LIVING COSTS WAY UP GREYHOUND FARES WAY DOWN HERE'S ONE PLEASANT THOUGHT FOR TODAY! Most everything we buy today -- costs more. The things we eat, or wear, or use have taken a steady upward climb. But the picture is not altogether dark and gloomy. Floridians can find genuine satisfaction in one important commodity that has ACTUALLY DECREASED IN COST -- even as service has increased. Greyhound fares are less than half they were 16 years ago! This, we believe, in the face of all rising costs, is a stand-out achievement. Look at these comparative fares below -- it's something pleasant and refreshing to think about.

B-29 Winging Toward U.S. In Try For Record

Giant Bomber Leaves Orly Field In New Attempt To Crack N. Y.-Paris Record

PARIS, Oct. 16, (AP)—The Army's long-distance flyer, the Pacusan Dreamboat, is roaring toward Westover Field at Chicopee, Mass., and what may be a new transatlantic speed record. The giant aircraft left Orly Field, Paris, at 3:38 A. M., Eastern Standard time. Just prior to taking off on the 9500-mile trip, however, the pilot of the Dreamboat commented: "I'm not going to push it."

The ceremony at this morning's takeoff was not repeated in the fashion of yesterday, but official Army recorders nevertheless listed the split-second departure of the B-29. Observers expressed the belief that the Pacusan Dreamboat would make the flight in approximately 11 1/2 hours, an average flight rate of about 316 miles per hour. The present record is 14 hours, 39 minutes, and is claimed by a TWA Constellation for a Paris-to-New York run a year ago.

Operators' Want Stymies Action In Maritime Walkout

NEW YORK, Oct. 16 (AP)—An operators' demand that they be allowed to select ship masters without regard to union membership has stymied settlement of the 10-day old maritime strike. Most of the nation's ports are tied up today, but negotiations will be resumed to end the dispute. The latest hitch occurred last night at a conciliation meeting between east and Gulf coast operators and the AP of L. Masters, mates and Pilots.

The union tentatively approved was raised contained in a new operators' proposal, but the union heads balked at a stipulation that operators retain their right to select masters, "without regard to union membership or non-membership." Union President Capt. Harry Martin said the MMP would study the proposal, but he said the answer would be "no" to today's negotiating session.

Dania Murder Case Remains Unsolved

FORT LAUDERDALE, Oct. 16, (AP)—Sheriff Walter R. Clark today admitted he is up against a stone wall in efforts to solve the double murder of a young couple whose bodies were found on lonely Dania Beach exactly one week ago. The sheriff says two sailors have been absolved of any connection with the Dania Beach murder, but they are being held in Broward county jail after admitting the armed robbery of a Pampano couple Friday night. Sheriff Clark obtained an Army-type mine detector and will comb the sands along Dania Beach tomorrow in an effort to locate the .32 calibre pistol used to kill Lawrence G. Hogan and Miss Elaine Eldridge of Fort Lauderdale.

Hirokito Calls On General MacArthur

TOKYO, Oct. 16, (AP)—Emperor Hirokito called on General MacArthur today without any imperial fanfare or prior announcement of his coming. The Emperor dropped in just about the time that news of Japan's new constitution, which strips Hirokito of all his political power.

There was, however, no talk of such grim events. Hirokito spent an hour with MacArthur, thanking him for the recent food distribution which has eased living conditions for the Japanese. The Emperor added his help in drawing up Japan's new constitution, which strips Hirokito of all his political power.

Goering Steals Spotlight From Fellow Nazis In Cheating Rope

Cards Down Sox In Final Series Contest, 4 To 3

Slaughter Scores On A Double In Eighth For Winning Tally

St. Louis, Oct. 16, (AP)—The never-say-die St. Louis Cardinals won the 1946 world series yesterday with a thrill-packed 4 to 3 victory over the Boston Red Sox.

The victory maintained the Cardinals' record of having never lost a seven-game world series, and it was Boston's first World Series defeat in six contests.

The Red Sox showed over the winning run on relief pitcher Bob Grooms in the eighth inning when they stopped the Red Sox for decisive Cardinal victories when they needed them most, played a hero's role in the eighth inning, and helped Dickson's aid in the eighth inning with men on second and third with no outs. He got the first two men but gave Dom DiMaggio one down the alley and DiMaggio doubled to knock in the tying run. Brecheen then retired Williams.

When the Red Sox threatened in the ninth with two straight hits, Brecheen batted down to get three Red Sox batters in a row to retire the side and clinch the Cardinal victory.

It was Brecheen's victory, but stout-hearted little Murray Dickson must come in for a share of plaudits. Dickson was nicked for a run in the very first inning and some thought it might be a repetition of the third game, when he lost the verdict on Rudy York's first inning home run.

WASHINGTON, Oct. 16, (AP)—Supreme Court Justice Robert Jackson said today that Hermann Goering's suicide "killed the myth of Nazi bravery." In a statement, the chief United States prosecutor at Nuremberg declared:

"The founder of the concentration camps where death was handed to millions, could not face the gallows, himself."

BERLIN, Oct. 16, (AP)—Some Germans in the street in Berlin today denounced Hermann Goering as a scoundrel who certainly should have hanged after learning from Nuremberg that flamboyant Goering took his own life with poison last night. Said a middle-aged German housewife: "That's a shame. That scoundrel of all people escapes hanging."

NUERNBERG, Oct. 16, (AP)—Hermann Goering—flamboyant to the last—stole the spotlight from his ten fellow Nazi war criminals when he cheated the hangman by taking poison. But the other ten beginning with former Foreign Minister Joachim Von Ribbentrop and ending with Arthur Seyss-Inquart, have paid for their war crimes at the end of a rope.

Goering's dramatic suicide two hours before he was to have headed the Nazi death march has created a first-class mystery for intelligence officers of the Army of Occupation.

Army officers immediately began a sweeping investigation to learn how the corpulent number two Nazi secured the poison which kept him from the gallows. The prison commandant—Col. B. C. Andrus—blatantly announced Goering's death by suicide last night, the last body of the hanged man had been cut down.

The body of the World War I flying ace was brought into the prison courtyard on a stretcher. When the last of the ten men had been hanged, Col. Andrus stated "Goering was not hanged. He committed suicide." With that, the blanket was removed, and the palama-clad body of the former Reichsmarschall and Luftwaffe commander was displayed. His blue shirt was open exposing his chest. His face bore a marked expression of agony.

Wherry Lashes Out At President; Denies Writing O.P.A. Amendment

Abattoir Plans Meet Approval Of Farm Bureau

Resolution Passed Favoring Completion And Operation

A resolution favoring completion and operation of the Central Florida Quick Freeze and Laker plant with abattoir according to the rules and regulations of the sanitary code of the City of Sanford and the State Board of Health, was passed by the members of the Seminole County Farm Bureau at their annual meeting at the Court House Monday evening. It was announced today by County Agent C. R. Lawson.

It was also voted to call this resolution to the attention of the City Commission, which was meeting at the same time at the City Hall.

The farmers stated that this plant is of direct importance to the growers of livestock for killing of stock and putting it on the freezer. It was pointed out that approval of such an abattoir by the State Board of Health is based on whether or not smells or noise would affect the interests of adjacent property owners.

The Bureau left up to the Board of Directors the election of a president, vice president and secretary, and it was announced that action on this would be taken soon. The Bureau voted to sign a petition for a referendum on a Salt Convention District.

The following were elected to the board of directors: R. E. Cooper, H. C. Hertz, Henry Schumacher, M. L. Cullum, J. C. Hutchison, Perry Whitehurst and Leo Hutner.

Henry Thurston and Leo Hutner were elected as delegates, and Henry Witte and R. E. Cooper at the State Farm Bureau convention at Miami on Nov. 15 and 16.

Transactions Are Revealed By Realtor

Mr. and Mrs. Robert Healy have purchased a dwelling from Mrs. Alexander Benton at 615 Melvynville. According to revenue stamps the purchase price was \$7,000.

Dr. T. P. McDaniel has purchased the John Meisch home on Park Avenue for \$16,500 as indicated by revenue stamps.

J. O. Moore, a veteran, has purchased the F. A. Dyson two story building on the Paola Road east of Uppala from L. D. Bates. He is selling the store position as a grant with filling station in front and living with his family on the upper floor.

All of the above transactions were handled by Tom C. Bolt, assistant of W. R. Williams realtor.

Local Kiwanians Hear Convention Reports At Meet

Yesley Says Florida Leading Districts With Achievements

Reports on the Kiwanis state convention in Daytona Sunday through Tuesday, at which H. Ray Carroll, Kissimmee banker, was elected president of the Florida district and Earl Myers of Fort Lauderdale was elected district governor, were given today by club president J. W. Hall, Secretary Ralph A. Smith and the Rev. H. H. Yesley.

J. Martin Stinescoper, with Harry Knudell accompanying, sang, "I'm Waiting for Ships That Never Come in" and "For You Alone."

W. A. Morrison reported that the Rotary Club would cooperate with Kiwanis in purchasing china and silver to supplement purchase of tables and chairs by the Chamber of Commerce to facilitate eating arrangements at the community building. The club voted to help purchase these items.

Joe Field, asked to explain a report that he had secured the photograph of a fan dancer Sally Bond at the American Legion Convention in San Francisco, drew a lot of laughs with his explanation that Sally runs a night club and "she goes around to the tables giving autographs."

He also said, "There were three of us couples present."

Rev. Yesley reported that Florida Kiwanis leads all districts with a 99.4 perfect score in achievements. He declared he was impressed with a talk given to the convention members by Senator Wayne Morse, Oregon Republican, and member of the War Labor Board, who stated that the Wagner Labor Relations Act should be amended as business men are being "kicked over the board" and the game is not being played in the square American way. He quoted the speaker as praising Secretary Byrnes for carrying a heavy load and criticizing members of the House for playing politics.

Ralph Smith praised the spirit and activities of Key Club members at the convention as very gratifying. President Hall told of the conference of job posts which discussed a host of new meetings and end them on time.

BURCH ENDS COURSE

Pvt. Joseph H. Burch, son of Myrtle Burch of 619 Celery Avenue, has completed an eight-week motor vehicle operators course at the Common Specialist School Medical Training Center, Brooke Army Medical Center, Fort Sam Houston, Tex.

Grand Jury Gets Garsson Case

MEMBERS OF THE GRAND JURY enter the District Federal Court Building, Washington, D. C., to hear government witnesses testifying regarding evidence gathered by the FBI in a 23-month investigation of the Garsson munitions combine. Roland E. Peterson (coat over arm) leads other members of the jury into the building. (International Soundphoto)

Observers Await Possible Court Battle Over Fraser's Nomination

Mrs. Mayne Hodgkin and Miss Wonnack, Seminole County committee members who attended the State Democratic Committee meeting in Jacksonville yesterday, declared this afternoon it was evident from the beginning of the balloting of the nominations of a candidate for State Comptroller that it was a pro and anti administration affair, with the committee members in the middle of a tug of war, and both sides extolling the qualifications of the various candidates.

The first of the two ballots showed a definite administration trend, they said, with the administration polling its entire strength. Senator Ed. Fraser, later nominated, received 37 votes of the 126 ballots cast.

The second ballot was slanted for the elimination of the other candidates, who threw practically 50 of their strength to Fraser.

Florida Avenue in Oviedo will be built 18 feet wide to the same specifications for a distance of one and a quarter miles. Two 600 foot streets, paid for in full by Oviedo will be paid under County supervision, and work will start immediately, Mr. Herndon said.

Other roads in the county will be built as soon as the money is available, Mr. Herndon declared.

PARIS, Oct. 16, (AP)—United States Secretary of State James Byrnes held a farrow news conference in Paris today and expressed the belief that Yugoslavia eventually will sign the Italian Peace Treaty.

Byrnes told newsmen he believed that Yugoslavia eventually would come to realize that no one nation could make the peace and would bow to the decisions of 20 other Allied nations.

THE WEATHER

Partly cloudy this afternoon, tonight and Thursday. Slowly rising temperatures and humidity.

Senator Declares He And Taft Did Not Maneuver To Break Down Price Controls

By Associated Press

Senator Kenneth Wherry of Nebraska today lashed out at President Truman on grounds of falsehood. He charged Mr. Truman was wrong when he said Wherry wrote the so-called profiteering amendment to the OPA bill passed by Congress last summer. He also accused the President of maliciously charging Wherry and Senator Taft with maneuvering to break down price controls.

Wherry said in an Associated Press report: "I challenge the truthfulness of the President's statements that the so-called profiteering amendment was the Wherry amendment. The one which was passed was an administration amendment. If President Truman said it, he didn't need to take it because it was brought in by the administration forces."

Wherry added: "The decontrol of most amendments carried in the Senate 40 to 26. On decontrol of dairy products the vote was 52 to 27. Those votes were right at a 2 to 1 majority. How can the President and his administration charge Senator Wherry and me with breaking down OPA and its amendments passed 2 to 1 and with the administration in control of both houses?"

Wherry went on to say that the black market was responsible for failure of OPA control of meat. He said Mr. Truman decontrolled meat because Wherry would abolish OPA entirely. Wherry added that the President decontrolled meat now because of the breakdown of meat regulations in the coming elections.

Most came into the nation's principal livestock markets in commodity volume today. Even hogs, which were not expected in any considerable numbers until the latter part of November arrived in larger amounts than a year ago.

The same dozen markets totaled 51,000 sheep today, 51,663 a week ago and 61,390 a year ago.

Prices were generally steady in most other lines at yesterday's record-breaking levels. The early top at Chicago was \$26.50, but most lines were being held for higher Monday. Yesterday's top was \$27.50 with the average at \$24.65 a hundred pounds, compared with Monday's average of \$16.20 and a year ago average of \$16.77.

Cattle prices were steady to somewhat lower with few sales concluded in early rounds, and sheep were considered fully steady.

Goering Fifth Nazi To Take Own Life

NUERNBERG, Oct. 16, (AP)—The great international mystery started by the mysterious suicide of Hermann Goering recalls that the fat ex-Reichsmarschall slain other fancy Hitler in the fifth key Nazi to take his own life to escape Allied justice.

The infamous list is topped by Adolf Hitler, who is believed to have put a fatal bullet in his head as Berlin fell in May, 1945.

Former Nazi Propaganda Minister Joseph Goebbels died by his own hand at about the same time as Hitler—and he died the Goering, by swallowing cyanide. Gustave Chlot Benoit Stummel crushed a syringe vital in his teeth after the British captured him—also in May, 1945.

The former Nazi labor boss—Robert Ley—hanged himself on the Nuremberg gall a year ago but before the start of the International War Crimes trial.

The Importance Of Reading

Those who heard President Truman trying to crawl out of his dilemma Monday night must have felt sorry for him, but they could not fail to note how completely inadequate he was to the effort.

In the years to come the importance of reading is bound to become even greater. Not everyone expects to become a resident in his lifetime, but everyone does have the opportunity if he takes advantage of it.

The mounting toll of automobile accidents is forcing grave responsibility on automobile drivers. The National Safety Council and the Automotive Safety Foundation are at work to combat this threat.

A small town once had an idea for beating the problem of Halloween dirty work. The idea was so successful that this year on the holiday Anoka, Minnesota, will hold its twenty-fifth Halloween festival and the civic leader will be surprised if they wake up to as much as a soaped window the next day.

The Anoka carnival is so much fun, with so much happening to fill all the time from six to midnight on the night of ghosts, that the kids are too busy to run wild in other towns they feel it practically their duty to do it in civility.

Family Halloween parties given with the same aim are a help, but when a whole neighborhood or town gets behind a carnival, it's bound to provide a good celebration and discourage the traditional wreaking parties.

On and after October 21 the following hours and prices will be observed by the undersigned shops:

Atlantic Coast Line Plans Resumption Of Normal Train Scheduled On Dec. 12

WILMINGTON, N. C., Oct. 16 (Special)—Winter train service to Florida and the South will be back to normal again on Dec. 12 when the Atlantic Coast Line Railroad and its connections begin operation of its fleet of 15 trains daily from the East and West.

Returning to service in this fleet of trains will be two solid Pullman trains serving the east coast of Florida, namely, the Florida Special (East Coast) and the Florida Special (West Coast).

From Chicago, four famous Pullman sleeping cars and reclining seats will return to service as a companion train to the Florida Special (East Coast), which was operated every season from 1937-42.

The mounting toll of automobile accidents is forcing grave responsibility on automobile drivers. The National Safety Council and the Automotive Safety Foundation are at work to combat this threat.

Troop Train, Freight Crash In Mississippi

MORTON, Miss., Oct. 16 (AP)—At least six persons were injured in a head-on collision between a troop train and a freight train at Morton, today the wreckage was littered with wreckage on Florida on Dec. 14.

The Illinois Central declared that the engineer of the troop train saw the freight and stopped his train—and then put it in reverse at the time of the collision. But it was too late.

Goering Steals Spotlight From Fellow Nazis
