Getting Back at "Orange County"

The card writer now known to some of the readers of the "people's Forum" in the Times-Union, as "Orange County" makes his appearance again in the issue of May 2.

This time he rambles round from unkind remarks about the Tallahassee correspondent of the Times-Union to the powers of Parliament, and repeats, substantially, what he said in his first article about Sanford Heights and Goldsboro.

He accuses the members of the legislature of weakness and by so doing charges the member who has his residence in Sanford; not of being smart and fair, but of being designing, shrewd. He appoints himself judge; it is reasonable to assume he does, by reason of the free use of the personal pronoun. And this judge now says he has no feeling of unkindness; he thinks Sanford's ambition to grow, "laudable", though in his first article he charged some citizens of Sanford who are supporting our efforts to be a greater and a better city, as being personally interested money makers; this judge also said something about "niggers in the woodpile".

Now the writer of this article announces the belief, that you, "Orange County" are not a citizen of Sanford; not a resident of the alleged Sanford Heights and that you are not a resident of Goldsboro would you be so pleased as you appear interested?

You, "Orange County" had no right, and no known creditable reason to directly charge—to insinuate—or endeavor to create the impression that men of Sanford, who are as good, at least, as you are and you refer to "all good men", have unworthy motives in what you are now, it seems willingly to admit is a "laudable ambition". The people of Sanford feel that they are quite capable of seeing the difference between right and wrong; they resent the implication that as a people they are not as well qualified to do so, as the review of their conduct, from a forum beyond the interested zone.

Men properly equipped, whatever you may think to do so, have investigated the matter and it is found that the lines of "Sanford Heights" are not possible; this statement has not been denied, substantially, yet you continue to use, "duly incorporated".

If the lobbying tactics to defeat our "laudable ambition" were those reported to us—told to the writer by a member from another county—it is creditable to the members of the present house that they voted for the bills introduced by the member whose good offices we solicited.

The finishing paragraph of your appeal to the country at large, in the paper of May 2, veils a threat, followed in the next line with a plea for forgiveness. Every citizen of Sanford is willing to be magnanimous—it is you who are filling the air with rasping discord. Where does your interest center that you should carry palls of strife among a people we believe you do not mingle with on Sunday or meet at the polls on a municipal election day.

The "many excellent gentlemen" who did not vote your way are charged by you with not having "backbone". Your definition of the word seems to be, the member who would vote my (your) way would have "backbone".

If our information is correct, and it is certainly as reliable as any you may have, the members of this legislature had the manhood to vote for measures that were carried to them on their merits

by a man, forceful, and of well known temperate habits.

You have said unkind things about us. We have been told that some of those desiring the defeat of our bills were liberal with money for drinks and cigars at Tallahassee.

As a paid attorney you have the right to carry your cause to a court of justice; or, as a paid attorney, you may have the right to go to Tallahassee as a lobbyist. But as a citizen of Orlando you have no right to meddle in the domestic affairs of the city of Sanford.

If you feel that you can say unkind things about Sanford and its people, from an office in so beautiful a residential city as you live, and expect no defense, you have the opportunity to do what you accused the correspondent of the Times-Union of doing. You said he "Really Thinks".

The writer of this article does not apologize for what he has to say; he is not being paid for writing and he does not aspire to any public office, better than that he lives in Sanford; he would be unworthy of citizenship among this estimable people should he be passive while you charge us with having invoked a "wholly brutal, arbitrary and wanton use of legislative power". You must know what the use of such words mean, and you say you are not making a fight on Sanford. Now, if you are not making a fight on Sanford, what are you doing? Your interest in our affairs, if you are the person we think you are, certainly does not come from your heart; if it does you are a very meddling fellow and we do not make obeisance to your most distinguished consideration.

A CITIZEN OF SANFORD.

Bring your old tires to Sanford Machine & Garage Co. for vulcanizing. 48-1f

To the People of Sanford

The undersigned officials of the town of Goldsboro, and representing its citizens, appeal to the citizens of the city of Sanford for aid and sympathy in protecting our town from spoliation or destruction as the result of a plan on the part of your city officials to procure from the present legislature an amended charter, whereby the corporate limits will be so extended as to include the town of Goldsboro and thus destroy our corporate existence.

This town was duly incorporated about twenty years ago and it has ever since regularly maintained its official corporate existence, performing all the duties of a municipality.

We have always been and we are now a peaceable, orderly and law abiding community. We appealed to your council, protesting against the proposed action so far as it affected the interests of this town but our appeal was unheeded. We now appeal to you, citizens of Sanford, for your help in this matter. We are proud of the prosperity and development of your city; but it is no good reason that, because you are big, you should swallow up our town just because we are little. There can be no just charge brought against us to justify the abolishment or overthrow of our corporate existence. If it is done in the way proposed it will be an instance of the tyrannical use of might, of power, and because we are few and feeble. Surely you will not justify and uphold such a proceeding!

We have acquired some property as a town. We own our own house, school and other corporate property. We feel a pride in our town organization and earnestly wish to preserve it. To swallow us up in the corporate limits of Sanford will add very little to Sanford and take a great deal from us. It will impose upon us a part of the burden of your bonded and other indebtedness and add heavily to our burden of taxation, while we reap no material benefit thereby. We shall make our appeal to the legislature in this behalf and beg that you, the justice loving citizens of Sanford, will give us such support as you can and we shall be ever grateful to you.

M. B. BELLAMY, Mayor Goldsboro
 G. W. BENTON, President Council
 T. T. GREEN, Town Clerk. 35-4tc

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

At the meeting of the Chamber of Commerce it was decided to hold, as usual a Fourth of July celebration in West Palm Beach. After enthusiastic discussion, E. T. Moore was appointed a committee to secure the necessary funds and make preliminary arrangements. This will be a pleasant task for the business men of the city as glad to aid in any movement that will result in increased advertising for the city. There is little doubt that the celebration this year will eclipse all former efforts made by West Palm Beach.

The John Anderson Boulevard which is to connect Jacksonville to St. Augustine, with one of the finest automobile drives in the country, is being prepared for its shelled service.

The State Bankers' Association met in Ocala this week and many matters of importance in financial matters were discussed. A banquet was served the members on Wednesday night by the Women's Club.

A two weeks convention of the Order of Railway Conductors is now in session at Jacksonville and it is estimated that over 7000 visitors will be in attendance and expect to visit various parts of the state ere returning home.

At a meeting of the Duval County Democratic Executive Committee, held at the court house for the purpose of recommending a suitable person to preside over the circuit courts of the Fourth Judicial Circuit, Judge R. M. Call was unanimously recommended to succeed himself.

Will H. Bulloch, for many years connected with the Bartow Courier Informant, and its brilliant local editor for the past three years, has severed his connection with that paper and with his family will move out West.

The House of Representatives has passed a bill appropriating \$5,000 to the Florida Division of Confederate Veterans to help them erect in Florida a memorial to the women in Florida and the South whose glorious record during the stormy period of the sixties thrilled the world with admiration.

The Polk County Record of May 5th was devoted almost exclusively to a write-up of Bartow and Winter Haven, accompanied by striking illustrations that will be certain to redound to the good of those communities. Thousands of copies of that issue should be distributed throughout the North and West, as a bid for immigration.

Sister Carlotta was elected to the state presidency of the W. D. C. at Madison last week making her third term for this high office.

General J. C. Davant, one of the best known attorneys and a civil war veteran, died at his home at Brooksville on Monday. He had been ill about one week. General Davant was about seventy years old. The deceased was brigadier-general of the Second brigade, United Confederate Veterans, Florida division. He fought throughout the Civil war and made a splendid record.

Examination of applicants before the State Medical association, which is in session at Tallahassee is in progress. There are sixty would be doctors, who are undergoing examination before a board at the court house. This is the largest list that has ever come before any session of the association previously. Four of the applicants are Italians, two are Spaniards, while six negroes are among them. There are also two women applicants.

Ladies of Live Oak are preparing to have a very fine chrysanthemum show fall. Arrangements are being made for the extensive growing of this beautiful flower and prizes will be offered for the most attractive displays, single flowers and varieties. The flower show has more than the name suggests to recommend it, for it means that during the summer and early fall, on account of the attention given to the raising of chrysanthemums, the flower gardens will be very beautiful and thus add to the pleasure of all who live at Live Oak.

NAMELESS THEATER STARTS

Public is Expected to Name New Play House This Week

The new moving picture show started in the old opera house building last Tuesday night and the S. R. O. sign was out most of the time for the people crowded the place at every performance. The new management expects the patrons to name the new building and the name that suits their fancy will be worth \$5.00 in gold to the lucky person.

The pictures are very good and one of the latest improved picture machines promise the patrons a good entertainment every day and night. Polk & Co. are determined to give their patrons the best that money can buy in the amusement line and good music and illustrated songs will be given at every performance. The management has not fully decided upon the vaudeville attractions but will give the public something good and clean in this line if the patronage warrants these added attractions. Many changes are yet to be made in the opera house and the equipment and the new show starts off with a good patronage assured.

Ball Team For Sanford

At last we are to have a ball team if the citizens will lend their aid and support. Next Monday night a meeting will be held in the Eagles Hall to formulate plans and reorganize the old association. It is rumored that G. W. Spencer will manage the new team which guarantees the success as no more enthusiastic fan ever lived than Spencer. Sanford needs a good ball team and under proper management the venture can be made a paying one and the success of the team will redound to the credit of the city. Two years ago our ball team advertised the city and the accounts of the games in the Herald were followed as closely by the out of town readers as any other items and visitors to the city later have remarked that Sanford must be a wide awake town to support ball as we did then. With a good ball park such as we have there is no reason why Sanford cannot put a good team in the field now and get ready for a successful season.

Be sure and attend the meeting next Monday night and assist in their organization.

A New Enterprise

A fish company composed of some of the citizens of Geneva has been organized at that place and will operate ten nets in Harney and Puzzle lakes. This company is headed by one who fully understands the business and who always "gets 'em when he goes after 'em." The fish house will be built near Geneva depot and fish shipped directly to the best markets. The intentions of this company are to supply the markets with the very best fresh water fish. They will be packed in ice and ready for shipping in a few hours after being caught. The name of this company will be the Geneva Fish Co.

We predict for this new enterprise success and much patronage, as only those will be employed who fully understand the business. These citizens have long known the need of a local company, but heretofore having no railroad it was impossible, but now they will push forward and endeavor to supply their customers with the best.

Fire at Orlando

Orlando was visited by a serious fire Wednesday morning, and for some time it appeared that there would be quite a conflagration. The fire department did good work and seemed to have gotten the fire under control, when the water main burst, which placed the fire department in a bad predicament. The flames spread rapidly from this time on, completely destroying the large freight depot and warehouse of the Atlantic Coast Line, Walker's packing house, Citrus Fruit Exchange packing house, six loaded freight cars and Guernsey's large warehouses.

The work of keeping the fire confined to a certain district was not successful, until the larger buildings had been consumed by the flames.

The loss is estimated at \$20,000. However, it is the largest fire that Orlando has experienced in years.

The board of county commissioners of Lafayette and Suwannee counties have decided to build a bridge across the Suwannee river at Dowling Park, are now advertising for bids for the purpose.

In the course of a few weeks Ft. Myers will have one of the finest brick school houses in Florida, and when it is finished the cost will reach close on to \$45,000.

ELECTION OF GROWERS

Interesting Developments Are Promised Shortly.

ANNUAL ELECTION OF OFFICERS

Florida Vegetable Growers Will Be Under New Heads Next Season—Members Satisfied

The Florida Vegetable Growers Association held their annual meeting in Eagles hall Thursday afternoon. The meeting was marked by a great deal of enthusiasm although many of the members were unable to be present as many are away either permanently or for the summer.

Directors for the coming year were elected as follows: Henry Nickle, O. L. Chase, B. E. Squires, O. W. Brady, C. M. Berry, R. L. Hughes and L. J. Hancock. The matter of the president of the board and secretary cannot be determined as yet their election comes up at the first meeting of the new board.

The report shows that the association now has 152 members who represent a total of 578 acres of gardens. During the past year the Association has shipped over 125,000 packages for its members and have paid to the growers \$109,205 including celery, lettuce, beans, cucumbers and all products handled by the association.

A glowing and well deserved tribute was paid to the old board of directors and especially to Mr. Harry Ward for their services rendered under such trying circumstances as they have been forced to face.

Many changes in policy were advanced by the meeting to be acted upon by the new board, principal of which were the reduction of expenses and a general overhauling of the affairs of the association.

The growers have great faith in the future of the association and expect to be better service to the farmers next season than in the past although they have no apologies to make for the past. As a whole they are all well pleased with the work of the past year and feel that their association has been a great benefit to the community both directly and indirectly.

At the first meeting of the new board of directors held Saturday evening the following officers were elected for the coming year: R. L. Hughes, Pres.; O. L. Chase, V. Pres.; C. M. Berry, Sec.; and O. W. Brady, Treas.

University Commencement

The University of Florida will have a most interesting commencement week commencing Friday, May 26th. The following program will be rendered during the week:

Friday, May, 26th, 1911.—7:30 p. m.—Declaration Contest by Representatives of Freshman and Sophomore Classes.

Saturday, May 27th.—8:00 p. m.—Gymnasium Exhibition.

Sunday, May 28th.—11:00 a. m.—Commencement Sermon by W. O. Carver, Th. D., D. D., Southern Baptist Theological Seminary, Louisville, Ky.

Monday, May, 29th.—10:00 a. m.—Oratorical Contest for the Board of Control Medal, by Representatives of Junior and Senior Classes.

3:00 p. m.—Business Meeting of Alumni Association.

8:00 p. m.—Annual Meeting of Alumni Address by Hon. F. P. Fleming, Jacksonville.

9:30 p. m.—Alumni Banquet.

Tuesday, May 30.—10:00 a. m.—Graduating Exercises, address by President W. O. Thompson, LL.D.; Ohio State University, Columbus. President Association of American State Universities.

Will Locate Here

W. W. Prather, the well known traveling salesman has fallen in love with Sanford and will make this city his home. Mr. Prather will take the management of Keel's Garage and being an experienced automobile salesman expects to make Sanford headquarters for the sale of high grade automobiles. This firm makes a specialty of the celebrated Cole cars and Mr. Prather will push the sales department to the front.

Mr. and Mrs. Prather are general favorites in Sanford and their many friends will be pleased to learn that Sanford will claim them as citizens.

The nursing home at 8th and Elm Ave. is prepared to care for a limited number of surgical cases. Mrs. Wright, nurse in charge.

NEW DEPARTURE FOR SANFORD

Five and Ten Cent Store Opens for Business This Week

The people of Sanford and vicinity are invited to inspect the display of the new five and ten cent store just opened in the Stone-Goye Block on First street, just east of the Boston store. Here you can find just what you have been looking for, everything in china, crockery, small hardware, kitchen utensils, towels and notions, and the many small articles that go to make up the usual household and they are sold at the small price of five, ten and twenty-five cents. The new store promises to fill a long felt want in Sanford and is bound to prove attractive to the public. These stores have been operated in every city and prove popular at all times, the small price for good material getting the trade and stimulating business. The Sanford five and ten cent store will be managed by McG. Caraway, who will endeavor to keep a large stock on hand at all times and assures his many friends that he has everything to supply their wants. On account of the very small profit on the goods the store is operated on the cash basis, but the customer gets the benefit every time and when you see the bargains you will become a customer at once.

Meeting of Hospital Association

A called meeting of the citizens of Sanford and Hospital Association met in Eagles Hall May 5th, 1911.

Mr. J. N. Whitner, acting for the president, called the meeting to order and read a statement prepared by her, which follows in part. Early in the winter, a few ladies met to discuss plans for an organization, by which the needy sick of our city might be cared for. A second meeting was held when it was decided that a more extended call should be given to the women of the town.

The Eagles kindly allowed the use of their hall, where on Jan. 23rd, more than fifty assembled and freely agreed upon the need of such an organization and comfortable quarters where sufferers might be placed.

At the close of the meeting it was announced that the Holden Real Estate Co. offered sufficient land for present and future use, if a hospital be erected thereon. This gave another phase to the movement and at the first meeting of executive board, thereafter, various methods were decided upon by which money should be raised towards building a hospital and securing the generous offer which had been made us.

Beyond our expectations the people have responded to the effort in hearty expressions of interest in gifts of money and in promises of more substantial aid if the works be made permanent.

The time has now arrived when those who began it feel that it has out grown the first intention and become important enough to claim the attention of the general public and for this reason this call for a mass meeting has been given. The secretary and treasurer report followed showing seventy-five members and four hundred and fifty dollars on hand.

A unanimous vote of thanks was tendered The Holden Real Estate Co., for this generous gift of a half block of land on Magnolia Ave.

A simple constitution read and adopted which will be published next week, followed by the election of officers and trustees which resulted as follows:

M. F. Robinson, president; C. E. Walker, vice-president; Mrs. Geo. F. Fernald, Treas.; Mrs. A. T. Rossetter Secretary.

Trustees—O. W. Brady, Mrs. D. A. Caldwell, Mrs. J. Cameron, Mrs. S. O. Chase, Mrs. Geo. H. Fernald, Mrs. R. Hornrightous, Mrs. M. Frank, Mrs. Roumelette, Mrs. J. N. Whitner, T. E. Wilson and Dr. Neal. This new board proposes to push the good work begun and accomplish much more for the good of humanity and trust to have the hearty co-operation of every citizen of Sanford and out lying districts.

A Sad Accident

In a spirit of mischief some of the young folks spilled Miss Blanche Biggers out of the hammock on the porch the other evening, and as a result she has a broken collar bone and a very badly shattered arm at the shoulder joint. The fracture is so bad that an operation to wire the joints will be made and it will be a miracle if the young lady ever has the full use of her right arm again. Being an expert stenographer, the accident will incapacitate Miss Blanche for a long time, and her many friends extend their sympathy and hope for a speedy recovery.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

A Mobile negro convicted of stealing a bag of sugar, was sent to jail to serve a three months sentence. As the negro had too much of the sweet, the presiding Judge probably thought he needed some of the bitter to even up the over supply of sweet.

Nine hours of continuous hounding at the hands of the Republican minority of the house of representatives, failed to make a single change in the first Democratic tariff bill, that placing on the free list agricultural implements, meats and many other articles. The bill passed the house by a vote of 236 to 108, the Democratic voting solidly and mustering twenty-four Republicans with them. This came after the Democrats had voted down or ruled out of order more than 100 amendments, and had demonstrated again that the Democratic majority was a compact and smoothly working machine for the enactment of legislation.

The war in Mexico is an end for the present. President Diaz has announced that he will resign when peace is restored or no more anarchy is manifested. As a consequence Madero has ceased military operations and peace proposals will be further considered, with fair prospects of success, for all parties concerned now agree that Diaz's resignation, was all that was desired.

The battleship Texas is to be completed December 17, 1913. The contract price is \$5,830,000, but it is believed that when ready for sea with full armament, armor, furniture and stores, it will have cost \$11,000,000.

The Postoffice Department is now said to be making expense, and without taxing the magazines.

Now and novel methods of prosecuting a campaign for the passage of a congressional are to be followed by officers of the National One Cent Letter Postage Association at next fall's session of Congress, when a bill providing for the lowering of the rate on first-class matter, including all letters, from two cents to a one cent, will be introduced.

Rich men in England are going to the country that they may rent their own town houses to rich Americans who go over to see a ceremony in which they have none but a society or snobbish interest.

The American consul at Ontario reports that the cost of living is higher in Canada. But he knows what he can do when he gets tired of struggling along on the amount Uncle Sam is paying him.

Senator Bryan of Florida has offered an amendment to the Fletcher bill providing for the authorization and establishment of a soldier's home in Florida, so as to locate it at Osceola. In the bill originally offered by Senator Fletcher no place was designated and there is said to be considerable interest shown in many localities concerning the question of where the home shall be located.

The Jap baseball team, having swept the Pacific coast, is now marching to the conquest of the East.

From the recent report of the Carnegie hero fund commission it would appear that heroism is becoming a flourishing industry. The report shows that within the time covered thirty-five awards were made and thirty-six thousand dollars in money was distributed.

Forster to the Fore

The country home of J. O. Tabor at Twin Lakes was destroyed by fire last week, Mr. and Miss Tabor losing everything and Miss Tabor being severely burned in an attempt to rescue some valuables. With his customary forethought F. P. Forster immediately raised a nice sum for these good people to tide them over until they could start in again. The fire was said to have started from an incubator and the house was ablaze before the inmates knew of it. The house was one of the landmarks of that section, having been erected about the year 1870.

Best grade preserves and pickles just in, call and try them. W. W. Long. 26-11

The Best Clothing Values in Sanford

Without exception we are giving, folks the Best Values in Suits offered anywhere in the city, and as proof of that assertion we point to a comparison of Styles, Quality and Prices here and at other stores

Any Store can claim to offer the best values, but not every store can make good its claims; it takes something more than mere talk to convince any knowing man. We not only make the claim, but we stand ready to **Show You** that we are offering the best clothing values in style, in quality, and tailoring, your money will buy. We know something about clothes, and we know what is offered elsewhere, and we tell you straight, you'll be money in pocket if your new suit is bought here, and you can't buy better clothes than these anywhere, because no better clothes are made or sold. It doesn't make any difference who you are or what your business, it doesn't make any difference how stylish your tastes, nor how long your purse; you can't get better quality nor more perfect style, nor more certain assurance of fit and value in the wear than we offer you in these clothes, and there's no feeling when you're buying here that there's some chance of **Not getting Good Value**; no wondering whether **somebody else** could buy the same thing for less than **you** paid—some shrewder buyer. You've probably heard such things of some stores.

The Average Man

Mine is a song of the average man Who has been on earth since the world began. You will find him kind, and you'll find him true. You'll find him cheerful and happy, too. He's never proud and he's never mean. He walks the earth with a conscience clean. The squarest fellow that God could plan. On earth today is the average man.

He loves his wife and he loves his home. He isn't the fellow who likes to roam. He keeps his love for his fellow man. And bears his burden as best he can. He's a gentle neighbor, a faithful friend. And will fight for him to the bitter end. The dearest fellow that God could plan. On earth today is the average man.

The average man doesn't cheat or lie. Or wrong his brothers. He doesn't try To climb to glory and gain the crown. By pulling a weaker brother down. He's always found on the side of right. His crest is always a spotless white. And off as the wrongs of the world I scan. I thank the Lord for the average man.

As a close observer and employer of labor for over twenty-five years, I give you this: Never advance the pay of a cigarette smoker; never promote him; never trust him to carry a roll to the bank unless you do not care for the bank and are willing to lose the roll. Cigarette smoking begins with an effort to be smart. It soon becomes a pleasure, a satisfaction and serves to bridge over a moment of nervousness or embarrassment. Next it becomes a necessity of life, a fixed habit. This last stage soon evolves into a third condition, a stage of fever and unsteady, wandering mind, accompanied by loss of moral and mental control.

Inevitably cigarette smoking impairs health, lessens usefulness and jeopardizes happiness, and all without compensation worthy of the name. All smokers are not affected to the same degree, but there is none who would not be better off without the habit.

Either run a town with a vim, or just sell out and loaf. One thing must be done—run the town for all that it is worth, get up steam and keep it up. Do you want trade? Bid for it. Do you want business to come to your town?

Encourage what you have. Do you want a prosperous town? Then never permit the jealousies to rule your actions, but work together for common prosperity and mutual benefit.

There are too many men who expect an editor to slave in defense of their pet notions and hobbies, advocate their views against the strongest opposition and then coolly withhold the business support by which alone a small newspaper can live.

A friend of mine discussing the recent Bangor, Maine, fire stated that the fire started from a small blaze which if taken in time could have been stopped. Well, isn't this pretty near correct of all disasters in this world of care and trouble? Do not all have small beginnings? Does it not apply to most things in life in general? Many a man, many a business firm, owe their downfall to the small things tending to the downward road which if taken in time could have been prevented and the path to success been assured if the significant blaze had been subdued in time and the word of warning observed. Many a brilliant life has been dimmed, scores of failures have been recorded, and beautiful homes and cities turned to ashes by not heeding the first spark that kindled the blaze that followed.

In the last edition of Dixie they get off another one on my friend Lake as follows:

"Forest Lake failed to vote on a measure the other day. A colleague accused him rather heatedly of absent-mindedness, some mutual friends chipped in, and in order to avert a threatened clash and restore balm to the stricken atmosphere, Mr. Lake indulged in the following:

"Down in Sanford," said he, "there is a young and handsome lady who used to be noted for her absent-mindedness, but is not so noted any more. Her cure was accomplished in this way: She walked into a drug store one morning with a faraway expression in her eye, and as the clerk stepped forward she said in a loud, clear voice: 'I wish you would give me a sponge bath, please.'

"The clerk started in amazement, but recovering himself quickly, replied with his best professional smile:

"Do you prefer it hot or cold?" "The young lady gave one gasp and fled. She finally got the bath sponge she desired, but no one has caught her in a daydream since."

I am glad to note that the opposition to the lake-front, so bitter in some quarters several months ago, has given place to a better feeling and several good citizens who opposed this improvement are now heartily in favor of it. They did not understand the plans at first and opposed the plan because they were afraid of a high rate of taxation. There is nothing that will give our city such a boost as will this great scheme of lake front improvement. The scheme is not new, as most of our smaller sister cities have long ago provided for a better lake front and as yet the project has not been a burden upon them and they are glad the improvement was made. It is up to the city of Sanford to start this great work aided and abetted by our citizens. The city already has the reputation of being the most up to date in Central Florida. Only in our lake front has our duty been lax and we should not let any petty schemes interfere with this great work. Everywhere I go our fine streets, trolley line and other innovations are commented upon and it makes me proud of the fact that our city is not going back or standing still but pushing ahead and becoming better and greater every year.

Consider what the hen does when she is working, now that her strike season is on and she clamors for rations. The market value of "Biddy" is about \$1.00 and the value of her daily produce 3 cents, or one thirtieth part of her own worth. True, her career is short, but long enough for her to earn her value many times over, and that cannot be said of some in this world who have great pretensions to usefulness.

I understand that Sanford will have a ball team this season and I sincerely hope that a good manager will take the team and keep up the enthusiasm. I would like to see my friend, G. W. Spencer, take hold of team. Not only does he take a deep interest in ball but he would handle the reins in the proper manner and make the season a success financially. We can have a good amateur team for very little money and every one will contribute their share. By all means let us have a ball team and Bart Herndon can then get up a Fourth of July celebration.

—THE SAUNTERER.

For a Sanford Hospital

To the Citizens of Orange County:

The Sanford Hospital Association was organized Friday night at a meeting of the citizens of Sanford at the Eagles' Hall and the following persons were elected officers: President, M. F. Robinson; vice president, Dr. C. E. Walker; treasurer, Mrs. G. H. Fernald; secretary, Mrs. A. T. Roebetter. The purposes of the organization are charitable and philanthropic and based upon doing good to broad humanity. The association is non-partisan, non-sectarian and non-profit-taking, and is wholly for the purpose of doing good and being of assistance to all classes of citizenship. Under these circumstances and for these purposes we feel that we should have the support of all our citizens, without regard to city or even county limits and that each should lend a helping hand to this useful and charitable organization. It is our desire that all classes be represented on the board of trustees, so that all may feel that they have a common interest in the support of this institution. The support of every citizen is earnestly requested.

M. F. ROBINSON, Pres.;
S. O. CHASE,
THOS. E. WILSON,
Trustees.

The Newspaper "Job"

Many people believe that a newspaper sells together without work or concerted action or plan. The Rev. James McLeod, a Presbyterian minister at Pasadena, was of this opinion, and asked to be allowed to edit one edition of the Pasadena Star. The editor gladly accepted the opportunity to go fishing, and the minister took up his duties in the newspaper office. This is how he felt when he found himself at the end of his task, which it must be said, had been done quite creditably:

"My time is almost up as I pen this last line; my hand is almost paralyzed; my brain is befuddled, and I am free to confess that I am glad to vacate this holy spot. Such rush and riot and dinarray! Such a jumble of potpourri! It strikes me as the effort to bring order out of chaos, and to do it lightning quick.

"I am reminded of the memorable words: The earth was without form and void, and darkness was upon the face of the deep. And the spirit moved upon the face of the waters." Never shall I criticize newspaper men any more, I shall pray for them. They will have my heart's forbearance henceforth and forever. They are the hardest worked, shortest lived, poorest paid brain workers on this weary old world of ours."

The Wednesday Club

Wednesday afternoon witnessed the completion of a very interesting and profitable year's work of the Sanford Wednesday Club in the last meeting of the club year usually held the second Wednesday in May.

It has been the pleasure of Professor and Mrs. Geo. L. Maris to invite the club to hold this last meeting in their charming home, situated on the banks of the beautiful and placid Silver Lake and Lake Onora, in the neighborhood of historic Fort Reed.

The members of the club always look forward during the year to this anticipated pleasure. It is considered a red letter day in their club calendar.

The arrangements for the trip are always eagerly made, and very promptly Wednesday afternoon the occupants of a number of conveyances were wending their way to this very picturesque home.

On arrival, after some pleasant words of greeting by the hostess and president, Mrs. Maris, the program of the afternoon was taken up.

Mrs. J. W. Dickins read a most delightful paper on "Colonial Homesteads." With a magic touch of her wand like pen she quickly brought before the mental vision of her listener delightful glimpses of some of those beautiful, grand and even princely homes in colonial Virginia which made that good old commonwealth so noted for its lavish hospitality and culture. Those were indeed grand old days when those homesteads flourished, the peculiar environments, circumstances and conditions of which will never be reproduced in this country. They are truly numbered with the days that have vanished.

"Mount Vernon Today," Mrs. Bowler gave a brief tribute to the Mount Vernon Ladies' Association and especially to Ann Pamela Cunningham, whose patriotic and faithful efforts first and principally as regent, and with the untiring aid of the vice regents, gave Mount Vernon to America as a patriotic shrine. A description of this historic home since its restoration followed, also mention of a number of the many interesting articles and relics that are so sacredly and tenderly cared for there, for the benefit of the America people, as an object lesson of a grand and thrilling past.

The happiness of the afternoon was made complete by the presence of a former loved president of the club, Mrs. Alice Brown, who for the first time in some years had the pleasure of being present at a meeting of the club and reading her paper. For nine years Mrs. Brown was president of the Wednesday Club and the reunion of these former associates in club work was a pleasant feature of this memorable afternoon.

Mrs. Brown's paper on the "Effect of Colonial Life on American Literature" was intensely interesting, evidencing great care and preparation in its subject matter. It was handled in such a masterly manner that the perfect familiarity and interest of the writer in her topic was most entertainingly proven. Mrs. Brown's presence and paper was a great pleasure to the club.

It was the privilege of Mrs. L. R. Phillips to give the finishing touch to the interesting program by her charming recitation of "Old Virginia," which found a responsive, tender chord in each heart in their sympathetic appreciation of the critic's quaintly expressed love for his native state.

After the roll call members and some suggestions concerning the study for next year, the secretary was requested to send a note of thanks to Mr. Holly for his appreciated kindness in publishing the reports of the meetings each week.

The club then adjourned for a social hour with their host and hostess, and the delightful refreshments, which the young lady members assisted Mrs. Maris in serving.

With her usual thoughtful kindness Mrs. Maris invited some of her neighbors to enjoy the afternoon's pleasures with the club.

After a short stroll about the beautiful grove and down to the lake, and a boat ride by a few of the party, the visitors realizing that the sun was really bidding daylight adieu, expressed their appreciation of the afternoon's pleasures to their hosts and turned their faces homeward, hoping to meet again the second Wednesday in November.

Bold Burglar

While Mrs. J. H. Overman was sleeping the sleep of the just the other night a bold burglar lifted her hand satchel from the bureau and decamped. The satchel is brown leather and contained a gold locket with the initials, S. M. B. There were also valuable papers, receipts and a bank book in the satchel and Mrs. Overman would like to recover these. Luckily there was no money in the satchel, as Mrs. Overman believes the bank is the safest place for the long green. If any one sees a brown hand satchel bring it to Mrs. Overman and receive a reward.

For Better Roads

Orange county commissioners have been trying for months to make arrangements with the county commissioners of Volusia county to build a free bridge across the St. Johns river at the East Coast ferry. This road would be the most direct route to Orlando and surrounding country and also to Sanford and vicinity. Of course it would not carry everybody who wanted to come to the coast from the interior through DeLand, which would cause them to go a long way out of the direct route to reach the coast.

There is a strong opposition to this road simply because it does not go to DeLand and from there to Daytona. It seems that the commissioners would lay aside prejudices sometimes and work for the interests of the people. Commissioner Wilkinson is working hard to bring about the construction of this bridge and if the people of this section stand by him may succeed. Orange county is ready to do her part if Volusia will join her.—Daytona Gazette News.

Carlisle Piano

This Great Publicity Contest

is being held by the Piano Manufacturers Advertising Bureau, of Chicago, to distribute an appropriation which has been allowed by the manufacturers of the Carlisle Pianos.

They have allowed us this large appropriation at this time, not only to make the Carlisle Piano better known in this locality, but also to advertise us as their exclusive dealers, and we will be in Sanford for two weeks only, from May 29th to June 10th.

Be sure that your answer in this great publicity contest is mailed at once, and you will receive a reply direct from the Piano Manufacturers Advertising Bureau of Chicago, who control this large advertising appropriation for the manufacturer. They want to assure you that impartial judges will decide the merit of the answers received.

Be sure that your answer is correct then mail it immediately to W. McKay Robeson, who is the special representative of the Piano Manufacturers Advertising Bureau, for this sale, which we will hold in Sanford.

All answers must be in the hands of Mr. Robeson, the special salesman of the Piano Manufacturers Advertising Bureau, on or before 6 p. m. May 27th, 1911.

Free: Sheet music with song book to be given to each successful contestant.

IN ADDITION TO THESE PREMIUMS

Every premium winner will receive according to the merit of solution a bona fide manufacturers draft for an amount from \$25 to \$107.00.

The drafts will be accepted at their full face value to apply on the purchase of any one of the new pianos that we are introducing to the piano loving public through this mammoth advertising plan.

The above mentioned drafts will be given in denominations as follows:
2 at \$107, 4 at \$105, 6 at \$100,
8 at \$97.50 10 at \$95, 10 at \$92.50
10 at \$90, 15 at \$87.50.

And all Correct Solutions will Receive a Draft for \$25.00.

DOINGS AT TALLAHASSEE

City Still on Map And Legislature Working Regular Time

Neither house of the legislature has begun to work under pressure and yet to finish the calendar, but both are putting in regular time and doing very good work on the more important measures. It would be something unheard of in the history of Florida legislatures to finish the entire calendar, but each session works to the end that at least all the more important subjects have consideration.

Last week the house passed the Pinellas county bill which creates a new county out of the west portion of Hillsborough. The bill is now in the Senate with pretty sure chances of success. However, the fact that a bill passes both houses does not after all guarantee its becoming a law for the Governor is very free with his veto pen when he disagrees with the legislature.

The bill which sought to prevent corporations operating what is known as relief departments from forcing employees to sign away right of suit in case of permanent injury or death was passed in both houses by very decided votes, only 4 votes in the senate and 8 in the house being against it. The Governor vetoed the bill however, and on account of the reluctance of some of members to vote to pass any bill over the governor's veto the bill seems to be lost. Gray of Gadsden introduced this measure and when the veto message came back to the house an attempt to pass it over the governor's veto failed by only two votes.

The Governor has sent in a special message in regard to the circuit court judges which some thought would be in the nature of a sensation but it was rather inoperative. It will doubtless have the effect however of preventing any appropriation this session for clerical help for the judges. The Governor quotes information and comparative figures to show that the circuit judges of Florida have been fairly well paid.

The reapportionment of the judicial circuits has occupied considerable attention this week. Eleven circuits seem to be the number upon which both houses will agree. This provides only three new circuits. The Bar Association asked for five new ones. Since the last state democratic executive committee refused to place the judges and solicitors in the call for the primary it leaves the appointment of these up to the Governor without any party recommendation. Numbers of delegations have been here the past week urging the appointments of various applicants.

The Summer Teachers' Training School of the usual six weeks term will in all probability be assured. The bill has passed both houses and will go to the Governor for his signature this week.

The fight on the legal technicality bill came up Tuesday afternoon in the house. The Senate had already passed this measure. In the house were two bills, one by Brown of Columbia and one by Gray of Gadsden. They provided in substance that no judgment should be set aside or verdict reversed or new trial granted upon grounds of misdirection of the jury, improper admission of evidence unless in the opinion of the appellate court after an examination of the entire cause justice had miscarried. Gray's bill being first on the calendar was taken up and the fight lasted for almost two hours. The bill was championed by Gray, Floyd of Franklin and Fee of St. Lucie and was opposed by West of Santa Rosa, Reaves of Manatee, Hendry of Lee and Stringer of Hernando. The bill was lost by a vote of 25 to 28.

The Tampa Fair premium appropriation bill occupied considerable time in the house Wednesday and was finally passed. The Senate passed the measure several days ago.

Mr. Butler of Duval has a commission form of Government bill for all cities of 2,000 population or more and will likely be one of the measures that will be enacted in law at this session.

Politics are always thriving around the capital during the session of the legis-

lature. Besides five candidates for governor, there has been present lately three candidates for attorney general, Rivers Buford of Gadsden, West of Santa Rosa and Hodges of Columbia. The State Superintendent of public instruction will also have apposition it seems in the person of Hon. J. E. Wood of Live Oak, former county superintendent of the Suwannee County. The comptroller and secretary of state is likely to have opposition from current rumors. No candidate has yet had the temerity to announce for Treasurer Knott's job and the general opinion is that it would be useless.

Cole Will Race Cars

The Cole Motor Car Company of Indianapolis, Ind., has issued a challenge for a 24-hour endurance race on the Oakland, Cal., new motordrome for May 13 and 14 to all dealers on the Pacific Coast who handle cars that sell for \$2500 or less. This action of J. J. Cole of this company followed the announcement of the officials of the Oakland Motordrome that the 24-hour race scheduled for April 29 and 30 had to be indefinitely postponed because of insufficient entries. The racing situation in the far west has the support of the public but the automobile dealers, many of them new in the field, it is said have not got the fever as much as it is claimed they should have. It was with the idea of trying to stimulate interest that the Cole Motor Car Company issued the challenge. As an incentive this company heads the list for the contemplated May 24-hour endurance run by entering three Cole cars. In his challenge, Mr. J. J. Cole says: "Inasmuch as the officials of the Oakland Motordrome announced the postponement of the April 24-hour race because of insufficient entries, we believe sufficient entries can be obtained by automobile dealers using the already special racing cars or stock models in their showrooms. We make this offer in the best of spirit, good faith and sportsmanship manner. The sanction of the A. A. A. could be asked for." Keely's Garage has the Cole cars on exhibition and are agents for Sanford.

A Better Imperial

Passing by the Imperial Theatre this week one is impressed by the sight of the huge 6x8 timbers that are being fitted into the walls as supports for the girders. When these massive timbers have been put in place, even the most timid person will be convinced that the Imperial Theatre is the strongest building in the city. Mr. Miller is to be congratulated upon taking such steps for the protection of the people. The building was safe enough before, but it is rather difficult to allay the fears of the public when a whisper is started about a building being unsafe.

With the new improvements in the building, the iron pillars in the auditorium will be removed and Manager DeCotte will make extensive changes for the comfort and convenience of his patrons and will make the Imperial one of the finest theatres in the state.

The recent criticism of the building has been a serious drawback to the moving picture show and now that such a great improvement is being made the public should show an appreciation by a more liberal patronage. The Imperial Theatre is a credit to the city in every way.

Traction Line News

There has been a good deal of speculation as to the promised traction railroad between Sanford and Kissimmee and because there has been no visible activity during the past month the rumor has gone forth that "It is only another fake."

Of course no one is under bond to produce that long promised and much needed traction line, but the hopes of our weary waiters have again risen since the superintendent of the proposed line, Mr. T. K. Miller of Pittsburg, Pa., has arrived on the scene with his household goods and he and his wife are now occupying the Galey house, having rented the same for the summer.

Mr. Miller assures us that his road is not of the "fake" order and that there will be something doing before very long. "So mote it be."—Orlando Citizen.

MR. MERCHANT

The people of Sanford and vicinity believe in "The Herald." They subscribe for it and read it too.

If your ad appears on its pages they will read and believe it.

IS IT THERE?

If not call up 148 and ask the ad man to come and tell you how to do a good business through the dull season.

THE SANFORD HERALD

Published every Friday Morning at Sanford, Fla. R. J. HOLLY, Editor and Proprietor

Subscription Price, \$2.00 a Year in Advance

Entered as second-class mail matter August 22nd 1908, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building Telephone No. 148.

Watermelons are ripe in Sanford and are bringing a good price.

The Inverness Chronicle asks, "Will Knott Be Governor?" Well, not so you could notice it.

Sanford should invite the railway conductors to visit the city during their stay in Jacksonville.

W. M. Grier of North Carolina has taken the business management of the Bartow Courier-Informant.

Thursday afternoon these days is like a walk through the cemetery. Half holiday is fine for the clerks, but Oh! you deserted village.

C. M. Gordon has assumed editorial management of the White Springs Herald and promises to give his readers a good, clean paper.

One of our energetic growers intends to go in for sugar cane this year. Now if some one will just try hogs, The Herald will be content.

If it took eight years to bring the Ellen N. to a three cent rate how long will it take to bring the Southern Express down to a living rate? And how old is Ann?

When a man pursuing the daily peaceful avocations of life goes around with a revolver on his person, it is prima facie evidence that he is either a fool or a criminal, and in either case he ought to be kicked up.

The Hastings potato growers have discovered that by shipping their spuds Clyde Line to New York they can save 36 cents per barrel over the railway rate. This item could be profitable to Sanford growers as they discovered last season.

Tampa climate is so much superior to Los Angeles, California that the Tribune comparison by actual figures puts Los Angeles in the discard. Sanford never recognized California as being anywhere near the same class and therefore never drew comparisons.

The prosperity of a nation depends, not on the abundance of its revenues, nor on the strength of its fortifications, nor on the beauty of its public buildings, but on the number of its cultivated citizens, on its men of education and character. Here are to be found its true interest, its chief strength, its real strength, its real power.

Editor R. J. Holly, of the Sanford Herald wrote an able address on "Florida Colonies" for the recent session of the State Press Association. Editor Holly is thoroughly posted on this subject and has been very instrumental in bringing some of the most prosperous colonies to this state.—Tampa Tribune.

No man who makes Kissimmee his home can throw an obstacle in the way of the city's development and progress without injuring himself financially. Upon the prosperity of the community as a whole depends the prosperity of the individuals. Every man who knocks his home town and the things that are necessary to its welfare, knocks himself as well as his neighbor.—Kissimmee Journal.

"Just to commemorate Postcard day," says the Sanford Herald, "we have given space this week to several good articles about our section for the benefit of the new readers into whose hands the extra copies may fall". This was an excellent idea, and the special edition of the Herald will do more good, wherever sent, than a whole batch of postal cards—although this is not meant to discourage the sending of the pretty souvenir pictures. The front page of the Herald shows three busy scenes, two presenting celery fields, with many busy gathering this valuable crop, and the other a view of the wagons loading celery into a long line of cars at the station. The articles mentioned are carefully prepared and give briefly many good arguments why people of energy and enterprise should come to Florida.—Times-Union.

THE COMMISSION PLAN

The bill introduced by Representatives Chase, providing for the commission form for cities is on the right line. We are informed respecting the provisions of the

bill, and we do not have them in mind in commending it. We have simply in mind the fact that the bill is a general one, applying to any city of the state that desires to adopt the commission form of government.

Several times within the last month we have commended the commission government law that has been enacted in New Jersey—that is, we have approved the policy of a general law—for the reason that it will accomplish two things. It will insure uniformity in the commission governments of the cities of that state, and it will greatly lessen the demand on the legislature for local legislation for the cities.—Savannah News.

NO TIME FOR LAMENTATIONS

The situation at Sanford this season has demonstrated beyond peradventure that this section is the best on earth for everything in the vegetable line. Despite the damage inflicted by the storm in October, despite the bad luck that seemed to haunt some of the celery growers and despite the fact that it seemed as though fate was against them there are growers today shipping stuff and getting good prices for it, prices that will recoup their losses on celery and make good profits on the whole season. The frost that killed the bulk of the potato crop blasted the hopes of those who had hopes of a fortune in spuds. Those that immediately set to work and planted other crops made good. As The Herald has always contended a diversity of crops is the one thing needed to put the grower beyond the possibility of a failure.

Today the farmer who has a crop of the despised cucumbers, or tomatoes or sweet corn is getting good prices for it, and even the watermelons in this section give promise of good returns.

At the present time there is not one farmer in fifty who ever thinks of raising sweet potatoes. They always bring from one to two dollars per bushel, and yet the editor can remember when the Florida grower was glad to take 25 cents per bushel and 50 cents was thought to be a top notch price.

We have plenty of land that is not being worked where a few sweet potatoes, canteloupes, watermelons and sugar cane can be grown while the farmer is lamenting his failure on celery and on these old time crops he can make a profit that is surprising. The experienced growers in the Sanford section have made good this season just as they usually do and there is no lamentation coming from them. They know their ground and just what it takes to raise celery and lettuce. They believe in rotation of crops and they have made a careful study of the situation after failures had struck them just as it strikes the new man today. The Sanford section holds out more alluring offers to the grower than ever before but the gold is not growing on the bushes and it takes experience and the spirit of stick-to-itiveness that has brought success out of failure in every section from the time when man first trod this mundane sphere.

The grower who has failed in other sections of the state from lack of water will look to Sanford as the spot of his dreams. The new citizen of Florida who wishes to locate will profit by the experience of those who have gone before and Sanford will always be the place in which to raise vegetables. The Vegetable Growers' Association will also play an important part in finding new markets and getting a better distribution. But the grower himself will need to learn his lesson first and avoid putting all his eggs in one basket.

BIG PIANO SALE

Well Known Firm of Harper & Co., Coming to Sanford

Do you want a piano, diamond ring, gold watches, chest of silver, \$25 each or \$107 in vouchers for pianos? If you do want all these free gifts read the advertisement of Harper & Co., on page 3 of this issue. This well known piano firm will also hold a piano sale in Sanford for two weeks from May 29th, to June 10th, and the prices on these elegant instruments will make them sell. The name of Harper is a guarantee on all the goods and this is the finest opportunity for you to get a piano that will ever be given you for some time. Watch The Herald for later announcements.

Want Better Connection

We understand that the evening train from Sanford does not wait for the south-bound from Jacksonville, with the result that our best and quickest connection is cut off from Jacksonville. Nothing could be worse for us and we hope the efforts of the city officials, Board of Trade and Boost Club combined will result in our having it as usual, though the train is late in arriving here.—Eustis Lake Region.

Sanford Music Club

A called meeting of the S. M. C., will be held at Comfort Cottage Saturday, May 13th, at 3:30 p. m. All members are urged to be present to attend to important business. M. MARTIN, President.

Will Return Soon

The United Specialists have graciously consented to give Sanford two more days next week.

Owing to the great number of sick and afflicted that called but were unable to see the doctor on account of the extensive practice he had on his last visit, he has decided to return on the dates given below.

The United Specialists cure permanently the cases they treat and send the incurable home without deceiving them. This is why they are so popular throughout the South.

We Never Use The Knife

These famous specialists who are so eminently successful in all Chronic Diseases, as is proven by the many cures effected in chronic cases which have baffled the skill of all other physicians, will be at

Robbins Nest Sanford, Florida

Tuesday Afternoon Wednesday till 10 a. m.

May 30-31

Will Return in Four Weeks

Our Chief Physician's hospital experience and extensive practice have made him so proficient that he will pay \$5 forfeit for any case that he cannot name and locate the disease in five minutes. He treats all curable cases of Catarrh, Nose, Throat and Lung Diseases, Eye and Ear, Stomach, Liver and Kidneys, Gravel, Gall Stone, Rheumatism, Paralysis, Neuralgia, Nervous and Heart Diseases.

We Cure Every Case of PILES, FISTULA AND FISSURE and all rectal diseases, by painless Methods.

Sexual Weakness and Private Diseases a Specialty

Young and middle-aged men suffering from Spermatorrhoea and impotency, the result of self-abuse or excess, producing emissions, debility, nervousness, dizziness, defective memory, aversion to society, etc., permanently cured.

No matter what your trouble may be, we would suggest that you call upon this doctor and have a friendly talk with him, as his opinion in your case might be the means of saving you a great deal of suffering. Hundreds of people have found relief in his treatment, so can you.

Hundreds of Ladies have been cured and saved from surgical operations by the United Specialists.

Men by the scores have been cured after trying worthless remedies and appliances.

The United Specialists treat Catarrh, Eye, Ear, Nose and Throat troubles, Bronchial and Lung diseases; Heart complications, Liver, Spleen, Stomach and Bowel troubles, Kidney and Bladder diseases; Rheumatism, Headache, Sciatica and Lumbago, Skin and Blood diseases; Deformities, Spinal troubles, Club Feet, Rupture without cutting.

Piles, Fistula and Rectal troubles without operation or pain.

Cancers by most successful treatment known, and cures made in many cases given up as incurable.

All Diseases of Women, special Diseases of Men, special diseases of children.

If you are afflicted in any way we extend to you a cordial invitation to consult us free of charge, and to find out your exact condition.

IN AND ABOUT THE CITY

Little Happenings—Mention of Matters in Brief.

PERSONAL ITEMS OF INTEREST

Summary of the Floating Small Talk Succinctly Arranged for Hurred Herald Readers.

J. A. Takach has returned from a business trip to the East Coast.

Mr. and Mrs. Harry Ward have returned from a trip to Daytona Beach.

Mrs. J. D. Hoskins has returned home after a three weeks visit to relatives in Lowden, Tenn.

Mr. and Mrs. R. J. Holly spent Sunday at Daytona at the famous hostelry, Schmidt's Hotel.

Dean L. R. Spencer of Orlando was in the city on Tuesday and paid The Herald a pleasant visit.

Mrs. Pellett and children of New Smyrna visited her sister, Mrs. Hester, several days of this week.

Miss Alice Whitner has returned from a trip to Jacksonville, where she consulted an eye specialist.

Mr. and Mrs. E. L. Ferran of Eustis are the guests of their daughter, Mrs. D. L. Thrasher this week.

Meade Fox left Monday night for Columbia, S. C., to take a position with the Cudahy Packing Company.

Mrs. Alice Brown of Orlando, a former resident of Sanford was a welcome visitor to the city on Wednesday.

J. N. Whitner and family are enjoying the delights of camp life, a few miles from the city, for a few days.

Miss Cyna Millen left Wednesday for Havana, where she will spend a month or more doing stenographic work.

Mr. and Mrs. J. A. Borum are now comfortably domiciled in the elegant new Herndon house on Magnolia Ave.

A good driving and saddle mare, surrey and harness can be bought cheap by calling on R. J. Holly at The Herald office.

Mrs. M. M. Stewart and son, Max, returned Monday from Kissimmee, where they had been spending a few days with relatives.

E. V. D. Smith and family have leased the handsome Marks bungalow on Park Ave, in Sanford Heights and will occupy the same at once.

Mr. and Mrs. K. R. Murrel and family motored through to points in North Carolina this week and will spend several weeks with home folks.

R. L. Jones, "Our Bob", is pleasantly located at Knights Key. Having gone as far south as he can walk he will now start toward Sanford again.

The ladies of the Peoples Congregational Church will hold an ice cream and cake social at the residence of Mr. Meisch, Thursday evening May 18th.

The growers who are shipping beans, cukes and tomatoes are reaping a rich harvest. Watermelons also promise a good return on the investment.

Mrs. Dr. F. A. Reed of Eustis is the guest of Mrs. R. L. Jones, Mrs. Reed is Grand Treasurer of the Order of Eastern Star and has been attending the convention.

Mr. and Mrs. W. M. Keeler and children left last week for Stamford, Conn., going to Jacksonville in their automobile. We will expect these good people back in the fall.

Capt. Jno. T. Brady an expert watchmaker and engraver has accepted a position with Henry McLaulin the First Street Jeweler. Mr. Brady comes highly recommended.

P. M. Elder attended the Grand of Railway Conductors Convention in Jacksonville this week. Capt. Elder pulled the bell cord for many years in the early days and is full of stories of railroad life.

Mrs. Joseph Wiggins of Eustis stopped in Sanford on Tuesday the guest of Mrs. R. L. Jones. Mrs. Wiggins was enroute to Jacksonville to attend the meeting of the Eastern Star, of which order she is a grand officer.

Mrs. Lulu Hayes Lawrence, the distinguished society editor of the Jacksonville Metropolis is in the city the guest of Mrs. W. D. Holden. Mrs. Lawrence formerly resided at Orlando and has many friends in Sanford.

Rev. J. F. McKinnon left for Columbia, S. C., Monday to attend the meeting of the Board of Directors of Columbia Theological Seminary. The other director from the Synod of Florida is Rev. T. P. Hay of Gainesville.

E. C. Walton, one of the editors and proprietors of the Orlando Reporter-Star was in the city on Saturday last and paid the office a fraternal call. Mr. Walton was greatly surprised at our signs of development and said he had no idea there was such a large city between Jacksonville and Tampa.

Frank L. Miller is attending the meeting of the Embalmers' and Undertakers' Association at Jacksonville this week. Frank is secretary of the association and has held this position for several years. tion at Jacksonville.

The advanced piano pupils of Mrs. Fannie S. Munson will give a recital in her studio in honor of Sanford High School graduates Class 1911, May 22, 8 p. m. Mrs. T. Picton Warlow, soprano, of Orlando, will sing on this recital.

The Herald building is being improved this week by a fine, new galvanized awning. The work is being done by the Geo. H. Fernald Co.; who make a specialty of the galvanized awnings erected without posts to conform with the city ordinance.

All the ball players or near ball players of this section should attend the meeting in the Eagles Hall next Monday night in order that a list of the prospective material can be made. Sanford will have a home team if possible and every one should assist as much as possible.

Mr. and Mrs. B. A. Howard and family, Mr. and Mrs. Kent Rosetter, Mrs. F. J. Symes, Misses Mabel and Alice Anderson, Mrs. M. K. Hester, Miss Mabel Bowler, Miss Ella Stringfellow, Mrs. J. O. Packard and Mr. Holland were at the beach several days this week.

The pupils of Mrs. R. Homrighous will give a musical at the Congregational Church next Saturday evening May 13th, at 7.30. They will be assisted by the Ladies chorus under the direction of Mrs. Homrighous. No admission will be charged. A silver offering to defray expenses will be accepted at the door by those so wishing to give.

Mrs. B. F. Whitner, Jr., entertained the Book Circle last Thursday afternoon. The members who were unable to attend missed a rare treat. Mrs. Samuel Puleston, the retiring president of the Circle, contributed to the pleasure of the meeting by several delightful musical selections, charmingly rendered, which the members and visitors enjoyed very much.

Blind tigers occasionally show their heads in the county, but not for long before they are chopped off by our vigilant officers. A negro by the name of M. Jordan was arrested on Saturday by Deputy Sheriff Frank Gordon with a couple dozen quarts of whiskey. Whether he had that quantity for his own private use or whether for the accommodation of others will be determined in court.—Orlando Citizen.

Two of the very best stores in Sanford are owned by Orlando gentlemen. They are the dry goods house of N. P. Yowell & Co., and the "feet fitting" store of Mr. E. G. Duckworth. Both stores are ornaments to Lucky Sanford and we are glad to know that both are making good financially. Mr. A. E. Yowell, brother of our Mr. N. P., is manager of the Yowell store and Mr. Tillinghast, who was here with Mr. Duckworth for years, has charge of the Duckworth store.—Reporter-stur.

Mr. C. P. Dickinson, of the firm of Dickinson & Dickinson, attorneys, has opened an office in Orlando over Judge W. L. Palmer's office on Pine street, and is ready to welcome any of his old friends and make new ones. Mr. Dickinson will be remembered in the Park as principal of public schools for the past five years and carries with him into his chosen profession the best wishes of many friends. His brother holds the fort at an office in Sanford, where he has been for the past year and so the law firm of Dickinson & Dickinson spans the county.—Orlando Citizen.

Ships Cabbage to Cuba

J. C. Patten has just returned from Cuba and knowing the conditions of the markets there has purchased a car load of Sanford cabbage and shipped it to Cuba this week. This is opening up another good market for our cabbage crop just at a time when it promised to be a drug on the market, and if Cuba could be depended upon to take on our spring crop of cabbage there would be something doing next season.

A Negative Character

"What do you, want, boy?" asked a merchant of a lounging little darkey. "I don't want nuthin', sah." "Well, if you don't want nuthin', what do you want?"

"No, sah, I don't want nuthin', on' I neber foch nuthin' to put nothin' in."

Relief. When you are feeling good and sore And everything is blue Just go into a dry goods store And get a rag to chew. Select the first one that is near From out the bargain heap And do not use a comrade's ear For that when rags are cheap. Chew on. It will relieve your mind When you are feeling bad. To trouble you will be resigned, Just as a gum trust ad. Relieve your system of the blue. Don't cork it up and burst, And see how sweetly you can smile When you have chewed your worst.

Artesian Wells.

THE Laundry Bag says:

"A collar with a big crack in it certainly is not a thing of beauty.

"The Rag Bag gets it every time.

"Know why collars crack? Because ravelings from the raw edges of the interlinings get under the irons.

"But Corliss-Coon Collars are different. Cracks don't run in their family. Their interlinings have no raw edges, being bound with an 'overcast stitch.' No ravelings, no cracking.

"That's one reason why these collars hold the record for trips to the laundry."

Corliss-Coon Hand Made Collars 2 for 25c

P., 2 cylinder ferro with reverse gear and all equipment \$200.00 T. P. Cooper, Daytona Beach, Fla. 34-1f

COUNTY HAPPENINGS

A Budget of Interesting Items From Correspondents

THE EVENTS OF ORANGE COUNTY

Efficient Staff of Reporters Weekly Covers the Territory for The Herald

GENEVA JOTTINGS

Special Correspondence to The Herald.
Mr. and Mrs. Potter made a short trip to Bartow last week, returning to Geneva on Saturday afternoon.

Misses Annie and Olie Peters of Jacksonville are spending two weeks with their parents, before leaving for Seattle, Washington, on a stay of indefinite length.

News from Miami informs us that A. A. Moran is improving. His friends hope for his entire recovery soon.

J. W. Daniel and family are moving into their new home, recently purchased from the Niblo estate by L. P. Daniel.

Rev. E. Lee Smith returned to Longwood Monday morning, after filling his regular appointment at Geneva Sunday.

Miss Bobbie Nicholson is visiting relatives in Sanford, prior to leaving for Americus, Ga.

Gus Walker from Americus, Ga., is in Geneva, where he is employed by the new railroad.

Young Mr. Edge from Pinecastle is visiting the family of his uncle, W. H. Howard.

There was a mistake in the printing of the officers' names for Woodmen recently. The names should read: W. H. Howard, David Speer, H. H. Pattishall, R. I. Gresham, Homer Nicholson, Geo. Taylor and Kilby. Mr. Shaddock of New Smyrna assisted in the organization.

"Dr. Burns is dead" were the words which flashed over the wires to Geneva Thursday afternoon of last week and which caused deepest sorrow in every heart, for every one, old and young, loved him. For a number of years he had been spending his winters in Geneva and his summers in Defiance, Ohio, where he was when the summons of his Father came to bid him leave this world to join those loved ones gone on before. Dr. Burns was a gentleman of the old school, ever kind, courteous, helping with hand and purse where help was needed. He was also a scholar of rare attainments, having been, prior to falling health, actively engaged in educational work in Ohio; holding positions there which within themselves were a compliment to his ability. To have him in the home for even a short time meant a literary treat for those of the house. His daughter, Mrs. C. A. Raulerson, left immediately for Defiance, reaching there Sunday morning, when the funeral took place. To this daughter who for years has been his constant companion, doing a daughter's duty in its fullest and broadest sense and ever mindful of his comfort and pleasure, the sympathy of the entire community is extended. To the two sons, one in Kentucky and the other in Indiana, the same sympathy is extended, for their loss is our loss too, and especially, will we miss as the time draws near for his usual return south.

CAMERON CITY ETCHINGS

Special Correspondence to The Herald

Mrs. W. W. Dresser is called to New York by the illness of her mother. She left Tuesday night. It is hoped however that the illness will not prove serious and that Mrs. Dresser may return and bring her mother with her to regain her health.

We are sorry to have Mr. and Mrs. Benjamin leave us. They go to their home in North Anson, Maine for the summer. Mr. Benjamin's health has been greatly benefited by his winter in Florida and we hope to see them back in the fall.

Mrs. F. F. Dutton spent last Thursday at the home of Mrs. J. C. Rich.

The many friends of Mr. and Mrs. Ballard at Cameron City, congratulate them upon the arrival of a fine baby boy at their home.

Miss Irma Crim will leave us Sunday for a visit at her former home in Indiana. Mr. Crim has a position with the Railroad people and he and Mrs. Crim will remain among us.

Among our Sunday visitors this week were the Misses Simon and their Aunt who attended Sunday School and Church and Miss Jessie Wheeler who spent part of the afternoon at the Minnick home.

Cameron City is quite a resort for the young people of Sanford on Sundays. They enjoy the car ride out and find our parks beautiful spots in which to spend a few hours. They are always welcome.

The Farmer's Club had a jolly evening at Beck's Park Tuesday. A picnic supper

was spread and greatly enjoyed after which an impromptu programme was carried out. Dr. Minnick presided in his usual cheerful way and among the speakers were Mr. McCartney, Mr. Randall, Mr. Rich and Mr. Allen. The evening was fine and the occasion thoroughly enjoyed by all present.

Potato digging is being rushed to a finish this week.

Mrs. H. H. Chappell and Miss Hawkins drove down from Celery Ave., to attend the Farmer's Club picnic Tuesday evening. They were the guests of Dr. and Mrs. Minnick.

MOORE'S STATION

To the Editor of The Herald:
Mrs. Fannie Lee has moved from Beck Station to Oak avenue in town.

J. A. Cameron has been south for two weeks on a big "round up" of cattle he recently purchased.

Mr. and Mrs. J. D. Benjamin departed for their home in North Anson, Maine, for the summer, on Wednesday, after a two years' residence here for Mr. Benjamin's health, which has been greatly benefited, and his many friends wish for their return in the fall. The Cameron City folks had a picnic supper in Beck grove Tuesday evening in their honor. They will go by boat the entire trip.

Miss Laura Lee is spending the week with Mrs. E. L. Craig before going to town to live.

Mr. and Mrs. J. E. Avins with their daughter, Louise, and son, Earl, left here on Monday for their old home in Jackson, Mich. They have resided here two years with the hope of benefit to Mrs. Avins' health. The first Sunday school or Sunday service of any kind here was held in their home before the church was built. They will be greatly missed by a large circle of friends. They visited St. Augustine enroute.

Mr. and Mrs. Elmer Beecher and children left this week for their former home in Norwalk, Ohio, after a six months' stay here.

Mrs. Haldean has returned to her home on Cameron avenue after an extended visit in Brooklyn, N. Y.

People from Bryan, Ohio, have purchased ten acres on Cameron avenue of J. N. Whitner and expect to begin improvements on their purchase in a short time.

The Land Developing Company, with the Howard-Packard Land Company at the head have bought the 80 acre "Wolverine Farm," lying between Beardall avenue and Railroad street, and the 10-acre farm on Beardall avenue owned by Beal & Benjamin and also 40 acres at Eureka Hammock.

The entertainment given in the church, for the benefit of the church, last Friday evening under the direction of E. A. Gilbert, by home talent, was considered by those present to be a decided success. From the opening number to the closing the closest attention of the audience was held and the liberal applause showed how thoroughly the efforts of the participants were appreciated. The program as arranged held something for everybody's liking, from the sublime to the ridiculous. The numbers deserving special mention: "Star of Descending Night," one of Leslie's choicest compositions, was sung in a creditable manner and showed much time must have been spent in its preparation. That grand old solo, "The Holy City," with pantomime was the climax of part one, and those who failed to see this particular number missed the opportunity of a life time. The closing number, "Dame's Lame Crane," a comic round sung by an octet of male voices took the house by storm, and they came back and gave us another round. "Three Little Birds," which was also encored. "Thinking it as a whole, it was far better than many high priced, much advertised shows and should have received much better patronage, and our advice to those who did not attend this entertainment is be sure to be present at the next one.

WASH THAT ITCH AWAY

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you knew that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25-cent bottle today. We assure you of instant relief.

READ THIS!

IT MAY BE WHAT YOU WANT

Do you ever have Fever, Chills or bad Colds? Do you ever feel as if you were tired and worn out, with no desire to eat, with pains in your back and shoulders, a headache, and a bad taste in your mouth when you get up in the morning? POINTS PURELY PERSONAL

New Celery City Vanity Fair While Away the Golden Hours—Social Gossip.

Mrs. L. R. Phillips entertained the Reading Circle of the Missionary Society at her lovely home on Park Avenue last Thursday afternoon. The readers for the afternoon were Mrs. A. E. Phillips and Mrs. H. H. Chappell, who entertainingly read of Western Women in Eastern Lands. At the close of a pleasant and profitable afternoon Mrs. Phillips assisted by Miss Farnsworth served ice cream and cake and each guest was favored with a dainty bunch of pansies.

A large number of the Welaka Club members met at the club rooms Tuesday afternoon and enjoyed a delightfully informal sewing party. Mrs. J. W. Dickens was hostess and was assisted by Mrs. LaVerne Hurt, Miss Flossie Frank and Miss Ruth Abbot. A delicious salad was served, the plates artistically decorated with nasturtiums and leaves.

One of the most enjoyable parties that the younger society contingent have ever given was in the city hall Monday evening. Tacky costumes were worn and Miss Charlotte Hand took the prize for the best costume. Carl Roumillat carried off the prize for being the tackiest boy present. The chaperones were Mrs. Purdon, Mrs. Connelly and Miss Birdie Harris. There was excellent music and the young folks enjoyed the dance to the fullest extent.

Thursday afternoon Mrs. Mary Strong gave a lovely party for children at the residence of Mrs. Fannie Munson. It was little Miss Winnie Strong's birthday and the party was given in honor of the occasion. On account of the inclement weather the children were entertained indoors at a soap bubble contest, which proved a happy thought. Mary Howard was the happy little girl to blow the largest bubble and a prize was awarded to her. Refreshments were served at the close of a delightful afternoon and the children wished the little honoree many more such happy occasions. Those invited were Fannie Reba Munson, Blanche Ray, Carolyn Spencer, Lillie Ruth Spencer, Helen Gonzales, Esther Miller, Norma Herndon, Kathleen Brady, Gladys Ruffley, Mildred Houston, Mildred Reasoner, Martha Chappell, Ellen Chappell, Dora Harold, Mary Howard, Elmer Howard, Gladys Wilson, Dorothy Rumph, Eleanor Herring, Ruth Marshall, Anna Mason, Julia Laing, Clifford Shinhalsner, Laurie McDaniel, Sara Wight, Newton Lovell and Joe Gonzales.

An interesting meeting of the W. C. T. U. was held in the Methodist church last Tuesday afternoon, the president, Mrs. J. W. Wildman in the chair. Recreations and amusements for the children was the topic for discussion. Mrs. G. B. Waldron read a fine paper on the Chicago Commons. Practical plans for recreations for the children in Sanford were discussed in an open meeting, among which was the one to have one who is gifted with the art of story telling to tell stories for the children at the band stand in the park one afternoon each week during the summer months. Mrs. Henry Wight, Mrs. R. C. Maxwell and Mrs. G. B. Waldron were appointed as a committee to arrange for the same.

Mrs. B. W. Herndon was the charming hostess of two very pretty bridge parties given at her attractive home on Park Avenue Saturday and Monday afternoons. The rooms were daintily decorated in a color scheme of yellow and white and the flowers used were daisies and exquisite Marchiel Nell roses. The guests on Saturday afternoon were Mrs. W. R. Anno, Mrs. H. P. Driver, Mrs. Robert Newman, Mrs. G. F. Smith, Mrs. P. M. Keeley, Mrs. Prather and Mrs. J. L. Hurt. Top score was made by Mrs. N. R. Anno to whom was awarded the prize, a fern dish.

The guests on Monday were Mrs. S. O. Chase, Mrs. S. Puleston, Mrs. G. A. Spear, Mrs. F. L. Miller, Mrs. F. J. Gonzalez, Mrs. T. A. Neal, Mrs. O. W. Brady, Mrs. Arthur Yowell, Mrs. Geo. Fox Jr., Miss Nona Wily, Mrs. Cruse Barnes and Mrs. Arrington. The prize was a pretty jardiniere, and was won by Mrs. S. O. Chase.

Card of Thanks
To all our kind friends and our beloved pastor, Rev. J. F. McKinnon, we feel that we cannot sufficiently express our gratitude for their kindness and sympathy to us during our bereavement.
MR. AND MRS. BEN GÜTHE.

SPECIAL SALE OF NEW FURNITURE

HOWARD-PACKARD LAND COMPANY

Bulletin

The Need of The South Is The Need of Florida

There is no free land in the South as there was in the West. But, on the other hand, there were in the West no accessible markets in the early days, no transportation system, no settled civilization. The South has all these. One fact that the Southern people have themselves been slow to put full value on is the need of a larger working population. There has never been labor enough—neither unskilled farm

labor nor skilled labor. As for independent farmers—men who own their own land—there is now no parallel on the continent to the opportunities that the Southern States offer. New comers, of course, require some capital, but men who have enough money to begin life may begin it there with the best outlook for success.—Editorial in the February World's Work.

There is hardly a parallel in the state of Florida to the opportunities for successful diversified farming offered by the rich agricultural lands known as Volusia Farms, just across the river from Sanford. The success of Volusia Farms has been far greater than we anticipated this time last year when we first opened this district for settlement. Much of the land has been taken up by a splendid class of settlers, and this in itself, has made the remaining acres of greater value. The more people who settle on Volusia Farms, the greater the automatic increase in value, so that there will come a time—and not in the dim future either—when you will be glad to pay a price per acre based on the producing possibilities of the soil if you wish to settle there.

Diversified farming is the keynote to a good living and something in the bank. All over Florida today you will find corn fields, vegetable gardens, pasture lands, chicken runs, orange and grapefruit groves more equally divided on the average farm than formerly. Our farmers are not relying on one crop.

At the present price of chickens, eggs, meats and other table products, we look for a much larger diversity of agriculture in Florida than ever before. **We look forward to the time when Volusia Farms is the Center of the Greatest Diversity, the State has ever known.**

Volusia Farms has the soil. Not because we say so, but because this is proven by the wide diversity of Volusia county products in general. Chickens, cattle and hogs can be raised on Volusia Farms almost without cost. The lands furnish an immense amount of food. Grass grows plentifully without cultivation.

All kinds of vegetables and fruits can be raised on Volusia Farms, and a man looking for a little recreation between times can enjoy the splendid fishing on the St. Johns river or hunting in the woods of the country.

Compared with the early days of the west (and we are in the

early days of the NEW Florida) one need but give little thought to the question of which offers the greatest opportunities. Volusia Farms has frontage on the St. Johns river. Volusia Farms has a standard railroad intersecting east and west. Volusia Farms has roads radiating all directions.

Yet with all the advantages of soil and equable year-round climate, Volusia Farms still need more people—the need of the South is the need of Florida, and the need of Florida is the need of Volusia Farms.

Volusia Farms Needs More People—Men with enough money to begin a life such as they have never known further north, a life where a man earns both the wages and the PROFITS.

We do not advocate any man to come to Volusia Farms without money unless he is willing to hire himself out until he learns the difference between Volusia Farms farming and the work he did previous to his coming here, and even then, a little money is a desirable thing.

To the small capitalist who is willing to put shoulder to the wheel in the early stages of settling in a new place, Volusia Farms is a good investment. Resulting from the past few years of general development throughout the State a constantly increasing tide of prosperity has set in with every likelihood of its continuance. Prices of land increase every week.

During the summer season, Homeseekers' excursions are run from all important railroad centers in the north and central west, leaving every first and third Tuesday of each month. Tickets are good for twenty-five days, a sufficiently long time allowance for anyone to come to Sanford and permit us to carry him over Volusia Farms.

You should not buy land sight unseen. We prefer not to sell you land sight unseen—although we will make a reservation for you and allow you to change location if at the end of a reasonable time you come here, and, after inspection, prefer another tract. The Homeseekers' excursion

from your section affords you a splendid chance to take a few days off this summer to see what Florida is really like. It won't be so hot as the country you have left behind, for the breezes from either ocean or gulf continually sweep over the peninsula of Florida making our days enjoyable and our nights comfortable.

You'll see oranges "in the making"—green on the trees, you'll see our farmers busy with one of the three and four crops a year, and you'll see those who can leave home enjoying themselves at one of Florida's beach resorts or inland springs. Florida has all these advantages and no competition outside of her boundary line.

In thus seeing Florida for yourself you will understand her better and understand your own capabilities for getting a living from her rich soil. You will know what you are buying and WHERE. Beware of the booklet which contains illustrations taken in other parts of Florida other than those described in its pages. We recently looked over a booklet showing orange groves in a section of Florida where oranges do not grow—leaving the reader to infer that citrus fruits would do well in that section. We have seen a booklet containing the picture of an Indian river hotel, altho the booklet described a town over 250 miles from the Indian River.

The booklet, "Resources of Volusia Farms" tells the REAL story. Nearly all the pictures were taken by our Mr. Packard personally and every word in the booklet faithfully describes the resources of this favored fruit and vegetable belt of southern Volusia county. Send for the book. It is free. Even if you think you are not interested in Florida, read the book as a matter of information. Get posted on the wonderful development of Florida. Who knows but what the reading of the "Resources of Volusia Farms" may mean to YOU the red letter day of your life—the actual turning point of your career. This opportunity is with YOU. Send for the book NOW. Address your post card or letter plainly:

FOR AGED PEOPLE

Old Folks Should Be Careful in Their Selection of Regulative Medicine.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to relieve our claims. This remedy is called **Rezall Orderlies**.

Rezall Orderlies have a soothing, healing, strengthening, tonic and regenerative action upon the bowels. They remove all irritation, dryness, soreness and weakness. They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. Price 25c. and 10c. sold only at our store—The Rezall Store.

Farm and Garden

FIGHT THE WILD CARROT.

This Weed is a Great Spreader, but Not Very Hard to Eradicate.

The wild carrot, familiarly known as "bird's nest" or "Queen Anne's lace," is found on wild land and along the roads in the eastern half of the United States and Canada. It came here from England. It produces flower stalks from one to three feet high and has tall, slender, hollow stems and a finely cut leaf. The flowers are white, and the clusters with the stems resemble an umbrella. It has a very strong, suffocating odor when in bloom, and this with its nectar attracts scores of insects. It blooms from June to September. The large number of insects which visit it make pollenization almost sure, which partly accounts for the readiness with which it spreads, says Farm and Fireside. It is a biennial, and the first season it produces rather a low, vegetative growth. The second season it sends up long flower stems. The seeds are very numerous, and if the flower stems are cut down before seed has been formed new stems will come up. This weed is a demon to spread, but not very hard to eradicate. Good cul-

Photograph by Iowa State College of Agriculture.

WILD CARROT.

tivation will keep it out of cropped fields, especially where there is a rotation including one or more cultivated crops. In permanent pastures, along roads and in other places not cultivated it should be cut down with the scythe. This must be done repeatedly to keep the new flower stems that spring up from carrying their seeds to maturity, but persistent cutting will kill the weed out, generally in two years. If the weeds are not too numerous they can be killed off individually once and for all by cutting the root underground with a spud, sharp spade or other handy implement. Recent tests have indicated that the wild carrot is vulnerable to several weed killing sprays. One solution that is recommended is sodium arsenite, one pound to twenty-six gallons of water, sprayed on when the plants are dry.

When we have repaired the buildings where our live stock is kept through the winter would it not be well to visit the "school-house on the hill" and look over the buildings where the children spend the winter days?

Tobacco Stems For Fertilizer.
 Tobacco stems are sometimes sold as a fertilizer. If comparatively dry they contain something over 2 per cent

of nitrogen, a trace of phosphoric acid and 5 or 6 per cent of potash. They usually retail around \$14 a ton and are well worth the money.—American Agriculturist.

Advice to Corn Growers.
 Unless there is an experienced and successful corn breeder in the vicinity who makes a specialty of growing first class seed corn every farmer had better make his own selection from his own field or from the best fields of neighboring farms.

Try Peppers For Profit.
 Peppers may be easily grown in all parts of the country, and market prices are generally quite good. Foreigners consume them in large quantities, and Americans are using them more extensively than a few years ago.

Pruning Note.
 Currants and gooseberries may be pruned as soon as the leaves fall, or the work may be left until early spring. Cut back one-third of last year's growth and thin out surplus, diseased or unthrifty shoots.

Oil Concrete Road.
 The first stretch of oil concrete highway to be laid in Pennsylvania has just recently been completed on the Harrisburg-Lingestown road. It is about a quarter of a mile in length and is between Progress and Paxtonia. The oil concrete road is an experiment on the part of the state highway department, which in 1907 rebuilt the highway from the eastern terminus of the city to Paxtonia.

The section just laid replaces a quarter of a mile of road constructed of concrete. The new section of road is made of concrete into which are mixed asphaltic oils. The top surface is not arched so much as the rest of the road, the crown being constructed on a basis of three-eighths of an inch to a foot. The crown is the same as that used in laying a brick pavement.

Missouri's Oldest Road.
 Twelve miles of the old "king's highway" near Sikeston, Mo., the oldest road in Missouri, is being rebuilt with rock macadam. Curtis Hill, the state highway engineer, has organized a special benefit assessment road district to carry on the work. Later the road will be extended to New Madrid.

FREE ROAD DRAGS.

To encourage road work Roy Williams, highway engineer of Madison county, Mo., gives a road drag free to every farmer who makes application for one. If the farmer does not use his drag it is taken from him and given to some one more industrious. The roads of the county have been much improved by the arrangement.

Chemicals With Manure.
 This is the way some of them use manure when fertilizer is to go on the crop: A load of manure is put in the spreader and thirty to forty pounds of the chemicals scattered over it. The result is that the whole thing is evenly scattered.—Rural New Yorker.

The Way With Weeds.
 Possession is said to be nine points of law. This is certainly true of weeds. When they once get possession of a field it takes about nine times the labor to get rid of them than would be needed if they had been held in check from the start.

Map out a plan for farm operations for the ensuing year and then stick to it until you have a better.

Wanted a Sample.
 "So you think you will do?" said the man who had advertised for cracker-jack salesman to the one who had applied for a job. "What can you sell?" "I can sell anything." "What, for example?" "Town lots in Mars." "Very good. Sell me one as a starter and you can have the job."

DON'T BE BALD.

Nearly Anyone May Secure a Splendid Growth of Hair.

We have a remedy that has a record of growing hair and curing baldness in 93 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain Rexall "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for it in every instance where it does not give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50c. and \$1.00. With our guarantee back of it, you certainly take no risk. Sold only at our store—The Rexall Store.

L. R. PHILIPS

Just received a shipment of Mason's fruit jars and jelly glasses for early canning purposes. Let me supply your wants. W. W. Long, grocer. 33-1f

COLE 30

The Car You'll Be Proud To Own

You Must See These Cars To Appreciate Them.—It is so easy when one is thoroughly enthused about such a magnificent car as the Cole 30 to say that "nothing like it has ever been sold at anywhere near the price of the 1911 Cole 30"—to say that "it's the classiest car of them all"—that "it's the car you'll be proud to own"—"you will marvel that such a car can be sold at the prices."

We can write volumes and present argument after argument to prove to you that these statements are merely absolute facts—but after it is all said our crowning argument must always be "see the car—have it demonstrated—compare it with other cars selling at the same price." When you have done this, we are willing to abide by your judgement.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Realizing that a sufficient supply of good water is the greatest asset a city can boast of St. Petersburg has been steadily extending her water mains during the spring and will continue the work for several months, or until a shipment of some hundred tons of pipe is put under ground. The extension of water mains is largely in new sections, and thus fire protection as well as water for domestic purposes is being extended into all parts of the city.

Through the accidental discharge of a rifle, Mr. H. March, a prominent citizen of Miami lost his life last Saturday.

Because they had testified against him in court, a negro shot down two white men near Tallahassee last Saturday. The negro is in jail and while the feeling against him is high the law will be allowed to take its course.

Jacksonville, will invite the United Confederate Veterans to meet with her next year, there to smell the orange blossoms and drink the waters that make the old feel young.

Alachua county has the largest boys' and girls' corn club in the South all due to the efforts of Dr. L. Kelley, county superintendent, who, however, has the loyal support of the boys and girls eager to help in the big work. With its able reports of the work of the club, the Gainesville Sun is another strong factor for the success of the enterprise.

The bill introduced by Senator Culpepper to establish an agricultural school in each congressional district of the state is a good one for a starter, and if it becomes a law will no doubt lead to more schools of the kind being established in Florida.

Fire broke out at Newberry, seventeen miles west of Gainesville Sunday night, and before the flames could be checked twelve buildings aggregating with their contents between \$7,000 and \$8,000 had been destroyed. Had it not been for a rain early in the evening there is no calculating as to how much the losses would have reached, as the only fire protection the town affords is a bucket brigade.

The Manatee Journal tells of the first attempt to raise a second crop of celery from the same land in one season, and it seems to have been a fairly good success. William Richman of that section gives facts and figures about his second crop which are highly interesting. He says that the crop sold in New York for \$3.75 and \$4 a crate and gross receipts were \$1,329. On this freight and commissions were paid amounting to \$365, allowing him \$964 for raising the celery.

Prize winners of the State fair, held some years ago at Tampa, will, according to the provisions of the legislature now in session, get the money they have long expected.

St. Cloud Veterans are planning to celebrate Independence day in proper style. At a meeting held recently a committee was appointed to arrange the program and it is certain that the call will bring out every Veteran.

At a meeting of the State Republican committee in Jacksonville Wednesday, Mr. Henry S. Chubb was elected national committeeman to succeed J. N. Coombs, deceased.

The city of Arcadia voted to bond for fifty thousand dollars, twenty thousand for water works extension, twenty thousand for sewer extension, and ten thousand for street improvement.

For the consideration of \$350,000, over a third of a million, thirty-two thousand acres of the most fertile lands in St. Johns county, located in the southern end of the county, and including the town of Dupont, have been purchased, by a northern syndicate.

The oiling of West Palm Beach's streets will begin this week. This will be a most important improvement and will add much to the wearing qualities of the streets.

MAKING A RECORD

The Sanford Land Development Company Is Doing Things

It is a regrettable fact that Sanford is endowed with a few citizens who are unable to refrain from the perpetual use of the little "hammer." It is as natural for them to knock as it is for a duck to take to water, and the better the proposition and the more far reaching its influence upon the future of Sanford, the more energetically and persistently the little hammer is applied.

In view of the fact that some of these "tappings" have come to The Herald it has applied its usual policy of getting at the facts in the cause, by examining into the progress and policy of this new corporation, with the following results:

The Sanford Land Development Company was organized March 15th with the following board of directors: F. E. Houghton, Boston, Mass.; J. F. Wilcox, Scranton, Pa.; B. A. Howard, J. O. Packard and C. C. Howard of Sanford, Fla., and H. C. Trask of Petosky, Mich.

The usual delays of organization, of securing printed matter and of getting the machinery of a larger corporation working, have occurred and have probably been to some extent the reason why disparaging remarks have been made regarding the purpose and outcome of this corporation.

This intimation by certain uninformed persons, that the organization of this company was a last desperate effort to bolster up a quiet real estate market, is as far from the truth as anything can be. The primary object of this organization is to develop and cultivate for a profit, the lands which it owns and which it may acquire. The Sanford Land Development Co. is not a real estate concern and has no land for sale, but its purpose is to buy, hold, develop and farm lands in the Sanford Celery district. It has some large plans under way which include improved methods of clearing and developing land; cheaper and better methods of farming and raising crops; reduction of transportation costs and decided improvements in the distribution of the products of the Sanford section. It has no designs on the business of any real estate dealer or of any grower. It hopes to improve the business of the former by taking off the market a considerable acreage which has formerly been for sale, and by demonstrating its value in a conservative, perpetual, profit paying way, which will evidently do away with the fluctuation of real estate values in the Sanford district and make them stronger. It will take time to do these things, but the plans for the same are being carefully and successfully laid.

The intimation that this corporation is not doing anything perhaps arises from the fact that its policy from the inception has been conservative. Not having been organized for the purpose of selling real estate, it has not adopted any "brass band methods" of getting before the public. Its first announcement showed conclusively that its policy is to get away from the "wild cat" idea of one thousand dollars per acre net profit on land, and to show to the public by practical demonstration, that the lands in the Sanford district will pay as liberal interest on the money invested as any well conducted industry will pay.

Contrary to the supposition of some of our citizens, the progress of this new corporation since its organization has been really phenomenal. Almost immediately it started a crew of men clearing some of its lands and besides the new land being developed, its holdings include more than one hundred acres of improved and tilled land, which has been farmed from two to four years, and which is now being carefully cultivated, sowed to cow peas and put in the best possible condition to product maximum results in vegetables next season. The sale of the company's securities have been surprising even to the management itself. Up to May 8th it has sold \$25,700 worth of 7 per cent preferred stock, made up of subscriptions running from one hundred to five thousand dollars each. It is interesting to note that this averages five hundred fourteen dollars per day of 7 per cent preferred stock sold for every working day since the organization was effected, on March 15th. This is not a bad showing and does not look to us like the corporation was "falling down" as has been suggested by those who never have a word to say about a successful enterprise but are always willing to create and exploit any idea of failure.

This corporation has issued a beautiful booklet called "Florida" which outlines its plan and its policy, and which our readers can have upon application to the company.

It is the opinion of the Herald that this corporation is on the right track and that it is organized on the soundest and most sensible basis of any institution ever organized in this community. Its securities are based upon the fundamental sources of wealth, and while the American public has been educated to invest its securities in industries and institutions of public utility, yet the time has come when investors have begun to put their money into securities based upon property which creates wealth. We predict for the Sanford Land Development Co. a most successful future and through its success the entire Sanford District will receive the greatest benefit of any single enterprise that has ever yet been established in our midst.

FOR HUMANITY'S SAKE

Legislature Abolishes Convict Lease System

BILL PASSED HOUSE WEDNESDAY

Amendment to Constitution For Initiative and Referendum Passed House Yesterday

The convict lease system will be abolished. The house of representatives after wrestling with the problem for over two hours and being reported back to the house without recommendation on Tuesday the Angle bill was finally passed on Wednesday.

It provides that the present system of hiring out and leasing of state and county convicts is hereby abolished and shall be discontinued after the expiration of the contracts now in force for leasing of said state and county convicts.

That on and after January 1, 1914, this being the date of expiration of the present lease of the state convicts, all able bodied state convicts shall be employed by the state in preparation of material, building and construction of hard surfaced state highways. The said convicts shall be under the charge of state prison authorities, but they shall be so employed under the direction of the state highway commission, as may be deemed necessary.

That all able bodied convicts that are not leased and that are under lease at the expiration of present leases and other convicts shall under the direction of the board of county commissioners be employed in working, building and maintaining of the public roads within the counties respectively of the state.

The Angle Highway commission bill was lost on a vote the motion pending for reconsideration. Yesterday morning the House reconsidered and passed the proposed amendment to the constitution for the initiative and referendum.

ORGANIZE BALL TEAM

Sanford Will Endeavor To Give Fans Good Ball

A very enthusiastic, though very small crowd of enthusiasts held a meeting last Monday night in the Eagles Hall and gave the ball season a start by organizing and election of officers. G. W. Spencer was elected manager which means that Sanford will have a team—that will pay expenses for Spencer will look after the financial end along with the general management of the team. The aims of the new management will be to give Sanford a winning ball team at the least possible expense. It is up to the business men and fans generally to donate a monthly stipend in order that a certain sum can be relied upon over and above the gate receipts. Give only what you think you can stand as every little bit helps and the result will demonstrate whether Sanford wants a ball team this season or not.

At the meeting Monday night the following officers were elected for the ensuing year:

B. G. Wagner, president; R. J. Holly, vice-president; R. C. Maxwell, secretary; treasurer; G. W. Spencer, general manager. The officers are directors and the following new directors were elected: R. H. Newman, Geo. A. DeCottea, and J. D. Davison. Geo. Fox will act as field captain for a few weeks in order to get the new material out to practice and ascertain how many can make the team.

Bishop Kenny to Be in Sanford

Next Sunday May, 21, the Right Rev. W. J. Kenny D. D. Bishop of the Catholic diocese of St. Augustine will visit Sanford and while here will be the guest of Father Bresnahan at the new parochial residence. It is quite a long time since Bishop Kenny was in Sanford before and still longer since he visited the place first, some thirty years, when as a young priest he counted Sanford among his many missions. Bishop Kenny will confirm a large class at All Soul's Church on Sunday night.

Purchased Cameron Store

Guy Ellsworth and Earl Gormley, two enterprising young men of Cameron City this week purchased the Stevenson store at that thriving city and will take charge at once. Messrs. Ellsworth and Gormley are general favorites in the community and have experience in the mercantile line and expect to do a thriving business.

HOSPITAL BOARD MEETS

Report of Proceedings That Occurred Friday, May 5th

At a meeting of the trustees of the Sanford Hospital Association held at Sanford on March 9th, 1911, the following trustees and officers were present: M. F. Robinson, president; Mr. D. A. Caldwell, Mrs. Frank, Mrs. Homrighous, Mrs. J. N. Whitner, Mr. T. E. Wilson, Mrs. Roumillat, Mrs. Fernald, Mrs. Rosseter and Dr. C. E. Walker. Absent: Dr. Neal, Mr. Fernald, Mr. S. O. Chase, Mr. W. D. Brady, Mr. J. Cameron.

The following communication was received:

"To the Board of Trustees Sanford Hospital Ass'n: On Friday night, May 5th, I was elected a member of your honorable body by a mass meeting held in 'Eagles' Hall. This election, as you know, was under my protest and my reason therefor given at that time. Please do not think me unwilling to do anything in my power for the worthy cause, or that my resignation, which is herewith tendered, is prompted by any but the best of motives. I thought at that time that physicians should not be elected to your board and under mature consideration I am more convinced of the wisdom of my decision.

With best wishes for the success of your efforts, I am,

Very respectfully yours,

T. A. NEAL."

It was voted to accept Dr. Neal's resignation and the vacancy held open until another meeting.

The following resolutions were presented and adopted:

Whereas, in starting a Hospital a large sum must be contributed by the community, not only for the construction of the necessary buildings; but to maintain the hospital after the buildings are paid for. In a small community like this, we all realize that the generosity of the people will be strained to the utmost; and there should be some provision made in the by-laws of the association whereby the money contributed to the association by membership fees and donations, should, like bread on the water, be returned to them in case any of them should require the services of the hospital at any time in the future.

Resolved, that the annual membership dues shall be one dollar. Any member in good standing is entitled to a vote at all meetings of the association.

Resolved, That all moneys paid to the association, whether as annual dues or donations, shall be charged to cash credited to the person who pays, all account with each person. And this credit will be considered as a credit in the settlement of any bill for hospital services in behalf of such member or any of his or her family. Provided however that this shall not apply to the payment of the physician or surgeon in attendance, because the association does not pay the doctors bills in any event; and no part of the money paid in dues or donations is used for that purpose.

Resolved, That the treasurer shall keep double entry books of the finances of the association; and that they shall be open to the inspection of any member of the association who desires to see them at any time during business hours. That the president for the association and see that they are properly kept.

The secretary shall enter the minutes of all meetings of the association and of the trustees in a suitable book for that purpose and is authorized to buy the book. In this book shall be entered the constitution, and all motions and resolutions that pass at any meeting of the association or of the trustees.

Resolved, That every person subscribing one dollar or upward shall be elected by the trustees a member of the association during the continuance of such subscription.

At this point of the meeting a very encouraging announcement was made, which was this: Mr. Alfred Foster offered to start a subscription, giving \$100, provided nine other gentlemen would do likewise. Various rumors were afloat in the room, which without doubt, will bring great results in the near future.

Returning to business, it was voted that the president appoint three who together with himself draft by-laws for the association. Mr. T. E. Wilson, Mrs. Homrighous and Mrs. Fernald were appointed such a committee.

Resolved, That Mr. Wilson act as attorney and see that deed from Holden Real Estate Co. be legally made and deposited with Realty Trust Company for the Sanford Hospital Association.

Mrs. J. N. Whitner was elected chairman of a committee to solicit for membership with power to appoint assistants to procure a thousand memberships on the most favorable terms.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

Elyria, Ohio, high school girls circulated a petition calling upon Rev. Bertha Harris of Berea, woman evangelist, who Thursday night last in a sermon at the Second Congregational church, declared that Elyria school girls smoked cigarettes, either to prove her statement or make public a retraction. The evangelist in her sermon also told of a recent automobile load of young people, apparently intoxicated, all of whom, she asserted, were smoking.

Henry Stimson failed to beat Dix for Governor of New York and gets the place of Secretary of War Dickinson. There's nothing like being a "lame duck." Any man who gets defeated for office by vote of the people should call on President Taft for sympathy—and a job.

More than 780,000 automobiles were registered in the capitals of various states May 1st, according to lists compiled today. New York leads in the number of registrations with 70,000.

Decisions in the Standard Oil and Tobacco Trust cases may be announced by the United States Supreme Court this week, which is next to the last decision day of the session. There will be another day May 29, and it is predicted that the decisions will go over to that date, or possibly be postponed until the court convenes again in October.

The Prince of Sajeul, cousin of King Victor Emanuel, has been expelled from the Naval Academy of Leghorn under circumstances which have given rise to gossip amounting almost to scandal. It appears that the young Prince was suspected of appropriating money belonging to his fellow students. The young Prince is very extravagant, and to his repeated requests for funds his mother, Princess Maria Litzia, nee Bonaparte, occasionally remitted small sums, quite inadequate to meet the Prince's expenditures.

Tens of thousands of Jews will immigrate direct to California on steamers from Europe following the opening of the Panama canal and the bulk will land in San Francisco, according to Dr. Louis Meyer, of New York, associate editor of the Missionary Review of the World and a world authority on the Jewish missionary and immigration situation.

What are declared to be world's record prices for Guernsey cattle were obtained at a sale on the farm of Frederick Phillips near Philadelphia. Mortimer F. Plant of New London, Conn., paid \$3,300 for Billy's Frances of the Hague, a three-year old bull that was awarded first prize at the Canadian Exposition last year. The same bidder paid \$2,600 for a choice of one of nine cows and selected Billy's Frances, Lady Gazelle, a four year old cow bred by Yves Lanoie, of the Isle of Guernsey. Seventy-eight animals were sold for a total of \$37,275.

Thousands of Confederate Veterans, with throngs of Sons of Veterans, Daughters of the Confederacy and others are in Little Rock. It is estimated that over 10,000 veterans were present, besides other visitors.

Democratic members of the House of Representatives ways and means committee, on Monday began drafting the revised tariff schedule on wool, which be submitted to a Democratic caucus for ratification. Leaders believe the revised draft will be ready for the caucus next week. Free raw wool advocates are not so confident.

The idea of holding a People's Trade day has been taken up and approved by the board of trade of Kalamazoo. The idea is to have a day appointed when the people from the surrounding country may bring to Kalamazoo their best products, and besides selling what they please to the merchants, enter the special jar of preserves, pound of butter or ear of corn with the contest committee and perhaps receive a prize therefor. The rules governing trade will provide that no person living in an incorporated city or town can compete for a prize and all things offered in competition shall become the property of the organization when the day ends.
