

ONE OF THE most beautiful of the gardens selected by the Deltona Garden Club for its Garden of the Month Award is the home of Mr. and Mrs. William C. Scott of 1623 Persimmon Boulevard. The sturdy semi-tropical shrubs and bushes were interspersed with brilliant blossoms, all carefully planted and tended by the Scotts, themselves. (Mildred Haney Photo)

### Solons: Tax Dam About To Break

By JIM FURKS  
Associated Press Writer  
TALLAHASSEE, Fla. (AP) — The warnings have been persistent. The tax dam is going to break soon and the 1971 legislative session will catch the brunt of it.

Legislators and state officials feel that a financial crisis, and a critical need for more revenues, faces the next regular session unless there's a major tax reform in '71.

### Sanford Vegetable Market

Shipping point information for Wednesday, May 27th. All sales FOB for stock of generally good quality, unless otherwise stated.

## Security Gls Face Fighting In Viet.

By FRED S. HOFFMAN  
AP Military Writer  
WASHINGTON (AP) — U.S. troops assigned to security duty in Vietnam are likely to be involved in ground fighting even after the formal American combat role ends next year.

Pentagon officials say the security troops probably will conduct roving patrols into the countryside in guarding bases where U.S. support forces are located.

Where such patrols make contact with the enemy, fighting is likely to follow.

Nixon administration officials have not yet explained publicly what the security troops will be doing—and the risks they will be running in guarding the support forces.

These officials are aware many Americans may have the impression the security units will not be involved in fire fights, that American troops will stop taking casualties, and that all the U.S. forces still in Vietnam next year will withdraw into fortified enclaves.

Pentagon officials say they will attempt to prepare the public before this switch over from combat to support role, for the likelihood of some further fighting and dying by Americans.

Top Defense officials and senior military officers say it would be out of the question to limit U.S. security forces to holding the perimeters of bases.

To do so, they say, would be to invite the enemy to move into position to hit U.S. bases without interference.

However, the rules of engagement controlling U.S. security troops could be fairly restrictive to avoid situations which could lead to large-scale fighting.

The main purpose of the continued U.S. presence will be to furnish air, artillery, logistics and other support for the South Vietnamese.

At that stage, U.S. combat troops—accounting for about half of the 200,000 to 240,000 American still in the country at that time—will provide security for the support force.

Just how long the support phase will last is not certain, but there have been some indications the Nixon administration would like to wind up that operation by mid or late 1972, an election year.

Then, the U.S. military presence would be reduced to between 50,000 and 60,000 advisers.

One general suggested the rules might be similar to those in effect during the negotiation period of the Korean war.

Then, he said, a local commander was forbidden to launch any combat patrols or action involving more than two platoons unless specifically authorized by the theater commander.

However, if a position were attacked, the Americans could hit back with everything they had, the general said.

Secretary of Defense Melvin R. Laird has told Congress the United States intends to end its formal ground combat role in Vietnam by mid-1971, shifting that responsibility to the South Vietnamese.

However, if a position were attacked, the Americans could hit back with everything they had, the general said.

### New Record

GRAHAMSTOWN, South Africa (AP) — Two Rhodes University students claim they eclipsed the world record for eating cheese. Anne Wiles, 17, ate one pound, 21 ounces of cheese in 30 minutes. Bernice Cohen, 19, consumed one-pound 4.5 ounces in the same time. The former record was said to be one pound, two ounces in half an hour. Contestants were not allowed to drink anything during the competition.

Cross-Florida Barge Canal Needs Hard Facts

Completion of the Cross-Florida Barge Canal is now enmeshed in a combination of political campaigning, fiscal changes and ecological discussion that needs the clearest, most responsible and hard-headed treatment.

Basic soundness of this project has been questioned and proved correct over decades of debate with national and international changes altering the approach.

The belated awareness of the needs for vigilance by all to the needs of our ecological requirements has produced a reaction that could becloud and even distort the purposes of this project.

An instance of what this can do came up last month when the federal court heard charges against the Florida Power and Light's Turkey Point plant on the grounds of thermal pollution.

Warm Welcome!

Welcome to Sanford — Space Homes of North Carolina Inc. And a special handshake for H. W. (Ted) Mack, president and Gary Smith, who will manage the plant.

In addition to all the kind words and good news which the taking over of the former H. L. Hunt properties by the far-sighted and vigorous modular home folks produced, there is even more to be seen in this action.

In the first place we hail the advent of an industry which will create a 150 man payroll and provide employment for residents as well as newcomers to this county.

As such it is only one of several such announcements that can realistically be expected to encourage the boosters and confound the prophets of doom.

Location of the new industry is, however, a matter which encourages thoughts of the developments in that section which could see the entire area, close to the Sanford Airport, properly become a major factor in the growth of Greater Sanford.

It is also another of the factors which have in the past and will in the future, emphasize the sad lack of proper roads to provide the transportation means that are either critically lacking there now or nonexistent.

We believe that the sound judgment which must have been exercised by the officials of this modular home industry to take advantage of the existing facilities will also be seen as the operation of them becomes visible.

Yes, Sirs! Messrs. Mack and Smith you are more than welcome. You are needed and appreciated by everyone in Greater Sanford who recognizes the basic importance of this move and will join to help it become successful in every aspect!

# Anti-War Leaders Sent In Official Mail Illegal Use Of Frank Costs Senator

By JOHN CHADWICK  
Associated Press Writer  
WASHINGTON (AP) — Sen. Mark Hatfield has written a \$175 personal check to the Post Office to cover the cost of mailing some antiwar material the Senate Rules Committee says was originally sent illegally under his free postage privilege.

The Oregon Republican had the check hand delivered to an assistant postmaster general after the committee ruled in a rare action Wednesday he had violated franking regulations. The matter may not be ended, however. The Senate Ethics Committee is reported looking into Hatfield's use of the free mail privilege as well as antiwar material mailed under the frank of Sen. Birch Bayh, D-Ind.

Hatfield said his check represented the cost of mailing 35,000 letters signed by antiwar leaders Sam Brown and David Hawk arguing support of an amendment to end the war in Indochina.

An aide said Hatfield is hoping to recover the funds from \$300,000 in contributions received in response to a May 12 television appeal he and other sponsors of the amendment made to build public support.

The Rules Committee in deciding Hatfield's franking privilege had been abused did not go into the question of reimbursement or who was at fault, an aide said.

Hatfield, who previously told the Senate the letter by Brown and Hawk was franked without his knowledge or consent, had

asked the committee for a ruling. Concerning the Senate's bipartisan ethics committee inquiry, the panel's counsel, Benjamin R. Fern, told a reporter "there is nothing that can be said at this point."

# Nixon Opposes 'Class Action Suit'

By JOHN LENDEL  
Associated Press Writer  
WASHINGTON (AP) — A powerful legal weapon designed to keep merchants honest—the class action suit—faces an uncertain fate in its first congressional test next week because of Nixon administration opposition.

The administration and business groups are attempting to scuttle the bill in favor of a counter proposal which class action backers call a "consumer fraud" in itself.

The class action bill comes before the House Interstate Commerce Subcommittee Tuesday. One of its sponsors says

the outcome depends on the swing vote of one Democrat. The bill would permit an individual to file suit on behalf of thousands of consumers. Presently, an individual seldom goes to court to recover, say, \$50 because the court costs would exceed the judgment.

If an individual could file suit on behalf of thousands, proponents add, the judgment would be large enough to make merchants chary of attempting to deceive the public.

The Nixon counter proposal sharply limits the field for class action suits by only allowing a suit once the Justice Department sues, and then only if that

might find the article helpful. In one case at least, he said, aides apparently failed to insert his letter with the article.

The franking privilege is allotted to all members of Congress, the vice president and certain agents of the Congress. It allows them to place their signature on pieces of mail instead of stamps. This mailing privilege, granted also to the widows of former presidents, is paid for in regular appropriations by the Congress to the Post Office Department.

They had sent each of his fellow senators an article dealing with constitutional aspects of U. S. military involvement in Cambodia.

He said he wrote a two-line covering letter sent out under his frank in which he told his colleagues he thought they

should stand up to the pressures being mounted by Atty. Gen. John Mitchell, the American Retail Federation, and others.

"We will not be fooled by a fake reform, like the administration's counter measure, a so-called 'consumer protection bill,' so riddled with loopholes, exceptions, qualifications and elaborate triggering mechanisms that it is itself a consumer fraud," Mrs. Grant said.

# Newspaper Charges Bribe Taking News Prompts Probe Of Solon

TALLAHASSEE, Fla. (AP) — A House committee decided Wednesday to investigate an article saying that Rep. Joe Martinez was paid \$400 to make one phone call concerning a liquor license.

The article also said his firm, Creative Enterprises Inc., was being paid to promote a new thoroughbred race track at Miami, and that Martinez had sponsored the bill that authorized racing at the track.

"The article indicates there might be some impropriety," said Rep. James Rodman, D-Plant City. "If any article indicates any impropriety by any of us, I would think we would look into this matter."

Rep. Arthur Rude, R-Port St. Petersburg, indicated a hearing will be called shortly. Wednesday's hearing focused on the activities of Martinez's aide, Robert McCauley, who works full time for Hurricane Pipe Co. of Fort Lauderdale and about "40 hours a week" for Martinez.

Hurricane Pipe and the summer race track at Miami are both owned by Stephen Calder, the Herald said.

"He works to approximately 40 hours a week," said Rep. John Savage, R-St. Petersburg, indicated a hearing will be called shortly.

Committee members agreed that McCauley was not violating state personnel rules by holding down two jobs at once, but they felt the rules should be revised to require that state jobs come first.

"I'm saying moonlighting ought to be a just-time situation," said Rep. William James, D-DeLay Beach. "The major portion of their time ought to be spent on the state job."

# Unattended Patients Removed

TAMPA, Fla. (AP) — Four elderly patients were hospitalized today after being taken from a boarding house where authorities said they went unattended.

State Atty. Joe Spicola said the four patients in Hillsborough County Hospital were among six elderly people taken from the Bay Shore Hotel Home Wednesday after attendants from an ambulance firm reported their condition.

"Last Thursday, there was a death out there," he said. "An ambulance firm went out there to pick up the body and found no one around to take care of the people. Friday night, a stroke patient was reported and Ambulances Inc. went out again and still no one was around."

Spicola said he went to the guest house and found two elderly women strapped into chairs.

Another woman was in a wheelchair, "and four old people were obviously incompetent," he said.

Spicola also said he found an open drug cabinet in the 15-room building.

Bay Shores Guest Home is owned by Ethel Smith.

Her daughter, Sandy Clark, said she stopped by the home every three or four days.

The nine, newstand dealers or employees, were facing trial in state courts based on sale of magazines which the officials claimed were obscene.

Scott indicated he was sympathetic with local efforts to enforce the law but said: "There

are some very serious doubts in my mind as to the constitutionality of this statute."

Scott also sat on a three judge panel at Orlando several weeks ago hearing a case based on return there of some party movies.

Early this year, Kirk criticized Judge Scott about his decision in a Volusia County school desegregation case. Kirk talked of seeking impeachment proceedings. Scott withdrew from the case and it was turned over to Judge William A. McRae.

# Resort Tax Passage Appears Imminent

TALLAHASSEE, Fla. (AP) — The sponsor of a 2 per cent resort tax was confident of its passage by the Senate today while in the House, Democrats rallied behind a restriction on Gov. Claude Kirk's licensing powers.

Sen. William Gunter, D-Orlando, said he had taken a straw vote and concluded the tax on room rates of hotels, motels and other transient accommodations will pass.

"I think the chances are very good," he said. "It would be about the only means we can assure some additional dollars to local governments this session."

Scott also sat on a three judge panel at Orlando several weeks ago hearing a case based on return there of some party movies.

Early this year, Kirk criticized Judge Scott about his decision in a Volusia County school desegregation case. Kirk talked of seeking impeachment proceedings. Scott withdrew from the case and it was turned over to Judge William A. McRae.

A similar bill was rejected by the House Taxation and Finance Committee last week, but Gunter said

he had talked to members of that committee and felt they would accept his bill.

Up for final vote in the House was a bill which would restrict Kirk's power to dole out hundreds of liquor licenses next Tuesday.

The House took sides almost strictly by party label Tuesday on a test vote on the bill. Only one Democrat, Rep. William Register of Tampa, voted with Republicans in a 61-60 defeat of an amendment to destroy the House of the bill by making it effective on July 1, 1971.

As worded the bill would provide that the latest census could not be used for purposes other than apportionment until 30 days after the end of the 1971 session.

# Tax Exemptions 'Lift' May Yield \$25 Million

By RICH OPPEL  
Associated Press Writer  
TALLAHASSEE, Fla. (AP) — A bill to lift thousands of property tax exemptions and add some \$25 million annually to Florida's tax rolls cleared its last committee hurdle Wednesday night and now faces Senate action.

The reform measure sponsored by the House Ad Valorem Committee was recommended 10-2 by the Senate Ways and Means Committee and sent to the Rules Committee for placement on the calendar.

Fraternals and veterans' organizations, which would be hit the hardest by the bill, fought it the hardest before the Senate group.

"Our feeling is that we have proven veterans are eligible for exemptions, or you legislators would not be here tonight," said a spokesman for the Disabled American Veterans.

"We're told," said an American Legion lobbyist, "that we're going to be taxed for that part of our operation that is profitable. There is no part of our operation that is profitable."

Major aspects of the bill include limiting the exemption granted such organizations to a percentage of value based on the extent to which the group provides community services.

A liquor bar operated by the American Legion would be taxed for instance.

present occupants are replaced by new ones. Then the taxable amount would be prorated.

For example, if next year 85 of a home's 100 occupants lived there before the law went into effect, the home would be granted a 99 per cent exemption.

"It's just a question of whether we're going to die by inches or die by miles," said Thomas T. Cobb, representing Presbyterian Homes of the Synod of Florida.

# The Spring Game Tonight

By GARY DOYLES  
AP Sports Staff

Pads will be popping tonight as the Black and Orange will have their annual Spring game. The Seminoles have been hard at work since May 11th and it will all wind up tonight at 7:30 p.m. at the Sanford Municipal Stadium.

The coaching staff will be looking for a punter, kicker, man, center and a defensive tackle and will also watch the corner play and a new secondary will probably be unveiled for next fall.

The student body at Seminole will be treated to a pep rally by the Seminole cheerleaders to end the school day and get the teams fired up for the big game.

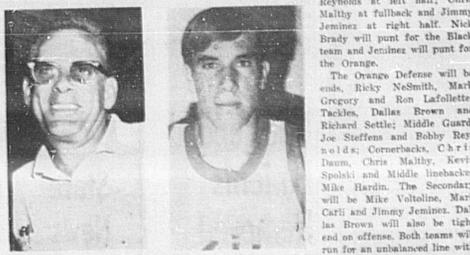

The Black offense is slightly stronger in the backfield while the Orange line will be favored slightly. Members of both teams are competing for starting positions for next year's Seminoles.

The Black team will have on the line at the end positions on offense Ricky Green, John Darby and Darrell Whitaker; Tackle, John Boney; Quarterback, Mike Sweeney, Leon Swain, and John Darby; Tackle, John Boney and Mike Sweeney; and the nose man or middle guard; Greg Jacoby; Cornerbacks, Tommy Whigham, Tommie Gracy, and middle linebacker Robert Stephens and Tommy Gracy, Right Half, Aaron Johnson and

lette and Mark Gregory at ends; Joe Steffens and Don Lewis at Tackles; Chris Daum and Mike Hardin at the guard position and Richard Settle, George Titabaw and Jim Hardin at left half; Chris Malby at fullback and Jimmy Brady at right half. Nick Brady will punt for the Black team and Mike Stephens will punt for the Orange.

The Orange Defense will be ends, Ricky NeSmith, Mark Gregory and Ron LaFollette; Tackles, Dallas Brown and Richard Settle; Middle Guard, Joe Steffens and Bobby Reynolds; Cornerbacks, Chris Daum, Chris Malby, Kevin Spokalski and Middle Linebacker Mike Hardin. The Secondary will be Mike Volonine, Mark Carl and Jimmy Jimenez. Dallas Brown will also be right end and offense. Both teams will run for an unbalanced line with a wide end motion in the back field and both teams will use a basic 5-3 defense as this was simple to install for the spring.

John Johnson and Mike Leary. White team on offense will be Ricky NeSmith, Ron LaFollette, Billy Hoyle, and Darrell Whitaker. The Defense will be ends, Ricky Green, Darrell Whitaker, Mike Sweeney, Leon Swain, and John Darby.

## Kuhn Testifies In Flood Case

By JACK HAND  
Associated Press Writer

NEW YORK (AP) — Baseball Commissioner Bowie Kuhn's claims that baseball cannot exist without the reserve system will be attacked in cross examination Thursday in the seventh day of Carl Flood's \$2 million lawsuit against the National Baseball Players Association.

Kuhn said it was impossible to compare baseball and football in economic operation because baseball has a ready-made player pool and football has no such pool. He also said he thought it was easier to replace a guard or a blocker in football than a Tom Seaver or a player on the Baltimore Orioles.

The commissioner had found problems in several alternatives

and in our game alone. I am not talking about football. If a player could play out his option there would be the built-in evidence of tampering and behind the scenes negotiations that tend to shake the public confidence in the game.

Kuhn said it was impossible to compare baseball and football in economic operation because baseball has a ready-made player pool and football has no such pool. He also said he thought it was easier to replace a guard or a blocker in football than a Tom Seaver or a player on the Baltimore Orioles.

The commissioner had found problems in several alternatives

## Oviedo Banquet Saturday

The annual Oviedo High School Athletic Awards Banquet is set for this Saturday night at 7:30 p.m. The banquet will be held at the Lawton Elementary School cafeteria.

Coach Gene (Tochy) Clark, head basketball coach at Florida Technological University, will be the guest speaker. There will be one trophy and two plaques presented in each of the three major sports: football, basketball and baseball.

Anyone wishing to attend the banquet should contact Oviedo High School for tickets or ticket information.

## Tough Hitter

Admiral pitcher Larry Dieker admits in the current issue of Sport Magazine that San Francisco slugger Willie "Stretcher" McCovey is the toughest hitter he's ever faced.

"When I came into the league," says Dieker, "I didn't get McCovey out until the ninth time I faced him. And that time he was thrown out at third trying to stretch a double."

## Today's Stars

By THE ASSOCIATED PRESS

**BATTING** — Orlando Cepeda, Braves, drove in four runs with a three-run homer and a double as Atlanta trounced Houston 8-1.

**PITCHING** — Gary Gentry, Reds, blanked St. Louis 3-0, allowing three hits and striking out nine.

## Atlanta Socks Houston

By HAL BOCK  
Associated Press Sports Writer

The home run is the ultimate achievement for a hitter — none being more so than the home run. Atlanta's Hank Greenberg and Marvin Miller, executive director of the Major League Baseball Players Association, were in the city for the annual meeting of the National Conference of National League umpires.

Max Seslar, first place winner in the new car division of ABC's Wide World of Sports Auto Stunt Championship Show, will appear in the Tournament of Thrills when the nationally famous daredevil show comes to Orlando Raceway on Tuesday night May 29, 1970. The Orlando Raceway also presents along with the Thrill Show, stock car racing at its best with three classes of racing: Early Models, Limited Late Models, and Bombers. Race time is 8:30 p.m.

## Women Golfers Receive Awards

The Sanford Women's Golf Association held their season's final luncheon meeting Wednesday at the Mayfair Country Club following an 18 hole Shotgun Tournament.

Mrs. Herbert Stenstrom, representing Stenstrom Realty, presented the Ringer Tournament, awarded prizes to Lib Robertson, Class A; Mary Anderson, Class B; Ruth Miller, Class C; and Lorraine Miller, Class D. The Ringer Tournament is run from September thru May, and each player tries to better herself on each hole during the season.

# Remember Good Old Days Of The Packers?

By BOB GREENE  
AP Sports Writer

GREEN BAY, Wis. (AP) — Remember those "old" Green Bay Packers who swept to three consecutive National Football League championships and two straight Super Bowl victories? Well, the Packers aren't old anymore, but you'll need a scorecard to figure out who's playing next fall.

Quarterback Bart Starr will still be around to run the offense. And the defensive signal caller, middle linebacker Ray Nitschke still wears No. 66.

Carroll Dale is ready to make more fantastic catches and Lionel Aldridge is still laying siege to enemy quarterbacks from his defensive end spot.

White Wood, Bob Jeter and Doug Hart room the defensive backfield and Donny Anderson and Jim Grabowski are called on frequently to carry the football.

But many of the great names will be missing: Boyd Dowler, Henry Jordan, Teke Bratkowski, Forrest Gregg, Bob Skorupski, Willie Davis, Tom Brown, Elijah Piker, Jerry Kramer, Lee Roy Caffey, Jim Taylor and Paul Hornung.

Now the green and gold garbed warriors bear names like Tom Mops, Jim Heacock, Skip Butler, Larry Krause and Bob Lints—names unknown to day but which could, in the future, take their place alongside the Johnny Hekes, Jim Ringo, Clarke Hinkle and Don Hutson.

The Packers are in their third year under the direction of Coach Phil Bengtson. Following the highly successful Vince Lombardi reign, Green Bay has won the last two seasons.

The climb back to the top will be arduous, at best, since the National Conference's Central Division also contains the Minnesota Vikings, last year's NFL Super Bowl representative.

played out his option. Rowser might get his wish and go in a deal, but Bengtson is hoping Adlerley will return. If not, veteran Gordon Rue will battle rookie Leon Hardin. At Matthews, Matthews' defensive linemen Cecil Pryor and Russ Kelly; linebacker Dan Hook; and running backs Tom Mops, Larry Krause, a native of Green Bay, and Dave Smith.

Larry Agajanian, who spent last winter on the taxi squad, is back for another try at defensive tackle.

In 1969 the Packers were among the league leaders in defense. In order to boost their finish in the team standings, Green Bay is going to have to unleash on the field that offensive power that looks so potent on paper.

This is the final year of Bengtson's three-year contract and, if the team founders again, the pact might not be renewed.

The talent's there. The question Adlerley raised was about the direction.

## Hay Receives Turf Club Position

Former Jockey and Trainer, Noble Hay Jr. will assume duties of Racing Secretary on Monday at Seminole Turf Club, according to an announcement made today by President and General Manager Gary Smith.

Hay will replace Herman "Slim" Summers, who has left the post since before the opening on April 20. Mr. Summers has accepted another similar post in New England and will leave by that time immediately.

Noble Hay is now the Director of Racing at Seminole Turf Club and will hold in brass when he holds down the all-important official position of Racing Secretary.

Born in Lynnville, Indiana, a few miles from Dade Park, Noble started riding as an exercise boy at the tender age of 12. He continued in that capacity until he became 15 then started riding at the county fairs in Indiana, Kentucky, Illinois and throughout the midwest.

## Stadium Almost Finished

CINCINNATI (AP) — Only a possibility of a construction workers strike now threatens to keep the 1970 All-Star game from being held in Cincinnati.

City Manager Richard Krauthammer disclosed Wednesday that the Cincinnati Reds can start using the new Cincinnati Riverfront Stadium June 30 and the All-Star game can be played there July 14 unless the walkout occurs.

Representatives of a majority of building trades unions have ironed out tentative agreements for the contracts of about 13,000 workers which expire June 1 at midnight. The proposals have to be ratified, however, and negotiations were continuing with other unions.

Baseball Commissioner Bowie Kuhn had given the city until May 28 to provide him with a definite answer on whether the stadium would be ready for the All-Star game. But Reds' general manager Francis Dale said, "We must assure the commissioner positively by Monday (June 1) that the stadium will be available for the All-Star game."

If assurance cannot be given then, Atlanta will be awarded the classic.

## Seminole Favored In NCAA Tournament

GASTONIA, N.C. (AP) — The Florida State Seminoles are favored to win the NCAA District 3 basketball tournament which opened today and to advance to the college World Series June 12 in Omaha, Neb.

The Seminoles, with a 42-7-1 season record, best of the four teams in the double-elimination tournament, were scheduled to play East Carolina in the opening game this afternoon. Florida State, at the large arena, making its 12th appearance in the 13 years the district tournament has been held in Sims Legion Park in Gastonia, and has won the district title four times, in 1957, 1962, 1963 and 1965.

This is the first appearance for East Carolina, 20-11, the Southern Conference champion, Mississippi State, 30-6, plays the Atlantic Coast Conference titlist, Maryland, 23-12, tonight.

The Friday schedule has the first-round losers playing in the afternoon and the winners at night.

The district has had one team which went on to the national championship, Wake Forest in 1953.

Jack Staudenmaier, who is in his second year as Florida State head coach, is the former Wake Forest coach.

His Wake Forest teams won the district title only once, in 1955 when they also went on to the national crown. However, they came close on two other occasions, in 1962 and 1963, only to succumb in the finals to Florida State, his present affiliation.

The Mississippi State Bulldogs will be playing without four key men. They competed as freshmen under Southeastern Conference rules, but that was one year before the NCAA approved such action. They are pitchers Brantley Jones, 9-0 and Dennis Hall, 5-1, all SEC first basemen Jocko Potts, 324, and third baseman Bill Rorie.

## Cubs Remain Undefeated; Yanks Lose First, 18-10

PEE WEE LEAGUE EASTERN DIVISION

Cubs remain undefeated. For the Cubs, Ricky Wells had a home run, John Butler and Archie Morrison had a hit apiece. Winning pitcher, John Butler, loser, Mike Barbour.

Rebels 18 — Tigers 10

Pat Johnson had three hits, home run, triple, and double. Joe Smith had two triples, and a double, and Von Horns had a home run for the Rebels. For the Tigers Jimmy Edwards had a triple. Winning pitcher, Pat Johnson, loser, Dewayne Parker.

PEE WEE LEAGUE WESTERN DIVISION

Cards 7 — Yanks 5

Yanks first loss. The cards got six hits in the game. Larry Newton and Ray Bracken each had a double. For the Yanks, David Stamm had a home run, Scott Keagan a single. Winning pitcher, Ward Behrens, loser, Scott Keagan.

Panthers 15 — Chiefs 2

Mike Link had a triple for the Panthers. Rocky Jernigan and John Vestian had singles for the Chiefs. Winning pitcher, Mike Link, loser, Rocky Jernigan.

JUNIOR MAJOR LEAGUE

22-10 — Moose 2

## Tampa Confines Losing

By THE ASSOCIATED PRESS

St. Petersburg has a baseball friend across the bay. The Cards whipped Tampa again Wednesday night—that makes it 8-0 for the season—to open their Florida State League Western Division lead to four games.

Russ Calderella was the hero this time, smacking two triples and knocking home five runs for St. Pete. The 196 setback was Tampa's ninth straight PFL loss and left the Tarpons mired in fifth place.

In other league action, DeLand trimmed Orlando 5-3. Winter Haven blanked Lakeland 2-0 and Fort Lauderdale split with Miami, winning 4-1 before being bombed 13-0.

The West Palm Beach Pompano Beach game was rained out. Bruce Rialler's strong right leg kept Daytona Beach a game in front of the Western Division. He pitched a four-hitter for the Dodgers, who exploded for four ninth-inning runs to sew up the victory.

Orlando's Jim Hughes had a wild streak to open the gates for the Sun Gaps. He pitched a game a bases-loaded walk to Ted Rohde to break a 3-3 tie and then Lewy Winter Haven beat second-place Lakeland to push the Tigers farther behind St. Petersburg.

## Angel-Crawford Engagement Told

Mrs. John G. Angel Sr., 1815 Paloma Ave., Sanford, is announcing the engagement and approaching marriage of her daughter, Jacalyn, to Dennis B. ("Phony") Crawford, son of Mr. and Mrs. John L. Crawford, 1117 E. 2nd St., also of this city.

Born in Stuart, the bride-elect is a 1969 graduate of Seminole High School where she was active in school affairs. She is presently employed by Southern Loan and Finance Company of Sanford.

Mr. Crawford, born in Sanford, was graduated from Seminole High School in 1963 and is also a graduate of Jones Business College. He has completed a two-year tour of duty with

United States Navy and is currently employed by Chase and Co., Orlando.

Miss Angel is the paternal granddaughter of the late Mr. and Mrs. Price John Angel of Sanford. Grandparents of the bride-to-be are the late Mr. and Mrs. William Jefferson Adams of Orlando and Mrs. J.B. Crawford of Sanford and the late Mr. Crawford.

The wedding will be an event of July 25, at 7 p.m., at First United Methodist Church of Sanford.

## Sanford Gardeners Install Officers During Luncheon

Eighty-five members and guests of Sanford Garden Club gathered at the Garden Club Center for their annual luncheon and last gathering of the club season.

A committee decorated the spacious auditorium with blue hydrangeas on the dining tables and a large arrangement of various shades of roses on the speakers table.

Mrs. Gordon Brisson, outgoing president, welcomed guests in her usual gracious manner. Mrs. Marie Holzer was presented as a new member and Mrs. Lillian King presented her aunt, Mrs. Weatherbe of Tavares as her guest. Mrs. Robert Pugh also a new member was introduced to the group.

Mrs. Frank Woodruff III led in the Flag Salute and Mrs. Charles Wilke gave the invocation.

A three-minute year's report was given by each circle president which included their programs, tours and speakers, etc. Since Woodrose membership

was small, Magnolia graciously invited them to unite with them. Mrs. Henry Simpson, World Gardening chairman, announced due to transportation, she could no longer accept clothing.

Christmas cards of costume jewelry, but commemorative stamps and eye glasses will be sent to various sites.

Hibiscus Circle catered the luncheon and also won the attendance award. Mrs. Brisson and Mrs. Woodruff gave reports from the State Convention held in Daytona Beach.

Orders for the Garden Club Calendars are being accepted by Camellia Circle.

What was intended as a relaxing vacation to get away from it all, resulted in a mad rush as a "go-go" girl in the "gold rush" country.

Mrs. John Fox installed the officers for the 1970-71-72, who are: president, Mrs. Carl Tillis; vice president, Mrs. Blanton Owen; recording secretary, Mrs. V. M. Smith; corresponding secretary, Mrs. C. A. Anderson; and treasurer, Mrs. Irving Pryor.

Mrs. Tillis first presented president pins to Mrs. Brisson and Mrs. Fahy. She also gave a list of her Committee Chairmen.

The meeting was adjourned until September.

MRS. JOHN FOX, right, installed the 1970-72 officers of Sanford Garden Club at a luncheon at the Garden Center. New officers are, from left, Mrs. Irving Pryor, treasurer; Mrs. V. M. Smith, recording secretary; Mrs. C. A. Anderson, corresponding secretary; Mrs. Blanton Owen, vice president; and Mrs. Carl Tillis, president. (Chamer Leone Photo)

1602 NORTH MILLS • ORLANDO • 843-2330

"Candid Chatter" Pages could be filled with the excitement of my visiting my daughter, MARY, and her husband, LARRY BLAIR, for the first time, in their home in Phoenix, Arizona.

Both young 'uns temporarily abandoned their jobs (he is a student at University of Arizona and in the Air Force part time) to give me the full V.I.P. treatment.

While there, we toured Mexico and California and hit all the glamorous spots surrounding the Los Angeles area (where my daughter was born) including Palm Springs, Hollywood, the Pacific beaches and Disneyland.

En route, I visited friends in Atlanta and Dallas with royal (ly and international) celebrities entering the fast-paced jaunt (more on this later).

Among the old friends I contacted in California was a former Sanford neighbor, ESTHER WALTON, whose Navy officer husband was killed at sea while stationed aboard Sanford Naval Air Station.

The first question Esther asked me was, "Did MACK CLEVELAND ever get married?"

Esther is now married to the LCDR. JOHN VANCE who is stationed at Long Beach, Calif.

Anyhow, it was a delight (although nostalgic in some instances) to re-visit the familiar landmarks surrounding the movie industry and also visit-

ing with friends of many, many moons ago.

After a hectic, marvelous vacation, about the prettiest sight of the trip was the smiling face of JAN TORRETT when she met me at McCoy Jetport.

There's no place like home in Central Florida... these are not only my sentiments, but also those of Californians who have been here. How lucky we are!

Thus with the social season in full swing here in Seminole, will spare you of a travelogue until summer vacation. Right now, local news is at an all time high... in fact it's stacked sky high on my desk.

So for those of you who are expecting "news of you" in The Herald, keep reading please, 'cause it will ALL be published.

Other Herald angels who soaked away for a Spring retreat were BILL and WALTER GIELOW who turned beachcombers for a few days at New Smyrna Beach.

JOHN SPOLSKI and his JANE temporarily abandoned the roar of the presses and clickety-click of bowling balls for the clanky clock of the "one-armed bandit" in the Bahamas. All report a grand old time away from the hometown "rat race."

Further speaking of races—didja know that Thursday night

Graduates Feted at Buffet By LIZ MATHEUX Miss Susan Wade, honored her brother, Tommy and two other graduating seniors, Glenn Meyers and Buddy Ravel, at a lively splash-buffet at the beautiful Lake Hartney Beach home of her grandparents, Mr. and Mrs. Hubert M. Pearce, Sr. on Sunday, May 24, between the hours of 2:00 to 6:00 p.m.

The Pearce home was opened en suite and was decorated with a profusion of floral arrangements in the class colors of yellow, green and white. Invited guests were members of the First United Methodist Church of Sanford, Methodist Youth Fellowship Carole Howe, Donna Sawyers, Glenn and Margaret Meyers and Carol Ogg. Mrs. Julius Byers, wife of the minister and Counselor accompanied the young people to Geneva.

The spacious covered pool area which overlooks beautiful Lake Hartney Beach was the party site. Tables were placed around the patio. The table from which the sumptuous buffet was served was overlaid with a crisp white linen cloth and centered with an arrangement of yellow roses, white carnations and assorted ferns.

A delightful supper of fried chicken, baked beans, potato salad, green beans, tossed salad, cole slaw, hot rolls, carrot cake, chocolate cake, tea, punch and coffee was served to all present.

The honored guests were presented with gold key chains to which a small disc and a tiny gold cross were affixed.

Also invited to attend the happy occasion were: Charles (Grandpa) Wade, Mrs. Lenore Graham and Mr. and Mrs. Bob Wade.

U.D.C. Meeting Norman deVise Howard Chapter, United Daughters of the Confederacy will meet at the home of Mrs. C. E. McKee, 219 W. 17th St., Friday, May 29, at 3 p.m. Mrs. T. J. Taylor is co-hostess.

The chapter president will give the annual report and election and installation of officers will be held.

FLYING WITH A COLD A New York ear, nose and throat specialist has advised air travelers to postpone their trip if they have a cold or nasal allergy such as hay fever. However, if flying is necessary, he recommends the use of nose drops such as Neo-Synephrine before take-off and again before landing. The drops shrink tissues about the eustachian opening and help prevent blocking, he explained.

The physician gives the same advice to those traveling with sinus congestion.

Gator Lumber AND Ace Hardware BOYD COLEMAN, Owner Ph. 322-7121 700 S. French Ave.

"Ladies Night" at Seminole Turf Club Had a lengthy tete-a-tete with pretty CLAIRE FITZ, local fashion co-ordinator, tell me all about the glamorous fashions from local shops being shown lately in the fashionable Osceola Terrace dining room.

According to Claire, the new age is considering a regular Thursday night fashion show, so keep your eyes open for this added attraction.

Just in case waggery on the ponies is not your line, plan dinner here. Food is superb, the atmosphere is the best west in luxury and just watching those horses "go" is the ultimate in excitement.

This reference is made to the talented dance artists who will perform in a brilliant extravaganza this weekend—the fifth annual "A Night of Tunes" being staged by the pupils of MIRIAM and VALERIE RYE.

If you have never been to one of these sensational shows, now's the time to start running to Seminole High School Auditorium either Saturday, May 30, at 8 p.m. or Sunday afternoon, May 31, at 3:30.

The dancers are fabulous and the interpretations are unbelievable. Never, and I repeat, NEVER, could better entertainment be found anywhere, including the professional scene.

Each year, it doesn't seem possible that the current show could excel the previous one, but they keep improving all the time. Lavish background settings have been designed by ELLEN SMITH as the brilliantly cultured dancers set the pace for the magic of Fantasyland.

At the conclusion of the spectacular revue, your only regret will be that the presentation was not long enough. This show is a "must" for the entire family with tickets available at the door. See you there!

Members of Sanford Woman's Club will be highly honored at the last luncheon meeting of the season, Wednesday, June 3, when the attractive and vivacious MRS. J. C. PRATT, of Tallahassee, president of Florida Federation of Women's Clubs will be guest speaker and also install officers for the coming year.

This is really quite an occasion and members are asked to make luncheon reservations early.

ANN BRISSON, president of Seminole County Democratic Women's Club, will relinquish the gavel to STELLA WOODHOUSE at an installation luncheon, this Saturday at noon at House of Steak, Holiday Inn.

National committeewoman, HAZEL EVANS, will be guest speaker and installing officer.

Speaking of the local Demo women, STELLA HELEN McCLOSKEY, VIRGINIA MERRILL, MYRTLE GRADICK, LARRY VERNON, GEORGE and NELLIE LIVINGSTON attended the 4th District of Florida Demo luncheon meeting at Mt. Dora last Saturday.

Ladies Night At Seminole Turf Club

GLAMOROUS fashions of Sanford's Village Shop bowed out in the luxurious Osceola Terrace of Seminole Turf Club at Ladies Night last Thursday. Elegant hostess gowns, cool, comfortable daytime fashions and popular pant outfits temporarily stole the show from the ponies as the dazzling models took the limelight. Doing their thing were lovely Sim-fonettes, from left, Miriam Askew, Marty Webster, Ruth Michelson and Claire Fitz, fashion co-ordinator.

This gift helps the graduate who's going places get there.

## Agnew Calls Youth Talks

By KEN HARTNETT Associated Press Writer WASHINGTON (AP) - Vice President Spiro T. Agnew yesterday summoned the President's Council on Youth Opportunity to a rare meeting amid signs that a summer unemployment problem of massive proportions is building in the nation's cities. Government figures show the unemployment rate among Cabinet departments and the Office of Economic Opportunity, has met in general session only once in the past eight months.

## In Blackburn Morals Trial 12-Year-Old Bares Sex Life

By MARION BETHEA Testimony from the state's first witness in the morals case of Harlan Blackburn ran the scorching cross examination the witness admitted that the only reason for telling the truth was that "lies might get you in trouble." The defense used the credibility of the witness as the main line of questioning. Hanton asked the witness how many times she had sexual relations with Blackburn, to which the answer was twice on Jan. 12 between 10 p.m. and midnight. Reading from depositions given detectives, Hanton asked if oral copulation or "love play" took place and received a negative answer. The witness has given a total of six depositions and admitted that she lied in the initial one and that it was incorrect (she used a four-letter exclamation). She said that the second deposition was partially correct but that she had lied in some parts of it. (Continued on Page 1B)

... It is rather for us to be here dedicated to the great task remaining before us - that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom; and that government of the people, by the people, for the people, shall not perish from this earth.

## SCA Groups Report Activities \$100,000 Boost Seen In Area Economy

The work of three of the county's six neighborhood improvement associations connected with Seminole County Action (SCA) highlighted last night's meeting of the organization at the Sanford Civic Center. Assemblage of several hundred persons heard reports from West Side Improvement, Midway-Canaan and South Seminole Committee for Progress, all three associations involved with uplifting the poor areas of their communities. Fred Mobley, spoke for the Midway-Canaan group, and told of the activities of his group, which included a cleanup drive, stamp program approved for the county's poor. He said a county building was being repaired to use in conjunction with the program, and estimated the stamps would bring in an extra \$100,000 to the county's economy. A children's playground is now being sought by the group, Mobley said. Ruth Riggin, of the West Side Association, received a tumultuous reception after advising it was her intent to go back again and again to city and county agencies until something is done about the clay roads, polishing ponds, snakes and other problems that beset the Lincoln Heights area, where she lives. She said her children had to jump into snake-filled ditches to keep from being hit by cars that speed 60 miles an hour along Grapeville Avenue. "They either have a choice of getting in the ditches with the snakes or getting hit by speeding cars," she said. Mrs. Riggin said her group is planning a monthly garden club whereby the area residents would become more interested in cleaning up their yards. "We also plan to talk to the School Board over the Crooms High situation whereby, both Lyman and Seminole High Schools are undertaking double sessions rather than send some of their students to Crooms," she advised. "Phanie Franklin, secretary of the South Seminole group, reported on her efforts to open a community playground which is ready except for an insurance policy required by the County Commission before the center can open. Mrs. Franklin said there is not enough police working the Board over the Crooms High situation whereby, both Lyman and Seminole High Schools are undertaking double sessions rather than send some of their students to Crooms," she advised.

## SR 46 Improvement Nears Trial Is Delayed

By JOHN SPOLSKI As was anticipated, it was standing-room-only at yesterday's 2 p.m. meeting of interested parties and representatives from the Department of Transportation on the subject of improvements and realignment of SR 46 from the Wekiva River to I-4. Conducting the meeting on behalf of the DOT was Al Davis, District Planning Engineer for District 5 with his assistant George Smith, both from the DeLand state roads office. Davis reported the projected alignment will be the most direct route and serve the motoring public with a new two-lane artery, to be built on the south side of the existing right-of-way, and eventually continue the fourlanes from the Wekiva River to Sanford. The new realignment will be in Wilson's Corner (Paola). Honest... this is the correct terms regarding the "Night of Dance" at Seminole High's auditorium this Saturday and Sunday. Since it's not air conditioned... might not want to get there too early on Saturday when the show starts at 8 p.m. and on Sunday, it's at 4. Once you have missed the first buttonhole, you'll never manage to button up. GOETZEL
