

## Bouillat & Anderson Bowling Team Wins Sanford Club Tourney

**MARGIN OF 1 VICTORY**  
Brings Honors Over  
H. B. Pope Bowlers

Winning two games out of three from the Valdes Hotel bowlers to prevent their hold on first place, the Bouillat and Anderson combine capping the Sanford Bowling Club tournament honors in the tourney just completed last week.

The Bouillat and Anderson members came through with victory in the first game and in the second, losing the third by margin of 75 sticks.

The H. B. Pope team failed to establish a two-way tie by dropping one of its three games to the New Yorkers, winning the first and second games and losing the third.

The J. C. Hutchison crew won two out of three from the Killers. Bowlers but the latter remained behind the New Yorkers in the club standings.

Ray Miller took single game honors with a 258 in the third game while Paul Fesold took game high with a 260 for the evening, averaging 200 per game after topping 165 in the first, 234 in the second and 201 in the third game.

## Fire Department Seeks Ordinance To Oust Dangers

Chief Cleveland Asks Measure Authorizing Control Of Sanford Boilers

Boarding House Laxity Is Hit

Law May Cover Paint Shop Employing Spray Gun Method

By PAT PATERSON  
Fire Chief Mack Cleveland approached the City Commission last night to propose the enactment of an ordinance that would govern certain fire control methods for boilers, rooming houses, boarding houses and paint shops where spray guns are used.

He expressed a belief that many small boilers located within the City limits do not have periodic inspections, and some have no safety devices such as a pop valve.

The fire chief emphasized the danger of valved boilers, showing that an explosion of one device is highly capable of spreading flames widely about its vicinity.

Mr. Cleveland asked the Commission for the authority to inspect establishments where guests are taken, asserting that some inns exist where inadequate fire precautions are taken and there is an apparent lack of interest, on the part of the owners, in the safety of either building or guest.

One of the most outstanding places, he contended, Mr. Cleveland pointed out, is the dangerous in guest houses for proper care of small fire extinguishers which he described as one of the most essential units of fire-fighting apparatus.

While the State Hotel Commission is empowered to look after such matters as extinguishers in hotels and rooming houses, there was an indication that the body

Chief Of Police Is Instructed To Remove Cab Signs

Charge Rate Displayed Or Show True Cost, Says Board

City Commissioners last night instructed Police Chief Hoy Wilson to order that dimes be removed from their 10-cent signs or the charge rate displayed.

Thumbing through old ordinances, Attorney Fred R. Wilson found where a for hire vehicle could charge a maximum of 2 cents per person, but he expressed an opinion that making such a charge was not legal so long as a 10-cent sign was "hanging out." He also found that the City has power to adjust rates if they are abused.

The Commission brought up for a second reading and passed an ordinance specifying that "the choice of the voters in a general election shall have a majority of votes, while the choice of voters in a special election shall have a plurality of votes."

City Clerk Frank Lawson reported the receipt of several complaints relative to the placement of signs throughout the City, the tickets being registered by persons living in the vicinity where the boards are erected. Attorney Wilson was of the opinion that the City was without power to regulate sign placement on private property.

An effort was voted that the Florida Power and Light Company be approached in regard to lowering certain power lines near the airport which are held to constitute a menace to incoming and outgoing planes.

Tampa City officials invited the local commission to attend a State-wide safety meet March 31 and April 1 to discuss principally a method for the passage of a law to require State drivers' license.

The Board voted to call for bids on new uniforms for members (Continued on page four)

Drunken Drivers Feel Full Blast Of Law In Future

Persons convicted in Municipal Court on drunken driving charges may expect to pay the fine assessed or serve the sentence handed down from the bench, City officials said today.

In the past, the City has been lenient, particularly with first offenders having no other police record.

Some laxity also has been shown in cases where the person arrested has a family or is holding a job which might be jeopardized by a prison term.

City Court, on some occasions, has accepted part of the assessed fine, or released the convicted person after he served some of his sentence.

But in the future, the full penalty will be required, because, as City Commissioner W. A. Lofton put it, "there's no greater menace on the highway than a drunken driver."

Land Bank Observes 20th Anniversary With Radio Program

The 20th anniversary of the establishment of the Federal Land Bank of Columbia, S. C., which serves this County, will be observed tomorrow in a special radio broadcast from 12:30 P. M. to 1 P. M.

Stations carrying the program are WBB, Atlanta; WPFT, Raleigh, N. C.; and WSI, Columbia.

S. E. Andrews, secretary-treasurer of the Sanford Production Credit Association which is affiliated with the land bank, said the financial institution's Sanford branch served the counties of Seminole, Lake, Volusia, Brevard, Orange and Osceola.

In this district of six counties 1,800 loans have been made totaling \$5,500,000. Seminole County farmers have borrowed \$1,250,000 to save their farms, according to Mr. Andrews.

## Jimmy Wright Resigns Post With Ball Club

Secretary Says Private Business Interferes With Athletic Position

By A. S. STRAUSS  
World Sports Editor

Coming as a foreunner to the 1937 season, the resignation of J. "Jimmie" Wright as secretary-treasurer of the Sanford Baseball Association, this morning surprised followers of the national pastime in this district.

Wright, popular as a businessman and a baseball mogul, was secretary-treasurer since the Florida State League was organized and his resignation was far from expected by club officials and fans.

As manager of the Florida Palmetto Fibre Company, he was of the opinion that he could not handle both positions with the efficiency necessary to both, hence the resignation as Club secretary and treasurer.

In a statement issued to The Herald this morning, he said:

"I regret that my personal duties prevent me from continuing as secretary-treasurer of the Sanford Baseball Association. The duties of the secretary have reached such a proportion that it will require considerable time to handle them in an efficient manner. I am sure that the directors of the baseball association will be able to secure some one who can give the time necessary to handle this position in a satisfactory manner."

"I will continue to be interested in Sanford as a baseball center and remain a loyal booster of our team."

When notified of Wright's resignation, H. M. Watson, president of the Club, expressed surprise and alarm.

Watson could not name any possible successors for the position at the time of the interview and had no other comment to make. He regretted the fact that Wright's connection with the ball club had to be severed.

At a late hour today, no movement had been made to call a meeting to elect another secretary.

## No New Taxes By Congress This Session

President Refuses To Comment On Letter By Justice Regarding Court

WARM SPRINGS, Ga., Mar. 23.—(AP)—President Roosevelt said today he hoped there would be no new taxes at this session of Congress.

The Chief Executive made the statement at his second press conference of his vacation here as he sat in a motor car in front of the press cottage. He did not expand on his tax observation.

It was made in response to a request for comment on the recent statement of Senator Marion S. Eccles, chairman of the Federal Reserve Board, that the budget should be balanced even if it became necessary to increase income and profits taxes.

He declined to comment on the letter of Chief Justice Hughes saying the Supreme Court review would impair Court efficiency.

## Farmers' Market Adopts Schedule To Close 5 Hours

Local Institution To Halt Business From 1 To 6 A. M.

A new schedule calling for the Sanford Wholesale Farmers' Market to be closed during certain early-morning hours will become effective Friday, it was announced today by J. G. Michael, secretary.

The arrangement stipulates that Market trading shall cease from 1 A. M. to 6 A. M.

and during these hours no selling or buying will be permitted.

Secretary Michael explained that at this season there are five transactions during these five morning hours, adding that he believed persons accustomed to doing business through this period could readjust their schedules with no harmful effects.

Marion Loweray also was fined \$5 or remanded to jail for 10 days for contempt of Court.

For allegedly keeping a disorderly house, Winnie Henderson negro, drew a fine of \$10 or a sentence of 30 days. Charged with being inmates of the house were the following: Ross Davis, \$5 or 15 days; Bob McMillan, charged with drunkenness, \$5 or 15 days; John Platt, charged with reckless driving, 90-day sentence, suspended; Stephens, charged with drunkenness, \$10 bond estreated.

Disorderly conduct allegation were heard against the following negroes:

Frank Thomas, \$10 or 20 days; Mary Thomas, \$5 or 15 days; Clara Atkins, 30 days, suspended; Marion Loweray, \$10 or 30 days; Vernon Jones, \$10 bond estreated.

Marion Loweray also was fined \$5 or remanded to jail for 10 days for contempt of Court.

Farmers, growers and others who use Market facilities will be permitted to unload their produce at any hour and arrange it—if the unloading period is between 1 A. M. and 6 A. M.—for sales during the day, Mr. Michael said.

The secretary announced that the State Market at Tampa will co-operate with the local institution and draw up a schedule which will give it about four hours each day when no transactions will be allowed.

Efforts are now under way to bring the markets at Jacksonville and Miami under the identical arrangements, Mr. Michael reported. He said each unit would close during the hours when business is duller if the proposal were adopted by both houses.

The weather: Partly cloudy with scattered showers on south east coast tonight and in extreme northwest portion Wednesday.

Extreme Northwest Florida—partly cloudy tonight; Wednesday cloudy, probably thunderstorms in west portion.

Negroes In Battle Over Sandwich Get \$5 Fine In Court

A free-for-all fight over a fifteen cent sandwich resulted yesterday in the assessment of a \$5 fine against each of three negroes who pleaded guilty to assault and battery charges after being arraigned before County Judge R. W. Ware.

The defendants were Gene Carr, J. D. Paul and Newt Washington. None of the trio could agree with the others, it appeared, as to who owned the sandwich—so they decided to settle it the rough and tumble way which cost them enough, said Judge Ware, to buy five Sunday dinners each.

Harvey McAllister, negro, pleaded guilty in County Court to operating an automobile with improper license. He was fined \$15 or given 60 days in prison.

Judge Millard B. Smith presiding justice in both counties

A special meeting of the Board of Directors of the Seminole County Chamber of Commerce was called today by President T. E. Simpson for 8 P. M. Friday at the Chamber of Commerce Building.

The meeting is scheduled at the request of the Chamber's Executive and Finance Committee for the purpose of handling several important matters of business that must be attended to before the Board's regular meeting in April.

President Simpson, in his notice today, particularly urged all members to attend Friday night's session.

Sanford Ball Club Plays Chattanooga

Sanford's entry in the Florida State League will tackle the regular first string of the Chattanooga Lookouts tomorrow at 2 P. M. on Municipal Athletic Field.

The game is free and the public is invited to attend.

Indications were that about 10 or 12 youngsters will be selected from this County and shipped to CCC camps in the April quota.

It was announced that only white boys will be accepted next month, the negro quota for this section having been filled.

**"Stealing" Gas**

It now appears that in order to save \$150 a month on a fuel bill, the school board in New London, Texas, had been "stealing" the gas with which the school was heated from an oil company, and that it was this "stolen" gas, and perhaps the manner in which it had been necessary to pipe it into the school house, which caused the explosion resulting in the deaths of several hundred children.

We suppose someone might preach a sermon here on the subject of "retribution." Surely if the school board was stealing the gas which caused the explosion, they asked for it. Stolen goods never made anybody happy. But the little children? They were not responsible. No, but the innocent suffer with the guilty. The school superintendent knew the gas was stolen. He was injured in the blast, lost a 16-year old son. Did he think that because the gas was owned by a corporation, "stealing" it didn't make any difference?

But what we would like to know is what became of the \$150 a month which was saved. Did the taxpayers get it? Or did someone put this money in his pocket, and pass the bill for fuel along to the taxpayers just the same? It has been done this way before. That is why, though we always elect the economy candidates to office, we always get higher taxes. They economize all right, but in the wrong direction.

**Higher Prices**

Prices which started going up in the Spring of 1933, are still going up, and every indication is that they will rise considerably higher yet. Such things as strikes, monopolistic labor as well as industrial practices, continued government expenditures in excess of receipts, revolutions and wars, all tend to increase the cost of living.

According to the United States News, the government's wholesale price index took a sensational spurt in the week ended Mar. 13 when it rose 1.3 percent to 87.2 percent of the 1926 average. This puts wholesale prices at the highest level in seven years and 10.1 percent above a year ago. The gain since the low point in 1933 is approximately 45 percent.

"It is this figure of wholesale commodity prices which is most closely watched as a symptom of economic development," the News explains. "The range has been wide over the last 22 years. This range—reflecting the sharp price fluctuations—which President Roosevelt now says that he is determined to control—is as follows: During the six years between 1909 and 1915 the level of prices was stable between 67.6 and 69.5. Then came the war influence and there was a jump to 85.5 in 1916, extended in 1917 to 117.5 and in 1918 to 131.3. The high came in 1920 when the index touched 184.4 percent of normal.

Then there was a collapse in 1921 to 97.6. The level remained fairly constant between them and 1929 when it was 95.8. A precipitate drop followed until early in 1933 the commodity price level was under 60 percent of the 1926 average.

From that time on the trend has been steadily upward, reaching 74.9 in 1934 and 80 in 1935. The average for 11 months of 1936 was 80.5 percent of the 1926 average and then a new rise set in that has carried it now to 87.2."

The big question is, says the News: "Will commodity prices continue to rise, leading to a price boom, or will they now stabilize around this level?"

**IN THE REGULATIONS** which Congress may prescribe respecting the custody of the public moneys, it is desirable that as little discretion as may be deemed consistent with their safe keeping should be given to executive agents. No one can be more deeply impressed than I am with the soundness of the doctrine which restrains and limits, by specific provisions, executive discretion, as far as it can be done consistently with the preservation of its constitutional character. In respect to the control over the public money this doctrine is particularly applicable.—Andrew Jackson.

**'Masked Terror' Is Slain By Police In Chicago Gun Fight**

CHICAGO, Mar. 23.—(AP)—Two policemen shot and killed the "masked terror" of the Chicago lawn district early today. The slain man was identified by Miss Anna Weiner, daughter of a rabbi, as the masked gunman who attacked her early Sunday after robbing her escort and driving her to a lonely spot on the southwest side.

The slain man wore a blue handkerchief, a mask and rubber gloves. He was identified from fingerprint records as Louis Elbert, 27, former convict.

**Five Meet Death As Flames Sweep House**

HALIFAX, NARROW, N.Y., Mar. 23.—(AP)—Five persons died today in the blazing interior of a two-story frame house which was swept by fire apparently starting in an old fashioned coal stove converted to burn kerosene.

The answer came as Il Duce, back from a Libyan tour, gave Fascist Italy, accused by Spain's Government of waging "undeclared international war" on Spanish insurgents, the Great Britain today the only Italian to land in Spain since the international neutrality accord went into effect were volunteer doctors and nurses.

**Hardworking Hen Doubles Production**

SCOTTSBLUFF, Neb., Mar. 23.—(AP)—There's a hen in Funston Hulet's barnyard with no compensation about bearing, prices down with overproduction.

For a week she laid two eggs a day, starting with one big, 6-ounce product and working up to the pair—one hard shelled and one soft shelled.

Her average yearly production, Hulet said, is 300 eggs.

FREEZE HITS

LOS ANGELES, Mar. 23.—(AP)—Sub-freezing weather struck Southern California's blooming crops today in the wake of a freak winter storm in which one woman was drowned.

At least one man who tried to cross the mountains to get home, was drowned.

He shows that the same thing has happened to thousands of others. In fact our jails are populated with people who began their careers of crime with just one drink or two.

Missionary E. C. Mercer is doing a good job of pointing out to law youths the evils of drinking and we wish that every young man in this city might hear his talk sometime before he leaves.

There are so many of us who think that a drink or two won't hurt anything or that we are big enough and strong enough to get away with it anyhow, that it is interesting to know what happened to at least one man who tried it.

And he shows that the same thing has happened to thousands of others. In fact our jails are populated with people who began their careers of crime with just one drink or two.

**California Starts Fight To Halt Fish 'Depletion'**

**Sea-Going Canneries Thriving On Great Shoals Of Sardines Off Coast; Sponsors Strike Back**

By SAM JACKSON  
AP Feature Service Writer  
SAN FRANCISCO, Mar. 23.—It's all right for cannery boats to send boats out to catch fish, but when the cannery itself moves right out to sea—is that fair to the fish?

This question is before California in an initiative petition designed to limit and possibly abolish an infant industry consisting of seven floating reduction plants that have been thriving on the immense shoals of sardines off this coast.

"Depletion" of the fisheries is the charge brought by the backers of the petition against this new high-speed method of handling fish.

"There is no depletion," replies the Pacific Coast Fisheries Institute, representing the floating factories. "This campaign is financed by the shore reduction plants, just to protect their old time monopoly."

The sardine "merchant marine," containing seven mother ships and 120 purse seiners representing an investment of \$5,000,000, dates back to experiments in 1926.

Stanley Hiller, a waste-products engineer, got the idea then of canning and processing fish at sea, thus avoiding the costly haul to shore plants.

Hiller's floating plant, the Lake Miraflores, got into steady operation in 1930. It was successful and sea-going factories began to multiply.

Operations are conducted by the mother ship with fish continually fed by a fleet of seiners. The fish, much larger than true sardines,

are known in the northwest as pil

**Thief Takes Dog—Then Gives It Away**

CHICAGO, Mar. 23—(AP)—Paul Petri, 23, was describing to each of about 50 persons gathered in a local police station how he had entered and robbed their homes.

"But," wailed Martin H. Miller one of the victims, "I could stand the loss of the money and clothes, but why did you take my pedigree wire-haired terrier and what did you do with him?"

"I didn't take your dog, master," the prisoner replied. "When I left he followed me out so I took him home, kept him a few days and then gave him to a young fellow in the neighborhood."

## Michigan Governor Arranges Conclave For Strike Talk

LANSING, Mich., Mar. 23—(AP)—Governor Frank Murphy deliberately announced today a conference will be held here Wednesday between Walter P. Chrysler, chairman of the Chrysler Corporation Board, and John L. Lewis, head of the CIO.

In bringing together the principals in a labor controversy the governor saw hope for an early peaceful settlement of the automotive strike. He arranged the meeting in an effort to avoid the use of force to evict sit-down strikers from the occupied plants of the corporation.

Meanwhile in Providence, Rhode Island, department store strikers went back to work this morning with five to ten percent wage increases and recognition of the Committee for Industrial Organization after tying up business all day Monday.

At another extreme of the nation, activity at San Pedro, Port of Los Angeles, neared a standstill as employers ordered unloading stopped, charging that strikers broke a recent truce by now picketing.

Mrs. Vivian Speer, Mrs. Andrew Carraway, Mrs. Jester Cannon and Ernest Beets motored to Jacksonville yesterday. They were accompanied home by Mrs. Elizabeth Beets, who has been visiting in Jacksonville.

**FACE FLOOD THREAT**

SAN FRANCISCO, Mar. 23—(AP)—Two persons were dead and Northern California faced a serious flood threat today as unprecedented rains sent the Sacramento River to the danger level. Heavy rains washed out 100 feet of track near Lincoln and in the Folsom Hills sent the American River up six feet.

## HARRY THAW IN COURT AGAIN

Here goes Harry K. Thaw back to court again. This time he is defending a \$10,000 damage suit at Washington, D. C. filed by Headwaiter Paul Jarekes (on the Shoreham Hotel) who charged Thaw struck him in settling a \$55 bill for an evening's fun. With Thaw, who was confined in an insane asylum after his trial for slaying Stanford White in 1906, is a woman who identified herself as Miss Diana Nash. (Associated Press Photo)

## Music Of Berlin Lures Powell To Sing In New Role

The magic phrase, "Words and music by Irving Berlin," proved to be the deciding factor in inducing Dick Powell to star in the Twentieth Century Fox production, "On the Avenue," at the King Theater Wednesday and Thursday.

When he heard that the Berlin melodies would play an important part in the new picture, his choice was practically made, Dick admitted frankly. He was all for using the film before he even read the script or heard why was going to be in the cast with him.

"I didn't even hear the songs or their titles," Dick said, "when I decided that I wanted to do the picture. As long as I can remember, Berlin's songs have always appealed to me. Later, when I read the numbers, I knew that the score was practically made to order, so I feel that the six songs Mr. Berlin wrote for 'On the Avenue' are right up my avenue."

With Maudelein Carroll as co-star, and such prominent players as Alice Faye, The Ritz Brothers and George Raft, featured, the cast of "On the Avenue" more than fulfills all requirements and the unusual nature of the story and the splendid opportunity it offered the star checked more than satisfactorily.

"Luckies have been my favorite cigarette for about 5 years. They're a light smoke that sensitive throats welcome. Of the many trends that sweep through Hollywood, one of the longest lasting has been the preference for Luckies. I once asked a 'property' man—who supplies cigarettes to the actors—what the favorite is. He answered by opening up a box containing cigarettes. They were all Luckies."

### Normandy Enters Claim For Record Atlantic Crossing

PARIS, Mar. 22.—(UPI)—The French line announced last night the liner Normandie had set a new eastbound trans-Atlantic speed mark with an average speed of almost 31 knots from Ambrose Light to Bishop's Rock.

The Normandie's performance bettered the speed mark of 30.63 knots set by the British Queen Mary by almost 1/2 of a knot, the French line said.

The Normandie, which left Am-

### Huge Naval Measure Passed By Senate

WASHINGTON, Mar. 23.—(UPI)—Line officials said the Normandie covered 2,974 miles in four days, 6 minutes and 21 seconds. The Queen Mary, they reported, crossed from Ambrose Light to Bishop's Rock in three days, 23 hours, 57 minutes on a 2,630-mile voyage.

The mark claimed by the line was computed on the average speed rather than the elapsed time of the voyage,

### JUMBLED WRECKAGE COVERS HUNDREDS IN SCHOOL BLAST

Somewhere beneath this ghastly pile of debris, hundreds of bodies lie buried as a consequence of an unexplained blast that wrecked the Consolidated school at New London, Texas. An army of rescue workers is shown digging into the mass in search of the dead. The quick recovery of 500 bodies gave rise to estimates that 600 were killed by the explosion. HONOLULU, Mar. 24.—(AP)—Battling flames far out in the Pacific Ocean, the Motorship *Fijiian* reported today the fire was brought under control after most of the crew had taken to lifeboats.

Meagre radio messages received by the Coast Guard indicated a gasoline explosion in the forward hold seriously injured two Chinese of a crew of 30 and forced most of those to boats temporarily while a skeleton crew fought flames.

The *Fijiian* asked that a doctor be sent to care for the injured, but Coast Guardsmen could not immediately locate the ship anywhere nearby.

## Army Collections Reported At \$1,850

Only three candidates will seek the post of City Commissioner vacated last month by Perry N. Whitehurst, City Clerk Frank Lamson announced today.

The deadline for any citizen to file his candidacy at City Hall fell yesterday with the following under the wire: W. A. Lee, W. A. Leavitt and J. C. Truluck.

Clerk Lamson again emphasized that persons expecting to vote in the special election of Apr. 13 must be able to show a poll tax receipt for 1936 as required by the City charter. Poll taxes are payable to Jno. D. Jenkins, County tax collector.

Voters who have not registered have until Apr. 3 to enter their name on City books, although those registered for the last City election will have complied with that requirement.

## 'Bee Inn' To Open

On Sanford Avenue

The Bee Inn, handling sandwiches, beer and wines, soft drinks and other delicacies, is scheduled to open during the later part of the week at 408 Sanford Avenue.

A delivery service will be maintained. Plans are to make the establishment one of the most complete of its kind in the City.

## Mrs. Thompson Dies

In Oak Avenue Home

Mrs. Harriet Thompson, 73, of 1117 Oak Avenue, succumbed yesterday afternoon following a brief illness.

The deceased was a native of the vicinity. She was the widow of Alex Thompson.

Last rites will be held at 4 P. M. Thursday from the First Presbyterian Church with the Rev. Dr. E. D. Brownlee officiating.

## Sanford Boy Taken For Army Service

Norman S. Warden of Sanford was accepted yesterday for duty in the U. S. Army, according to information received here today from the Army Recruiting Station, Jacksonville.

Sgt. D. E. Brady, recruiting officer, announced other openings are available for Seminole County youths who desire service in the Panama Canal Zone, New York and Boston.

## Movieland Is Threat Scene Against Two

Producer Selznick And Chinese Actress Reported Objects In Extortion Try

HOLLYWOOD, Mar. 24.—(UPI)—Majestic extortion threats against the family of David O. Selznick, film producer, and Anna May Wong, Chinese actress, were disclosed by the district attorney's investigators today.

A note received by Miss Wong yesterday threatened to disgrace her and cripple her father unless she advanced \$20,000 for financing a motion picture, Captain Clyde Phumer said.

Another letter, intended for Mrs. Selznick, asked for \$20,000 on the pain of bodily injury harm to her young son and her father, who is Louis B. Mayer, head of the M-G-M Studio.

It was believed that selected as a third victim of the extortion plot was Dr. E. J. Foster, chiropractor and Spanish-American War veteran.

Participants In Flower Show Get Vote Of Thanks

Mrs. Endor Curlett, chairman of arrangements for the Sanford Garden Club Seventh Annual Flower Show, today issued a blanket statement of thanks to all those identified with the project since last week.

She expressed particular appreciation for the assistance rendered by the following professional florists: Kent Rosister, G. R. Kitchley, J. R. Stewart and Clinton Denham.

The Sanford Furniture Company received special attention in Mrs. Curlett's statement for its part in mailing equipment, as did the Seminole County Chamber of Commerce for their part in the event.

Newspapers aiding in publicity also were thanked.

Committee Urges Beautification Of Lots In Cemetery

Mrs. W. A. Letterer, chairman of the City Cemetery Committee, today urged that all persons having lots in local burial plots spend some time tomorrow in pre-Easter beautification.

She announced that several members of the Committee, composed of 12 local women, will direct work in the cemeteries particularly all day tomorrow and will assist anyone wishing to tidy up property in the areas.

In recent weeks, the Committee has received several donations of flower plants and shrubs which have been transplanted in the cemeteries. Anyone else desiring to give plants are advised to contact Mrs. Letterer or any other member of the Committee.

Three Applications Are Accepted For Enrollment In CCC

Only three youths today filed application for enrollment in Seminole County's April quota of CCC, M. J. P. Ridge, director of the County social welfare unit, announced this afternoon.

Approximately three-fourths of the County's 2,000 eligible applicants have sought the tax benefit, the assessor reported, and urged those who have not filed to do so this week before the inevitable last-minute rush begins.

Mr. Dowdley reiterated that applications for the homestead exemption must be made each year.

City exemption requests are accepted at City Hall.

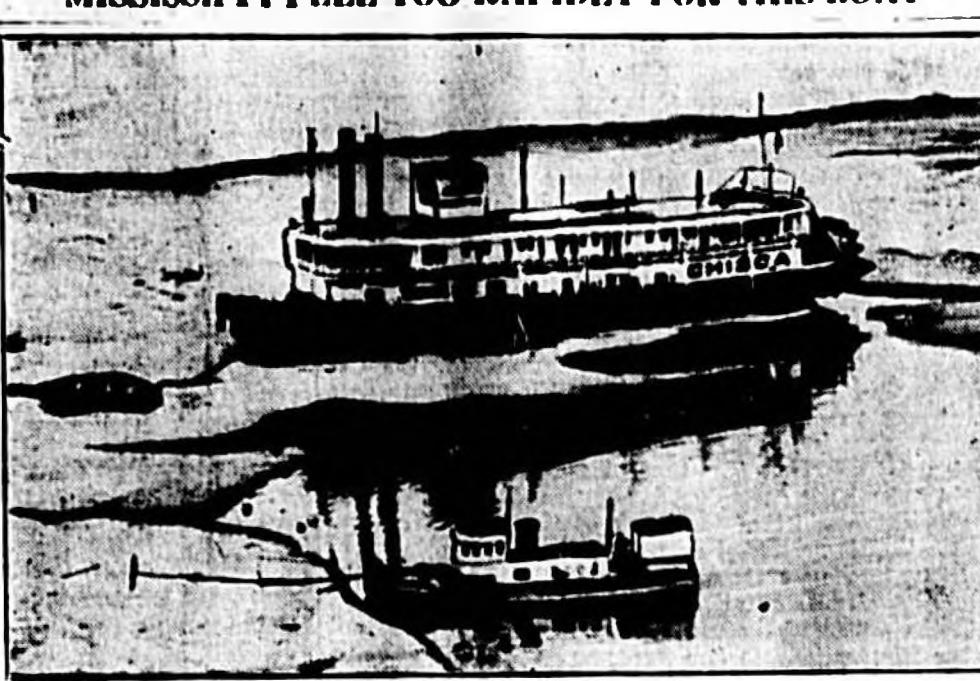

Bank To Be Closed In Sanford Friday

The Sanford Atlantic National Bank will be closed Mar. 26 in observance of Good Friday. J. L. Ingle, executive vice-president of the institution, announced today.

Plans are to be discussed for the organization of a poultrymen's association that would

make applications on Thursdays morning for currency, silver and payroll cash needed for the weekend, Mr. Ingle said.

## Chamber Assists In Campaign To Know Florida

## Educational Movement To Help Both Tourists, Citizens

The Seminole County Chamber of Commerce today was co-operating with the Florida Chamber of Commerce in a "Know Florida" campaign, designed to acquaint tourists and permanent residents with the State.

Facts of geography, climate, industry, agriculture, history, transportation and geology will be published in the educational movement.

Following is the first release on geographical data:

Florida is four times as large as Holland and is the largest State east of the Mississippi River, excepting Georgia. It is equal in area to Maine, Vermont, Connecticut and Rhode Island.

Florida is in the same latitude zone as the Madura Islands, Southern Spain, Sicily, Southern Palestine, the Hawaiian Islands and Southern China. Central Florida is as far south as Cairo, Egypt.

Florida's total area is 58,636 square miles; total land area, 51,861 square miles and total water area, 3,905 square miles.

"The Sunshine State has more than a 1,000 miles of coastline; its elevation varies from sea-level to more than 25 feet above sea-level.

Papworth, Lehman To Attend Congress Of Waterways Group

W. J. Lehman, associate director of the Florida Waterways Congress, and Harry M. Papworth will attend a convention of the group in Lakeland next Monday.

Any other person in Seminole County interested in waterways of the State are advised to contact Mr. Papworth and make arrangements for the trip to Lakeland.

Purpose of the session is to advance the interest of inland waterways throughout Florida.

The Commissioner said that the greater part of the sanitary work consisting of the installation of proper sewage disposal plants of connecting existing units with city lines had been done in the coldest section.

Youth wishing to enroll with the CCC should first file their application before Apr. 1, since physical examinations will be given all candidates on Apr. 6 in Orlando.

Woodmen In Special Drill Session For State-Wide Meeting

Sanford Woodmen will assemble for a special session at 4 o'clock tonight in their First Street lodgings and the drill team will go through the routine it expects to use on April 1 at a state wide meeting of about 60 lodges in Lakeland.

Capt. G. C. Hinckle will direct the unit in its activities.

He is urging that all members of the team be present.

Officers and other members of the uniform rank also were notified to attend the special session tonight.

Funeral services for Marion Elizabeth Hand, 10-year-old

daughter of Mr. and Mrs. W. G. Hand, will be held at 2:30 P. M.

Thursday from the Erickson Funeral Home. The Rev. Martin R. Davis, pastor of the New Smyrna Methodist Church, is to officiate.

Pallbearers will be pupils in the fourth grade of the New Smyrna school where the young girl attended before the short illness which resulted in her death.

Murphy, Chrysler And Lewis Meet In Conference At Lansing

WASHINGTON, Mar. 24.—(AP)—Informed Senate sources said today that President Roosevelt had agreed to meet Congressional leaders for a discussion of the sit-down strike situation when he returns from Warm Springs this weekend.

Majority Leader Robinson, Democrat, Ark., previously had said a conference of congressional leaders will be necessary if the situation is not "cleared up" by that time. He declined to confirm or deny the report of the conference with the President.

Those who said such a conference would be held reported that the President had agreed to meet leaders in response to numerous requests from them that he intervene in the situation.

The suggestions coincided with an announcement by Representative Dies, Democrat, Texas, that the House Rules Committee had arranged a hearing next Wednesday on a resolution for a sweeping investigation of sit-down strikes.

Meanwhile, at Lansing, Mich., Wayne P. Crosser, one-time apprentice boy, and John L. Lewis, former coal miner, met with Governor Frank Murphy in an attempt to settle the automobile industry dispute that has thrown more than 80,000 persons out of work.

The governor and Chrysler, chairman of the board of the Chrysler Corporation, and Lewis, chairman of the Committee for Industrial Organization, in his office at the state capitol.

Six thousand members of the UAWA are defying a court order in their sit-down strike at the Chrysler Detroit plants.

## Stetson Students From Sanford Will Tell Of Activity

George McBelland and Robert Young, Sanford students at Stetson University, are scheduled to arrive here tomorrow for the Easter holidays with an organized program of information regarding the recent progress and activities of the Deland institution.

Deland students, selected men and women who have won distinction on the Stetson campus, are taking part in the campaign under the sponsorship of the My Old Kentucky Home Association.

The students will visit high schools in 24 different Florida cities.

Among the schools, other than Sanford, are Clearwater, Melbourne, Ft. Pierce, Lakeland, St. Petersburg, Tampa, Dade City, Mt. Dora, Lakeland, Jacksonville, Frost, Kissimmee, Quincy, Hastings and Winter Haven.

Sanford Cattlemen Will Enter Rodeo

Several Seminole County cattlemen today voted intentions of participating in the rodeo scheduled Saturday afternoon and night at the fair grounds in Orlando.

Steer roping, wild cow milking, wild horse riding and horse racing appear on the program.

The event is sponsored by the Orange County Cattlemen's Association. First show is billed for 2:30 o'clock in the afternoon.
