Baby Boom Bad Business

butiness" is a long-accept-that is meeting with in-depticism these days—se-mong businessman. I that the assumptions on is based no longer hold-ies mean, as in the past. sore more mean, as in the past, greater demand for all the things that habies must have—and eventus: ally greater demand for all the things that growing children, young-soulds and young marrieds must have—ander the categories of food, ciething and shelter.

containing and shorter. This is all right as far as it goes, but as far as it goes is the point where population growth begins bur-dening the economy with excessive concentration on supplying these bas-

consentration on supplying these bas-is meeds. This was emphasized by Richard L. Breault, associate director of re-seatch for the U.S. Chamber of Com-merce, in an address before a recent National Conference on Family Plan-ning held in Washington. The belief that babies are good for businesse "does not stack up to the current realities of contemporary American life," he said. "We are long past living in an economy of sub-sistence only."

son when the featured item is the human anatomy—displayed at its best or at its worth. But displayed. Displayed at its best? How else

han by a beautiful girl at water's'

for laxuries today, he estimates. And today's laxury has a way of becom-ing benerrow's necessity. In 1908, some 90 million Americans

In 1900, some 90 million Americane sot along on about \$101 billion worth of goods and services. By 1906, only twise as many people needed six times as much real output---660 bil-lion--to maintain themselves. The key to commence growth today, according to Breault, is not more ba-bies but the businessman's ability to adapt himself to supplying the "var-iegated demand" created by the boom in personal income. Rational family planning makes economic as well as social sense, therefore, because "it can insure a family does not become doomed to expending all its economic resources on the more basics of subgistence."

Thought For Today

If any one refuses to obey what we say in this letter, note that man, and have nothing to do with him, that he may be ashamed.—II These. 8:14. . .

Justice is the insurance we have on our lives, and obedience is the premium we pay for it.—William Penn, Pennsylvania's founder.
