## PALATKA HAS RIGHT IDEA WOULD MOVE CAPITAL SOMEWHERE IN FLORIDA

And Decide Location at  
Some Time in  
Future

### WORK IN HARMONY

WOULD RESULT FROM THIS  
UNION OF ALL SOUTH  
FLORIDA

PALATKA, May 12.—At a monster mass meeting here last night the Putnam County Capital Removal Club passed a resolution calling on all cities in peninsula Florida to turn in a general movement to have a constitutional amendment submitted to the people of the state, providing for the removal of the capital from Tallahassee. "To some county seat east of the Suwannee river," such site to be designated by the legislature with due consideration of the convenience and economy of those who find it necessary to visit the capital.

The resolution was in accord with a growing sentiment to eliminate all politics or site preference, subjugating selfish desires to the best interests of the largest number.

Practical assurances have been received from Orlando that that city will withdraw the resolution now pending in the legislature and join in support of an amendment such as is proposed in the resolution passed here last night.

A committee from here will go to Ocala today to secure Ocala's assent to this proposition in the interest of harmony and to assure a greater possibility of success in securing a majority vote. The resolution says:

"Whereas, peninsula Florida is most vitally interested in securing the removal of the capital of the state to some centrally located point, accessible to the citizens of the state having business taking them to the capital. And whereas, the Putnam County Capital Removal Club realizes that the removal of the capital to some such point is of primary importance, and the exact place where the capital shall be located is of secondary concern. Therefore, be it resolved, that this organization requests the legislature of the state and invites all other sections of peninsula Florida to petition the legislature, now in session, to draft and propose an amendment to the state constitution providing that the capital shall be removed to a county seat east of the Suwannee river, such a county seat to be designated by the legislature next following the adoption of such amendment, such designation to be governed by accessibility to the largest number of the people of the state. Palatka and Putnam county have subordinated the desire to have the capital located in Palatka to the desire to see it removed to a more convenient place in the state, and pledges to join in support of the city so finally decided on."

### Much Money in Savings Banks

WASHINGTON, D. C., May 6.—Savings accounts in America's banks now total approximately \$6,500,000,000, it was estimated yesterday on the basis of data gathered by the comptroller of the currency.

Before the war, savings accounts in the nation's 30,000 banks totaled only about \$3,000,000,000. Despite widespread unemployment and the economic depression, men and women in every section of the country now are holding fast to habits of thrift begun during the war and piling up additional millions saved. Acting Director O. C. Lester, of the thrift division of the treasury department said here yesterday.

"The American people," said Lester, "increased their savings during the war and after. Hundreds of thousands of persons who formerly spent everything they earned now are banking large slices of their incomes. The American saving pass book never will go back to the pre-war figure."

Adverse economic conditions, however, have forced some cutting down of the saving habit, it is indicated. A year ago, the government in a careful survey found that approximately \$7,500,000,000 was on deposit in savings accounts in 22,000 state, private and mutual savings banks. In the last year the total has been forced down. But this was to have been expected, the officials point out, since the resources of all banks have been reduced during the same period.

Government officials hope that the saving curve now has reached the lowest level and that the total will soon begin to climb instead of descend.

### SEMINOLE GAME PROTECTION ASSOCIATION HOLDS MEETING ELECTS NEW PRESIDENT

Members Now Enrolled  
From Every Part  
of The County

On the night of Friday, May 6th, the above association held a called meeting at the court house. The out-of-town members responded to this call like real sportsmen but members of Sanford did not seem to take the interest that they should. What the meeting lacked in numbers was more than made up by the enthusiasm shown by those present.

R. A. Newman resigned as president and at an election the vice-president, Vance Douglas, was made president and J. H. Lee, of Oviedo was chosen vice-president.

This organization is for the benefit of every man in Seminole county and should have the endorsement of every right thinking, law-abiding citizen. This is not a Sanford proposition but one that should interest at least every person who hunts or fishes. We are working for a worthy cause, the protection of wild life, and unless we have the co-operation of all, we cannot accomplish what we have set out to do. We feel that when the people really realize what we are trying to do, we will have every voter as well as younger men as members, each doing his best to preserve and protect our game. Unless we get this help we can all see what will happen to our hunting. The surrounding counties have all taken up this since we started the movement and are going strong. Let every man get behind our own organization and make it the best in the state.

We will soon have a game warden, as the sheriff has the authority to appoint one. This will help, but we need in addition to this the help of every man in the county.

The Association has offered a reward of \$25 to any one reporting evidence that will convict a person hunting out of season in any part of the county.

We have sent our bill to the legislature and have urged our senator.

### MEN'S CLUB HAD MEETING LAST NIGHT

ELECTED OFFICERS FOR NEW  
YEAR AND HAD BIG  
TIME

One of the most progressive and certainly one of the greatest working clubs in the city is the Men's Club of the Parish House that meets once each month for a business meeting and meets once a week to bowl and take athletic and take advantage of the many amusements as afforded by the Parish House.

They had their regular monthly meeting last night the same being the annual election of officers and after the reading of the minutes President B. F. Whitner addressed those present on the work of the year. He outlined the aims and ambitions of the club and sketched the work that had been done and what they wished to do.

The election of officers resulted in the following: B. F. Whitner, president; R. J. Holly, vice-president; J. G. Ball, vice-president; S. M. Lloyd, secretary; A. L. Betts, treasurer.

A committee was also appointed to assist Father Peck in arranging new athletic equipment and in making the club one of the most attractive places in the city for young and old alike.

J. G. Ball offered to furnish some of the new equipment as his donation to the good work and it is more than likely that a shooting gallery will be added in the near future.

Short talks were made last night by R. J. Holly, J. G. Ball, S. M. Lloyd, Deane Turner and several others regarding the membership, equipment, obtaining a physician and many other points for the benefit of the club.

A campaign for new members will also be made and at the next meeting in June, which will be the last one until October, the meeting will be a "stunt night" and various and sundry things will be pulled by this live committee, the chief executioner of this committee being Deane Turner.

The Men's Club is open to the men of this community. There are no restrictions except that they be gentlemen; that they will take an interest in the young men of the city and have

## IMPORTANT WITNESS CALLED TO TALLAHASSEE ON CATTS CASE NOW BEFORE SENATE

### Texas Convicts Mutiny and Shoot Two of Guards

(By The Associated Press)  
HUNTSVILLE, Tex., May 12.—More than a score of state convicts, many armed, mutinied today and stormed the arsenal, shot two guards and fled.

### TWO THOUSAND MORE NEEDED FOR MIAMI SCHOOLS

(By The Associated Press)  
MIAMI, May 12.—Only \$2000 now needed to keep high school open balance of term. When closing schools threatened due to deficiency \$70,000 in school treasury citizens came to the rescue with subscriptions.

### BAPTISTS GATHERING CHATTANOOGA

AT BIG CONVENTION OF THE  
BAPTIST CHURCHES  
TODAY

(By The Associated Press)  
CHATTANOOGA, May 12.—More than 4000 messengers from southern states, representing more than 3,000,000 Baptists expected to assemble here this afternoon for initial session of 66th annual convention.

CHATTANOOGA, May 12.—During last year Women's Missionary Union turned into the church treasury more than \$3,100,000. Florida contributed \$61,472 to this fund.

the desire to give them a place for amusements—clean amusements—to keep them safe from other places that would not be clean and to have them grow up into real men under the guidance of their Big Brothers.

In fact the Men's Club is a Y. M. C. A., a Big Brother movement and a united church movement all rolled into one and is doing a vast amount of good in Sanford.

The club was started about one year ago and has grown to such large proportions as to attract the attention of neighboring cities who are taking points and modeling clubs after this one.

After the business meeting last night Mrs. J. N. Robson and Mrs. Fred Dalger of St. Agnes' Guild, arranged a dainty salad luncheon, with iced tea and wafers and over the lunch and with something to smoke the men declared their willingness to make the Men's Club one of the greatest in the state.

A. H. Stone, the musical director, had a bunch of lively songs all prepared and the members had a song recital before and after taking and the evening was a most enjoyable affair.

The new members taken in last night were F. L. Miller and J. G. Ball and each member has pledged himself to bring one or two new members to the meeting in June.

If you want to become a member of the Men's Club see Secretary S. M. Lloyd and enroll your name. The dues are only \$3 a year and you will get \$300 worth of benefit from it aside from helping the younger boys.

### EMERGENCY TARIFF BILL REACHED TODAY

MEASURE PASSED THE SENATE  
LATE YESTERDAY  
AFTERNOON

(By The Associated Press)  
WASHINGTON, May 12.—Senate and house conferees will begin their efforts to reach an agreement on the emergency tariff and anti-dumping bill probably tomorrow. Measure passed by senate late yesterday.

What a wonderful thing is the Thursday afternoon off. It helps business along ever line.

### Banker Clewis and Others From Tampa Called

### OTHERS TO FOLLOW

WITNESSES FROM THE EAST  
COAST AND OTHER COUNTIES  
WILL FOLLOW

TALLAHASSEE, May 12.—A score or more of witnesses, some of them men of prominence in south and east Florida—from Hillsborough and Polk and other counties—have been summoned here for appearance today before the joint committee of the house and senate which is investigating charges that former Governor Sidney J. Catts misused his high office by seeking bribe or graft money.

Nothing could be learned here last night as to the reasons for the summoning of Banker A. C. Clewis, J. A. Herring, jr., and Charles M. Wall of Tampa. Nor would any member of the investigating committee have anything to say in regard to what was wanted of the witnesses said to be coming from Polk county. But it is probable that in the latter instance, at least, the witnesses may be able to throw some light on the several difficulties the former governor had with the present sheriff, John A. Logan, whom he suspended, then reinstated; with Dr. W. L. Clifton, who, as county superintendent of public instruction of Polk, was suspended and replaced by John A. Moore, only to be later reinstated to office so far as an order of reinstatement from the governor could reinstate him, Mr. Moore consistently refusing to make way for Dr. Clifton, and making good in his determination to hold on to the office. It may be, too, that the committee will go into the act of governor in dismissing from office the entire county school board of Polk county, and its later reinstatement by Catts. Also the recourses the governor had with members of the board of county commissioners.

Although the indictment by a circuit court grand jury in Bradford county of the former governor, on the charge of accepting \$700 as a bribe for his vote for the pardon of a man convicted of murder, was handed down a week ago, Mr. Catts has not as yet shown up at Starke to put up the \$5,000 bond fixed in his case. His wife and daughter, Ruth, who was his secretary while he was governor, passed through here Tuesday on their way from Jacksonville to their home at DeFuniak Springs. Catts is said to be in South Carolina and it is rumored that he will make an appearance in Starke later in the week and put up bond.

Last Saturday at DeFuniak Springs transfers of the former governor's holdings of property were made by her and his wife to their daughter, Ruth.

### Negro Shot Himself In Strike Trouble

(By The Associated Press)  
NEWPORT NEWS, May 12.—First blood shed here today in seaman's strike when negro fireman fired on a crowd of several score of striking seamen who later explained they were trying to persuade him not to hold his job as a strikebreaker. No strikers injured but in melee negro shot himself through hand.

### FAILED TO HANG NEGRO WHO GOES UP FOR LIFE

(By The Associated Press)  
SHREVEPORT, May 12.—Lonnie Eaton, negro whom sheriff forgot to hang several months ago, taken to the state penitentiary today at Baton Rouge to begin serving life sentence. Death sentence commuted to life imprisonment.

### BUILDING PERMITS ST. PETERSBURG OVER \$358,000

(By The Associated Press)  
ST. PETERSBURG, May 12.—Building permits issued in St. Petersburg first eleven days of May total more than \$358,000, almost equal to total month of April.

## MOST VALUABLE PROPERTY IN SANFORD ON SALE BY LAKEFRONT COMPANY

Will Retain Hotel Site  
And Sell Off The  
Balance

ON FIRST STREET

AND ON COMMERCIAL STREET  
AND PARK AVENUE

(From Monday's Daily)

An announcement of great importance to the business interests of Sanford is that of the Lake Front Improvement Co., that they will put their property other than the hotel site on the market for business and wholesale purposes.

This is some of the finest property in the city of Sanford, being 100 feet on First street in the heart of the business district and with 400 feet or more on Commercial street and about 400 feet on Park avenue on the bulk-headed property that will be offered for sale at once. This means the greatest development in Sanford this summer and that has ever been undertaken for it will open up and put on the market some of the best, if not the best business property in the city.

The lots on First street extend from the Woodruff-Garner building to the postoffice property and is undoubtedly the finest business property that can be obtained today. The property in the rear faces Commercial street and extends from Palmetto avenue to Rand avenue. The property on Park avenue extends from the Masonic lot on the west side of Park to the lake front and is 117 feet deep or more. All of the lake front property is excellent property for wholesale business of all kinds and for warehouse property although this means giving over to commercial purposes some of the beautiful lake front. However, the men who bought this property and paid good money for it feel that to hold it any longer for the purpose of beautifying Sanford is rather expensive and while they purpose to keep the real hotel site extending from Park to Palmetto and bordering on Commercial street absolutely intact for hotel purposes they feel that it is to their interests and to the interest of Sanford to put this valuable property on the market and allow the new owners to build store rooms and wholesale business houses and assist in the growth of the city along these lines.

It was never the intention of the company to hold this property indefinitely but to keep it until the values increased and they feel that this summer is the time to get the building started now that the price of building material has decreased. The property is very moderate in price compared to other business property in Sanford and will be sold within the next few weeks.

We are sorry to announce that the hotel project will not be started at once as announced some time ago. The promoters have been busy for some time in the north on the hotel proposition but the money market was in a condition that did not warrant them paying a high price for the money to build this large project this summer although it may be started this fall or in the early spring. They have not abandoned the project and will hold the property for the hotel site until they can obtain money at a better rate and can probably build the hotel cheaper later on.

This property is too valuable to stand idle long and it is more than likely that if later on the company wishes to dispose of the property they can always do so at a fine profit but at present they are still of the same mind regarding the hotel building—that they will build it later on and along the lines proposed some time ago.

As the matter stands today there is no cause for complaint. The development of this property will mean much to Sanford and the hotel will be built if not this summer at least in another year and if the present owners cannot do it the people of Sanford will see that it is built before another season rolls round.

REV. S. G. MULLINS.  
DEAD AT CAPITAL

Tallahassee, May 3.—Rev. S. G. Mullins, for many years in the Baptist ministry in this state, died yesterday morning at the home of his daughter, Mrs. K. A. Gray. He was about 70 years of age and his last charge was at St. Petersburg. He lived with a daughter, Mrs. J. A. Johnson, at Bartow. Another daughter is Mrs. Myrtle Culbert, of Culbreat, Ga.

## EAST SANFORD

The rain of last Friday night was thankfully appreciated, the date of the last previous rain to fall here was February 25th, the longest period without rain here for several years. Tomatoes and peppers are beginning to be shipped from here in small lots.

Mrs. A. Corpany and Mrs. J. C. Ellsworth entertained at 6:00 o'clock dinner Friday evening at the Ellsworth home in honor of Mrs. C. E. Chorpensing's birthday. Covers were laid for ten. April 22d is quite a notable date with the Chorpensing's as it is also the wedding anniversary and the anniversary of their daughter, Mrs. B. F. Squires' marriage.

Mrs. Robert Wright and party of Winter Park were callers at the Ellsworth home on Saturday. Mr. and Mrs. Ellsworth made a return call on Sunday as the Wrights are leaving this week for their summer home in Cleveland, O. They last season bought the beautiful property, Woodmere, on the East Shore of Lake Maitland and only just learned of the nearness of the Ellsworths, friends of the family.

Mr. and Mrs. Taylor, who recently bought the Howard Swartz bungalow on Lake Olive, are remodeling and enlarging and otherwise beautifying their property. Mr. Taylor has gone into the chicken business quite extensively.

Mr. and Mrs. Herman Brantley left here in their car last Friday, their destination not decided upon. Mr. Brantley has been suffering from being badly gassed over seas during the war and plans now to go some place for treatment.

Gettes McLelland is in Jacksonville this week to see a specialist in regard to a valvular heart trouble he has been afflicted with since a child.

Mrs. Joe Cameron, Mr. and Mrs. Robert Merriweather and Henry Cameron are taking an automobile trip down the East Coast.

Mr. and Mrs. Walter J. Ward and little son have taken an apartment on Park avenue and will move there this week.

Mrs. Jennie Prevatt was over from Geneva spending the week with her son, W. E. and family.

Charles Baker was in Jacksonville last week getting their household goods out of storage to move them here. Mr. and Mrs. Baker are Clinchmont, O., people and have taken the Gibson place on Richmond avenue.

There was a jolly party of about 30 persons enjoyed a week-end picnic Saturday and Sunday at Geneva Beach

## CHECK ON HIGH RENTS BY THE LAW

LEGISLATURE CAN PASS LAW  
CURBING RENT  
PROFITEERS

WASHINGTON, April 30.—Every state legislature has it within its power to curb rent profiteers. So can congress.

This interpretation of the recent supreme court ruling on emergency rent legislation comes from one of the highest legal authorities in Washington.

The one point that legislatures must keep in mind is this: The law must set forth in no uncertain language the nature of the emergency that exists and must be predicated positively on the public necessity for its enactment.

The court's decision was returned in upholding the constitutionality of rent regulation in the District of Columbia and the state of New York. This was legislation resulting from wartime conditions. But the decision permits of similar regulation based on any equivalent emergency.

The legislature in Florida or any other state can safeguard tenants under this ruling.

The big item in the family budget of every renter is his rent.

While his wages soared, the worker was able to meet increases in his housing costs. But with rents apparently nailed at the wartime level or going higher, workers are asked to accept reductions in wages, of 20, 30 or 40 per cent. And many don't see how they can do it and still keep a roof over their wives and children.

## Sent to Pen For Robbing Express Companies in Ga.

(By The Associated Press)

MACON, April 30.—Thirteen penitentiary sentences were imposed and fines ranging from \$300 to \$3,000 assessed by Federal Judge Evans on thirty-six men convicted and five who pleaded guilty in the alleged conspiracy to rob the American Railway Express Company.

on Lake Sidney, among those enjoying the event were Mr. and Mrs. E. Moffett, Mr. and Mrs. Bushnell Bales, Mr. and Mrs. B. Folk, Mrs. G. C. McDougal and George, Jr., Dr. and Mrs. R. J. Fay and their guests, Mr. and Mrs. Fishner of St. Paul, Minn., Mrs. Caroline McDougal, Mrs. Libbie Weeks, Miss Annie Weeks, Miss Susie Fay, Miss Olga Vihlen, Evelene Cust, Alys Chorpensing, Norman Swanson, Tom Sullivan and Johnnie Jacobs, Harry and Okie Weeks. All join in saying the best time ever and they are planning another picnic just like it. Mr. and Mrs. R. C. Long and daughters joined the party Sunday.

In response to the inquiry of many telephone subscribers: "What can I do to help my service?" this advertisement is published.

## "Curiosity Calls" Hamper Service

"Where's the fire?"  
"Who was elected?"  
"What's the score?" are  
the most frequent "curiosity calls."

Whether they are asked of your operator, the information operator or the newspaper office, they congest the lines and hamper the work of the operators.

After every fire alarm, every sporting event and every election, the switchboards are ablaze with "curiosity calls."

The operators cannot tell one call from another and often they are blamed for a condition over which they have no control.

Frequently a call for a doctor or a hospital is overwhelmed by these idle calls and real suffering results.

Those who refrain from making "curiosity calls" help the general service of the community and their thoughtfulness is appreciated by the operators.

President Harding Tells Atlantic  
Fleet Something

America wants only that which is righteously her own, "and by the eternals, we mean to have that," President Harding declared yesterday in an address to the officers of the Atlantic fleet who gathered about him on the flagship Pennsylvania after he had reviewed the powerful armada which returned yesterday morning from battle practise in Southern waters.

The declaration of the new commander-in-chief of the army and navy brought ringing cheers from the thousand bronzed officers and the wall of blue clad enlisted men who formed a background against the guard rails. The president had for his platform a spot directly beneath the muzzles of the three 14-inch rifles in the superdreadnaught's after turret. His was a message of peace, delivered from almost the same spot where President Wilson made his much discussed war address to the fleet at nearby Yorktown, soon after the United States entered the world war.

Declaring that it was his wish that the navy might never again fire a gun in war, Mr. Harding told the officers that he believed if all the nations on earth were impelled by the same motives as actuated the United States "this world would be at peace forever, starting from today."

"But I would not want a peace without honor," he said. "I would not want peace without the consciousness that America was doing right and

protecting its citizenship in the most effective way."

"Officers of the navy, I bid you make ours the most efficient, conscientious and effective navy in the world," the president said, "and I pledge you in return the conscience and confidence of 110,000,000 people."

"I can say with all the sincerity of my heart that America will never ask anything of the navy not in perfect accord with the best conscience of the freest people on earth but when we do ask we will expect from you the best defense that human beings can give."

"The United States of America does not want anything on this earth that does not rightfully belong to us, no territories, no payment, no tribute, but only that which is rightfully our own and by the eternals we mean to have it."

### SLUMBER PARTY

(From Monday's Daily)

Miss Marie Teague was the hostess at a slumber party, Friday night, at the residence of her aunt, Mrs. W. T. Langley on Park avenue. Those enjoying Miss Teague's hospitality were Misses Pamy Wimlish, Agnes Dumas and Daphne Wimlish.

### ANNA MASON'S RECITAL

(From Tuesday's Daily)

Miss Anna Mason, a former piano pupil of Mrs. Fannie S. Munson, after less than a year's study, received her certificate in music and presented her program at Andrew's College, Cuthbert, Ga., Monday night, May 2d.

Miss Mason's program covered the following:  
Sonata—Op. 22 ..... Beethoven  
1st Movement—Allegro Conbrio  
Etude Pathetique ..... Chaminade  
Air de Ballet—Op. 35, No. 5 ..... Moskoki  
Capriccio Brillante, Op. 22 ..... Mendelssohn  
For Piano and Orchestra  
Miss Anna Mason's Sanford friends are glad to know of her success and are highly gratified in her competency for this excellent program.

Perhaps they called it an enduring peace because it functions in the same manner as an endurance test.

Some nice weather this. It is stimulating business and putting the vim and vigor into everything.

# SANFORD ROTARY CLUB INSTALLED LAST NIGHT MANY CLUBS PARTICIPATE

Baby Rotes Were Carried Mighty Fast  
**PROMINENT ONES**

FROM ST. AUGUSTINE, PALATKA  
DAYTONA, ORLANDO, Ocala,  
ST. PETE, LAKE LAND AND  
TAMPA PRESENT

(From Wednesday's Daily)

One of the greatest events in the life of Sanford was the installation of the officers and the receiving of the charter of the Sanford Rotary Club last night at the Hotel Valdez. Governor-elect John Turner, the special representative of District Governor W. R. C. Smith, assisted by the members of the various Rotary Clubs of the state was in charge of the exercises and representatives from St. Augustine, Palatka, Ocala, Orlando, St. Petersburg, Lakeland, Daytona and Tampa were present. The call to order was made by John Turner and the invocation by Fred Turner, of Tampa, after which the Baby Rotes of the Sanford Club were led in all of them with nice bibs around their necks and with baby rattles and whistles they marched around the room. The chorus singing was led by Ken Guernsey, president of the Orlando Club, and all of the festivities were put on by the Orlando Club. After the introduction of the Rotarians by the clubs the Baby Rotes were led out and given the following obligation by Bill Glenn, editor of the Orlando Sentinel and member of the Orlando Club:

I, in the presence of these Rotarians from all parts of Florida, do solemnly and sincerely and forcibly swear, vow, determine, ejaculate, and perpetually promise that I will continue to be the big noise of the St. John's river valley, that I will blow my horn as loudly as possible, that I will cease further talk and hot air about building a five million dollar hotel and will build it, that when it is finished a special suite or rooms shall be dedicated and reserved in perpetuity for the use of the Rotary Clubs of Florida, that I will vote for capital removal and bring it to Orlando, that I will work for a reunion of Orange and Seminole counties, that I will not be hoodwinked and beguiled into believing that Editor Holly is the torch and guiding light of Florida, that every effort shall be made to get Sanford into the Florida State League next season so that peace and harmony may be re-established in organized baseball; that hereafter, hereon, henceforth, forevermore, and eternally under an oath as sacred as the constitution of the United States, the Declaration of Independence, the Volstead act, the Monroe Doctrine, the League of Nations, the Income Tax, and the three mile limit, that I will begin to make Sanford grow and develop until this choice city of the celery section shall become a great ocean port, submarine base and manufacturing center. To all this I swear allegiance, knowing that it can never be accomplished but believing that words, bombast, eloquence, oratory, verbosity, and dreams are more to be desired than anything else in the world except the rare, blessed, sublime, exquisite, melodious and esthetic delight and rhapsody of paying the bills and doling out the cash for this feed and entertainment for the benefit of my brother Rotarians from all over Florida, especially Orlando.

The presentation of the charter by special representative John Turner was then made in which he told the new Rotarians just what they were supposed to do and be and it was listened to with close attention for much of it will guide the new Rotarians over their years of real service in the club—service meaning service to the public and not service for themselves, their business or the club as a club.

H. R. Stevens, president of the Sanford Club accepted the charter in a few well chosen words in which he made it plain that the Sanford Club

would do their best to warrant having a charter and do nothing that would cause them to surrender. Accepting the charter were all the officers, Pres. Stevens, Vice-President George W. Knight, Secretary W. M. Haynes, Treasurer Chas. Britt and Sergeant-at-Arms, Dr. Ralph Stevens. The Rotaria-Anns of the Sanford Club, the wives of the members, had decorated the dining room of the Valdez beautifully and the long tables were laid out in a most artistic manner and the following choice collation was served:

- Celery Olives
- Chicken Salad
- Potato Chips Cold Sliced Ham
- Tomatoes a la Valdez, Mayonnaise Dressing
- Hot Rolls
- Ice Cream a la Rotary
- Cake a la Rotary-ettes
- Coffee Demi Tasse
- After Dinner Mints
- Cigars Cigarettes

The Baby Rotes of Sanford, however, were not allowed to eat in peace. Far from it. Those stony hearted Orlando Rotes assisted by the other Rotes took a fiendish delight in making them get up all during the evening and they were forced to pull off such stunts as standing up with outlandish costumes and drinking milk out of nursing bottles with nipples on the bottles, singing songs, making speeches, etc., and when they failed they were promptly fined and the money was given to the Fernald-Laughton hospital. S. O. Chase gave the song, "The Little Prairie Flower" while dancing on the chair and other well known members were put thru all kinds of stunts.

Each visiting club was called to the floor and gave something real good either on Rotary, told humorous tales or said something for the benefit of the new Rotarians. They were given enough good advice to last them for the rest of their natural lives and then some.

The St. Augustine Club which called gave the new Rotary song recently written by George W. Hobart and has been set to music and is being sold by the St. Augustine Club for the purpose of sending a young man to college each year. President Herbert Felkel gave the following poem that he scratched off after he arrived in Sanford and after looking over the program. He only knew one or two of the Sanford members but he did some good guessing as the following lines will show:

This afternoon I took the list  
And studied every man;  
I'm going to give each one a line  
And kid him if I can.

Stevens heads the Sanford club—  
A handsome railroad man;  
While Britt will sell them clothing  
For every cent he can.

Walter Haynes, with lots of pains,  
Will keep their records straight;  
While Turner (Deane) hands out Pet cream  
And bacon while you wait.

Joe G. Ball's their hardware man,  
And Bishop wraps their fruit;  
While Robert Holly, always jolly,  
Writes things he thinks are cute.

S. O. Chase packs oranges,  
DuBose insures their shacks;  
While Richard Deas, a merchant prince,  
Makes money by the stacks.

William Hill sells bricks and laths  
And Charley Henry farms;  
While Puleston, a surgeon, likes  
To cut off legs and arms.

Edward Higgins deals in cars,  
Bob Newman, rakes and plows;  
Jack Meisch unloads his real estate  
With promises and vows.

A. R. Key's their banker  
While Pearman runs the town;  
George Knight will talk your head off  
When once he's run you down.

Rum-il-lat's their druggist,  
And rolls Doc Stevens' pills;  
Shinholser manufacturers crates  
At Sanford's finest mills.

D. L. Thrasher fools with footwear,  
They say that he's a bear;  
Arthur Yowell deals in dry goods  
And things that chickens wear.

Ocala Club gave away several boxes of fine candy to the ladies but the gents who had received lemons at the table were obliged to present the candy in a neat speech and like true Rotarians they presented the candy. The bouquet was given to R. J. Holly to present to his wife as a recompense

for having to live with such an ugly husband so long.

Ocala and Orlando had considerable fun over the subject of the state capital removal and put on some very clever stuff as did the Palatka delegation. Lakeland with A. J. Holworthy and Harry Brown and their assistants also pulled some good stuff. In fact all the various clubs showed the real Rotarian spirit and kept the guests in an uproar with their clever stunts. After each club had finished the singing of America closed one of the most pleasant evenings that Sanford people have ever experienced, that great spirit of Rotary and service and getting together of good fellows from every part of South and East Florida being exemplified in a marked degree.

The following are the charter members of the Sanford Club:

- Chas. L. Britt, clothing; Joe. G. Ball, hardware; Geo. D. Bishop, manufacturer fruit wraps; S. O. Chase, orange packer; H. C. DuBose, fire insurance; Richard R. Deas, produce merchant; William C. Hill, building material; W. M. Haynes, printer; Robt. J. Holly, newspaper; Edward Higgins, automobiles; Chas. E. Henry, farmer; Geo. W. Knight, life insurance; A. R. Key, banker; John Meisch, real estate; Robert A. Newman, agricultural implements; S. Puleston, surgeon; R. W. Pearman, Commercial secretary; F. E. Roumillat, druggist; H. R. Stevens, railroad; R. E. Stevens, physician; S. O. Shinholser, crate manufacturer; Deane Turner, grocer; D. L. Thrasher, shoes; Arthur Yowell, dry goods.

## American Legion Greatest Convention Held at Orlando

PREPARING A TENT CITY AT THE  
FAIR GROUNDS NEAR  
THE CITY

ORLANDO, May 11.—The order to "speed up" has gone out from the headquarters of Orlando Memorial Post No. 19, of the American Legion, with the entertainment of the third state annual convention of the Legion in this city only a week off and the various entertainment committees are busy perfecting the final plans for the greatest convention ever held in the "City Beautiful." The luncheon today at Memorial Post No. 19 was attended by every committee chairman, who received the "speed up" orders from Business Manager J. Y. Cheney with a wise smile, as if to say they had anticipated these orders several weeks in advance. All issued the statement that their part of the mammoth program was all ready to carry into execution next Sunday when the visiting Legionnaires begin to pour into the city.

A unique method adopted by the local post for the housing of the thousands of visiting Legionnaires and their friends to the Orlando convention in Orlando, is being carried into execution. This plan embraces the erection of a huge tent-city capable of housing comfortably 2500 people. The premature work for the erection of this tent-city is already under way, and 250 army tents procured from the government have been shipped and are expected to arrive in the next day or so. Army cots, to the number of 2500 together with 6000 army blankets, have already arrived. When the tents come the tent-city will appear overnight, their erection being the only work left undone.

This city will be located at the fair grounds, a beautiful site for camping, located in the heart of the city. It is rumored that only the bachelors among the visitors will be bunked in this city, and that preparations for the entertainment of all visiting Legionnaires with their wives, together with the mothers, sisters and sweethearts will be taken care of in the hotels and private homes.

### MEYER

(From Wednesday's Daily)  
Complimenting Mrs. F. E. Steinmeyer, who is here from Tampa, the guest of her daughter, Mrs. Frank Adams, Mrs. L. E. Phillips entertained yesterday with an informal reception at her home on Park avenue. The spacious rooms of this charming home were thronged with friends of Mrs. Steinmeyer who welcomed this opportunity of meeting and greeting her again. One of the delightful features of the afternoon was an old-fashioned sing with Mrs. Lula Tucker Phillips at the piano. She, happily, selected Dixie as her introductory number.

Then followed Old Kentucky Home, Annie Laurie, Suwannee River and other old time melodies.

The program included also two beautiful piano numbers by Mrs. Walker, a reading from James Whitcomb Riley by Mrs. Ward and a delightful solo by Mrs. Steinmeyer.

A delicious ice course was served at the close of the afternoon. Mrs. Phillips was assisted in caring for her guests by the ladies of the Mission Study class.

## A TWO-MILL EXTRA LEVY FOR COLLEGES

ADD IT TO LEGISLATIVE APPROPRIATION—HOUSE  
O. K.'S IT

TALLAHASSEE, May 11.—Representative Ellis' constitutional amendment providing for the reenactment of the present provision for a one-mill tax for the rural schools of the state, with a two-mill tax levy added to it for the institutions of higher learning, "in addition to such further aid as the legislature may provide," passed the house Monday afternoon by a vote of 64 to 7.

Mr. Scales of Taylor county was the only member who opposed the measure on the floor, while ten of the members roared the opposition for more than an hour. Mr. Scales stated repeatedly that he was not opposed to the institutions of higher education, but that he was opposed to this method of raising funds for them. He insisted that these needs should first go before the budget commission, as all other state appropriations had to do under the provisions of an act already passed at this session and signed by the governor, and that commission, after investigation, should recommend as in the case of other state institutions.

Stirring speeches in favor of the proposed constitutional change were made by Messrs. Ellis, of Alachua county, Ladd of Monroe, Futch of Lake, Perry of Lee, Crofton of Washington, Harris of Pinellas, Stokes of Bay, Gunn of Levy, Rowland of Escambia and Speaker Jennings.

They argued from the viewpoint that the state colleges should be placed under a surer business footing. That is to say, they should be able to know before the convention of the legislature what amount they were going to have to run on. It is estimated by them that the two mills provided for at present would raise \$800,000 and that the advance in assessed valuations would perhaps take care of the increase in the expenses of the institutions.

## SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR IT  
BRINGS BACK ITS BEAUTIFUL  
LUSTRE AT ONCE

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

### IN HONOR OF MRS. SMITH

(From Wednesday's Daily)  
Quantities of lively spring flowers in baskets and vases, were used in decorating the lovely home of Mrs. F. E. Roumillat yesterday afternoon when she entertained seven tables of bridge in honor of Mrs. Donald Smith who leaves tonight for an indefinite stay in Bradentown.

In the living room and dining room where the card tables were placed, quantities of many hued petunias were used with pretty effect.

Several very interesting games of Bridge were played. Mrs. Charles Britt making high score was awarded a pretty cut glass Bon Bon dish. Mrs. Henry Purdon won the cut prize, a deck of bridge cards. Mrs. Smith, the honoree, was presented with a bottle of toilet water. At the conclusion of the game Mrs. Roumillat, assisted by Mrs. E. F. Housholder and Mrs. Hal Wight, served Neopolitan ice cream, angel food cake and mints.

## FEDERAL AUTHORITIES INVESTIGATE

FOREST FIRES MALICIOUSLY  
SET IN FLORIDA RESERVES  
NEAR OCALA

(By The Associated Press)  
OCALA, May 11.—Federal authorities are making a sweeping investigation of reports of forest fire in the Ocala National Forest reserve which swept sixty thousand acres of timber in the reserve and forty thousand acres of private property adjoining, maliciously set. The fire is now extinguished. The fire which began a week ago Sunday in the afternoon covered ten miles by night, leaving charred timber. The bodies of hundreds of foxes, racoons, rabbits were found in the path. Other fires broke out in other parts of the forest Monday and these did greater damage than the blaze Sunday.

One report has it that the fire was set by persons who expected to get paid for helping to extinguish it, and in the hope that the flames would get beyond control.

### NEW DECISION VICTORY FOR FLA. GROWERS

IN THE MATTER OF REFRIGERA-  
TION RATES FOR PRO-  
DUCTS

Instead of loss of the points con-  
tested, as might have been under-  
stood from the first news telegraphed  
from Washington, the recent deci-  
sion of the Interstate Commerce  
Commission in the matter of refrigera-  
tion rates on fruits and vegetables  
from Florida gives a most substantial  
victory to the Florida growers and  
shippers.

The official text of the decision  
has reached Tampa, and careful anal-  
ysis of it by E. D. Dow, traffic man-  
ager of the Florida Citrus Exchange,  
and one of the foremost prosecutors  
of the complaint as filed, shows Flori-  
da to have won very substantial con-  
cessions. The decision largely fol-  
lows the recommendation of Examin-  
er Wagner of the Commission, who  
heard the evidence in support of the  
complaints in Tampa last June.

The decision orders the carriers to  
make a reduction of twenty per cent  
in the cost of ice as a factor in the  
rates. Mr. Dow figures this will give  
these results:

To	Red. Pr. Rt.	New Rt.	Old R.
N. Y.	9.90	\$77.50	\$67.60
Boston	11.25	85.00	73.75
Chicago same as Boston			
Cincinnati	10.35	77.50	67.35

It will thus be seen that the new  
basis of icing charges will be almost  
as low as the old rates for that ser-  
vice. These figures are based on re-  
quirements of eleven tons of ice for a  
car of citrus fruits to New York,  
twelve and one-half tons to Boston  
and to Chicago, and eleven and one-  
half tons to Cincinnati, figured at the  
arbitrary cost of \$4.50 per ton as  
quoted by the carriers.

The Commission also scored for the  
Florida men in fixing the charge for  
half-iced cars at 78 per cent of the  
charge for full icing. Mr. Dow fig-  
ures this will bring about these re-  
sults:

To	Prat. R.	New Rt.	For. Rt.
N. Y. City	\$60.50	\$52.75	\$50.00
Boston	66.50	57.50	55.00
Chicago	66.50	57.50	50.00
Cincinnati	60.50	52.50	45.00

This then will in every case secure  
a substantial reduction, and in many  
instances come very close to restor-  
ing the former charges paid by the  
shippers.

In the matter of vegetables the  
Commission ordered the carriers to  
make the same charges when shipped  
under refrigeration as when shipped  
under ventilation. The present rates  
are six cents per crate higher for  
vegetables traveling under refrigera-  
tion than under ventilation, so the  
reduction of six cents per crate will  
be a welcome one to Florida producers  
and shippers.

The language of the decision found  
the rates and charges to be reason-  
able, "except," and under the excep-  
tions were included practically all the  
points seriously contested by the  
growers and shippers of this state.  
Further hope to the producers is held  
out by the language in again stating  
that the decision in this matter is "not  
to be understood as indicating ap-  
proval or disapproval" of other com-  
ponents of the refrigeration charges  
as stated at the hearing in question.

#### SEMINOLE COUNTY CHINESE RELIEF

The county committee for the Chi-  
nese Relief is busy and already large  
contributions are coming in. An un-  
usual offering was made at the Bap-

a waste basket was in the vestibule of  
the church and the audience while  
leaving could deposit in same. The  
count of this offering amounted to  
\$162.30.

The desired amount for Seminole  
county is \$2,000.

### REVISED TITLE NOT ALWAYS GOOD

DEPENDS UPON CONDITION OF  
SALE

TALLAHASSEE, May 10.—The su-  
preme court of Florida has just ren-  
dered a decision of much interest and  
importance to dealers in and owners  
of automobiles. The court reversed  
the judgment of the circuit court for  
St. Johns county in the case of Thom-  
as B. Glass, plaintiff in error, vs.  
Continental Guaranty corporation, de-  
fendant in error.

Mr. Glass had bought an automo-  
bile from a Jacksonville dealer. The  
Continental Guaranty corporation had  
financed the purchase of the car and  
held from the dealer a trust receipt  
in which the title to cars, including  
the one bought by Mr. Glass, was re-  
served to the Continental concern.  
The corporation replevied the car  
from Mr. Glass, and its right to do so  
was adjudged by the circuit court.

The opinion of the supreme court,  
prepared by Judge Whitefield, recog-  
nizes the rules of law that the mere  
possession of personal property is  
prima facie evidence of title, and that  
a purchaser of personal property un-  
der an incomplete conditional sale  
cannot in general defeat a recovery  
by the true owner, although such pur-  
chaser bought for value and without  
notice. But it is held that where an  
owner consigns personal property to a  
dealer in such goods with expressed  
or implied authority to sell, or deliv-  
ers or consigns to another personal  
property with indicia of ownership or  
of authority to sell, but with the title  
reserved in the owner until the pay-  
ment of the purchase price, a pur-  
chaser, who pays value for such goods  
and gets possession thereof without  
notice of the terms or conditions of  
the original delivery, consignment or  
sale, obtains a good title as against  
the original owner, which will in ge-  
neral prevail against the latter's re-  
served title.

or implied authority to sell, or deliv-  
ers or consigns to another personal  
property with indicia of ownership or  
of authority to sell, but with the title

#### Florida Commercial Secretaries' Ass'n Will Meet June 6-7

The part that the commercial or-  
ganization is playing in the develop-  
ment of Florida is very generally rec-  
ognized. The second annual conven-  
tion of the Florida State Commercial  
Secretaries' Association, to be held in  
St. Augustine, June 6 and 7, will be a  
gathering of the executive secretaries  
of the boards of trade and chambers  
of commerce of the state for the pur-  
pose of thrashing out their problems.  
The program calls for the discussion  
of several matters of state wide im-  
portance—the auto camp parasites  
that hit Florida, how to reach the  
tourist and home seeker, and co-op-  
eration with the railroads. There will  
be an exhibit of printing and adver-  
tising forms, and a discussion of these  
by experts. Representatives of the  
passenger and industrial departments  
of the railroads operating in the state  
will attend. It is expected that ev-  
ery commercial organization in Flori-  
da will have its secretary present.

The St. Augustine board of trade  
has arranged a splendid program of  
entertainment for the secretaries, in-  
cluding luncheons, a visit to the his-  
torical points of interest, a boat trip,  
a splash in the surf at Capo's Beach,  
and a dance. The secretaries are be-  
ing especially urged to attend with  
their wives and families.

The officers of the Florida State  
Commercial Secretaries' Association are:  
L. P. Dickie, president, Tampa  
board of trade; B. R. Kissler, vice-  
president, Jacksonville chamber of  
commerce; Louis H. Chazal, secretary-  
treasurer, Marion county board of  
trade; Ocala; directors, Benjamin R.  
Cox, Orlando chamber of commerce;  
Mrs. F. R. S. Phillips, North Florida  
chamber of commerce, Tallahassee;  
L. A. Whitney, Fort Myers chamber  
of commerce; directors at large, R.  
W. Pearson, Jr., Sanford chamber of  
commerce; F. A. Rolleston, St. Augus-  
tine board of trade.

#### BURIED AT OVIEDO

(From Wednesday's Daily)  
The remains of Carl Hoffman were  
brought to Oviedo yesterday and bur-  
ied in the cemetery there. He was  
the son of Mrs. G. Alban who recent-  
ly moved to Oviedo from Graham's  
Station, West Virginia. Deceased was  
a moving picture operator in Pitts-  
burgh at the time of his death and  
leaves a wife and three children to  
mourn his loss.

#### T. J. Miller & Son had charge of the funeral arrangements.

JACKSONVILLE, May 9.—Florida  
National Guard officers have an-  
nounced two hundred of eight hundred  
and forty-two buildings at Camp  
Johnston be transferred to State of  
Florida.

Germany's notes to the Allies seem  
to create discord. And yet they have  
called Germany the land of music.

Missouri Lady Suffered Until She  
Tried Cardui.—Says "Result  
Was Surprising."—Got Along  
Fine, Became Normal  
and Healthy.

Springfield Mo.—"My back was so  
weak I could hardly stand up, and I  
would have bearing-down pains and  
was not well at any time," says Mrs.  
D. V. Williams, wife of a well-known  
farmer on Route 6, this place. "I  
kept getting headaches and having to  
go to bed," continues Mrs. Williams  
describing the troubles from which  
she obtained relief through the use of  
Cardui. "My husband, having heard  
of Cardui, proposed getting it for me.  
I saw after taking some Cardui  
... that I was improving. The result  
was surprising. I felt like a different  
person."  
"Later I suffered from weakness  
and weak back, and felt all run-down.  
I did not rest well at night, I was so  
nervous and cross. My husband said  
he would get me some Cardui, which  
he did. It strengthened me. . . . My  
doctor said I got along fine. I was in  
good healthy condition. I cannot  
say too much for it."  
Thousands of women have suffered  
as Mrs. Williams describes, until they  
found relief from the use of Cardui.  
Since it has helped so many, you  
should not hesitate to try Cardui if  
troubled with womanly ailments.

MANUEL GONZALES DECLARES  
TANLAC BUILT HIM UP AF-  
TER SUFFERING FROM  
ATTACK OF "FLU"

"I just needed a general, all round  
building up, and Tanlac has done that  
very thing," said Manuel Gonzales,  
Palmetto Beach, Tampa, Fla.  
"About a year and a half ago I had  
a terrible attack of influenza which  
left me in a very weak and run down  
condition. I never felt hungry enough  
to enjoy a meal, and I had a hacking  
cough which kept me awake nights  
so I just couldn't regain my strength.  
"My nerves got me in such a condi-  
tion at times that I couldn't do any-  
thing but pace the floor for hours,  
and any time just the least excite-  
ment would completely upset me.  
"Well, I tried everything I could  
hear of in my efforts to get my  
health back so I could enjoy life, but  
nothing helped me until I got Tanlac.  
But my appetite improved from the  
start when I got Tanlac, and now I  
am eating just like I used to, never  
have that cough any more, and my  
nerves are as quiet and steady as a  
clock. I sleep like a log nights, have  
gained several pounds in weight and  
am feeling better in every way than  
I have in years. Since Tanlac has  
really made life worth living for me  
I am always praising it."—Adv.

#### BOUGHT FARM

Mr. F. S. Daiger, Sr., of Tampa, has  
purchased a nice acre farm on Celery  
avenue, known as the Higgins-Bowers-  
Maxwell farm. Mr. and Mrs. Daiger  
will be here Saturday to spend the  
week end with their son, Fred Daiger  
and they may be prevailed upon to  
make Sanford their future home.

### OVIEDO NOTES

Mr. and Mrs. A. K. Wade, of Wild-  
wood, have moved into the Swope  
cottage on Graham avenue.

Mrs. C. T. McCulley entertained at  
the Club House Thursday evening  
with a miscellaneous shower in honor  
of Mrs. W. M. Wright, who was for-  
merly Miss Mary Linhart.

A little wagon decorated in red and  
white and laden with many beautiful  
presents for the bride was drawn into  
the room by little Miss Naomi Mc-  
Culley and her little cousin, George  
Kelsey. The bride received many  
beautiful and useful presents and the  
congratulations of a host of friends.

As Miss Leinhart she was one of the  
most beloved girls of Oviedo and,  
while her friends rejoice in her hap-  
piness, the hope was generally ex-  
pressed that she would not have to  
leave Oviedo very soon. Mrs. McCul-  
ley was assisted in entertaining by  
her sister-in-law, Mrs. I. L. Cook, of  
Orlando, and the bride's sister, Mrs.  
C. A. Brannon.

The Methodist church was beauti-  
fully decorated Sunday in honor of  
Mother's Day by Mrs. W. P. Carter's  
Sunday School class of girls. The  
class also gave a short Mother's Day  
program at the Sunday school ses-  
sion.

On Friday evening at 8:00 o'clock  
"The Minister's Wife's New Bonnet"  
a very amusing musical comedy, was  
given at the school house. The char-  
acters were dressed in old style cos-  
tumes, some of them very ridiculous,  
especially the bonnets trimmed for  
the minister's poor wife. The pro-  
gram was opened by a violin solo  
played by Henry Lehman of Orlando  
with piano accompaniment by Miss  
Anna Lee Barksdale, also of Orlando.  
Mr. Lehman and Miss Barksdale play-  
ed several numbers which were great-  
ly enjoyed. Between the first and  
second act of the play, Edward Argo  
sang and acted "That's Why I Never  
Married." The play was given for  
the benefit of the Ladies' Aid of the  
Methodist Church and the Oviedo  
school jointly. Cream was sold by  
the aid society immediately after the  
play.

Mr. and Mrs. W. M. Wright spent  
Monday in Orlando. Mr. Wright left  
Tuesday for Wildwood where he goes  
to take a run as fireman on the Sea-  
board Air Line Railway.

Mr. and Mrs. S. W. Swope and fam-  
ily spent Saturday afternoon in San-  
ford.

Mrs. H. B. McCall and Miss Ethel  
Taylor spent Saturday in Orlando.

Mrs. W. J. Lawton and Mrs. T. W.  
Lawton will entertain the Senior class  
of the Oviedo High School at a din-  
ner Thursday evening at the residence  
of Mrs. W. J. Lawton.

The Sunday school class of Mrs.  
T. W. Lawton, under the leadership  
of Mr. and Mrs. Hancock, will enter-  
tain at a Woodland party Friday eve-  
ning.

Mr. and Mrs. A. J. McCulley have  
returned from Tennessee where they  
were called to the bedside of Mr.  
McCulley's mother.

Foreign Advertising Representative  
 THE AMERICAN PRESS ASSOCIATION

Sanford is gradually getting into the big city class.

Never mind the schemes that did not materialize. Get up another one just as good.

The fellow that quits because something goes wrong is not the fellow that wins out in the end. Nothing is easy in this world.

If every dollar that has been invested in outside stocks by Sanford people could have been invested in the Sanford Building & Loan Association what a wonderful city we would have.

And yet some of our smartest people really believe that money invested in these various "get-rich-quick" schemes will some day yield them a handsome revenue. Why don't they look around them and see how many home people have lost all they had in just these same schemes.

You have noted what a big crowd every sale brings to this city. It means that if the merchants will get together on this proposition and will have the sale day problem down to where they can pull them twice or three times a week and that will not conflict, this city will be filled with people all summer.

Sanford needs the Rod and Gun Club. Sanford needs the Golf and Country Club. Sanford needs a community building. Sanford needs another tourist hotel for next season's business or at least a big annex to the Valdez Hotel. Sanford needs every man working in harmony through the Chamber of Commerce this summer. Take your vacation but hurry back.

The merchants have said that they want the Dally Herald to keep this city on the map all summer. All right. That means no vacation for the editor but we will eliminate a vacation any time if Sanford needs our help. Now if every live wire in the city will keep up the good work we will have a busy city this summer. However, you can't lay down on the job and put it over.

**BRAXTON BEACHAM, TOWN BUILDER**

The editor of the Herald made a flying trip to Orlando yesterday and going down Orange avenue and seeing so much new building and our old friend Braxton Beacham sitting amid the piles of brick and mortar we stopped to have a few minutes conversation with him. It was rumored here that Mr. Beacham was contemplating one of the finest theatres in the south and in looking over the ground plans it looks like he is about to make the rumor true. It will be large enough and complete enough to take care of any troupe that can show in the largest cities. Mr. Beacham recently built an entire block south of his theatre building and a few days ago made arrangements to take over the corner lot and building now occupied by the Orlando Board of Trade and expects to erect a five story office building on what is one of the best corners in Orlando. You never hear much about Braxton Beacham. He talks but little. He does much. He may not be appreciated at his full value in his own home town. No big man ever is appreciated. However, the editor of the Herald likes a real town builder wherever he may be. We like a man of Beacham's size who goes ahead and does things regardless of what the public may or may not think. We like to see men like the Beemans, Beacham and others building up their home towns with their own money and not depending upon the outside finances for the needful. It means that such men have sufficient faith in their town to put millions in it if necessary and they do not talk about air buildings, but go to work when they get ready and build real buildings.

Braxton Beacham will be the next governor of Florida in spite of all that the politicians can do. His record is above reproach and he has ever been found doing something for his city, his county and his state.

He believes in doing things. Not dreaming them all day long. And regardless of adverse things Beacham sings prosperity's song.

**WELCOME ROTARY.**

The organization of a Rotary Club in Sanford is a great step forward. It is a step forward in establishing more pleasant relations not only among the men and women of Sanford but among our neighbors and in this respect with our neighbor, Orlando. It is a step forward in getting together of many people who while living in the same city did not know their busy neighbors, their business associates, their everyday acquaintances as they should know them. It is a step forward in the matter of real service to their fellow man and to their city and the chance to forget self and bury all personal feelings and work for the betterment of mankind in general. It is a step forward in making their home city, their state and their country better places in which to live and to assist at every opportunity in making the world better.

It is such a big thing for the city of Sanford to have a Rotary Club that mere words cannot explain all that it means to this city and county. If the true spirit of Rotary is exemplified in the everyday life of every member of the Sanford Club the good effects of the club will be felt in every quarter of the city, in all business channels, in the schools and churches and in the private life of every member for the spirit of Rotary goes into the very homes and fire-sides. It is the greatest single factor in the world today that makes for better citizenship everywhere. Its broad-minded policy of service in the true sense of the word has no limitations, recognizes no failures, looks for the best results and does not ask any member to do anything but expects them to do it without being "requested." It tears down all the shams of society, all the mockery of caste, all the ideals of "family" and puts every member on the same level regardless of whether he is worth a million or one dollar. The humblest can serve as well as the highest and it is greatest leveler of conditions that any country has ever attempted.

The lectures given at the installation last night if taken at their full value should work a wonderful transformation in this city, and the good effects of Rotary will make our city one of the best in this great state of Florida. It has been needed here just as it has been needed elsewhere and to Rotary the best cities in the world owe much. It is one of the greatest steps forward that our city has ever undertaken and the true spirit of Rotary will prevail and will touch the lives of those who have not the privilege to join the club that is restricted to one member from every line of business in Sanford. It will create a better feeling among all the progressive and the non-progressive men. The progressive will become more progressive and the ones who have been non-progressive will become the progressive citizens from this time forward for one cannot become members of Rotary and no city can have a Rotary Club without feeling the good effects of the progressive teachings of this order.

It is a privilege to be a member of Rotary but those who do not become members can always serve for as Milton has said:

"They also serve who only stand and wait."

May the great spirit of Rotary so envelop this city that we shall all "profit most who serve the best" and imbibe the Rotarian methods that all true citizens have to a more or less degree whether they are members or not.

**SANFORD HAS A NEW ROTARY CLUB**

The very newest "Rotary Baby" of all is the Sanford club which organized last night with about thirty members. Delegations from Orlando about forty strong went over, and with representatives from Tampa, St. Petersburg, Lakeland, Daytona, St. Augustine, and Ocala, installed the new club.

There were places for two hundred arranged in the dining room of the Valdez hotel, where a splendid dinner was served, and during which there were numerous speeches made. Some serious, some comic, and some a mixture of the two. John Turner, the district deputy governor, from Tampa and S. Y. Way, of Orlando, were the leading speakers and according to all who heard these speeches both were masterly efforts, and placed the full duty of being a good Rotarian before the candidates like the full glow of a thousand power electric light turned into a darkened room.

"Billy" Glenn originated and administered the oath of office to the candidates with great dignity and full sobriety of countenance, though every one else was laughing at its fun and wit.—Reporter-Star.

The temperature of the Sanford section by months for the past year and a half as published in the Dally and Weekly Herald this week is one of the most comprehensive that has been given out in many years.

**ELLA PEARL SMITH ROASTED ALIVE**

Paul R. Goddard, president of the Illinois Press Association and editor of the Tazewell County Reporter, Washington, Ill., skins Ella Pearl Smith of the Clinton (Mo.) Eye, to a frazzle. The Illinois editor writes:

Editor The Tampa Tribune: Ella Pearl Smith of Clinton, Mo., who went with the National Editorial Association to Florida, is an ungrateful "cuss." She took the Florida hospitality for four weeks and was so busy looking for the best place for all the free entertainment and the best auto for all the rides that she did not have time to see the flowers and the sunshine; those glorious orange trees of emerald green, dotted with golden yellow; those beautiful lakes studded on their shores with modern little cities; wonderful fields of growing vegetables; cattle on a thousand plains; plowed fields for the planting of crops of every variety; many, many pastures of all variety of grasses, and above all, the radiant faces of the splendid women and men, with their gracious hospitality. Ella came home after her wonderful trip and wrote a few pieces for the Clinton Eye to which she took occasion to pick out a few flaws found in all lands except Paradise, spruce these flaws with a lot of lies and jumbled it together in a very crude manner.

"Dear people of Florida and dear land of sunshine and flowers, do not take these chatterings of Ella seriously. She was so obscure in our party that we did not even remember her. She was a parasite in a party which did enjoy your wonderful country and your unheard of hospitality. She was the blackest kind of a sheep in a party of four hundred white ones. She was the only one in all the party who has had anything to say but words of wondrous praise for your fair land. Forget her, kind Southern people. Do not bestow on her the publicity of a single line. She is unworthy of it. She will get her own reward when she enters the pearly gates and old St. Peter sends her down below to shovel coal to purge the blackness in her soul.

"The editor of the Reporter, who accepted your hospitality, told the wondrous truth of Florida and in all our writings we have never received such praise. Our people were aroused and interested in the Southland. They looked with our eyes on the scenes of beauty and wonderment. In the years to come we know that many people from Illinois will pay a visit to Florida to see with their own eyes what the editors of Illinois saw who were fortunate to make the journey with the National Editorial Association.

"Our superintendent of schools had read our story of our southern visit and he insisted that the editor of the Reporter give a talk to the high school on Florida. We gave them a forty-minute address, telling them of the beauties and of the many products grown in Florida, also of the splendid schools in the state. We mentioned especially the state schools and others we were fortunate enough to visit. The young folks seemed to enjoy our story of the Southland to the limit." —Tampa Tribune.

**NOT A QUESTION OF "BENEFIT"**

The Miami Herald, speaking of the Catts investigation, says:

"It is often a question whether a state benefits by sensational cases. The Catts investigation, for instance, is being played up all over the country to the discredit of Florida. One reading northern newspapers would get the impression that most of us are bribe takers. The Stillman case had a Miami end and for that reason many newspapers turned their searchlights on this city and made it appear that this was a haven for such affairs. Good advertising for a state or city is that which is wholesome."

It is not a question of whether the state will "benefit" or not. It is a matter of punishing wickedness in high places. It makes no matter what otherwise favorable publicity is given Florida if it continues possible for its chief executives, and other men in high places, to violate laws of the most grave import, during their administration, get out unpunished, and remain unpunished because we are afraid of the "unfavorable publicity" it will give the state.

If Governor Catts did the things he is indicted for by the Bradford county grand jury, then Mr. Catts must be made to pay for it, if it lies within the powers of the state he prostituted and defamed.

The highest and most holy principle of government has seemingly been violated—that the officials charged with the enforcement of the laws shall keep themselves blameless before those laws. If he has done the things charged in that indictment against him, namely selling his vote on the board of pardons for money, then he should, and must be punished for the venality of his conduct less precedent be set for further sinning and escape by members of other pardoning boards.—Tampa Tribune.

**GO ALL THE WAY**

Sidney J. Catts has been indicted by the grand jury of Bradford county on the charge of "corruptly receiving and accepting a gratuity of money for casting his vote for the granting of pardons while governor of the State of Florida."

The indictment came as no surprise to many to whom open rumors of alleged venality came in waves during the latter half of the Catts' administration. Specific instances are said to have been given to the grand jury and a capias has been issued by Circuit Judge Long for the apprehension of Catts.

The Tribune does not intend to try this case in its columns. It proposes to print the news concerning progress. This much in the cause of justice, and in the light of responsibility to its readers.

The Tribune, as the voice of the people, demands that this investigation proceed to the very utmost, so that it shall be established beyond the shadow of a doubt whether or not the honor and good name of this state deserves the stigma attached; and if it be true as charged that its former governor, the man who had his name and honor in his keeping, did this degrading, criminal thing, then the punishment must be as sure, as it is deserved.

But the Tribune demands that the investigation into these charges go further. The governor is not able alone in this state to issue a pardon, however just the demand or however improper the issue. He is but one of a pardoning board of five, and it takes the vote of three in agreement to extend "executive clemency," so called, but actually clemency by the board. If Sidney J. Catts did the vile thing charged against him in this case, then who voted with him in it, and why? The pardoning board, during the greater part of the Catts administration was composed of these men:

Sidney J. Catts, Governor.

H. Clay Crawford, Secretary of State.

Van C. Swearingen, Attorney-General.

Ernest Amos, Comptroller.

W. A. McRae, Commissioner of Agriculture.

Get the records of the pardoning board and find who voted with Catts on all those pardons granted, and then investigate to the bottom the causes why at least two other members of this high board of the state aided and abetted the governor in prostituting his office in selling his vote, as is charged in the indictment of the Bradford county grand jury.

All of these men save Catts and Van Swearingen are still members of the pardoning board of this state. A majority of the old board still holds the power so far as the ballots on cases is concerned. The State of Florida demands in the name of the honor of its cabinet officials, and in behalf of the personnel of that board that it be shown who else besides the governor was implicated in these pardon scandals.

We do not see how the pardoning board itself can refrain from demanding at once the fullest investigation for the good name of every member is lying under a damning blot because of this Catts' indictment.—Tampa Tribune.

**EDUCATION AND LUXURIES GO HAND IN HAND**

During the single year 1919 the people of Ohio spent \$300,000 more for luxuries than was spent in that state for education between the years 1887 and 1919, according to comparative data presented by P. P. Claxton, United States commissioner of education.

Startling figures—and doubtless, Florida will show a similar disparity between expenditures for education and luxury.

But insofar as the increasing demand for luxury represents the desire of the common man to live a broader and more comfortable life, there can be no quarrel with luxury, least of all among educators. Indeed, education would fail of its purpose if it did not create in men a desire for other than the bare necessities of existence.

And what are luxuries? Fifteen years ago vacuum cleaners and electric irons were luxuries in Tampa. These things have become necessities because the housewife has been educated to know that she is not the eternal bondmaid of the ironing board and the broom.

Twenty years ago the carriage was a luxury of the rich. Today the workman motoring over country roads with his family is a common sight. The automobile has opened up new experiences for the average man. Is the auto, strictly speaking, a luxury?

The advance of civilization is marked by a wider distribution and popularization of the things that we call luxuries when they are enjoyed only by a favored few. What is needed is not less luxury, but a still wider distribution of its benefits.—Tampa Times.

# SALMAGUNDI

## H. S. ANNUAL IS OUT TODAY

ONE OF THE FINEST H. S. MAGAZINES THAT HAS EVER BEEN PUBLISHED

Salmagundi, the official High School magazine, has the reputation of being real good every year. In fact ever since "Sal" started on her career she has been some pumpkin, but this year, O, my, Salmagundi in the first place comes out in the finest robe that could be purchased. Leather cover, yes sir; feel it, if you don't believe it. Leather cover of dark blue with a Seminole Indian head in colors and the "H. S." in light green, the wording in black makes the cover one of the most attractive that has ever left the press. An inside cover of the same color protects the valuable contents of the magazine and gives the book a distinctive appearance. And then the reading matter and the cuts and the wonderful drawings and the bright and witty sayings and all the small chatter that goes to make a High school magazine so dear to the heart of the scholars and the alumni and all the friends of our splendid schools. Salmagundi is dedicated to Prof. Claude S. Ogilvie, who has guided the destinies of the High School for two terms so successfully as superintendent and who expects to leave for Harvard soon to study law.

Then there is the Supt. of Public Instruction, T. W. Lawton and the teachers who look twice as natural and the editorial staff composed of John W. Musson, editor-in-chief; Curtis Barber, business manager; Velma Venable, assistant editor-in-chief; Sara Warren Easterby, ass't business manager; Ruby Hart, joke editor; Marion Dieterich, art editor; Vivian Crosby, literary society editor; Otis Cobb, circulation manager; Rowena Otwell, auditorium notes; Julia Laing, Alumni; Newton Lovell, Boys' Athletic editor; Mina Howard, Girls' Athletic editor; Byron Stephens, cartoonist and the associate editors, Bertram Shepherd, Junior Class reporter; Mae Holly, Sophomore class reporter; Mary Stanley, Freshman class reporter and Miss Muriel, faculty advisor. There are cute little snapshots, whole groups of various classes, in repose and in action and then the wonderful drawings of Byron Stephens, a high school boy and a Sanford boy who has great things in store for him in the future.

Salmagundi is great, and last, but not least, are the advertisements, all very attractive and neat and showing the enterprising business men of Sanford are standing behind the schools and helping the boys and girls in every way.

Salmagundi can hardly be described. It is a bunch of the best in brains that our fine High school has ever produced and that is saying something. It is getting to such a high standard that in the next few years it will take its place among the big college magazines of America and it should have a place with the best of them.

Salmagundi is just right and the students and the instructors who have made it possible deserve the greatest praise. But then what is the use of using any more adjectives. What we want you to do is to buy a copy for the small price of one dollar and help the boys and girls to pay for the cost of printing. They will be on sale at the Mobley Drug Store or at the Herald Printing Co. Buy several copies and send them to your friends. It is a great advertisement for our schools.

### MARRIED AT PALATKA

Mrs. Alice Gray of this city and C. A. Beaumister of Jacksonville were married at Palatka yesterday at the Methodist Parsonage according to advices received by friends here. Soon after the marriage ceremony Mr. and Mrs. Beaumister left for Jacksonville where the groom has built and furnished a beautiful bungalow where they will reside in the future. The groom is a former resident of this city where he resided some time, being with Chase & Co. and made many friends while here.

The bride is a former resident of Sanford, who lived here for many years on Sanford Heights and is well-known among a large circle of friends. Her daughter, Blanche, who is a student at the High School, will join her mother after school is over.

The many friends of bride and groom wish them a long life of happiness and prosperity in their new home.

One 10-oz. package of Wilson's Certified Oleo or one can of corned beef given with every two dollar cash order this week at I. D. Martin's City Market.

### MEISCH REALTY COMPANY BUYS FIRST STREET LOTS FROM LAKEFRONT OWNERS

#### Deal Made Yesterday That Means Much to Sanford

Another big sale of Sanford real estate that means much to the city was made yesterday evening when the Lake Front Improvement Company sold to the Meisch Realty Company the First street land consisting of 100 feet fronting on the street and extending 100 feet or more north toward the Lake. This property is between the Woodruff block and the postoffice and is considered the most valuable property in the city of Sanford for business purposes.

The price has not been learned and the plans of the new owners have not been learned but the property is too expensive to stand idle long and it is rumored that the new owners will build a business block on the property at once.

This is part of the property of the old Sanford House and has been vacant since the old hotel was torn down last year. The Lake Front Improvement Company thought they would at one time build an arcade building on this property but the price of material and the high price of money caused them to turn it down for the time being since which time they have decided to sell all of the property with the exception of the actual site for the new hotel on the lake front. The Meisch Realty Company is being congratulated today upon their purchase and from the fact that the friends of John Meisch know that he will build something that will be a benefit to the city when he starts something on his new purchase.

Building up this property will be the starting of the new era in Sanford and will give the city at least four or five new store rooms that were badly needed here.

#### Europe Needs Aid, Clothing and Food For the Starving

The American Red Cross is Calling on the Women of Seminole County Chapter

Two hundred and fifty thousand children in Central and Eastern Europe will be provided with outfits of clothing during the calendar year by the women of America through the American Red Cross.

Already the "Red Cross Volunteers" throughout the United States are being re-enlisted and where during the war millions of surgical dressings, hospital garments, comfort kits and allied necessities for our soldiers were manufactured volunteers are now turning out articles nearer a woman's heart—soft and warm baby clothes.

The Lafayettes, as the baby outfits are called, is but a small part of the work to be undertaken by the women of the Red Cross, for clothing is to be provided as well for children up to fourteen years of age, nearly a million of them, and several million garments will be needed. And even this enormous number of garments will provide clothing for only a small percentage of the children who actually need them. So great is the need for clothing that no attempt will be made to completely take care of the needs of the children, but only those with whom the Red Cross workers come in contact in administering the medical work of the combined American relief agencies.

These facts are set out in a statement issued from National Headquarters of the American Red Cross to Division Office, and given out for publication from the Southern Division headquarters. The South, that is the New Southern Division area in which is included the former Gulf Division, will be asked to provide 135,000 garments and 17,000 layettes.

Seminole county will be asked to supply 48 layettes and 400 garments. The layettes will be made by the various church societies and circles. The garments, will be solicited thru these same societies, as follows:

For girls from one to five: dresses, petticoats, undershirts, nightgowns; for girls from five to 14: dresses, chemises, petticoats, blouses, nightgowns. Garments for boys, from five to 14: blouse suits, underdrawers, undershirts, winter nightshirts.

These garments need not be new, but must be in good order, and suitable for wear in cold weather and for rough usage.

The chapter is furnishing, in as far as possible, materials cut ready for sewing, for the layettes with the exception of the two all wool shirts and two flannel petticoats, which they are asking the societies to donate.

#### STUDENTS TO WEAR UNIFORMS IF BILL BECOMES A LAW

(By The Associated Press)  
TALLAHASSEE, May 10.—Senator Epperson introduced a bill which would require regular students of the Women's College to wear uniforms. Another bill, if passed, would authorize payment to Sidney J. Catts, Jr., \$1500 extra for the time he served at \$2000 salary. Bill by Miller of Duval in house would levy excise tax on gasoline and oils, make special order for Friday. House passed Hulley's bill authorizing issuance of teacher's certificates in substitution for certificates issued in other states.

#### SANFORD ROTES GET CHARTER

TURNER WILL CONDUCT THE INSTALLATION; SIX CITIES TO ATTEND

Official installation of the Sanford Rotary Club will be carried out Tuesday night, with John A. Turner, of Tampa, governor of the eighth district, conducting the installation and presenting the charter. The Orlando Rotary Club will have charge of the program.

A. F. Turner will be in charge of the delegation attending from Tampa. Others of the Tampa Rotary Club who expect to attend are C. C. Nott, L. P. Dickie, Dr. L. A. Bize, W. G. Brorein, E. D. Lambright, Dr. C. E. Patillo, T. F. Alexander, Ben Bostain, and possibly F. D. Jackson, president of the Tampa club.

Clubs that will participate in the installation and charter presentation Tuesday night are Lakeland, Ocala, St. Augustine, Palatka, Tampa and Orlando. St. Petersburg, Gainesville nor Jacksonville are expected to have official delegations in attendance. Quite a few Daytona Rotarians are expected to be present, although their charter has not been formally presented.

District Governor John A. Turner will go from Sanford to Miami, visiting the Miami Rotarians before switching back to Daytona to conduct the installation and present the charter of the Daytona Club on Monday night of next week. The St. Augustine club will have charge of the program at Daytona.—Tampa Times.

#### WIDER FIELD POSTMASTERS TO BE CHOSEN

ANY ONE OF THREE STANDING FIRST CLASS EXAMINATION

(By The Associated Press)  
WASHINGTON, May 10.—President Wilson's order for selection of first, second and third class postmasters under civil service requirements was modified today by President Harding to give a wider field from which postmasters may be chosen. Instead of being required to select candidate standing highest in examination for any specific postmastership the administration may give the place to anyone of three at the head of the qualified list.

WASHINGTON, May 10.—President Harding has requested delay in the passage of peace resolutions in the house, it was stated today by those in close touch with the White House.

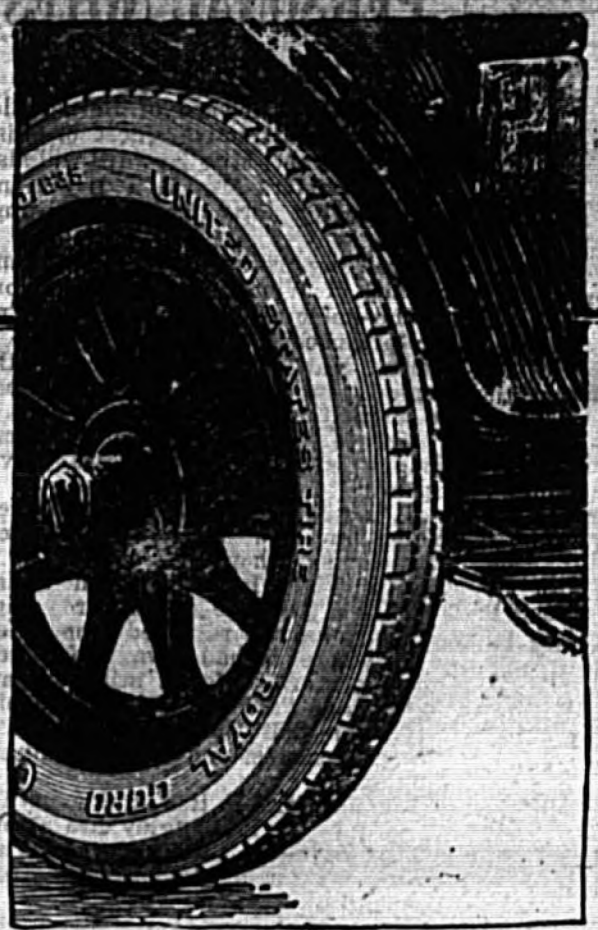

#### PROFESSOR MARIS DEAD

(From Tuesday's Daily)  
Word comes to Sanford friends of Professor Maris that he died at the home of his son near Philadelphia on April 28th.

Professor Maris was well known in Sanford where he resided for many years living at Lake Onoro after retiring from active work as teacher in a college which he established for the Friends Society near Philadelphia. He was known far and wide as an educator and with his estimable wife was well known and beloved in their northern home and in their Florida home. They left here about two years ago shortly after they had lost their home by fire and Mrs. Maris died about one year ago, since which time Professor Maris had been living with his son.

His death will cause universal sorrow in the many places where he was known during his lifetime.

## How you can measure tire value in 1921

**THE U. S. ROYAL CORD**  
A famous tire—and a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season. The stripe around the sidewall is registered as a trade-mark in the U. S. Patent Office.

OFTEN it's surprising the number of different tire views that come out in a chance talk at the curb or in the leisure of a friend's garage.

Almost every day you come across the man human enough to believe he can outguess the cut-price tag on "job-lots," "discontinued lines" and "surplus stocks."

His opposite is the hardpan car owner who sticks year in and year out to a standard brand as the only rational economy.

country to another to "find a market."

There are 92 U.S. Factory Branches. Each one gets its share of U. S. Tires. There is a broad, constant, even distribution of U. S. Tires always going on from these Branches to the dealer.

Buy a U. S. Tire anywhere—in a community of 500 people or even less—and you get a fresh, live tire of current production—with all the original service and mileage the factory put into it.

The owner of a medium or light-weight car stands on equal ground with every other car owner.

Any United States Tire is a universal full money's worth—backed up with a leadership policy of equal quality, buying convenience and price for everybody.

### ORLANDO AND TAMPA WILL HAVE BATTLE ROYAL FOR AMERICAN LEGION MEN

#### Orlando To Be the Scene of All Kinds of Amusements

ORLANDO, May 10.—Among the many attractions that have been announced for the entertainment of the American Legion men who will visit Orlando the 16th and 17th of May during their Third Annual State Convention will be Joe Tinker's Tigers, leaders in the 1921 pennant race in the Florida State League, in two games with Tommy Leach's Tampa visiting Legionnaires will be the guests.

Last Friday, Joe Tinker, the great ex-Cub shortstop, who is shaping the destinies of the Orlando Club this season, led his Tigers to their thirteenth victory out of fourteen starts for the season. Even the traditional Friday the 13th hoodoo failed to stop the mad rush of his Tigers for the 1921 bunting. Tommy Leach and his Smokers, who have to date taken the only game from the speedy Orlando aggregation will be the club to oppose them the two days the Legion men are in the city.

In Tommy Leach, the Smoker General, and Joe Tinker, the wizard of the Tigers, the American Legion men will see pitted against each other two of the smartest baseball men in the country. Tommy Leach, the old Pitts-

burgh Pirate star, is still able to play a game in the field and with the stick for his youngsters to emulate. The sagacity with which he employs his baseball knowledge has won him the title of the "Old Fox", combined with his shrewdness is an aggressive spirit on the field that stamps him a born leader.

In Joe Tinker, Tommy Leach has a rival who promises this year to dim the particular brightness that has fixed his place in the sun of the Florida State League. His leadership is of the kind that inspires confidence from the men he commands. He is the type of manager who deals in futures rather than a present fixed standard of valuation to judge a player's ability. His confidence in the ability of his youngsters to make good begets confidence and they lift their percentages to help him win games. On the field no manager is more aggressive and he plays to win by taking big chances and seizing every opportunity to crowd a run across the plate.

MIAMI, May 9.—Residents of Miami Beach are experimenting with sharks as good and those who have eaten shark steak declare the flesh is wholesome, palatable and high nutritious.

Russell J. Coles, of Danville, Va., veteran sportsman and intimate friend of the late Colonel Theodore Roosevelt who has eaten shark on numerous occasions declares the flesh of the freshly killed fish of various species possesses a peculiar odor which may be removed by salting. The method in vogue is to parboil it after it has been salted several hours, then to cook it.

### YOUNG BOY RELEASED FROM CHARGE

#### OF KILLING YOUNG GIRL AT ST. AUGUSTINE RECENTLY

(By The Associated Press)  
ST. AUGUSTINE, May 10.—Corbett Wiles, 18, held in connection with the killing of Daisy Barnhill, 13, at Sampson last week was released today, the grand jury dismissing the case. Wiles was hunting with the brothers of the girl and returning to the Barnhill home where the girl asked her brother for a shot gun, in taking it from Barnhill boy the gun was discharged in Wiles' hands, the load striking the girl. The shooting was purely accidental.

## PACKING HOUSES FOR CELERY STANDARDIZING THE CELERY CROP

C. M. BERRY, County Agent

I believe the time has come for the standardization of the grade and pack of Sanford celery through not more than three large packing houses: two on the East Side and one on the West Side of the Sanford district.

I believe in encouraging the F. O. B. cash sale by being able to give the buyer exactly what he wants: a car of eight; a car of sixes; a car of fours or a car of threes, either washed or unwashed, as he desires, under a standard grade and pack that will be recognized throughout the United States and Canada, and this can be done through the packing house system ONLY.

In the days of sand roads and mule teams this system was not possible but with hard surface roads and motor-trucks any farm in the Sanford district would be within fifteen minutes' haul to a packing house located as above specified.

Until we raise the grade and pack of our entire product we will not get the grade that we should have. The individual grower who puts up a good pack may now get 25c more than the average run for his celery but he probably suffers more than anyone else from the lack of standardization because the average run of celery is what sets the price of celery in the markets and the small premium which he gets on his superior pack does not nearly offset his direct loss on account of the lowering of the general price because of the poor pack and grade of the general run. This man's superior ability and profit as a grower should be shown in the quantity of first class celery he can deliver per acre rather than through an individual pack.

In past years it was thought impossible to ship either washed or pre-cooled celery any distance. At the present time practically all of the celery shipped by express from Sanford is washed and Fox Brothers have washed celery for several days in cold storage before expressing it to their best trade and the growers are selling three crates of this celery to every one they used to sell of celery packed in the rough and unwashed. Bell Bros., of Lake Monroe, have sent ten cars of washed celery to market this season

with fine results and have invented a field crate for carrying celery from the field to the packing house that is light, strong, and practical in every way.

There will always be a large quantity of unwashed celery shipped from Sanford to the central washing points but there should also be a large quantity of WASHED celery shipped from Sanford to certain markets all ready for the retailer thus cutting out costly refrigeration and freights on the waste that is stripped off and thrown away at the other end at our expense. There will be those who oppose this. Growers may expect such opposition, but a day will come when a large percentage of our celery will be washed and packed at Sanford, ready for the ultimate consumer.

Many years ago we quit the individual pack of oranges. We put our tomatoes through packing houses, and now, this year, three-fourths of the Sanford peppers are going through packing houses. Let us do the same with our celery. It is thoroughly practical; has been done, and is being done in other places and can be done in the Sanford District more easily than in any other celery-growing district in the world, and what I have said applies to Oviedo and Lake Monroe as well as to the Sanford district.

Let us sell a standard packing-house pack of graded, pre-cooled celery from now on and half the gamble will be eliminated from our marketing and three-fourths of the growers' labor troubles will disappear.

Adequate packing houses can be financed by setting a packing house charge that will show sufficient profit above actual cost of packing to make it an attractive proposition to growers who will take stock in their houses and put all of their products through them.

### TAKE SALTS TO FLUSH KIDNEYS

EAT LESS MEAT IF YOU FEEL  
BACKACHE OR HAVE BLADDER TROUBLE

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

### DeLand Beats Sanford

(From Saturday's Daily)

The boys of the Sanford High School team motored to DeLand yesterday all fired up to tear down the crack team of the DeLand High. But the hitting of DeLand was just a wee bit too much and the final score was 3 to 1 in DeLand's favor.

The game was a good one all the way through, the Sanford team playing errorless ball and were it not for the heavy stick work for DeLand they would have brought home the bacon. As it was, though, with the score as close as it was and the fine showing made on the field the Sanford boys deserve a lot of credit and the Sanford fans all believe they will show 'em a thing or two yet.

The Sanford High School team is behind financially, and a game is being arranged for next Thursday afternoon at which time they will meet a fast team of the Sanford Stars to battle for the championship of Seminole county. C. L. Britt, of Perkins & Britt, is getting together the team that will oppose them and a cracker-jack good game is promised and the small admission charge goes to pay off the debt of the Sanford High School's team. Further announcements will be made about this game in the very near future.

## GERMANY ACCEPTS TERMS OF ALLIES ULTIMATUM TREATY OF VERSAILLES

Reichstag Yields and Agrees to Pay TO HER CAPACITY

SPEEDY ACTION BY GERMANY HOLDS OFF INVASION BY THE ALLIES.

BERLIN, May 11.—Germany has accepted the allied ultimatum. The reichstag tonight by a vote of 221 to 175 yielded to the final demands of the allied powers, and, in so doing, agreed to fulfill the terms of the treaty of Versailles "to the capacity" of the nation to do so.

Dr. Wirth, the centrist leader, finally succeeded in forming a coalition cabinet composed of centrists, majority socialists and democrats, which, when confronted by grave necessity, speedily decided that acceptance of the ultimatum was the only course.

The allied ultimatum required a definite reply, based on "yes" or "no." No conditional reply would be entertained and the ultimatum was formulated to expire on May 12.

The total sum which Germany is called upon to pay is 6,750,000,000 pounds, disarmament must be carried out by Germany in accordance with the provisions of the treaty and the trial of war criminals must be put into effect. Numerous other important terms, in which Germany has been in default, will be enforced.

Non-compliance with the allied ultimatum would have subjected Germany to the occupation of the Ruhr valley and whatever other military and naval measures were deemed advisable.

The German cabinet crisis was solved, declares the Vossische Zeitung, owing to the threat of President Ebert to resign if a parliament and politically responsible cabinet was not formed to answer the allied ultimatum.

Germany's reply to the allied ultimatum, accepting the terms laid down by the allied supreme council regarding guarantees, disarmament, trial of war criminals and financial conditions. The reply states that Germany agrees unconditionally to those decisions. The reply was sent to the allies after the cabinet, headed by Dr. Wirth, the new chancellor, had received what amounted to a vote of confidence in the reichstag last night.

### LAKELAND ROTARIANS AT INSTITUTION OF SANFORD CLUB TUESDAY EVENING

Accepting the invitation of the Rotary Club of Orlando to participate in the institution of a Rotary Club at Sanford on Tuesday evening, the Lakeland Rotary Club was represented at a great gathering of Rotarians and their ladies at the Hotel Valdez by President W. W. Chase, Secretary A. J. Holyworthy, W. F. Sneed, Harry Brown, Mrs. Jewett, Mrs. I. V. Stevens, and Mrs. Jos. Johnson.

The Orlando club under the presidency of Ken Guernsey of the want-the-capital city, had all the details arranged to perfection. The dinner was an elaborate one and well served. Taking part in the after-dinner section of the program were the representatives from the clubs at Tampa, Gainesville, Ocala, Palatka, St. Augustine, St. Petersburg, Orlando and Lakeland, each club doing special "stunts." The presentation of the charter was made by John Turner of Tampa, he as governor-elect being the special representative of the International Association of Rotary Clubs. The address of acceptance was made by the first president of the Sanford club, H. R. Stevens, of the Atlantic Coast Line Railway.—Lakeland Telegram.

### UPSALA AND GRAPEVILLE

The Misses Ray and Lane were out from Sanford to call on Mrs. J. A. Vaughn on Sunday.

Mrs. John Borell and Miss Olga Bellin spent Tuesday afternoon with Mrs. Ballinger.

Mr. Johnson, who has been visiting at the home of his sister, Mrs. Meader, left Monday for Okeechobee to obtain work.

Miss Eva Arrants, of Aucilla, Fla., is expected this week on a visit at the home of her brothers, Charles and Dunnie.

Mr. Stafford finished drilling a well for A. L. Campbell on his home place this week, getting good water.

He has also recently drilled a little deeper for Andrew Bertelson with good results.

Mr. and Mrs. Ehrensperger and daughter, Miss Olga Bellin, spent Sunday in town at the home of Mr. and Mrs. D. Hodges, in company with some newly married relatives from Orlando and a feast of good things was enjoyed.

We were all glad to hear that Andrew Bertelson was able to return home Monday from the hospital, coming out with Alfred Ericson.

We hear later that Mr. and Mrs. Reid are residing in Palatka, rather than in Georgia as we first heard.

Mrs. Nora Swanson was a visitor at the home of Mrs. Emil Magnuson one day last week and Mr. and Mrs. Borell and Mr. and Mrs. Jesse Lee were callers there on Sunday.

We are evidently getting our expected drought after an excess of rain for two years. Glad they are getting ready to oil the roads. It is fine time for building and road making and ditching.

Dr. Edwards came out to preach last Sunday. We did not receive the notice in time to publish it. Mr. Sjoblom, of Lake Mary, brought him over. He took for his subject the need in our day of men of prayer like Nehemiah of old.

Mr. and Mrs. Ericson and family, who with Mrs. Borell attended service in Sanford in the morning as well kindly took him back.

Don't forget the Sunday School at 2:30 and let us make it a day of soul refreshment as well as bodily recreation.

#### BOOKLOVERS CLUB

(From Monday's Daily)

Mrs. Robert J. Holly entertained the members of the Booklovers Club and a few guests, most delightfully Friday afternoon.

The rooms of this spacious home were thrown together and artistically decorated with a profusion of flowers, their bright beauty reflecting a charming atmosphere of joyous spring time.

The afternoon was pleasantly spent with fancy work and discussion of late books.

Late in the afternoon Mrs. Holly served deviled crabs, hot rolls, potato chips, coffee, apples snow topped with whipped cream and angel food cake.

The guests of the afternoon were: Mrs. Roy Symes and Mrs. Roland Hotard of Winter Park and Mrs. R. Ernest Tolar. The members of the club present were Mesdames Harry Ward, Fred Williams, J. E. Pace, Henry McLaulin, J. C. Bennett, L. P. Hagan, E. P. Morse and Stella Arrington.

### LAKE MONROE

Under the supervision of J. W. Bell a macadam street has been laid in the town of Monroe. This road extends from the main Monroe brick paved road out the boulevard about three miles. The street is about 16 feet wide and the A. C. L. railroad company agreed to pave the street along the railroad tracks with the same hard material, thereby extending the street in width about 30 feet. The road that leads out the boulevard is 9 feet wide. This macadam street is a great improvement and gives our town a neat, progressive appearance. Now if some of our good citizens would get together and plant beautiful shade trees along each side and pretty shrubbery such as crepe Myrtle, Oleanders, Hibiscus, Poinsettias, etc., we would soon have a beautiful little town and one of which we would be justly proud.

Pepper picking in this section is now in full swing. There is still little fluctuations in price. Ten carloads have left this section, netting the growers here over \$14,000. One man alone has picked over a thousand crates off four acres of land and the bushes are still full of bloom and have a dark, healthy look. This man has made \$4,000 as an easy guess, but the probabilities are that his profits run a good deal higher as he began shipping when peppers were selling at \$4.50 and \$5.00 f. o. b. How's that for trucking in Florida?

Bell Brothers have opened a packing house at Monroe in the warehouse and are packing under contract for all the buyers. Each buyer has the privilege of sending an inspector to see that a satisfactory pack is put up. The packages are neat and perfect, the fruit is easily handled as the pepper is fine and large and of uniform size, nearly all number ones but few seconds and culls in the whole lot. The Sanford Truck Growers rolled the first car from the packing house.

The Peninsula Construction Co. of Jacksonville, has the contract to build a new house for Ben Lake. The new bungalow, which will be modern in all details, is to be built upon the old site. It will have a large living room and dining room separated by a colonnade the base of which will be a China closet upon one side and a bookcase upon the other side. A modern equipped bath intersects two of the bedrooms while a generous supply of cloth closets are found throughout the house. The front of the house will have the wide bungalow porch with the long eaves while a smaller porch will be at the rear. When completed this will be one of the prettiest dwelling houses in the rural community. Mr. Lake will remove the old house that the family have occupied, farther back on the place and use as a tenant or storage house. Mr. Lake and his estimable family are among our most progressive citizens. His well kept farm and his superior crops have always been a credit to this section, and now that his new home is going up his property will indeed be one of the show places of this community.

A large crowd of neighbors and friends stormed Mr. and Mrs. Buchanan's Thursday evening and whiled away the pleasant hours in dancing. The lower floor of the Buchanan home was thrown en suite, the furniture and rug removed from the large dining room and soon nimble feet and happy hearts were keeping time to the merry notes of "In the Land of Rice and Tea," a jolly little one step that opened the ball. Of course there was only the Victrola by way of an orchestra, as music in our neck of the woods, with only a rare exception or so is purely of the canned variety, but

## Why Men Like to Buy---Here

Men are more or less fixed in their habits of buying. They don't seem to enjoy shopping around from store to store before making a purchase.

On the other hand they like to walk into the store of their choice and get what they want at the right price.

That's the way it should be and that's the way you'll find it when you come to our store. You'll get the lowest price at which it's possible to sell good merchandise.

## Sanford Shoe and Clothing Company

The Clothcraft Store in This Town

We certainly had our mechanical devices working over time and none the less merrily. Young people take to dancing as readily as fish to water, but some of the older folks had been rusticiating in the Florida woods for so long that many of the fancy steps had escaped them. But fortune smiled for lo! some of the guests hailed from the city, knew all the latest dices, rounded us up, gave the cue, cajoled along, till pretty soon squeaky joints and rheumatic bones gave in the floor was crowded, enthusiasm soared and all cried, "On with the dance." It is said that dancing, after swimming, is one of the most exhilarating and delightful of exercises. It is both a mental and physical benefit. The mind is trained in keenness and alertness and the body acquires grace and poise. Be that as it may, all seemed to enjoy the occasion thoroughly and shortly after refreshments were served, departed voluntarily expressing their pleasure.

Mr. and Mrs. John Bolly, Albert Bolly and daughter, Miss Alice Bolly, Mr. and Mrs. Geo. McCrumb and Mr. and Mrs. J. D. Talbot spent a pleasant day at Daytona Sunday.

The following composed a jolly fishing party at the mouth of the Wekiwa one day last week: Mr. and Mrs. Albert Hawkins, Miss Frances Hawkins, Albert and Bill Hawkins, George Mathews, Miss Iva Bales, Mr.

and Mrs. Wheeler Marsh, DeLand; Mr. and Mrs. John Hawkins and son, Mr. and Mrs. Victor Hawkins and children, Pud Hawkins and wife, and Mr. and Mrs. Sloans, of Sanford.

A pleasant surprise pound party was given at Lester Johnson's last week. Quite a large crowd were present and expressed themselves as having a pleasant evening.

The Free Methodists are making preparations to have a camp meeting. A tent has been cast in the lot at the corner of Monroe and Kentucky streets. Everybody is cordially invited to attend.

J. H. Bruce has sold his property, consisting of a house and lot to Will Bailey of Sanford.

Mrs. Pete Ahern, of Fort Pierce, arrived Wednesday to be a guest of Miss Linda Miles. While here she will also go to Orlando for a short visit.

MR. HUGH CARTER POLLARD MARRIES MISS PANSY WIMBISH

Miss Pansy Wimbish and Mr. Hugh Carter Pollard were married yesterday morning at 11 o'clock in Sanford, Fla., so, a telegram received by the groom's mother yesterday afternoon stated.

The news is of great interest to hosts of friends of both the bride and groom in this city. Mrs. Pollard is

the elder daughter of Mr. and Mrs. John L. Wimbish of Sanford, Fla., until a month ago residents of this city. She is a beautiful young woman, of winning personality and an unselfish disposition that has endeared her to both young and old. She was one of the most popular girls in the city, and it was with a tinge of real regret that friends saw her leave to make her home elsewhere, but the happiest of welcomes awaits her return. Mrs. Pollard was a graduate of Salem College, and during the late war was an untiring worker serving for several months as army nurse stationed at Fort McPherson. Since that time, she has given a great deal of her time to civic work in Winston-Salem.

Mr. Pollard is the younger son of Mrs. Pollard and the late William Pollard, and is popular with a large circle of friends in both business and social circles. During the war, he was a member of the 113th regiment, field artillery, and served overseas for a year. Since his return, he has been associated in business with the Banner Investment Company.

Mr. and Mrs. Pollard are now on a brief trip which will include points in Florida and Georgia, and upon their return to this city will be at home with Mr. and Mrs. W. G. Jerome in Ardmore.—Winston-Salem News.

**T**EMPERATURE is a subject most important just now when Winter seems lingering in the lap of Spring and in May the thermometer is ranging around 53 in Florida as an average and the nights are so cool that folks are wearing winter clothes. This is only one of the many inducements that Florida offers to prospective homeseekers and one that is difficult to explain to them. They cannot separate the thought of Florida being anything but hot—torrid heat—in the summer time when in truth the weather is much more pleasant in Florida in the summer than it is anywhere in the middle states farther north. There the heat is insufferable, there is no surcease, no escaping from the oppressive heat that remains stifling in intensity in the day time and from which there is no relief at night. In Florida in July and August the thermometer goes to an average of 80 and it is hot in the sun but get in the shade of a tree or on the porch and the breezes that fan the peninsula from the gulf and from the ocean cool you off at once and you are comfortable even at mid-day. At night if your sleeping quarters are arranged to catch the breeze it is there for your benefit and you can sleep in comfort the hottest night in the summer. An ideal climate is one in which there is a moderate variation in temperature with a low relative humidity and a freedom from destructive storms. These conditions prevail here in Sanford as nowhere else on the continent and the temperature report as compiled by the government will show it. Variation of temperature within reasonable limits is essential to health and vigor and this is where Florida climate and this part of the state especially is better than the climate of the zones in the Bermudas, Porto Rico and other parts of the globe—climates that grow monotonous and make life unbearable and whose climates are enervating and enfeebling. Sanford has its cool bracing days as well as its warm ones and in the heat of the summer the cooling showers come to refresh the earth and the inhabitants thereof. We have the sunshine, the brisk breezes and the mild breezes but none of them in the extreme. Earthquakes of course

in Florida are an unknown quantity and hurricanes and cyclones are only known from newspaper accounts of them in other parts of the world.

they are laden is imperceptible. Therefore our clouds being condensed by the colder currents of air higher up in brisk rainfall, or showers, in the summer with a bright atmosphere and when the showers are over the ground dries quickly and accounts for our pleasant summers which are the most delightful part of the season.

For instance, our summer days are dreams for the new residents with the sun rising in a cloudless sky, the morning hours being deliciously cool and invigorating. As the sun mounts higher and higher in the heavens huge banks of clouds are seen massing in array and the rain comes down in torrents maybe for a short time, usually in the afternoon and before the evening the sky will be clear again, the ground will be dried out, the water being quickly absorbed and all signs of a heavy downpour of rain will have disappeared leaving the air cool and clear and then will come the famous summer nights in Florida where the moon, when in full, will be so clear and of such refulgence that you can read a newspaper by its beams.

The climate is health giving and many come here to find relief from throat, bronchial and catarrhal troubles and here they find new health and strength. Even the ailments common to mankind in all parts of the world are found when found at all in much lighter form. Among them might be mentioned pneumonia, small-pox, bronchitis, hay fever and "flu" and many other diseases that are fatal in colder climates and climates that are damp. Malaria, discovered to be due to infection of the certain kinds of mosquitoes, is easily preventable and has ceased to be troublesome. Our low death rate and the fact that our people enjoy good health at all seasons of the year is the best evidence that Sanford and Seminole County can be called the healthiest part of the world. The health will be taken up in another issue. Aside from the benefits to be derived by the human race is the favorable climate for growing vegetables and fruits of all kinds and here again the report of the average temperature for many months will prove the truth of the assertion that we are "sitting on the top of the world."

Our winds come mainly from the sea, being charged with moisture yet the relative humidity is not high. Our fortunate position in this respect can be found out by comparing our climate with that of the Pacific slope where the temperature is mild but the high mountains close to the shore act as cloud condensers with the result that there is a constant fog and depressing rainfall bringing an uncomfortable excess of cold moisture. There is fog at times in Florida in the early morning but the winds from the ocean sweeping over the land dispel them almost as soon as they form and the moisture with which

AFTER MOOSEHEART HOME FOUR FLORIDA CITIES WILL RECEIVE INSPECTION

Jacksonville, Sanford, St. Petersburg and Tampa Contenders

TAMPA IS ACTIVE

AND WILL PUT UP A STIFF FIGHT FOR SELECTION

(From Saturday's Daily) Location of the Mooseheart Home for the aged in Florida seems to be exciting Tampa again after the big issue made over the Southern College...

Four Florida cities, Jacksonville, Sanford, St. Petersburg and Tampa, will be visited in the near future by John W. Ford, whose recommendation will probably decide the location of Southern Mooseheart...

Tampans who are enthusiastic about securing the location of the Southern Mooseheart in this city have withheld all new developments in the selection of the Florida city in which Southern Mooseheart will be built...

Owners of the Florida sites under consideration are to be notified in advance of the visit Mr. Ford will make to Florida and to each particular site. Every opportunity will be given each city in the state to present its claims...

VICTORY MEDALS FOR ALL EX-SERVICE MEN

Ex-service men should remember that in many future gatherings, convocations, reunions, old soldier parades, etc., a Victory medal on a man's breast will identify him at once and pass him in without question.

SANFORD LADIES WORKERS IN SCHOOL SETTLEMENT

A letter from Miss Katherine Wilkey, formerly of this city, and for some time society editor of the Herald, recently wrote a letter telling about her work in New York where she is engaged in the school settlement work in Brooklyn.

LANDS PLANTED FOR FORESTS WILL BE FREE OF TAX

TALLAHASSEE, May 7.—Reforestation is a much livelier project in this session of the legislature than it has been in others, and there is much hope that the bill introduced in senate and house by Senator Overstreet and Representative Parrish may pass.

The board is authorized to accept donations of land suitable for growing timber, and shall disseminate in any way possible information in regard to reforestation. It may dispose of timber grown on state lands or lease the occupancy of state forests for timber, water or grazing rights.

In order to encourage reforestation, the board is authorized to enter into contracts with any land owner in facts of not less than 1000 acres, the land to be exempt from state or county taxes during the time it is held as state land.

KILLED BIG 'GATOR

George Benton, a well-known colored man who lives on the shores of Crystal Lake, killed an alligator in the lake yesterday that measured 11 1/2 feet and weighed about 400 pounds.

National banks won't hear a call to arms while there remains a little deficit.
