## Garden Circles

By HAZEL MOUGHTON

Did you ever wonder why a well known plant was so named, how its name is perpetuated or an easier way to remember plant names? Ralph Bailey's self-pronouncing dictionary fascinatingly reveals generic names, which in turn, reveals from which country and for what botanist a plant is named.

The plant name may include a Latin syllable all-embrasive of its known character. We are reminded that a generic name is to the plant as the surname is to a person. We see plants, clothed in expansive personalities.

Think of the man George Kamel or Camell, then you know camellia. Our Bauhinia is of Swiss origin, Boh-hin-ee-uh for the Swiss botanist, Jean and Gaspard Bauhin.

When you inform someone of your Alpina, remember it came from Italy, proper alpina. Think of the heart when you eat a raspberry for it is heart shaped. Recognize in its generic name, anacardium (cardi for heart). In angelica, lovely is understood. Our azalea, rose trees, rose bay and flowers of many species belong to the rhododendron.

French Abies, Jean Paul Bignon. The bigonia belongs to the trumpet flower family and has curved stamens. We enthusiastically acclaim the bigonia as flame vine. Another French namesake is L. A. Hougainville for boe-in-villa-ee-uh. It is being propagated in pink, white and yellow. We knew it first in crimson, red and purple. Adam Buddle, English botanist, is responsible for the butterfly bush, the buddleia. Calendula's prefix explains its characteristic, it supposedly should bloom the first of the month, calends.

Did you know the classical word for "bulb"? It's "bulbine." In chrysanthemum, chrys means gold. We now have other colors in mums. Did you know dahlia is for the Swedish botanist, Dahl? The delphinium or larkspur refers to Delphia, shape of nectary and the foxglove is finger-like, so we have digitalis. C. Duranti, a Roman personality, is duranta.

You would never guess that fox-tunga is the same for the quest. Robert Fortune was a Scotch botanist and explorer. Our lucia is German, from Leonard Fuchs and the gardenia is American. It's namesake is Alexander Garden. We have another German flower in the gerbers, named for the naturalist, Franz Joseph Gerber. Baby's breath is gypsophila, gypsum loving as to limsy soil preference.

Nemorealis is so called because its flowers fall to last overnight. The hibiscus is a classic name for marshmallow. It is now reaching out to include all colors of the rainbow. The anarchyllis comes from hippastrum, horse star of uncertain significance. All bulbs appear to have mythical significance. The isora is of Hindu divinity and as you gaze at the magnolia, remember the French botanist, Pur'ra Magnol.

Senecevia, sometimes called snake plant, is for the Prince of San Servere, verbena is the ancient name for the herb, vervain; the wisteria is from Pennsylvania and is named for Prof. Casper Winter and the hian is from Germany. Dr. Johann Gottfried Zinn. Flowers are not only colorful but have other significance, there is more than what's in the name.

**THE BEGINNERS SUNDAY SCHOOL CLASS** of the Congregational Christian Church was entertained with a patio party at the home of the teacher, Mrs. Earl Moxley, assisted by Mrs. Harold Herbst. The children enjoyed an afternoon of games and roasted wieners. Potato chips, punch and ice cream cones were also served. Guests from left to right, front row, are Patty Meredith, Joyce Coberly, Debbie Keeling, Denise Benton and Phebe Palmer. Back row, Larry Gallatin, Richard Benton, Larry Bedenbaugh, Randy Walker and Bradley Walker. Donnie Corbett was also a guest.

# Women on the Go.

By JEANNE WARNE

**THE GAYEST PARTY** of the week must have been the one given at the home of Jane and Neil Pruden for Barbara and Kenneth Rowell. The party was a "farewell" since Cdr. Rowell is soon to take command of VAH-3.

The buffet, where a lasagna supper was served, was pretty with white cloth, green candles and a profusion of gardenias. Following supper the Prudens surprised Ken with a "This is Your Life" skit that proved to be hilarious entertainment. Along with the book that recorded the highlights of his life, the Rowells received mementos from their host and hostess.

Guests were Mr. and Mrs. Mason Wharton, Lcdr. and Mrs. M. D. McPherson, Lt. and Mrs. D. F. Kirkpatrick, Cdr. and Mrs. F. D. Milner, Lcdr. and Mrs. H. A. Moreland, Lt. and Mrs. H. L. Hill and Cdr. and Mrs. T. W. Ownby.

## Dear Abby: By Abigail Van Buren

**DEAR ABBY:** My mother-in-law has a nice home, a nice husband and they are very well-to-do. I get along fine with her, but she gets on my nerves because of one fault.

If I wear a dress she has never seen before, it's, "What? Another new dress?" She makes us feel as though we are very extravagant, although we live within our budget, don't owe anybody a dime, and have never asked them for anything.

When we invite them for dinner and serve an expensive cut of meat, she says, "My, your grocery bill must be tremendous!" My husband says to laugh it off. But I'm laughing with tears in my eyes. TRYING HARD

**DEAR TRYING:** Don't let her needle you. Beat her to the punch and tell her exactly what is new (if anything is) and if nothing is new, tell her that you haven't bought anything since the last took inventory. When serving, tell her how much everything costs. Announce (with the dessert) that you don't owe a dime and find living within your income a real challenge—but you're doing it!

**DEAR ABBY:** I am a 17-year-old girl with a problem that worries me a lot. When I was little I used to play TARZAN and beat my chest with my fists.

I was told that this would stunt my growth there. And it has! Everyone makes fun of me and I am so embarrassed I could die. My doctor says I am just slow. Is there anything I can do to give me a shape in the meantime? NO SHAPE

**DEAR NO SHAPE:** Shop!

**DEAR ABBY:** My 12-year-old boy has recently become a diabetic. He has to eat a large variety of food that has to be measured, etc.

When we are invited to the homes of friends for dinner, is it proper to take along my own food for the boy? Or should I tell the hostess what he needs? Or should I be quiet and make the best of it until we get home? MOTHER OF A DIABETIC

**DEAR MOTHER:** Tell your hostess your problem, and ask her if she would object if you brought your own food for the boy and prepared it for him.

**DEAR ABBY:** Is it possible for a woman to become a mother at 58 plus? I would ask my physician but I am afraid he would laugh at me. I would appreciate a quick reply. Don't use my real name, please. Just sign me. WORRIED

**DEAR WORRIED:** Ask your physician. He would be the last one to laugh.

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

Abby's best-selling book, "Dear Teenager," is on sale at all bookstores.

## Garroway Comes Up With Chaotic, Magnetic, Monumental NY Tour

**By FRED DANZIG**  
**NEW YORK (UPI)**—Dave Garroway, who has carted his "Today" show off to Europe in search of new pictorial delights, came up with one of his more magnetic, chaotic, and monumental programs Monday without leaving New York.

The two-hour eye-opener took NBC-TV cameras and viewers on a boat ride around magnetic, chaotic and monumental Manhattan Island.

While the videotaped sightseeing cruise produced a number of breathtaking scenes, it also yielded to inappropriate "show biz" silliness, stumbled on some technical problems and oozed forth some shallow descriptive patter.

Highlights included some careening closeups of the Statue of Liberty, the new Battery skyline (now marred by the domination of a functional 60-story skyscraper), the Brooklyn bridge, the Navy yard, the soft, Victorian lines of Ellis Island, which were downcastly beautiful—eventually backed by awesome cloud formations. These must rank among the best examples of from-the-hip TV camera shots ever seen on the tube.

Where, then, did the chaos come in? Garroway's script found him a few thousand words shy. His ad lib was frequently lame. Often, he didn't know what the buildings were or what to say. At one point, he kissed off a skyscraper as "one of those new buildings."

There were also some feeble stunts: A gal water-skiing around the sightseeing boat, skimming the slimy waters of the Harlem River; the use of fireboats (when the water display didn't start on

David Geisel, director of this season's "Pat Boone show" on ABC-TV, will be the new director of "The Garry Moore Show" next fall. He succeeds Julio De Beneditto, who will produce and direct the CBS-TV half-hour "Candid Camera" series next season.

Phyllis Newman has been added to the regular cast of CBS-TV's "Diagnosis Unknown," which has its premiere on Tuesday, June 5. Miss Newman will portray the role of Doris Hudson, a lab technician.

The Channel Swim: The "Emmy Awards" special on NBC-TV Monday, June 20, has signed the Mike Nichols-Elsaine May team and Bob Newhart for some comedy spots during the 90-minute affair.

## Gassman To Tour With Tent Theater

**ROME (UPI)**—Italian actor Vittorio Gassman has launched a \$400,000 traveling theater project with which he hopes to take top quality theatrical performances to the far corners of Italy.

Gassman, divorced husband of Hollywood actress Shelley Winters, is the manager, director and main shareholder of the project, which he calls a "Circus Theater."

The opening performance—Alessandro Manzoni's historical play, "Adelchi"—was staged recently in Rome's Borghese Gardens and was attended by a capacity crowd. The tent theater, 73 feet high and 238 feet across, will seat 5,000 persons.

Garroway's chaotic tour of New York City was a mix of sightseeing and technical difficulties. The two-hour program featured closeups of the Statue of Liberty and the Battery skyline, but was marred by a 60-story skyscraper under construction.

## Beauty After Forty

**Any Month Is For Marriage**

**EDYTH THORNTON McLEOD**

Dear Edyth: "Do you think it foolish for me to want to be married in the month of June? My husband-to-be wants this, but my best friend says it is incorrect as June is for young brides. I am a widow of fifty-five and have been alone for many years. Please discuss this—Marie."

My dear Marie, any month is for marriage and the fact that you are not a "young" bride (but a "youthful" one) makes no difference. The earlier the wedding, the more time you both will have for a happy life together. Your "best" friend may not be that so. Get married and Beauty After Forty wishes you much happiness. "I am what you would call a career woman. I have made friends with a wonderful woman but have never invited her to my home although I have been to her home many times in the afternoon. My husband will not allow any of my business friends to be invited to our home. What could I do to offset this—N.V.C.?"

I would invite her to meet both you and your husband for dinner at a restaurant or, lacking the desire to do this, I would tell her quite frankly how your husband feels. If she is the "wonderful" woman you think, she will understand and your pleasant friendship can and will continue. "My neighbor has used a body care plan and is getting good results. She told me you said it to her. Can I get one also?—A.U."

Yes, and so can any reader who is interested in "youthfully" her body. A long, self-addressed, four-cent stamped envelope and 10 cents in coin will bring it to you. Address me in care of this newspaper.

"Does eye shadow look well when one wears eyeglasses all the time? I am forty-eight.—Susan O.C."

Eye makeup is very flattering even when wearing eyeglasses. The soft colored shadow, blended on the eyelids, gives a backdrop of color and is very youthful. If you can tolerate mascara on your eyelashes, when wearing eyeglasses be sure to wear it. It is very attractive.

## Sightseers Dependent On Guided Tours When Visiting Washington

**By DICK WEST**  
**WASHINGTON (UPI)**—We had a lot of sightseers around here over the Memorial Day weekend and I just wonder if they got their money's worth.

Unless sightseers have friends or relatives in the capital, they are more or less dependent on guided tours. I estimate that every third sightseer who comes here is a friend or relative of mine, but that is another story.

Guided tours are all right as far as they go, but they tend to accentuate the institutional, or marble, side of Washington. Generally, they show visitors around the major monuments and memorials and let it go at that. I have nothing against monuments as such. Some of my best friends are monuments. It's just that after a while, one monument begins to look pretty much like any other monument.

I am thinking of starting a tour service which will skip the monuments and show our visitors the contemporary, or living, side of Washington. Yes, Virginia, there is a contemporary, or living side.

If this thing works out, my tour will start in the inner sanctum of Senate Democratic Leader Lyndon B. Johnson. In my opinion, this tops the Lincoln Memorial any day.

Johnson, who is the original man in motion, operates all over the Capitol lining up votes. When other measures fail, the holdouts are summoned to his chamber just off the Senate floor.

If possible, the tour should arrive there at a time when Johnson is roasting a recalcitrant. But even if it misses, sightseers can still enjoy gazing upon the room's avaricious decor and the wood nymphs upon the ceiling.

Oh, and I don't know the exact dimensions of the office. Suffice to say, it once housed the Library of Congress.

The next stop on my tour will be room F-41 in the Capitol on the day that Senate Republican Leader Everett M. Dirksen is holding a news conference. The room is not much to see but Dirksen is a sight few visitors are likely to forget.

I don't think any monument can ever compare with Dirksen—not even a monument to Dirksen.

While in this vicinity, I will conduct the group through the office of Sen. Karl E. Mundt (R-S.D.),

## Shelly Winters Passes The Word On Girl Wolves

**HOLLYWOOD (UPI)**—Actress Shelly Winters says there are as many female wolves as male ones—maybe more in Hollywood.

She said strolls with her husband, Tony Franciosa, have provided her with the chance to study closeup—the female type.

"There are the violent head turner; the double-take twister; the slobberer, who is with a friend; the wolf-whistler; the eye opener; the appreciative head shaker; the let's-get-acquainted-when-you-get-rid-of-the-ball-and-chain-smiler, and last but not least, the poker-faced siren, the seemingly blasé type who walks three steps, turns and eyes the object of her affections."

## Robert Taylor Now Likes TV

**HOLLYWOOD (UPI)**—Robert Taylor, who once said he didn't like TV, is so pleased with the first year of his video series that he's planning to cut down on movies.

The 48-year-old actor, star of ABC-TV's "Robert Taylor's Detectives," once told a reporter after his television debut on the "This Man's Series":

"This is my first and last TV appearance. I don't like the medium. Can't say that I enjoy watching it either."

But now he says:

"We've had our show renewed for another season and if TV keeps working out so well, I don't think I'll be interested in many movies."

"I've got my feet wet in TV, and I like it. I don't work as hard as I did in the movies—to tell the truth, I've never worked very hard. And I've got more time for my two kids."

# Golick Hurls Greyhounds To 2-0 Victory Over Leesburg

## Scatters 4 Hits

**By JERRY COVINGTON**  
Hard throwing Bob Golick registered his seventh win against the Pirates here Tuesday night as he hurled a four-hitter at the Leesburg Orioles in a game that lasted 7 1/2 hours.

The game was the fastest registered in the Florida State League this season. The last batter grounded out to end the game at 8:28 making the time 1:43 minutes.

It was a tight pitcher's duel all the way between the hard-throwing Golick and Henry Wickham. Golick scattered four singles and struck out seven in his impressive victory. He walked the first man he faced and he didn't give up another until the seventh inning when he walked the leadoff man once again.

In the second inning the first two Leesburg batters hit back to back singles and it looked as though they were threatening but Bob got the next batter to fly out and then came the double play to end the only threat of the night. He gave up a single in the sixth inning and one in the eighth and that was it as far as the Leesburg hitting went.

Golick received fine field support all the way from the Greyhounds. Dick Green, Orville Gray, and Ken Harrison came up with more double plays last night in wipe the bases clean in two innings. This double play combination is the best in the league and they could establish a new record if they maintain the pace. In the seventh inning Bob threw out Norm Satalich who attempted to steal and in the eighth inning outfielder Pat Hank threw out Bill DeSbaro at second after he had singled and attempted to take an extra base.

With the air tight holding the Orioles only left two men stranded on the bases. The Greyhounds played errorless baseball throughout the game.

In the hitting department for the Greyhounds, Chavarria had three for four and scored three runs. Mike Maloney was the only other Greyhound to pick more than one hit as he went two for three. Perez got the only other hit off Wickham and he turned it into the other run. Both Greyhound runs were the result of a Leesburg error and Maloney earned runs were scored against Wickham who pitched beautifully through the game.

Tonight the locals travel to Leesburg and Thursday night they will face second place Palatka. They return home Friday night against Palatka.

### Johansson Gets Dempsey Trophy

**BROMINCK, N. Y. (UPI)**—Egmont Johansson, first recipient of the new Jack Dempsey heavyweight championship trophy, returned today for his title defense against Floyd Patterson on June 30.

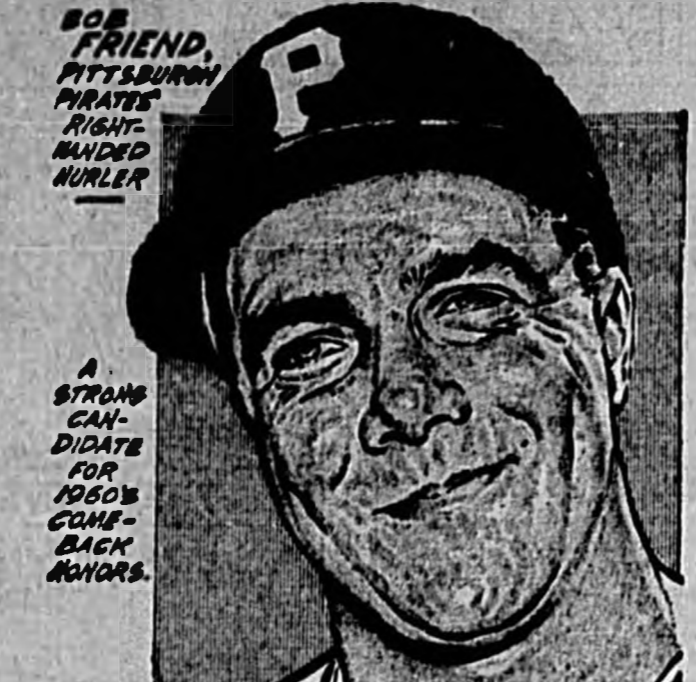

Swedish Egmont spent Tuesday in New York City, where he was guest of honor at a trophy luncheon in Dempsey's Broadway restaurant.

Jango and fiancee, Birgit Lundgren, also brought some convertible furniture for his new home in Geneva, Switzerland. They have set the date yet for their marriage.

At the trophy luncheon, champion Dempsey announced he was putting into perpetual competition a heavyweight championship plaque. The plaque, with the names of all heavy champs inscribed upon it, will remain permanently in Dempsey's honor. But each new champion will receive a replica for having won the trophy.

Johansson now weighs 198 pounds, only two over his fighting weight.

## Yawkey Threatens To Sell Bosox If Writers Continue To Heckle Him

**BOSTON (UPI)**—Red Sox owner Tom Yawkey threatened Tuesday night to sell or move the Boston franchise if baseball writers kept trying to run the club for him.

However, Yawkey tempered his threat an hour later and said he had no plans at present either to sell or move the team. Earlier, he had hinted in one of his infrequent interviews with Boston writers that he might sell or move the team if forced into it by anger.

The multimillionaire owner, admitting the Red Sox were "lousy," nevertheless bristled at Boston writer who had been second-guessing him for several weeks as to a possible successor to manager Billy Jurges.

The outburst came just before the Red Sox went out and trounced the Washington Senators, 5-1, and climbed out of the American League cellar. A few minutes before his irascible pop-off he issued a joint statement with Red Sox General Manager Bucky Harris that Jurges would not be replaced.

"To stop all rumors," he said, "the Red Sox announce that Billy Jurges is our manager and no changes are contemplated. Writers had been having a field day with guesses on a possible replacement for Jurges. Most pre-

dicted that outfielder Ted Williams would be offered the job. The 41-year-old Williams, sidelined most of this season with injuries, reiterated before the game that he had no managerial ambitions, particularly in Boston.

"The Boston writers are impossible to please," he said.

Lakeland, Palatka Roll Along In FSL

**By United Press International**  
Lakeland and Palatka continued to roll merrily along at the top of the Florida State League heap Tuesday night, allowing their opponents a combined total of one run.

The league-leading Indiana trampled Orlando 12 to 1 and Palatka shut out Daytona Beach 4 to 0.

Tampa defeated St. Petersburg 12 to 2 in another tight game. Gordie Lund and June Rainey paced Lakeland's 11-hit attack with back-to-back homers in the second inning. Lund and Jack Parker each drove in two runs and Sonny Long had four hits in six trips for the Tribe.

Palatka pitcher Dan Neville gave Daytona Beach only two hits. Manager Dave Bristol showed the way for the Redlegs with a double and two singles. Miles McWilliams had two for four and drove in three runs.

Tampa's team-age pitching star, 16-year-old Marcelino Lopez, picked up his sixth victory as the Tarpons beat St. Petersburg. He gave up only five hits and struck out 12.

Bob Jangling's two-run triple led the Tampa attack. Tonight's schedule finds Palatka at Daytona Beach, St. Petersburg at Tampa, Orlando at Lakeland, and Sanford at Leesburg.

### Titans Sign Pair

### Pirates, A's Exchange Catchers

**PITTSBURGH (UPI)**—The Pittsburgh Pirates Tuesday night completed their third player deal with the Kansas City Athletics since last winter when they traded catcher Danny Kravitz for catcher Hank Polles and an undisclosed amount of cash.

Pittsburgh will send Polles, a former Pirate, to the Columbus, Ohio, farm club in the triple-A International League.

The Pirates also recalled outfielder Joe Christopher from Salt Lake City of the Pacific Coast League and expected him to report in time for tonight's Cincinnati game.

### Boxer Critical Following KO

**PENSACOLA, Fla. (UPI)**—Supt. Hospital officials said Tuesday that injured boxer Ernie Tubbs "has not responded to treatment" following brain surgery Monday night.

The 30-year-old Houston, Tex., Negro was knocked out Monday night in the eighth round of a welterweight bout at Pensacola by Bill (Buzsaw) Crosby, of Mobile, Ala.

Doctors said Tubbs had a blood clot in his brain which the surgery was unable to correct. They said he was suffering hemorrhages and severe swelling and has been unconscious since his admission.

Ringside spectators said Tubbs apparently hit his head on the ring apron after Crosby knocked him down with a right cross to the jaw.

### Face's Lucky Charm Working Again

**ELROY (UPI)**—Elroy Face is giving the Pittsburgh Pirates that winning blend of good pitching and good luck again.

The amazing 18 - 1 reliever of 1958 lost his first three decisions this year but has done a complete turnaround to win four straight games in the last three weeks. He's been pitching well, of course, but he's also getting the kind of good breaks that make the Pirates think of him as a 150-pound "good luck charm."

Face, making his second appearance in two games and his third in four, received credit for the victory Tuesday night when the Pirates beat the Cincinnati Reds, 4-3, in 11 innings to go a game and a half ahead of the San Francisco Giants who suffered a 9-1 loss to the Chicago Cubs.

The Los Angeles Dodgers beat the St. Louis Cardinals, 5-3, and the Philadelphia Phillies downed the Milwaukee Braves, 12 - 7, in other National League games.

The Baltimore Orioles increased their first-place lead to two games over the New York Yankees, the Chicago White Sox defeated the Cleveland Indians, 6-4, the Boston Red Sox beat the Washington Senators, 5-1, and the Kansas City Athletics shaded the Detroit Tigers, 2-1, in American League action.

### Lance, Buddy's Tie For Loop Lead

**The "Match of the Week" of the Sanford City Bowling League last Wednesday saw Lance, Inc., tie for the league lead, taking three games from Bukur's Music Shop with steady bowling by Captain Tommy Brown, who had a 559 series.**

Henry Tamm was high for the Musician's "4th a 387 total. Buddy's Auto Service, tied with Lance for the league lead, remained in a tie as they also came up with three victories off the Faust Drugs team. Ed Kirchhoff led the Druggists with a 482, while Jack Kanner was high for the Garage-men with a 566 total.

Lake Monroe Inn and Harry's Liquors were the only teams to score four point sweeps. Dick Richards led the Lake Monroe Inn team with a 612 series, while Gene Extridge was high for the losers in the match.

Other League action saw Jim Spencer's take three points from the Mather of Sanford team. Doc Ring led the Spencer's group with a 536, while Yoshi Uyeno was high for the Mather team with 573 total. Larry's Marti took three from George's Tavern with Bill Mott rolling 333, while George's team couldn't pull anyone up to a good series.

### Mary Carter says...

**"BEWARE THE MAKERS OF INFERIOR 2-FOR-1 PAINT!"**

"I enthusiastically support the National Paint, Varnish and Lacquer Association's crusade, in your behalf, against unscrupulous manufacturers of inferior paint who offer so-called 'Second Can Free' or 'Second Can For a Penny More' sales inducements."

"Imitation is said to be the most sincere form of flattery. If that's so, I should be the most flattered paint manufacturer in the industry! Unfortunately, my would-be imitators never go far enough in their attempts to copy the Mary Carter success story — and it's what they FAIL TO DO that makes the big difference!

"As the originator, many years ago, of 'Every 2nd Can Free or Extra Cost' I'm not at all flattered by imitators who:  
"B boldly double the price of cheap paint...  
"Refuse to stand behind their products...  
"Are guilty of shoddy manufacturing, advertising and sales practices..."

"My facilities for serving you have grown from one small store in Tampa, Florida, to 400 retail outlets in 23 states, an ultra-modern research laboratory and three big paint factories. That's because I've always been willing to sell top quality Mary Carter paint at a profit of pennies per gallon, and because of operational economies which I traditionally share with you in the form of free extra paint."

**HOW IS THE FREE GALLON POSSIBLE?**  
"Because of my unique operational economies, I can manufacture the quality paints, varnishes and waxes of low cost and, in addition, I'm satisfied with a profit of pennies per gallon! Elimination of middleman's profits plus company and customer-owned retail stores... system paint factories... shrewd merchandising methods... my own fleet of blood-boats to cut costs of obsolete raw materials and of shipping paint... All of these offset savings, which I pass on to you with every 2nd can of paint absolutely free of extra cost."

**WHY NOT JUST CHARGE HALF PRICE?**  
"My paints are quality priced because they are quality paints! It would be easy to cut the price per gallon to half, instead of giving a 2nd can free with every one I sell, but I refuse to 'second rate' my paints by giving them a low price tag. I'll never classify Mary Carter paints with any of the cheap imitations being offered, nor will I ever downgrade my products by accepting price reductions, discounts or special sales. the Pirates beat the Cincinnati Reds, 4-3, in 11 innings to go a game and a half ahead of the San Francisco Giants who suffered a 9-1 loss to the Chicago Cubs.

The Los Angeles Dodgers beat the St. Louis Cardinals, 5-3, and the Philadelphia Phillies downed the Milwaukee Braves, 12 - 7, in other National League games.

The Baltimore Orioles increased their first-place lead to two games over the New York Yankees, the Chicago White Sox defeated the Cleveland Indians, 6-4, the Boston Red Sox beat the Washington Senators, 5-1, and the Kansas City Athletics shaded the Detroit Tigers, 2-1, in American League action.

### Lance, Buddy's Tie For Loop Lead

**The "Match of the Week" of the Sanford City Bowling League last Wednesday saw Lance, Inc., tie for the league lead, taking three games from Bukur's Music Shop with steady bowling by Captain Tommy Brown, who had a 559 series.**

Henry Tamm was high for the Musician's "4th a 387 total. Buddy's Auto Service, tied with Lance for the league lead, remained in a tie as they also came up with three victories off the Faust Drugs team. Ed Kirchhoff led the Druggists with a 482, while Jack Kanner was high for the Garage-men with a 566 total.

Lake Monroe Inn and Harry's Liquors were the only teams to score four point sweeps. Dick Richards led the Lake Monroe Inn team with a 612 series, while Gene Extridge was high for the losers in the match.

Other League action saw Jim Spencer's take three points from the Mather of Sanford team. Doc Ring led the Spencer's group with a 536, while Yoshi Uyeno was high for the Mather team with 573 total. Larry's Marti took three from George's Tavern with Bill Mott rolling 333, while George's team couldn't pull anyone up to a good series.

### Pirates, A's Exchange Catchers

**PITTSBURGH (UPI)**—The Pittsburgh Pirates Tuesday night completed their third player deal with the Kansas City Athletics since last winter when they traded catcher Danny Kravitz for catcher Hank Polles and an undisclosed amount of cash.

Pittsburgh will send Polles, a former Pirate, to the Columbus, Ohio, farm club in the triple-A International League.

The Pirates also recalled outfielder Joe Christopher from Salt Lake City of the Pacific Coast League and expected him to report in time for tonight's Cincinnati game.

### Boxer Critical Following KO

**PENSACOLA, Fla. (UPI)**—Supt. Hospital officials said Tuesday that injured boxer Ernie Tubbs "has not responded to treatment" following brain surgery Monday night.

The 30-year-old Houston, Tex., Negro was knocked out Monday night in the eighth round of a welterweight bout at Pensacola by Bill (Buzsaw) Crosby, of Mobile, Ala.

Doctors said Tubbs had a blood clot in his brain which the surgery was unable to correct. They said he was suffering hemorrhages and severe swelling and has been unconscious since his admission.

Ringside spectators said Tubbs apparently hit his head on the ring apron after Crosby knocked him down with a right cross to the jaw.

### Face's Lucky Charm Working Again

**ELROY (UPI)**—Elroy Face is giving the Pittsburgh Pirates that winning blend of good pitching and good luck again.

The amazing 18 - 1 reliever of 1958 lost his first three decisions this year but has done a complete turnaround to win four straight games in the last three weeks. He's been pitching well, of course, but he's also getting the kind of good breaks that make the Pirates think of him as a 150-pound "good luck charm."

### Space Program Aimed At Finding Out What Man Can Do In Space

CAPE CANAVERAL (UPI)—America's multi-million-dollar space program is getting a new flavor — the "human element." The day when space was a purely scientific property is over. U. S. research is swinging toward finding out more of what man can do for man and what man can do in space.

This shift is reflected in the summer schedule of American space shots for the remainder of 1960. Rockets will carry tons of machinery into the skies to explore new ways of weather forecasting, communications, navigation and national defense.

The headline is the project aimed Mercury — America's first manned space flight. It is scheduled to be launched in August and then into space. The measure is on because Russia too has sent a man into space.

U. S. scientists hope to send the spaceman's capsule on a short trip with a Redstone missile and then into orbit with an Atlas intercontinental ballistic missile early this summer.

If all goes well, the first Astro-1 will ride a Redstone 80 miles above and 160 miles across the Atlantic in July or August. The first orbit attempt is slated for late 1961.

Two of the nation's most successful satellites — Tiros I, to take weather pictures, and Transit 1-B, forerunner of a "radio star" for navigators to guide — will get brothers within the next few months.

Tiros II and Transit 2-A, two of the first satellites to hold promise for man in his everyday life, are expected to be fired toward orbit around earth by September. Operational systems are prepared for the next two years.

Echo II, a 100-foot balloon, will be launched during the same period. The first Echo shot failed earlier this month. Operational balloons will open the door to worldwide television, telephone and telegraph communications.

In a more secret area of communications, the Army hopes to send up two prototypes of its Courier satellite, the first within one month. Courier will enable American military headquarters to

send taped messages to overseas bases.

The Air Force has three satellite systems in the works to protect the nation—Midas, to warn against missile attacks; Samos, to take reconnaissance pictures; and Advent, to relay Midas and Samos information instantaneously to the ground.

The three systems will be fired from Vandenberg Air Force Base, Calif., into polar orbits, the first Midas prototype is in orbit, although plagued by troubles. Samos will get its first shot around August. Advent test models will be launched next year.

Project Discoverer, the Vandenberg — launched satellite that serves as a basis for Samos and Midas, will get several more trials this year.

Satellites for strictly scientific purposes—and prestige value — dot the rest of this year's schedule. Atlas-Able rockets will launch a pair of satellites toward the moon the first around August or September and the second about November.

One lunar probe will take pictures of the far side of the moon's surface and relay them to earth via television camera. But the pictures probably will be crude compared to the shots made by Lunik III, the earth-moon orbiter launched by Russia last October.

The nation's first chance to equal the payload weights of Russia's Sputnik and Lunik rockets will come late this year, when the Air Force gives its Titan intercontinental ballistic missile its initial space job.

Titan probably will try to throw a large payload into orbit around earth. Sources said it could orbit up to 11,000 pounds, of which 5,000 pounds would be working payload.

The National Aeronautics and Space Administration will fire several Juno II rockets to study radiation and meteor dust in starting around September.

The solid-fueled Scout rocket is expected to break into space research within a month. It will be fired to an altitude of more than 25,000 miles for radiation studies. Civilian scout rockets will be launched at Wallops Island, Va., and military models from here.

### Nixon Gaining From Nikita's Constant Knocks

By LYLE C. WILSON  
WASHINGTON (UPI)—Boisterous Premier Nikita S. Khrushchev seems not to have done his homework in the field of American presidential politics.

Mr. K wants President Eisenhower out of the White House and a more friendly negotiator in. On part of that, Khrushchev has the U. S. Constitution going for him. Presidential service is limited to two terms.

The Russian seems also to desire that Vice President Richard M. Nixon shall not succeed Eisenhower. A great many Americans will go along with Mr. K on that. But the Democrats and others who hope to lick Nixon must be wishing that Khrushchev would pipe down. His declared veto of Nixon as a satisfactory president of the United States should make some votes for the vice president and probably will.

The nasty turn of events at the Paris Big Four meeting demonstrated the need for a tough man in the White House, one who can slug with Khrushchev if there must be slugging. Khrushchev could do much toward persuading Americans that Nixon is such a man. Mr. K, in fact, already is doing that.

If Khrushchev were more familiar with the electoral habits of a free society he probably would realize that, from him, every knock is a boost. When Khrushchev knocks Nixon, Americans are likely to remember that the vice president last year went a few fast rounds with Mr. K in Moscow.

That was when they met in their "kitchen debate" at the U. S. exhibition. Nixon got the newspaper decision in that one.

Mr. K's continued attacks on the vice president might just spread the idea that the Russian has had a bellyful of Nixon and lacks appetite for more. Such an idea would not do Nixon any harm in the upcoming presidential sweepstakes.

He is the happiest, be he king or peasant, who finds peace in his home. —Goethe

# WASHINGTON CALLING

by Marquis Childs

WASHINGTON — The favorite script of the Eisenhower administration is the hero's return. Whether it is the president himself or Vice President Nixon, we have seen the personal drama played out again and again of the hero who stands up to sticks and stones, insults, bad names, and then returns to the acclaim of a tumultuous welcome.

It is natural that the patriotism of Americans should respond to the fortitude of a leader who meets with adversity. But how much the personal drama really means in relation to America's position in the world and to America's aims is something else again.

President Eisenhower's reception on his return from Paris and the efforts to enhance his role in the tragedy of the U-2 and the collapse of the summit have a familiar resemblance to the drama of Nixon's return from Latin America two years ago. Nixon had

been stoned in Venezuela, spat upon in Uruguay and denounced in Peru. When he returned to a high-profile reception at the airport, it was the president who directed the chorus of "Hail to the Conquering Hero." This was Nixon's assignment as the president returned from Paris.

Nixon said that his trip had demonstrated that "top priority" must be given to Latin America.

It is well the trip was taken at this time, he was quoted as saying, for it brought out into the open the problems we face before they could get worse.

There is little evidence that important steps have been taken to upgrade Latin America. Nothing like the recasting of American policy, which Nixon seemed to feel was essential, has occurred. When Alberto Llerza Camargo, president of Columbia, was here in April he made an eloquent plea for serious consideration of the economic and

# WORRY CLINIC by Dr. G. W. Crane

Churches often need blood transfusions. If you're not overflowing with young people, it is anemic. Churches occupy valuable real estate sites. But many of them aren't functioning five hours per week! A five-hour church should help people solve their specific marital, parental, business, recreational, cultural and adult educational problems.

CASE E-478: Alan J., aged 37, is a banker who is now the president of the men's club of his local church.

"Dr. Crane, we would like some suggestions by which we can increase the effectiveness of our church," he began.

"What would you recommend for pepping up attendance at the Sunday school, etc.?"

"A church occupies a very expensive real estate site, so we'd like to make our return greater dividends to the community."

The Sunday school is the most important part of the church. It's the recruiting ground for the future.

So I advised Alan to enlist the aid of somebody with a motion picture machine and run a 10 minute educational movie promptly at 9:30 each Sunday morning.

This will stimulate the children to arrive promptly and also cause them to invite their friends.

A number of churches have used this method with admirable results. It almost doubled the attendance in one of them in Evanston, Illinois, and brought the children out promptly.

Inject more competition, too, for it is the human yeast that adds zest to religious activity, as well as to sports and business. Without competition, things are as flat as unleavened bread.

Divide your Sunday school into teams and then run a contest that is simple to tabulate.

Pick out 100 people who attend very seldom if ever. Divide these names between the two competing groups. Then allot five points for each one brought out for Sunday school.

Make the contest short—say four weeks, and pay off quickly after its completion, for children need their rewards the sooner the better.

Contests are like advertising in that they must be varied in nature for maximum interest value but continued constantly.

Don't expect one contest of four weeks duration to keep attendance up for the rest of the year! So offer a new contest at the end of the previous one has terminated.

Then organize a group of "Minute Men and Women," possibly of teenagers, each pair of whom is to be assigned one or two city blocks. Let the pair take a church census thereof, and each week make the rounds urging everybody to attend church or Sunday school.

Those that belong to other churches can be directed into their own denominations. But the non-church members can then be invited to Alan's church.

This is the famous "block" system that has worked so successfully in politics. But there is no reason why an alert church should not utilize similar excellent psychological strategy.

Those "Minute Men" should be on call at a minute's notice to help the clergyman.

Besides, the church should conduct educational guidance clinics for its young people, inviting various men or women to describe their own trades or professions. Pick talented speakers for this series of addresses.

Urge your clergyman not to shut up the church on Sunday evenings, but to run a marriage clinic. Include an analysis of the vital marital and parent-child problems, using specific cases as the basis of discussion.

Get the women to conduct a nursery school, not only on Sunday morning, but also during the week. This will benefit the working mothers and the "only" children who lack siblings. Besides, it can bring in revenue to the women's societies.

A livewire church should also operate employment agencies, a directory of reputable rooming houses for members needing such services, a matrimonial agency, classes in applied psychology, foreign language, etc.

Send for my bulletin "How To Pep Up Sunday School Attendance and Party Games," enclosing a stamped return envelope, plus 20 cents. Use it to pep up your church.

# Three Minutes A Day

By JAMES KELLER

A little Dutch boy became a national hero when he discovered a leak in a dike in time to save the city of Zaandam, Holland, from possible disaster.

One night, when the 8-year-old youngster couldn't sleep, he told his mother: "I hear a lot of water running."

Going outside to investigate, he discovered water pouring through a growing gap in the dike, only a few feet from his house.

The boy quickly sounded an alarm. An emergency squad soon appeared and repaired the breach.

Children are blessed with a sense of alertness and curiosity that can benefit them and everyone else if properly developed and channeled.

By impressing on young people that they have a bit of God-given greatness hidden within them, you would do much to stimulate them to find constructive outlets for their natural spirit of wonder and adventure.

"The child grew, and became strong. He was full of wisdom and the grace of God was upon him."

(Luke 2:40)

Thanks, O Lord, for blessing every child with a sense of wonder and curiosity.

We would accomplish many more things if we did not think of them as impossible.

At present, three airlines are feeding in tourists: South Pacific Air Lines by Constellation from Honolulu to Bora Bora (with a flying boat connection of one hour to Tahiti); the French TAI from Los Angeles via Honolulu to Bora Bora; TEAL, the New Zealand flying boat line, from Suva in the Fiji.

There are less than 100 first class hotel beds, but building is going on.

The best is Hotel Tahiti. The new thatched-and-bamboo bungalow hotel is being built by Spencer Weaver who owns most of the restaurants in Honolulu.

There is the rather rundown Royal Tahitian.

There is the fair Hotel Les Tropiques—but the jet strip is building into Auae lagoon. Jets will take off

WASHINGTON — It was a ticklish situation for the Interior Department. The nudist colony asked to hold its convention in a national park — namely Hot Springs, Ark.

# Mr. Billogg

When at a public assemblage an acquaintance, who hitherto has been cold and stand-offish, rushes up and shakes a person's hand heartily:

When he expresses delight over the chance meeting, pointing out his great distress at having seen so little of the person in question and lamenting the fact that there is not enough time to do all the things one wants to do:

When he suggests sitting together and assumes the responsibility of finding vacant seats and ushers a person into one of them:

When he displays great interest in a person's family, inquiring after the wife and children and paying them nice compliments:

When he insists upon catching up on a person's activities, asking about his business and his avocations; and where a person expresses uncertainty over his ability, assuring him that he underestimates himself and that, with his special talents, and determination everything will come out all right in the end:

When he asks a person for advice remarking on the confidence he has in his judgment and inquires his opinion on the public matters of the day:

When in response to a person's lament that he is beginning to show his age, he protests that he doesn't look a year older than he did ten years ago, and when a person expresses fear that he is putting on weight assures him that nobody would ever notice it:

When he loses no opportunity to make himself agreeable, leading a person to the conclusion that he has misjudged the person in supposing him to be indifferent, and that he really is a fine fellow:

How sad is the revelation when the acquaintance, having thus laid the groundwork inquires: "By the way, you go in my direction don't you? I wonder if I may ask a lift?"

rather skirt the problem, but they put into motion a delaying tactic known as buck-passing. In this instance, I was assured, they held it to a bare minimum.

Park Service headquarters gingerly took the first step. They relayed the request to Hot Springs, Ark. The assistant superintendent dropped dead.

The nudists, a religious sect operating under the name of Apocalyptic, made their desires known to Interior on May 11. They complained that their first choice, Columbus, Ohio, showed them a cold shoulder.

"They've appealed to Columbus' director of safety, but meanwhile toured to Interior for their cutting — scheduled July 4-9. Their man, Robert Clogher, wrote: 'If Columbus proves too hot for us, may we assemble peaceably in the federal government's Hot Springs?'"

For days, the interior people scoured their books looking for rules that would cover nudists. They found none, but that would suit them. So Jim Cullinane, chief of information of the National Park Service, dispatched a rather, uh, diplomatic letter explaining the problem.

The note explained that no one at headquarters was quite sure under what conditions nudism is allowed "in the bathhouses there."

Perhaps, the letter pointed out, the question could be answered by officials at Hot Springs. A copy of the letter was forwarded to Hot Springs, and a few days later word was received that the assistant superintendent had fallen dead.

Interior officials were emphatic in pointing out that the tragedy was simply a coincidence and, as far as anyone knew, had nothing to do with the decision on nudism.

The cult, which makes its permanent headquarters at Holy City, Calif., has gone to several extremes in demanding equal rights.

For one thing, according to their man Clogher, they've requested a ruling—informally, of course—of their fellow Californian, Chief Justice Earl Warren, on whether there are any federal laws against their "strange, new doctrine." The quotes are Clogher's words. Naturally, they requested that Warren's reply be sealed.

So far, there has been no word from Chief Justice Warren, nor, as far as I know, from Columbus. And definitely, no official word yet from the Interior Department.

The Washington chiefs hope they've heard the last of this request. They'd prefer to pass it off as just a clothes call.

Census Shows  
Miami Nears One  
Million Mark

MIAMI (UPI) — The Miami metropolitan area neared the one million mark in population according to preliminary 1960 census figures released Wednesday.

Tampa replaced Jacksonville as Florida's second largest city, although Duval (Jacksonville) remained the second biggest county after Duval.

Completion of the Pinellas (St. Petersburg) County figures today, however, was sure to show the Tampa Bay area is the state's second largest metropolitan center after Miami.

Tampa moved ahead of Jacksonville by virtue of population increase and city limits expansion, coupled with an exodus to the suburbs in Jacksonville.

Figures compiled for 21 of the state's 67 counties appeared that Florida's big counties have grown bigger in the past decade while many of the small ones have grown smaller.

The preliminary figures also showed the three largest counties are Hillsborough, Duval and Alachua. Hillsborough will affect the distribution of secondary road funds through the state.

Duval County registered a 48.2 percent gain. Hillsborough was third among counties, and Broward, with figures incomplete, was expected to be fourth.

The three largest counties are Hillsborough, 391,865; Duval, 299,432; and Alachua, 249,264. The 1950 figures were Duval, 208,894; Hillsborough, 269,223; and Alachua, 165,418.

The three largest cities are Miami, 252,600; Tampa, 270,610; and Jacksonville, 199,264. The 1950 figures for these cities were Miami, 149,276; Jacksonville, 204,317; and Tampa, 124,681.

The Dade County figures fell short of the one million predicted by some civic leaders. The growth of Miami proper, minus by satellite cities, was comparatively small. But Dade County's bedroom cities of Hialeah, Coral Gables, North Miami and Miami Springs grew dramatically. So did the unincorporated areas of the county.

Nikita Says U. S.  
Torpedoed Summit

WASHINGTON (UPI) — Soviet Premier Nikita S. Khrushchev told Democratic leaders in a message made public today that the whole world knows the United States "torpedoed" the summit conference by acts of "aggression and provocation."

Replying to a cablegram from the Democrats sent him just prior to break-up of the summit meeting in Paris, Khrushchev said that for him to participate in the conference would mean that he endorses the aggressive policy of the military circles of the U. S. A.

Senate Democratic Leader Lyndon B. Johnson made public Khrushchev's reply to the cablegram which had been sent to the Soviet leader by Johnson, Speaker Sam Rayburn, Sen. E. Stevenson and Chairman J. William Fulbright (D-Ark.) of the Senate Foreign Relations Committee.

Board To Hear  
Engineering Firms

The City Commission will meet at 8 p. m. Monday to hear engineering firms from Daytona Beach and Pineda present their plans to correct Sanford's water problem.

Glace Engineering Co., St. Petersburg, will be heard at 8 p. m. followed at 9:30 by the Russell and Axon firm of Daytona Beach. Tuesday, commissioners will hear Reynolds, Smith and Hills engineer firm, with offices in Jacksonville, Tampa and DeLand and Gannett, Fleming, Corddry and Carpenter Inc. of Daytona Beach and Pennsylvania.

Dr. David B. Smith and associates, Gainesville, and Flood and Wilson, of Jacksonville will appear before the Commissioners on Wednesday.

Bragging Leads  
Police To Trail  
Of Large Theft

Four teenage boys arrested on charges of theft paid the penalty for "kissin' tongues" boasting.

The group, hoisted together in the Bear Lake section, were loudly boasting of their escapades, which included the theft of almost everything from cans of beef to rifles, when they were overheard by a housewife.

She reported the incident to Deputy Grady Hall, who investigated the teenagers and learned the boys had stolen more than \$2,000 worth of equipment from an area in Lochhart.

The boys, ages 14-17, were arrested and admitted the theft. They were turned over to the Orange County Sheriff's Dept.

Tommy Rescued

CHICAGO (UPI)—No more wine cellars for Tommy the horse. No more lush living in the limelight. No more eating like a horse.

Tommy may be the only horse in the history who walked down a flight of stairs into the headliner.

It happened two days ago, when Julius came to the stable and found Tommy in the cellar. No one knew how he got there, although the hay stored in the cellar may have had something to do with it.

Or maybe Tommy went down for a drink. The cellar, a wine storehouse in its lushier days, still housed a few kegs of lubbly. The hay and the wine composed a feast fit for Man-O-War.

Anyhow, Tommy wouldn't—and couldn't—leave. The cellar was too small to turn around in, and most horses are hard put to clomp up stairs backward.

The police, fire department, civil defense workers, 100 amused onlookers and a flock of reporters descended on Julius' stable.

The workers tried a winch and tow truck. Tommy complained. The hoisting chain was pinching his belly. The workers tried sledge hammers. No go. The six-inch concrete floor was too tough.

The workers tried air hammers and an acetylene torch. The floor above gave way. Tommy was hooked to a block and tackle and raised to respectability.

The crowd cheered. Tommy, sulked. His vacation in the cool, well-stocked cellar, was over.

But Julius beamed and promised to give Tommy the horse some coffee. Tommy likes coffee. In a bucket. With cream and sugar.

Tower Restaurant  
Sold At \$85,000

The Glass Tower Restaurant and Cocktail Lounge on 17-92 in Forest Hills was purchased by Minnesota investors for \$85,000.

The building and tract of land was sold by Mrs. Joan G. Blum to A. G. Bush, whose address is listed in care of Minnesota Mining and Manufacturing Co., St. Paul.

Bush is a top official in the First National Bank at Winter Park and has interests in the Mining Company.

Bank officials said the building and land was purchased by an out-of-state group for investment purposes only, and denied that the Minnesota firm planned any future construction in that area.

Bank officials also denied reports that a savings and loan company or a bank will be erected on the corner of Hwy. 436 and 17-92 anytime in the immediate future.

Hourly Wage Boost  
Compromise Plan  
Set For Debate

WASHINGTON (UPI) — The House Labor Committee starts work today on a compromise plan to boost the \$1 minimum hourly wage gradually to \$1.25 and extend its coverage to 4,182,000 more workers.

The committee scheduled a hearing on the bill today. The bill was introduced by a subcommittee that has been wrestling with minimum wage proposals for months. No votes were expected today.

A subcommittee informally agreed on the plan Wednesday. The compromise would give pay hikes to an estimated 2,420,000 workers now covered by the law and 860,000 newly-covered wage earners.

Rep. James Roosevelt (D-Calif.), author of the measure, said it had a good chance of winning committee approval. But it faced heavy opposition from the committee's Republican minority.

Rep. Edgar W. Heistand (R-Calif.), cosponsor of the bill, said it would hurt some workers it was designed to help and would "eventually push up the cost of living."

The Roosevelt plan is a compromise between an AFL-CIO-backed bill calling for an immediate 25-cent hourly boost in the minimum wage and coverage for 7,500,000 more workers, and the administration's recommended 10 to 15-cent increase and coverage for 2,500,000 additional workers.

The compromise would raise the minimum wage for presently-covered workers to \$1.15 on Nov. 1, \$1.20 a year later and \$1.25 in November 1962. A \$1 minimum would be set next Nov. 1 for newly-covered workers. Weekly overtime pay for them would start after 48 hours and be reduced gradually to 40 hours in the fifth year.

Spy Flights 'Vital', Gates Says

WASHINGTON (UPI) — Defense Secretary Thomas S. Gates Jr. said spy plane flights provided the United States with secret data about Soviet atomic weapons, missiles, submarines, planes and airfields.

He said the information brought back by the planes was "vital information" which was used by the Defense Department.

Gates described the military value of the flights in closed-door testimony before the Senate Foreign Relations Committee which is conducting an inquiry into the U-2 episode and the subsequent failure of the summit meeting.

Gates testified that the espionage flights, directed by the Central Intelligence Agency, produced "information on airfields, aircraft, missiles, missile testing and training, special weapons storage, submarine production, atomic production and aircraft deployments" and similar secrets.

"These were all types of vital information," he said. "These results were considered in formulating our military programs. We obviously were the prime customer and ours is the major interest."

A censored transcript of Gates' testimony was made public.

Gates also testified about his action ordering a worldwide alert of all U. S. military services on the eve of the Paris summit crisis.

Gates said the May 15 alert—with special emphasis on communications—was issued as a "quiet increase in command readiness," and was to have been carried out "without public notice, if possible."

Word of the alert leaked out, however.

"This communications alert was not an act that was either offensive or defensive in character," he said. "It was a sound precautionary measure. It did not recall Army, Navy, Air Force and Marine personnel from leave. There was no movement of forces involved."

"However, I want to emphasize that it did make certain that if subsequent developments made necessary a higher state of readiness, such action could be taken promptly and convincingly."

The defense chief said U. S. military forces are "always on some degree of alert." On May 15, he said, American officials in Paris were "already aware of the sense of the statement that Soviet Premier Nikita S. Khrushchev was going to make the following day." Gates said it was evident that Khrushchev "deliberately intended to wreck the conference."

Of the spy plane missions, Gates explained that Defense Department personnel gave "technical advice to the U-2 project." But he said "no military aircraft were used for these flights nor were the pilots military personnel."

He said CIA Director Allen W. Dulles, whose secret testimony before the committee has not been made public, recommended U-2 operations to the President after getting concurrence from the secretaries of defense and state.

"More specifically," he said, "I reviewed program proposals embracing several priority missions, one or more of which it was proposed to execute in the near future. Responsibility for the operational conduct of the program rested with the CIA."

Gates' opening statement took less than three pages and was not censored before its release to the press.

WASHINGTON (UPI) — The chairman of a House watchdog committee proposed today that junketing congressmen be required to account publicly for their government-paid expenses so taxpayers can be sure their money doesn't go for whiskey, nightclubs, and other high living.

Rep. Omar Burleson (D-Tex.), who heads the Committee on House Administration, said he believed prompt reporting on outlays for official travel in and out of the country would safeguard the Treasury against most abuses. He said he doubted that abuses were common anyway.

There was no immediate rush among his fellow lawmakers to get behind Burleson's proposal. Many members felt they had been treated unfairly in published charges of legislative hijinks on investigative missions in the U. S. and abroad.

In similar copyrighted accounts by a team of two reporters, the Knight newspapers and Life magazine said a look at 25,328 vouchers filed by House members prior to last June 30 revealed some "shocking" abuses of the congressional expense account.

But one of the targets of the charges, was directed immediately by his committee to "retaliate in the strongest terms" to other House members the ground rules on what they may and may not charge off to the taxpayers for official travel.

He also announced plans to confer with House leaders on what else could be done to lighten up the admittedly "rather loose" arrangement by which his committee approves congressional expenses.

"I think we'll have to get tougher with them," Burleson said. He told United Press International one good way to do this would be to require that each member on his return from a trip file for publication in the congressional record a full account of his outlays.

The Zoning and Planning Commission will meet at 7:30 p. m. today to discuss the rezoning of a section between 23rd and 24th streets for the construction of a church.

A congregation of the Church of Jesus Christ of Latter Day Saints made the request in order to construct a church in that area.

The section is presently zoned for residential use. The church members are seeking a zone change to allow them full use of their property.

Panic Pitch

LEOPOLDVILLE, Belgian Congo (UPI)—Reports that African extremist politicians were promising native voters the women and property of white men spurred a mass movement of white settlers from the sprawling Belgian Congo today. The reports, made grimmer by news of the first murder of a European settler by a Negro in more than 18 months, brought the exodus to near panic pitch.

Mamie Better

WASHINGTON (UPI) — Mrs. Mamie Eisenhower is responding well to treatment for acute asthmatic bronchitis, but will be unable to accompany the President to his class reunion at West Point this weekend.

Col. Erigrual Altair, spokesman for the committee, said it has assumed the full powers of Parliament. He said it will pass laws and hold the old government responsible for its actions.

Altair confirmed that a number of bodies have been found in Ankara and Istanbul, but gave no further details.

ANKARA, Turkey (UPI) — The ruling National Unity Committee announced today that leaders of the deposed Menderes regime will go on trial within a month, and that elections for a new Parliament will be held "in the shortest possible time."

Observers here speculated that the elections would not take place until the trials of ex-Premier Adnan Menderes and other deposed leaders have been completed—perhaps several months from now.

The discovery here and in Istanbul of the graves of a number

of young Turks believed to have been killed by police during anti-Menderes riots increased speculation that the ex-premier and some of his aides might face the death penalty.

Col. Erigrual Altair, spokesman for the committee, said it has assumed the full powers of Parliament. He said it will pass laws and hold the old government responsible for its actions.

Gift Wrapped  
Bomb Blows Up;  
Three Injured

NASHVILLE, Tenn. (UPI) — A mother and her two daughters were seriously injured today when a bomb in a gift-wrapped package blew up in the mother's face as she opened it.

Police put out a pickup order for the woman's husband, Travis Tate, about 20, of Fayetteville, Tenn.

Mrs. Frances Binkley Tate and her two daughters, aged 8 and 10 were rushed to St. Thomas Hospital for emergency treatment.

A spokesman said Mrs. Tate was in "very critical condition" and the children would have to undergo surgery. They were listed in fair condition as doctors waged a fight for the mother's life.

"Her hands are gone," an official said. "She's just completely blown up."

Police said Tate had threatened his wife Wednesday night in a Fayetteville night spot, 100 miles southeast of here, and she had come with her daughters to her mother's home in Ingewood, a suburb of Nashville.

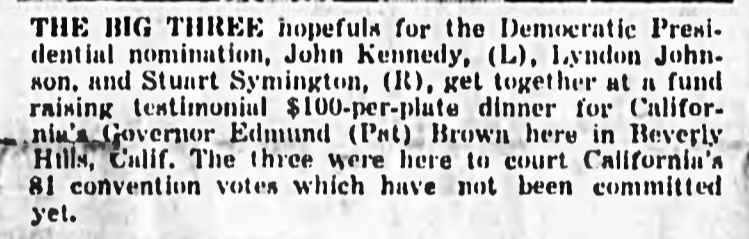

F. J. Denney, Ingewood-Madison police chief, said the bomb package apparently was delivered early today to the home of Mrs. Tate's mother and left on the door of the mailbox.

Denney said Mrs. Binkley "saw the package and took it back into the house and handed it to the daughter on the back porch."

When Mrs. Tate opened the package, the explosion blasted her whole body. Her children, standing a few feet away near the edge of the porch, ran in fright into the front yard, where their injuries felled them.

"We have a description of the car that left the bomb," he said. "There's a pickup on it and on the man. He'll never get back to where he's going."

Denney said the bomb was made of a stick of dynamite, a detonator and two flashlight batteries.

Hope Appears Dim  
To Avert Actors Strike

NEW YORK (UPI)—Broadway's faded footlights are flickering as the switch that is expected to darken all 72 Broadway theaters this evening, the League of New York Theaters, which represents both producers and theater owners, immediately notified casts of all shows that all performances tonight would be cancelled in reprisal against Wednesday's cast walkout.

"Every play and musical in town will be out Thursday night," Alexander H. Cohen, a spokesman for the Theater League, announced after the 17 cast members of "The Tenth Man" failed to appear at the Booth Theater for Wednesday night's performance and attended a union meeting two blocks away.

Spokesmen for both the Theater League and Actors Equity, which represents about 11,000 actors and actresses, said they were still far apart in their negotiations which have been carried on since April 15. Major issues in the dispute are the union's demand for a pension, an increase in minimum salaries, improved working conditions and other benefits.

High Living  
Congressional  
Junkets Rapped

WASHINGTON (UPI) — The chairman of a House watchdog committee proposed today that junketing congressmen be required to account publicly for their government-paid expenses so taxpayers can be sure their money doesn't go for whiskey, nightclubs, and other high living.

Rep. Omar Burleson (D-Tex.), who heads the Committee on House Administration, said he believed prompt reporting on outlays for official travel in and out of the country would safeguard the Treasury against most abuses. He said he doubted that abuses were common anyway.

There was no immediate rush among his fellow lawmakers to get behind Burleson's proposal. Many members felt they had been treated unfairly in published charges of legislative hijinks on investigative missions in the U. S. and abroad.

In similar copyrighted accounts by a team of two reporters, the Knight newspapers and Life magazine said a look at 25,328 vouchers filed by House members prior to last June 30 revealed some "shocking" abuses of the congressional expense account.

But one of the targets of the charges, was directed immediately by his committee to "retaliate in the strongest terms" to other House members the ground rules on what they may and may not charge off to the taxpayers for official travel.

He also announced plans to confer with House leaders on what else could be done to lighten up the admittedly "rather loose" arrangement by which his committee approves congressional expenses.

"I think we'll have to get tougher with them," Burleson said. He told United Press International one good way to do this would be to require that each member on his return from a trip file for publication in the congressional record a full account of his outlays.

The Zoning and Planning Commission will meet at 7:30 p. m. today to discuss the rezoning of a section between 23rd and 24th streets for the construction of a church.

The section is presently zoned for residential use. The church members are seeking a zone change to allow them full use of their property.

ANKARA, Turkey (UPI) — The ruling National Unity Committee announced today that leaders of the deposed Menderes regime will go on trial within a month, and that elections for a new Parliament will be held "in the shortest possible time."

Observers here speculated that the elections would not take place until the trials of ex-Premier Adnan Menderes and other deposed leaders have been completed—perhaps several months from now.

The discovery here and in Istanbul of the graves of a number

of young Turks believed to have been killed by police during anti-Menderes riots increased speculation that the ex-premier and some of his aides might face the death penalty.
