Tuesday: Bible Training — 7:45 p. m.
Thursday: Young People Service 7:45 p. m.

OLD ENOUGH!

Not old enough for a novel, a dictionary, an encyclopedia.

But old enough for the Bible!

For in these very years before she fully understands its truth, a child learns to respect God's Word. Reverence is born. A sense of the importance of religion develops.

The passages must be short... and sensibly chosen. Childish but searching questions must be answered. Mother and Dad will soon discover that explaining Truth to their child deepens their own comprehension.

Take advantage of a parent's most sacred privilege. Introduce your child to God. Make the Bible part of the family. Participate in and cooperate with the Church's program of religious education.

A child grows spiritually whose parents grow spiritually!

Persons interested in Mental Health and its problems in Seminole County are invited to attend the annual meeting of the local organization, Tuesday at 8 p.m. at the Health Department auditorium, corner of French Ave. and Ninth St. They will be showing an excellent film, "The 91st Day."

Motorists are hereby reminded (by a city patrolman who wishes to remain anonymous) that the downtown blinking red lights DO NOT mean to proceed with caution. They DO mean . . . stop and then proceed.

The officer plans to commence issuing citations.

Rosa Lee Hamilton, who runs things out at the Snappin' Turtle, and Lorena Van Felt will be celebrating a joint birthday Tuesday. What's more, they were born on the same day 'way back in 1917.

Dr. Richard Dougherty, of Sanford, was one of the speakers at a recent seminar for the Central Florida Ophthalmic Association in Sanford. The subject of Dr. Dougherty's lecture was "Glaucoma Detection" and was based on ten cases of glaucoma that the local ophthalmologist discovered in his practice during the past year.

R. E. Porter prefers "Floridians" over "Floridaans" for reference to residents of our state. But some of his co-workers believe it should be "Floridaans," and so write it. Maybe from now on you'll be reading about "Alaskians," "Tampians," "Orlandolans," "Daytonalans," "Indianians," and how about this one: "Hawallians." It's just a matter of taste.

Raymond F. Mensing, tax expert and business consultant who is certified to practice before the Internal Revenue Service, will be guest speaker for today's 6:30 p.m. dinner meeting of the Seminole County Board of Realtors at the Capri Restaurant. His subjects will be "Tax and the Real Estate Broker" and "Tax and Business." This meeting will be open to all brokers whether or not they are members of the board.

How cruel can some people get? Officials reported that over the weekend someone was tossing lighted cigarettes into the mouths of bears at the Sanford Zoo.

"A Basic Concept of the Citizen's Responsibility in Community Planning," is a long title for a "short" conference which will be held Saturday at the Langford Hotel in Winter Park. Among other speakers, the program—conducted jointly by the Central Florida Development Committee and the Sears-Roebuck Foundation—will feature Robert S. Brown, Seminole County's zoning director.

The "bankers group," sponsors of the idea along with the C. of C., say they don't mind a bit about the suggested changes in their original plan. It was a beginning. All they ask is that the project be COMPLETED on the high plane it deserves.

The "canning kitchen" where precinct 3 voters used to cast their ballots isn't any more. The building was razed over the weekend to make way for progress—the paving improvement of 23th Street.

Miss Carol Greene, daughter of Mr. and Mrs. Jack I. Greene, 108 N. Virginia Avenue, is now wearing the coveted wings of an airline stewardess, having just completed an intensive training course of National Airlines in Miami. The graduation ceremony was witnessed by Miss Greene's parents who were accompanied to Sanford by the neophyte stewardess, here for the weekend.

Miss Greene joins another Sanford girl, Miss Candi Conder, in the corps of flight hostesses of National Airlines.

MISS NANCY SWENSON, lovely Oviedo High School homecoming queen, was crowned during the halftime show at Friday night's grid contest between the Lions and the visiting Frostproof Bulldogs. Miss Swenson is shown being crowned by the 1963 queen, Miss Ann Ridenour. The other four contestants included Marilyn Partin, Karen Jansen, Connie Pendarvis and Gay Utrey.

'Great Society' Eyed By LBJ

WASHINGTON (UPI)—President Johnson was back at his White House desk today ready to study reports from task forces he set up to draft his "great society" program.

The President returned to the White House Sunday night for the first time since his landslide election victory on Nov. 3, ending a 13-day working vacation at his LBJ Ranch in Texas.

His announced schedule today called only for a swearing-in ceremony for Gardner Ackley as chairman and Arthur M. Okun as a new member of the Council of Economic Advisers.

But Johnson was expected to spend most of the day looking over reports and conferring with aides on foreign

Young Hunter Wounds Himself

Hunting season got off to a bad start for 11-year-old Clifford Pell, of Osteen, who is in "good" condition today at Seminole Memorial Hospital suffering from a shotgun wound in his arm and shoulder.

Young Pell, who was part of an early morning hunting party Saturday, was standing on a stump holding his shotgun which discharged when he accidentally dropped it, according to witnesses. He was rushed to the hospital by his father, Albert Pell, and his uncle who were with him at the time of the accident.

The youngster underwent a two-hour operation Saturday and doctors today denied rumors that he might lose the arm.

"He is in no danger at present of losing the arm, although the shotgun blast tore away bone, muscle and flesh. He is in good condition," confirmed a local surgeon.

Constable Irving Vieno investigated the accident.

Trooper Unhurt When Car Flips

Florida Highway Patrol Trooper John A. McConnell escaped injury Friday afternoon after his car flipped while he was chasing a speeder on Highway 434 near the intersection of Interstate 4.

McConnell said he was chasing a black Ford sedan and when a car operated by John Bennett Jr. attempted to make a left turn, he pulled around, hit a culvert and the patrol car overturned.

Bennett was charged with failure to yield the right-of-way. McConnell said he had his seatbelt fastened and this is credited with preventing injuries to himself.

ZONING SESSION
County Zoning Director Robert S. Brown announced today that the Seminole County Zoning Board had set Dec. 9 for its next meeting.

Apportionment Judgment Vacated

WASHINGTON (UPI)—The U.S. Supreme Court today apparently left the reapportionment of the Pennsylvania Legislature up to the state's Supreme Court.

In a brief opinion, the high court vacated an order of a special three-judge federal court handed down April 29, 1964, finding Pennsylvania's 1964 reapportionment laws unconstitutional.

The lower court, however, had acted before the Supreme Court's June 15 decision requiring both houses of a state legislature to be based as nearly as possible on population.

Meantime, the state Supreme Court had taken the matter over and fixed a deadline of Sept. 1, 1965, for a new apportionment of both houses.

The Pennsylvania state court said if the deadline is not met "we shall take such action as may be appropriate in light of the then existing conditions."

Today's unsigned opinion reviewed these facts and then said:

"The judgment of the district court is therefore vacated and the cause is remanded for further consideration in light of the decisions supervening since the entry of the judgment. . ."

VISUALIZING this curving lakefront drive glowing with blooming flowers, graceful palm trees and glittering lights is John Alexander, temporary chairman of the Seminole County beautification committee, as he stands on the unadorned strip bordering Lake Monroe. Alexander is setting out today to enlist the co-operation of every civic-minded organization and individual to "make Seminole County the most beautiful county in Florida." (Herald Photo)

Challenge Is Accepted

By Dotie Austin
Sanford and Seminole County have picked up the gauntlet flung down last Thursday by Tom Gilchrist, speaker at a Chamber of Commerce dinner meeting, which made headlines in Friday's Sanford Herald.

Chamber President Karlisle Housholder announced today that John Alexander, county commissioner, realtor and insurance agent, has been named temporary chairman of a committee to study and develop ways and means to beautify Seminole County.

Among other highlights of Gilchrist's speech which "laid it on the line for Seminole County," the speaker challenged the county "to beautify your beautiful lakefront and other approaches with lights, plants and flowers—lead those tourists right off Interstate 4."

Housholder emphasized that Alexander is not acting as a county commissioner, but as a private citizen and expects to enlist the co-operation and aid of every service club, civic organization, garden club and governing body in the county as well as individual interested citizens as members of the county-wide committee.

Letters have been sent to all civic organizations and clubs asking them to appoint a member to the committee emphasizing that "it is essential that the individual appointed have vision, initiative and willingness to devote time and effort to the project."

Housholder said that he also intends to appoint other civic leaders throughout the county areas which border all approaches to the county.

"Gilchrist's challenges have stirred the spirits and imagination of all who heard him, and I intend to confer with business leaders of the community to discuss accepting these challenges to make Seminole County and the downtown San-

ford business section a first-rate shopping center, and the most beautiful city in the Central Florida 'keystone triangle,'" said Housholder.

Alexander said today that he accepted the appointment as temporary chairman of the beautification committee in "an effort to get the move off the ground" and that he hoped

to call the initial meeting within two weeks.

Further, the county commissioner said the drive should be a concerted effort by every resident of Seminole County, working with the committee, in neighborhood groups or individually.

"We can," he said, "make Seminole County the most beautiful in Florida."

Israel-Syria Fighting To Come Before UN

UNITED NATIONS (UPI)—U. S. Ambassador Adlai E. Stevenson arranged an emergency meeting of the UN Security Council today to deal with border fighting between Israel and Syria.

The meeting was first requested by Syria, which charges Israel with an unprovoked attack on its frontier posts near the Sea of Galilee Friday. Israel later joined in the request.

Stevenson acted in his capacity of Security Council president for November. The council presidency rotates each month.

Syria accused Israel of aggression in its call for the council meeting Saturday. It considered the matter so urgent that Syrian Ambassador Rafik Asha tried to get a weekend session of the council.

But Stevenson was in Washington conferring on the UN financial crisis and today was the earliest time possible for the council to convene.

TEL AVIV, Israel (UPI)—Israel troops today conducted a motorized patrol along the border track where Syrian and Israeli troops clashed Friday. The border was reported quiet.

Israel officials said Syrian soldiers were seen rebuilding fortifications reported to have been almost destroyed Friday by Israeli air force jets.

Israel charged that Syrian troops opened fire first at the Dan settlement near the Tel el Kadi border district.

Syria's casualties were believed to have been much higher than the 7 killed and 26 wounded reported by Damascus, Israeli sources said.

news... BRIEFS

Ben Gurion Quits

TEL AVIV, Israel (UPI)—David Ben Gurion, Israel's first prime minister, resigned Sunday night from the Central Committee of the Mapai (Israel Labor) party.

2 Girls Die

IMMOKALEE (UPI)—Two little girls were hurled to death here Sunday when they were trapped in a car which burst into flames while their mother went shopping.

NATO Navy

BONN (UPI)—U. S. Undersecretary of State George W. Ball sought reassurances from West Germany today that it intends to join the U. S.-proposed multi-lateral nuclear navy for NATO.

Sino-Soviet Split

WASHINGTON (UPI)—Central Intelligence Agency (CIA) Director John McCone said in an unprecedented public speech he thinks the Sino-Soviet split is almost beyond hope of a settlement.

Probe Launched In Plane Crash

An investigation was under way today into the cause of a crash Saturday in which an RA-3C Vigilante reconnaissance bomber went down about 13 miles southwest of Jacksonville while on a routine flight from the Sanford Naval Air Station.

Navy officials said that the mach two, twin-engine jet, assigned to Reconnaissance Attack Squadron Nine here, crashed about 2:05 p.m. near Doctor's Inlet.

Both crew members, Lt. Cdr. Carol C. Smith, pilot, and Walter E. Carlyon III, chief aviation jet mechanic and bombardier-navigator, ejected from the plane without injuries.

The fliers were picked up by a helicopter from the Jacksonville Naval Air Station. Smith, 34, resides at 108 Shirley Avenue, Sanford, and Chief Carlyon lives at 1015 Union Street, Mt. Dora.

Two Men Face Robbery Charge

Two men are in the county jail on a charge of attempted armed robbery at Childre's Grocery Store Friday night.

Deputies say the men, identified as Willie Long and Isaac Harrell, held up Dick Childre but fled before completing the robbery. They were apprehended by deputies on information given by the intended victim.

Man Arrested In Cutting Scrape

A man identified by police as Wilford Herring is being held on two charges after a cutting incident Saturday night at 412 Sanford Avenue.

Herring is charged with assault with a deadly weapon and disorderly conduct following his attack on James Dickson. The victim was treated at Seminole Memorial Hospital for a throat laceration and released.

Passenger Hurt

A passenger in a car was injured Sunday morning when two cars collided at Brison Avenue and Highway 415. The injured man was identified by county police as James Nelson. Extent of his injuries was not known.

Deputies said cars driven by Earl Johnson and Alton C. Coleman collided at the intersection. Nelson was riding in the Coleman car, police said.

Plane Wreck Sighted Atop Of Mountain

LAS VEGAS, Nev. (UPI)—The scattered wreckage of a Bonanza airliner that apparently carried 28 persons to their death was found today on a mountain top about five miles southwest of McCarran Field.

Clark County sheriff's deputies said there apparently were no survivors.

Charles Nichols, a pilot for Alamo Airways which aided in the aerial search said, "It's pretty badly broken up, pretty well scattered."

"I'd say there are no survivors," he added. "It's right on top of a mesa and parts of it are scattered over 300 yards."

A Bonanza spokesman said the airline is "proceeding with notification of next of kin on the assumption there are no survivors."

The wreck site is approximately five miles from the spot where actress Carole Lombard was killed in 1942 when a twin-engine plane crashed on Potosi Mountain. The actress, then married to the late Clark Gable, was returning from a war bond sales campaign.

A ground party sighted the wreckage of the Bonanza plane shortly after dawn on the mountain between Sloan and Arden near Interstate 15, the main highway connecting the gambling center with Los Angeles.

The plane, Flight 114 en route to Las Vegas from Phoenix, Ariz., disappeared Sunday night in the worst snowstorm to hit this area in 15 years. It carried 23 passengers, three crewmen and three Bonanza employes making the flight to Las Vegas as extras.

An all-night hunt for the plane was frustrated by the storm, darkness, a power failure and disrupted communications.

The fact the plane was silver and white further hampered searches.

A varied 3-to-10 inches of snow blanketed this city of 225,000 persons as dawn broke, fog lifted and the snow stopped, enabling light planes and helicopters to take off to aid a ground party of about 100 persons in the search for the plane.

Money Stolen From Machines

Theft of money from cigarette vending machines at two service stations is being investigated by county police.

The thefts were discovered Sunday morning at Howard's Atlantic Station, on Highway 17-92 near Sunland Estates, and Smith's Amoco Station also on Highway 17-92 and near the Lake Mary Road.

Screen Torn Off

A screen was torn off a window at Adam's Inn on Highway 441 some time Saturday night in an unsuccessful attempt to burglarize the place, county police reported this morning.

Typhoon Kate Slams Into South Viet Nam

SAIGON (UPI)—A new typhoon aimed 90 m.p.h. winds at storm-battered South Viet Nam today.

U. S. Air Force weathermen said Typhoon Kate was located less than 200 miles east of Saigon in the South China Sea on a course headed dead-center for the capital.

It was the third typhoon to plague this Communist-ruled nation in the past three weeks.

More than 6,000 Vietnamese were killed and millions left homeless and hungry when typhoons Iris and Jonn laid waste to the lowland provinces of central Viet Nam.

The Vietnamese government closed all Saigon schools in advance of Typhoon Kate's arrival. Fringe winds began hitting the city today. The fury of the storm's power was expected to strike in the early hours Tuesday.

An American military spokesman said the U. S. Air Force has begun moving its jet bomber and fighter air-

craft force from Ton Son Nhut airbase on the outskirts of Saigon to a safer, undisclosed location. Lighter planes were tied down or moved into hangars.

Driver Faces Four Charges

A driver charged by city police as Zaney Thomas Jr. is charged on four counts after he allegedly fled the scene of an accident at 13th Street and French Avenue Saturday afternoon.

Thomas is charged with reckless driving, driving without an operator's license, driving while intoxicated and failure to stop and give aid or information at the accident. Police say a car driven by Thomas and one operated by Herbert Hurston collided at the intersection.

Red Wall Closed

BERLIN (UPI)—The Communist wall was closed at midnight, not to reopen again until the Christmas season.

Snow And Rains Sweep North

By United Press
A vast storm network socked Arizona and Nevada with heavy snow today and sent welcome thunderstorms sweeping across the Midwest to ease the long drought.

Up to 15 inches of snow piled up in the mountains of Montana and Colorado. The weather bureau issued warnings to motorists and stockmen from New Mexico to the Canadian border.

The snow storm—described as the worst in Nevada since 1949—hampered the search for a 48-year old nurse missing on a solo flight in the Battle Mountains (Nev.) area.

It was blamed for the deaths of a Colorado motorist whose auto skidded off an icy high-

way and of a North Dakota man struck by a skidding truck.

Snow was expected in northern Texas today and colder air in New England and the Midwest. The weather bureau warned of possible freezing rain mixed with snow in northern New England.

Illinois and Kansas took the brunt of heavy rains Sunday. A tornado-like wind at Fall River, Kan., overturned five trailer homes and damaged cabins and boats along the Fall River Reservoir. No injuries were reported.

At Charleston, Ill., an inch of rain relieved a two-week water shortage that had brought a ban on car washing. Lightning bolts during a near-

1½ inch rainfall knocked out power in parts of Chicago.

The rains washed out forest fire dangers in Wisconsin and Kentucky.

Alexandria, La., got nearly four inches of rain during the night and the inch of rain that fell on Indianapolis, Ind., provided the first substantial amount there since Oct. 18.

Omaha, Neb., reported about half an inch of moisture and San Antonio, Tex., nearly an inch. Kansas City, Mo., had 1½ inches.

The tremor, measuring 3.3 on the Richter scale, had the highest reading in the area since the 1937 quake, which injured 31 persons and caused several million dollars damage.

The 1937 shock measured 3.3, but struck sharply and touched off a series of shocks which continued for several days.

Sunday night's tremor shook the earth gently for a few seconds and immediately subsided.

Police and fire department switchboards were swamped with calls in a 50-mile radius of San Francisco, but only the rattling of windows or dishes was reported.

Geneva PTO Hears Talk On Mental Health

By JoAnn Hays
John J. McDermott, mental health coordinator for Lake, Orange, Osceola, Seminole and parts of Brevard counties, spoke on problems of emotionally disturbed children for the November meeting of the Geneva PTO.

He explained to parents present how the Child Guidance Clinic is operated, how the children are brought into the clinic and how the parents and clinic work together once the child is admitted. Following his talk he answered questions for the parents.

The meeting, held in the school auditorium, was opened by Mrs. Dora Russell, president, with Mrs. Windel Brady giving the devotion and Mrs. Virginia Hughey leading the pledge to the flag.

During the business meeting a committee was appointed to make plans for the children of the school to have a Christmas party. Those on the committee are Mrs. Maxine Ricks, Mrs. Virginia Hughey and Mrs. Lindsay. It also was voted to hold a rummage sale in Oviedo, Nov. 27-28 with plans for the sale to be completed at today's meeting of the planning committee.

Room count gave Mrs. Vivian Welsh, five; Mrs. Allen Foster, six and Mrs. Roy Nichols, seven. This month's attendance was 19 less than last month's.

DOES GETTING UP NIGHTS MAKE YOU FEEL OLD?
After 40 some kidney or bladder irritations often occur and may make you feel old and nervous from the time you get up both day and night. Because you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritations, CYRTEX multiple drug tablet, relieves comfort by soothing irritative areas in kidney, acid urine and by analgesic pain relief. Use CYRTEX as directed. Feel better fast.

GIANT CHRISTMAS card designed and painted by local artist Gretchen Lewis Corwell was delivered by CAP plane Sunday to the TB Hospital at Tampa. Local leaders and officials signed the card, displayed here (from the left) by Carroll Burke, Christmas Seal chairman; Mrs. Lorraine Graham, TB unit secretary; Mayor A. L. Wilson and Drs. Arthur NeSmith and Kenneth Wing, TB unit board of directors. (Herald Photo)

Garden Club Has Turkey Dinner

By Julia Bartos
Members of the Altamonte Springs Garden Club enjoyed a turkey dinner at their regular November covered dish supper meeting.

Following a short business session, Maj. and Mrs. Robert Watson showed slides of pictures taken while touring the west this past summer.

Mums, roses and golden ranunculus were featured in table decorations. Host and hostess committee for the meeting was made up of Mr. and Mrs. A. S. Merrill, chairman; Jesse Boudé, Mr. and Mrs. Fred B. Temple, Mr. and Mrs. J. DeJong and Mr. and Mrs. Otto Bartos.

New members accepted for the club include Mr. and Mrs. S. H. Cady, Mr. and Mrs. Herbert Farwell and Mr. and Mrs. Bartos.

The club will devote its time this year to beautification of the park.

STEPHEN G. Sewell, son of Rev. and Mrs. G. C. Sewell Jr., of 2016 Elizabeth Court, has been elected president of the freshman class at King College, Bristol, Tenn. He also is a member of the College Symphonic Choir and is planning to major in English.

Small roadside inns in Colonial America were known as "ordinaries."

Geneva HE Club Sets Meeting

By JoAnn Hays
The Homemakers Extension Club of Geneva will meet Wednesday at the Community Hall to hear a panel program on county health organizations and services available locally.

Speaking will be Paul Murray of the Crippled Children's Association; Mrs. Luis Perez, Heart Association; Mrs. Grace Fisher, County Health Department; Mrs. Helen Gleason, Cancer Society; Mrs. Lorraine Graham, TB Association and Mrs. Stanley Pearce, Mental Health Association.

The meeting and program will be open to the public. A covered dish luncheon will follow the meeting after which a self-help training course will be taught by Mrs. H. G. Shuler. The course is open to all interested ladies in the community and a certificate will be awarded upon completion.

Thanksgiving 1964

How many times have you heard this plea for money or gifts on Thanksgiving Day from the children in your neighborhood? Too many times, probably. It got so bad that you were afraid to answer the door bell. With the repeated singing in your ears and the vision of a burnt turkey in your mind, you perhaps began to wonder just how this Thanksgiving custom of giving ever came about.

Well, it all started in 1621 when the Pilgrims celebrated the first Thanksgiving Day and invited the Indians from the surrounding wilderness to join them in partaking of the fruits of their first year's harvest. It was in this spirit of giving that the earliest Americans offered thanks to Almighty God for his goodness, mercy and bounty.

It is likewise in a spirit of giving that you can thank God this Thanksgiving by donating to the Catholic Bishops' sixteenth annual Thanksgiving Clothing Collection, a nationwide appeal for serviceable used clothing, blankets, bed linen and shoes for the millions of destitute and ill-clothed living in the impoverished and underdeveloped areas of the world.

When the Thanksgiving Clothing Collection "rings" this November, why not open your door to the sad-eyed refugees from Red China crowd-

ed into Hong Kong, to the destitute millions in the emerging nations of Africa and in the unspeakable slums of Latin America, by clearing your closets and attics of all used or unwanted clothing, blankets and bed linen and giving them to the 1964 Thanksgiving Clothing Collection? Send or bring a bundle to the nearest Catholic church or rectory.

All clothing and other materials donated in the Thanksgiving Clothing Collection will be shipped abroad and distributed by Catholic Relief Services, the overseas aid agency of the American bishops, which operates welfare and relief programs, without regard to race, religion or color, in more than 70 countries.

Those who donate to the Thanksgiving Clothing Collection will have the satisfaction of knowing that they extended a helping hand to a neighbor in dire need. So, answer the bell this Thanksgiving and thanks by giving.

Thought For Today

Mark the blameless man, and behold the upright, for there is posterity for the man of peace.—Psalms 37:37.

Show me a man who makes no mistakes and I will show you a man who doesn't do things.—Theodore Roosevelt.

TWILIGHT TRAIL

Dr. Crane's

Worry Clinic

Learn's report may surprise many of you parents but we mothers have become almost shock-proof in this sexual realm. For many mothers are so obsessed with the desire to be considered up-to-date, that they abet their children's immaturity. They think the words "sway" and "immoral" are low-brow!

CASE U-431: Mabel G., aged 35, is president of a Study Club.

"Dr. Crane," she began, "at our last meeting I was dumfounded!"

"For three of our members were late. When I asked them what had delayed their arrival, they said they had taken their daughters downtown to a gynecologist's office."

"And, Dr. Crane, do you know why? Well, these mothers, who represent our supposedly better class families, had made these medical appointments so their daughters could be fitted with diaphragms to prevent conception."

"But the shocking part of it is the fact that these three girls are only 14, 14 and 16 years of age!"

"What's American coming to when mothers thus actively abet their daughters' promiscuous sexual behavior?"

When I was stationed at Smith College during the 1920s, the use of diaphragms was just being popularized among women.

And mothers from New York City would come up to Northampton with cartons of diaphragms for their college daughters!

In short, the mothers were helping abet the tobacco habit among their own daughters.

When I asked one of these society women why she thus indulged her daughter in diaphragms, she replied:

"Well, Dr. Crane, I want her to feel that we are pals. I don't wish to seem old-fashioned or fuddy-duddy, you know."

So there are still a great many mothers in America, often with college diplomas, who lack gumption or "horse sense."

venereal infection, then nothing else matters.

Diaphragms do not prevent venereal infection, which is now booming among teenagers all over America.

And I really mean "booming" for there has been 800 per cent or more increase in venereal disease in many of our major cities in the past few years.

Many "society" mothers, obsessed with the desire to be ultra modern, thus ignore telling their daughters that premarital indulgence is wrong for ethical reasons!

"That would make us look like 'squares' or as out-of-date as the dove bird," they protest, as if the terms "wrong" and "immoral" are low-brow.

Hoglot morality is now being paraded among human social circles as the sophisticated coin of conduct.

Even Harvard has permitted girls in the men's dormitories for sexual purposes and educational leaders even defend such asininity!

Mothers, send for my booklet "Sex Problems of Young People," enclosing a long stamped, return envelope, plus 20 cents.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Barbs

By Hal Cochran

A common expression in a plastic surgeon's office: "Good morning, doctor, how about giving me a lift?"

For an auto mechanic every knock is a boost in the bill.

Over a billion pencils are sold in the U.S. every year, which is a lot of breaks for people.

Remember the old expression, "You're full of prunes?" Boarders never argued.

Beauty may be only skin deep, but make-up makes it deeper.

A firm was charged with jumping prices on tools. There's a much safer way to cheat.

Smart folks would never know when a grouch is frowning — they'd keep away from him.

When a woman marries a rich man, she may turn out to be just his little check girl.

Dick West's The Lighter Side

WASHINGTON (UPI) — It is often said that a certain profession would be more lucrative if it didn't have so much amateur competition. Can you guess what the profession is?

No, not brain surgery. The profession I am thinking of is press agency. Permit me to cite you an example.

The other day a press agent called me up and said, "I've got a great idea for your column. Have a cigar."

You don't find many press agents nowadays who hand out cigars over the telephone, so I begged him to continue.

He said, "I've got an English actress who is making an American tour. We're doing the whole thing in gold. She has a complete gold wardrobe, she travels in a gold limousine, she only stays in hotel suites with golden decor and she eats from a gold

plate with a gold knife and fork."

I said, "Max, baby, that's a beautiful concept. Pure poetry. It almost makes me weep. But it's too late."

He said, "Why?"

"The election is already over."

He said, "We aren't plugging Goldwater. We're plugging 'Goldfinger.' It's the name of a movie. This girl, see, is mixed up in an attempt to steal the gold from Fort Knox."

"She has an affair with a secret agent and then gets murdered. She dies from skin suffocation after being painted from head to toe with gold paint."

I said, "Shucks, Max, that could happen to anybody."

This illustrates the point I was making. On the very same day that the press agent called, a congressional

subcommittee put out a report that in my opinion made a better story.

It's not about gold exactly, but it does concern money and water.

Perhaps you have seen pictures of the fancy U. S. embassy that the State Department erected in New Delhi, India, a few years ago. At the time, it was a target of considerable criticism in Congress.

Well, sir, it seems that the project included an expensive fountain on the embassy grounds. And it now develops that the fountain thus far has been only a dry hole.

According to the subcommittee, it would cost about \$3,000 a year to operate the fountain. But the State Department has not been able to get up courage to ask Congress for the funds to maintain it.

Okay, fellows, here's what we'll do. Some dark night we'll cover Secretary of State Dean Rusk with a coat of gold paint and ship him to Fort Knox. Once inside the vaults he can surely resist enough bullion to liquify the arid fountain for a few years.

Then we'll hire a press agent to keep the whole thing quiet.

WASHINGTON (NEA) — With the election over, the President and his defense secretary must now make some hard military research-appealing decisions.

The nuclear balance of power between the United States and the Soviet Union is so unstable, some key Pentagon scientists say privately, that it could be upset quickly by three Soviet research breakthroughs:

—Development of an effective antimissile-missile network capable of handling massive attacks of extremely sophisticated ICBMs with a high rate of kill.

The concept these men have in mind would be long jumps beyond Nike-X. The antimissile-missile system they envisage might in fact clobber ICBMs a thousand or more miles from target or even before they were airborne.

The Russians are experimenting heavily with electromagnetic pulse and radiation from strong nuclear explosions for killing missiles in their silos before they are fired.

—Development of a family of ICBMs so accurate that more than half of those fired would hit within 500 yards of target.

The extremely large boosters available to the Russians make possible their use of larger, more reliable guidance systems. Russian technical literature indicates the Reds are putting a sizable chunk of top caliber manpower into improving their electronics and guidance.

Some scientists here predict this super accuracy guidance before 1972.

—Development of a military world-wide communications system invulnerable to electronic interference (electronic warfare countermeasures) or to radiation from nuclear blasts.

The Russians have been putting large sums into jamming and other electronic countermeasures. They have assigned large numbers of scientists to research on a series of way-out blue sky communications methods not susceptible to any known interference.

The worried U. S. scientists are not comforted by the thought that the United States now heavily outweighs the Soviet Union in nuclear weapons.

Unclassified studies include estimates that the United States now has more than

Bruce Biossat--Ray Cromley Political Notebook

50,000 nuclear weapons, compared with 5,000 to 8,000 in Soviet hands.

But these U. S. research men point out that regardless of this 1964 U. S. supremacy, and sizable American research and development expenditures, U. S. miscalculation on what research leads to push heavily, or better Russian guesses, or Russian luck, or more Russian funds could put the Reds ahead in one or all of these three key research fields.

There is deep concern here that the Russians are putting more money and effort in these key areas than is the United States.

U. S. research has gone all-out on "penetration aids" for ICBMs. Top Defense Department men are convinced the United States can devise ways to get missiles through, regardless of Russian improvements in antimissile defenses.

But despite this confidence, the Russians, if their research goes well, might be able to knock out U. S. missiles before they even get out of their silos. Then penetration aids would be of no value.

Or the Reds could knock out U. S. communications.

PTO Festival Committee Meet In Longwood

By Donna Estes
The Festival Committee of the Longwood Elementary School PTO met last Monday evening at the school auditorium to set plans. The event, to be the principal money making project this year of the organization, will be held on the school grounds, Nov. 21, from 4 until 8 p.m.

Proceeds will be used for playground equipment and beautification of the grounds. It was decided to elect a king and queen and prince and princess for the Festival through a penny-count vote for which containers are to be placed immediately in each classroom.

Chairmen and booths planned are Mrs. Billy Pascal, Mrs. Carline Pilolan and Mrs. Jo Kirkham, fish pond; Mrs. Jim Ensor, paintography; Mrs. Louise Bell, treasure hunt; Mrs. Pat Lyons, train ride; Mrs. Mary Lyons, tickets; Mrs. Carole Jacques, Corning Ware; Mrs. Joyce Lopez, country store; Mrs. Mary Elgin and Mrs. Eva Jo Hicks, cake walk; Mrs. Lydia Johnson and Mrs. Joanne Hubbard, cane game; Mrs. Mary McIntosh, basketball; Mrs. Robert Farmer, auction; Mrs. Emma Hope, wet sponge and Mrs. Lenna Young, Mrs. Elda Nichols, and Mrs. Pauline Stevers, food.

Mrs. Mary Rowell, as PTO ways and means chairman, is director of general planning for the festival.

Tea, Exhibit Set For Art Visitors

Speakers at a recent meeting of the Sanford-Seminole Art Association at the Culture Arts building were Mr. and Mrs. Arthur Andrus, local florists, who showed slides and pictures of gardens and interesting sites in Europe, Bolivia, Cuba and the United States.

The Andrus' commented as the pictures were shown, relating humorous incidents. Many of the shots were made here in their Sanford gardens at Celery and Cameron Avenue.

Mrs. Andrus supervises the design and planting of the home gardens which are noted for their picturesque color throughout the year.

Association members are reminded of the tea and exhibit for the convention visitors slated from 3:30 to 6 p.m. Friday at the Cultural Arts Building on Fifth Street.

There will also be two luncheons, Friday and Saturday in DeBary and exhibits and demonstrations will be set up at the DeBary Mansion and DeBary Community House.

The president's reception is slated for the Mayfair Inn at 8 p.m. Thursday.

The Awards banquet will take place at 6:30 p.m. November 21 at the Mayfair Inn.

Investiture Held By Girl Scouts

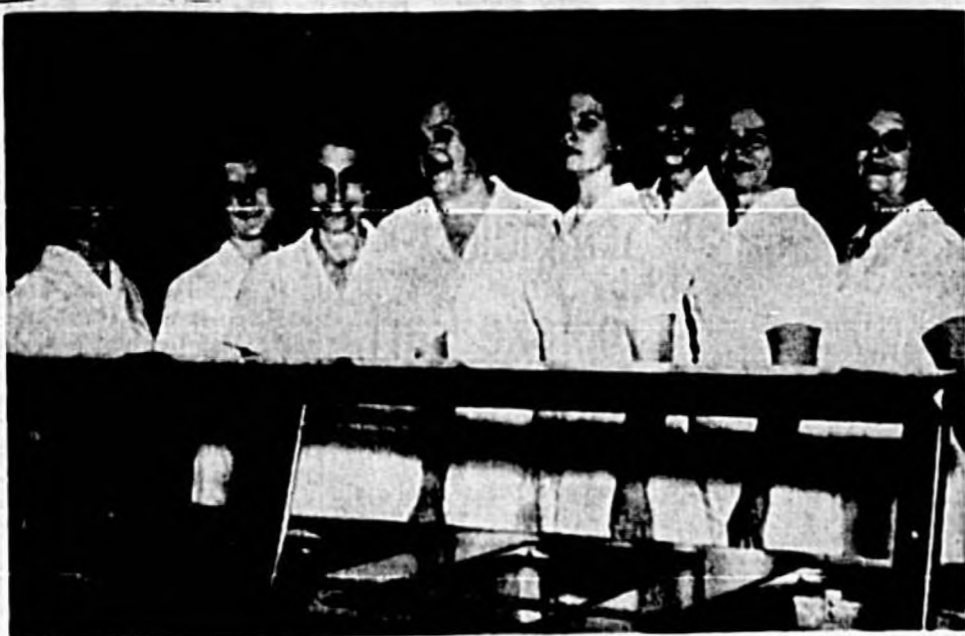

Members of Girl Scout Troop 202 recently held a fly-up and investiture ceremony with each girl reciting one of the Girl Scouts laws as she lit her candle.

Brownie Sharleen Priepe crossed the bridge into the Junior Troop and was rededicated. Other girls who were invested included Janet Mansfield, Laura Bracken and Nancy Tomlinson. Judy Mansfield and Lynn Stanley received their "home" badge.

Girls who received year pins included Nancy Biggs, Anna Marie Hof, Diana Mearson, Jacque Thompson, Becky Weber, Judy Mansfield, Pam Taylor, Bonnie Wisboldt, Lynn Stanley and Sharleen Priepe.

Card Party

A Touring Florida Card Party and Dessert will be sponsored today at 7 p.m. by the Auxiliary to the DeBary Volunteer Fire Department. The event will take place in the Fire Hall and is open to the public.

RECORD NUMBERS of student lunches are being prepared and served this year at Lake Elementary School by the lunchroom staff. Shown here with Mrs. Edna Humphrey, far left, teacher, members of the staff are, left to right, Marian Elliot, Peggy Galloway, Muriel Gardner (manager), Barbara Hickson, Betty Cunningham, Mildred Peters and Nellie Rose. Part-time worker, Edith Ellis, was not on duty at this time.

SOUTH SEMINOLE Junior High School Drama Club members are rehearsing a one-act comedy, "No Time For Skirts," which they will present next month. Among members of the cast are left to right, Kirk Riley, Diana Johnson and Jane Pugh. (Herald Photo)

Lunchroom Staff Commended

By Frances Wester
Recognition of a "job being well done and capably managed under circumstances of a greatly increased student enrollment" has been noted at Lake Mary Elementary School for the lunchroom staff.

An average of 453 children's lunches are served daily in the attractive cafeteria and in a recent monthly total the number reached 10,959. Extra milk sold to the children amounted to 6,161 half-

pint cartons over the monthly period. Meals are well balanced, nutritionally, and are served attractively.

If the percentage of lunches served reaches 70 per cent or above, a federal reimbursement of \$100 extra is received by the lunchroom. Mrs. Muriel Gardner, manager, makes every effort to maintain this percentage.

Mrs. Edna Humphrey, fourth grade teacher and publicity director for the school

this year, tells The Herald that a well-known specialty of the lunchroom staff is the delicious light rolls which, in addition to being served to the children, are a main attraction when included on the menu of special dinners taking place at the school.

The staff is widely known for its cooperation in preparing for special activities for the children such as parties, birthdays, special holiday menus and parent luncheons.

Thanksgiving 1964

"Anything for Thanksgiving?" How many times have you heard this plea for money or gifts on Thanksgiving Day from the children in your neighborhood? Too many times, probably. It got so bad that you were afraid to answer the door bell. With the repeated singing in your ears and the vision of a burnt turkey in your mind, you perhaps began to wonder just how this Thanksgiving custom of giving ever came about.

Well, it all started in 1621 when the Pilgrims celebrated the first Thanksgiving Day and invited the Indians from the surrounding wilderness to join them in partaking of the fruits of their first year's harvest. It was in this spirit of giving that the earliest Americans offered thanks to Almighty God for his goodness, mercy and bounty.

It likewise in a spirit of giving that you can thank God this Thanksgiving by donating to the Catholic Bishops' sixteenth annual Thanksgiving Clothing Collection, a nationwide appeal for serviceable used clothing, blankets, bed linen and shoes for the millions of destitute and ill-clothed living in the impoverished and underdeveloped areas of the world.

When the Thanksgiving Clothing Collection "rings" this November, why not open your door to the snow-eyed refugees from Red China crowd-

ed into Hong Kong, to the destitute millions in the emerging nations of Africa and in the unspeakable slums of Latin America, by clearing your closets and attics of all used or unwanted clothing, blankets and bed linen and giving them to the 1964 Thanksgiving Clothing Collection? Send or bring a bundle to the nearest Catholic church or rectory.

All clothing and other materials donated in the Thanksgiving Clothing Collection will be shipped abroad and distributed by Catholic Relief Services, the overseas aid agency of the American bishops, which operates welfare and relief programs, without regard to race, religion or color, in more than 70 countries.

Those who donate to the Thanksgiving Clothing Collection will have the satisfaction of knowing that they extended a helping hand to a neighbor in dire need. So, answer the bell this Thanksgiving and thanks by giving.

Thought For Today

Mark the blameless man, and behold the upright, for there is posterity for the man of peace.—Psalms 37:37.

Show me a man who makes no mistakes and I will show you a man who doesn't do things.—Theodore Roosevelt.

Dick West's

The Lighter Side

WASHINGTON (UPI) — It is often said that a certain profession would be more lucrative if it didn't have so much amateur competition. Can you guess what the profession is?

No, not brain surgery. The profession I am thinking of is press agency. Permit me to cite you an example.

The other day a press agent called me up and said, "I've got a great idea for your column. Have a cigar."

You don't find many press agents nowadays who hand out cigars over the telephone, so I begged him to continue.

He said, "I've got an English actress who is making an American tour. We're doing the whole thing in gold. She has a complete gold wardrobe, she travels in a gold limousine, she only stays in hotel suites with golden decor and she eats from a gold

plate with a gold knife and fork."

I said, "Max, baby, that's a beautiful concept. Pure poetry. It almost makes me weep. But it's too late."

He said, "Why?"

I said, "The election is already over."

He said, "We aren't plugging Goldwater. We're plugging 'Goldfinger.' It's the name of a movie. This girl, see, is mixed up in an attempt to steal the gold from Fort Knox."

"She has an affair with the secret agent and then gets murdered. She dies from skin suffocation after being painted from head to toe with gold paint."

I said, "Shucks, Max, that could happen to anybody."

This illustrates the point I was making. On the very same day that the press agent called, a congressional

subcommittee put out a report that in my opinion made a better story.

It's not about gold exactly, but it does concern money and water.

Perhaps you have seen pictures of the fancy U. S. embassy that the State Department erected in New Delhi, India, a few years ago. At the time, it was a target of considerable criticism in Congress.

Well, sir, it seems that the project included an expensive fountain on the embassy grounds. And it now develops that the fountain thus far has been only a dry hole.

According to the subcommittee, it would cost about \$2,000 a year to operate the fountain. But the State Department has not been able to get up courage to ask Congress for the funds to maintain it.

Okay, fellows, here's what we'll do. Some dark night we'll cover Secretary of State Dean Rusk with a coat of gold paint and ship him to Fort Knox. (Once inside the vaults he can surely heat enough bullion to liquify the arid fountain for a few years.)

Then we'll hire a press agent to keep the whole thing quiet.

TWILIGHT TRAIL

Bruce Bissot -- Roy Cromley

Political Notebook

WASHINGTON (NEA) — With the election over, the President and his defense secretary must now make some hard military research-and-development decisions.

The nuclear balance of power between the United States and the Soviet Union is so unstable, some key Pentagon scientists say privately, that it could be upset quickly by three Soviet research breakthroughs:

—Development of an effective antimissile-missile network capable of handling massive attacks of extremely sophisticated ICBMs with a high rate of kill.

The concept these men have in mind would be long jumps beyond Nike-X. The antimissile-missile system they envisage might in fact clobber ICBMs a thousand or more miles from target or even before they were airborne.

The Russians are experimenting heavily with electromagnetic pulse and radiation from strong nuclear explosions for killing missiles in their silos before they are fired.

—Development of a family of ICBMs so accurate that more than half of those fired would hit within 500 yards of

target.

The extremely large boosters available to the Russians make possible their use of larger, more reliable guidance systems. Russian technical literature indicates the Reds are putting a sizable chunk of top caliber manpower into improving their electronics and guidance.

Some scientists here predict this super accuracy guidance before 1972.

—Development of a military world-wide communications system invulnerable to electronic interference (electronic warfare countermeasures) or to radiation from nuclear blasts.

The Russians have been putting large sums into jamming and other electronic countermeasures. They have assigned large numbers of scientists to research on a series of way-out blue sky communications methods not susceptible to any known interference.

The worried U. S. scientists are not comforted by the thought that the United States now heavily outweighs the Soviet Union in nuclear weapons.

Unclassified studies include estimates that the United States now has more than

50,000 nuclear weapons, compared with 5,000 to 8,000 in Soviet hands.

But these U. S. research men point out that regardless of this 1964 U. S. supremacy, and sizable American research and development expenditures, U. S. miscalculation on what research leads to push heavily, or better Russian guesses, or Russian luck, or more Russian funds could put the Reds ahead in one or all of these three key research fields.

There is deep concern here that the Russians are putting more money and effort in these key areas than is the United States.

U. S. research has gone all-out on "penetration aids" for ICBMs. Top Defense Department men are convinced the United States can devise ways to get missiles through, regardless of Russian improvements in antimissile defenses.

But despite this confidence, the Russians, if their research goes well, might be able to knock out U. S. missiles before they even get out of their silos. Then penetration aids would be of no value.

Or the Reds could knock out U. S. communications.

Dr. Crane's Worry Clinic

Laura's report may surprise many of you parents but we mothers have become almost shock-proof in this sexual realm. For many mothers are so obsessed with the desire to be considered up-to-date, that they abort their children's immaturity. They think the words "wrong" and "immoral" are low-brow!

CASE U-431: Mabel G., aged 38, is president of a Study Club.

"Dr. Crane," she began, "at our last meeting I was dumfounded!"

"For three of our members were late. When I asked them what had delayed their arrival, they said they had taken their daughters downtown to a gynecologist's office."

"And, Dr. Crane, do you know why? Well, these mothers, who represent our supposedly better class families, had made these medical appointments so their daughters could be fitted with diaphragms to prevent conception."

"But the shocking part of it is the fact that these three girls are only 14, 14 and 16 years of age!"

"What's American coming to when mothers thus actively aid their daughters' promiscuous sexual behavior?"

When I was stationed at Smith College during the 1920s, the use of diaphragms was just being popularized among women.

And mothers from New York City would come up to Northampton with cartons of diaphragms for their college daughters!

In short, the mothers were helping abet the tobacco habit among their own daughters.

When I asked one of these included her daughter in diaphragms, she replied:

"Well, Dr. Crane, I want her to feel that we are pals. I don't wish to seem old-fashioned or fuddy-duddy, you know."

So there are still a great many mothers in America, often with college diplomas, who lack gumption or "horse sense."

They are so obsessed with the aim of being thought "modern" and "ultra ultra" that they even abet their children's delinquency!

And this case that Mabel describes is not unusual nowadays for we doctors are astounded at the callous disregard for the simple ab-rules of moral conduct.

It isn't fear of unwed pregnancy that should be the major deterrent to teenage sexual orgies, but the basic rules of God Almighty.

But God is often shunted out of modern life, just as our Supreme Court has even tried to declare God's book from our public schools.

Alas, many foolish parents seem to figure that if their daughter can be protected against unwed pregnancy and

venereal infection, then nothing else matters.

Diaphragms do not prevent venereal infection, which is now booming among teenagers all over America.

And I really mean "booming" for there has been 300 per cent or more increase in venereal disease in many of our major cities in the past few years.

Many "society" mothers, obsessed with the desire to be ultra modern, thus ignore telling their daughters that premarital indulgence is wrong for ethical reasons!

"That would make us look like 'squares' or as out-of-date as the dove bird," they protest, as if the terms "wrong" and "immoral" are low-brow.

Hoglet morality is now being paraded among human social circles as the sophisticated code of conduct.

Even Harvard has permitted girls in the men's dormitories for sexual purposes and educational leaders even defend such asininity!

Mothers, send for my booklet "Sex Problems of Young People," enclosing a long stamped, return envelope, plus 20 cents.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Barbs

By Hal Cochran

A common expression in a plastic surgeon's office: "Good morning, doctor, how about giving me a lift?"

For an auto mechanic every knock is a boost in the bill.

Over a billion pencils are sold in the U. S. every year, which is a lot of breaks for people.

Remember the old expression, "You're full of prunes"? Boarders never argued.

Beauty may be only skin deep, but make-up makes it deeper.

A firm was charged with jumping prices on tools. There's a much safer way to chisel.

Smart folks would never know when a grouch is frowning — they'd keep away from him.

When a woman marries a rich man, she may turn out to be just his little check girl.

Seminoles Bounce Back To Top Pioneers 27-7

'Deficits' Suffered By Tribe At First

By Julian Stenstrom
Herald Sports Editor

After the most dismal first half the SMS Seminole have played a quite a few seasons, the Tribe bounced back in the second half to completely dominate the Oak Ridge Pioneers and roll to a 27 to 7 Metro Conference victory in their final league performance of the season.

Whatever Coach Jim Pigott, Jim McCoy and Dick Williams said to their charges during the intermission, it was definitely effective. At that time the Tribe was suffering "deficits"—9 to 7, to be exact. But the case was worse than the score indicated. Seminole had talked only two first downs and had lost almost as much yardage as they had gained. Except for a 21 yard pass play—the next to last before the end of the half—the Tribe had about as much punch as an unconscious peep.

But the second half—well, Seminole didn't look like the same ball club. This was a different story. Oak Ridge put the first tally on the scoreboard in the second period as the result of a mid-field break. In the midst of a punting game, Seminole was guilty of roughing the kicker and this gave the Pioneers a first down on Seminole's 40. Dave Provensano, Rick Hoover and Frank Klum all had a part in carrying to Sanford's 24. At that point, Kim Menke flipped an aerial to John Cook who was brought down on Seminole's nine-yard line. Menke tossed a flat TD pass to Phil Higgs and Oak Ridge went ahead 6 to 0. Menke added the PAT with a perfect boot.

Outside of that action, the first half was lifeless. The second half started out in the same fashion until about midway in the third stanza Tribe quarterback Ron Hinson on a sneak, suddenly found himself in the Oak Ridge secondary. He side stepped two would be tacklers, picked up a blocker and did a bit of fancy downfield stepping before he was hit on the one. His jaunt covered 53 yards. Hinson himself went over for the TD and Bill Kuykendall's upright splitter tied the tilt in a knot.

Early in the fourth frame Seminole drove 66 yards to score when Hinson, who up to this point had a record of one pass completion in one try—decided to take to the air against the Metro club with the worst record in the league for pass defense. His decision paid off. On the drive, Hinson passed 23 yards to Mike Gray for Sanford's second touchdown. Again, Kuykendall added the point with a good boot.

Seminole got another drive underway midway in the final stanza which covered 53 yards. After moving to Oak Ridge's 27 with fullback Lee Sparkman, halfbacks Sonny Moore and Chuck Scott and Buddy Burton leading the way, Hinson decided to try the air again. This time it was a 27-yarder to end Larry Watson that paid off. Leading 26 to 7 with 2:27 left, Bernie Harbour received a Pioneer punt on his own 28, cut to his right, picked up a couple of key blocks, sped down the sidelines and finally cut back toward midfield when he crossed the twin stripes for the final score. Kuykendall's kick was good.

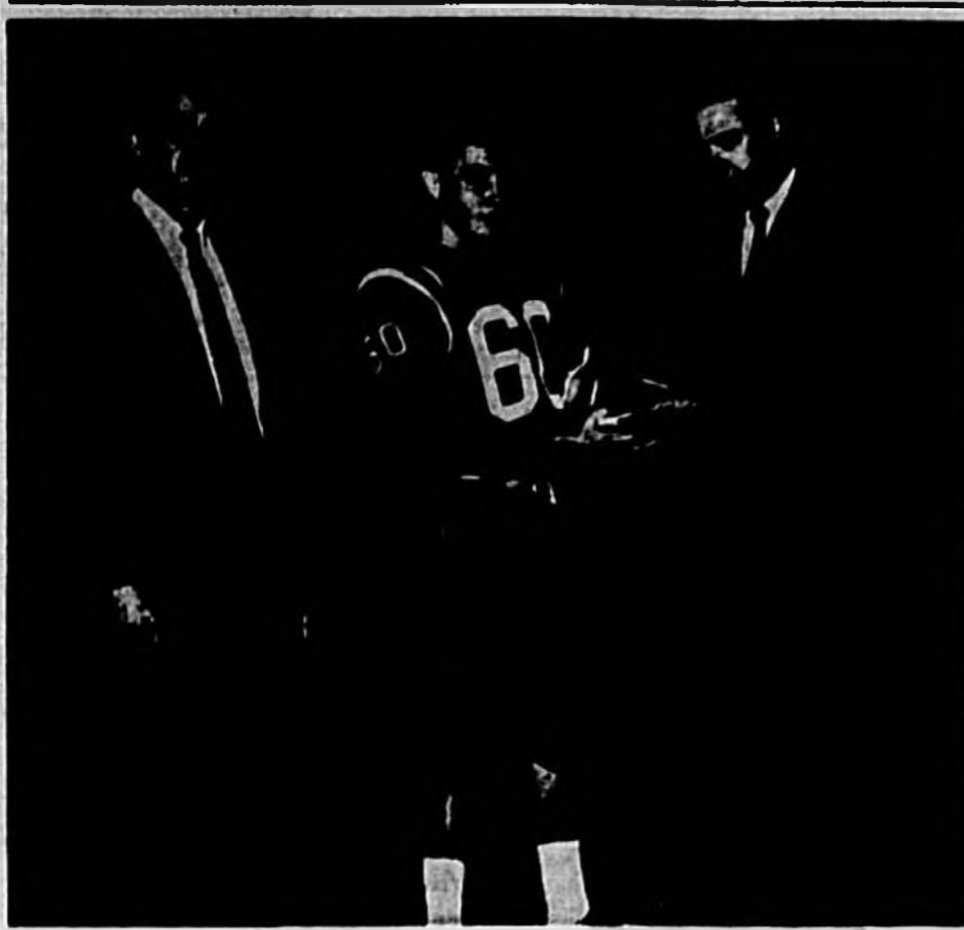

Seminole racked up nine first downs to seven for the Pioneers, rolled 203 yards on the ground and 83 in the air on three of seven completions, while Oak Ridge got 109 on the ground and 39 in the air on five completions of 15 tries.

Provensano led the Pioneers with 45 yards, Menke had 21 and Hoover 21. For Sanford, Hinson had a net of 54, Burton 43 and Sparkman 28.

Fight Results

MEXICO CITY (UPI) — Manuel Rodriguez, 145, Cuba, knocked out L. C. Morgan, 145, Youngstown, Ohio, (2).

MARSEILLES, France (UPI) — Sugar Ray Robinson, 163, New York, outpointed Jean Beltritti, 163, France, (16).

"PLAYER OF THE WEEK" award was presented to Joe Farless, Seminole High guard and back, for his performance against Lyman High. The presentation was made by John Ward (right), vice president of Sandler Homes. At left is Joe's stepfather, Windom Pickelstimer. (Photo by Wilbur Yarborough)

Player-Of-Week Award Goes To Joe Farless

Joe Farless, guard and middle line backer for Seminole High has been selected Player-of-the-Week for his outstanding performance against Lyman High School. The final score was Seminole 26, Lyman 6.

Jim Pigott, head coach of the Seminole, praised young Farless as "an honor student and a real team leader." Opposing players and coaches said of Farless, "He is a fine sportsman and has outstanding ability." This award was presented for his accomplishment of 12 blocks and 10 tackles, along with 12 assists during the course of the game.

Farless is the first player to receive the "Player of the Week" Sandler Homes trophy in Seminole County. The Sandler trophy was presented to Farless at the "Parents Night" game between Seminole and Oak Ridge, played on Seminole's home field Friday night. The proud parents of the young Farless, Mr. and Mrs. Windom Pickelstimer, were on the field for the presentation along with their honored son.

Sandler Homes presents a trophy to the high school football player chosen each week from entries submitted by all schools in Orange and Seminole counties. At the end of the season, a panel of sports experts from news media will choose one of these outstanding players to receive the final award from Sandler Homes of a \$500 scholarship to the school of the player's choice.

The award presented by Sandler will be given on the basis of playing ability, sportsmanship, leadership and need.

Along with young Farless' first award win for Seminole the County is further honored with another first in Sandler Homes new community of prestige homes at Robin Hill, located at the southwest corner of North Street and Palm Springs Drive, just south of Rolling Hills Country Club.

TURNABOUT — Bob Hayes, the world's fastest human, puts aside his Olympic medals and track gear to get in shape as a backfield star for Florida A&M.

Alabama, Texas Selected For Orange Bowl

MIAMI (UPI) — Unbeaten Alabama and the Texas Longhorns — both bowl wise and well-coached—will battle under the lights Nov. 21 in the 31st annual Orange Bowl classic.

The two collegiate titans, coached by Darrell Royal and Paul (Bear) Bryant, have appeared in a total of 31 past season bowl games. Each has yet to lose in the Orange Bowl with 'Bama winning three and Texas one.

It will be the first post-season bowl game ever played at night and a record television audience and a live gate of 72,000 is anticipated.

Royal's Longhorns were given the nod and accepted from Orange Bowl officials Saturday after their convincing 28-13 win over Texas Christian.

Under Southeastern Conference rules, Bryant's Alabamans cannot officially accept a bowl bid until their season ends with the Auburn game on Thanksgiving Day at Birmingham. But it's an open secret that the Crimson Tide, which defeated Georgia Tech 27-7 Saturday for its ninth win of the season, is ready to accept.

Texas, with only a one-point loss to Cotton Bowl-bound Southwest Conference champ Arkansas (14-13) to mar its season, will be favored over Texas A & M in the teams' traditional Thanksgiving windup.

Noga Gets Post

INDIANAPOLIS (UPI) — George Noga, 37-year-old manager of the pennant-winning Lunchburg (Va.) team of the Southern League in 1964, has been appointed manager of the Indianapolis Indians of the Pacific Coast League in 1965.

University of Miami has an almost perfect balance of offense and defense against rushing and passing. Miami has rushed for 723 yards... passed for 734. The opposition has gained 842 yards on the ground, 843 in the air.

It takes an expert to tell the difference between the palmeto fish and the pompano. Both fish, which are found in tanks at the Miami Seaquarium, are good eating, though the pompano is far more popular.

Lions Claw Frostproof 39 To Zero

By Marshall Lange
Herald Sports Editor

Couch Arthur Scott's frolicious Lions put their claws in deep Friday night and beat the Frostproof Bulldogs 39-0 in Oviedo's third annual homecoming football game.

The Lions, led by the fast running of halfback Billy Mikler, racked up their seventh victory and now have a 7-1-1 record.

Mikler started things off for the Lions early in the first period. Oviedo advanced 68 yards on the ground when Mikler took it for 20 and the touchdown. The Lions got busy again and, finishing off a 40 yard drive, quarterback Jimmy Courier took it to hit pay dirt again for the Lions.

The Lions had a 13-0 lead in the first when Mikler grabbed a punt, returned it 55 yards to score again for the Lions.

In the second stanza after Mikler ran 52 yards, halfback Bruce Dowlen carried for nine and the score, giving Oviedo a 25-0 lead at the half.

The Lions came back strong in the third and Mikler again set up a score. Mikler ran for 27 yards to the Bulldog three and Bellhorn carried for the touchdown.

Later in the same quarter the Bulldogs threatened by moving to the Lions' three-yard line. But the Dogs fumbled and Oviedo recovered to take over on their own five. Then came the big one. Mikler broke loose and went 96 yards for the Lions' final score.

The Oviedo defensive unit was in top shape Friday night, also. They held the Dogs scoreless and did an outstanding job.

Tim Colbert picked up all the points after touchdown with some pin-point booting.

The Lions grabbed 11 first downs to six for Frostproof. On the ground, Oviedo pounded out 321 yards while holding the Bulldogs to 103 plus 12 yards in the air on two completions of six tries.

Oviedo's ground game was working so smoothly that Courier, a deadly passer, didn't throw at all throughout the affair.

The Lions intercepted one Bulldog pass, lost one fumble, as did the Bulldogs.

Mikler's 192 yards set the pace for the Lions and Dowlen chipped in 73. Bellhorn got 49.

Series Tickets

Seminoles To Take Part In Elks Bowl

Seminole High School's athletic Director, Fred Ganas, said today that the Tribe will meet the Leesburg Yellow Jackets in the annual Elks Bowl classic Dec. 6 at Leesburg.

Ganas said that the game is still subject to approval by the Florida High School Activities Association but he expressed little doubt but that the tilt will be okayed.

Leesburg, defeated Friday night by the Colonial Greasers, 22 to 7, now has a record of seven victories and two losses. Meanwhile, Seminole dumped Oak Ridge Friday night, 27 to 7, to run its record to six wins, one loss and two ties.

Leesburg is a member of the Orange Belt Conference while Seminole belongs to the Metro circuit.

Resinger Named Jax Suns Head

JACKSONVILLE (UPI) — Grover Resinger has been named manager of the International League champion Jacksonville Suns. He replaces Harry (The Hat) Walker who will manage the Pittsburgh Pirates next season.

Resinger, who lives on a farm in Eolia, Mo., during the off season, managed Tulsa for the past two years, guiding them to third place in 1963 and to second place last year.

An 83-pounder is the largest Chinook salmon ever caught by rod and reel.

About Sports

Thinking Out Loud

BY JULIAN STENSTROM

If comparative scores mean anything—even a tiny bit—the Lyman Greyhounds ought to be shanking in their boots. Not long ago, Wildwood's Wildcats trampled all over Winter Garden Lakeview's Red Devils. Lakeview, in turn, stomped the Ocoola Kowboys of Kissimmee. Last

Friday night the Kowboys roped and hogtied the Greyhounds, 41 to 7.

This Friday night the 'Hounds must face the Red Devils of Lakeview and a week from Friday night they must meet the dreaded Wildcats of Wildwood. Fortunately, however, comparative scores—as we indicated—don't mean a thing and Lyman will be right there with bells on. Nobody is going to be foolish enough to pick 'em but you can bet that that 'Hounds and their coaching staff will give it everything they have.

Miami Model Is Bowl Queen

MIAMI (UPI)—Linda England, a 20-year-old Miami model, will reign over this year's Orange Bowl game between the universities of Texas and Alabama.

Linda competed as Miss Florida in last year's Miss Universe contest. The brown-haired, hazel-eyed beauty, who stands 5'10 1/2" in her stocking feet, said she will go after a degree in the fashion field.

Clemente Weds

SAN JUAN, P. R. (UPI)—Roberto Clemente, of the Pittsburgh Pirates, the 1964 National League batting champion, was married during the weekend to the former Vera Cristina Zabela, Pirates General Manager Joe Brown attended the wedding.

Talk about comparative scores, how about this one. Seminole knocked off Colonial 13 to 7. Colonial rolled over Leesburg Friday night 22 to 7. Now Seminole and Leesburg will meet in the Elks Bowl in Leesburg, Dec. 6.

Scores should make Sem-'nole a heavy favorite. But we'll go on record right now with this prediction: Sanford will have to play one of its best games of the season to win.

The Tribe now has a record of six wins, one loss and a pair of ties. Leesburg is seven and two. To us the Elks Bowl tilt shapes up as the game of the season for Sanford.

114 NORTH PARK FA 2-0331

The 'Jeep' Gladiator with 4-wheel drive has twice the traction of ordinary pick-up trucks.

Can you imagine a truck with 2-wheel drive handling mud this deep?

When a 'Jeep' Gladiator gets down on all fours, there isn't much in nature that can stand in its way. The 'Jeep' Gladiator with 4-wheel drive can get through stormy weather and rough terrain that would stop any conventional 2-wheel drive pick-up. That's because it has twice the traction. 'Jeep' Gladiators plow through snow, slush through mud, sail through downpours and give better control on ice.

And because it is built to take it, a 'Jeep' Gladiator is worth a mint when you get ready to sell it. It holds its value because it stays versatile.

Go to your 'Jeep' dealer and test drive a 'Jeep' Gladiator. Notice its passenger car smoothness. Then find a hill. A steep one. Try it halfway in 2-wheel drive. Now throw the 'Jeep' Gladiator in 4-wheel drive. And hang on. You'll know then what separates other pick-up trucks from the "Unstoppables."

Greyhounds Take 41-7 Lacing From Kowboys

Kissimmee Used Every Advantage

By Jim Boehm
Herald Sports Writer

The Lyman High Greyhounds, apparently not as far "up" as they were expected to be after their fine game against Seminole of Sanford a week ago, took a 41 to 7 lacing Friday night at the hands of the Osceola Kowboys at Kissimmee in an Orange Belt Conference encounter.

There was just no stopping the Kowboys who took advantage of every scoring opportunity and smacked down the young 'Hounds.

Offensively the Greyhounds didn't play a bad ball game. They rolled 127 yards on the ground and 38 in the air but defensively they couldn't contain the backfield brones of the Kowboys. Jim Crum, a junior fullback, picked up 151 net yards on the ground alone to lead the Kowboys' ground attack that registered an amazing 431 yards — a little more than a quarter of a mile. Too, they did pass once and completed that one for 18 yards.

But even so, Lyman was still in the ball game until well in the third period.

It all started when Kissimmee took over on their own 27. Crum, doing all the ball toting himself, crashed over from the three for the initial touchdown. This was in the first period.

Lyman fought right back and moved to the Kissimmee six-yard line but a penalty nullified this penetration. In the second Terry Roberts posted a 34 yard jaunt to the Ly-

simmes one. Ferrault went over for the TD and Gene Winkleman booted the PAT to put Lyman back into contention.

But staying in the game didn't last long. Crum took the ensuing kickoff and returned 60 yards to Lyman's 15. From there Roberts went over.

Lyman worked his way to Kissimmee's 20 but a fumble stopped the effort. In fact, the miscue was run back 50 yards to the 'Hounds' 25. At that point Crum passed to end Jack Tiser who later went in from the three.

With Kissimmee in charge on its own 34, Roberts rambled 66 yards for another touchdown. Kissimmee was on Lyman's one when the final gun sounded.

One Dead, One Wounded As Hunting Season Opens

MIAMI (UPI)—Monday is the third day of the 1964 Florida hunting season and already one man is dead and another lies seriously wounded in a hospital here.

When the season opened Saturday, its first victim oc-

curred near Half Moon Lake, about 30 miles east of Ocala. A hunter, though, as he saw a deer moving in the bushes and blasted the area with his shotgun, then found out he had fatally wounded another hunter.

The victim was Joe Allen

Stirling, a 20-year-old Coast Guardsman and native of Ocala. In the Miami case, Joseph A. LeBlanc, 36, an airline mechanic, was critically wounded when struck by part of a blast from a companion's shotgun.

"Candid Chatter"

By Doris Williams
Society Editor

NOW THAT THE BIG ELECTION is over, there were many humorous as well as trying moments. It seems that the driver, Mrs. H. L. Johnson (and Herald reporter) was in danger many times as her riders became involved in some hot and heavy debates. The GOP's outnumbered the Demos and on one occasion one energetic young lady yelled at the top of her shrill voice, "Johnson, once, Johnson twice, Johnson, all the way."

Mrs. Johnson replied, "Why, thank you, Mary."
Friends Mary and Cathy had some paper eating all outlined after the election for their opponents, but illness inter-

MRS. SWOFFORD

vened. Instead Mary wrote Mrs. J. and some of the students a note to quote: "No! History did not repeat itself. You all put up a good fight, but as you said, May the best man win, and he did! We have had a lot of fun with our campaign and we think you have, too. So don't be hard losers. Don't whine, go L.B.J. in '69."

THE HERALD OFFICE was filled with interesting people

during the entire campaign. One very attractive and conscientious lady, who was with her husband constantly was Mrs. Lawrence Swofford of Altamonte Springs. Mrs. Swofford was actually christened Missouri Belle at birth. She accompanied her husband everywhere and she stood behind him through to the very end.

PAT LARGEN

The Swoffords have four children, ranging in age from seven to 18, and they live in a sprawling lakefront home on Lake Florida in Altamonte Springs.

Our "Missouri Belle" holds office in various P.T.A. groups, is vice president of District 8 P.T.A., and is a member of the League of Women Voters and the Seminole County Democratic Women's Club. She is an avid gardener and loves water sports. Hats off to a gal with the faith and intestinal fortitude to hold her head high during adverse circumstances.

MRS. THOMAS (PAT) LARGEN was recently elected a representative of the Florida Division of the American Cancer Society from District 8. Mrs. Largen is the Lay District Delegate Director and Harvey Rester, M. D. from

Cleveland is Professional District Delegate Director.

This announcement was made at the 1964 annual conference of the Society, held recently in Orlando. This area includes six counties.

Pat and Dr. Rester will participate with area Society County Unit officers and committee members in conducting District education and volunteer training conferences and act as official representatives for District 8 at meetings of the Division's State Board of Directors.

One fact is for sure — Dr. Rester is fortunate in having the lovely Pat Largen as an associate in this worthwhile enterprise. Pat contributes much of her time to charity benefits in lieu of other social

MISS RUPRECHT

organizations. She feels the urgent need for more people taking an avid interest in our nation's killers, such as cancer, etc. There are always openings in this monumental field of research.

So once again, our hats are off to Pat Largen for giving of her services to benefit mankind.

ONE OF SANFORD'S POPULAR and well liked school teachers, MISS BARBARA RUPRECHT, Home Ec teacher at Seminole High, recently received the honor of being elected president of the Home Economics section of the Florida Vocational Association.

Miss Ruprecht received her B.S. degree from the University of Tennessee. She is a member of Delta Kappa Gamma, an honorary organization for women educators.

She has served on the Florida State Board of Home Economics for four years and is presently sponsor of the Future Homemakers Club and the Para Medical Club of Seminole High School.

Congratulations, Barbara, for a job well done.

WE ARE ALWAYS HAPPY to relay news from our students away from home. Two graduates of the 1964 class of Seminole High School were featured in a dramatic production last week at the South Georgia College at Douglas.

PENNY GLEASON, daughter of Cdr. and Mrs. Richard Gleason, and GWEN CHAMPION, daughter of Mr. and Mrs. T. A. Champion Jr., were both cast in the Grecian drama, "The Trojan Women," written by Euripides in 415 B.C.

From all reports, the production was fabulous, and our two Sanford freshmen performed to perfection.

Sanfordites Excited Over Tomorrow's Concert

An exciting evening of drama Tuesday will herald a gala social season for Sanford when the Mutual Concert Association presents the first event in its 1964-1965 series, "Comedy and Conflict".

To add to opening night festivities, lovely young members of Seminole High's Anchor Club, Helen Mann, Carol Besserer and Beth Morgan, have chosen their prettiest evening gowns to wear as they will greet and usher patrons to their seats. Also on hand with radiant smiles will be Glee Club members, Martha Kosky, Anna Lee Herman, Cathy Folds and Laura Jo Garrett.

And to make it an evening of all around artistic enjoyment, Miss Beth Hodgins and a number of her art students at the high school will have an exclusive showing of their pastels, woodblocks, etchings and engravings.

During intermission the opening night crowd can mingle with friends while drinking coffee and punch, which will be served that evening by members of the Lake Mary Woman's Club.

Sanfordites are not the only ones who have been excitedly making plans, for the patron list includes a number of out of town people. From Lake Mary the list includes Mrs. Volie Williams Sr., Lt. Cdr. and Mrs. Marshall Werner, Mrs. R. E. True, Mr. and Mrs. James E. Bires, Miss Sandi Bires, Cdr. and Mrs. R. W. Kennedy and Lt. Cdr. and Mrs. T. J. Doyle.

DALE ALEXANDER, son of Mr. and Mrs. Dale Alexander Sr., Eight Street, Lake Mary, recently pledged Delta Tau Delta Fraternity at Florida State University.

A '64 graduate of Seminole High, Dale is majoring in pre-dental and plans to enter Dental School after graduation.

MISS PATTY GLENN JOHNSON, talented daughter of Mr. and Mrs. C. W. Johnson, is a sophomore at Tift College in Forsythe, Ga. Patty is a member of the College Choir, and recently had the honor of soloing at the Georgia State Baptist Convention in Atlanta when the choir performed.

Patty is majoring in music and has many musical honors to her credit.

DAYTONA BEACH JUNIOR COLLEGE freshman, CHRIS HAUSCH has earned quite a distinction for himself.

Chris, a 1963 Seminole High School graduate is writing a political column for his school newspaper, "The Bappler."

The local young man, son of Mr. and Mrs. Allyn Hausch, is also editorial page editor and is gaining a name for himself with his informative columnist activities.

Chris' achievement is a little more unusual than it sounds, since he is majoring in advertising, rather than in editorial writing.

AS MOST OF YOU are aware, Herald County Editor JUDY WELLS is back at her post after an extended leave of absence due to major surgery. Judy is operating in full swing, with her head set attached as she types merrily on and on from our Herald correspondents in the county. Welcome home, Angel.

Jane Casselberry pinch hit for Judy and we became strongly attached to her and miss her, but domestic duties

Mr. and Mrs. Edward Allbright will come from Deltona, while Miss Sarah J. Burns and Mrs. Bertha Hardin will make the trip from Enterprise. A newcomer from Washington State, Mrs. John L. Underwood, was delighted to hear of the series and promptly made

MRS. ROBERT BESSERER is assisting daughter, Barbara, with fastening her glove as she decides on the perfect gown for the concert. The Besserer family is one of the many with season tickets.

prevent Jane from being a full time operator.

MILDRED STEMPER was in the Herald office recently and was wearing the most clever sweater this columnist has seen in many a moon.

The sweater was a white angora and Mildred had laboriously crocheted discs of multi colors of yarn and sewed them on by hand.

Reminds us of a gal we know, who doesn't even have time to thread a needle, but got some bright ideas for Christmas from Mildred's lovely polka dot sweater.

KAY BARTHOLOMEW is a gal who frequents the Herald office regularly, and whom everyone is always delighted to see. If Kay were a campaign manager, there is no doubt, her candidate would walk off with a landslide.

Kay has been doing publicity for the Mutual Concert Series, and if everyone within the radius of the Herald's circulation isn't aware that Tuesday begins the series, then it isn't Kay's fault. She has been in there pitching with all four hands and feet.

"Comedy and Conflict" promises to be an exciting production in the "kick-off" of the series Tuesday night. There are still a few season tickets available, so call Kay Bartholomew now before they are all sold and you miss out on the spectacular concert season in store.

Kay has been directly responsible for most of the newspaper publicity and some of her splendid original ideas have made interesting copy. So, Kay, we wish you all sorts of luck with this concert, and feel perfectly confident it will be highly successful.

SHOPPING IN DOWNTOWN SANFORD can be fascinating! Recently stopped in at one of the Department Stores to make a small purchase, and was yakking away as per usual.

The store owner looked up from a stack of boxes recently delivered to him and said,

210 E. First St.

plans to attend. Other newcomers to Sanford in Navy Circles who have become members of the Association include Lt. Cdr. and Mrs. Guy Johnson and Lt. and Mrs. Ronald Queen.

MISS HELEN MANN, standing, and Beth Morgan, both Anchor Club members, are admiring the dreamy formal Helen will wear to the concert. Both young ladies will serve as two of the usherettes.

Gamma Omega Schedules Past Matrons Of Eastern Star To Meet Tonight

The Gamma Omega Chapter of Epsilon Sigma Alpha met recently at the home of Mrs. Claire (Kirby) File. Mrs. Kathy (Henry) Tooke presided over the business meeting. Final details were planned for a coming program on communism to be presented by Dr. Luis Perez. The program is one of a series in the yearly program of "Wake Up and Participate."

The most important project of the season will be the annual Christmas Ball at the Mayfair Inn, December 28.

Anyone interested in reservations may contact Mrs. Hope (Jack) Schirard at 322-7427 between 5 and 8 p.m. A limited number of tickets are available.

Additional projects discussed and planned were wrapping Christmas presents at the Naval Air Station and "Have Santa - Will Travel." Detailed plans will be announced in the future for contacting Santa for house calls during the Christmas season. Nancy Davis and Betty Mann are making immediate plans for a jewelry fashion show for chapter members and their guests.

Those attending the meeting were JoAnna (Buddy) Bass, June Brodie, Kathy (Pe) Bukur, Nancy Davis, Claire (Kirby) File, Betty Mann, Ginger (Aubrey) Moran, Linda (Jim) McKee, Margaret Quarles, Pat (Terry) Smith, Hope (Jack) Schirard, and Kathy (Henry) Tooke.

Church Calendar

The Fidelis Sunday School Class of First Baptist Church will meet Tuesday evening at 8 p.m. at the home of Mrs. Joe Routh for its monthly business and social session. Members are urged to attend and to bring articles for the Thanksgiving basket.

A drawing closure plus two elastic grip fasteners are responsible for the smooth fit and wrinkle-free ironing surface of the latest ironing board cover and pad set.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I am 31 and a college senior. I could have had many dates last year but a boy on campus monopolized all my time and ruined my chances with everyone else.

What would be the best type of dress to buy for the winter? My husband goes to many civic dinners at hotels, etc., and I have to accompany him.

I would suggest a very simple street-length dress, with an open neckline, no sleeves and a jacket. Look for one with a touch of black sequins.

Horoscope Forecast

TUESDAY, NOV. 27, 1964

GENERAL TENDENCIES:

You can well use your head in the AM to decide just what you want to do in the days ahead, after which you can get busy and reduce these ideas to a very practical and down-to-earth working level in which exact sums of money to be used for your new arrangements can be set aside and material considerations resolved.

ARIES (March 21 to April 20) Discussing ideas, plans in best during AM hours, but actual cash involved should be handled in the afternoon. Take care of your health. You can then be more successful in business dealings.

TAURUS (April 20 to May 20) Confidently stick to your guns with the right people in fine during the morning, but be sure you put wheels in motion tonight. Analyze what must be done. Take time for a little social life, too.

GEMINI (May 21 to June 21) Contacting those allies who can be very instrumental in gaining personal aims is wise this morning. Then get busy at work to be done. Social life is best in late afternoon. Aid the afflicted.

SCORPIO (October 23 to November 21) Cooperating more with co-workers makes your work easier and you get through faster. Then you can be off with close tie to place you like. Efficiency shows big results.

LEO (July 23 to August 21) New methods for expressing yourself can be dwelt upon during morning with fine results. Be sure to get caught up on correspondence later. Afternoon appointments with important people turn out best.

VIRGO (August 23 to September 22) Contacting experts in your field who give best ideas for advancement is wise this AM. Be precise in doing your work. Know where you are headed and how best to get there.

LIBRA (September 23 to October 22) Many points are to be considered in today's discussions with partners, so be sure to come to right decisions. Think of their welfare as well as your own. Then you truly get together.

SCORPIO (October 23 to November 21) Cooperating more with co-workers makes your work easier and you get through faster. Then you can be off with close tie to place you like. Efficiency shows big results.

SAGITTARIUS (November 22 to December 21) Morning is the best time for recreation, but you must get down to work in the afternoon. Take time to improve health and charm. This helps you to have more poise.

CAPRICORN (December 22 to January 20) You can put conditions to right at home in early AM so that you can meet with pals later. Punctiliousness stamps you as a good citizen. Acquire the habit now.

AQUARIUS (January 21 to February 19) Your regular job can be very pleasant and your output great today. However, don't neglect making your home more comfortable, charming. Take pride in it.

PISCES (February 20 to March 20) Early morning concentration upon financial affairs can leave you with a free mind for recreation later. Listen to ideas of business experts. Follow them carefully.

IF YOUR CHILD IS BORN TODAY, at a very early age you will see that your youngster takes a terrific amount of interest in almost everyone and everything about him or her. The pioneering trait is very pronounced here. However, upon reaching middle age, the desire is to become well-established, especially in whatever has to do with real estate, bonds, etc. Solid citizen in this chart.

"The Stars Impel, they do not compel." What you make of your life is largely up to YOU!

Thanksgiving Is Theme Of UPW Meeting

Sacrifices of Thanksgiving was the theme of the devotion and program presented at the November meeting of Circle One of the UPW of the Community Presbyterian Church held at the home of Mrs. Robert Rugenstein, hostess, on Crystal Lake.

Members taking part were Mrs. Richard Keogh, Mrs. Ted Brooklyn and Mrs. Rugenstein. The program was closed with a Thanksgiving Prayer given in unison.

Mrs. Ed Zimmerman presided during the business session. Reports were given by the various committee chairmen. Mrs. Zimmerman expressed her appreciation of the part taken by each member of the circle for the year.

Special event of the evening was the presentation of a surprise birthday cake for Mrs. F. D. Anderson and Mrs. Bob Rugenstein. This was the prelude to a social hour and the cake was enjoyed by all present, served by the hostess with coffee and fruit punch.

Other members present were Mrs. Emma Hachara, Mrs. Beeson Beebe, Mrs. H. M. Cochran, Mrs. LuVera Harrison, Mrs. Ruby Linden, Mrs. Harvey Pugh, Mrs. John Reeves, Mrs. Joe Smathers and Mrs. Arilyn True.

Star To Attend Birthday Party

Don McNeill is coming back to Deltona to help the Macle-built community mark another milestone in its swift course of growth.

The genial host of radio's famed "Breakfast Club" will be on hand Tuesday when Deltona celebrates its second birthday anniversary. All residents of the community are to be invited to the party at 3 p.m. at the Elkcam Park community center overlooking Lake Monroe.

With the help of his wife, Kay, who appears frequently on the Breakfast Club, McNeill will signal the conclusion of Deltona's second year by cutting the community's huge official birthday cake.

Following brief anniversary remarks by McNeill and Elliott J. Mackle, executive vice president of the Deltona Corporation, refreshments will be served to all residents attending the event.

Westside PTO Meets Tuesday

Westside PTO will meet Tuesday at 7:30 p.m. at the school. Classrooms will be opened to allow parents to visit with teachers and a program featuring the children is planned.

All parents are urged to join the PTO and help their child's room reach its goal. There will be a door prize presented to the holder of a membership card with number picked at random. Room count winners will receive a cash prize. Refreshments will be served.

Film Highlights Health Meeting

A man's mental breakdown and his wife's struggle to get him the treatment he needs for a successful return to society form the theme of "The 91st Day," a film to be shown at the annual meeting of the Seminole County Mental Health Association at the County Health Department auditorium at 8 p.m. Tuesday.

4 Circles Meet Today, Tuesday

Four circles of the Ovidish Methodist Church WSCS meet this week. The Mary Martha Circle met this afternoon at the home of Mrs. Lynn Mosler and the Chapel Guild met at the home of Mrs. W. R. Week Jr.

The Morning Circle will meet at the home of Mrs. John Lundy Tuesday at 9:30 a.m. and the Bethany Circle at the home of Mrs. Hardin Webb at 8 p.m., Tuesday.

Mr. Jim Hobby is no longer associated with me in any capacity. I will not be responsible for any commitments made by him. E. H. McAlexander, Pres. Mace's Oil Company, Inc.

LES FILLES DU ROI of Forest Lake Academy recently announced that this year's officers are, left to right, front, April Kessell, treasurer, Connie Arnold, president; Angel Zagorsky, vice president; standing, Judy Leitner, Diane Moore, parliamentarians and Rissa Zagorsky, pianist.

NEWS STAFF of "The Reflector," Forest Lake Academy newspaper, was photographed on the way across campus for lunch break. Members are, from left, Fred Mingesinger, assistant editor; Leo James, news editor; Kay Hartwell, editor in chief; Margie Barnhart, feature editor and Lynn Nielson, assistant editor. (Herald Photo)

ENGLISH TEACHERS Mrs. Virginia Burney and Miss Dorothy Morrison are delighted at the prospect of avant-garde theater in Sanford when Jo Demond and Frank Wittow present "Comedy and Conflict" Tuesday at 8 p.m. in the Seminole High School auditorium. Wittow, of Atlanta, once taught Miss Morrison's high school drama classes in an Atlanta high school. This will be the first presentation of the season's Concert Series. (Herald Photo)

Adventist Meet Studies Methods Of Better Aid

The Dorcas Federation of Central Florida Seventh Day Adventist Churches held its semi-annual meeting at Central Church in Orlando, Oct. 25.

Guest speakers were Elder and Mrs. M. H. Jensen from the Eastern Depot which processes all relief boxes that go overseas for the needy. The Jensons gave demonstrations for proper packing for quick and easy dispersal.

Layettes were collected under the direction of Mrs. Kenneth Wright, state federation president, for hurricane victims in the North Florida district.

Presiding at the meeting was Central Federation President Mrs. Raymond Grentier. Purpose of the session was to study better ways and means of helping those in need.

Also in attendance was Elder W. L. Mazat, home missionary secretary for the State of Florida.

D. C. Howard Jr. Dies Sunday

David C. Howard Jr., 36, died Sunday following a heart attack.

Born in Sanford, he attended local schools and was graduated from the University of Florida with a MS degree. At the time of his death he was an engineer at Cape Kennedy and lived in Melbourne.

Survivors are his wife, Nancy, and three children, Nell, Glenn and Ann Carol, of Melbourne; his parents, Mr. and Mrs. D. C. Howard Sr., of Sanford and a brother, Donald, also of Sanford.

Funeral services will be Tuesday at 4 p.m. at the Methodist Church in Melbourne. Flowers are to be omitted and contributions given to the Crippled Children's Hospital of Melbourne.

Mize To Speak

Judge C. Vernon Mize Jr. will be guest speaker at today's 7 p.m. meeting of the Hear Lake Methodist Church Men's Club. The dinner meeting will take place in the Church Cottage.

Georgia's Gov. Carl Sanders was a visitor to Central Florida for the second time in less than a year when he and his wife were weekend guests of Mr. and Mrs. Wycliffe Knox at their home near Altamonte Springs. The Knox's entertained at a garden party Sunday afternoon with the Sanders as guests of honor. Not too long ago the Governor got in some hunting in this area.

Dr. M. A. NeSmith Jr. has returned from Atlanta, where he attended a post-graduate seminar on the management of fractures and other injuries.

Candy strippers of Seminole Memorial Hospital are having a car wash on November 21 from 9 a. m. to 5 p. m. at two stations — Dekle's Gulf service Station at 2518 French Ave. and Gombela's Sunoco Service Station at 200 South Park Ave. Proceeds will go toward buying an incubator for the hospital's infant ward. Tickets can be purchased from any Candy Stripper.

You say you don't have time to go to the Blood Bank and make a donation? Yes, you do — they're open from 3:30 to 8 p. m. on Monday, Tuesday and Thursday. Also from 9 a. m. to 2 p. m. on Wednesday and Friday.

Nobody seems to be interested in operating a bus line in Sanford, but the City is still sending out letters to bus companies asking if they would be interested. All replies so far say "It's a losing proposition."

M. A. (Fools) Yelvington, former City building official, now with the Fort Myers municipal government, was re-elected president of the Southern Building Code Congress in Mobile, Ala., last week.

Did you know at this time of the year the number of visitors each Sunday at the Big Tree Park, just off U.S. 17-92 on Gen. Hutchinson Parkway, average from 600 to 700 persons? How long has it been since you visited Big Tree Park?

Memo to Pete Knowles: What's the chances of getting a pedestrian cross-walk zone marked on First Street on either or both sides of the new traffic signal located at Oak Avenue?

If the parking meters are not returned, the posts could easily be used as standards for flying flags on holidays, etc.

Things - we - never - knew - till - now department: Soap will put the "zip" in a sticky zipper. And Clorox will put the shine back in tobacco-stained dentures. Just let the plates soak for five to 10 minutes.

Lt. Nancy V. Gramkow, Army Nurse Corps, of 128 West Onora Road, has been assigned to Martin Army Hospital at Fort Benning, Ga.

For the first time in rail road history, television will be installed for passengers aboard the Atlantic Coast Line's "Florida Special" when it begins its 7th season between New York and Florida on Dec. 17. Television receivers will be placed in all coaches, lounge and recreation cars.

The Clock reported Monday that the community planning conference to be held at the Langford Hotel in Winter Park and sponsored by the Central Florida Development Committee and the Sears-Roebuck Foundation is slated for Saturday. This was not correct. The meeting will be held Thursday and one of the conference leaders will be Seminole County Zoning Director Robert S. Brown.

United States Pressures Soviet Russia

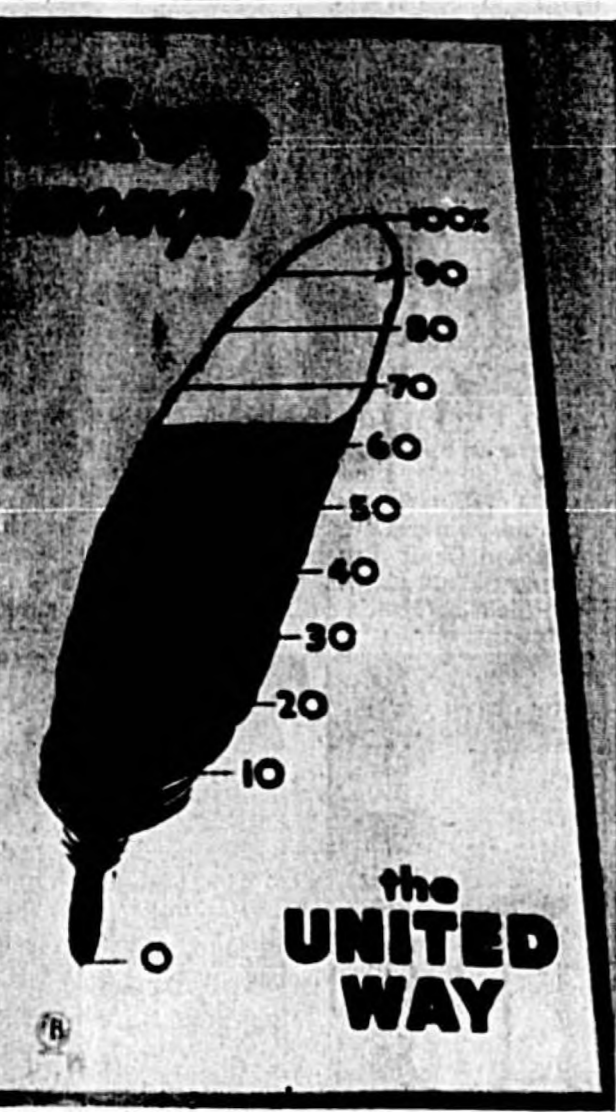

Seminole County on the St. Johns River "The Nile of America"

The Sanford Herald

Zip Code 32771

WEATHER: Fair thru Wednesday, fog at night and early morning; high 80-84, low tonight 55-62.

VOL. 56 United Press Lensed Wire Established 1906 TUES., NOVEMBER 17, 1964 SANFORD, FLORIDA NO. 323

SLOWLY but surely the United Fund Red Feather is becoming "red." Seminole County's benevolent residents have boosted donations to 62 per cent if goal for aid of UF participating agencies.

Fatal Air Crash Cause Is Probed

LAS VEGAS, Nev. (UPI) — Federal investigators today studied the flight recorder from a Bonanza airplane that crashed in a blinding snowstorm Sunday night, killing all 23 persons aboard.

Johnsons Mark Anniversary

WASHINGTON (UPI) — President Johnson puts aside affairs of state for a time today to observe an affair of the heart—his 30th wedding anniversary.

Sales Taxes Up In Seminole

Sales tax collections in Seminole County continued to climb in October, according to J. Ed Straughn, director of the Florida Revenue Commission.

Two Men Hurt

Two men were injured Monday at about 9:40 p. m. when the car in which they were riding rammied a tree at 18th Street and Oak Avenue.

Woman Wounded

Mrs. Eunice Howard, 35, of 1837 Knox Avenue, Lincoln Heights, was taken to Seminole Memorial Hospital early this morning with gunshot wounds of her left shoulder and right hip.

American GI Dies In Clash With Commies

SAIGON, South Viet Nam (UPI)—A U. S. Army Special Forces soldier was killed and another wounded today in a clash with Communist Viet Cong guerrillas 15 miles east of Saigon, an American military spokesman said.

news... BRIEFS

Lethal Moonshine
COLUMBIA, S. C. (UPI)—Bands of federal agents and state law officers swept South Carolina from the mountains to the ocean to stop the flow of poisonous moonshine that possibly has claimed eight lives.

Ike Ends Rest
AUGUSTA, Ga. (UPI)—Former President Dwight D. Eisenhower and his wife, Mamie, will return to their Gettysburg (Pa.) home today after a two-week rest at the Augusta National Golf Course.

Strike Threat
CHICAGO (UPI)—A federal mediator switched from one side of the tracks to the other today and slated talks with representatives of the nation's railroads in an effort to head off a threatened strike set for next Monday.

Ship Afire
MIAMI (UPI)—The Coast Guard said today a U. S. Navy destroyer was escorting to safe anchorage a burning British freighter that caught fire Monday night in the Bahamas while en route to Cuba.

7 Miners Die
SASOLBURG, South Africa (UPI)—Rescue workers today recovered the bodies of seven African miners from the Sigma coal mine. They said the remaining 16 trapped underground by fire had little hope of survival because of gas.

Youth Suffers Skull Fracture
Richard Hays, son of Mrs. Evelyn Cleary, of 619 West Ninth Street, suffered a skull fracture Monday afternoon when hit by a police car driven by Deputy Sheriff Silas Lacey.

Production Cut
United Press International — Ford Motor Company automobile production was cut to 10 per cent of normal today by crippling local strikes but the United Auto Workers (UAW) union was a giant step nearer to settlement with the strike-bound All-Chalmers Manufacturing Co.

THIS WARNING sign is NOT from some northern area now being swept by winter. Herald staffer Donna Estes did a "double take" while driving on Sanlando Springs Drive (SR 434) and noticed this sign, just outside of Longwood. It was hung there as "a gag" by a neighborhood boy two years ago at Christmastime. The sign reads: "No Parking While Snow On Street."

2 Moon Shots Set For 1965

SAN ANTONIO, Tex. (UPI) — The United States will take a double-barreled shot at the lumpy stomach of earth's surprisingly lively moon next February and March.

But the cloudy veil of Venus and the windblown "canals" of brother planet Mars are mysteries the U. S. government seems reluctant to tackle, despite renewed pleas by a group of top level scientists.

Ewen Whitaker, lunar research associate at the University of Arizona, said that the eighth and ninth Ranger payloads would be launched in February and March to try to get nearly 10,000 more close-up pictures of the moon. The probes are identical to the camera-carrying Ranger-7 that snapped 4,316 spectacular photos of the lunar surface last July.

The spoke to the Third International Symposium on Bi-astronautics, a group of space experts.

Whitaker said Ranger program scientists will meet Thursday at Jet Propulsion Laboratory in Pasadena, Calif., to begin selecting a lunar target area for Ranger-8.

He conceded the issue will create "quite a bit of hassling" but he added that "I am pretty sure we need to land in another Maria"—as scientists call the rolling lunar plains considered the

Wintry Blasts Sweep Across Northern U. S.

By United Press
Cold rain and snow blew across northern New England today while travelers' warnings still were hoisted in the snow-packed Central Rockies.

Two days of drenching rain posed flood threats to Kansas. Eight inches of snow were on the ground at Limestone, Maine, but the weather bureau said the early taste of winter would end during the day.

The New England snow storm was the northern fringe of a cold front that set off showers southeastward through Tennessee to Texas.

Skies cleared Monday night over the mountains of northern Arizona, where the snow piled two feet deep in spots, but snow continued to fall through the central Rockies and intermountain region.

Hazardous road conditions existed throughout western New Mexico but no highways were closed. Dozens of deer hunters were stranded across Arizona by the storm Monday and at least five were still unaccounted for today in the Prescott area.

In the northern Rockies, the temperature fell rapidly toward zero. Bozeman, Mont., reported four degrees above zero at midnight.

Flood waters spilled over central and southeastern Kansas lowlands today after two days of storming dumped up to 7.75 inches of rain on some parts of the state.

The Arkansas River was expected to crest up to six feet above its 10-foot flood stage at Arkansas City today and the Cottonwood was expected to hit its 20-foot flood stage at Emporia. The Walnut River was four feet above flood stage at Augusta.

Annual Pledge Of \$50 Million To UN Unpaid

UNITED NATIONS, N. Y. (UPI) — The United States withheld its annual pledge to UN assistance funds despite a plea from Secretary General Thant. The action was a warning to the Soviets to pay up their UN arrears.

Ninety-two countries pledged a total of \$71.7 million to a special fund for development projects and the expanded program of technical assistance, but without the pledges of the United States and Britain, the funds are nearly \$80 million short of their \$150 million goal.

The financial developments overshadowed a Security Council meeting on the Israeli-Syrian border clashes. The United States withheld its pledge, which usually amounts to about \$50 million, to apply pressure in the political showdown with the Soviet Union over UN payments.

The Russians refuse to pay their \$52.6 million share of the cost of the UN peace-keeping forces in the Congo and Middle East, contending that the forces were illegal.

The United States and Britain insist that unless some payment is made, the Soviets must lose their General Assembly vote when the assembly convenes Dec. 1.

Driver Escapes Drop In River

A Jacksonville man escaped injury at about 10 this morning when his car crossed the median on Interstate 4 and almost leaped off the St. Johns River bridge.

The Florida Highway Patrol said Carlos M. Anderson, 29, was following a huge flatbed truck when he attempted to pass it. Boards laying on the truck were pushed off by a gust of wind and one landed for the windshield of Anderson's car.

He spun the steering wheel, crossed the median and headed for the opposite side. Police said the car skidded along the top of the galling and finally halted at right angles to the northbound lanes just barely missing from going over the bridge.

The truck was operated by Sammy Kay Boyer, of Plant City, troopers said.

Permit Denied

Seminole County's Board of Adjustment met last night in the County Commission chamber at the Courthouse and formally denied a permit requested to establish an asphalt plant in the Des Pines Acres area.

REAR ADM. ROBERT GOLDTHWAITE (left), commander of all Naval Air Bases in the Sixth Naval District, presents the 1964 Cdr. John H. Bear Memorial Safe Driving Plaque to Capt. C. W. Swanson, commanding officer of Sanford Naval Air Station. Various commands at the station compete for the award each month with permanent custody going to the unit with the best annual driving record. This is the first year the Naval Air Station has won the award since it was begun in 1957.

Political Rally Set Thursday

A political rally sponsored by the Citizens of Altamonte Springs for Better Government, Inc., will be held at 7:30 p. m. Thursday in the building across SR 436 from Altamonte Post Office.

Candidates running for the district 3 and district 4 council posts, now held by Gene Stephenson and Donald Fitch, in the Dec. 8 municipal elections, will be asked to express their views and positions concerning city government and its operation.

Christmas Seal Campaign Open

The 1964 Christmas Seal campaign will be headed again this year by Carroll Burke, local attorney, it was announced today by Mrs. Lorraine L. Graham, program administrator, Seminole County Unit of the Central Florida Tuberculosis and Respiratory Disease Association. The campaign started Monday, and will run through Dec. 31.

Mrs. Graham, praising past achievements of Burke in public service projects, said the association looked forward to a record Christmas Seal campaign this year under his leadership.

Burke said he would immediately begin to organize forces for the annual drive, and invited volunteers to lend a hand. "I am confident," he said, "that the people of this community are with us and will extend their full support."
