

Owen Wright Yields 5 Hits As Lookouts Win.

Locals Blast Two G-Men Hurlers For 14 Hits In Taking 8 To 2 Decision

Al Kaso Credited With Three Infield Hits To Lead Batters For Evening; Head Hits Two Doubles

Behind a five-hit hurling masterpiece by one of Sanford's own hurlers, Owen Wright, Lee Head's erratic playing lookouts returned to their usual form at the plate and pounded 14 hits off the deliveries of Joe Sparkman and Clyde Welles to secure an 8 to 2 victory over the Don McElhane machine here a crowd of nearly two persons last night.

Wright was picked for only five hits during the tilt. Two of the five came in the 11th inning but no damage was done. He was in perfect command when he went to the mound with the idea of getting back a couple lost legs last night and his performance last night varied little from every local baseball fan. His fast ball and curve ball were timed to the sound and, save the initial and final innings, he was in no trouble.

Opposing Wright for the first five innings was "Lefty" Joe Sparkman. Little Gainesville outliner, Sparkman was in hot water during every inning he pitched, save the fifth. Sparkman was blasted for 11 hits during the five innings he pitched. He tossed no walks and fanned 10 bats.

Looking the hitting was Al Kaso, his second consecutive home game in which he has taken on the honor, damaged Welles in front of the plate and was once credit with three hits. He singled one out as far as 90 feet.

Taking second honors was the Lookout skipper, Lee Head. Head got two doubles in four trips at the plate. He knocked in Sanford's first three runs with the double that came in his first two appearances at the plate. Owen

Wright took third honors with a double and a single in four trips. Mayo Langston collected a triple and a single in five trips while Buck Rodgers sent out two singles in five appearances. Rodgers' two hits last night brought him a total of eight hits in the past four games.

The scoring possibilities opened in the initial frame when the G-Men scored the first run of the evening. Whitey McMullen, visiting first sacker, hit a high fly ball into center field but Al Kaso muffed it, allowing McMullen to go to second base. Clarence Bray fled out to Rodgers at shortstop for the initial out. McMullen took a big lead and stole third on the first pitch to Hub Pittman. Pittman scored McMullen's momentary lead when he hit a bounding single into left field. Wright then fared Joe Beach to fly out to Kaso in center field and Lee Langston went out, pitcher to first, to end the inning.

The Lookouts came back in their half of the initial frame when they sent two runs across the platter not only to knot the count but go into a one-run lead. Buck Rodgers opened with a slashing single into left field. He advanced to second when Mayo Langston singled to short center and both runners advanced when Kaso laced down a line to get credit with a shortstop. Martin hit to shortstop to get Rodgers but Manager Lee Head doubled to right-center field to score both Langston and Kaso, on the play Martin was caught between third and home for the second out of the inning. Holcomb relieved the side when he lifted out a lazy fly into deep left field.

The Lookouts extended their one run lead into two, when, in the third inning with one away,

Al Kaso dumped one in front of the plate and beat it out for his second hit. Martin went out when he fouled out to McMullen at first base but Lee Head, Lookout skipper, sent a screaming double, his second, down the left field line to score Kaso from first base with the Lookout's third tally of the evening.

In the Lookout's half of the fourth inning they blasted five hits to send four runners scurrying across the platter and sent the score 7 to 1 in their favor. Bobby Prichard opened the inning with a single through the box into center field and advanced to second and third on a passed ball with Joe Ruggieri at the plate. Ruggieri lifted a lazy fly into right field and Prichard tagged up on the play and scored Sanford's third run. Owen Wright, the Sanford mountaineer, singled into center field and went to second on Rodgers' infield blow. Mayo Langston then came through with one of his famous triples to deep right field to score both Wright and Rodgers. Kaso was given credit with his third infield hit of the evening to score Langston and seal the Lookouts into a six-run lead. Martin hit into a double play to end the inning.

The G-Men, in their half of fifth inning, sent one run across the platter when Jack DeVenezia was safe on an error by Bobby Prichard at first base and he advanced to second base when Ray Staub, G-Man back stop, worked Wright for a free pass to the initial sack. Wright sent Sparkman down via the strike-out route but McMullen singled to deep right field to advance DeVenezia in with the McElhane machine's second run of the tilt. Wright forced Bray to go out, Rodgers to prichard, and Pitman to fly out to Rodgers at short.

The locals pushed another run across the plate in the first half of the sixth inning when "Little Joe" Ruggieri slammed out a hit into right center. Prichard stretched it into a double. Prichard went down swinging and, with Rodgers at the bat, Ruggieri advanced to third base on a passed ball. Momentary later, Rodgers hit a hot grounder to McMullen who tacked out base but Ruggieri straggled out for the plate and was safe when McMullen's throw to the plate was

HUMORS OF THE OLD SAY-ING

That the club in the honor position in a league standing on July 10 will also be on top of the box at the finish mark, has been drifting around our ears in the past few days and at giving the situation our careful thought we find that the saying must come true this season for our lookouts or else there will be no FLORIDA STATE LEAGUE, prominent being on the placard at the Sanford Municipal Athletic Field during the playing season of the Florida State League in the coming season of 1937.

ON JULY 10, THE SANFORD FOOTBALLERS were leading the league, although it was only by a scant margin of 2 percentage points and they must live up to the old saying. If the LOOKOUTS can come through and return to form, they will be able to give our fair city the first baseball championship since the good old days of 1926.

LOOKING OVER THE SPORTING situation now, it is evident for the following season we find that our own machine, the Lookouts, has a considerable lead over the rest of the league. In the past few years, the Sanford football team and the Sanford baseball team have been in a row—11 only five had been lost they would still have had a considerable margin had, enough to protect them from an oncoming loop out.

LAST NIGHT THEY AGAIN retained the FLORIDA STATE LEAGUE LEAD for the third time this year.

The "Batters" sporting our celery city's name has been again put above seven other cities in the standings. REVEAL VISITORS WERE in the press coop and a number of them expressed their hope that the press men here in Sanford would be able to have a light installed.

DURING THE WINTER MONTHS basketball was in session and the Celery Feds were the runner-ups in the Northeast Conference and also in the district tournament. They had the best five on the local court since 1931 when the '31 machine was runner-up for the state egg-championship. Also a Sanford City League prevailed here but lack of interest by the fans forced the league to be regarded as a failure.

THE 1937 BASEBALL season came along and a group of youngsters blended with three veterans of the previous season gave SANFORD its greatest nine since 1926. They jumped at the beginning of the season and at the end of the second week they took the league lead and held it until July 8 when they succumbed to a losing streak that lasted ten days. Ten games in a row—11 only five had been lost they would still have had a considerable margin had, enough to protect them from an oncoming loop out.

PEIPING, July 10.—(AP)—High Chinese officials declared tonight that Japan has begun moving a portion of her powerful Manchurian army toward the North China trouble zone.

Chinese officials declared the Japanese attacked the walled village of Wanpinchalen. By a truce agreement yesterday both sides withdrew from the village. These Chinese said the troops of their 29th Army, which evacuated the village yesterday, returned when they saw the Japanese coming. "We are preparing for war," one high Chinese official declared.

Kelaghan Plans 2-Month Vacation At Home In Erin

Pastor Departs After Dedication Services At Catholic Church

The dedication ceremony for the new All Saints Catholic Church, during his absence, Father John T. Cotter of Deland will take his place. Mass will be held only once each Sunday at 9:00 o'clock.

At the dedication ceremony last Sunday, His Excellency Most Reverend Patrick Barry, D. D., Bishop of the Catholic Diocese of St. Augustine, stated that the new structure would be the meeting place of the young and old alike and that it offered sacramentals from the "cradle through the grave." He declared the church doors stood open at all times "to those, not of the fold, whether Protestant, Jew, or Gentile."

He was heard in his short talk after the Rev. Kelaghan had celebrated high mass, and the Rev. John T. Cotter of Deland, had delivered a sermon from the text, "Thou Art Peter, and Upon This Rock I Will Build My Church."

The dedication fell on the 50th anniversary of the dedication of the first Catholic church in Sanford. Father Cotter referred briefly to the Rev. Felix Swemmer, the first pastor, and to the original structure which was destroyed by fire Jan. 25, 1932.

Preists in attendance at the ceremony were the Rev. Michael Fox of Jacksonville, the Rev. James O'Hendon of St. Petersburg, the Rev. J. P. Cotter of Deland, the Rev. Finbar Courtney of Jacksonville, the Rev. Joseph Doyle of Dunedin, the Rev. John Daly of New Smyrna, the Rev. John Kelly of Easton, the Rev. Patrick Donahue of Kissimmee, the Rev. John Mahup of Orlando and the Rev. John Kelaghan of Sanford.

Special music was directed by Mrs. F. E. Roumillet, with Miss Madeline Mallon at the new Hammond organ. The large audience included members of the Sanford Kiwanis and Elks Clubs, and the Junior and Senior Chambers of Commerce.

The new building was constructed at an estimated cost of \$20,000 and was built with funds gathered from Catholics and non-Catholics alike.

J. C. Aycock was the first person to be baptized in the new church. Included in the first communion class were Frankie Melich, John Alexander, Henry Richter, Dick Frank, Francis Temple, Anthony Russel, Adelle Hoegerty, Mary Louise to Pitt, Emmet Hogan, and J. C. Aycock, Mrs. R. B. Wight sponsored the class.

Members of the first Confirmation Class were: Clarence McCross, Jackie McCross, Joe Wathen, Bobby Cullum, Howard Ruge, George Temple, Louis Beck, George Temple, May 6.

Hopes Waning For Rescue Of Lost Aviators

Final Effort Today Is Thought To Exhaust Every Possibility For Finding Fliers

HONOLULU, July 10.—(AP)—Three navy planes were ordered catapulted today over the main group of the Phoenix Islands, search of which, naval officers said, probably would reveal whether Amelia Earhart is still alive.

The battleship Colorado's search planes were directed to sweep over Enderbury, Phoenix, Hull and Sydney Islands.

Search parties from the minesweeper Surua were ordered to comb Canton, largest of the Phoenix Islands, while planes will sweep other possible refuges of Miss Earhart and Fred Noonan, navigator of her round the world plane now missing eight days.

If these searches do not reveal a trace of the missing fliers, naval officers said there is scant hope of their being found in the projected search by 62 planes from the aircraft carrier Lexington, now speeding toward tropical waters from Hawaii. The Lexington is due at the scene of the search this weekend.

Congress Approves Construction Of 6 New Naval Vessels

WASHINGTON, July 10.—(AP)—The House today approved legislation authorizing construction this year of six auxiliary vessels for the Navy. Officials have estimated the ships will cost about \$48,200,000.

The House approved the program without a word of opposition and without a record vote. The bill went back to the Senate, however, for action on minor amendments.

Vessels which would be authorized by the measure, and their estimated costs: Neaplane tender, \$11,265,250; destroyer tender, \$11,512,500; mine sweeper, \$1,547,000; submarine tender, \$12,600,200; fleet tug, \$1,761,000; oiler, \$9,498,000.

The House added an amendment limiting the total authorization to \$50,000,000. It also wrote into the bill a provision that not less than half the construction be in government shipyards and plants.

To encourage shipbuilding on the Pacific, it added a provision allowing bidders there to be awarded contracts if their bids were not more than 6 percent above their eastern competitors.

The House also passed and sent to the Senate a bill authorizing the appropriation of \$4,850,000 for construction of a new naval hospital and a naval medical center in or near Washington.

Cafe, Hotel Workers In Paris Will Strike

PARIS, July 10.—(AP)—The union of hotel, cafe and restaurant workers, awaiting an appeal for labor peace by Premier Chamberlain, early today called a general strike in Paris.

The action, apparently effective immediately, was voted in a midnight meeting of union delegates after a conference with Chamberlain who attempted to dissuade them from striking.

A strike order was issued announcing that a general strike was decided upon against employers in the hotel industry "refusing to apply a 46-hour week in five eight-hour days."

"Husson having applied the law," the order said, "will remain open."

The government decreed a five-day, 46-hour week last month. Critics opposed the shorter work week on grounds operating costs would be prohibitive.

FRANCE, GERMANY SIGN

PARIS, July 10.—(AP)—France and Germany signed a commercial and financial treaty today to be effective for two years. A French commerce ministry spokesman said the treaty wipes out one of Europe's most troublesome trade barriers.

Scouts Are Home After Attending Great Jamboree

Filled With Accounts Of Thrilling Adventures During Camp

Forty-two Boy Scouts arrived at the A.C.L. Station this morning at 10:40 o'clock to end a two-week trip to the National Jamboree in Washington, D. C. They had many adventures to tell their parents as they stepped from the special Jamboree car of the train.

Their camp was located between the Potomac River and the Washington Channel. From tent headquarters, they visited nearby city buildings and sight of importance in the city.

Region 6, of which the Central Florida Contingent was a part, gave an exhibition in a large arena at the foot of the Washington Monument on Saturday, July 3.

Their display included a pageant of Ponce de Leon depicting the discovery of Florida, Indian dancing, knot tying, tent pitching, and building. Sanford boys who took part in the exhibition were "Chum" Stanley, Byrl Higgs, Raymond Kader, and Duah Epps.

A scout related how their pet pelican escaped. The troop had the bird tied to a tree, but for long it was later seen walking along beside a row of tents. As one of the boys made a lunge for it, the large bird flew away. They never got it back.

The scouts were honored with a visit from President Roosevelt as he rode by a long line of troops on Constitution Avenue. They stated that they were about 20 feet from him.

When asked his opinion of the gigantic camp, one of the fellows said, "It was a great success and we all had a swell time."

Good Advertising For Sanford Seen By Ralph Bagwell

The Seminole County Chamber of Commerce has recently answered requests that should mean some free advertising by several of the nation's leading agencies, according to Ralph Bagwell, secretary.

Mr. Bagwell stated that pictures and printed matter had been sent to O. F. Cooper, advertising agent for the Atlantic Coast Line Railroad, which will be printed in the near future in a booklet supplied by that road.

The booklets will be placed in cities all over the nation.

In answer to a request from the Wrayley Art Engraving Company, Mr. Bagwell sent descriptions of Seminole County's various points of interest which data will be published as a supplement to a magazine, in an effort to bring additional tourists to Florida.

Beginning with the August issue of "The Commonwealth," a separate picture section devoted exclusively to Florida will be added. Mr. Bagwell forwarded several items of current interest to the magazine.

The value of the advertising cannot be over-estimated," Mr. Bagwell said.

Nation Still Swelters In Sultry Siege

No Relief Seen From Protracted Spell Of Heat Which Has Cost Over 121 Lives

CHICAGO, July 10.—(AP)—Temperatures throughout most of the nation moved steadily upward again today in the most protracted hot spell of 1937.

Government forecasters saw little chance for a break before Monday in the sultry siege that has cost at least 121 lives.

Generally they predicted fair and continued warm weather today and tomorrow in the northern half of the country.

Scattered local thundershowers were forecast but presented little relief. While the mercury mounted into the nineties, a heavy down-pour drove 100 residents from their homes in Bellefourche, South Dakota, flooded 50 basements and impaired electric power lines.

The highest temperature reported during the past 24 hours was 104 at Oakes, North Dakota. Napoleon and Wishek, North Dakota, had 103 each.

AMERICANS WOUNDED IN SPANISH BATTLES

MADRID, July 10.—(AP)—American volunteers wounded while fighting with Spanish government forces in the current drive against the rebels outside Madrid reported last night at least three of their number were killed in action.

The dead were listed as Jean Brunstein, David White and Ray Peters.

At least 10 Americans wounded in the current heavy operations are now in a Madrid hospital.

Most of them were wounded lightly, most of them suffering arm or leg injuries from machine gun and rifle bullets.

The hospital is located in a group of buildings taken over by the sanitary corps and the wounded lay in beautifully decorated alcoves where beds have been installed.

Huge Aerial Drive Under Way In Spain

Hundred Tri-Motored Bombers, 150 Small Planes Fly Toward Madrid For Attack

Seek To Smash Capital's Lines

London Faces Task Of Maintaining Non-Intervention Plot

A fleet of insurgent planes, 100 tri-motored bombers carrying tons of explosives and 150 machine-gunning Pursuit ships, roared across Spain toward Madrid to pave a way for a big drive to smash the capital's defenses.

The planes attacked the tank-protected army of 30,000 Spanish government soldiers.

Aides to insurgent General Franco said the government losses were heavy. General Miaja, commander of Madrid's defenders, said the government had made new gains in the offensive against the insurgents on the western edge of the capital.

In London, Great Britain again faced the task of finding a way of maintaining the 27-nation non-intervention scheme to prevent arms and men from reaching either side in the Spanish civil war.

Necessity for speedy action was further spurred by the French foreign office that the non-intervention patrol of the frontier between France and Spain by foreign observers would be lifted by Tuesday unless some compromise plan was evolved by that time. The French are keeping the frontier closed under French protection.

A small, forlorn chimney swift which was found this morning on the ground near the railroad tracks on First Street now has a brilliant future in store for him.

The bird had evidently been injured and was unable to fly. After being picked up, it was taken to the president of the Florida Audubon Society, C. R. Mason, who will give it proper care.

Before exporting the bird free, Mr. Mason expects to attach a small aluminum band around its foot in order that a record may be kept of the bird's migration.

Mr. Mason stated some unusual facts about the bird. "In a large chimney, as many as a thousand of these little creatures may be found roosting in a single night. They often gain a speed of 175 miles an hour.

A swift's claws and tail feathers are very sharp which enable it to cling to the sides of chimneys. Although they are plentiful in this section during the summer their winter habitat has never been found. Mr. Mason stated.

Injured Bird Will Be Given Care And Then Its Freedom

CHRISTIAN SCIENCE CHURCH

"Sacrament" is the subject of the lesson-sermon in all Churches of Christ, Scientist, July 11.

The lesson text is from Revelation 7:13, 14. "What are these which are arrayed in white robes? and whence came they?" These are they which came out of great tribulation, and have washed their robes, and made them white in the blood of the Lamb.

Among the citations which comprise the lesson-sermon is the following from the Bible: "And he said unto them, With desire I have desired to eat this passover with you before I say unto you. I will not say more eat thereof until it be fulfilled in the Kingdom of God." (Luke 22:15, 16).

The lesson-sermon also includes the following passage from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Passover."

To Start Little Ranch 2,000 Hens Are Needed

BERKELEY, Calif., July 10.—(AP)—The answer to what people mean when they plan to "get a little place and raise chickens" has been sought by University of California scientists.

They find that poultry raising should not be attempted without 2,000 hens as well as adequate land and equipment. If the owner is not encumbered by debt he may start with as few as 1,000, according to the study, prepared by Arthur Shilb.

Properly managed, a 2,000-hen chicken ranch should yield \$2,000 a year, the investigations show.

Mrs. Noville Coleman, 8-n.g. land, refused to sit at a table set for 13, dined alone, and was stricken with a fatal heart attack halfway through her meal.

Roy Bowrell Hurls 4-0 Win Over Lookouts

Daytona Ace Gives Up 4 Toppets Given Hits While Mates Blast Frise For Work Two Sanford Moundmen With Tiger Nine

Early Wynn And "Daisy" Mote Nished For 11 Hits Including Triples By Knoblauch And Goldsmith

The Sanford Lookouts again suffered bitter defeat as they failed to back up their hurler, Roy Bowrell, when they only recorded 4 hits off Roy Bowrell, ace of the Daytonas each pitching staff, to return to the Colery City last night on the short end of a 4 to 0 shutout, and in second place in the state league standings.

Allowing only 4 hits, Bowrell was never in trouble during the 9th as he allowed only six men to go as far as the second sack. He walked one man, hit a batsman and sent four burla down via the strike-out route.

On the mound for the locals was young Early Wynn. Wynn was touched for nine hits in the seven innings he saw action on the hill. He allowed no free passes to the initial bag and sent two of the Islanders down swinging.

At the end of the seventh, "Daisy" Mote relieved Wynn on the mound and gave up two burlas in the one inning he twirled which included a triple by Goldsmith and netted the 1's their fourth run final tally.

The Islanders secured the first run of the game in the second inning when, with two away, Russ Weir singled to left field, stole second base and scored on Knoblauch's triple to deep left field.

The 1's scored a pair in the seventh frame when, with one away, Weir was given credit for an infield hit. He went to third on Knoblauch's double to left field. Both runners scored when Cy Grant singled sharply to center field. Again in the final chapter with one away Jimmy Sanders, last pilot, was safe on a fielder's choice and scored moments later when Goldsmith tripled to left center field.

Leading the hitting for the afternoon was Goldsmith, new addition to the Islander lineup, who tripled and singled twice in four appearances.

Getting the blows for the locals were Langston, Martin, Holcomb and Ruggiero.

FOR THE THIRD TIME this week the local diamond outfit has lost the league lead. In five days this week there have been three different clubs at the helm of the league and they are still together in an effort to outdo the others and take the 1937 championship.

CAREFULLY LOOKING OVER the situation concerning the leading clubs in the league, even for the first place slot, we find that there is still time for every club in the league, save Orlando, to come through and take the pennant.

THE HEIGHT OF ORLANDO'S ambition now is to be able to get into the post season play-off, or the O'Shaughnessy Bly team of play-off. The playoffs will be between the first four clubs in the league. At the end of the regular playing season the first club will play a three out of five game series while the second and third place clubs are doing the same.

THE WINNER OF THE PLAYOFFS will go into a four out of seven game series to name the outfit to meet the champs of the Georgia-Florida loop for the CLASS "D" CHAMPION.

Junior Lookouts Defeat Crackers In 3-Inning Tilt

The Sanford Junior Lookouts defeated the Georgia Crackers by a score of 12 to 10 after an hour and half three-inning game at the Sanford Ball Park, according to a statement made today by Eugene Warren, recreational supervisor of the W. P. A.

Acting as umpire for the greater part of the game was "Daisy" Mote, who later was made pitcher for both teams.

The lineup for the Lookouts was Ray Fox, C. Washburn, B. Proctor, C. Roster, Hugh Weidol, C. Paris, and P. Brock.

In the lineup for the Georgia Crackers were Write Brown, Hugh Lamb, E. Brotherton, C. Gormley, Freeman Hall, Lindbergh Hall, Calvin Taylor, Kenneth Echols, and James Ingley.

BOUNDING BUDGE. Donald Budge, America's tennis ace, swept through the singles at Wimbledon to take his first all-England title. The look, red-headed Californian is shown here well on his way toward winning the title.

STORN'S TIP. Mr. and Mrs. Earl Potts, Sr., were waiting for their stock with financial ammunition. Before Earl, Jr., arrived at their Cleveland home, they had saved 3,000 pounds. Potts, mother and the somewhat tired-of-it-all Earl, Jr., are shown.

DOWN AND OUT. Plowing down the runways and out to sea, the Ellery W. Niles, mine layer and cable ship, is shown at its launching at Wilmington, Del. It will be commissioned in the quartermaster division of the army and stationed at San Francisco.
