THE CARD OF THANKS Very often a Card of Thanks in The Santord Heraid menta a need which is difficult to fill in any other way. Not only is it a gracious expression of gratitude to those who have sent floral tributes but also courte-ually acknowledges the services and kind-nesses of the many to whom a personal note of thanks cannot well

Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on eliquelta, feels they serve many

There is no prescribed form for a Card of Thanks, it can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to

THE "IN MEMORIUM" NOTICE It is the custom of many families in this country to commemerate a bereavement by an "in Memorium" notice in newspaper classified columns. They find a real solace therein Preparation of selection of a suitable verse brings back to them tender, pleasant recollections. As Eliza Cook, the English poet has so beautifully

expressed it:
"How cruelly sweet are the echoes

that start

What memory plays an old tune
on the heart."

Most frequently an in Memorium is inserted on the anniver-

sary of death. However, other dates, which it is felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christman are among other significant occasions chosen.

If you are hestiant to express your tender thoughts in poetle form, you may avail yourself of the Herald's collection of original verses. These express in poetic beauty the emotions of the heart-strings. Among them are verses appropriate to any circumstance.

THE RATE. Cards of Thanks and in Memorium notices, due to the fact they may run to considerable length, are billed at \$1.00 per column lack.
