Fred Vinson Sworn In As Chief Justice

Former Treasury Sec-
retary Is 13th Su-
preme Court Head
In History Of U. S.

WASHINGTON, June 24.—(P)—Former Treasury Secretary Fred M. Vinson became the 13th Chief Justice of the United States Supreme Court today, at an impressive ceremony on the portion of the White House. The 56-year-old Kentuckian was flanked by members of the Supreme Court, congressional leaders and members of the bar, and thousands of spectators crowded the White House lawns.

In a brief address, President Truman expressed confidence the respect for the Supreme Court will be enhanced by Vinson's leadership. The oath of office—"one promising to uphold the constitution, the other promising to administer equal justice to rich and poor" were administered by Chief Justice Earl Warren, Grover C. Clegg, of the United States Court of Appeals for the District of Columbia. Vinson served on this court.

A concluding prayer was offered by the Senate Chaplain, Frederick Brown. Honored guests and executives clapped with the cheering of the Star Spangled Banner.

During his brief speech, President Truman made no reference to the recent attack by Supreme Court Justice Robert Jackson on his colleague, Justice Hugo Black. He said, however, that he had labored long and faithfully in making his selection. His only regret, Mr. Truman said, was that by elevating Vinson to the Supreme Court bench, he was losing him from the cabinet.

Daniel G. Senkarik Is Discharged By United States Navy

A veteran of more than two years sea duty in the Atlantic aboard Admiral Ingerson's flag gunboat Vixen, Lt.-c Daniel Senkarik, 22, 114 West Second Street, was released from the Navy at the Jacksonville Naval Personnel Separation Center last Thursday.

Senkarik entered the Navy in November, 1941, just a few months after graduating from Seminole High School. He went aboard the Vixen for duty with Admiral Ingerson, commander of the Atlantic Fleet, the following July.

In September, 1944, Senkarik was transferred to shore duty for midshipman training. In the near future the veteran plans to continue his studies at Kansas under the GI Bill of Rights.

He is the son of Mr. and Mrs. John Senkarik.

Bulls Returns From Northern Buying Trip

Fletcher E. Bulls of the Sanford Paint and Glass Company, returned Friday by plane from a buying trip to Pittsburgh, New York and Boston, where he said shortages of paint and glass are greater than during the past several years. He left Monday by plane from Orlando for his trip.

"There seems to be lots of talk about the shortage of building materials," he declared but they don't seem to take into consideration that it takes paint and glass to complete any building. The government does not seem to take this under consideration when they make their allotments of oils and pigments to the factories."

Mrs. Bulls stated that about the only thing he found that could be bought in any quantity was in the entertainment field, and that everybody who is travelling is trying to travel by plane if he can get it. However, the trains and buses are just as crowded, and all the hotels in the East are so crowded that they are sleeping people in the halls.

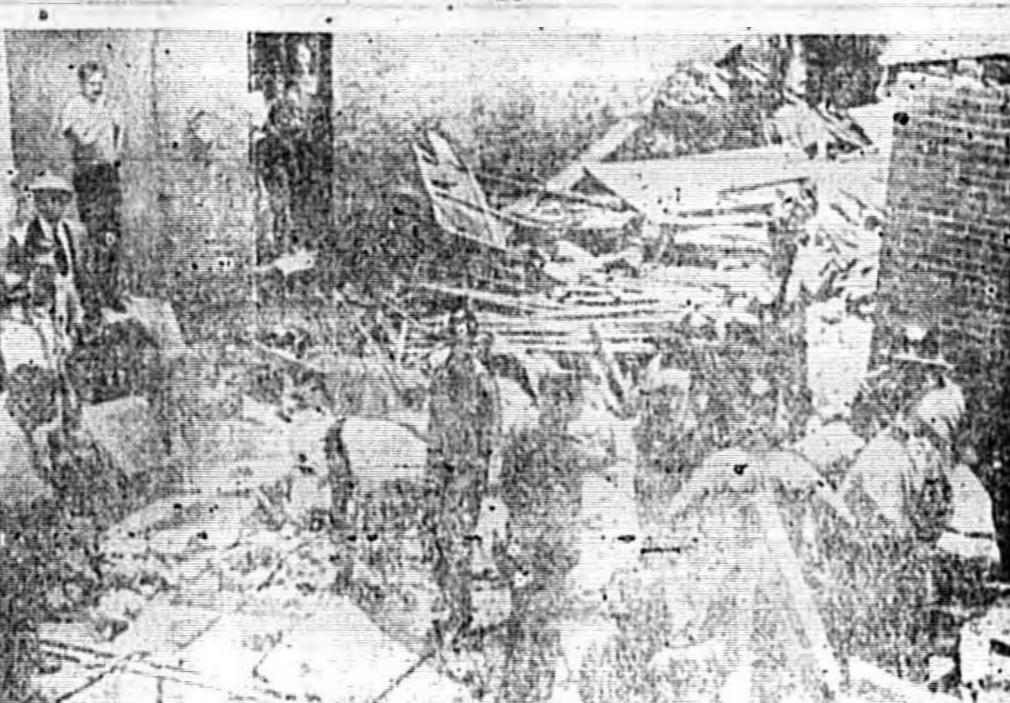

800 MILES PER HOUR

Philadelphia, June 24.—(P)—An Army jet-propelled P-8 fighter today flew from Wilmington, Del., to Philadelphia, in three minutes and ten seconds. A distance of 30 miles. The plane averaged about 800 miles an hour. First Lt. Leonard B. Constant of Grafton, Mass., was at the controls.

RUBBER STRIKE BEGINS

TORONTO, Canada, June 24.—(P)—A strike began today at three rubber plants in the Toronto area and two at Kitchener, Ont. The strike was called by the N.L.D. United Rubber Workers of America to enforce demands for higher wages.

Raymond Wolf Is Communist Newspaper Denounces Main Speaker At Baruch's Atomic Control Plan

Pravda Says Bluntly That Soviet Union Will Never Give Up Its Veto Power In Any Atomic Control Program Proposed

NLRB Probe Of Labor Practices Opens In St. Pete

ST. PETERSBURG, June 24.—The National Labor Relations Board opened its hearings in St. Petersburg yesterday of unfair labor practices by a printing industry association, St. Petersburg, Tampa, Clearwater, independent and non-independent unions and employers.

A complaint filed by the NLRB, on behalf of this local chapter of the International Typographical Union, accuses the newspapers and the printing industry of attempting to dominate labor organizations.

The charges are the first of the two newspapers to face the strike. The strike follows a series of conferences between the unions and management to settle a dispute over newspaper production rates.

Thurman Arnold, former assistant United States Attorney General, heads the counsel for the newspapers.

Mr. Arnold said that he would like to be present at the hearing but has been prevented by his duties as a member of the Senate Select Committee on Small Business.

After receiving a number of interesting offers, he accepted one from his law firm, which is at the University of South Carolina and at Texas A. & M., he said that he felt the University of Florida is one of the outstanding schools of the country and has a great future.

"I am proud to be associated with it," he said, "and I have working with me a host of able men who are willing to go 21 hours a day to succeed in getting the job done." Some 100,000 printing workers are involved in this number of units, 52 were left at the end of the period of the strike.

Visitors were introduced by Fletcher Bolls as Malcolm Daventry of Orlando and Fred Gaetz, H. F. Gatz, Herman Morris and C. C. Blang of Sanford, Ray Mark Carpenter reported on the work of the Youth Service Committee, W. A. Lester called attention to the Rotary Student Loan Fund, President Les Lester reminded Rotarians of the Chamber of Commerce meeting tomorrow night. Walter R. Rhynes read a letter from R. Kendrick Conover on the recent Rotary Convention.

U. S. Geological Men To Attend Meeting

Three members of the United States Geological Survey will be present with Herman Gunter, State geologist at a meeting for discussion of water conservation and stabilization to be held Tuesday evening at 8:00 o'clock at the Community House. It was announced today by Edmund Higgins, manager of the Seminole County Chamber of Commerce, who arranged the meeting.

The visitors will be Dr. R. O. Larson, B. T. Stringer and H. H. Cooper. All persons interested in these subjects of water control, particularly related to the improvement of the St. Johns River, are invited to attend.

MOTORISTS RIDE AGAIN IN COLUMBIA, S. C. (AP)

This is the safest town in the nation in which to have a car stolen. Columbia had the highest recovery rate, 90 percent, of stolen automobiles in the nation during 1945, records showed. The national recovery average shown was 88 percent.

Manufacture of gasoline from natural gas will be tried out on a large scale in a new Texas plant to be erected at a cost of \$1,000,000.

MRS. CARNEGIE DIES

NEW YORK, June 24.—(P)—Mrs. Andrew Carnegie died yesterday at her Fifth Avenue mansion in New York. Mrs. Carnegie widow of the steel magnate and philanthropist, was 89 years old.

Communist Leader Critical Of Continued Presence Of American Troops In China

Heavy Rainfall Sunday Floods Streets, Farms

Downpour Is Reported At 5.65 inches
By B. F. Whitner

Sanford and Seminole County had their heaviest rainfall yesterday since the heavy downpour of last year which came on the same date, June 23, at the time of the hurricane when 8.80 inches of rain fell, causing extensive flooding of farms and trees.

The rainfall in Sanford yesterday totalled 5.65 inches, according to B. F. Whitner, weatherman, and at the Central Florida Experiment Station 5.65 inches of rain was recorded.

No particular damage to crops has been reported, but tomato and potato plants are shown as being affected by early rain. It has not yet started.

Water washed over the gutter in the downtown section but no damage was reported to houses. There was quite a bit of damage on Eighth Street and Penn Avenue, and on French Avenue and Laurel Avenue between Temple and Thirteenth Street, at San Luis district including Phoenix Drive, Melville Avenue, between Fifteenth and Twentieth Streets and other areas. Considerable thunder and lightning accompanied the rain.

Rainfall in Sanford since the start of June has totalled 11.50 inches according to Mr. Whitner. This is 4.88 inches above the normal of 6.75 inches. Temperatures for the first three weeks of the month have been slightly cooler than normal, average about 80.1 degrees and have ranged about 75 degrees, but on June 16, the thermometer went up to 102 degrees. This year there have not been so many days as in the nineties as during last June.

Former FBI Man Added To Staff Of Forest Service

TALLAHASSEE, June 24.—(Special) In a stepped-up move meant to step up fire prevention and control in the state, the Florida Forest Service has added J. P. Schuck as investigator, State Forester C. H. Coulter announced to day.

Schuck, former resident at Bartow, resigned from the F. B. I. as special agent to accept the position. He joined the F. B. I. in 1940 as fingerprint technician in the classification division of the Washington, D. C. office, later becoming senior fingerprint analyst. When in 1923 he was appointed a special agent and worked in Washington, D. C., Louisville, Ky., and Philadelphia, Pa.

His salary was announced at \$3,800 per year, and his headquarters will be in Ocala.

He is an addition to the staff headed by John E. Montgomery of the investigative department of the Fire Control Branch under Owen R. Douglass.

In another criticism, Pravda complained that the production of atomic bombs in the United States was not fully in government hands. It declared that separate stages of production were leased to what it described as private "monopoly firms," such as E. I. du Pont de Nemours."

All in all, the Russian Communist newspaper left no doubt about its dislike for the Baruch atomic plan for the control of atomic energy.

PURCELL RESIGNS

WASHINGTCN, June 24, (AP)—President Truman today accepted the resignation of Ganson Purcell as chairman of the Securities and Exchange Commission. The resignation will be effective on June 30. Purcell's resignation comes several days after the appointment of Edmund Hanrahan of New York for Purcell's unexpired term as a commission member. The Hanrahan nomination had been announced last month under what the White House called a "misapprehension." It then was discovered that Purcell had not resigned and no S.E.C. vacancy existed. The White House said Purcell had indicated orally that he wanted to resign.

NIGHT BLOOMING CEREUS

Night blooming cereus blossoms have attracted considerable attention at the homes of Mr. and Mrs. Raymond School of east Sanford where 64 blossoms were counted on recent nights; at the garden of Mrs. Henry Wright at 1600 Park Avenue, where there have been about 25 blossoms, and at the home of Mr. and Mrs. J. C. Ellsworth on Beardall Avenue where 2 blossoms were seen recently in one night.

RETURNS TO GUAM

S. 2/c W. L. Shoemaker, 317 Parker Avenue, recently returned to Guam after a tour of the Far East with Task Force 77 of the Seventh Fleet. The ports visited included Hong Kong, Shanghai and Tsingtao, China, and Tokyo, Japan. Task Force 77 is scheduled to make a trip to Manila to participate in the celebration of Philippine Independence on July 4. Another tour of the Orient will be made by the task force in midsummer.

JACKSON IS DISCHARGED

Lorenz G. Jackson, BM 2/c, of Enterprise, has been honorably discharged from the United States Navy, according to information received today from the Naval Personnel Separation Center, Jacksonville.

CONSUL MARRIED

JACKSONVILLE, June 24, (AP)—United Consul in Antwerp — Edward Anderson of Jacksonville — has been married to Irma De Cominck of Antwerp.

Red Official Says
U. S. Is Giving Aid
Exclusively To Central
Government.

NANKING, June 24, (AP)—The Chinese Communist leader Mao Tse Tung today issued a statement strongly critical of the continued presence of American troops in China. It is the strongest criticism of American activities in China yet made by the communists, and it comes at a time when General Marshall's efforts to bring the two factions together are at a crucial stage.

The Chinese leader charges that the Americans are giving aid exclusively to the Central Government and have violated the Big Three agreement to keep hands off China's internal affairs. Mao says that in the beginning the Communists did not intend to let the Central Government pressurize them. At that time the communists, the Kuomintang had agreed to let the Communists continue their dependence on Chiang Kai Shek's help.

To the Chinese has been added the already learned rebuff between the two factions by an attack on a group of leftists from Shanghai early today. The group, which called itself a peace delegation, was set upon by a mob at the railway station and severely beaten. The Chinese blame the Kuomintang and Peiping for the incident.

On the isolated tip, however, in mainland China, Chiang Kai Shek has agreed to modify somewhat his demands for Chinese evacuation of certain northern areas. For example, Chiang has insisted that the Communists relinquish their hold on these north China areas in a less spirit to peace.

Mrs. O. G. Wolcott, 61, a resident of Oviedo for the past 33 years, died at her home Saturday night at 8:30 o'clock following a brief illness.

Funeral services for Mrs. Wolcott will be held Tuesday afternoon at 2:00 o'clock at the Oviedo Methodist Church with the Rev. G. W. Hutchinson and the Rev. H. H. Lamb officiating. Interment in the Oviedo-Wiggins Cemetery.

Mrs. Wolcott was registered nurse at the Veterans Training Hospital, Oviedo, and a hospital operator for the State of Florida. She was office nurse for a number of years. Mrs. Wolcott was active in various organizations of the Methodist church of Oviedo. She is survived by her husband, Osborne A. Wolcott, one son, Henry A. Wolcott, and several nieces and nephews.

VFW MEETS TONIGHT
Seminole County Post No. 3942 of the Veterans of Foreign Wars will meet tonight at 8:00 o'clock at the Legion Hall. A regular business meeting will be held and all members and veterans eligible for membership are urged to attend.

Veterans Service

Any veteran in need of service free of charge in any of the following categories is requested to visit the office of the responsible agency listed below:

Coordinator — E. B. Carter, Atlantic National Bank Building.

Employment — U. S. Employment Service, 112 North Park Avenue.

Vocational Training and Education — T. W. Lawton, Court House.

Legal Assistance, Hospitalization and State Service Officer — Contact through Lloyd P. Boyle, County Sevies Officer, Takach Building.

Home Service Assistance to Servicemen, ex-Servicemen and their Dependents — American Red Cross, Lakefront Boulevard.

Veterans Administration — Martin M. Rutledge, Sheriff's Office every Tuesday.

IS TRUTH. I know that my
redeemer liveth. Job 19:25.

**IN THE LATE-SUMMER OF
LIFE**

(From Voices)
The days drop from the year.
Like leaves from an autumn wood,
Now the first frost like fear
Nears, and earth's amber blood
Flows fitful as the pulse
Of time in the narrow wrist:
And no earth nothing is
So lonely as the last
Ruined edge of remembrance
In the late-summer of life.
Minding no more the spring
That was a bounding knife,
Nor now the pallor of sun,
Nor need to be numb,
Knowing full winters gone
And what winter yet to come.

CARLETON DREWRY.

For once Congress has done
something with which we can
agree. Its members seem to think
that it is too young.
Draft men into a peace-time Army.

The Tampa Tribune's exposure
of unsanitary conditions in Tampa's
schools has resulted in the
resignation of H. E. Bailey who
has been maintenance supervisor
for the last two years. Maybe
Tampa's schools will be cleaned
up now.

The fight showed, among other
things, that the fight-going public
resents being "stung," and that
Joe Louis is a clean and well-behaved
sportsman, whose good
conduct in and out of the ring is
a credit to his race—Tampa Tribune.
If more people, black and white,
could absorb some of Joe
Louis' sportsmanship, there would
be considerably less friction
between the races.

A common man came into his
own the other day when newspapers
all over the country published
headlines announcing the
death of Will H. Hayes. It was
just a common garden variety of
Will Hayes that died, but newspapermen
thought it was THE Will Hayes
who once served as postmaster general, later as movie
star. So they played it up. Imagine
their chagrin when they discovered
the dead man was not a
celebrity!

Although not many of the new
automobiles have begun to trickle
into Sanford, although it is the
beginning of summer and many
natives have gone north, traffic
congestion here is worse than ever.
It is practically impossible
to find a place to park. May
be the City's new parking meters
will help some. Maybe an automobile
parking lot could solve the
problem. But if something
isn't done soon, we'll have to
hang out signs, "Standing room
only".

About the silliest proposition
that we have seen yet is the
proposal to raise the pay of Army
privates from \$50 to \$75 a month.
Fifty dollars a month was all
right during the war when a fellow
was yanked out of his home,
drilled and trained and submitted
to all the hardships of modern
warfare at great risk to life and limb,
but now that the war is over
and all most of them will do is to
sit around Army barracks and play
poker for a year or two, they
have got to have a 50 percent
increase in pay. And if you
think a seven billion dollar peace
time Army appropriation bill is not
inflationary, you should remember
that total government
expenditures for everything in
1940 were only four billion dollars
and that the Army and Navy
together cost only three-quarters
of a billion.

The Melbourne Times asks these
questions of its readers:
1. Is your front yard clean?
2. Is your back yard clean?
3. Do you have a garage can?
4. Is it in good condition?
5. Is it locked or fastened
down so that it can't be turned
over?
6. Does it have a lid?
7. Is there any refuse on your
property?
8. Is there any stagnant pond
on your property?
9. Do you own any other prop-
erty that needs cleaning?
10. Will you get your neighbor
to cooperate with this drive?

Firm In The Right

Ex-kings and ex-prime ministers may decline in prestige, but the United States respects its only ex-President. So Americans listened when Herbert Hoover in Rio de Janeiro the other day said "the Communist party in every country is trying to hamper the world's efforts to provide food for the hungry."

Attacked by the Communist press on his arrival in Brazil on the ground that he came to take food from the people, Mr. Hoover replied by urging Moscow to establish a new party line in the press of the world, saying that in Brazil, as in the other 37 countries visited on his food mission, he was impressed with the "unity of Communist press opposition."

He added that now, as after World War I when he organized South Russian famine relief at the Soviets' request, "millions of Communists have received their full share and indeed were saved from starvation." The Brazilians, he said, contrary to the Communists, are eager and able to furnish rice, beans and corn.

The job of gathering food for famine areas of the earth must go on, and will, whatever Communists or any other opponents say. By making this perfectly clear, the United States and other cooperating nations will demonstrate to Russia and to all nations that there is such a thing as world brotherhood. Perhaps, after a while, the Soviets will realize that it is better to be part of such a union than out of it.

Nostalgic Sound

The long-drawn mournful hooting of a railway train is a sound that kindles emotion in every sensitive heart. Thomas Wolfe, in "Look Homeward, Angel," makes this sound the motif of his long, formless narrative. The teller of the story hears the train's call echoing down the valleys of his home state, and finally answers it by leaving his familiar surroundings and setting forth to find what was always, to him, an alien environment.

Heard across a lake when the wind is right, the train whistle, with an undertone of rumble and clatter of the long line of cars, reminds a middle-aged listener of earlier trains, with their shrill, tooting cry, their accompanying smell of wood smoke, and the primitive accommodations for passengers. Overhead, meanwhile, with a hollow roar, and with red and green lights blinking fore and aft, the long-distance passenger plane flies, companion to the moon and stars, rival of the wind in speed.

Plight Of The Blind

Among the almost forgotten victims of the Nazis are the European blind. Braille writers, talking books, plates and radios have been lost in the general destruction and confusion, with little prospect of replacing them soon. The American Foundation for Overseas Blind, Inc., sends out over the signatures of John Foster Dulles, Governor Dewey's advisor on foreign affairs in 1941 and more recently active in helping to set up the framework of the United Nations, an appeal for their work of kindness in replacing such aids to those who cannot see. With long experience in relief for the blind, this body is well qualified to help these forlorn people. American response should be large.

**Discount Whitney Threat
To Use \$47,000,000 Fund**

**Hatch Act Puts Limitation
On Campaign Expenditures**

Special to Central Press

WASHINGTON—Labor observers generally discount the loud threats of A. F. Whitney, president of the Brotherhood of Railway Trainmen, to throw all of the union's resources into a fight against President Truman's re-election.

Whitney has pledged dire political reprisals against President Truman for his advocacy of stringent legislation to curb strikes against the government.

Whitney has been quoted as saying he would spend the union's \$47,000,000 treasury to defeat the chief executive, if he sought re-election.

Observers point out, however, that, in the first place, the Hatch Act limits expenditures by either party in a national campaign to \$3,000,000 and Whitney's board of directors would, in all probability, never approve using any great treasury sum in a political fight.

Secondly, labor leaders see no place for labor to go—except to support any liberal Democratic candidate.

John L. Lewis, with his admittedly tight control of the United Mine Workers, failed in his efforts to influence the miners to vote for the late Wendell Willkie or New York Governor Thomas E. Dewey despite his displeasure with D. Roosevelt.

NEEDLESS DAIRY HIKE—There is considerable controversy in Washington as to whether the recent OPA price boost on dairy products is serving its purpose. Charles W. Holman, secretary of the National Cooperative Milk Producers Federation, says it is.

Holman charges that not only does the new price directive fail to increase the dairy farmers' income, but it fails to solve the butter supply problem and adds to the confusion in the dairy industry by multiplying restrictions and controls. The Milk Federation secretary maintains that under the present OPA program, about 700 million dollars in dairy subsidies are still in prospect for the coming fiscal year. Elimination of these subsidies by price ceiling rises will require an additional price increase for farmers of 75 cents per hundredweight of milk or 18 cents per pound of separated butterfat.

ORDINARILY MEN IN GOVERNMENT are grateful for the fragments of praise that fall their way in the storm of brickbats directed at any man in public office.

Secretary of State James F. Byrnes is no exception, but he was a little disconcerted recently by praise he received from a guest at President Truman's garden party for 800 veterans.

The veterans from Army and Navy hospitals in Maryland, Virginia and Washington, D. C., passed down the receiving line, which was headed by the chief executive and Mrs. Truman. The secretary of state was third in the line.

A guest in civilian clothes came to Byrnes and shook him heartily by the hand. They murmured the usual greetings and then the man said:

"I want to congratulate you, Mr. Secretary, on the wonderful job you are doing in the state department and more particularly for the fine work you did at the Paris conference."

Byrnes smiled affably and shook the man's hand.

He said: "Thank you very much—that makes me very happy. And where are you from?"

The guest answered: "St. Elizabeth's hospital."

St. Elizabeth's is the local—and nationally famous—hospital for the insane and mentally disturbed.

ENGINE 1313 KILLS TWO

MELVERN, Kas. (AP)—The locomotive on the Santa Fe express train which derailed here, killing the engineer and fireman, bore the number 1313.

Vacation PlannersBy W. V. Bitting
Touchon Drug Co.

People need vacations this year. Many will arrange holiday trips, in order to meet the strains and tensions of forthcoming months.

A visit to the doctor's office is almost a prerequisite. His advice is essential to sound vacation planning.

Certain medical protection may be advisable. Asthma and hay fever patients should seek certain areas where the climate is helpful. Those who are sensitive to sunburn need caution against too much sun.

It is important to choose with the aid of an expert, simple medical aids, cosmetics to which one is not allergic, those extra shaving accessories which will make life more comfortable away from home.

Choose, with care, a competent druggist to advise you.

This is the 11th of a series of Editorial Advertisements appearing in this paper each Monday.

ing junk.

HERE'S ONE BILL**That Costs You No More****Today Than It Did****20 YEARS AGO**

Although your cost of living has steadily increased, here is one thing—an important thing in your life—that actually costs you no more today than it did twenty years ago. It's your telephone!

This record of low cost performance, in these times of rising prices, is enough alone to stand out like a beacon in the night.

In addition the service has greatly expanded and as more telephones have been added the relative cost to the user has steadily declined. Today you can reach many more people by telephone—the better to serve your needs for business or personal use.

This record—which stands out as an achievement—is becoming more and more difficult to maintain as costs of everything going into the furnishing of telephone service continue to rise.

Pilot Club will meet at the home of Mrs. C. L. Powell at 2478 Palmetto Avenue for a picnic supper.

All legislators in Seminole County have advised the board that they will support the raising of funds for new state tuberculosis units.

The State Tuberculosis Board reported that within the months progress was made toward providing additional beds for Florida's tuberculous patients.

While notification has come from the War Assets Corporation turning over the hospitals at Marietta and Tampa to the Board, Budget Committee has made available funds only for remodeling of the hospital at Marietta which when completed and completely filled will house 250 patients.

The Board has been assured that after that hospital is opened and operating, funds to remodel the Tampa Unit will be forthcoming.

The Board reported that Florida is the first state to receive such surplus property without cost and is the first state to provide in its state institutions care for its tuberculous veterans.

Mr. and Mrs. George A. Speer, and family will leave July 1 for two months at Coronado Beach.

Mr. and Mrs. Hamilton Bishop and family are visiting his relatives in Sarasota. Friends will regret to learn that his mother is critically ill in the hospital there.

Celery Feds Split Two-Game Series With St. Augustine Locals Cop Friday Tilt, 10 To 5; Drop Saturday Contest, 9 To 5

**Sanford-Daytona Tilt Rained Out Yesterday;
Feds Face Double Headers Tuesday Nite In Gainesville, Here On Wednesday**

Feds Have Drawn Nearly 24,000 Fans This Year

**12,811 See Locals
In Action During
Past Month Of May**

The Sanford Celery Feds are continuing to establish all sorts of attendance records for Sanford baseball teams and thus far this season, one and including the week's tilt with the Daytona Red Hats on Wednesday night, had drawn a total of 24,000 fans.

Keittles said that the turnout, which will begin on July 8,

would be an annual affair and he hoped that a great deal of interest would be created by the forthcoming tourney.

The tournament, Keittles revealed, is open to persons 15 years of age up. A special junior tournament will be held for tennis players in Sanford younger than 15.

Championships will be determined in men's singles, men's doubles, women's singles, women's doubles and mixed doubles. Total is half for the tournament will be furnished by the City.

Registration for the tourney will close at noon on Saturday. Players may register at The Sanford Herald office with Julian Stensstrom.

Coast League Beasts Father and Son

HOLLYWOOD, June 24.—(UPI)—The Hollywood Stars of the Pacific Coast League have signed Catcher Bill Sheely, 21, son of Sacramento Manager Eddie Sheely in the same loop.

Said Papa Sheely, "I'm real proud of my boy. I think he's got a fair chance to make it to our big league team. I've got a lot to give him on my ball club."

Young Sheely is regarded as a "live" prospect.

SPORTS ODDITY By Associated Press

Tonight the locals travel to Daytona Beach for a tilt with the Islanders and then go to Gainesville on Tuesday night to play the G-Men in a double header. Wednesday evening, the locals will play the G-Men here in a twin-till so yesterday's rained-out contest with Daytona Beach certainly did nothing but give Levy's hurlers an added day of rest which they'll surely need before the week is over.

In Saturday night's contest, played before nearly 1,000 fans, St. Augustine opened the scoring hostilities in the second frame with a walk and a single off pitcher Goose Kettles produced a single run.

The Saint lead was only a brief one for Dave Triplett tripled to Sanford in the second and scored on Lutte's fly to left.

The Feds took the lead in the fifth when Silverman walked, went to second on Bryant's infield hit. Levy sacrificed both men to the next base and Lutte walked to fill the sacks. Brice slapped a single into left to score Silverman and Bryant.

The seventh inning proved fatal to the Feds when seven hits, four of them infield safers, were recorded against Kettles. One error added to the Saint cause which also accounted in the score of seven runs.

Sanford came back with a last minute attack in the ninth frame when three runs were scored. However, Jim Keittles had relieved Gardner in the seventh and the big Saint hurler was able to fan Levy and also Brice to end the contest.

Gowine was the first squad afteresthesia used.

Sixth Club In Circuit Is Added By The Sanford Herald

By Julian Stensstrom
Herald Sports Editor

The tournament continued to set the pace in the City Softball League last Friday night when Red Wingham hurled a brilliant one-hitter contest to beat the Robson Sporting Goods nine in a pair of runs while his mates were collecting an even dozen hits off Jerry Robson to rack up a 14 to 2 win.

Wingham continued to star the play of Robson's nine in the circuit as they recorded a total of nine during the evening. Haynes & Williams played a night ball club except during the second game when the committee called a meeting and another in the third.

Play in the City Softball League will continue tomorrow evening when the Carpenter's Cigars will play the Security Lumber Company team and Robson's will play the latest addition to the circuit, The Sanford Herald.

Players already signed by the Newsweek are Sam Mattingly, Eddie Johnson, John Malone, Dr. A. W. Lips, Jr., Ed Ables, Guy Wood, Arthur Beckwith, Bob Sparkes, Al McMullan and J. W. Harkins.

The first two tournaments will get underway on Friday night. A new schedule has been arranged and will be published in The Sanford Herald tomorrow afternoon. Wingham has been granted a temporary release from his contract to face trial during the case. However, he can compete in the world famous events in the world famous games.

Mattingly, 30, who signed with Robson's last year, was forced to leave because of his service in the war. He was a member of the Atlanta Braves and was a member of the Atlanta team when he was traded to the New York Giants in 1942.

He signed with Robson's in 1943.

Ed Ables, 30, signed with Robson's in 1943.

John Malone, 30, signed with Robson's in 1943.

Dr. A. W. Lips, Jr., 30, signed with Robson's in 1943.

Al McMullan, 30, signed with Robson's in 1943.

J. W. Harkins, 30, signed with Robson's in 1943.

Guy Wood, 30, signed with Robson's in 1943.

Arthur Beckwith, 30, signed with Robson's in 1943.

Bob Sparkes, 30, signed with Robson's in 1943.

Eddie Johnson, 30, signed with Robson's in 1943.

John Mattingly, 30, signed with Robson's in 1943.

Sam Mattingly, 30, signed with Robson's in 1943.

Red Wingham, 30, signed with Robson's in 1943.

Outdoor Sports And Recreation Are Increasing Daily In Czechoslovakia

By JAMES DEVLIN

AP Newsfeatures
PRAGUE—Outdoor sports and recreation are attracting millions of Europeans in their exhilarating

ation at being liberated from the enemy.

Thousands already are displaying deep tans.

These are mostly the skiers who have swarmed back in recent months from Central Europe's mountainous areas in Switzerland, Austria and Czechoslovakia.

In the high regions, the weather is often such that the snow remains crisp while the sun beats down hotly enough to permit skiing in bathing suits.

The result is that the skiing expeditions return to the city with coppery complexions resembling that of an American Indian.

With the weather already warm at low altitudes, hiking and boating are becoming increasingly popular.

Every Sunday sees thousands of tourists, carrying knapsacks, heading from Prague to plod through paths of sunbathing forests and hills.

Automobiles are scarce, but every available means of conveyance is crowded with people bound

Sales Of Pine Gum To Be Opened At Marianna Mart

Continued From Page One

described Florida State Farmers Markets, as places "where producer and buyer meet." The markets are not set-up primarily as sale organizations, but to provide the meeting place and facilities for the handling of sales.

"Perry people interested in securing a State Farmers' Market have done a lot of essential preliminary work, to that end. At a meeting held recently it was decided that a thoroughgoing survey should be made in several adjacent counties with a view to determining just what products would be available for handling through a market at Perry, the probable volume of each, and facilities which would be required.

Joe Scales, secretary of the Chamber of Commerce presided at this meeting and G. B. Hogan, our assistant director, represented the State Market system. Delegations were present from four counties. Discussion was participated in by growers, county agents, J. L. Gernathy, director of sales and research for United States Air

Lines, St. Petersburg; Robert J. Bishop, agricultural and public relation assistant, Florida Chain Store Association, Orlando; L. H. Lewis, State Marketing Bureau, Jacksonville and others.

Sales of pine gum on the Lake City Market for the last weekly report period totaled 162.2 stand barrels, which brought producers \$4,961.31 a drop from the seasonal high of \$5,331.07 of the preceding week. Live stock sales totals for four active markets this last week totaled \$24,415.46, as compared to \$22,579.89 a week earlier. Arcadia Market this last week reported new high prices for all classes, but volume was below the preceding week's record run of cattle. Plant City and Quincy were down somewhat this last week, while the Market at Jay showed a gain. The Dade City Market received 2,975 dozen eggs, lowest total for the month, while poultry offerings set a record for recent weeks, with 2,597 pounds.

Legal Notice

NOTICE

TO: FRANKLIN PAUL JONES, c/o Lillard Jones, Route No. 1, Dover, Delaware.

You are hereby required and ordered to appear on the day of July A. D. 1946 to the

Circuit Court of Seminole County, in Chancery, an alternative title of which is Matilda Bunting Jones, plaintiff,

versus Franklin Paul Jones, defendant.

Witness my hand and official seal at Sanford, Florida, this 2nd day of June, 1946.

O. P. HERNDON,

Clerk of Circuit Court.

(CIRCUIT COURT SEAL)

Lloyd F. Boyle, Solicitor for Plaintiff.

(SEAL)

Cloudy and little change in temperature with scattered showers in south through Thursday.

Nine-Alarm Fire Blazing On Staten Island Waterfront

One Person Reported Dead, Two Injured; Ten Manhattan Fire Units Sent To Scene

NEW YORK, June 25. (AP)—A big fire is blazing on the Staten Island waterfront. One person is reported dead, two injured and all ferry service between Manhattan and St. George on Staten Island has been halted.

Staten Island officials have had to call for help from Manhattan, Brooklyn and the Coast Guard.

Ten fire engine companies were rushed to the scene from Manhattan by way of the Holland tunnel. Also sent to the waterfront blaze were four fire boats, three police emergency vessels and three coast guard fire-fighting vessels.

The nine-alarm blaze broke out on one slip of the St. George ferry house and within 15 minutes had spread to all four slips.

Manhattan police headquarters reported one woman dead and a policeman and a civilian injured. The huge columns of smoke and tongues of flame could be seen from a great part of New York City.

Woman Testifies Mihailovic Saw Partisans Beaten

BELGRADE, June 25. (AP)—A Yugoslav woman testified at the trial of General Draza Mihailovic today that the Chetnik leader had stood by while his own countrymen were beaten to death.

The witness said that she and ten men were billeted in a country schoolhouse in August, 1941, when the Chetniks attacked them. She asserted that the Chetniks beat her and the others, and killed some of them, while Mihailovic stood by and watched.

General Mihailovic admitted he knew the woman, but denied some of the details of her testimony. The witness had described him as wearing a black cape, spectacles and a beard. Mihailovic was at a meeting held Monday evening at the Sanford Community House.

These officers were also designated to serve on the board of directors, other members of which were elected as follows: Dr. L. T. Davis, Dr. F. J. D. Brown, Dr. M. A. Frazee, Professors Mrs. Helen Schultz, Mr. J. W. Grimes, S. M. Kirby, Dr. L. D. Ferguson, Mr. Douglas, Randall Chase, Dr. Frank Quillman, Dr. O. J. Harks, Dr. R. H. Starker, Dr. Lloyd Hudson, Gordon Grinnan, Prof. J. N. Crosson and Edward Kircher.

The City was commanded for its action in spraying garbage cans and vicinity with the killing DDT furnished by the state and used in both state and colored sections. Dr. Frank Quillman, director of the Seminole County Health Dept., and Drs. W. P. Brook, were directed to serve as a committee to investigate the feasibility of spraying garbage cans in rural areas.

Mrs. Snell reported that she had no facilities at Fernandina Memorial Hospital for dealing police cases. She stated that cases could be treated at the Marianna Hospital, and could be sent there in the Erickson ambulance under direction of Dr. R. H. Barker of Orlando. She said that there were two cases of polio in Seminole County in 1945 but no cases have been reported as yet in 1946.

State health authorities were quoted as declaring that polio cases in Florida had not been in sufficient number to make it an epidemic. The matter of having an iron lung here for emergency use was discussed, and it was reported that only two out of 100 cases required this, also that five iron lungs are available within a radius of 50 miles.

It was reported that the Chapter had done all that was needed to be done in the prevention field against polio, but that any further suggestions for action would be welcomed. Plans have definitely proved to be carriers of the disease, it was stated, and every effort should be made to eliminate them.

JAPS BLOCK RED MOVE

TOKYO, June 25. (AP)—The Japanese House of Representatives had defeated a Communist attempt to delay consideration of revision of the constitution. Only five Communists and a few Social Democrats voted for the postponement. The House now has gone into deliberations on the proposed constitutional revisions.

HOOVER IN CAPITAL

Seven Spokane Ball Players Die In Wreck

Flaming Bus Plunges Over Hillside In Cascade Mountains; Nine Are Injured

SEATTLE, June 25. (AP)—The owner of the Spokane Indian baseball club, said Collier, says he expects that the club will finish its season, despite the fact that a bus crash that took the lives of seven players, Collier says he believes, the boys themselves would want the game continued.

SEATTLE, June 25. (AP)—Seven members of Spokane's Western International League baseball club met death in their specially chartered bus. The vehicle last night plunged flaming from the Snoqualmie Pass highway in the Cascade Mountains. One survivor said the victims were "scattered all over the hill." The driver and eight other players were injured — seven were in a lot of the identified dead in the initial impact.

First baseman Vic Pfeiffer of San Francisco, who formerly played with Oakland, Calif., and described as the "most promising young player on the Pacific Coast" last season.

George C. Hink, 27-year-old pitcher from Hillsboro, Ore.

Frederick T. Martinez, an infielder from San Diego, Calif.

The bodies of four other victims have not been identified formally but they are believed to be Manager Mel Cole of Wenatchee, Wash.; former Washington State College pitcher Holleman; Bob James of Temple Ariz.; and outfielder Bob Patterson of San Francisco.

Three of the injured are in critical condition. They are bus driver Glen Berg of Spokane; Christ Hirtz of San Francisco; a former catcher for the Brooks by Dodgers; and pitcher George Lyden of Tedesco, Idaho.

The other injured were former Seattle and Portland outfielder Levi McCormick; Richard Dow of Oakland, Calif.; former University of Idaho catcher Elwin Konopka of Moscow, Idaho; Benjamin Garay of Livingston, N.J., who played formerly with Sacramento and Indianapolis; Peter Barisoff of Los Angeles; and pitcher Gus Hallberg of Boston.

Firemen Witness Kidnapping Of Lad In New Hampshire

NASHUA, N. H., June 25. (AP)—Two firemen in Nashua told police today they saw a motorist grab a boy on a Nashua street, thrust the lad into the rear trunk of his car, and sped off in the direction of Massachusetts. They said the car bore Massachusetts license plate.

Massachusetts police have pointed to the serial, but as yet the police in Nashua have not even any report of a missing child. They believe, they may be because the scene of the abduction was near a swimming pool, and youngsters often spend many hours at the pool before returning to their homes.

The firemen who saw the incident disagreed on the registration number of the car. But a check of both numbers supplied by the firemen has shown that neither of the cars was in the vicinity of the time.

DEFEND NAZI MOTIVES NUERNBERG, June 25.—Former German Foreign Minister Baron Von Neurath today defended the motives of the Nazis in persecuting Jews and dissolving political parties in Germany. Von Neurath testified at the war crimes trial today that the actions were necessary for a cleaning up of public life. Von Neurath admitted that he still holds this belief, but that he thinks the Nazi policies should have been carried out by different methods.

MASS FURLoughS GRIFFIN, Ga., June 25. (AP)—The publisher of the Griffin Daily News, Quimby Melton, has been up against it trying to figure out how to give his employees a holiday. There's a shortage of help and Melton didn't know how he could let go of the employees off for a holiday and still open up. So, he published Melton announced today that everybody will have a vacation next week, and the Griffin Daily News will suspend publication until it's over.

FRANCE OKAYS U.S. PLAN

NEW YORK, June 25. (AP)—France has approved in principle the United States plan for atomic energy control and for outlawing the atomic bomb. This was made known today to the United Nations atomic energy commission by Alexandre Parodi, of France.

Two Gunmen Hold Up Bank Messengers

\$44,000 Stolen While Being Transferred From Poughkeepsie Bank to Post Office

POUGHKEEPSIE, N. Y., June 25. (AP)—Two gunmen held up two bank messengers at Poughkeepsie, N. Y., this morning and escaped with \$44,000.

The holdup occurred in front of the city Post Office while the messengers were transferring a shipment of money from the MetLife National Bank and Trust Company to the Post Office.

Poughkeepsie Police Chief George Ledbetter says the \$44,000 was in two bags—one bag with \$30,000 in bills, and a second bag with \$3,000 in assorted bills.

According to police, the gunmen were about 38 or 40 years old, and were driving a black Buick, 1941 model, license plate

— 38216.

Dawson Urges Celery Growers To Attend Meet

Proposed Marketing Agreement Will Be Subject Of Hearing

All local celery growers were today urged by County Agent C. R. Dawson to attend the proposed hearing at the Court House, starting at 10:30 o'clock Thursday morning, which will be conducted by representatives of the United States Department of Agriculture and at which a proposed marketing agreement and order for Florida celery will be considered.

The hearings have been requested by the celery division of the Florida Vegetable Committee, and certain growers and shippers of celery grown in Florida.

The other injured are in critical condition. They are bus driver Glen Berg of Spokane; Christ Hirtz of San Francisco; a former catcher for the Brooks by Dodgers; and pitcher George Lyden of Tedesco, Idaho.

The others injured were former Seattle and Portland outfielder Levi McCormick; Richard Dow of Oakland, Calif.; former University of Idaho catcher Elwin Konopka of Moscow, Idaho; Benjamin Garay of Livingston, N.J., who played formerly with Sacramento and Indianapolis; Peter Barisoff of Los Angeles; and pitcher Gus Hallberg of Boston.

Compromise Extension Of Draft Law Passed By House

Stowaway Saved Through 'Pull'

Representatives Also Unanimously Okey Pay Increase For Service Personnel

WASHINGTON, June 25. (AP)—The compromise extension of the draft law has been passed by the House today and sent to the Senate. Quick Senate approval is expected. The House vote on approval was 259 to 110.

The compromise legislation on the extension of the draft law was introduced by Rep. George E. Gandy, D-La., and is subject to draft law. The length of service of draftsmen is limited to 18 months. The bill puts limits on the size of the various branches of the armed forces. And fathers in the service can, on request, be discharged after Aug. 1. It is also a measure, an author may say, that regard less of age.

The measure is a compromise over the difference existing in the House and Senate on the issue of pay increase for service personnel. The House version of the bill, introduced by Rep. Gandy, provides for an increase of \$20 a month for each member of the armed forces, and a maximum limit of \$50 a month for enlisted men. The Senate version of the bill, introduced by Sen. George W. Norris, D-Neb., provides for an increase of \$10 a month for each member of the armed forces, and a maximum limit of \$40 a month for enlisted men.

The Senate bill, however, includes a provision for an increase of \$20 a month for each member of the armed forces, and a maximum limit of \$40 a month for enlisted men.

The Senate bill, however, includes a provision for an increase of \$20 a month for each member of the armed forces, and a maximum limit of \$40 a month for enlisted men.

The Senate bill, however, includes a provision for an increase of \$20 a month for each member of the armed forces, and a maximum limit of \$40 a month for enlisted men.
