Navy To Mix Norfolk Students

U. S. To Finance Special Classes; Ruling Is Opposed

WASHINGTON (UPI) — The Navy will set up an integrated school at its Norfolk, Va., base for the children of military personnel who live on the base if six Norfolk public schools are not opened shortly.

This was announced today by Arthur S. Flemming, secretary of health, education and welfare.

He told a news conference the Navy intends to seek funds from the Office of Education to run the school. He said it will take care of only 500 students and "definitely will be integrated."

Flemming said funds for the school will be available in time for the start of the February term.

Several Norfolk public schools, as well as those in two other Virginia communities, have been shut down under the state's massive resistance laws. The Virginia Supreme Court and a three-judge federal court recently struck down the laws designed to avoid desegregation.

Gov. J. Lindsay Almond has called a special session of the General Assembly to meet Wednesday to try further to prevent integration in Virginia.

"Of the four communities which called a special session of the desegregation issue," Flemming said, "Norfolk presents the most acute problem to the government in terms of numbers of students."

The three other communities Flemming referred to are Little Rock, Ark., Charlottesville, Va., and Warren County, Va.

Flemming also revealed that the administration is drafting legislation to enable the government to set up schools for children of military personnel who live off military bases as well as for those who live on bases. This would be done when the schools these children usually attend have been closed.

Mrs. Bruce Chosen Organization Head

Mrs. Camilla Bruce returned to Sanford Saturday as the president of a new organization.

Mrs. Bruce, supervisor of county registration, left here Friday as president of the Florida Association of Superintendents of Registration. The Association changed its name during the mid-winter meeting in Orlando. She now heads the Florida Association of Superintendents of Elections Inc.

The two-day session included hearing proposed legislation for the state legislature and nomination of officers, who will be elected next summer.

The group adopted a plan submitted by Mrs. Bruce to help the handicapped in elections. Special cards will be issued to the permanently blind permitting them to vote without constantly filling out a long form. The long form primarily is for the illiterate. The new ruling will avoid embarrassment and discomfort for the handicapped.

PASADENA, Calif. (UPI) — Comedian Stan Freberg, 37, and his secretary Donna Jean Anderson, 28, were wed here over the weekend.

Thieves Get \$150

Thieves entered the Sanford Bowling Alley Friday night and stole two cigar boxes from a small locker. Missing is about \$150 in bills and change.

Two Children Hurt In Traffic Mishaps

Nine-year-old Terry Lamb was released from Seminole Memorial Hospital this morning and returned to his family home at the bandshell. Terry was hit by a truck Saturday morning as he rode his bicycle down Lakeshore Blvd.

John Thomas Fortier Jr., 37, driver of the truck, told police officers that the boy swerved his bicycle in front of his pickup as both traveled west between Hood and Park Ave.

Terry was taken to the Sanford Clinic, where Dr. Ed Lindsey examined him for a possible skull fracture. He was released this morning still suffering abrasions.

The child ran into the right front fender of the truck, and was dragged 25 feet as the driver attempted to avoid hitting him. The bicycle was knocked to one side. Fortier, who lives on the Lake

Shoppers, Merchants Desire Same Things

Local shoppers and local merchants want the same thing. This is established by letters from the public and answers from Sanford business establishments.

The shopping public wants bigger stores, better stores, a wider selection of merchandise, bigger and better sales, a more attractive town.

Sanford merchants want the same thing. They would like to have a new store, remodel the building in which their merchandise now is located, add more merchandise, stage bigger and more frequent promotions.

Local merchants are aware of customer wishes; Seminole County shoppers realize that merchants would like to make improvements.

The key is the consumer. The average man and woman in Sanford and Seminole County can help make the town what they want it to be.

This cannot be accomplished by wishing, however. Just as the local merchant cannot achieve his goals by wishing for more customers, the consumer cannot make Sanford what it should be by wishing things were different.

The merchant, to provide newer and bigger stores and other things that shoppers want, must have money. And where will he get this money? The only source is the local consumer.

Economic surveys have proved that 30 cents of every dollar remains in the city where it is spent. It is used to support schools, pave streets, invest in new merchandise and to support all of the other things that promote prosperity, growth and better living in a community.

Therefore, one-third of the consumer dollars helps make some community more prosperous. Dollars spent here help Sanford. More local trade means more and better stores, better selection of merchandise and other things that customers have said they want.

To give local consumers more, the Retail Merchants Division of the Chamber of Commerce is being reorganized. The goal of this group is very simple: more happy customers. Achievement of this goal will bring all of the other things that customers, and merchants, desire.

Retail Merchants are planning for the next six months, buying stock, giving sales personnel training, etc.

While this group is getting everything in order, local consumers can give Sanford a vote of confidence. For reasons cited above, it pays to buy where you live; it pays to build your community, not the other fellows'. If you help him to get the finer things of life, who will build your community?

'Blank' Harrison Had Bleached Hair

M. I. (Sonny) Harrison Jr. received the Distinguished Service Award from the Junior Chamber of Commerce Saturday night.

Presentation of the bronze plaque was made by Mayor Al Wilson at the annual Jaycee banquet climaxed National Jaycee Week.

The 31-year-old past president of the Jaycees was cited for his community service in 1958. During the year he served as senior warden at his church (Holy Cross Episcopal), was a member of the board of directors of the Senior Chamber of Commerce, and active on the Armed Forces Committee. Harrison also led the fight for passing school bonds as chairman of a Jaycee committee, and is immediate past president of the organization.

Mayor Wilson presented the coveted award "for outstanding community service through loyal, faithful and unselfish efforts resulting in lasting contribution to 'community and nation'."

Harrison received the Jaycee leadership award while he was president of his senior class at Seminole High School. In accepting the plaque Saturday night, Harrison told Jaycees that the amount of service dedicated to the community depended on the individual.

3 Fires Reported By Forest Rangers

Seminole forest rangers today reported three weekend fires, one of which was brought under control by Boy Scouts and volunteers.

Rangers said a blaze two miles south of Geneva would have consumed some 200 acres of timber except for quick action by Scout Troop 39 of Winter Park.

Scouts working under the supervision of Ed Grandberry, Scoutmaster, Jim Robinson, Tom Clarke and Fleet Peoples, Winter Park, had the fire under control when rangers arrived. The blaze burned about a half acre of scrub timber.

Rangers said this blaze would have been "out of control" by the time they arrived.

The Longwood Fire Department was credited with stopping a blaze at Sandalwood Trailer Park, which was started by burning trash. It was contained, to some degree, by the Little Wekiva River and canal. Approximately 50 acres were burned.

Two acres were burned about three miles south of Oveland before rangers could extinguish a blaze whipped through woodlands by high winds. Rangers said a quick call by Mrs. Adele Parsons prevented greater damage.

PTA Will Meet To Pick Officers

The Seminole High PTA will meet at 7:30 tomorrow night for election of officers and amendment of by-laws.

The session will be held in the music room of the high school, and will adjourn at 8 when members will hear a lecture by Charles E. High, consultant for exceptional children for the State Board of Education.

Concert To Lure Heart Officials

Thomas Phillips, president of the Florida Heart Association, will attend the Victor Borge concert Saturday night.

Phillips is from St. Petersburg. Also attending will be Douglas DeNeen, president of the state Heart Association Medical Advisory Committee, and Dr. Simon Hoff, of Jacksonville.

Tickets still are available for the concert. Only 53 seats are left, but Jaycees, who are promoting the concert, say that acoustics are excellent in this section of the Civic Center.

The final list of Heart Fund Concert sponsors includes Mr. and Mrs. George Harden Jr., Dr. and Mrs. R. M. Rosemond, Dr. and Mrs. W. W. White, Mrs. Herman Jacobs, Mr. and Mrs. A. C. Douglas, Mr. and Mrs. R. J. Hauman, Dr. and Mrs. Simon Hoff, Dr. and Mrs. Thomas Phillips, and Douglas DeNeen.

Group To Meet

The first meeting of the new year for the Mental Health Association of Seminole County will be held Friday at 8 p. m. at the office of the First Federal Savings and Loan Association, 110 West First St.

Weather

Partly cloudy and mild through Tuesday with considerable night and morning fog. High this afternoon 78 to 75, low tonight 58 to 54. Variable winds 5 to 15 miles per hour.

Bridge Reopened Today; Closed By Crash; Fruit Gone

The Mims bridge on State Road 16 opened to traffic at 8 this morning.

The narrow bridge has been closed for repairs since it collapsed early Saturday when a 20-ton trailer truck of oranges tried to cross it. The weight limit is set at eight tons.

John Wesley Given, 48, of Titusville, was the driver of the truck, owned by Walker and Taylor of Mims. Given told Trooper Olin Garrett that he had not noticed the weight limit sign. When the truck reached the draw section, the timbers and steel gave way, and the huge truck sank backwards toward the water. The driver was uninjured.

Traffic was rerouted for two days. According to Garrett, truckers familiar with the area will pass over the bridge with empty trailers, but do not dare the trip with a load.

New lumber and welded steel went into the structure, which has been put back up by the State Road Department. It still is one-way. A concrete span is under construction, paralleling the Mims bridge, but will not be completed for another year.

Meanwhile, Seminole County residents who passed the scene had a hey-day as the waters of the St. Johns River turned bright with floating oranges. Fish nets and hands were busy scooping up the fruit. Most of the load was recovered, but there were enough oranges to go around—making everyone happy excepting Given and the State Road Department.

The bridge is 15 miles east of Sanford and the oranges are all gone now, he said.

Navy Man Drowns While Fishing In Lake; Body Found

A Navy man with 28 years of service and five children drowned accidentally in Lake Emma Saturday afternoon.

Coroner Hugh Duncan said that Joseph John Kucharsky, 47, apparently was thrown overboard when he started the outboard motor on his fishing boat. A fishing line was still tangled in his hands when the body was recovered.

A friend who had been fishing in another boat returned to the lake and found the empty boat caught in the weeds at the shore. E. J. Lachter, VAH-3, followed the fishing line which led from the boat to the body of the drowned man.

The discovery was made about 4 p. m. Saturday. Investigating with Duncan were Constable Slim Galloway and Sheriff's Deputies L. J. Kruz and Vern Brewster.

Kucharsky was a Vital Class Boatman, attached to NAS, Sanford. He reported he for duty Jan. 1 from the USS Fortuitous. This was his second tour at the Naval Air Station. He was a member of the Catholic Church, and known as an ardent fisherman, who spent most of his spare time trolling the lakes of Seminole County.

Survivors include his wife, Constance, and five children, all residing in Everett, Mass. The body will be shipped tomorrow morning to the Charles J. Murphy Funeral Parlor in Everett. Fairchild Funeral Home, Orlando, is in charge of local arrangements.

Judge Tries Judge In Contempt Case

MONTGOMERY, Ala. (UPI) — An Alabama judge was tried today before an old college classmate on charges of being in contempt for refusing to turn Negro voting records over to the Federal Civil Rights Commission.

In a non-jury trial that lasted not much more than an hour, the chief investigator for the commission testified that former Circuit Judge George Wallace refused four times to produce the registration records in defiance of a federal court order.

The Wallace side did not put a witness on the stand. If convicted of contempt as charged by the government, the jurist could be sent to jail for up to 45 days.

Federal Judge Frank M. Johnson Jr. recessed the case until 2 p. m. c. s. t. when he is expected to hand down his decision.

The heart of the defense side in today's deliberations was a statement submitted at the opening of court by Wallace. In it he pleaded guilty to failing to deliver voting records to agents of the Civil Rights Commission, but he pleaded not guilty to contempt.

In previous hearings, however, Johnson had already ruled that Wallace's judicial position in a state court did not give him immunity from compliance with acts and regulations of the federal government.

Hawaii Statehood Asked Of Congress

WASHINGTON (UPI) — The Eisenhower administration asked Congress today for immediate action to make Hawaii the 50th state.

Interior Secretary Fred A. Seaton laid down the administration's position in testimony before the House Interior and Insular Affairs Committee. He said Hawaii has met every test for statehood and "earned the right to fair and equal treatment" with the other 49 states.

Seaton flatly rejected an argument that "pretests in some quarters that Hawaii is susceptible to control by Communists."

The fact is that the people of Hawaii, time after time, have utterly rejected the Communist philosophy and every attempt of Communists to influence their government," he said.

Seminole Citrus Growers Make Lake Alfred Tour

Seminole County citrus growers journeyed to Lake Alfred last week to be brought up to date on the latest developments in research being conducted on growers' ailments at the Citrus Experiment Station.

This was the third annual joint tour taken by Orange, Osceola and Seminole County growers to the station. About 70 citrus growers, caretakers and others braved wind and rain to attend the open house meeting, more than 175 attended the tour last January, following the freeze.

In a discussion of current problems in scale control, W. L. Thompson warned growers to "expect heavy carry-over of scale this spring since unusually heavy carry-overs were noted after the 1949-51 and 1957-58 freezes." His suggestion was for growers to include a scalecide in the post-bloom spray.

The tour this year was aimed at more coverage of tangerine production problems—a subject not

LAW TO THE RESCUE — Constable J. Q. (Slim) Galloway came to the rescue of this tearful tot Saturday night after she became lost from her family during the "Welcome Aboard" party for VAH-1, given by Odham & Tudor at Sunland Estates. A sister claimed the child after an announcement on the public address system notified some 1,000 persons that she "wanted mommy."

Quartet To Open Concerts Tonight

Tonight at 8:30 is the slogan for Mutual Concert Association members who will hear the Chantrelers at the Sanford Civic Center in the first performance of the series.

The male quartet is returning to Sanford for the second time. A previous performance was received enthusiastically. Members of the quartet are William Diard, former soloist with the Miami Symphony Orchestra; Richard Wright, tenor; soloist with the Robert Shaw Chorale; Raymond Keast, baritone; Robert Shaw Chorale, and James Martindale, basso, New York City Center Opera and a performer in Michael Todd's "Night in Vienna."

Show scores, folk songs and class also are on tonight's program. The Chantrelers have enjoyed universal popularity. Membership tickets will be on sale, as well as individual tickets for the performance.

Frank Nebane Jr. is chairman of the Mutual Concert Association.

Conference Slated On Weed Control

The fourth annual meeting of the Weed Control Workers of the University of Florida will be held at the Seminole County Courthouse, Thursday and Friday, according to Dr. Walter T. Scudder, chairman.

All State and Federal personnel who are working on, or interested in, weed control in Florida have been invited to attend this week conference. Some 35 to 40 Experiment Station and Extension Service personnel are present by working on weed control in the various phases of agriculture production.

These many fields of weed control activity include pastures, field crops, vegetables, citrus, forestry, turf, ornamentals, subtropical fruits and others.

Damages of the plants at the Central Florida Experimental Station in Arma in Sanford and Zellwood also have been scheduled for the group by Dr. Scudder, horticulturist at the Central Florida Experimental Station, Sanford.

Taxi Hits Auto, Driver Charged

A guest at the Mayfair Inn found his parked car damaged this morning after it was hit by a Negro taxi.

Driver of the cab was Johnny Reddick, who told police officers he was wiping off the windshield when he ran into the parked automobile.

Damages were set at \$125 to the car belonging to J. J. Glauber, New York City. The taxi sustained damages of \$225. Sgt. W. R. Cosgrave and John Rumbley charged Reddick with failure to have his vehicle under control. The accident occurred at 5:13 a. m. in front of the Mayfair Inn.

Children Switch School Sessions

Children in double sessions at Lyman and Everett Schools switched classes this morning.

Those who attended school for the first part of the year from 8 a. m. to noon are now going from noon to 4 p. m.

The children who spent mornings at home will now have their afternoons free. The adjustment is expected to be difficult until the students become accustomed to the change in hours. The session switch was announced by Raymond N. T. Milwee, superintendent of Seminole County Schools.

Ex-Queen To Publish Memoirs

AMSTERDAM, The Netherlands — A PE — Royalty conscious. Europe is eagerly awaiting publication of memoirs of Holland's Princess Wilhelmina, the 78-year-old ex-queen whose reign in 1909-1948 was

Admirable. Another of 19-year-old Queen Juliana is the first member of the century-old royal house of Orange-Nassau to publish such a book.

She ascended the throne as a handsome young woman of 18 in August, 1909. The Spanish American War had just ended, Russia was still ruled by the czar and Germany by the Kaiser.

Fifty years later she found the throne to Juliana, the only child of her marriage to the late Prince Henry of Mecklenburg.

Wilhelmina's memoirs, "Lonely but Not Alone," will cover 40 pages including some 30 pictures. Twelve pictures will be of her own paintings and drawings.

The book, to be published at the end of January, will be dedicated to her ancestor, William the Silent, and to Queen Juliana.

Proceeds will go to a charity not yet named, and judging from advance orders from book stores, the title will be high. Requests already have been received for translation rights into several languages.

Wilhelmina's country came in for a share of the World War I in a safe and unobtrusive way.

But things were darker during World War II when the Germans overran Holland within five days. In 1940 Wilhelmina had to flee to England.

Whenever a resistance agent managed to reach England, he was immediately received by his queen. Wilhelmina earned the title, "Mother of the Fatherland," a name patterned after "father of the fatherland," by which her distant ancestor, Prince William the Silent, was known.

Wilhelmina worked on her memoirs for several years, sorting the story carefully in her neat handwriting, correcting proofs, selecting illustrations and deciding typography.

One thing the Princess did not give up during her writing period was her summer practice of taking daily outings in the quiet and beautiful parks and woods of "Het Loo," her country home near Apeldoorn in East Holland.

During good summer weather she can be seen walking with one or two members of her household and "Blackie," a pet dog of an ancient ancestry.

The Princess and her household don't occupy all the royal stables. Also living there are some Dutch refugees from Indonesia and a nearby villa is occupied by refugees from the 1956 Hungarian Revolution.

In Lange Vootdorp, her own mansion at The Hague, Wilhelmina spends the winter. In spring and fall she sometimes stays at de "Batendijk," a secluded country house in the dunes on the North Sea coast near The Hague.

The princess lives simply and enjoys the beauty and royal splendor she possesses in woods and comfortable shoes.

She is spending this winter at Lange Vootdorp, as usual, but spent Christmas at "Het Loo," where Queen Juliana and her husband Prince Bernhard, their four daughters — the Princesses Beatrix, 20, Irene, 19, Margaret, 15, and Marijke, 11 — and the entire staff of the Queen's household.

When Wilhelmina abdicated in favor of her daughter in 1948, she indicated she would disappear into the background. She has held to that decision and appears in public infrequently.

Bullard, who was a barber here. The Bullards moved from Sanford in 1942 after Dan graduated from Seminole High School, Dan's grandmother, Mrs. J. L. Bullard, is a resident of Lake Mary.

Mrs. Bullard contracted polio in September, 1935, when she was a resident of Parker, Arizona. She was taken to Memorial Hospital in Phoenix and was confined to an iron lung for seven weeks, remaining in the hospital for eight months. For a 21½-year-old with a small daughter and husband those were very dark moments.

Mrs. Bullard fought back. She is a living illustration of this year's "March of Dimes theme—'Forward Greater Victories'." Through therapy, muscle transplant operations and determination Mrs. Bullard, although still confined to a wheel chair, enjoys a full active life. She is a member of the Indoor Sports Club, the Healy Chair Square Dancing Club and cares for her five-year-old daughter.

Mrs. Bullard is a teacher at Carl Hayden High School and Phoenix College. The Bullards have lived in Maryvale for about 2½ years.

Did the March of Dimes aid the Bullard family when polio struck? Read what Mrs. Bullard has to say. "The March of Dimes has been wonderful. People should not forget that the expenses for those who have had polio go on for years, even a life time, but still the March of Dimes continues to assist those who need help. Just last year I had to make two trips to Los Angeles for surgery for muscle transplanting and they took care of everything."

Brownies Invested

Investment ceremonies for the Pioneer Second Grade Brownie Troop were held on Jan. 13 at the Pioneer Baptist Church.

Troop leaders, Mrs. J. W. Taft and Mrs. Ambrose Oliff, presented Brownie pins to the following:

Sherry Daniels, Debbie Dunn, Jackie Barton, Judy Guller, Nancy Hamilton, Alice Hainm, Paula Holcomb, Dawn Holmes, Carol James, Divden Jarell, Jackie Jones, Debbie Mergal, Jenny Oliff, Kimberly Reynolds, Vicki Taft and Patti Tillis.

Coffee and cake were served to the mothers and guests following the ceremony. The cake was beautifully decorated with the Brownie promise.

Trimming Men Is Day's Work

NASHVILLE, Tenn. — (UPI) — Giving men a good trimming is all in a day's work for three women here. They're lady barbers.

Jewell Bennett, Dotis Hillman and Mary Jackson cut only men's hair. They figure that someday the male barber may become extinct.

The women operate in the Maxwell House Barber Shop where Miss Bennett is the boss. She took over when the former owner set up another shop for men with men barbers.

"We don't worry too much about politics and serious things," she added. "We think men like a change from it all, too."

The three prefer to work on men than women because "women are a lot more vain than men."

Nurses To Meet In Jacksonville

On January 27 and 28, over 300 nurses will meet in Jacksonville to discuss methods of improving nursing practice. The members of the nursing profession, being aware of their responsibilities, continue to study and evaluate nursing care so that the type of nursing rendered to patients is constantly improving.

This is the third in a series of conferences on nursing and nursing administration, and will be sponsored by the Florida State Board of Nursing, the Florida Nurses Association and the Licensed Practical Nurses Association of Florida.

The meeting will be held at the Seminole Hotel, Jacksonville, and will begin at 9:00 A. M., January 27. The consultants for the conference will be Mrs. Frances Keuter, Professor of Nursing, Teachers College, Columbia University, and Miss Marguerite Kaush, Associate Professor, College of Nursing, Rutgers University.

The two previous conferences were indicative of the interest of the nurses in the state in improving nursing service, and it is anticipated that this meeting will further the progress already begun in this area.

Circle Has Meeting Scheduled

On Feb. 7 the monthly meeting of the All Souls Catholic Women's Club will be held at the Civic Center at 7 p. m. All members are requested to attend.

This is the month for the annual supper and each member will bring a covered dish and a dinner plate with service for one. Women of the Catholic church are invited to attend the supper and join the club if they would like to be listed on the roster.

President Helen Constantine will preside for a short business meeting. The rest of the evening will be turned over to the refreshment committee.

Liquid embroidery will be demonstrated as a climax to the evening.

Fabric Is Important

In a season of little significant fashion interest from a silhouette point of view, fabrics are stealing the show.

Dramatically evident in the new Spring collection is the incidence of American-made woolsens and worsteds in a stunning variety of offbeat shades running the chromatic gamut from cool Peridot shades, bright lemon and buttercup yellows, a whole range of "hot pastels" and dainty lavender, to vivid green, red and blue accents.

Insofar as textures and patterns are concerned, designers of American-made wool textiles now are presenting a broad display of their considerable talents.

This is reflected in fluffs long-haired blanket weaves, wools and looped and boucle textures for coats, litted and striped effects seen in the new suits, along with a lot of interesting new muscily tweed weaves, big, bold floral prints, shepherd and hounds tooth checks, ombers and cleverly matched stripes in sheer wools and menswear worsteds all contributing to the greatest American-made wool fabric season in years.

These fashion indications strongly support the prediction of G. Norman Winder, president of Woolens and Worsteds of America, who stated in his annual American wool industry forecast that "wool is coming into its own again."

The Ethel Root Circle of the Congregational Church met at the home of Mrs. Herbert Thurston, Lake Monroe, Monday evening.

Mrs. August Remusat was acting president in the absence of Mrs. Oscar Zittrower, Mrs. Gus Selmah lead the devotional. Mrs. Ralph Lassing and Mrs. Herbert Thurston reported to the group on the annual meeting of the church.

Meeting Scheduled

Mrs. Lassing will be in charge of friendly service for this year. Publicity chairman is Mrs. Thurston.

Mrs. Harold Herbst and Mrs. Thurston were appointed to check on the purchase of a refrigerator for the Fellowship kitchen.

The circle will sponsor a smorgasbord at the church on Feb. 13 from 3:30-7:30 p. m. Three door prizes will be awarded. Mrs. Herbst and Mrs. Thurston are chairman of the supper. Mrs. Remusat is ticket chairman.

The hostess served coffee, cheese and crackers, Dutch cherry cake to the group. The next meeting will be held at the home of Mrs. Earl Moxley, Oak Ave.

Sorority Chapter Attends Luncheon

Members of Gamma Lambda Chapter of Beta Sigma Phi recently enjoyed a luncheon at the Mayfair Inn Saturday.

An attractive arrangement with cornucopia and yellow tanga and streamers was the table centerpiece. At each table setting was a small replica of the centerpiece. Mrs. Ralph Nelson Jr. was responsible for the luncheon and Mrs. Glenn McCall arranged the centerpiece. Matching place cards were used.

The president Mrs. Coxan presented each officer with a bud vase in appreciation of their efforts throughout the year. She presented each of the society members with a plant.

Guest of honor at the luncheon was Mrs. Dick Nelson. Mrs. Nelson is moving away from Sanford soon. She was presented with a loving cup with an appropriate inscription commending her position as society Valentine Girl of 1958. Mrs. Coxan gave Mrs. Nelson a corsage of yellow and white chrysanthemums, centered by a yellow rose.

Chairmen for the luncheon were Mrs. Ed Peterson and Mrs. Clyde Robertson.

Wives Begin Bridge Club

Officers' wives of VAB 2 met at the home of Mrs. E. R. Howell Thursday for the first meeting of a spigolon bridge club.

There were two tables of bridge. More women are expected at the next meeting. Tentative plans are being made for a beginners' table. Cakes and coffee were served at the informal gathering during the afternoon.

The first Thursday of each month was chosen as a time for the club to meet.

Try Chicken Chili

NEW YORK — (UPI) — Chicken chili is a sure fire hit for the supper crowd. Melt 2 tablespoons butter in heavy skillet over low heat. Add 1 cup chopped onion, 1 dried green pepper, and 1 clove garlic, minced. Cook slowly until onion softens and yellow. Add 2 cups cooked chicken, 1 1/2 pounds cans tomatoes, 1 1/2 pounds cans beans, 1/2 tea spoon each of salt and chili powder and 1 teaspoon monosodium glutamate. Simmer 15 minutes, about 1 hour. Serve.

Add a spice flavor to pot roast by blending ground ginger into the dough. Use a teaspoon for a 1 1/2 pound pot.

Huck Finn Is Better Than Science-Fiction

If State Librarian Dorothy Dodd has her way, such books as the Horatio Alger series, the Bobsey Twins, the Wizard of Oz, Tom Swift, the Rover Boys and others of a like nature would disappear from library shelves in the state.

She has advised county libraries in Florida that "there are plenty of other books which give broader and wider backgrounds for children to read." She added that "the libraries should stock better books."

The state librarian pointed out that these views were "strictly personal," that she had no control over the books that county libraries stock and that "there is a trend in good library practice that these (the books mentioned above) are not desirable."

It may be true that the "trend" in good library circles is away from such books.

No matter what the "modern trend" might be, we are forced to disagree wholeheartedly. We would oppose strongly any attempt to deny today's youngsters the pleasure of reading these "rags to riches" adventures.

How many adults of today remember the Leatherstocking Tales? Huck Finn and Tom Sawyer? Frank Merriwell? The Rover Boys and their various trips? Tom Swift?

How many of today's children will remember, 30 or 40 years hence, what Superman and some of the other science-fiction heroes were doing in 1959?

Or, perhaps, "modern trend" librarians prefer some of the modern "psychological" novels which seek to "brain-wash" children and adults alike.

Although the present U. S. tax structure makes it virtually impossible to see a modern Horatio Alger, it's still nice to read these youth-inspiring stories.

These books certainly do not spawn juvenile delinquency and bad morals. We're not sticklers for the so-called "good old days," but the literature is one item which stands head and shoulders above today's "modern" writing for children.

Battle With A Buck

One of Sanford's better news stories last week was the battle with the buck.

The buck in this case isn't the kind you find in your pocket, but the deer at the city zoo. The buck had become too big for the zoo to handle. It was decided that he should go to the Farmington game reserve. Wildlife and other officials had trouble in communicating this fact to the buck, however.

The only thing this buck understood was fear. He knew that he was the object of an attempted capture. Crows gathered at the zoo to view the proceedings, which ended in failure on the first day. The dart gun was shooting blanks.

On Friday, however, the darts of anaesthesia found their mark, the buck went to sleep. He was carried to the game preserve and turned loose. Whether he will be at home in the forest is an open question.

The buck provided a great deal of entertainment to youngsters while he was growing up in the zoo. His "sentence" served, he deserves the chance to romp through the forest with his own.

Letters To The Editor

Editor, The Herald:
We hereby invite all Seminole County shoppers to visit our store to see what we have to offer. At the same time, you will have an opportunity to find out about the services we render to local customers.

While you are here, we would appreciate any suggestions that you might have which would enable us to serve you better. Our business has been built on service to you.

Prices are reasonable and the homes are beautiful and well kept. Monroe Lake and St. Johns River add so much to Sanford's attractiveness, but after all it is the people of a town that really make it good. While the pace seems to be slower, there is no lack of progress and improvement.

We are here from N. Y. State to stay till June and as you have guessed we like it here.

Sincerely yours,
Mrs. Earl K. Webster
Park Avenue Trailer Park

Dear Sir:
It was good of the merchants to invite people to express their opinion of Sanford, and I am very glad to.

We have been here two months and are very happy here. We have travelled around the country quite a lot, and never have we found more friendly people or more courteous salespeople.

It is an honor and privilege to live in a town where you are wanted. To name a few, the library, mailmen, police, teachers, etc., all the people who wait on you in the stores are the best you find anywhere. I should know as our Navy career has taken us to many places. It will be a hard thing to find another town which can come anywhere near to Sanford's friendliness.

Thanks to everyone in Sanford.
Mrs. Rev. F. Lamberton Jr.

Kimes Appointed To Publicity Post

Winter T. Kimes has been appointed public information director for the United Community Services in Columbia, S. C.

The organization is a community-wide social planning service and conducts the United Fund campaign each year.

Kimes is a graduate of the University of South Carolina, with an AB degree in Journalism. He served overseas with the U. S. Army in the Philippines and Korea. Mrs. Kimes is the daughter of Mr. and Mrs. Hugh Dunbar of Sanford. They have one child, 14-month-old Kathy Lynn.

Faille Signs Gets Associate Member

Marcel Faille Signs is expanding.

Faille, whose signature is on nearly every billboard or banner in Sanford, now has an associate, Jean Guay, a 28-year-old commercial artist from Montreal, Canada, has moved to Sanford to assist Faille in his growing business.

Guay, unmarried, is a graduate of the Beaus Arts School, Montreal. For eight years he worked in the commercial art department of Claude Neun Co., a leading Montreal firm. Faille has known him for many years.

In announcing the arrival of Guay, Faille said, "We now can give better service and improve our designs."

Inez Robb Says

BY INEZ ROBB

When Daniel was cast into the lions' den, he was doubtless a Simon-pure amateur. But when he walked out, under his own steam, he was an old pro with the big cat.

For some reason, I kept thinking about Daniel every time I read that Gov. Nelson Rockefeller actually talks out loud about the acute possibility that taxes will have to be raised in New York State, if it is to pay its bills.

All the old pros in the political dodge are talking softly about holding that budgetary line, at least nationally, and even purring sweetly of the possibility of a tax cut in the sweet by and by.

Maybe a politician loses his amateur standing when he is elected governor of New York. Still and all, Gov. Rockefeller is new in the business, and either he is awfully innocent or awfully honest when he talks of hiking taxes in the Empire State. If he gets away with it, the governor is going to enter the old pro league with Daniel.

In the interim, I would surely like to take a peek at Gov. Rockefeller's fan mail. The most violent "Dear Sir, You Cur" letters received by deponent — and even more embattled than those from the enraged ladies of the W. C. T. U. — are those offering to hang, draw and quarter me whenever I innocently suggest that a slight raise in Federal taxes might really balance the budget, help whittle away the national deficit, and stop the alarming erosion of the American dollar both at home and abroad.

It is patent that a great many Americans regard a tax hike as the worst possible calamity that could befall them — more menacing than enemy rockets, H-bombs and armed satellites.

"Austerity" is a dirty word in the American language, and the aroused taxpayer wants no part of it. A national debt soaring toward the \$300 billion mark doesn't scare him half as much as the thought of an additional \$10 extracted every annum by Uncle Sam.

Any hint in this column that it might be nice to start paying off the national debt and underwriting the American dollar brings forth mail accusing me of being a Communist spy, a Fascist agent and other terms suitable for a family newspaper.

Well, I worry about where my next steak and 21-inch teevee and station wagon are coming from, too. But I am also small-minded enough to worry about \$12,000,000,000 annual deficits and the fact that in the world's money marts the dollar is rapidly gaining a dubious and unstable reputation.

I am chummy enough to be concerned when a great, big feller in Wall Street tells me he is certain that devaluation of the dollar is inevitable because no politician in either major American party has the intestinal fortitude even to suggest remedies to cure our financial condition.

Maybe the fault lies in me. It could be that I am just a middle-aged sentimentalist who has an

overprotective feeling and affection for the American dollar, once a world-wide symbol of financial stability. Maybe it doesn't matter if the dollar goes down the drain.

Maybe I'm just too old to comprehend the modern economic theory that a man or a nation can live in perpetuity on the cuff.

Anyway, I admire a new-minded politician like Gov. Rockefeller who has either the courage or the experience to suggest that we pay the piper. Maybe Mr. R. is the man to tame the lions.

Consultant Speaks At School Tonight

What might be termed a "command performance" will be presented tonight and tomorrow night by the Seminole County Council of Parents and Teachers, with Charles S. High of Tallahassee as the speaker.

High, who is State Department of Education consultant for Exceptional Children, will bring information of interest to parents of school children from the elementary through the high school level.

Mrs. Ira Southward, president of the Seminole County Council of Parents and Teachers, who made the announcement, has stated that the speaker gained popularity in this area when he spoke to groups last season.

The sessions will begin at 8 p. m. in the auditorium of Seminole High School. Open forum periods will follow the lecture nightly, which will also feature a refreshment break.

Pettit, Hagan Hot, Hawks Win Again; Race Is Shambles

United Press International
The National Basketball Association posted a liberal reward today for the return of those run-away St. Louis Hawks.

St. Louis now leads the Western Division by 14 games and practically all hope of catching the Hawks has been pigeonholed for next season.

Bob Pettit, with 29 points, and Cliff Hagan, with 27, were the chief guns in the Hawks' 115-111 victory over the New York Knicks on Sunday. Kichie Guerin was outstanding in defeat, scoring 41 points for the Knicks.

Rookie Elgin Baylor hit his high-water mark as a pro by scoring 41 points but it wasn't enough to keep the Philadelphia Warriors from defeating the Minneapolis Lakers, 123-111.

Baylor fouled out late in the third quarter and when he left, the Lakers faded. Paul Arizin paced the Warriors with 39 points. The game was played at Camden, N.J., and attracted 3,272 fans.

Bill Sharman and Frank Ramsey scored four points apiece in an overtime period to lead the Boston Celtics to a 119-118 win over the Detroit Pistons. Bob Cousy of the Celtics and Gene Shue of the Pistons shared scoring honors with 29 points apiece.

George Yardley, the league's leading scorer last year, suffered a broken bone in his right hand during the first half and will be sidelined for an indefinite period. Jim Lecoutoff of Boston sat out the game because of a back injury and it was feared he may be lost for the season.

Jack Twyman scored 17 of his 33 points in the third period to bring the Cincinnati Royals from behind to a 109-104 triumph over the Syracuse Nationals. Dolph Schayes led the Nats with 34 points.

Vandy Planning 'Ambush' For Auburn

ATLANTA (UPI)— The Auburn Tigers will take their 21-game winning streak this weekend to Nashville, scene of the lone ambush of top-ranked Kentucky, against the same Vanderbilt cast that upset the Wildcats.

Vanderbilt is stop No. 1 on a three-game road trip for the Tigers, the nation's only major unbeaten quint. Next week they go in Georgia Tech and Georgia, a couple of teams which have met Auburn off their home courts and contributed to the Tigers' 13-0 season record.

Georgia was the latest Tiger victim. Auburn mixed ballgame marksmanship and defense to whip the Bulldogs 81-61 Saturday night at neutral Columbus, Ga. The Auburn shuffle never left one man the Bulldogs could concentrate on as five Tigers hit in double figures. Scoring honors went to Georgia sophomore Gordon Darrah who got 22 points.

Three in Four
In other Saturday action in the Southeastern Conference, Tennessee climbed into a three-way tie with Georgia and Tulane for fourth place by beating Georgia Tech 84-71. Mississippi State beat Murray State 68-66 and Mississippi lost to Memphis State 65-63 in a pair of non-conference games.

Seminoles Seek Revenge In Two Conference Tilts

BY JERRY COVINGTON
The ever-improving Sanford Seminoles cage team this week will seek to avenge its only two conference losses this season.

Tomorrow night, Coach Bud L. Ayer's small, but speedy, squad travels to Apopka to take on the Blue Demers.

To complete a busy week, the Seminoles will host Pierson on Saturday night in a non-conference tilt.

The Seminoles now are riding the crest of a three-game winning streak. Latest victim was Florida Military School, Deland, 66-33, here Friday night. A fast-break and accurate shooting gave the Seminoles an early lead and they never were threatened after the first quarter, which saw them pile up 15 points in five for FMS.

All-conference guard Cecil Dantridge finally broke his scoring slump, hitting 18 points to pace the attack. His seven field goals, mostly on driving lay-ups, almost were overshadowed by his rebounding.

Ray Lundquist continued to prove the most exciting Seminoles player ever to handle a basketball here as he rulled up 16 points in about two quarters of action. The junior guard, who has played for the varsity since his freshman year, put on quite a ballhandling show, and had the Black Knights wondering what was going on most of the evening.

Lundquist is the most colorful player in school history and has become the most talked about guy in the loop.

After his first shutout game last week against Lakeview, junior forward Jimmy Gracey hit the trail once again with 15 points in the half while running up 29 late in the third quarter forward John Taylor dropped in a jump shot to break the old JV scoring record of 62 points. The contest ended with the Seminoles way out in front, 77-20.

Little George Perides continued to pace the attack with 15 points. The small guard has hit in double figures in all games this season, with the exception of one where he was held pointless. Taylor had his best night of the season with 14 and sophomore Mike Roberts dropped in 11 to finish third in the scoring picture. The JV record now stands at 10-2.

In addition to the points garnered by Dandridge, Lundquist and Gracey, varsitymen scoring Friday were Cliff McKibbin (5), Vernon Kirk (4), Alex McKibbin, John Allred, Mike Davis and Charles Oravates, two each.

For the season, the Seminoles now have nine wins, five lost in OBC play, the record is 2-2.

Richards, DeWitt Lead Contenders For Tigers' GM

BY JACK BERRY
DETROIT (UPI)— Paul Richards, manager of the Baltimore Orioles, and former St. Louis Browns owner Bill DeWitt were the front runners today for the vacant Detroit Tiger general manager's job.

John J. McHale resigned unexpectedly Sunday "to take an offer I just couldn't refuse" from the Milwaukee Braves that will bring him a reported annual salary of \$50,000, a long-term contract, a vice presidency in the Braves' organization and other duties.

McHale's sudden resignation, with the opening of spring training less than a month away and only two front line players signed, caused Tiger Board Chairman John Fetzer and President Harvey Hansen to call an emergency meeting today to decide on a successor.

Richards, the No. 1 catcher on Detroit's 1945 team, and DeWitt were accorded the best chance of those outside the organization while business manager Jim Campbell and farm director Rick Ferrell were the leading candidates inside the Tiger group.

McHale's departure comes at a time when few general managers of major league caliber or experience are "at liberty."

Palmer's Hot Irons Take 10 Birdies, Thunderbird

PALM SPRINGS, Calif. (UPI)— Arnold Palmer, the bull-shooter, dived shotmaker from Latrobe, Pa., is on the greatest iron-hitting spree of his life.

And the result may be that the leading money-winner of 1958 (\$45,607.93) is going to blank out the field again in 1959 as he moves along with a record of \$4,621.81 won in the first four tournaments of the season.

Palmer plays in a \$5,500 pro-amateur tournament at the Eldorado Country Club near here today and Tuesday and then heads for the \$20,000 San Diego Open starting Thursday.

He'll be the favorite in both these events as his play in winning the \$15,000 Thunderbird invitational golf tournament here Sunday with one of the great final rounds in PGA history — a closing 62 that caught and passed Jimmy Demaret on the 68th hole.

"I don't remember ever hitting irons as well as I have during the past week," said Palmer after he posted his record-smashing tournament score of 266.

He hit his irons so well that he recorded 10 birdies, a single bogey on the remarkable come-from-behind round. His longest birdie putt was from 20 feet. He had one of 12 and one of 10 and the other seven were from five feet or less.

"That 62 was the lowest I ever had on the tour," he said, adding that he has had many 65s.

The amazing part about the round is that Palmer had two balls hit out of bounds when he took a 70 on the second round. "I missed only four greens during the whole tournament," he said. "Those two I hit out of bounds, plus two more in the final round."

Demaret, who fired a fine finishing round of one under par 70, finished in second place, picking up \$125 compared with the \$1500 that Palmer collected. Demaret was tied in the second spot with Ken Venturi, who was paired with Palmer for the final round and shot a great 66.

The veteran Lloyd Mangrum of Apple Valley, Calif., came in with a 270 for fourth place and collected \$620. West Ellis, Althea, N.J., had a 271 for \$550, and Jackie Burke, Houston, Tex., and Don Winger, Odessa, Texas, each collected \$475 for 272 scores.

Palmer plays in a \$5,500 pro-amateur tournament at the Eldorado Country Club near here today and Tuesday and then heads for the \$20,000 San Diego Open starting Thursday.

He'll be the favorite in both these events as his play in winning the \$15,000 Thunderbird invitational golf tournament here Sunday with one of the great final rounds in PGA history — a closing 62 that caught and passed Jimmy Demaret on the 68th hole.

"I don't remember ever hitting irons as well as I have during the past week," said Palmer after he posted his record-smashing tournament score of 266.

He hit his irons so well that he recorded 10 birdies, a single bogey on the remarkable come-from-behind round. His longest birdie putt was from 20 feet. He had one of 12 and one of 10 and the other seven were from five feet or less.

"That 62 was the lowest I ever had on the tour," he said, adding that he has had many 65s.

The amazing part about the round is that Palmer had two balls hit out of bounds when he took a 70 on the second round. "I missed only four greens during the whole tournament," he said. "Those two I hit out of bounds, plus two more in the final round."

Demaret, who fired a fine finishing round of one under par 70, finished in second place, picking up \$125 compared with the \$1500 that Palmer collected. Demaret was tied in the second spot with Ken Venturi, who was paired with Palmer for the final round and shot a great 66.

The veteran Lloyd Mangrum of Apple Valley, Calif., came in with a 270 for fourth place and collected \$620. West Ellis, Althea, N.J., had a 271 for \$550, and Jackie Burke, Houston, Tex., and Don Winger, Odessa, Texas, each collected \$475 for 272 scores.

PGA Senior Play Begins Tomorrow

DUNEDIN (UPI)— Play begins Tuesday in the annual PGA Seniors Golf Tournament with the hottest field in the event's 20-year existence expected.

Several former National Open and PGA champs are included in the almost 200 entries, including defending champion Gene Sarazen, who has won the PGA three times and the Seniors twice.

He will be competing with three-time winners Al Watrous and Eddie Williams, plus some 20 newcomers to the event for golfers 50 years of age or older.

The winner gets a trip to England to compete in the world championship seniors match.

Half of the field tee off in the first round Tuesday with the other half getting started Wednesday. Second rounds are scheduled Thursday and Friday with the last 36 holes of medal play coming on Saturday and Sunday.

Other seniors winners entered are Fred McLeod, Charlie McKenna, Marshall Cribben, Ernie Newham, Harry Schwab, Mortie Dutra, and Pete Burke.

Man-Sized Contest

MONTREAL (UPI)— Lacrosse, originated centuries ago by Canadian Indians and considered the oldest game on the North American continent was sometimes played by rival teams numbering as many as 2,000 Indians on fields almost a mile long.

Athletics Have No Set Goal

EDITOR'S NOTE: This is the 12th in a series of 16 dispatches by major league managers giving mid-winter appraisals of their teams.

BY HARRY CRAFT
Manager, Kansas City Athletics
Written for UPI
KANSAS CITY, Mo. (UPI)— I'm not setting a goal for the 1959 Athletics like I did last year when we were aiming for 70 victories and beat that by three games.

I won't even say that we will be a first division contender. But we will be shooting for a 500 percentage and, if we hit that, we won't be far out.

I believe we can hit the 500 mark this season with a little natural improvement and the bench strength we have added.

Additions like Wayne Terwilliger, John Bella and Dick Williams have given us that bench strength we have sorely needed.

They and some other young fellows will give us more maneuverability this season and the competition for jobs this spring will be greater than it ever was. And a little competition never hurt anyone.

Battle For First
First base, in particular, will be an interesting position this spring. First basemen like Preston Ward, Harry Simpson, Whitely Herzog, Kent Hadley, Jim McManus, Hal Smith and even Reta and Williams will be out to win it.

If I had to name my first baseman today, I couldn't do it. It wouldn't be fair to those fellows. But pitching is the most important thing to the ball club.

Unless someone changes my mind, we'll start out with the same rotation that we got going toward the end of last year. Bob Grim, Ned Garver, Ralph Terry

and Ray Herbert. My mind is still open on the fifth starter.

Of the young pitchers, I'd say Howard Reed, the big Texan, has an excellent chance of making the ball club. He's got the stuff and good control for having only one year of experience.

Grim could be the No. 1 man on our staff from what he showed in the last two months last season.

Bob Cerv and Roger Maris will give us defense and punch in the outfield.

Prises Lopez, De Maestri
Bill Tuttle in centerfield is better and more valuable than the record indicates. He hit only .216 last year, but he got the key base hits and key bases on balls.

I can't say that the rest of the infield is set, but Hector Lopez swings a good bat and showed good improvement when we shoved him in at second base last year; there's no question about the defensive ability of Joe DeMaestri at short, and you couldn't ask for a man to step in and do a better job than Hal Smith did at third last year.

Here's where that bench strength and maneuverability come in. Terwilliger, Mill Gaff and Mike Baxes will be in the running for these positions in addition to the fact that Lopez can move to third and Smith could take over at first or behind the plate.

Of course, our catching staff is pretty well manned with Harry Chitt and Frank House.

Lion Cagers Beat Lyman, 42 To 29

The Oviedo Lions jumped off to an early lead Friday night and were never headed as they romped to a 42-29 victory over their South Seminoles cage rivals, the Lyman High Greyhounds.

The Duda boys, Mike and Joseph, led the Oviedo attack with 10 points each. Larry Neely had the same number to pace the Longwood scoring, but he didn't get the support in the scoring column that the Dudas enjoyed.

With Tennant dumped in eight to take runner-up honors for the Greyhounds, Jimmy Brookshire of the Lions had nine for third place among Oviedo scorers.

The Lions hit 11 points in the first period, Lyman could get only seven. This four-point margin was the highest on a quarter-by-quarter basis that the Lions could get, although they gradually pulled away in each of the last three periods, the Lions hit for three more points than the Greyhounds, 9-6, 10-7 and 12-9.

Big difference in the game was in field goals. The Lions got 15, Lyman only nine. Free throws were almost even, Oviedo getting 22, and the Greyhounds 11.

For the Lions, Smith and Tesinsky each had four, Alford three and Kelsey two.

For Lyman, Ballard had seven, Everidge three and Hull one.

MIAMI (UPI)— Jack Frost of Monterrey, Calif., won the Central cable University of Miami tennis championship Sunday by beating Birger Folke of Stockholm, Sweden, 6-1, 3-6, 1-6, 6-2, 6-1. Marie Martin of Australia won the women's crown.

Patrols Chosen By New Scout Troop

Mrs. H. I. Johnson
Phone FA 2-4121

New Scout Troop leader John Angel outlined the program to 35 members at a meeting of the newly organized Lake Monroe troop Tuesday, June 20.

Patrol leaders chosen by the group were Barney Johns, patrol leader of White Eagle troop; Larry Watson, patrol leader of Whip-O-Will troop; Gene Bullard, patrol leader of the Bob Whites and Charles Rabun, patrol leader of the Owls.

Bob Anderson was selected senior scout leader and Tommy Hittell, junior scout leader. The first hike made by the troops will be on Saturday, Jan. 31.

At the close of the meeting, Angel, assisted by Claude Hittell, Herbert Thurston and Toler Rabun led the boys in a game period.

41 Club Meeting

The girls' 41st club meeting was held Monday afternoon, Jan. 19 with leader Mrs. Ben Bullard. Work was started on the fair project and a demonstration on liquid embroidery was presented by Mrs. R. E. Mitchell. Members were given samples of this art to work on.

Sabbath School Meeting

Baptist Sabbath School meeting at the church Tuesday afternoon, Jan. 20, made booklets of Prayers. Games were enjoyed and refreshments served. Eleven members attended.

G.A.S. Make Aprons

Leaders, Mrs. Lynn Giles and Joyce Eber, instructed 18 G.A.S. members in making aprons for the Baptist Children's home at their meeting last Tuesday afternoon at the church.

Refreshments of hot chocolate and cookies were served.

Baptist M.A. Meeting

Leaders, Mrs. Lynn Giles and D. C. Spivey and Gene Tomlinson at their regular weekly meeting at the church, Tuesday, Jan. 20.

Investment Service

Fifteen girls received pins at a Girl Scout Investment Service Wednesday, Jan. 21, at the Lake Monroe School. Badges were made to Mrs. Lynn Giles, leader, and Mrs. Abrams, assistant, pinned each new member.

Girls joining the scouts were Darlen Roberts, Margie Petty, Shirley Eber, Jeanette Herman, Dianne Houston, Barbara Tindale, Carol Hobbs, Grace Spivey, Betty Hittell, Anna Ross, Rebecca Giles, Vickie Sheehan, Diane Duff, Charlene Abrams and Karen Vecker.

Refreshments of hot chocolate and cookies were served the girls and parents attending the service.

Mrs. J. H. Tindell honored her husband at a birthday dinner of chicken barbecue, Sunday, Jan. 18.

Attending were their son and family, Mr. and Mrs. Arnold Tindell, Mike, Bonnie and Mitch of Elder Springs, Mrs. S. E. Norwood and daughter, Noreen; Mr. and Mrs. Ernest Hamilton and son, Robert, Enterprise; and Mr. and Mrs. Edward Small and son, Eddie.

Personal

Mrs. J. H. Edwards and son, Jerry, left Saturday, Jan. 17, for Sabring where they will join Mr. Edwards to make their home. Their address is 502 Orange St., Sebring.

Mr. and Mrs. C. M. Mann Jr. and children, of Orlando, were recent guests of Mr. and Mrs. Hubert Johnson and son, Bob.

Mr. and Mrs. Lloyd Deakin and family, formerly of Belle Glade, are new residents here, occupying the Norwood home.

Mr. and Mrs. Wayne Lathrop of Seville, former Lake Monroe residents, visited here last week.

Mr. and Mrs. Fred Thomas of Cocoa were dinner guests, Sunday, Jan. 18, of Mr. and Mrs. Claude Hawkins and son, and Mrs. Thomas' mother, Mrs. Annie Hawkins.

Mrs. Donnie Warren has moved to her new home. The former residence was taken by the interstate highway.

Mr. and Mrs. N. M. Sleeper and daughter are living in the Edwards cottage. Mr. Sleeper has been transferred to the SNAS from Jacksonville.

Perhaps a city trash truck would not be considered a very inspiring subject for a column but the one I encountered recently started a train of thought that it seemed appropriate to record.

It was the trash truck that I saw on the road that I had just left. It was a large, well-padded parking lot accessible from both streets.

School 'Option' Urged

PENSACOLA (UPI)—The next Legislature should pass new laws, including the "parent-option" school plan, in order to solve racial problems which vary greatly in nearly every county, Asst. State Atty. Gen. Ralph E. Odum said today.

Odum, Florida's chief expert on segregation law, said there is no magic, foolproof cure-all to the racial dilemma "but some measure of relief may be found in a combination of various alternatives."

County school boards should be given as wide latitude as possible under state law to choose from among a number of possible procedures which may best suit their own local conditions," he said. "It would be a mistake to attempt by state law to compel all school boards to follow the same procedure."

'Muzzle-Loader' Fired, Longwood Youth Injured

A 16-year-old Longwood boy was injured seriously yesterday at a p. m. when a muzzle-loading shotgun exploded as he and two other boys attempted to fire it.

Ralph Peters was taken to Bernholme Memorial Hospital with a three-inch piece of lead in his jawbone, a shattered left hand, and chest and arm injuries. Richard Grant, 12, and his brother, Freddy, were uninjured.

Too Many Girls
LONDON (UPI)—Six hundred Australian girls aboard the liner Strathnaver who arrived here today were too many for the less than 100 boys on the 30-day trip. The boys complained the 140-1 ratio left them no place to be alone with just one girl.

Dearb Head Stamp
On Smokes Okayed
PIERRE, S.D. (UPI)—A bill to stamp a skull and crossbones on every package of cigarettes sold in South Dakota advanced to the House of Representatives today following passage in the Senate by a narrow 18-16 margin.

The bill, whose proponents lauded it as a move to "unglamorize" tobacco advertising, stems from a number of medical reports which have linked cigarette smoking to lung cancer.

The measure, adopted by the Senate Monday, was opposed by Democrats who said its passage would place South Dakota in direct competition with agricultural states that raise tobacco.

Republican Sen. F. E. Manning, the only physician in the Legislature, is chairman of the Senate committee that recommended the measure be adopted.

Manning criticized television advertising which showed "beautiful women who could dance on Uptown, men who could make money playing poker, men who could make an advance toward a woman on the seashore, and others who could shoot straight—all because they smoke a particular brand of cigarettes."

Mrs. Power Says Burglars Visited
HOLLYWOOD (UPI)—Furs and jewelry, valued at \$18,000, were stolen from the home of the late actor Tyrone Power Monday shortly before his widow came home from a hospital with her newborn son, police said.

Mrs. Power gave birth to a son last Thursday at Cedars of Lebanon Hospital.
