This is the way Lee Harvey Oswald got the \$12.78 Italian rifle with which he allegedly sent a bullet crashing into the President's brain. This "38 model" Carcano rifle has deluged the United States to the dismay of domestic sporting arms manufacturers, who concede that the weapon is extremely accurate and reliable despite its shoddy external appearance.

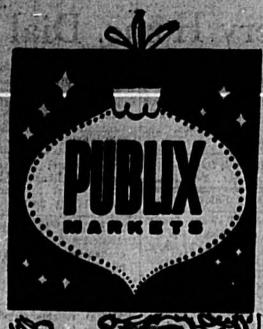

The Federal Firearms Act of 1938 is considered inadequate. It controls interstate and foreign movement of all types of guns, even prohibits the shipment of any firearm to a convicted criminal. It is enforced by Alcohol and Tobacco Tax Division, Internal Revenue Service.

But the law is easy to get around. A New Jersey newsman proved this when he guided his three-year-old daughter through the steps of legally purchasing a Thompson sub-machine gun.

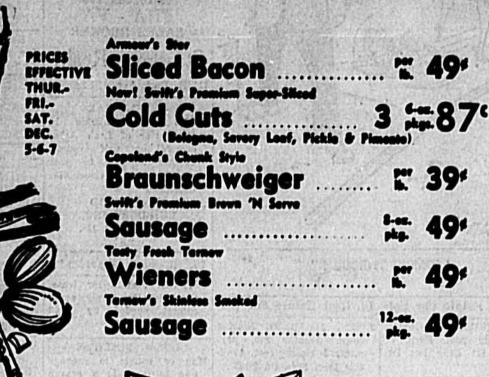

Dodd prophetically put his finger on the problem when he introduced his bill. "To perpetuate the present loop-holes in the Federal Firearms Act is to doom individuals to a senseless death from a gun wielded by fingers responding to the whims and impulses of a disordered

Mail order houses get the weapons in wholesale lots from distributors who purchase them by the thousands as surplus from foreign governments. A rifle can be dipped in acid to clean it, a new stock added and the weapon sold by mail at one-third the price of one produced in this country.

Since weapons cannot be shipped through the mails, express agencies are used for legal delivery. The Senate Investigating subcommittee heard testimony on how one Los Angeles dealer would truck a filled gun order to Phoenix, Aris., where he wrapped it and sent it back to California purchasers via Railway Express.

Orange County. The local committee's reso-

lution advised the Governor and the State Board of Control that the development council's endorsement did not speak for the eight other counties involved. The local group also expressed its confidence in the Board of Control's ability to select a site which would provide the greatest amount of good to the largest number of people.

The Governor said, "I do appreciate your expression of confidence in the State Board of Control and assure you that the only criteria we shall observe is that of selecting a site where the new institution could best serve the people of Florida in accordance with the intent of the Florida Legislature."

State Senator Mack Cleveland Jr., a member of the local site committee, said at noon today that "The Governor's announcement reconfirms what I have believed all along. I'm convinced that the school will be located on the site which best meets the criteria of the Board of Control. I do not believe that it will be a political selection."

search center. Bryant said the state's congressional delegation was well received when it met recently with a site selection committee of the National Aeronauties and Space Administration

(NASA). "The most telling argument we had to make when we appeared before the committee was what the government and the people of Florida have done to provide institutions of higher learning" the

governor said. The \$75 million college bond issue approved recently by voters, Bryant said, "made the greatest impression on the committee."

Rep. Claude Pepper, (D-Pla.,) also agreed with Bryant that the state "stands a good chance" of landing the research center.

But the governor warned that "Florida is going to be passed by if we don't assure that facilities will be prompteducation."

BEAUTIFUL GIRLS Highlighted Sanford-Orlando Kennel Club Greetings,

EVERY PARADE Must Have An End . . . And Irvin Pryor Was It.

A CITRUS Christmas Tree Was Featured By Lake Mary School.

MARCHING BANDS Pepped Up The Parade To A Military Cadence.

Today a Sanford subscriber can dial presimately 15,000 stations toll us. If the metropolitan system is tablished the same subscriber will able to dial approximately 35,000

Subscribers will be required.

The metropolitan system will mean thousands of dollars in added menthly revenue to heatness and professional people. It would enhance law enforcement, reduce the present cost of communications, give all of our citisens toll free access to the Courthouse, tie our school system together, and provide improved communications between the Naval Air Station and its personnel who reside throughout the area.

Sometime in January Sanford subscribers will be provided an opportunity to indicate their preference. The proposal already has the endorsement of most county and municipal leaders. Without question this is Seminole's opportunity to take a giant step toward ultimate unification which will take us far toward becoming the biggest little county in Florida.

It goes without saying The Her-ald recommends not only your sp-proval but also your active support in favor of the proposal.

## Landmark In The Sky

It's not yet six years old but already its voice is changing. This is Vanguard I, America's second satellite, which was launched March 17, 1958. The little grapefruitsized hall has been broadcasting ever since, though lately its transmitting frequency has begun to change.

Scientists believe radiation in space has affected the quarts crystal which determines Vanguard's

transmitting frequency.

While on the subject of satellites, it should be noted that Echo I, sent up more than three years ago, is still out there, orbiting the earth a thousand miles high every 115 minutes.

Echo I is the big aluminum-coated belloon — now wrinkled and pushed out of shape by solar pressure—that was used to bounce radio signals between points on earth.

Echo I is still a bright object in the aky, in spite of losing its round. full figure, and it's still visible to the naked eye.

. . . Vanguard still broadcasting, Echo still reflecting—it gives a feeling of performance in a world of rapid change, doesn't it?

Thought For Today

Then the king of Israel called all the elders of the land, and said, Mark, now, and see how this man is seeking trouble; for he sent to me for my wives and my children, and for my silver and my gold and I did not refuse him.—I Kings 20:7.

Trouble is only opportunity in work clothes.—Henry J. Kaiser.

### Miami Plans Safety Suit **Against FEC**

MIAMI (UPI) - Miami Mayor Robert King High orfered the city attorney to court suit against the Florida East Coast Railway for alleged violations of safety laws.

High took the action after the city engineer delivered a report about the FEC's actions to correct safety hazards at 65 railroad crossings ia Miami.

The report, in part, said: "With respect to automatic control devices such as signale and gates, there has been no work accomplished.

"The three signal gates that were removed in the downtown area have not been replaced nor have any steps been taken to our knowledge to install the automatic crossing device recommended by Dade County."

The FEC was notified o the hazards more than month ago and was given 30 days to correct the problems.

### **Survey Shows** 2-Party Gains In Florida

TALLAHASSEE (UPI) north to the south.

The survey, released Wednesday by Florida State University's government research institute, also showed a marked increase in Negro participation in Florida elections.

Statistics indicate a twoparty voting pattern has been established recently for the president, governor and many state legislative seats, but not the U. S. Senate races, the study said.

It is estimated that more than 1,000 deer are killed by automobiles each year on the highways of Oregon.

# Thinking Out Loud

BY JULIAN STENSTROSS

Up Goes The Curtain Ralph Stampf's Seminole cagers go into action for the first time tenight at the Seminole Gymnasium when they run into the Buccaneers of Daytona Beach's Majaland

And it should be quite an affair. Stumpf won't predet how he thinks his youngsters will do against the Does but he's confident the locals will represent the

Conch John Celbert's JayVee squad will try to pick up right where it left off last season when they grabbed 15 wine out of 21 contests. A number of last season's winnine Baby Seminole five will be performing for Stumpf's sity squad this year and of course, Raiph has his pers creesed that these JayVes grads haven't gotten out of the habit of winning.

Fever Hits High Pitch Athletic Director Fred Ganas said sports fever has

hit a new high at Seminole. Seminola cheerlanders and other members of the student body have plastered the campus with signs reading "Best Mainland . . . Best Kissimmes . . Best

We're not sure but we imagine it has been a long time since Seminole's athletic teams have been engaged in three events on three consecutive days-except for tournaments. No wonder the fever is high.

Tonight it's basketball with Daytona Beach Mainland. Friday night It's football with Kissimmee and Saturday night it's backetball again with Titusville.

Hiked To Sanford

A lot of you Benford fans who once were members of the local National Guard units called into federal service in November of 1940 ought to get a kick out of this. Back in 1940, Sanford was the home base for Head-

quarter Detachment of the 124th Infantry's First Battalion, the Medical Detachment for the regiment, and the 184th's Company D, a machine gun unit. All three outfits went into federal service at Camp

Blanding, a few miles east of Starke. There was also a unit from Palmetto-the 124th's Company I. Seminole High's head coach, Jim Pigott, was a member of that

"While I'm fond of Sanford now," says Jim, "there was once a time when I wasn't. Back in 1941, the entire regiment came to Sanford to participate in an Armistice Day parade. We didn't mind parading in Sanford," says "but the awful part of it was that we had to march on foot all the way from Blanding to Banford. It was no

Wants Another Good Performance

The head football coach at Seminole wants one more top performance from his 1963 gridiron outfit which has racked up nine victories in 10 trips to the turf this sea-

And, of course, the only chance Pigott will have to get it will be Friday night when his machine runs into a hand of Klasimmee Kowboys who want nothing better than to prove that they'll be as tough a competitor in the Drange-Belt Conference when they enter it next season as the Seminoles, who are leaving the OBC, have

Pigott said he was real pleased with his club's showing in DeLand last week, especially the work of Billy Higgins, Al Boniface, and, naturally, Ronnie Hinson, These three lads did the quarterbacking for the Seminoles and it was one of the best signal-calling jobs done all year long.

Hinson was under his doctor's orders to play no more than one-half of the game. That left the big jub up to Higgins and Boniface-and both of them came through with a commendable performance along with

The eurisis gues up designt Typoff time will be 9 p.m. meeting that these have been Seminale High School's However braight's case property backsthall season when gram will open at 6:20 when Seminale Coach Ralph Coach John Colhert's JayVeet got their season underway with the Baby Bues of Main Mike McClary and Doug Fireway of Daytona Boach at 1 Sumpl assounced this guards Donais Brown and

spen Billy Day Jeff Williams Marvin Shelffold and Frank

strength.
Although the Seminoles are entering the Motro Conference for the first time with this year's enge schedule, tonight's alfair is not a league tilt. However, Mainland will provide the locals with plenty of opposition and it will be a real test for the Tribe.

The Seminole aggregation will be somewhat shorthanded tonight since several varsity basketball prospects will not be available because of Friday night's footbell contest between Seminole and Klasimmee. Several of Head Coach Jim Pigott's gridders also participate in backetball but will not be available until after the gridiron season

After tonight's opener the ocal cagers hit the road for a Saturday night engagement in Titusville. This will be another non-conference affair. However, next Tuesday night the Seminoles enter into Metro loop competition with Edgewater of Orlando.

Baby Seminole five for tonight's preliminary contest with Mainland's JayVees will include forwards Danny Leeds er's Assnual Father - Faculty Nicholas, and guards Steve Groover and Jack Hunt. Colbert will have reserve

strength in forwards Dan Adams, Roth Viblen and guard Mike Smith, Another member of the little Tribe's five, Paul Markos, a talented young forward, will see plenty of action this season, save Colbert, but he's not eligible for tonight's tilt.

COUNTY NEWS

4-H Club Has Meeting

Narciasus Ave.

Patty Baker, president, pre-ded over the business ses More plans were made the Christmas Party to be held Dec. 21 at the home of Mrs. Johnson and also for the bake sale which will be held two local stores on the the leaders arrived and were given to the girls who wore them in the Christmas parade when they marched behind the Seminole County Home Demenstration Council car.

Posters will be made by the

group for the bake sale. Mrs. Johnson told the girls how to shop for fresh fruits and vegetables. She also explained to them why some vegetables and fruits become dark after preparation and gave a solution for it. Foods which darken when cut or peeled contain ensymes. Ensymes are in the food to change foods the plant uses into foods you can eat. When exposed to the air, the oxygen in the air causes a change in color, usually to brown or black. Fruits dipped in citrus juices and potatoes dropped into water deep solve the problem.

Those present were Patty, Charlene and Betty Baker, Joy Wilson, Becky and Barbara Association after members Gowan, Ruth Bullard, Sarah heard a recommendation re-Dyson, Susan Dunn, Patty port from Bill Hahn, chair-Nelson, Anita Blackwelder, man of the house and building Cockie Russell, Yvonne Strip- committee. ling and the leaders, Mrs. H. # Polynesian Fashions Shown At Luncheon

A FASHION SHOW and luncheon was sponsored Tuesday by Playgirl Fashions of Fern Park to introduce Alfred Shahdeens' line of Polynesian styles. Models shown in the top photo wearing selections from this line are, left to right, Nadine Collings, Ann Mahan, Claire Fite and Ann Morris. Holiday styles shown in the bottom photo were worn by Carolyn Dennison, Jane Webster and Lois Lucas, left to right, as they were greeted by Mitsu, hostess at the Riksha Inn where the event took place.

# By Jane Casselberry

The Polynesian fashions of Alfred Shahdeen of Hawaii were introduced at a gala luncheon and fashion show sponsored by Playgirl Fashions of Fern Park Tuesday the Riksha Inn

The air shipment of some of the Shahdeen line unfortunately was delayed and did not arrive in time for the show but Janet Bonder of Playgirl met the crisis by substituting many sparkling holiday styles and a preview of delightful

Spring outfits. Upon arrival guests were greeted by charming Mitsu, hostess at the Riksha, who was attired in the costume of her native Japan and who presented each with a lei. Restaurant manager Rogert Burnham served as master

of ceremonies. Lovely local residents who modeled the wide range of styles were Ann Morris and Jane Webster of Maitland; Carolyn Dennison, Claire Fite and Ann Mahan of Sanford; Nadine Collings of Winter Park and Lois Lucas of Cas-

### Ginderville **Names Weiss** President

Thomas Weiss of 3526 S Sanford Avenue has accepted the presidency of the Ginderville Volunteer Fire Dept, to fill the vacanty created by the recent resignation of James Michael.

Michael, in resigning, adrised that due to increased business hours he felt it impossible to serve as an officer in the organization but that he would continue as a member of the group.

Weiss reported that pendng installation of a new fire phone system, dispatchers and communications of the county sheriff's department have been made available by Sheriff J. L. Hobby who will handle all fire calls from the iGnderville area through his office.

Weiss also issued a request to all members to join the work party which is devoting spare time to rebuilding the fire trucks. Time schedules and dates of the work parties are posted at Wright's Garage on S. Sanford Avenue where the truck is being overhauled.

The Herald's managing editor, Fred Van Pelt, was on the scene in Boca Raton today where the State Board of Control met and narrowed the sites for the proposed East-Central Florida University to fcur-two in Seminole and two in Orange Counties.

This is another step in The Herald's efforts to bring to Seminole County the best coverage of news affecting this county and its people.

Administrator Bob Besserer of the Seminole Memorial Hospital reports that the pediatrics wing is about 60 per cent complete. The enlargement and renovation of one hand that a final selection ress. The housekeeping and store rooms have been enlarged.

Despite preparations for a gala occasion when the Sanford Seminoles close out the 1963 gridiron season tonight against Kissimmee, the thought of 13 seniors playing their last high school football game does provoke a sentimental thought. The list includes Eddie Kos-
