the Pinecrest Baptist Church, will read the Scriptures.

"Many of the church's friends throughout the area are having a part in this new unit through the purchasing of the church bonds. To these is extended a special invitation to this service," pastor E. H. Griffin said.

He also said that a few of the five percent church bonds still are available and that information about purchase may be had by contacting the church office.

**Rocky Road**  
GUSHING, Okla. (UPI)—Carl Corbin has done a lot of traveling since he retired a little over a year ago. The 67-year-old former radio repairman estimated he and his wife had covered 10,000 miles since June, collecting rocks. They've hauled back 50 to 60 pounds. "I guess people do think we've got rocks in our head," Corbin said.

## Church Assembly Opens Thursday In Jacksonville

JACKSONVILLE, Fla. (UPI) — Segregation and birth control may be among the major issues at the 100th general assembly of the Presbyterian Church, U. S., which opens here Thursday.

Some 530 church leaders, including laymen and ministers, will take part in the six-day conference. The general assembly is the highest court of the 900,000-member church body.

The commissioners will determine a budget for the coming year, elect officers and choose committees, review activities of the past year, and act on suggested revisions of church policies and several controversial proposals.

A group from the Washington area is expected to ask the assembly to speed integration of Presbyterian churches. The assembly has stated its opposition to segregation every year since 1954, when the U. S. Supreme Court handed down its hotly debated integration decision. Only a few congregations and church institutions have actually desegregated to date.

The same Washington group also is expected to ask the assembly to reaffirm its position on "matters of personal decision such as birth control." The group maintains the assembly should "reassert our Christian understanding of freedom which underlies our historical position that no authority, ecclesiastical or otherwise, can bind the individual conscience on matters of personal decision."

Election of a new moderator is on Thursday's agenda. Possible nominees include Dr. Marion Duggs, pastor of Second Church, Little Rock, Ark.; Dr. R. Matthew Lynn, pastor of First Church, Midland, Tex.; and Dr. H. E. Russell, pastor of Second Church, Memphis, Tenn.

Another controversial proposal would seek to have the church dispose of any tobacco company securities which may be held in endowment or trust funds. The recommendation maintains tobacco is "deleterious to health" and accuses the tobacco industry of exploiting "the health of the nation for the profit motive."

## Named Grid Coach

SAN DIEGO, Calif. (UPI)—The University of San Diego has named Mike Pecarovich, former scout for the Detroit Lions and the Washington Senators, as head football coach. His last coaching position was with the New York Yanks of the defunct All-American Conference.

# Spahn A 'Cinch' For Hall Of Fame

United Press International  
Southpaw Warren Spahn is a cinch to wind up in baseball's Hall of Fame when he's elected, and if it's hurry, hurry any, his Cincinnati "cousins" will gladly pay his fare there.

Ever since the 39-year-old Spahn has been in the National League, the Reds have paid plenty—and mostly through the nose.

As a matter of fact, no club has contributed more to Cincinnati's superior record of having won 26 games during 10 different seasons. Spahn's lifetime mark against the Reds is an almost incredible 44-20. That's a 73 percent and pretty fancy pitching in any league, brother.

Spahn performed his specialty again Tuesday night when he beat the Reds, 4-3, in 11 innings on a four-hit effort that snapped a three-game losing streak for the Braves and boosted them from sixth place to within 2½ games of the top.

Del Crandall supplied the pay-off blow with his first homer of the season in the 11th off lefty Jim O'Toole, who went the distance for the Reds. Gus Bell hit a two-run homer for Cincinnati in the third and that was the last hit Spahn yielded until the eighth.

The Cardinals knocked the Giants out of a first-place tie by beating them, 6-3, and the Dodgers defeated the Cardinals, 8-1, in a doubleheader. The Pirates took over sole possession of first place when their game with the Phillies was rained out.

In the American League, the Indians handed the Tigers their first setback of the season, 2-1, in 12 innings; the Red Sox snapped the Yankees' four-game winning streak, 7-5; the White Sox blanked the Athletics, 5-0, and the Orioles outlasted the Senators, 11-10.

The Cardinals won their game from the Giants by hopping on former teammate Sam Jones for all their runs in the first inning. Mc-Giant Bill White tripled home two of the runs and Stan Musial and Wally Shannon each staged home runs. Larry Jackson held the Giants to seven hits in posting his first victory. Willie Mays extended his hitting streak to 12 games with a fourth-inning single.

Lanky Don Drysdale set the Cubs down on four hits in halting a four-game Dodgers losing streak. Drysdale struck out 10 in registering his third victory and aided his own cause with three hits. The Cubs didn't help themselves any with four errors, including two by former Dodger Don Zimmerman, one by losing pitcher Glen Hobbie, who failed to survive the third inning.

Vic Power singled home the winning run for Cleveland as the Tigers suffered their first loss in six starts but still retained the American League lead. Power's single came off Tom Morgan but the loss was charged to Dave Slater, who relieved starter Jim Bunning in the 11th. Rookie Wren Hawkins buried the first 11 innings for the Indians, gave up five hits before yielding to Jim Perry in the 12th, and was credited with his first major league win.

Two defensive lapses by left fielder Hector Lopez cost the Yankees their game against the Red Sox. Lopez's three-base error on a routine fly ball by rookie Lou Clemm touched off a five-run Boston uprising in the third inning and then in the seventh, he played Pete Runnels' single into a triple that gave the Red Sox their sixth run. Jerry Casale was the winner and John Gainer the loser. Bill Skoveren and Yogi Berra homered for the Yanks and rookie Ed Sedgewick hit his first major league homer for the Red Sox.

Bob Shaw and Al Smith were the whole story in the White Sox' victory over the Athletics. Shaw topped KC on five hits in becoming the first White Sox pitcher to lead more than five innings this season, and Smith topped out five hits in as many times up, including a first-inning homer off loser Red Gervus.

Jim Gentile's second three-run homer in as many games gave

the Orioles their decision over the Senators. Gentle, on a 39-day "look" with Baltimore, has pitched 11 runs so far this season—all against Washington. His three-run homer Tuesday came in the eighth off reliever Camilo Pascual, who suffered his second defeat. Rookie Chuck Estrada picked up the win in relief. Gene Woodling also homered for the Orioles while Jim Lemon, Dan Dobbek, Harmon Killebrew and Earl Batley connected for the Senators.

## Rain Out

The Sanford Greyhound tilt with Lakeland Tuesday night was rained out. The Greyhounds will be looking for their fourth victory of the Florida State League season when they journey to Daytona Beach tonight meeting the Islanders.

## Seminole High Drop Tilt To Parkers

The Seminole High baseballers started off like a house on fire Tuesday night as they banged out two runs in the first frame but couldn't keep up with Winter Park for the remaining six innings losing 11-2.

The Parkers, thanks to a big six run sixth inning, slammed out 10 hits to defeat the local team. Ray Lundquist started on the mound for the Seminole and was tagged with the loss.

In other Seminole High sports, the swimming team will compete with Mt. Dora in a meet Thursday afternoon while the female track and field team competes this afternoon in a five school meet at Winter Park.

## Rookie Finds Out Who's Boss In The Majors

ST. LOUIS (UPI)—It didn't take St. Louis Cardinal rookie Chris Cannizzaro long to find out who's the boss in the big leagues. The Cardinal catcher became involved in a heated argument with umpire Frank Secory in the seventh inning of a game against San Francisco Monday night. Cannizzaro said Willie Mays failed to touch home plate after scoring from first on Willie McCovey's single.

The umpire disagreed and league headquarters announced Tuesday that Cannizzaro had been fined \$50 and suspended for two days for "boisterous conduct and remarks" made to Secory.

## Runners Search May Be Ended

NEW YORK (UPI)—Uncle Sam's search for distance runners for the Olympics was brightened this week with the announcement that the Dural Burison of Oregon and Ernie Cullifly of Stanford have qualified for the 1,500-meter run.

The U. S. Olympic Committee's weekly report shows that 26 more track and field athletes have met the qualifying standards. This brings the total of qualifiers to 206 for 16 of the 19 events where such requirements are necessary.

## Windshield Rule

LAUSANNE, Switzerland (UPI)—The Sports Commission of the International Automobile Federation announced Tuesday that henceforth competition sports cars need be equipped with only 10 inch wide windshields. This modified the controversial rule which had stipulated that auto racers must have full-length windshields.

## Memorial Stadium Ground Rules Explained

Ever wonder what the two managers and umpire did at home plate just before the start of a game? Naturally, they exchange play-off signals which this season must be eyed carefully by all concerned. No club is allowed to carry more than one "veterat," and all clubs must at all times carry at least nine "rockies," or players without previous pro experience except that gained during the last 30 days of the previous season.

After this exchange of hints, fans then notice more than usual arm-waving activity. This comes under the heading of "Explanation of Ground Rules."

Here are the basic rules that will be followed at Memorial Stadium this summer:

Ball hitting on any part of the

outfield fence and remaining in the park is in play.

Ball hitting scoreboard on the fly is a home run. This includes the football scoreboard in left field.

Ball bouncing fair over the outfield fence is an automatic double.

Ball landing in areas marked off by chalk marks is dead and out of play.

Ball sticking in career bobbed

## Nicks Favored In Amateur Play

PINEHURST, N. C. (UPI)—Bill Nicks of Los Angeles moved into the second round of the 64th annual North and South amateur golf tournament as an early favorite today after his victory Tuesday over medalist Herb Durham of Dallas, Tex.

Nicks, who used his putter to good advantage in his 1-up victory, was matched against John E. Ward of Fayetteville, N. C. Ward reached the second round by defeating Sam Manteaf of Glenside, Pa. 1-up.

Walker Cupper Billy Joe Patton of Morgantown, N. C., meets Edward Kirkland of Fort Lauderdale, Fla., in today's second round and Jennings Randolph of Clarkburg, W. Va., plays Frank Strafor of Miami.

## Ring Results

McKEESPORT, Pa. (UPI)—Tony Crispy, 124, Pittsburgh, outpointed Johnny Bissarro, 128, Erie, Pa. (6).  
LONDON (UPI)—Brian Landon, 214, Blackpool, England, knocked out Redmond Radmore, 228, Columbus, Ga. (7).  
LOS ANGELES (UPI)—Bobby Fenn, 153, Mexico City, outpointed Jesse Jones, 146, Los Angeles, (6).

PORTLAND, Ore. (UPI)—Denny Moyer, 121, Portland, Ore., defeated Eric Smith, New York, 121, (10).

The American eel is the only fish that lives and grows in fresh water but goes into the ocean to spawn.

## Several Schools Expected To Face NCAA Crackdown

ATLANTA (UPI)—The NCAA council, governing body of college athletics, was expected today to take disciplinary action against several schools for illegal recruiting or other rule violations. Such action would come at the close of the council's annual three-day meeting here and would follow on the heels of a decision that the NCAA will no longer honor AAU suspensions until such time as the two nationwide athletic groups can reach an agreement on their rules differences.

The council has steadfastly refused during the past two days to identify the schools it has on the carpet. It has been unofficially reported that those in line for probation or lesser punishment include Indiana, Kansas, North Carolina and possibly Louisiana State.

Infractions committee chairman George H. Young, dean of the University of Wisconsin Law School, was closeted with the 18-member council both Monday and Tuesday and a spokesman inadvertently disclosed Tuesday that punitive action is expected. NCAA executive secretary Walter Byers reported Tuesday that NCAA members were displeased with what they considered the "capricious and inconsistent manner" in which the AAU has been applying its suspension rules.

This action, said Byers, "stems from widespread dissatisfaction." He said the NCAA is willing and ready to meet with the AAU to discuss differences but he noted that such meetings in the past have borne little fruit.

"What we are saying to our members," Byers emphasized, "is that if the AAU threatens them with suspension for playing against a team which the AAU considers ineligible, they can play anyway knowing that the NCAA won't support any AAU suspension that follows."

## Chisox Dangling Landis For Garver

KANSAS CITY, Mo. (UPI)—The Chicago White Sox are rumored to be dangling centerfielder Jim Landis as trade bait for Kansas City pitcher Ned Garver. Chicago General Manager Hank Greenberg, disappointed in the early-season showing of the White Sox pitching staff, reportedly is anxious to acquire the 32-year-old Garver, a veteran righthander who has won 125 games and lost 146 in 18 years in the major leagues.

Garver, a native of Ney, Ohio, has played most of his big league career with second division ball clubs but always has been tough on first division teams. He has been most effective against the White Sox, winning 26 and losing 19.

## Lakers Transfer To LA Expected

NEW YORK (UPI)—The transfer of the Minneapolis Lakers' franchise to Los Angeles is expected to be approved by the board of governors of the National Basketball Association either today or Thursday.

The general sentiment of the board seems to favor the shift so long as the schedule can be adjusted, league President Maurice Podoloff said Tuesday night at the conclusion of the opening session of a three-day meeting.

Robert Short, president of the Lakers, surmounted another major hurdle leading to his club's transfer Tuesday when the Los Angeles Coliseum Commission agreed to give the Lakers all the dates they need next season.

Short then caught a plane for New York in order to present his plans to the board at today's meeting.

If the shift is approved, Short has agreed to pay the extra traveling expenses for other NBA teams on their trips to the West Coast. He estimates this will amount to about \$87,000 a season. The Lakers played three "sample" games at Los Angeles last season, attracting crowds ranging from 6,000 to 10,000. Short said turnout of that size would be enough to support the Lakers, who have been losing money steadily in Minneapolis.

Six out of every 10 of the 28 million residential gas customers heat their homes with gas.

# Kennedy, Nixon Roll Up Good Primary Votes

**PITTSBURGH (UPI)** — Sen. John F. Kennedy of Massachusetts and Vice President Richard M. Nixon rolled up impressive presidential "popularity" showings in a comparatively dull primary election that was heated only by voting on legalized harness racing in Pennsylvania.

Five counties, including Philadelphia, approved gambling on harness racing, seven counties including the one for Pittsburgh voted against it, and two counties were undecided.

Approximately 25 per cent of the state's more than five million registered voters balloted to climax a lack-luster primary campaign.

Although no Democratic aspirants to the presidency filed for Tuesday's primary in deference to the wishes of Gov. David L. Lawrence, Kennedy showed astounding strength. He surpassed the 50,000 record write-in votes established by Sen. Estes Kefauver in the 1952 Democratic primary.

Nixon, the only entrant on the Republican side, came surprisingly close to the record 851,900 votes cast for President Eisenhower in the 1956 Republican primary.

With 7,333 of the state's 9,013 precincts reported, Kennedy compiled 87,790 write-in votes, Adlai Stevenson had 14,000; Sen. Hubert Humphrey of Minnesota had 7,300; Sen. Stuart Symington of Missouri 4,301, Nixon 3,543 and Gov. Nelson A. Rockefeller of New York 24.

On the Republican side, with 7,333 of the state's 9,013 precincts reported, Nixon had 750,274 votes, Rockefeller got 5,374 write-ins.

With the exception of Symington, none of the presidential hopefuls appeared in Pennsylvania during the primary campaign. Results of the state's preference primary are not binding on delegates to the national convention.

The only other issues creating much interest were two special congressional elections in GOP strongholds and the question of whether 14 counties favored legalized pari-mutuel betting on harness racing.

In the 17th Congressional District election, with 354 of 377 precincts reported, Republican Herman R. Schneebell, a Williamsport automobile dealer, had 87,385 votes to 34,393 for attorney Dean R. Fisher, also of Williamsport. They vied for the seat left vacant by the death of Republican Rep. Alvin R. Busby of Muncy.

In the 18th District, Republican State Sen. Douglas H. Elliott, Chambersburg, won the unopposed term of the late Rep. Richard M. Blumenthal, Huntingdon Republican. With 275 of 335 precincts reported, Elliott had 33,840 votes to 21,488 for Robert M. Meyers, Lewisburg borough councilman.

Rockefeller appeared in Pennsylvania briefly in support of Schneebell, his old Dartmouth College roommate.

On the issue of pari-mutuel betting, Philadelphia County led the way by approving the measure by almost a five-to-one margin. Also approving the legalized gambling referendum were Delaware, Luzerne, Bucks and Chester counties.

Rejecting it were Allegheny, Erie, Fayette, Lahir, Monroe, Northumberland and Berks counties.

**A BLIND GIRL**, Katherine Cox, 9, compares the features of Lowell B. Mason (top, right) with a bust of the former Illinois state senator. Mason was visiting the state school for the blind in Jacksonville, Ill., to present an annual musical award. Keller, 62, says he is giving up the act to return to instructing art study classes at Teachers College, Columbia University.

# Citrus Official Urges U. S. Start Get Tough Export Policy

**WASHINGTON (UPI)** — A Florida citrus official suggested Tuesday the State Department crack down on foreign nations which discriminate against U. S. citrus exports.

Martin Hearn, international trade division director for Florida Citrus Mutual, proposed that the State Department be given a mandate to "get tough" with countries which discriminate for "no valid reason."

Hearn suggested removing them from the most favored nations trading list. He and I. Paul Pedraza, executive director of the Florida Ports and Foreign Trade Council, testified before the Senate Commerce Committee.

Pedraza said "bureaucratic barriers" have caused a four million dollar loss in export income, including 1,500,000 boxes of fruit and damage to operations at the ports of Tampa, Fort Pierce and Jacksonville.

Hearn also criticized the Food and Drug Administration for certifying Red No. 32 as safe for coloring oranges for domestic consumption but failing to extend the order to export oranges.

As a result, Hearn said, U. S. exporters may not ship colored oranges to England, Germany, Switzerland, France or Austria, and are under "severe scrutiny" in Sweden, the Netherlands, Belgium and Denmark.

# Demonstrators Trial Set May 6

**TALLAHASSEE (UPI)** — Six white and six Negro university students arrested in a lunch counter demonstration here March 22 will be tried May 6 before City Judge John Rudd.

They were part of a group of 88 students from all-white Florida State University and Negro Florida A&M who marched through the downtown area and then took part in sit-down demonstrations at dime stores. They were charged with disturbing the peace.

Special city attorney Edward Hill said the other 23 students, all Negroes, will be tried later.

The white students are Stephen R. Poe, 25; Roland W. Ever, 18; John J. Poland, 17; Robert K. Armstrong, 21; Derek S. Lawler, 26; and Oscar Brock Jr., 22.

The Negroes are William A. Mathis, 18; George W. Carter, 23; Vincent K. Moore, 19; Willie F. Black, 19; Benjamin G. Cowins, 20; and Robert F. Kemp, 20.

In an earlier case, Rudd sentenced 11 Negroes to fines of \$300 or 90 days in jail. Eight of them appealed but the State Supreme Court turned them down.

# Khrushchev Goes To Summit Meet As Red-Styled Messenger Of Peace

**PARIS (UPI)**—Soviet Premier Nikita S. Khrushchev goes to the summit conference as a Communist styled "messenger of peace," and a Soviet nominee for the Nobel Peace Prize.

The conference represents a personal victory for the 66-year-old ruler of all the Russians who first launched his campaign for a meeting of "heavyweights" on Nov. 6, 1958.

Flushed with the achievements of Soviet economy and the success of the first Sputnik, Khrushchev then placed two specific proposals before a special session of the Supreme Soviet held on the 40th anniversary of the Russian Revolution. His audience included all the crowned heads of international Communism including Chinese Party Chief Mao Tse Tung.

Khrushchev asked for a bilateral conference with the United States on disarmament and for a meeting of world leaders.

By March, 1958, the Kremlin had made four appeals for top-level meetings to be followed by two additional calls to the summit.

On July 19, 1958, after the crisis precipitated by the Iraq revolution and the landing of Anglo-American forces in Lebanon and Jordan.

And on November 27, 1958, when Khrushchev threatened unilateral abrogation of Western rights to Berlin within six months.

The Western powers rejected the Soviet proposed summit meetings on two grounds. First, their usefulness had to be demonstrated by preliminary conferences of foreign ministers. And second, the Security Council of the United Nations was the proper forum for the settlement of vital international problems.

A series of international crises climaxed by Moscow's Berlin ultimatum then persuaded the three Western powers to meet with the Russians outside the United Nations.

Prime Minister Harold Macmillan had returned from a journey to Moscow in March 1959 convinced that the Russians were willing to settle international problems by negotiation and not force.

In September of 1959 President Eisenhower, after his talks with Khrushchev at Camp David, finally agreed to a series of summit meetings on the premise the element of threat had been eliminated.

Khrushchev argues that as a result of the expansion of the Communist camp following the Second World War and Soviet economic progress, the balance of world power has shifted in Soviet Union.

The advent of the nuclear age and the universal realization of war is another reason why the suicidal character of modern war is another reason why the Soviet leader appears to believe the peace can be maintained.

At the same time Khrushchev seldom fails to proclaim his professed article of faith — the inevitable triumph of world Communism. Not by revolution or war, he says, but as result of the economic contest developing between the two world systems.

The rate of Soviet economic growth is now more than twice as high as that of the United States.

**MARY PATRICIA Monnig**, 7, hugs Bucky, the first of a series of anonymous dolly animal gifts, that have arrived at their suburban home in St. Louis, Mo. The girl's parents, Mr. and Mrs. Louis G. Monnig, are allowing Mary to keep the lamb. On eight successive days the Monnigs have received one lamb, two rabbits, three ducks, four hamsters, five pigeons, six white mice and eight fish.

# Ike Gives Nixon Confidence Vote

**WASHINGTON (UPI)** — Democrats today cried "politics" at President Eisenhower's announcement that Vice President Richard M. Nixon would be his substitute if he had to leave next month's summit conference.

Republicans saw the decision as a vote of confidence in Nixon's ability to negotiate with Soviet Premier Nikita Khrushchev. The announcement should cheer Republicans worrying about Nixon's slide in public opinion polls.

The White House noted in a brief statement Tuesday that Eisenhower was scheduled to visit Portugal on May 23. The summit meeting opens May 18 in Paris.

The statement said that if the Paris talks still were going on after the two-day Portugal visit, Eisenhower might return to the summit meeting or be succeeded there by Nixon if forced to return to the United States by "domestic requirements."

Chairman J. William Fulbright of the Senate Foreign Relations Committee said the decision to let Nixon substitute for Eisenhower at the summit could create "a danger of involving the very important negotiations and agreements in politics."

Sen. Albert Gore (D-Tenn.), a member of the committee, also raised the issue of politics.

"I cannot say too strongly that the administration will be well advised to avoid involving the summit conference in U.S. partisan politics," he said. "This will not serve the cause of peace and I doubt if it will be appreciated by our allies."

Nixon partisans have blamed his recent shortage of publicity and refusal to engage in extensive travel around the country for his current showing of weakness as indicated by political barometers.

# Astronauts May Have Problem Dodging Space Radiation Belts

**WASHINGTON (UPI)** — Scientists said today that astronauts who escape the earth's radiation belts will run into similar ones if they try to land on Mars or Venus.

Dr. S. F. Singer of Maryland University made this prediction before the American Physical Society here. He recommended one of the moons of Mars as a safe platform from which to study the planet.

U. S. satellites and space probes have discovered two regions of trapped radiation around the earth known as the Van Allen belts.

"At one time," Singer said, "it was thought that once the astronauts passed through the radiation belts of the earth, they were in the clear and could stop worrying about them."

"Today, we believe that radiation belts will be encountered in any attempt to land on these (Mars and Venus)."

Any planet with a mixed atmosphere and a magnetic field must have regions of trapped particles, Singer said. He calculated that the inner radiation zones of both Mars and Venus would be "just as undesirable a place to be as the inner radiation belt of the earth."

The students visited the control tower, jet engine overhaul shop, recreation area at Lake Golden and while in the parachute loft, Kitty Burnett, above, proved that jet aviators helmets can be attractive.

### Reuther Calls Wage Proposal 'Inadequate'

WASHINGTON (UPI)—United Auto Workers President Walter P. Reuther today branded as "grossly inadequate" the Eisenhower administration's proposal to increase the minimum wage by 10 or 15 cents and extend its coverage to three million more workers.

Reuther urged Congress instead to approve a Democratic bill which would raise the \$1.00-an-hour floor under wages to \$1.25 and bring eight million additional workers under the law.

In a statement filed with a House labor subcommittee considering minimum wage bills, Reuther said Congress should enact the Democratic proposal "because conscience demands it and because the health of our economy requires it."

He accused the Eisenhower administration of "dragging its feet" on minimum wage legislation.

In Grand Rapids, Mich., Sen. Stuart Symington (D-Mo.), a Democratic presidential aspirant, said the administration was conducting a "scare campaign" against a \$1.25 minimum wage.

He said the administration was trying to convince the country that such a hike would cause unemployment.

Other congressional news: Homebuilding: The House planned to open debate on a politically potent Democratic proposal to pump one billion dollars out of the Treasury to stimulate homebuilding.

Drugs: The president of the Charles Pfizer Drug Co. told Senate drug price investigators that its anti-diabetic drug costs a patient no more each day than a pack of cigarettes.

CAPT. S. R. BROWN, left, skipper of the Forrestal, presents an "atta boy" button to Chief Joe Welsh of VAH-5 as Commander of the wing, Lt. N. Moore beams his approval. ### Stadium Plans Nearing Okay

NEW YORK (UPI)—New York City's Board of Estimate is expected to approve final plans today for a 16-million dollar stadium upon which the Continental League is staking all its hopes for the future.

The Board of Estimate is reported ready to okay an appropriation of \$442,500 for final plans and specifications plus \$75,000 for architects' fees so that a 55,000-seat stadium may be constructed in Flushing Meadow Park, Queens.

### Pinecrest Class To Present Spring Play Friday

The sixth grade class of Miss Lucile Campbell at Pinecrest Elementary School will present their annual spring play in the school auditorium at 8 p. m. Friday.

There is no charge for the play, "Peer Gynt," but an offering will be taken for the benefit of "Save the Children Federation," a program where the class sponsors a child or school. In past years the class has sponsored a French youth, a Finnish boy and a German girl.

Martha Warmack plays the part Peer Gynt, Ronda Sumbler plays Peer's mother. Other characters are: Perry Echebberger as Mads Moon; Charles Molins as the devil; John McMullens as the Troll Moulder; Jim Foley as the Troll King; Susan Stein as Anitra and Susan McCaskill as Solvieg.

VOTE TO ELECT An Experienced Man Arthur H. Beckwith, Jr. Clerk of Circuit Court

### Woman Freed Of Murder Charge In Knife Death Of Executive

JACKSONVILLE (UPI)—Carol Nadine Rogers, 27, dark-haired paramour of a book company executive, was freed of a murder charge Tuesday.

Miss Rogers, formerly of Springfield, Ill., had been charged with murder in the death of Joseph M. Clark, 37, the man who rented a luxurious \$70,000 home for her here. Clark was found in the home April 18 with a butcher knife in his chest.

"She certainly would not kill Santa Claus," her attorney, Wayne Ripley, told Circuit Judge Charles Luckie at a preliminary hearing.

Luckie ruled that suspicion and circumstantial evidence were insufficient grounds to hold the woman. Asst. State Atty. Nathan Schevitz argued it was unlikely that Clark had killed himself and there was "strong suspicion" that Miss Rogers had killed him.

The only witness was Clark's wife, 47, who told the court her husband bought Miss Rogers a new car, mink coat, expensive jewelry and a diamond engagement and wedding rings on his \$25,000 a year salary as an executive of the Grolier Society.

Mrs. Clark said she herself was forced to live "like a hermit" at Daytona Beach, but that Clark had squandered Miss Rogers on trips to Los Angeles and Las Vegas.

Commission Okays New Street Light The Sanford City Commission agreed to put another street light near the St. John Metropolitan Baptist Church Monday night.

Rev. Harold Whitehurst, pastor of the East Tenth St. and Celery Ave. church also requested temporary decorative lighting near the church for a convention of delegates from 92 Negro Baptist churches that will be held at St. John's May 11-15. Public Works Director S. M. Richard said he would try to provide these lights.

Laws exist in vain for those who have not the courage and the means to defend them. T.B. Macaulay

### Smathers Urges Moderate Ticket

MIAMI (UPI)—Sen. George Smathers (D-Fla.) said Tuesday night the only way the Democrats can beat Richard Nixon in November is to nominate a moderate, "middle of the road" ticket.

Smathers urged support of his theory the 1956 race by Adlai Stevenson.

"He never lost the liberal vote," said Smathers.

Smathers said if the Democrats are to win "we've got to stop the ultra-liberal and Paul Butler from telling us what to do."

Despite his view of the 1956 race, Smathers said he believed "if we go more than six ballots at the convention without a nomination, Stevenson will move into the forefront."

### Navy Collects Over 40 Tons Of Food, Clothing For Needy In Quake City

"Operation Angel for Agadir"—as the mercy operation for Agadir relief is known—resulted in over 40 tons of relief clothing, food and equipment collected by the U. S. Navy for shipment to the stricken country.

Two airlifts of supplies were flown from the United States to Morocco. An estimate 25 tons of supplies are being transported by ship from Norfolk.

Before the effects of the Agadir earthquake subsided, hundreds of Navy men, most major naval stations and naval districts throughout the country were involved in collecting food and clothing and transporting these relief supplies to Agadir victims.

At the Sanford Naval Air Station, where over 2,000 articles of clothing were collected for the drive, Chaplain William M. Hearn was in charge of the relief operation.

THE BERNARD PARRISH FAMILY Bernard (Candidate for the Florida Senate from Seminole and Brevard Counties); his wife Pampy, Bernard, Jr., 17, Pamela, 13, Mary Jackson 11, Joyous 8, and Louis 5.

Vote May 3rd For Bernard Parrish To Be Your State Senator

You should know more about Bernard Parrish, his family and personal life, as well as his qualifications for the Florida Senate. Bernard Parrish, in the picture, was 2 1/2 years old when I came back from World War I. Because of him I became active in hunting, fishing, and water sports. Knowing that others felt the same about their children I worked hard to set up a game management area so we could all have a place to hunt and build public boating ramps in various places. Some of you have benefited from these recreational facilities. Scouting was at a low ebb following the war so I worked to build up interest and rose to County Chairman. Pampy has trained Pamela and Mary Jackson in domestic duties and both are good cooks, although their housekeeping could stand improvement. Pamela plays the piano and is President of her Jr-HI School student body. Joyous started school this year (right now she has the mumps) and Louis starts next year. I have tried to help in school affairs, serving five years as Trustee and, as a county commissioner, building athletic fields, roads, and playgrounds. This has saved the taxpayers of Brevard County many thousands of dollars and given our children top notch facilities. Believing that we should all do our part in Civic affairs I have had the honor of being President of the Titusville Rotary Club, a charter member of the Titusville Elks Lodge and the Jay-Cees, Director of the Red Cross, a member of Moose, American Legion, Farm Bureau, Chamber of Commerce, and others. Last year I was the County Chairman for the United Appeal Fund Drive. Several of us got together to bring Little League Baseball to North Brevard and now have a very active program. Four years ago the people of Brevard County gave Bernard Parrish an overwhelming vote to the office of County Commissioner. I have done all within my power to merit that confidence. When Senator Stenstrom decided not to seek reelection many hundred of people from both Brevard and Seminole Counties asked me to make this race. All of the newspapers in Brevard County have endorsed my candidacy and nearly all of the elected officials of the cities of the County have been active in my behalf. These officials were elected by the people and speak for many, but of all these endorsements it is to the clergy that I feel most deeply grateful. Many ministers of different faiths have called to wish success. They know that the Parrish Family is a fervent one. We are a happy family. We fish, hunt and boat together but, most important, we worship together. I have tried to remember Him, who made our happiness possible so it was a privilege to serve the Presbyterian Church where we attend as Deacon, Trustee, and Elder. If the right person is elected to the Senate from this district he can do much to help our schools. This will help your children and mine. He can also work for a change in the Florida Road Code which will recognize the needs of growing sections. We badly need more roads and to re-build the old ones. Your Senator should work with County and City officials to help them with their relations with the State of Florida. He must cooperate fully with the other members of the legislative delegation and have their confidence. It is my sincere and humble desire to serve you in these ways. The things that make this district a better place in which to work and live will benefit both your family and mine. I have no obligations and have made only this promise to represent each person in the district fairly and equally.

Sincerely, Bernard Parrish

### International Cafe Society Snubbed By French President

NEW YORK (UPI)—The world famous April in Paris ball got along without Charles DeGaulle and his usual high society partners Tuesday night, but it had another double feature named Sabrina.

The French president snubbed the big city's biggest annual "bash" at the Hotel Astor to attend a dinner given at the Waldorf-Astoria Hotel in his honor by seven Franco-American societies. DeGaulle claimed his evening was too full to attend the Astor event.

The general's cold shoulder undoubtedly kept many celebrities from the April in Paris ball, but one featured lesser light subscribed in the vain expectation that DeGaulle would relent at the last minute.

The ball guests were feeling a little lily have-nots despite an outlay of \$150 a ticket until the heavenly British entertainment, distraction named Sabrina have onto the dance floor.

"Who's that?" was the universal question asked by 200 males.

She was half in white satin and half in the flesh. And even her name was whispered from end to end of the gorgeously decorated ballroom to the other—"Sabrina."

It was just as well that DeGaulle stayed away. The limelight couldn't have encompassed six feet six of him and all of Sabrina. After that's why the Duchess of Windsor failed to appear, too, though her absence was an ailing good omen.

Except for the sight of Sabrina doing the cha cha cha, the April in Paris ball lacked much of the charm of its eight previous years. The ballroom was too crowded, the guest list lacked real glamour, and the dinner lacked Gallic finesse.

The only ranking French guests who attended were the Duke of Nemours-Foucault and Countess Philippe de Lafayette.

The theme of the event which raised \$200,000 for Franco-American charities, was a masked ball at the Paris Opera. Photo enlargements of the Paris Opera House transformed three floors of the Astor's Times Square facade, its lobby, and the French ballroom into a stunning facsimile of the French capital's marble palace of music.

raised \$200,000 for Franco-American charities, was a masked ball at the Paris Opera. **PVT. FREDDIE ALFORD**, son of Mr. and Mrs. Roy Alford of Oviedo, has completed his basic training at Fort Jackson, S. C. and has been home on leave with his parents and sisters before reporting for duty with his company at Fort Gordon, Ga., for further training. Freddie, a 1959 graduate of the Oviedo High School, is taking electronics communications during his service training.

### Osteon Sailor Gets Promotion

It was a happy day for Albert M. Lawrence of Osteen when he was promoted to ensign recently in Hawaii.

Lawrence joined the service in 1943 and proceeded through almost two years of schooling as aviation ordnance man. After discharge in 1945 he finished high school and worked as a carpenter. He enlisted again during the Korean crisis.

In 1950 he attended Explosive Ordnance Disposal School at Indian Head, Md. After EOD tours in Charleston and San Juan he arrived at Hawaii in Nov., 1959 for duty.

Lawrence is the son of Mrs. John Lawrence and the late Mr. Lawrence of Osteen. Mrs. Lawrence was the former Alice Williams, daughter of Mr. and Mrs. Robert Williams also of Osteen. The Lawrences have a son and daughter.

### Disease Hits Eskimos

ANCHORAGE, Alaska (UPI)—A disease caused by parasitic worms has killed at least four Eskimos in Alaska during the past year. Dr. Robert Rausch, a research scientist at the Arctic Research Center in Anchorage, said the disease so far has been found only in the native population. Avolar hydatid, the responsible parasite, has caused a death almost everytime it was found.

# Sanford Salutes DeBary Thursday, Friday On 'DeBary Days'

The Sanford Herald

Wed. April 27, 1960—Page 13

SANFORD MERCHANTS PREPARING FOR DEBARY Days have signs like this all over their stores. From the left are R. T. Cowan Jr. of Cowan's, H. H. Hale of the Sanford A & P, Chester Musa of Mather of Sanford,

Ralph Blackwelder of J. C. Penney Co., Herman Jacobson of Ro-Jay's and John Keeling of Sears Roebuck.

(Herald Photo)

There will be special sales, door prizes and other gifts and entertainment in Sanford Thursday and Friday as the Merchant's Division of the Chamber of Commerce stages "DeBary Days" to welcome residents of that community and tell them that they are appreciated in our town.

A total of 107 business houses in Sanford have put out the welcome mat and are listing special sales in this section of today's Herald as part of the two-day neighborhood get-together.

Sales will begin Thursday morning and will be interspersed with door prizes, various other gifts and other

signs of hospitality by the merchants. Every type of item will be available during the sales.

The whole event will be highlighted by a big musical variety show at the Civic Center Friday at 8 p. m. when ticket sale funds will go to the DeBary Civic Assn. to help finance an addition to its Community Center.

Employees, assisted by high school students and others, have draped store fronts with signs proclaiming "DeBary Days" and store managers said: "We want our DeBary friends to come and make themselves at home for the whole two days and we are offering them some of the outstanding bargains of the season as an added attraction."

## Florida Crops Damaged Plains Get Rains, Snow

By United Press International  
Spring rains turned Midwest towns into sodden lakes Tuesday and sent damage to Florida crops soaring into millions of dollars.

A late snow storm which dumped 40 inches of snow across the Great Plains and into Minnesota Monday night left freezing temperatures.

Sudden torrential rains sparked flash floods and swollen rivers coursed through houses and stores in the wake of a massive cold front now lumbering toward the East Coast.

Almost a thousand persons were homeless in northern Wisconsin and Michigan. The Bad and Montreal rivers, began falling Monday but threatened to rise again in Ashland and Iron counties, Wis.

and Gogebic County, Mich. The fourth day of rain drenched South Florida and farmers reported widespread crop ruin from the upper keys to Palm Beach.

The Weather Bureau forecast more snow for the northern Rockies and northern Minnesota and Wisconsin, with rain expected to fall on nearly every acre east of the Mississippi. More showers were predicted from northern California to the Canadian border and inland through Idaho.

There is no such way to attain to greater measure of grace as for a man to live up to the little grace he has.  
—James Gordon Brooks

# 'DeBary Days' Talent Parade Friday At Sanford Civic Center

Page 14—Wed. April 27, 1960

The Sanford Herald

ONE OF THE FEATURED VARIETY SHOW ACTS Friday will be the Populaires. The program will begin at 8 p. m. The salute to the DeBary Community by the Sanford merchants will be climaxed by this show in the

Civic Center. Also on the program are the Five Owls, Southern Sweethearts and Dorothy Jardine, Sanford's teenage ventriloquist.

The frontier music of the Five Owls will blend with the "Southern Sweethearts" soft melodies at the DeBary Days Talent Parade Friday at the Civic Center.

Ray Kelley as "Pewee" Greene and "Cousin Willie" will head the Owls comedy section, while Lee Purvis, William Faulk, and Tommy Gossett come on strong with the music. The Five Owls will appear at the Civic Center performance through the courtesy of Rainbow Ranch. The show will start at 8 p. m.

"The Southern Sweethearts" barbershop quartet

is known as the champion female quartet of the Southeast. Nina Young sings tenor, Nan Young lead; Jacque Crowley baritone and Betty Ann Viehman bass.

Accompanied by her "boy friend," Ollie, teenager Dorothy Jardine will use ventriloquism to show that sometimes a woman can speak for a man. Dorothy has appeared on television many times.

To round out the program, the Populaires trio will make still more music with their vocal selections.

## DeBary Library Has 3,500 Books Catalogued

The DeBary Public Library, located in the Community Center, is a notable example of rapid growth. Opened in February, 1959, it now has over 3,500 books, all of which have been catalogued.

More than 8,000 books have been circulated and 818 people are regular users. Available are volumes on Ma-

tory, travel, biography and other non-fiction. Reference books are in constant use, inquiries range from "Plate's Dialogue" to how to get rid of palmetto bugs and books about snakes are in constant demand.

The supply of fiction is very good. Some of the new best sellers are "Advice and Consent," "Ha-

wall," "Darkness and Dawn," "Folk Medicine," "Edge of Day" and "Trustee of the Tool Room." The library is staffed by volunteers who have done all of the cataloging.

Hours are from 8 to 8 p. m., Tuesday, Thursday and Saturday during the school term.

## Tough Role

HOLLYWOOD (UPI)—Blonde actress Diane Cannon believes she has one of the most difficult roles possible in playing a girl of Negro lineage trying to pass herself off as white. But she believes that if she does well in this task it will be the last step on her road to stardom. The part is in Warner Brothers' "The Rebel Breed" in her acting Diane must "feel" Negro, yet act white.

# DeBary Community Center To Get Addition Funds From Show

DeBary has outgrown the Community Center and it must be enlarged. This building plays a large part in the life of the community. Most organizations meet there. A check made recently showed that in one seven-day period 3,750 people made use of it.

Three churches have had their beginning there and two are at present holding services there.

The center is owned and operated by the DeBary Civic Assn., the largest group in DeBary, with a membership of about 600.

The president of the Civic Association, Chester Rearick, has appointed a committee of 18 representing all of the community, to plan its enlargement.

They have retained the services of John Burton IV,

Sanford architect, and plans are being prepared for an addition. A sketch of the proposed addition will be on display at the Sanford Civic Center Friday during the Talent Parade.

In 1956 there were 804 residences in DeBary, 32 business firms, the population was 1,560, and there were 99 children. At the end of 1959 there were 1,300 residences, 72 business firms, population was 2,451 and there were 201 children.

Funds from the big Talent Parade Friday will be used to help pay for the expansion of the center. Tickets may be purchased at several business locations in DeBary and will be on sale at the door before the 8 p. m. performance.

DEBARY COMMUNITY CENTER expansion committee members are getting ready to add new facilities to the center. From the left are Charles Ulrich, Dr. William Fidler, Earl Brumbaugh, Mrs. Rose Forbeck, Mrs. Harry

Johnquest, chairman Carlton Newell, Orbell Dunckel, Albert Salisbury, Mrs. Frank Eakin, James Duffy and Robert Brown. (Herald Photo)

## DeBary Calendar Of Events For Month Of May

Here is a calendar of events for DeBary for the month of May. All meetings are in the Community Center.

May 2: The Wayfarers.  
May 4: Girl Scout and VFW Auxiliary.  
May 5: American Legion.  
May 6: DeBary Garden Club.

May 7: Kadets of America. Dance Club closes for the summer.

May 8: First Presbyterian Church. Catholic Mission.  
May 9: Dance sponsored by the Dance Club.  
May 10: Civic Association meeting, entertainment.

May 11: Girl Scouts and the Glee Club.  
May 12: Republican Club.

May 14: Kadets of America.  
May 16: Presbyterian Women.  
May 18: Lake Marie Estates social.  
May 23: Girl Scouts and the Glee Club.  
May 28: Home Demonstration.

## Art Group To Sponsor May Day Silver Tea At Old Mansion House

### Castro Aide Believed Arrested

HAVANA (UPI) — Premier Fidel Castro's chief aide was reported to have been arrested and jailed under mysterious circumstances.

The aide, Capt. Jesus Yanez Peltier, was believed to have been one of Castro's most favored friends and a constant travel companion of the Premier on his visits to the United States, Canada, Venezuela and Argentina.

Informed sources could offer no immediate reason for the arrest but it was assumed it could have been made under no less authority than orders from Castro himself.

A May Day Silver Tea, Sunday from 2:30 to 5 p. m., will be held in the DeBary Mansion House, headquarters of the Florida Federation of Art. It will be sponsored by the Building Committee, of which Mrs. Ben Burton is chairman, assisted by the DeBary Hostesses.

This will be the first exhibition honoring the award winners of the annual exhibition of member clubs. There will be a demonstration of work on a potter's wheel by the Arts and Crafts Department of Stetson University.

Summer art classes will begin June 13 and continue through Labor Day, with LeRoy Nichols, Eugene White, Bob Camp and Laura Locke as artists in residence. Mrs. George Brooks of DeBary can be contacted for further information at NO 5-6883.

THE OLD COUNT DEBARY HOME in DeBary is the headquarters for the Florida Federation of Art. This painting, "Gethsemane," is one that has been on exhibit at the old mansion this month with the 1958 Florida Artists Traveling Exhibit. Taking a look at the painting are Mrs. Elizabeth Van Gasbeck, hostess, left, and Mrs. Edith Brooks, secretary. (Herald Photo)

## New Fiber Law Aid To Consumer

A new Fiber Identification Act went into effect March 2. It is designed to help homemakers buy fabrics and ready-to-wear intelligently.

The new act requires that each textile fiber product, such as clothing, be labeled with the generic (family) names and percentage by weight of the fibers in the product.

Seventeen generic (family) groups will be used under the new law. One of these acrylic, and it includes fibers bearing the trade names of Orlon, Acrilan, Creslan and Zelan.

Characteristics of the acrylic

group are light, warm, resilient fibers; good wrinkle resistance and creases recovery; and resistance to damage from sunlight, moisture and moths. Uses of the fibers include curtains, coating and dress fabrics, sweaters, fur-like pile fabrics, blankets, and rugs.

Fabrics containing acrylic fibers are washable in moderately warm water with a mild soap or synthetic detergent. They need thorough rinsing to prevent yellowing. If fabrics need pressing, a low temperature, such as for silk, is recommended. Homemakers are advised to read the hang tag for specific care directions for the fabric.

## Arms Shipment In The Billions

WASHINGTON (UPI) — Arms shipments under the nation's military aid program over the last 10 years have totaled \$23,300,000,000. Of this, European allies got \$12,900,000,000 or more than half, while Far Eastern allies received \$5,300,000,000 in aid and Near Eastern and South Asian nations got \$3,300,000,000.

France was the biggest beneficiary, according to Pentagon figures, getting \$4,300,000,000 in American arms, followed by Formosa with about \$2 billion and Italy with \$1,900,000,000.

## Women Better Dressed Than Ever, Writer Says

BY GAY FAULEY

NEW YORK (UPI) — One practiced observer of the style scene says that American women never have been so well dressed. Nor, by contrast, have they ever been such a flock of sheep in choosing their clothes.

These comments come from Bettina Ballard, who for 20 years covered American and French designer collections for a fashion magazine and now has put some of her thinking and experience in a new book, "In My Fashion". Mrs. Ballard writes that "women now ask for nothing better than to be led, bullied, dictated to, and given as little freedom of choice as possible in their clothes."

In an interview, she added that this sheep-like attitude wasn't necessarily a great evil — it was just a result of modern woman's way of life.

To be creative in your wardrobe takes a tremendous amount of time. Look at the infinite care the Duchess of Windsor gives her choice of clothes.

Few of us women today have that much interest, that much

time, or that much money. "And," she added, "few of us have the conviction." "I am fascinated," she continued, "at how more and more women will take the opinion of movie stars and fashion editors." Yet there is no question but what we all are better dressed

### Owl Service Is Abandoned

BOSTON (UPI) — The Metropolitan Transit Authority, which operates Boston's rapid transit service, has decided to abandon its "Owl" service. This will be dropped effective June 26 as an economy move. The MTA said it cost \$287,114 last year to run the service between 2 a. m. and 5 a. m. while income from this source was only \$87,212.

The Florida Heart Association can provide information about sources of help in obtaining medical and surgical care for unborn heart defects.

## Condition Of Soil Key To Good Plant Growth

The condition your soil is in this spring will determine its productive power — and this condition depends, in turn, on the management you give it.

Any soil that is naturally low in fertility will require more attention and management than one which contains plenty of plant food and which is in good physical condition. Some of the management practices needed to assure economic crop production include maintaining plenty of organic matter, liming acid soils, and properly using fertilizers.

Florida soils are not average soils. They usually represent extremes. Many Florida soils contain either an excess of coarse or fine particles; they may be extremely low in organic matter; or they may be almost entirely made up of organic matter, as is true of peats and mucks. Some of our soils may be extremely deficient in mineral plant food nutrients, while others may be excessively rich in one or more of these elements.

Of course, any deficiency of plant food must be supplied in fertilizers if you want maximum yields. Some soils require all the elements needed for plant growth — others require only certain elements to balance the supply of plant food.

Fertilization is important, but it is not the most important management practice. Soils may have all the plant food elements and still be unproductive. Efficient use of fertilizers is just as important as supplying the fertilizers. For example, it wouldn't pay you to apply fertilizer to soil too wet or too dry for crop growth. For the best production, you would need to just watch the water needs of the crop by either drainage or irrigation as required by your land.

Another important consideration in the productive power of your soil is the PH, or the acidity of the soil. Plants make their best growth at certain PH levels. Besides, you do not get maximum use of phosphate fertilizers, for example, when the soil is strongly acid. Proper utilization of some elements is tied almost directly to proper soil PH and in some cases where the soil PH is too high (alkaline) some elements are tied up completely.

A soil in good physical and biological condition will yield larger returns from the fertilizer applied than one in poor condition. Remember, the soil must provide a favorable place for plants to grow.

The word "tilth" has often been used to describe physical condition most favorable for plant growth. The supply of organic matter or humus in a soil has a lot to do with its tilth. A soil with plenty of organic matter is friable, well aerated, holds water well, yet permits free circulation of both air and water. Organic matter also supplies food for beneficial soil microbes.

Naturally, organic matter disappears as the soil microbes feed on it. These microbes also work faster under Florida conditions. For these reasons, you must make frequent additions of organic matter to your soils to maintain a sufficient and satisfactory supply.

## Gang Syndicate Leader Arrested

CHICAGO (UPI) — Anthony J. (Tough Tony) Accardo, reputed heir to Al Capone's Chicago crime syndicate and Mafia kingpin, was arrested at his plush suburban home Tuesday on charges of filing fraudulent income tax returns.

A federal marshal and five internal revenue agents arrested the 56-year-old gambler at his \$500,000 22-room mansion in River Forest at 7 a. m.

Accardo was standing on the porch dressed in pajamas and bathrobe as the agents arrived. He stoically unlocked the front gate of his estate, dressed and submitted to handcuffs for the ride to the federal marshal's office, to be fingerprinted and ordered to post \$25,000 bond.

A special federal grand jury indicted Accardo Monday night on three counts of filing false income tax returns. Conviction could mean a maximum prison sentence of nine years and fines totaling \$15,000.

Specifically, the indictment said Accardo made false claims for use of his automobile as a sales promoter for Premium Beer Sales Inc.

Despite Accardo's 38-year rise through the gang ranks, the indictment was his first. He has never served a day in prison and has only one conviction on his record—for disorderly conduct in 1933.

Accardo, long a power in Chicago, became well known to millions last year when he appeared before the Senate Rackets Committee in connection with its probe of links between labor racketeering and the Mafia. He took the Fifth Amendment on every question.

## DeGaulle Is Hailed By New Yorkers

NEW YORK (UPI) — Gen. Charles DeGaulle rode up Manhattan's "canyon of heroes" in a tumultuous and gay welcome to New York Tuesday as the chimes of famed old Trinity Church pealed out the "Marseillaise."

The 6-foot, 4-inch French president stood in an open limousine on the balmy spring day and smiled and held up his arms to the swarms who lined the sidewalks of lower Broadway from curbs to skyscraper bases.

Shouts of "vive de Gaulle" rang out, and the cheers swelled into one of the warmest welcomes ever given a foreign visitor. It was DeGaulle's second New York salute. The first was in 1945 when he came here after the European end of World War II as French provisional president.

### There Are Several Ways For Heart Patients To Get Financial Assistance

For certain medical costs that might overwhelm the average family, the state government may help to cushion the blow by paying a large part of the bill.

For example, the bill for diagnosis and surgical treatment of

many heart conditions can run high. However, there are two state agencies—the Florida Crippled Children's Commission and the Florida Office of Vocational Rehabilitation which, partly with federal funds, are assisting some heart patients to obtain the care they need.

Although these agencies have been giving such assistance for several decades, many people in need of help are not aware of their services, or else do not know how to apply for them. In this state, the Heart Assn. puts heart patients in touch with the agencies which may give them financial aid, as well as with a number of other

agencies—depending on individual needs—offering visiting nurse, clinic, and other community services.

The Florida Crippled Children's Commission serves patients under 21. In general the purpose of this program is to see that children, disabled by various cardiac conditions or other crippling handicaps, receive the treatment or surgery necessary to enable them to lead as normal a life as possible. Part of the funds for this program are supplied by the U. S. Children's Bureau in Washington.

Patients of working age are the concern of the Florida Division of Vocational Rehabilitation. This division also helps heart patients, as well as others whose earning ability is impaired by a physical handicap, to obtain the medical or surgical treatment they need to get back on the job again. Part of the funds for this program come from the U. S. Department of Health, Education and Welfare.

Through the help of these agencies, many are able to benefit by the remarkable medical-surgical techniques that have been developed in recent years to restore the defective heart to normal good health. The total costs of these techniques might otherwise be beyond the means even of families who can ordinarily meet their medical expenses. In cardiac cases, diagnosis and surgery may require large teams of many kinds of specialists and comparatively long periods of medical and hospital care. And if the heart center or hospital is far from the patient's home, there also would be the costs of transportation, food and lodging. The Florida Heart Assn. has made available a revolving loan fund to enable the Crippled Children's Commission to advance funds to relatives of the patient for these costs.

In most cases, diagnosis and surgery can be done in the child's home state or in a nearby state, and it is seldom necessary to go to distant centers.

Because these agencies may have limited funds to meet all the requests for help, and because the rules of eligibility for such help must be applied in each case, those who seek this assistance should apply as early as possible after learning of the need for medical or surgical care for heart disorders.

### 2,000 Elephants, 23 Men Take A Long African Hike

**DAR-ES-SALAAM (UPI)**—The biggest elephant trek in dark Africa's history is on the home stretch.

"Operation Tembo" the natives call it (tembo means elephant in Swahili), and it involves 23 men guiding 2,000 elephants from the east coast to Tanganyika to the Selous Game Preserve, several hundred miles south.

Eighteen months ago the Tanganyika Game Department decided it must stop the damage wild elephants were doing to crops in the Kilwa area.

So it was decided to drive the wild elephants all the way to the preserve.

Game Ranger Brian Nicholson gave the trek orders which 21 elephant control scouts and two officers are carrying out.

Day and night they live with the wild beasts, driving them through the dense jungle thickets toward the rich pastures of the Selous preserve.

### Global TV Can Become Reality Using Satellites

**NEW YORK (UPI)**—A global television system may become a reality within the next decade.

Aircraft and Missiles Magazine reports that the world could have global TV almost immediately if satellites could be placed over the equator.

Satellites which could relay TV signals would weigh only 50 pounds. Each would carry three lenses, one for ground control and two for relaying impulses to other satellites. Each would also have a one-square-meter antenna and a small nuclear power generator. Scientists estimate that very little power would be needed—only a few watts for the control beam and a few watts of satellite-based power for relaying.

Ground stations would transmit TV (and radio) through the earth's dense atmosphere in the 2,000-5,000 megacycle frequency range.

Most experts regard this "active" satellite system as the most feasible for TV and radio. A "passive" system would require such tremendous amounts of ground-based power so as to be virtually impracticable.

An antenna similar to a fringe area TV antenna would be sufficient in most homes to receive a broadcast originating on another continent. Such an antenna has a suitable power gain and can be inexpensively directed towards the satellite.

The United States has not as yet awarded a global TV system contract, although a number of related research contracts have been awarded. Present program plans—called NOTUS—are contingent upon accomplishment of another program, TASK DECREE, which would place several communications satellites over the equator.

### Meetings Banned in Venezuela

**CARACAS, Venezuela (UPI)**—President Romulo Betancourt's government has banned public meetings in an emergency move to smother the seeds of rebellion in Venezuela.

Police clashed with groups of riotous demonstrators in Caracas and Barquisimeto Monday, resulting in injuries to 27.

### Witnesses Hold Bible Convention For District

Rush N. Stafford, presiding minister of the local congregation of Jehovah's Witnesses, reported a successful Bible convention in Ocala last weekend. Witnesses of Florida Circuit No. 5 met for a full schedule of Christian activities and Bible education based on the theme "Seek Peace and Pursue It."

A total 1,307 persons assembled at the Southeastern Pavilion Sunday to hear J. W. Filson, district supervisor, discuss "Finding Peace in This Troubled World."

Filson pointed to God's Kingdom Rule as the only hope of relief from wars and wickedness and our best insurance for peace and security. "The generation that experienced World War I just 40 years ago," said Filson, "will also see the fulfillment of Jesus' prophecy concerning the end of all opposition to God's Kingdom."

A large number of volunteer workers equipped and manned a cafeteria which served three hot meals daily at the meeting. They filled hundreds of requests for room accommodations, provided artistic stage decorations and appropriate settings for demonstrations developing Bible themes. Typists, musicians, carpenters and many others donated their skills.

The Watchtower Society announced a series of 18 district conventions throughout the world for this summer.

The local congregation at 1621 W. First St., Sanford, Florida, will resume their meetings.

ROBERT J. DOTSON, right, of Sanford, shown talking with Aaron Leonard of Ocala, in chairman of the Territory Dept. of Jehovah's Witnesses for District 5. He is assisted by his wife, Marianna, and Jean Beckham of Longwood.

### Home Swimming Pools Soon May Be Self-Cleaning

LOS ANGELES (UPI)—Swimming pools of tomorrow will clean and maintain themselves, according to Everett Landon of the National Swimming Pool Institute.

Landon noted that millions of dollars are being spent on pool safety, including electronic warning and safety devices designed to prevent accidents.

The swimming pool executive said the industry "is attaining billion dollar stature." "Warning devices already are available that give instant alarm when any object falls into the water," Landon said. "Closed circuit television surveillance systems for pools have been developed by electronic leaders."

But more than that, Landon said, is development of "the self-cleaning pool."

He pointed out that cleaning a pool now costs an average owner more than \$20 a month, using long-handled vacuum cleaners and drainage.

According to Landon, a new device that "looks something like a miniature flying saucer" will solve this by automatically cleaning the pool floor and walls "with nothing more than the flow of incoming water."

Landon said the device, which already has passed tests, will "cost so little it will pay for itself in less than a summer's operation."

## SANFORD

... IS TALKING ABOUT

### "Suddenly Last Summer"

THIS MOTION PICTURE HAS ONLY 2 DAYS LEFT TO PLAY IN SANFORD AT - - -

DOROTHY JARDINE AND "OLLIE" will discuss topics of the times at the DeBary Days variety show Friday night. Sanford's young ventriloquist will be on with the Five Owls, the Southern Sweethearts and the Populaires in the 8 p. m. show at the Civic Center.

### Takes All Kinds

ST. CLOUD, Minn. (UPI)—St. Cloud State College took a survey and found that more than half its 2,800 students help finance their education with part-time work. The jobs include cake decorator, fishing guide, tutor for blind student, dancing instructor, charter plane pilot (a 28-year-old girl), policeman, beautician, crop duster, deep sea diver, preacher, farmer, school bus driver and organist. David Ruprecht, Eden Valley, Minn., works as a part time piano tuner. He's totally blind.

### You May Get Cancer Warning From Some Types Of Ulcers

By DR. WARREN H. COLE President, American Cancer Society

A man called his physician and said, "That ulcer's acting up." "Better come in," said the doctor, "I want to see if anything's brewing."

"You mean cancer? You don't get cancer with an ulcer?" the patient said indignantly. "That depends on the ulcer." The doctor went on to explain that a gastric ulcer can lead to or conceal a cancer. But not duodenal ulcer, which is accompanied by acidity.

Low or absent acidity, a condition we call achlorhydria, is characteristic of gastric ulcer—and a warning of cancer. More than 80 percent of patients with gastric cancer have an absence of acid, and many more have diminished acidity.

If we could measure the acidity of large numbers of people we could identify those who are high risks for stomach cancer, diagnose the disease earlier, save many lives, and ease the painful frustration of treating stomach cancer!

So many patients reach us too late. Cancer is rarely an overt enemy, but stomach cancer strikes from total ambush. There are months of silent growth before symptoms appear and trivial symptoms of "indigestion" are all too often ignored for another six months, or longer.

So help your doctor keep alert for the signals of gastric ulcer, achlorhydria and any other condition that has asymptomatic kinship with cancer.

For example, there's pernicious anemia. Patients with pernicious anemia, in which achlorhydria is so prevalent, develop cancer three times as often as normal people in the same age group. And it can also be a factor in gastric ulcer.

And polyps. These small benign tumors usually occur in the lower third of the stomach—and so do most stomach cancers. And to tie it all together, stomach polyps often are associated with a low or

Record Set

NEW YORK (UPI) - Americans drank more beer in 1959 than in any previous year in history, according to the U. S. Brewers Foundation. The brewers sold a total of 87,245,845 barrels of beer and ale last year, an increase of 3,198,186 barrels over 1958. The previous record was 87,172,845 barrels sold in 1957.

MANNED SPACE STATION of the future may look like this merry-go-round appearing vehicle, according to North American Aviation space engineers. This conception was presented at the Los Angeles Manned Space Station Symposium.

Gloria Swanson May Star In Private Eye Comedy On Television Series

HOLLYWOOD (UPI) - Ever-glamorous Gloria Swanson, a one-woman whirlwind of business ventures, world travel and acting jobs, soon may star in a comedy "private eye" series for television. The movie's first glamour queen, now a startling attractive grandmother, said the idea for the series came from her old pal, Zasu Pitts, who would co-star with her on the show. "Zasu and I have talked about doing things together for years," Miss Swanson said here at the home of her godson, socialite Butler Miles. Wearing a navy blue suit and red hat, the Chicago-born actress said she turned down a highly profitable series in the earlier days of TV because the backers wanted it done "live" and she felt the pressure was too great. "I tore up an \$800,000 contract," she said. "I was to appear once a week for five years. But then they wanted me to think up the stories, do the writing, and so on. "I had been on a number of TV shows. And when I saw it making nervous wrecks of big, hunky men like Milton Berle, I thought, 'What will it do to me?'" Unlike many of her oldtime movie contemporaries, Miss Swanson bears no grudge against TV. In 1948, before the coaxial cable linked the East and West Coasts, she had her own TV show in New York, where she lives. "You must acknowledge change and not be frightened of it," she said. "To me, it's very exciting, wondering what's coming next." Miss Swanson said one of Hollywood's movie pioneers, aged Adolph Zukor, told her to "hold on to television. That's the future." He was one of the few in Hollywood who had foresight. And he was

Board Postpones Zoning Hearing

The County Commission Tuesday agreed to postpone its final public hearing on Comprehensive Zoning May 5 so that members can attend a special dinner for Capt. J. D. Ramage of the Sanford Naval Air Station who is being transferred. The board agreed to advertise that the final hearing be held May 17 at the courthouse. Chairman John Krider asked that all members of the commission attend the dinner saying that "Capt. Ramage has been one of the outstanding men stationed at the base."

# HOLLER MOTOR SALES

SECOND & PALMETTO      Ph. FA 2-0771 — FA 2-6231

### DeBary Folks Keeping Busy With Numerous Activities

DEBARY DAYS are getting plenty of notice in Sanford with merchants putting out the welcome sign for special sales Thursday and Friday. Pondering some of the DeBary Days signs in downtown windows are, from the left, Barbara Thomas, Cecelia Milstead, and Dorothy Kwany. (Herald Photo)

Harriet Gabler, president of the DeBary Women's Club, has announced the following promotions: Rose Forbeck to first vice president; Mrs. Eli Yoder, second vice president; Isabel Reaick, chairman of ways and means and Mrs. J. H. Fanning, parliamentarian.

Be sure and mark Tuesday, May 10, on your calendar. After the Civic Association meeting on that date, Dr. J. C. Fulmer of Deland will give an interesting and unusual illustrated lecture, "A Trip Around the Globe."

If you like to be a member of something there are 35 organizations listed in DeBary.

The William Clarks of Plumosa Road are poring over maps planning the best route to Calgary by way of California and the West Coast, a little jaunt of about 9,000 miles.

There are lots of grandmas and grandpas in DeBary but we have some mamas and papas, too. The 1930 DeBary directory lists 200 children. Little Jeffrey Spaulding of the Camera Shop Spauldings, who was too late to classify makes a grand total of 201.

The Clinton Sommers of DeBary Drive have just returned from a visit to California where they visited their daughter and their four grandchildren. While they were there, they took time out to visit the daughter of the Chester Reaicks and brought back pictures of her and her three children. This is the sort of thoughtful act that makes DeBary unique. They report that a trip to California will make a real Florida booster out of anyone.

If any one should ask you where all the DeBary Methodists are headed for May 5, you can tell them that that is the day of the open house at the Methodist Par-

sonage at 10 Hibiscus Drive. All of the friends and members of the church are welcome from 3 to 5 p. m. and 7 to 9 p. m.

Delegates to the convention of the Florida Federation of Women's Clubs from the DeBary Women's Club are Dr. Mabel Magee, Laura Brown and Miriam Walter, and their president, Mrs. Harriet Gabler. They will be at the Deauville Hotel through Friday.

The time of year approaches when the DeBary Snow Birds will be heading North. Those of us that remain here all year will eventually be given the title of "Honorary Florida Cracker."

The two best known Isaac Walters of our town, Edgar Bileler and Frank Stoney, report that the shed has disappeared and the St. Johns is too high for good bass fishing. Feel free to call these two experts at any hour of the day or night for information.

The itinerary of Mrs. Christopher Butler for the coming week pretty well covers the state. May 1, accompanied by Mrs. Michael McDermott and Mrs. John Leone, she will be at the American Legion conference in St. Augustine. This expedition will be commanded by Commander Fred Kammerer. Mrs. Kammerer will go along command the commander. May 3, Mrs. Butler is due in Miami, accompanied by Mrs. Victor Robello of Sanford. They will represent Seminole Memorial Hospital at the meeting of the Association of Florida Hospital Auxiliaries.

The ladies of the Florida Federation of Art are staging a card party in the DeBary Mansion, May 9 at 1 p. m. The contribution will be \$1.

Standing room only at the Hartwig residence on Valencia Road. They are entertaining their son,

### You Just Don't Leave Anything Loose

PERRY, Okla. (UPI) — City airport manager Lloyd Brown learned he couldn't leave 250-pound airplane motors lying around unprotected. Thieves carried off two of the motors from a hangar.

MISS MARY MARGARET HOUK, director of Christian Education of the First Methodist Church, was honored at a reception in McKinley Hall, sponsored by the commission on education. Miss Houk will be leaving the first of May, to assume her new duties as Christian Education director at the First Methodist Church in Tampa. Pictured from left, are Mrs. T. C. O'Brien, Miss Houk, Mrs. J. R. Houk, mother of the honoree and Rev. T. C. O'Brien, church pastor. (Herald Photo)

### Collector Says Price Of Modern Art Is Too High

By ROBERT MUSSEL

LONDON (UPI) — Into the tavern for lunch walked Nicolas Van Bloem with a half crown (34 cents) in his pocket just in time to see a patron offer a painting for sale at 20 pounds (\$32).

"I was young then," said the millionaire art collector and property owner, "so I told the man I would buy the painting provided he would accept payment that evening."

"I talked a landlady into taking us to Croydon airport with the promise of a bonus fare if I pulled off a deal. I persuaded a pilot I knew to fly me to Amsterdam on credit — this was before the war when air travel was still somewhat infrequent."

"I sold the painting for \$300 starting (1920) but I had immediately recognized it as a Van Goyen.

The purchaser gave me cash and that night I walked into the pub with a fortune in my pocket and paid the man his 20 pounds."

Van Bloem told the story in digressing from his personal theory that the prices being paid these days for modern paintings are too high considering that posterity — which alone can decide — has not yet placed its final valuation on the work of this century.

"No one can tell what the prices of some of these moderns will be 50 years from now," he said. "They may increase—that is possible. But it is also possible they may decline. They have not yet achieved the stability of the old masters and in some respects I feel the astounding prices being paid now for them represent a gamble."

For the benefit of any near-millionaire in the house Van Bloem believes the best current buys for investment are early Italian primitives, 17th Century Dutch works and the English romantics. All of these are expensive—a Gainsborough recently sold for \$304,000.

His own collection is built around Frans Hals' "Portrait of a Marksman" which he considers to be worth about \$540,000. Murillo's "Portrait of a Boy," a "Madonna" of Domenico Ghirlandajo, a Michelangelo drawing and a statuette by Leonardo da Vinci.

The son of a New York art dealer, Van Bloem absorbed so much painting lore at home that he has never had to take any expert advice in buying pictures.

He even duplicated his youthful tavern soup a few years ago while on a property purchasing mission to the English midlands.

# Civic Leaders Are Guests As 'DeBary Days' Open

# The Sanford Herald

WEATHER: Partly cloudy and warm through Friday. High today, 82-86. Low tonight, 64-68.  
VOL. XLIX United Press Leased Wire Established 1908 THURSDAY, APRIL 28, 1960 SANFORD, FLORIDA No. 688

Chester Rearick, president of the DeBary Civic Assn., today kicked off "DeBary Days" in Sanford by thanking the people of Sanford for helping to build the DeBary Community Center and now "helping to enlarge the building."

Rearick, speaking to approximately 100 persons at the Coffee Club here, said that "DeBary Days" is a joint project and "we hope to do our share to make it click."

"Sanford has done a lot for us and we hope to repay some of that debt now and in the future," Rearick said.

This city has helped DeBary build the Community Center and now, through "DeBary Days," are helping to enlarge it," he said.

Rearick said that Sanford has always "looked out for its neighbors in Volusia County and we have worked hand-in-hand on many joint projects."

A total of 107 Sanford merchants are participating in "DeBary Days" sales specials and in staging a show Friday night at the Civic Center to help raise funds for the DeBary community center.

There are 117 seats left for the big Talent Parade and they will be sold at the door, the ticket sale committee reported. Tickets are \$1 and children under 12 years old will be admitted free.

There will be many door prizes contributed by the Sanford merchants and "some of them are fabulous," Charles Morrison, Chamber of Commerce public relations man, said today.

"DEBARY DAYS" started today at the monthly meeting of the Seminole County Chamber of Commerce Coffee Club. Charles Morrison, standing, poured coffee for DeBary residents, left to right, Chester Rearick, president of the DeBary Civic Assn., O. E. Dunkel, president of the DeBary Chamber of Commerce, and James Duffy, vice president of the DeBary Civic Assn. (Herald Photo)

## Tax Petition Being Checked

A petition requesting a tax drainage district in the Loch Arbor area is now being checked by the Supervisor of Registration.

The petition was turned in to the registrar's office this week and was said to contain names of 81 property owners who have been set up to eliminate future flooding in that area.

After the petition is certified, the County Commission will set a date for a special election on the tax district.

If the majority of the property owners favor the district, the control plan would be in operation by the fall. The cost of the plan would be the cost of property construction of drainage ditches, dams and canals and installation of culverts and drainage pipes.

## ROK Official, Family Die In Suicide Pact; New Government Begins Job

SEOUL, Korea (UPI) — Acting President Huh Chung formed a new caretaker government today to wipe out the fraud and corruption of the Rhee regime in a nation shocked by the mass suicide of Vice President-elect Lee Ki Poong and his family.

Huh, known as a man of deep character, took office at 10 a. m.

The family gathered in a secretary's apartment at the presidential mansion to die together. At 5:45 a. m. Kang opened fire. He killed his father, his mother Maria and his younger brother Kang Wook with one bullet each from his .45 caliber army automatic, then turned the pistol on himself.

He fired one bullet into his abdomen and one into his brain in an act reminiscent of the Japanese tradition of hara-kiri, or ceremonial suicide.

Today's events meant the end of the Korea of Syngman Rhee, but his final ignominy was put off. The National Assembly which was to have met and accepted his resignation—probably unanimously—postponed the meeting until Friday because of the Lee tragedy.

## Voters League Forum Tonight

The Voters League of Seminole County will hold a public forum at 7 p. m. today at the Parkers Avenue Market on Hwy. 17-92, south of Sanford.

A barbecue dinner will start at 5:30.

No speeches will be made by the candidates. Instead they will be asked questions which have been written by the audience on blanks provided by the league.

The candidates will have an opportunity to discuss any controversial issues that have been presented or to refute any charges they may feel have been unfairly made against them.

## Carlton-Bryant Runoff?

TALLAHASSEE (UPI) — Brailley Odham, sitting up the governor's race is an interview with UPI Wednesday, predicted that Doyle Carlton and Farris Bryant will land in the May 24 runoff.

M. Bryant leads in the first primary Tuesday. Odham said, "he will be almost impossible to stop."

The race issue alone will decide the contest, he said.

Odham collected more than a half million votes in two successful races for the governorship in 1952 and 1954. A former legislator from Sanford, he now heads the State Milk Commission.

Odham considers Carlton and Bryant the leaders at the moment, with John McCarty a close third. Although the primary is less than a week away, Odham estimated that fully half of the voters have not yet made their choice. W. M. Collins, chairman of the state primary election board, said he predicted that the four candidates finishing third through sixth would gather 50 per cent of the vote. He forecast a 100,000-vote margin between the second and fifth candidates.

Odham estimated that the four candidates finishing third through sixth would gather 50 per cent of the vote. He forecast a 100,000-vote margin between the second and fifth candidates.

Odham estimated that the four candidates finishing third through sixth would gather 50 per cent of the vote. He forecast a 100,000-vote margin between the second and fifth candidates.

## Wully Project Starts Monday

Work will start next week on paving a new entrance to the Sanford Naval Air Station, County Engineer Robert Davis said today.

Davis said his crews will start the 1,500-foot paving job on Wully Ave. Monday and he expects work to be finished next month.

Cost of the project has been estimated at \$5,500. The road will go from Sanford Ave. to the air station.

Davis also reported that county work crews, working jointly with Orange County engineer crews, hope to finish the Tanglewood Temple Terrace drainage project by mid-summer.

The initial step in the program is a canal from SR 15A to SR 428. Initial cost of the program is \$16,000.

## Lake Mary Group Making Canvass

The Lake Mary Volunteer Fire Dept. Women's Auxiliary is making a house to house canvass to help raise money for its operations.

The drive which started last Thursday will run until May 21 and will cover the whole 10th Fire District, including Loch Arbor, Little Venice and Sunland Estates. The money is needed to pay off the \$700 still owed for the firehouse, to pay the insurance due on the fire truck, and to maintain the firehouse. Mrs. Ralph Schweickert is in charge of the drive.

## Bridge Weight Limit Lowered

County Engineer Robert Davis reported today that the county road department will put up signs Friday limiting the weight of load on trucks passing over the Koolhauchbach Bridge.

Davis said the bridge is too dangerous for heavy trucks to pass. The signs will warn truckers that the maximum weight is now two tons. In the past the weight limit was three tons.

## Legion Meeting Date Changed

The Veterans American Legion Auxiliary meeting will be held May 2 at the home of Mrs. Edward Phelps. The regular meeting will be held May 9 at the community center at 7 p. m.

## Flood Talks Set By Engineer Chief

The chief of the U. S. Army Corp of Engineers, water control officials and county commissioners of Central Florida will meet Wednesday "with a view to working out plans to permanently solve Central Florida's water problems."

The office of Congressman Syd Herlong reported today that Lt. Gen. Emerson C. Itchner, chief of Army engineers, will meet with the water control authorities and county commissioners at the Tavares courthouse.

After the meeting, Gen. Itchner will inspect the Central Florida area. He will be accompanied by Col. Paul B. Troxler, district engineer from Jacksonville.

Water control authorities and county commissioners from Seminole, Lake, Marion, Orange, Sumter, Osceola, Brevard, Volusia and Polk counties are expected to attend the meeting and present views on the problem.

## Brothers Favors Septic Tank Limit

Dr. Clyde Brothers, county health director, said today he was in favor of forcing new subdivisions to install community sewer systems and do away with septic tanks in the county.

By the use of septic tanks, Brothers said, "we are subjecting future generations to county wide contamination."

Any subdivision putting in septic tanks with the way the county is growing "is just asking for trouble," Dr. Brothers said.

"It's about time that we did away with septic tanks use in the county to prevent health hazards here," Dr. Brothers emphasized.

Dr. Brothers also said the county health task, working closely with the County Commission and State Board of Health, is cracking down on the use of septic tanks here.

Recently a policy was established which requires that before any plot is recorded in the county, the commission must be presented with a feasibility report from the health department concerning the method of water supply and sewer disposal.

"This policy would eliminate the installing of sewer tanks in low-lying areas in the county," Dr. Brothers said.

In the last month, the commission has turned down one request for septic tanks from a subdivision and held one request up for further study pending a report from the State Board of Health.

Brothers also reported that he hopes to be in the new health center, now under construction, by October. He added that he is now making of a list of needed equipment to be purchased and hopes to present it to the commission in the near future.

## North Orlando May Get Church

North Orlando will soon get a grocery store and maybe a Methodist church.

A grocery store will definitely be built across the Longwood-Oviedo Rd. from the village hall, Mayor Roy Liddicoat said Wednesday.

Construction will start within three to six days. Four other stores will be built in conjunction with the grocery, Liddicoat said.

Bruce F. Gannaway, district superintendent of the Orlando District of the Florida Conference of the Methodist Church, and a minister from Miami have asked the North Orlando Co. to set aside a five acre tract for construction of a church in September. The two men want to build a church in North Orlando, Liddicoat said. The tract to be set aside will probably be near the Longwood-Oviedo Rd.

## Hoffa's Attorney Cites 'Frame'

WASHINGTON (UPI) — Counsel for Teamsters President James R. Hoffa accused court-appointed monitors today of trying to "frame Hoffa and take control of the giant union."

Attorney Jacob Kossman made the accusation in making Federal Judge Joseph R. Jackson to cancel the civil trial of Hoffa on monitoring charges that he released union money.

Kossman argued that the interim report containing the charges was a "frame" on the court because it suppressed details favorable to Hoffa.

Hoffa is accused of depositing \$500,000 of funds belonging to Teamsters Local 666 in Detroit in a Florida bank to swing a loan for a real estate venture in which he shared an interest.

Kossman said the monitors want to oust Hoffa from office and take over the Teamsters. He 1,000 members and its 600 million dollars in assets.

"A fabulous fortune awaits them," he said.

"Do they want to do it for love of the working man or do they want to do it for power and money?" Kossman asked.

Monitor lawyers were scheduled to reply later today to his arguments on a motion to block the trial.

Kossman charged that the monitors advised an Orlando bank not to return the money to Local 666 when the union sought to withdraw it last fall.

## News Briefs

**New Plant To Start**  
JACKSONVILLE (UPI) — Reynolds Aluminum Supply Co. has announced plans to build a new 25,000-square-foot plant here with construction to start next month. The announcement was made Wednesday by a company official. The plant will house more than \$250,000 worth of industrial metals and building products, he said.

**Truman Approves**  
WASHINGTON (UPI) — Former President Truman today commended Syngman Rhee as a statesman who resigned as South Korea's president because "he thought it was best for his country. When a fellow reaches the end of his usefulness, it's time to quit," Truman observed. "I quit when I did."

**Guard Trial Set**  
JACKSONVILLE (UPI) — Fourteen former guards at Raiford State Prison will go on trial here June 27 on charges of inflicting brutal punishment upon prisoners. The trial date was set late Wednesday by U.S. District Judge Bryan Simpson. Attorneys predict the trial may last as long as three months.

**DeGaulle Visiting**  
SAN FRANCISCO (UPI) — French President Charles DeGaulle ends his two-day visit in the San Francisco Bay area today with a tour of the Hewlett-Packard Electronics Co. and the Stanford University Medical Center at Palo Alto. The French leader, his wife, Yvonne, and their party then will fly to New Orleans for the next stop of their tour of the United States.

## Naval Air Station Holds Talks On New Bomber

The Sanford Naval Air Station was host to an all-day AN Vigilante Conference Tuesday.

Over 30 conferees met to discuss a full agenda on logistic and maintenance support of the Navy's newest attack bomber.

The conference was opened with a brief statement of welcome by Capt. Robert W. Slay, NAB commanding officer.

He then turned the chair over to Cdr. C. W. Grilling, maintenance officer on the Commander Fleet Air Jacksonville staff, who served as moderator of the conference.

Present at the conference were representatives of North American Aviation, the manufacturer of the AJJ; Commander, Naval Air Force Atlantic Fleet; Commander, Fleet Air Jacksonville; the Bureau of Naval Weapons; the Aviation Supply Office, Philadelphia, Pa.; the NAB Jacksonville Overhaul and Repair department; Commander, Heavy Attack Wing One; VAH-8; and NAB Sanford's Aircraft Maintenance, Operations, and Supply departments.

During the first 14 months after the introduction of the AJJ at NAS Sanford, North American Aviation will be responsible by contract with the Navy for supply and maintenance of the aircraft. This is the first time that the Navy will have contracted with a civilian firm for support of an aircraft program.

TALKING ABOUT the new Vigilante bomber program coming up at the Naval Air Station is Capt. Robert Slay, station commander, who was host to the conference on the new program. (Navy Photo)
