NUMBER 9

## QUESTION OF THE ROADS TO BE BUILT

### COUNTY COMMISSIONERS DISAGREE ON CHARACTER OF ROADS AND ENGINEERS

The county commissioners are in a muddle over the good roads that are to be laid at various points in the county and for which bonds were recently voted in the sum of \$300,000. At the time the bonds were voted it was thought that part of the roads could be built of brick, but the present cost of brick and the high freight rate on brick precluded the brick on any part of the roads designated that would be within the sum voted. The next best thing was asphalt or bituminous surface roads of some kind and specifications were made by Williams & Collier. Since no ordinary layman knows anything about specifications or about roadmaking the specifications came up for considerable argument and the specifications were adopted and the contract for the roads with Chaorman Bramley and O. P. Swope and E. L. Kilbee voting for the contract and L. P. Hagan and C. W. Entzinger voting against this form of road. This opposition has developed in the past few days and has brought about many meetings and many discussions and prominent citizens of the county are taking up the matter with a view of doing something at once.

A meeting was held in the court house Tuesday night after the Board of Trade meeting and the objections to certain parts of the specifications were read and various questions were asked of Engineer Williams who was present. The paragraphs of the specifications were taken up and read and discussed but the meeting did not accomplish anything since the mind of the ordinary man present was as hazy at the end as at the beginning.

It seems that the new specifications have caused a split in the board of county commissioners part of whom are willing to go ahead and have the roads laid and trust to the honesty of the engineers and part of them are skeptical as to the kind of roads that Seminole will get and want some guarantee that the roads will fill the bill and this is the question that is not only bothering the commissioners but the citizens of the county as well.

All of the people want good roads and especially are good roads needed in the sections where they are now routed but every citizen and taxpayer wants the best roads that the money will buy and would like to make haste slowly until they know what they are getting for their money.

Just what will be the outcome is unknown at this time as injunctions are talked of and other forms of calling off the deal until something definite can be learned but just who is right on the question time alone will tell.

### Now With Dr. Langley

Miss Edna Pagenhart, who has for the past fourteen years been an assistant of Dr. Puleston in his surgical work and who has had charge of his office for that time, will take charge of Dr. Langley's office and assist him, beginning next Monday. This change has been made necessary on account of Dr. Puleston leaving for Miami. The many friends of Miss Pagenhart will undoubtedly be glad to learn of her opportunity to continue her work in Sanford and we are sure she will be glad to welcome her old friends at her new place of business.

### More About the Census

Everyone who is considering applying for place as U. S. census enumerator, should write this week for a blank application and full statement of duties and terms of employment.

So far as possible, each person engaged in taking the census will be employed within the district in which they reside.

The Director of Census states that he believes the compensation of enumerators in the January cen-

sus taking will average not less than \$100.

reliable person, women as well as men, between the ages of 18 and 70 years, are wanted for this work in every county, town and city. An enumerator must write a plain, readable hand.

Good men, familiar with conditions are especially needed for taking the agricultural and population returns of the country districts.

The enumerators of this county will assemble about Nov. 1 for simple test examination and instruction. The work of enumeration will begin day after New Years, and continue from two weeks to one month, according to the locality.

Write THIS WEEK, to J. J. Emery, Supervisor of Census, Federal Building, Jacksonville, Fla.

### Birthday Party

On Saturday evening Mrs. Chas. Britt entertained with two tables of bridge in honor of the birthday of Mrs. Archie Betts. The rooms were prettily decorated with pink roses and ferns, and dainty refreshments were served at the close of the game. Besides the guest of honor, Mrs. Britt, the following were present: Mrs. Braxton Perkins, Mrs. Gene Rounhill, Mrs. A. B. Wallace, Mrs. John Smith, Mrs. Billy Finn, Mrs. David Caldwell and Mrs. C. M. Hand.

Mr. Frank Giles returned Monday from a visit of several days in Fort Lauderdale.

## FOOT BALL SEASON WILL OPEN HERE

### HORSEHIDE GIVES AWAY TO THE PIGSKIN HEROES AND OPENING GAME WITH ORLANDO

One reason for the Sanford Baseball Club winning the State Championship is the interest contributed by the people of Sanford.

Now that the baseball season is over, the Sanford High School is engaging in a series of High School Athletics; Football, basketball, volleyball, etc. We are completing schedules in these several games, the first of which is to begin this afternoon at the Ball Park at which time the High School squad will meet the City Eleven for the initial game of the football season. The game is to be free to all, and will begin promptly at 4:30 p. m. Don't forget the time and place. IT IS FREE! Come out and give us your interest.

On next Tuesday afternoon, Oct. 21, at 4:30 p. m. the Sanford High School Team will meet the Orlando High School aggregation at the Sanford Ball Park for the first gridiron battle between these schools this year. The admission fee for this game will be only twenty-five cents and it will be well worth one dollar. Come out this afternoon and look us over, and then next Tuesday make our team stronger by your presence and "old rooting spirit" at the Orlando-Sanford game. Tickets are on sale NOW for the Orlando-Sanford game, only twenty-five cents. Buy as soon as you can, come early, and avoid the rush!

The game this afternoon is free. We are going to look for you there.

The line-up beginning the game this afternoon will probably be as follows:

- Center, Curtis Barber.
- Right Guard, Merton Aycocke.
- Right Tackle, Sherman Moore.
- Right End, Ed Moye.
- Left Guard, Clayton Bailey.
- Left Tackle, Floyd Russell.
- Left End, William Moye.
- Quarter, Harvey Parrish.
- Full Back, Reuben Mason.
- Left Half, Glen Lingle.
- Right Half, Ablett Smythe.

All players will be used this afternoon, as this is a practice game and we are preparing to meet Orlando Tuesday. Will you meet me there? We have a number of substitutes as good as these men named above and some will probably prove themselves to be superiors.

## PRESS GANG OLDER BOYS AT ORLANDO CONFERENCE SATURDAY AT ORLANDO

### SOUTH FLORIDA PRESS ASSOCIATION MEETS AT ORLANDO AND WINTER PARK

The South Florida Press Association met in Orlando last Saturday and it was one of the most interesting meetings ever held by that active organization. The members were entertained at Orlando in the morning and banqueted at the San Juan hotel at noon, the guests of the Orlando Reporter Star, the Orlando Sentinel and the Orlando Board of Trade. In the evening the editors were the guests of Miss Emily Nichol of the Winter Park Post, the Winter Park Board of Trade and Mrs. Temple at a luncheon at the Winter Park Country Club.

The following made brief responses: Mayor Scholtz, George M. Goolsby, Wauchula Advocate; Clarence Woods, "The Ladies," of course; Miss Nicol, Dr. Sealing, Leach, J. E. Worthington, Tampa Times; C. E. Howard, Orlando Citizen; Messrs. Sherman and Cooper, supply men, and H. L. Brown, St. Augustine Record, who gave the toast, "Our Country."

The meetings were very instructive and many men of prominence in the printing and allied trades were present and made good talks.

A. C. Cabanis, of the American Press Association, urged that newspaper publishers should never trade their advertising space for anything but cash.

Tampa, Lakeland and Lake Wales presented invitations for the next meeting in January, and Lake Wales won out handily. H. M. Gann, of the Highlander, is sure attractive when it comes to an invitation.

The following officers were elected: President, Gilbert Leach, Leesburg Commercial; vice-president, R. B. Brossier, Orlando Reporter-Star; secretary, A. D. Miller, Eustus Lake Region; treasurer, Mrs. C. V. S. Wilson. Mrs. Wilson has been treasurer for some time.

M. F. Hetherington, Lakeland Telegram, avowed his belief that circulation contests do not, as a rule pay. J. G. Gallemore, Bartow Record, read an interesting paper on the necessity of careful figuring on costs if the printer is to make any money, while Frank K. Anderson, Bartow Courier-Informant, gave an interesting address on head writing. Con O. Lee, of Tampa, publicity expert and delegate from the Kiwanis club, gave a fine talk on general publicity.

In the afternoon there was a meeting of the Associated Dailies of Florida, in which propositions for representation in the advertising field were made by A. C. Cabanis, of the American Press Association, and George Ward, of Chicago. Mr. Ward signed up seven of the smaller dailies of the state as special representatives and hopes to extend the list considerably.

Harry L. Brown, of St. Augustine, made an interesting talk on the scarcity of printers, saying that if they continue to decrease as they are now doing in 13 years there will be none left. He urged that all publishers give their support to schools for printers established by the Southern Newspaper Publishers' association, the Mergenthaler Co., and others.

The Sanford Herald was represented by W. M. Haynes, business manager, who has been secretary of the South Florida Association for the past year.

There were about fifty present at this meeting and the scribes and their friends returned home with the feeling that Orlando and Winter Park were all right as hosts and those from a distance who had never seen the beauties of this section of Florida were full of praises for South Central Florida.

Many of the visitors stopped over in Sanford going and coming and had a chance to see our thriving city and county.

The Williston Progress says the day of the razor back hog has ended in and around Williston for the farmers are raising more fine stock this year than ever before.

### ONE HUNDRED AND SIXTY BOYS FROM ALL OVER STATE IN ATTENDANCE

Orlando, Oct. 11.—One hundred and sixty interested and enthusiastic boys left for their homes last night after spending two days in attendance at the Second Annual Older Boys Conference held under the auspices of the Florida State Young Men's Christian Association. This was the second section of this year's meeting which is being held in three divisions in order to reach boys from all parts of the state. The first section convened in Tallahassee last week-end and the third section will open in West Palm Beach next Friday night.

This section opened here Friday afternoon with the organization meeting at which time officers were elected. It is the custom in these conferences for the boys themselves to be in charge so at the very beginning the nominating committee of boys made its report and the conference elected its officers as follows: Tom Gedge, of Orlando, president; Harold Tilden, of Winter Garden, first vice-president; Reginald McKay, of Ocala, second vice-president; Frank Massey, of Dade City, third vice-president; Curtis Warren, of Tampa, secretary.

The president turned over the duty of presiding to the various vice-presidents at times during the conference. A committee on resolutions was also elected by the boys and its report was submitted at the farewell meeting last night. This committee was: Henry McLaughlin, Sanford; Tom Caldwell, Lake Wales; Norman Newsome, Tampa; R. B. Woodward, Dade City; C. C. Daley, Jacksonville; Fulton McCullough, Palatka; and Richard Sias, Orlando.

The opening banquet Friday night was presided over by Hon. W. L. Tilden, county solicitor of Orange county. Addresses of welcome were made by Mayor James L. Giles and Howard Cook, and responded to by "Pat" Walker, of Leesburg. Mr. Fred B. Freeman, of New York, made the address of the evening in a most interesting and inspirational manner. The theme of the Conference was, "The Quest of the Best" and this was the topic on which Mr. Freeman spoke. Saturday morning, Richard Sias, of Orlando, read a paper on, "The Quest of the Best in the Community" and Norman Newsome, of Tampa, spoke on, "The Quest of the Best in the Gang." "The Best for Christ" was the subject of an address of Rev. C. W. Duke, of Tampa. Mas games were given the boys Saturday afternoon as samples of what could be done in their own communities. These were conducted by E. J. Milleham, County Secretary for Orange County Y. M. C. A. The decision meeting yesterday afternoon was addressed by C. W. Blakely, of Atlanta, on the "March of the Conqueror." All churches of the city joined in the farewell service at the Presbyterian Church last night. Mr. Frank Ritchie, International Secretary Y. M. C. A. of New York, gave the farewell address on "The Challenge to Leadership." The address was impressive and gave the boys many inspiring thoughts to carry home.

Representatives from Tampa, Ocala, Bartow and Sanford invited the 1920 conference to meet in their cities. The selection will be made later.

### MAGAZINES HAVE QUIT

#### Printers Strike Forces Publications to Suspend.

New York, Oct. 14.—The controversy between certain local unions and their international unions over the demands of the former, which include a week from 32½ to 44 hours, and an increase of \$4 per week with double and triple pay for overtime, to take effect immediately, has closed every magazine printing establishment in New York city.

Some of the local unions have retained their membership in the international union, while the press-

men feeders and paper handlers are reported to have seceded and struck.

Publishers of the magazines meanwhile have no choice but to wait until the unions settle their difference. This means that McClure's, Collier's Weekly, Pictorial Weekly, Cosmopolitan, Hearst's Magazine, Metropolitan, Scribner's, Munsey's, Popular Delineator, Everybody's, McCall's, Popular Science Monthly, Vogue, Vanity Fair, Motion Picture Magazine and 152 others, together with many of the largest tradespapers in the country, will not appear at the usual time.

A statement issued by the Periodical Publishers' Association of America reads in part:

"Some of the publishers are making plans to remove their plants from New York to other places, and many Western cities are bidding vigorously to induce these publishers to consider the particular localities. Three very large publications have already completed plans for permanent removal and their printing machinery and the printing paper supply is being shipped to Chicago."

Leesburg has not lost her patriotic spirit by any means. They are now planning for a great celebration in honor of those who served during the war. The principal feature of the celebration is to be loads of good things to eat and no one knows better how to prepare such things than the housewives of Lake County. There will be hot coffee, ice lemonade, barbecued meats and an old-fashioned picnic. In the evening there will be a grand illuminated street celebration.

## SCHOOL BONDS WERE CARRIED ON TUESDAY

### SCHOOL BONDS FOR \$25,000 WORTH OF IMPROVEMENTS IN DISTRICT NO. 1

One of the most quiet and unostentatious elections of the season was that of Tuesday when the bonding election for school bonds took place. Only 92 votes were cast the result being 69 for bonds and 23 against, and many of those who voted against bonds have usually been in favor of bonds at other elections but they are becoming peeved at so many bond elections.

However, this election was really for something worth while as our schools must improve with the modern age and the money spent wisely for school improvements is the money well spent. The bonding election was for \$25,000 worth of bonds in the special school district to be used for the following purposes:

Twelve thousand dollars to be used in funding and paying off present existing indebtedness of the said Special Tax School District, incurred for the exclusive use of public free schools of said Special Tax School District.

Twenty-five Hundred Dollars to be used in enlarging and furnishing the Sanford Colored High School.

Twenty-five Hundred Dollars to be used in enlarging and furnishing the Midway Colored School.

Twenty-five Hundred Dollars to be used in building and furnishing a West Side Colored School, known as the Goldsboro School.

Twenty-five Hundred Dollars to be used for enlarging and improving the Sanford High School by furnishing a Manual Arts, a Commercial and a Domestic Science Department therein.

One thousand dollars to be used for improving school buildings and school grounds of the Sanford High, the Sanford Grammar and the Sanford Primary Schools.

Two Thousand Dollars to be used for the purchase of furniture and incidentals for all schools within said Special Tax School District.

Reservations on boats bound from the eastern ports to Florida have been sold out for two to three months ahead. It is estimated that there are more people in the state now than at any previous time. This is going to be a Florida year and already an endless stream of tourists is beginning to choke the avenues of traffic bound for the Land of Flowers.

## BOARD TRADE LIVENS UP FOR THE WINTER

### WILL PUT ON CAMPAIGN FOR MEMBERSHIP AND HAVE A SECRETARY

The Board of Trade held the first meeting for the season in the court house Tuesday night with a representative crowd of boosters from every part of the county. Many of the Sanford business men were present and after President Dubose had called the meeting to order F. P. Forster, Forest Lake, R. J. Holly, Edward Putnam, L. U. Mays, H. R. Stevens and others outlined their ideas of a greater Board of Trade and a Greater Sanford.

Some of them wanted a paid secretary and this feature was discussed as well as the annual dues and after Secretary Marlowe had agreed to take charge of the work with the assistance of a capable stenographer his most generous offer to do this gratis was accepted with rousing cheers. Mr. Marlowe was the secretary of the Board of Trade when it was organized several years ago and when he became affiliated with the Sanford Truck Growers he acted as secretary without pay, but he cannot devote all of his time to this work and yet is invaluable to the Board of Trade in many matters. E. A. Douglass also offered the services of his office and his stenographers until such time as the Board of Trade can get a stenographer and secretary.

President Dubose at the suggestion of several members decided to appoint campaign committees to solicit memberships in every part of the county and it will be acted upon at once.

The Sanford Board of Trade has been a prominent factor in the upbuilding of the city for many years and this is the time for a more earnest support of the Board of Trade upon the part of every citizen of Seminole county.

The new Valdez Hotel has offered the Board a fine room on the first floor rent free as soon as the hotel is finished and this will make a good place for the tourists and strangers to congregate, to gain information and to get acquainted and the Board will probably take up this offer later on. In fact it was the sense of the meeting that as the Board of Trade progressed it would be well to join the Woman's Club and the Public Library in their plans for a new community building and with new quarters the Board can employ a secretary and office force, get out some new publicity matter and go after the business for this section of the state.

There are many new factories and new business of all kinds seeking a location here now and it is up to the Board of Trade to look after this important part of the city's life.

There is not a feature of our public life that is not fostered by the Board of Trade. The good roads matter in the public eye at this time finally came to the attention of the Board of Trade the other night at a mass meeting and could not be accomplished without the good offices of the Board of Trade. The first bonds for good roads had their inception in the life of the city and county that cannot be accomplished by the county Board of Trade.

So get busy you public men and private men and citizens generally and get in new members to the Board of Trade, attend the meetings and become active members of the trade body that means so much to your town and county generally.

More than \$350 is to be hung up for the largest bass caught in Lake county. Each community in the county is offering a prize in addition to the prize given by the Lake Chamber of Commerce.

The mothers in Kissimmee are banding together to purchase property to be fitted up as a public recreation ground for the young people, with rest room for the older residents and out-of-town shoppers.

IS HER SMILE WORTH A RIBBON?

Backed by this winning smile these two pigs should have no trouble in winning blue ribbons at the coming fair. To encourage hog-

raising locally big prizes are offered for swine of leading breeds by the Florida State Fair, Jacksonville, November 22 to 29.

Score by innings:  
Orlando.....000 000 100—1  
Sanford.....200 100 00—

Summary: Left on bases, Orlando 4, Sanford 5; hits apportioned Corcho 2 in 1, Haynes 6 in 8; first base on balls off Corcho 1, Watts 1; struck out by Corcho 1, Haynes 3, Watts 13; stolen bases, Crow 2; passed balls, Quinn 2; batter hit, Register; time of game 1:53; umpire, Blackburn.

All Star Teams  
The Lakeland Star has picked the following all star team from the Florida State League:

The First Team  
Pitchers—Humphries, Orlando; Stewart, Bradentown; Hall, Lakeland; Ery, Lakeland.

Catcher—Chapman, Sanford.  
1b, Vaughn, Bradentown; 2b, Cohen, Lakeland; 3b, Foss, Tampa; ss, Love, Lakeland; lf, Smith, Lakeland; cf, Moore, Orlando; rf, Poland, Lakeland.

Second Team  
Pitchers—Corcho, Tampa; L'hommedieu, Orlando; Durfee, Orlando; Watts, Sanford.

Catcher—Walton, Bartow.  
1b, Felix, Tampa; 2b, Phelan, Bartow; 3b, Thrasher, Lakeland; ss, Johnson, Tampa; lf, Osborne, Bartow, cf, Schuyler, Orlando; rf, Rood, Bradentown.

The Sanford Herald picks an All Star Team and takes the entire Sanford team for the first team. The Lakeland Star evidently overlooked the fact that Stuffy Stewart is the finest Second Sacker in the League and can play rings around any of them. And then the idea of putting on Humphreys in the first team when Skinny Watts has him beat a mile. Dear old Humphreys with his rheumatic arms that he has been nursing all summer playing with horseshoes in his mit and getting by on lucky stuff. He only pitched one game in Sanford and is a "home boy" wanting and demanding to play in Orlando only where the fans could inject life into his porcelain arm. O, boy. An All Star team, nit.

Doring Rocks Under Water.  
To enable holes to be bored in under-water rocks no matter how rough the water, a Hawaiian engineer has invented a drill standard with a heavily weighted bottom, power being obtained through flexible connections with a vessel.

If you were busy being true To what you know you ought to do, You'd be so busy you'd forget The blunders of the folks you've met. —Isabella Foreman.

HELPFUL HINTS.

When baking a cake, set the alarm clock, so that no matter how busy, the attention will be called to the kitchen.

Old stocking legs slipped over the sleeves will keep a gown fresh, when working in the kitchen. A stocking leg slipped over an old whisk broom makes a fine brush for the stove.

Obstinate stains of almost any kind may be removed by using soap with peroxide, then placing the stain in the sun. Sometimes several applications of the peroxide will be necessary. Iron rust is easily removed by a solution of salts of lemon in water applied to the spots, and then the bright sunlight to act upon it.

Candles for use on the table will burn clearer and longer if kept on ice for a day before using. A ring of salt put around the wick will give a soft, steady flame and will burn all night.

Cracks and splits in furniture may be filled with melted beeswax and then varnished, so that they will hardly show.

Swiss chard and chinese cabbage are two vegetables which should be found in every garden. The chard may be canned for winter use, making a most acceptable addition to the vegetables for winter.

Moisten the brush of the carpet sweeper—it will do much better work. Clean soiled plumes in alcohol. Shake, and they will be as fresh as ever.

Pineapple juice is a good cure for indigestion. Pineapple with bananas and an orange, all cut fine, makes a good cake filling. One can of shredded pineapple, three bananas and one orange

aliced very thin, will be enough filling for a large cake.  
Keep plenty of water in the boiling pots and pans on a damp, rainy day, for the atmosphere absorbs it rapidly.  
In cooking rice, use plenty of boiling water, and keep it boiling rapidly at first, so that the grains will be distinct. Apply soap and ammonia to burns from acid immediately, to allay the pain.  
Grated horseradish mixed with whipped cream, salt and cayenne makes a good sauce to serve with fish.

Nellie Maxwell

The ethics of gastronomy are as marked as those of society, and the arrangement of a bill of fare calls for as much finesse as do the functions of a chaperon.—Elwanger.

SEASONABLE DISHES.

During the early summer months the appetite needs a little urging and especially attractive dishes to appeal to the appetite.

Mutton With Peas.—Cut mutton in serving-sized pieces, brown in a little boiling water and cook at a low temperature until well done. Pour around the mutton a pint of cooked peas and serve when well heated.

Grilled Chicken and Mushrooms.—Sprinkle pieces of cold soaked chicken with red pepper and salt, brush with melted butter and toss in fine crumbs. Place in a hot oven. Cut the stalks from a half pint of mushrooms, place them with two tablespoonfuls of butter in a saucepan, dust with mace and cook gently for five minutes, then add salt, pepper, a tablespoonful of flour and a quarter of a cupful of stock. Cook until well done then pour over pieces of toast. Prepare the chicken and serve around the toast.

Unusual Sponge Cake.—Separate the yolks and whites of four eggs and beat the whites very stiff; add a cupful of sugar, a little at a time, not to lose the air in the beaten egg, then add the yolks one at a time, cutting and folding them in, not to mix, but leave the whites streaked with yellow. Cut in cupful of flour sifted with a quarter of a teaspoonful of the cream of tartar, and bake in a greased pan in a slow oven. The cream of tartar may be divided and half of it put into the egg whites while beating.

Sour Meat.—Take a nice piece of round steak, lay it in vinegar with one onion, a teaspoonful of whole allspice, salt and pepper mixed, one bay leaf and allow it to stand for three days. Brown the meat in a hot oven or frying pan, pour over the meat and sufficient water to cover the meat and simmer until tender. Strain the gravy, then thicken it and pour around the meat when served.

From May until late in October if the season is warm, we will find a crop of delicious food just for the gathering. The field mushroom may easily be learned and it will quickly be recognized so that there need be no danger in eating it. It is not wise to ever pick any mushrooms before learning the ordinary kinds.

Nellie Maxwell

Explaining History of Dress.

If one could only know the origin of all the many words we use in our daily talk, one would know much of the history of dress. Many of our most recently adopted clothes words come from France, but five hundred years ago dress terms more usually came from Italy, then the mecca of fashion. Hence, velvet came from "velluto," the Italian word to indicate shaggy. And "comesole," which has recently been revived from an earlier English usage, came from the Italian diminutive of chemise.

Daily Thought.  
Progress is the law of life, man is not man as yet.—Robert Browning.

Itemized Statements

Promptly and Correctly Rendered Mean Much to the Retail Merchant

HERALD PRINTING CO.

Monthly Statement Outfits combine the Ledger and Statement work and reduce labor about 50%. Simplifies bookkeeping and eliminates disputes with customers.

Statements itemized to date and may be delivered on demand. This loose leaf system fits every retail business. We will gladly explain its application to your business. No obligation on your part.

HERALD PRINTING CO.

## COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

**OVIDO OCCURRENCES**  
Mrs. Isaac Hodges of Chuluota passed through Oviedo Monday on her way to Orlando from which point she was going to Texas on an extended visit to her sister.

Mrs. C. J. McCulley very delightfully entertained the Crochet Club last Thursday afternoon. There was a full attendance of members and a number of invited guests. In spite of the shortage of sugar in Oviedo, delicious cream and cake were served by Mrs. McCulley. The club will meet this week with Mrs. Jules List.

Miss Virginia Wright, who has been sick for the past two weeks, is again able to be out and is spending several days with Mrs. O. G. Wolcott at Lake Charm.

Misses Mary Leinhart and Alice Brannon spent the week-end in Orlando the guests of Mrs. C. A. Brannon.

The Woman's Missionary Society of the Methodist Church held a special prayer service at the Club

House Monday afternoon. Quite a number of the Baptist ladies were present and a most interesting service was held.

H. B. McCall spent Tuesday in Sanford.

Mrs. S. W. Swope spent Thursday in Orlando.

T. J. Brannon and W. A. Luther spent Saturday in Orlando.

Mrs. A. J. McCulley spent Tuesday in Orlando.

Mrs. J. W. Lee is at the Florida Sanitarium for a few weeks' treatment.

J. W. Davis of the C. W. Zaring Company, Jacksonville, spent Tuesday in Oviedo.

Mrs. W. N. Blackwood and two children returned home Tuesday night after a visit of several days in Orlapdo.

Mrs. E. A. Farnell, Miss VOLLIE Drawdy and Mrs. Cuthberton spent Saturday afternoon in Sanford.

Mr. and Mrs. W. E. Argo, Capt. Argo and little Miss Palmer Argo spent a day and night at the Prairie last week.

Mr. and Mrs. Tilden Jacobs of Monroe spent Sunday in Oviedo.

W. N. Blackwood returned Wednesday from Sarasota.

Mr. and Mrs. Morris of Orlando are visiting the latter's daughter, Mrs. W. N. Blackwood at Lake Charm this week.

The High School pupils had charge of the regular Friday afternoon program last week and the following program was rendered:  
Song—Ou la la wee wee, High School.

Debate by Seniors and Juniors—Subject, Resolved that pupils who have attained an average rank of 90 per cent should be exempt from examinations. Affirmative, Ruth Young, Alice Brannon and Eunice Clark. Negative, Mabel Swope, Olive Lizette and Elizabeth Lawton. Judges, O. P. Swope and Mrs. H. B. McCall. Decision of judges, Affirmative side being the winners.

Short talk by Mr. Swope. Theme, "Adventure of a Counterfeit Dime," Walter Carter.

Theme, A Castaway," Frances Song, Beautiful Ohio, High School.

### LAKE MARY ITEMS

Mr. M. H. Reed was a business visitor to Sanford Tuesday.

Mr. Warren, A. C. L. Cross tie inspector, spent Monday here.

A. S. Brunson, road master from Kissimmee, made a business trip here Saturday.

Mrs. J. G. Martin and two boys, Melvin and Cecil, left last Thursday to make Fort Meade their future home. Mrs. Martin kept the post office here for most twelve years and resigned several months ago on account of moving away.

The Sblom family attended the Sblom and Smith wedding at Auburndale Sunday, Oct. 5th.

Mr. and Mrs. Harold moved to Winter Park last week, where they expect to pack oranges during the winter.

Miss Grandea Smith and Mr. Goodheart Sblom were married Sunday, October the fourth, at the home of the brides parents, Mr. and Mrs. Dan Smith, at Auburndale. The bride and groom are at the Crystal Lake Hotel at present, but their expectations are to make Winter Haven their future home.

Carl and Walfred Pearson of Upsala were Sunday visitors at the home of A. E. Sblom.

Mrs. H. E. Hester of Tampa is visiting the Evans family for a few days.

### EAST SANFORD

Rev. J. R. Allen of Enterprise will be at Moores Station church to preach this coming Sunday.

It will be of interest to many persons about Sanford to know that Miss Floyd Collier and Eugene Holebeck were married in Paducah Kek Oct. 8. They will reside in Detroit. Mrs. H. resided here a year and made many friends.

We are pleased to note that J. F. Hickson has accepted the position as inspector for the East side for the Sanford Truck Growers Inc.

Mrs. Lovetta I. Tracy arrived here for the winter last Tuesday from St. Albans, Vt. and is now at the home of her brother, Elwood Irish, and wife. She will spend some time with her daughter, Mrs. E. P. Moore. Mrs. Tracy visited here two years ago.

Mr. and Mrs. C. B. Tyler received word last week that another daughter had been born to their son, Warren S. Tyler and wife, at their home in Newport News, Va.

The County Commissioners were out in East Sanford in a big car for a look-see last Thursday.

Ingram Guered was here not long ago for a short stay after his discharge from two years service in the U. S. Navy, then returned to New York to enter the U. S. Merchant Marine Service as first class oiler, going to Italy for his first voyage with a ship load of coal.

John Pezall, Jr. and bride arrived here a few days ago from St. Louis, Mo., and are at the Pezall home on Beardall ave. Congratulations are offered by many friends.

Herbert Squire was in Geneva over Sunday, guest of Tom McLane.

G. C. McDougal was at home over Sunday from Lakeland.

Mrs. Tina Warren Beatty will go to the Orlando hospital Wed-

nesday for another operation for the removal of a portion of several more ribs. She expects to remain about a week.

Needham and Leon Purvice, of Tampa, visited their brother, Ashly and family at Cameron City several days.

Ed Cameron was at home from Palatka several days last week.

Mrs. Joe Cameron is convalescent from a severe attack of appendicitis we are glad to note.

Last Friday evening a large party of East Side young people spent a most delightful evening at Hazel-dines bathing beach on Lake Silver.

Several nice little showers have been duly appreciated by East Side growers the past few days.

R. L. Guemf who has been ill in bed recently is now able to be out again.

There are a number of children out of school with bad cases of sore eyes.

Kent Rosseter is driving a fine new Overland car.

C. E. Chorpene has decided to run his school truck on Saturdays as a jitney thereby being of considerable service to the people out here who have no way of getting into town. His car will leave Cameron City at 9:30 a. m. and 7:30 p. m. and will leave town for the East Side at 2:30 p. m. and 11:30 p. m. The fare will be 25c each way. Mr. Cameron will also do errands in town any day and haul loads of most anything.

### LAKE MONROE

A most pleasing sight to the true lover of the soil, and one that especially appeals to the imagination of the interested and progressive Florida grower are the fine crop conditions that may be seen upon the many acres of trucking land when driving from Sanford out the West Side and on through the thriving and fast growing village of Lake Monroe. Upon each side, with but few intermissions, vast fields of celery and early lettuce are seen, all green and beautiful and in a high state of cultivation. Other thrifty plants are awaiting their time for distribution along the almost geometrically perfect lines that the painstaking and ambitious Florida farmer knows well how to provide. Some disadvantages have overtaken the planter this fall, however, such as insects and extremely warm weather, but aside from these inconveniences conditions are favorable for prosperity again this season. Many of the farmers in the immediate vicinity are preparing for the planting of a variety of crops, beets, cabbage, onions and other vegetables as a side issue. The Irish potatoes are looking well and the late sweet potato crop is now nearly ready for the market. The late crop is much superior to the early potatoes in flavor, size and the number to the hill. Caution is advised in handling them for the prevention of bruises and cuts. They should be carefully graded and not allowed to lay in the sun. Nothing is more palatable and nutritious as a vegetable than the southern yam, and nothing so easily and cheaply grown. The United States Department of Agriculture advises the southern farmer to carefully store the sweet potato as there is already a scarcity of Irish potatoes upon the northern markets.

A colored school has been organized at Monroe with Martha Srogo (Continued on page 3)

## ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.

Analytical and Consulting Chemist - Professional of Natural Science Emeritus, Rollins College, Florida

Private Laboratory of Rollins College Winter Park, Fla., Nov. 5th, 1913

Mr. T. O. Charles Sanford, Fla.

Dear Sir:

I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color	Clear	Chlorine	1.75 parts per million
Reaction	Neutral	Total solids	8.00 parts per million
Free Ammonia	60 parts per million	Hardness	23.93 parts per million
Albuminoid Ammonia	Trace	Nitrates	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per cent., and in finding no colon, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."  
Yours very respectfully,  
(Signed) THOS. D. BAKER

(Continued from page 2)

von, of East Sanford, as teacher. The school building is conveniently located upon a high and dry, beautiful spot of land within Mr. C. E. Henry's colored settlement. The colored people are to be commended upon their efforts to establish a

school as they worked hard giving social affairs for the necessary funds to supply the shortage of county money allowed them. Many of the white people gave free will offerings to help out. The little colored children now have their public day school and a night school is also in session for the grown colored people who wish to take advantage of this opportunity to acquire an education. We have no race troubles in our locality. The colored people appreciate the fact that the white man is his friend and all of them seem happy and contented.

With splendid presence of mind Miss Lilly Miles, a sister of Mr. Henry Miles, of this place, saved herself from serious injury when attacked in her room at the Victoria Hotel, Louisville, by a negro whose purpose was the theft of \$1000 which Miss Miles had with her. Miss Miles' is a bookkeeper and cashier at the above hotel and had gone to her room for the night carrying the money collected during the day. She stooped to look under the bed and the negro poised for the blow, struck her upon the head. The victim reeled back screaming and the culprit made a hasty retreat. Miss Miles was found lying upon the floor with blood flowing from a scalp wound. Police are investigating the attack but so far the negro has not been apprehended. Mr. Miles became cognizant of the fate of his sister through the Louisville Times. He immediately wired the Victoria Hotel and was answered by his sister who said that aside from

bruises and a scalp wound no other injuries were sustained. Miss Miles is pleasantly remembered here where she has visited her brother.

The following friends partook of the hospitality of Mr. and Mrs. Barney Lyons Sunday evening at a 6 o'clock dinner: Mrs. Curtis Meuse, Mr. J. R. Murphy, Mr. and Mrs. S. H. Buchanan, Miss Linda Miles. To participate in the delights of Mr. and Mrs. Lyons' well laden board is a pleasure indeed, as Mrs. Lyons is an artist along culinary lines and spares no pains in her efforts to please the most fastidious appetites.

Miss Rosa Lee Oglesby and George Matthews, adjoining neighbors, entertained their friends with a party Saturday evening.

Miss Leola Webb, of Wallace, Fla., is visiting relatives here.

William Pitman and Albert Hawkins, Jr., have accepted positions in Sanford at the paper mill.

Miss Grace Hawkins was a guest of friends at McLean the weekend.

Miss Antonette Tarbell has returned from Asheville, where she spent the past two months.

Mr. Charles Gordon was called to Boston, Georgia, upon business last week.

Little Clark Mann is upon the sick list.

Mr. J. H. Hittell is recovering from a severe illness.

Mrs. R. T. Wynne is better, but will be obliged to remain at Jacksonville for some time under the doctor's treatment.

the Library. The president of the Ladies' Civic League gave a few words of welcome and ice cream and cake were served. Longwood has much to be thankful for as all of her boys seven have returned without a wound and some of them had several months' service at the front.

Mr. H. R. Chapman of Jacksonville stopped over on his way enroute to Orlando last Wednesday.

Mrs. and Mrs. J. S. Dinkle were shopping in Orlando on Saturday.

**WEST GENEVA AVENUE**

The weather is changing fast. We will soon have cool weather, then things will go all right with everyone.

The good rain Sunday was thankfully received by everyone. It was needed bad, everything was so dry and dusty.

It looks like all the oranges are going to split and drop from the dry weather. If we could have a few good rains I think it would be a great help to them.

Sunday seemed to be a pleasant day for everybody from the passing of cars on the road. There is nothing like enjoying life while we can in this world.

Mr. and Mrs. Sims were pleasant callers Sunday afternoon with Mrs. Vaughn.

Mr. Nicola don't seem to improve in health. It seems as though he can't gain strength again. He suffers with pain all the time. Can't rest at night.

Mrs. Vaughn was calling at Mrs. Krell's and Mrs. Tom Tyner's Friday.

We are all glad to know our good president is getting better. If we should lose him we have lost our best friend.

The good rain came again Monday evening and we hope we will have it every day until the oranges stop dropping for it is needed bad.

Mrs. Tom Farties was very sick last Sunday with fainting spells. Dr. Denton was called and soon relieved her and at this writing she is much improved.

Mrs. Will Robinson and daughter Gladys made a pop call on Mrs. Vaughn Monday evening.

If the high cost of living keeps going up like it has in the past three months I don't see what the people are going to do. Food and grain are much higher now than when the war was going on. Just think of rice selling at twenty cents a pound. It is much worse now than during the Civil War.

**OVIDO**

Mr. W. B. Young and family and brother-in-law, Mr. Jordan, of Starke, have moved to Oviedo.

Rev. L. E. Wright returned Saturday from Tampa quite ill and has been confined to the house all the week, though he is reported better. Mrs. Wright and Miss Virginia are also confined to their beds from illness.

Mrs. Nannie Averett of Chuluota spent Sunday with friends in Oviedo.

O. P. Swope and son, Sidney, spent Wednesday afternoon in Sanford.

Mr. and Mrs. S. W. Swope spent Saturday in Orlando.

Mr. and Mrs. Frank Wheeler spent Thursday in Sanford.

The Woman's Club resumed its regular meetings Friday afternoon. The meeting was opened by the president, Mrs. H. B. McCall, and a few matters of business brought before the club, after which Mrs. B. G. Smith took charge. The subject for discussion was Suffrage and the following program was rendered:

Reading, Mrs. B. G. Smith; instrumental solo, Miss T. L. Lingo; reading, Mrs. L. R. Mitchell; vocal solo, Mrs. Cuthberton; reading, The Advantages of Suffrage, Mrs. H. B. McCall.

Mrs. T. L. Lingo entertained the Crochet Club very delightfully Thursday afternoon at the Club House. An especially enjoyable feature of the afternoon program was the music finished by Mrs. Lingo's sister-in-law, Mrs. Cuthberton of Charleston, S. C.

A road meeting was held at the office of O. P. Swope Thursday evening and the rock-asphalt road (Continued on page 5)

Entered as Second-Class Mail Matter August 27th 1904, at the Postoffice at Sanford, Florida Under Act of March 3rd, 1879

The DeLand Daily News is a bright little sheet which will record the daily happenings in that center of culture for the next eight months.

Chris. Codrington has started his Daily News at DeLand and states that instead of a six months daily this year he will make it an eight months daily.

Governor Catts threatens to sue a South Florida editor for libel, providing he "can find a good lawyer" to take the case.

Rome fiddled while Nero burned— or something of the kind— DeLand and West Volusia will continue to fiddle while the New Smyrna district builds a free bridge and cuts out practically all the travel by way of DeLand and Daytona.

The Palatka Daily News came out last Saturday and is a fine eight page, six column paper well edited by Goode Guerry and printed under the capable management of M. M. Vickers.

I rise to nominate V. M. Gerrard, Walter W. Rose, J. P. Holbrook and W. M. Glenn as a special committee to visit Sanford at stated intervals during the coming winter to induce the Celery City sports to have a team in the State League for 1920.

Quite right, old chap. And have them bring their nurse along and the nursing bottles and their protests and other nursery rhymes.

Next January the government will begin taking the census and it behooves Seminole county to see that everyone living within the confines of this county is listed in the new census.

ARE WIRE-TAPPERS COMING

Editor T. E. Fitzgerald of the Daytona Daily News, who is supposed to know more about wire-tappers in one minute than the average Florida editor could acquire in five years, is running a series of articles in his paper giving among the schemes of these wirey fellows.

It is said that there are sometimes as many as 50 wire-tappers in Daytona at one time. They generally pose as wealthy tourists, and live at the best hotels. They make it a point to get acquainted with tourists and learn whether or not their newly made acquaintances are wealthy and in a position to command ready cash.

AN ANTI MAIL ORDER HOUSE CAMPAIGN

The government of Canada is conducting an investigation of mail order houses in that country. There is a movement on the part of retail merchants all over the Dominion against these establishments, which it is declared are destroying community life.

The worst feature of the mail order business is, as reported from Canada, a tendency to destroy community life. If a town is going to grow and prosper, it must have good stores.

It is to be hoped that the Canadian people push this investigation to the limit, and force a real show down on it. It is the belief of the Daily News that it will show that nothing is saved when the consumer sends away money by mail.

NEED RED BLOODED RELIGION

To present an all-round character-building program and to make boys see that religion is compatible with being virile and red-blooded is the announced objective of the Older Boys' Conference being announced by the Florida State Y. M. C. A. for the month of October.

The world today needs just such a religious awakening as the Florida Y. M. C. A. is planning. It is wisely stated that "the hope for improvement lies with the boys in the schools," because too many men are fairly set in their notions on religious and other matters.

Projectors of this movement among the older boys of the Y. M. C. A. have prepared statements of their purposes which are illuminating. One of these contains the assertion that "Folks are not tired of religion; they are sick of substitutes for red-blooded, virile religion. Well, now, wouldn't it be a great thing for Florida if some of our politicians and office holders really had that sort of religion?"

Social Department Bridge Party

The Woman's Club was the scene of an attractive bridge party on Tuesday afternoon which opened the season for the Social Department. The auditorium and reception hall were simply decorated with quantities of coral vine and presented a charming effect with the animated groups of handsomely gowned guests.

There were seven tables of players, the prize, a cut-glass basket, being won by Mrs. Julius Schultz. Guests of the department were Mrs. Raymond Youngs, Mrs. Coleman and Miss Katherine Ball. Members present were Mesdames E. M. Galloway, S. Puleston, H. B. Lewis, Geo. D. Bishop, C. M. Vorce, T. S. Huff, F. L. Miller, W. J. Thigpen, G. I. Loucks, Forrest Lake, Julius Schultz, G. F. Smith, Geo. Davis Hart, B. W. Herndon, A. W. Fitts, W. L. Morgan, B. A. Howard, E. P. Morse, A. P. Connelly, J. M. Wallace, J. G. Ball, Chas. E. Bell and Miss Katherine Wilkie.

Officers of the Social Department are Mrs. Newman, chairman; Mrs. Howard, vice-chairman; Mrs. Geo. Fox, secretary-treasurer.

Miscellaneous Shower

Charming in all its details, the miscellaneous shower given by Mrs. W. S. Thornton's class, the Dependables of the Methodist Sunday School, was one of the attractive events of the week, in honor of the Misses Arthur Spurling, two brides-to-be, of the coming week. The shower was held at the home of Mrs. Arthur Zachary, which was very lovely with its decoration of yellow and white and green. Goldenrod and daisies were effectively arranged against a background of greenery.

Concealed by flowers which were skillfully arranged around boxes, were the many beautiful and useful gifts, which elicited exclamations of admiration by the interested group. The color scheme was carried out in the refreshments.

Welfare Open Meeting

A most interesting meeting of the Welfare Department was held at the Woman's Club, Wednesday afternoon, with Mrs. B. W. Herndon, the new chairman, presiding. The mothers and teachers of Sanford had been invited to this meeting and there was a very large audience present to enjoy the excellent program on "The Health Crusade in Public Schools."

The first half hour was devoted to the transacting of routine business of the department, chief of which was the resignation of the secretary, Mrs. W. M. Haynes, and the unanimous election of Mrs. James Moughton to this office. The treasurer reported \$493.82 in the treasury. A motion to contribute fifteen dollars to the expense fund of the general club was carried.

The first number on the program was a very fine paper given by Mrs. Ernest Householder on "The Parent-Teacher Association." Mrs. Stella Arrington followed with an original and interesting paper on "The Modern Health Crusade in the Public Schools," in which she some vital statistics on the rejection and discharge on account of tuberculosis of men drafted and soldiers in the U. S. Army.

In a little after-talk Mrs. Arrington suggested that the primary teachers introduce hygiene and gave an interesting outline of the pledge and chores given and performed by the children, in which the parents to the child co-operates at home, the number of chores being done by the child determining their rank as Page, Squire, Knight and Knight-Baron and the charming little ceremony which followed the achievement of rank.

"I should get a divorce at once," said Mrs. Hittam-Upper, Jr., "but I haven't sufficient costumes to last through the prolonged trial that my social standing demands."

Organization of Red Cross Roll Call

The organization of the Red Cross Roll Call, November 2-11 has been completed, and the work well under way that will insure the success of the campaign.

Officers of the Roll Call are Dr. George Hyman, chairman, H. C. Dulose, assistant chairman, Mrs. R. A. Terheun, executive secretary, C. L. Britt, Roll Call cashier, Chairman of Speakers, Mrs. W. E. Watson, Chairman of World War Veterans, Geo. DeCottes, Chairman of Men's Division, H. C. DeBose, Chairman of Woman's Division, Mrs. R. A. Terheun, Chairman of Industries, W. C. DeCoursey, Chairman of Publicity, J. E. Spurling, Supplies, Miss Virginia Smith. The campaign will be the office of H. C. DuBose.

The interest displayed by these officers and by the officers of the Seminole County Branches speak well for the success of the coming campaign. The county will be thoroughly covered by the Publicity Chairman with a display of advertising, surpassing in beauty and interest that used in any former campaign.

Among the speakers will be prominent men and women of the county who will deliver in every section of the county, the theaters and churches, short addresses of vital import, and tell the whyfore of another roll call.

Missionary Meeting

The Social Department of the Woman's Missionary Society of the Methodist Church held its after vacation meeting in the church parlors on Monday afternoon which, after a short business session became a charming birthday and farewell party in honor of the seventy-fifth birthday of Mrs. E. V. Perry, and the departure of Miss Sallie Robson, who left on Tuesday for her home in Charleston, S. C.

The parlors were very lovely with a pleasing arrangement of cut flowers and ferns. The social hour was marked by song and informality. In the course of the afternoon the honorees were presented with big bouquets of roses, and just before leaving, Mrs. W. S. Thornton, superintendent of the department, called the meeting again to order, when Mrs. Perry's Sunday School class of twelve girls marched in and presented their teacher with a beautiful brooch.

Cooling Air in Mines

To cool the air far under ground, and thereby permit the miners to work longer shifts, the owners of a European coal mine compress air at the surface of the ground and pipe it through the workings.

Disqualified

"I should get a divorce at once," said Mrs. Hittam-Upper, Jr., "but I haven't sufficient costumes to last through the prolonged trial that my social standing demands."

What is Wise Spending?
Saving may have seemed to you the opposite of spending, and so it is—of foolish spending.
But really wise spending goes hand-in-hand with intelligent saving.
Saving in itself—as the miser understands it—the mere hoarding of money for money's sake—is of no especial advantage to anyone.
On the other hand, when people save intelligently, what they really do is to save for a chance to spend for something more worth while later. In final analysis, everything is spent but the saver thinks before he spends and so spends wisely. He gets more for his money and a bigger return for his work. He has more money left for thoughtful spending in the future.
Now, what is really more worth while later? It may be that, by accumulating hitherto foolishly-spent dimes and quarters, which give no real satisfaction, you will be able to buy later a home, or have a wife, or provide for old age or for education, or a start in life for your children.
All of these things and many others are "worth more" to the individual.
War Savings Stamps help you to convert foolish money into future wise spending power.

Mrs. R. C. Bower and mother, Mrs. Harry Ward, will leave Sunday for Indianapolis, Ind., where they will spend several weeks the guests of relatives and friends.

Mr. and Mrs. George H. Rice of Worcester, Mass., will arrive on Saturday to visit their daughter, Mrs. Raymond Key, later going to Tangerine to spend the winter.

The Ladies Guild of the Episcopal church expect to hold a bazaar and fair for three afternoons and nights of Dec. 2nd, 3rd and 4th in the Parish House. 1-1f

Mr. Henry McLaulin left Monday night to attend the meeting of the Retail Jewelers Association, which will be held at the Seminole Hotel, Jacksonville on the 14th.

WHEN YOU THINK OF CANDY THINK OF THE KANDY KITCHEN. IF IT HAS SUGAR IN IT WE HAVE IT. STAR THEATRE BUILDING. 49-1f

In honor of the approaching marriages of Misses Blanche and Beulah Spurling, Mr. and Mrs. W. S. Thornton entertained at dinner on Sunday night. Guests of the occasion in addition to the brides-to-be, were Mr. W. I. T. Stringer, of Orlando, and Mr. and Mrs. George Wells of this city.

Dr. and Mrs. W. W. Townsend of Oklahoma are the guests of T. E. King and expect to spend the winter here.

Mr. and Mrs. John Wilson arrived home Saturday after spending the summer in Pittsburgh and other points. They are glad to get back to the old farm and to Sanford.

Mr. and Mrs. B. J. Starling have returned from Gainesville where they attended the Florida Seminar which convened there this week. They report a pleasant and profitable trip.

WANTED — OLD CLEAN RAGS. ANY KIND EXCEPT OLD SOCKS, COATS, PANTS, OR BED SPREADS. AT THE HERALD OFFICE. 59-1f

Britton Johnson has returned from overseas and will be located with his brother and sister, Mr. and Mrs. Arthur Johnson. He is one of the last of the Coast Line boys to return and his many friends are glad to welcome him home.

George E. Hosmer, editor and manager of the Bradentown Herald was in the city Saturday and paid the Herald an appreciated visit. Mr. Hosmer is a new arrival in Florida, coming from Colorado, where he was engaged in the newspaper business.

E. B. Brown of Jacksonville, state manager of the Virginia Caolina Chemical Co., and Sales Manager Carol of the same firm, of Atlanta, are in the city on business.

The many Sanford friends of Mr. Brown are glad to see him again and to know that he has attained this position in the fertilizer world.

Harry Brown, of the St. Augustine Record, T. E. Fitzgerald, of the Daytona Gazette and his wife and little son and Mr. Ward of Chicago, representing the Ward agency for newspapers, were in the city Sunday enroute home from the meeting of the South Florida press association.

Dr. and Mrs. W. T. Langley have arrived in the city and will be the guests of Dr. Langley's brother, F. B. Langley, at 411 Park avenue. Dr. Langley will occupy the offices in the Peoples Bank building formerly occupied by Dr. Puleston as soon as they can be made available.

A "weenie" roast and marshmallow roast, given by Miss Adelle Rives at Lake Harney, was one of the delightful events of the week among the younger people. Going out in cars the twelve couples toasted marshmallows and roasted weenies to their hearts content on the shore of the lake. Mr. Rines chaperoned the crowd.

Mr. and Mrs. R. J. Holly were the guests of Mr. and Mrs. B. G. Smith at Oviedo Wednesday afternoon and night. They went to the home of Mr. and Mrs. Clark on Clark's Lake in the afternoon caught some fine trout, cooked them at the Clark house and had a fine time generally at this delightful place.

Mr. and Mrs. Ben Davis of Orlando were in the city Sunday. Mr. and Mrs. Davis formerly resided at Okeechobee City and were also residents of Winter Garden, where they conducted the Winter Garden newspaper. Mr. Davis is well known in the newspaper profession and Mrs. Davis has been helping him on the Mergenthaler linotype.

Sunday School Association

The Sanford Sunday School Association met at the Methodist church Sunday afternoon to complete its organization. The committee on nominations however, requested more time for preparing the slate for

officers. The finance committee composed of one member each from the four churches, reported a budget of five hundred dollars for campaign expenses. This report was adopted, and the finance committee made President, the treasurer to be elected from their body. Mrs. Schelle Malmes was elected secretary on a salary. It was decided that in the advertising of the campaign that large banners would be conspicuously displayed by each Sunday School. Other novel and unique methods of advertising will be used. Methods of advertising will be decided every Sunday afternoon at the Methodist Church until the Campaign for members is over.

DR. C. L. COLLINS AT BAPTIST TEMPLE

On account of the absence of George Hyman in Plant City, the pulpit at the Baptist church will be supplied Sunday by Dr. C. L. Collins of DeLand. He will speak three times, 10:30 a. m. to the Sunday Morning Club, 11:45 to the church, 8:30 to the Mass Meeting. You will enjoy hearing Dr. Collins.

Notice to Dog Owners

Anyone wanting grown dogs or pups cared for, call and see Mrs. J. E. Vaughn. 9-2tp

School Athletics

The Freshman girls of the Sanford High School have challenged the girls of the Senior Class for a Basketball match Monday afternoon at 4 o'clock on the school court. Both classes have good teams and the game promises to be very interesting. Everybody welcome.

The season for football is here and the High School boys are here with the goods. They will have a practice game with the town team Friday and next week they play the Orlando High School team. Prof. C. S. Oglivie is coach for the S. H. S. football team and he is putting the boys in good shape for the approaching season which opens with a game between Sanford and Orlando High School teams next week.

Ball Players Leave

Burney Childs, the popular right fielder, left Monday night for Birmingham, Ala.

Clyde Chapman left Tuesday for school.

Sanford High Football Team

Sanford High School's chances for the state championship in football never looked brighter than they do this year. Professor Oglivie has a husky bunch of material out every evening and after two weeks hard practice the team is assuming shape.

Trying out for center is John Musson, a solid wall against which the opposition will plunge in vain while on the guard Kink Barber and Bill Baily look good. Ed. Moye and Sherman Moore are out for tackle and are making a good showing. On end Bill Moye is demonstrating how that position should be held, while the other end is being contested for by several.

In the back field Rube Mason holds 'Fullback while' Left Half is Glen Lingle and Right Half Ablett Smythe. The back field will average over 155 pounds and play the game excellent. A faster bunch is hard to find. Harvey Parrish is playing quarter and filling the position well.

The manager is in correspondence with several teams and a game with Orlando here on Oct. 21 is probable.

Wedding Bells.

A marriage of much interest to their many friends in Sanford was that of Miss Emily Stevens to Nolan Thomas Graves, which took place in Jacksonville Thursday, October 1st., at the home of the groom's sister, Mrs. H. C. McMullen. The bride is a charming, lovely girl, the niece of Mr. and Mrs. H. R. Stevens of this city.

Mr. Graves is a young man of sterling qualities, and both young people are well known in this city, where each resided for a number of years.

Mr. and Mrs. Graves will make their home in Jacksonville.

Attention Royal Neighbors

Owing to the meeting of the Eastern Star we will hold our regular meeting Wednesday night, Oct. 22, at 8:30 instead of Thursday afternoon the 21st. We will also have a large class adoption following the business meeting. Every member is urgently requested to be present. Refreshments will be served. Recorder.

Special DINNER

Commencing Sunday, Sept. 21st, the Seminole Hotel will put on a special Sunday Dinner for \$1.00.

(Table D' Hote)

During the week days they will serve a Merchants Lunch for 75c.

Come and worship with us. Pray for yourself and others.

C. W. White, P. C.

Baboons Fierce Fighters.

When they are being hunted with dogs an old baboon that is cornered seizes an attacker with one hand by the nearest limb, and, gathering up a fold of skin in the other hand, tears it off, and throwing aside his victim, waits for the next. In this way he will often kill several dogs before he gives up the fight.

Were Artists in Brick-Making.

Babylon, at the height of her greatness, had nothing to learn from the most modern maker of bricks in the matter of the durability of her product; whilst the modern maker of bricks has still much to learn from Babylon in the matter of those wonderful colored glazes by which the Babylonish brickmaker added to the gorgeousness of the city of Sargon and Nebuchadnezzar.

Words That Are Most Used.

It is declared by a philologist that nine words do one-fourth of our verbal work. The nine most useful words are: And, he, have, it, of, the, to, will, you. The 34 more that, with these nine, do half our literary work, are: About, all, as, at, but, can, come, day, dear, for, get, go, hear, her, if, in, me, much, not, on, one, say, she, so, that, there, they, this, though, time, we, with, write, your.

Securing Life's Joys.

The life that knows no setbacks is rare indeed. Even in fiction and the movies a thread of sadness is woven into the garment of gaiety. But when the story ends or the curtain falls our sighs give way to smiles, for everything turns out happily after all. Let us accept what comes and be brave and cheerful. Life holds out golden joys to each one of us, but if we do our part to secure them we should not blame fate or circumstances for the showing that we make.

State and County Licenses

State and County Licenses are now due for the period beginning October 1st.

**You Will Never Be Sorry**  
 For telling the truth.  
 For living a pure life.  
 For doing your best.  
 For confessing your sins.  
 For thinking before acting.  
 For being kind to the poor.  
 For nearing before judging.  
 For forgiving your enemies.  
 For helping a fallen brother.  
 For being candid and frank.  
 For thinking before speaking.  
 For being honest in business.  
 For standing by your principles.  
 For stopping your ears to gossip.  
 For harboring only pure thoughts.  
 For bridling a slanderous tongue.  
 For putting the best construction on the doings of others.

For the dollar you gave to the cause of Christ.  
 For living the Christian life.—Exchange.

I was able to find a lot of my friends and acquaintances today that have been spending the summer at Holden Park.

A good show window is the life of a business and I want to urge my business friends to pay more attention to window dressing than ever before.

You hear a lot these days about the country going to the demilitarization zone but believe me there is nothing to it. Our country is too big to have the hydrophobia whatever that is.

An old friend of mine asks the following question and answers it himself. When is the winning of a pennant not a winning? Answer, when Orlando deals the cards.

Burt's Bunk in the sporting column of the Tampa Tribune is well and rightly named. It is "bunk" pure and simple.

Several things have transpired lately in this man's town that make me think that Sanford people should stand together, live in Sanford and board at the same place and keep their money at home. Money spent elsewhere will never help to build up Sanford.

The Sanford Herald is having troubles trying to get printers for the daily paper and the management tell me that they cannot start a daily with the present force and they are all ready to start as soon as the printers arrive. Here's hoping they get here this week.

Well, commission manager form of government carried at the election and the new form will go into effect and the new commissioners will take their seats on January first. It would be well for the people to make up their minds to give the new form of government and the commissioners their best support and regardless of whether you were for or against a change to keep right on being a good citizen. This is still your town and will be what you make it.

There is much cleaning up of the yards and streets going on but there could be more of it before the winter season sets in. We are going to have more strangers in our midst than ever before and it behooves us to clean houses before their arrival.

Going by the Ford Garage the other day I thought the war was on again and the Tank Corps had been mobilized for action but it was only a fleet of Fordson Tractors gathered by Captains Williams and Higgins to make an assault on the celery lands of the Sanford section.

The Valdez Hotel and the Court House look fine on South Park avenue but there are some other buildings in that vicinity that look like—well, you know what I mean.

I never get a chance to go hunting myself but there was a time when I did like this sport and it grieves me greatly to learn from some of my country friends that the people are shooting game before the season opens. We need the services of a game warden right now and the men who want fair play should get busy and demand one.

The Board of Trade is waking up again and I hope that the

progressives of the county will get busy at once and infuse new life into this body. It is impossible to have anything in the county or in this city without an active board of trade.

If the mere men of this city do not get busy soon the ladies of the Woman's Club will run it right over them when it comes to making improvements and building up the town. The ladies are full of pep and they are going after a new club house, a pavilion on the Victory Boulevard and many other things greatly needed here.

**The Pig and the Zoo**

That which might have been a fatal, disastrous wreck, happened to Mr. and Mrs. E. E. Hogan Sunday night. Mr. Hogan went to Oviedo to take the A. G. L. train crew, leaving Sanford about ten thirty P. M. Mrs. Hogan accompanied just for a ride in the new Reo Jitney Bus. After delivering the passengers, and on the return trip for Sanford, they were running along about twenty five miles per hour, on the good road, when a hog ran out of the thicket directly in front of the car, so close the driver had no time to dodge the hog.

The right wheel struck the animal, and threw the car to one side, which at that place is a swamp. The car and occupants went down the bank, which is about twelve or fifteen feet high. The car turned bottom side up in the thicket of trees and stumps. Mr. and Mrs. Hogan managed to crawl out through the wreckage, discovered that they were able to stand and walk. They walked three miles to Wagner, and Mr. Driggers took them back to Sanford. They were both cut and bruised very badly, but luckily no bones broken. Dr. Tolson and Mrs. Hogan are alive and able to be about. The car was damaged to quite an extent. Every one that saw the car before it was pulled from the swamp say they cannot see how anyone could have been in it at the time of the accident and gotten out alive. No one claimed the pig, or wanted to pay for it.

**COUNTY HAPPENINGS**  
(Continued from Page 9)

was voted to be the best substitute for the brick.

The Missionary Society of the Baptist Church met at the home of Miss Dixon Wednesday afternoon.

On last Friday afternoon there was a lawn party given at the Methodist parsonage. The party was given in honor of Master George Crawford by his S. S. teacher as a reward for doing the most efficient work in his class during the month.

The Missionary Society of the Methodist Church held their regular meeting at the club-house Monday afternoon. Although there was a small attendance quite an interesting discussion on China was held. It was decided to have a special service next Monday. Miss Switzer, of Orlando, has been invited to be present and speak at this service and a freewill offering will be taken for missions.

Mr. and Mrs. W. E. Argo went to DeLand Sunday, accompanied by Edward, who was returning to school after a week's sickness.

**UPSALA**

Our Sunday School opened the first Sunday in October with a fair attendance. It was followed by a sermon by Rev. Albertson of DeLand. Next Sunday the 19th of October, we expect to be favored with a sermon by Rev. Brower of the Congregational church. We hope there will be a good number out to hear this scholarly and Christian minister. Sunday School at 3 p. m. last time and preaching at 4 p. m. Upsala Presbyterian church.

Of late Mr. Campbell of the railroad shop bought Orvin Lindquist's place. He will make this his home.

All the shop boys have autos now. It looks well for the boys as some say there is no need of their strikes. When they get better pay than some ministers why should they complain?

May I have a few more lines in your good paper?

I heard a person say the other day that if the Germans won the war he had no further use for Christianity. Such an one seems to doubt whether God reigns in this world. Is this correct? Man is a failure, not Christianity. If we had followed the principles of the Great Founder of Christian religion left us would there have been such an awful war as we have lately passed through? The Herald angels announced at the birth of our Lord Peace on earth, good will to men. Even if that much had been practiced it would have been enough to bring the world into harmony with itself. It is because of the total disregard of the truth that the Savior of mankind includ-

ed that we have a world at war and strife as at present. The practice of such principles that the Prince of Peace brought to us would put an end to all the strikes in the shops and all these bickerings and wranglings in congress would cease. When every man would practice the carol of justice and righteousness. We pray that the time may soon come when the sword shall be beaten into the ploughshare.

**Welfare Meeting**

On Saturday afternoon Mrs. B. W. Herndon chairman of the Welfare Department of the Woman's Club, held a called meeting of the

officers of the department for the purpose of outlining the winter's work. A round table discussion proved interesting, and the officers left the meeting full of enthusiasm and inspiration. An open meeting will be held at the club on Wednesday afternoon to which the parents and teachers of the city have been invited.

**Not Like a Circus.**  
 Herbie volunteered to take his aunts out walking. They went to the big museum, and one aunt asked, "I wonder if they charge admission." Herbie reassured them: "Oh, no, aunts, you don't have to pay here, this is a museum, all the animals are dead."

### A LIVE, WIDE AWAKE TRADE BODY

#### Is Needed By Every Town That Expects To Forge Ahead

(From the Florida Grower)

Dear Billy:

Awhile back I had a lot of sport heaving the heavy harpoon in certain directions where I felt it might do some good. I made a lot of friends and a few enemies, and know of one or two instances where folks and things benefited as a result of my labors. No, son, I ain't tryin' to slip myself a bunch of posies, I'm just statin' facts. For several months now I have been so doggoned busy with other stunts that I've had to put my old harpoon in the discard, but here's where I haul it out once more, wipe the rust off and take a jab at a subject that in my estimation needs to be poked up.

If you get in range and a prong happens to stick, don't get sore and start a row 'cause it's comin' to you and bein' all peeved won't help you a bit.

Billy, old boy, I want you to come up here on the platform and tell me right quick what you've done in the past twelve months to help put your town on the map. Now get me right, I don't mean payin' taxes, chewin' the fat, and posin' about as a prominent citizen; those little tricks are alright as far as they go, but what I'm drivin' at is have you actually done that you didn't exactly have to do, to build up and benefit your community.

I sure do hate to say it, Billy, but there are a lot of towns in this good old state of ours, taggin' along behind the procession, and messin' up the whole parade all

on account of a lot of moss-back, buck-passin' sons of guns that ought to be ridden on a rail and brought back to earth or up-to-date and made to realize the duty they owe to the state, their town and themselves.

Any town that hopes to make headway and finish anywhere near the top of the percentage column in this man's league has got to have at least one good live wide-awake trade body, chamber of commerce or commercial club, and that ain't all. Such an organization to be effective must have the whole-hearted unlimited support of the entire community. This here half-way, hit or miss stuff don't get a blame thing and the sooner you and the rest of the fellows wake up to that fact the better off you'll be.

Oh, I know that you are always ready to do your share, so is Tom, Dick, Harry, and the rest 'em, but the trouble is, not a one of you birds will consider doing a bit more than that, and you are so blame scared you'll do too much, or that the other fellow won't do enough that everybody hangs back and in consequence nothin' is done—ain't that just about right?

Now while we're talkin' about it, there's something else I want to bring up and that is harmony. No, not the kind they bang out at these high brow musicales, but something that beats it four ways for Sunday; harmony of thought and action on the part of a few ordinary human beings gathered together to really do something worth while. I tell you, and tell

you straight, that without it you'll never get anywhere.

It's really pathetic, old scout, to think how many good stunts and well doped plans might have been put over with a bang; have gone to smash all on account of a bird havin' it in for somebody else, or one guy holdin' out on a bum idea and refusin' to adopt a better one just because it happened to be presented by somebody else.

You know how it goes; the gang will get together, everybody sittin' pretty and things bubblin' along as happy as a brook, then along will come Bill Spivins with a suggestion that a park be built on the square near the depot; it's a grand little idea and everybody is strong for it. Then some guys train of through on the narrow gauge, and he'll lean over and whisper something in the next guy's ear about old man Spivins tryin' to put something over, any poor boob could see through his little scheme; doesn't he own the adjoining lot, an' wouldn't a park there double its value? Sure it would! What does he think we are anyhow, a flock of simps, stand for that raw stuff? Well, I guess not, and bingo; the whole stunt is put out of commission, the town never gets its park, and Spivins gets a fine reputation for himself as a first class grafter for merely tryin' to be helpful and cooperate in puttin' his town across. That's the kind of stuff that's holdin' 'em back today, Billy, a lot of us are so doggoned selfish and narrow-minded we hinder our own best interests and those of our fellow men by tryin' to keep some other guy down.

This may sound like pretty rough chatter and maybe it is, but at the same time I got a good fat hunch that it's mighty close to correct and I just naturally got to get it off my chest.

Now and then some fellow will blow into our office, maybe a prospective investor with a bank roll as fat as a blanket and he is lookin' for a place to stick it where there is some promise of a reasonable return and he asks about your particular town. We tell him it's a good little village and suggest that he hop a train and give it the double-o-right away he asks "who is the Secretary of the Board of Trade?" and we scratch our head, look blank and stutter, "there ain't any," and he says "why ain't there?" and not waitin' to call any names or pull skeletons out of the family closet, we say we don't know. Then bein' a practical business man with modern ideas about such matters he announces in disgust that if it's as dead as that it must be a helluva place and he'll poke around on his own hook and find something with "Welcome" on the door-mat and more life in evidence, and can you blame him?

The next mail brings us a letter from some prospective homeseeker up north lookin' for a desirable location for a home, he states that he was interested in your section and addressed a letter to the Board of Trade there, but it came back unopened and marked "unknown, insufficient address," now ain't that a fine little state of affairs? Don't it make you blush to think of the impression that fellow must have of your town and the way its affairs are managed.

For the love of prosperity, Billy, take the blinders off your lamps and cultivate your vision, make up your mind to start something and do it now; don't get lost and throw up the sponge in the first round if you happen to strike a snag. Call the gang together, all of 'em, everybody from the President of the bank down to Tony the barber, tell 'em the big idea is to put your little old burg on the map and keep it there and let 'em understand, each and every one of them that you ain't organizing a closed corporation for the favored few, but an open house where every he-man in the crowd will have an equal chance to get in the game and bring in a run. Uncork a bottle of enthusiasm and pass it 'round so everybody can have a drink; take Mr. Won't and Mr. Can't around the corner and just naturally beat 'em to death, than grab old man I. Will by the mit, elect him permanent director of activities and watch the sparks fly. Why not?

Yours for progress, prosperity and pep.

JEFF.

### LIVE STOCK EXHIBIT

At Florida State Fair Will Be Largest One.

Jacksonville, Fla., Oct. 17.—Perhaps the largest single livestock exhibit at the Florida State Fair and Exposition at Jacksonville, November 22-29, will be from Marion county, which during the last three years has taken immense strides in cattle and swine production. The general offices of the fair here has received a reservation from Manager Beuhler of the Anthony Farms for 35 pens in the Live Stock Division in which he will display nearly a hundred head of cattle, horses and jacks.

Mr. Beuhler's request is for space to accommodate the following exhibits:

Three pens for fat stock, 15 head to a pen, total 45 head; one pen for Baby Beef; 12 pens for registered Angus; 4 pens for registered Percheons; one pen for registered Percheon stallion; 4 pens for draft horses; two pens for jacks; 6 pens for jennets and two pens for a mare and colt.

That the Live Stock Division of the fair will be probably the largest livestock display ever arranged for a fair in the Southeast now appears certain. The buildings have been enlarged to accommodate a 50 per cent increase in the number of exhibits over last year and it will be necessary for the fair association to immediately construct additional buildings to house the displays. It is considered quite possible that there will be a 100 per cent increase in this department.

This condition applies to every department of the fair. The County Exhibits Division already is full and several late reservations are expected. The Poultry Division and the Fat Stock Division, the Industrial Division and the Woman's Work Division all will be overflowing with high-class exhibits.

All railroads entering Jacksonville are offering attractive low round-trip rates to the city during the fair with liberal stop-over privileges.

### Chinese Method of Beckoning.

The Chinese do not beckon as we do, with the palm of the hand turned up, the finger curled and the index finger successively bending and straightening. They beckon with 'no fingers curled downwards, sweeping the whole hand vigorously back and forth.

## Free Service

Let us inspect your battery free. We are experts on electrical troubles. Scientific repairing and re-charging done. We can take your old battery and make it as good as new and guarantee it for six months. We also have expert mechanics to overhaul or repair your car.

# PRINCE ALBERT

The national joy smoke makes a whale of a cigarette!

YOU certainly get yours when you lay your smokecards on the table, call for a tidy red tin or a tippy red bag of Prince Albert and roll a smakin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rollin' 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bit, and parch! With P. A. your smokesong in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular roll!

Prince Albert upssets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Awaiting your say-so, you'll find tippy red bags, tidy red tins, handsome round and half pound tin humidor—and that classy, practical pound crystal glass humidor with sponge moisture top that keeps Prince Albert in such perfect condition!
