

## The Battle Dead Tell No Tales, Leave Few Clues Behind In Korea

By HAL BOYLE

KOREA.—(P)—Those who die in battle rarely leave mementos. Infantrymen in particular must travel light. Every unnecessary ounce is a tax on their strength. And when they are killed and stretched in rows, there is little to tell them apart except the nature of the wounds through which their life drained out.

The fixed look of death robs them of all traces of their usual individuality. The dreams that marked their faces in life no longer stamp them. Was this closed eye once eager? Did this mouth often open in complaint—or only to say good things? There is no way to tell. They share an eternal languor that holds all their secrets.

The dogtags are to be placed upon their crosses in temporary cemeteries, give only a few identifying facts—rank, name, army serial number, and religion. Ironically, the tags also list the type of blood they no longer use. But these bare statistics are poor clues indeed to the personalities of the voiceless dead.

Their pockets tell more about them than does their clothing, their death-softened faces or their dogtags. But it is surprising how little they tell. They usually hold a few sheets of crumpled paper, a stubby pencil, a comb and often a good luck charm or a religious medal or prayer book.

In their wallets are small amounts of money, perhaps a treasured letter from home or an envelope containing a lock of child's hair and pictures of those the soldiers loved. As this army was long in Japan, many of the faces in the photo are those of Japanese girls.

"I always feel a little sad when I open a wallet that has no photo in it," said Joe Pasternak, who is producing the picture. "But nobody can agree on him. Take four people, all of them who knew him intimately, and each will have a different idea of what kind of a person he was."

John Kader, chairman of the Lions Blood Bank Committee, reported that a blood donor's day

from his carriage for the people who couldn't raise the money to see him in opera houses. He had dozens of old friends on his payroll as a means of giving them charity. He never would let anyone pick up the check when he dined out.

Caruso was not acclaimed on his first appearance in this country. He received lukewarm notices from the critics when he made his debut at the Metropolitan Opera House.

"We're not going to try to do that again," said the producer, who is putting some things in a cigar box. We chatted a while and I mentioned I had run out of notebooks. The captain picked up a notebook from the small pile of objects before him, thumbed through it a moment, then said: "Here, take this. We found it on the lieutenant we lost."

I demurred but the captain insisted so I took it.

"You know, that stuff ought to be sent to the quartermaster corps so they could send it home," objected the company mail clerk.

"He's your friend and I'm going to send his things to his dad myself," said the captain. And he began to wrap up the cigar box. He showed me a recent picture of the outfit's officers.

The slender face of the dead Lieutenant—handsome, boyish face topped by close-cropped blond hair—laughed out from the

Three representatives of the Florida State Road Department Information Station met at Yonkers yesterday afternoon with Mr. Robert W. Johnson, Mrs. Mary Berg, Miss Shirley Rodgers, director of the information booth, Miss Margaret Flynn and Miss Nancy Fifeleholz. Plans were outlined for the Road Department's publicity plans for the coming year.

Since the official opening of Florida's state-owned and operated Information Station on Nov. 4, 1949, said Miss Rodgers, nearly 28,000 visitors have been provided with information on Florida's highways, parks and attractions. More than five million souvenirs juice is served free to visitors daily, and 40,000 free picture post cards have been provided. Nearly all of the 10,222 automobiles which brought these visitors bear the "Guest of Florida" windshield sticker.

Among the information available at the station are brochures from 80 Florida cities and 25 state attractions, she stated. S. Kendrick Guernsey of Jacksonville initiated this program while a member of the State Road Board during the last administration.

## Visual Aid

(Continued From Page One) techniques in correcting near sightedness in children. The preferred method used was to rely wholly on glasses had to be strengthened frequently. Today the child is taught to see in the distance, and glasses that are not of full correction are used in the process.

King Lion Harry Robson commented: Dr. Meade for his talk and stated that the Lincoln Aid to the Blind Committee, headed by Clyde Ramsey, will check into the situation as much as possible.

John Kader, chairman of the Lions Blood Bank Committee, reported that a blood donor's day

from his carriage for the people

## Tobey Wins

(Continued From Page One) were four other Senate seats, 41 house memberships and six governorships.

Here's a summary of top races in those states:

ARIZONA—Senator Carl Hayden and other members of the Democratic congressional delegation were renominated. Their Republican foes in the general election had no primary opposition. A woman, former state auditor, Ana Froehlicher, appeared to have won the Democratic nomination for governor. The Republican candidate was unopposed.

COLORADO—Senator Eugene D. Millikin was renominated by Republicans without opposition. The Democratic nominee is Rep. John A. Carroll, also chosen without opposition. Former Governor Ralph L. Carr was picked by Republicans as their gubernatorial candidate to oppose Governor Walter W. Johnson, Democrat, in November.

VERMONT—Winston L. Prouty, 44-year-old lumber dealer, making his first bid for a statewide office, won the Republican nomination to the state's only seat in the U. S. House of Representatives. In traditionally Republican Vermont, he is virtually assured of taking the place of Rep. Charles A. Plumbey, Senator George D. Aiken, Republican, who is retiring. Senator George D. Aiken, Republican, was unopposed for renomination.

MICHIGAN—Republicans picked former Governor Harry F. Kelly as their candidate to oppose Democratic Governor G. Meunier Williams in the November election.

MINNESOTA—Republican Governor Luther Youngdahl swam four little known opponents to gain the nomination for another term.

WASHINGTON—W. Walter Williams, 49-year-old Seattle businessman, led two other candidates for the Republican nomination to the Senate. Democratic Senator Warren G. Magnuson was unopposed.

Crop conditions over the entire country remained encouraging, the report said.

"It was very close."

In reply to an ICC question as to whether both wayside and cab signals were working properly, Eller murmured:

"Yes."

Eller said he saw the flares and signals set out at the rear of the stalled train by a flagman aboard the stopped train.

He said he applied the emergency brake immediately.

Eller's fireman, E. J. Kearns, testified Eller was "one of the

## Excess Profits Tax Men Win Strength Test

House Votes 225 To  
106 On Motion To  
Act Upon Proposal;  
May Quit Saturday

WASHINGTON, Sept. 14.—(AP)—The House showed overwhelming approval today of resolution calling on Congress not to adjourn until it has a chance to vote on a multi-billion dollar excess profits tax. This action came after the failure of an effort to write a \$6,000,000,000 super levy on big pending general tax boosting bill. That move bogged down in House rules on procedure.

WASHINGTON, Sept. 14.—(AP)—An effort to put a \$6,000,000,000 corporation excess profits tax into general tax boosting bill failed in the House today. It bogged down in technicalities of rules of procedure. Speaker Rayburn ruled that under the rules and precedents, the House could not instruct a Senate-House conference committee to insert the big profits levy in the pending \$4,500,000,000 tax bill.

WASHINGTON, Sept. 14.—(AP)—Members demanding immediate action on a multi-billion-dollar excess tax on corporations won the first test of strength in the House today.

The test came on a vote of 225 to 106 to receive and act upon proposals dealing with a super-tax on big profits.

Rep. Eberhardt (D-Pa.) was ready with a motion to instruct House conferees on the pending \$4,500,000,000 general tax boosting measure to insert in that bill a \$6,000,000,000 profit levy.

However, there were indications this motion might be ruled out of order, on the basis that rules of Congress prohibit a House-Senate conference committee from writing new subject matter into a bill already passed by the two houses.

Rep. Eberhardt had no plan for use if necessary, so he moved to put the House on record as saying that Congress shall not adjourn until it acts on an excess profits tax.

The fight today was on sending the tax bill to a House-Senate conference committee on page Two.

H-Bomb Explosive  
Is Found In Water  
Scientists State

By HOWARD BLAKEMORE,  
Associated Press Science Editor  
PHILADELPHIA, Sept. 14.—(AP)—The discovery of tritium, the hydrogen bomb explosive, in water was announced today at the Research Institute of Temple University. Tritium presently costs nearly half a billion—\$400,000,000—per pound as it is made with atomic reactors.

This natural tritium is the rarest element in nature. There is one atom of tritium for every sextillion atoms of hydrogen in ordinary water—the kind that comes out of your household faucet.

Tritium is hydrogen of triple weight. It has been discovered as tritium on page Two.

SOCIAL SECURITY  
Raymond Rash, field representative of the Orlando Social Security office, will be at the Court House in Sanford from 8:30 A. M. to 12:00 noon Friday. He wants to see people age 65 or over, whose claims for old-age insurance payments were previously rejected because of insufficient periods of work in a Social Security covered job.

SEX EQUALITY  
LONDON, Sept. 14.—(AP)—The annual battle of the sexes put a large percentage of London's bus passengers on their feet today as a mobbing strike idled one-fourth of the city's big double-decker buses.

The walkout was called to protest the hiring of women conductors on the buses.

HOLLER HONORED  
NEW YORK, N. Y., Sept. 14.—(Special)—Roy Holler of Sanford, Fla., a representative of the New York Life Insurance Company, has been named a member of the 1950 Nyls' Top Club. It was announced today by Dudley Dowell, vice president in charge of Agency Affairs of the Company.

The Nyls' Top Club is an organization of outstanding members of New York Life's field force of nearly 5,000 agents from throughout the United States and Canada. Mr. Holler has been invited to attend an educational conference of the Top Club Sept. 25-26 at The New Ocean House, Swansboro, N. C., at which Home Office staff members and leading agents will speak on important developments in the life insurance business.

PAYROLL BORROW  
NEW YORK, Sept. 14.—(AP)—Two gunmen opened fire on two messengers today, seized a \$23,000 payroll, and dashed off through Manhattan streets in an automobile.

He stated that he hopes to be able to open his new store between Dec. 1 and Jan. 1. Mr. McClung, a native of Seminole, said he has a half interest in the building.

Mr. McClung and his family live at 112 West Twentieth Street, a two story home recently purchased from Dr. and Mrs. J. A. Smith. The family includes three sons, Joseph, Charles and Alfred. The home has been redecorated and painted.

Coming to Florida for the first time in 1936 after serving with the V. W. Woolworth organization, Mr. McClung, who is originally from Louisiana, operated ten cent stores in Dade City. From 1942 to 1946 he was in the military service, and was exchange officer of Oliver General Hospital, Augusta, Ga., and emerged with rank of captain.

He based his talk on the first Psalm. "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat

(Continued on page Two)

Hodgepodge Of Bills Is Cleared  
Away By Senate House-Cleaning

By ARTHUR L. EDSON  
WASHINGTON, Sept. 14.—(AP)—President Truman being willing, George Washington is here to stay.

But the people who own gold mines aren't likely to get relief from the U. S. government. And no legal action is apt to be taken right now on funeral charges in the District of Columbia.

If I sound mixed up, blame the Senate.

I put in yesterday one of those mixed-up days which it calls calendar day.

On a calendar day, the Senate looks over the stuff that has come in the legislative office and tries to decide what to keep and what to throw away.

It took 33 pages just to list the bills to be considered and give a one-sentence explanation of what they are intended to do.

One objection—senators shout "Over!" which is short for "Pass over" until some future time—and the bill is blocked.

Let's consider George Washington.

He was born in Vienna, but now is a tax consultant in San Bernardino, Calif. Senator McCarran (D-Nev.) told the Senate that

the idea had been to boost this to \$1,000.

"Over!" a senator shouted. The bill stayed on the calendar; maybe it'll pass another day.

Or a gold mine owner. They

(Continued on page Two)

NO ONE objected. The bill, which already had the okay for the House, went to the President.

Now, McCarran said, he's a highly respected citizen, married to an American citizen, yet under the law would be deported. This bill would permit him to stay in the U. S.

THURSDAY, SEPT. 11, 1950

TODAY'S BIBLE VERSE

Those who read Bibles are not  
delivered from evil. Think only  
good thoughts; Deliver us from  
evil—Matt. 6:13.

President Truman had scarcely  
given the word out of his mouth  
that Secretary Johnson would remain  
as Secretary of Defense than he  
up and appointed General Marshall.  
Such are the vagaries of political  
science.

In Dranowitch, an atomic scientist,  
implies that five Russian  
missiles that have been launched  
could do more than 20 Ameri-  
can cities, dropped on Russian  
cities. It might be easier, however,  
for America to deliver 100 atomic  
bombs than for Russia to deliver  
ten.

In prison for refusing to tell a  
House committee whether he is a  
Communist, Edith Dwyer,  
now admits that he is not. How  
much better to have said so in the  
first place. May be they didn't  
have the right to ask the question,  
but doesn't he take himself too  
seriously to make a matter  
of principle?

British Prime Minister Clement  
Attlee, who will never be able  
to learn that the Communists are  
as bad as they are, has finally  
decided to make an all-out effort  
to stop Western Europe against  
Communist aggression. He has  
agreed to send a British division  
to Germany to help stop the  
Russians.

Front line troops should have  
free beer if they want it. Those  
who would take it away from them  
should remember President Lin-  
coln's famous section of prohibi-  
tion. Grant was a liquor-drinker.  
"Find out what kind he drinks,"  
said President Lincoln, "and serve  
some of it to my other generals."

Remember the girl who shot  
baseball player Eddie Waitkus a  
year or so ago because she loved  
him? Well, her doctor says she is getting better now  
and has made "a nice institutional  
adjustment." She will probably be  
released in another month or two.  
Personal note to Eddie: Better get  
out the old bullet proof vest.

Don't leave sleeping pills, aspirin  
tablets or what have you lying  
around the house if there are  
children in your home. Mr. and  
Mrs. Ted Little of Des Moines,  
Iowa, did, and their 2½ year old  
son swallowed a handful of aspirin.  
Fortunately a stomach pump  
was available in the hospital in time  
caved him up.

Young Americans, drafted or  
not, should be destined to give  
their services to fight a war which most  
of us want and which most of us  
think we blundered into, can thank  
God that the head of Army Navy  
and Air Force is no longer the  
buccaneering, power-hunting  
henchman of President Truman,  
but the man who so successfully  
as chief of staff whipped together  
the military and the world has  
ever seen during World War II.  
It should satisfy us to serve under  
him with the realization that  
nothing is to stand in the way of  
ultimate victory and that he is  
the man who have to fight  
the war.

The big GI education program  
and the thousands of ex-GIs  
were well in college and universities  
throughout the country at  
the taxpayers' expense is due, one  
might almost say inevitable, for an  
education next week Congress  
met to cut out how good it  
was, or had had, to have same  
humanitarian project within  
the next few years. One  
thing they have found out already  
is that it cost 11 billion dollars to  
send them off to college, 11 bil-  
lion dollars, plus a part of  
the country's expenditure on  
"national defense," which may  
have to make sense why there is  
so little defense.

### Package Appropriation

The first package appropriation bill for the federal government has been carried through. This furthers into one measure the appropriations for all of the regular activities of government, instead of passing a separate bill for each one as in the past. It is a small step toward much needed simplification of congressional procedure, but the great advantage is that it gives a complete picture of government cost. By the time the package appropriation has been used for a few years, it should become a valuable aid to Congress in visualizing the federal budget and attempting to bring it into balance with federal income.

President Truman, signing the bill, bridled slightly at the thought of veto individual money items. His objection was against the controversial loan to Spain, and there is little doubt that he would have vetoed a separate bill for that proposed loan. There may also have been other items that his veto power is useful for. In any case, it is a good thing to nullify that power in the case of non-priority items. It should be possible to work out a method by which the President could veto individual items in future package appropriations, and the Congress in turn could take those items up again individually to consider whether to override the veto.

In the course of the first year of government operation under the package appropriation other shortcomings may develop. But on the basis of the evidence so far its potential merit and usefulness greatly outweigh its disadvantages. It is worth further application and further refinement.

### Automatic Thinker

Automobile and truck traffic seems to grow thicker by  
leaping bounds. In city areas it sometimes gets so heavy that  
traffic at one corner cannot move until vehicles stopped  
for a red light at another. Yet anyone who has driven  
through the experience of sitting in his car facing a red  
light, waiting an interminable time for it to change to green,  
will not another vehicle in sight in any direction.

While he may be unable to do anything about it, the  
police in the capable hands of old-fashioned  
thinking could do it according to the conditions of the spot.  
But the Navy was in the spot.

On the east coast, an American  
battalion cruised up and down  
the coast of Korea, looking for  
any move to adjourn Congress.  
General MacArthur Truman had  
to make the metastasis of  
the Korean peninsula flared  
on the southern tip.

But the Navy was in the spot.

Attention was focused on the  
west coast by the two-day naval  
battle of Inchon, which had been  
set off by South Korea's commandos—both  
Russia and China had sent  
bombers to help.

Both told the committee, which  
is investigating the accusations,  
that one of the handwriting  
experts examine Chapman's  
affidavit of non-affiliation with  
the Communists, dated in  
1941, to determine what  
it was in fact executed by him at  
that time.

Schoepel has charged that  
Chapman, taking oath as Under  
Secretary of State in 1941,  
refrained from signing a loyalty  
affidavit. Chapman reported that  
he signed it in 1941, but in 1944,  
and it wasn't necessary to do so again in 1946. He said Bow  
was told to sign it again in 1946.  
He told the committee, which  
is investigating the accusations,  
that one of the handwriting  
experts examine Chapman's  
affidavit of non-affiliation with  
the Communists, dated in  
1941, to determine what  
it was in fact executed by him at  
that time.

North Korean war communists  
had to say to the Allied  
naval forces.

"On Sept. 12, the people's  
army, with tanks and  
artillery, United Nations  
army, and personal crafts  
invading the waters in  
the harbor of Inchon, to  
capture and sank three  
troopers and four landing craft  
and damaged other landing  
craft."

Islands flanking Inchon  
had been seized by South  
Korean commandos—both  
Russia and China had sent  
bombers to help.

The U.S. Navy said American  
aircraft carriers and destroyers  
blasted two islands on the  
peninsula, the east coast. An  
American battleship cruised off  
the coast, and carrier planes went  
after ships and gun emplacements  
held Pohang, one-time No. 2  
United Nations port.

The strikes didn't fire a  
shot, but one of three escorting  
destroyers zig-zagged into Pohang  
150 miles to the southeast, either  
held or punched out gains on the  
repelling shore batteries.

The strikes were disclosed  
by the South Korean news agency.

## Newhouser To Face Raschi In First Game Of Showdown Series

DETROIT, Sept. 14.—(AP)—Southpaw Hal Newhouser and righthander Vic Raschi were the opening pitching choices today as the Detroit Tigers clashed with the New York Yankees in the first of a three-game showdown series with first place at stake.

Only a half game separated the two top American League contenders with the Bengals out in front because they were able to win the odd game of the 19 that far.

Detroit is the only club to hold a season's edge over the defending champions.

The manager, eager to win the important first one, is shooting with his current hottest hurler. Both are well rested, having been idle since Sunday. Raschi (19-4) is the biggest winner on the Yankee staff. He has won six starts and has earned himself a place on New York's big five.

Houleman and Trout own seven wins apiece over the Yanks this year. Houleman has five of these. But he, like Byrne, has faltered of late.

Except for minor injuries to the Yankees' first baseman, Johnny Mize, and first sacker-outfielder Johnny Hopp both clubs are in fine physical shape for the present.

Both Mize and Hopp were hurt in the Cleveland series but are ready to play if called upon. Mize sustained a slightly sprained right wrist Tuesday night when he banged into the railing behind first while catching a foul pop. He missed yesterday's game entirely, but was to play today. Hopp, who moved over from left field to fill in for Mize yesterday, put up lame and was excused after the seventh inning.

All the Tigers, with the exception of course, of lame-armed Virgil Trucks, are fit and ready to go. Manager Red Rolfe was greatly encouraged by the fine relief pitching of Teddy Gray, who was sidelined for about a month with a sore left shoulder.

The young southpaw looked excellent in a two-inning relief stint against the Senators yesterday. All the Tigers, with the exception of course, of lame-armed Virgil Trucks, are fit and ready to go. Manager Red Rolfe was greatly encouraged by the fine relief pitching of Teddy Gray, who was sidelined for about a month with a sore left shoulder. The young southpaw looked excellent in a two-inning relief stint against the Senators yesterday.

## Automobile Mechanic Wanted

We need to add immediately a competent mechanic to our service department to take care of our increasing service business.

This will be permanent for the right man. We pay a guaranteed minimum wage with extra compensation as a reward for effort.

Our employees enjoy paid holidays, paid vacation, life and hospitalization insurance.

Our shop facilities are the newest and most modern in the area.

We service Dodge, Plymouth cars and Dodge Job Rated Trucks principally but have many satisfied customers who own other makes.

Our employees will welcome a mechanic who can help them in continuing to satisfy our increasing list of service customers.

Please see Mr. Walter Pennel, Service Manager, on the premises between 9 A. M. and 5 P. M.

## Nurse Tells How Hadacol Was So Helpful To Her

The Suffered Deficiencies of Vitamins B1, B2, Iron and Niacin

pains, nervous disorders, and a general run-down weakened condition due to such deficiencies in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamin B1, B2, Iron, and Niacin but also helpful amounts of important Calcium, Phosphorus, and Manganese—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form

There is a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL, you can't doubt this great new nutritional formula will help you if your system lacks Vitamins B1, B2, Iron, and Niacin?

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., says being a nurse really lets her know when folks are sick. That is why when she tried all sorts of remedies and didn't get relief, she knew she was in bad shape. That was, of course, before she heard about HADACOL and the nurse had found out she had a deficiency of Vitamins B1, B2, Niacin and Iron.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. I had to stop working and went to the hospital. I was suffering all kinds of dizzy spells, weakness and growing weaker. I had pains all over my body and I could hardly eat. My food never seemed to agree with me. I was terribly tired, dizzy and growing worse. I had tried all kinds of remedies. Didn't think I wasn't plenty scared—because I know, being a nurse, when folks are really in bad shape—I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell the big improvement. Now I eat anything I want—sleep well and don't have dizzy spells anymore. I am fully recovered. The only thing about HADACOL is that I don't find out about it sooner. Now I am going back to work at last, thanks to wonderful HADACOL."

**Why HADACOL Gives Such Fine Results**

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of neuritis

and I could hardly eat. My food never seemed to agree with me. I was terribly tired, dizzy and growing worse. I had tried all kinds of remedies. Didn't think I wasn't plenty scared—because I know, being a nurse, when folks are really in bad shape—I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell the big improvement. Now I eat anything I want—sleep well and don't have dizzy spells anymore. I am fully recovered. The only thing about HADACOL is that I don't find out about it sooner. Now I am going back to work at last, thanks to wonderful HADACOL."

## Allied Offensive Begins With Drive On Inchon

### Byrd Demands Quick Action On Marshall

Senator Says Russia Could Force U.S. Out Of Korea; Bill Passes 18-7

NEW YORK, Sept. 15.—(AP)—The Atlantic Council deputies informed their foreign ministers today that all the efforts thus far planned for strengthening the defenses of Europe against Red aggression are inadequate. This report from the deputies, who have been meeting in London under the leadership of American Charles M. Spofford, cleared the way for a recommendation that the 12-nation Atlantic Council agree promptly on the formation of a unified defense force under a single command in Western Europe.

WASHINGTON, Sept. 15.—(AP)—Senator Byrd (D-Va.) told the Senate today that American forces fighting in Korea are "not even beginning to see daylight" and would have to pull out if Russia started World War III.

The Virginia Senator urged speedy approval of a bill to permit President Truman to appoint General George C. Marshall, former Secretary of State, as secretary of defense to succeed Louis A. Johnson.

"This will give notice to the world that we are going to get down to brass tacks about preparedness instead of just spending money," Byrd declared. "We are going to get something for the money we spend."

Asserting that United States prestige had been dealt a "severe blow" in Korea, Byrd said the situation is still critical.

"If Russia declared war, we would have to evacuate Korea," he said. "We have had more casualties there than the newspapers report. We are not even beginning to see daylight there after three months of fighting."

Earlier today the House Armed Services Committee approved the Marshall legislation, 18 to 7.

Chairman Vinson (D-Ga.) announced the vote. The Senate Armed Services Committee had

### Marshall Accepts Defense Post

NAMED DEFENSE SECRETARY. Gen. George C. Marshall passes with his wife in the study of their Leesburg, Va., farm where President Truman telephoned to get his acceptance. The wartime Chief of Staff replaces Louis Johnson, whose resignation is effective as of Sept. 19th. Marshall is president of the American Red Cross. (International Soundphoto)

### U. S. Is Reported In Favor Of Soft Peace With Japan

### Stemper Selects Group To Study Auction Market

Proper Observance Of Flag Courtesy Is Told Jaycees

Establishment here of a new metro auction market, moving of a misplaced Orange county sign, and the proper observance of the American flag were the principal topics of discussion yesterday at the meeting of the Jaycees.

The discussion about the auction market followed the reading of a letter from John Pierson, veterans agricultural instructor, asking the Jaycees to study the farmers' program. President W. H. Stemper appointed a committee to investigate the matter, and this include I. John Kader, B. F. Ganas and Sonny Powell.

Leo Welman, past president of the Jaycees of Huntington, W. Va., and local vacuum cleaner salesman, presented his Flag Cruiser program on which he said he had made about a year of research. (Continued on Page Two)

YOUNG LOVE  
LOS ANGELES, Sept. 15.—(AP)—What finally drew you together?" a reporter asked the elderly couple after they exchanged marriage vows.

To which 74-year-old Miss Pearl Adela Hughes replied: "It was his ardent and persistent love making."

"You can quote me," interposed the groom, Thomas R. Hart, 83. "I am very much in love."

PRESBYTERIAN KILLED  
THERMOPOLIS, Wyo., Sept. 15.—(AP)—An automobile-truck collision claimed the life of Dr. William L. English, 62, executive-secretary of the General Assembly of the Presbyterian Church. His position made him head of a church with more than 2,000,000 communicants. The State Highway Patrol said he was a passenger in a southbound car driven by the Rev. Joseph Linker of Cheyenne; the accident occurred on U. S. Highway 20, ten miles south of here. The truck was going north.

PROCLAMATION  
JACKSONVILLE, Fla., Sept. 15.—(AP)—Police matron Ruth Hubbard was in a hospital today with a badly bitten arm.

She was attacked by a 16-year-old Negro girl being held on bail to conduct charges. The mangled limb required 17 stitches.

The prisoner's only comment was: "just wanted to get out of jail."

DOUBLE HEADER  
NEWARK, N. J., Sept. 15.—(AP)—Patrolman Patrick Hennessy had a new sedan but had not yet gotten around to disposing of his old coupe.

He didn't think he ought to let either car stand around without a set of license plates, so he put one plate on each.

He got tickets on both.

COLLINGDALE, Pa., Sept. 15.—(AP)—A young soldier in Korea took a piece of paper from his helmet and wrote a letter to his two small daughters back home.

That letter was delivered yesterday to the home of six-year-old Rose Marie McCormick and her sister, Joan, three.

Three days ago, their mother was notified that Pfc. John J. McCormick, 28, paratrooper veteran of World War two and an infantryman in Korea, had been killed in action.

This is what Pvt. McCormick wrote to "Dear Joannie and Rose":

"This is daddy. I want you to listen and pay attention while mommie reads this to you. Just try and make believe I was there, talking to you."

"Joannie, I don't think you'll remember me because you were a little baby when I had to go away, but I used to sit and hold you a lot, and when you were a little girl, I used to make you sit in a chair until you were good, but I always loved you a

(Continued on Page Two)

lot and I was very proud of you.

"Rose Marie, you should remember me because I used to take you out with me a lot, and I used to buy you a lot of candy when people used to say how good you had eyes like mine. Remember the little puppy I bought you?

Your mummy used to tie a little pink ribbon around its neck and you used to carry it in your arms. You looked awfully cute."

"I'd be with you if I could, but there are a lot of bad men in the world, and if they were allowed to do what they wanted to do, little girls like you wouldn't be allowed to go to church on

Good Friday."

In witness whereof, I have written out my hand and caused the seal of Sanford to be affixed.

### War Profiteer Is Denounced By Symington For N. Korea

### Truman Orders Rubber Output Upped; Army Camps To Be Reactivated Soon

WASHINGTON, Sept. 15.—(AP)—Gen. George C. Marshall said today that "a few unpatriotic chiselers and profiteers are doing the country serious damage".

Symington, chairman of the National Security Resources Board, declared that some businesses are following a policy of "hot profit" and indicated that the government is getting ready to crack down on them.

The government's top home front mobilizer, Symington told a Senate Armed Services subcommittee that sharp price increases since the start of the Korean war are due in large part "to people new in the market, organized to make an illegal or black market profit or at least a profiteering profit."

Symington noted that under the new economic controls law, the government has the power to require

Orlando Man Hurt In Auto Accident At Monroe Bridge

Robert David Webber, 28, of Orlando, was injured in an automobile accident at 8:00 o'clock this morning immediately south of the Monroe Bridge, and was taken to Fernand-Lagoutte Memorial Hospital where he was given intensive treatment, but he refused to remain there. The South High School, Patrolman R. E. Harrison reported this morning.

Examination by Dr. Leonard Munson disclosed that Webber had fractured ribs, lacerations, and abrasions on the face and left arm, the result of being thrown from his 1949 Oldsmobile. He posted \$100 at the Sheriff's office on a charge of reckless driving.

George Murphy of Jacksonville, whose 1946 Chevrolet Coach was (Continued on Page Two)

### Handicapped Week To Be Observed Here

NATIONAL EMPLOY THE PHYSICALLY HANDICAPPED WEEK WILL BE OBSERVED THROUGHOUT THE UNITED STATES DURING THE WEEK OF OCT. 1-7, inclusive, JOHN L. GALLOWAY, public-relations chairman for the program in Seminole County, announced today.

THE PURPOSE OF THE N. E. P. H. week, he pointed out, is to bring to the attention of employers that handicapped persons can efficiently perform numerous jobs, and to seek for handicapped persons employment opportunities.

SPONSORING ORGANIZATIONS IN THIS STATE ARE THE AMERICAN RED CROSS, AMERICAN LEGION, VETERANS' MEMORIAL HOSPITAL OF FOREIGN WARS, DISABLED AMERICAN VETERANS AND THE FLORIDA STATE EMPLOYMENT SERVICE.

MANY OTHER ORGANIZATIONS, NATIONAL AND LOCAL, HAVE ENDORSED THE PROGRAM OPPORTUNITIES WHERE POSSIBLE THIS COMING YEAR. NAMES OF AVAILABLE PERSONS MAY BE SECURED THROUGH THE LOCAL STATE EMPLOYMENT SERVICE.

DRY HUMOR  
DENVER, Sept. 15.—(AP)—The president of the National Women's Christian Temperance Union says the United States is rapidly "going dry"—and of its own wish.

Miss Leonie Colvin, head of the WCTU, which has 1,000,000 members here, said yesterday that one-fourth of the country, by area, containing one-fifth of the population, is now dry or bans hard liquor by local option.

HURRICANE SHIPS

MIAMI, Sept. 15.—(AP)—A hurricane with winds up to 140 miles an hour turned north-north-eastward in the Atlantic today, and may threat the mainland or Bermuda.

THE SMALL, violent storm was probed by a Navy hurricane hunter 375 miles southeast of Bermuda.

"IT IS MOVING AWAY FROM ALL LAND AREAS," said Grady Norton, chief storm forecaster in the Miami Weather Bureau. "WE WILL KEEP AN EYE ON IT, BUT ITS ONLY THREAT IS TO BERMUDA."

The storm is in the sixth of the hurricane season. Its position at 11 A. M. was latitude 30 north, longitude 50 west.

STRIKING ACROSS THE FIELD at a Japanese air base, four U. S. B-26 bombers head for a strike against the North Koreans. The sleek, twin-engined craft work round-the-clock, blasting enemy installations, supply lines and anything else that will hamper or bring confusion to the Communist war effort. (International)

### South Koreans Reveal Desire By Symington For N. Korea

### Mass Meeting Shows Burning Desire For Abolition Of 38th Parallel And Unity

BY BILL SHENK  
PUSAN, South Korea, Sept. 15.—(AP)—Fifteen thousand Koreans were gathered in the Pusan railroad station plaza today while United Nations forces were making amphibious landings far up in Communist-held territory.

News of the landings brought cheers. They had been waiting a long time for such news.

The mass meeting had been called to express a burning desire for national unification by abolishing the 38th Parallel.

South Korean leaders have feared United Nations forces might stop at the line which from Japan's defeat in 1945 until June 25, marked the border between two portions of the country. A Soviet-sponsored Communist government was formed north of the line and a democracy in the south. The northerners moved to abolish the division by invading South Korea that last Sunday in June.

Since then the Communists actually expanded their holdings, down to the South. Koreans and United Nations forces to a small southeast corner of the peninsula.

But today marked the start of the long awaited democratic offensive. The South Koreans want it to go all the way north.

The mass rally was sponsored by the Patriotic League of Korea. Leaders read messages to the Un (Continued on Page Eight)

WILLIE E. LEGER, 53, Dies At Paola Home

Willie E. Leger, 53, died at his home in Paola late Wednesday afternoon following an illness of more than 10 years.

He was born in Enterprise, Ala., Aug. 19, 1897 and was formerly employed by the Atlantic Coast Line Railroad for about six years.

He was forced to retire because of ill health.

Surviving are his widow and two sons, E. G. Leger and D. P.

Leger of Miami, Fla.; four daughters, Mrs. James Spivey, Mrs. Michael Lether, Esther and Mary Leger; all of Sanford; also two brothers and two sisters in Enterprise and one sister in De

Fernand Springs.

Services will be held at Erick

on Funeral Home at 10:30 A. M. Saturday with the Rev. L. R. Rushton officiating. Burial will follow at 8:00 o'clock. Commander K. C. Kotter, all of Sanford, also the

Brookings Springs.

Brookings Springs.

SHAW WORSE

LUTON, Eng., Sept. 15.—(AP)—George Bernard Shaw, suffering from a fracture of the thigh, took a turn for the worse today.

The Luton and Dunstable Hospital announced today that the specialist in diseases of the kidney and bladder has been called to examine the 94-year-old playwright.

BLOOD BANK DRIVE

THE LION'S CLUB SPONSORED BLOOD BANK DRIVE WILL BEGIN SUNDAY IN ALL OF THE SANFORD CHURCHES. JOHN KADER, CHAIRMAN OF THE SEMINOLE COUNTY BLOOD BANK, ANNOUNCED TODAY THAT HE HAS BEEN APPOINTED TO THIS POSITION.

KADER, MONDAY, SEPTEMBER 14, WILL SIGN UP BLOOD DONORS AT THE COUNTY HEALTH UNIT NEXT TO THE FIRE STATION.

THREE DONORS WILL BE PROCESSED

EVERY MINUTE. MR. KADER SAID,

AND NO INCONVENIENCE WILL BE ENCOUNTERED.

### B-26 Bombers Leave Japan For Attack On Korea

STRIKING ACROSS THE FIELD at a Japanese air base, four U. S. B-26 bombers head for a strike against the North Koreans. The sleek, twin-engined craft work round-the-clock, blasting enemy installations, supply lines and anything else that will hamper or bring confusion to the Communist war effort. (International)

### Marines And Tenth Army Corps Led By MacArthur Launch Amphibious Assault

WASHINGTON, Sept. 15.—(AP)—The Navy said today the Marines suffered only "negligible" losses in their assault on Inchon, which had been heavily defended by the Communists.

MacArthur's spokesman said 80 prisoners were taken in the initial assault after the Marines overcame considerable opposition from maximum nests covering the 1,000-yard causeway between Wolmido Island and Inchon itself. Wolmido Island, which commands the seaward approach to Inchon, was heavily bombarded by the Communists.

WHILE WORLD WAR II Inchon initially seemed a major objective, the Communists had been producing railroad rolling stock and equipment machinery.

During World War II, when Inchon was under Japan's dominion, the Japanese manufactured there two main industries: iron and steel.

During the war, Inchon was the main port of entry for South Korea.

During the war, Inchon was the main port of entry for South Korea.
