

Florida State League Discusses Plans For Season At Orlando Meet

ORLANDO, Mar. 4.—With all clubs in line, adoption of the 1935 schedule and amendment of other provisions of the constitution, the Florida State League directors met at a dinner at the Hotel... The schedule provides for 30 games, with opening games planned for Sunday, April 14, and the season closing on Labor Day, Monday, Sept. 2.

Directors authorized the purchase of bronze life-time passes which will be presented to former league players who gathered at Sanford last July in attendance at the All-Star game.

Special ceremonies planned for opening day this year will center about the presentation of these passes.

Next meeting of the league will be at Gainesville Friday, April 12 when directors, umpires, and managers will meet with President Gray for a final discussion of league rules and regulations.

Attending yesterday's session were: President Gray, Vice Presidents A. Combs of Gainesville, Directors J. M. Butler of Gainesville, Rex Packard of Sanford, Melvin Peck of DeLand, Emil Yde of Leesburg, Dode Fuller of Daytona, John Gansel of Orlando, Harold Ryman of St. Augustine, D. E. Finlayson and Dr. Holland of Leesburg, J. V. O'Toole, Pat Patterson and Bill Page of DeLand, J. E. Lamson and C. E. Brackley of Sanford, Tony Melis of St. Augustine, Capt. O. S. of Charlotte, and Peter Schaal of Winter Haven.

Eight Of Best Hounds Are On Longwood Card

ORLANDO, Mar. 4.—Eight of the best distance hounds in the state will be thrown together tonight for the feature race attraction at the Sanford-Orlando Kennel club.

The headline event, ninth race and a 5-16th mile race, is one of the rare races in which the favorites of other fields and the top-money winners of the entire 400-dog kennel are pitted. It opens the ninth consecutive week of nightly racing at the Longwood track.

Although post positions have not been announced, which will probably be the determining factor in the play at mutual windows, Smoky Ranger, Gerald Pasley's fleet-footed hound, is regarded as the favored competitor.

If the Ranger dog draws an outside box, he is virtually a cinch to answer the post call as the favorite. Should he be allotted another box, one on the inside, the race will be called a free-for-all, with every dog given a chance for the money.

Muddy Turf and Grand Man, both strong finishers, are looked upon by trackmen as hounds capable of "running-down" the Pasley greyhound.

The other entries for the event are Big Question, Happy Career, Extra Blue, Glenford Red and Blondy Coin.

Fourth Annual Orlando Horse Show Closes As 1,500 Watch

ORLANDO, Mar. 4.—The sentimental retiring performance of a great jumping horse and the sensational showings of two North Carolina entries rang down the curtain on the Fourth Annual Orlando Spring Horse Show yesterday afternoon before a capacity audience of 1,500 at the Orange Blossom Stables.

Shortly after Spring Steel had won the blue ribbon in the 2000 Open Jumping Championship Stake, Owner Jean Page of Barnsola, announced that her 10-year-old chestnut mare would be retired. Spring Steel is one of the outstanding jumping horses.

The retirement ceremony was conducted with Spring Steel making her final appearance in a large-jumping exhibition, a guided, except by a long strap halter in the hands of Alister Donaldson, the mare cleared the bars cleaning, one notch below the highest mark.

"Up with the bars!" ordered Ringmaster Sam Shiver and groomers raised the wooden poles to the five-foot mark. That order brought a slight gasp from the crowd and several ladies in the ring-side boxes turned their heads, fearing that the mare would be injured.

Without hesitating, Spring Steel broke into her steady trot, swung down the rail toward the jump and cleared the highest bar by a wide margin. And so a champion was retired with a championship performance.

O. T. Fowler's Grandview Farms of Winston-Salem, N. C., carried off both grand championships in the two 2500 Grand Stakes.

VILLAGE BOASTS NO STREET

KENMORE, N. Y., Mar. 4.—This buffalo suburb claims distinction in that it has no streets. The village has about 30 miles of avenues, roads, boulevards and places. The founder waded the street terminology is a mystery to village officials.

Women get 'Build-up'

A good way to relieve periodic discomfort from functional dysmenorrhea due to malnutrition, cramp-like pain, nervousness, headache, etc., many women find it by using CARDUI. It usually sharpens appetite, increases flow of gastric juices and so aids digestion, helps build up vitality, relieves nervousness, cramp-like pain, etc. CARDUI is a safe, effective medicine. It has been popular for 30 years.

British To Float New War Bonds

Seizure Of Two Italian Coal Ships Is Announced As Protest As Received

Reds Push Battle Around Viipuri

Sea Warfare Continues Unabated As More Ships Sink

While the Finnish-Russian battle for Viipuri raged unabated, Britain, announced plans for a gigantic new war loan, and became further embroiled with Italy over sea trade of German origin. Chancellor of the Exchequer Sir John Simon, disclosed a loan would be floated for about \$1,200,000,000 to help finance the war.

Seizure of two Italian ships loaded with German coal was announced in Commons close on the heels of Italy's energetic protest against the blockade. The minister of economic warfare said German coal shipped from Rotterdam to Italy is considered a prize of war, and such trade now has ceased. At least eight other Italian colliers were known to have sailed in the last 24 hours.

The British announced that they were despatching a fleet of six destroyers to the Baltic to attack in the area and claimed new sea routes further north. Russia threatened to visit on Viipuri with a view to the almost unrounded city. The question of attention in Britain, where both opponents and proponents urged the parliamentary debate on the subject.

The main facilities were direct hit with a bomb on the night. The British counted another submarine the probable victim of a Royal Air Force bomb. New British shipping losses were announced. One ship was sunk by a submarine and another was feared lost after sending out distress signals. The Western Front was quiet.

LONDON, Mar. 5.—(AP)—Sea warfare was unrelentingly hostile broke out last September took a toll of 113 lives and six allied or neutral ships in the last 72 hours, a check-up disclosed last night.

The British air ministry said a direct hit with a bomb on the submarine was believed destroyed. Normal complement of the average U-boat is about 50 officers and men.

Ship Nationality Tonnage Dead
German, British 941 102
Danish, Dutch 107 3
Norwegian, British 218 9
British 10,516

Struck were the Dutch steamer "Anges Willem," 183 tons; Dutch steamer "Bintanland," Dutch coast guard cutter, 248 tons; and the "Lindberg," 245 tons.

In New York, Mar. 5.—(AP)—The British freighter "El Corvo," 241 tons, saying it was "being chased by a submarine," approximately 1000 miles east of the Virgin Islands.

Of the six surface vessels lost, five were victims of bombs and one was sunk by a torpedo.

British planes trailing off the mouth of the River Elbe, within a few miles of the German shore, this afternoon sighted the German submarine, the air ministry announcement said.

After dropping his bombs and reaching the German coast, the plane later swooped down on the U-boat, which was seen to be damaged.

The crew was sheltered below decks and was hit after a half hour of the attack went away. The crew of the "Anges Willem" was rescued by the "Lindberg," which was on the scene when the German submarine was sighted.

NEAR EAST: A SWELLING ARMY

Members of the second Anzac contingent to reach Buer, Egypt, where they are pictured above on recent arrival, made a big line for English news. They're part of vast allied army magnificently forming in Near East.

Court Directs Medical Society To Stand Trial On Monopoly Charge

WASHINGTON, Mar. 5.—(AP)—In a far-reaching decision declaring that the practice of medicine is a trade and therefore subject to the Sherman anti-trust act, the United States court of appeals yesterday directed the American Medical Association to stand trial on monopoly charges.

This was a reversal of a federal district court decision. The letter tribunal, in dismissing an indictment obtained by the justice department had held that medicine was a learned profession, not a trade, and that the Sherman act was inapplicable.

The indictment upheld by the circuit court names not only the AMA, but the Medical Society of the District of Columbia, the Harris County (Texas) Medical Society and 20 prominent physicians.

The charge is that the defendants were guilty of conspiracy to restrain trade in fighting Group Health, Inc., a co-operative firm formed to provide medical care for government workers here on a periodic pre-payment basis.

Counsel for the defendants had made up their minds as to the next move. One course open is to ask the supreme court for a review of the decision.

Two other building permits were issued, one to Martin Temple for the repair of the leading platform of the Melch Realty Company building and another to E. H. Camp who will make repairs to his home at 304 Elm Avenue costing an estimated \$100.

With the addition of a five-dollar donation to the Orlando branch of the Finnish Relief Fund through The Sanford Herald has reached the sum of \$172.55. This amount represents private contributions ranging from one to \$5 dollars, and a donation from the Kiwanis Club of \$25.00, and two separate contributions from the Finnish grade of the Orlando branch. These contributions have been solicited and have been brought to the Herald office from where they have been forwarded to the Finnish Relief Fund.

Jews, Police Are Injured In Palestine

Clashes Occur In Demonstrations By Jews In Holy Land Over New Land Law

LONDON, Mar. 5.—(AP)—Fourteen British police, and a number of Jews were reported injured Saturday in Jewish demonstrations in Palestine against the new British land law.

One report said an 18-year-old student who was injured at Tel Aviv died today.

Religious British sources said a "certain number" of Jews were arrested in Jerusalem, Tel Aviv, and Haifa at home.

A reliable informant just arrived from the Holy Land said scores of Jews and British police were injured late last month in demonstrations, and in one case British cavalry with drawn sabers charged to disperse the demonstrators.

The demonstrations were against the new law restricting transfer of land from Arabs to Jews. An informant said 15,000 Jews took part at Tel Aviv. 10,000 Jews were reported to have taken part in Jerusalem and Haifa.

Members of the Senate interest group committee yesterday were invited to inspect the canal at Jacksonville.

The invitation was extended by Senator Pepper, Erie, Pa., chairman of the eight-member committee's departure for Jacksonville.

According to tentative plans the group will inspect the canal route from Jacksonville to Ocala, via the St. Johns river by motor launch, and thence to Ocala by automobile.

The committee is under consideration the Pepper resolution, authorizing a re-survey and revision of the ship canal to determine its self-liquidating possibilities.

The contract in question was a three-way agreement between the National Life company, of Brooklyn, N. Y., a collective bargaining committee of employees, and 118 of the firm's 140 employees individually.

Yesterday's invitation marked the first dive of the ship canal. The canal project is a \$107,000,000 canal which the Senate defeated last April by a vote of 15 to 16.

Adoption of the Pepper resolution by the Senate would require the groundwork for introduction of the canal bill this year.

The canal project is a \$107,000,000 canal which the Senate defeated last April by a vote of 15 to 16. Adoption of the Pepper resolution by the Senate would require the groundwork for introduction of the canal bill this year.

Formerly of Ocala, Mr. Williams has been four times awarded the national citizenship for his work in building and holding the world record of 28 1/2 feet for the 3-8 ounce distance cast. He also made an average cast of 348 feet in three casts with the 2-8 ounce ball. Mrs. Williams has twice won the women's title.

The demonstrations and instructions will be free, since the appearance is under the auspices of fishing tackle companies who desire to promote interest in the sport. Mr. and Mrs. Williams are touring Florida, starting exhibitions in the principal cities.

There will be interesting stunts with ball and fly rods, and many valuable hints for both men and women, as being your rod and reel and learn how to cast better and catch more fish, Mr. Williams said.

LEWIS VIRTE ST. PETERSBURG, Mar. 5.—(AP)—John L. Lewis, the CIO leader, stopping here yesterday for lunch after a vacation at Miami, declined to comment on the charges of anti-Semitism.

NEW YORK, Mar. 5.—(AP)—Mackay Radio reported last night it had intercepted an SOS from the British freighter "El Corvo" saying it was being chased by a submarine in the North Atlantic.

THE ALTMARK HOLD WAS NEVER LIKE THIS

They were among prisoners released when British cruiser "Cockatoo" ran the German prison ship Altmark aground in a Norwegian fjord recently.

Continuance Is Seer For Sugar Market System

Cummings Bill Seeks To Compromise Program Differences

WASHINGTON, Mar. 5.—(AP)—A new battle over sugar legislation developed yesterday when Representative Cummings, Democrat, Colorado, chairman of a Senate House sugar subcommittee, proposed legislation to continue indefinitely the basic provisions of the government's market control system.

The Cummings bill seeks to continue the sugar control system until the end of 1941, after which the sugar price will be determined by the market.

The bill would continue the control system adopted in 1934. The control law, which fixes the United States market price, also fixes the price for foreign producers.

The bill would continue the control system until the end of 1941, after which the sugar price will be determined by the market.

WPA Workers Warned Politics Must Be Avoided

State Administrator Says Hatch Act Prevents Such Activity

Rigid enforcement of the "political activity" provisions of the "Emergency Relief Appropriations Act of 1935" and the "Hatch Act" recently passed by Congress was ordered yesterday by WPA Administrator Roy S. Woodrow following a conference with Malcolm P. Miller, Regional WPA Director, Atlanta, and William H. Colwell, WPA regional director.

The WPA workers were warned that they must avoid any political activity while they are employed by the WPA.

City News Briefs

The regular drill sessions of the local National Guard company were held in the Army last night.

There will be a meeting of the Seminole County Progressive Club in the Court House tonight at 8:00 o'clock.

Edward F. Lane of the city spoke on "The History of the City" at the weekly luncheon of the Leeburg Kiwanis Club at noon today.

The regular luncheon of the Kiwanis Club will be held in the Valley Hotel Wednesday afternoon at 12:30 o'clock.

The quarterly meeting of the County Association of Baptist Churches will be held in the First Baptist Church in DeLand tonight. All members of the local churches were urged to attend.

Marriage licenses were issued in the office of county Judge R. W. Ware to Andrew Harris and Pauline Harris of DeLand and to Jean Spivey and James Coleman of Sanford.

WPA workers have already had more than 2000 feet of cast iron pipe laid in the water mainline from the City wells on the Orlando highway to the pumping station. City Clerk H. N. Sayer said today.

The new lodge hall of the Women of the World will be dedicated with appropriate ceremonies tonight at 8:00 o'clock when Fern Newberry, National secretary from Dunbar, N. C., delivers the dedicatory address.

All members of the Sanford Legion club were urged today by President Clyde Parker to be present at the first monthly meeting of the group Thursday night at 8:00 o'clock at the City Hall. The club was reorganized last week and new rules and regulations accepted.

Arrangements for borrowing funds for the payment of teachers' salaries will be made at a meeting of the Seminole County Board of Public Instruction in the office of County Superintendent T. W. Linton in the Court House tomorrow. This county's State allotment for the payment of teachers' salaries is several weeks in arrears.

Volle Williams, Jr. To Take Examination

Volle Williams, Jr. is scheduled to leave Marion Military Institute Army & Navy College Monday for Fort McPherson, Georgia, where he will take a physical examination in company with a number of other cadets from Marion for admittance to West Point, United States Military Academy.

Mrs. Williams has an appointment and his entry to West Point depends only upon passing the physical examination. He has already passed the mental examination and all prospective students of the military academy.

Damage Is Terrific As Storm Dies

Millions Of Dollars Estimated Lost In Worst Sleet Storm Seen In 25 Years

Emergency Crews Working Rapidly

North New Jersey, New York City Are Struck Hardest

Public and private emergency crews worked all night to patch economic lifelines—telephone communication, power lines, interrupted fire alarm circuits, and blocked traffic.

Most apparent damage was in northern New Jersey, New York City, and suburban Westchester County, and Long Island areas which were on the fringe of the \$500,000,000 storm of 1938, greatest in the history of the nation.

Blowing a northeasterly wind reached velocities as high as 70 miles per hour, with that began Saturday (fog as it fell early yesterday; last night it turned to snow.

Strong tides pounded New Jersey and New England coasts to add to damages.

Power lines snapped, leaving many communities without heat, light or telephones. Thousands of trees and bushes crushed. Many rural schools closed.

At least six deaths reported. The storm area extended from northern New Jersey, across northern New York, New England and into the Boston area.

At least three deaths—two fatalities in New Jersey and one in Pennsylvania—were reported. Besides, there were many traffic accidents and minor injuries.

The fall of rain, measured at approximately two inches, began Sunday morning and continued through the day. The wind shifted to the west and south.

New Jersey, the borough of the Bronx in New York City, and Westchester county, N. Y., appeared to have suffered the most damage.

Without light or power for varying periods, and more than 400 telephones were out of order. Schools closed for lack of heat and scores of persons were injured in minor automobile collisions and falls on icy streets.

Two fire-fighting poles were downed together in one section of New Rochelle, and because many fire department telephones were snapped, warnings were broadcast by radio to telephone fire alarms.

Commuter trains, serving New York City, were delayed from 15 to 25 minutes, and in New Jersey numerous communities were without electric power or telephone service through most of the day.

Hundreds of repair men were sent out to fix the damage in the metropolitan area, but the situation grew steadily worse as nightfall approached, and Dr. James H. Kimball, of the New York weather bureau, predicted additional damage to New Jersey and Long Island beaches, and the New England shore areas.

Station WABE of the Columbia Broadcasting system, whose transmitter is at Wayne, N. Y., was off the air for 6 1/2 hours after ice broke a power line.

At LaGuardia field, North Beach, Queens, planes of the big airlines were grounded through most of the day. At Cinden, N. J., airport the same situation prevailed.

WATER WARMS UP

SANTA BARBARA, Calif., Mar. 5.—(AP)—Reports from fishermen indicate the Japanese current, consisting of warm water, is moving closer to this southern California shore. The immediate effect has been a winter run of fish formerly found in those waters only in summer.

LOCAL WEATHER

Mostly cloudy tonight and Wednesday; not much change in temperature.

International Police

Although the second World War has scarcely begun, a favorite indoor sport these days is trying to decide what kind of a world will evolve when the war is over...

One thing is fairly sure and that is that whatever kind of a Europe evolves from the present struggle depends in large measure upon who wins the war...

If Germany wins the war, one may expect the same kind of treatment for all European problems as has been meted out in the conquered parts of Czechoslovakia and Poland...

If the Allies win, we may expect something more akin to what followed the last war to result. Undoubtedly the Poles and Czechs will be given a chance to live in freedom and independence if they so desire...

No League of Nations, however, can amount to much in this modern world without a policeman to enforce its decisions. That means an international army under the command of the League must be maintained...

Everyone, it would seem, who believes in the substitution of reason for force, must concede these facts, and yet the difficulty remains in the selection and guidance of the international police. Who is to command it?

It is a harmless pastime, the solitaire, with the advantage that the player can stack the cards to bring out the result he is seeking... In all these lists that I have seen the calculators include such States as Colorado, Wyoming, Nebraska, Nevada...

Gubernatorial Poll

The first straw poll on the Florida gubernatorial campaign that we have seen shows "Holland far out in front as the favorite, with Whitehair as running mate in the second primary by a safe margin..."

The magazine claims to have put out ten thousand ballots, most of which were returned and counted for this first report. Concluding its analysis of returns, the magazine says, "Holland is receiving a majority of the women's votes, as well as those of farmers and business and professional men..."

Although straw polls have been somewhat discredited since the Literary Digest's famous debacle, nevertheless they are always interesting and may still show something of the trend which events are taking...

Social Calendar

TUESDAY
A meeting of the Daughters of Wesley Class of the First Methodist Church will be held at the home of Mrs. J. O. Laney, 1912 Sanford Avenue, at 8:00 P. M.

WEDNESDAY
Women's Club will have a business meeting and election of officers preceded by a luncheon at 12:30 P. M. in the club house on Oak Avenue. Mrs. J. B. Root will act as hostess assisted by Mrs. M. G. Swingle, Mrs. J. G. Michael, Mrs. Herbert Messer and Mrs. W. E. Williams.

Program for the Baptist W. M. U. observance of Annie W. Armstrong Week of Prayer will be in charge of the Baptist Brotherhood at 7:30 P. M. in the church.

Community Sewing Circle will meet at 3:00 P. M. at the home

New Members Are Admitted By Circle

Mrs. L. T. Doss and Mrs. Dwight Freeman were admitted as members of Circle Four of the First Methodist Church Women's Missionary Society yesterday at the regular meeting at the home of Mrs. Roby Loring with Mrs. George Hardin, co-hostess.

The business session was presided over by Mrs. M. R. Strickland, circle chairman. Mrs. W. E. Kirchhoff gave the devotional and Mrs. George Hardin gave the mission study.

A social hour was enjoyed and refreshments were served by Mrs. Roy Williams, Mrs. M. R. Strickland, Mrs. H. A. Middleton, Mrs. W. R. Williams, Mrs. L. T. Doss, Mrs. J. O. Laney, Mrs. A. C. Smith, and Mrs. Burke Steele.

And Mrs. Glenn E. McKay, Mrs. E. H. Laney, Mrs. W. E. Kirchhoff, Mrs. C. E. Gornly, Mrs. Clark Leonard, Mrs. Dwight Freeman, Mrs. W. E. Buhman, Mrs. W. L. Morgan and Mrs. P. B. Crumpley, a visitor.

Hollywood

Operetta To Be Given By Seminole Students

In the operetta, "An Old Kentucky Garden," which will be presented Thursday evening at 8:00 o'clock by the Seminole High School Glee Club in the school auditorium, the music is entirely the compositions of the well-loved American song writer, Stephen Collins Foster, with the exception of a few connecting measures that give continuity and dramatic effect to the plot.

His melodious love songs, "Jeanie With the Light Brown Hair," "Beautiful Dreamer," and "Will You Be Come, Love?" are included in the play. The negro folk songs will be sung by a colored plantation chorus and among this group will be heard "Oh, Scanna," "Crimptown Races," "Nelly Was a Lady" and many others.

The setting of the operetta is a Southern garden party in 1859. Fancy costumes of that period, together with lighted Japanese lanterns form a fitting background for the songs and dances.

Rose Harkey plays the role of Jeanie with Olen Farrell as her "Yankee" admirer. Other leading parts are taken by Daniel Senzari, Mary Wiggins, L. M. Telford, Marlin Aiken, Emmett Hendon, Elizabeth Pippin and Ashby Jones. There are 60 members of the Glee Club which have roles in the production.

The operetta is under the direction of Mrs. W. R. McCracken. Miss Catherine Takach is dance director and Miss Helen Hutchison, the piano accompanist.

WPA Workers Warned Politics Must Be Avoided

(Continued From Page One)
"victory personnel." It was pointed out by regional Director Miller in discussing strict application of regulations to WPA employees. "The Act also prohibits any candidate from soliciting funds, promising work, or threatening a WPA employee with loss of work, or eligible person from receiving work and it specifically provides a penalty of fine or imprisonment, or both, for violation. Administrative and supervisory employees of WPA shall not use their influence politically in any manner, shall not run for office, serve as campaign manager, or assistants to political candidates while on the WPA pay roll.

"The Hatch Act provides that no officer or employee in the executive branch of the Federal Government shall take any active part in political campaigns, or in political campaigns," further stated Director Miller. "The attorney general of the United States has ruled that administrative and supervisory employees of WPA come under the executive branch and therefore prohibited from engaging in political activity for or against any candidate for public office.

"Failure to comply with the regulations as set forth in the Hatch Act of 1939 and the Hatch Act, concluded the WPA regional director, means immediate dismissal and application of the penalties provided by law. All definite charges of violations will be investigated."

The U. S. Attorney General has ruled that officers and employees occupying supervisory or administrative positions in WPA are prohibited by the Hatch Act from:

1. Holding office in a political party or a Brown suit awarded.
2. Attending political conventions as a delegate or alternate.
3. Serving on committees of a political party or a political club.
4. Distributing buttons or printed matter in support of any candidate or party.
5. Serving at party headquarters or as watchers at the polls, or otherwise assisting a party or candidate in any primary or election campaign, whether or not Federal offices are involved.

Fresh Divisions Of Germans March To Western Front

PARIS, Mar. 5.—(AP)—Fresh German divisions were reported taking place in West Wall forts yesterday and French military dispatches told of unusual activity on the Western Front during the last 48 hours.

The Germans took the initiative in a series of week-end raids between the Rhine and Moselle rivers but the French said the action showed signs of slowing down after numerous patrol clashes. The Germans took several French prisoners yesterday in the Vosges mountains area.

While French sources said new Nazi divisions were moving into the German lines, reports were printed in the Swiss press that Bavarian and Austrian troops also were moving into German towns and villages opposite the Swiss frontier from the Rhine to Lake Constance.

The Swiss high command last night ordered more than 60,000 frontier troops and territorial reserves to rejoin their units Wednesday, three days ahead of a scheduled mobilization of the nation's armed forces.

Mrs. Brown Honored With Housewarming

Mrs. Kermit Brown was entertained Thursday evening with a surprise housewarming at her new home on West Eighteenth Street with Mrs. C. Collins and Mrs. John L. Kader acting as hostesses.

Games were played throughout the evening with Mrs. Sam Knight and Miss Ruth Cummins as prize winners. Refreshments were served late in the evening.

Present were: Mrs. Clayton Smith, Mrs. John L. Kader, Mrs. Bertha McMullen, Mrs. Sam Knight, Mrs. Harry Brahan, Mrs. W. C. Satchler, Mrs. Collins, Miss Helen Lee, Miss Estelle Lee, Miss Anna Marie Fellows, Miss Lavina Dobson, Miss Ruth Cummins, Miss Irene Briggs, Miss Irene Lambert, Grace Evans, Miss Lois Satcher and Miss Eva Cunningham.

And, Mr. and Mrs. C. C. Collins, Mr. and Mrs. D. Brown, Patricia Bradham and Randall Collins.

Local Two-Year-Old Is In Photo Contest

In a beauty and personality contest sponsored by a magazine, little Harriet Lee Brown, two year old daughter of Mr. and Mrs. Harry L. Brown, was awarded one of ten prizes and is now in the final race for the grand prize winner. The ten semi-final winners are pictured in the April issue of the magazine.

The picture of Harriet Lee which was entered in the contest was taken by Robert L. Cecil, local photographer, several months ago.

Marconi Memorial Planned For Bologna

BOLOGNA, Italy, Mar. 5.—(AP)—A monumental tomb memorializing Guglielmo Marconi is to be erected on the grounds of the family villa Pontecchio, near Bologna, where the inventor carried out his first experiments in wireless telegraphy.

A wide open space surrounded with cypress and fir will be laid out on the sloping ground below the villa. Plans call for an open crypt in the center containing the sarcophagus where the remains of Marconi will have their final resting place. A bust of the scientist will stand on a low column in front of the colonnaded entrance to the villa. The monument is scheduled for completion by July 20, 1940, the second anniversary of Marconi's death. The Marconi villa will become a museum for relics of Marconi's studies and researches.

Motion Filed For New Coston Trial

ORLANDO, Mar. 5.—(AP)—Striking swiftly and on seven fronts, Harry B. S. Hammond, yesterday asked the indictment of the Ninth Judicial Court which resulted in the conviction of George Coston for third degree murder, in motion for a new trial.

Snatched from the death chair on three different occasions, Coston, ex-constable and police captain, yesterday moved one step nearer freedom in his two-year fight to prove himself innocent of the State's charges against him.

Hammond's move yesterday in filing the motion for a new trial is the opening gun in his prolonged fight to obtain the towering ex-law enforcement officer's release on bond. Coston was convicted in May of 1938 for the poison-whiskey death of Dolores Myrtle, in an Orlando hotel.

Investigation Of Blaze In New York Airport Is Staged

New York WPA Head Declines To Rule Out Possibility Of Sabotage In Fire

35 Workers Are Laid Off Jobs

Estimates Of Damage To Large Hangar Range To \$500,000

NEW YORK, Mar. 6.—(AP)—Lieut. Col. Brehon Somervell, WPA administrator of New York, declined to rule out the possibility of sabotage in the fire that swept the \$1,250,000 hangar No. 4 at the LaGuardia Airport yesterday.

Damage estimates ranged from \$250,000-\$500,000. "I think it is very improbable that there was sabotage," he said, "but until the fire marshal has finished his investigation we can't rule out anything."

Questioned about the dismissal of 300 WPA employees working in or near the hangar, whose work ended 30 minutes before the fire was discovered, he said only about 25 were laid off, others were transferred to other jobs.

The fire late yesterday swept the incomplete block-long hangar at LaGuardia field, the city's new \$4,000,000 municipal airport.

The hangar, valued at \$1,250,000, was under lease to Transcontinental and Western Air to serve as a main post in operation late this month. It was the center of a bank of three.

Early last night, while red-hot steel beams from the roof had sides of the vast, sprawling building, it appeared that the initial part of the two adjoining hangars of similar size had been destroyed.

Among other officials at hand was Mayor LaGuardia, who led the long campaign for the construction of the great airport which was built by WPA labor.

While an official statement as to the cause of the fire awaited investigation, William H. Peters, a WPA laborer, said it was a "blaze" which started in a night locker. Police said it appeared accidental.

No airplanes were inside. The flames apparently leaped directly from the paint locker to the wood scaffolding which ringed and criss-crossed the great building. The bulk of the damage was caused by the twisting of steel work resulting from the heat.

Planes continued to operate. TVA announced that its service would not be interrupted.

B. C. Steele Is Main Speaker At Church Brotherhood Meet

B. C. Steele, principal of Lake Marion School, was the main speaker at the quarterly meeting of the Seminole Association of Churches, held in the First Baptist Church of DeLand Tuesday night.

Steele, in his address, stressed the importance of the church in the community and the need for a closer relationship between the church and the people.

Second Phase Of Bond Refunding Program Planned

County Board Lays Initial Plans For Lowering Interest

The Board of County Commissioners is laying tentative plans for the inauguration soon of the second phase of its refunding program, namely the exchange of the refunding issues for bonds bearing a lower rate of interest after the present bonds become callable on July 1, 1940.

The proposed plan, when carried to completion, will result in a savings in annual interest payments on the bonded indebtedness ranging from \$35,000 to \$50,000 annually, members of the Board estimated today.

Discussing the matter at their regular meeting in the Court House yesterday, the Commissioners pointed out that the refunding program was inaugurated with a two-fold objective—first, to exchange the old bonds for a refunding series callable after July 1, 1940, in order to prevent the maturity of bonds in such large amounts that the County would have been forced to default; second, to call in all of the refunding bonds after the callable date and exchange them for bonds bearing a lower rate of interest.

It was pointed out that the two phases of the program could not have been considered at the same time since the bondholders would have been reluctant to exchange a bond bearing an interest rate of 5 percent for one bearing only 3 or 4 percent. However, after the bonds became callable, the bondholders would be more likely to accept a lower rate of interest.

Chairman Ballard declared that Seminole County's financial condition is about the best in the state, and its bonds are worth more than the United States dollar. He recalled that several weeks ago the Board offered to buy in some of its bonds and only one quotation was received. That was from the County itself.

The Board has not definitely decided the rate of interest that the proposed bond issue will bear. However, these bonds will have definite maturity dates, arranged so that the principal may be retired without undue hardship on the taxpayers, it was explained.

The Board has already received several proposals for the bond exchange, including one in which a bonding company has agreed to call in all of the refunding bonds and exchange them for those bearing a lower rate of interest without a penny's expense to the County or the taxpayers.

The members of the committee in charge of arrangements for this event are Chairman Edward F. Lane, O. P. Harwood, Harry Woodley, James G. Sharon, Sidney J. Nix and R. G. Bennett.

Work with the underprivileged children is one of the major phases of the local group's program for the coming year, and the Board has decided to have this program in order to finance the program.

Chairman E. C. Harper of the Underprivileged Children's Committee reported during the past month thorough physical and dental examinations have been made for the 23 children at the WPA nursery and that corrective measures were taken when found advisable. This work was done by the doctor and dentist members of the club at no cost, he said.

Visitors at today's luncheon included Healy White, formerly of Umattila, and the two Key Club members, Harold Haskins and John Fennell.

City News Briefs

Members of the Seminole County School Band were urged today to bring their uniforms to the monthly meeting of the band to have their uniforms made.

Madeleine Knits

Too busy knitting clothes for the 150 children now living in her chateau near Paris to stop even for photographers, screen star Madeleine Carroll is pictured in New York where she recently arrived from France. She will start knitting clubs in America to make clothes for French children.

Kiwians Hold Rehearsal For 'Mimstrel Show'

Bent For Aid Of Underprivileged Child Program Is Planned

The first rehearsal for the Kiwanis Club All-Star Mimstrel Show was held under the supervision of Director Charles S. Morrison at the regular luncheon of the club in the Valdes Hotel at noon today with the members of the group entering into their parts with much gusto.

The mimstrel, the date for which has not yet been definitely set, is planned by the club in order to obtain funds for the club's underprivileged child program. Co-operating with the club, Mr. Morrison, manager of the Ritz Theatre, announced that arrangements have been completed for the club to have the use of the theatre without cost.

Complementing the interest in their roles shown by the members of the club, President Karl Nordgren who presided at today's meeting, declared that if the same amount of enthusiasm is shown on the stage the show should be a "howling success."

The members of the committee in charge of arrangements for this event are Chairman Edward F. Lane, O. P. Harwood, Harry Woodley, James G. Sharon, Sidney J. Nix and R. G. Bennett.

Work with the underprivileged children is one of the major phases of the local group's program for the coming year, and the Board has decided to have this program in order to finance the program.

Chairman E. C. Harper of the Underprivileged Children's Committee reported during the past month thorough physical and dental examinations have been made for the 23 children at the WPA nursery and that corrective measures were taken when found advisable. Visitors at today's luncheon included Healy White, formerly of Umattila, and the two Key Club members, Harold Haskins and John Fennell.

Palestine Policy Of British Hit

Opposition Says Government Fails To Keep Promise Made Jews In Last War

LONDON, Mar. 6.—(AP)—The British government's Palestine policy was attacked by the opposition as a "shameful repudiation of a moral contract made with the Jews during the World War as debate opened in Commons today on Britain's renewed troubles in the Holy Land.

Philip Noel-Baker, Laborite and opposition spokesman, in moving for a vote of censure on the government for new restrictions on the transfer of Palestine lands from the Arabs to the Jews, said in the last war the Jews were very strong, and had great influence in many lands, and we desire their help. To get their help Britain promised a national home for the Jews in Palestine.

"Today the Jews are weak and hunted race," he said it was because their influence is gone that we dared do this shameful act today, to repudiate the moral contract we made with them when they were strong.

President Says Census Furore Is Political Bait

WASHINGTON, Mar. 6.—(AP)—President Roosevelt declared yesterday that congressmen and others opposing certain questions in the forthcoming census are inspired by political motives.

Plainly linked by the current row in Congress over proposed family income questions in the census questionnaire, Roosevelt's defense of the census at a semi-weekly press conference and went to the unusual length of permitting reporters to quote him directly with these words: "The census taking is a political move and nothing else. Everybody accredited to the Congress knows that."

His remarks came a few hours after the Senate Commerce Committee voted to refer to the House for one week decision on a resolution sponsored by Senator Tobey, Republican, New Hampshire, to put the Senate on record as opposed to the census questions.

Committee Chairman Bailey said the delay was voted at the request of Acting Secretary of Commerce Noble. But Senator Clark, Democrat, Missouri, supporter of the Tobey resolution, charged as he left the meeting that "a filibuster is in progress."

Senator Tobey, angered by the President's remarks, announced he would answer them in a radio address Saturday night.

"As a purveyor and producer of politics," he said, "the President is a past master, but in his statement today he dodges the real issue and creates a smoke screen to cover it up. Thousands of people, from every state, Democrats, Republicans, Protestants, Jews, Gentiles and Catholics, cry out against this attempted violation of the citizen's inherent right to privacy. Their outraged feelings can be shunted aside by the false charge of 'politics.'"

"I regret that the President of the United States is the first man to ridicule the protests of three people and charge them with having political motives. The President's statement is in poor taste, is another example of the executive obstructing himself in a purely legislative matter."

"Roosevelt opened his press conference with a general discussion of the census but soon turning into a direct attack on its critics."

He said it seemed clear to him, for instance, that nobody attending the press conference had anything to hide from governmental officials. He said that concealing information from the government is for different from concealing the same information from a neighbor.

THEY'LL BE NO. 1 HONEYMOONERS

Mr. and Mrs. J. Ernest Burckett, Orlando, Fla., newlyweds chosen to be first honeymooners on C. M. Washburn's honeymoon Isle in the Gulf of Mexico off Dunedin, Fla., here are shown thrilled over the prospect of leaving March 7 for the island. As the first honeymooners, their rent for two weeks will be on Washburn, their transportation on the Clearwater, Fla., chamber of commerce and a lot of handy wedding presents will be on Orlando merchants.

26 Industries Will Locate Here If Concessions Made, Dupree Says

"There are 26 new industries now ready to move into Sanford and Seminole County if the proper tax and property concessions can be made," President V. R. Dupree told the 80 members of the Seminole County Progressive Club who attended the second meeting of the group in the Court House last night.

Speaking in behalf of P. P. Campbell, president of the Seminole County Chamber of Commerce, Fred H. Wilson, Chamber director, told the members of the club that the trade body will be glad to have your cooperation and extend to you the hand of fellowship in the development of the county which is our primary objective.

"There is room enough for anything good in Sanford," the speaker said in his concluding remarks.

Mr. Wilson said there is not a single town or county in the state more strategically located for development as a manufacturing center than Sanford and Seminole County. It will take concerted effort for Sanford and the county to achieve its rightful place, he added.

Florida Cranberries May Be Grown In Small Gardens, Agent Points Out

To the enterprising housewife, who desires to use the garden in balancing the menu as well as the budget, Mrs. Reva D. Andrews, home demonstration agent, today suggested that a small backyard plot be devoted to the growing of Florida cranberries.

A native of India where it is grown for its fibrous stalks, the fruit of the *Roselle* makes jelly and sauce very similar in color, texture and flavor to the northern cranberries which are an essential part of the fall and winter holiday menus.

Seeds for this plant may be obtained at almost any seed store and should be planted now in seedbeds. When about six inches in height, the plants are transplanted into rows about five feet apart. Thirty-five to 40 plants are sufficient for the needs of the average home. Mrs. Andrews pointed out.

There are many tasty recipes for the use of this fruit which, although adaptable, has not been introduced into Florida to any great extent, according to Mrs. Andrews who said that her office will supply a list of recipes to any who are interested.

Finland Battles For Life As Reds Are Thrown Back

Many Poles Said Killed As Part Of German Plan

Mass Extermination Of People Claimed To Be Deliberate

PARIS, March 6.—(AP)—The Polish emigre government, in an advance resume of data which was to go into a "white book," last night accused the German conquerors of executing school-boys, men and women en masse as part of a deliberate campaign to exterminate the native population of Poland.

The German government previously has denied Polish charges of mass executions in the occupied regions.

The official communique cited a long list of alleged atrocities and called them "worthy of the worst tyrants of antiquity."

Among the crimes the emigre government said had been committed were: The shooting at Bydgoszcz of 120 Polish schoolboys, 12 and 17 years old.

"Mosses" at the same place up to the end of December of 1939, Polish men and women. Deportation from Gdynia of 350 Polish hostages and their execution, after they were forced to dig their own graves. Among those executed were listed the burgomaster, the post superintendent, chief judge of the district court and the manager of the local bank of Poland branch.

Fisherman Is Rescued After Boat Capsizes

A fisherman whose name could not be obtained here, was rescued from Lake Monroe Monday night after more than an hour in the cold water, according to information received today.

His boat capsized about 1-1/2 miles off the northern shores of the lake and his calls for help were heard by residents in Enterprise but a boat could not be found to assist the fisherman.

Employees of the Florida Public Service power plant, on the shores of the lake, telephoned law officers in Sanford but they were powerless to assist immediately because since there were no boats available. An old rowboat was finally located by Enterprise residents and used to rescue the fisherman, who was chilled from the length of time he was in the water but was apparently none the worse for his experience.

Hatch Law Assailed As Unconstitutional

WASHINGTON, Mar. 6.—(AP) A proposed measure to amend the Hatch law, which prohibits political activity by state employees, was assailed today by Senator Lacey, an opponent of broadening the Hatch law, as an unconstitutional delegation of power.

He said the "people of my state (Illinois) and other states look with fear and aggression that Washington already has made against the rights of states."

The Democratic Executive Committee of the Fifth Congressional District at a recent meeting here passed a resolution expressing appreciation to Congressman Joe E. Hendricks for "service rendered to this district and to the State and to the Nation."

Clerks Invited To Sales Classes

All clerks in Sanford and others interested in the series of sales classes which will open in the Chamber of Commerce building tonight at 8:00 o'clock were invited to attend the organization meeting of the group. Mrs. Bormer will be the instructor. There are no charges for attending the classes which will be held every Wednesday night for 10 consecutive weeks.

Germany Announces That 20 British Are Killed During Brief Engagement

Italians Police British Embassy

Finland today fought off continuing Red army attacks on Viipuri, describing "heaps" of Russian dead piled before Finnish defense positions on the Karelian Isthmus.

New Russian thrusts across the ice of Viipuri Bay, aiming at encirclement of the wrecked city, were thrown back, the Finnish high command said.

Germany announced 20 British soldiers killed and 15 captured in a brief local engagement on the Western Front. The British acknowledged some of their men were missing after the fight.

In the House of Commons, the government declared that its seizure of mail from Pan American clippers at Bermuda had been "justified," by contents found in the mail sacks.

Grand Jury Acts To Bring Detroit Sheriff In Court

DETROIT, March 6.—(AP)—A grand jury probing charges that law enforcement officers conspired with lawbreakers widened its scope yesterday to bring Sheriff Wilcox into court as a defendant.

Wilcox, two of his aides and three other public officials were indicted and arraigned by Circuit Judge Ferguson, sitting as a one-man grand jury and as magistrate, on charges of obstructing justice by accepting bribes to protect gamblers. Pleas of not guilty were entered and examinations set for March 14.

The indictments named 30 other persons, said by Chester P. Collins, special prosecutor for the grand jury, to be gamblers, bookies, and experts of disorderly houses, accused of conspiring to obstruct justice by paying protection money.

Named with Wilcox were Prosecutor McGraw of Wayne county and his deputy investigator, Harry Colburn, already indicted on charges of conspiring to operate and protect a gambling pool; Chief Deputy Sheriff Bernard E. McGrath; Carl J. Stabler, head of the civil division of the sheriff's office; and Alfred J. Garaska, president of suburban Grose Point park.

Other proceedings against McGraw have been instituted by the state, with a hearing set for March 28. Tomorrow McGraw, Colburn and others face an examination on the baseball pool charge.

Yesterday's indictments deal with alleged graft in Wayne county outside of Detroit. Among the non-officials arrested are Gustav Pines, Detroit investment broker accused of being "an agent and employe" of Wilcox in handling of graft money; Charles Mocerri and James Mocerri, former operators of Club Achmar northwest of Detroit; Sam (Smash) Soliman of Hamtramck; Christian De Walle of Ecorse; Benjamin D. Landsburg of Dearborn, former inkster chief of police, and Victor Otto of Grose Point park.

LOCAL WEATHER

Fair tonight and Thursday, slightly warmer Thursday.
