

ADJOURNMENT OF CONGRESS DUE BY JUNE 1

Review Of Legislative Situation Convinces Democratic Steer- men That End Nears

WASHINGTON, Apr. 24. —(AP)—Democratic steer-men in the Senate sized up the legislative situation today and set May 20 to June 1 as the latest adjournment deadline.

Congressional tasks likewise were reviewed with President Roosevelt by Speaker Rainey and floor leader Byrns.

The Senate still rounded with the armistice argument.

The House business was on an amendment to the naturalization laws.

The Senate silver bloc openly defied the expressed wishes of President Roosevelt yesterday and decided to work vigorously for legislation toward re-coinstitution of the metal.

The new bill, Administration leaders said last night, was that possibilities of compromise which appeared after the senators had discussed the problem with the Chief Executive on Saturday, were now appreciably diminished.

Mrs. Bullock, 96, Pioneer Resident, Died Late Monday

Mrs. Elizabeth D. Bullock, 96, whose impromptu talk at the annual Pioneer Reception in Lake Mary last January was a feature of the evening, died at the home of her daughter, Mrs. M. J. Long, last Wednesday afternoon. She had been ill for only a short time.

Funeral services were held at the Erickson Funeral Home this afternoon at 4:00 o'clock, with Rev. E. D. Brownlee of the First Presbyterian Church officiating.

The body will be sent by early morning train to Steubenville, Ohio, where burial will be made.

Mrs. Bullock was one of the city's most picturesque figures. A resident here for over 35 years, she came to Florida in search of her health. She attributed her unusual age to the climate of this section.

"Live in Florida, watch your diet, and you'll live as long and as happily as I have," was her admonition to the many pioneers and younger persons who gathered at Lake Mary for the ninth annual reception last New Year's Day.

Mrs. Bullock's greatest interest during her latter years was her association with Presbyterian Church circles. She rarely missed a meeting of her group, and her stories of early days in Ohio and Florida are those which many local persons declare the most interesting they have ever heard.

Mrs. Bullock was born at Steubenville, Ohio, Nov. 6, 1837.

Her survivors include two daughters, Mrs. Elizabeth M. Kirk and Mrs. Sarah M. Clark of Steubenville; six grandchildren, Mrs. Loris of Sanford, W. R. Kirk, Paul Kirk, Mrs. Marie Wiggins and Miss Margaret Clark of Steubenville, and Mrs. Joseph Kennedy of Cleveland, Ohio; several great-grandchildren, including Miss Ruth Mays of Sanford, and a great-great-grandchild.

HULL PLEADS FOR PATIENT CO-OPERATION

State Secretary Also Warns Against Any Extremes In Eco- nomic Nationalism

NEW YORK, Apr. 24. —(AP)—Declaring the future of the nation as well as of the world depends on cooperation of the individual, Secretary of State Cordell Hull sounded a warning yesterday against "extreme economic nationalism."

"If long continued it spells disaster," he said, "and that the economic strife, because of the bitterness engendered, leads directly to competitive armaments and opens the road to bankruptcy and war."

Secretary Hull, speaking at the annual luncheon of the Associated Press, said the problems of international commerce "are at the very core of this country's economic dilemma."

"World standards of living are bound together to destiny, either through the restoration and expansion of international trade," he said, "or through the expansion of international war, which is a more hopeless, fettered."

"He expressed gratitude that extreme nationalism and extreme internationalism are increasingly favored."

City To Lease Lakefront Plot To Grocery Firm

(Continued from Page One)
years, at the end of which time the firm has an option to extend the lease for another five years at a price to be determined at the time.

The firm guarantees the payment of city, state, and county taxes on the property, and to erect several buildings, including a wharf with at least 5000 square feet of floor space, all of which become the property of the city upon completion. Work is to begin as soon as the lease is signed.

The Commissioners opened their meeting with S. O. Shiholzer acting as mayor in the absence of W. A. LaFler. Harry M. Papworth, custodian of the Municipal Baseball Park, reporting on what he termed a "dangerous situation" now existing in the grandstand because of rotten floor boards, urged the Commissioners to take immediate steps to protect city property.

He also reported that since last autumn unknown persons have entered the grandstand and removed brass objects which he believed had been sold to junk dealers.

He urged the enactment of an ordinance that would set a fine of \$500 for the arrest and conviction of any person caught purchasing or harboring stolen property of this type.

Other than Mr. Shiholzer's statement that there is a possibility of securing FEPA assistance in the matters of repairs to all city properties, no action was taken on Mr. Papworth's recommendations.

Before leaving, Mr. Papworth also asked the Commissioners to give the Chamber of Commerce "something in black and white which you men won't go back on" in the event the trade body is able to secure a purchase for the Mayfair Hotel. No action was taken on this request.

W. H. Bouts, local representative for the American Oil Co., was granted permission to lower the building adjoining the Woodruff culchore at Park Avenue and Commercial Street where certain improvements would be made at once in the creation of a modern filling station. His request was granted.

Mark N. S. Lanson reported that the Central Florida Transportation Co. had tendered a check for \$300 as payment of damages done to Municipal Pier because of the movement of heavy trucks during the time when the "Oreola" was being loaded and unloaded at the pier.

He also reported that the transportation firm still owed the city over \$450 as wharfage charge on

Miss Margaret Hansen To Marry Rev. Long

Announcement was made today of the engagement and approaching marriage of Miss Margaret Esther Hansen, daughter of Mr. and Mrs. H. C. Hansen of Daytona Beach, to the Rev. Stewart H. Long, of Murphy, N. C., son of Mr. and Mrs. J. O. Long of this city. The wedding will take place in the early part of June.

Miss Hansen lived the greater part of her life in Deland but has been making her home in Daytona Beach for three years. She was graduated from Stetson University in 1930 and since that time has been teaching school, first at Ormond Beach and then at Orange City. She is active in Christian Endeavor work in the state.

The Rev. Long was graduated from Sanford High School in 1925 and later received a degree from Davidson College at Davidson, N. C. He then attended Columbia Seminary at Decatur, Ga. and since then has held two pastorates with the Presbyterian Church, one at Guntersville, Ala. and one at Murphy, N. C.

When Commissioner T. I. Dumas reported that there is a chance that well established Tennessee Bible School might be brought to Sanford if the Mayfair Hotel could be placed at its disposal, the Commissioners expressed the opinion that they would like a definite proposal from the heads of the school before committing the city to a policy in the matter.

Clerk Lanson reported that the Florida Power and Light Co. had paid \$174 of the north side \$10,000 in real and personal taxes due for 1933, and that along with the payment of this sum came a request that the city pay the approximately \$1100 it owes the company for street lighting during 1934. No action was taken.

Commissioner V. A. Speer stated that he would seek to correct a complaint raised by the United Lumber Co. and Lee A. Conole, because street lights near their properties have been removed.

City Attorney Fred R. Wilson reported that Frank L. Miller had removed a body he had ordered buried in an alleyway in Lakeview Cemetery, adjoining a plot of ground owned by J. W. Snow. Mr. Snow had protested that Mr. Miller had no right to use the property since he had sold the cemetery to the city some years ago.

The Rev. Long was graduated from Sanford High School in 1925 and later received a degree from Davidson College at Davidson, N. C. He then attended Columbia Seminary at Decatur, Ga. and since then has held two pastorates with the Presbyterian Church, one at Guntersville, Ala. and one at Murphy, N. C.

Oakes' Performance Pleases N. Y. Critic

In writing a criticism of the debut of Caryl Oakes, an American violinist of Bloomington, Ind. and Miami, who will play here Friday evening at the Woman's Club, W. J. Henderson music critic of the New York Sun said that Mr. Oakes proved to be an experienced player, who was in no way disturbed by the conditions attending a debut and at all times was deeply interested in the music he was interpreting.

His comments on Oakes' playing marked furtherance by fine musical instinct. His tone was pure, and while neither large nor of great lustrous quality, was always musical. There was warm applause for the ensemble numbers and the solo works from the audience, which was large.

Jean Muir's 1st Film Is At Milane 2 Days

It doesn't happen often that, from a total of two screen feet, two budding stars gain their first contracts. Most Hollywood success stories don't read that way at all.

Quite some time before she came to Hollywood, two lots were made in New York of Jean Muir, now playing the leading role in "As The Earth Turns," now showing at the Milane Theater. One of these was made for one picture company, one for another. It so happened, however, that in both of them she appeared opposite the same young man.

In "As The Earth Turns" this young actress has been given a role that would tax the talent of a seasoned film player and acquitted herself splendidly. The picture, based on the best-seller by Gladys Hasty Carroll, was dramatized for the screen by Ernest Pascal. It is a stirring romance of American life with rugged New England characterizations. Others in the cast include Donald Woods, Russell Harple, Emily Lowry, Arthur Hohl and Dorothy Peterson, Alfred E. Green directed.

JAPAN FEELS ABLE TO KEEP PEACE IN EAST

(Continued from Page One)

China find their way into military use.

Saito said Japan would share with other powers and with China the responsibility for maintaining peace in Eastern Asia, but he said Japan could not tolerate the League of Nations or any power assuming a "judge-like" attitude toward such questions, especially if it appeared they did so with selfish motives.

This was one of three points cited by the ambassador yesterday in explanation of Tokyo's China policy.

The other points as explained by Saito:

1. Japan does not intend to pre-

judice any of China's interests. She sincerely desires the integrity, unity and prosperity of China, and hopes that they will be obtained by the awakening and development of China herself;

2. Japan has no intention of prejudicing the interest of any third power in China. She welcomes economic and trade contacts of other powers which would be to China's interest. She does not desire to see China act in violation of the "Open Door" doctrine of equal opportunity. Japan herself wishes to observe "meticulously" all agreements regarding China.

It is understood that the three points were communicated to Ambassador Saito from the Tokyo foreign office for clarification of

CONGRESS NOW WEDDING OUT ITS PROGRAM

Widely Varied Views Held As To Amount Of Work Needed Before Adjournment

WASHINGTON, Apr. 25.—(AP)—With widely varying views of the amount of work remaining to be done before Congress can pack its bags and head homeward, House and Senate leaders yesterday began wedding out the legislative program.

After a visit to the White House, Speaker Rainey and House Leader Byrnes thought three measures might be enough and Congress might get away by May 20. Senate Leader Robinson talked with other members of his party and figured there were 10 major pieces of legislation yet to be considered. This would send the session far into June.

The conference between President Roosevelt and the two House chieftains brought questions as to whether there had been any discussion of Administration dissatisfaction with the leadership of Rainey and Byrnes.

"I asked the President if he would give me a job. He replied there was no necessity for that because he wanted me where I am."

The two said they reached an understanding with the President for a renewed endeavor to conclude quickly the Administration program.

The three measures Rainey said were necessary for the House to pass before adjournment were extension for another year of the bank deposit guarantee legislation on its present terms; the Stock Exchange Control bill; and the anti-crime legislative program of the Administration.

Rainey said the measure on the program would be given the right (Continued On Page Three)

Elks To Nominate New Officers Friday Night

Selection of the 1934-35 officers of Sanford Elks Lodge No. 1241 will come during the meeting which is to be held at the Elks Hall next Friday night, starting at 8:00 o'clock. It was announced today by Howard Overlin, lodge secretary.

"This is one of the most important meetings of the year," he reminded members of the lodge, "and needless to say, each member is expected to attend. Officers will be nominated Friday, and they will be elected during the first meeting in May. Installation comes during the first meeting in June."

Dunedin Man Loses Big Belianca Plane

DUNEDIN, Apr. 25.—The big Belianca monoplane, owned by H. C. Skinner, Dunedin manufacturer, was destroyed by fire Monday in a field six miles east of Brooksville.

Lester Glascock, pilot for Skinner, was in the plane at the time, warming up the motor preparatory to taking off for Dunedin, when a bystander shouted that the plane was on fire. Glascock says he believes flames from the exhaust ignited the fuel tank which covered the field. Only the metal skeleton of the plane was left.

The loss was covered by insurance.

China Voices Determination To Challenge Jap Views On Foreign 'Meddling' In East

(By The Associated Press)—Through its minister to Switzerland the Chinese government announced Tuesday to challenge Japanese declarations that Tokyo opposes foreign "meddling" in China.

The minister invited correspondents in Geneva to a conference at which he is expected to explain "the necessity of Chinese reconstruction and China's desire to obtain aid from other nations."

Other developments: Tokyo—Foreign Minister Hiro had the task of explaining the April 17 manifesto issued by his subordinates without his consent, as to satisfy the Japanese public, which approves it, and other governments, some of which are suspicious of it.

Washington—Congress, watchful with the rest of the world to repercussions from Japanese attitude toward Chinese relations, learned today that President Roosevelt would ask the power to decide when to re-entrench the Navy A treaty limit Navy has been authorized, but money is yet to be appropriated. Part of it will be made available if the President has in way in the \$1,500,000,000 entry bill to be enacted in the closing weeks of the session.

London—The British government was reliably reported as opposed to possible concerted action by any combination of powers against the handoff manifesto because of the delicacy of the situation. American Ambassador Longham conferred with the Chinese minister, but made no statement of his views.

Paris—Worry was manifested over the Japanese edict since the biggest French colonial possession, Indo-China, is near Japan. A foreign office spokesman said "We are doing nothing except in connection with the United States, Great Britain and Holland."

Ensign Will Speak To Growers At School

M. R. Ensign of Gainesville will discuss "Marketing Packages for Celery and Other Vegetables" before a joint meeting of members of the Seminole Agricultural Club and Farmers Evening Class at Seminole High School tomorrow night at 8:00 o'clock. It was announced today.

Mr. Ensign's talk will be the first of several to be made by out-of-town speakers on subjects that are related to farming as practiced in Sanford. Officials of both groups extend an invitation to attend the meeting and participate in the open forum discussions which will follow the address.

State Seeks 2 Million For Relief Next Month

TALLAHASSEE, Apr. 25.—(AP)—Governor Shultz yesterday signed an application to the Reconstruction Finance Corporation for a grant of \$2,000,000 to Florida for relief needs during May.

The application also was signed by Julius I. Stone, Jr., Florida relief administrator, and was sent here for the Governor's approval and signature.

Daytona Police Doubt Rumor That Agent Of Night Club Killed Columnist

DAYTONA BEACH, Apr. 25.—(AP)—Officials here yesterday stuck to their pronouncement that Arthur Shumway, fiction writer and newspaper columnist, committed suicide despite the theory advanced by his widow and others that he may have met with foul play.

Shumway's body was found on the beach Monday a pistol wound through the heart and iron-pick stabs on his chest. Investigating officers said one hand clutched the pistol. A note spoke of suicidal intent.

In Chicago, Mrs. Shumway and her family related how the youthful author had written a letter a few days ago in which he stated he had been threatened by one of the owners of a "night joint" for writing a story that they had attempted "to shake a tourist down for a big reward when they found her \$2,000 brooch in the place."

The letter continued that "for four days I carried my rod, but finally told the chief of police that I'd rather run than throw my hip out of joint totting a pound or so of iron all the time. The chief said not to worry, that if I got

UNEMPLOYED MOB BEATS UP RELIEF AGENT BY ROOSEVELT

Late Demonstrations In Kansas County Climaxed By Attack On Welfare Office

PITTSBURGH, Kans., Apr. 25.—(AP)—A crowd of 150 unemployed men and women stormed the Red Cross Federal Relief Headquarters here yesterday and severely beat William A. Bradley, Crawford county commissioner, after he had released a tear gas bomb.

As a result of the disturbance, John G. Stutz, executive secretary of the Federal Emergency Relief Committee for Kansas, announced at Topeka that Federal relief funds would be withheld from the county "until we are convinced absolutely that the county authorities have the matter under control."

Bradley was knocked unconscious and taken to a hospital. Injuries to the commissioner, a former newspaper publisher here, included a ruptured left kidney, bruising and abrasions on the face and body, physicians said.

Bradley and Mrs. Marie Young, Crawford county relief director, were taken to a hospital. (Continued On Page Two)

The meeting was attended by R. E. Perkins, George Weinstein, A. D. Smalley, D. H. Walborn, Geo. Stewart, R. V. Newman and Mr. Smith.

Bishop Cannon Charged As Having Spent Some Of 1928 Campaign Fund For Own Use

QUICK SHOOTING; BANKER FIGHTS OFF ROBBER TRIO

WASHINGTON, Apr. 25.—(AP)—John Wilson, government prosecutor, told a District of Columbia jury today that Bishop Cannon had spent some of the 1928 anti-Smith campaign contributions "for his personal use."

Wilson made the opening argument at the trial of the churchman and Miss Ada Burroughs, charged with a conspiracy to violate the federal Corrupt Practices Act.

"Time and time again it was shown that Cannon wished to evade the Corrupt Practices Act," the prosecutor said.

Wilson said that Cannon, Rev. Sidney Peters, and Frank Dunford "concocted a scheme to make Dunford the insulated conduit for the transmission of the money. Defendant Burroughs could not report the campaign contributions because she couldn't report corresponding expenditures, partly because Cannon spent some of the money for his personal use, and because of the nefarious scheme of these individuals to keep from disclosing how this money was spent in Virginia."

In the last hours of the testimony taking yesterday, the bishop returned briefly to the stand to tell how records of contributions come to be missing.

He said they disappeared while stored at his office in the board of temperance and social service, presumably because the "starches" they were in were wanted for something else.

Of the records, he said, a ledger was all he could find after "three days and three nights" of search.

DILLINGER IS DODGING ARMY OF 5000 MEN

Justice Department Says It Will Have Vanished Gangster Under Arrest Soon

MERCER, Wis., Apr. 25.—(AP)—America's million dollar murderer with a puny \$25 price tag on his head and the blood of 13 men across his bullet-blazed trail mocked today an army of more than 5000 officers who hunted him.

"We'll have John Dillinger before long," said the Department of Justice through its Chicago division of investigation. The earnestness of the government's determination was witnessed by both the great number and the high calibre of the agents they threw into the hunt. But there was no word of the desperado despite the intensity of the hunt.

Rumors flew, but all simmered down to the fact that Dillinger vanished Sunday night from Little Bohemia, resort near here, and has been unreported since.

ST. PAUL, Apr. 25.—(AP)—Four men and two women raided a home near Elk River today, took a small amount of cash, and fled, causing a general alarm to Twin City police. Reports led authorities to believe the raiders might have been members of the John Dillinger gang. A police broadcast advised all squads to be on the lookout for a muddy black sedan containing four or five men and two women. The broadcast said the "Men are heavily armed. Use extreme care."

Attorney General Cummings wants airplanes, armored cars and more men to wipe out the Dillingers. "If we had had an armored car up there in Wisconsin," he said in Washington yesterday, "our men could have driven right up to the house where Dillinger was."

Cummings spoke at about the same time the House Judiciary (Continued On Page Three)
