

Highlights

7:30-8:30 p.m. (CBS) Last In Space. (Color). (Rerun). Life in space is no bed of roses, especially when you're lost. Tonight the Jupiter 2 escapes from a hostile planet and, in evading a hyper-atomic missile, lands on another world named The Robot. Will and Dr. Smith take turns exploring the area and each in turn is taken prisoner by a ragged alien soldier. The soldier is played by Wally Cox. Imagine being taken prisoner by Wally Cox?

7:30-8 p.m. (ABC) Batman. "The Joker is Wild." (Color). (Rerun). The horrible Clown Prince of Crime is back again, with his wild laugh and painted mouth. He lures our heroes through the Comedian's Hall of Fame and then, in a wild, socko scene, he tries to unmask them in the center of the Gotham City Opera Company stage. The Joker is magnificently played by Cesar Romero.

8:00 p.m. (CBS) Green Acres. (Color). (Rerun). Barbara Nichols and Jesse White are wonderful as a larcenous couple, and they really shock our fine upstanding lawyer-farmer Oliver and his pretty wife. After attending a farmers' convention, during which the four have a ball, Oliver finds out all the gifts his new friends have with them when he has been stolen.

8:10 p.m. (NBC) The Best On Record. (Color). Names, names, names! This program is loaded with them. The idea is to feature the songs and performances which won this year's Grammy Awards, and with each performance there is a Hollywood star or recording artist to make an introduction. Besides the lucky winning singers, choral groups, rock 'n' rollers, and country and western stars there will be a special award given to Ella Fitzgerald for her creative contributions to the music business. There will also be a clip of the Beatles singing their "Strawberry Fields Forever."

8:15-11 p.m. (ABC) The Wednesday Night Movie. "Mr. Hobbs Takes a Vacation." (Color). (Rerun). This comedy is about a wealthy banker and his large family who decide to take a seaside vacation and rent a large house complete with faculty plumbing and grumpy servants. The parents, played by James Stewart and Maureen O'Hara, are determined to enjoy themselves, even if their children object to everything. The offspring include Fabian, Loretta, Michael Burns, Lill Gemmy and Natalie Trundy. A funny film.

8:30-10 p.m. (CBS) Gomer Pyle—USMC. (Color). (Rerun). Love's dainty tentacles give Gomer in a chair when he gets engaged to Alice.

Robbers Loot Armored Truck
BRINGTON, Mass. (AP) — Robbers welding machine guns cleaned out a Brink's Inc. armored truck today and apparently took two guards as hostages, state police said.

The truck was found abandoned, with the motor running, just across the town line from Brockton.

Empty money bags were strewn on the ground but there was no sign of the truck crew.

There was no immediate information on the number of robbers or the amount of money stolen.

An Abington policeman, William Donaldson, discovered the abandoned truck in this town some 20 miles south of Boston. Road blocks were set up and a police search of nearby wood land was made.

Hobo Dance Set By Moose Lodge
A Hobo Dance is planned by Sanford Lodge 1351 of the Loyal Order of Moose at 9 p.m. Saturday at the Moose Home at 5610 Palmetto Ave.

Prizes will be awarded for the best dressed male and female "hobo."

Governor John Rumbley reminds all brothers and co-workers that "this promises to be one of the best fund-raised evenings held" and asks each member to bring a guest.

Entertainment chairman, Henry Klue, announces that John Rich and "The Country Playboys" will furnish the music for the evening.

TV Time Previews

Borden (Francine York), a girl, he has just met who professes deep affection for him. Sergeant Carter suspects it's not Gomer's manly charm, but his allotment check that's captured the girl's heart. He also suspects a marriage racket aimed at his men, so he manfully proposes himself.

10-11 p.m. (NBC) 1 Sp. Trial By Treason. (Color). (Rerun). A west coast blackout is the aim of a group of enemy saboteurs, who plan to cripple a hydroelectric plant. As a last resort, Scotty poses as a factory worker complete with attractive family: wife Yvonne (Cecily Tyson) and son Randy (Douglas Leonard). It's tense and suspenseful.

READERS' LETTERS
We agreed with readers who felt that the networks end the yearly "season" too soon. Reruns are begun even before the start of daylight saving time. Our suggestion is to end the season around June 15th each year.

We believe a majority of our readers would agree. Or are you viewers anxious to get outdoors in the evenings during April and May? We doubt it, especially because children are not yet out of school.

The "Smother Brothers" barely manage to nose out "Hollywood Palace" in its year latest voting.

Smother Brothers, CBS, 55.6 per cent, good.

Hollywood Palace, ABC, 54.3 per cent, good.

Milton Berle, ABC, 29.7 per cent, poor.

Coliseum, CBS, 28.3 per cent, poor.

Our reader response is splendid. Please continue your weekly voting in this nation-wide survey which will help to bring you better programs. Follow carefully the ballot box instructions.

HOW WOULD YOU RATE THESE TV PROGRAMS?

Pyllis Diller (ABC) Friday
Candid Camera (CBS) Sunday
Pistols and Petticoats (CBS) Saturday
Batman (ABC) Wed./Thurs.

Place the numeral 1 alongside the program you consider best of the lot; then 2 for 2nd best; 3 for 3rd best; and 4 for 4th best.

Also, for the show you rated No. 1 (best), do you consider it (check one): One of TV's best? Good? Average? Poor?

Ernie Cowley, Floyd Richards, John Angel and George Dabbs—one of them will be appointed by Gov. Kirk next week to fill the unexpired term of R. T. Milwee as Superintendent of Schools... Can you imagine Kirk appointing Mr. Dabbs?

Nobody asked me, but Walter Teague deserves it more than anyone.

After Seminole Community Action executive board met last night E. D. Kirchhoff, executive director was told to "gracefully" submit his resignation... at his convenience.

There was a move on to get Ray Milwee to take over the director's job. He'll say "No."

Wakenheit investigator at the sheriff's office checking the financial records.

Nobody asked me, but I think it would be a good idea if Joe Hickson's attorney G. O. R. Frederick would refer to "Mr. Butler as chief throughout the trial (oops, I mean hearing)... He called him "Mr." Tuesday.

The county road department budget submitted after the first of the month probably will exceed the current \$650,000 figure... How come \$170,000 more?

Didn't the Seminole Bar Association adopt its resolution opposing the realignment with Orange and Osceola (see story elsewhere on this page) at a party? ... All the members were not present... Sides appear split this way... Cleveland, Phils, Hutchison and Whason opposed to the realignment and Stenstrom, Davis and McIntosh, Mike and the south Seminole crowd for it... Did you know that 35 percent of all the litigations tried in this county are handled by Orange County Perry Mason?

Hospital now holding refreshment courses for registered practical nurses and the recording is being "terrific" according to administrator Bob Besterer... On Monday 28 showed up and Tuesday... 34.

The owner of the Valder around town trying to peddle the hotel (?) to one of our top industrialists... Askin' price \$45,000... With they would leave this guy alone... They'll chase him out of town... and I wouldn't blame him... one bit!

Still waiting for Eoghan Kelly to come through on this \$200,000 study... City forces probably will be utilized to hold costs down... Not less than \$75,000.

The County Commission will forget about \$3 million on this issue and shoot for about \$1,250,000.

A bouquet for City Manager W. E. Knowles: most governmental agencies increase personnel. Sanford has reduced its utility office by one due to data processing and in the refuse division by eliminating the landfill operation.

Speaking of Pete — he rarely gives any one a compliment but he tossed one the other night at Gordon Bradley, public housing administrator here — Called him the best in the southeast.

Vietnam Vet Had Plague But Recovered

WASHINGTON (AP) — A Public Health Service official confirmed today that a Vietnam veteran was hospitalized in Texas for 16 days last fall before doctors realized he was suffering from bubonic plague.

The victim, a 31-year-old serviceman on furlough, recovered with no further complications and there was no apparent spread of the disease, Dr. David J. Sencer said in a telephone interview from Atlanta. He is head of the National Communicable Disease Center there.

"There was an element of luck," Sencer said. If the plague had progressed into pneumonic plague and gotten into his bloodstream with an infection of the lung, the chances of epidemic would have been great — because he'd be coughing up plague.

Before doctors at Veterans Hospital in Dallas diagnosed the case, the youth had not been under any special quarantine or precautionary care, Sencer said.

Army officials announced during the bubonic plague case — the first imported into the United States in 47 years — last Nov. 15, but did not mention then that the illness had not been diagnosed for more than two weeks.

Sencer revealed that delay in testimony before a House Appropriations subcommittee. The testimony was released Monday.

After discussing five cases of plague that originated in the United States last year, the doctor said: "The sixth case is intriguing. A furloughed serviceman from Vietnam, where plague is endemic, was admitted to a hospital in a Western state — Texas, as a matter of fact, sir — and remained for 6 days before the disease was suspected."

"Slightly altered circumstances could have led to pneumonic plague — a true catastrophe, for pneumonic plague can spread into an epidemic, with person-to-person transmission."

The Army said the youth had been assigned to a group testing town old military buildings in Vietnam. Fleas from infected rats apparently transmitted the disease. Hundreds of cases of plague or suspected plague have been reported among South Vietnamese.

In the interview, Sencer said the youth's illness originally was diagnosed as lymphadenitis, a swelling of lymph nodes from nonspecific infections.

The plague was not detected until a specialist was ordered to examine the youth, who had not been responding to treatment, Sencer said. After the diagnosis was confirmed, doctors at Veterans Hospital got excellent results with antibiotics and the soldier was transferred Oct. 4 to Brooke Army Medical Center in San Antonio, Tex.

Army officials later said the youth had been free of fever since Sept. 6, but it was not known when he entered the Dallas hospital for initial treatment.

Sencer credited two previous incubations — against plague which the youth had taken in Vietnam with preventing the progression of the disease from bubonic to pneumonic plague.

"You just don't think of plague these days in the United States," the doctor said.

Demos Blast Kirk 'Flop'

The Executive Board of the Young Democratic Clubs of Florida meeting in Ft. Lauderdale this week leveled a stinging indictment at Gov. Claude Kirk's failure to provide executive leadership during the current session of the Legislature, particularly in the area of the state's educational needs.

In a strongly worded resolution, the board accused the governor of presenting a wholly unrealistic and inadequate educational program. The resolution, sponsored by Robert G. Petre, president-elect of the state organization, also expressed sympathy with the general aims of the Florida Education Association, including the imposition of sanctions unless substantial progress is made towards correction of educational deficiencies in the state.

Silver Hoarding Not Profitable, Say The Experts

WASHINGTON (AP) — In the hope you have a little pile of silver coins.

A couple of the original John F. Kennedy half dollars, a few quarters and dimes, without the red copper edge of the new sandwich coins; maybe with them, one of the old dollar bills marked "silver certificate."

"You're getting lower and lower silver coins in change—half dollars, for example. You realize that the government is moving away more and more from the use of silver in the monetary system, that there is legitimate speculation on the exchange of bills for silver. You wonder when the Treasury Department will stop playing the silver market and let the price of the metal go up. If it increases as much as 11 cents an ounce above the present \$1.29, it would be profitable, at least in theory, to melt and refine old-style silver coins. Now, if you hold on to your silver coins and certificates, will they make you rich?"

No, it can be said pretty certainly. And even if you're a big operator, with bags of coins or bars of bullion, the outlook is more murky than encouraging.

Backing for these conclusions comes from two authorities: Undersecretary of the Treasury Joseph W. Barr and a senior Washington coin dealer, Ben M. Douglas, whose shop is only a few blocks from the Treasury. The dealer was asked, pointing to an interview whether he makes it a practice to set aside the pre 1965 silver coins that come his way. His reply: "Except for the few we keep to maintain our inventory, we put them right in the cash drawer and let them go out in change."

"Some of the people with \$10 or \$20 worth have some strange ideas," Douglas said. "They think silver is going to become as valuable as gold. They don't realize that if it ever should come to the point of melting down coins—money could be made only on large quantities."

Barr tackled the question of the large-scale hoarding when he appeared before the House Banking Committee.

"What a lot of people have learned is this," Barr said. "Coins and bullion bars are bulky. They take up space. Storage is expensive—especially secure storage. And money tied up in coins draws no interest. So people get tired of this kind of investment and turn the coins back."

When Douglas was invited to comment on Barr's opinions, he ruled himself out as a speculator on speculation in silver, as such. But he had some observations that seemed to back up Barr.

"Canada introduced some very handsome coins to commemorate its centennial, including a silver dollar. When those dollars first came out of the mint, they vanished. People were buying them by the bag. In fact, they were borrowing from banks to buy coins, pledging the bagfuls as collateral and storing them at the banks."

"So they were not only getting interest on their money, they were paying the banks 6 or 7 per cent and storage too. This didn't last very long. They have been letting the bags of coins go, and now you can walk into almost any Canadian bank and get all the silver dollars you want."

Not long ago in this country Douglas said, the coin hoarding mania extended beyond silver—and now it seems to have spent itself. He told of sending to the bank for working change and getting a bag of uncirculated 1962 nickels—obviously turned back by somebody who stowed it away five years ago.

One mystery remains. What happened to all the Kennedy half dollars, especially the 90 per cent silver ones dated before 1967?

Barr shrugged. "I wish I knew. I'd like to have one."

Douglas said he doesn't understand the motives. The coins are not rare—millions were made. He ruled out hoarding for silver as the sole reason—"you notice the 90 per cent silver ones now being made are disappearing just about as fast." And he said sentiment about the assassinated president couldn't be the whole explanation, either.

Open Letter To Guess Who

Dear Coach Dollar,
OOOOP... SORRY ABOUT THAT!
Dear Abby-Baby (that's much better).
Would you believe that I've never even written my Congressman, and yet I'm taking time to bug you.
Now I wouldn't want to hurt your feelings, but... you've surely disappointed me lately.
While you were letting off steam, laboring for a shot at the title, I laughed along with most other loyal Americans. We even felt that you just might be good for a dying sport. (Even my Irish friends are laughing at me and saying 'Oh, you're pulling little school'.
Honest Abe was right... You can fool some of the people all of the time and all of the people some of the time!
... BUT, we now are starting to realize that we've been taken for a cheap ride in June.
I read of the Brown Bomber's (Joe Louis) comments on you and an now certain that you couldn't even fill his punching bags with your hot air, much less have you'd a chance with him in the ring. Louis said, "What right do you have to be clamoring about Civil Rights when you're not willing to accept the responsibilities that goes along with them." (Now having heard Joe mumble after one of his earlier fights, I just can't believe that these are his words really. However, I'm certain that they pretty well express his true loyal sentiments on the matter.)
What really fronts me is that you didn't have the guts to say that you didn't like the Vietnam War is being fought. But instead, you tried to hide behind a respected title. The crown just doesn't fit the head piece in this case.
I understand that you visit Sanford on occasion. Give me a call the next time you're here, G.K. I've got something I'd like to read to you.
Probably aren't familiar with it, but I can get any six year old to read it to you. Starts out - "I pledge allegiance..."
Yours faithfully,
S.O.S.

Thompson Out-Duels Nesmith In LL Action

The Alamo twins took a firm hold on first place in the Seminole Major League last night, as Twin hurler Marc Thompson out-duelled Lake Mary's Heiky Nesmith in a classic 1-0 contest.
The lone dropped Coach John Brewer's Lake Mary Giants three full games back of the league leading Twins. Second place Casselberry which was upset by Sunland on Tuesday night, now trails Coach Paul Branson's Alamo team by one and a half games.
The Twins scored the only run in the ball game in the top of the fourth inning when Roberto Wynn opened with a single, stole second base and came around to score on a hit. Thompson pitched a complete game, allowing only one hit, Scott Jett Adams being the only batter to reach base.
The Tigers continued to roll over their opponents in the West League as they trounced the Rebels 10-2. The winning pitcher was Jeff Patton as he had the Rebels "hamming the breeze" and struck out 14 batters and allowed only one hit. Scott Jett Adams was the "sprinter" when he led off a long triple for the Rebels. Mark Whigham had two hits, Jeff Patton had a solo blast and Tim Morgan with a triple were the big guns for the winning Tigers.
In the West League, the Chiefs, squeezed by the Cards 10 to 8 as Mark Russ allowed only one hit to Kevin Beck with Mike LeCuyer, Jimmy Brodie and Kevin Leach each had three hits for the Chiefs.
In tonight's action in the NATIONAL LITTLE LEAGUE, Hunt Lincoln vs. Locomotive Engineers (4:30 p.m.) at the Bay Avenue Park. Church of God of Phonyphy (7:30 p.m.) and First Baptist vs. First Presbyterian (8:45 p.m.) at Pinehurst Park.
Yesterday's score for the Florida State vs. Georgia's game was 2 to 2 in favor of Florida State.
The Pryor's Insurance team bowled a 609. She bowled during the season for Burns Auto Body. Elaine Miller of the Western Auto team bowled the high individual game with handicap, a 228.
Jane Adcock won the high average in this league with an over 36.
The Sand Spurs League will have an organizational meeting tomorrow at 7 p.m. at Jet Lanes.
Sixteen girls have signed to bowl during the abbreviated summer schedule. The final tournament start slated for next Friday, June 2.
Adults become interested in entering either as an individual or as a complete team, are invited to attend the meeting also. Those planning on bowling are Geri Cook, Sandi Wiggins, Lois Brister, Ruth Rankin, Dot Koedler, Mary Dougherty, Bonnie Perry, Tex Powell, Kathleen Clayton, Barbara Burdick, Janet Walker, Penny Purdiss, Max Anderson, Meg Gault, Joyce Miller, and Dawn Gaurley.

Hickson Pitches No Hitter

What's good enough for the Majors is sometimes "not O.K." here at Sanford.
The Baltimore Orioles Steve Barber recently was pulled from a game while pitching a no hitter. But last night, Mike Hickson of the Civilian team in the Sanford Junior Baseball League duplicated the feat with a no hitter, although he did surrender two runs to the Shrine team on three Civilian errors. Civilian won the contest 13 to 2 as Hickson also led his teammates at the plate, going 4 for 4. Mike Volinone and Mark Cockman added three hits apiece in the winning contest.

'We Want A Touchdown' Football Tilt At Lyman

The Lyman High School varsity football team will play its annual Blue-Gold game tonight at Lyman Field in Longwood. The Blue-Gold contest, which will begin at 8 p.m., will pit two evenly matched teams chosen by the flip of a coin in what is expected to be an exciting game.
Head Coach Dick Copeland has named Assistant Coach Jerry Smith as coach of the Blue team and Jerry Smith as coach of the Gold team. For tonight's game, Copeland will act as an observer at the game, which will be filmed.
The starting lineup for the Blue team will be quarterback Mark Powell, fullback Rick Brown, left halfback Tom Panoak, right halfback Wayne Miller — a junior transfer from Louisville, left end Bruce Stuart, right end Paul Webster, center Dave Nichols at right guard, and Bob Olson at center.
Reserves for both teams will include center Dean Nolan, guards John Stafford and Rick Hoak, and tackles Hal Haynie, Ray Beckman, Ray Benefield, and Robert Brown. Backs will be Donald Bush, Rick Miller and Bob Giarz. In the backfield will be quarterbacks Danny Melvin and Ken Mayne, halfbacks Bruce Heath, Jerome Miller, Jim Norwood — a transfer from Coleman, Alabama, and Bob Richardson, and center Danny Dempsey.
Gold Coach Jerry Smith will have veteran Jim Lewis at quarterback, Ed Wise at fullback, Mike Harris at left halfback, Dennis Garrett at right halfback, Mike Meyer at left end, Mike Baskett at right end, Greg Pfeiffer at left tackle, Randy Rießer at right tackle, David Pubsang at left guard, and Dave Nichols at right guard, and Bob Olson at center.

No Negro Woes--SEC

ST. PETERSBURG, Fla. (AP) — Kentucky and Vanderbilt have been told by other members of the Southeastern Conference that their Negro athletes will not face any special problems when SEC football and basketball are integrated next fall.
Bernie Shively of Kentucky, president of the athletic directors of the SEC, raised the question during a closed session of the league meeting which ended Wednesday.
"Each school told me that there would be no problem with integrated teams," said Shively. "And I think that in the next few years all the teams will be eligible."
Kentucky has two Negroes on its football team, and Vanderbilt has two Negro basketball players who will be on the teams when the 1967-68 season begins in Tennessee also has given athletic directors to Negroes but they will be freshmen next fall and not eligible.
In interviews, no SEC athletic director or coach indicated Negroes would have any big problems breaking the league color barrier in football or basketball, although there might be some verbal harassment in the first few games.
"We had Negroes on our freshman basketball team last winter and played Mississippi State at Starkville," said Vanderbilt Coach Roy Skinner. "We didn't have any big problems and if we don't have them, I think we will anywhere."
Commissioner A.M. (Tony) Coleman said that the only time integration was discussed formally was when the issue was raised by Shively.
At the closing session, athletic director James McCreaw of Tennessee, who had recommended a change in limitation grants and rejected a pair of proposals by basketball coaches.
The athletic grant recommendations, which cannot go into effect unless approved by the school presidents at the winter meeting next January, would boost the overall number of football and basketball grants to 125 football players and 25 basketball players, with 40 football grants allowed annually and eight basketball grants.
Eighteen grants would be allowed each year, with five basketball grants, three tennis grants and three golf grants, with no overall limits.
U. D. Debut
YONKERS, N.Y. (AP) — Robin Durden and Elizabeth Hanover, two New Zealand pacers, make their U.S. debut in separate races tonight at the opening of a 24-night summer meeting at Yonkers Raceway.
The 11-month-old hander allowed just two hits and struck out three batters and Dalton Jones' solo homer was the Red Sox' only run against the Tigers.
Mantle connected in the third inning with Horace Clarke on base and that was enough for Downing, who lifted his record to 43 with his first complete game.
The smallest left-hander allowed just two hits and struck out three batters and Dalton Jones' solo homer was the Red Sox' only run against the Tigers.
WALTHAM, Mass. (AP) — Nick Rodis, 42, was named director of athletics at Brandeis University Wednesday. A former Harvard football player and baseball player, Rodis has served in the U.S. State Department the last five years.

Lefty Lemaster's Fast Ball 'Booming'

By THE ASSOCIATED PRESS
Denny Lemaster's fast ball was booming during his warm-up, and it didn't stop once the game started.
Lefty Lemaster, the third baseman off a slider — but that was the only hit St. Louis got off the Atlanta southpaw Wednesday night as the Braves beat the Cardinals 2-0.
"Tonight just as soon as I went mostly to my fast ball for the last three innings," Lemaster said, "my fast ball was booming, boom, boom, right over the plate and I knew that I had a clean single to center. That took the pressure off me. It came early in the game, and I didn't have to worry about a no-hit league career and the eighth in the second inning of his big league career and the eighth in the second inning of his big league career and the eighth in the second inning of his big league career."
Felipe Alou reduced the pressure further in the fifth inning by hitting a two-run homer, one of the New York Mets 8-2 in the National League night games. Cincinnati beat Chicago 4-3 and then lost to the Cubs by the same score in a day doubleheader. The San Francisco Philadelphia night games were postponed because of cold weather.

That took the pressure off me. It came early in the game, and I didn't have to worry about a no-hit league career and the eighth in the second inning of his big league career and the eighth in the second inning of his big league career."
Felipe Alou reduced the pressure further in the fifth inning by hitting a two-run homer, one of the New York Mets 8-2 in the National League night games. Cincinnati beat Chicago 4-3 and then lost to the Cubs by the same score in a day doubleheader. The San Francisco Philadelphia night games were postponed because of cold weather.
"I was having a hard time getting my curve ball down, but that was the only hit St. Louis got off the Atlanta southpaw Wednesday night as the Braves beat the Cardinals 2-0."
"Tonight just as soon as I went mostly to my fast ball for the last three innings," Lemaster said, "my fast ball was booming, boom, boom, right over the plate and I knew that I had a clean single to center. That took the pressure off me. Praise For Chief Butler

It's not often we get a chance to praise the City Commission. Monday night they earned our accolades by giving Police Chief Ben Butler a vote of confidence putting him on permanent status.

We agree with the board that the chief has earned this short cut. There is no reason to keep up the one year probationary period when the new chief, in three short months, has proved his worth to run the city police department. Take a look around the department if you doubt these words.

He has been instrumental in getting the facility renovated and we now have a signal and booking room at a very nominal cost.

You don't see the trustees running around in civilian clothes anymore. And most important there is a light discipline in the department in a spirit of working together that has long been absent.

Three months ago the Commission made a wise choice putting Chief Butler in charge.

This week they have made another wise move.

Wackenhut's Bad Manners

If George Wackenhut was "reel shocked beyond belief" at the depth and breadth of organized crime he found in Florida, we can only conclude he has been living someplace else most of his life.

It wasn't until the late Sen. Estes Kefauver invaded Miami and the Gold Coast that the rest of the country had the shades lifted on criminals in the Sunshine State.

Floridians know it long before that. Dade County especially was aware of the situation, and the burrowing of big-time hoodlums into legitimate business as well as bolts, prostitution and gambling was as much a byword in those parts as the name of Biscayne Bay.

Wackenhut was guilty of a serious breach of good manners, if not worse, when he listed a dozen or so "shocking-blatant cases" of crime involving public officials but declined to name names. Such a practice is, in effect, a blanket indictment of all officeholders.

The governor's Crime War boss should either have put up or shut up about his specifics. He encouraged Gov. Kirk has done perhaps the greatest public service in his first months by turning the white hot spotlight of publicity on the crime war. He encouraged people to believe at long last something was going to be done about at least the more flagrant abuses.

George Wackenhut has an excellent reputation in his profession. His men guard the secretary of Cape Kennedy among other places.

His investigators have undoubtedly caused many sleepless nights about public officials who knew they were being plunged their fists "into the cookie jar," as Wackenhut phrased it.

Wackenhut obviously is sincere in his labors and unwilling to be a puppet tool for Claude Kirk or anyone else.

There is no question he and his staff can find plenty to investigate for years to come. He and his staff have unearthed in just four months.

The Herald has endorsed the governor's request for money and authority to establish a centralized and state financed crime fighting agency.

It appears the Legislature likewise is ready to go along. The details must be worked out.

In the meantime, Wackenhut would do the governor and the other public officials of the state — as well as the citizens of this area who have made generous contributions.

There are many more honest than corrupt men in public life. It is not fair to tar them with the infernal brush.

LETTERS

To The Editor

Editor, Herald:

This year's Easter Seal appeal was quite successful. This was due to the response of the citizens of this area who made generous contributions.

On behalf of Harold and Lucille Appleby, the coordinators of the Easter Seal Drive and myself, we wish to thank you for your cooperation and the outstanding coverage you so graciously provided.

We also wish to thank the many individuals who participated and made this year's drive a most successful one.

Dear Mr. Secretary:

In accordance with my custom of previous years I am enclosing herewith my personal check in the amount of \$18.25 representing my annual contribution to the Government of the United States many, many years ago I discovered the freedom and opportunities citizens of the United States enjoy.

Hon. Henry H. Fowler,

Dr. Crane's

Worry Clinic

Harry's case illustrates the alarming increase in suicides, which belong in the same general category of escape mechanisms as alcoholism, the rolling stone, chronic lying and even insanity. To insure against anti-life, use the methods and see for the psychiatric booklet below.

CASE C-562: Harry R., aged 19, is a college problem.

"Dr. Crane," his Guidance Counselor began, "Harry attempted suicide last week. For he said he had nothing to live for, as why should he stay alive."

"Since the suicide rate among college students is alarming, with about 1,000 dying per year by their own hands, how can we cope with it?"

"Suicide indicates social maladjustment, which means a selfish restriction of gaze upon SELF. Any body following the 30-day 'Compliment Club' experiment would definitely not be in a suicidal mood.

For it requires you to focus on your companions and look for their virtues or merits as you can them phrase a bit of praise blossom.

Horace Mann, 'Father of our Public School System,' gave a paper's antidote for suicide when he stated:

"Be ashamed to die until you have won some victory for humanity."

Such a goal is obviously for the long range sort and unselfish.

Since active participation in a church promotes both physical exercise as well as long range altruistic behavior, the church is a splendid antidote for suicide (and insanity, too).

(3) They are unhappy, due either to pain, severe humiliation or defeatism.

Suicide is thus regarded as a result to alcoholism, the rolling stone, personality, chronic lying and even insanity, as a form of escape mechanism.

Help teenagers learn how to carry on easy conversation with friends and be popular, and you thus nip suicide in the bud.

Political Notebook

WASHINGTON (NEA) — The latest "expose" of Central Intelligence Agency activities raises some unsolved problems in the war against communism and other subversive insurgencies.

The U.S. objective is to prevent future Vietnams. The most effective way this can be done is through strengthening democratic student labor, parent-teacher, farmer and women's groups, political parties and trade associations.

But these are the very groups the Communists attempt to infiltrate, and take over or destroy. When Communists cannot subvert these groups, they organize rival groups. The subverters and rival organizations are subsidized with funds from Moscow, Peking or some other Red center.

In a weak or unstable country, money, power, status, labor, teacher or farmer groups often cannot stand up against the excellently trained and paid subverters or the Communist-financed rival groups.

If the non-Communist groups are to survive, there will, in time, be a Red take-over or another Vietnam.

They how should the United States do when the only anti-Communist groups are not democratic? (The Communists do not hesitate to subsidize extreme right-wing groups when it serves their purpose.)

If U.S. government funds were given openly to democratic groups in foreign countries, these groups would become known as American stooges and lose their effectiveness. (The Communists provide their funds in secret by the same logic.)

Up to now, a share of what the United States has done has been through the CIA men who have decided what they thought best in each individual case. The job has been done in secret. When the bill comes to light, it boomerangs.

What's the answer? The United States cannot stand idly by and see the subsidized Communist groups take over in the developing countries or in industrial countries in times of stress. But CIA subsidies have serious drawbacks — exposure, decisions without adequate policy supervision, embroiling the United States in the internal intrigues of foreign countries.

The best solution would be for private American and other free world democratic groups to do more to help their colleagues in other countries.

If more help were given to Vietnam labor unions jointly by democratic Korean, American, Canadian and British labor unions, any stigma attached to the receipt of foreign aid would be lessened.

United States and other free world student groups could do more themselves in helping financially the democratic student groups of the developing countries. The same goes for teacher's groups, agricultural groups, trade associations, parents groups and the wide array of other organizations which help build a country's democratic base.

This is not to discount the excellent work that has been done by some of these groups — U.S. labor unions, for example. It is to suggest, however, that much more must be done to secure the co-operation of free institutions in other countries and more done to substitute private money for government aid.

Whenever government funds go too much in state funds,

James Marlow

Analysis Of The News

WASHINGTON (AP) — Nothing better illustrates the gravity of the Middle East crisis than President Johnson's unprecedented attack on U Thant, secretary general of the United Nations.

U Thant, not one of the strong men in that job, is a gentle Burmese whose prompt obedience to do more to help their colleagues in other countries.

The former secretaries-general — Trygve Lie of Norway and Dag Hammarskjold of Sweden — operated from strength, but U Thant, who succeeded the Swede in 1961, seems to rely mostly on indignation.

He has repeatedly been indignant, for instance, at the American role in Vietnam and he apparently had such a distaste for the mixed-up condition of the nations that when his term ended last year he wanted to retire.

But the U.N. members, including this country and the Soviet Union, voted to reappoint him. This was done probably more to keep peace in the United Nations than to keep U Thant. He was about the only one the United States and Moscow could agree on.

Ever since the Israeli-Egyptian war of 1956, but though it was the United Nations that had a peacekeeping force on the Egyptian side of the Israeli-Egyptian frontier, Israel wouldn't permit the U.N. troops inside its territory.

Nasser let them patrol the border — about 2,400 men from eight nations — so long and Israeli-Egyptian relations were fairly quiet. But when both sides began to mobilize for war, Nasser demanded they be removed.

And U Thant quickly removed them. He did this on his own without approval by the U.N. General Assembly or the Security Council. The crisis got worse even though U Thant flew to Egypt Tuesday to try to calm down Nasser.

Johnson didn't mention U Thant by name Tuesday night when he read a statement on the Middle East to White House newsmen. But he didn't have to when he said: "We are dismayed at the hurried withdrawal of the United Nations Emergency Force from Gaza and Sinai after more than 10 years of steadfast and effective service in keeping the peace, without a dissenting vote from either the General Assembly or the Security Council."

"We continue to regard the presence of the United Nations in the area as a matter of fundamental importance and shall support its continuance with all possible vigor."

U Thant was also criticized in Congress for the obvious reason: What's the sense of a peacekeeping force if it disappears as soon as the dispute is disturbed?

As Congress pressed for U.N. intervention to prevent war, while U Thant was in Egypt, the Security Council was called into session today.

The maneuvering so far has been too fuzzy to learn the real motivations but Nasser, even if it all turns out to be a phony front on his part to gain prestige among the Arabs, could hardly have picked a better time for him.

The United States, with its hands full trying to fight the war in Vietnam and opinion on that divided at home, is not in position to plunge forcefully into the Middle East dispute except as a last resort.

Further — and it's not clear yet whether this was by prearrangement — Nasser quickly got the support of the Soviet Union. This whole thing may be a little trickier than it looks.

Graduation Parties Fete Karen Thornell, Sue Davidson

MRS. R. L. POUNDS, third from left, is presenting Miss Karen Thornell, second from left, with a silver charm bracelet as a memento of the graduation tea, honoring Miss Thornell at the Pound residence. At left is the honoree's mother, Mrs. R. C. Thornell, and at right, is her sister, Miss Becky Thornell.

Miss Karen Thornell was guest of honor at a recent graduation tea given by Mrs. R. L. Pound on Saturday Drive, Ravenna Park. The refreshment table was overlaid with an arrangement of yellow and white daisies and greenery in a glass and chrome container, representing a shell. Silver and crystal appointments were used. Refreshments of assorted sandwiches, nuts, mints, cake and punch were served. The large sheet cake was iced in white and decorated with yellow roses and the inscription "Graduate of SHS 1967."

MRS. V. E. CARROLL and Mrs. H. M. Wilder were recent hostesses to a graduation luncheon at International Smorgasbord honoring Miss Sue Davidson, left. Among other luncheon guests are, from left, Linda Renfro, Barbara Bell, Janet Gaihey, Susie Parker, Lacey McGill and Brenda Carroll.

Miss Sue Davidson, a member of the 1967 graduation class of Seminole High School, was guest of honor at a luncheon, May 26, at the International Smorgasbord in Winter Park. Hostesses were Mrs. H. M. Wilder and Mrs. V. E. Carroll. The class colors of yellow and white were carried out in the table decor with a yellow and white floral arrangement centering the dining table. The hostesses presented the honoree with a lovely corsage to complement her fashionable outfit and a charm bracelet with an engraved charm. Guests enjoying the fabulous buffet and refined atmosphere were Mrs. H. J. Davidson, mother of the honor guest, and Helen Davidson, Barbara Bell, Janet Gaihey, Linda Renfro, Susie Parker, Lacey McGill and Brenda Carroll.

Homemaker's Corner

By MRS. H. L. JOHNSON
A group of homemakers from the County Homemakers Club recently went to Winter Park to hear and watch Mrs. Mary Derflinger give a demonstration on casserole dishes. Mrs. Derflinger is Home Economist for the Florida Power Corporation in that city. And I must say we all enjoyed her demonstration very much and we learned new ideas that we could come back home and try on our families. I will give you several of the recipes that she used. I can guarantee them because after she had prepared them we had the pleasure of sampling them. Here they are:

SWISS STEAK (Electric Frypan)

2 lbs. round steak, 2 inches thick
2 cups cooked tomatoes
2 cup chopped green peppers
1 small can mushrooms
1/4 cup chopped onion
1/2 cup of flour add: 1/2 tsp. salt, 1/2 tsp. pepper and 1/2 tsp. paprika and mix well. Pound seasoned flour into both sides of steak. Brown in hot fat in frypan. Cover with remaining ingredients. Cover frypan and cook slowly for 1 1/2 to 2 hours or until tender. This will serve 6.

COMPANY CASSEROLE

1 1/2 lbs. ground beef
2 tbsps. butter
1 tsp. salt
1/4 tsp. pepper
1/2 tsp. garlic salt
1 cup tomato sauce
1 cup Swiss Cheese cubes
1 cup creamed cottage cheese
1 cup sour cream
8 green onions with stems, cut in 1-inch pieces
1/2 cup parsley sprigs
Cook noodles according to package directions. Drain and rinse with cold water. Melt butter in skillet and brown meat, crumbling as it cooks. Heat oven to 325 degrees, butter a 2-quart casserole. Add salt, pepper, garlic salt and tomato sauce to meat, cover and simmer thoroughly in pan and add mayonnaise. Pour over tuna mixture. Sprinkle with remaining cheese. Bake in 400 degree oven for 30 minutes or until bubbly and tinged with brown. Will serve 4.

At last! A permanent shampoo-in hair color that gives you perfect color. The color you want. And it's so easy!

JEAN LINDSAY, distributor for Customaid invisible shampoos, will be in our store Friday, May 26, from 10 A.M. to 3 P.M. Miss Lindsay will demonstrate the application of invisible shampoos.

DR. GARY SOWERS is happy, even in defeat, surrounded by the pretty supporters from the South Seminole Jayceettes.

The Jayceettes made matching outfits in red, white and blue to wear to the recent convention promoting Sowers' candidacy for state Jaycee president. Left to right, Mrs. Pat Blackwell, Mrs. Judi Kwiatkowski, Mrs. Sowers, Dr. Sowers, Mrs. Peggy Hattaway, Mrs. Ann Jordan, Mrs. Sadie Smith and Mrs. Joyce Cable.

CORN FLAKE ICE CREAM BALLS

2 tbsps. butter
1/4 cup corn flakes
1/4 cup flaked coconut
1/2 cup chopped walnuts
1/4 cup brown sugar
1 qt. strawberry ice cream
Melt butter in skillet and stir in remaining ingredients except walnuts. Stir over medium heat until lightly browned. Cool while scooping ice cream into 1/2 inch balls. Roll ice cream in flakes mixture and freeze until ready to serve.

QUICK TUNA PIE CASSEROLE

7 slices white sandwich bread
1 1/2 can tuna
2 hard boiled eggs
2 tbsps. mayonnaise
1/2 cup milk
1 1/2 tsp. can ripe olives
1/4 cup grated parmesan cheese
Butter the bread and lay around sides of 8-inch pie plate with corners sticking up to form pointed rim. Put 1 slice in bottom. Drain tuna and flake over bread. Cover with sliced olives and eggs. Combine milk, butter and 2 tbsps. cheese. Heat thoroughly in pan and add mayonnaise. Pour over tuna mixture. Sprinkle with remaining cheese. Bake in 400 degree oven for 30 minutes or until bubbly and tinged with brown. Will serve 4.

Tea Honors Candy Stripers, Mothers

MRS. THOMAS LARGENT, left, instructor of Seminole Memorial Hospital Candy Stripers, was hostess at her beautiful new home to a Mother-Daughter Tea honoring Candy Stripers, their mothers and special guests. Miss Wendy Martin, center, pours for her mother, Mrs. Robert G. Martin.

By MRS. H. L. JOHNSON
The beautiful and spacious new country home of Dr. and Mrs. Tom Largent was the scene Sunday afternoon for a Mother-Daughter tea given by the Candy Stripers of Seminole Memorial Hospital. Mothers of the Candy Stripers and special guests, including the executive board of the hospital's Women's Auxiliary, called during the appointed hours of 2-4 p.m. As guests arrived they were served delicious refreshments of petit fours, open-faced sandwiches, assorted cookies, nut and mints from a beautifully appointed dining table. The table was overlaid with an ecrú lace cloth and was centered with a lovely dish arrangement of white and yellow asters and peach colored carnations interspersed with greenery. One end held a huge glass punch bowl filled with ice cream punch.

Guests enjoyed a tour of the new home and grounds. Mrs. Largent is the instructor of the Candy Stripers and Miss Dorothy Wheaton is the president of the group. Officers served as floating hostesses and guided during the afternoon. Originally diplomats carried diplomas attesting to their ability, and that is how the word began.

Officers Installed By DeBary Women

The DeBary Woman's Club held its installation of officers May 18 at the DeBary Community Center. Miss Beatrice J. Tyson installed the following officers: Mrs. Rose Forbeck, president; Miss Alice Cooper, first vice president; Miss Margaret White, second vice president; Ruth Magnuson, treasurer; Mrs. William Lakeman, corresponding secretary; Mrs. William G. Rich, recording secretary; Mrs. Cecil N. Oza, chaplain; Mrs. Frank Hill, patriotic leader. Miss Tyson presented each officer with an orchid corsage.

Mrs. Frank Woodruff of Bayou Vista spoke on SHSBA, Seminole Hospital Eye Bank Association, and told of the many donations to the Eye Bank from DeBary residents. Mrs. John Park introduced Richard Wentworth, bass-baritone of Sanford, who sang, "Golden Days," from "The Student Prince," and "Most Happy Fellow." His next selections were "Where Ere You Walk," and "Mamma, Mamma, Up in Heaven." Mrs. Laura Platt Brown accompanied at the piano.

Refreshments were served at the tea table presided over by Miss Adelaide Conte and Mrs. Wendell Fairbanks. They were assisted by Mrs. A. A. Fickes, chairman, and Miss Harriet Condit. Mrs. Robert N. McGee and Mrs. Harry Miller, Greeters, were Mrs. Walter Black and Mrs. Robert Kaufman. This was the final meeting until the fall and president, Rose Forbeck, wished all a happy summer and good health until September.

Double Ring Rites Unite Miss Swigonski, F. E. Tosh

Miss Kathryn Theres Swigonski, daughter of Mrs. William V. Swigonski, of Elder Springs, Sanford, and Frederick Eugene Tosh, son of Mr. and Mrs. John Paul Tosh, of Fort Lauderdale, were united in Holy Matrimony May 13, 1967, at 3 p.m. at Church of Nativity, Lake Mary.

For her daughter's wedding, Mrs. Swigonski chose a long sleeved pink crepe de chine shift with roll collar, an orchid corsage, flowered pink hat and matching accessories. The groom's mother chose a beige madras embroidered ensemble with matching organza hat, matching accessories and wore an orchid corsage. Following the ceremony, a reception was held at the Garden Club which was decorated with a white floral arrangement and candleabra. A three-tiered cake and punch were served to members of the wedding party, relatives and friends.

Kathy Sloan Guest Of Honor At Luncheon

Miss Kathy Sloan, a member of the 1967 graduating class of Seminole High School, was guest of honor at a luncheon recently at the Imperial Hotel. Hostess was Mrs. William Southward. The luncheon table was centered with an arrangement of yellow and white mums and greenery. The honoree was presented with a corsage of yellow daisies and a gift. Her mother and grandmother each received a corsage.

Guests joining the honoree, Miss Sloan, were her mother, Mrs. R. L. Sloan, her grandmother, Mrs. F. T. Meriwether, her sister, Miss Ellen Sloan, and the Misses Frances Jarrell, Marilyn Roviello, Martha Johnson, Carol Elmore and Donita Wynn.

Deltona Gardeners Welcome Members

By MILDRED HANBY
The executive board of the Garden Club of Deltona met recently with 27 members present. Hostesses were Mrs. Leroy Roth, Mrs. Herbert S. Johnson and Mrs. Ben Chisolm of the Aster Circle. Three new members welcomed by Mrs. Cecil Thomas, president, were Mrs. Omer L. Williams, Mrs. Omer L. Robertson and Mrs. Margaret Davis. "The Driftwood Book" by Mary E. Thompson was reviewed and has been purchased for the Garden Club Library. It was voted that a set of books from State headquarters in Winter Park also be purchased. The library will remain open through-out the summer months—hours 12:30 to 3 p.m. every Monday. The club voted to send a letter to state headquarters opposing the present movement to eliminate the words "under God" from the pledge to the flag.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: Who should give the food order to the waiter in a restaurant when a man and his wife are dining out?

I always thought the gentleman ordered for both his lady and himself. My husband says he doesn't know where I got an idea like that.

Also, if additional service is needed, my husband feels it is just as much my place to get the attention of the waiter as it is his. It makes me feel too aggressive, and even lacking in respect for my husband as a man if I try to catch the waiter's eye.

I will do what is correct, but I would appreciate knowing what, in your opinion, is correct. Everywhere I go I see women giving their orders to waiters, and even flagging them down, as if there were no man present.

DEAR WILLING: In most restaurants, the waiter will turn to the lady with pencil in hand and ask for her order—in which case she gives it to him. But to be ultra-impeccably socially correct, the gentleman should order for the lady and himself. As for "flagging the waiter"—that's also the gentleman's job, but since four eyes are better than two, I'd wave this rule. (O. K., Amy?)

DEAR ABBY: In regards

to the girl who was "ashamed" of her legs because they were shapeless, I am now in my fifties and I have had ugly legs all my life. (I was pathologically heavy.) In addition to that, I was 5-foot-10, skinny, and flat-chested. Fortunately, I learned young that my attitude toward life meant more than the shape of my body, and while there wasn't much I could do about changing my body, there was a lot I could do about changing my attitude.

I did as much as I could toward making myself attractive. I kept my hair clean and nicely groomed. I developed a sense of humor which has never let me down. I married a wonderful man who is 4 inches shorter than I am but he seems proud to take me places—with heels on yet! We have a lovely home and many good friends. We have married children and grandchildren. And I have had a good life because I learned to make the most of what I had.

Horoscope Forecast

FRIDAY, MAY 25, 1967
GENERAL TENDENCIES: Until mid-afternoon be sure you do not become engaged in some bitter argument over some partnership matter for neither you nor the other person would win and scars could result that it would be very difficult to eliminate. The evening is fine for setting everything organized on a more satisfactory basis.

ARIES (March 21 to April 18): An argument between a higher-up and an associate should not be entered into since it does not concern you and could be rather troublesome. Try not to force others into doing what you want them to. Be more diplomatic.

Taurus (April 20 to May 20): Although you are tempted to run off on some tangent with others, it is best you carry through with obligations that are very important. Be more of a co-worker who is worthy. Make much of this afternoon.

GEMINI (May 21 to June 21): Use your ingenuity to increase abundance, but make sure you use your ingenuity to increase responsibility. By keeping busy at practical affairs during day hours, you can get out so much in P.M. and enjoy recreation time.

MOON CHILDREN (June 22 to July 22): Analyze what clients will please him more and then be generous and not so demanding as in the past. Get into new interests that give you a chance to serve others and have more harmony with everyone.

LITHO (July 23 to Aug. 22): You can show your finest talents to others now but first be sure you can handle the tasks ahead of you. Do not agree with one of whom you are fond. Be neutral and all works out just fine.

VRGO (Aug. 23 to Sept. 22): Instead of being argumentative with one you love and possibly cause separation of commitment, be more understanding. Be more well. Entertain others. However, be sure you are not extravagant.

LIBRA (Sept. 23 to Oct. 22): Be of assistance to him who is in trouble over some situation about which you are little concerned. This is not a good day for those decisions that you believe will lead to success. Be more informed.

SCORPIO (Oct. 23 to Nov. 21): You have to be more careful while driving or operating a car. This is a serious accident today. There is a problem you want to get rid of. Don't go from bad to worse, though by acting swiftly, without sufficient forethought.

SAGITTARIUS (Nov. 22 to Dec. 21): You have to schedule your time very wisely if you don't want to get monetary matters and good friends all mixed up. Do not be extravagant when some social affair is concerned. Use good sense.

CAPRICORN (Dec. 22 to Jan. 19): Listening to what an influential person states is wise instead of endeavoring to force your ideas on others, which are not apt to be very good right now. Be careful where your work is concerned. Do not participate in any party.

AQUARIUS (Jan. 20 to Feb. 18): It is better to complete that dull but important project before you get into some interest that is very much to your liking. Be sure you consider all factors before you say yes to one of whom you are most fond. Be sure.

PISCES (Feb. 19 to March 20): One you love for the very reason you get out with good friends and do not become so subservient right now. Know what it is you want to do, either in business form or personal style. Forget enmity and wrong judgments.

IF YOUR CHILD IS BORN TODAY: . . . he, or she, could easily be one of those persons who are seldom grateful for anything and take everything for granted, if you do not teach early to be others and thereby increase success possible in this chart. Send to college. Whatever you do, do not lose property, or management is fine here—also art in all forms. The stars impel, they do not compel. What you make of your life is largely up to YOU!

DEAR ABBY: I am a teenage boy who has seen legs like "Ashamed's." Is there anything wrong with a girl trying to improve her appearance? If someone asks for your advice on losing weight, would you tell her to think God she has enough food to get overweight on? That

DEAR ABBY: Who should give the food order to the waiter in a restaurant when a man and his wife are dining out?

I always thought the gentleman ordered for both his lady and himself. My husband says he doesn't know where I got an idea like that.

Also, if additional service is needed, my husband feels it is just as much my place to get the attention of the waiter as it is his. It makes me feel too aggressive, and even lacking in respect for my husband as a man if I try to catch the waiter's eye.

I will do what is correct, but I would appreciate knowing what, in your opinion, is correct. Everywhere I go I see women giving their orders to waiters, and even flagging them down, as if there were no man present.

DEAR WILLING: In most restaurants, the waiter will turn to the lady with pencil in hand and ask for her order—in which case she gives it to him. But to be ultra-impeccably socially correct, the gentleman should order for the lady and himself. As for "flagging the waiter"—that's also the gentleman's job, but since four eyes are better than two, I'd wave this rule. (O. K., Amy?)

DEAR ABBY: In regards

to the girl who was "ashamed" of her legs because they were shapeless, I am now in my fifties and I have had ugly legs all my life. (I was pathologically heavy.) In addition to that, I was 5-foot-10, skinny, and flat-chested. Fortunately, I learned young that my attitude toward life meant more than the shape of my body, and while there wasn't much I could do about changing my body, there was a lot I could do about changing my attitude.

I did as much as I could toward making myself attractive. I kept my hair clean and nicely groomed. I developed a sense of humor which has never let me down. I married a wonderful man who is 4 inches shorter than I am but he seems proud to take me places—with heels on yet! We have a lovely home and many good friends. We have married children and grandchildren. And I have had a good life because I learned to make the most of what I had.
