SEMINOLE BAPTISTS MEETING

DIG MEETING OF PROMINENT BAPTISTS HERE MONDAY, TUESDAY AND WEDNESDAY

The Seminole Baptist Association composed of Baptist churches in Lake, Volusia, Brevard and Seminole counties held its sixth annual session in this city Monday, Tuesday and Wednesday of this week. Churches represented and those attending were:

Altouna—Mr. and Mrs. J. H. Nutt, Rev. R. J. Gorbett, S. B. Brantley, E. L. Parker, S. P. Kirkland and Mrs. Mary Palmer

Chulota—Prof. and Mrs. J. Tilden Jacobs

Daytona—Rev. and Mrs. H. S. Rightmire, Dr. and Mrs. Dean T. Smith, Hon. and Mrs. H. T. McClellan, Mrs. R. W. Williams, Mr. and Mrs. A. K. Brokaw and daughter

DeLand—Dr. Lincoln Hulley, Dr. C. L. Collins, Mrs. Anna Huskell and son, Miss Minnie Patterson, Mrs. Belle Moreman

East—Rev. R. W. Thiot, Rev. W. T. Dart

Geneva—Mr. and Mrs. W. D. Ballard, Mrs. Geo. Peters, Mrs. B. A. Hart

Lake Helen—Rev. and Mrs. S. D. Woods

Lake Monroe—J. B. Johnson, W. E. Oglesby, Miss Dora May Oglesby and Mrs. L. B. Mapp

Longwood—J. W. Osteen

Lockwood—Rev. J. A. Dawson, H. W. Tanner, Mrs. W. C. Tanner

Mims—Hon. P. L. Kysner, Mrs. V. M. Kysner, B. Davis

New Smyrna—Rev. B. F. Green, Millage Tanner

Oak Hill—James Darley, A. W. Brooke

Osteen—Mr. and Mrs. K. B. Osteen

Oviedo—H. B. McCall, Hon. T. W. Lawton, Mr. and Mrs. E. A. Farnell

Pine Grove—W. J. Osteen

Sanford—By the Pastor and others

Seabreeze—Mr. and Mrs. J. D. Braddock, Miss Olive Beardsley, R. A. Williams

Seville—J. C. Robinson, T. H. Prevatt

Tavares—Mr. and Mrs. G. W. Holmes, Hon. and Mrs. T. C. Smith

Titusville—Rev. W. I. Sanders

Umatilla—Rev. and Mrs. A. L. Abercrombie, Rev. L. A. Music, Mrs. Skinner, W. A. Strobel

A large number attended who were not registered as messengers, among them were the following:

Dr. S. B. Rogers, Secretary State Mission Board, Jacksonville; Mrs. H. C. Peelman, Secretary of Woman's Work; Dr. Avis Withers, Jacksonville; Rev. E. Lee Smith and wife of Orlando; Rev. J. R. Kelly, Oklawaha City; Mr. and Mrs. D. R. Brown of Daytona Beach; Mrs. Win Stone and Miss Elizabeth Stone of Geneva; Mr. and Mrs. Fred Stone of Daytona; Rev. E. A. Milton of Kissimmee

The annual sermon was preached by Rev. H. S. Rightmire of Daytona, and was a strong plea to support the Seventy-Five Million Campaign.

The Association elected for the ensuing year, Rev. B. F. Green of New Smyrna as Moderator; and Hon. Jno. D. Jinkins of Sanford as Clerk and Treasurer.

Reports were presented as follows: Temperance by Hon. H. T. McClellan of Daytona.

Sunday Schools and B. Y. P. U. by Rev. W. I. Sanders, Titusville.

Missions, by Rev. H. S. Rightmire, Daytona.

Church Letters, by A. K. Brokaw of Daytona.

H. M. A. and Deceased Ministers and Deacons, Rev. A. L. Abercrombie of Umatilla.

Religious Literature by Rev. E. A. Milton of Kissimmee.

Budget, by Rev. S. D. Woods, Lake Helen.

Orphans' Home, by Rev. R. J. Gorbett, Altouna.

Inspirational addresses were delivered by Dr. S. B. Rogers of Jacksonville on Missions; Dr. Lincoln Hulley, President Stetson University on Education; Dr. C. L. Collins

of DeLand, on the Seventy-Five Million Dollar Campaign.

The Seminole Association was organized at Sanford five years ago, and the session just closed was the largest and most successful in its history. Reports from the churches show that the budget for missions and benevolence has been largely exceeded in actual contributions.

One of the pleasant features connected with the session was an auto ride through the celery fields on Tuesday afternoon, terminating at the ball park where the delegates witnessed the defeat of the Methodist Sunday school by the Baptist Sunday school.

The chairmen of the committees from the local church in Sanford having charge of the entertainment of the Association were:

Homes: Mrs. David Speer.

Meals at the Church: Mrs. M. M. Stewart and Mrs. J. B. Calder.

Automobile Ride: Mrs. J. L. Miller.

Reception: Miss Jeanette Laing.

The executive committee elected by the Association for the ensuing year: Rev. H. S. Rightmire, G. W. Holmes, H. B. Stevens, B. F. Wheeler, C. W. Entzinger

Delegate to Southern Baptist Convention: B. F. Green, alternate, R. W. Thiot.

Delegates to Florida State Convention: Jno. D. Jinkins, T. W. Law.

STRIKE NOW WILL NOT DO SAY LEAD'RS

GOMPERS AND OTHER LABOR HEADS ARE AGAINST LAW THAT PREVENTS STRIKES

Washington, Sept. 25.—Three of the foremost leaders of organized labor, before the senate interstate commerce committee announced in unqualified terms sections of the Cummins railroad organization bill which would prevent railroad workers from striking.

Samuel Gompers, president of the American Federation of Labor; Warren S. Stone, chief of the engineers' brotherhood, and Glenn E. Plumb, author of organized labor's "solution" of the railroad problem, and general counsel for railroad brotherhoods, in turn presented varying arguments, but all emphasizing the single point that in their view no power could constitutionally prevent men leaving work at their will.

"I do not wish to live a single day after that right has been taken away from workmen," Mr. Gompers said, with more than a touch of indignation. He served notice on the committee the anti-striker provision, if enacted as law, would not be obeyed.

"With a full sense of my responsibility," he told senators, "I say that I should have no more hesitancy about participating in a strike after its passage than I do now. It would not stop strikes; it would just make lawbreakers."

There was considerable reference to the Plumb plan which provides for government ownership of the railroads and joint co-operation by the public employes, when its author opened his statement. He declared that strikes would be beneficial in the future, because workers would use them to force down prices instead of merely to secure a greater share of the cost of production, and allowing prices to increase. Puzzled senatorial questioners dealt at some length with this theory, but did not shake his conclusion.

Likewise Mr. Plumb made reference to approaching revolution should "conservative labor forces" not secure concessions of the type embodied in his plan and this occasioned more querying.

Mr. Stone attacked the Cummins bill in its entirety. Its committee on wages and working conditions, he said, was a "mere bluff," it enclined bureaucratic control on the roads; it distorted procedure of the Interstate Commerce Commission in order to give the commission a mandate to fix rates on the basis of inflated capitalization and it has a transportation board "just to take the blame of guilty railroad officials for denying rights to labor."

"Frankly vicious," he said, "were its provisions against strikes in interstate commerce. It contained 'an implied repeal of the Adamson eight-hour bill,' and its division of railroad systems into twenty-five or thirty systems was 'illogical and artificial.'"

"I'm sorry I haven't had time to go more fully into study of it," he said in closing his analysis of it. A roar of laughter swept the committee room.

TO HAVE CARS IMPROVEMENT FOR FLORIDA OF SANFORD'S WINTER CROPS WATER WORKS

RAILROAD ADMINISTRATION IS BUSY WITH FLORIDA COMMISSION ON THIS QUESTION

Tallahassee, Sept. 24.—About ten days ago the representatives of the principal transportation lines in Florida informed growers of perishables that fruit growers' express refrigerator cars would not be available for Florida citrus fruits and perishables this fall and winter for loading under ventilation and would only be furnished when needed; also, that most of the supply of F. G. E. cars had been sent to California and Michigan.

Telegrams were sent to R. Hudson Burr and Royal C. Dunn, commissioner, accompanied by E. D. Dow, traffic manager, Florida Citrus Exchange, Tampa, and George R. Williams, traffic manager, Chase & Co., Jacksonville, called upon the United States Railroad Administration in Washington with reference to the diversion of these refrigerator cars to California and western territory. It was stated by the administration that 14,000 cars of grapes were being moved from California that heretofore had been made into wine; therefore cars had been sent from southern territory to help take care of this movement. However, they were assured that everything possible would be done to have these cars returned in sufficient quantity to take care of the movements of perishables beginning about the middle of October.

Following that conference, the railroad commissioners are in receipt of the following letter from Robert C. Wright, assistant director of traffic, United States Railroad Administration, which seems to indicate that these refrigerator cars will be available for the movement of Florida citrus fruits and perishables under ventilation as in former years.

"Hon. R. Hudson Burr, Chairman Florida Railroad Commission, Tallahassee, Fla.

"My Dear Mr. Burr: Since our talk on Tuesday afternoon, I have conferred with Mr. W. L. Barnes, assistant manager of the car service section, in special charge of refrigerator cars, and he tells me that the F. G. E. cars now being used in the California trade will be released in time for the Florida business, so that there should be no difficulty in the car supply for Florida, so far as interference with the F. E. B. cars go.

"I believe you have an understanding with the Seaboard Air Line and Atlantic Coast Line that in view of the continuance of their contract with the F. E. G. Company they will see that you are adequately supplied with cars, and with such assistance as the administration may be able to give.

"Yours very truly,

"Robt. C. Wright,

"Assistant Director."

It is estimated that there will be approximately 60,000 cars of perishables moving from Florida during the coming season, 1919-20, nearly half of which will be citrus fruits."

Masons Attention

Special communication of Sanford Lodge No. 62 F. & A. M. will be held on Tuesday evening, Sept. 30th, at 7:30 p. m. for the purpose of conferring the third degree.

Every Mason in Sanford cordially invited.

state commerce. It contained "an implied repeal of the Adamson eight-hour bill," and its division of railroad systems into twenty-five or thirty systems was "illogical and artificial."

"I'm sorry I haven't had time to go more fully into study of it," he said in closing his analysis of it. A roar of laughter swept the committee room.

CITY COUNCIL OF SANFORD WANTS BETTER FIRE PROTECTION AND MORE HYDRANTS

Sanford, Fla., Sept. 24, 1919.

City council met in special session at 8 p. m. Present, F. L. Miller, president, G. D. Bishop, R. A. Newman, John Adams, L. P. Hagan, Absent, G. T. Smith and Roy Symes.

Meeting called to receive report of water works committee and to attend to such other matters as presented.

Special City Attorney Schelle Malmes offered resolution ordering the names of S. O. Chase, C. E. Henry and H. R. Stevens placed on ballots to be used at the charter election to be held Oct. 7th, 1919.

Motion R. A. Newman, seconded by John Adams and carried, resolution adopted.

Motion L. P. Hagan, seconded by G. D. Bishop and carried, tax certificate No. 44 on Lot 3, Block 7, Tier 6 for the year 1894 be satisfied by city attorney.

Motion L. P. Hagan, seconded by John Adams and carried, tax certificate No. 9, May 4th, 1898, No. 6, May 6th, 1899 and No. no number, May 6, 1901 be satisfied by city attorney all on Lot 2, Block 3, Tier 1.

F. L. Miller offered resolution calling for a mass meeting to be held at the court house Monday evening, Sept. 29th at 8 o'clock and inviting the charter committee to be present and explain the provisions of its charter and to give such further information in regard thereto as any of the citizens of Sanford may desire.

On motion L. P. Hagan, seconded by G. D. Bishop and carried resolution adopted.

Committee appointed to investigate fire fighting facilities offered resolution as follows:

Resolution

Relative to improvement of Sanford Water Works system:

Whereas, Sections 8 and 9 of "An Ordinance Granting a Franchise to the Corporation or Company known as the Sanford Water Works Company in relation to supplying the Town of Sanford with water and for other purposes" reads as follows:

Sec. (8) Fire Hydrants.—The Sanford Water Works Company shall furnish and place in position, with all necessary valves and connections, thirty (30) hydrants or fire plugs, either single or twin, as the city council may elect, at such points, within the corporate limits, as may be designated by the city council, and shall, when ordered by the city authorities place additional hydrants, at such points as may be designated by the said city council or board of aldermen, and shall keep the same in good repair and working order, and shall at the request of the city council change the location of any hydrant or hydrants, from one point to another, the town paying the cost of the said change. The hydrants thus placed to be the property of the Water Works Company, and to be furnished to the city for fire protection with an ample supply of water for the full term of this franchise, free of charge.

Sec. (9) Water Pressure.—The Sanford Water Works Company shall furnish sufficient pressure to throw four streams of water, through a reasonable length of hose with 1 1/2 inch nozzle, forcing the said four streams at once to a vertical height of fifty (50) feet at any point in the town within reasonable distance from a hydrant, and to furnish and apply said pressure at any time, within three (3) minutes after the fire signal is given.

Whereas, the Southern Utilities Company, who now own and operate the Sanford Water Works under the above franchise are not complying with the requirements outlined in Sections 8 and 9 as might be noted in numerous instances and more particularly emphasized by the following:

(1) The water works pumping station is equipped with two electric power pumps and one centrifugal pump, and on September 30th, 1918 the electric power plant furnishing

power to the electric driven pumps failed, through a break-down to furnish power to operate these pumps; and the water works employees were unable to start the gas engine which furnished power to operate the centrifugal pump on account of not having enough air pressure in their air compressor tanks, with the result that none of the pumps could be operated and thereby leaving the city, for several hours without fire protection, or sufficient water for domestic use.

(2) On August 4th, 1919, the Seminole County Garage on Magnolia avenue, between First and Second streets caught on fire and burned to the ground. At this time two of the pumps at the pumping station, the centrifugal and one of the electric pumps were out of commission and the remaining pump could not furnish sufficient pressure to combat the fire. Fortunately there was no wind and the nature of the building was such that the fire was kept from spreading. The two pumps which were out of commission had then been out of service for four days. After the fire the electric pump was put in operation, but the gas driven pump continues to be out of commission, due to the plant not having a belt to connect the pump to the engine.

(3) The distribution system is inadequate to give the fire protection.

WILL UPHOLD CONSTITUTION OF AMERICA

DAUGHTERS OF THE AMERICAN REVOLUTION COMING TO THE FORE IN FIGHT FOR AMERICANISM

In these days of Bolshevism, anarchy and trouble it is refreshing to know that we have some societies that are all American and being all American are imbued with the idea of standing steadfast for the American ideals. Among these societies is the Daughters of the American Revolution and the following letters demonstrate what this society of Americans, descendants of American soldiers, think of the Constitution:

Sanford, Sept. 20, 1919.

Mr. Editor:

At a meeting of the Sanford Chapter of the Daughters of the American Revolution on the 19th inst. at the residence of Dr. Howard it was resolved to ask for space in the Herald for the accompanying letter from the President General of the Order, concerning the nation-wide movement for the propagation of genuine American ideals of popular government.

Few of us seem to be properly instructed in the matter of our Constitutional rights and privileges and duties. We have ordered a supply of the Constitutional pamphlets referred to in the letter and propose to distribute them among the ministers and teachers of the county, whose co-operation we hope to be able to enlist in the dissemination of our propaganda.

Brenda Vere Morrison.

Mrs. B. J. Starling,

Regent Sallie Harrison Chapter, Sanford, Fla.

Dear Regent:

In America the first aim should always be to let the people know. The developments of the last few months have served to emphasize the need of popular knowledge concerning American ideals of government.

With this object in view the eight national patriotic associations whose names appear above have united in an effort to bring about a nation-wide campaign for a better popular understanding of the Constitution.

We have selected the birthday of the Constitution, Sept. 17, 1919, as a day to be especially dedicated to that work. We wish meetings for a study of the Constitution organized in every city, town and village.

This is a work which can only be done by those familiar with local conditions. The importance will be doubted by few Americans who believe in our institutions. Secretary Morrison, of the American Federation of Labor in a recent letter regarding immigration and our alien population writes: "What can Americanism mean to these people? They

(Continued on page 6)

CITY SCHOOLS TO OPEN YEAR NEXT MONDAY

PARENTS SHOULD SEE THAT PUPILS ARE ALL READY AND BE ON TIME OPENING DAY

Next Monday morning the old school bell will ring the knell of the joyous vacation days and the girls and boys will begin another term of school. It is more or less a sad occasion to many of the youngsters who think they have not had enough play but to the majority of the pupils the opening of school is a welcome occasion and they are glad to get back to work after a long vacation.

The school board did a wise thing in opening the first of October instead of the first of September as September has proved to be one of the hottest months of the year, although there have been some cool days. The trouble with September is not that the weather is any warmer but after going through a long summer the people who have remained at home feel the heat more and the children cannot get down to good hard study when it is warm weather as this September has been. It will be much cooler in October and the prospects for a fine term of school are bright indeed. With an excellent corps of teachers in all the schools the parents should see that all the children are ready for the opening and it is also an excellent idea for the parents to attend the opening and make the acquaintance of the new teachers and extend their co-operation in this great task of educating the children for future citizenship.

Don't fail to be on time for the opening of school at nine-thirty next Monday morning. Let's begin right and keep right all the year. The teachers will be on time and ready to place you in your proper class. Don't keep them waiting by coming in late.

Any child that will reach the age of six years before the first day of February, 1920, should enter at the beginning of the school term, as no new classes will be formed during the year.

The school buses will run along the routes as in the past, according to the following schedule:

Leave Osteen Ferry at 8:30 a. m.

Leave Elders Spring 8:15 a. m.

Leave Wilson Corner 8:15 a. m.

Leave Lake Monroe 8:35 a. m.

Leave Upsala 8:30 a. m.

Leave Cameron City 8:15 a. m.

All buses will have good, rain-proof tops and will be in charge of reliable drivers. Mr. C. E. Chorpren has contracted to handle the Cameron City route; the other routes are in charge of Mr. R. H. Booth. Both of these gentlemen are well known citizens, and the parents should feel perfectly safe in entrusting their children to their keeping.

Congregational Church

"The Axe and the Fire," an old prophet's up to date message. Evening "Keeping the Faith." What is the "faith?" and is it worth while to keep it? Congregational church Sunday morning at eleven, and evening at eight, corner Park Avenue and Third Street.

Christian Endeavor topic, "The Christian Athlete." Leader, Mr. Ed. Randall, seven o'clock.

Trip to Miami

Mr. and Mrs. L. Y. Bryan, Mrs. M. M. Lord and Mrs. Zeb Ratliff have returned from a trip to Miami and other points on the East Coast. Mrs. Ratliff visiting her parents, Mr. and Mrs. W. W. Abernathy in Miami while the rest of the party visited points farther down the coast. They saw where the hurricane had demolished the town of Gould and had wrapped tin roofs around telephone poles and played other pranks.

Committed Suicide

As we go to press word comes from the Upsala section that a Swede named Gordon Nyland had committed suicide by cutting his throat with a knife. A coroner's jury will investigate the case today at 2 o'clock. Nyland was a single man 23 years of age and it was thought dependency was the cause of his rash act.

Citrus By-Products
Washington, Sept. 17.—Senator Duncan U. Fletcher, who has been very active in behalf of the establishment of a citrus by-products laboratory in Florida, was advised today by the secretary of agriculture that the bureau of chemistry connects with the department is now considering extending its activities to include Florida and hopes to be able to begin operations in that state in the near future. The establishment of such a laboratory would enable citizens of Florida to obtain first hand information regarding the manufacture of by products from citrus fruits on a commercial scale, and thereby make it possible to convert unmarketable fruits into marmalades, jellies, candied peel and vinegar. The development of such an industry will mean a large saving and increased revenue to the citrus growers in Florida.

B. Y. P. U.
Next Sunday evening, 7:30. We want everybody to come. Our union is growing. Almost every member of the union is taking an active part in the church work. Practically every member is a member of the choir or orchestra or is on the board of the church. We are proud of the work our union is doing. Group Three is in charge of the program for next Sunday evening and we are expecting some interesting talks. Miss Virginia DeCoursey is captain of this group and we are hoping to hear some special music selection rendered by her.

The B. Y. P. U. has extended an invitation to the Orlando B. Y. P. U. to meet them at Palm Springs on some afternoon and evening convenient to the members from the "City Beautiful." This invitation has been accepted and we are looking forward to the date set, next Thursday, with a great deal of pleasure. Our union is growing every week. Come and do your share. We want YOU.

Plenty of Salmon Now
Palm Beach, Sept. 16.—Thirty thousand pounds of catfish received from Lake Okechobee yesterday broke the local records for one day's receipts. Three boats came in during the day. On the day before the Mabel of the Bass Line brought 7,000 pounds. The receipts yesterday were consigned to the Atlantic Fish Company. Captain Baxter of the Annie brought in the heaviest cargo of fish ever received by way of West Palm Beach canal. His boat carried 13,300 pounds. The Three Sisters carried 7,000 pounds and the Gladeport 9,300 pounds.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

OVIEDO

Mr. and Mrs. C. M. Stone and attractive little daughter, Pauline, arrived Saturday night to be the guests of Mr. Stone's parents, Mr. and Mrs. S. Murphy at Lake Charm. Mr. Stone and family motored down from their home in Garden Plains, Ill., making the trip in seven days.

Mrs. C. S. Lee entertained the Crochet Club most delightfully last Friday afternoon. There was an unusually large number of the members present and several invited guests. Delicious cake and ice tea were served as refreshments.

Miss May Fields of Oxford Jet, Iowa, is visiting Mrs. Verne Slay.

Mr. and Mrs. Mosquito and all their connections have been in Oviedo for the past two weeks, the guests of everybody. They are entertained until a late hour by the town. Walker's Devilment, Sweet Dreams, Pennyroyal and such refreshments are served at intervals of every few minutes. The people of Oviedo who desire rest after their day's labors are in hopes the Board of Trade will look into the matter, find the cause of all these visitors equing at this time and pour some oil on the standing waters.

Dr. C. D. Christ and Mrs. Ida Tedford were in Oviedo Wednesday afternoon.

Mrs. L. E. Wright visited Orlando Monday.

Mr. and Mrs. L. O. White went to Orlando Monday to attend the funeral of Mr. White's sister, Miss Jessie White, who passed away at the Orange General Hospital Monday morning.

A marshmallow roast was given by some of the young people Tuesday night at White's wharf on Lake Jesup.

C. L. West left Sunday for a trip to Miami.

Mr. and Mrs. O. P. Hope spent Tuesday in Orlando.

Miss Mary Leinhardt spent Saturday and Sunday in Sanford and Orlando.

J. H. Atkins, agent of the A. C. L. depot spent the week end with his family in Winter Haven.

Mr. and Mrs. Thigpen of Sanford visited friends in Oviedo Sunday.

Mrs. Rogers of Miami is visiting her parents, Mr. and Mrs. F. F. Farnell.

W. H. Barr has returned from an extended trip to Chicago.

Mrs. B. G. Smith, Mrs. Theo. Aulin, Mrs. J. A. Clark and Mrs. Mary Jacobs visited Sanford Friday.

Mr. and Mrs. E. A. Farnell, Miss Stella Farnell, Mrs. A. P. Farnell and Mrs. Rogers drove to Sanford Tuesday night to church.

W. A. McRae of the S. A. L. spent Tuesday night in Oviedo.

Mrs. G. W. Barwick returned this week from Brunswick, Ga., where she has been visiting her mother for the past month.

The Candy Club was entertained by Miss Olive Lizette last Friday night.

Mr. and Mrs. Higgins of Chuluota passed through Oviedo Monday en route to Orlando for several days.

Let the young folks dance on your floors, if they're finished with

Harrisons Vitrolac Varnish For Floors

The delight of the dance will be greater because of your floors, and the complimentary remarks will more than repay you for your forethought.

Then you will be pleased with rugs and a varnished floor as a change from carpet and matting. When may we talk over the details with you?

LEE BROTHERS

308 E. First St, Sanford, Fla.

Sanford and Commission Managed Government What About It?

Can it be that Sanford is down and out, confessing herself helpless to manage her own city affairs, willing to accept any old nostrum that promises rest-cure for the present, a change from the drag of doing, and getting nowhere?

Well, if so, she can have it if she votes that way. The article, so called, is on the market, a product of recent origin, school-made, branded as the real stuff and warranted to fit any old town from 500 to 5000 population or more. Go to it. Get a City Manager, from Dayton, Ohio—for instance, pay him, say \$3500.00, minimum, and then sit down and watch her run.

Yours, MORE-ANON

Mrs. Okerlund spent Wednesday in Winter Park.

EAST SANFORD

Rev. R. J. Allen of Enterprise was over Sunday to preach at Moore's Station church. There is talk of a revival being held here next month.

Mrs. J. O. Mitchell is recovering from quite a serious illness. Dr. Tolar made a number of calls.

Mr. and Mrs. Lee Kinard's little son, Clifford was struck on the left leg twice by a ground rattler last Thursday. Dr. Marshall was sixteen minutes answering the telephone call to their home beyond Cameron City. The little boy is O. K. now.

Mr. and Mrs. Wiley Wilson are very happy over the arrival of their son, born Sept. 18th. Dr. Denton in attendance.

Mrs. B. E. Collie and little son, Edward came down from Jacksonville Sunday for a visit with her parents, Mr. and Mrs. D. L. Long and other relatives.

Mr. and Mrs. W. W. Miller had as over Sunday guests their niece, Miss Nellie Cowan and a friend from Jacksonville.

I. D. Martin will be at home about Oct. 18th after spending the summer at various points in Maine and at their home in Ingalls Grove near Bridgton. Mrs. Martin will come south later in the fall.

Miss Beulah Brown from the West Side was Mrs. Nick Zernovnan's guest a portion of last week.

Mr. and Mrs. D. R. Brisson and party were over from Seabreeze on Tuesday as delegates to the Baptist Association in Sanford and were sight seeing in this end of town.

Mrs. Margaret Marshall reached home Monday from Michigan where she made a much longer stay than planned.

Mrs. G. C. McDougal received a wire from Waycross, Ga., from Mr. McDougal Tuesday that he was leaving there for a business trip to Chicago for several days.

Ed. J. Cameron is at home from the ranch in Palatka for a few days.

Considerable celery is being set in the fields this week. We hear some of the growers are setting out green top for early celery.

Mrs. Harry Harran of Union avenue is in Baltimore, Md., having

some very special dental work done at Johns Hopkins hospital. From there she will visit at Sunset Falls and in Pittsburg, Pa., before returning home.

It looks very much as if the people who sell seeds had been profiteering on old celery and lettuce seed this season as the growers have had so much trouble making seed come up before. It has caused almost endless trouble sowing the seed beds over several times each, beside the worry and expense.

Another fine mule died at the Russell farm last week.

Messrs. Chateman and Joe Russell each have a fine new Jersey cow bought in Orlando at \$150.00 each.

SANFORD AND UPSALA

We have not very much news to write about as our regular correspondent is visiting her brother in Missouri just now but will be at home soon.

Or neighbor, Mrs. C. M. Williams has been sick for some time but at present is better.

Miss Ruth Bergquist has been visiting her sister and has returned home.

Alfred Ericson's family has gone to Macon on a visit and still enjoying it.

Rev. G. V. Albertson will be with us on October 5th, the first Sunday in the month. He will be at the Sunday school and will also give us a preaching service at the close of the school. We hope the neighborhood will fill the little church and hear this good man.

Shall we not make a plea for the church? Our country is in a trying crisis and what shall save it from going to destruction? We will quote first from an able journalist who has thought about it. This is Henry Watterson, a secular writer. Looking over the disturbed condition of Europe and knowing the elements were at work here he says, "Nothing but the religion of the Lord Jesus Christ will save us from going back into the dark ages. How better can we do this than keeping the Sabbath day and observing it in the churches? Shall we look a short time into the great empires of the world and ask why they have passed away? Where now is the mighty Babylon? Nothing but heaps of dust. Where is Nineveh and the huge palaces of these cities? Nothing but heaps of dust. Where are those great cities that lined the Euphrates that Nebuchadnezzar built by slaves he got out of foreign nations? Where are they now? Gone down to dust—to everlasting slumber. What does the Good Book say about the nations? "The nation and kingdom that serveth me not shall perish. Yea, they shall be utterly destroyed. Isa. 60c, 12th verse. Is there not here a lesson for us to consider. God is the same, yesterday, today and forever. The finger of history points out from among these huge mounds of dust and says "Beware! Do not follow in my steps, for the same fate, will be yours if you do. We speak out of the dust of ages and tell you to worship and serve the only true and living God and NOT IDOLS." How better can we do this than keeping the Sabbath day and remembering the sanctuaries? Our revered Washington we cannot have morals without religion for religion is its backbone.

Are not these pleas sufficient to keep God's holy day and remembering Him in the churches? Our country is certainly in a dangerous crisis and it depends on us, each one,

COUNTY HAPPENINGS

(Continued from page 2)

whether we will turn upward to God or downward to everlasting oblivion. What is the matter with Europe today? Rejection of God and His worship. Another empire has passed its zenith. Many crowned heads have fallen into the dust. What are we doing with our much light? Shall it condemn and destroy us?

C. T. Ballinger.

LAKE MONROE

The wave of prosperity that is rolling over Florida swept our section in passing. A general spirit of improvement is stirring around us. Clearing of land, building and remodeling of houses, cleaning, tiling and draining of soil, the installation of gasoline engines and overhead irrigation are some of the new order of things in Monroe. C. E. Henry has about completed the clearing of five more acres of land upon his large farm. J. W. Bell is getting ready to clear and bring under cultivation ten acres of land near First street purchased from Chast & Co. Bartow Mann is busy with ten acres upon the farm known as the old Henderson place that he purchased from Sam Henderson. Mr. Mann is also clearing five more acres adjoining the farm upon which he lives. W. D. Rowe has just completed a pretty cottage upon his place on First street. Mr. Glidewell of the last side also purchased five acres near Monroe has completed a nice residence upon it and now has his family moved. Barney Lyons and William Oglesby have painted their houses and S. H. Buchanan will soon be having whitening the paint brush upon his bargain. The fence gang of the Atlantic Coast Line have

even been busy improving bridges and building a hundred yards of fence or more between the draw-bridge and Monroe station.

The Ladies' Union of the Congregational church of Sanford gave an ice cream supper upon the lawn of Mr. and Mrs. Jacob J. Bolly Tuesday evening. Pretty Japanese lanterns of various colors were gracefully suspended from tree to tree above the many beautiful flowers among which the tables were placed. A fairylike scene greeted the eyes of the numerous guests who assembled to enjoy the evening and help the worthy cause. All had a delightful time and a nice sum of money was realized.

The people of our community were delightfully entertained Thursday evening by a song service and reading given by Dr. George Hyman and the choir of the Baptist church of Sanford. The purpose of the entertainment was the purchase of a piano for the public school at Monroe, the free will offering contributed that evening being the initial fund. The patrons of our school greatly appreciate such entertainments, for it is our understanding that the auditorium which embellishes our school building was built for public entertainments which are instructive and educational, community meetings at which all may attend, lectures, etc. These forms of entertainment which appeal directly to our people, and these alone, are generally the kind held in public school buildings.

Miss Dora May Iglesby gave a pleasant party last Wednesday to celebrate her birthday. Delightful refreshments were served and an enjoyable evening spent by her many friends.

Mrs. R. L. Sellers of Gainesville, Ga., is a guest of relatives here.

Miss Stella Wells has returned to her home at Palatka after a pleasant visit to Mrs. W. C. Beasley.

Mr. Bert Locks, formerly of Lake Monroe has returned to Jacksonville where he is employed as bookkeeper with the American Agricultural Chemical Fertilizer Company.

Mrs. Beasley of Crescent City has returned after a pleasant visit to her son, W. C. Beasley.

Mr. and Mrs. W. S. Price and family spent Sunday at Daytona Beach.

Miss Eliza Orton, after spending the summer at Asheville, N. C., is with her sister, Mrs. J. T. Wynne.

Mr. and Mrs. W. D. Rowe have returned from their wedding trip and are at home on First street.

Miss Lottie Matherson spent Saturday and Sunday at her home at Maitland.

Mrs. J. Daniel Talbott has returned from Louisville and other places in Kentucky after spending the summer in that state.

Mr. Charles Davis of Kansas City, Mo., has returned after visiting relatives here.

Mr. George Riggins of Sorrento is employed here in the trucking business.

Mr. Jacob J. Bolly has installed a gasoline engine and overhead irrigation of a quarter of an acre. Mr. Bolly is one of our most prosperous and industrious farmers.

GENEVA

R. E. Franklyn returned last week from Yellowstone Park and western points of interest.

Mrs. C. M. Bonnel and little daughter, Floy returned last week from Manchester, Ga., where they have been spending the summer.

Mrs. Bessie Hart, Wm. Stone and Mr. and Mrs. W. D. Ballard attended the Baptist Seminole Association as delegates in Sanford this week.

The Parents-Teachers Association gave a penny supper at the town hall Friday night for the benefit of the school yard. They took in over sixty dollars.

Mr. and Mrs. Johns left this week for Florida. Mr. Johns has been F. E. C. agent for the past six weeks while the regular agent was on his vacation.

Mr. and Mrs. Robert Burns and Misses Margaret and Dorothy from Terra Haute, Ind., are visiting Mr. Burns' sister, Mrs. C. A. Raulerson.

Mrs. J. V. Wicks, I. D. Hart, Geo. Peters, R. Q. Gresham were in Sanford last Tuesday attending the Seminole Association.

Mr. and Mrs. F. W. Libby and three pretty daughters arrived in Geneva on Sept. 15th to take up their residence here. Mrs. Libby is a sister of Mrs. P. T. Wakefield and we understand the residence property of Mr. Brokaw has been purchased for their home. We are indeed glad to have them with us, and trust they will find as many new friends in Geneva and vicinity as

they left in their old home in Oshkosh, Wis., whose loss is our gain.

ON THE HOG

A Letter From E. H. Kilbee of Geneva, Fla.

In regards to the welfare of this country I came to Geneva, Fla., in 1884, which was in Orange county. At that time we had no railroads but we had a good line of steamboats up the St. Johns river which brought our supplies to us and we were just as happy then as we are now and we did not dread a railroad strike for we did not live out of a paper sack as we do now. Each family had a good place of his own to raise corn to feed his horses on and a good sweet potato patch and made his own syrup and had a few cows to pen in the spring to fertilize his land and did not have to pay all he made for fertilizer. He also had a few hogs and made his own meat and lard. He did not have much money but he did not need very much to live. He was independent, but we this day and time are dependent and at the mercy of some one else and make the stuff and bring it to us. Now we are just at the eve of a hog election which comes off the 16th of September to determine whether or not the hogs can run at large and the cows will be next, for the county commissioners had the attorney for the board to draw up two bills, one for the hogs and one for the cows, but Mr. Woodruff, our representative in the legislature refused to pass the one for the cows, but next year they will try to get new material in the legislature and pass it. I am a man who votes on this to give it a careful thought for the law does not give any time for a man to get rid of his hogs, and I do not think it is right to get me in trouble about them.

It would be just as fair to pass a law to own my home as it is to pass this law and not give me any time to do away with my hogs. I want to be a law abiding citizen, but this bill as it is drawn up, does not give me the right that I think an American citizen ought to have.

I have been offered two thousand dollars for my stock of hogs but I know I could not sell them at any price. All that I am kicking on is there should have been some time after it became a law for the hog man to dispose of his hogs.

Daily Thought.

In general, pride is at the bottom of all mistakes.—Huskin.

new charter. It is such a voluminous affair that few people have had the time or the inclination to look it over.

And again speaking about the hospital and the statement made by some of those who think a hospital costs too much I would like to refer to the fact that Orange county spent \$20,000 on the new hospital and D. Land has arranged for 30,000 dollars and now finds that their former specifications for a building to be built at this time will cost twice as much. Sanford is getting a good building that will be suitable for various purposes for many years for less than one third of these sums. This is good news.

A friend of mine asked me what I thought about the peace treaty and the League of Nations and my only reply was that I was with President Wilson. He is at the head of affairs, he was over there, he knows conditions, he is absolutely honest and a real American and I leave it to him with the hope of a speedy end to all the controversy.

STRIKE IS GROWING

Third Day Shows But Little Change

From their respective headquarters, industrial leaders and directors of the strike issued their usual conflicting statements, which left still in doubt the exact number of workers who have walked out. William Z. Foster, secretary of the strikers' national committee claimed that, in the various steel centers, 15,000 more men had abandoned their posts bringing the total to 342,000, but in the crucial Pittsburg district officials of the United States Steel Corporation, and several "independents," asserted that the stream of labor had turned and was flowing into the mills.

According to reports from Pittsburg, where union labor leaders held a general parley to consider conduct of the strike, managers of the plants are seeking now to take the offensive. Not content with merely holding what forces remain to them, they are said to be trying to induce wavering strikers to return. On the other hand labor's recruiting forces are not inactive, as shown by the fact that organizers from the miners' union have been called to reinforce agents of the steel workers' union in enrolling non-union workers.

Despite the prediction of Mr. Foster, that, through the work of these organizers, the strike will be able gradually to shut down all of the important works in the Pittsburg district, employers of labor claimed that yesterday they had been able to increase production in all important plants, including those in Homestead, Clifton, Braddock, Duquesne and the Pittsburg city mills of the Carnegie Company.

As in Pittsburg, the situation in Chicago also was clouded by conflicting reports. The industry in that section, though crippled by the closing of many plants was by no means tied up and company officials claimed additions had been made to the reduced forces with which they were continuing operations.

In the Youngstown district where advances were claimed by the strikers, the strike spread yesterday to fabricating plants, two of which were closed, as was the Youngstown Pressed Steel Company. Paralysis of production in the Mahoning valley, caused by idleness of 44,000 workers continues, every plant being closed.

From Canton, O., came the announcement by the general manager of the Canton Sheet Metal Company that his men, numbering 1,200 had voted to return to work.

In the Colorado district, the plants of the Colorado Fuel and Iron Company in Pueblo, which closed Monday, remain idle and according to officials, will make no effort to operate with strike breakers.

Atlantic Beach Hotel Burned
Jacksonville, Fla., Sept. 22.—The Atlantic Beach hotel at Atlantic Beach, 17 miles from Jacksonville, was completely destroyed by fire early Saturday night entailing a loss of more than half a million dollars.

The hotel was owned by the Flagler estate and was under lease of W. H. Adams. It was a four story wooden structure of about 300 rooms and at the time of destruction was housing a number of week end parties from the city and many visitors from south Georgia and Florida points.

The blaze was discovered shortly before 8 o'clock and spread rapidly. Long distance telephone messages appealed to the local fire department for aid, trucks being immediately dispatched to the scene. The loss includes the entire hotel plant; the laundry, power and pumping house, servants' quarters, grill, bath houses, ocean pier and depot. Many cottages in the immediate vicinity were saved by the heroic work of the firemen from Jacksonville and beach volunteers.

The hotel was one of the most complete in this section being handsomely furnished throughout. It was, up to a few years ago, known as the Continental, the name being changed when the property was leased by the Flagler estate to the Atlantic Beach Corporation. Later the property was leased to Mr. Adams and released to Mr. Adams.

Entertains St. Agnes Guild
Mrs. Julius Takach entertained the members of St. Agnes Guild on Monday afternoon at her home on Celery avenue, the guests meeting at Mrs. Robert Herndon's and going out in autos. Plans for the annual bazaar was the important object of the meeting, each member vying in finished articles for this event. Refreshments were served and a delightful social hour enjoyed by all present. Enjoying the hospitality of Mrs. Takach were Mrs. Robert Herndon, Mrs. Gwynn Fox, Mrs. M. Minarik, Miss Lillian Shindler, Mrs. Archie Betts, Mrs. Earl Burdick, Mrs. Raymond Key, Mrs. Ed. Lane and Mrs. Matthews. The next meeting will be held with Mrs. Gwynn Fox.

Williams-Butler
The marriage of Miss Edna Charlye Williams and Mr. Raymond Butler took place very quietly Wednesday, Sept. 24th, at seven thirty in the evening, Rev. Geo. Hyman, D. D., performing the ceremony at the home of the bride's brother, Mr. Volie Williams. Owing to the critical illness of the bride's mother the marriage was witnessed only by the members of the family. The bride was very sweet and attractive in an afternoon frock of white Georgette crepe, embroidered.

Mrs. Butler is the only daughter of Mr. and Mrs. C. M. Williams and is popular with a wide circle of friends, having lived in Sanford for the last twelve years.

Mr. Butler is a prominent young business man of Brunswick, Ga. Mr. and Mrs. Butler will reside in Brunswick.

BALL GAMES FOR THE WEEK

BOX SCORES OF ALL GAMES PLAYED BY SANFORD TEAM

As the day approaches for the flag to fall in the Florida League series it seems certain that Orlando will be the winner of the second series and in that event will have to play off the post series games with Sanford. These games will probably be played the first week in October and will be witnessed by fans from every part of Florida and the people are looking forward to a week of real sport when the winners of the two teams clash. Over on the East Coast Daytona and Cocoa and Miami are playing some ball in the Mosquito League and they want to pit their winning team against the winners of the Florida League and it begins to look like we would be playing ball around the local lots until Christmas. And this brings to mind the idea advanced by Gilbert Freeman and Bob Clappell and others who have long ago laid winter ball would pay in Florida. He that as it may it is certain that Sanford fans want ball in the summer when they have plenty of time to attend the games and we have other favorite indoor sports in the winter months such as making money, etc.

There have been some good games during the week past and some poor ones, but Sanford has been playing them close up and our team is looked upon as the best team in the league now, bar none. Look over the following box scores and judge for yourself.

Win Saturday's Game
Tampa, Sept. 20.—Johnson opened the first inning for Tampa, but proved a double play, and after Felix had singled Fosse was out via short and first. In the third Parshall singled, stole second, and after Corcho had denied the atmosphere

thrice, arrived safely at third when Thompson maced up Johnson's grounder. At this juncture Lamotte and Johnson were the "fall guys" in another double play.

Tampa's half of the fourth opened auspiciously, Felix whamming a beauty to right field. He was forced at second on Moorefield's grounder, however, and thanks to the leisurely manner in which Moorefield ambled to first, the ball was snapped to Banville in time to complete a double play.

In Tampa's half of the fifth it rained steadily, but his umps kept them at it, in order to complete the inning and make it a game. By the end of the first half of the sixth the rain had increased to a steady down-pour, and Umpire Baird gave the signal to cease firing. The score:

Sanford	AB	R	H	PO	A	E
Stewart, 2b	3	0	0	1	2	0
Chapman, c	3	0	1	5	1	0

Sanford Wallops Orlando
Orlando, Sept. 22.—Sanford won out over Orlando here today in a real slugging effort at the expense of Haynes, 6 to 3.

The game started off in the first inning with a shortness of "hep" when Stewart singled, stole second and third and scored when Haynes threw to third uncovered. The bps were held at the mercy of Register in all except one inning when their hits scored the two runs.

Haynes was freely hit from the start. Stewart was sent from the grounds in the ninth inning after an argument with the umpire, who called him out at second.

Lakeland Takes One
Lakeland, Sept. 23.—The Highlanders took a dreading fancy to the "Shine and Emery" offerings of big Alexandria, the Celery Fed's hurler, and emerged from a free hitting base pilfering game, on the winning end of a 6 to 2 score. Hall who started for the Highlanders was ineffective and gave way to "Bugs" Ery in the

seventh inning after Lakeland had secured a one run margin. Ery was in fine form and held the Celery Fed's to two hits and no runs in the three frames that he worked.

Mr. and Mrs. J. W. Dickins and Arthur left Tuesday morning for Miami where they will make their future home. They will open a shoe store in Miami as soon as they can get their store room fixed up. Mr. and Mrs. Dickins have been residents of Sanford for many years and their friends hate to see them leave but wish them prosperity in their new home.

Harry Flowers is home for a few days from the navy and visiting his parents, Mr. and Mrs. C. L. Flowers on Celery avenue. Harry is one of the first boys to join the naval reserves when war was declared and has been serving on the Kittering for some time going to and from the West Indies in the marine service. He has had enough and wants to get back home where the celery is getting green.

Mass Meeting Monday Night

At the request of many citizens the city council has decided to call a mass meeting of the citizens of Sanford Monday night at the Court House at eight o'clock. The meeting is called to discuss the new charter and bring out the facts regarding the same. Since very few people have read the new charter and there has been much discussion on the streets the public meeting should settle the controversy and the charter will be explained to those who have various ideas regarding the same.

NOTICE

Chapter 7800, Acts of 1919, provides that all persons who registered automobiles carrying five persons or less, in 1918, and paid more than five dollars for the full year, or two dollars and fifty cents for the half year, shall be refunded all paid in excess of the amounts stated, which sums are now available for payment.

The law authorizing the money to be refunded requires that demand be made to the Comptroller within one year from June 9th, 1919, accompanied by satisfactory proof that the person applying is entitled to it.

NOTE: THIS REFERS ONLY TO REGISTRATIONS FOR 1918: TO CARS CARRYING FIVE PERSONS OR LESS, WHERE MORE THAN \$5.00 FOR THE FULL YEAR OR MORE THAN \$2.50 FOR THE HALF YEAR WAS PAID.

BLANKS MAY BE HAD FROM THE COUNTY TAX COLLECTORS OR FROM ERNEST AMOS, Comptroller, Tallahassee, Florida. 5-1tc

BALL GAMES FOR THE WEEK

(Continued from Page 5)

Banville; base on balls, Hall 1, Alexandria 3; left on bases, Sanford 6; Lakeland 4; hit by pitched balls, by Ery, Childs; hits off, Hall 11 in 6; Ery 2 in 3; struck out, Hall 2; Ery, Alexandria 2. Wild pitches, Alexandria; time of game, 2:05; umpire, Lauzon; attendance, 307; winning pitcher, Hall.

Score Tied With Tampa

Rain ended a very slow game between the smokers and locals Wednesday after they had gone for the first half of the seventh. This half was discarded and left the score 1 to 1 at the end of the sixth.

Parehall stood for the Smokers and heaved a classy article of ball

while Watts who went to the ring line for the fans, had the visitors at his mercy most of the time.

Tampa drew first blood in the third when Johnson was up and got hit by Watts. Parehall followed for a clean single to right, advancing Johnson. Morris was safe on a fielder's choice while Johnston was thrown out at third. Then LaMotte hit safe and placed Parehall on the base line. Felix was safe on a fielder's choice, while Morris was run out between third and home. LaMotte was caught all on the same

Sanford scored in the sixth when Johnson straddled and stole second. Crow jumped but Walker hit a long, low one into left and Johnson came romping across. Thompson and Banville went out ending the score for the game.

SANFORD HIGH SCHOOL

Faculty Meeting The High School Faculty will meet Saturday morning at 10:30 a. m., High School building.

School Opening School will open Monday morning, 9:30 a. m., Sept. 29, 1919. Patrons and friends are cordially invited and urged to be present. Students intending to take entrance examinations are hereby notified that they will begin immediately after the opening exercises.

Football Practice Monday afternoon, 4:00 p. m., the S. H. S. football boys will hold their initial practice.

Sanford High School Anticipates Prosperous Year

On the strength of an able faculty and a large student body the prospects of a successful school year are very positive. It is a conservative estimate that predicts a considerably larger student body this term than ever was in attendance at the Sanford High School. This is nothing more than should be expected; Sanford is a progressive city and is growing by leaps and bounds. We live in the best part of Florida and our state is the best in the Union.

The High School Faculty is composed of the following: C. S. Ogilvie, principal; Mrs. R. C. Maxwell, Mrs. Jno. G. Leonardy, Miss Pauline Gordon, Miss Sara Muriel, Miss Ida Gray, Miss Marian Clark. It is earnestly desired that these teachers receive the hearty co-operation of each patron of this school. If this co-operation is given we shall have one of the BEST in the state. The teachers have the best interest of the students and school at heart, and this is not asking anything but what is morally right.

The outlook for the year is a bright one, the war having been won and the "Flu" possibilities being less dangerous. The general unrest caused by the anxieties of the war have subsided, and the advantages of an education have recently been impressed upon our men especially. May this year bring a great success for the Sanford High School.

ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D. Analytical and Consulting Chemist - Professional of Natural Science Emeritus, Rollins College, Florida Private Laboratory of Rollins College Winter Park, Fla., Nov. 5th, 1918

Mr. T. O. Charles, Sanford, Fla., Dear Sir: I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color	Clear	Chlorine	2.5 parts per million
Reaction	Neutral	Total solids	4.80 parts per million
Free Ammonia	00 parts per million	Hardness	21.01 parts per million
Albuminoid Ammonia	Trace	Nitrates	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per cent.; and in finding no coliform or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

On other springs and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water". Yours very respectfully, (Signed) THOMAS D. BAKER

Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

Take CARDUI

The Woman's Tonic Mrs. Mary J. Irvin, of Cullen, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness... I would go for three weeks almost bent double... My husband went to Dr. for Cardui... After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80

A Truly Charming Car, This New Chandler Coupe

SEARCH the whole market of motor cars, you will find no more satisfying closed car of the coupe or victoria type than the new series Chandler coupe. Closed or open, as you may desire or the weather dictate, it is clean and cozy and luxuriously comfortable in all seasons. Upholstered in finest quality silk-plush and with dull silver finish fittings designed in the best of style, there is distinctive character in this car.

The Chandler coupe seats four in perfect comfort, or three when the auxiliary chair is not in use.

Chandler closed cars, because they so clearly express the very best of the coach-maker's art and skill and because they are so fairly priced, will be over-sold throughout the Fall Season.

Despite the largest production in the history of the Chandler Company, the demand for the new series coupe will quickly consume the production for weeks to come. Your early order will be a safeguard against disappointment.

LINCOLN HULLEY FOR GOVERNOR OF FLORIDA

The thoughtful American knows full well that today problems of the most serious import confront the people of the United States. Many economic, social and political questions have thrust themselves upon us in the aftermath of the war and have demanded from us our most intelligent and patriotic consideration. Not since the fateful issues of the Civil War have we been so sorely pressed as a nation. The Treaty of Peace, The League of Nations, the railroad problem, the race question, the relations of capital and labor, the high cost of living, economic radicalism; these and other matters of grave concern now confront us and must be satisfactorily adjusted if we are to escape the perils of revelation and advance by the saner methods of evolutionary reform.

If there ever was a time since the Constitutional Convention of May 1787, when the nation needed intelligent, unselfish, patriotic leadership, that time is today. The age is indeed clamorous for men, men of clear vision, of trained minds, of lofty and unselfish ideals, men who neither fear nor court the exponents of greed and radicalism, men who will meet four square the tremendous issues of our time, and will give themselves with all their mental and moral power, wholly and unreservedly to the service of our beloved country.

We have heard much, but alas, have still seen too little of the "Scholar in Politics." When the drums of war first sounded, in the fateful days of 1914, the Universities of England and France, unostentatiously and with a glorious abandon, gave of their very life blood to the forces marked out for both political and military leadership. And how grandly this was paralleled in our own land after the entrance of the United States into the war! The co-operation of the Colleges and Universities of the country was immediately sought by the government as a means of discovering and developing leadership in all fields of research and activity, and nobly, loyally and whole heartedly did our institutions of learning rise to meet the unprecedented demands upon them. As one of the choicest gifts of the American College to the cause of civilization, Woodrow Wilson has taken his place among the Immortals, and by his highly trained intellect, his thorough knowledge of history, politics and economics, his pure, undiluted Americanism and his passion for democracy has won his right to act as chief spokesman in the parliament of man, and as the prophet of that glorious day when the war drums shall beat no longer and the battle flags shall be forever furled. The "Scholar in Politics" has done his work well and has again shown the wisdom of placing only men of courage, ability and training at the head of our numerous governmental agencies.

The state of Florida as well as the United States, has also many and weighty matters of public concern which demand the attention of every citizen. Do we realize the wonderful advance our state is making? Have we stopped to consider the pressing need for the readjustment and reform of many of our state laws? Do we know that the percentage of the growth of population is greater today in Florida than in any other state east of the Mississippi river? Are we aware of the wonderful future which awaits us as a state, if we construct wisely and well, our social, political and economic foundations? The eyes of the entire nation are turned toward our fair Land of Florida, and a wonder-

ful opportunity to serve is now offered to our men of affairs.

Naturally the most important of- ficed at the coming primary in June 1920 is that of Governor. Who shall be the Democratic nominee for this high office? Several gentlemen are already in the field, and doubtless all of these are men who are sincerely anxious to further the interests of law, order and progress, in every possible way. Still after the most searching investigation into the fitness of each one of the candidates searching investigation into the fitness of each one of the candidates for Governor of Florida, it is apparent that the claims of Lincoln Hulley fairly entitle him to the distinction of being the man best qualified to serve the people of his state as their leader during the critical reconstruction days of the coming gubernatorial quadrennium.

Consider a few of the salient facts in the life of this unusually gifted man. He was born in a home in which plain living and high thinking was the rule, and has never gotten out of touch with the common people, who indeed have always heard him gladly. Accustomed in early life to daily toil with all its deprivations, he soon reached the conclusion that the one necessity which confronted him was the imperative need of a broad and liberal education. At his own expense this was obtained after years of effort and the imprimatur of Harvard and the University of Chicago was placed upon him in the form of highly coveted and deservedly earned scholastic degrees of the highest order.

He then entered upon the work of the Christian ministry, and later upon his shoulders the burden of a College professorship, in both of which spheres of usefulness he attained a marked and immediate success. In his college work his chief interests were History and Political Science, in both of which he is a veritable master. If a knowledge of the past in our national life is of special value in presenting a proper perspective of the needs and duties of the present hour, then Lincoln Hulley is without a peer among the citizens of this state in his ability to act wisely and serve well.

He has spent many years in Florida, as the distinguished president of Stetson University; loves the state and everyone in it, from Pensacola to Key West, has frankly announced that he is connected with no political clique or faction, and that his one object in offering himself as a candidate for governor is his life-long desire to give Florida an absolutely fair, independent and progressive administration. Who could accomplish so desirable a result better than he? A trained thinker, a keen student of the past, a gifted orator, a member of the Bar of Florida, incorruptible in both private and public life, experienced in administrative affairs, a born leader among men, Lincoln Hulley is able to give the people of Florida such an administration as would make his term of office the most memorable in our annals.

A Happy Reunion in Geneva Sunday evening was a happy home for Mr. and Mrs. W. A. Whitecomb and family and Mr. and Mrs. M. E. Dooley and family of Geneva, the occasion being the return of their sons, Sergt. 1st Class Donald Dooley Whitecomb and Corp. Paul Brown Dooley from service overseas. Sergeant Whitecomb served twenty-seven months with Uncle Sam, twenty-four being spent in service in France and Germany. He was with the famous 2nd Eng. Corp. Dooley served twenty-three months, twenty months in France with the transportation branch of the supply service, most of the time stationed at Gievres. Both boys returned in excellent health and are happy indeed to be home. A happy family are the Whitecombs and Dooleys.

Fall Showing Great Success The Fall Showing of ladies' ready to wear and the newest things in the dry goods line at Yowell's last Friday and Saturday was one of the hits of the season. Business houses generally have dodged the regular fall openings this season on account of the irregularities of the markets and the difficulties in getting goods on time but Yowell & Co. of this city have no fears for the present or the future in business and the Fall showing was just a sample of what this enterprising firm expects to bring to Sanford shoppers this season. The Yowell store is one of the finest in this section and the new balcony where the Ready To Wear goods are on display in the latest improved cabinets was a hower of beauty. In fact the entire store was decorated for the occasion and the beautiful new patterns in dress goods and the many articles so dear to the feminine eye were most temptingly displayed under the skillful hands of Mr. Harvard who is an adept in this line. The large store never looked prettier and the ladies who attended the opening Friday and Saturday were loud in their

price of the enterprise and progressive spirit shown by the Yowell store.

The Yowell Co. are featuring their Ladies' Ready to Wear department this season and they have a wonderful display of all the latest styles in coat suits, blouses and cloaks right up to the minute and this department is filling a long felt want in the city.

Arthur Yowell when questioned about his large and elegant display of ready to wear said that "the ladies could not find what they wanted at his store this season it could not be found and this assertion goes for every department of this large establishment.

Yowell & Co. will also do their part in the trading at home movement by offering Liberal prices in the Daily Herald and letting the people of this entire section of the state know what the Sanford store has to offer.

N. C. Four Driven by Ford Motors

The Ford Motor Company has just received official advice from the Navy Department that it was four Ford Liberty Motors—all built in the Ford Motor Company's shops at Detroit, which furnished the power that drove the NC Four to victory in its recent record breaking flight across the Atlantic from Tripessey, Newfoundland to Plymouth, England, a distance of 4,000 miles. They were regular stock motors built during the war as a part of the Ford Liberty Motor production.

Upon his arrival in Lisbon, Portugal, Lieutenant Commander Read said, "The engines functioned perfectly. The engines functioned perfectly all the way from America to Portugal." And American Naval Officers who thoroughly inspected the NC Four upon its arrival at Plymouth, England, stated that the big seaplane was in even better condition than when it left America.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Haarem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Haarem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

ANSWER THE ALARM

Sanford People Should Not Delay

If your kidneys are inflamed, Don't stand around and do nothing. Like a fire it will soon be beyond control.

You will get the alarm in time—Backache, or dizziness or disorders of the urine.

Heed the warning.

Give your kidneys a rest by living more carefully.

Use Doan's Kidney Pills to help stamp out the cause.

Profit by a Sanford woman's experience.

Mrs. Geo. Smith, Route A, says: "It was several years ago that I used Doan's Kidney Pills for backache and other symptoms of kidney trouble. They gave me great relief and helped me in every way. Other members of my family have taken Doan's Kidney Pills with wonderful results, too. I am glad to give this endorsement." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Smith got. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SUPT. T. W. LAWTON EXPLAINS THE SCHOOL BOOK SITUATION

Considerable confusion and apparent distress is resulting from the inability of book agents to secure school books for the many schools of the state. This is by no means a local situation, nor is it merely a county or estate situation. This condition exists all over the state of Florida and in many other states of the union, and is due to the fact that many states have book adoptions during the past summer, thus imposing upon book companies the impossible task of producing new books for thousands of schools, within a few months time. Their task is made harder than ever by the labor condition of the country, as well as by shortage of material and unsatisfactory transportation facilities.

Dr. Mobley, the local agent for school books has been exerting consistent efforts in an almost futile attempt to have books ready for the opening of the city schools, but has met with very discouraging results. He has been unable to obtain a fairly good supply of high school books, and a few of the grammar grade and primary books, but only a very small percentage of his orders. From an order of 2470 books only a paltry 460 have been received. The doctor however is making life miserable for the school depository, and will continue to do so until the children of Seminole county have all the books they need.

Unfortunate as this lack is, still there is no need to be unduly distressed over the situation, as the class of teachers employed in our schools will be able to keep the pupils busy, and grades will be made just as though there were no difficulty of this kind with which to contend.

The following letters from Gov. Catts and the Florida Book Depository, respectively, will throw considerable light on the subject. Let me insist that you read both of these letters carefully.

Respectfully,
T. W. Lawton,
Supt.

"To the Superintendents of Schools and Teachers of the State of Florida:

"A great spirit of unrest is over the state today on account of the superintendent of education and the governor not getting out the usual proclamation based on the recent adoption of the elementary books given to the different publishers for the supply of books for the next five years.

"We desire to state that the enclosed letter is a sample of what these publishers say. You can see from the wording of this letter that all of the publishers are in the same

condition; that is, they are unable to furnish the books at the present time. Therefore, any and all statements having been made by any one in authority relative to the prosecution of any teachers or schools using such books as they now have on hand until the proper books can be supplied, may be disregarded.

"Just as soon as these book concerns can furnish the elementary books which have been adopted, the superintendent of education and the governor will get out the usual proclamation, and not until this time as we have no basis on which to issue said proclamation at the present time.

"Yours very truly,
"Sidney J. Catts,
"Governor."

"Florida School Book Depository, Union Terminal Building, Jacksonville, Fla.

September 10, 1919.
"Supt. W. N. Sheats,
Tallahassee, Fla.

"Dear Mr. Sheats—We wish to assure you that the publishers, as well as ourselves, are doing everything physically possible to supply Florida with the new elementary adoption. Practically every agent has been supplied with the books, and a few of the elementary books.

"According to report received from the various publishers, every bindery and printing press east of the Mississippi river is working on this adoption. Furthermore they are working day and night shifts, and you can readily see that the publishers are exerting every effort to have the books reach us at the earliest possible date.

"We assure you we will do our very best.

"Yours very truly,
"Fla. School Book Depository,
By Louis M. Brown, Manager.

Big Time at New Smyrna

The Auto Club of New Smyrna entertained yesterday at a fish fry and general good time in honor of visitors from Orlando and Sanford and nearby cities and towns. The fish fry was to have been at the old fort and all arrangements had been made there but a heavy downpour of rain prevented this and the party was held in the dining rooms of the Ocean House which was generously donated for the occasion by those in charge.

About fifty people sat down to a feast such as only the New Smyrna people can prepare and as they have fifty seven varieties of fish and sea foods they can serve something good any time of the day or night. They had delicious fish chowder, fried fish and sweet potatoes, olives and pickles, potato salad, hot coffee and ice cream and cigars for the men. Dr. David Foster acting as toastmaster, then called upon Judge Cheney and P. A. Van Valkenburg of the Orlando Auto Club and Hon. Forrest Lake and R. J. Holly of San-

ford for short talks and all of them responded, pledging their support at Osteen Ferry, better roads to New Smyrna and to boost for Coronado Beach. A most pleasant hour was spent at the banquet and when the guests arose they knew that they had been somewhere to feast. The Boy Scouts Band furnished music for the occasion.

After a time of sightseeing and shaking hands with many old friends and new ones the Sanford delegation pulled for home thoroughly imbued with the idea that Smyrna people are the best on earth and certainly know how to entertain.

Those attending from Sanford were Hon. Forrest Lake and daughter, Maude, and Mr. and Mrs. R. J. Holly and daughter, Mildred and Fred Williams.

Announce Wedding

The following announcement of the approaching wedding has been received by many friends of the contracting parties in Florida:

Mrs. Joseph Newton Whitner requests the honor of your presence at the marriage of her daughter, Annie Caldwell to Mr. Joseph Carson Hutchings, Jr. on Tuesday, the seventh of October at high noon, First Presbyterian church, Sanford, Florida.

Book on New Smyrna

Miss Carita Doggett of Jacksonville has just finished a book on Florida history paying special attention to the early history of New Smyrna. The book will be issued from the publishing house in a few weeks and will be on sale in Sanford at the book stores. Miss Doggett is a niece of Mr. and Mrs. F. P. Foster of this city and is prominent in social and literary circles in the state.

WILSON INVADES HOUSE OF FOES

CARRIES HIS BATTLE FOR LEAGUE OF NATIONS INTO HOME OF HIS ENEMIES.

GIVES COST OF GREAT WAR

informs Them of Lives and Treasure Poured Out to Save Civilization.

(By Mt. Clemens News Bureau)

Aboard President Wilson's Special train—Carrying his war against those who oppose the adoption by the United States of the peace treaty and the covenant of the League of Nations into their households, President Wilson last week invaded California.

And there, where the question on which league opponents have hammered the hardest, that of Shan Tung—of most interest, the president found the same enthusiasm among the people for peace and for insurance against future wars. The people want the long controversy ended. They want this country to be able to again turn its undivided attention to social, economic and industrial development. Their leaders may not feel this way, but judging from the expressions which met the president on every side, the leaders have overstepped the limits of the people's patience in their stubborn determination to force a change in the front document.

Must Take This League.

"We must take this League of Nations," said the president, "for there is no way in which another can be obtained without compelling reconsideration by the powers. And it would sit very ill upon my stomach to take it back to Germany for consideration."

"All over the world people are looking to us with confidence our rivals along with the weaker nations. I pray God that the gentlemen who are delaying this thing may presently see it in a different light."

Germany, the president declared, is taking new courage from our delay in ratifying the treaty and her newspapers and public men were again becoming arrogantly out-spoken.

Deeply impressive were the figures of the cost of the late war, in lives and dollars. It was the first time that the official statistics have been made public and the tremendous totals shocked the president's audiences.

Shows Cost of World War.

"The war," said President Wilson, cost Great Britain and her Dominions \$35,000,000,000; France \$26,000,000,000; the United States \$22,000,000,000; Russia \$15,000,000,000; Italy \$12,000,000,000; and a total, including the expenditures of Japan, Belgium and other small countries, of \$123,000,000,000.

It cost the Central Powers as follows: Germany \$29,000,000,000; Austria-Hungary, \$21,000,000,000; Turkey and Bulgaria \$3,000,000,000.

"The United States," the president said, "spent one million dollars an hour night and day for two years in its struggle to save civilization. All this, however, fades into insignificance when the deaths by battle are considered, declared the president. Russia gave 1,700,000 men; Germany 1,600,000; France 1,300,000; Great Britain 900,000; Italy 260,000; the United States 160,000. In all, almost 7,500,000 men perished in the great struggle, or 1,500,000 more men than died in all of the wars of the previous 100 years.

Should Remember Recent Horrors.

"These are terrible facts, and we ought never to forget them. We went into this war to do a thing that was fundamental for the world and what I have come out on this journey for is to determine whether the country has forgotten or not. I have found out. The country has not forgotten and it will never permit any who stands in the way of the fulfillment of our great pledges, ever to forget the sorrowful day he made the attempt."

Arbitration and discussion, the president pointed out, must replace force of arms in the settlement of world controversies. Constantly he dwells upon the fact that all the nations in the League agree to do one of two things, first to submit their differences to arbitration, in which case they agree to abide by the decision rendered, or, if unwilling to arbitrate, to have their case discussed by the Council of the League, in which case six months is granted for discussion. Three months must elapse following the result of this last step in arbitration before the nation concerned can declare war.

Holds Out Hope For Ireland.

The president took advantage of questions propounded by the San Francisco Labor Council to give the inference that he believes Ireland can bring her case before the League of Nations for settlement when the League is actually in existence.

Shan Tung, he declared, will be returned to China. Japan, he said, had given her solemn pledge to that effect. And with the League of Nations in force, said the president, we can, if occasion arises, stand forth and say, "This shall be done."

Growers Must Get In or Stay Out Membership in the local association of the Florida Citrus Exchange in this territory will be absolutely closed September 30 according to L. A. Haker of Orlando, manager of Orange county.

Announcement that this generally would be done over the state has been made in Tampa within the last sixty days, the directors of the Florida Citrus Exchange have taken action to that effect some time ago. This rule, it is said, is to be enforced in this section with great strictness, as it likewise will be enforced in every other section where the Exchange has packing houses.

There are said to be two reasons for this ruling. One is because a definite closing date will better enable managers of packing houses to estimate the amount of fruit they will have to handle and make proper preparations therefor. The other is because it has been found previously that some growers in some localities have rather gotten the habit of playing the Exchange against fruit speculators in the sale of their crops. If a good offer was received from the speculators it possibly would be accepted, while if no acceptable offers were made the fruit would be turned through Exchange channels. This has led to great dissatisfaction in Exchange ranks at times. Now it is proposed growers shall definitely make up their minds whether they will market their fruit through the big co-operative organization or will stay out. In the latter event they must depend solely on offers from speculators for the sale of their fruit. This rule is one of long standing, being incorporated in the by-laws of each association of the Exchange. However, it has up to now been rather a dead letter and has not been observed. Beginning with this season it is proposed to enforce it very rigidly all over the state; and it is said that hereafter it may be expected to be enforced each season.

Tabbing the Time

Manager Haight of the Overland Sales & Service Co. on his recent trip north took dots on many new wrinkles in the operation of an up to date garage, among them being the keeping of the exact time on car repairs. He has installed a time keeping machine that is punched by the employees on the same plan as the time clock in the larger factories and now when repairs are being made on a certain car the exact time is kept on a printed slip showing to the customer just what time has been spent on his car and showing the business office just what time has been spent on the car without any chance for a mistake. Since time means money in garage work the new plan of Manager Haight will meet the approbation of the patrons of the Overland Sales & Service Co. and it is much to eliminate any controversy about the time taken for repairs.

Kindness Makes for Service.

It was once commented upon by Joseph F. Smith that, wherever men are kindest to their animals, there do those animals give the best service to men. As example, the writer cited Holland and Denmark, where the utmost affection and care are bestowed upon the cows, which there give freely of their milk, and the dairy industry flourishes.

Hardener of Steel.

Molybdenite, chiefly found in Tasmania, is used for a variety of purposes, but its principal value is in the manufacture of steel to which it gives a hardness and toughness that makes the steel suitable for use in propeller shafts, guns and boilers.

Labor Saving.

A novel device which feeds tacks into position to be driven by a hammer is equipped with claws to draw carpet or anything that is to be fastened tight.

Rally Day at M. E. Church

The members of the Methodist Sunday school are planning a big Rally Day for Sunday, October 5th at 10:30. They expect 500 men, women and children in Sunday school on that day and judging from past performances they are very apt to get what they go after.

Arrangements are already made for a house to house canvass before Rally Day by the members of the school and every man, woman and child near Sanford will be invited to attend Sunday school at the M. E. church on that day, unless they are already attending some other Sunday school in the city.

Effect of White "Moonshine"

The moonshine that is easily attainable hereabouts has a decided advantage over the old red water of joy. You can take a swig of the white, go home, open up all the windows, blow your breath around the room one time vigorously and, presto, every skeeter balls the jack out in the open air with one foot over his upturned nose, when you close the windows, retire with all your clothes on (you forget to take 'em off) and are dead to the world till the boss sends the office devil around about ten a. m. next day to know whether you are sick or on a strike, knowing full well all the time what's the trouble. A little of that white goes a long ways.—St. Augustine Record.

NO HIGHER RATE

Tariffs on Fruits and Vegetables From Florida Points Senator Fletcher is in receipt of the following from Director Chambers of the Traffic Division U. S. Railroad Administration:

"The Administration does not at the present time contemplate any increase of fruits and vegetables from the Florida territory. Perhaps your correspondents have reference

to the rumors that existed several weeks ago, to the effect that there was to be another general increase in freight rates made by the Administration. You will doubtless recall that the Director General made a statement several weeks ago that no general increase was in contemplation at this time, but, of course, it cannot be definitely stated at this time what may be done in the future."

Every Dot represents Ten Satisfied Delco-Light Users

More Than 75,000 Satisfied Users

DELCO-LIGHT was designed and built by men who were raised in farm homes—who experienced the discomforts and inconveniences of farm life—and who set out deliberately years ago to develop an electric plant that would provide city advantages for rural communities.

They were the same men whose engineering talent had made DELCO Starting, Lighting and Ignition Equipment for automobiles the standard of the world—

They knew electricity—and they knew the needs and limitations of farm life—

They knew that an electric plant to give service in a farm home must be simple, so that it would not get out of order and require complicated repairs—

It must be easily operated and require little attention—

It must be very economical in operation—

It must be built to stand hard usage and it must last indefinitely—

It required five years to develop a plant that would measure up to these specifications.

There were five years of hard engineering effort back of DELCO-LIGHT before the first plant was put on the market three and a half years ago.

Today DELCO-LIGHT is furnishing the conveniences and comforts of electricity to more than Seventy-five Thousand farm homes.

It is providing an abundance of clean, bright, economical electric light for these homes. It is furnishing power to pump water, operate washing machine, churn, separator, vacuum cleaner, electric iron, milking machine, and other small machinery.

And everywhere it is demonstrating its wonderful efficiency—and actually paying for itself in time and labor saved.

DELCO-LIGHT

A complete electric light and power plant for farms and country homes, self-cranking—air cooled—ball bearings—no belts—only one place to oil—Thick Plates—Long Lived Battery—RUNS ON KEROSENE
