Buit Conitracit Demands Heeded

Utilities Hearing Nixed

By Donna Estes Herald Staff Writer

Although Seminole County Commissioner Bill Kirchhoff's call for a public hearing before Greenwood Lakes Utilities is bought by the county was turned down Tuesday, his colleagues heeded his several other demands regarding the purchase contract.

County Attorney Nikki Clayton said there would not be time to advertise a public hearing before the scheduled "unconditional" closing on the purchase scheduled for 10 a.m. Friday, Holding a public hearing afterward "would be a sham" because nothing could be changed then, she said.

But, because of Kirchhoff's objections to several other items in the proposed \$6.2 million purchase contract, a special meeting of the county commission was scheduled for 8 a.m., Friday, for a final review of a revised contract.

And Kirchhoff and Commis-sioner Robert G. "Bud" Feather again voted against the purchase.

Bill Kirchhoff

With regard to the proposed purchase of Sanlando Untilities for \$16.7 million, Kirchhoff's call for a public hearing was heeded. It is scheduled for 7 p.m., Aug. 15, the day before a \$30.6 million bond issue for the acquialtion of both utility systems and refinancing other bonds is

expected to be approved. Kirchhoff asked his fellow commissioners to schedule the public hearings to abide by new state law effective Oct. 1 requiring public hearings before city or county governments buy utilities. He said the county should abide by the "apirit and letter" of that law so the county will not have the appearance of

"trying to get around the law." Commissioner Bob Sturm.

both systems, said the county had abided by the spirit of the law and has fulfilled every requirement except for the public hearing.
Kirchhoff also got his fellow

commissioners' support for revising the purchase contract of Greenwood Lakes Utilities to include assurances from the utility company owners that easements will be provided the county to the plant and lift stations and guarantees that the county will own aubsurface rights to lands upon which the utility systems are located and expansions are to be located.

On another Kirchhoff demand, Paul Rosenthal, attorney for Greenwood Lakes Utilities. agreed to the removal in have a dozen sections in the contract where it said the owners were selling the utility company to the county because of county threats to condemn it if they did

Ms. Clayton said Wednesday the owners wanted the phrase in the contract to get a federal tax break. Kirchhoff said and the

who supports the acquisition of other commissioners agreed, however, the county has not threatened Greenwood Lakes with condemnation. Kirchhoff in his arguments said neither the county nor the seller would want to be involved in anything which could be interpreted as an attempt to defraud the federal government.

When Ms. Clayton said a similar phrase exists in the purchase contract for Sanlando Utilities, Kirchhoff insisted it be deleted in that contract as well.

Former County Administrator Roger Neiswender on behalf of Post, Buckley, Schuh and Jernigan, engineers and planners, which did a feasibility study on the purchase of the Greenwood Lakes Utilities, said the buy "is a very good" one. He said the acquisition of the utility puts the county in a position to serve the entire western portion of the county.

County Director of Environmental Services Ken Hooper also said the buy is a good one and through connection fees and service fees it will pay for itself.

Romania Claims Gymnastics Gold

LOS ANGELES (UPI) - American women gymnasts lost a heartbreaker to Romania despite three perfect scores by superstars Mary Lou Retton and Julianne McNamara, adding a silver medal to the United States' trove of 29 medals going into the fifth day of the Olympic

Romanta, the country that scene in 1976 with Nadia Com- the Romanians. McNamara fel enecl, again demonstrated its mastery by introducing a new, strong, muscular style that held off challenges by the Americans and the Chinese.

The United States collected five medals Wednesday, Including its first ever in Greco-Roman wrestling with a victory by Marine Sgt. Steve Fraser. Steve Hegg and Leonard Nitz advanced U.S. dominance in cycling with a gold and bronze in the 4,000-meter individual pursuit and the American pentathlon team captured the silver.

Eighteen of all American medals were gold - more than the rest of the nations combined. China had the next best total -six golds and 13 overall.

The American women's gymnastic squad struggled on (for a second 10) I've ever done." the balance beam and came up short against the depth, pre-

exploded on the gymnastics cision and new innovations of off the balance beam but achieved perfect scores in the floor exercise and the uneven bars. Retton scored a perfect 10 on the vault.

Though bested by the Romanlans, the team of Retton. McNamara, Kathy Johnson. Pam Bileck. Tracee Talavera and Michelle Dusserre achieved the highest Olympic finish ever by the Americans. The best women's finish previously for team or an individual was a bronze in 1948.

"I was really disappointed after the beam," McNamara said. "That was really a freak thing. I've never, ever done that before. I was glad I got myself together, and I came back with one of the best floor exercises

kept America's winning streak

Juliane McNamara ...one fall, two perfect scores

alive in boxing. Breland unleashed a two-fisted attack to

stop Puerto Rico's Carlos Reyes in the third round of a 147pound class night match and Page, at 139 pounds, pounded out a 5-0 decision over West Germany's Helmut Gertel. The Americans are unbeaten through eight bouts.

As expected, the U.S. team all but swept the early swimming competition, a traditional American strength, by winning 11 of 15 gold medals. But Americans also were coming up best in sports more popular abroad than at home.

The United States, which had not won a medal in the sport Mark Breland and Jerry Page since 1912, claimed three golds in cycling.

Lawmen **Endorse** Cheshire Opponent

The Seminole County Police Chief's Association has endorsed Titusville lawyer Norm Wolfinger for state attorney over incumbent Douglas Cheshire saying Cheshire has shown a lack of interest in law enforcement in Seminole County

Longwood Police Chief Greg Manning, head of the associa-tion, said today that the chiefs are dissatisfied with Cheshire because he does not spend adequate time prosecuting cases in the county or communicating with them.

"He only seems to come around when there is controversy ... his attitude is he treats this county like a stepchild," Manning said of Cheshire who maintains offices in Titusville and Sanford.

Cheshire was unavailable for comment.

Manning said the endorsement serves notice on candidates for state attorney that the police chiefs intend to get more consideration in the future.

"He (Cheshire) got a free ride the last election - he ranunopposed - and we need to bring him back down to earth," Manning said.

Wolfinger said the endorsement was a credit to his campaign, giving him what he says Cheshire lacks - "the confidence of law enforcement."

"I realize the system won't function without teamwork and that teamwork includes law enforcement. I realize that and Mr. Cheshire doesn't," he said.

Wolfinger also said he has more experience than Cheshire, prosecuting "hundreds of cases" in the last few years, while claiming Cheshire has not prosecuted "more than two a year since he's been in office."

While netting the endorsement of the Seminole Police Chief's Association, Wolfinger has yet to get the endorsement of Brevard police chiefs.

Pinned Down

Gene Casteel finds out the toughest part of an umpire's job isn'i always in front of him. Casteel developed a rear line opening when he bent too low to observe a pitch. Altamonte Recreation employee John Robb, however, had a quick remedy which allowed Casteel to get back to work a mended man. Little League roundup on page 8A.

County's Utility Buy Boon To Lake Mary

If the proposed county purchase of Greenwood Lakes Utilities on Lake Mary's boundaries is approved Friday. two problems plaguing Lake Mary will likely be solved.

County Commissioner Barbara Christensen said Wednesday the county will not only treat sewage from The Forest mobile home community in Lake Mary, but also will provide the city water on an interim basis to serve its customers from the Greenwood water and sewer plants, if necessary.

Since the city acquired The Forest sewer plant and percolation ponds several years ago, the ponds have refused to percolate and posed a flooding threat to nearby mobile homes.

The city acquired the plant and ponds at no cost from First Federal Savings and Loan of Orlando. The city and the Orlando savings and loan have been at loggerheads over whether the percolation ponds can percolate and First Federal has tried to correct the problem.

'We have agreed to take the sewer effluent from Lake Mary for The Forest to get the state Department of Environmental Regulation off their backs." Mrs. Christensen sald.

Meanwhile, Lake Mary has also had a problem with the city of Sanford on supplying water to new customers Lake Mary is getting because of new develop-

ment. To stop Sanford from turning off water service to Lake Mary as threatened, Lake Mary filed a lawsuit seeking a court injunction against Sanford several weeks ago. With agreement from both Lake Mary and Sanford, Circuit Judge Dominick Salfi ordered Sanford to continue supplying water to Lake Mary for its 1,243 customers but forbade Lake Mary from connecting new customers to its system.

'We (the county) and Lake Mary plan to enter into a joint agreement where the county will serve Lake Mary water temporarily until it can build its own

water system," Mrs. Christensen said.

Mrs. Christensen said Lake Mary Mayor Walter Screnson and City Manager Kathy Rice have been negotiating with the county's Utility Steering Committee on the two matters.

The county commission in April voted unanimously to authorize feasibility studies on handling the sewage from Lake Mary and on providing Lake Mary with a water supply.

Lake Mary officials have said the city's proposed new water system will be built and in operation by December, 1985, unless their plans for financing fall through or some other catastrophe

IN BRIEF

Minister Convicted For Plotting Rival's Murder

EMPORIA, Kan. (UPI) - Church members are encouraging a Lutheran minister to appeal a jury's verdict convicting him of scheming to kill the husband of his former secretary and alleged lover.

A jury of six men and six women Wednesday found the Rev. Thomas Bird guilty soliciting the murder of Martin

Bird, 33, maintained his innocence and denied having an affair with Lorna Anderson, his former secretary. He refused to comment after the seven-day trial. His attorney, however, said an appeal is possible.

District Judge Gary Rulon scheduled sentencing for Aug. 30. Bird faces from 2 to 10 years in prison.

Mrs. Anderson has pleaded innocent to two counts of conspiracy to commit first-degree murder and one count of aiding and abetting first-degree murder in her husband's death. Her trial is set for Oct. 1.

Third 'Near Miss' Probed

BALTIMORE (UPI) - A third "near miss" this week, this one between a jetliner carrying 73 passengers and a private plane, was not caused by a controller error, a federal official says.

Louis Achitoff, a spokesman for the Federal Aviation Administration's eastern region, said Wednesday the agency was investigating the incident, the third to occur since the weekend above Baltimore-Washington International Airport.

A report filed by the pilot of Pledmont Airlines Flight 90 from Tampa said the incident occurred at 7:25 p.m. Tuesday at 3,000 feet about 81/2 miles southwest of the

There were no injuries reported in any of the incidents.

Food Stamp Hike OK'd

WASHINGTON (UPI) - The House passed a bill the would give the average food stamp recipient an additional 63 cents a month, but the ure is opposed by President Reagan and faces an uphili struggle in the Senate.

The \$1 billion bill, called the "Hunger Relief Act," passed 364-39 Wednesday and would slightly increase the formula for receiving food assistance, permit the homeless to get benefits, make special allowances for working-poor reciptents and increase the value of assets that recipients can

Reagan is opposed to the bill, which would cost nearly \$1 billion over three years, and it faces tough going in the Republican-led Senate.

3 Seminole Men Charged

Major Cocaine Ring Cracked

By Busan Loden Herald Staff Writer

A drug ring which reportedly imported cocaine into Florida and distributed it nationwide has been cracked with the help of Seminole County sheriff's deputies who along with Orlando agents arrested four accused drug kingpins Wednesday.

Two Winter Springs men were arrested along with a Longwood man and an Orlando man at about 6 p.m. following a year-long investigation by Orlando Metropolitan Bureau of Investigation (MBI) agents, according to MBI director Dennis Dayle.

The four are members of an organization

targeted for intensive investigation," Dayle said, adding that more arrests are pending and the breaking of the ring will make a significant dent in the national cocaine

Dayle said that at this point he can't put a specific dollar value on the drugs or estimate the amount of cocaine involved. but he said it is "big bucks." He said the arrests should curb the flow of drugs throughout the state and across the

Dayle said the cocaine was probably of Colombian origin and was smuggled into the country by boat and plane through south Florida.

Dayle would not confirm news reports that MBI agents were assisted in their investigation by convicted drug dealer. topless bar operator and former Outlaws motorcycle gang member Robert Bennett, 34, of Orlando.

Dayle would say only that MBI agents inflitrated the ring to conduct the investiga-

Bennett reportedly went to work for the Bureau after being released from state prison Feb. 23. He had been convicted in May of 1982 of selling Quaaludes and cocaine to MBI agents and was sentenced to

Some accounts claim Bennett's cooperation lead to the arrests of fellow topless bar operators Willalm Thomas Godby, 38, of

imported into Florida for distribution 1224 Cheetah Trail, Winter Springs, and William Robert Waldorf, 39, of 191 Columbus Circle, Longwood, partners in the House of Babes, U.S. Highway 17-92, Fern

Park, and the Centerfold Club in Orlando. Dayle said the Centerfold Club has been confirmed as a site for large drug deals and the other club may have served the same

Also arrested were Dennis Rae McGraw, 29, of 1224 Cheeta Trail. Winter Springs. and Joseph Phillip Petrusa. 41, of Orlando.

Godby, who was arrested along with Petrusa at Crossroads Gun Shop. Casselberry, has been charged with trafficking in cocaine and conspiracy to traffic in cocaine. He was being held in the Seminole County jail today in lieu of \$130,000 bond. Petrusa, faces the same charge and was being held in lieu of \$30,000 bond.

McGraw, charged with conspiracy to traffic in cocaine, was released on \$10,000 bond and Waldorf, arrested for sale and delivery of cocaine, was released on \$20,000

Utility Wants To Expand Service Area In Lake Mary

By Deane Jordan Herald Staff Writer

The owner of a private water-sewer treatment plant is scheduled to ask the Lake Mary Commission tonight to approve an expansion of the facility's service area in the city before the county buys the utility.

Sumner Kramer, owner of Greenwood Lakes Utilities, is scheduled to make his pitch before the city commission at tonight's 7:30 meeting, according to Mayor Walter Sorenson.

Seminole County is scheduled to finalize the \$6.3 million purchase of the facility Friday contingent upon approval of the Lake Mary commission. The expansion is one of several agenda

items scheduled for discussion by the body

at the meeting to be held in city hall, 158 N.

County Club Road.

While the Greenwood plant is not in Lake Mary, part of the area the facility could service, if an expansion is approved, is in Lake Mary west of Lake Emma Road and south of Lake Mary Boulevard.

Sorenson said the commission will probably discuss what affect an expansion would have on potential revenue for the city. which areas would be served, and who would be responsible for laying sewage pipes in the newly-served areas.

The commission is also set to consider the that will increase the cost of such permits for large building in the city, Sorenson said.

amounts of amperage. He said the proposed ordinance will establish a graduated scale for assessing permit fees, with private homes on one end of the scale and large commercial ventures

unit measuring the strength of electricity.

According to Sorenson, the city was not

making a distinction on electrical permits

for construction projects using varying

The new ordinance will The ordinance will assess fees for permits cost of inspecting complex electrical based on the amperes the new building is systems in some commercial construction, expected to use. An ampere is a standard Sorenson said.

...Demands Heeded

Continued from page 1A

However, under Intense questioning from Kirchhoff, Hooper admitted "in a worst case scenario" - if new construction and development slows down rates to users of Greenwood Lakes Utilities would have to be increased as would utility rates of all customers of the county's water and sewer utility systems.

Rates are already slated to be increased when the purchase of Sanlando Utilities is final in September, Kirchhoff said. He and that shows the need to hold a public hearing. When utility rates of the 7,000 Sanlando Utilities customers are raised, the customers will scream that they didn't know the county was buying the utility and that the rates were going up, he said. Commission Chairman Sandra

Glenn said the county's proposed purchase of both utilities has been reported extensively in the press and everyone has heard of it.

Sturm said he has personally talked to three homeowner associations in the areas served by Sanlando and advised all three that their rates will go up when the county purchases the

Asked by Kirchhoff how many attended those three meetings. Sturm said about 80 and Kirchhoff insisted that all 7,000 customers should have the right to state their opinions before the

The same lineup of commissioners - Mrs. Glenn, Sturm and Barbara Christensen voted for the purchase of Greenwood Lakes Utilities as they had in the past. Kirchhoff and Frather voted against.

Kirchhoff voted "no" because of the lack of a public hearing and because three other members of the commission — Mrs. Glenn, Mrs. Christensen and Feather this time- did not approve staff recommendations in the hiring of bonding houses

Israelis Raid Suspected Guerrilla Naval Facility

BEIRUT, Lebanon (UPI) — Israeli army helicopters backed by gunboats blasted a Palestinian camp northeast of Tripoli in what Israel categorized as a raid on a guerrilla base, but a radio report said the target was a refugee camp.

Control of the Contro

The Israeli attack Wednesday was the second in six weeks and marked the first time helicopters were used in strafing a suspected rebel base in Lebanon. In a three-hour follow-up, Israeli gunboats offshore shelled the camp located in the Nahr al Barb estuary, 6 miles outside Tripoli Lebanon's second largest city.

In Tel Aviv, the Israeli military said the camp housed "guerrilla naval facilities" and was under the direction of Abu Moussa, the Syrian-backed Palestine Liberation Organization commander who drove the forces of PLO Chairman Yasser Arafat from Tripoli last year.

But the Voice of Lebanon radio, operated by Israel's Christian ailies, charged it was a Palestinian refugee camp that was machine-gunned by the Israeli helicopters. Several people were wounded in the raid, radio reports said, but there were no accurate casualty figures available.

Widow Wins Husband's Sperm

CRETEIL. France (UPI) - A French woman has won possession of her dead husband's frozen sperm, but even if it is successfully implanted and she gives birth. French law does not recognize heirs born more than nine months after their father dies.

A court in the Paris suburb of Creteil Wednesday ruled that Corinne Parpalaix, 23, had the right to the sperm of her husband, Alain, who died two days after they were married last Christmas.

The sperm is being held in the Creteil Study Center for the Preservation of Sperm, which had asked the court for an opinion on whether it had to release the sperm to Mrs.

'Soviets Don't Want To Talk'

SANTA BARBARA, Calif. (UPI) - After tion by accusing President Reagan of five weeks of see-saw diplomacy, the White House has all but abandoned hope that the superpowers' arms control dialogue will be revived and extended to weapons in space. before the election.

"It seems to me that the Soviets truly don't want to sit down and talk with us right. now," a senior administration official said

Administration officials said a shift in attitude by the Kremlin has dimmed the chance that U.S. and Soviet negotiators will keep a Sept. 18 date in Vienna to discuss curbs on space weaponry.

The pessimistic assessment was delivered by National Security Adviser Robert McFarlane, who charged the Soviets had "repeatedly misrepresented" the U.S. posiattaching unacceptable conditions to his acceptance of their June 29 invitation for the meeting.

McFarlane denounced a Soviet charge earlier in the day that Reagan had made the talks "impossible" by rejecting a moratorium on the testing of space weapons and by seeking a broader agenda in Vienna.

The senior administration official described Reagan's reaction to the broadside from Moscow as "one of utter frustration." "From this latest Soviet statement, it

appears that the Soviets were not serious

bout their proposal," McFarlane said. McFarlane noted the United States, in a message to Moscow last week, reaffirmed its acceptance of a Soviet offer for talks on "the militarization of outer space."

committed to using the forum to explore the possible resumption of negotiations on nuclear arms — a move opposed by the Soviets — and had rejected Moscow's proposal for a pre-meeting moratorium on a testing of anti-satellite weapons.

The senior official said the Soviets, in recent days, have hardened their position. set conditions and sought to prejudge the outcome of the Vienna talks.

While the administration does not rule out a change in attitude, the official said, "We cannot be encouraged by what the Soviets

At the same time, the official said it is 'probable" the Soviets will agree to renew the arms talks "early next year" - after the presidential election.

Incest Trial

An October trial date has been set for a Longwood man charged with five counts of sexual battery, four counts of incest, and

Paul Creig Chambers, 52, of 141 Sunset Drive, arrested July 11, is scheduled to be tried on the charges Oct. 9 before Seminole Circuit Judge C.

According to court records, the alleged incidents occurred between May 1983 and Feb. 10. An investigation was started by the sheriff's department in February after notification by the Department of Health and Rehabilitative Services of the

House OK's Aid For Afghan Rebels

WASHINGTON (UPI) - The House is willing to provide \$50 million in covert aid to rebels fighting Soviet troops in Afghanistan but has turned down President Reagan's request for an extra \$116 million in military aid for El Salvador.

The decisions came Wednesday as the House passed, 304-116, a \$5.4 billion supplemental spending bill needed by several federal agencies to complete the fiscal year ending Sept. 30. The bill now goes to the Senate.

Congress has approved \$126 million in military aid for El Salvador for this fiscal year, including \$62 million in an "urgent" supplemental bill passed just a few weeks ago.

But Reagan said more funds were needed to

asked for \$116 million more.

The House Appropriations Committee voted down the request last week and an effort by Rep. Jack Kemp, R-N.Y., to restore the funds in the House failed when his amendment was ruled out

bill to the House, also voted in closed session to add \$50 million in covert aid for Moslem rebelforces battling Soviet occupation forces in

Running Isn't Enough

6 Months, \$30.00; Year, \$57.00.

The untimely death June 20 of author and runner Jim Fixx, whose 1977 best seller The Complete Book of Running helped to popularize the fitness movement, must have shocked as many Americans as it saddened. After all, how could a dedicated runner and exercise buff in presumably robust physical condition suffer a fatal heart attack at the age of 52?

An autopsy on Fixx's body provided the answer. It disclosed evidence of arteriosclerosis so advanced that two of his coronary arteries were sufficiently blocked to warrant bypass surgery. Excepting that, he was indeed in excellent physical condition.

For all his dedication to fitness, Fixx reportedly spurned the physical examinations, stress tests and other procedures that might have detected his heart disease. A relative noted that he did not even have a personal physician. But if Fixx's heart condition could have been detected in time. proper diet and medication, or surgery, might have added decades to his life.

The lesson here is obvious enough. Running, and other forms of exercise, can be healthful under the proper circumstances, and may even add to longevity. But exercise alone does not preclude heart disease, especially when there is a history of it in the family as was the case with Fixx. And the medical community's standard injunction that any middle-aged person should receive a physical examination before beginning an exercise program and periodic monitoring later on seems vindicated once again.

Fixx's books and lectures inspired countless thousands of Americans to join the legions of joggers and runners for health and recreation. His unfortunate death at 52 of heart disease should serve to remind his many readers and admirers that there is more to maintaining good health than merely exercising.

Lest We Forget

On the night of May 12, 1963, Grzegorz Przemyk wan celebrating the end of final exams with some school friends in Warsaw's Old Town district when he was picked up for questioning by the Polish police. An hour later, the 19-year-old youth was taken to the hospital where he received emergency surgery for severe abdominal injuries. He died two days later.

The official cause of death was listed as heart failure due to excessive alcohol consumption. But Polish medical sources subsequently suggested that the young man's internal organs were so badly damaged that he had no chance of surviving.

Some 20,000 showed up for Przemyk's funeral, which turned into one of the largest anti-government demonstrations following the imposition of martial law.

In an apparent attempt to placate the protestors, the Communist government promised an investigation and last fall charged two policemen with beating the youth to death. But before the controversial case came to trial several months ago, Polish authorities jailed a prominent lawyer retained by Przemyk's parents and then reduced the charge against the policemen to simple assault.

This judicial flasco is just another grim reminder that, notwithstanding the fact that the government recently freed a few political prisoners, Poland's Communist jailers are no less brutal than the Nazis who terrorized that country four decades ago.

BERRY'S WORLD

By Susan Loden

It may seem like a long time before Seminole County schools reopen on Aug. 27, but sheriff's Capt. Beau Taylor is looking ahead to that date with dread, because the school crossing guard program that he heads is short 15 crossing guards.

The state of the s

That means almost a quarter of the 66 school crossings in the county will be unprotected, and the situation may be even worse before school starts, because more guards may drop out of the program, he said.

The program has always been plagued by a rapid turnover of staff and absenteeism, which always. Taylor said, brings a barrage of justified complaint calls from parents when a crossing is left unguarded. But Taylor said there is little the sheriff's department can do to fill vacant guard slots without the support of the community.

The sheriffs department cannot

pull deputies from other duties to cover the crossings, except in severe emergencies, so that isn't a solution to the problem Taylor said.

Seminole County school crossing guards, who are trained by sheriff's deputies and are issued safety flags along with vests and helmets to wear. are paid \$3.35 an hour for the two hours per school day that they work. They are covered by insurance on the Job.

Taylor says that the low pay rate is probably responsible for the lack of interest on the part of potential guards and is a primary reason guards abandon their posts.

He said he would like to see Seminole County adopt a crossing guard pay program like that of Volusia County. Volusia guards, he said are paid \$16 a day for two hours of work, more than twice the amount Seminole County guards earn daily.

The higher pay, he said, makes it worth the guard's while to travel to their post and to take the abuse from motorists who are sometimes enraged when they have to stop for

the children to cross the roadway. Taylor says an allocation of \$16 of county funds per crossing each school day might just pay off in

additional protection for children. He added that parents, instead of complaining to the sheriff's department when crossings are left unguarded, should work for increased funding for the service, because the sheriff's department is doing its best with the people and the money now assigned by the county to the crossing guard program.

If you would like to offer your services to work as a crossing guard, either on morning or afternoon duty, or both, call Taylor at 322-5115.

VIEWPOINT

Ferraro On The Record

By John P. Cregan One longtime observer at Presidential politics has characterized Walter Mondale's selection of Geraldine Ferraro as his running mate as "fast food politics." The reference alludes to Mr. Mondale's attempt at instant gratification; a selection aimed at short term euphoria, but amounting to, at the very least, a gamble for the long

The media spotlight will undoubtedly burn more heatedly on Ms. Ferraro than perhaps any other vice presidential candidate in American history. There won't be many empty seats on the press vans and planes that will trail the Ferraro campaign.

At the same time the media will temper its close scrutiny of that campaign with ubiquitous caution so as to avoid any charges of latent chauvinism on their part. Aiready, questions concerning Ferraro's lack of experience have been categorized as "smacking of sexism."

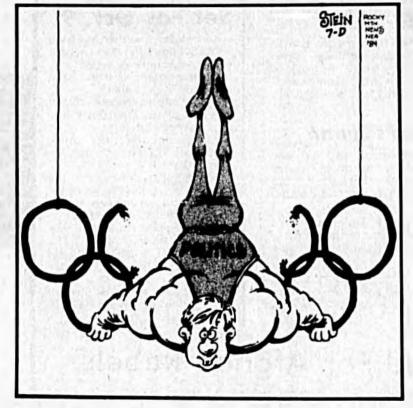

Thus, any critical study of Ms. Ferraro must ultimately center on the universal litmus test applied to all presidential and vice presidential candidates - their record on the issues. On this account, the respected, non-partisan journal Congressional Quarterly observes: "In Geraldine Ferraro, Walter Mondale has found an ideological soulmate.

The Mondale/Ferraro ticket symbolizes the leftward drift of the Democratic Party. Geraldine Ferraro is one of the most liberal members of a liberal-dominated House of Representatives.

Ferraro consistently votes against increases in defense spending. In fact, last April she spoke in favor of the Congressional Black Caucus budget plan which cut defense spending more than any other budget considered. She supported the nuclear freeze resolution and opposed every major defense bill including the B-1 bomber, missile and anti-satellite weapons proposal. She even opposed President Reagan's aid package for Central America which had already been largely gutted by her liberal House

On the domestic front, Ferraro enjoys impeccable big spender credentials. She always receives perfect scores from Big Labor, winning a 100 percent AFL-CIO rating in 1982 and 1983. Her latest rating from the leftist Americans for Democratic Action topped even that of Ted Kennedy.

Ms. Ferraro backs the Feminist radical agenda right down the line.

JEFFREY HART

Gloom's Here Again

If you had awakened, blindfolded, negative rhapsodies. after years of amnesia, in the Democratic coinvention at the Moscone arena and merely listened to the speeches of Mario Cuomo, Jesse Jackson, Teddy Kennedy and Walter Mondale, you would have believed that the United States is in some kind of three-thousand mile

You would have had a right to believe that once un-blindfolded. and out in the street, you would see people dropping dead of starvation. a landscape of beggars and limbless wretches where few blades of grass grow, and where rampant racial prejudice expresses itself with lynchings from alternate lamposts. The assembled delegates embraced these paens of gloom with what seemed to be a quasi-religious

ecstasy. Franklin Roosevelt was more cheerful about the condition of the nation during the Depression days of 1936. After all, he spoke only of 'one third" of a nation ill-housed, ill clad and ill fed. Several hundreds of billions of dollars later in welfare and unemployment payments plus food stamps and other benefits, after "wars on poverty" and other Great Social ventures, Governor Mario Cuomo finds that we are "two nations," and that we are "cut in half." It was impossible to recognize Cuomo's Grapes of Wrath America anywhere outside the cadences of his Depression era rhetoric. It is entirely possible that Cuomo's emotional roots are back there with his struggles and apparent resentments — his free floating and unamiling vindictiveness about the 'rich" and about Reagan's "royalty" - but it is certainly not possible to recognize 1984 America in his

Looking around the Moscone arena at the delegates, you saw a crowd of sleek and fashionably attired people about half of whom had been to graduate school. About half of those delegates also have incomes in excess of \$50,000. You ran into many of those delegates at posh restaurants on Fisherman's Wharf, where you can get a good seafood dinner for about \$25. On the way to the restaurant, you passed through the prosperous and bustling streets of San Fransisco which is, enjoying like the rest of the country, an economic boom and the greatest surge of prosperity since 1964. In 1980, when Reagan was elected, real purchasing power in this country declined 0.6 percent. This year, it is estimated, purchasing power will rise by 5.8 percent. More people are working than ever before, and inflation is hovering around a remarkable two percent. the best rate in the industrial world. Auto sales are booming at 32 percent ahead of last year. Retail sales are sharply up, across the board, and wholesale prices are holding steady.

The gap between the rhetoric inside Moscone arena and the reality outside it was so great that one suspects the speakers of using a kind of code, and one is absolutely right.

The Democrats look for "problems" the way gold prospectors look for nuggets, because the Democrats are in the business of government. Every problem discovered or invented creates a new function for government, and new government jobs and new taxes and appropriations.

DON GRAFF

From The Spy Nest ...

I'm developing new respect for our diplomatic corps.

At least that part of it that looks after our interests in embassies around the world, frequently in very unpleasant places.

It comes from a recent report in the New York Times on what is apparently the major literary activity in revolutionary Iran — the plecing together and publication of secret U.S. documents captured in the Nov. 4, 1979, seizure of the

The documents were retrieved in the form of confetti from the embassy's paper shredders. They are being reconstructed by matching strip to shredded strip, photocopied and published under the title, "The Spy Nest Documents."

So far they run to some 30 volumes, on sale in Tehran bookstores, according to the Times.

The project itself is an amazing story. The mind reels at the pa-tience and determination required to sort through and match up what must be millions - If not billions -

of tangled strips. What the reconstructed documents reveal is in some respects even more so.

For example, far from rushing to abandon the whah, the Carter administration was loathe to recognize until very late in the game the signs that both his health and power were alipping.

The embassy was hearing and reporting rumors, but the decision makers in Tehran and Washington were dismissing them.

When Tehran finally did catch on to what was going on, judging from the excerpts from cable traffic in the Times' account, the embassy people henceforth called the shots with remarkable accuracy.

Washington was another matter.

The latter, for example, looked for an army coup if the shah couldn't hold on and was inclined to help it along. But a memorandum from the embassy's defense attache shortly before Ayatollah Khomeini returned from exile predicted that the army would - as it did - back Khomeini.

Washington thought the mullahs were a passing fancy and would quickly be supplanted by moderate nationalists. Tehran said otherwise. that they were entrenched in power.

The embassy strongly opposed admitting the shah to the United States for medical treatment, warning of "an immediate and violent reaction" that might including "assassinations, harassment and kidnappings."

JACK ANDERSON

Syria Now Has Soviet Missiles

WASHINGTON - During the Lebanon civil war, the U.S. Sixth Fleet appeared off the coast of Lebanon in imposing array. Carrier planes and the battleship New Jersey's big guns pounded Syrian coastal positions with virtual impu-

This caused intense consternation inside the Kremlin, intelligence sources told my associate Lucette Lagnado. Apparently, the Soviets felt that the Sixth Fleet brought more firepower to the scene than they were able to provide their Syrian surrogates.

Though the Lebanon intervention ultimately ended in humiliating failure for the United States, the Soviets learned a lesson from the U.S. power play.

Now they have reportedly taken drastic measures to counter the threat posed by the Sixth Fleet. Highly classified intelligence reports indicate that the Kremlin has provided Syria with a network of lethal, long-range, surface-to-surface missiles capable of blowing U.S.

warships out of the water.

Pentagon sources have identified the missiles as the latest and most sophisticated in the Soviet arsenal: "shore-to-sea missiles, with a flat trajectory like the cruise missile," a 150-mile range and a short reaction time. They have just been deployed along the Syrian coast.

What this means is that any naval craft in the eastern Mediterranean can be sunk.

"In naval warfare, reaction time is what really counts." one well-placed source explained. "This missile gives the Sixth Fleet very limited reaction time." Earlier, the Soviets also rushed to Syria several SS-21's. with a 75-mile range and a 15minute reaction time.

According to a secret Pentagon weapons report, the SS-21 is a ground-to-ground missile "mounted on a transporter-erector-launcher." which gives it mobility. Even more ominous, "the missile payload may consist of a low-yield nuclear, chemical or (conventional) warhead."

Apparently, the Kremlin strate-

glats weren't the only ones who were upset over the presence of the Sixth Fleet off the Lebanon coast. Syrian President Hafez Assad was also reported to be dismayed by Syria's inability to defend itself adequately against the deadly pounding by Sixth Fleet guns and planes.

He secretly negotiated with the Soviets for the anti-ship missile system whose deployment will make any replay of the Sixth Fleet's show of strength extremely risky. The new missile system. meanwhile, gives the Syrians a weapon that can be used not only defensively but offensively.

TILTING AT LANCE: Republicans were delighted with Walter Mondale's appointment of Bert Lance as his general campaign chairman. They hope it will co-opt any Democratic attempt to make the so-called "sleaze factor" a campaign issue.

One Reagan administration scandal the Democrats had hoped to use was the Securities and **Exchange Commission case against**

W. Paul Thayer, who resigned as deputy defense secretary in the face of charges that he had illegally given "insider" information on stocks to his friends. Thayer denied the charges, but quit anyway.

Lance has been identified as a beneficiary of one Thayer tip. He was one of several investors who purchased a total of 106,000 shares of common stock in Campbell Taggart shortly before it was taken over by the Busch conglomerate. The early birds paid \$25 to \$30 a share, and Busch offered to buy Campbell Taggart stock at \$36 a

According to SEC documents seen by my associate Tony Capaccio. Lance was not one of the Thayer group that got the inside information directly. As the SEC investigators pieced it together. Thayer called August Busch III. chairman of Busch, on July 6, 1982. and allegedly discussed the Campbell Taggart situation. On the same day, the investigators say, he called Billy Bob Harris, a Dallas securities broker.

Sanford Couple Plead In Drug Case

By Deane Jordan Herald Staff Writer

A Sanford couple arrested for possession of cocaine and marijuana with intent to distribute. and possession of drug paraphernalia pleaded guilty to possession of more than 20 grams of marijuana and valium.

Derrie Lee Hardy, 25, and Sherine Paulette Thomas, of Apt. 6, 1057 Castle Brewer Court, pleased guilty in separate appearances before Circuit Judge Robert B. McGregor. For the pleas. the state did not prosecute the possession of cocaine charges.

Hardy appeared before McGregor Thursday and Ms. Thomas, Friday, McGregor set sentencing on Oct. 3 for Ms. Thomas and Oct. 5 for Hardy. They could receive a maximum of five years each.

According to court records, the couple were arrested by Sanford police who, armed with a search warrant, found drugs in their apartment

In other recent court action, a Sanford woman was found guilty by jury of battery.

Ridgewood Ave., was scheduled to be sentenced by Circuit Judge S. Joseph Davis Sept. 12. She was originally charged with battery to a law enforcement officer and could receive up to a year In the county Jail.

, According to her arrest record, at 3:35 a.m. Feb. 4. Mrs. Brown told police her husband beat

While the officer was at her home, Mrs. Brown's father, Floyd D. Lopez, of 1083 Hunt Road, Longwood, arrived and "attempted to get to the husband," the report said. After the officer blocked the father's way, Mrs. Brown - who was treated by emergency medical technicians for a cut lip and bump on the head - grabbed the officer and forcibly tried to make him move.

She was arrested for battery. Her husband was not charged.

A Sanford man who threatened firefighters and fought with them and Seminole County sheriff's deputies pleaded guilty to the charge and is scheduled to be sentenced Oct. 5.

Anthony Edwards, 21, of 2451½ Frog Alley, pleaded guilty before Salfi for the April 7 incident.

According to court records, sheriff's deputy Vicki Morris responded to an emergency call at fire station 41, on east state Road 46, Midway, at 11 p.m. On arrival she saw a man beating on the glass window and door of the fire station with both fists as he screamed, "I'll kill him. I'll kill him," according to the report.

From inside the locked station fire department Lt. Edward Bennett signaled to the deputy that the man had a knife. The officer took a box cutter-matte knife from a sheath that was strapped to the suspect's hip. When she tried to stop him from hitting the glass on the building. he began to beat her with both fists as he had on the glass, the report said.

Bennett and another firefighter came out and joined in the fracas and sheriff's Lt. William Hogan arrived and assisted in subduing the man. Both deputy Morris and Lt. Hogan received

scraped knees in the fight. Edwards also has been charged in a separate

Other court action: -Jerome Payton Murphy, 18, of 204 Meadow Hills Drive, Sanford, was sentenced Friday by Circuit Judge Dominick Saift to 360 days in the county jail for grand theft and buying or receiving stolen goods.

-Patrick James Quinland, 21, of Box 16, Winter Park, was sentenced Friday by Salfi to two years probation for possession of marijuana. Saift also ordered Quinland to serve four weekends in the county jail and to complete 200 hours of community service.

-Robert Steven Bruno, 19, of Tan Oak Court, Altamonte Springs, pleaded guilty to possession and delivery of marijuana and was sentenced by Davis to three years' probation with 10 days straight time in the county jail. He is also to complete his high school education or equivalency and complete 200 hours of community service. A charge of conspiracy to sell marijuana was not prosecuted for the guilty plea.

Woman Won't Let Man Drive Car, He Beats Her, Say Sheriff's Deputies

A Casselberry man has been charged with battery for allegedly beating a woman who refused to let him drive her car. He was being held in lieu of \$500

A sheriff's deputy reported arriving at about 7:30 a.m. Tuesday at 1201 George St.. Casselberry, in response to a call that a man and woman were fighting in the street. Witnesses told the lawman that the couple had moved the fight inside the house, and after he heard a woman scream he knocked on the door. The door wasn't answered, so the officer entered the

house. There he reported seeing a man who had his hands around a woman's throat pushing her to the wall. The deputy grabbed the man from behind and arrested him.

The woman, Brenda Balsden, 22, of 150 N. Winter Park Drive. Casselberry, told the officer that the suspect had wanted to drive her car home, but she refused, because he had been drinking. The man, who lives at the same address as the victim, allegedly began beating her when she refused to let him drive, a shering report said. The deputy did not report why the couple was at that George Street

George Owen King, 29, was arrested at 7:41 a.m. Tuesday. FISHERMAN WITH RIPLE

A Game and Fish Commission officer who was checking the catches of fishermen at the Lake Monroe scawall. U.S. Highway 17-92. Sanford, Sunday charged a Sanford man with carrying a concealed firearm and possession of a short barrel 22-caliber rifle.

The officer reported finding the gun when he checked the man's catch and a bag he had strapped on his shoulder. The gun was in the bag, an arrest report said.

Edward Quattlebaum, 35, of 1600 W. 5th St., "41, was arrested at 11:50 p.m. Sunday. He was being held in lieu of \$5,000 bond.

JEALOUS ATTACK

A man who reportedly broke into the home of a woman he told police he loves was charged with burglary, assault and aggravated battery after he allegedly beat another man he found in the woman's home.

Altamonte Springs police who were called to the home of Lisa Mittleman, 808 Walnut St., report that Ms. Mittleman and Frank Faggione said that a man. whom they identified, had broken into the house at about 3:45 a.m. Saturday and had beaten Faggione and fled.

Police called the suspect at about 7 a.m. Saturday and made an appointment to meet him at K-mart, 951 W. state Road 436, Altamonte Springs, a police report said.

When lawmen interviewed the suspect in the store parking lot. he told them he loved Ms. Mittleman and always entered her home through a bedroom window, which is the way he allegedly entered her home prior to the beating, the report said.

Edward Wayne Berkley, 20, of 3704 Stewart St., Apopka, was arrested at 8:45 a.m. Saturday. He was released on \$4,500 bond and is scheduled to appear in court Aug. 17.

SCHOOL VANDALISM

Someone broke into a Sanford clementary school and painted the walls, according to a Sanford police report.

Vandals entered the Hopper Elementary School, 1101 Bay Ave., between 5 p.m. Thursday and 7 a.m. Monday, but there were no signs of forced entry, the report said.

While in the school, the trespassers opened drawers, boxes.

and drove off in his car. Bennett was sick. She had a history of reported that his 1978 Corvette, worth \$9,000, was taken by the woman between 5 and 8:30 a.m. Tuesday. He said she left him a note saying she had gone for a

Deputies have the name of a suspect. They also report that they have established that the car Bennett reported stolen is registered not to him, but to Mae Forsyth of Starke, Fla.

TAX EVASION CONVICTION An Altamonte Springs man has been found guilty of income

ax evasion. Roger A. Herold, 48, of Apt. 58, 101 Hattaway Drive, was found guilty in U.S. District Court July 24 after a jury deliberated only 22 minutes.

Herold is a salesman of medical equipment, according to the Internal Revenue Service.

During 1977, Herold reported an income of \$13,266 when in fact his income was \$23,081, and in 1978 he reported an income of \$8,174 when the actual income was \$38,989. The tax due on the unreported income is \$14,009.

Herold could receive a maximum sentence of 10 years and a fine up to \$20,000. Sentencing is scheduled for 9:30 a.m. Aug. 21 in Orlando before U. S. District

Judge George Young.
In addition to the criminal sentence imposed, persons convicted of criminal tax offenses are required to pay the tax determined to be due, along with all interest and civil penaities that may be assessed. A civil fraud penalty of 50 percent of the tax amount could be assessed under the law, according to the IRS.

FIRE CALLS The Sanford Fire Department responded to the following calls:

Tuesday -9:46 a.m., 221 N. Palmetto Ave., rescue. A child locked in a car was freed.

Memo: Military Readiness Problem Not Temporary

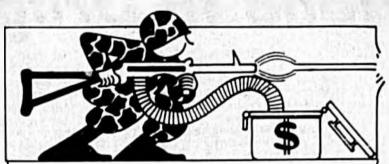

WASHINGTON (UPI) - The Army suffers serious equipment shortages and not enough money has been allocated to preparedness despite "pronouncements about the highpriority we accord to readiness," an Internal Pentagon document

The memorandum to Defense Secretary Caspar Weinberger dated Feb. 17 and obtained Tuesday generally concludes that although the Defense Department "can anticipate continual, gradual improvements in the readiness" of the active and reserve forces, the whole picture "is somewhat mixed."

Lawrence Korb, the assistant defense secretary for manpower, installations and logistics, sent the memo to Weinberger. A month later, a furor crupted over Army readiness and three months later, the Pentagon reported to Congress that its warfighting capability had improved In the last four years.

Korb's seven-page paper was made available to United Press International by sources close to defense issues after it first appeared in the National Journal, a weekly magazine on politics and government.

Since March, when the Pentagon vaguely acknowledged that the number of Army units certified as combat-ready has declined since 1980, the readiness of the armed forces to fight

say, has gone to build ships. missiles, tanks and planes, while

war stocks has been largely neglected.

Korb's memo tends to support some of these charges.

'We must recognize that all of our readiness-related programs are not fully funded, despite our pronouncements about the high priority we accord to readiness in defense resource allocation." the memo said.

"The stiff competition for resources in the department does leave us with some underfunding of spares procurement in virtually every service, as well as some unfinanced maintenance backlogs that will remain at end (of) fiscal year 1985," the memosaid.

Further, the memo is at variance with the Pentagon's report to Congress in May entitled "Improvements in U.S. Warfighting Capability FY 1980-84."

The report said the Army's introduction of new weapons has in some cases been accompanied by a period of lower apparent readiness," when not all support equipment has been delivered.

The "apparent reduction in readiness, however, is only tem-

As one might imagine, this has been an ordeal for the Quicks. They are currently lodged in Houston awaiting word. Jackle might be down, but this courageous lady is definitely not out.

She writes. "I look forward anxlously to the transplant surgery, and with all your concern and prayers I feel as secure as one can. After a bout with congestive heart failure in May, an Orlando cardiologist prescribed a heart

'Results confirmed there was a lot of blockage in the heart which was inoperable because the muscle itself is only 20 percent effective due to two or three silent heart attacks.

"Eddie Goldberg, Bowl America president, highly recommended that we seek a second opinion from Dr. Denton Cooley of the Texas Heart Institute. Unfortunately, his diagnosis confirmed that of the Orlando doctors.

"Due to more and more pain, shortness of breath and very hard and rapid beats - a heart transplant is the only chance I have to recover and live a normal and productive life. Roger and I made the decision to go for it."

Since then, Jackie has been undergoing a series of tests to determine if she is a qualified recipient. The results were forwarded to the review

if Jackie's body accepts the antibiotic INH, she will be put on a waiting list for a new heart. After two weeks of taking the IHN (which fights domnant germs after the transplant). Jackie's body was accepting the drug. One more week and she'll have it under control. Then, she'll be eligible for the waiting list. The waiting period takes four days to six or seven weeks. according to Jackie.

The Quicks have made their decision to go for it. Now, it's time for others to do the same. If you play softball, your opportunity can come this weekend. If you don't, drop by anyway. There will be somebody there to take your

It's a good cause and it's tax deductible - and if that's not reason enough, I need my bowling columnist

Flat Cheers **Greet Silver** By Women

LOS ANGELES (UPI) - There was accurious flatness to the cheers of the largely American crowd after Wednesday night's silver-medal finish by the U.S. women's Olympic gymnastics

The disappointment of the fans was understandable. The silver came just 24 hours after the American men upset world champion China and the fans had gold fever. But it also was unfair to the talented, although young and inexperienced, squad that finished second to gold medalist Romania.

"We'd never even beaten (bronze medalist) China before, and there's nothing wrong with ailver." two time Olympian Julianne McNamara said after the awards ceremony at UCLA's Pauley Pavilion. "We went out and did the best we could. We weren't perfect tonight, but neither were the other teams.

'We've come a long way in gymnastics. We're going to be a powerhouse. I think this is a milestone. I feel we've broken

Since its entry into women's Olympic gymnastics competition in 1936, the U.S. had won just one medal - the 1948 team

But, as McNamara said, the team silver Wednesday probably is the ice-breaker.

The performances of top individuals Mary Lou Retton, who led all scorers in the team event with 79.05 points, of a possible 80, and McNamara over the first two rounds of competition practically guarantees the Americans will collect more medals in the individual all-around competition Friday night and event competitions Saturday night.

for the all-around finals Thursday night, Retton Romanian star Ecaterina Szabo for Crat in vaulting, took third on the uneven bars, tied for fourth on the balance beam and took third in floor exercise.

She carries the scores into those event finals Sunday.

McNamara goes into the allaround finals tied for third after tying for first on the bars and taking second behind Szabo on

But, despite McNamara's rational analysis of the team's finish, she and her teammates also were disappointed.

They went into the final optional round of the team event within striking distance of the gold, trailing Romania by a mere .45 of a point, and the Romanians made enough mistakes See OLYMPICS, Page DA.

Dade City pitcher Ronnell Mathews wipes his face and wants to know where all the runs are coming from. Manager Glenn Weaver, left, and catcher Felipe Garza try to console him. Bay Point came up with nine

runs in the second inning to top Dade City, 10-3, in the Little League Baseball State Tournament Wednesday at Altamonte Springs. Bay Point plays Altamonte tonight

Bay Point's 9-Run Blitz Flattens Dade City, 10-3

Herald Sports Editor

When the Dade City and St. Petersburg Besides leading the qualifing All-Stars combined for three double plays in the early going Wednesday night, the matchup had all the earmarks of a defensive struggle.

Then Bay Point came to bat in the bottom of the second. Six walks, three hits and one error later. Dade City was running for shelter as Bay Point advanced to tonight's Little League Baseball State Tournament championship game against Altamonte Springs with a 10-3 victory over Dade City at the Eastmonte Baseball Complex.

'Our pitching just went berserk on us," was how Dade City manager Glenn Weaver described the nine-run outburst. "Sometimes that happens. Our pitchers just weren't on."

Bay Point now has the arduous task of beating Altamonte twice if it hopes to return home for a spot in the Southern Region on Aug. 13. An Altamonie victory tonight at 7 at the Eastmonte Baseball Complex sends the Nationals. A second game, if necessary, would be played Friday night.

We did to them (Dade City) what Altamonte did to us Tuesday (a six-run inning en route to a 10-4 win)," said Bay Point manager Bob Haschke. "We used those walks and a few hits to break open the game."

State Baseball

After the double plays cut short any scoring in the early going, Dade City starter Ronnell Mathews got into hot water immediately in the second. Phil Azoon drew a walk and Trevor Mallory rapped a single. Robert Jones then crunched a double for a 1-0 lead.

Mike Hurm followed with a dandy suicidesqueeze bunt which scored Jones for a 2-0 lead. Tony Vieira and Jeff Gordon then coaxed walks to load the bases for speedy Tim Ware.

Ware, who led Bay Point with three singles. lined out to left for the first out. Robby Dobbe, though, was nailed with a pitch in the helmet to get the 3-0 lead the hard way. Dave Pentz also drew a free pass for an RBI and Weaver pulled Mathews in favor of catcher Felipe Garza.

Garza, too, had his control problems, walking Azoon to force in another run before Dobbs alertly raced home on a passed ball for a 6-0 bulge. Mallory then came up and drilled his second hit of the inning to chase home two more runs for an 8-0 lead. Jones. who followed with a walk,

See BAY POINT, Page 10A.

Altamonte a 2-0 lead.

Nationals Go For It Tonight

Herald Sports Editor

Well, St. Petersburg Bay Point, how in the world (state) are you going to beat the Altamonte Springs Little League team?

'We're going to need a little luck and a lot less walks," said Bay Point manager Bob "Those walks just Haschke. killed us last time. After the second inning, it was too tough to come back.

The second inning in Tuesday's opening game was a sixrun uprising which made Altamonte's job much easier in a 10-4 victory. The Nationals only reached starter Robert Jones and reliever Dave Pentz for three hits in the inning, but four walks led to Bay Point's undoing. Wednesday night, however, Bay Point turned the tables on

Dade City, using six walks and three hits for nine second-inning runs en route to a 10-3 victory. "It was strange," said Haschke. "We did the same thing to them as Altamonte did to us.

Bay Point's task tonight is a tough one. It needs to beat Altamonte at 7 pm. and then come back and whip the Nationals again Friday for a trip home to the Southern Region. An Altamonte victory tonight brings the Nationals the Little League Baseball State Tournament championship and a berth in the Aug. 13 Southern Region at St. Petersburg.

The Bay Point players, nevertheless, don't find the sweep impossible. "We wanted to dominate against Dade City," said fleet center sielder Tim Ware. "And we have to do the same against Altamonte. "We felt bad about losing Tuesday night, so we have to be hungry. We can beat them."

Catcher-first baseman Phil Azoon said Bay Point needed better production from its hit-ters. "We have got to swing the bats better," he said. "We have not hit yet like we can."

Trevor Mallory, the hero of Wednesday's victory with a strong mound performance and a pair of hits and runs batted in. said Bay Point need another strong defensive performance. 'We need to play better defense, like we did tonight (two double plays and no errors)," said Mailory. "We also have to hit the ball better '

While defense and hitting will be crucial, manager Haschke is looking for a stronger effort from southpaw Robert Jones to keep Altamonte in check. Jones was

Baseball

the loser Tuesday, but didn't how his best stuff, according to

"Robert has been our best pitcher since the tournament started," said Haschke, "He'll pitch better Thursday, I'm sure he'll have much better control."

Altamonte, on the other hand, used Wednesday to firm up some bad habits that showed up in Tuesday's win. The Nationals worked on their defense, especially defensing the bunt and handling the groundball up

"The main thing about Bay Point is that they'll all go up there swinging." said manager Jerrey Thurston. "We have got to shut down the bunt and handle ithe ball, hit up the

Thurston also said his squad is ready for Jones. "I feel confident that even though he had control problems last time that we can hit him," he said. "We know we gotta get them early and then play heads up baseball."

Thurston said lefty Chris. Radcliff will be on the hill to try and wrap up a state trip. Radeliff was pronounced "raring to go" by pitching coach Greg Ebbert after Wednesday's workout.

"Chris is throwing the ball great," said Ebbert. "He has four different pitches and they're all working. His fastball is breaking four or five inches from right to left and his straight change has been good, too.

"But it's his slider that will really knock them dead. That's going to be the pitch tonight." Although Radeliff has taken a

backseat to Musselwhite's consistency on the mound, the strapping southpaw has been more spectacular. In the district opener, he fanned 19 hitters in nine innings before Altamonte won in the 10th.

"I'm not nervous," he said Tuesday night. "I'm ready to go to the regional."

And, the Southern Region, is Just where Dade City manager Glenn Weaver thinks Altamonte is going. "I think Altamonte will wrap it up Thursday," said Weaver. "They just have a stronger team, plus they had a day's rest. They're ready to go."

Seniors Get Wish — Laszaic's 3-Hitter Sets Up Battle With Belmont

By Chris Fister Herald Sports Writer

FORT MYERS - Not wanting to go home without another shot at Belmont Heights, the Altamonte Senior League All-Stars went out and immediately took charge against Boca Raton Wednesday night. Behind the sparkling three-hit pitching of Anthony Laszaic, the Seniors came away with a 3-0 victory in the loser's bracket final of the Little League Baseball Senior State Tournament at Chuck Ross Field.

Altamonte will go with its acc. Mike Schmit, tonight at 6 against Belmont Heights. An Altamonte victory tonight would force a second game between the two rivals on Friday night. The winner would earn a spot in the Southern Region.

"The team is in the groove it needs to be in for Belmont Heights," Altamonte manager Gene Letterio said. "We don't think having to beat them twice is in any way an impossible job. We knew coming in we would probably have to beat them twice and we demonstrated against Jacksonville Arlington Heights (in the Sectional Tournament) that we can do it."

Altamonte jumped out to an early 3-0 lead in the second inning Wednesday and 14-year-old Laszaic, a veteran of many tournament testers, did

Altamonte scored two runs in the top of the first inning off Boca Raton pitcher Ken Mathis. With one out, Shane Letterio singled to left and the hit and run was on with Schmit at the

plate. Schmit came through with

Henley on first. Mark Coffey delivered an RBI single to left to chase home Schmit and give

Altamonte added one more run in the third as Laszaic reached on a fielder's choice and scored on Letterio's two-out single to center.

Boca Raton only put together two legitimate threats in the game. In the top of the fourth, Max Canter drilled a two-out double and Laszaic walked Pat Murray (his only walk of the game). Todd Castor then unicaded a fly wall to deep center field but Henley corraled it for the third out.

Boca Raton threatened again in the fifth, but a double play turned Boca away. Chris Palermo was hit by a pitch to lead off and Thomas Lane tried

With Schmit on third and to sacrifice him to second. But Lane's bunt was popped up behind the plate and Altamonte catcher Ryan Lisle caught the popup and fired to first to double up Palermo.

That really burst their bubble," Letterio said.

Laszaic then mowed down the last seven men in order to preserve the 3-0 victory. Laszaic struck out four and walked just one in the game.

Altamonte played an outstanding defensive game, led by Lisle, Letterio at second base and Schmit at shortstop. Lisle turned the key double play and also threw out Mathis trying to steal after the Boca leadoff hitter singled in the bottom of the first. Schmit and Letterio each turned in outstanding plays on slowly hit grounders.

The guys really came out anybody's game."

aggressive tonight." Letterio said. "The team's attitude and desire is exactly where I want it to be right now. We need to go out and be the aggressor against Belmont Heights and I know we're going to get the most out of Schmit. He really wanted the opportunity to pitch against Belmont.'

Schmit lost two heartbreaking games to Belmont in the finals of the state tournament as a 12-year-old and a 13-year-old. Both times he had a lead entering the final inning. Two years ago. Altamonte was up by five runs before blowing the game.

'I would have been devastated if we had to leave without playing Belmont," Letterio added. "But we feel really excited now and I think its

RAINES GAUGE

GW RBI

Drop 6th Straight, 11-2 United Press International After Wednesday afternoon's game between the New York Mets and the St. Louis Cardinals, New York manager Davey Johnson knows exactly where his team is - in a slump. On the other hand, winning manager Whitey Herzog isn't at all ... 11th save sure where his team is headed in the National

League East pennant race. Davey Johnson, who watched his team lose its sixth straight game, 11-2, as well as first place in the NL East to the Chicago Cubs, said his team has hit a low point.

"I think every team goes up the peaks and through the valleys during the season," he said. We're in the valley right now. We have to get back on the peak."

St. Louis manager Whitey Herzog, whose team has won its last six contests, thinks his Cardinals are somewhere in between.

"We're really not in it and we're really not out of it. The next 11 games will be a key," he said. 'We'll have to stay hot. If we have a good week, we can get back in it."

One member of the Cardinals knows exactly where he is. Winning pitcher Joaquin Andujar. 15.9, defeated NL strikeout leader Dwight Gooden, to move to the top of the major league victory list. When asked how it felt to face the rookle standout, Andujar aired his view in no uncertain terms

"He went against me, I didn't go against him. I've been in this league eight years," said Andojar, the first 15-game winner in the major leagues.

The 31-year-old Dominican Republic native went the distance, giving up seven hits, striking out five and walking three. It was the righthander's 10th complete game of the season.

But Andujar did have words of praise for Gooden, 9-7. "He's going to be good," Andujar said, "He'll be

even better when he learns how to throw a changeup. I'm a better pitcher when I don't throw strikes. Today, I threw a lot of breaking pitches."

The Cardinals jumped on Gooden early, scoring seven runs on 10 hits, before he was lifted in the

N.L. Baseball

fourth.

Not So Marvelous Mets

The Cardinals' six straight wins, including a three-game sweep of the Mets. is their longest streak of the season.

Cubs 5, Phillies 4

At Chicago, Jody Davis hit a bases-loaded sacrifice fly with one out in the bottom of the ninth to lift the Cubs into first place in the National League East. Lee Smith, 6-4, won in relief. Al Holland, 5-6, was the loser.

Pirates 4, Expos 0

At Pittsburgh, Lee Lacy's two-out, two-run homer capped a four-run sixth inning, and Larry McWilliams hurled a six-hitter to lead the Pirates Montreal's Charlie Lea, 14-6, failed for the third straight time to notch his 15th victory, allowing nine hits over six innings.

Reds 6, Glants 3 At Cincinnati, Gary Redus drove in three runs with a two-run homer and a tie-breaking single. and Joe Price hurled a four-hitter to pace the Reds. Price, 5-7, struck out seven and walked none in his second straight complete game of the year. Nick Esasky hit his eighth home run of the season for Cincinnati and Bob Brenly clubbed his 12th for the Giants.

Braves 6, Astros 5

At Houston, Dale Murphy ripped a two-run homer, raising his league-leading total to 26, and Alex Trevino added two RBI to lead the Braves. Astro reliever Julio Solano, 0-1, took the loss. Pete Falcone, 5-6, pitched 2-3 of an inning in relief for the victory. Steve Bedrosian went two innings to record his 11th save.

Padres 4, Dodgers 3 At San Diego, Kevin McReynolds' fourth hit of the game, a two-out double in the eighth inning. scored Carmelo Martinez from first base to break a 3-3 tie and lift the Padres. Alejandro Pena, 11-8, was the loser. Craig Lefferts came on in the eighth inning to raise his record to 2-3 and Rich

Gossage got the last two outs for his 21st save.

Fisk, Kittle Go Up On The Roof To Top Red Sox

United Press International

Carlton Fisk was not one to remain at the plate admiring his home runs - until Wednesday night.

Fisk didn't even stand still when he slammed his nowfamous home run in Game 6 of the 1975 World Series. But after he cleared the Comiskey Park roof with a thundering drive off Boston Red Sox pitcher Bob Ojeda, he stood riveted to the batter's box.

"It was the first time in years that I watched a home run because I have never hit a ball so hard or so far," Fisk said.

His 13th homer of the season. plus another roof-clearing blast by Ron Kittle, gave LaMarr Hoyt and the Chicago White Sox a 5-3 triumph over the Boston Red Sox.

A.L. Baseball

"Ojeda made a terrible pitch, and the sad part of it is that it was the only mistake he made in the game, but it cost him a victory," Houk said. "And when you're pitching to Kittle, you do not give him a pitch he can kill."

Angels 8, A's 4

At Oakland, Calif., Fred Lynn had two hits and scored twice and Rob Picciolo had two RBI groundouts to bring California within a half-game of first-place Minnesota in the West. Tommy John, 6-9, got relief help from Luis Sanchez as the Angels completed a three-game series sweep.

Half Of Track Is Better Than None For BMX

Half a race track is better than none. At least that what the riders at Barnett Park in Pine Hills figured this past weekend. Due to severe thunderstorms during the week before, the track was totally washed out.

Thanks to the Beeler Family and National Pedal Sport Association (N.P.S.A) officials, though, the track was reconstructed before the races this past Saturday. The middle berms were still soft, so they were roped off, and riders went around to the back berm.

There were 35 motos this week, and most of the Seminole County riders were out there getting "rad." Here are the results.

Six-year-old Steven Isley raced his first beginner class Saturday night, and placed first.

Steven's older brother Jeff also raced for the first time. Jeff placed second in 7 beginner.

In the 12 beginner class, there were seven riders, six of them boys, the seventh was Tammy Boatwright of Sanford. Tammy was really cooking in her motos. She placed second over all those guys. Next week, Tammy will start dominating the 11-12 year old powder puff class, as she becomes a member of National Bicycle League. In N.P.S.A racing Sunday, Tammy placed third.

In the 13 beginner class: Scott Lucia, of Lake Mary, placed fifth in his second beginner race.

In the 15 beginner class, Tony O'Neall raced for the first time, and placed second.

In the 16 beginner class, Tony Clancy placed second in his second beginner race.

In the 7 expert class, Jay Staley placed second. Let's all say a special prayer for Jay. Saturday night, Jay took a hard fall and chipped his wrist. He also has a hairline crack in his arm. In three weeks, Jay was to compete for a national number in the Grand Nationals, Let's all hope he gets well enough to compete.

Also racing 7 expert, but in Michigan, was Darby Brown. Darby, and his brother Colby, who live in Casselberry, went to compete at the War of the Stars. Darby placed sixth, and his brother Colby, raced 10 expert, and placed third.

Back in Pine Hills, in the 8 novice class, Jamie Garner place. third. This was Jamies first race as a novice.

In the 9 novice class, Mark Brown and Eric Hammon competed. Mark crossed the finish line in second, while Eric followed in fourth. Mark also raced in the open class, and placed second.

In the 10 novice class. Tim Fink dominated the class all night. Tim placed first, and Jason Ganas, of Sanford, placed third.

Eleven year old Todd Spatafore raced his first novice class race, and placed fifth.

Twelve-year-old Andy Spence had a perfect night. He scored first in all three of his motos, and in his third moto, he even cleared the double Whoop-dedoos. Also racing 12 novice, but not with quite as much luck, was Mike Davis. Davis placed sixth. Mike also raced N.P.S.A., and placed first. Last but not least, racing 12 novice, was Todd Fink. Todd placed fifth. Todd also raced at Lake Alfred the following day, and brought home a first.

Ronnie Brewer also had a perfect night, except in the 13 novice class. Ronnie placed first in all of his motos, giving him first place overall.

PREMIUM . 6. SAVE TO LIB

In the 14 novice class, Brian Lane of Lake Mary, and John Boatwright of Sanford competed. Brian brought home a second place trophy, and John brought home a third.
In the 15 novice class, John

Poole placed fourth.

In the Pro-open, Greg Lanthorne, of Casselberry, made it to the main. In his regular motos, Greg was really cooking. Due to a bad start in his main, he could only place eighth.

In the cruiser class, Mark Koch placed first.

Any riders or readers, who have any heavy rolls of plastic they would like to donate to the race track, please call Art Beeler at 293-1139. The plastic is needed to cover the hills and berms so they won't be washed out again. It took \$1,000 to redo the track last week, and the officials would like to keep it nice so racers can ride the track.

Any help would be extremely appreciated.

Christy Starlings Place 2 On All-State Perch

By Chris Fister Herald Sports Writer

The Seminole Starlings, Seminole Softball Club's 10 and under All-Star team, finjshed fourth in the American Soliball Association/Junior Olympics 10 and Under State Tournament at Lake Lytal

It was the first time a Seminole 10 and under team has made the state tourney and the team, sponsored by Denmarks Sporting Goods, came away with a 4-4 record in the round robin tournament.

"The coaches are very proud of the team's effort," Seminole manager Larry Risse said. Every girl on the roster got to play and everyone contributed in some way.

Seminole's top two performers in the tourney were shortstop Renee Sanville and pitcher Christine Risse. Both batted over .400 in the tournament and were named to the All-State team.

Seminole started the tournament in fine fashion with a 13-0 trouncing of the Davie All-Stars. Seminole banged out 14 hits in the game, played errorless defense and Risse held Davie to just two hits. Seminole broke a scoreless He with eight runs in the bottom of the third inning. Tonta Diaz. Sanville and Risse

led the 14-hit Starlings attack with three hits each.

The Starlings got off to an early 1-0 lead in their second game, but Palm Bay Gardens rallied for four runs in the third innings en route to a 5-1 victory. Seminole managed just five hits in the game and both teams played errorless softball.

Pembroke Pines saddled Seminole with its second loss as it scored four runs in the first inning en route to a 5-0 victory. Seminole had just six hits in the game, two by Maria Montalvo.

The Starlings' defense continued to sparkle in game four as they made just one error and Risse tossed a two-hitter as Seminole upended Plantation, 3-0. The game was scoreless for three inning until Seminole broke on top with two runs in the fourth. April Manning came through in a big way for Denmarks as she was 1 for 1 and drove in all three runs. Sanville and Risse added two hits each.

Seminole's bats went silent again in game five as it collected only five hits in a 4-0 loss to host Lake Lytal. Lake Lytal held a slim 1-0 lead for six innings then added three insurance runs in the top of the seventh.

Denmarks came right back in

Softball

the first inning en route to a 4-1 victory over Plantation. Risse was I for 3 with two RBI for Seminole, Manning was 1 for 1 with one RBI and Tonya Lewis was 3 for 4.

Game seven looked like a repeat of the first game as Seminole soundly thrashed Davie, 14-3. Risse led the 13-hit Seminole offensive barrage with three hits and three RBI, Sanville added three hits and Manning added one hits and three RBL

Seminole fell prey to the powerful Lake Lytal team in the eighth and final game as Lake Lytal claimed a 11-0 victory, out-hitting Seminole, 12-3.

Eagles Gain 1st Regional Victory

Although they finished with a 1-2 record and were eliminated early, the Seminole Eagles accomplished another goal as they became the first team of just 13and 14-year-olds to win a game in a 15 and under regional tournament.

The Eagles rallied from behind game six and score three runs in to claim a 5.4 victory over the powerful Coombs Angels of

Olympics 15 and Under Southeast Regional Tournament at Lake Fairview Field in Orlando.

Gadsden took a 4-2 lead into Seminole railied for three runs to claim the win. Amy Adams led off the seventh with a single to left and Corrie Lawson finished with a single between short and third. With one out, Dawn Gebhart lined a single down the left field line to load the bases. Tonya Lawson then hit a sacrifice fly to center to drive in Adams and both Lawson and Gebhart advanced on the play.

Then, with two out, Jodie Switzer singled up the middle to drive in Lawson with the tying run. Gebhart went to third on the play and then scored on an overthrow from the outfield and the Eagles had a 5-4 lead.

Gadsden loaded the bases with two outs in the bottom of the seventh, but rightcenter fielder Valerie Smith squeezed the last fly ball to assure the victory.

Switzer led the 13-hit Seminole attack with a 3 for 3 performance and Gebhart and Smith added two hits each.

The Eagles went up against

Gadsden, Ala., in the American Mobile, Ala., in game two and Softball Association/Junior dropped a 5-1 decision. Mobile went on to claim the tournament title. Seminole took a 1-0 lead in the bottom of the third as Adams singled, went to second on an error and scored when Lawson's the top of the seventh inning but—fly ball was dropped. The Angels came back to tie it with a run in the fourth and took the lead with two in the fifth. Mobile added a pair of insurance runs in the topof the seventh. Seminole managed just four hits in the game, one each by Adams. Lawson, Gebhart and Anna

> In game three, the Eagles again took an early 1-0 fead against the Tampa Mustangs. but Tampa sent 11 hitters to the plate and came away with five runs in the bottom of the third to break the game open and went on to a 6-1 victory and a second place finish in the tournament Gebhart and Marcie Dalziel had two hits each to lead the six-hit Seminole offensive output,

For the tournament, Geblian was the Eagles' leading hitter with a .500 average (5 for 10)

"It was a great season for a great group of girls." Seminole assistant coach Mike Averill said. "The girls played very hard but lost two straight games to two very strong teams.

Bay Point's Trevor Mallory fires a fasiball at Dade City.

Bay Point

Continued from 8A.

teamed with Mallory to pull a double steal for the final run.

For the inning, the talented Mallory had two singles, two stolen bases and two RBL "I pitch a lot better when I'm hitting, too," he said after the victory. "When I don't hit, I get frustrated on the mound."

Thus relieved. Mallory continued to frustrate Dade City. He gave up two hits in the first inning. but a snappy 1-2-3 double play erased the threat. In the second, he walked the second batter, but

Pentz turned a 4-3 twin killing on a groundball near second to kill the uprising.

Mallory breezed in the third on a pair of strikeouts. Dade City finally cracked the nut in the fourth when Darryll Belton walked and stole second. Mathews followed with a single up the middle to scored him. Billy Gilbert also walked. Gilbert then purposely got caught in a rundown between first and second while Mathews scored from third. Mallory retired the next hitter on a fly to left and then speared a sharp liner back to the mound for the final out.

The teams traded runs in the sixth as Hurm singled, moved up on a passed ball and scored two outs later on Ware's base hit to center. Mathews unloaded a solo homer for Dade City's

Paula M. Staab, L.A. Musgrove Jr. **Exchange Vows**

Arnold Musgrove Jr. were married June 23 at Colwell Manor. Zelienople, Pa. The Rev. Jesse Caviler performed the 4.30 p.m. ceremony.

The bride is the daughter of Mr. and Mrs. Paul E. Staab Sr., Wexford, Pa. The bridegroom is the son of Mr. and Mrs. Louis Arnold Musgrove Sr., 119 Fairway Drive, Sanford.

Given in marriage by her father, the bride chose for her vows a tea-length Alfred Angelo gown of imported ivory Chantilly lace over taffeta. The floral design of the long-sleeved bodice. flowed into a scroll design around the lower edge of the skirt and was tied with a satin sash at the waist. She carried a cascade of white fugi and spider mums. Her headpiece was a spray of small white flowers.

Susan K. Nolan of Atlanta, attended the bride as maid of honor. She wore a periwinkle crepe street-length dress with a jewel neckline. The bodice draped softly from gathered shoulders over a belted walst. She carried a cascade of indigo blue Dutch Iris and statice.

Jimmy D. Klein of Atlanta, served the bridegroom as best man. Ushers were Paul Staab Jr. and Paul Hayhurst.

A reception at Colwell Manor followed the ceremony.

After a wedding trip to Pipe Stem Mountain Resort in West Virginia, the newlyweds are making their home in Mariette. Ga. The bride is a draftsman in right-of-way acquisition at Parsons, Brinckerhoff, Tudor Engineering. The bridegroom is employed as an environmental engineer, air quality, by the state

Mr. and Mrs. Louis Arnold Musgrove Jr.

Jokes About Blond Son Make Black-Haired Mother See Red

DEAR ABBY: My husband and I are the proud parents of a beautiful son, now nearly 3. As he began to grow and change. we were astonished that his hair color was totally different from ours. Although there are blonds further removed from our family line, my husband and I and everyone else on both sides have black hair.

I am fed up with people who constantly make jokes like, "It must have been the mailman," etc. Now, my husband is saying the same thing in the presence of other people and I am burning! It's as though he is apologizing at his face value for the fact that our son is a value. Sign me... blond. Or maybe he wants to get his cheap comment in before

What can I say when these remarks are made? And what is our son going to think when he's old enough to understand that people are accusing his mother of adultery? I need a snappy comback.

OUTRAGED

DEAR OUTRAGED: Forget the snappy comeback. If you try too hard to defend yourself. people may think you protest too much.

You can, and should, tell your husband that you are hurt, not amused, by his "jokes." But as far as the others are concerned, don't make an issue of it. When your son is old enough to "understand." he will realize that these comments are not meant to be taken seriously.

DEAR ABBY: A young man wrote that he was devastated married for a little more than a because he had been losing his hair since age 17. How I wish I could look him in the eye and tell him that he is nuttier than a

Christmas fruitcake! The same thing happened to

Hastings-Lawrence Wedding

Mrs. Wilhelmina Hastings of Sanford, and Homer Lawrence of Macon, Ga., announce their marriage on July 12.

The ceremony was performed in the bride's ancestral home in Georgia in the presence of the immediate families.

A reception given by Mrs. Lawrence's niece immediately followed the ceremony. The couple are making their

home at 3765 Bloomfield Drive. Macon, Ga. 31208.

NEW ARRIVAL

Mr. and Mrs. Jim (Julie) Robinson, 3378 De Soto Road, Sarasota, announce the birth of a son, Brian James, on July 24. at the Venice Hospital, Venice.

He weighed 8 pounds.
Maternal grandparents are Evelyn and George DeMattio. Sanford, and paternal grandparents are Donna and Phil Blackburn, Venice.

could be found a post with moss growing on top (hair on an occasional head), but those with hair performed not one whit better as fence posts than the

Abby, please tell that young, 'intelligent," average-looking 22-year-old fellow to quit feeling sorry for himself. Instead, he should look in the mirror and keep telling himself that bald is beautiful! If he accepts himself

DEAR 82: Brave for you, my friend. But unfortunately not all men have your inner strength and value system.

DEAR ABBY: A cousin of mine was married 10 months ago. It was her first marriage and his third. The bride was 24 and the groom (are you sitting down. Abby?} 81, but he could have

passed for 65 or 70. This cousin had a baby boy last week, and she and her husband are happy as a pair of teen-agers.

I've never heard of a man in his 80s fathering a child. I think he set a record, don't you?

not. But if somebody out there can top this, I'll hear about it.

year to a man I love and respect.

me. I looked back down my We have a terrific marriage ancestral line and saw bald men except for one problem. My like fence posts. Here and there husband has a habit of shaking his leg very rapidly when he is

Needless to say, it doesn't bother me when I am not near him; the problem is his legshaking when I am close to him especially at the dinner table. The shaking vibrates the table and chairs and even the floor until I want to scream! I enjoy eating dinner with my husband. but I simply cannot tolerate his

Spielberg

Back To TV

NEW YORK (UPI) - Steven Spielberg, the masterful director of the Indiana Jones' movies and "E.T.," is returning to the media that gave him his start to produce a TV series that will premiere on NBC in the fall of

The 38-year-old movie mogul will be executive producer of the series "Amazing Stories," which will be produced by his own company, Amblin Entertainment, and Universal Television.

A spokesman for Universal said the show's little said it all. The separate half-hour episodes will be the kind thing Spielberg does best — amazing stories.

The spokesman said he was concerned some people would compare the program to the late Rod Serling's "Twilight Zone" and "Night Gallery."

"They'll be different," the spokesman said. "We aren't comparing this to anything."

NBC Entertainment Presidet Brandon Tartikoff, however, told The New York Times that the program would be a sort of throwback to some of the old anthologies on television like "Alfred Hitchcock Presents" and 'Twilight Zone,"

Although no one could be specific, the stories will range from science fiction to fantasy to maybe even some real-life stories that end with an odd twist, the spokesman sald.

"Spellberg will be free to do anything he wants," he said. 'He can write, produce, direct he can do anything. Right now we know he is executive producer and responsible for each of the weekly episodes, but to actually create them all would be virtually impossible."

Spielberg got his first job out of college at Universal Television in 1968, when then president Sid Sheinberg, now head of Universal parent company MCA inc., hired him and let him direct episodes of "Night Gallery."

'Take One' Features Local Entertainment

A new weekly show spotlighting the latest news in the entertainment industry with special emphasis on Central Florida premiera Friday at 8:30 p.m. on Cable Channel A (OC) on Cablevision of Central Florida.

"Take One" is a weekly entertainment magazine-type show that can best be described as a cross between the national television show, "Entertainment Tonight" and one of the many movie review shows, with emphasis on Central Florida reaction and news.

A half-hour program, "Take One" is divided into four main sections: news, views, reviews and previews.

News offers insights into the week's entertainment news. both nationally and locally.

Views will focus on individual specialized reports on the television and movie industry. Topics will range from interviews with celebrities to viewer opinion

Reviews is exactly what the name implies: reviews of both movies and television, and how they fare nationally compared to locally. Film clips of the movies are highlighted with critical re-

Lastly, previews will focus on what is coming to the Central Florida area in the way of movies, television, concerts and local productions.

Mondale Pressing For 6 Debates With Reagan

The second second second second second second

HOUSTON (UPI) - Walter Mon- debate. Each time the crowd roared, dale, sweeping across the critical "No!" South and Southwest with running mate Geraldine Ferraro, says Presi- nominee said a series of debates dent Reagan does not want to take would be contests "of ideas and part in as many as six debates values and plans for the American because he is afraid the public might people, plans for the future of this "learn something."

Mondale and Ms. Ferraro Wednesday kicked off the campaign against Reagan in the heart of the Deep South, Jackson, Miss., and later worked the crowds during stops in Texas, a state pivotal to their drive to capture the White House.

They planned to spend most of today in Houston and San Antonio before returning to Mondale's North Oaks, Minn. home.

Mondale urged Reagan to take up his challenge to engage in six preelection debates, saying the more debates there are, the better informed the public will be.

Reagan said in a television interview broadcast Tuesday, "I think we would bore the pants off the viewers if we did" have six debates. "Frankly, I think two would be as many as the public could stand for."

"I don't think President Reagan is worried people will be bored," Mondale countered Wednesday while in Jackson. "I think he's afraid they might leave the television set on and learn something. The election should be up to you - not the ad agencies."

individual debates, including the upset victory over a Republican environment, the military and U.S. incumbent in 1982 to predict that the security, asking the crowd each time Mondale-Ferraro ticket would take If they would be bored to listen to a Texas in November.

The Democratic presidential

Mondale sidestepped questions at an Austin news conference about Bert Lance's role in his campaign and Ms. Ferraro discounted any similarity between her fallure to list her husband's financial affairs on her House disclosure forms and the problems of Rep. George Hansen, R-Idaho.

Hansen, convicted April 2 for failing to disclose fully his financial affairs, used her name and those of several officials in defending himself before the House voted Tuesday to reprimand him.

Mondale said the former budget director's role would be revealed 'over the next week or so."

An excited, loud crowd of 10,000 people greeted Mondale and Ms. Ferraro in front of the state Capitol in Austin.

A country band struck up "The Yellow Rose of Texas" shortly after Mondale and Ms. Ferraro appeared and women in the crowd began waving yellow ribbons.

The candidates were introduced by Mondale ran through topics for Gov. Mark White, who used his own

mission.

LONDON (UPI) - The world's youngest heart transplant recipient, 13-day-old Hollie Roffey, was "putting up a gallant fight" for her life today after suffering complications and undergoing emergency surgery.

Tiny Heart Transplant

Patient Fights For Life

Hollie, who was in intensive care in critical condition today, was given the "plum-sized" heart of a 3-day-old Dutch baby Monday, becoming the world's youngest heart transplant patient.

She made it successfully through the crucial first 24 hours, but Wednesday afternoon developed what a hospital spokesman said was a punctured bowel.

Three surgeons from a children's hospital performed a two-hour operation to repair the "We do not know if she will survive the night.

but she is putting up a gallant fight," said one of the nurses maintaining a vigil by her bed. Hollie's parents, Anthony and Janet Roffey of

southeast England, were at the hospital. "It's quite a serious setback," said National Heart Hospital spokesman Tom Cosgrove. "We have no idea at all what her chances are. We are

just very, very hopeful she will pull through." "We are very pleased that her new heart has been able to cope with the invasion of another surgical procedure." Cosgrove said, adding the abdominal problem was not related to the new

"We are very disappointed that this should happen to Hollie after she was making such good progress," Cosgrove said.

Doctors did not discover the 6-pound, 11-ounce infant was born without the left section of her heart until they investigated why she suffered from a shortness of breath.

She was given her new heart by heart specialist Magdi Yacoub in a delicate 51/2-hour operation

completed Monday morning. Before the abdominal trouble, Hollie had been

reported to be doing well. Soon after the transplant she opened her eyes and moved her arms and legs inside the sterile

incubator where she was being fed through a tube in her nose.

Her progress had been good and her mother was allowed to touch her through a porthole in the sterile plastic "bubble," where she was being kept to guard against infection following the transplant operation.

The previous youngest heart transplant patient was a 2-year-old girl operated on in June at the University of Michigan.

ECIPE CONTEST

DESSERTS 2 RECIPES Per Category

LIMIT:

American Legion Boys State delegation from Seminole County, left to right, Dyke E. Shannon, Gerald Walsh, Carl all of Sanford, and FHP Sgt. Chuck Petty, Jim Shepherd, Chris Bonham, Williams, Longwood.

Local Youths Study Government At Boys State

attended Florida American Legion Boys State held recently in Tallahassee.

Also, two county residents have participated annually in the program as counselors. Dyke E. Shannon of Sanford is Secretary-Treasurer of the Florida American Legion Boys State, and Sgt. Chuck Williams, Florida Highway Patrolman and

Four young men from Seminole County resident of Longwood, serves as a City Counselor.

During the intensive week's study of state government, Jim Shepherd of Lake Mary High School was elected to the County Commission. Chris Bonham and Carl Petty, both of Lake Mary High School, were elected members of the House of Representatives.

The local boy who received the highest honors was Gerald R. Walsh of Seminole

High School who ran unsuccessfully for Governor of the 568 Boys State delegation. Walsh was chosen, however, to attend The American Legion's Boys Nation program in Washington, D.C. late last month.

The Boys Nations program is an assembly of 100 (two from each state) young men who will receive an intensive course of study on federal government.

Doctors Say New Pain Pill Safe If Used As Directed

NEW YORK (UPI) - A company manufacturing a line of pain relief drugs marshaled doctors to its side in a dispute with pharmacists over whether the drugs should be sold over the counter or available only through prescription.

Bristol-Myers Co., in a news conference Tuesday, said over the counter drugs marketed under the names Nuprin and Advil are safe when used as directed by responsible consumers. The drugs contain ibuprofen, an alternative to aspirin and acetaminophen.

Dr. Sanford Roth, a consultant to the Food and Drug Administration, said the FDA's Arthritis Advisory Committee made a sound decision in making ibuprofen available over the counter in 200-milligram pills.

"There is no justification for changing the decision to make this drug available over the counter," he said.

center in Phoenix and professor begin an education program and director of the Aging and next week on Nuprin via full Arthritis Program at Arizona State University.

Also supporting the drug at the news conference was Dr George Blewitt, vice president and director of research, development and medical affairs at Bristol-Myers.

Pharmacists argue that information packets included with Nuprin and Advil do not include enough data about side effects and precautions and therefore users could put themselves in danger. Concern has been raised about whether the packets provide adequate warnings to individuals with kidney disease or other serious illness.

Pharmacists in Illinois have taken the drugs off the shelves and made them available only on request so they can counsel consumers.

Ibuprofen has been sold for years in stronger prescription drugs marketed under the names Motrin and Rufen

Bristol-Myers Company, which Roth is director of an arthritis markets Nuprin, said it will page newspaper ads in several major cities around the country.

We're in Week No. 4

of the Evening Herald's 4th Annual

RECIPE CONTEST TO BE PUBLISHED IN THE

HERITAGE COOKBOOK

SPECIAL SECTION

SUNDAY, AUG. 19 EVENING HERALD/THURSDAY, AUG. 23 HERALD ADVERTISER

CONTEST RULES

Limit two (2) recipes per category each containing Name, Address and Phone Number.

TYPE or PRINT your recipe giving full instructions for preparation, cooking time and temperature. (Approximate number of servings also helpful.)

Anyone can enter except Evening Herald employees and their immediate family.

First Prize will be awarded in each of the B lood categories. You may enter as many of the weekly categories as you like.

A panel of three expert judges will review all entries and winners will be notified at the end of the contest in August for a "taste off" to select the Grand Prize winner. Decision of the judges is final.

All recipes received will be published in August for the Evening Herald's fourth annual cookbook contest.
