

32 Injured Atlanta Fire Kills Nine

BY BILLIE BROWN
Associated Press Writer
ATLANTA, Ga. (AP) — Nine persons were killed and 32 injured early today when a fire swept the seventh floor of a recently constructed 11-story home for the elderly. Fire officials said the blaze was confined to the seventh floor of the Baptist Towers in southwest Atlanta. They said most of the bodies were discovered in the hall.
Fire Marshal Jim Seagraves said the fire apparently started in one room on the seventh floor and spread down the hall, igniting several other apartments. Officials at the building said it holds 300 persons. Witnesses said several of the elderly persons panicked and fled down the stairs.
"I heard all these people come panicking and screaming down the stairs," said Louise Alexander, who lives on the first floor. "I could hear women screaming, 'Come and get me.' They just panicked. Some of them haven't been out since they got here."
The \$4.5-million building was just completed in April.
One resident, Otis Brewer, who lives on the 11th floor, said the fire started right at 2:30 a.m. "A fire alarm like the buzzer on my alarm clock went off," he

65th Year, No. 77 Price 10 Cents

First off... regardless of what you may have read elsewhere, tonight's parade starts at 7 p.m. Get the kids there on time, O.K.?

Secondly, the termination point of this parade is such that those marching in the parade will not be able to come back down the route on First Street (as was the case last year) obstructing the view of the "parade watchers."
It's supposed to be the biggest parade ever...
Tell me... if they make such a big deal about that youngster who complained about the cost of his model airplane glue climbing from 9 to 13¢ (or thereabouts) as I recall the incident), would they be so kind as to explain why the Federal Government is permitted to raise the cost of a duck hunting stamp from the \$3 of last year to \$5.
Now if that's not highway robbery, then how about like State assessing those hunters who go to the Farnon area? Last year we all paid \$5 for the privilege. This year, it doubled... \$10.
I do believe it's about time that we ecologists... (some of us kid ourselves into thinking that we're hunters)... but for all of the license fees we've been paying... just where does all of this loot go?

And if we have any more of those air boat nuts ruining the pleasure of the duck hunting population, well, it's about time we wrote some laws comparable to those they enjoy in the southern part of this state. They just don't permit 'em on the lakes during the hunting season.

Flash... Christmas gift packages that travelers carry aboard planes during the holiday season may be opened and searched as an anti-thefting measure, airline officials are saying.
Since mine are usually "liquid refreshment"... I'll drink to that opening the gifts early requirement!

Those who love "Old Fashions" are not necessarily antique collectors.

CELEBRITY TIME... Hal Dean, the gent who is presently filling the shoes for the recuperating Del Lord, manager at the Sanford Plaza Rocking Chair Theatre... Dean is a former member of the renowned Ted Weems band, and his show biz background includes a couple times when he shared the stage with Ted Lewis.
Now... "Is Everybody Happy?"

This must be "thought-provoker-day" or something... anyhow, here's another one for you from Anthropologist Robert Ardrey: "It is easy to learn to be violent. It is tough to learn to be peaceful. We will have to work at it, and work hard. Affiliates are being Security is boring. Man is driven by an innate need to seek stimulation. It is an unaccustomed situation for men to be in."

HOW FIRM A FOUNDATION
Pilings—over 100 of them—are being driven to provide a solid foundation for the four-story addition to First Federal Savings and Loan Association's First Street facilities. This latest step in improving and modernizing Downtown Sanford will cost over a \$1 million. (Staff Photo)

Casselberry Decides Ballot Publication Required

By DONNA ESTES
The operation of municipal elections used to be a relatively easy affair with simple rules set forth in various city ordinances and charters giving minimal guidelines to be followed and adhered to.
The general rule was that petitions signed by a number of registered voters be submitted to have names placed on the ballot. Then with rising costs and to weed out nuisance candidates in some cases fees were charged for qualifying.
The simplicity of the operation changed a few years ago when the state Legislature adopted laws requiring the candidates in city elections to file regular reports showing contributions and expenditures in campaigns.
The question this week is whether the cities are required by the state election law to publish the ballots for next week's municipal elections to be held on Tuesday in Sanford, Casselberry, Winter Springs, Longwood and Altamonte Springs.
After an in-depth review of the law, the City of Casselberry determined publication of its ballot is a necessity and it will appear in Friday's edition of the Sanford Herald.
At the same time S. Joseph Davis Jr., city attorney of Longwood and Altamonte Springs, after a cursory examination of the state law and city ordinances this morning, determined that the state requirements do not apply to these municipalities unless the cities have adopted in its entirety the state election law.
Davis, said since neither city has taken this action, the law does not apply to them and publication of the respective ballots is not necessary.
Thomas Freeman, Winter Springs city attorney, was somewhat puzzled about whether the state election law concerning publication of the ballot applies to that municipality. "Frankly, I don't know," he said, adding, "Regardless of whether the law is of general application or not, it cannot be followed by Winter Springs in this election."
Sanford City Manager W. E. Knowles, when contacted by the Herald, said the section of the state election law referring to publication of the ballot is permissive in nature and applies only to those cities which do not have election procedures set forth in their charters (which are also state law) or election ordinances.
"The city has not adopted the state election law in entirety and has its own procedures," he said.
Sanford City Manager W. E. Knowles, when contacted by the Herald, said the section of the state election law referring to publication of the ballot is permissive in nature and applies only to those cities which do not have election procedures set forth in their charters (which are also state law) or election ordinances.
Sanford City Manager W. E. Knowles, when contacted by the Herald, said the section of the state election law referring to publication of the ballot is permissive in nature and applies only to those cities which do not have election procedures set forth in their charters (which are also state law) or election ordinances.
Sanford City Manager W. E. Knowles, when contacted by the Herald, said the section of the state election law referring to publication of the ballot is permissive in nature and applies only to those cities which do not have election procedures set forth in their charters (which are also state law) or election ordinances.

Attorneys Differ On Sanford Civil Service Interpretation

Will or won't section 5.01 and 5.02 of the City of Sanford's proposed new charter, to be ratified or rejected by the electorate of the city in next week's municipal election, supersede the city's civil service board or render it ineffective?
William Hutchison, city attorney of 17 years standing, insists it will not. Mack N. Cleveland Jr., former state senator and member of the Civil Service Board for 18 years contends it will.
Hutchison in an interview with the Herald this morning said the section concerning the personnel board will be ineffective if it conflicts at all with the civil service act, which is a state law.
"The section requiring a personnel board gives a method to settle grievances among city employees and civil service board functions will still remain and will in no way be abrogated by the new charter," Hutchison said.
The personnel board section appears to put more control in the hands of the city manager, Cleveland continued that there is an obvious conflict between the personnel board and the Civil Service Board where a man is suspended or placed on probation. He has not done a great deal of research on the matter, he is personally concerned and wonders why the language concerning the personnel board was included in the charter if the plan were to retain the Civil Service Board.
"The Civil Service Board, traditionally, has been able to get away from the emotional aspects where situations coming before it are concerned, Cleveland said.
"The former legislator's fears about being suspended or placed on probation, which are the provisions of the Civil Service Act, but the latter shall serve as the pattern for the fulfillment of the duties set forth in this section of the charter."

MACK CLEVELAND

U.S. Pledges No Delay In Ending War

By MORRIS W. ROSENBERG
Associated Press Writer
PARIS (AP) — The United States pledged today that President Nixon will not permit any available delay in ending the Vietnam war.
But Hanoi again rejected Saigon's demands for a pullout of all North Vietnamese troops and charged that the United States had broken faith by not signing the draft peace agreement.
U.S. Ambassador William J. Porter told the 16th weekly session of the Paris peace talks: "We had hoped, as you know, to reach an agreement earlier. We worked hard to bring this about, but the issues in this long conflict are complex, as all recognize, and can neither be dismissed nor distorted."
"We reiterate to you our president's firm intention to permit no available delay in ending this war and entering a period of peace and reconstruction."
In an apparent reference to the secret talks between Henry A. Kissinger and Le Duc Tho, Porter said, "In this present phase then, we should respect each other's problems and concerns, and we should have faith that the serious purpose demonstrated and the major progress achieved will lead to an early date to a mutually satisfactory final result."
But Nguyen Binh Vy of North Vietnam told the meeting the United States, at variance with its statements, "has breached faith and refused to sign exactly on Oct. 31 the agreement which has been reached. Furthermore it has demanded modifications in the text of the agreement."
Vy declared, "We reject all allegations that North Vietnam has made an aggression against South Vietnam and all demands of mutual withdrawal. We reaffirm that the only aggressor in Vietnam is the United States. Therefore the United States must stop its aggression. U.S. troops and other foreign troops in the U.S. camp must be completely withdrawn from Vietnam."
South Vietnam's representative, Pham Dang Lam, repeated his government's demand for withdrawal of all North Vietnamese forces in the South. He said it was also "absolutely necessary to restore the demilitarized zone which the North Vietnamese troops crossed massively last March to invade South Vietnam in blatant violation of the 1954 Geneva accords."

Holiday Parade Ending War

The "Songs of Christmas" will fill the air in Downtown Sanford as 14 area bands march in the annual Christmas Parade scheduled to begin tonight at 7 p.m. (not 7:30 as previously reported).
More than 20,000 persons are expected to view the big parade, which will start at San Juan Avenue, moving west on First Street to Laurel Avenue, south on Laurel to Second Street then east to San Juan to disperse.
As usual Santa Claus will be the star attraction for the younger set and there will be 20 beautifully decorated floats entered as well as many marching units.

Five Women Jump New Orleans Fire Claims 4 Victims

By GUY COATES
Associated Press Writer
NEW ORLEANS, La. (AP) — Spectators jammed streets in the heart of the city as five women leaped from the 15th floor of a burning building. Some wept, some prayed as helicopters raced with death to rescue eight men trapped on the roof. Four persons died.

The women on the 15th floor of the 16-story building called for help as firemen tried unsuccessfully to reach them with extension ladders. Lashed together, they were three stories too short, said Fire Chief Louis San Salvador. He said there was a possibility of arson.

Each fall was accompanied by a scream from the crowd. "The first girl — fell straight," said Mark Wheeler.

After each shot, they had to reload the gun, rewind the rope and set up for another shot. Tynes said. "Time was so damned precious."

I, who watched from the street. "The others... came out unscathed and hitting the edge of the building as the came down."

Further Changes Expected

By FRANCES L. LEWINE
Associated Press Writer
WASHINGTON (AP) — President Nixon is expected to announce more top-level administrative personnel changes today before he departs for a weekend stay in Florida.

MOVING his operations back to the White House briefly, the chief executive also scheduled a budget conference to continue his efforts to trim fiscal 1973 spending to \$280 billion and to hold the line against rising costs in the 1974 budget.

Called in for the fiscal talks were Secretary of the Treasury George Shultz, domestic advisor John Ehrlichman and Caspar Weinberger, the present budget director whom Nixon has nominated as the new secretary of health, education and welfare.

Press Secretary Ronald L. Ziegler said the President has been engaged in intensive work on second-term plans at his mountain retreat at Camp David, Md., and hoped to "take some time off" with a long weekend at his home in Key Biscayne, Fla.

Nelson Gross, State Department coordinator for international narcotics matters, said in an interview that he has talked to the Chinese and they have said to which they are studying "the extent to which they will participate."

School Bus Mishaps Up

TALLAHASSEE—Florida's school buses were involved in 696 accidents during 1971 which was an increase of 49 percent over the previous year said the Florida Highway Patrol today.

The leading violations by motorists that contributed to these accidents were failure to have vehicle under control and violations of right of way. "The big yellow school bus and children standing along the roadside should remind motorists of their responsibility to follow the law relating to school buses and help protect the young lives they carry," said Colonel Eldridge Beach, director of the Patrol.

Are Fire Department Needs Volunteers And Telephones

By ANN SIEGZKOWSKI
 "I feel we are in a severe need for more volunteers and telephones for fire protection in Lake Mary."

Ralph Abel of the Lake Mary Volunteer Fire Department spoke to the County Commissioners, saying that he did not know how much additional money will be needed for the big changes going on. He told the Board that there is no one on duty all the time in the department, that the calls for service come to his service station at the fire chief's house. And there was still the problem of getting to the equipment and getting on the road.

Howard Lloyd, who accompanied Abel, said that more volunteers are needed and that there were plenty who were willing to jump on the machine and turn on the siren and go fight a fire, but when it came to attending meetings and the necessary training programs, very few showed up.

Commissioner Sid Viblen remarked that the Lake Mary Fire Department was characteristically one of the finest in the county was plagued with volunteer problems. Abel told him that it was simply the case that many just were not as available as they once were.

Commissioner John Kimbrough, who brought up the matter of fire protection at every presentation by a developer at recent Board meetings, said that Lake Mary is beginning to grow. "It is coming into being from a quiet rural area to one of the most popular areas in the county within the next ten years. A whole new attitude toward fire protection is needed. Excluding the new developments proposed for the area, there are a lot of houses in Lake Mary area and whether legally or illegally, Lake Mary always tries to answer the peripheral area calls for help. This will become a very complex situation," Rod Layer, administrative

Developers Offer Sites For School Construction

By BILL SCOTT
 William Legg, Seminole County School Board economist and planner, at a special Monday afternoon School Board session on school planning, disclosed that the various planned unit developments (PUDs) offered in writing a number of school sites within the PUDs to the School Board for eventual construction of schools.

Legg, who has been assigned to do a complete analysis of the county growth and its ultimate effect on the county's school population, advised Runny-meade PUD would donate three school sites or \$300,000 in lieu of land for school construction. Winfield Reserve, another PUD, would not donate a land site since the nature of its development would not generate large numbers of school children, Legg added.

Greenbelt PUD has also agreed to donate three 15-acre school sites and the Paulucci Heathrow PUD has also agreed to furnish three 15-acre sites, Legg disclosed.

"Sweetwater Oaks is considering a school site donation and Wekiva Hunt Club has two sites, not yet in writing," Legg added.

Legg said his school plan specifying where the large

amounts of growth will occur is also similar to the county's land use plan.

Lawton Elementary School area in Oviedo is the fastest growth area in the county, but Legg explained this was misleading since he was referring to rate of growth and not to total people in an area.

"Forest City has a 56 per cent rate of student population growth and Geneva's growth rate is 40 per cent," Legg advised.

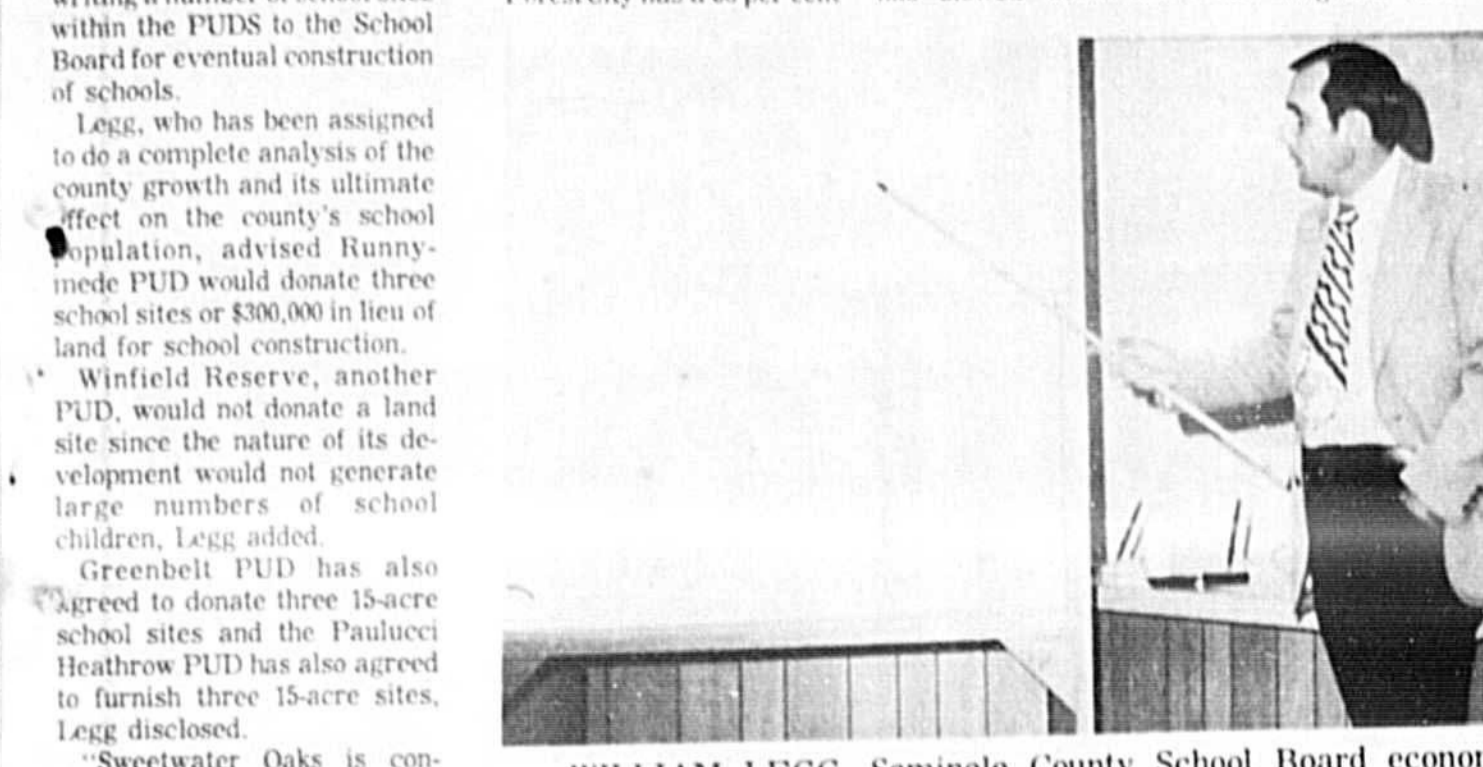

The economist stated the growth rates at Lake Mary, Bear Lake, Monroe-Wilson rated next in growth with rates of 30-40 per cent.

The Bear Lake growth rate has slowed down somewhat over the past year, Legg added.

Looking at northern Seminole, the economist produced maps which allude that in the Sanford area, Goldboro, Hyltswilde, Pinecrest and Seminole High growth had rates of from 0 to 10 growth.

The Midway area showed a negative rate of growth.

Legg said his school plan specifying where the large

WILLIAM LEGG, Seminole County School Board economist and planner explained to School Board at recent meeting locations of school student growth within the county. Legg is using maps and coordinating a study of pupil populations growths with aid of East Central Florida Planning Council and other informants. (Bill Scott Photo)

A Workshop Scheduled For Holiday Doorways Display

By FANNETTE EDWARDS
 DELTONA — A special announcement has just been made by Mrs. Harry C. Durand, resident of the Deltona Garden Club, that a prize of a three-year-old citrus tree will be awarded to a non-member of the Garden Club, displaying the most original DOORWAY DECORATION in the forthcoming PARADE OF HOLIDAY DOORWAYS next month.
 To assist participants in designing a doorway display, a workshop will be held on Friday, Dec. 1, from 10 a.m. to noon in the porch room at the community center.
 Anyone wishing to participate should call Mrs. Kenneth Davis, 668-4320 or Mrs. Albert Croninger, 668-6668, for further information.
 Holiday Doorways was planned by the Garden Club of Deltona, Inc. as a community project to usher in the Holiday Season in a spirit of good fellowship and cheer. All residents of Deltona are invited to participate.
 The doorways will be judged Dec. 16 and 17.
 The club contributed \$207 to date for the building of cottages at the Youth Nature Camp near Apopka which the FPGC is sponsoring.

POW Wife Addresses Clubbers

Sanford Junior Women's Club heard Mrs. Ruth Stamm, POW wife of Sanford, tell of programs being carried out nationwide to aid the POW program.
 She showed a film, which is one of several on this subject and invited the members to join in and support the identification projects, the POW stamp project, and to wear bracelets identifying themselves as supporters of the POW-MIA program.
 Refreshments were served by hostesses, Mrs. Larry Blair and Mrs. John Crabtree, before the program. During the business session, president of the club, Mrs. Eve Crabtree urged the members to begin preparations for the Christmas basket for a needy family.
 On Dec. 22, there will be a Christmas party at the Sanford Woman's Club and children of the members of the Junior Club will attend with gifts which will be given to Santa Claus to deliver to Sunland Hospital for the children there who might otherwise not be remembered.
 Rev. Blair McGarvey will present the Christmas program in December and will do the ever-inspiring picture story of the birth of Christ. A Christmas Boutique will also be a feature of that meeting.
 Laurie Dickey, Fine Arts chairman, announced the workshop on decorative cards to be held on Dec. 5 at the Agri-Center, Mrs. Blair, Public Affairs chairman, and a committee of 10 members will decorate a float to be part of the Sanford Christmas parade, Nov. 30.

MRS. WILLIAM JOSEPH BEST JR.

Barbara Guiney, Bruce J. McCoy To Marry

Mr. and Mrs. Harry H. Guiney, Arlington, Mass., are announcing the engagement and approaching marriage of their daughter, Miss Barbara Guiney, to Bruce J. McCoy, son of Mr. and Mrs. F. Evans McCoy, 1812 Palmetto Ave., Sanford.
 Born in Arlington, the bride-elect is a graduate of Arlington High School and the Cathene Labowice School of Nursing, Boston.
 A registered nurse, she is currently a student of Carney Hospital School of Anesthesia, Boston, where she will graduate in April, 1974, as a certified Registered Nurse Anesthetist.
 Her fiance, who was born in Sanford, is the grandson of the late Mr. and Mrs. Sidney J. Nix, Sanford.
 He is a graduate of Seminole High School and University of Florida. He attended Massachusetts Institute of Technology, Boston, where he is now a research electrical engineer in the Draper Instrumentation Laboratory.
 The wedding will be an event of Dec. 27 in Boston.

UDC Chapter Pays Tribute To Southern Poet Laureate

The lovely home on Crystal Lake of Mrs. G. Troy Hay, president of Norman de Vere Howard Chapter, United Daughters of the Confederacy, was the scene of the business meeting and Thanksgiving party on Friday, when Mrs. Hay entertained the members of the chapter. Mrs. Glenn J. Wimbish was co-hostess.
 Mrs. Wimbish, acting chaplain, led the members in Thanksgiving prayers and a special prayer for peace.
 Mrs. Donald A. Dunn was welcomed as a new member. An interesting outline of the life of the Southern poet, Henry Timrod, was given by Mrs. Wimbish. She told of the 10th anniversary of his death and that during the meeting of the first Southern Congress in Montgomery, Ala., in 1861, he wrote his famous "Ethnogenesis" (Birth of a Nation).
 Refreshments reflecting the holiday season were served to Mrs. L. D. Hastings, Mrs. G. E. McCall, Mrs. W. B. Wallace, Mrs. Roumillat, Mrs. A. B. Wallace, Mrs. D. D. Caldwell, Mrs. H. B. McCall, Mrs. M. R. Strickland, Mrs. Charles Steenworth, Mrs. M. J. Bram, Mrs. Donald A. Dunn, Mrs. C. E. McKee, Mrs. J. H. Truluck, Mrs. W. R. Dyson, Mrs. Wimbish and Mrs. Day.

Miss Oglesby Bride Of W.J. Best Jr.

Miss Angela Lynn Oglesby and William Joseph Best Jr. were united in Holy Matrimony, Friday Nov. 17, 1972, at 7:30 p.m. in St. Paul's United Methodist Church, Orlando.
 Rev. Carl Hanks was officiating, clergyman at the double ring, candlelight ceremony. Mrs. Laverne Favreau, organist, presented an appropriate nuptial musical program and accompanied soloist, Tom McEachin who sang "The Greatest of These" and "The Lord's Prayer."
 The bride is the daughter of Mrs. Helen Blanton, 864 Naples Dr., Orlando and John Oglesby, 3728 Old Winter Garden Rd., Orlando, and the groom is the son of Mr. and Mrs. William J. Best, 149 Country Club Rd., Sanford.
 Church decorations included two matching altar arrangements of white mums and gladioli flanked by two white seven branched candleabra. A white aisle carpet was used and the entire length of the center aisle was lined with white floor candles each decorated with lavender mums, asters, leather leaf fern and white satin bows.
 Given in marriage by her father, the bride wore a formal-length gown of deconstructed satin style, tie-embroidered alecon lace, trimmed in seed pearls highlighted the bodice and the high crown collar, skirt fitted bishop organza sleeves and removable chapel length train were trimmed in the same matching lace.
 Her three-tiered fingertip veil of imported illusion was attached to a modified cap covered with an all over design fashioned of seed pearls and tiny crystal beads. She carried a bouquet of white roses, baby's breath and greenery.
 Maid of honor, Miss Jill Swofford, wore a formal-length gown of deep purple velvet bodice and lavender chiffon long full cuffed sleeves and a skirt. Lavender ruffled chiffon trimmed the wrists of the long velvet sleeves and high neckline. She carried a nosegay of small lavender asters and mums with streamers of lavender and deep purple ribbon.
 Bridesmaids were the Misses Brenda Oglesby, sister of the bride, Kim Gates, Sandy Powell and Patti Cameron. Their gowns and flowers were identical to those of the honor attendant.
 Glen Bonnardier, Sanford, was best man and usher-groomsmen were Mark Best, Sanford, brother of the groom, Brad Simpson, Jacksonville; Mike Heavener, Orlando; and Paul Markos, Winter Park.
 Susie Hutchinson, Orlando, was flower girl and was attired in a miniature replica of the attendants' gowns. Greg Spicer, Longwood, was ring bearer.
 The bride's mother wore a floor-length gown of soft pink chiffon with high roll collar, long full cuffed sleeves and a deep purple orchid corsage. The groom's mother wore a floor-length gown of green crepe with long straight sleeves, a pale green crystal necklace with matching earrings and a cream colored orchid corsage.
 Grandmothers, Mrs. James Hall wore a beige dress with matching accessories; Mrs. Ruby Dalley wore a black and white floor-length gown and Mrs. Joe Best wore a blue and white dress. All wore white carnation corsages.
 The reception site was Fellowship Hall of the Church. The bride's table, which was round, was overlaid with a white lace cloth and centered with a three tiered wedding cake, richly decorated and surrounded with flowers.
 The punch table, also covered with a white lace cloth, held two silver punch bowls and a center arrangement of lavender asters.
 Lavender and white bell-shaped butter mints and nuts were served with the cake and punch. Donna Spicer, Longwood, aunt of the bride and Brenda Oglesby, sister of the bride, cut and served the cake and pouring were Barbara Brosche and Patty Jordan, both of Orlando.
 Wanda Procell, presided at the bride's book table adorned with a silver and white memory candle and plume pen for the guest book.

Defendants Plead Guilty; Clear Weeks Trial Docket

By MARION BETHA

The trial docket for the entire week before Circuit Judge Clarence Johnson, Jr. has been cleared with guilty pleas from the defendants.

Donald Armstrong, charged with breaking and entering with intent to commit a felony and grand larceny, pleaded guilty to the lesser offense of breaking and entering with intent to commit a misdemeanor. Judge Johnson remanded the defendant to Orange County officials, to be near his mother. Adjudication of guilt was withheld, and a presentence investigation ordered (PSI).

The state nolle prossed (dropped charges) of grand larceny.

Lester Watson, charged with possession of a barbiturate in the charge of possession of a narcotic drug, pleaded guilty to the lesser offense of possession of a mislabeled drug. Judge Johnson withheld adjudication of guilt and placed the defendant on probation for 24 months since she has no previous record. The state nolle prossed the charge of possession of a narcotic drug.

Gary Rich, charged in three separate cases with a two-count information in each of breaking and entering with intent to commit a felony and grand larceny, pleaded guilty in one of the cases to the lesser offense of breaking and entering with intent to commit a misdemeanor, petit larceny. Rich was placed on PSI and remanded to custody.

The state nolle prossed the charge of grand larceny in this case as well as the both of the cases in the other two cases. Rich, in pleading to a third degree felony, faces a maximum prison term of five years.

Eddie Diamond, Jr., presently in county jail for attempted uttering of a forged check, pleaded guilty to uttering a forged check in a case which was nolle prossed.

Judge Johnson sentenced Diamond to one year in county jail to run consecutively with his other sentence.

LUXURY PATROL KUALA LUMPUR (AP) — Malaysia is buying 100 amphibious armored Cadillacs for patrolling guerrilla-infested areas, defence officials reported. The cars are armor-plated, have bullet-proof tires and are equipped with machine-guns and grenade launchers.

Lil' Champ Profits Up

JACKSONVILLE — Lil' Champ Food Stores Inc. today reported that its second-quarter earnings per share increased 10 times on a fivefold increase in sales.

President Julian E. Jackson said sales amounted to \$1,822,258, for the three months ended Oct. 28, compared to \$318,796 for the similar period of fiscal 1971.

After-tax earnings were \$89,714, or eleven cents per share, compared with \$2,191, or one cent per share, for the similar period last year.

As of the period's end the company had 40 convenience stores and three associated package liquor stores in operation, compared to seven stores on Oct. 31, 1971. Jackson said an additional 10 stores were under construction at the end of the second quarter. All are scheduled to open in the third quarter.

Lil' Champ operates stores throughout Seminole County. Jackson said, "first-half sales of \$2.9 million put us on target for full-year sales of at least \$7 million with commensurate earnings. We continue to anticipate having at least 60 stores in operation by the end of fiscal 1973."

October Traffic Gains

Pan American World Airways flew 1,610 million scheduled passenger miles in October, a 10.3 percent increase over the 1,460 million flown in October, 1971.

Total revenue passenger miles were 1,949 million, a 11.0 percent increase over the 1,735 million in October, 1971.

Charter passenger miles totaled 339 million, up 14.8 percent from 295 million in October 1971. This includes a 53.2 percent decrease in military charter passenger miles and a 38.4 percent increase in commercial charter passenger miles.

Seat factor for all services, including charter, was 61.8 percent, compared with 54.3 percent last October.

Cargo ton miles for all services flown in October were 89,950,000 down 18.9 percent from the 99,791,000 flown in October 1971. October, '71 operations results reflected cargo traffic diverted to Pam Am because of a dock strike.

Daytona Beach Contract

BOSTON — SCA Services, Inc., a nationwide waste service organization, received waste collection and disposal contracts from the cities of Daytona Beach, Fla., and Middletown, Ohio it was announced here by Berton Steir, chairman. The three-year awards are worth \$3-million and \$1.1-million respectively.

The Daytona Beach contract, one of the largest city contracts to be awarded in Florida, calls for the removal of all residential and commercial solid waste. The Middletown award is a residential contract and provides for the purchase by SCA of the city's ten waste collection vehicles.

Car Sales Up

JACKSONVILLE — Buick retail sales of 4,306 cars in the Jacksonville zone during October represented a substantial increase of 15.3 per cent over the 3,735 deliveries a year ago, C. E. Miller, zone manager, reported today.

Miller also pointed out that the zone's sales were part of a national sales trend which saw deliveries soar to 89,912 units, an all-time high for any month in the division's history.

Elected Treasurer

MIAMI — George F. Walterhouse has been elected treasurer of Southeast Banking Corporation, it was announced by Harry Hood Bassett, chairman of the board.

He succeeds Robert W. Matby, who has been named director of corporate affairs. Mr. Matby will retain his additional post as assistant secretary.

Walterhouse has just joined Southeast, coming from Commercial Credit Company in Baltimore. He holds an A.B. degree in economics and an MBA in general business administration from Indiana University, and was formerly an instructor at the University of Kentucky where he taught economics and business subjects.

Sales At Record Pace

C. A. Terrell, president, reports that October sales of \$2,498,318 exceeded sales for the same period last year by \$203,974 or 8.89 per cent, a record for Sierch Bros. Stores. October marked the 22nd consecutive monthly sales increase over months of the previous year.

Sales of \$18,880,775 for the eight-month period ended October 31 were 5.24 per cent over sales of \$17,940,443 for the corresponding period last year.

Dividend Announcement

The Board of Directors of Atlantic Bancorporation, at a meeting held on November 9, 1972, voted a 10 percent increase in its regular quarterly dividend to 16¢ per share. In addition an extra dividend of 6¢ per share was declared. Both dividends are payable on December 8, 1972 to stockholders of record on November 22, 1972. The increase will result in a total dividend pay-out of 22¢ per share in 1972 or a 3 per cent increase over 56¢ per share paid in 1971. This increase is within the 4 per cent guideline set by the Wage-Price Stabilization Board.

Higher Earnings

MIAMI — ATCO Mortgage Investors, a real estate investment trust, today reported higher earnings for the quarter and the fiscal year ended October 31, 1972.

Net income for the quarter reached \$1,321,666, an increase of 27 per cent over the \$1,038,999 reported a year ago. The 1972 figure was equal to 81 cents a share on 2,174,884 average shares outstanding, compared with 68 cents a share on 1,596,709 shares last year. Gross income for the quarter rose 41 per cent to \$2,616,907 from \$1,857,802.

To Former Natural Beauty Ruined Lands Restored

NEW YORK (AP) — The symbol of ecological devastation still is the scarred landscape, slashed and torn by man in his quest for the natural wealth of the earth. But someday that laceration might not be so obvious.

Prodded by criticism and threatened by legislation, companies which mine the earth for coal or ores or simply for new highway fill, are attempting to restore a natural appearance after they leave.

And now there is developing another incentive, one that business understands better. That's the profit motive, which yet may prove to be the ecologist's friend after all.

Between Dallas and Fort Worth, for example, a wildlife park exists on the reclaimed land of an old Gifford-Hill & Co. gravel pit. Near Indianapolis, an abandoned American Aggregate pit is the site of new housing.

In some instances the companies that did the digging are also responsible for converting the land to new uses, such as golf courses, lakes and shopping centers, but most do so with the aid of specialists.

To date, those specializing in land reclamation are even further fragmented into the different aspects of the industry — in market research, financial feasibility studies, utilization planning and the like.

Howard Hoffman claims to be the forerunner of a new type of enterprise, an organization that handles all aspects of the job: the studies, tax analysis, zoning changes, community relations, reconstruction, managing.

"We take surplus corporate assets — vestigial organs — and make money with them," he says.

Well before ecology became a central consideration for corporations, Hoffman was trying to sell them on using idle assets in imaginative ways, not only as a contribution to community appearance but to profits as well.

A former investor-developer who failed three times before making the grade, and who thus believes he finally knows his job, he spent two years gauding prospects to "get off your assets" before he landed a customer 10 years ago.

In Olympic, Wash., the St. Regis Paper Co. had filled a waterfront logging plant. With Hoffman's help it was subdivided for nine different tenants and then sold to the Port of Olympia for \$2 million.

"Corporations don't understand real estate," he maintains. "It's a feel, a technique, an art, a creative feeling. The corporations have no expertise, no knowledge. No business school can teach you this business."

The problem for the corporations, he claims, is that they continue to think as corporate officials rather than real estate developers. "They have to think as entrepreneurs — and they can't."

As he explains it, the tough part is not drawing up the plans, but in completing the nit-gritty work of zoning, conducting engineering studies, obtaining rights-of-way and finding a builder-developer or investor to participate in a joint venture with the corporation.

DEMONSTRATING Superbanker, Florida's first fully automatic 24-hour teller, at First National Bank of Maitland are Don Rodgers (right), president of the bank and Wendell Jarrard left, chairman of the board and chief executive officer of DeLand State Bank and First National of Maitland. Another unit is planned for the DeLand bank in December.

Superbanker Has 24 Hour Service

It's 2:00 a.m. and you suddenly realize that all you've got is 35 cents to see you through to Monday — or late one evening you decide to finally put some money in your savings account. Don't worry — twenty-four hour banking is at hand, beginning Monday.

The First National Bank of Maitland's "Superbanker" — Florida's first fully automatic 24-hour teller goes into action.

The automatic 24-hour teller — which costs \$40,000 from the manufacturer — The Docutel Corporation of Dallas, Texas, is a computerized teller that can: withdraw cash from checking — savings — or Master Charge accounts; make deposits to checking and savings accounts; transfer funds from checking to savings — savings to checking — or from Master Charge to checking; make different types of payments from checking or savings accounts and "Superbanker" instantly records all transactions to provide the customer with a receipt at any time of the day or night.

The automatic teller is located just outside the building at the entrance to the First National Bank of Maitland's Installment Loan Department. In December another unit will be installed at the affiliate, DeLand State Bank. "These will be the first banks in Florida with the Docutel Machines," says Wendell Jarrard, Chairman of the Board and Chief Executive Officer of both banks.

Penney's Profit Increases

NEW YORK, Nov. 29 — J. C. Penney Company, Inc.'s net income for the third quarter rose 18.5 per cent chiefly as the result of a strong sales performance for the period. For the 13 weeks ended Oct. 28, the department store and catalog chain had net earnings of \$44.3 million against \$37.4 million last year. This amounts to primary net income per share of 78 cents compared with 68 cents last year. On a fully diluted basis, earnings for the period were also 78 cents against 67 cents in 1971.

JCPenney's sales for the third quarter were up 16.6 per cent to a record \$1,404.5 million from \$1,204.2 million. It was the largest percentage increase for any quarter during the current fiscal year.

Net income for the 39 weeks ended Oct. 28 rose 18.2 per cent to \$93.0 million this year from \$78.7 million for the comparable 1971 period. Per share earnings for the three quarters amounted to \$1.64 against \$1.45 a year ago. Fully diluted earnings for the period were also \$1.64, up from \$1.43 in 1971.

COLONEL BRADFORD

The United States Air Force has announced the retirement of Colonel James W. Bradford on November 30, 1972, after 31 years of active duty. Colonel Bradford had served as Vice Base Commander, Bergstrom Air Force Base, Austin, Texas since May 1970.

Colonel Bradford, a graduate of Seminole High School in 1937, entered the Army Air Corps in 1941 and was awarded pilot wings and commissioned a second lieutenant in 1943. He flew 25 combat missions during World War II as an B-29 aircraft commander.

A qualified parachutist and a command pilot with more than 6,500 hours, he piloted one of the first C-130 aircraft to arrive in Southeast Asia after the Tonkin Bay incident in 1965, and subsequently flew over 100 combat support sorties in Vietnam.

As Vice Base Commander at Bergstrom AFB, Col Bradford was active in community affairs in Austin, Texas. He served on the Austin-Bergstrom Community Council, was Co-Chairman for the 1972 Travis County Combined Federal Campaign of the United Fund Drive, and served as Vice Chairman for the 1972 Austin Aqua Festival.

Col Bradford's decorations include the Legion of Merit, the Distinguished Flying Cross, Air Medal with Oak Leaf Clusters, the Air Force Commendation Medal, Presidential Unit Citation and numerous campaign medals.

Col and Mrs. Bradford are returning to Central Florida to make their home.

Last Apollo Flight Marks End Of Era

By FRANK MACOMBER
Military-Aerospace Writer
Copley News Service

Apollo 17 will mark the end of America's third step on the way to the stars. What a journey of nearly 11 years it already has been—Mercury, Gemini, Apollo!

And, ironically, what a change has been wrought in the public's reaction to this multibillion-dollar race toward the planets.

Cast your memory back, if you will, to Feb. 20, 1962, when Mercury astronaut John Glenn circled the earth in space three times in his Friendship 7 capsule. The nation, indeed the world, was enthralled. John Glenn was a national hero, the man that mothers pointed out to their little boys as a success image.

As Glenn soared aloft from Cape Canaveral, Fla. (later renamed Cape Kennedy), on the bistros were crowded with joyous celebrators.

Since then, America has gone on to triumph after triumph in space. Some of the scientific spinoffs from Mercury, Gemini and Apollo have led to improved hospital care, medical instruments, even cooking utensils.

Yet the nation's interest in space began to wane with each successive mission. Once a household name, failed to impress an oncoming generation. Indeed, he failed to capture the Democratic nomination for the U. S. Senate a few years ago. That meant that even many of those who hailed him as a national hero in 1962 somehow didn't cast him in the role of a national lawmaker.

What did the U. S. space program do to turn off, as they say, the American public? It's tremendous costs bothered some people, but space officials will tell you that wasn't the real roadblock.

It was the day the first American circled the globe in space, a glorious climax to two earlier down-range space trips of only a few minutes each by Mercury Astronauts Alan Shepard and Virgil I. Grissom.

It was the day America really got into the space race with both feet, a day when Cocoa Beach just south of the Cape was jammed with visitors and

SAM ACKERMAN (left) vice president and manager of the Orlando operations of the General Dynamics Electronics Division, receives a gold commemorative telephone from R. P. Hulbert, president of Winter Park Telephone Company, in honor of the installation of the 100,000th phone by that company.

Winter Park Marks 100,000th Installation

Officials of The Winter Park Telephone Company observed the installation of their 100,000th telephone today when President R. P. Hulbert presented Sam Ackerman, Vice President and Manager of the Orlando Operations of the General Dynamics Electronics Division, with a gold commemorative telephone.

The Winter Park Telephone Company with its two wholly-owned subsidiaries, the Orange City Telephone Company and the Quincy Telephone Company, currently is the 12th largest independent telephone company in the country and provides telephone service in approximately 600 square miles in central and northern Florida and 59 square miles in southern Georgia.

Of the three companies, The Winter Park Telephone Company is the largest with 67,560 lines. The remainder will be raised through debt and equity financing."

north of Winter Park and presently serves over 4,000 telephones. The Quincy Telephone Company is located 18 miles west of Tallahassee and presently has 8,800 telephones in service.

Earlier in the year, The Winter Park Telephone Company announced that 1971 it was the fastest growing telephone company in the country after recording a consolidated growth of 18.3 per cent. If the actual demand keeps pace with projections, the company will experience a similar growth in 1972.

Hulbert said, "On a consolidated basis, we expect to have over 141,366 telephones in service by 1978 and our capital requirements during this time frame will approximate \$95 million. Of this amount, approximately \$35 million can be raised internally; the remainder will be raised through debt and equity financing."

25,750 copies are distributed to more than 100,000 readers throughout the area, including: Sanford, Enterprise, DeBary, Deltona, Osteen, Longwood, Lake Mary, Casselberry, North Orlando, Fern Park, Altamonte Springs, Oviedo, Chuluota, Forest City, Goldenrod, part of Winter Park, Maitland and Geneva.

30th Infantry Reunion At Tampa

At the 36th Annual Reunion of the 30th Infantry Division (Old Hickory) Association in Philadelphia this past July, it was unanimously voted to hold the next Annual Reunion in Tampa, Florida. This Annual Reunion which will be held at The Manger Motor Inn, July 2nd through July 5th, 1973, will be the 27th consecutive reunion of the veterans of this well known infantry division, who fought in WWI, breaking the back-bone of the Hindenburg line, and again in WWII from Omaha & Utah beaches in northern France, the Battle of the Bulge and on to the outskirts of Berlin at the end of European war.

The national association is composed of over 25000 members, most of whom get together every year and work to revive old friendships made during combat and past reunions, discuss the "old-days" and all that has transpired through the past years, make new friends, and promote lasting peace. The State of Florida "Gator" Chapter has about 100 members, many of whom meet quarterly and continue to search for more of our lost comrades who move into Florida each year. Many new members are found each year who knew nothing about the association, and have been real happy to find some of their long lost comrades living close by.

Dear Abby

A happy ending to the imperfect wedding

DEAR ABBY: "Blue Ridge" was upset because her fiancé wore braces on his teeth and she was afraid they would ruin her wedding picture.

DEAR ABBY: This is about the guest who spilled the punch bowl on the q. t. with a bottle of vodka.

DEAR ABBY: The young suggestion was no doubt offered in jest. It would have been preferable to asking one's fiancée to wear a wig.

DEAR ABBY: This is in regard to the bride who couldn't decide if she should give away at her wedding.

DEAR ABBY: I suggest that Mrs. D. W. rub table salt into the mildewed parts of her baby's permanent hair.

DEAR POLLY: Many of the metal shanks on buttons can be replaced with plastic buttons.

DEAR POLLY: My Pet Peeve is with those who make appointments early in the morning.

DEAR POLLY: I am a 30-year-old woman who has been married for 15 years.

DEAR POLLY: I am a 30-year-old woman who has been married for 15 years.

Some Sports: CROSS, Tennis, Basketball, Football, etc.

County Board Actions

Information Processing, Inc. representative Don Tyya approached the Board of County Commissioners...

Tyya said that the company wished to build single units rather than military units, in order to conform with the area as it now exists...

Commissioner Williams said that he felt that this is a good design for the park and that the county needs such a development as this...

Zoo Presents Contract

In other business, Kenneth Lester, attorney for the Seminole Zoological Society presented a revised contract for the county to consider...

243 Acres Available

A recommendation for a resolution in the form of a bid on the 243 acres adjacent to Osceola airfield, which has been made available by the Federal government...

There is an alternative, however, according to Marsee. The County could consider a lease acquisition plan on a five year minimum basis...

Juvenile Detention Center

Efforts are still underway to iron out the financial difficulties facing the Juvenile Detention Center...

Commissioner Mike Hattaway, who was appointed to the Juvenile Center project following his election...

Hattaway said that research had revealed that no funds are available from the Title IV funds of Tallahassee...

James said that there were no restrictions on using revenue funding and the first payment will be received by the county in January...

Big Tree Park Inventory

Sanford-Seminole Jayces still have not presented inventory figures on the Big Tree Park operation to the County Commission so that no action can be taken to close out the operation...

There was some question that the Jayces are having some amount of difficulty in paying the suppliers for the concession at the Big Tree Park and Drummond said that until this is cleared up...

The Jayces president assured Vihlen on his latest contact that the figures would be available to the Board of Commissioners very soon.

Man's World Sweater Story Is A Smooth Yarn

By GUS STEVENS
Copley News Service

Moustache wax, Van Dykes and sideburns have come back, so why not sweaters?

Not that sweaters have ever really been away, but they were in some decline for years and now they're back, better than ever.

In the '30s and '40s sweaters were of a different stripe and living with them called for a certain ruggedness on the part of the wearer.

In those times sweaters looked and felt as though they had been knitted from piano wire. They were bulky, heavy, stiff and they scratched like a cat with its back up.

Many a young lad's head emerged from the neck of his turtle-neck bearing red ears. Red ears at least. They might have been torn and bleeding.

Consider the contrasts with today's smooth sweaters.

Once they were itchy, poking right through a man's shirt and right into his vulnerable body. Today they are as smooth as a baby's ankle.

Once they were hard as an Internal Revenue Service agent's heart. Now they are soft, like a girl friend's first kiss.

Once they were heavy, causing the hook in the closet to groan and occasionally pull out of the wall. Today they are as light as a good imitation of an arm.

Once they were bulky, like a

linebacker. Now they are slim and stylish, like Fred Astaire.

Once sweaters were the festering ground of gourmet moths, such a rich repast that the little critters got cavities. Now most sweaters are armed against the moths who would come to dinner.

So we examine the contemporary sweater, that trusty garment that serves man on cold days and colder nights — under his heavy jacket.

The turtle-neck is reportedly on the way out, but it will return. It always does. As does the argyle pattern that has come back to stay.

Argyles hang on, rubbing elbows with the message freaks, those sweaters that advise people to vote, make love, keep trees green, make love, dodge the draft and make love.

Thanks to good old Skippy and now Charlie Brown, the argyle will likely grace the male form forever, or as long as there are male forms to be graced.

Contemporary sweaters take to the layered look, which is precisely what it sounds like: a mating of several light layers of clothing to be added to or peeled away as the seasons demand.

There are short-sleeved sweaters over long-sleeved shirts, sweaters over (and even under) vests, sweaters that are worn under sweaters and — as the fighting keeps on — as well.

Verde, the pioneer in introducing the higher-level boot for men some dozen years ago now designs boots with pale pipings of patent leather, contrast heels, and platform soles. Navy suede ankle boot sports the higher heel and patches of bright, yellow and red suede.

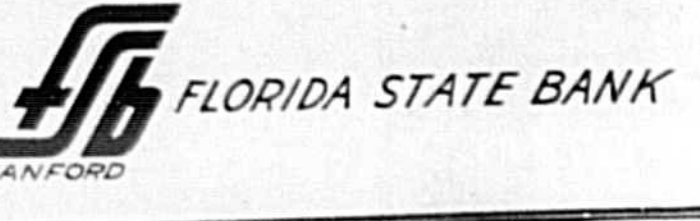

anybody could want.

Truly, in sweaters as in all other aspects of men's clothing, the fabrics are the big news. They last, they stay neat, they wash, they keep color and they do their job for Joe College or dad.

After Five Weeks Confusion Shadows Peace

WASHINGTON (AP) — Five weeks have passed since Henry A. Kissinger said "peace is at hand" in Vietnam. That passage of time seems to have brought only confusion and shadow about the real chance of a settlement.

The one thing that is clear is the war. It goes on much as it did before the Oct. 26 disclosure by the North Vietnamese and Kissinger of a ninepoint tentative ceasefire agreement.

From Oct. 28 to Nov. 5, the last period for which figures are available, 27 U.S. servicemen died in action, 42 were wounded and nine confirmed taken as prisoners of war.

U.S. B52s resumed raids in North Vietnam and Hanoi's forces kept up steady pressure on the South. The United States counted a B52 among the 28 aircraft it lost in the fighting, the first time one of the giant bombers was shot down.

The fighting keeps on even though Kissinger coupled his peace-at-hand assessment with another saying an agreement could be reached in one more meeting with North Vietnamese negotiator Le Duc Tho, "lasting three or four days."

That meeting took place in Paris from Nov. 20 to Nov. 25 without a final agreement. The next step will be resumption of the Kissinger-Tho talks Monday.

Here is an account of some of the major changes and other developments between the Oct. 26 announcements and Kissinger's departure this weekend for Paris:

Almost immediately after Kissinger gave the American view to newsmen, North Vietnam opened a dispute by saying there was no need for a new round of talks. Hanoi charged President Nixon with reneging on a promise to sign an accord by Oct. 31.

The United States denied such a promise and pledged not to be forced into a settlement that was not just. Hanoi said the United States should sign by the 31st or see the agreement fall.

In the time from Oct. 26 to Oct. 31 the South Vietnamese started developing what became one of the most important aspects of the peace effort and made Saigon at times appear more of an adversary than Hanoi.

On Oct. 27 South Vietnamese President Nguyen Van Thieu said he would accept no ceasefire without a total withdrawal from his country of all Northern troops.

The following day Tran Van Lam, Saigon's foreign minister, added a call for re-establishment of the demilitarized zone at the 17th parallel.

Neither of these conditions is addressed directly in the tentative agreement.

Oct. 31 went by with no settlement, but U.S. officials believe that continues to be the official line—they were confident an agreement would be reached soon.

About that time the military actively stepped up with the North Vietnamese and Viet Cong evidently trying to pick up as much territory and population control as possible in the event of a quick ceasefire.

The turn of the month also saw the outlines of the plan for an international commission to supervise a ceasefire.

The B52s resumed in the North and on enemy concentrations below the DMZ. The United States also began increasing shipments of military supplies to South Vietnam to strengthen Saigon's forces.

By Nov. 5, a shift in Hanoi's thinking became public when Xuan Thuy, a leading North Vietnamese negotiator at the Paris peace talks, said his government was "not creating any difficulties about a further meeting."

Huge Crowd Is Delighted By Parade

By BILL SCOTT

While more than 25,000 persons, estimated by the Sanford Police Department watched, the annual Sanford Downtown Christmas Parade Thursday night surged down First Street much to the delight of young and old that began lining the parade route for at least an hour before the festivities, lead by police sirens and closely followed by City Commissions representing the county's six municipalities.

Santa 'Search' Is Successful

By GARY TAYLOR

Someone forgot to tell Santa Claus about the Sanford Christmas Parade last night, and the jolly round man just made it to downtown Sanford in the nick of time, thanks to the efforts of the Sanford Police.

The parade had been underway about an hour, when officials realized Santa hadn't arrived yet. A frantic search began, and a call to the North Pole was necessary to locate him. It seems Santa had finished his daily routine of passing out candy to the good boys and girls, and decided to visit a movie in the Sanford Plaza.

A state-wide search for St. Nick ended when Det. Sgt. Eddie Hughes of the Sanford Police Department finally found Santa in the theater. Hughes put Santa in his police car, and then rushed him to an area about five miles south of Sanford, where Santa had left his reindeer to graze on some green grass.

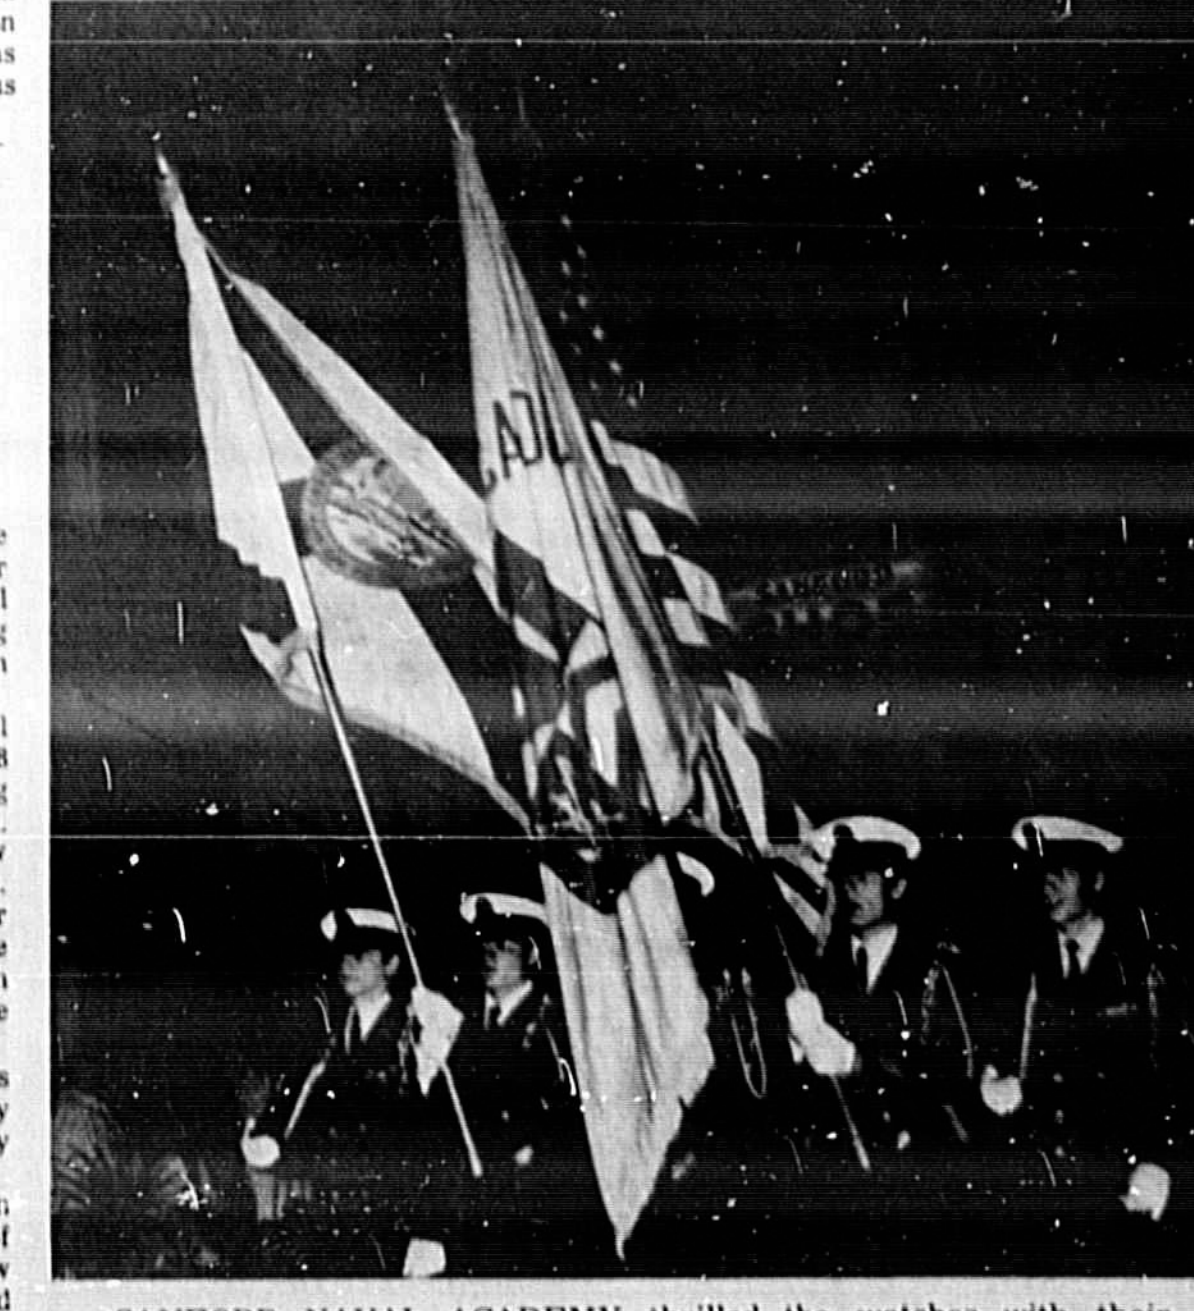

Santa quickly changed into a clean suit, wanting to look his best for the big parade where 25,000 were awaiting his arrival. Santa combed

SANTA CLAUS, found just in time for the parade, waves a cherry greeting to the crowd. (Bill Vincent Photo)

On Night Driving Warning Issued

TALLAHASSEE — Longer hours of darkness mean increased danger to drivers and pedestrians warned the Florida Highway Patrol today.

Colonel Eldridge Beach, chief of the Patrol said, "The reduced number of daylight hours will increase the percentage of night driving done by motorists and the accident rate is higher during the hours of darkness. Dark has a way of sneaking up on drivers and catching them with their daylight habits still in use."

There were 976 fatal accidents at night in Florida during 1971 which was an increase of 11 per cent as compared to the previous year and nearly one half of these accidents occurred between 5 and 8 p.m.

According to the Patrol, when driving under average conditions at 60 m.p.h., it takes about 265 feet to stop. Drivers were warned not to overdrive their headlights or they may find themselves suddenly faced with an emergency for which they cannot stop.

"Darkness calls for a special type of driving. The most important actions are reduction of speed and increased alertness," concluded Colonel Beach.

THE MINI GOES BOWLING

WELLINGTON, N.Z. (AP) — New Zealand women lawn bowlers have made a late move to get with the modern look. Their association says they can shorten their bowling dresses by two inches — bringing hemlines up to 16 inches above the ground, which is about 2 inches below the average knee.

New Zealand remains a bastion of the miniskirt, criticized by clothing manufacturers to lower hemlines have been defied by most women, who shorten the dresses before they wear them.

WORLD ALMANAC FACTS

Popcorn is a popular snack originated by American Indians before Columbus arrived. Popcorn was first introduced to the English colonies at their Thanksgiving dinner in February 1630 by the Indian Quadequina. The World Almanac recalls, when corn is heated, steam forms within the kernels, enlarging them six to eight times causing them to explode or pop.

By John A. Spolski

To the 25,000 of you who were on hand for the parade last night... most of whom were exhorted by the Clock to be there promptly at 7 cause that's when "it was going to start regardless of what you may have read elsewhere," certainly are due an explanation.

Without belaboring the point... just read our main story at the top of the page and you'll better understand one of the reasons why it didn't get started until a couple minutes after 7:30 p.m.

Still getting calls from irate viewers concerning those who did take part in the parade, coming right back down First Street, and obstructing the view and pleasure of those standing along the sidelines.

Good part... tomorrow morning a group of eighth graders from Sanford Middle School will meet at 8 a.m. at the Municipal Parking Lot (next to the courthouse) and do a cleanup job along the lakefront and continue right down First Street.

Picking up all of the litter which less considerate persons dropped while watching the parade.

Thanks to Social Studies instructor Bob Schuller for organizing this project, and kids — Thanks!

Just a couple tickets left... for those of you "last minute" operators planning on attending tomorrow's Champagne Ball scheduled for the Mayfair Country Club at 7 p.m.

Free bubbly-stuff followed by dinner at 8 p.m. and dancing starting at 9.

Tickets may be had by calling 349-5328... and do it now, neighbors...

Purely Personal... to those who broke into the Sanford Municipal Stadium and "borrowed" the national and state flags (which belonged to the Seminole High School Marching Band), if you're willing to buzz me and offer their return, I can promise you that all charges will be dropped. I'll await your call.

I knew that there were a couple of reasons why I liked Tempest Storm — a frequent performer in these parts. Listen to her quote — "I think Spiro Agnew has more sex appeal than Kissinger does, and that's not saying much."

Hold First SCIDA Meet New Executive Director

By BILL SCOTT

With three new faces the Seminole County Industrial Development Authority (SCIDA) met Thursday afternoon to review past efforts and lay plans to begin operations under new executive director Frank Daley.

Other new members making first meeting included Edward W. White, civil engineer and president of White Constructors in Altamonte Springs and Carl Kelley, a civil engineer and operator of a land planning and engineering firm at Orlando. Kelley is a resident of Winter Springs.

John Krider, executive director, Greater Sanford Chamber of Commerce, was a guest and participated in a detailed recruiting discussions.

Krider, a member of the chamber's industrial acquisition committee, reported most of the prospective industrial feelers are coming from South Florida.

In another discussion between board members over budgeting the funds received from the county commission, George Schrader, board chairman, suggested SCIDA set up bylaws and operating procedures with county approval.

James Ryan, SCIDA member, advised since the board never saw the \$42,000 amount approved by the county for the board's operation, he could not understand how SCIDA could be held accountable for the funds.

Rodney Loyer, county administrator, explained the board members were responsible for how money was spent. "If you cannot justify it to the commission, you might have to take it out of your pockets," Loyer added.

Director Daley advised SCIDA would be moving into offices at the new courthouse sometime in December.

Election of new officers was deferred until the Jan. 4 meeting at which time the new members will be proposed and elected to their positions.

A Daley proposal to bring together mayors of the six county municipalities; county chambers of commerce leaders; Airport Authority; county commissioner and county zoning officials was also deferred until the next meeting.

NEWS DIGEST

MORE THAN A MONTH has passed since Henry A. Kissinger said "peace is at hand" in Vietnam and in that time some major changes have developed in the situation.

COMMUNIST FORCES shell Bien Hoa air base, killing a child and wounding nine Vietnamese and four Americans.

SOME 200,000 MEMBERS of the United Mine Workers union begin casting ballots for their officers today under the tightest federal control in history of the American labor movement.

PRESIDENT NIXON says William P. Rogers will remain as a second-term secretary of state but questions remain about the future plans of the administration's No. 1 glamour diplomat — Henry A. Kissinger.

FORMER SECRETARY OF DEFENSE Neil H. McElroy dies of cancer at 68.

DUBLINERS REJECT IRA leader Sean MacStieflin's appeal for demonstrations in his behalf.

ONCE A MONTH a detachment of 125 soldiers stationed in the desolate swampland surrounding Everglades National Park scramble to counter a simulated aerial attack from Communist Cuba.

GOV. REUBIN ASKEW shoots down a compromise death penalty bill, prompting Senate members of a legislative conference committee to consider calling the special session quits without restoring capital punishment.

OF THREE MAJOR SUBJECTS in Gov. Reubin Askew's special session call, the Legislature adopted only one — A \$100 million water pollution control bill by the scheduled end of the three-day session.

County's 'Wettest' Month

Historically, November is the driest month of the year for Seminole County. The normal accumulation of rainfall during this 30-day period is 1.73 of an inch.

According to the Agricultural Extension Service, we had 8.28 inches this past month, making it one of the wettest on record. Yesterday's high was 77 low 49 with .02 of an inch of rain. Forecast for today is colder tonight with low mainly in the 40s. Mostly fair this afternoon through Saturday. Highs in the 50s.

The extended outlook is generally fair. Cool Sunday with a warming trend Monday and Tuesday.

A moisture-laden autumn storm dumped 5 to 9 inches of snow across interior New England today and spilled soaking rains into coastal sections southward through the Middle Atlantic States.
