

Daytona Beach Bondholders Tola That City Is Seeking Benefits Of Wilcox Measure

DAYTONA, Aug. 22.—City bondholders will be notified immediately that proceedings are being started for re-adjustment of the city's debt as provided by privilege of the Wilcox Bankruptcy Act, Francis R. Miller, city clerk, announced yesterday.

The consent of the required 51 percent of the bondholders to a tentative plan of lowering interest rates from 8 to 5 percent has been reached, according to a report prepared by city officials.

A communication from Jacksonville interests, representing nearly 80 percent of the city's bondholders, showed that holders of bonds amounting to \$1,374,000 had agreed to the plan.

The bonded debt which is subject to the proposed plan, excludes a sinking fund of \$240,591; bonds retired in 1934 amounting to \$98,000; water bonds not included in the sinking fund amounting to \$248,400.

Champion Liar Of Oklahoma Owes Title To Minnow

OKLAHOMA CITY, Okla., Aug. 22.—(AP)—A man was fishing on the bank of a river one day, passing the time away by drinking his favorite high spirits. Suddenly, he stopped.

Addressing a minnow nearby, he said, "Say, old man, you're a pretty good friend of mine. I've got two drops left. I'll give you half of what's left."

He then placed a drop in the minnow's outstretched mouth and drank the other himself. He threw the bottle over his shoulder and leaned back against the tree to rest for awhile.

In less than a minute there was a terrible splashing of water and what do you think the fisherman saw? There in front of him was the minnow he had befriended carrying an 8-pound bass in its mouth.

And as a result of the above story, its author, L. D. Riskey, of Ardmore, Okla., holds the title of Oklahoma's "champion liar."

Cash For Cold Storage Plants Is Unavailable

(Continued from Page One) In general terms the possibility of additional governmental aid for refrigeration projects.

Bartlett came here by plane from Jacksonville with Administrator Stone, and returned there last night.

The Governor said he and Stone discussed briefly and in general terms the Florida relief activities. He will go to Washington this week-end for conferences with officials there on the relief program.

He said he regretted "the necessity to curtail activities" as announced by Stone in Jacksonville but added "there is nothing I can do about it."

COST OF N. R. A. TO TRADE IS SET AT \$100,000,000

WASHINGTON, Aug. 17.—The 500th N. R. A. code has been given official approval at the deadline set by General Hugh S. Johnson, Recovery Administrator, for the codifying of American industry was reached last Saturday.

With the change in sight from codifying to complete concentration on the problem of administration of the rules, at fair competition, the division of research and planning in the N. R. A. began to compile and give closer scrutiny to the costs of the various code authorities.

General Johnson, at work in his office, reserved comment as his office announced that approval of a code for the refined fish-oil industry had brought the number of codes to 500. The N. R. A. said it was expected that employment in the industry, which fixes hours of work, would be increased by 30 or 25 percent under the code.

The macaroni industry wanted \$172,040, with a levy of five cents per used barrel of Semolina farina or flour. The pleating, stitching and bonnax and hand embroidery industry advanced a budget for \$32,861 for the period from Mar. 1, last, to Oct. 31.

The approval of 500 codes was at odds with the proposal of General Johnson a month ago that the entire number of codes be reduced to around 300. According to N. R. A. headquarters the attempt to consolidate existing codes will still go forward, but small industries have been insisting on separate codes.

There has also been little response, it was indicated, to General Johnson's invitation to the small industries to adhere to the basic code recently promulgated. The N. R. A. still anticipates that many of the small industries will be driven by the expense of their code authorities to the basic code, where they may have advantage of a governmentally financed code authority.

Emphasizing the rising total of costs involved in the 500 code budgets, two industries alone submitted schedules of administration expenses amounting to almost \$1,250,000. The code authority of the

(Continued From Page One) least one child, and in many cases five and six, and all of them of comparatively recent birth.

Karl Lehmann was the principal speaker appearing before Sanford Rotarians at the Valdes Hotel Tuesday. He discussed his recent trip to Chicago, the plan to plant a 100 mile wide belt of trees from Texas to Canada, and the trend of the times as reflected in real estate sales, tax collections, and remodeling, rebuilding, or destruction of homes and business properties.

The Bureau of Air Commerce of the Department of Commerce has announced the installation of amber course lights on its beacon near Sanford airport, indicating the presence of an unlighted field. A green light indicates a field that is lighted, a red light indicates that no landing area is available in the vicinity of the beacon, while an amber color shows the presence of an unlighted field or one which operates its field lights only at intervals.

Names of the 76 Seminole County Chamber of Commerce directors for the year 1934-35 will be announced at the August meeting of the board of directors, scheduled to be held at the trade body offices starting at 7:30 o'clock tonight. The Elections Committee set to work early this afternoon counting the more than 200 ballots which had been cast. They expected to finish their work in time to announce the result early during tonight's meeting. Election of 1934-35 officers will come during the September meeting of the Board.

Approximately 40 Sanford Kiwanians and their wives and friends will board the mold freighter "City of Sanford" tomorrow afternoon, for a seven hour moonlight ride as far as Welaka, just south of Palatka. The occasion will be one of a series of events in which Kiwan-

ians and their families are arranging to forget the hot weather, and an enjoyable evening is promised by Kiwanians Otto Caldwell, Walter Coleman, and Peter Knaal, members of the committee on arrangements. Riders from Welaka will be made by St. Johns River Line Co. trucks.

Members of Seminole Chapter, Future Farmers of America met at the home of Alex R. Johnson last night to discuss ways and means of raising money to send the Chapter's live-stock judging team to the Kansas City convention at representing Florida. A speech was made by Harold Boyd, who talked of the work being done by his Chapter in Georgia. Those attending included Talmadge Motta, Herbert Bloothoff, Carl McKinney, John Jones, Frank Jones, James McDonald, Boyd Coleman, Ronald Murhead, Herbert Thurston, Ed. J. Humphrey, Bonnar Carter, Robert Mauser, Clifford Gustafson, and Ward Kendall.

In anticipation of bringing the necessity for the construction of the St. Johns-Indian River canal before this state's representatives at Washington, the Chamber of Commerce today sent an invitation to Mark Wilcox at West Palm Beach, asking that he come to Sanford on Sept. 25, for the purpose of meeting with Senators Fletcher and Trammell, and Representatives Sears, Caldwell, Peterson, and Green, and taking a yacht trip of the proposed route. Mr. Wilcox already has announced that the canal is his major objective, and the trade body is anxious that the other side view "it on the ground" in hope that they might share Mr. Wilcox's enthusiasm.

Carrollton Receives Body Of Dead Speaker

CARROLLTON, Ill., Aug. 22.—(AP)—Sorrowing "home folk" received the body of Henry T. Rainey, Speaker of the House, here today and then awaited the arrival of President Roosevelt and the late afternoon funeral services.

Today's reception was in strange contrast to the "Welcome Home" previously always given by friends, some of them lifelong.

The body of Mr. Rainey who died unexpectedly in a St. Louis hospital Sunday night arrived from St. Louis in the morning and was borne into the stately old stone Greene county courthouse to lie in state until the funeral. Relatives first viewed the body and then the public was admitted. The funeral was started on a special train.

TULLY TUPPER

THIS WILL BE A MIRACLE IF I GET IN WITHOUT WAVING THE LITTLE WAGON -- SHE HAS A PAIR OF EARS THAT CAN HEAR THE GRASS GROW.

WHAT'S THAT! IN BLUE THAT WAS SOMEONE DOWN STAIRS ON MY STAIRS, I WOULD IF IT'S SURGLASS.

OH, I THINK YOU'RE HEARING THINGS, LITTLE GEL.

HENRY! I HEARD SOMEONE I SAID, NOW ARE YOU GOING DOWN OR DO I HAVE TO DRAG YOU OUT?

SO, IT WAS YOU BREAKY IT -- YOU WOULD.

The drive for 50 members in the Sanford Tennis Club got away to a good start yesterday, with nearly 30 memberships at \$5 turned in. The Club is reorganizing and plans to rebuild the two courts at 15th Street and French Avenue. To do this will require the collection of this will require the collection of at least \$200, and boys and girls now are soliciting the city working playing and contributing memberships. Those who were announced as contributors early this morning were: Randall Chase, Frank Chase, Mr. and Mrs. H. M. Papworth, Homer Little, Pete Schirard, Carl Yause, Billy Zachry, Karl Lehmann, Margaret Wright, Julian Adams, Walter Pezer, Hollis Phillips, Friday Ross and Edward Mitchell.

An all-day sewing meeting was engaged in at Community House in Geneva yesterday by members of the Geneva Woman's Home Demonstration Club. Miss Josephine Boydston, Home Demonstration Agent, taught the group children's clothing for school. A covered dish luncheon was served at noon, with the following present: Mrs. Elizabeth Sheldon, Mrs. Jeanette Marshall, Mrs. A. H. Redpath, Mrs. J. T. Malain, Mrs. Tommy Hazel, Mrs. E. Kador, Mrs. Hazel Frost, Mrs. Paul Dooley, Mrs. Dave Levy, Mrs. L. Alderman, Mrs. R. W. Leonard, Miss Treasie Little, Mrs. Arnold Baxter, Mrs. Edson Golt, Mrs. George Lindsey, Mrs. C. S. Brunley, and Mrs. R. A. Mathews.

"We are being given splendid and surprising co-operation," said City Sanitary Inspector G. F. Faxon this morning in discussing the progress of the City YERA sponsored campaign against the mosquito which carries the germ of dengue fever. "The people seem to be anxious to help us stamp out the chance of an epidemic of dengue. They are giving our five special agents every assistance, and are promising to keep their grounds and homes free of any objects or articles that by retaining even a teaspoonful of water, might constitute a breeding ground for the mosquito. City crews are hauling away tons of refuse, and our men and the people have destroyed thousands of old cans, bottles, dishes, and basins, as well as other mosquito traps. Our drive certainly promises to be a success."

Dictatorship On Way In U. S. GOP Body Told

Theodore Roosevelt Says NRA, AAA Are In Opposition To Basic Government

PROVIDENCE, R. I., Aug. 22.—(A.P.)—Colonel Theodore Roosevelt, president of the National Republican Club, said today that NRA and AAA were preparing the way for a dictatorship in the United States.

"Both NRA and AAA contravene specifically certain of our fundamental concepts of government," he said, in addressing a Republican state rally at Crescent Park.

By "arrogating" to itself powers surrounding business codes, Roosevelt asserted, the Administration had assumed "Executive legislative, administering, and judging which in itself is dictatorship and nothing else."

Taylor Held In Jail As The Murderer Of Birmingham Girl

BIRMINGHAM, Aug. 22.—(A.P.)—Death in a ditch for Faye New, Howard College co-ed, and the cell for Harold Taylor charged with her murder.

Those today were the developments from the girl's automobile ride Monday night with Taylor, a man she met only a few moments before.

And A. B. Cain, Faye's suitor who followed her to city limits as her ride with Taylor started, was free, released after police were convinced his story was true.

Miss New's body was found yesterday afternoon, face up in a ditch.

Two deep gashes in her throat, both mortal wounds, ended in a struggle in which she was choked, scratched, and beaten the autopsy report showed.

Taylor denied any part in the girl's death. "She was unwell when she ran into the woods from my car," he said.

Russia Asks Answer To Recent Arrests

MOSCOW, Aug. 22.—(A.P.)—Soviet Russia presented a demand today to the foreign office of Manchukuo for an explanation of the arrest of 58 Soviet citizens, and insisted upon prompt measures for their release.

Acting Consul General Rayvid of Russia presented the demand at Harbin to Shi-Liu Ben, representative of the Manchukuan Minister of Foreign Affairs in that city.

"The arrests were made without documents, accompanied by searchers of the apartments and the offices of Soviet employees of the Chinese Eastern Railway, which have not been explained," Rayvid said.

Sholtz Fires Dade County Tax Agent

TALLAHASSEE, Aug. 22.—(A.P.)—Gov. Dave Sholtz, yesterday suspended Bob Simpson from the office of Dade county tax collector on grounds of "inefficiency and malfeasance and incompetence," and appointed W. R. Becker, of Miami, to succeed him immediately.

In the order removing Simpson Gov. Sholtz said an audit of the Dade county tax collectors' office for the six months ending July 31, 1933, showed a shortage of \$277,809.10 for taxes, licenses and poll taxes. These taxes had been collected, Gov. Sholtz said, but had not been paid over to the state, county and districts.

Sheets of Rain Rout Drouth in Parts of South

OKLAHOMA CITY, Aug. 23.—(A.P.)—Sheets of precious rain routed the drouth from many sections of the Southern plains yesterday.

Oklahoma got the best of the downpour, which covered hundreds of miles with varying intensity.

In Oklahoma City approximately three inches was recorded, the heaviest fall since December, 1932.

Pastures, choked with bony cattle, much of it purchased by the government, will be green within "ten days," said farm agents; laid gardens will sprout much needed vegetables; farmers will have full feed crops; dry water holes will fill up.

The livestock industry alone in Oklahoma got \$25,000,000 worth of benefit from the rain, the Oklahoma Farmer-Stockman, an agricultural paper, estimated.

Over the waffle-brown plains of western Oklahoma and North Texas the rain fell, although some extreme Southern Oklahoma and Oklahoma Panhandle points missed it.

Showers spotted many Kansas localities and liberal, in the southwestern wheat belt, was drenched with more than three inches.

The break in the drouth enabled the FERA to complete plans for moving thousands of unemployed farm families back to their land.

It was too late, however, to help growing crops, with corn a virtual failure in most localities and the cotton yield already cut to the lowest point in many years by the long dry spell.

Oklahoma Gets Best Of Downpour Which Covers Large Area

OKLAHOMA CITY, Aug. 23.—(A.P.)—Sheets of precious rain routed the drouth from many sections of the Southern plains yesterday.

Oklahoma got the best of the downpour, which covered hundreds of miles with varying intensity.

In Oklahoma City approximately three inches was recorded, the heaviest fall since December, 1932.

Pastures, choked with bony cattle, much of it purchased by the government, will be green within "ten days," said farm agents; laid gardens will sprout much needed vegetables; farmers will have full feed crops; dry water holes will fill up.

The livestock industry alone in Oklahoma got \$25,000,000 worth of benefit from the rain, the Oklahoma Farmer-Stockman, an agricultural paper, estimated.

George W. Hightower Buried in Lakeview

George W. Hightower, 68, resident of the Otseon section for the past six years, died at his home just after midnight last night. He had been in ill health for the past two years.

Funeral services were held at the graveside in Lakeview cemetery this afternoon at 4:30 o'clock, with Rev. Wm. P. Brooks, Jr., of the First Baptist Church officiating. The Erickson Funeral Home handled arrangements.

Mr. Hightower was a fisherman by trade. He resided about seven miles north of Otseon. He was a native of Willacochee, Ga., where he was born on May 8, 1869.

Surviving him are his widow, Mrs. Mary Carolyn Hightower, his son, F. A. Hightower, and two daughters, the Misses Alma and Mary Hightower all of Otseon, and a daughter, Mrs. Bessie Franklin of West Palm Beach.

Roosevelt Hurries To Capital From Funeral

ENROUTE WITH PRESIDENT ROOSEVELT TO WASHINGTON, Aug. 22.—(A.P.)—President Roosevelt hurried back to the White House today as fresh reports sprang up of a sharp controversy over the re-organization of NRA.

The Chief Executive, who had just returned to the White House from his trip to the late Speaker Rainey yesterday, changed his original plans to go directly to his summer home at Hyde Park, N. Y., and returned to Washington instead.

Stocks Stage Advance Into High Ground

Favorable Technical Position Lends Self To Bullish Temper In Speculative Fields

NEW YORK, Aug. 23.—(A.P.)—Stocks monopolized speculative attention yesterday with a strong advance that carried the market into new high ground on the recovery from the late July decline.

In the heaviest trading since Aug. 9, with turnover of 1,291,410 shares compared with 579,010 Tuesday, many gains of 1 to 4 points were recorded for active issues.

A variety of factors, including a favorable technical position, were cited as contributing to a bullish temper in speculative quarters.

Wall Street lent ear to rumors that the dollar might be revalued further to 50 percent of its old gold parity, the full extent of deflationary powers voted the Administration by Congress last year. The present level is 59.06 percent of the old parity.

It was argued in some quarters such a move would dispel much of the current uncertainty concerning the dollar.

The dollar weakened against foreign exchanges, and U. S. government bonds, in contrast with second-grade corporate issues, continued to slip.

Stocks showed commodities out of speculative favor. Hogs extended a protracted advance, establishing a new top of \$7.25 a hundredweight. But grains were heavy, wheat closing 1-2 to 7-8 cents a bushel lower, and cotton broke 1-10 to \$1.25 a bale in face of the government's decision to lend growers 12 cents a pound on the staple.

Following Tuesday's upturn, demand for stocks expanded somewhat, after the opening and for a time the ticker was swamped by a rush of buying orders. Later the market quieted but finished around best levels of the day.

Traders became more active on the buying side as railroad shares fell in line with industrials in pushing through the tops of the recent narrow range.

The advance was general, with rails, farm implement and mail order, chemical and other industrial groups forming the stock troops of the offensive.

Among issues showing gains of 2 to 3 points were Santa Fe, Atlantic Coast Line, J. I. Case, W. T. Grant, Ingersoll Rand, John Hancock, Lehman Corporation, Owens Illinois Glass and Underwood-Elcott-Fisher.

General Motors, American Telephone, Montgomery Ward, International Harvester, New York Central and American Tobacco B moved up about a point or so.

The Standard Statistics Company average for 90 stocks was lifted 1.5 points to 74.8.

Steel shares were firm but continued dullness of steel buying discouraged speculation in that group.

Other major barometers of industrial activity portaged a steady course.

Chase Declares Proration Plan Aids California

Urges Florida Growers To Protest Proposal To Wallace

The National Proration plan as embodied in the proposed Citrus Marketing Agreement favors California growers as against Florida growers and should be supplanted with a state proration plan, according to Randall Chase, who in a statement issued today urged Florida growers to write Secretary Wallace protesting against any discrimination against Florida.

Mr. Chase's statement, in full, is as follows:

"National Proration, as provided in the Proposed Marketing Agreement is manifestly unfair to Florida Growers. On account of excessive freight rates Florida has only the Eastern markets in which her fruit can be marketed, comparatively little can go west of the Mississippi, California, on account of its favorable freight rates, has all of the markets in the country in which to sell its oranges. For instance, it would cost Florida growers approximately \$2.80 to put fruit on the Pacific Coast, whereas it costs California growers \$1.15 to put fruit into any market east of Bonaville, including those on the Atlantic coast. Why should Florida growers agree to step out of the market they have, so that California can sell her fruit there as well as all other markets in the country?

"The National Proration plan as contained in the proposed Agreement is a California scheme. Paul Armstrong, a California, manager of the California Fruit Growers Exchange, drew up the plan. He is a most estimable gentleman, but he has the California viewpoint. Furthermore, there are other interests reported to be in favor of National Proration. Large interests in California control many of the Eastern auction companies. The California Fruit Growers Exchange is a customer of these auction companies, therefore, it is a great advantage to these auction companies to have National Proration.

Minneapolis Strike Is Finally Ended

MINNEAPOLIS, Aug. 23.—(A.P.)—Minneapolis wrote final to its five-week truck strike yesterday with a return to normalcy unbridled by military restrictions or threats of violence by strikers who once more were simply workers.

The city teamed with commercial vehicle movement compared to the meager number of trucks that piled the town under military rule until final settlement of the controversy was achieved Tuesday night.

One death marked the end of military rule by the National Guard as troops moved out of the city. A guardman, struck on a case of soap in a shower, bath, suffered a fractured skull and died early yesterday. This brought the total fatalities from all causes in the strike to five.

12-Cent Bottom Is Placed On Cotton

WASHINGTON, Aug. 23.—(A.P.)—A 12-cent "bottom" has been placed under cotton by President Roosevelt and the move was described yesterday as an attempt to permit the South to market its staple in orderly fashion. Farmers will not have to sell at low prices should the quotations drop in the near future, officials said.

Roper Claims Profit Motive Still Exists

Cabinetee Declares Roosevelt Regime Squarely Behind Honest Business

WASHINGTON, Aug. 23.—(A.P.)—Secretary Roper assured the nation's business men last night that the "government and the masses of the people themselves resent unthinking statements or subtle suggestions that the profit motive in American life has been or is to be abolished."

The Secretary's assertion made in a national radio address, previously was considered by the Administration as a highly significant statement. It was timed so as to coincide with Presidential reorganization of the NRA on a permanent basis.

With his declaration that the New Deal is not trying to override the private profit motive, Roper coupled another that business is definitely on the up-grade. Private enterprise, he said, is showing such initiative in getting back on its own feet that it is more and more relieving the federal government of "responsibilities which under normal conditions belong to business."

Striking the point of his major theme, Roper said the Roosevelt regime is "squarely behind" the principle of continuing the "profit motive" and believed in "just profits for management and capital and an equitable return to labor for its rightful rewards in the economic process."

"No thinking business man desires to have the old order restored," he said. "He does desire and is entitled to have the new order characterized by a better control against economic cataclysms and by the freedom to exercise his initiative in planning for the future of his business in the light of an equitable profit system."

The Roper speech was broadcast over a nation-wide chain under the auspices of the Washington Star Radio Forum.

The Secretary devoted most of his address to his experiences on a recent trip to Alaska. As part of it he told of witnessing conditions in the north of Great Inagua.

(Continued On Page Four)

Bureau Can't Locate Center Of Hurricane

WASHINGTON, Aug. 23.—(A.P.)—The Weather Bureau today issued the following storm warning "Advisory at 10:00 A. M. impossible to locate center of a tropical disturbance this morning, but conditions remain unsettled south of Santa Domingo and are somewhat abnormal in the regions of and to the north of Great Inagua."

Stern Opposition Voiced At Proposed Homestead Exemption Act At Orlando

ORLANDO, Aug. 23.—(A.P.)—Vigorous opposition to the proposed Homestead Exemption Amendment to the Florida Constitution and to any sales tax measure was voiced by speakers today before the League of Municipalities Debt Conference.

Perry G. Wall, former mayor of Tampa and president of the Florida Taxpayers Association, brandished both the amendment and the sales tax "Radical and we don't need either of them."

He called for a State Tax Commission to bring about "A uniform and business like" assessment of present taxes.

Frank E. Jennings, Jacksonville attorney for the Duval County Board of Public Instruction, said the proposed amendment, if adopted by the electorate in November, would bring a "demoralization of school operations."

Mayor Vincent Wyman of Coral Gables called the proposal "insane," and said efforts to obtain its passage are being sponsored by "Bond peddlers."

The Wilson bankruptcy bill was offered here yesterday by its author, Congressman Wilcox, as an instrument by which "Florida can lead the nation back to normalcy."

Wilcox was city attorney of West Palm Beach before election

New Deal Is Facing New Probe

American Liberty League Organized By Group Of 1932 Anti-Roosevelt Men

WASHINGTON, Aug. 23.—(A.P.)—The New Deal is about to be put under a powerful, bipartisan microscope by an organization announced late yesterday as "The American Liberty League."

Among the founders are the two former Democratic presidential nominees, Alfred E. Smith and John W. Davis; the former Republican senator and now representative from New York, James W. Wadsworth; the former Republican governor of New York, Nathan L. Miller; and Irene du Pont, who contributed to the Smith and Roosevelt campaign funds.

President Roosevelt was informed of the plan a week ago yesterday. His attitude has yet to be stated, but he was assumed to be sympathetic to the announced purpose of combating "radicalism" and informing public opinion on the issues of the times.

The president of the league will be J. M. Gurnea, former chairman of the Democratic National Executive Committee and later president of the Association Against the Prohibition Amendment. He announced formation of the new corporation, telling of plans eventually to have it embrace the entire country.

Asked whether it was to take part in political campaigns, he said "Not at this time." Beyond that he would not go.

Exact purposes of the league he stated formally as follows:

"It is a non-partisan organization formed as stated in its charter, to defend and uphold the Constitution of the United States and to gather and disseminate information that (1) will trace the necessity of respect for the rights of persons and property as fundamental to every successful form of government, and (2) will teach the duty of government to encourage and protect individual and group initiative and enterprise, to foster the right to work, earn, save and acquire property and to preserve the ownership and lawful use of property when acquired."

Asked if the league was anti-New Deal, Rhoads replied "It is definitely not anti-Roosevelt."

It was noted that the Democrats who have agreed to serve on the executive committee were identified with the "stop-Roosevelt" movement at the Chicago convention in 1932, but Mr. Rhoads said this had no significance.

2 Cuban Army Officers Are Given Death

Participation In Plot Results In Court Martial For Friends Of Colonel Batista

HAVANA, Aug. 22.—(A.P.)—Two high ranking Cuban army officers were sentenced to death by court martial today for participation in a revolutionary plot against Colonel Fulgencio Batista, commander-in-chief of the army.

Major Angel Echevarria and Captain Augustin Ertos, commander of the Army Signal Corps, were convicted of participation in the plot in an early morning trial at Camp Columbia outside Havana.

The revolt was crushed in Pinar del Rio Province before it could get started. It was planned for Sept. 4, anniversary of the rebellion by which Batista, a former sergeant, established himself at the head of the Army.

Reports that eight enlisted men were shot to death when the revolt was smashed were denied officially but several newspapers said that they are true.

Lieutenant Colonel Mario Hernandez, accused of taking part in the plot, was shot yesterday while resisting arrest.

Lehmann Says City Hall Affairs Are Efficiently Handled

"Every citizen in Sanford would have been proud of the official administration of affairs at City Hall if they could have attended the sessions of the Florida League of Municipalities meeting in Orlando yesterday," said Karl Lehmann, secretary of the Sanfords County Chamber of Commerce on his return to the city this morning.

"The day's sessions were devoted to a discussion of the Wilson Municipal Bankruptcy bill and last night's proceedings included a roll call of the cities of Florida, outlining their present situation in reference to bonds and other indebtedness," said Mr. Lehmann.

"And while Sanford's bonded debt problem is a serious one, in comparison with other cities of the state, Sanford is in a very satisfactory condition. No city reported as much reduction of the bonded indebtedness situation as has Sanford in the past two years, and now has reported an satisfactory relationship with the bondholders' Committee."

"Today's sessions of the convention were devoted to the Homestead Exemption Amendment, and other important trends in Florida relating to municipalities," he added.

Sanford was represented yesterday by City Commissioners V. A. Speer, H. J. Lehmann and T. L. Wilson. City Attorney Fred R. Wilson, who spoke for Sanford last night, City Clerk F. S. Lammson and Secretary of the Chamber of Commerce Karl Lehmann.

5 Killed In Canada As Train Strikes Auto

BITWOOD, Ontario, Aug. 23.—(A.P.)—Five persons were killed and a sixth seriously injured today when an automobile in which they were riding was struck by a train as it reached a private level crossing.

The dead are identified as E. Roberts, Quebec; John Francis Huntington, W. Va.; Miss Edith Weston, Chicago; Miss Julia Johnson, Cicero, Ill.; and Donald Schell, French River, Ontario, driver of the car.

Thomas Schell, father of Donald, was taken to Perry Sound, seriously injured. The group was said to have been returning to French River from a dance at Bitwood.

(Continued On Page Four)

2 Bandits Hold Up Bank In Georgia

PALETTT, Ga., Aug. 23.—(A.P.)—Two bandits yesterday robbed the Farmers' Bank here of approximately \$700 and escaped in an automobile with another man but one of them was believed seriously wounded by shotgun fire.

The automobile used in the getaway, stolen in Atlanta Tuesday night, was found on a main highway near Fairburn, just off the main highway. The bandits evidently continued their flight in another car, for fresh tracks, including imprints of a woman's shoes, were found around the abandoned automobile, officers said.

East Tennessee Public Enemy Is Wiped Out

KNOXVILLE, Tenn., Aug. 23.—(A.P.)—Clarence Bunch, East Tennessee's "Public Enemy No. 1," was shot to death by 23 Knox county officers and city policemen last night.

The desperado's body was riddled with bullets. He died instantly. There was a wound in his body for every officer shooting.

Bunch was sought as the leader of a gang which has terrorized East Tennessee motorists and storekeepers since he broke out of jail at Newport this spring. He had escaped through officers' gunfire several times.

(Continued On Page Two)

A. F. Of L Supports Big Textile Strike

WASHINGTON, Aug. 23.—(A.P.)—American Federation of Labor yesterday threw its support and its organizing force behind the already-called general strike of cotton textile workers. William Green, president of the federation, gave his endorsement of the strike in the same breath with an expression of elation over the Administration's action in cutting work hours in the cotton garment industry from 40 to 36 without reduction in wages. The two industries are not directly connected.

CITY NEWS BRIEFS

Yesterday's local weather: High 90, low 75.

A barbecue and basket picnic is planned for Jacobs Picnic Grounds near Chuluota on Labor Day, it was announced here this morning by Noah C. Jacobs, dancing, swimming and racing will comprise the amusements of the day.

Dr. A. F. Carr, of Umatilla, will preach at the morning service of the Presbyterian Church next Sunday, it was announced today. In addition, it was announced there will be no evening service until the second Sunday of next month when Dr. E. D. Howland is expected to fill the pulpit again.

Rodman Lehmann, president of the Florida State Christian Endeavor Society, and Karl Lehmann, chairman of the Society's advisory committee, are in Tampa in attendance at the annual convention of the Society. Mr. Lehmann is listed as a speaker today and Friday.

Cards are being received in Sanford this week from Mr. and Mrs. W. L. Cooper who are vacationing in northern Michigan, stating that the weather up there is very cool, and that much later in the season in Florida, "Florida will sure get a swarms of tourists this winter," he said, "so let's get ready for them."

Police in all cities in Florida have been requested by the Miami Police Department to be on the look out for two "gangsters" who are reported to be reaping a harvest from unsuspecting motorists along Florida highways by selling unauthorised "Welcome Legionnaire" banners upon which the American Legion emblem is displayed.

W. D. Hoffmann of the Hof-Mac Battery Co. was displaying a brand new Stewart Warner refrigerator, without its door, near the Ray bus filling station on Park Avenue yesterday afternoon. The machine was producing ice despite the intense heat which beat down upon it from the sun. Attracted by the sight, a passer-by visited the Hof-Mac store and purchased the machine.

Social And Personal Activities

MARGARET PETERS, Society Editor

Personals

Mr. and Mrs. Edward S. McCall have moved to 1804 Palmbe Avenue where they will make their home.

Mrs. Mary Hall has returned to her home in Dun Lanta after having spent six weeks with her son and daughter-in-law in Virginia.

Mr. and Mrs. H. C. Bower and son, Robert, of Orlando, spent yesterday evening here as the guests of Mr. and Mrs. R. R. Court.

J. J. N. Conner, Albert Conner, Donald Hodges, and Steve Johnson, of Callahan, were the guests Wednesday of Mr. and Mrs. B. F. Smith at their home, 905 Elm Avenue.

Leon Sikes and William Lewiston, of Washington, D. C. visited friends in Sanford yesterday.

Mrs. A. C. MacReynolds, who has been spending the past month visiting in points in Tennessee and North Carolina, returned home Tuesday night.

Miss Odette Nichols, who for the last two weeks has been the guest of Mrs. M. B. Smith at her home here, has returned to Bluefield, W. Va. where she will spend a short time before going to her home in Morgantown, W. Va.

Young Women Feted At San Lando Picnic

Honoring Miss Catherine Morrison and Miss Helen Riser, who are soon to leave for Philadelphia, Pa., where they will enter the Episcopal Hospital for training, the Young People's Service League of the Episcopal Church entertained with a picnic yesterday afternoon and last night at San Lando Springs. The young people met at the church prior to leaving in cars for the springs where swimming was enjoyed until late in the afternoon.

After a supper which was served in picnic style, the honorees were presented with gifts as mementoes of the occasion. Miss Morris received a pen and pencil set, while Miss Riser was given stationery. Those present were: Miss Catherine Morrison and Miss Helen Riser, honor guests, Mr. and Mrs. Rumph, Mrs. Noble, and the Misses Phyllis Smith, Gravelton Morrison, Catherine White, Virginia Meriwether, Alice Harvey, Margaret Edwards, Mabel Chapman, and Martha Adams, and Jack Morrison, St. Clair White, III, Joe Stewart, and George Anderson.

HUNGARIAN ARTIST STARRVES
BUDAPEST, Aug. 23.—(AP)—Kulman Derkovits, 39, described by newspapers here as one of the five best artists in Hungary, died of starvation. He had not sold a canvas in years.

Social Calendar

Telephone 148

MONDAY

The Executive Committee of the W. M. U. of the First Baptist Church will meet at the church annex at 5:30 o'clock.

TUESDAY

There will be an all-day meeting of the Philathea Class of the First Baptist Church in the classrooms at the church. Members are requested to bring a covered dish luncheon.

FRIDAY

The regular meeting of the Rebecca Lodge will be held at 8:00 o'clock at the Odd Fellows' Hall.

Gladiola Club Enjoys Picnic At Evansdale

The members of the Gladiola Club and their families were entertained Tuesday afternoon at Evansdale Park with a swimming party and picnic. Swimming was enjoyed until late in the afternoon when a short business session was held, presided over by Mrs. R. W. Cranshaw, president of the club.

Later, a supper, served picnic style, was enjoyed. Among those present were: Mr. and Mrs. R. W. Cranshaw, Mrs. John Corrier, Mrs. John Gove, Mrs. S. Mitchell, Mrs. W. W. Warner, Mrs. R. W. Turner, Mrs. Beatrice Higgins, Miss Daisy Holder, Miss Elizabeth Turner, and Ralph Warner, and Joe Cranshaw.

Methodist Co-Ed Class Holds Regular Meet

The Co-Ed Class of the First Methodist Church held its regular meeting Tuesday night at the home of Mr. and Mrs. P. H. Lansing, Sanford Avenue. Mrs. Carl Williams presided over the devotional and short business meeting. The guests were then entertained with a wicker roast.

Among those present were: Judge and Mrs. R. W. Ware, Mr. and Mrs. Raymond Caldwell, Mr. and Mrs. J. P. Vinzant, Mr. and Mrs. Carl Moss, Mr. and Mrs. J. P. Bates, Mr. and Mrs. Porter Lansing, and Mrs. Warren King. Mrs. W. F. Bryan, Mrs. Carl Williams, Mrs. Earl Kipp, Mrs. Milton Reel, and Misses Katherine Tillis, Ruby Adams, Norine Norwood, Lorene Tindel, Alice McKim, Emily Priest, Daisy Holder, and Edward Mitchell, and Roland Merchant. The next regular meeting will be a combined business and social meeting at San Lando Springs.

Miss Ernestine Priester, of Brunswick, S. C., is the guest of her uncle and aunt, Mr. and Mrs. J. H. Holts.

Mr. and Mrs. A. L. Renaud and two daughters, Barbara and Marguerite, of New York, are the guests of New York City, are the sister-in-law, Mr. and Mrs. L. A. Renaud.

Mr. and Mrs. W. M. Scott have returned to their home here after having spent six weeks at points in Georgia, North Carolina, and Virginia. While away Mr. Scott also attended the National Auto Shippers' Convention in Detroit, Mich.

OVIEDO

Miss Olive Testama delightfully entertained with a swimming party at Rock Springs Wednesday afternoon. Those who enjoyed the occasion were: Misses Nellie Agnes Stine, Anna Cedar, Sparks Lee Lingo, Curtis Fleming, Naomi McCulley, Elizabeth Gore, Estelle Gambridge, Minnie King, Joyce Wabright, Audrey Ulrich, Olive Testama, Mrs. W. D. Stone, and Mrs. Testama.

Mrs. Don Carraway and children, Martha and Sidney, returned Wednesday from Fairbanks, Live Oak and Jacksonville.

Mr. and Mrs. W. B. Young, Miss Wilma Young, and E. J. Rehner have returned home after spending ten days at Daytona Beach. They were joined at the beach by Miss Catherine Young on her return from points in Canada and Bermuda Islands.

Mr. and Mrs. Stewart, of Tennessee, arrived Wednesday for a visit with their parents, Mr. and Mrs. A. M. Stewart.

C. B. Clonts and family have returned from a vacation spent in Atlanta, Ga.

Rev. Ed Cowan, of Atlanta, Ga., filled the pulpit of the Baptist Church during the absence of the pastor last Sunday.

Mr. and Mrs. Joe Jenkins and Woodrow Shuman, of Miami, were visiting in Oviedo Sunday.

Mrs. E. E. Jordan and sons, Edward and Harold, have returned from a visit with friends in Stark.

Mr. and Mrs. C. T. Miller returned Monday from a vacation spent with friends in Kentucky. Mr. Miller, of Sanford, was in Oviedo Monday.

Roy Sims and associates of Sanford, closed a deal for eighty acres of celery land in Mitchell Monday.

Ben Wainright, of Sanford, spent Sunday afternoon with his mother, Mrs. Libbie Wainright.

Spencer Wainright, Jr., is spending this week with his brother, Ben Wainright, in Sanford.

ELKS AUXILIARY

A group of the members of the Ladies' Auxiliary of the Elks' Club met yesterday afternoon at the home of Mrs. Carl Moss, where they spent the afternoon.

Sewing was engaged in throughout the afternoon and at a late hour the hostess served a sweet course. Among those present were: Mrs. Mary Schaal, Mrs. M. D. Reel, Mrs. Roy Tillis, Mrs. Porter Lansing, Mrs. Thurston, Mrs. C. R. Reel, and Mrs. Carl Moss.

Atlanta Officials To Study Prison Affairs

ATLANTA, Aug. 23.—(AP)—Conditions at the city dairy farm yesterday were under investigation of a special committee of city council named after a woman inmate told of being confined for 16 hours in a "sweet box" at the farm several months ago.

The woman said she so feared being confined in the box that she had attempted suicide six times in the last few days. She was removed to Fulton tower to await trial on a vagrancy charge.

While a guard stated that women prisoners were placed in the "sweet boxes" for as much as 12 hours at a time, both Councilman George Lyle, of the council prison committee, and Prison Farm Supt. Jim Ellis said the "sweet box" was not used for white women prisoners, usually negroes, are put in the box when they are incorrigible.

The guard said the boxes were built like telephone booths and are slightly higher than a woman's head. Screened on top, the sides are solid, he said.

Wheeler-Woolsey Are Stars in Milane Film

"Cockeyed Cavaliers," the new comedy hit tonight and Friday at the Milane Theater, brings Robert Woolsey and Bert Wheeler, the screen cuckoo, in some more of their non-sensical and hilarious spoofing.

This time Wheeler and Woolsey

appear as gallants of the medieval age, aided and abetted by Thelma Todd, Dorothy Lee and a bevy of beautiful femininity. The comics are riding the rods of a royal stage-coach when they encounter Mary Ann eluding the Duke of Weskit, to whom she has been promised in marriage. They

unwittingly wander with Ann into the duke's palace. Making the most of a fall, Bert and Mary Ann fall. While Bob pursues the Genevieve, the Duke's droll, rollicking romance reaches a pitch when the Duke, Genevieve's husband, and a wild boar bring affairs to an end.

The Biggest Hit in Years

Broken With Cakes to Look - Stay to Buy This

STEWART-WARNER

New-Type REFRIGERATOR

Come In - See the Free Demonstration of its 7 Dramatic Features. No Obligation to Buy

WOMEN are coming from all around to see this new-type electrical refrigerator that gives you the things you've always wanted in your kitchen!

For the refrigerator you've dreamed about for years! It's designed solely to make things easier for you as you live. It conserves space, saves food, and offers conveniences you've never known before!

Come in and see this amazing refrigerator. Then you'll know why the nation's leading domestic science experts awarded it - why even old-time refrigerators were amazed at this utterly new and different refrigerator.

See our free demonstration - there's no obligation to buy. But if you do need a refrigerator we can place this Stewart-Warner in your kitchen for an unusually small down payment and on long, easy terms.

MESSOLINI HAS COMPREHENSIVE PRESS BUREAU

Il Duce Feels Temper Of World By Means Of Clipping Service

ROME, Aug. 23.—(AP)—Premier Mussolini has opened in Rome one of the most comprehensive and far-reaching press and propaganda bureaus in the world. It enables him to measure almost instantly the shifting currents of public opinion in all important countries, to channelize the thought of his own country and to present the gospel of fascism to all corners of the world.

Under the direction of Il Duce's son-in-law, Count Galeazzo Ciano, the bureau is housed in the beautiful Bulevara palace on the Via Veneto, diagonally across the street from the American embassy and consulate.

The office, in effect, a ministry, with most of the powers, ramifications and duties of a department of state. Divided into three sections, domestic, foreign and propaganda, Count Ciano's bureau scans leading papers of the important countries.

Articles that interest Italy, however, indirectly, are clipped, pasted on file sheets, summarized on the margins and the outstanding passages underlined. These sheets are placed by Count Ciano on his father-in-law's desk, thus giving the premier a readily graspable idea of foreign opinion.

When Mussolini is out of town, a courier leaves Rome each evening to rush them to him.

The bureau listens to the broadcasts of the chief radio stations in Europe. Clerks skilled in languages copy them in shorthand. The portions having an Italian interest are submitted to Il Duce the same as clippings from newspapers.

All Italian motion pictures are reviewed in a special room. The bureau selects the films which are deemed best illustrations of the new Italy for foreign spectators. These go to Italian embassies and ministries for showing abroad.

Books of a political nature, not only in Italian but in other languages, are read carefully. The government's permission must be given before a book can be published in Italy, or before a foreign book can be circulated here.

Another duty of the bureau is to hand out information to news reporters. There are separate sections for Italian and foreign correspondents and information on all government departments is filtered through these sources.

World's Largest Statue Of Christ Stands Near Denver

DENVER, Col., Aug. 23.—(AP)—The world's largest statue of Christ, overlooking the Santa Maria camp for children in South Platte canyon, 64 miles southwest of Denver, was formally dedicated recently with impressive ceremonies attended by high officials of the Catholic Church.

Dedicated prayers were said by The Most Rev. Urban J. Vehr, bishop of the Denver Catholic diocese. A choir of 100 male voices directed by Monsignor Joseph Bossett, took part in the ceremonies.

The huge terra cotta figure, representing a year's work on the part of a corps of sculptors, was the gift of Mr. and Mrs. John I. Dower, wealthy Denver philanthropist.

The statue was first molded life size in clay, famous religious pictures being used for models. Molds were taken from the clay figure. Terra cotta blocks were cast and burned at high temperature to form a cream-white glaze porcelain, said to be capable of resisting the weather of centuries.

The figure weighs 75 tons, is 30 feet tall and rests on a base 23 feet high. It stands 1,500 feet above the floor of the canyon.

The ships contracted for yesterday will include two 10,000-ton six-inch gun cruisers, two 1850-ton destroyers, four 1500-ton destroyers and three submarines of around 1300 tons each to be constructed by private shipbuilders.

Navy yards will build two 10,000-ton cruisers, one with eight and the other with six-inch guns. These yards also will construct four underway craft and seven light destroyers.

Navy chiefs have determined that more destroyers and five additional submarines should be started in the 1936 fiscal year and that the remaining ships to provide a Navy "second to none" should be built in approximately equal annual increments.

Repercussions were expected in some quarters here last night as a result of failure of Pacific Coast shipbuilders to share in the new construction. There were hints that something was amiss in the obtaining of bonds for security required by law to be submitted with bids.

The General Engineering & Dry Dock Company of Oakland and the Los Angeles Shipbuilding & Dry Dock Company, apparently turned in the best proposals for construction of 1800-ton destroyers when bids were opened Aug. 15.

Neither the companies nor the Navy advanced any immediate explanation of their failure to offer bonds.

Another apparent low bidder, Gulf Industries, Inc., Philadelphia, likewise was passed up in the light cruiser awards.

"FLORIDA GROWERS, show your confidence in Secretary Wallace in a way that will be constructive and assist him in providing a Fair Marketing Agreement for Secretary Wallace, but we must realize that he doesn't and cannot know all of these things unless he is told. Believing the Secretary to be fair and sincerely desirous of helping Florida, every grower should write him and protest against the great injustices which would be done to Florida if National Proration is put into effect."

Mr. John G. Leonardy has been appointed as a solicitor for persons sponsoring the "Florida Democratic Women's Tour" which is scheduled to leave Jacksonville on Sept. 23. Planned as a "house party," the tour will be made aboard special Pullmans connected to fast train operations into Chicago and the World's Fair. The tour includes five days of sightseeing and entertainment in Chicago.

Word was received here today of the death in Orlando this morning of Miss Mary Rand, daughter of the late Frederic Rand, early president of the old First National Bank of Sanford. Funeral services are to be held at the Episcopal Church in Orlando tomorrow.

The Geneva Garden Club held an all-day planting in the shadow house at the home of Mrs. L. Sheldon last Friday.

The Campfire Girls are camping this week at the home of their guardian, Miss Alexia Mees.

Tuesday evening a number of friends surprised Miss Alexia Mees with a party, the event being her birthday anniversary.

CHICAGO, Aug. 23.—(AP)—When her mother left her asleep in her crib for a few moments, Julia Ann Hay, of Brookville, twisted a cord, which had been tangled in the crib supports, around her neck and strangled herself.

NAVY MOVES TO BRING FLEET TO TREATY POWER

WASHINGTON, Aug. 23.—(AP)—The Navy thrust hard yesterday toward its goal of treaty strength by 1942, handing out contracts for 24 powerful war vessels and fingering plans to lay down 19 more in the coming fiscal year.

Word was passed that work will start quickly in six commercial and seven navy yards which received orders for two dozen new sea fighters. When these slide into the water only 78 more will be needed to boost the fleet to limits allowed by the London Naval Treaty.

The new craft will carry all the ultra-modern improvements in design and power which naval authorities have been able to muster. Their yards obviously will place the United States in a more strategic position to bargain with other nations at the general naval parley to be held next year.

The ships contracted for yesterday will include two 10,000-ton six-inch gun cruisers, two 1850-ton destroyers, four 1500-ton destroyers and three submarines of around 1300 tons each to be constructed by private shipbuilders.

Fletcher Takes His Friend Wallace To Task Over Subsidy

WASHINGTON, Aug. 23.—(AP)—Secretary of Commerce Clegg today took Secretary Wallace to task over his attitude toward the American steamship operator.

The former chairman of the Senate Commerce Committee was commenting on the attitude expressed in a letter Wallace wrote to Chairman Bland (D-Va.) of the House Merchant Marine Committee. In that letter, Wallace said he felt further subsidies to American shipping would tend to reduce the ability of foreign nations to buy American goods.

Wallace holds the "idealistic" theory that imports and exports always should balance, Fletcher said, adding:

"But it is absurd to advocate turning over our trade to foreign ships."

"I was chairman of the Merchant Marine Committee during the war. We had to have ships just as we need them now. Our ships were carrying but eight to 10 percent of our trade. When the war broke, the other countries told us we would have to carry our own trade or it wouldn't be carried."

"So we started the subvention plan. Despite that, our own ships even now carry only about 30 percent of our shipping. And we have just as great a need for our ships as we ever did."

"Cheaper labor and material costs leave us three alternatives—that we reduce our living scale, subsidize our ships or turn over our trade to foreign ships."

"There is but one answer—the one we have chosen."

"That whole question that Mr. Wallace raises has been fought out time and time again. I feel confident that the solution finally agreed to will be insisted upon by the Congress and the country."

"There might be some ocean mail contracts which would be reduced. But the postmaster general already is looking into that."

"FLORIDA GROWERS, show your confidence in Secretary Wallace in a way that will be constructive and assist him in providing a Fair Marketing Agreement for Secretary Wallace, but we must realize that he doesn't and cannot know all of these things unless he is told. Believing the Secretary to be fair and sincerely desirous of helping Florida, every grower should write him and protest against the great injustices which would be done to Florida if National Proration is put into effect."

Chase Declares Proration Plan Aids California

(Continued from Page One)

California fruit coming to all of those markets, where their auction companies are located, including those in the Eastern markets which rightfully belong to Florida. Under the proposed Agreement California and other producing sections can combine against Florida, out vote us, and prescribe, before the shipping season opens, what percentage of our crop we can ship and when it can move. National Proration may be necessary as an emergency measure but certainly Florida should have some voice in determining the matter. It should be clearly kept in mind that National Proration is very different from State proration. National proration we are told what to do by our competitors. State proration we can regulate our own shipments.

"Unless the Florida growers present a united front, and oppose the National Proration scheme they are going to lose the great advantage they now enjoy through their proximity to the Eastern markets."

"FLORIDA GROWERS, show your confidence in Secretary Wallace in a way that will be constructive and assist him in providing a Fair Marketing Agreement for Secretary Wallace, but we must realize that he doesn't and cannot know all of these things unless he is told. Believing the Secretary to be fair and sincerely desirous of helping Florida, every grower should write him and protest against the great injustices which would be done to Florida if National Proration is put into effect."

PREPARE NOW FOR WAR SAYS MUSSOLINI

Il Duce Says Nation Should Become Militaristic, Even Warlike In Temper

BOLOGNA, Aug. 24.—(A.P.)—The idea of war "floating in the air" and it behooves Italy, in preparation for any development to become "militaristic, even a warlike nation," Premier Mussolini said today in an address to 5000 officers and military attaches at the conclusion of Italian Army maneuvers.

"No one in Europe wishes war," he said, "but the thought of it is all around us. At the end of July an unforeseen situation developed which was similar to that which prevailed in 1911. If we had not sent our divisions to the frontier complications might have resulted that could not have been avoided except by the voice of the cannon. It is not necessary to be ready for the war of tomorrow but for the war of today."

Kiwanians Enjoy Moonlight Ride On River Freighter

What probably will be recorded as the outstanding summer social event on the Sanford Kiwanis Club calendar was the moonlight boat ride from Sanford to Georgetown, just north of Lake George, staged yesterday. Friends of the club, including wives and children, left Sanford about 6:00 o'clock, enjoyed a buffet luncheon enroute, reached Georgetown under a moonlit sky, and arrived in Sanford aboard a large St. Johns River Line Co. truck and trailer at about 2:00 o'clock this morning.

The trip was made possible through the courtesy of Kiwanian Otto Caldwell, local manager for the St. Johns River Line Co. Those who were listed as "passengers" on the river freighter, "City of Sanford," were: Mr. and Mrs. J. D. Jinks, Mr. and Mrs. E. H. Laney, Mr. and Mrs. R. W. Ware, Dr. and Mrs. B. D. Caswell, Mr. and Mrs. E. L. Hoy, Mr. and Mrs. Arthur Branan and guests, Mr. and Mrs. L. S. Leach of Calhoun, Ga., Mr. and Mrs. Rupert Strickland, Mr. and Mrs. B. C. Moore, Mr. and Mrs. S. E. Andrews, Mr. and Mrs. F. S. Lamson, Mr. and Mrs. V. A. Speer, Mr. and Mrs. Otto Caldwell and guests Mr. and Mrs. John Lamb, Mr. and Mrs. J. O. Laney, Mr. and Mrs. Karl Nordgren, Mr. and Mrs. S. J. Nix, Mr. and Mrs. Peter Schaaf, W. S. Coleman and guests Dr. and Mrs. W. D. Gardner, Wm. DuBose, Miss Kathleen Long, Miss Frances Gray Thomas of Quincy, Miss Beatrice Simpson, Miss Doris Van Slyke of Tampa, Mrs. Charles Lyerly, Howard Overlin and J. G. Leonard.

FOUR SPIES CONVICTED

METZ, France, Aug. 24.—(A.P.)—Two Germans and two naturalized Frenchmen, among them a blind war veteran, Wednesday were convicted of spying on French frontier fortifications.

Dawson Uncovers Startling Data On State's Lack Of Vegetable Production

Data which offered startling evidence of the possibilities accorded local growers if they will turn their attention more away from celery and seek revenues through other crops were presented to members of the Seminole County Agricultural Association when they met at Seminole High School last night.

Tropical Hurricane Reported Dissipated

WASHINGTON, Aug. 24.—(A.P.)—The Weather Bureau advised at noon today that the tropical disturbance which has been reported south of San Domingo and Puerto Rico for the past few days apparently has dissipated. The last location of the storm had it fully 1500 miles from Sanford.

MUNICIPAL HEADS ADOPT POLICY ON DEBT SITUATION

Speed Listed As Prime Need In Any Review Of City's Problem

ORLANDO, Aug. 24.—Expressing the view that "the interests of municipalities and their bondholders will be conserved by speedy adjustment of the defaults upon a sound workable basis," representatives of municipalities from every section of the state in conference here yesterday afternoon adopted a declaration of principles "necessary to be observed in negotiating such adjustments."

The action was one of the features of the closing session of the conference, held in the San Juan Hotel under the sponsorship of the Florida League of Municipalities. The declaration in full follows: "1. Every adjustment should be preceded by, and based upon, a thorough survey and analysis of capacity to pay, by competent and disinterested authority. It is essential that the adjustment should place the debtor upon the sound basis of immediate solvency under which fixed refunding obligations would command a fair market price."

"2. Capacity to pay is necessarily limited to reasonable taxation, inasmuch as excessive taxation is uncollectible and defeats its own purpose, what is a reasonable tax depends in large measure upon what other like property, in comparable locations, usually pays."

"3. The calamity of a recurrence of a Florida boom within another generation being most improbable, the sound value of the enormous surpluses of subdivided lots and vacant lands must be determined by calculations based on the cost and investment principle. Substitution of land far in advance of any normal demand for utilization has created no value for urban purposes and has destroyed any previously existing value for other purposes. The enormous surplus of such lots at boom prices was the basis for the excessive debt."

"4. In debt adjustments where survey and analysis demonstrate the necessity of scaling down the debt principal, delinquent taxes and assessments should be pledged to secure refunding securities for (Continued On Page Four)

U. S. TRADE COMMISSION TO SPEED UP WORK

Board Seeks To Show Ability To Act As An Agency Which Can Help Business

WASHINGTON, Aug. 24.—(A.P.)—The federal trade commission yesterday pressed up and speedily changed its procedure as another step designed to show its ability to act as an agency for the supervision of the nation's business and industry.

In a move motivated at least in part by difficulties over NRA matters, the commission slashed days off the time given both itself and defendants to act in cases involving the anti-trust acts. The new rules were aimed at "red tape" traditions that had previously bound the commission.

At the same time it was learned authoritatively that commission officials are informally conferring on proposals which may be submitted to President Roosevelt, whereby the commission could absorb many of NRA's functions.

The commission's actions take on added significance in view of the disputes surrounding the reorganization of NRA on a permanent basis.

The commission's enabling act is somewhat similar to the National Industrial Recovery Act, and, some officials believe, it could be used to serve as the nucleus for a new NRA.

In the matter of speed the commission yesterday ordered that hearings on complaints shall be held within 30 days instead of 40 after issue of the commission's complaint.

The defendant hereafter must answer within 20 instead of 30 days.

After testimony has been taken on a complaint, the trial examiner must report within 15 instead of 20 days.

Similarly there is a reduction from 10 to five days in the time a tentative draft of findings by either side in the case before the commission shall be submitted.

Other changes reduced the time for filing of briefs and answers to briefs.

The commission also has issued general orders to the staff to expedite all work.

The commission's conferences on an NRA plan have not attained full official status, but there is no doubt the commission is seriously considering the problem of its relations with NRA, as well as the nature of the permanent organization which will take over the Blue Eagle.

The move yesterday follows another step of a few weeks ago whereby the commission virtually transformed itself into a court, rather than a complainant, against violators of NRA codes. The commission now is sitting as a judge in three NRA cases which test the very foundations of some 300 codes.

Roosevelt, Huey Long Made Issues In Georgia Campaign; Mangham Explains His Move

Pittman Says Talmadge Opposes Recovery Plans, Has Program Like Huey

ATLANTA, Ga., Aug. 24.—(A.P.)—The President of the United States and the Louisiana Kingfish have become issues in the Georgia Democratic campaign.

Judge Claude Pittman, who is seeking to wrest the governor's office from Governor Eugene Talmadge has charged the governor with opposition to President Roosevelt.

In a speech yesterday to Democrats at Trenton, Ga., Pittman said "your governor stated in so many words that he was opposed to the Recovery program of President Roosevelt."

WHEEL HORSES GIVE PLEDGE OF LOYALTY

Veteran Democratic Senators Deny Any Connection With New Liberty League

WASHINGTON, Aug. 24.—(A.P.)—Five Democratic senators whose names had been mentioned in connection with the American Liberty League last night affirmed their loyalty to the Administration.

They were Glass and Byrd of Virginia, Tydings of Maryland, Gore of Oklahoma and Bailey of North Carolina.

In a formal statement issued from Democratic headquarters, each briefly outlined his position.

"Reports published in Republican newspapers" named them, the statement said, "as participating in the formation of a conservative bloc in Congress, composed of Republicans and Democrats, in opposition to the New Deal."

The stories in question had to do with the organization announced Wednesday by Jettie Shouse as its president. In telling of the non-partisan movement now being launched nationally to speak for property owners before Congress, Shouse named no members of Congress. He reiterated yesterday that the Liberty League is not anti-Roosevelt.

The Democratic statement said that, when asked about the reports, Senator Glass replied "any suggestion that I am co-operating with the Republican party or with Republican individuals, directly or indirectly, is just a pure invention."

Each of the five senators at one time or another opposed new Deal measures in Congress. From their statements, however, it was evident they did not consider this a warrant identifying them as "anti-administration."

While Shouse reported an avalanche of membership pledges, the outstanding inflationist—Senator Thomas, Democrat, Oklahoma—characterized the six charter members as "die-hard and stand pat" Administration enemies.

Secretary Ickes, asked in press conference if Democrats would continue to be "progressive," retorted (Continued On Page Two).

Visits Morgue, Finds 2 Brothers Dead

ST. LOUIS, Aug. 24.—(A.P.)—Thomas Fleming called at the city morgue here Wednesday night to claim the body of his brother Michael, and also found the body of another brother, James.

Michael died on the street from heat exhaustion and complications last Sunday. Associates of Michael told police that his brother, known as William Grady, had died from heat Aug. 14.

Thomas, who said he had not seen James in five years, identified both bodies.

In the same communication Gorman added: "This must be the best disciplined strike in all our history. Get organized as a strike machine and do this at once."

DILLINGER AID IS KILLED IN ST. PAUL ALLEY

Homer Van Meter, Ace Thug, Falls Under Girl's Spell, Hail Of Machine Gun Slugs

ST. PAUL, Aug. 24.—(A.P.)—Once more a woman has led a Dillinger gang to the end of the outlaw trail.

Homer Van Meter, John Dillinger's ace gunman, walked into a police trap last night and fell full of lead in an alley.

Dillinger himself was spotted in an alley, too, by a woman. Van Meter, sixth of the Dillinger mob to die, was betrayed on a wittingly by his interest in a woman. Her name is being withheld.

Police said Van Meter had been "going around" with her, and that relatives of the woman, suspicious of him, had gone to the police.

A check satisfied officers that the man was Van Meter, and sure-footed plans were laid for his capture, dead or alive.

For two weeks the hunt went on secretly.

ST. PAUL, Aug. 24.—(A.P.)—A pretty St. Paul girl who had been seen with Homer Van Meter, slain Dillinger gangster on several occasions when the desperado made the Twin Cities his headquarters last March was under arrest here today. The girl, called here only a few blocks away, when Van Meter was shot last night, was charged with helping him escape.

When members of Sanford Elks Lodge No. 1241 met at the Elks Club on First Street tonight at 8:00 o'clock they will hear a report of the recent State Elks Association conference at DeLand. Exalted Ruler F. G. MacMahon and Past Exalted Ruler G. W. Spencer were the local lodge's official representatives at this meeting, and both are expected to speak briefly.

WORLD LEAGUE OF JEWS GIVEN CONSIDERATION

Group Would Operate Actively For Defense, Help Of Race

GENEVA, Aug. 24.—(A.P.)—A world league of Jews, operating permanently for the benefit and defense of Hebrews in all nations, was envisioned last night at the World Jewish conference here.

At the same time American delegates to the conference replied in sharp fashion to the American Jewish committee, which was reported to have discovered the work of the present conference.

While leaders of the conference drew plans to convert the World Congress of Jews, called for 1935, into some permanent organization resembling in its functioning the League of Nations, and the conference itself busied itself with resolutions, the American delegates called the American Jewish committee that they were "profoundly shocked" at its statement.

That statement, the cable averred, constituted a "direct challenge to the forces of Jewish democracy" that was "bound to strain our relations with that committee to the breaking point."

Thereupon the delegation made explanation of its having abandoned opposition to convening the World Congress in 1935, to concur in the unanimous vote of the organization commission that the assembly should be called for next year.

"Responding to the urgency of the situation," they cabled, "as well as to the urgent pleas of representatives of the Jewish masses in 26 countries, we concurred in calling the World Congress at an early date."

"The tremendous task of mobilizing American Jewry for popular elections is rendered easier, however, by the consciousness that we are not alone in our struggles for Jewish democracy. On the European and other continents mighty hosts will be marching with us."

The cablegram was signed by Rabbi Stephen S. Wise, professor S. Margoshes and Professor M. H. Kallen, all of New York.

Plans for converting the 1935 Congress into an organization of permanent nature contemplated the holding of such meetings at regular intervals, like the League of Nations.

ROME, Ga., Aug. 24.—(A.P.)—Bandits armed with a sub-machine gun today obtained \$9,785 in a holdup of two bank messengers transporting part of the weekly payroll of the Tubize-Chatillon Rayon Mill from the National City Bank to the mill.

Joe Palmer, bank cashier, and Raymond Ford, bank employee, were in the car with the payroll. Palmer said the payroll is covered by insurance.

The bandit car forced the bank employees off the road, grabbed the money and fled. Officers fired at them as they left the city but missed.

Officers at Lindale, five miles south of here, also fired at the speeding car. Police were said to be giving a close chase to the bandits.

COTTON TEXTILE UNIONS TOLD TO PLAN FOR STRIKE

General Committee Denies Reports Of "Peace" Overtures

WASHINGTON, Aug. 24.—(A.P.)—A call to ignore any "reports" of peace overtures in the cotton textile strike row, and to stand by for confidential instructions, was sent yesterday to secretaries of all local cotton textile unions by the general strike committee.

The communications were dispatched by Frances J. Gorman, chairman of the strike committee, a few minutes before Robert Bruere, chairman of the cotton textile industrial relations board, came forward with his much discussed peace proposal.

The board headed by Bruere confined its move, however, to offering its services to both the textile manufacturers and workers in an effort to avert the strike already called for Sept. 1 or earlier.

Gorman had no immediate comment on Bruere's move but it was stated by those informed of the attitude at strike headquarters that something more specific would have to be offered before the committee changed its tune that the strike would be carried out "to the hilt."

"Reports that 'peace plans' or 'peace overtures' are under way are sheer fabrications," Gorman told the local secretaries. "We have made no advances, we do not intend to make any, and none have been made to us."

In the same communication Gorman added: "This must be the best disciplined strike in all our history. Get organized as a strike machine and do this at once."

At strike committee headquarters, because of the mass of detail yet to be completed, indications were that the actual strike call probably would not be sounded until shortly before the deadline, set by a convention vote for Sept. 1, or earlier. President Thomas F. McMahon of the United Textile workers already has warned that little notice will be given, asserting that "we get only six hours when we are laid off."

Offering congratulations to the sponsors of the movement and the membership which already approaches the \$9 mark although no concerted drive has been made, Mayor Leffler and Commissioner Lehman expressed an interest in the work of the organization, declared that it faces a bright future, and offered the co-operation of the city in any sponsored endeavor.

Their short talks were highlights of a meeting in which announcement was made of the personnel of four standing committees, members voted to hold regular meetings at the Valdes Hotel every first and third Thursday night, and several proposed projects were discussed and approved, among them a decision to lead the

organization's support to worthy projects in every town in the county.

Aims of the organization, as adopted by the membership upon recommendation of the directors, are listed as follows: "1. To assist in worthy civic and public problems such as may require our attention from time to time.

"2. To promote a better feeling of co-operation among the younger business, professional and agricultural element in the city and county.

"3. To assist in procuring necessary legislation at different times, legislation which may be needed to improve the morale of the people, and to aid the city and county in its various economic and industrial problems.

"4. To improve the standing of our local agricultural industry, and in this way improve the business activity among the younger men by means of picnics, speakers, dances, boat rides, etc.

"5. To produce, by concentrated activity, a bigger and better Junior Chamber of Commerce second (Continued On Page Four)

CITY NEWS BRIEFS

Local weather yesterday: High 88, low 76.

A large and detailed map of the land and water which lies southeast of Florida in the hurricane belt is on display at the Herald office at all times for the benefit of local persons who are interested in charting the path of the tropical disturbances which usually are active this season of the year.

Work on The American Oil Co. filling station at Commercial Street and Park Avenue today had progress to the stage where the concrete drive-in area was being laid and finishing touches were being put on the overhead canopy which will protect most of the gasoline and oil pumps.
