

Summer School Is Underway At FSU

TALLAHASSEE, — More than 3,000 students are expected for summer school at Florida State University.

The campus' newest building, the \$2,100,000 library, is open for the first time and students registered in the comfort of its air conditioning.

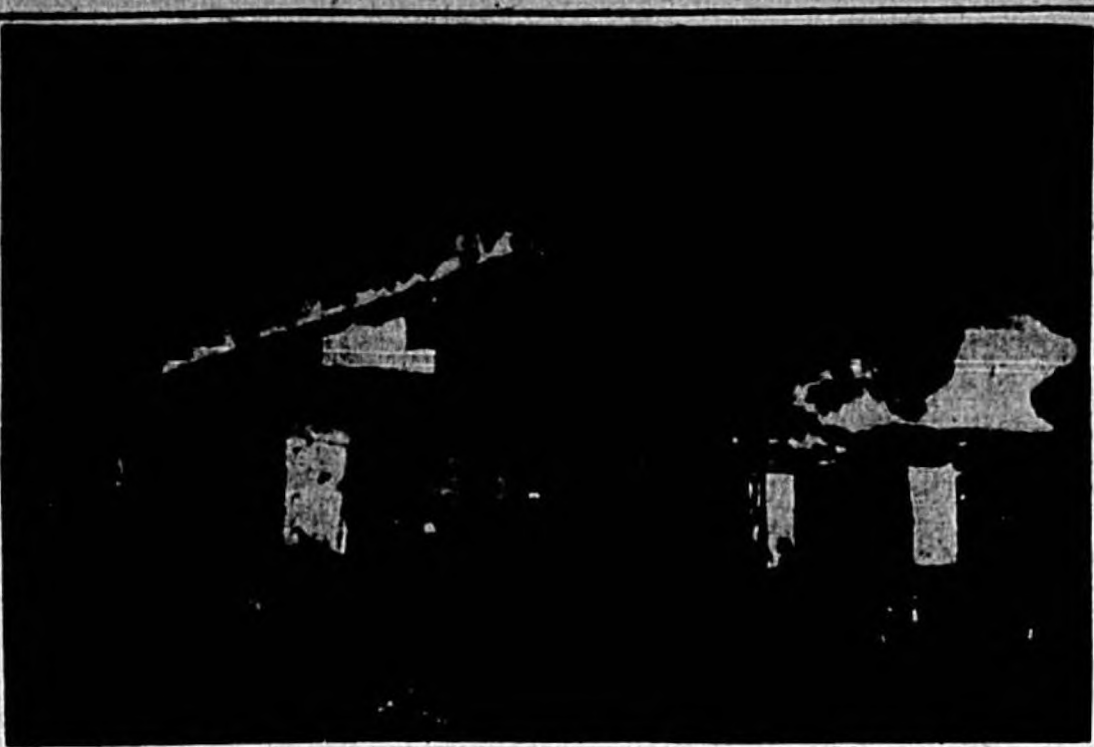

Many of the number, according to Charles H. Walker, the registrar, already have registered and paid their fees.

Those with registration details yet to be completed take their 1946 registration cards to the front entrance of the new FSU library at the time indicated on the card, he said, while those who have no registration material should inquire at 102-A Westcott for further information.

The summer student body is expected to be largest in the history of the university, he said.

A FINE THING!
CADIE, Ohio, 19 — A mistake but Donald Johnson and Albert Everett fine of \$200 and costs each. Police said the two stole five gallons of fuel for their car from a coal company. As they left, the car stalled and they were arrested.

The mistake: They stole diesel oil instead of gasoline.

GUY C. WARMACK'S home was destroyed by fire Saturday. Five Naval officers of SNAS discovered the fire. (Staff Photo)

STEAM LOCOMOTIVES SCARCE
KEARNEY, Neb., 19 — There appears to be a brisk demand for used railroad locomotives, the Kearney city council learned. The council asked the Union Pacific Railroad for a retired engine to be placed in one of the city parks. The railroad replied that because of previous demands from other cities, the supply of old engines is exhausted.

Ocean House Will Soon Be No More

HOLLYWOOD (AP) — Ocean House will soon be no more. Thus will be the most notable reminder of Hollywood's splendorous era.

That was the roaring 20s, when the booming film industry made millionaires out of movie stars. That was when you could live like a millionaire, too, as did Marion Davies. She poured \$3,250,000 into a beach home that has been called the Versailles of Hollywood, after the lavish palace of French kings.

Now the huge mansion is to be torn down. It will be replaced by a more up-to-date feature of American culture: a motel.

What a place it was! Fifty-five bathrooms and 37 fireplaces. Entire rooms from famous English mansions. A 110-foot swimming pool lined with Italian marble.

These were the surroundings in which the blonde actress entertained the movie greats and visiting royalty. The place consisted of five colonial houses nestled between the Santa Monica palisades and the Pacific sands. The present owner, Joseph Drown, plans to tear down the main house and two others to make room for a drive-in hotel. The other two buildings and the pool will remain as a beach club.

Recently I paid a last visit to the Davies mansion. It was a grey day, and no one was around the huge swimming pool, which operates as part of the Sand and Sea Club nowadays. Manager Thomas Huber said this will be the third summer that Ocean House has been closed.

80 MERCURY PHAETONS FREE

IN ED SULLIVAN'S \$425,000 MERCURY CONTEST

JUNE 11th - AUGUST 4th

1st PRIZE: MONTCLAIR PHAETON—one each week
2nd-10th PRIZES: MONTREY PHAETONS—9 each week
PLUS 300 G.E. PORTABLE TELEVISION SETS—25 each week
2400 ELON AMERICAN LIGHTERS—300 each week

MERCURY CAR BUYERS DURING CONTEST: MAY WIN A \$10,000 CASH BONUS

(See Official Entry Book for details)

SEE YOUR MONTREY PHAETON AT YOUR MERCURY DEALER!

On the main floor I found one ornate room after another. The dining room, reception room and drawing room came from Burton Hall, County Clare, Ireland, and all of them are 60 feet long. The gold room is the most dazzling. Antique mirrors line the walls and the columns and ceilings are still bright with the gold leaf that took New York craftsmen six months to apply. But some of the ceiling paint has cracked from leaks. Also on the main floor is a labyrinth of kitchens and pantries, each room as big as the average tract house.

The feature of the upstairs is the Marion Davies suite. The marble mantle, carved with wine-drinking cherubs, was from a 1760 Georgian mansion at Sutton, Surrey. The mural wallpaper cost \$7,500. The suite has twin bathrooms of colored marble.

VOLUME XLVII Established 1904 SANFORD, FLORIDA WEDNESDAY, JUNE 20, 1956 Associated Press Licensed Wire No. 123

RETIRING PRESIDENT BEN WADE of the Sanford Lions Club, turns the gavel over to newly installed President, Dallas Loop at Ladies Night and Installation Banquet last night at Jim Spencer's Restaurant. (Staff Photo)

Three-Car Accident Early Today Sends Five To Hospital

A three-car accident early this morning sent five persons to a hospital, all with minor injuries. The three automobiles which collided at the intersection of Highway 17-92 and State Road 386 were a total loss, according to Florida Highway Patrol Trooper T. Mark Mack who investigated.

The impact caused Jackson's 1954 Buick to slide sideways into a 1948 Buick that had stopped at the intersection of 4th St. The Buick was driven by Phillip Francis Eason, 39-year-old Winter Park man.

Those injured were (in the Buick) Bertha Grace Mecca, 53, who received bruises and abrasions about the head; and Mrs. Anna Koller, 45, who received minor back injuries.

Hunt-McRoberts Team Win 13-5

The final score of last night's softball game, played at the Fort Mellon Park stadium, was 13-5 when the Hunt-McRoberts team defeated the Wilson-Furniture Company entry in the local softball league.

Batteries for Hunt-McRoberts were C. O. Jones and Jim Pennington. For Wilson-Furniture, Tommy Suggs and Jack Ehrhard.

Other officers installed were: Edwin O. Keith, first vice president; C. E. Witt, second vice president; W. O. Livingston, third vice president; W. Hugh Duncan, secretary; Jack K. Morrison, treasurer; H. W. Rawls, tall twister; and Carl E. Williams, Lion tamer.

Officers Installed At Elaborate Banquet

New officers for the Sanford Lions Club were installed last night at an elaborate banquet and ladies night, held at Jim Spencer's Restaurant.

Ben Wade, retiring president, made his annual report and called on committee chairmen to report their activities.

Clyde Ramaty, chairman of the Sight Conservation Committee, told members of the club, their ladies, and visiting members that 25 eye examinations and 17 pairs of eye glasses were given to underprivileged children during the past year at a cost of \$346.50.

Thomas Stirling, chairman of the Light Bulb Sales committee, reported that 500 bulbs were sold for a net profit of \$300 in order to provide funds for the purchase of glasses and other youth activities of the club.

Wade reported to the club that 44 major activities to benefit our community, we have done a good job in sight conservation and light bulb sales, purchased a half-page ad in a Lions International magazine which was sent to every member of Lions Clubs throughout the world.

He also said that members of the Sanford Lions Club had attended five charity nights at Tavara, Unamilla, Delon Springs, Lake Helen, and De Bary. Wade thanked the Sanford Lions club members that "for the 29th consecutive year we have sponsored Junior League Baseball enrolling 340 boys. Jack Morrison was chairman of the committee.

Wade also paid tribute to the work of Clarence Welch, chairman of the Gum Ball Machine committee.

Just prior to closing out his year as president of the local Lions Club, Ben Wade said "We feel proud to belong to the Sanford Lions Club for we are part of the largest civic club in the nation—with clubs in 74 nations throughout the world spending millions of dollars for humanity."

Henry Witz, Jr., past-District Governor of District 35-6, and International Commissioner, and now of Fort Myers, installed the new officers, as he told each of them their duties and obligations.

Retiring President Ben Wade, as he extended the gavel to newly installed President Dallas Loop, said, "I have enjoyed serving you this past year and take this opportunity to thank the officers, committee chairmen, and members for their cooperation. I wish our new president all of the success in the world."

Dallas Loop, Manager of the Florida State Bank's Personal Loan Department, and the new Lion's Club president said, "I only hope that I will give you just cause for placing responsibility on my shoulders."

Tomorrow 1st Day Of Summer

The first day of summer will officially make its appearance at 5:24 a. m. tomorrow in the midst of a potential heat wave.

Already it is midsummer weather in Sanford, hot and humid, and possibilities of rains to cool off the already parched area very dim.

In other sections of the country: Severe weather was reported in sections of the mid-continent westerly belt. Thunderstorms, heavy showers, damaging wind storms and tornadic winds struck areas in the middle and upper Mississippi valley and northern plains.

Heavyest rainfall was reported in parts of South Dakota and west central Illinois. Falls measured nearly 4 inches at Plainfield, S. D. and nearly 3 inches in Illinois last night. Thunderstorms this morning were mostly in an area along the Mississippi River from St. Louis to Grantburg, Wis. but also extended into west central Illinois, southern Iowa and northwestern Missouri.

Temperatures in the Great Lakes region were 8 to 12 degrees higher this morning than 24 hours earlier and headed for the 90 mark.

Temperatures were mostly in the 60s and 70s in the cooler Eastern areas yesterday but they were in the 90s from Georgia westward south of the Ohio Valley into the plains. Readings hit 100 in Kansas and in the high 90s as far north as Miles City, Mont.

John Hunter Dies After Long Illness

John M. Hunter, 62, died at 8:30 this morning at his home on the St. Johns River, after an illness of three years.

Born March 29, 1894, in Charlotte, N. C., he had lived in Sanford for 50 years, 35 of which he engaged in farming on W. First St. He was a member of the First Presbyterian Church here.

He is survived by one daughter, Mrs. David M. Euple of Goldenrod; grandson, Matt Euple; granddaughter, Beulah Beulah Euple; two sisters, Mrs. William M. Colburn of Sanford and Mrs. Paul E. Miller, Charlotte, N. C.; two brothers, H. R. Hunter of Daytona Beach; and C. E. Hunter of Sanford.

Funeral services are to be at 3 p. m. tomorrow at Brison Funeral Home with Dr. J. B. Root officiating. Burial will be in Evergreen Cemetery.

Hospital Notes

- Admissions: Sally Bentley (Sanford), Mary Thompson (Sanford), Lily Spivey (Sanford), Lula Frazier (Lake Monroe), Joseph P. Smith (Sanford), Bertha Hagan (Sanford). Discharges: Andrew Livings (Fern Park), Eddie Workhen (Sanford), Mary Henderson (Sanford), R. G. Cole (Longwood).

De Bary Republican Club Hears Slate Of Directors

Cost Of Campaigns Estimated \$20,000

It costs money to take part in an election campaign, according to the after-election reports filed with Clerk of the Circuit Court O. P. Herndon.

With only a few of the final reports yet to be received, it is estimated that the cost of the local campaigns for public office nearly \$20,000.

Expenses, as shown on the final reports filed with Clerk O. P. Herndon, include filing fees as assessments by the Seminole County Democratic Executive Committee, as well as advertising, mailing of letters, printing of signs and campaign cards, the painting of signs and radio time.

Contributions to the campaign expenses of the candidates were also listed with the Clerk of Circuit Court as they were received and deposited to the campaign funds of the candidates. The majority of the candidates furnished their own expense money as evidenced by the reports now on file.

The expenses, as estimated from the reports as filed at the Seminole County Court House, were for the primary campaign and the runoff election and primary. Other expenses will be involved for the campaign, if, in the General Election in November there are Republican candidates who enter the race.

However, as has been the general rule, Democratic nomination in the primaries is tantamount to election.

According to the records, the following expenses were listed by candidates for the May primaries:

"Communist J. O. 'Slim' Gillevy, Constable Fourth District, \$500. In the Representative race, Thomas M. Biringer spent \$778.83; Wilson Alexander, \$640; Gordon Frederick, \$321.33; and Don Bales spent \$22.24.

Senator Douglas Stenstrom spent a total of \$244.74. In the race for County Commissioner, District One, Robert A. Bennett lists expenses as \$142.14; John Krider, \$148.83; W. Brown Miller, \$203.23; and Robert Billmeyer, \$120.28.

For County Commissioner, District Three, Lawrence Swofford lists expenses at \$143.24, and Otis Fourkire at \$350. In the contest for County Commissioner, District Five, Homer Little lists expenditures at \$223.23 and Gus Schmah at \$244.23.

Unopposed candidates for the Board of Public Instruction, District Four, C. F. Harrison and J. A. Bintliff filed expenses at \$20 each.

Candidates in the Tax Assessor race filed heavy expense statements. Rudy L. Sloan, \$1,923.90; Mary E. Earle \$623.79; Jack Stepmar \$901.19; Raleigh King \$223.23; and John W. Melich \$608.27.

Unopposed candidate for County Judge, Ernest Housholder filed expenses of \$400. Candidates in the contest for Clerk of Circuit Court spent heavily. Expense statements filed show incumbent O. P. Herndon spending \$51,452; R. A. Cobb, \$1,276.20; A. O. Roberts \$257.20; and Pitt Varner, \$1,103.

Unopposed candidate for Tax Collector, John Galloway filed an expense of \$400. (Continued On Page Eight)

Committee Chairmen Revealed

By MARY FOWLER The Republican Club of De Bary met last night in the firehouse and heard the proposed slate of directors for the six districts into which the organization had divided the village at their last meeting.

Presented over by W. W. Lins, president of the Farm Bureau group, the Board of Directors selected a chicken box lunch as the bill of fare for the annual get-together.

According to the report from last night's meeting, the picnic lunch will be served at 12:30 p. m. sharp when the members meet for the yearly fun gathering and outing.

The meeting was held at the home of the Farm Bureau president on Silver Lake.

Double post cards are being sent to the entire membership of 279 to determine how many of the members will attend the once-a-year event.

Present at last night's meeting was Bob Cox, field representative of the Farm Bureau and Ollie Williamson, Farm Bureau insurance specialist.

Airliner Crashes Into Sea In Flames

NEW YORK (AP)—A twin-engine airliner carrying 70 persons, including 10 Americans, plummeted into the sea in flames early today after reporting engine trouble. Rescue crews found no survivors immediately, but recovered one body and sighted others.

A Navy transport ship, the I. A. Robert Craig, radioed the report of the bodies from the scene of what apparently was the greatest disaster in regular airline service history.

A search for possible survivors continued off the New Jersey coast.

The four-engine Super Constellation crashed just 10 minutes before reaching safety at Idelwild airport, from which it had left about two hours earlier for Caracas, Venezuela.

It had gotten as far south as a point about 250 miles east of Norfolk, Va., before turning back. Two men, one of whom was a pilot, told a graphic story of the tragedy.

At 12:44 a. m. he radioed he could not "handle prop", meaning he was having trouble with a propeller. "At 1:25 a. m. he said he was 'dumping gas', a precautionary move preceding an emergency landing either on land or water, to reduce the fire hazard.

At 1:30 a. m. he came the final words: "Gas caught fire." A Coast Guard plane, which had rushed out of New York to escort the stricken craft back, reported the airliner plunged into the ocean with a "loud explosion" at 1:32 a. m. about 35 miles east of Aqueduct Park, N. Y.

Driver Swerves To Miss Train; Hits Power Pole

Power lines wave a network over streets of Oviedo this morning as a truck plowed into a power pole at the Seaboard Airline Railroad crossing near the center of the city.

Florida Highway Patrolman Carl Williams, investigating the accident, said the truck, a 1953 2 1/2 ton Ford, was completely demolished in the freak accident which involved only the motor vehicle.

The truck, driven by 27-year-old Willie James, an employe of C. E. Allen, a wood contractor for the Hercules Powder Company, was traveling west on State Road 434 when an approaching train caused him to lose control of the heavy truck loaded with pine stumps, swerve sharply to his left, and crash into the wood power pole.

The boom, used for loading the truck, struck the power pole first, snapping the pole at the bottom and breaking it in two other places and splintering a portion of the wood.

The cab of the truck also smashed into the pole which held a power transformer and many lines including a high tension line into the transformer.

Much of the power in Oviedo was cut off because of the accident.

The two Negroes in the truck, James and 39-year-old Mack Smith, said, "It was scary in there as first with all those wires crackling and splintering around us."

Both of the Negroes crawled out of the cab of the truck unharmed and without a scratch.

The accident occurred at 10:10 and held up traffic for at least an hour and a half. The train, a six-car diesel engine led by W. O. Shuman, was not hit and was not damaged in any way. The train was entirely across the road when it came to a stop.

Bystanders said that a car, immediately in front of the truck, had pulled into filling station at the intersection of the railroad track and highway, when the wood truck came from behind and crashed.

Only a miracle kept the two Negroes from being electrocuted when the transformer and wires, as well as the pole, fell on the truck as it careened over to the ground on its side.

Estimates of damage had not been made at 11:25 this morning, but had charges been filed against the driver of the truck.

Stranded Couple Touches Shore After 10 Days

ST. PETERSBURG (AP)—A California couple finally touched shore after being stuck for 10 days on a reef, battling the season's first tropical storm in their disabled boat and drifting for days without power or radio.

Mr. and Mrs. W. L. Phillips of the Museum of Man at San Diego, called from California a year ago for Central America.

The Phillips' schooner Blue Peter was driven onto Quila's Suena reef off Nicaragua.

With the hull leaking, they weathered the tropical storm in the Gulf of Mexico last week. They took turns manning the pumps—a thousand strokes to the watch.

High water drowned their power. Batteries and radios were dead. For four days the sun didn't shine and no sights could be taken. They steered by the stars.

About 100 miles off the Florida coast, herds of stinging mosquitoes enveloped them. They finally managed to drift into the vicinity of Egmont Key at the mouth of Tampa Bay and were towed in by a tug.

Are they through with the sea? Chippers and in good spirits, they're planning another cruise to Central America.

MILK INDUSTRY TO BE STUDIED

TAMPA, (AP)—A study of the state's milk industry is to be made by the milk and dairy study committee of the Florida State Chamber of Commerce.

The committee, holding its initial meeting here yesterday, will survey the milk industry from the standpoint of producers, distributors and consumers.

May Savings Bonds Sales Released

W. A. Patrick, Seminole County Savings Bonds Chairman, today released Florida sales figures on Series E and H bonds for the May accounting period. Series E figures came to \$4,483,390, which was an increase of \$410,709 or 10.1% over May 1955. Credits for purchases by federal employes also increased \$139,016, while H bond sales decreased \$538,000 to leave a net change of 2/10 of a percent gain.

Figures for the first five months of the year now are \$35,781,359, compared to last year's \$37,328,693, a loss of 4.2%.

Seminole County's a leading shows 1956 purchases of \$190,916 against \$175,948 in the first five months of 1955.

National figures for the year through May 31st show sales of \$2,348 million, off \$78 million or 3.2% from the comparable period of 1955.

The cash value of E and H bonds now held by more than 40 million Americans was \$40,322 million on May 31st, the highest ever attained since the program started in 1941.

MYSTERY CRUISER FOUND

TAMPA, (AP)—A mystery 14 foot cabin cruiser with a child's life jacket aboard was found in Old Tampa Bay near here yesterday.

Gerald E. Way, a fish camp operator, located the half-sunken outboard craft. Only clue to the boat's owner is a Coast Guard auxiliary sticker with the number 72222, but the auxiliary could not identify it.

Way said he dived in the area where the boat was found and discovered no clues or logs or equipment.

Weather

Partly cloudy to cloudy today with scattered showers, Thursday partly cloudy, widely scattered after-noon showers; low tonight 65-75.

SAFETY GROUP MEETS TALLAHASSEE (AP)—Gov. Calhoun's newly created advisory committee on traffic safety held an organization meeting with the governor today.

The governor set up the 17-man group to make a continuing study of Florida's traffic conditions and make recommendations for improving accident prevention activities.

—AN' THAT'S POPPY, THE YOUNGSTER! HE'S TRYING TO CATCH UP WITH ME!

—RIGHT, MONEY!

—OH, ON THAT HE GOES WITH THAT! HE'S GAINING IN! CAUTION! SOME TROUBLE!

—LITTLE LEAGUE!

IF I SEE YOU ANNOYING ANY OF THESE GIRLS AGAIN, I'LL THROW YOU RIGHT OFF THE BEACH!

WHAT'S WORST IS THAT WOLF FOLLOWING US AROUND!

NO—

NOW WE'RE BEING FOLLOWED BY A BARKER!

GOT TO BE CAREFUL WITH CLARENCE'S DISHES! THEY'RE FAMILY HEirlooms AND—HEY—!

WILL YOU TWO HAVE THE DECENCY TO STOP CLOWNING AROUND WITH CLARENCE'S BEST DRESS?

OH, ABE!—THE WAGGLES WANT US TO BABY-SIT WITH THESE DOGS!

—A DOOGH NURSE?

YOU'RE A DOLL TO KEEP ME COMPANY!

DON'T KNOW MY GONGS ALONG MEANT SO MUCH TO YOU!

I DEFINITELY HAVE BEING ALONE, THEY ONLY PAY ME FIFTY CENTS AN HOUR.

—BUT I GET TIME AND A HALF IF I HAVE A DATE!

THERE'S JUST ONE THING IN THIS HOUSE THAT BELONGS TO MY MURBANDY!

HIS GUN! NOW GET-OR-I'LL SHOOT!

YOU ASKED FOR TROUBLE! NOW YOU'LL GET IT!

WILL YOU HANG THESE THINGS ON THE LINE FOR ME WHILE I LUNCH?

SURE!

I NEVER SAW A MAN HANG UP WASH BEFORE!

I THOUGHT THAT'S WHAT WOMEN WERE SUPPOSED TO DO!

I HATE MYSELF WHEN I DO THINGS LIKE THAT!

Can X-Ray "Cure"?

Most people, when they think of x-ray treatment think of cancer, and perhaps this has proven to be the greatest contribution yet in a somewhat longer list of diseases that x-ray may indeed cure, or arrest, or even merely help. For x-ray is undeniably useful in ways that other medical methods, including the much newer "atomic medicines," have only begun to tackle.

The radiologist is the physician specialist who uses both forms of therapeutic aid, that is, both x-ray and other radiant energy including radioactive substances. This physician is usually trained to use x-ray for diagnosis as well as therapy though it is therapy only that concerns us here.

In treating cancer with x-rays, of course, the goal is to "fight fire with fire," to use it to destroy the malignant cells, while carefully protecting the normal working cells. X-rays are also sometimes used in this way against blood tumors and other tumors which are not malignant such as the leiomyomas growing in scar tissue, and help kill fungus infections. Sometimes x-rays are also a weapon against the overactive thyroid gland, known as goiter, or against overactive adenoids and tonsils.

The use of x-rays in properly selected dosages by qualified physicians has been successful against varying conditions, including acne, allergies, arthritis, buritis, overactivity of the sweat glands, shingles, sinus infections, and skin conditions of numerous kinds.

We must always bear in mind, however, that x-ray is a potent weapon and it should be administered by a certified radiologist.

A ROMANCE THAT BEGAN when they served together in Indochina ends at the altar for Genevieve de Galard-Terraube, the "Angel of Dienbienphu," and Capt. Jean De Heaulme De Beutsoog. Preceded by a group of young attendants, they walk under the archway to leave the Chapel of St. Louis in Paris. Father Paul Bith, who performed the ceremony, announced that Pope Pius XII bestowed the Apostolic dedication on their marriage. (International Radiophoto)

Judge Hocker Will Retire Sept. 1

OCALA — Judge F. R. Hocker, who has served in the 5th Judicial Circuit comprised of Marion, Lake, Citrus, Sumter, and Hernando counties since 1939, announced Monday he will retire Sept. 1.

Prior to becoming circuit judge, he was a member of the Legislature from Marion County, Ocala city attorney and president of the city council.

Judge Hocker, son of the late Florida Supreme Court Justice William H. Hocker, has been in ill health since June 1954. He has been attending to such court duties as his health would permit but has been unable to take his seat on the bench.

Judge Hocker has served two years of a six-year term to which he was elected in 1954. It will be necessary for Gov. Collins to appoint a successor for the unexpired portion.

During Hocker's illness, Judge T. G. Futch of Leesburg, also a judge in the 5th circuit, has conducted court sessions here except when judges from other circuits have been assigned to assist.

TAIL WITH A KINK
TOLEDO, Ohio — Mrs. Kirkwood's Perakinese caught its tail in the drive shaft of her washing machine. Firemen found the tail wrapped round-and-round the mechanism. They emptied the washer, turned it upside down and turned the shaft in reverse, and unwrapped. Mrs. Kirkwood says her pet's tail has a kink in it, but she hopes it won't be permanent.

SHERLOCK, HIMSELF
OLYMPIA, Wash. — One of the examiners for the state auditor's office is Sherlock G. Holmes.

September Is Set For Publication Of Economic Study

JACKSONVILLE — An \$11,000 economic study on the feasibility of the proposed cross-Florida barge canal will be ready for publication in September, the U. S. Army Engineers reported.

The study, authorized by Congress last year, has included field trips along the east coast from Charleston, S. C., to Flagler Beach, and on the west coast from Yankeetown to Pensacola. Presently a member of the team in Mobile, Ala., and in the next few weeks survey representatives will visit New Orleans and Birmingham.

President Roosevelt authorized construction of a cross state ship canal from Jacksonville to Yankeetown in 1935 but Congress changed the authorization to a barge canal in 1942. However, construction never started.

The Florida Ship Canal Authority asked for the new economic study because the economic data on the canal was more than a decade old.

Citizenship Day Is Set Sept. 17

WASHINGTON — President Eisenhower has called for wide observance of Sept. 17 as Citizenship Day so that "all our people may gain a deeper appreciation of the great heritage secured to us by the Constitution."

GUN COLLECTION
LYNCHBURG, Va. — Jake Benson thinks he has one of the finest gun collections in America. He began collecting in 1939, has more than 80 antique guns, the oldest a flintlock rifle made by Simon North in 1827. The oldest pistol in the collection is a Colt Dragon made in 1848.

THE REVEREND Jackson Buchanan, 87, and Sarah Field, 71, are shown during their wedding ceremony at Claremont, Calif. The Rev. Loyd Wirt (left), 83, officiated. The romance began two years ago when Rev. Buchanan made some waffles for Miss Field. Rev. Wirt, the oldest Congregational Minister in the United States, remarried at 88.

SEN. JOHN F. KENNEDY (D-Mass.), one of 12 persons to receive honorary degrees at Harvard University, Cambridge, Mass., chats with his brother, Edward, a member of the graduating class. The latter (right) received a Bachelor of Arts degree. (International)

State's Maternal Deaths Decrease

JACKSONVILLE — Florida's maternal deaths decreased from 157 in 1946 to 57 in 1955 a decline of 74 per cent, the State Board of Health reported.

Dr. R. W. McComas, director of the bureau of maternal and child health, said the rate is now approximately the same as that of the nation as a whole "and this represents considerable progress for the state during the past few years."

The death rate in 1946 was 28.7 per 10,000 live births. In 1955 when a record 89,192 babies were born in the state, the rate was 6.4.

The maternal death rate for non-white mothers remains considerably higher than for white mothers, the board said. Last year the rate for whites was 3.7 per 10,000.

REPORT IN FORM
JACKSON, N. C. — In a decade or so the Northampton County clerk of court will be needing a new supply of forms on which to issue capias ad testificandum.

Back in 1887, about 1,000 copies of the forms were printed. The clerk issued one in April of this year, leaving six on hand.

The form issued in April was the first one the clerk had needed in 10 years. A capias ad testificandum is an order for a person to appear in court and testify.

ANITA TREYENS, 18, a Parla model, wears a ribbon acclaiming her "Cinemonde 1956" as she plans to come to United States to compete in the "Miss Universe" contest. She was recently named official beauty enjoy for France at the pageant. (International)

Brando Enjoyed Trip To Orient

HOLLYWOOD — "I found so much to stimulate me that I couldn't begin to tell about it in one conversation."

This was a serious, thoughtful Marlon Brando talking about his recent journey to the Orient. He went there (1) to do research for a film about the United Nations and (2) to produce, and (3) to film location scenes of "Teahouse of the August Moon." Here are some of his observations.

"Americans don't even begin to understand the people of Asia. The average American couldn't tell you even three of the five main bodies of land that comprise Indonesia, what the capital is, what the natives' attitude toward the Dutch is"

"American prestige is dwindling among the free countries of Asia while the great masses of China and Russia are waiting to gobble them up. Our understanding of Asians will never improve until we get out of the habit of thinking of the people as short, spindly-legged, bucktoothed little people with strange customs"

RODENTS GO TO WORK
ST. PETERSBURG, Fla. — An aquatic rodent with webbed hind feet has been put to work here clearing lakes of vegetation.

The rodent, known in its native South America as Coypu, weighs 20 to 25 pounds and resembles the muskrat although it is much larger.

C. G. Hewitt, who imported a male and two females from Grapeland, Tex. by special permission of the Florida Game and Fresh Water Fish commission, said 17 states have imported the rodents to rid lakes and ponds of vegetation.

Their food includes water moss, water hyacinth, sword grass, bull rushes and duckweeds. Also, Hewitt reported, their meat is palatable.

One pilot of private planes dies for every 10,000 hours of flying.

FOUR ORPHANS FROM GREECE meet their new mothers at International Airport, Idlewild, N.Y., and receive some refreshment in their new homeland. The adoptions were arranged by the American Branch of International Social Service. The happy couples are (l. to r.): Mrs. Edward Vance with Mary, 11 months; Mrs. Ralph Lightbody with Keith, 7 months; Mrs. John Aidukonis with James, 15 months and Mrs. P. W. Irving with John, 20 months. One other orphan and 274 immigrants also arrived on the plane contingent.

Hospitality on the Highway!

Phillips 66

● A conscientious job of cleaning your windows all around is typical of Phillips 66 Service.

"Hospitality on the Highway" means more than just filling your car's gas tank or checking the oil. To Phillips 66 Dealers it includes maintaining clean rest rooms. It means having your car brushed out . . . your battery and tires checked . . . your radiator filled. It includes road maps if you need them. It means the desire to please you.

Your Phillips 66 Dealer believes that in the service he gives, as well as in the products he sells, "It's Performance that Counts." Drive in to your Phillips 66 Dealer's soon.

Luncheon Given In Restaurant

Miss Ellen Lyon and Mrs. A. L. Lyon entertained with a bridesmaid luncheon June 14 at Jim Spencer's Restaurant for the attendants of Miss Pasty Collins who was married June 16 to Eugene Stridger III.

Pink gladioli carried out the bridal theme. The hostesses presented the honoree with an orchid corsage after which she presented her bridesmaids and maid of honor with gifts.

Those attending were Miss Joni Saunders, Miss Junie Sauter, Miss Shirley DeBusk, Mrs. Collins, Mrs. Estridger, Mrs. Lyons and Ellen.

MRS. E. W. ABELL

New Church Scene Of Wedding Of Ann Leinhart, E. W. Abell

OVIEDO — Miss Norma Ann Leinhart and Erwin W. Abell, who were wed Friday evening, were the first couple to be married in the new Oviedo Methodist Church. She is the daughter of Mr. and Mrs. Max Leinhart and he is the son of Mrs. Geneva S. Abell and the late Mr. Abell.

Amidst a setting of palms, greenery and baskets of white gladioli, mums and snap dragons, the Reverend George C. Carlton performed the double ring ceremony that united the pair in holy wedlock.

The former Miss Leinhart was given in marriage by her father. She was lovely in a gown of imported embroidered organza, styled with a Sabrina neckline and brief sleeves. Self-covered buttons closed the back and the voluminous skirt was fashioned of tiers finished in scallops. Her fingertip-length veil of silk illusion was attached to a half-hat of tulle and lace encrusted with seed pearls. She carried a prayer book topped with a white orchid.

Mrs. Maxine Latimer, sister of the bride, was matron of honor. She was gowned in a ballerina length dress of pink perfection crystal-embroidered with deep round décolletage and bouffant skirt. She carried a crescent bouquet of lavender asters.

Patricia Lee and Kathleen Staley, cousins of the bride, were flower girls. Their gowns, made of pink dotted swiss, were identical, featuring fitted bodies with low neckline and ruffled hoop skirts. They carried baskets lined with pink satin and net and scattered rose petals in the path of the bride.

Wiley Abell attended his brother as best man; and ushers were Lex Abell, another brother, and Johnny Jones.

Nuptial music was rendered by Mrs. T. L. Lingo, organist, and J. H. Staley, aunt of the bride, and Merritt Staley, cousin of the bride, soloists.

The reception, which followed, was held at the Oviedo Memorial building. Mrs. Edward W. Stoner and Mrs. B. G. Smith received guests at the door and escorted them to the receiving line, which was composed of the mothers of both the bride and bridegroom, the bride and bridegroom, and the wedding attendants.

The serving table, overlaid with an imported linen cloth was centered with decorations portraying

The United States uses about a third of the world's goods and services.

Quiet Home Wedding Unites Betty Allman, James Benton

In the home of Mr. and Mrs. R. L. White Saturday evening at 7 p. m. Miss Betty Lou Allman and James H. Benton were united in marriage by the Rev. J. B. Root.

Mr. and Mrs. White are uncle and aunt of Miss Allman.

The bride is the daughter of Mr. and Mrs. R. J. Silinson and the groom, son of Mr. and Mrs. Rufus Benton.

Vows were repeated before an improvised altar flanked with white gladioli and fern. An open Bible was placed on a pedestal from which fell cascading white satin streamers. Crystal candle holders bore lighted white tapers.

Given in marriage by her father, the bride was attractive in a ballerina length gown of nylon tulle over white shimmering satin. The dress featured a strapless bodice and a fitted waist line with a nylon tulle jacket and cap sleeves. The jacket showed a rolled collar and satin covered buttons lining the front. Her fingertip veil fell to her shoulders from a Juliet cap. The young bride carried a Bible topped with a single white orchid which was showered with orange blossoms.

The matron of honor and only attendant, Mrs. John Benton, sister in law to the groom, wore a ballerina length dress of powder blue nylon tulle over satin with a matching hat. She carried a cascade bouquet of dahlias.

J. R. Presley, a friend of the groom, served as best man.

The bride's mother wore a strict length dress of pink linen with a corsage of carnations. Mrs. Benton chose a dress of dark silk crepe and a cainato corsage.

Reception followed the rites. The bride's table was overlaid with a lace cloth and held an arrangement of white roses and carnations.

The couple cut the three tiered cake which was topped with a mixture of bride and groom and surrounded by fern and white gladioli. On each end of the table were burning tapers in holders.

Those assisting were Mrs. J. R. Crow, presiding at the punch bowl and Mrs. George W. Carver Jr. cutting the cake.

The bride's book was kept by Mrs. Ana Hansen.

For a short wedding trip the new Mrs. Benton wore a blue sheer cotton creation with white accessories and the white orchid from her bride's bouquet.

The couple will reside at 1122 W. 4th Street.

Memo On Office Picnic

No doubt about it, if the next flip of the office calendar shows a scheduled date for a department or company picnic, someone has some planning to do.

To please everyone, the food committee will select foods popular with all and those that require a minimum of preparation or which can be purchased ready-to-eat. Sure to win a popular vote will be CHILI BURGERS, perfect for out-of-hand eating. Serve the thick chili between bakers' buns, ideal for holding a generous serving. Chili is not difficult to make for a crowd, particularly if one has a good quantity recipe that takes the guess work out of the cooking. Round out the menu with potato chips, cole slaw, relishes, soft drinks and ice cream dips cups and, if convenient, coffee for those who may wish it. This chili could be made in advance by the committee, to be reheated at the picnic.

Chili Burgers
 1/2 cup cooking oil or lard
 1 1/2 cups onion, finely chopped
 2 quarts beef, ground
 2 cups tomato puree
 1/2 cup sugar
 1/2 cup vinegar
 1/2 cup chili powder
 1/2 cup salt
 1/2 cup cumin
 1/2 cup paprika
 1/2 cup Worcestershire sauce
 1/2 cup ketchup
 1/2 cup mustard
 1/2 cup mayonnaise
 1/2 cup catsup
 1/2 cup relish
 1/2 cup pickles
 1/2 cup olives
 1/2 cup pickled onions
 1/2 cup pickled peppers
 1/2 cup pickled mushrooms
 1/2 cup pickled cucumbers
 1/2 cup pickled carrots
 1/2 cup pickled radishes
 1/2 cup pickled cauliflower
 1/2 cup pickled broccoli
 1/2 cup pickled cauliflower
 1/2 cup pickled broccoli
 1/2 cup pickled cauliflower
 1/2 cup pickled broccoli

Use two 16-inch skillets, dividing the ingredients evenly between the skillets as they are added. Put shortening into hot skillets and add onions and beef, using a fork to break up the meat. Sauté until well browned. Combine tomato puree, sugar, salt, chili powder, celery salt, cumin, Worcestershire, mustard and vinegar. Mix well. Divide tomato mixture and kidney beans, add to meat. Heat all ingredients together in the skillets and cover, or bake at 350°F. for 15 minutes.

To serve: Place hot Chili Burger mixture between bun halves. Long standing will reduce number of portions.

In 1954, only 200 Americans died from diphtheria.

Footnotes to fashion

Have you ever made a washable cotton dress, only to find that the binding faded or the snaps rusted? If so, you found out the hard way that everything that goes into washable must be color-fast, rust-proof and generally durable.

Experts at your local sewing center offer some tips on selecting sewing accessories that will keep your garments in good shape after dozens of tubbings.

Be sure your thread is fast color, whether it is nylon, mercerized cotton or silk. Synthetics call for nylon or dacron thread; silk thread is used on silk fabrics; mercerized thread is best for cotton, rayon or linen.

Linings and interfacings must be washed the same way as the outside fabric, so if your fabric is nylon or dacron use same kind of lining; for cotton fabric, use cotton lining, and so on.

For stiffening and shaping a garment, a new lining material called Pellon is generally satisfactory, since it is washable and holds its shape. Other choices are permanently stiffened canvas and crisp nylon net.

Be sure your tapes and bindings are fast color. Cotton seam binding is sturdy and washable, and a non-puckering bias rayon seam binding now is available in a color-fast version.

Hooks and eyes, snaps and grippers must be rustproof. Zippers, too, must be rustproof and should have color-fast tape.

If you use shoulder pads in your made-at-home clothes, they seem rubbery snap-in pads. Cotton shoulder pads, though washable, have a tendency to lose their shape.

Self belts are smart, but often present a laundry problem. You can solve this by using a double-layer cotton backing which can be purchased in a package with a washable buckle. Single-layer backing is available by the yard, and nonrusting buckles also can be bought separately. Covered

buttons must have rustproof backs.

Pearl, crystal and jet buttons are washable. Watch out for plastic buttons. Unless the package specifically says they are washable, they are likely to be damaged by hot water.

If you go to the trouble of making a dress, it pays to check all the details to be sure you get full use of it.

BIRTHS

Mr. and Mrs. B. F. Mills Jr. of Chicago, Ill. announce the birth of their second son, Christopher Alan weighing 8 lbs. 7 oz. June 15. Mr. and Mrs. B. F. Mills Sr. are the proud grandparents.

Home Demo Group Meeting Slated For Thursday Morn

Miss Myrtie Wilson, Seminole County Home Demonstration agent issued a special invitation to all members to attend the council meeting of the club to be held Thursday at the canning kitchen and club center on Geneva Ave.

The program will begin at 10:30 a. m. and "we hope business will be finished by 11:30 a. m."

Mrs. Lorraine Graham will talk to the members on County TB program and the 4-H girls who attended Short Course, Bette Jeanne Robinson of Longwood and Mary Ann Tesinsky of Oviedo, will discuss the course.

After the noon luncheon the County Dress Revue will be held with Mrs. Vincent Starecki, county clothing chairman, in charge.

BREAKING & CARDS

A TRICKY PAIR

Here's a card trick wherein you can demonstrate your prowess in dealing not one but two cards selected by someone in your audience. Take any twenty cards and shuffle them. Lay them out on a table, two at a time, until you have ten pairs of cards. If you wish someone to select any one of the pairs, asking the two cards a h i s mind. He does not tell you which pair he has selected. After he has made his choice, gather up the cards, pair by pair, into a single pack and place it face down in your left hand. Be careful not to separate any of the pairs. The trick is, of course, to identify the two selected cards. Imagine that on the table there is this arrangement of words:

**BIBLE
ATLAS
GOOSE
TRION**

Note that there are ten pairs of letters: B-T, A-L, G-O, O-S, E-E, T-R, I-O, N-A, S-E, and S-E. Begin turning up the 20 cards, one by one. Use the first card to cover the space where the first B would be, the second card to cover the second B of B-I-

Lavish Davies' Mansion To Be Torn Down Soon

By BOB THOMAS

HOLLYWOOD — In 1936, Marion Davies decided to create a beach home.

Before she was finished, the screen star poured millions into what became the most lavish show-place in the film colony.

It all started in the era when the film famous were going in for beach houses. Miss Davies wanted one too and chose a couple of identical buildings on the Santa Monica shore. She wired architect William Flannery to hurry westward to design a 15-foot hallway to connect the two buildings. The job was to cost \$7,500.

But one thing led to another. The rooms seemed to be too small, so they had to be enlarged. The new hallway made the ceilings seem too low. Someone suggested jacking up the second floor.

The blonde actress concluded: "Look, as long as you've gone this far, let's start fresh and do a real house."

When the main house was finished in 1930, the bill came to 1 1/2 million dollars.

How could a single house cost that much? It was easy in those lush, free-spending days. Agents shopped all over the British Isles to find rooms in ancient manors that could be wholly transported to the Davies home. Many of the 37 fireplaces were 200 to 300 years old. The chandeliers were hand-cut crystal from Tiffany's.

The balustrades alone took the efforts of 75 craftsmen carving for a year.

By the time Miss Davies completed the whole project, there were five buildings, including those to house her father, sisters and the 32 servants who staffed the place. The construction was reported to have cost over three million dollars and the furnishings to have added another four million.

For 15 years, the Davies mansion was one of the centers of Hollywood society.

In 1945, the actress tired of the huge home and moved to a more modest mansion in Beverly Hills. After auctioning off the furnishings, she sold the place in 1947 for \$600,000. Observers estimated that was about what the fireplaces had cost her.

Promoters tried to run the place as a private club, but soon met financial failure. In 1949, it was done over as a lavish hotel called Ocean House.

The hotel proved too costly to maintain. It closed down two years ago, with part of the property continuing as a beach club. The white paint began to peel from the once "gloriously white exterior."

Last month owner Joseph Brown

Steelworkers Start Bargains Today

NEW YORK (AP)—The Steelworkers union followed up a strike authorization vote by starting negotiations today with 11 steel firms individually.

The union on Sunday halted joint talks with the Big Three—U. S. Steel, Bethlehem and Republic—on the ground they were getting "nowhere."

Union teams were slated to negotiate today with Pittsburgh Steel, Inland Steel and Youngstown Sheet & Tube, and expected to have talks with all 11 firms by tomorrow.

Rounding out the 11 are Jones & Laughlin, Wheeling, Armco, Allegheny Ludlum and Great Lakes, a division of National Steel.

The 11 companies produce about 77 per cent of the nation's steel. All were understood to be standing firm for five-year contracts as proposed by the "Big Three."

Union negotiators were empowered to call a nationwide steel strike unless a contract agreement is reached by June 30, when present contracts expire.

AIR ALARM

OKLAHOMA CITY (AP)—Two detectives admitted they are not so hot at detecting fire. After turning in an alarm at a hotel they learned the "smoke" was only fried air from the hotel's air conditioning units.

SUNDAY DINNER Suggestions

RED meats seem to dominate the dinner table for a welcome variation, the A.P. Service for Home-Makers suggests this recipe for Lobster Pie. Melt 1/2 cup butter or margarine. Add 1/2 cup sherry and boil 1 minute. Remove from heat and add 1/2 cup cold cream and 1/2 cup milk. Beat 1/2 cup butter or margarine in top of double boiler over simmering water. Stir in 2 tablespoons flour and 1/2 teaspoon salt. Gradually stir in 1 1/2 cups light cream and the sherry mixture drained from the lobster. Cook, stirring constantly, until smooth and thickened. Beat 4 egg yolks well. Gradually stir in 1/2 cup hot sauce. Add to rest of sauce, mixing well, cook over simmering water 5 minutes, stirring constantly. Add lobster and turn into individual baking dishes. Sprinkle with mixture of 1/2 cup cracker meal, 1 teaspoon paprika, 2 tablespoons crushed potato chips, 2 tablespoons grated Parmesan cheese and 1/2 cup melted butter or margarine. Bake in slow oven (300 degrees) for 15 minutes or until well heated.

For dessert try this recipe for Layered Poundcake: Mix 4 ounces cream cheese, 1/2 cup confectioners' sugar and 1 tablespoon cream or milk until smooth. Trim off crust and spread it on a small round poundcake with some of the mixture. Cut off, spread slice 1/4-inch thick and get down, spread side up. Continue spreading and slicing until cake and mixture are used, filling up the spaces between. Spread with red jam. Garnish with bought whipped topping. Make 6 servings.

News Briefs

STUBBORN MULE
DURHAM, N. C. (AP)—Policeman C. J. Simpson tried to enforce an ordinance prohibiting stray mules. The mule kept out of reach during a long chase and finally trotted over the city limit line where it was out of reach of the Durham ordinance. Said Simpson's official report: "When said mule left the city, I stopped."

MEET OPENS
BRADENTON (AP)—How to increase beef sales and eradicate screwworm are two of the major items on the program for the mid-year meeting of the Florida Cattlemen's Assn.

The meeting opens this afternoon and ends Thursday.

Meeting in conjunction with the cattlemen tomorrow afternoon is the Florida Quarter Horse Assn.

SNEAKY SNAKE JUGGED
ASHLAND, Va. (AP)—Postal Worker Ned Smith Jr., captured and jugged a sneak thief caught tampering with the mail at the postoffice. The sneak was a two-foot long black-snake slithering around in a carton of baby chicks. Smith plopped the snake into a glass jug after the chicks had chirped the alarm.

SPARE YOUR TROUT HEAD
PHOENIX, Ariz. (AP)—A new ruling of the Arizona Fish and Game Commission requires that either a fish's head or tail must be left on until the angler gets it home.

Reason: Many fishermen had been cutting up fillets before they started home. A rainbow trout fillet looks just about the same as a verde trout fillet, even to a game ranger. But there is a bag limit of 10 on a rainbow, none on a Verde, which is a trash fish.

VINER IS EASTERN GOLF PRO NOW
INWOOD, N. Y. (AP)—Ellsworth Viner, former national amateur tennis champion, is an eastern golf pro now. He has assumed his duties as pro at the Inwood (Long Island) Country Club. In October he will return to the Tamarisk Country Club at Palm Springs, Calif.

This "gal" Gail, may not be a GALE, but she is certainly on the "Seaside" or should we say "SEESIDE"? Anyway, the charming Miss Gail Hester, reigning queen, "Miss New Smyrna Beach" will be stirring up some good admiration this year when she competes for the coveted title of "Miss Seaside Finesse." Highlighting the many activities in this colorful five-day event June 18-21 will be two contests in which comely charmers will compete. "Miss New Smyrna Beach of 1956" will be chosen Friday night at 8 p.m. and "Miss Seaside Finesse of 1956" Saturday night at 8 p.m. Both events are under the sponsorship of the Lion's Club. Winners will qualify for the "1956 Miss Florida Contest" to be staged at Sunshine Springs and Gardens in Sarasota.

VETERAN COACH QUILTS
SAN JOSE, Calif. (AP)—Walt Williams, San Jose State baseball coach, has resigned to enter private business. He ends a 34-year career during which time he helped develop former Yankee outfielder Myril Hoag and Stanford football coach Chuck Taylor. Williams was at San Jose State nine years.

COMMITTEE TO MEET
ORLANDO (AP)—The state Democratic committee will meet at Miami Beach Saturday to approve re-

cently elected national convention delegates and plan a fund raising dinner for the 1956 campaign.

Chairman James Mulligan said the dinner will be held prior to the convention in Chicago Aug. 11.

PRESIDENT NAMED
ST. PETERSBURG (AP)—The Florida Concrete Producers Assn. has elected Nelson Jones of Fort Lauderdale president, succeeding William J. Hicklen Jr. of Jacksonville.

Prairie Dog Reappears

HOBBS, N. M. (AP)—The prairie dog is still around. An intensive eradication campaign over the years had caused most of the colonies of the rodents near here to disappear, but ranchers report signs of life again.

County Agent W. G. Vinzant said that when a pair of prairie dogs return to an old colony, they can soon repopulate the lawn because there is no competition for available food.

SCHOOL WORK

RICHMOND, Va. (AP)—The Richmond public schools have bought from the Army for \$100 each three bulldozers which cost \$40,000. The schools hope to save money by doing their own grading for new school buildings.

asked for permission to tear down the main building and two others to erect a 30-unit motel. His request was fought by nearby residents Harold Lloyd and Darryl Zanuck, who claimed it would lead to deterioration of the beach front property. But the city of Santa Monica granted the hotelman's application.

Demolition is expected to begin at the end of summer, thus leaving a glorious remnant of Hollywood's past.

At Girl Scout camps this summer little girls live and play in the out-of-doors. In addition to the fun they have at camp, the Scouts learn good citizenship through the daily practice of responsible self-government in small groups.

LeMay: ICBM Is Out Of Proportion

WASHINGTON, Va.—Gen. Curtis LeMay, commander of this country's long-range bomber force, says the intercontinental ballistic missile ICBM "has been blown all out of proportion to its real importance."

"It is not the ultimate weapon," he told the Senate Appropriations Committee. "It will be another weapon in our arsenal."

LeMay, chief of the Strategic Air Command, testified in secret June 11. The committee received his testimony after it had been censured to prevent military secrets from getting out.

LeMay indicated doubt that the United States had developed an ICBM capable of speeding a nuclear attack to targets as much as 10,000 miles away. He said "we are hopeful" the United States will have both the ICBM and an intermediate range missile by 1958.

But even when the ICBM is a practical reality, LeMay said, "all our studies indicate that the most effective attack... is a combination of missile and bomber forces."

"The manned bomber," LeMay said, "will be in the picture for a long time to come."

For his closed door appearance, LeMay was quoted as urging appropriation of an additional \$500,000,000 a year for five years for purchase of B-52 all-jet intercontinental bombers.

The Appropriations Committee voted to increase Air Force funds by \$1,300,000,000 over the 15 1/2 billion the House had approved. The bulk of this, committee members said, was intended for stepping up B-52 production.

The censured version of LeMay's testimony showed that he expects Russia to have "twice as many of the heavy bombers as we have" by 1958. He also said that U. S. intelligence reports show that by that date "the Soviets will have the superior strategic air force."

On the other points, LeMay said the present 137-wing goal for the Air Force is "obsolete and should be changed." And to man properly even the 137 wings, the general said the Air Force needs about 225,000 men more than \$75,000 programmed for the next two years.

TEAM SELECTED
JACKSONVILLE, Va.—The four members of Florida's team to the national 4-H dairy judging contest were selected yesterday.

Laura Cameron of Duval County was top scorer with 425 points. Others making the team were Max Bebee, Palm Beach, 418 points; Sandra Dennis, Orange, 415; and Don Hanson, Leo, 388.

At Gainesville, Jimmy Moore of Marion County was named the state champion tractor driver.

Before World War I, there were no independent Arab nations, says the National Geographic Society.

Open Letter To Steve Allen

NEW YORK (AP)—An open letter to Steve Allen:

Word comes to this department that you're planning to book Elvis Presley, the hysterical shouter of rock 'n' roll, for your second regular weekly NBC-TV show Sunday evening, July 1. Why?

Until now I've refrained from joining in the chorus of public and critical condemnation of Presley's primitive exhibition on the Milton Berle show a couple of weeks ago. My theory is that characters like Presley thrive on a bad press. The more they're condemned, the more people are aroused to watch and listen to them.

Obviously, however, my thinking that something unpleasant would go away if ignored was wishful and foolish. For now, so soon, you apparently plan to bring Elvis the Pelvis back to a national television network to titillate teenage girls and cause numbskull boys to imitate him.

I'm not taking a moral stand in this case. Better watchdogs than I already have bayed a warning and the patrols are out. My purpose in asking why you are booking Presley has another basis. Your television career has been marked by a high sense of humor and a great respect for talent. Presley certainly is not funny—though that is not my complaint against him. My argument against his appearance is simply lack of talent. I can't for the life of me see why you want to have such an untalented buy on your program.

A very small but very noisy minority of the immature have been infected in recent years by the digga-boom convulsions known as rock 'n' roll. There is no talent involved in their rigorous efforts at self-torture.

Possibly you feel that Presley should put on one of his performances on your program because he is somehow an "American phenomenon." There are lots of American phenomena. One, for example, is Niagara Falls. You could train TV cameras on the Falls for five minutes and you'd have a phenomenon all right—but you wouldn't have much of an audience left. Because the Falls, for television purposes, are untalented and noisy all wet.

CITY MANAGER RESIGNS
AUBURNDALE, (AP)—Joe N. Crowder, a former state representative, has resigned as city manager of Auburndale to become city manager at Stuart.

MRS. LLOYD EISENHOWER, wife of President Eisenhower's nephew, admires her newborn daughter in San Francisco Hospital. The infant's father, an attorney, is the son of the late Roy Eisenhower. The child was named Anna Garber. (International Soundphoto)

RUNOFF
DAYTONA BEACH, Va.—P. K. Beck, 16, of Chiefland, and J. W. Manley, 18, from Fort Meade, were in the runoff today for president of the Florida Assn. of Future Farmers of America.

Beck, nominee of the state executive committee, led the first primary balloting yesterday with 120 votes. Manley had 60.

FOR FOOTBALL WARDEN MUSCLES
NORTHFIELD, Vt.—Two Norwich College football players seem to have their summer jobs mixed up.

Little Nick Spagnoli, all of 165 pounds and a quarterback, is shouldering bricks as a hod carrier. But big Bill Engle, 235-pound tackle, is limiting his exertions to a screwdriver and a pair of pliers as a telephone repairman.

PODRES FITTING FOR NORFOLK TARS
NORFOLK, Va.—Johnny Podres, who has finished his boot training at Balnbridge, Md., is looking forward to finishing the baseball season with the Navy Tars, a team made up of Norfolk Naval Station and Service Force command.

The pitching hero of the Brooklyn Dodger World Series conquest of the New York Yankees says:

Cost Of

WATER FLOWED FROM AROUND the coils of an illicit whiskey still captured and destroyed yesterday by Federal and State Beverage agents. Sheriff Denver Cordell and State Beverage Agent A. W. Ansley look on and State Beverage Agent Wise destroys the apparatus. (Staff Photo)

A 200-GALLON ILLICIT WHISKEY still being destroyed by Federal and State Beverage agents yesterday. The still was located within sight of the Old Chulucota Schoolhouse in Seminole County. Sheriff Denver Cordell looks on. (Staff Photo)

Ensign Clause Is Taking Advanced Pilot Training

Navy Ensign William C. Clause, son of Mr. and Mrs. W. C. Clause Sr., of Route 1, and husband of the former Miss Norma Kay Harvey, daughter of Mr. and Mrs. R. L. Harvey, all of Sanford reported to the United States Naval Air Station at Corpus Christi, Texas on May 24 for approximately six months of advanced pilot training in Advanced Training Unit 101.

Before receiving his gold wings and Naval Aviators designation Ensign Clause will undergo a course of night, formation and instrument flying, gunnery and bombing exercises in the Navy's new "Fletcher" jet fighter and the "F-2," a two-seated jet trainer.

He was graduated from Seminole High School in 1931 and from the University of North Carolina at Chapel Hill, in 1933, with his Bachelor's degree in Physics.

He received his basic and preliminary training at Pensacola.

Truman Receives Honorary Degree

SANFORD, England (AP)—Harry Truman, who was too young to go to college, yesterday received an honorary degree from Oxford, one of the world's oldest universities.

Truman filled the eyes of the former U. S. President when Lord Halifax, chancellor of the university, conferred the degree of doctor of civil laws with this eulogy: "Trust of allies, direct in your speech and in your writings, and give a pattern of simple courage."

Truman smiled, shook up and then quickly whipped out a handkerchief and blew his nose.

"Never, never in my life," he whispered to a reporter, "did I ever think I'd be a Yank at Oxford."

He had explained to correspondents that his father's business reverses had prevented him from going to university or to a boyhood on a Missouri farm.

Asked by a reporter how many honorary degrees he had received Truman replied:

"Only God, I must have a couple of 'em. But this is really a big one."

Officials Destroy 200-Gallon Still

Federal, State, and County officials swooped down on a 200-gallon capacity moonshine still operating only 200 yards from the old Chulucota schoolhouse yesterday.

The still was destroyed and 15-gallons of moonshine whiskey poured out by the raiding officers.

Federal Agent W. C. Goodman, State Beverage Agents William L. Wise and A. W. Ansley, along with Sheriff Denver Cordell destroyed the still, oak barrels, and 5-gallon jugs, as well as all still equipment found in the cleverly concealed location.

The Federal Agent watched the still in operation for two hours before closing in on it.

LeRoy Long, whose home is located only two blocks from the site of the still, and only one block from State Road 436, was notified of his arrest. Long according to Federal Agent Goodman, ran from the still when officers approached. However, they met him as he arrived at his home to notify Long of his arrest.

Twelve barrels of mash were destroyed at the still which, according to the officers, had been in operation approximately four to five weeks.

The burners used charcoal and piping was constructed from galvanized metal gutter pipe.

The still location was imbedded in a shrub which had been grubbed out with two well-worn paths leading from the schoolhouse. A pump to furnish water for the still's operation was sunk about 15 feet next to the coils.

Federal Agent Goodman said that a Federal charge would be placed against LeRoy Long and he would be tried in Federal Court.

Sheriff Cordell said yesterday afternoon that the officers, along with himself, had spent several days in the area searching for the still.

Meeting Of FSL Directors Called

Florida State League President John Krider has called a directors meeting to be held at Grandma's Restaurant in Orlando tomorrow afternoon at 5 o'clock, just prior to the annual all-star game at Tinker Field at 8 o'clock.

Krider has also announced the sale of Umpire LeFrier to the Eastern League and the signing of Bill Tutes, DeLand High School coach and Robert Foster of Rushville, Ind., as replacement for Bill Steinecke and Andy Anderson who left the umpiring staff this week.

Large Group Plans To Attend Jaycee Summer Confab

Plans are being formulated for a large delegation of the Seminole County Junior Chamber of Commerce to attend the Summer Conference of the State Jaycees to be held in Miami Beach August 24-26.

The local Jaycees will make a bid for the Fall Conference of the statewide organization to be held in Sanford.

The delegation will campaign during the conference to aid in the bringing of the conference here.

Population Gain Continues

The gain in population in Seminole County is continuing at an unprecedented rate, according to the latest quarterly report of the Florida State Board of Health.

The report, covering the period January through March shows that there were 237 births in the county with only 92 deaths recorded. Of this number, only six of the deaths were infants.

According to the same report there were 78 marriages performed in the first 90 days of the year with court proceedings declaring 43 divorces or annulments.

Records of the Florida State Board of Health show that in the 237 births recorded in Seminole County 120 of them were white and 117 colored.

Infant deaths noted in the Florida State Board of Health report were one white and 5 colored.

The resident deaths in Seminole County, as shown by the Board of Health's January through March report, noted 10 causes of various types.

Death from heart disease heads the list and claims the greatest number which is shown as 30.

The next greatest cause of death in Seminole County is from cancer, which claimed 15.

Other causes of death were: tuberculosis two; diabetes three; influenza and pneumonia three; Cerebral Vascular disease eight; chronic nephritis four; all other cardio-vascular diseases three; motor vehicle accidents three; and other accidents five.

Road Board Okays Advancing Of Funds To Study Causeway

REPRESENTATIVE MACK N. CLEVELAND JR. delivers two checks totaling \$694,596 to Clerk of Circuit Court O. P. Herndon. The checks are for double the amount of money set by Court appointed appraisers for the acquiring of right-of-ways from Orange County line to Five Points. (Staff Photo)

Jan. 1 Date Seen For Bids

Action by the State Road Board was taken yesterday to approve the advancing of primary funds to pay for a feasibility study of the proposed causeway linking the French Ave., thoroughway with U. S. Highway 17-92 from Orange City to the St. Johns River across Lake Monroe.

A preliminary survey, made without cost by Norman Bryant, revealed at an April meeting of the Seminole County and Volusia County Boards of Commissioners that the new route from Orange City to Sanford would shorten 70 1/2 by 4.1 miles.

The proposed causeway, which has been under consideration and proposed on several occasions as far back as 30 years, was first, this year, proposed by John Krieger, City Commissioner and Seminole County Commissioner-elect, and then on April 17 proposed to the two Boards of Commissioners, of the adjoining counties by State Road Board member William H. Dial.

J. Bradley Odham and John Krieger were responsible in keeping attention drawn to the proposal which resulted in the presentation of the causeway construction.

Cost of the causeway would be, according to preliminary estimates about four and one half million dollars which would be paid by a toll charge over a period of 25 to 37 years.

The money used for the survey and feasibility report would be repaid from the bonds or from the toll charges when construction is authorized.

Route of the proposed new highway from Orange City to the St. Johns River would follow closely the Orange City-Enterprise road.

Proposal of the causeway has received wide acclaim both in Seminole and Volusia Counties and would offset a limited access highway which has been under surveillance and would bypass DeLand, Orange City, De Bary, Sanford, Lake Mary, and Cassberry.

It is possible, also, that the new routing of U. S. Highway 17-92 would be an access road to the Central Florida Turnpike to Orlando to Daytona Beach.

Norman Bryant, the engineer making the first preliminary survey, without charge to either the State or the two counties involved in the building of the highway and causeway, stated at the first joint meeting of the two Boards of County Commissioners, that he would be prepared to let bids for the project by Jan. 1, 1937, if allowed to go ahead.

Plans, at present, include two six-acre islands off the causeway for fishing, boating and recreation.

Local Girl Scores Hit At Orlando Rotary Club Meet

One of the biggest ovations ever accorded a person appearing on a program at the Rotary Club of Orlando was the one given little Miss Allyson Lee, 11-year-old daughter of Mr. and Mrs. John L. Lee of this City upon her appearance yesterday afternoon at the weekly meeting of the Orlando Rotary Club held in the Chamber of Commerce Building.

Nearly 200 Rotarians and their guests, many of them from distant states, were amazed and thrilled at the technique of the "tiny teenager" as she played several numbers that would have done credit to an artist twice her age. She held her audience spellbound and after having played five numbers and an encore, was given applause that delighted her and her parents, who were guests at the meeting.

Allyson was introduced to the group by Charlie Morrison, member of The Sanford Herald advertising staff, who told some facts about the training and interests of the young concert pianist.

Right-Of-Way Checks Here; Amount Doubled

Checks to double the amount of money set by the Court appointed appraisers for the payment of right-of-ways on 17-92 were received this morning. Representative Mack N. Cleveland, who is also County Attorney said.

The receipt of the two checks which total \$694,596 assures that the construction of the four-lane highway from the Orange County line to Five Points will get underway.

State Road Board Member from the Fifth District, William H. Dial, said recently, that the project would be started around July 1.

The two checks, one for \$474,595.20 and the other for \$220,000.80, were received this morning in the office of O. P. Herndon, Seminole County Clerk of Circuit Court.

The money represents double the amount necessary for the acquiring of right-of-ways from the Orange County line to Five Points. Representative Cleveland pointed out.

It is expected that the project will get underway within the next ten days or two weeks.

Twining To Have 'Interesting' Visit

WASHINGTON (AP)—Gen. Nathan F. Twining, Air Force chief of staff, said today on leaving for Moscow that the Soviets have given him an "interesting" itinerary for visits outside the Russian capital.

Twining also told reporters as he boarded his plane that he would like to ride in Soviet warplanes.

He said he was given last night an itinerary for his visit which made it "clear" that he and the nine officers accompanying him would go out of the Moscow area after the formal air parade next Sunday. The Soviet government invited him to Moscow for an air celebration.

Circus Dance To Be Staged At Celery Crate Tonight

A Circus Dance will be given tonight by the City Recreation Department at the Celery Crate in the Sanford City Hall for Junior High School students only.

The theme of the dance will follow a circus event. It will begin at 7:30 and continue until 10:30 p. m.

Schirard Is Boys' State Councilman

Joseph Schirard of Sanford was elected Councilman at 1934 Florida Boys' State now being held on the campus of Florida State University.

Joseph Schirard is one of 425 outstanding high school juniors from all parts of the state who are attending this week-long course in learning government by practicing it.

Boys' State, sponsored by the American Legion, is held on the campus every year. Mythical governments of 16 cities are formed and operated for the rest of the week under the supervision of experienced counselors.

180 New Polio Cases Reported

WASHINGTON (AP)—The Public Health Service today said 180 new polio cases were reported last week, only four more than the preceding week.

"The increase was not as much as could have been expected during this period of seasonal rise," a health service spokesman said.

However, he again declined comment on whether this reflects use of Salk polio vaccine.

The 180 cases last week compared with 263 for the week a year earlier and 294 for the corresponding 1932 week.

The report showed there had been 1,133 polio cases this disease year, which started about April 1, compared with 2,033 a year ago.

Weather

Partly cloudy through Friday, scattered showers and thunderstorms mostly during afternoon; low tonight 65-70.

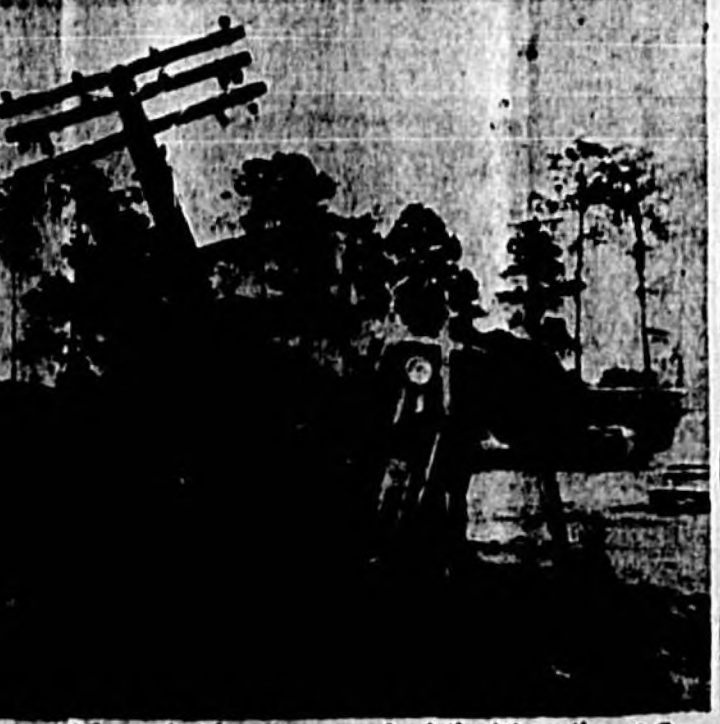

British Soldier Shot In Larnaca

NICOSIA, Cyprus (AP)—A British soldier was shot down in bright summer sunshine in Larnaca today. First reports indicated the shot was fired from ambush as a patrol vehicle drove through the city.

The killing brought to 40 the number of British servicemen slain by bullets or bomb since the EOKA guerrilla organization began its campaign of violence in April last year. In addition, 20 British soldiers perished in a forest fire which swept over troops searching for EOKA leaders in the Troodos mountains.

During the night half a dozen bombs were thrown in various parts of the island. No casualties were reported.

A 20th victim of the Troodos forest fire last Sunday died today of his injuries.

A TRUCK HAULING PINE stumps to Orlando crashed into a power pole at the intersection of Sanford Airline Railroad tracks and State Road 436 near the center of Orlando. The driver and occupant of truck escaped unharmed. (Staff Photo)

Southern Bell Tells Orlando District Traffic Manager

Southern Bell announced the appointment today of Ross Lovorn of Hattiesburg, Miss., to be Orlando District Traffic Manager of the Telephone Company, effective July 1, 1934.

Lovorn succeeds Mead Ferris, Traffic Manager here since October, 1933, who has been appointed District Traffic Manager with headquarters in Miami.

The new Traffic Manager, like Ferris, is a widely experienced telephone man. A graduate of Mississippi State College in 1924, he joined the Telephone Company in June of that year.

Lovorn gained early telephone experience at Jackson and Meridian, Miss. He was appointed District Traffic Manager at Gainesville, in May 1934. Since February, 1935, he has been District Traffic Manager in Hattiesburg, Miss.

Lovorn is a veteran of World War II serving as a pilot in the U. S. Army Air Force from 1928 to 1940.

Mr. and Mrs. Lovorn are Baptists and have an 11-year-old son, Charles.

Herndon Primary Spendings \$514.52

Due to an unavoidable mistake in yesterday's Herald the amount spent by O. P. Herndon, Clerk of Circuit Court, in the May Primary election was reported as \$514.52.

The correct figure for the amount spent by Herndon in his campaign is \$514.52.

Joint Course Opens Following Repairs

The 18-hole Mayfair Inn Golf Course opened yesterday afternoon following repairs and the reworking of the first nine holes.

The greens are in good condition and the fairways in excellent shape it was reported.

Golfers in the Sanford area can now play their full 18-hole round of golf on the newly reworked Mayfair Inn Golf Course.

CONVENTION MAY RELIEVE LION

MIAMI (AP)—A service club's convention may relieve an aging Crandon Park Zoo lion and bring about construction of new quarters for the zoo's more robust lions.

The Coral Gables Lions Club said yesterday it hoped that tentative plans to end the life of 19-year-old King would not be put into effect during next week's Lions International convention, if the matter isn't urgent.

East Germany's Communist Rulers

BERLIN (AP)—East Germany's Communist rulers announced today they have freed 19,000 prisoners most of them held in the military camps.

The correct figure for the amount spent by Herndon in his campaign is \$514.52.

The Red regime said it had freed so many prisoners in recent months as a demonstration of its strength and its will to resolutely defeat Germany.

Mrs. Benjamin and prosecutor Gen. Ernest Malshelmer were accused of unjustified arrests, ill-treatment against the people and a ruthless administration of justice.

Mrs. Benjamin first came under attack last March at the third party conference. Premier Otto Grotewohl accused her justice ministry of illegal activity and ordered it to "safeguard the rights of citizens" through closer control over the courts.

The Red regime said it had freed so many prisoners in recent months as a demonstration of its strength and its will to resolutely defeat Germany.

ONE KILLED IN COLLISION
HOMESTEAD (AP)—One motorist was killed and another was injured in a collision of their cars near Homestead last night.

The death victim was Norman E. Downie, 24, of Miami.
