SUBMARINE S-51 BEING TOWED TO BROOKLYN YARD

All Going Well With Convoy Says Message Early Today; Officers Expect To Dock Vessel Wednesday Morning

ABOARD U. S. S. VESTAL,
Fishers Island, N. Y. By wireless,
July 6.—(AP) All is going well
with the convoy that is escorting
the submarine S-51 on the trip
from Block Island to the Brooklyn
Navy Yard where navy officials
expect to dock her Wednesday
morning.

Buoyed by the huge pontoons
that wrenched her from ocean bed
220 fathom deep, the submarine is
being towed approximately five
miles an hour through Long Island
Sound.

On arrival at the dock yard, men
with acetylene torches will burn
their way into the steel hull to re-
trieve the bodies of the craft
who met death aboard the craft
when she was rammed and sunk
by a steamer 14 miles off Block
Island on the night of Sept. 25,
1925.

Rain and fog enveloped the cor-
tège when it reached a point off
Falmers Island, near Guilford,
Conn.

NEW YORK, July 6.—(AP)—
Bearing the bodies of some of its
crew, the submarine S-51 was on
its final journey today. It was
being towed at Long Island Sound,
from Block Island to New York.
The ocean corège, with the
minesweepers Falcon and Vestal
as honor pall-bearers, was headed
for the Brooklyn Navy Yards,
where the S-51 will be put in dry-
dock and its dead brought forth.

Several days ago McGraw received
an unsigned letter directing him
to take \$500 to the Jacksonville

a package with the clerk with the
notation "to be called for." The
letter contained a threat of death
if the demand was not complied
with. McGraw sought the aid of
special agents of the railroad and
post office inspectors. A false
package was prepared and post of-
fice inspectors said Kendal was ar-
rested when he called for it.
He will be given a preliminary

MAN KIDNAPED AND SUBJECTED TO OPERATION

John O'Neill Of DeLand Is Lured To Hotel, Then Kid- naped By 6 Unmasked Men And Left On Orlando Road

Operation Is Crude, Says DeLand Doctor

Victim Rushed To Hospital In Orlando; Sheriff Will Make No Statement In Case

DAYTONA BEACH, Fla., July
6. (AP) John O'Neill, 27, build-
ing inspector of the city of De-
Land, lured to a hotel in DeLand,
Saturday night was kidnaped by
six unmasked men, whisked away
in a closed car, subjected to sing-
ing and left on the road, between
Winter Park and Orlando, accord-
ing to information reaching here
today.

O'Neill was picked up at 10 o'-
clock Saturday night by a pass-
ing motorist and rushed to an Or-
lando hospital. He was returned
to DeLand Sunday. O'Neill is un-
married.

"Dr. H. West, DeLand physician,
said the operation was performed
in a crude manner."
O'Neill is said to have been en-
lured by the Orange Hotel in DeLand
by a telegram sent to a Jackson-
ville to him which was signed "E. A.
Richardson." The telegram was
reported to have said "have your
representative meet me at the
Oaks Hotel Saturday night at 8
o'clock. Important business trans-
action concerning real estate deal."

Another telegram with the same
signature and also sent from Jack-
sonville was received at the Oaks
Hotel. It requested the reservation
of a room on the northeast
corner, lower floor of the hotel.

O'Neill went to the hotel several
times between 4:30 and 8:30 p. m.,
Saturday. It was reported here.
When he entered the room, he was
struck on the head with the butt
of a revolver. The victim prob-
ably was taken through a
screened window to an adjoining
porch, and thence to the automo-
bile.

Sheriff E. S. Stone, over long
years, declined to give informa-
tion as to the cause or what action
the sheriff's office is taking.

Left Hospital On Sunday
ORLANDO, July 6.—(AP)—John
O'Neill, building inspector of
DeLand, who was found on a road
about seven miles from Orlando
early Sunday morning suffering
from an illegal operation, and who
was taken to the Orange General
Hospital, left that institution the
same day, attaches at the same
hospital said today.

O'Neill was picked up by three
young men who were returning
from a dance near the spot where
he was presumably tossed from a
speeding automobile. According
to his story to Police Capt. J. W.
Durant at the hospital, O'Neill re-
membered nothing between the
time he says he was struck on the
head in a DeLand hotel and the
time he awoke along the road.

Hit With Blunt Instrument
He said five men entered his
room at a DeLand hotel, struck
him over the head with a blunt in-
strument and from then on he was
unconscious.
O'Neill, still in a semi-conscious
condition Sunday morning told
three conflicting stories to Lieut.
Durant at the hospital. O'Neill re-
membered nothing between the
time he says he was struck on the
head in a DeLand hotel and the
time he awoke along the road.

Attendants at the hospital here
said that the operation had been
highly successful from a medical
point of view and that the work
evidently was that of an ex-
perienced surgeon. No action on
the case was taken by local police.

Prominent Welfare Worker Will Spend Week In Sanford

Major L. A. Odum, state super-
intendent of the Volunteers of
America arrived in Sanford today
to spend a week in the interest of
welfare work in this city.

At Jacksonville an institution is
being conducted in behalf of unfor-
tunate girls and babies without any
consideration of pay, Maj. Odum
said. These girls are received from
every county throughout the state
and helped as long as may be ne-
cessary.

One of the noteworthy features
of this department is the many
babies born which must in most
cases be held for adoption owing
to the extreme youth and financial
condition of their mothers, Major
Odum said.

Those interested in the adoption
of a baby may address Mrs. L. A.
Odum, Post Office Box 74, Jack-
sonville.

Andrews Still Undecided Whether To Quit As Head Of Dry Enforcement Unit

WASHINGTON, July 6. (AP)—
Assistant Secretary Andrews,
chief of the prohibition enforce-
ment service, promised his su-
perior today he would stick to
his post until he has finished
reorganization of the dry forces.
After two conferences today
with Secretary Mellon, General
Andrews announced he would
not resign.

WASHINGTON, July 6.—(AP)—
Assistant Secretary Andrews,
in charge of prohibition enforce-
ment, said today he has not de-
cided whether he will resign.

He indicated, however, that he
was not discouraged over the
outlook as he had been last week,
when his dismissal had been
seriously considered giving up
the job, partly because of dis-
appointment at the failure of
congress to pass legislation he
considered necessary to proper
prohibition enforcement.

After a conference with Sec-
retary Mellon, Mr. Andrews said
things were in "status quo," and
added that "it seems reason-
able to believe that at its next
session congress will be able to
complete its consideration of the
legislative program proposed at
this session by the treasury de-
partment."

COMMERCE BODY HEAD REQUESTS LEASE FROM CITY

Commission To Consider Plans For The Erection Of New Chamber Of Commerce Building On Lake Shore

Plans for the erection of a
Chamber of Commerce building on
city property near the lake
shores was introduced at the regu-
lar meeting of the City Commis-
sion this evening by E. A. Dou-
glass, president of the commercial
body and sponsor of the idea of
building a modern meeting place
where the Chamber and other civic
clubs could meet weekly for their
luncheon meetings.

According to Mr. Douglas's
plans, Chamber of Commerce offi-
cials ask the cooperation of the
city governing body in obtaining a
lease on the property adjacent to
the City Hall. Funds for the erec-
tion of a handsome structure in
keeping with the appearance of the
City Hall and the new jail will be
secured through the insurance com-
pany, according to Mr. Douglas.
Following his outline of the pro-
ject, Mr. Douglas was requested
to put his proposition in writing
for consideration at the next meet-
ing of the Commission.
Several matters of routine busi-
ness were disposed of.

worth of Lake Monroe School
bonds were purchased by the First
National Bank this morning at
par with accrued interest, the next
nearest bid being one of \$4,000,
submitted by Prudden & Co., of
Toledo, O.
The bonds were authorized by
School Tax District No. 6 to de-
fray expenses of a four room ad-
dition to the Lake Monroe school,
and the erection of a new colored
school at Hookertown on a four lot
site donated by P. J. Wainwright,

Rotarians To Erect Welcome Signs At Entrances To City

The Sanford Rotary Club will
place Rotary welcome signs at
the north, south and eastern en-
trance to the city, according to a
decision reached at the weekly
luncheon meeting of the organiza-
tion held today in the
Seminole Grill with a number of
visitors present.
The psychological value of the
signs to the city's reputation for
hospitality was deemed more than
sufficient to justify the negligible
expense attending their erection,
and club members were unanimous
in their decision to have the signs
located within the very near fu-
ture.

MONTICELLO IS NOW SHRINE OF U. S. FREEDOM

Historic Landmark, Home Of Thomas Jefferson, Twice Offered For Sale To The Government By Its Owner

Interesting Facts Given In Records

Jefferson, Troubled By His Heavy Debts, Desired To Sell Place By Lottery Plan

CHARLOTTESVILLE, Va., July
6.—(AP)—Monticello, the home of
Thomas Jefferson, which yesterday
became a shrine of American In-
dependence when it passed from
private ownership to ownership of
the people, twice was offered for
sale to the nation and the proffers
refused, records of the Thomas
Jefferson Memorial Foundation
show.

The estate was purchased by the
Memorial Foundation from Jeffers-
on Levy, of New York, for half a
million dollars and yesterday, on
the Sesqui-Centennial anniversary
of the signing of the Declaration
of Independence by Jefferson, pre-
sented to the American people
with appropriate ceremonies.

One hundred and ten years ago,
troubled by debts, Jefferson asked
leave of the Virginia legislature to
dispose of the estate by lottery.
The offer was refused.

Finest Home In America
In a letter to a friend, Jefferson
cited the physical properties of the
plantation. At the time of its con-
struction, Monticello was the finest
social home in America. Foreign
dignitaries visiting the country
were taken to Monticello and en-
tertained.

Three years before Jefferson died,
moves were inaugurated in
different cities of the country to
raise funds to pay off his debts.
New York raised \$15,000, Balti-
more supplied several thousand
more, and other cities brought the
fund to about \$40,000.

This sum, however, was insuffi-
cient, and a few years later the
home was sold to the Berkley fam-
ily. The estate was about to be
divided when Commodore Levy
bought it. Tradition says the pur-
chase was made after Levy re-
marked to President Jackson
"someone should buy Monticello
for the country." According to the
story, President Jackson gave
Commodore Levy a "facious order
to buy it."

Offered Home To Government
In his will Levy offered Montic-
ello to the United States govern-
ment on condition that it should
supply funds for the maintenance
of the estate as a free agricultural
school for boys. In the same
article and under the same condi-
tions, the estate was offered the
state of Virginia and the Portu-
guese Synagogue of New York,
should the government refuse.

No action was taken. The war
between the states went over the
head and Monticello was confis-
cated by the Confederacy with the
view of establishing here a "White
House" for the new Confederation.
These plans were abandoned
when the south crumbled, and
Monticello was invaded by squatters
during the reconstruction.

Several years after the war,
Jefferson Levy, a nephew of the
Commodore, determined to pur-
chase Monticello as a national
shrine to set aside the fact that
when it was sustained the property
passed to Levy under a partition
sale.

Spent Big Sum On Repairs
Levy expended several hundred
thousand dollars in repairs and
opened the home to visitors. Fif-
teen years ago, Mrs. Martin W.
Littlehorn, a correspondent for a
New York newspaper, expressed a
desire that Monticello should be
made a national shrine.

The article created comment and
she instituted a campaign of edu-
cation which continued until a bill
was introduced in congress to de-
clare the estate government prop-
erty.

Thirteen years ago the govern-
ment of Virginia was authorized by
an unclaimed person to offer Levy
a million dollars for the estate, but
Levy declined to sell. All activi-
ties toward the creation of a shrine
at Monticello were suspended dur-
ing the World War but immediately
afterward a number of movements
were instituted, none of which,
however, produced results.

City Government Of Hollywood Declared To Be Constitutional

TALLAHASSEE, July 6.—(AP)—
The constitutionality of the city
government of Hollywood was up-
held today in a decision by the
state supreme court.
The validity of an act of the
Legislature granting Hollywood a
charter and naming the first offi-
cers was attacked in the proceed-
ings before the court on the ground
that it was a violation of the prin-
ciple of self-government.
The opinion of the Supreme
Court, by Justice J. B. Whitfield,
however, held that the constitution
vested in the Legislature authority
to pass such an act.

JULY TERM OF COUNTY COURT IS CONVENED TODAY

Unusually Light Docket Is Before Judge J. G. Sharon; Many Cases Continued Due To Absence Of Witnesses

The July term of County Court
opened this morning with Judge
James G. Sharon on the bench and
only 23 cases up for disposal, the
majority of charges dealing with
simple assault and minor violations
of the prohibition laws.

The case of the state versus Dr.
C. J. Marshall, charged with as-
sault, was nolle prossed, and a
majority of others continued due to
the absence of witnesses.

Barlow Fosse, accused of assault
avoided trial by entering a plea
of nolle contendere, and was sen-
tenced to pay a fine of \$5.

Robert Black, charged with reck-
less driving, entered a similar plea
and was also assessed \$5.

Ruben Foster, accused of ag-
gravated assault upon the person of
R. J. Rucker, went on trial shortly
before noon. The plaintiff told the
court that Foster has attacked him
with a knife in Goldsboro following
an altercation over family affairs.

Testimony refuting this statement
and tending to show that Rucker
had drawn a gun on the defend-
ant, occurred the afternoon of the
case, well into the afternoon.

enting attorney.

VARE MANAGER FAILS TO SHOW UP AT HEARING

Chairman Threatens To Have A Warrant Sworn Out For Morin Unless He Appears

Pinchot Hired 600 Men, Says Walnut

Pepper Had Watchers Who Did Not Work, Witness Testifies

WASHINGTON, July 6
(AP)—Representative John N.
Morin, western campaign
manager for Representative
Vare in the recent Pennsylv-
anian senatorial primaries,
failed to put in an appearance
when the senate campaign
funds investigating commit-
tee met today and Acting
Chairman King threatened to have
a warrant issued for him.

When Morin did not respond to
his name, Senator King announced
that he had telegraphed him yester-
day to be here.

"Find out where he is," the act-
ing chairman told the secretary of
the committee. "We will have to
issue a warrant for him if we can-
not get him here any other way."

600 Watchers Employed
Resuming its inquiry, the com-
mittee was told by T. Henry Wal-
nut, a Philadelphia lawyer, that
600 paid watchers were employed
at the polls in Philadelphia by the
organization of Governor Pinchot
in the race for the senate.

Walnut, who was Philadelphia
manager for Pinchot, said \$5
was paid for women watchers and \$10
for the men on the theory that
the men were the more valuable.
The witness estimated that "the
Republican organization," which
supported Vare had approximately
15,000 paid watchers in Philadel-
phia. Senator Pepper's organiza-
tion undertook to employ watch-
ers at all the polls but did not get
the benefit of their services.

Walnut added:
"Paid for Peppers, Drew Blanks"
"The Pepper organization as
far as you observed, paid for pris-
ers and drew blanks," asked Sen-
ator Goff, Republican, West Vir-
ginia.

"I would say to a very large ex-
tent," the witness returned.
Walnut said his organization col-
lected \$29,327.81 and expended
\$24,506.00.

He has heard that some of
those reputed to be connected with
the liquor interests had made con-
tributions to the keystone state
primary funds.

In addition to Morin's testimony,
a variety of other matters lay
before the committee, having been
carried over from last week, when
the adjournment of Congress and
the impending holiday caused it
to suspend its labors until today.

These included a decision on the
question of publishing the name of

ing of a date for beginning the in-
vestigation of the Illinois Republi-
can primary in which Senator

Wayne H. Wheeler, general coun-
sel of the Anti-Saloon League, has
opposed the spreading of the con-
tributor's names to the committee
record. Their gifts were not
political contributions, he contended,
and the publication of these
names, gathered by the commit-
tee's agents during an examination
of the league's records at West-
erville, Ohio, might cause them
annoyance.

Governor Is Determined To Make State Highways Safe For The Motorists

TALLAHASSEE, July 6. (AP)—Governor John W. Martin, of Florida, is determined to "make the highways free for motorists," if it is the last official act of his emphatic one, came following re-administration.

The governor's statement, an excerpt at the executive offices of complaints from numerous sections of the state that automobiles had been detained upon the public roads, charged with some petty violation of the traffic law, and bonds demanded. When the bonds were not forthcoming, the governor said, the alleged offenders have been taken to jail, or before a justice of the peace, where fines—in many instances extortionate ones—have been imposed, and the motorist held until they were paid.

Governor Martin is firmly convinced, he stated to newspaper men here, that the motorists are being treated in such fashion simply for the private gain of the arresting officers.

"It is just a means of swelling the revenue of petty officials, and it is going to stop, if it is the last thing I do."

The governor's ire, already kindled to smoldering heat by earlier complaints, burst forth when J. Coby, of Miami, wrote through his attorneys, Thomas F. Lyons, of Rockledge, that he had been held up on the highway, taken before Justice of the Peace W. Hinkle, of the Cocoa district, and fined \$25.00. A check was tendered, but Judge Hinkle demanded security.

Mr. Lyons wrote, and Mr. Coby's watch and chain, valued at \$150.00, with 50 cents with which to insure it when returned through the mails. The watch and chain, Mr. Lyons' letter charged, was never returned.

The justice of the peace, when called upon for the watch and chain, stated, the attorney said, that they had been returned to Mr. Coby in a tobacco can, as was always done under such circumstances.

The governor promptly wrote the justice of the peace that he would expect an explanation as to why jewelry was being taken as security, when motorists were arrested, and the executive then gave notice that such a procedure would not be tolerated from any state or county official during the Martin administration.

Governor Martin as already declared that he would seek legislation, at the 1927 session of the lawmaking body, which would be directed against the detention of motorists on the public highways for petty infractions of the traffic laws. The executive also, in a

letter recently to Karl Lehmann, general secretary of the Orlando Chamber of Commerce, stated that he would like to see the cooperation of all the chambers of commerce of the state in ensuring the motorist the freedom of the highways. The executive stated that he was convinced that "the motorists are being made the victims of swindlers, and the law is being used for robbery and piracy."

"I know of nothing more calculated to do the State more injury," Governor Martin said, "than the unwarranted arrest of people and imposing of exorbitant bonds and fines on them."

The governor, in his statements to newspapermen on the subject, has made it plain that he does not advocate speeding or reckless driving on the highways, at the risk of life and limb, but that he is opposed to the activities of petty officials, who he is waiting for the automobilist, and who take a mercenary view of the traffic laws for the purpose of extorting huge bonds and fines.

Honesty, Truthfulness, Square Dealing

The wonderful success of the Lake Jessup Land Company and the Entzminger is due largely to the unquestioned honesty, truthfulness and square dealing in its policies.

We shoot straight. We tell the truth regardless of whether it means a profit or a loss to us. We safeguard the other fellow's interest more zealously than we do our own.

In the boom days great numbers were engaged in sky-rocketing prices, and we have continuously fought against the unreasonable raising of prices. We have repeatedly refused to sell properties that were over priced. We have repeatedly sold our own properties at less than we could have gotten them, and we still have a great deal of desirable properties including developed and undeveloped acreage at ridiculously low prices. We have many miles of frontage on roads built and to be built, including considerable frontage on State Road No. 3 now in course of construction. We have many miles of lake frontage.

We know Florida all over. We know there is not a more desirable location in the State than this section. We know that our prices are reasonable and we offer you the advantage of our knowledge.

If you want properties of any kind, call on us, and be assured that you will get value and that you will be treated squarely and fairly at all times.

There never was a smoke pleasing as Camel

IN LIFE'S supreme moments no cigarette can compare with Camel. No other cigarette ever was made so good, for Camel excellence is the result of skill. Skill in finding the world's choicest tobaccos—in blending, as only the world's largest organization of experts can.

From the beginning Camel took its stand on the quality platform, and nothing could ever induce its makers to change Camel tobaccos. No expense is spared, no care is too great to make Camel the world's most satisfying smoke, regardless of price.

In popularity with smokers, no cigarette made can touch Camels.

Camel quality has been rewarded with the greatest demand, the largest sales any cigarette ever enjoyed. Since smoking began, there was never such a growing preference as for Camels. Camel rewards its friends with enjoyment that never ends, for Camels never tire the taste, simply never leave a cigarette after-taste.

If you have never tried Camels, if you do not know how good, how satisfying a cigarette can be, we invite you to try them now for the utmost in smoking pleasure. Have the best that's made—we invite you—

Have a Camel!

Department Take Steps To Systematic Marking Of Roads

TALLAHASSEE, Fla., July 6.—The Road Department is step forward now in a systematic highway marking program. An order for the necessary directional, distance and caution signs went in some time ago, and they have already been delivered, Dr. Hathaway said. Not only will mile posts, indicating the distance between the main points at the termination of the highways and distance to the nearest intermediate points, be erected, he said, but those calling attention to curves, crossings and other danger points. Principal streams crossed will be designated, with the name of the stream.

Mr. Cannon has already finished Road Number 1, and immediately began the work of logging the other highways. Not only was Road Number 1 logged, but all the intersecting highways.

Dr. Hathaway predicted that the actual placing of posts and signs would begin by August 1. Special trucks and other equipment will then be placed upon the highways for that purpose, he stated.

Will Meet Monroe County To Feature Get Road And Motor Vehicle Tax Funds

TALLAHASSEE, July 5 (AP)—With the closing of the fiscal year at hand, the state comptroller will shortly authorize the payment to Monroe county of its motor vehicle and state road tax collections provided for in a law passed in 1921.

Monroe county is the only county of Florida, and possibly one of the very few of the country for which such a concession is made, it was pointed out here.

Section 1 of the act provides that all money raised from the state road tax shall be returned to the Monroe county commissioners for erecting and maintaining the highways of the county, saved from the registration fees and license tax for motor vehicles in Monroe county, less the cost of the collection, must likewise be returned for the same purpose.

The state treasurer is authorized under the law to deduct all costs of collection of taxes and the comptroller to draw up a warrant on the treasurer, in favor of the board of commissioners, for the remainder of the taxes, and the treasurer to pay it out of any fund in the treasury not otherwise appropriated.

Monroe obtained the concession, it was stated, because of the fact that at that time there was no state road upon which to spend the tax collections.

Sarasota \$65,000 to be paid during next six months, in regular advertising of city.

St. Petersburg Building permits issued here for first 5 days of June, totaled \$160,000.

STEWART'S WASHINGTON LETTER

BY CHARLES P. STEWART
WASHINGTON—Minnesota has two really remarkable representatives in the United States Senate—Henrik Shipstead and Thomas D. Schall.

Each is an unusual man, and they present a striking contrast.

Shipstead, the senior as a senator, though junior in years to the long former labor reformer, Schall is third.

Shipstead is a radical; Schall a conservative, in the political sense. It is apparent that the state would have lost to the nation a pair of such different and valuable talents.

At least the people who are interested in them will find it worth their while to read the following.

Shipstead made his initial speech on the Senate floor a few days ago—his first in Congress, for he served his terms as a representative, but his first in the upper house.

It was a masterpiece.

Schall ran over Magnus Johnson in the election of 1924 and Magnus had a contest. It dragged along until the day Schall made that speech. A resolution which was adopted had been introduced declaring to contact all off and Schall had to his Senate seat.

Schall at the time had expected to put Johnson up, but he thought about it and decided to contact his election.

Work started on new junior high school.

Charge Against Doty Reduced Considerably By French Officers

BEIRUT, Syria, July 6.—(AP)—The serious charge of desertion from the Foreign Legion against Bernard J. Doty of Memphis, Tenn., has been reduced to the infinitely less serious charge of absence without leave with extenuating circumstances. Doty was fighting for France against the Rebel Druze tribes.
 The new charge carries a penalty of imprisonment from six to eight months at the most, in the event of conviction. The death penalty is the maximum penalty for desertion under fire.
 Doty, who is 25 years old, served in the World war and was praised by his commanding officer here for heroism at the capture of Souville.
 He was to have been court-martialed tomorrow, but the trial has been postponed indefinitely. A semi-official explanation is that he was captured by Druze Rebels while absent without leave and held prisoner by them.

CELERYMEN AND COLTS SPLIT HOLIDAY BILL

BEN CANTWELL IN RARE FORM IN FIRST GAME

Sanford Ace Allows But One Hit While Mates Are Getting 13 To Score 11 Runs

Game Played On Sloppy Field

Sanford Knocks Vines From Hill But Colts Come Back To Win

Starting off the second half of the Florida State League season, Sanford yesterday split a double bill with Orlando, winning the first by blanking the Colts, 11 to 0, and losing the afternoon game by the close margin of 4 to 2. Both games were rather erratic and but for one feature, the pitching of Ben Cantwell in the morning affair, the day would have been a distinct baseball loss.

Cantwell breezed through nine innings yesterday for his fifteenth winning performance of the year. He gave up only one hit during the entire game while his mates were piling up an enormous lead for him. There is no other pitcher in the whole South this season with a record like Cantwell's. His long list of wins, in which he allowed two and three hits each time and to have no equal in Florida baseball. Ten of the enemy went down before him yesterday by the strike out route.

The batting of Crowe, Frisbie, Dumas and Meyers assisted in piling up a great lead. Crowe had a two base hit and a single to his credit while Bill Meyers and Frisbie each piled three base hits. Dumas had a perfect day when, in the three official trips to the plate, he drove out two singles and a three bagger.

In the afternoon frolic at Orlando, which was attended by many Sanford fans, the Colts got the long end of a slugging ball game. Roger Williams was the victim and it was his first loss of the season. His record now stands at five wins and one loss.

Orlando hopped on him for two runs in the second but Sanford came back later and tied it up on extra-base hits and wallows that Cantwell the show for pitcher. Crowe led the attack with a three base hit that jumped over Cantwell's head. A moment later Bill Meyers slammed a double in the same direction, scoring Crowe. Dunbar then crossed up the opposition with a slow hunt and Bailey slipped a single to left to count Meyers.

Only six hits were collected off Williams and three errors were really assists in his defeat. One of them he made himself. Heasley sprained his ankle in the first game yesterday and will probably be out for a week. His injury is a distinct blow to the club as he will be sadly missed both in the plate and in the field. Johnson is laid up for 10 days with a bad right wrist, taking a hard drive on it at Fort Myers. Crowe is up against it for pitching material with Wilson out. Cantwell, Williams and Lefty Meyers will have to work overtime for the next few days.

Table with columns: Player, AB, R, H, PO, A, E. Lists statistics for Sanford and Orlando players.

Winning Manager

Here is Ben Cantwell, the fighting pilot of the Celery Feds, who put the punch in the team to give Sanford the winner of the first half. Crowe has given Sanford a team that is the most formidable one in the league and one which has lost only two series during the entire year in the first half. Crowe expects to have his club right in the front during the second half.

BOBBY

Hon. Ed. Waltham,
 c/o Seminole Hudson Essex Co.,
 Sanford, Fla.
 Dear Ed:

Bobby Jones is coming from
 England with pretty much
 the whole hog. Talk about coming
 home with the bacon, Bobby's
 coming back with a whole ship load.

I am proud of Bobby, and
 proud because Bobby and I
 play the same game, but in a dif-
 ferent way.

Bobby has played more courses
 in 60 and less than any golfer
 that ever lived. I have played
 more courses in 132 and more
 than any golfer who ever dug
 a fairway.

Bobby makes his holes in
 less number of strokes, while I
 make mine in the greatest number
 of strokes. Bobby gets more dis-
 tance, but I get more exercise.

Bobby tries his ball up while I
 toss my ball along, that is why
 ever I find it, which never hap-
 pens when there is a water hazard
 near.

Bobby is the most graceful
 golfer in the world, while I am
 most disgraceful golfer. Bobby
 has ever produced.

When Bobby makes a 200-yard
 drive, he cusses for a week. When
 I make a 200-yard drive I brag
 about it for a month.

The only similarity between the
 way Bobby plays golf and the
 way I mislay it is that both he
 and I wear golf stockings.

But I am just as proud of
 Bobby as if I had taught him the
 game. It's great for a state to
 produce a world's champion of
 anything, but when it produces
 a world's champion in the game
 of golf, it is certainly going to
 us any golfer will admit.

Hurrah for Bobby, champion
 golfer, and the Essex Coach, cham-
 pion automobile of the world.
Yours,
BUZZ
