President To Discuss Sanctions Against Israel

WASHINGTON (AP)—Secretary of State John Foster Dulles said today that President Eisenhower will discuss with congressional leaders the question of sanctions against Israel if she refused to withdraw her forces from Egyptian territory.

Speaker To Talk On New Satellite At Jaycee Luncheon

The Seminole County Junior Chamber of Commerce will hear about the satellite that will be fired sometime this month.

Robert S. Ronay, an engineer with Douglas Aircraft Corp., at the Air Force Missile Test Center at Patrick Air Force Base, will speak to the Jaycees concerning the new and highly protected scientific find.

Ronay came to Patrick Air Force Base in the summer of 1956 from the company's Santa Monica, Calif., headquarters.

He is originally from New York City and was a radar technician with the U.S. Navy during World War II. His interests in the "mysteries of outer space" started while he was attending California Institute of Technology from which he received a bachelor of science degree in aeronautical engineering. He now resides in Cocoa Beach.

Information concerning Ronay and the new satellite came from Headquarters Air Force Missile Test Center, Air Search and Development Command, the Information Services Office.

Ronay will speak at Thursday noon luncheon of the Jaycees at the Yacht Club.

Program chairman for the meeting is Robert B. Bratzel.

Four Men Offer To Buy Material For Paving Road

A delegation with money in their pockets to furnish material for the building of a road appeared before the Board of Seminole County Commissioners this morning.

L. W. Simkins, developer and promoter headed the four man group requesting that Lennel Road in the Bear Lake Heights section be paved.

Simkins said that the group had the money with them and would turn it over to the person who would handle the funds.

Commissioners agreed to pave the road, furnishing labor, with the group paying for the materials used.

However, County Attorney Clark N. Cleveland Jr. advised that the money be held by the group of citizens rather than be turned over to the Seminole County Commission, and that material bills be paid by the committee.

Commission members pointed out that both Onora Road and Lake Mary Road were priority projects which would come ahead of the construction of the Bear Lake Heights section road.

Council, Mayor Will Appoint 4 Offices

ALTAMONTE SPRINGS—At a special meeting of the Altamonte Springs Town Council held Saturday afternoon, a bill was approved to amend the town charter to provide the appointment of the town clerk, assessor, treasurer and collector by the mayor and council and to further provide that said offices be filled by one, two, three or four persons as deemed necessary by the governing body. Under the approved bill the appointee or appointees to these offices are not required to be a resident of Altamonte Springs and Seminole County Florida but shall be a resident of the State of Florida.

Absent at the meeting was Hugo Wolf. Other business on the agenda for the special meeting was the consideration of hiring a police chief for Altamonte Springs. No action was taken on this matter.

Councilmen also voted to set aside \$200 for the use of the planning and zoning commission.

Speaker Tells Club Rotarian Magazine Is 'House Organ'

A talk on the Rotarian Magazine by George Touhy, executive vice-president of the First Federal Savings and Loan Association here, featured the weekly meeting of the Sanford Rotary Club yesterday afternoon at the Yacht Club.

Touhy, a past president of the local Rotary Club, explained that The Rotarian, published in both English and Spanish, was the "house organ" of the international organization and served as a means of communication between the officers and the various clubs throughout the world. The ideals of community, club, vocational and international service are frequently covered in the periodical, he said.

Since the club is one of human relations, it could be expected that diverse phases of sociology would appear in the magazine and the speaker gave examples of such stories.

The world-wide span of the organization provided a logical basis for stories on geography and travel and some outstanding stories.

Demo Officials Get Set For Campaign To Restore Party

TALLAHASSEE (AP)—Leading Democratic officials in Florida are getting set for an all-out campaign to "reactivate" their party.

James Milligan of Orlando, chairman of the Democratic Executive Committee, disclosed Monday that he and other top party officials met Saturday night with Gov. LeRoy Collins and several members of the Cabinet for an "informal conference."

He said another meeting may be called late in April or early in May and that meetings of the executive committee's advisory group will be held "about every 60 to 90 days now."

"We've got to arrive at some definite policy to strengthen the county Democratic executive committee at the precinct level," Milligan said. "Our main problem is that political sections are won in the precincts."

"Florida has been traditionally a one-party state for so many years that no one paid attention to the party and it more or less got into sort of a rut. We are trying to reactivate the party and get aggressive organizations in each of the 67 counties."

Peterson Jr., Mr. and Mrs. Philip Marx, Floyd H. Palmer, Gus Schmah, Mrs. F. D. Scott, Mrs. George E. Wells, Mrs. J. W. Yarbrough of Geneva, Miss Myrtle Wilson and Professor J. N. Crooms.

Delegates from Seminole, Volusia, Brevard, Osceola and Lake Counties met with Orange County representatives at Red Cross headquarters in Orlando for a planning meeting on Monday.

Representatives of the press, radio and television media told the group of 20 how to make the campaign bright and interesting and offered help in promoting the cause.

Attending the session from Seminole County were Mrs. Mary D. Knox, Mrs. F. D. Scott, Mrs. Jay Beck and Fred Ensminger.

Also present at the meeting because of interest in various phases of the movement, were Mrs. Jay Beck, Mrs. J. L. Benton, C. B. Dawson, the Rev. Fred Ensminger, Homer Little, A. B.

Representatives of the press, radio and television media told the group of 20 how to make the campaign bright and interesting and offered help in promoting the cause.

Big 3 Will Reject USSR Disarmament Meeting Proposal

LONDON (AP)—The Western Big Three will reject Russia's proposal to turn next month's disarmament meeting here into a four-power foreign ministers' conference, diplomatic sources said today.

Officials here said the West's decision will be handed to Russia in New York this week.

The rejection will prevent new Soviet Foreign Minister Andrei Gromyko, named last week to succeed Dmitri Shepilov, from finishing an immediate East-West summit.

Russia formally proposed earlier this month that the March 18 disarmament talks be held on the foreign ministers' level.

Some observers viewed the Russian suggestion as an attempt to draw the West "through the back door" into a discussion of the general field of international politics.

Births in Seminole County outstripped deaths by more than 500, the report reveals. Records show there were 891 births as compared to 319 deaths.

The monthly report also shows that the marriage rate during the 11-month period outstripped the divorce and annulments by just under 100. There were 292 marriages recorded in Seminole County during the recorded period in comparison to 192 divorces and annulments.

Meisch Undergoes Surgery Today

John Meisch, former Chairman of the Seminole County Commission, a member of the Board of Commissioners, was taken ill suddenly yesterday and rushed to the Orange Memorial Hospital.

Meisch will undergo surgery this afternoon. Following this afternoon's surgery and operation his condition will be available for his numerous friends and acquaintances who have inquired about him.

Dr. Robert Neill is attending Mr. Meisch.

Number Of Polio Cases Drops In '56

The total number of reported cases of poliomyelitis fell by 22 per cent from 166 in 1955 to 134 in 1956, and the rate per 10,000 population dropped to 2.7 from the previous year's rate of 3.3, with no deaths from the dread disease in Seminole County, according to the latest release dated Feb. 12 from the Florida State Board of Health.

The January-November 1956 report released today points out that the marriage rate during the 11-month period outstripped the divorce and annulments by just under 100. There were 292 marriages recorded in Seminole County during the recorded period in comparison to 192 divorces and annulments.

Scandinavian Plane Delayed By Detour About Danger Area

TOKYO (AP)—The Scandinavian Airlines said today one of its planes making an over-the-pole flight to Tokyo was delayed an hour and 18 minutes today because it had detoured around a "danger area" off the northern Japan coast.

The airline announced earlier its plane, a DC7C, had been forced off course by unidentified military aircraft performing "acrobatics" over the North Pacific, but corrected the announcement a few minutes later.

A. M. Morrison, Tokyo dispatcher for the airlines, said the plane had only followed his radioed suggestion that the pilot take an alternate course to avoid a "danger area" off northern Japan.

The danger area stretches along a short distance off the Honshu coast of Japan. Military aircraft conduct activities in the area, generally during the daytime.

The Scandinavian plane, carrying a cosmic ray monitor, was making a final "positioning" flight before SAS opens its regular "Northwest Passage" passenger route linking Europe and the Far East next Sunday.

Electric, Miracle Concrete Company, Andex Hotel, and Berry's Warehouse Furniture.

Contributions from these firms have increased the total to \$10,995.

The pledge, appearing below, should be mailed to the Seminole County Chamber of Commerce, Sanford.

Civic Clubs To Work With Group

Funds with which a representative for the City of Sanford and Seminole County will be sent to Washington relative to keeping the Naval Air Station, Sixth Naval District in the Seminole County Area totaled more than \$10,000 this morning when the Board of Seminole County Commissioners amended their budget in order to allocate \$2,000 to the Chamber of Commerce for advertising.

The total for the fund is now \$10,975, and it is expected that the amount will increase by leaps and bounds as the need for additional money to finance the Washington representative becomes better known throughout the area.

Karlly Housholder appeared before the Board of Seminole County Commissioners to request funds for the Chamber of Commerce effort in behalf of the Naval Air Station location. He told the commissioners "This is a must—it is something that has got to be done."

"We've got a tremendous job ahead of us if we are going to keep the Navy Base here," he said. "This is a must with us—the Navy wants to stay here—the personnel wants to stay here—and no doubt, if allowed, 90 per cent of the people out there would sign petitions to stay here."

Chairman County Commission

Commander Denies Statement Macdill Base Overcrowded

TAMPA (AP)—Macdill Air Force Base commander, Brig. Gen. Paul S. Enrick, has denied a statement by Rep. James A. Haley of Sarasota that the huge base is overcrowded.

Haley said Monday the base is overcrowded, and called for an investigation of the Sebring air terminal as the site for a weapons center planned for location at Macdill.

Enrick said the base definitely is not overcrowded.

"We've got 6,000 acres and somebody could put up a lot of buildings on some of it. Real estate-wise, we're the biggest in the 2nd Air Force," he said.

Air Force Secretary Donald Quarles recently indicated that a weapons training center would be established here and a bomb wing transferred away.

Tomorrow Last Day To Purchase '57 Auto Tags

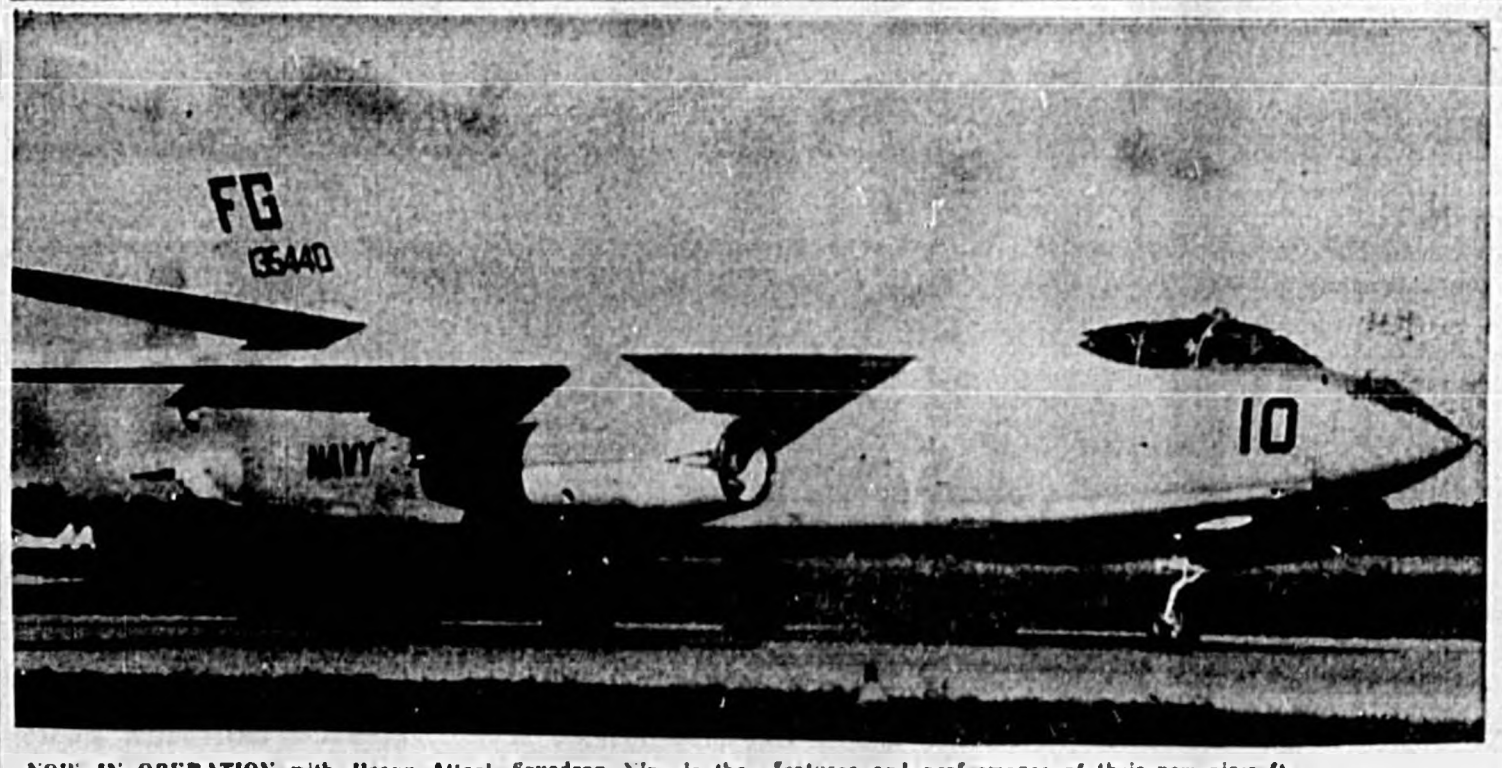

The deadline for purchase of 1957 auto tags is tomorrow, said John Galloway this morning.

There is no chance of extension, Gov. LeRoy Collins, who has authority to grant more days for tag purchases, said he will not do it. Collins says he saw "no legal justification."

Weather

Considerable cloudiness with occasional showers today. Wednesday partly cloudy and somewhat cooler.

32nd Annual Pioneer Night Set In Lake Mary Saturday 7:30 p.m.

The 32nd Annual Pioneer night, for people over 60 years old living and visiting in Seminole and surrounding counties, is to be held in the Chamber of Commerce Building, Lake Mary on Saturday, February 23 at 7:30 p.m. Every person over 60 years of age will have a reserved seat. The Tripple Trio and the girls and boys in a Mixed Ensemble, Michael Pope and Deanna Nichols, of the Duxbury School of Dancing, will give entertaining numbers for the Pioneers.

All Pioneers who are 60 years or over, who register that night, will be given a 32nd Annual Ribbon, and this ribbon will entitle them to be a guest of the Ritz Theatre on Tuesday, February 26.

Gifts will be given to the five eldest ladies and to the five eldest men, to the couple who have been married the longest number of years and the person who has attended the most number of Pioneer Meetings. If your birthday is the same date as Pioneer Night, be sure to tell the usher who registers you.

On Farm Front

By GAYLORD F. GOODY

United Press Staff Correspondent
WASHINGTON, (UP) — The Agriculture Department "market basket" of food in 1954 cost \$25.45, at retail. The far value of the food was \$20.85, or 82 per cent of the total.

The marketing margin on the food was \$4.60, or 18 per cent of the total.

The amount the farmer-producer received—40 cents of every consumer food dollar—was the average of all the foods in the basket. The farmer's share ranged from 60 cents of each dollar spent for eggs to 13 cents for each dollar spent for corn flakes.

The "market basket" contains the average quantities of farm-produced food products purchased for consumption at home by urban wage-earner and clerical-worker families in a year. The department began using this yardstick in 1932. The retail cost of all foods bought per family is more than the retail cost of the market basket of farm foods, which does not include imported foods, fish, dairy products, and other foods of non-farm origin, or costs of meals purchased in public eating places.

Farm Value is the payment farmers received for the farm product food equivalent to the foods in the market basket.

Breaking down the market basket in food categories, the farmer received 40 per cent of the \$25.45 spent by the consumer for meat products; 46 per cent of \$12.50, the \$12.50 spent for dairy products; 62 per cent, or \$4.81, of the \$7.75 spent for poultry and eggs; 50 per cent, or \$3.88, of the \$7.75 for bakery and cereal products; 30 per cent, or \$2.29, for all fruits and vegetables; 30 per cent, or \$1.40, of the \$4.65 for fats and oils; and 17 per cent, or \$0.43, of the \$2.50 for miscellaneous products.

Eggs, which produced the highest individual food percentage return to the farmer, sold at retail at 37.6 cents. The net farm value was 20 cents, or 69 per cent of the retail cost. The farmer had to come up with 1.03 dozen eggs as the equivalent of a dozen eggs in the grocery.

The farmer's share of a pound of beef from a choice steer in 1954 was 41 per cent of the food dollar. The farmer had to raise 2.10 pounds of choice steer to produce a pound of beef. This sold at retail for 66 cents. The farm value was 40 cents, the marketing margin 26 cents.

Hogs didn't do as well by the farmer. In 1954, a pound of meat was attained from 1.82 pounds of hog. It sold for 46 cents. The net farm value was 27 cents, the marketing margin 23 cents, and the farmer's share 31 per cent.

Good Example. The department's publication, "The Marketing and Transportation Situation," provides a good example of the why and wherefore of marketing charges. Discussing the cost of getting oranges from the grove to the dinner table, the department said:

"Marketing charges for handling oranges must cover the many services required to bring them from the grove to the consumer. The oranges must be picked, hauled from the grove to the packing house, degreened, washed, brushed, inspected, sorted, packed, loaded onto a refrigerated rail road car or truck, and shipped to market."

"At the terminal market, they must be unloaded from the rail road car or truck, sold through the auction market or by private sale, and hauled to a wholesaler's store or chain store warehouse where they are unloaded. They are later sold to a retailer, loaded on another truck and hauled to his store where they are unloaded and placed on a display rack."

Not all food from farm to market go through the same procedure, but the general pattern is the same.

THE AUTO WHICH WAS DRIVEN BY Dr. Jose Brille (Inset), Yonkers' Ambassador to the United Nations, is on the sidewalk in New York City by store into which it crashed, killing a pedestrian, Mrs. Ruth La Bartolomeo, 45, and injuring another woman. Police said the black limousine driven by the U.S. envoy, ran through a red light, smashed into another car, jumped the curb and struck the woman shopper. Dr. Brille, who passed out sometime after the crash, was taken to the hospital for treatment of cuts and bruises.

Mad Market In Executives

By DUC QUIGG

United Press Staff Correspondent
NEW YORK (UP) — Executives, a wiser lot than they seem to be, are getting their feet down off the desks. Take some benedictine, they couldn't afford executives of the big-business caliber, but now they're plowing back some profits in incentive plans to give them a little more of the good life.

What Does Should Be? He lists requisite bossy attributes as drive, responsibility, ability to think, ability to get along with people, plus an unending feeling that things could be done better. An executive is in-

terested in end results and not bothered by procedures and mechanics. Well, might as well take the bull by the horns.

"Look, Mr. Handy. What if a man like me—with two buttons on his overcoat, wearing an old-fashioned striped suit, with one he pointed out.

The story was, indeed correct, Handy said. The demand is "infinitely greater" than in pre-war days. The farmer had to place about 1,200 executives in the last 15 years. Last year he filled three presidencies, one with a salary-plus-bonus of \$90,000.

The Handy office keeps a list of all of my secretaries, tab on American industry from soup to nuts. Electronic machines quip and spit facts. Some 75,000 candidates and contacts among businessmen are catalogued and IBM carded.

To illustrate, a girl picked up a whopping stack of cards from the "Marketing Executives" file each card with 25 factors of selection built in. She placed them into a card-sorting machine, just like the one you see on the 64,000 question TV show.

At the press of a button, executives came tumbling down like leaves of brown—in card form—\$10,000-\$12,000; \$12,000-\$15,000; and so on.

Good Example. The department's publication, "The Marketing and Transportation Situation," provides a good example of the why and wherefore of marketing charges. Discussing the cost of getting oranges from the grove to the dinner table, the department said:

SPEAKING OF CARDS

STAMPY
"GRANDPA'S TEACHING JUNIOR HOW TO BE A GOOD LOSER."

up to "over \$75,000." Handy said one of the reasons for increased demand was "the coming of age of small business."

In years past they always felt they couldn't afford executives of the big-business caliber, but now they're plowing back some profits in incentive plans to give them a little more of the good life.

What Does Should Be? He lists requisite bossy attributes as drive, responsibility, ability to think, ability to get along with people, plus an unending feeling that things could be done better. An executive is in-

terested in end results and not bothered by procedures and mechanics. Well, might as well take the bull by the horns.

"Look, Mr. Handy. What if a man like me—with two buttons on his overcoat, wearing an old-fashioned striped suit, with one he pointed out.

The story was, indeed correct, Handy said. The demand is "infinitely greater" than in pre-war days. The farmer had to place about 1,200 executives in the last 15 years. Last year he filled three presidencies, one with a salary-plus-bonus of \$90,000.

The Handy office keeps a list of all of my secretaries, tab on American industry from soup to nuts. Electronic machines quip and spit facts. Some 75,000 candidates and contacts among businessmen are catalogued and IBM carded.

To illustrate, a girl picked up a whopping stack of cards from the "Marketing Executives" file each card with 25 factors of selection built in. She placed them into a card-sorting machine, just like the one you see on the 64,000 question TV show.

At the press of a button, executives came tumbling down like leaves of brown—in card form—\$10,000-\$12,000; \$12,000-\$15,000; and so on.

Club Needs Help Of Sportsmen To Make Regatta 'Big Success'

At least ten thousand people saw the first annual Speed Boat Regatta get underway Sunday afternoon.

The crowd would have been larger if there had been parking room for automobiles and a place prepared for onlookers to get a glimpse of the boats as they battled against one another for first place in the highly contested races.

Racers were crowded out of the race because of pleasure boats forcing their way back and forth into the pattern of the racing course, which even under normal conditions would have been dangerous anyway. Boats of every size pushed back and forth causing waves to build up enormously forcing all but the "more than brave" to dare the tossed waters in order to rack up a record.

Weeds were more than head tall along the lake front where normally people could get a glimpse of the boats on the course staked out for the races. As it was, only a small handful of folks could edge their way onto the ramp just south of the bridge.

The Sanford Boat and Ski Club put many hours into their planning for this big event for Sanford and Central Florida. They are to be commended for their efforts.

The Regatta can be and should be continued year after year.

Of course, as it always happens, there are some lessons to be learned from the "first" time. Many of the unplanned and untimely things that happened during the races Sunday afternoon won't be repeated—we're sure of that.

But—the Sanford Boat and Ski Club needs the help of every sportsman in Sanford and Seminole County to help make the Regatta a big success. The river should be patrolled—the banks of the lake need clearing for spectators—loud speakers and public address system should be larger and more complete so that all of the fans can hear—and parking space should be made available for everyone who would like to stop by and take a look.

Now in the time to start planning for next year. Don't wait until just a few weeks before the Regatta. Surely there are hundreds of people who want to turn out for the Sanford Boat and Ski Club meetings and voice their help in whatever needs to be done for the event.

Next year, we're sure that there will be a bigger, better and more completely planned Speed Boat Regatta.

Professional Training Needed

An objective look at our system of government, especially at state and community levels, discloses that many who hold responsible jobs are not well trained for those jobs. At one time this did not matter. Now government is becoming so complex that the need for professionally trained administrators is growing rapidly.

The American Society for Public Administration reports that at least three independent studies are being made of the question: What kind of training will produce the best government administrator?

"The three reports," says ASPA, "will survey the education for public administration now offered, describe skills needed for high level public management, decide whether such skills can be taught, and if so, what kind of schools and coursework are best and who should organize and pay for the education."

There is hardly a community of any size in the country which could not profit by having dependable answers to such questions. The time is not far off when haphazard community management must give way to more efficient methods that will work for the benefit of the entire community.

Try and Stop Me

By BENNETT CERF

ART RYAN tells about a Californian who took his 14-year-old daughter to a new restaurant, and was embarrassed to discover that the floor show consisted of a line of lively maidens clad only in wisps of gold and black satin.

"Hey, Pa, do you see what I see?" exclaimed the daughter ecstatically. While the father choked on a glass of water, she chorused, "They're wearing our school colors!"

A Yale graduate, perusing the want ads in a metropolitan journal, saw one that seemed promising. "Wanted," it read, "A bright Harvard man, or equivalent." The Yale man wrote to the Box indicated, inquiring, "When you say you desire a Harvard man or equivalent, do you mean two Princeton men, or a Yale man working half time?"

Sign in an expensive men's furnishings shop on Gotham's Park Avenue: "TEXAN SPOKEN HERE."

YOU'RE TELLING ME!

By WILLIAM RITT

BRITAIN'S new prime minister, Harold Macmillan, is "half-Hoosier" on his mother's side. If things get too tough at 10 Downing street, suggests Grandpappy Jenkins, Harold can obey that song and go back home again to Indiana.

In England a town council granted a hobo permission to make his home in a drain pipe. Probably figure at least he'll be out of sight.

Alch Key wastes a postcard and stamp in order to inform the man at the next desk, in how stateless and politicians could completely air their views before the invention of radio and TV.

Argentina is having the warmest summer weather that nation has had in two decades. Too bad they can't export the stuff.

The radish is believed to have originated in what is now Communist-controlled Asia. No wonder it's pronounced Rod-dish.

What puzzles him, declares the man at the next desk, is how stateless and politicians could completely air their views before the invention of radio and TV.

War Costly

Down through the centuries, it has been a truism that war becomes more costly for each succeeding generation. It now has become apparent that the rate at which this cost increases has speeded up tremendously in this country.

Part of the reason for this is that concentrated scientific research and development are creating new weapons so rapidly that some of them are obsolete before they can be used. Not only that, but the new weapons are so complex that they cost more than those that went before.

A case in point is the mighty B-36, a six-engined intercontinental bomber which can rise to a height of nearly ten miles, travel ten thousand miles without refueling, and fend off virtually any fighter attack. From 1948 until last year, these huge bombers were our first line of defense. The United States invested some two and a half billion dollars in a fleet of these behemoths.

Now, without ever having been used in combat, the B-26 is on the way out. It is being replaced by the B-52, which costs twice as much, and there are plans afoot to supplant the B-52 with an even bigger and much faster bomber.

Because of its tremendous cost, the B-36 is the most striking example of obsolescence in the weapons of war. There are many other examples to support the thesis that the cost of maintaining a strong defensive attitude, as well as the cost of war itself, is going up like a guided missile.

There is no indication of any change in this trend. More and more of our resources, and of the world's, will be gobbled up by the cost of armaments. Nothing else focuses a brighter light than this on the need to reduce world tension so that we can safely begin to rearm.

It used to be said that if you took care of the pennies the dollars would take care of themselves. These days, the dollars practically spend themselves.

Letters

To The Editor

Dear Editor:

On behalf of the Seminole County Chamber of Commerce, I should like to take this opportunity to extend hearty congratulations and our thanks to the Seminole County Memorial Hospital Auxiliary for a job well done in putting over a successful Follies showing.

The Chamber of Commerce has for its underlying motivation, the improvement of the economic condition of the entire County, and we feel the Auxiliary workers, the production staff and cast members have contributed much to our well-being through their efforts. This has been a two-fold blessing to the County—first, the County Hospital will be provided with a facility that will enable the doctor and technicians to more completely minister to the needs of people of the County and our neighbors. Second, a recreational event has been provided for not only the entertainment of local people but also for our ever increasing group of winter visitors. To afford a well-rounded life for our visitors, it has been felt that our evening entertainment program could stand some enlargement; the Follies was an admirable step in this direction.

Mrs. A. W. Epps Sr., Mrs. Robert Stone and all who participated in the development of the High Fever

Follies, deserve the plaudits of the entire County. Sincerely, Clifford McKibbin Jr., President, Seminole County Chamber of Commerce.

The note calls for the "liquidation of foreign bases" in the Middle East, meaning United States bases.

What Russia may propose at the six points Shepilov outlines would have the effect of frustrating the aims of the new Eisenhower Doctrine for the Middle East while leaving Russia free to engage in subversive activities.

It appears unlikely also that Shepilov's note to the United States, Britain and France is likely to deceive the governments of those countries.

News Of Men In Service

JACKSONVILLE, (FHTNC) —

James R. Lee, aviation mechanic's mate second class, USN, (right), is congratulated upon reenlisting for six years. Cdr. R. M. McConnell, Commanding Officer of Attack Squadron 172, administered the oath Jan. 16 at the Naval Air Station, Jacksonville.

Lee is the son of Mr. and Mrs. James R. Lee of Sanford, and husband of the former Miss Norma L. Brumley of Salisbury, Md.

Before entering the service, he graduated from Seminole High School and attended Stetson University.

Two men here stuck electric light bulbs under their car hoods during a recent cold wave. They tried to keep the engines from freezing. The engines didn't freeze. They caught fire.

Russia Developing Diplomatic Drive

By CHARLES M. McCANN

United Press Staff Correspondent

Soviet Russia is developing a big diplomatic campaign in an obvious attempt to weaken Allied defense cooperation.

Last Friday Premier Nikolai A. Bulganin sent a letter to West German Chancellor Konrad Adenauer holding out hope of German unification if he would abandon his ties with the Western democracies.

Now Foreign Minister Dimitri T. Shepilov has sent notes to the United States, Great Britain and France outlining a six-point proposal on policy toward the countries of the Middle East.

The Soviet government also has asked that the foreign ministers of the United States, Canada, Britain, France, and Russia attend personally a disarmament conference to be held in London next month.

It is reported in London that Russia intends to announce some sort of a new disarmament plan at that meeting.

While this campaign is being pursued, the Soviet government is making threats to Britain, France and other countries that they will be targets for atomic weapons if a big war breaks out.

It looks as if the campaign may be the brain child of Shepilov, who succeeded Vyacheslav M. Molotov as foreign minister last June 1 and is spoken of as a coming man in the Soviet ruling circle.

Shepilov went to the foreign ministry after having been editor in chief of the newspaper Pravda, the official organ of the Russian Communist Party.

He was not a newspaper man. He was put into his new post after a long career as a Communist propagandist.

Handsome, disarmingly friendly, more than six feet tall, he is in decided contrast to the dour Molotov.

A Cover-Up Plan

Shepilov's campaign—if it is his—undoubtedly is aimed partly at covering up Russia's own embarrassing position in its relations with its fellow Communist countries in Eastern Europe.

But it probably is aimed also at taking advantage of a period in which the Western Allies, believing that the danger of a third world war is increasingly remote, are trying to reduce defense spending.

Bulganin's letter is unlikely to get very far with old Adenauer. Under him, West Germany is certain to maintain its ties with the Western Allies. Nor is Adenauer the man to believe that Russia has any intention of agreeing to the unification of Germany.

It appears unlikely also that Shepilov's note to the United States, Britain and France is likely to deceive the governments of those countries.

Would Frustrate Doctrine

The six points Shepilov outlines would have the effect of frustrating the aims of the new Eisenhower Doctrine for the Middle East while leaving Russia free to engage in subversive activities.

The note calls for the "liquidation of foreign bases" in the Middle East, meaning United States bases.

the London disarmament meeting, whether or not the foreign ministers attend, remains to be seen. It may be predicted with some certainty that it will sound important but will not offer the necessary guarantees against the danger that Russia would be able to cheat if the Western Allies agreed to abolish nuclear warfare and tear up their defensive alliances.

But Shepilov may figure that, while Soviet enticements may not deceive the Western Allies, it costs nothing to try.

Agriculture News

Don't neglect your spring garden now if you want plenty of vegetables to eat later.

You can plant a wide variety of vegetables between now and March 15. Let's take a look at the ones Vegetables Specialist Joe D. Norton of the Florida Agricultural Extension Service recommends.

For the period between now and March 1, plant lima beans, beets, carrots, cauliflower, collards, mustard, radish, turnip and corn.

Between March 1 and March 15, plant snap beans, cabbage, cucumbers, canteloupes, corn, radish, summer squash, tomatoes and watermelons.

If there is any doubt about whether seeds have been treated, be sure to treat them. Chloranil 45 per cent is a good general seed treatment. Thiram 50 per cent and Semesan 30 per cent are good for specific crops. Read the labels for complete directions.

When transplanting young plants, follow these precautions: Buy vigorous, disease-free plants, or grow your own transplants. Set the plants soon after a rain, when the weather is cloudy or late in the afternoon.

Its solution to water with a start or solution when transplanting. Make this solution by mixing two to four pounds of 8-8-8 fertilizer in 50 gallons of water, or use two tablespoons in one gallon. Apply about a half pint to the base of each plant when you set them in the garden.

Unneeded Transfusions May Sometimes Be Fatal

By HERMAN H. BUNDESEN, M.D.

CERTAIN routine blood transfusions given in hospitals or clinics have been given routine unnecessarily. In some cases, injection of unneeded blood can be extremely harmful—even fatal.

In fact, not long ago at a meeting in Chicago of the American Society of Clinical Pathologists, Dr. William Freeman said that studies indicated that certain patients who normally would have been given additional blood by transfusion had more than enough to start with. However, these cases are the exception to the rule.

Unnecessary Transfusions

Until quite recently, doctors have had no accurate method of measuring the total blood quantity of a patient. Instead, we have had to estimate the amount of blood circulating through the system by time-consuming analyses of elements of the blood, plasma and cells.

But now, by injecting radioactive iodine into the blood stream, and with the aid of the laboratory, doctors can come up with a pretty accurate measurement. With a sensitized geiger-counting machine, they can tell where this iodine is in the blood stream, where it is going, and how much it has been diluted.

The extent of the dilution reveals the total amount of circulating blood.

Using this method of determining the need for blood, Dr.

Freeman checked 300 seriously ill or post-operative patients who might have been given routine blood transfusions on the basis of usual tests.

Transfusions, he reports, would have been wasted on 75 per cent of them. In cases of arteriosclerosis or impaired heart, addition of superfluous amounts of blood can even at times cause death by exerting excessive pressure on artery walls. This might overstrain the heart.

Inadequate Supply

Generally, it is believed that loss of blood during operations or childbirth frequently leaves a patient with an inadequate supply of blood which can be restored through transfusions.

However, Dr. Freeman says, his studies show that a number of patients actually have over-supplies of blood and blood fractions. All of which certainly seems to indicate that tests of the total blood volume should be made whenever possible before giving a transfusion. That is just what most doctors are doing today.

QUESTION AND ANSWER

D.B.: I have been losing weight and coughing up blood. Could these be tuberculosis symptoms?

Answer: One of the first symptoms of tuberculosis are fatigue and loss of weight. There is a loss of appetite, which is followed by coughing, expectoration, more loss of weight, fever and night sweats.

Call For Help

BUFFALO, N. Y.—(UP)—When Michael J. Carroll, 34, was taken ill suddenly, he was in a position to aid himself. Carroll, a dispatcher at the police radio station in Delaware Park here, was stricken while on the air. He used the intercommunication with the fire department to summon help.

Mother's Stress Might Cause Defect In Baby

By HERMAN H. BUNDESEN, M.D.

SEVERE emotional stress experienced by some expectant mothers during early pregnancy may be linked to cleft palate, harellip and other congenital abnormalities of the newborn baby.

However, it is thought that adequate amounts of vitamins B₁, C and other essential nutrients in the diet during pregnancy may help prevent such defects.

Those at least are the indications of experiments and tests conducted by two New Jersey doctors, Lyon P. Stream and Lyndon A. Lyon.

Suffered Stress

Investigating 232 cases of harellip and cleft palate, they found that most of the mothers suffered some kind of stress during the eighth and tenth week of pregnancy. This is the period during which the maxilla, or upper jaw bones, fuse in the human embryo.

The emotional distress took various forms.

In some cases, there was a death in the family; in others, some member of the family lost a job—or there were other family difficulties.

The anxiety of the mother, because this was her first pregnancy, was found in 40 per cent of the cases.

Significant Factors

Illnesses such as measles, chickenpox, diabetes and others, as well as injuries and accidents, also were significant factors in some cases.

Tests with mice further supported the studies.

When mice were exposed to stress at the time when the jaw bones would ordinarily fuse, 87 per cent of them produced offspring with cleft palate.

Doses of Vitamins

However, when other mice also were subjected to stress, but provided by massive doses of vitamins B₁, B₁₂, C and other nutrients, the incidence of cleft palate was reduced.

Since these investigations were conducted, other studies along these lines have been expanded.

Scientists are now seeking to determine whether such congenital abnormalities can be prevented by neutralizing the catabolic effect of the stress reaction with anabolic effect of vitamins and nutrients needed for protein synthesis.

Cleft palate is not uncommon. It occurs in about one of every 770 births.

The age of the parents doesn't seem to be a factor.

QUESTION AND ANSWER

I.H.: I recently had an examination and was told I have subcutaneous nodules. What would cause them?

Answer: Swelling under the skin might be due to a variety of causes.

A condition known as von Recklinghausen produces swellings of this type. Multiple tumors of other types might also occur.

You should have a biopsy done of these swellings; that is, a bit of tissue should be removed and examined under the microscope to help determine their cause.

"I still think it was sweet of him."

How many sides to a coin?

More than just two—to a banker...

There's the safety side: Keep some of your money in a checking account, where it's impossible to lose, easy to use.

... the growth side: Keep some in a savings account; we'll feed it interest.

... the flesh and blood side: More than just metal or paper, your money is the life of your hopes and dreams. Handle with care!

The longer we work in a bank, the more sides we see to money—and the more ways we see to help you.

Why not bring your next money problem to us? No matter how small it is, we'll welcome the opportunity to work out the solution with you.

Parents Announce Forthcoming Marriage Of Daughter Feb. 25

Lila Chorpene Wed In Chapel

Mrs. Lila Garrison Chorpene and Ralph Dickerhof were united in marriage Thursday in the chapel of the 1st Presbyterian Church of Orlando. Rev. Dr. William Kadel officiated in the double ring ceremony.

The bride was attired in a blue silk shantung suit with white accessories and a white rose corsage. The bride's sister, Mrs. Elma Ward, served as matron of honor. She wore a navy blue suit with white accessories and a corsage of pink carnations. M. A. Newton, best man, brother-in-law of the groom was best man.

Mrs. Chorpene is the daughter of Mrs. G. R. Garrison of

Mrs. and Mrs. Rufus Benton announce the forthcoming marriage of their daughter, Ruth Ester to Gary C. DeGatani, son of Mr. and Mrs. Frank DeGatani of Richmond, Va.

Miss Benton attended SHS and is now employed by McCarty's in Sanford. Mr. DeGatani is stationed at the Sanford Naval Air Station. The marriage will take place Feb. 25.

Free Union, Va. and Mr. Dickerhof is the son of Mrs. Lucinda Dickerhof of Sanford. The ceremony was witnessed by the immediate family and close friends only.

After a short trip through South Fla., the couple will be at home on 234 Palmetto Ave. in Sanford.

Magnolia Circle Elects Chairman

Mrs. R. I. Elam was hostess to the recent meeting of the Magnolia Circle of the Sanford Garden Club. After a short business meeting she served coffee and cake. During the meeting Mrs. Elam was elected to serve as chairman for the remainder of the year. Members were reminded to attend the spring luncheon at the Mayfair Inn, Feb. 21.

The group then proceeded to the beautiful garden of Mrs. C. W. Epps at Lake Minnie. The azaleas were in full bloom and presented a gorgeous sight. Many rare and strange plants also held the interest of the group. A gift was presented to Mrs. Epps for her graciousness by Mrs. Frank Deane.

Those present were: Mrs. H. B. Odham Sr., Mrs. Brailley Odham, Mrs. A. H. Harris, Mrs. L. P. Hagans, Mrs. J. J. Weber, Mrs. Albert Hardisty, Mrs. R. Heron, Mrs. Jo Messler, Mrs. Frank Deane, Mrs. H. K. Ring, Mrs. Frank Lieske, Mrs. William Sinclair, Mrs. J. E. Nichols and Mrs. R. I. Elam.

Jimmy Steakley Honored By Party On 9th Birthday

A birthday party was given Feb. 9 for Jimmy Louise Steakley, daughter of Mr. and Mrs. J. M. Steakley of Paola. The table was beautifully decorated with a large birthday cake surrounded by Valentine favors. After Miss Steakley opened her gifts, refreshments of cake, ice cream and punch were served by Mrs. E. S. Steakley and Mrs. J. M. Steakley. The girls enjoyed playing several games and contests.

Those present included: Darlene Carroll, Gail Grabow, Peggy Fritton Carolyn Jemineke, Carolyn Bumbalough, Renea Bumbalough, Patty Burritt, Sharon Burritt, Ann Avant, Harley Avant, and Georgia Cobb.

Mrs. French Feted Wednesday Evening In Longwood Home

Mrs. Tommy French of Longwood was honored with a stork shower Wednesday evening at the home of Mrs. Gene Rothell. Mrs. French assisted Mrs. Rothell as hostess.

The dining table was arranged with beautifully wrapped gifts, a basket of camellias centered the table with a stork overlooking.

Party sandwiches, tea and minis were served.

Those present were: Mrs. Dick Hallbeck, Mrs. George Lewis, Mrs. Robert Carmichael, Mrs. Nicholas Barlow, Mrs. Emory Brown, Mrs. Mae Farina, Mrs. Delton Helms, Mrs. R. T. Milwee, Mrs. Hugh Eldridge, Mrs. Garland Shaw, Mrs. Henry Pfeiffer, Mrs. Henry Freeman, Mrs. Mera Ford, Mrs. Roger Crocker and Mrs. Forest French.

St. Monica's Meet In Phillips' Home

Mrs. W. M. Phillips and Mrs. Phil Stanley Jr. entertained the St. Monica's Chapter of Holy Cross Episcopal Church, recently in Mrs. Phillips' home.

Devotions led by Mrs. K. Torbett, opened the meeting. Mrs. Joe Nicholas presided. Flatware to be purchased by the auxiliary for use in the parish house was shown by Miss Barbara Ruprecht. Following the business meeting the book, "Your Home Can Be Christian" was reviewed by Mrs. Donald Jones.

Refreshments were served by the hostesses, Mrs. Phillips and Mrs. Stanley to Miss Barbara Ruprecht, Mrs. Joe Nicholas, Mrs. Walter Meriwether, Mrs. Donald Jones, Mrs. Irving Weinberg, Mrs. R. W. Williams, Miss Carol Stone, Mrs. L. R. Johnson, Mrs. K. Torbett, Mrs. Velma Gonzalez, and Mrs. C. E. Carlton.

ATTENDING FRIDAY'S LUNCHEON at the Mayfair Inn were: left to right, Mrs. A. C. Church, Mrs. Charles Hopkins, Mrs. Ralph Hartsfield, Mrs. F. D. Scott, Mrs. Ernestine Delberry, Mrs. Douglas Stenstrom. Back to right, Mrs. David Gatchel, Mrs. Wilbur Jones, Mrs. Fred Dyson, Mrs. B. L. Abbenger Jr., Mrs. A. L. Rogers, Mrs. Louie Fraleigh, Mrs. Mel Con-

ner and Mrs. Frank Mebane Jr. From left to right, Mrs. Homer W. Little, Mrs. Charles T. Boyd Jr. and Mrs. Ralph Davis. (Staff Photo)

Mrs. Fred Dyson Entertains State, Local Officials' Wives With Luncheon At Mayfair

Personals

Home from the hospital now and doing nicely is Miss Debbie McLain. She underwent a tonsillectomy at Seminole Memorial Feb. 16.

Mrs. and Mrs. Myron Smith and Mr. and Mrs. W. D. Stine spent a most enjoyable weekend visiting friends in St. Petersburg and Tampa.

Arriving today to be guests of Mr. and Mrs. Roy Holler are: Mrs. H. Prescott Herr of Wells, Ohio and Mrs. A. S. McCullum of Haddonfield, N. J. They are here for a short visit and are the sisters of Mrs. Holler.

Mrs. G. R. Garrison and daughter Carol of Free Union, Va. returned home today. They attended the wedding Thursday of Mrs. Garrison's daughter, Mrs. Lila Chorpene.

During the 3-day conference of the State Road Board held at the Mayfair Inn last week, a luncheon honoring the Road Board members' wives and the wives of the county and city commissioners, was given by Mrs. Fred Dyson. Mrs. Dyson's husband is the chairman of the County Commissioners. Spring flowers placed intermittently on the long banquet table decorated the banquet room. A book review was given during the luncheon by Mrs. B. L. Abbenger Jr. of Orlando on "The Green Willow" by B. J. Chute.

Those present were: Mrs. A. C. Church, Mrs. Charles Hopkins, Mrs. Ralph Hartsfield, Mrs. Ernestine Delberry, Mrs. Wilbur Jones, Mrs. Louise Fraleigh, Mrs. Mel Conner and Mrs. Ralph Davis, all of Tallahassee; Mrs. B. L. Abbenger Jr. of Orlando; Mrs. A. L. Rogers, Clearwater; Mrs. Charles T. Boyd Jr., Jacksonville; Mrs. F. D. Scott, Mrs. Douglas Stenstrom, Mrs. David Gatchel, Mrs. Frank Mebane Jr. from Henderson, Ky., and Mrs. Fred Dyson, from Sanford.

Mrs. Pitt Feted At Surprise Party

Mrs. Roy Brown of Lake Mary gave a surprise birthday party for her mother, Mrs. (Lola) Pitt at 2635 South Sanford Ave., Saturday afternoon. After the guests played a variety of games the honoree opened her gifts. Refreshments of cake, punch, ice cream and coffee were served. A three-tier birthday cake highlighted the serving table. Fern, Hibiscus and camellia arrangements decorated the house. Mrs. Pitt was presented with corsage of pink baby azaleas.

Guests included: Mrs. Pearl Benham, Mrs. Marcella Benham, Mrs. Laverne Clark, Mrs. T. A. Stiles, of Sanford and Mrs. Hazel Moss, Mrs. Louis Cooke, Mrs. Laura Kruger, Mrs. Birdie Hood, Grace Lindall, Mrs. Elsie Spire, Mrs. Jessie Frayson, Mrs. Ruby Sjolholm, Mrs. Priscilla Mayburray all from Lake Mary. Mrs. Pitt is formerly from Henderson, Ky., and has only been a resident of Fla. since Dec. 10.

Conring The News BY VIRGINIA CONN

New vestments for the choir is the purpose of a public bazaar at the Elk's Club Saturday night. The Senior Choir of Holy Cross Episcopal Church is sponsoring this chicken barbecue with all the trimmings. Weather permitting, the outdoor serving area will be used, or you may take yours home in a box, if you feel so disposed. Tickets are on sale at the church office or obtainable from any choir member. Roy Green is running the show, so come on out and enjoy the fun.

More dope on the dance at the B.O.Q. Friday night. The time will be from 8 to 11:30, music will be by the B.O.Q. Trio, snacks will be served and it is all free. Since this will be a long weekend, treat your best girl to a little "live" entertainment. There

is plenty going on, as Bell, Book, and Candle will open at the City Hall Auditorium Thursday night for a run through Saturday night. Curtain time 8:15.

Sounds as if the Girl Scout fund drive has reached its goal. The results have not yet been announced, but the response was gratifying. Dot Higgenbotham is Neighborhood Cookie chairman, and met today with troop leaders to discuss plans for the cookie sale in March. These are the only ways the Girl Scouts make money, but of the two, of course the cookie sale is the easiest, since the cookies themselves are so good.

The Annual Boat Regatta nearly lost some of its best fans when an inbound boat sank in the middle of Lake Monroe Sunday afternoon at the end of the Regatta. On it were Mary and Ed Higgins and Lil and O. O. Gray with all their children. Those who could not swim were equipped with life preservers, but the rest had only cushions, and the winds were high, and water rough. A heartbreaking moment occurred when a closed boat passed close to the scene and the occupants did not hear the cries of those in the water. Rescuers soon came, however and today, I am happy to report all the Grays and Higgins are in good health. The children were praised as little rowers who did not panic in the face of danger, and this experience warns us once more of the caution and respect with which we must treat the lake and rivers.

Jo Ann Fleming Honored At Coffee

Miss Jo Ann Fleming bride elect of Bob Ward, was honored at a coffee given Wednesday night in the Oviedo City Hall. Miss Fleming is the daughter of Mrs. Elsie Fleming of Oviedo and Mr. Ward is the son of Mr. and Mrs. B. E. Ward of New Smyrna. The Wards were formerly of Oviedo. Coffee, cake and minis were served to approximately 30 people during the course of the evening.

Miss Fleming attended Oviedo schools and graduated from Orange Memorial School of Nursing in Orlando. She is now affiliated with the Dr. Edward Storer Clinic. Mr. Ward is also a graduate of Oviedo schools and attended the University of Florida. After serving two years with the U. S. Army he is now associated with his brother, Ben Ward Jr. in the orange grove business. The Fleming-Ward marriage will be an event of April 10 in the First Baptist Church of Oviedo.

Serving as hostesses for the coffee were: Mrs. J. Faircloth, Mrs. Edward W. Storer, Mrs. R. W. Easter, Mrs. Max Lemhart and Miss Ruth Kimball.

Calendar

TUESDAY

The Brownie Scouts will meet in the Youth Building at 3 p. m.

The Pioneers will meet for fellowship and recreation in the Youth Building from 6 p. m. through 8 p. m.

FLORIDA GOVERNOR SALUTES SPORTS CAR RACE—Governor LeRoy Collins (left) officially presents the week of March 19-23 in Florida as "International Sports Car Week" as he poses here with the Amoco trophy which will be awarded to the winning driver at the Florida International 12-hour Grand Prix of Endurance to be held at Sebring, on March 22. Receiving the official proclamation from the Governor are Robert H. Barritt (right) of Jacksonville, Florida division manager for the American Oil Company, holder of the top prize, and Reginald D. Smith of Miami, race secretary.

Coach Says Seminoles In Top Form For Benefit Game Tonite

The Sanford Seminoles cage quintet take the local courts tonight in a benefit performance for the Elks Club, pitting full strength for the first time of the season. They will play host to New Smyrna Beach for the event.

Coach Bud Laver said this morning that his charges were in their season's top form and should make their best performance of the year before a hoped-for capacity crowd.

In the benefit game, a steak dinner is the spoils for the victors. The Sanford Elks have purchased the game for the event and have vied with the New Smyrna Beach Elks Club for the steak dinner for the two teams. The victorious team will be the guests of the losing team Elks Club.

Laver said his reserve strength would be in top physical condition tonight. Bill Tyre will be returning to the lineup after an accidental blow above the eye by an elbow in the Melbourne game to give the team a boost in the "big boy" camp.

Laver said the starting lineup had not been picked yet. "We will play the boys who appear in best form tonight," he said. "We have been fighting 'butterflies' all season, and we're not giving the boys the chance to get nervous too much with too great an amount of pressure before the game."

Assistant coach Dick Silvers said that his charges were "Ready to go. We're at top form now," Silvers remarked, "and this could well be the night for the big upset we have been dreaming for."

Of course, the NSB Barracudas will be heavily favored, but the Seminoles have shown on occasion that they have the potential to explode an upset if all the members of the team are running big time at the same time and in the same game.

"Our big trouble is shooting and ball handling," Laver said. "We will do a good job if we can get our pointers off before they close in on us," he said. "We made a good showing against Winter Park last week and they went on to win the Orange Belt

Bob Karns

Jay Hebert Mayfair Inn Playing Pro Wins \$20,000 Texas Open

Jay Hebert, the college graduate that holds a Masters degree in Business Administration, the Lieutenant in the Marine Corps that socked the Japs in Iwo Jima, and the only leading golfer in the country that draws a salary from a baseball club, emerged ahead again in the race for the nation's top money winner on the PGA tour as he called his hole and his score to win the \$20,000 Texas Open.

The 34 year old Louisiana-Frenchman who hails from Sanford and is the playing pro for the New York Giants Mayfair Inn is the swartzy elder of a pair of golfing brothers who headed for this week's Houston Open yesterday.

Hebert told brother Lionel prior to the start of Sunday's final 18 holes that he was going out to shoot a four-under-par 67 and that "if anybody beats that, they deserve to win it."

Hebert did just that—and nobody beat his winning 72-hole score of 271 as Hebert became the only man of the PGA tour to hold two crowns so far this season.

The nearest man to Hebert was Ed Furgol, the man with the withered arm from St. Andrews, Ill., who came within inches of tying him when a 13-foot birdie putt slid by the cup on the final hole.

Hebert's first place money was good for \$2,800 and he blazed a trail to hot love followed and the second place game of 272 gave Furgol \$1,900 and second place as he finished two strokes ahead of Tony Holguin of Midlothian, Ill., and Arnold Palmer of Latrobe, Pa., whose 274s earned them \$1,300.

After that came Julius Boros and Jimmy Demaret, who blew a two-stroke lead he held going into the final round when he took 37 puts for a 74. Their 276s were worth \$1,050 each and put them one stroke in front of Cary Mid-dlecoff, who earned \$900 for seventh place.

Oliver Leaves To Join Hebert At Houston Open

Ed Percy Oliver, the wit of the Fairways and the associate Winter Pro for the Mayfair Inn Country Club, left Sanford today to fly out to Houston to join companion Jay Hebert, the Mayfair Inn's playing pro who is presently in the lead for the second time in national money winnings for the PGA tour for the Houston Open Invitational in Houston.

Oliver was his jovial self as he prepared to leave this morning and remarked that he would try to give the co-worker in the Sanford publicity cause some stiff competition. "At least he can't beat me in the woman golfer routine," Oliver said of his comedy act that has rocked sunny Florida visitors all winter.

Hebert joined the Mayfair Inn camp during the first annual \$15,000 PGA Mayfair Inn Open in 1953 and since then has been on

All Souls Cagers Beat Lake Monroe Quintet 26-16

All Souls Parochial cagers called the shots yesterday to burn a hot trail and leave Lake Monroe smoldering in defeat 26-16 in a rough and tumble match of the Seminole County Junior High Basketball League.

All Souls hawkeyes cager, Constantine, matched the entire Lake Monroe effort as he tallied for 16 points to lead the field.

For the losers, Johns' six points was the best of the Lake Monroe effort.

The game was played on the Lake Monroe courts.

an upward road to golfing glory. He jumped to an early lead in money winnings when he capped the title of the Bing Crosby Tournament, the biggest golfing charity event in the world of golf.

That famous charity event was the first major tournament that Hebert has won as a professional golfer, but since then he has consistently been the man to beat on the fairways.

Frank Mebane, head of the New York Giants' plush pleasure resort here in Sanford said this morning that he was more than pleased with the showing that Hebert had made this year. "But what really has us thrilled is the genial cordiality that Hebert is spreading; both he and Percy are worth a small mint to Sanford for their absolute approachability."

Jr. High 5 Ends Season With 24-6 Win Over Volusia

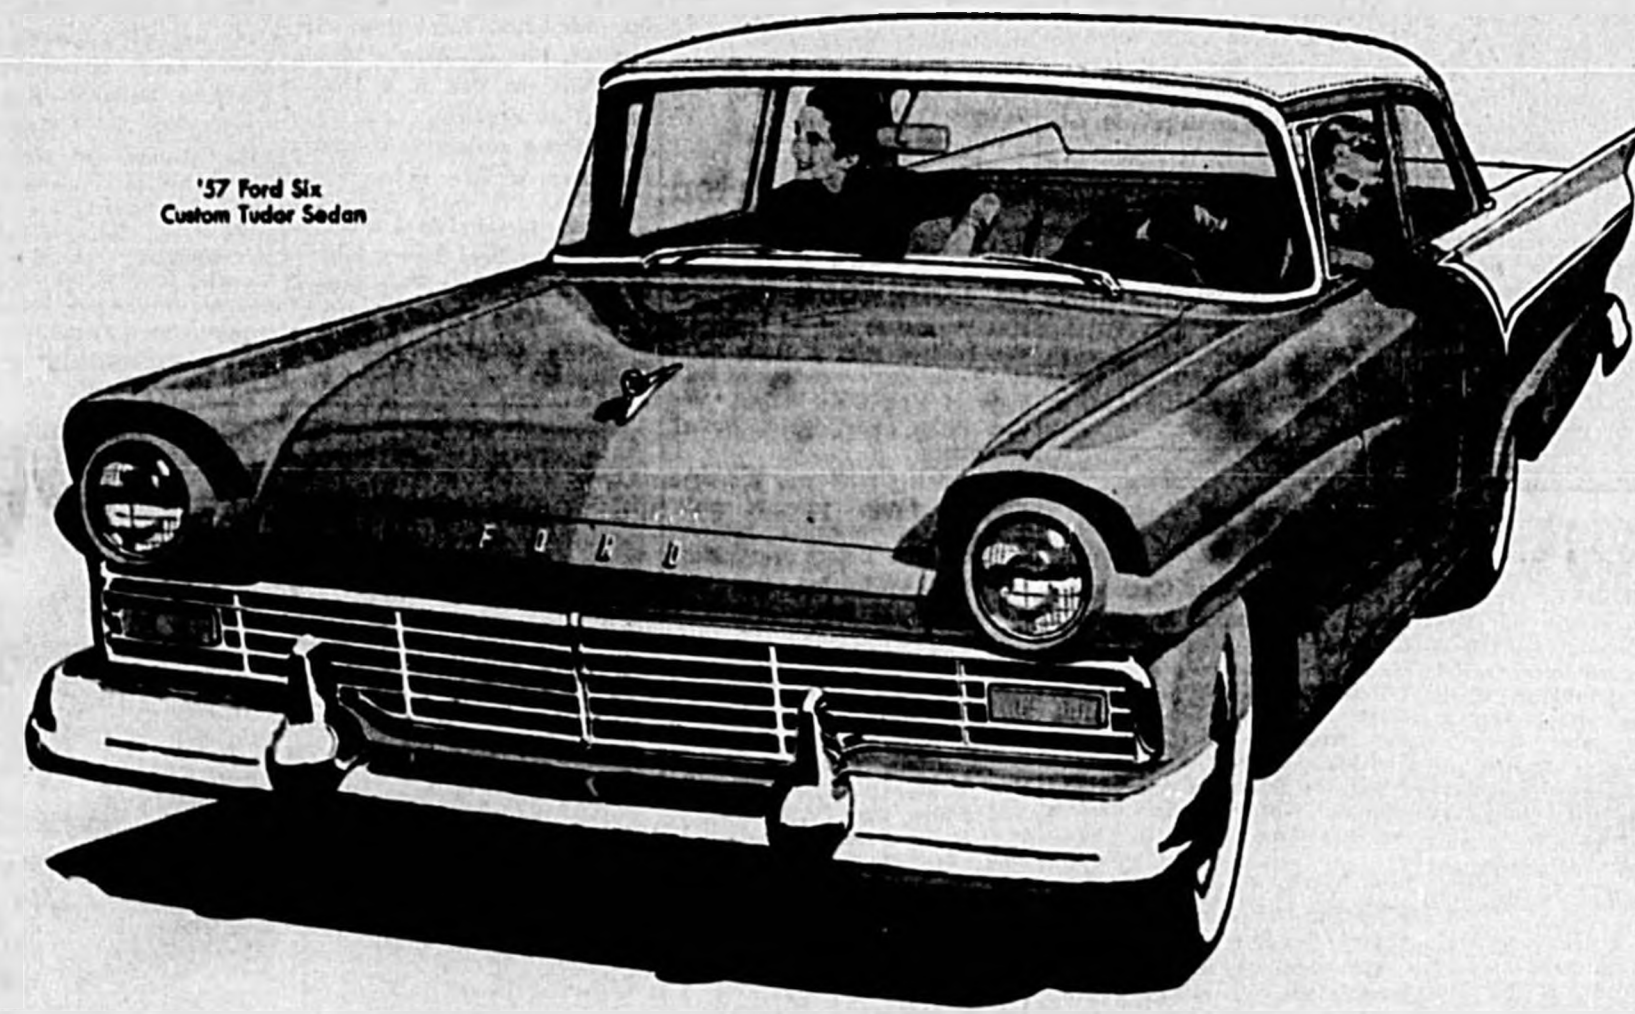

Alex McKibbin and Mike Roberts staged a one-sided show of an amazing one-two punch last Friday afternoon in Daytona as the Sanford Junior High variety closed out their season with a 24-6 victory over hapless Volusia Junior High.

The McKibbin and Roberts combination accounted for all but two of the Sanford Juniors' scoring as McKibbin paced the game with 12 points, twice the total of the entire Volusia team effort, and Roberts backing him up with a strong 10 points.

Cosch Howard Gordie brought his glorious season to an end with the one sided victory and kept his record clean as he redeemed his only two defeats of the season with victories in late season matches.

Gordie attributed team effort for his outstanding season. "We have naturally had outstanding leaders on the courts throughout the season," Gordie said, "but the boys who played excellent defensive games and who worked the ball down the courts and aided the offense in play patterns and the fast break made the winning season possible."

Mr. William Finnegan shipped for his last four year hitch in the Navy Friday, Feb. 18. Mr. and Mrs. Finnegan have three children and reside on 19th st., Sanford.

Mr. and Mrs. Edward Gold spent Friday evening at the home of Mr. and Mrs. Finnegan playing cards.

Mrs. Julie Duncan left Sanford today to join her husband in Norfolk where he has gotten orders from Sanford.

The following is taken from the Navy Times and may be of interest to the many people in service.

"The Navy selection board has been authorized to select 850 men over the previously planned 200 for LDO. Two hundred men will be chosen as permanent ensigns under the Navy integration program.

The current warrant officers list has been reduced from 577 and next year will be even more greatly reduced.

Here are some of the new rules for LDO. 1. Temporary LDO will be eligible for permanent LDO according to the number of vacancies allowed by law, or they may be unrestricted line or staff corps officers at the appropriate grade.

2. Personnel promoted to permanent LDO status will follow the regular career LDO pattern laid down by legislation.

3. Personnel remaining as temporary LDO can anticipate similar patterns and assignments but without definite LDO career assurance. Unless there is a reduction in the size of the Navy and as long as they serve satisfactorily, they will be retained until eligible for retirement.

4. Those who twice fail selection for promotion will be reverted to the status held at the time of appointment.

The Navy disclosed that it plans to give written exams to all temporary officers (UN) next year.

All temporaries selected for promotion, would have to pass these tests before actually being assigned in rank. These exams are required to all officers.

The Navy gave the go-ahead for establishing special clubs for 1 and 2 class Petty Officers.

Known as "open mess," these clubs would permit serving liquor to top Petty Officers.

The club should be in a separate building or in a portion of the Enlisted Mens Club for their own use.

Funds already set aside for this purpose could be used to build a new P. O. Club of 11 funds are not available.

Chief of Navy Personnel could authorize the use of more than \$5,000 from the local recreation funds.

During the next couple of days this column will be turned over to another writer in the enlisted ranks.

We've really enjoyed bringing the news of the enlisted families to your front door but due to the illness of one of the writers and the overloading of the other with two babies it has been increasingly harder to keep it up like we would like it to be.

News is still wanted, however, so would you please direct your calls to either 1766 R or 947 XM.

Sanford The Baptist W. M. U. held its meeting at the church Thursday evening.

The meeting was "Home Missions." Those taking part in the program were the following: Mrs. Merle Summerall, Mrs. T. W. Prevatt, Mrs. W. L. Seig, Mrs. Jack Stewart, Mrs. John Maxwell, Mrs. Lester Harper.

Refreshments of cake and coffee were served by the hostess.

Mrs. Jucion Leonard left Friday for Ft. Pierce to visit relatives. Mrs. John Maxwell left Friday for Ohio where she will visit relatives.

Mrs. Robert Geiger and family of Titusville visited Mr. and Mrs. Oliver Mathieux and family Wednesday.

Mrs. Donald Atwood and Mrs. Henry Simpson attended the flower show Wednesday at DeLand and Daytona Beach.

Mr. and Mrs. C. D. Hart spent the weekend in Miami with friends.

Many friends of Mrs. Homer Ballard will be sorry to learn that she is confined to the Seminole Memorial hospital.

Mr. and Mrs. R. D. Jolie and family had as their recent guests Mr and Mrs. R. D. Carter of

BETA CHAPTER'S annual initiation held Saturday at the Mayfair. From left to right are: Miss Dorothy Almy, 2nd vice president, Mrs. W. B. Wray, initiate, Mrs. M. B. Smith, president, Mrs. Dorothy Rice, initiate, and Miss Betty Ford, 1st vice president.

Beta Chapter Of Delta Kappa Gamma Holds Annual Initiation

At the Mayfair Hotel at 4 p. m., Feb. 16, Beta Chapter of Delta Kappa Gamma Society held the regular business meeting, following which, annual initiation took place. Mrs. W. B. Wray, history teacher in Seminole High School, and Miss Dorothy Rice, second grade teacher in Oviedo, were initiated.

Mrs. J. C. Mitchell, initiation chairman, and Mrs. Cordia Swaverly and Miss Ella Kramer, Leesburg, members of the committee, conducted the candidates through the ceremony. Mrs. Margaret Hayes, soloist, of Leesburg was accompanied by Mrs. Miriam Whitaker of DeBary.

Immediately following the initiation a banquet honoring the new members was held in the hotel ballroom. Mrs. W. L. Sieg, chairman in charge of the banquet, was assisted by the local members of the society. Red and gold were effectively used in the decorations. A brass bowl containing red roses centered the speakers table. It was flanked on either side by gold candles.

Red camellias were grouped intermittently the entire length of the tables. Cleverly designed program-placards were the work of Mrs. Sieg.

Miss Sue Patterson, Daytona, program chairman, as emcee, presented Mrs. Hayes, who sang the Lord's Prayer. Miss Agnes Johnson of Tallahassee was her

accompanist. During the course of the meal both the new members and guests were presented. A high light of the banquet was the presentation of Mrs. A. G. McInnis, guest speaker, whose subject was "The Challenge of Women Educators in Bringing About a World 'Togetherness' Through Spiritual and Mental Enlightenment of All People".

In the handling of this weighty subject Mrs. McInnis proved her ability as a speaker. Many times she cited history and authors as a means of proving her points. A few of her thoughts follow: "Why do men live as they do? Unselfish concern and need of love for fellowman are very important. . . . Great principles of happy living must be nourished in the heart of man. . . . Take time to truly love in the cause of Christian living, and happiness will be a permanent by-product."

Guests attending the banquet were Mrs. McInnis; Mrs. Margaret Golt and Mrs. Wilma Morgan of Rho Chapter; Miss Zilla Welsh and Miss Caroline McInnis, Southside teachers; Mrs. Veda Coy, Richmond, Kentucky, sister of Mrs. Morgan; and Mrs. Harriett Emerson, winter resident of Orange City and a member of Delta Kappa Gamma in Massachusetts.

Beta Chapter of Delta Kappa Gamma consists of membership from Brevard, Lake, Seminole, and Volusia counties. Current officers are Mrs. M. B. Smith, president; Miss Betty Ford, of DeLand, first vice president; Miss Dorothy Almy, Daytona, second vice president; Miss Emma Williams, Leesburg, recording secretary; Miss Fern Russell, DeLand, Treasurer; and Mrs. Nancy Brock, corresponding secretary.

Average Russian 'Well Off As Ever'

WASHINGTON (AP)—A congressman who inspected living conditions in Russia believes the average Russian is "as well off as ever" and satisfied with Communist rule.

But Russia's economy is so far behind that of the West, he said, that it is questionable whether it could support a prolonged aggressive war far beyond Soviet borders.

Rep. Jamie L. Whitten (D-Miss) made the observations in a 43-page report to the House Appropriations Committee on the inspection trip he and two aides made to the Soviet Union last fall.

The trio traveled 750 miles by automobile through the Ukraine farmlands where Whitten, a farm expert, talked with many Russian farmers.

He found that Russia's inability to increase its farm production is one of the "greatest weaknesses" of its economy. There is great waste and inefficiency, he said, and the Soviet have been unable to "succeed in creating conditions and incentives to stimulate agricultural production."

There appears to be no substitute for the private-owned family-type of agriculture "which forms the backbone of United States agriculture," he said.

His report also included these observations: Russian attitudes—"We were surprised at the friendliness of the people. . . ."

Other weaknesses—"Russia is a nation largely of dirt roads, 35-mile-an-hour trains, few railroads, poor communications, horse-and-wagon transportation, with 20th Century development in a few select places where the government has thrown its weight."

Unemployment—"The Soviets are proud of having no unemployment; yet it is apparent that much work is made work. In rural areas, an individual worker will often watch the goose, another the pigs, and still another the cows. . . . In the cities we saw innumerable middle-aged and older women with homemade brooms, sweeping leaves from the sidewalk, one by one, as they fell from the trees."

District—"There is a general attitude of distrust of everyone." "The waitresses in the restaurant at Best counted each piece of tableware. . . placed it in their

SPEAKING OF CARDS

MIND IF I ACCOMPANY YOUR FINGER TAPPING?

Good manners and sportsmanship are just as welcome at the card table as they are on any other occasion where we get together with old friends or make new acquaintances. Nervously tapping the table while pondering what card to play or arranging your hand card by card as each is dealt are two habits that are especially annoying to all card players. Still another bad habit is using old, dog-eared playing cards. You'll find that new cards are not only pleasanter to play with but easier to shuffle and deal too.

Individual cabinets, tied string around the handles. . . as they closed for the night. Evidently, what belongs to 'all the people' tends to disappear if not closely guarded."

Mrs. Sara Hilley Weds R. E. Lord On Valentine's Day

Mrs. Sarah Elizabeth Hilley, formerly of Atlanta, Ga. and Raymond Edward Lord of Sanford, exchanged nuptial vows in the home of the bridegroom's parents, Feb. 14. Rev. Paul Lord officiated at the service in the presence of relatives and close friends.

Mrs. Hilley chose a gown of embroidered blue crepe. Her jewelry, a gift of the groom was a hand carved ivory necklace. A large three-tiered wedding cake served as the refreshment along with punch.

Mr. Lord is the son of Mr. and Mrs. Robert W. Lord.

Geneva

By Adèle Prevatt
The Home Demonstration met at the community hall Tuesday with 27 present. Mrs. Walter Warborough presided over the meeting. Miss Myrtle Wilson, County Agent, gave a talk on "Good Grooming". Hostesses for the meeting were Mrs. Donald Atwood, Mrs. Henry Kreiter, and Mrs. Martin Manson. Refreshments of cake and punch were served.

Mr. and Mrs. R. D. Jolie and family spent the weekend in Valdosta, Ga. with Mrs. Jolies' parents.

Twenty-two 4-H girls and boys and leaders attended the fair in Tampa Saturday.

The Garden Club held its annual supper at the community hall Monday evening. About 100 members, their husbands and guests attended.

Mr. and Mrs. Lester Harper and family spent Sunday in New Smyrna Beach with Mrs. Elma Harper and Mr. and Mrs. Melvin Harper.

Phillip Bauer spent a few days in Maitland this week with friends.

A. D. Coleman and nephew of Orlando called on Mrs. T. W. Prevatt and family.

Many friends of Miss Ledia Peters, a former resident of Geneva, will be sorry to learn of her death Wednesday.

Mr. and Mrs. Harold Slaughter and Marilyn Wilson of Dayton, Ohio visited Mr. T. W. Prevatt Thursday.

The many friends of Mrs. Homer Ballard will be sorry to learn that she is confined to the Seminole Memorial hospital.

Mr. and Mrs. R. D. Jolie and family had as their recent guests Mr and Mrs. R. D. Carter of

Sanford

The Baptist W. M. U. held its meeting at the church Thursday evening.

The meeting was "Home Missions." Those taking part in the program were the following: Mrs. Merle Summerall, Mrs. T. W. Prevatt, Mrs. W. L. Seig, Mrs. Jack Stewart, Mrs. John Maxwell, Mrs. Lester Harper.

Refreshments of cake and coffee were served by the hostess.

Mrs. Jucion Leonard left Friday for Ft. Pierce to visit relatives. Mrs. John Maxwell left Friday for Ohio where she will visit relatives.

Mrs. Robert Geiger and family of Titusville visited Mr. and Mrs. Oliver Mathieux and family Wednesday.

Mrs. Donald Atwood and Mrs. Henry Simpson attended the flower show Wednesday at DeLand and Daytona Beach.

DESIGNED BY THE U. S. AIR FORCE as a cargo plane of "unprecedented dimensions" is the C-123 shown here in an artist's drawing. Now being built at Tulsa, Okla., the largest heavier-than-air flying craft will be able to transport 200,000 pounds of weight, twice the carrying capacity of a 10-engine B-36 bomber. The Air Force statement from Washington did not release the actual dimensions of the plane, but said that, operating with a 100,000-pound payload (half its maximum), the craft will have a range of 3,500 miles at 600 miles per hour. Total weight of plane is more than a half million pounds.

Ingrid Bergman Receives Academy Award Nomination

HOLLYWOOD — Ingrid Bergman, who last year broke a self-imposed exile and made a triumphant comeback to Hollywood films, has been honored by 14,000 motion picture industry workers with an Academy Award nomination.

Newcomer Named

Miss Bergman, the star of "Anastasia," will compete for the world's top acting honors with newcomer Carroll Baker of the controversial "Baby Doll," and three veterans like herself—Katharine Hepburn of "The Rainmaker," Nancy Kelly of "The Bad Seed," and Deborah Kerr of "The King and I."

The male nominees are Yul Brynner, "The King and I"; Kirk Douglas, "Lust For Life"; Rock Hudson, "Giant"; and an Englishman considered a dark horse surprise nominee, Laurence Olivier, "Richard III."

Local

(Continued from Page 1)
Fred Dyson told Housholder: "Certainly all of us are behind you 100 per cent—it is a must with us."

Chairman of the Armed Forces Committee of the Seminole County Chamber of Commerce, Andrew Carraway, accompanied Housholder to the commission meeting this morning to request the funds.

Earlier this morning, John Krider, Manager of the local Chamber of Commerce, said several local civic clubs and organizations "are going to work for us. The Jaycees and a couple of others."

Krider emphasized that a number of people had asked how to write their Senators and Congressmen.

The Senators to be contacted by letters are Senators Sprossard Holland and George Smathers; and Congressman A. S. Herlong Jr. All three are addressed at Washington, D.C.

In a Chamber of Commerce prepared instruction sheet relative to writing the senators and congressmen, 10 instructions are given. They are: He should be addressed as Representative or Senator and not Mister. Be brief but not terse. Be specific, positive—don't hedge. Give him the local viewpoint—how the issue would affect your community, your industry, your business. Letters should be dignified. And reasonable—don't ask the impossible. But request action—your congressman was elected to do something. Make it your letter—on your letterhead, in your style, request an answer—you've told him where you stand, now ask him where he stands. Be appreciative—thank him for the good things he does.

1957 AZALEA QUEEN—Miss Marie Antoinette (Tony) Helmbeck, 17-year-old University of Florida freshman, was crowned Sunday "1957 Azalea Queen" in the revival of the famous Azalea Festival in Palatka. Tony, a member of the 1956 U. of F. Homecoming Court, is from Miami and was sponsored by the Gainesville Jaycees. The Palatka Junior Chamber of Commerce held the event with 10 beautiful girls, sponsored by Jaycees over the state, participating.

AT A BEACH in Nassau, the British West Indies, a model is wearing an orlon and knit suit, designed by Nettie Rosenstein. The suit has a stole that buttons on the back. The stole can also be worn as a kerchief. The Caribbean has a built-in bra and detachable straps. (International)

Every day... more mothers are buying Gail Borden

Vitamin-Mineral Fortified Milk

All over Florida, more mothers are buying Gail Borden Milk for their youngsters. They recognize the extra health protection this wonderful milk provides. They are making certain that their youngsters get the vitamins and minerals they need—every day! Economically, too—because Gail Borden Milk costs only one cent more per quart than regular Homogenized Milk.

Swedish Actress Marta Toren Dies Of Brain Ailment

STOCKHOLM, Sweden — Swedish actress Marta Toren died early today of a rare brain ailment in Stockholm's South Hospital. She was 31.

Dr. Goesta Von Reis, who described her condition as "hopeless" when she entered the hospital Sunday in an extremely serious condition, said that there was nothing he could do.

Miss Toren had been in Stockholm playing the leading part in a Swedish comedy hit. She was stricken after the Saturday evening performance.

Her husband, playwright Leonardo Bercovici, arrived here for a visit shortly before she was stricken.

Miss Toren went to Hollywood 18 years ago after attending Stockholm's Royal Dramatic School where Ingrid Bergman and Greta Garbo were trained. She performed in 18 movies, most of them in Hollywood.

She married Bercovici in 1932 and bore him a daughter, Christina, that year.

Speaker

(Continued from Page 1)

ies permitted the reader of the Rotarian to take long and interesting trips even while seated in his armchair at home. These and the sociological articles provided a broad understanding of the many influences on human beings and helped a worldwide feeling of brotherhood, Touhy said.

The list of authors for the Rotarian includes some outstanding personalities in the fields of letters, science, government and humanities, and wellknown names were cited.

A variety of departments of the magazine, each catering to the interests of the membership appear each month and heighten readability, it was said. The reports of what other clubs and Rotarians are doing set examples and provide inspiration to clubs and their members in fields of public service.

Touhy closed his talk with the statement that the magazine came once a month but that in the mailbox or on the table at home it did

CANCER-DOOMED Leonard K. Kersack, 27, enjoys a moment of triumph over impending death as he receives in a Detroit hospital a diploma from Wayne State University. It is handed him by Dr. Clarence B. Hilberry as his mother kisses him and nurse Nancy Battani smiles in background. Suffering from advanced cancer of the lungs and chest, Kersack has been given six months to live. His wife is in another hospital where she gave birth to a second child. At bottom, Marie C. Mulligan, who has been blind for eight years, finds his faithful dog, "Dinky," at his side in his LaGrange, Ill., home as he sees again after a cataract operation. (International)

no good. However, if it were read each month it would surely make the club member a better Rotarian.

The speaker was introduced by Myron Reck, program chairman for the day. Past president William (Bill) Bush president in the absence of Dr. Charles L. Persons,

SAFETY REMINDER

MUSKEGON, Mich. — A motorist has asked the state for automobile license plates with "07" as the last two digits.

The motorist said he had gotten seven tickets for traffic offenses and wanted the plates as a constant reminder of his bad driving record.

Double success story—the car, the man

What is behind the sensational success of Lincoln, fastest growing fine car in America? Perhaps it is this: that with a certain kind of man, the preferred mark of success is never the most obvious, the most common symbol. He chooses Lincoln for this and other reasons: for distinguished new beauty that sweeps back in sheer, clean lines—from Quadra-Lite Grille to out-thrust rear blades. For performance that

challenges them all, with the mightiest V-8 engine in Lincoln history and its new, quick-acting Turbodriven Transmission. For comfort—from Lincoln's spacious elegance and road-smoothing Hydro-Cushioned Ride. For convenience, too—even the door locks and ventilation windows are electric! See this most uncommon fine car today at our showroom. Unmistakably the finest in the fine car field.

C of C Fund Is Now Over \$11,000 Mark

Funds for the Seminole County Chamber of Commerce effort to keep the Naval Air Station in Seminole County are growing. Already the total has continued to climb over the \$11,000 mark. Pledges and checks added to the total has brought the mount to \$11,255. Additional pledges and checks were received from: M. L. Cullum, Seminole County Laundry and Downtown Cleaners, M. T. Haynes, and Army Navy Surplus. John Krider this morning urged all those who have made pledges to send their checks in as quickly as possible. Interest is running high in the obtaining of funds to send a representative to Washington to be "on the scene" to investigate the possibilities of keeping the Naval Air Station, Sixth Naval District in the Seminole County area. Already, the Seminole County Junior Chamber of Commerce is planning a campaign to raise funds for the effort. Ed Hunt, in charge of the committee, is planning to give away a brand new automobile while at the same time take contributions from local citizens to the fund. It was explained by J. Bralley Odham, one of the spokesmen last Saturday morning in the (Continued on Page Seven)

Local Hospital Is Now Fully Accredited

Medical Committee Hits Conditions At Prison Hospital

TALLAHASSEE — A medical advisory committee has charged that conditions at the state prison hospital at Raiford are outdated, unsanitary and in disrepair and that overall operations are "quite loosely run." It recommended immediate addition of a two-story wing to the hospital and a number of other reforms to eliminate "dangerous threats" to the health and security of the inmates and staff. The report was released Tuesday by the committee headed by Dr. Harold M. Janney, medical director of the Federal Bureau of Prisons. The committee praised the "limited staff" at the hospital for doing a "tremendous job" trying to care for 3,000 convicts a year at Raiford and prison road camps through the state. It said the single physician at Raiford is badly over-worked and cannot possibly give adequate medical care to all inmates. The committee recommended that three physicians, two psychologists and a psychiatrist be hired to help the over-worked doctor, plus a supervisor of safety and sanitation, eight medical assistants and two registered male nurses.

Former Resident Succumbs Monday

A former resident of Sanford, Mrs. J. E. Clarke, died suddenly at her home Monday in West Palm Beach. Mrs. Clarke is the mother of W. J. Clarke. Other survivors include a daughter, Mrs. L. T. Bishop of Birmingham, Mich., and four grandchildren. The funeral will be held in Chester, Ill.

VAH-11 Back From Med Deployment

Heavy Attack Squadron Eleven, (VAH-11), returned to its home base at NAS Sanford this week after being deployed with the U. S. Sixth Fleet in the Mediterranean area. This special weapons delivery squadron, commanded by Cdr. E. C. Mikhah, USN, Vinewood Dr., Loch Arbor, Sanford, has been serving since October on board the USS Randolph (CVA-15), the USS Coral Sea (CVA-43), and the Naval Air Station at Port Lyautey, Morocco. Their primary mission is training in atomic weather delivery and in-flight refueling of the jet fighters of their carriers. During the period of their deployment, the Squadron's carrier

SR-46 Widening Plans Are In Tallahassee For Final Approval

Plans for State Road 46 widening and paving are in Tallahassee for final approval prior to the letting of bids on the project. State Road Department Public Information Director Gordon R. Elwell said this morning that the plans are currently in the Road Department's Planning Department for checking. "We are unable at this time to give any time element as to when the bids will be asked," said Elwell, "as the planning department is seriously over-crowded." County Commissioner John Krider, this morning said "I think we will definitely beat the April 1 deadline we had already set for the project." It was revealed yesterday that there are a few alignments in the rights of way which require changing. However, Krider said "This is a minor problem in which from five to 20 feet more

11-Story Building Collapses; Search For Victims Starts

RIO DE JANEIRO — More than 100 firemen and policemen sifted through a grotesque hill of broken masonry and twisted girders today for victims caught in the collapse of an 11-story building. At least four persons were missing and presumed dead. Twenty-two others were injured including a worker who had been standing on top of the building inspecting a threatening crack when it collapsed. Police said there was no way of knowing exactly how many persons were buried under the debris until the search is completed.

J. O. Spinks Dies

J. O. Spinks, manager of the Sanford Yellow Cab Company, died last night at 7 p.m. in the Orange Memorial Hospital. Mr. Spinks had been ill only a short time. Fairchild Funeral Chapel will be in charge of funeral arrangements.

A SHADY BUSINESS

DENVER — Police arrested six east high school students Tuesday, seized their "stock" of 117 stolen automobile hub caps and put the "Midnight Auto Supply Company" out of business.

Meets Required Standards

Word has been received, this morning, from the Joint Commission on Accreditation of Hospitals, that Seminole Memorial Hospital is now fully accredited, said Harry Weir, local hospital administrator. Accreditation, Weir said, comes as a result of a survey conducted here on Jan. 11.

This means, said Weir, that Seminole Memorial Hospital has "come of age." "We have received Accreditation in less than a year of operation."

Accreditation means, said the hospital administrator that "Seminole Memorial Hospital has met the high standard of medical and hospital care" as required by the Joint Commission on Hospital Accreditation of Hospitals.

These standards, Weir said, are set by a group composed of representatives from the American College of Physicians, the American College of Surgeons, the American Hospital Association, the American Medical Association, and the Canadian Medical Association.

"With the Accreditation," said Weir, "the patient is assured that when he enters the hospital he will receive the best of medical and hospital care. It also assures the patient that the hospital has qualified personnel in all departments."

"We have the latest diagnostic and therapeutic facilities explained the hospital administrator, and the hospital plant itself is well built to the highest standards. "It also means," he said, "that the doctors are rendering the most competent care to the patients."

Harry Weir explained that "this is a voluntary program—it is not mandatory—it is requested. It shows, he said, that the hospital is interested in providing the highest type of care for the community. "The standards required for accreditation are set up to assure the best care for today's hospital patients."

It was also explained that the survey is not a one-time survey. "They will come back periodically," Weir said, "automatically so that hospitals will meet the high standards set up by the Joint Commission."

"Very few hospitals have met their accreditation standards in less than a year," commented Weir. "This is what we have been looking forward to for a year. These are the 'whys' for the program dare ignore without regret."

(Continued on Page Seven)

Plane Overshoots Runway At SNAS This Morning

A Navy plane, attached to the Sanford Naval Air Station, overshot the runway this morning at 11:37.

Flames developed immediately as the plane left the runway. However, Navy fire trucks responded to the call immediately and fire was brought under control at approximately 11:40.

No injuries were reported in the crash which occurred while the plane was flying under instrument conditions.

Navy officials this morning described the damage as being "not minor and not extensive." They pointed out that the damage was "nominal."

Top News In Brief

CAIRO — Egypt's chief spokesman warned today that world peace is threatened by "certain imperialist countries" trying to provide Israel with guarantees in return for withdrawal from the Gaza Strip and the coast of the Gulf of Aqaba.

AUCKLAND, N. Z. — Former Prime Minister Sir Anthony Eden today aboard his New Zealand-bound ship.

PARIS — The prime ministers of six European states announced full agreement today on treating pooling their economies in a powerful customs union and merging their atomic resources.

German Specialist Offers Medical Aid To Dying Air Ace

DUESSELDORF, Germany — A German specialist offered his medical help today to a dying American credited with shooting down 29 German planes in World War II.

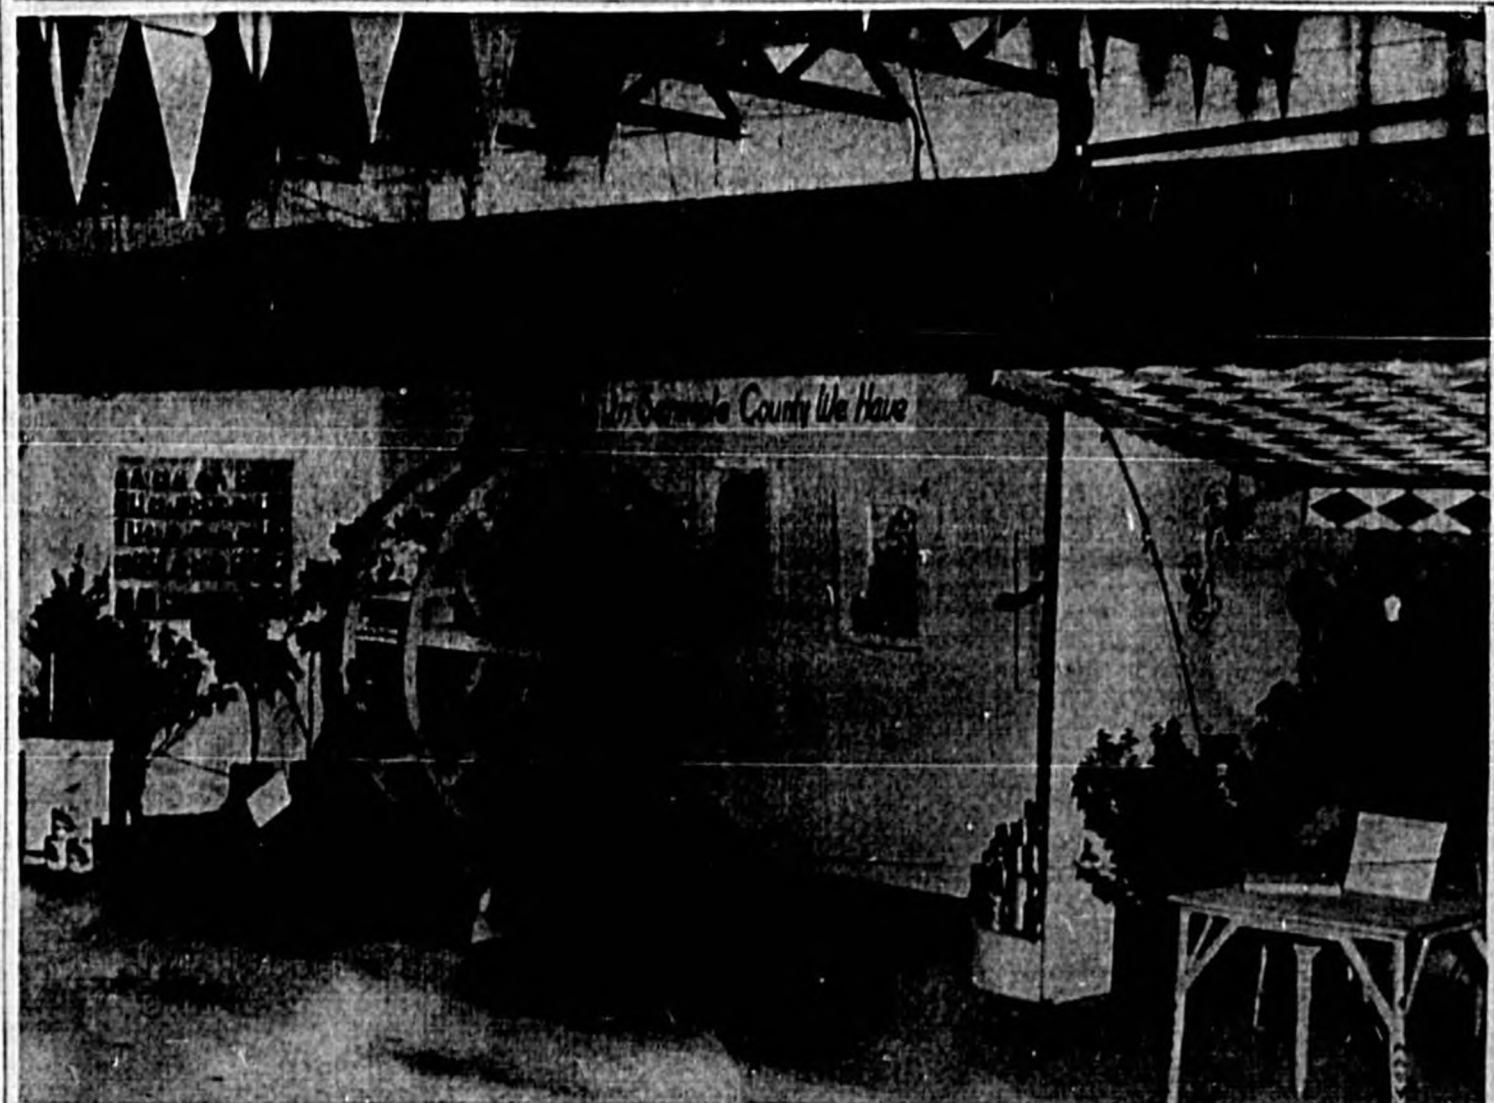

Dr. Josef Evers said he believes he can aid U. S. air ace John Godfrey, who has been told a rare disease, amyotrophic lateral sclerosis, will kill him within two years.

The 60-year-old doctor, a specialist in the various forms of sclerosis, said his treatment has been successful in other cases similar to Godfrey's. If the patient came under his care in an early stage of the disease, Godfrey now is undergoing a new type of treatment in Fort Myers Beach, Fla.

Shipping Employers Oppose Contract; Strike Continues

NEW YORK — M. Opposition of Baltimore shipping employers to a coastwide longshore contract resulted in a continuation today of an East Coast strike of 45,000 dockworkers. Negotiators and mediators tried again today to settle the Baltimore dispute, involving 7,400 longshoremen, but the president of the Baltimore Steamship Trade Assn. described the outlook as "bleak." ILA President William Bradley warned that the Baltimore shippers "can hold out all week if they want to, but not a ship will move on the North Atlantic coast until they settle." Longshoremen in other ports will begin voting Thursday on ratification of new three-year contracts. But ILA leaders pledged to continue their strike from Portland, Me., to Hampton Roads, Va., until the Baltimore dispute is settled.
